

BUCHANAN RECORD.

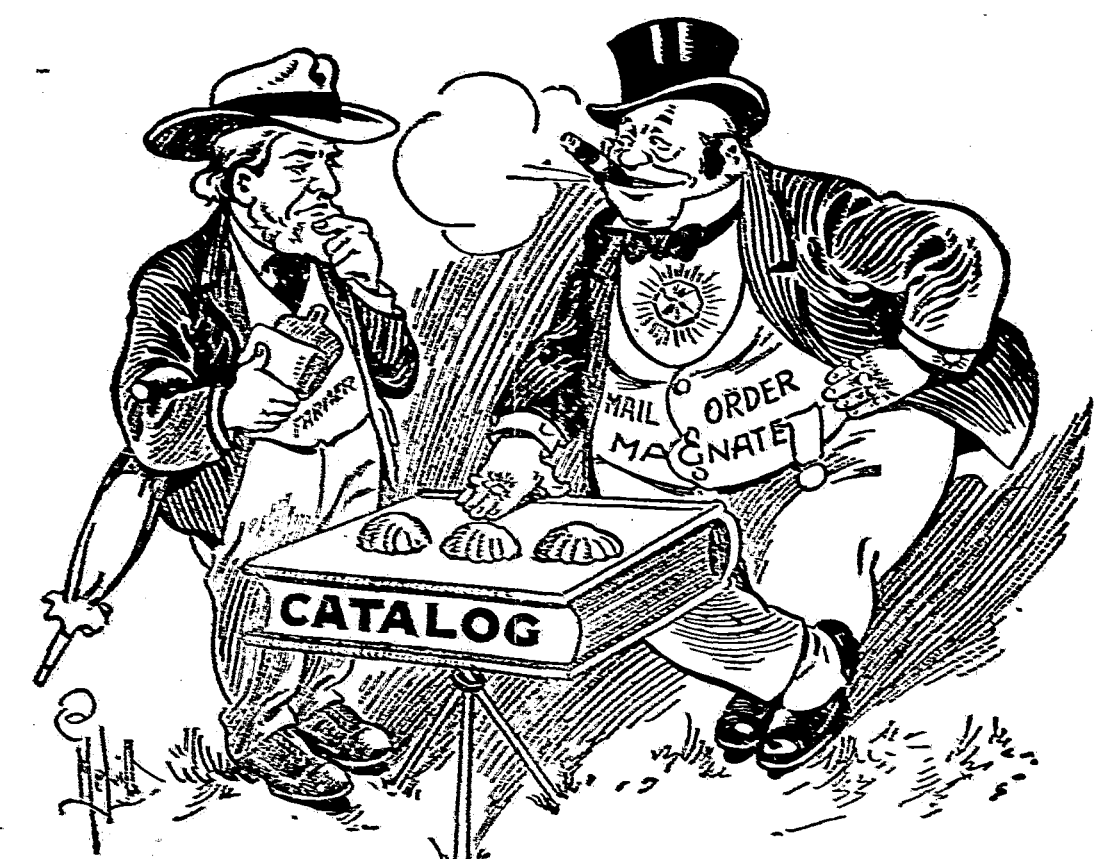

VOLUME XLII. BUCHANAN, MICHIGAN FRIDAY, JULY 19, 1907. NUMBER 50.

Local Retailers Must Now Fight the Catalogue Firms

MONTGOMERY WARD & CO., AND SEARS, ROEBUCK & CO. ARE BORROWING MILLIONS OF DOLLARS FROM COUNTRY BANKERS TO CRUSH THE LOCAL MERCHANTS' BUSINESS

Publicity Only Weapon to Combat the Houses

Now Up to Local Merchants to Join Concerted Action with the Record—"Home Trade League of America," 500,000 Strong, to Aid in Big Battle.

It's a Shell Game—You Pay Your Money Without Knowing What You Are Going to Get.

Buchanan Merchants and Citizens Should Co-operate in This Gigantic Battle—The Catalogue Houses Are Spending Thousands of Dollars in Advertising—Every Retail Store Will Feel their Trade Sapped Away—Must Fight Now!

Buchanan, like many other small towns and cities, is facing a commercial paralysis in trade. This sudden trend of affairs is not due to political actions, but to the laggish and alluring baits held out by the catalogue houses, who are putting forth every effort to crush out the country retailers. For a long time the RECORD has been calling attention to the importance of trading at home—helping home merchants—and doing everything possible to advance the interests of this thriving community.

Ten years ago it was not necessary to give a thought to these catalogue houses. The local retailers had an easy time, but in these days of keen competition and tricky conspiracy it means a hard fight. By joining forces we can prevent them from crushing our home merchants' trade.

These large institutions, employing thousands of workers, doing their business entirely through the medium of their bulky catalogues, spending no money in the communities whence they derive annually millions of dollars of patronage, are forcing increasing numbers of home merchants to the wall and, so their opponents claim, are "making commercial graveyards of once prosperous towns."

An organized attack on the catalogue houses is to be made by the Home Trade League of America. The merchants will find this new organization a Godsend, which will be the death blow of the big mail order houses once they unite in a systematic and aggressive campaign.

These large catalogue houses, having always found suckers born every minute when it comes to working their goods on the unsuspecting public, are now turning to the country banks for money. They are borrowing money in great stacks, issuing bonds running as high as two million dollars and offering six per cent. interest. With these loans they erect larger buildings to accommodate their ever-increasing trade. These houses issue regular

circulars sent out at opportune intervals to country capitalists, mincing their baits in the nicest language and causing the bankers to bite them quick.

The home merchants not only will be working the roads, paying taxes, donating to the church, helping the poor (who are no poorer than we are), donating to Farmer Bill, whose house was burned, or paying for the burial of Sally Smith's dead husband, and a thousand other donations that the mail order houses never hear of or care about, but they, the merchants, will soon lick the money-grabbers to a finish—for they are at the door of Mr. Farmer.

The retailers are now receiving assistance from such big firms as Hibbard, Spencer, Bartlett & Co., greatest wholesale hardware concern in the world, and Carson, Pirie Scott & Co., Chicago's biggest retail department store. The above named hardware firm is now printing on all its stationery and advertising literature the following stinging rebuttal to the catalogue houses:

"WE DO NOT SELL TO CATALOGUE HOUSES."

Wake up, citizens, help your home merchants!

The RECORD will continue to wage a hard fight on these houses and invites all merchants to contribute their share. No newspaper will be as ready as the RECORD to devote columns to pushing the welfare of the merchants.

Let's all help boost Buchanan and keep the dollars circulating at home

A Happy Man

is Amos F. King, of Port Byron, N.Y., (55 years of age); since a sore on his leg, which had troubled him the greater part of his life, has been entirely healed by Bucklen's Arnica Salve; the world's great healer of Sores, Burns, Cuts, Wounds and Piles. Guaranteed by W. N. Brodick, druggist. Price 25c.

I want an Onest John. ✓

DAY OF ARGUMENT IN HAYWOOD CASE

ADMISSIBILITY OF CERTAIN EVIDENCE IS THE ISSUE.

DARROW IS IMPASSIONED

He Bitterly Denounces Orchard and the Pinkertons—Senator Borah and Mr. Richardson Also Talk.

Boise, Idaho, July 19.—A day of argument on the admissibility of points of evidence followed the announcement from the defense that they had no further witnesses to offer in behalf of William D. Haywood. The jury was not brought into court, Judge Wood having been informed by counsel of their decision to rest without offer of rebuttal.

Clarence Darrow spoke for an hour and a half of the morning session. Senator Borah replied in the afternoon and was followed by E. F. Richardson. Judge Wood will probably announce his decision Friday morning.

The point argued was the proposition to exclude from consideration by the jury the evidence offered by the defense to show, by proof of deportation of miners from and the employment of detectives in the Cripple Creek district of Colorado, that a conspiracy was formed among the mine owners and the citizens of the district to prevent the employment of members of the Western Federation of Miners. The position taken by the Haywood defense was that Harry Orchard was employed by the Mine Owners' association through detectives to commit crimes, which were then charged to the federation. The reply of the state was that the defense had failed legally to connect their case in the particulars and therefore their evidence merely confused the issue.

Mr. Darrow Vituperative.

In the absence of the jury the argument gave counsel an opportunity to take a wide range in commenting on the methods employed on both sides. Mr. Darrow was impassioned and vituperative. He bitterly assailed Orchard and the Pinkertons. He maintained that Orchard's story connecting Haywood and the Western Federation of Miners with the various crimes to which he has confessed had not been corroborated; that the Vindicator mine explosion was an accident; that the Independence depot explosion, where 14 men were killed, was planned by K. C. Sterling and D. C. Scott, railroad detectives, and that the Pinkertons sent men into the district to join the unions and incite the members to riot and disorder.

Incidentally, he said, the Bradley incident in San Francisco was due to an explosion of gas, as shown by the evidence for the defense, and that Haywood had not been connected at any point with any of the overt acts confessed to by Orchard except by the discredited testimony of Orchard himself.

Borah on Legal Points.

Senator Borah confined himself largely to the legality of the question of admissibility. He spoke for an hour, forcefully reviewing the evidence and claims made by the defense, which, he said, failed to show by any member of the alleged conspiracy between the Mine Owners' association and the Pinkertons that any such conspiracy existed. He took the position and quoted authorities to show that a conspiracy can only be considered after the introduction of direct evidence of a conspirator.

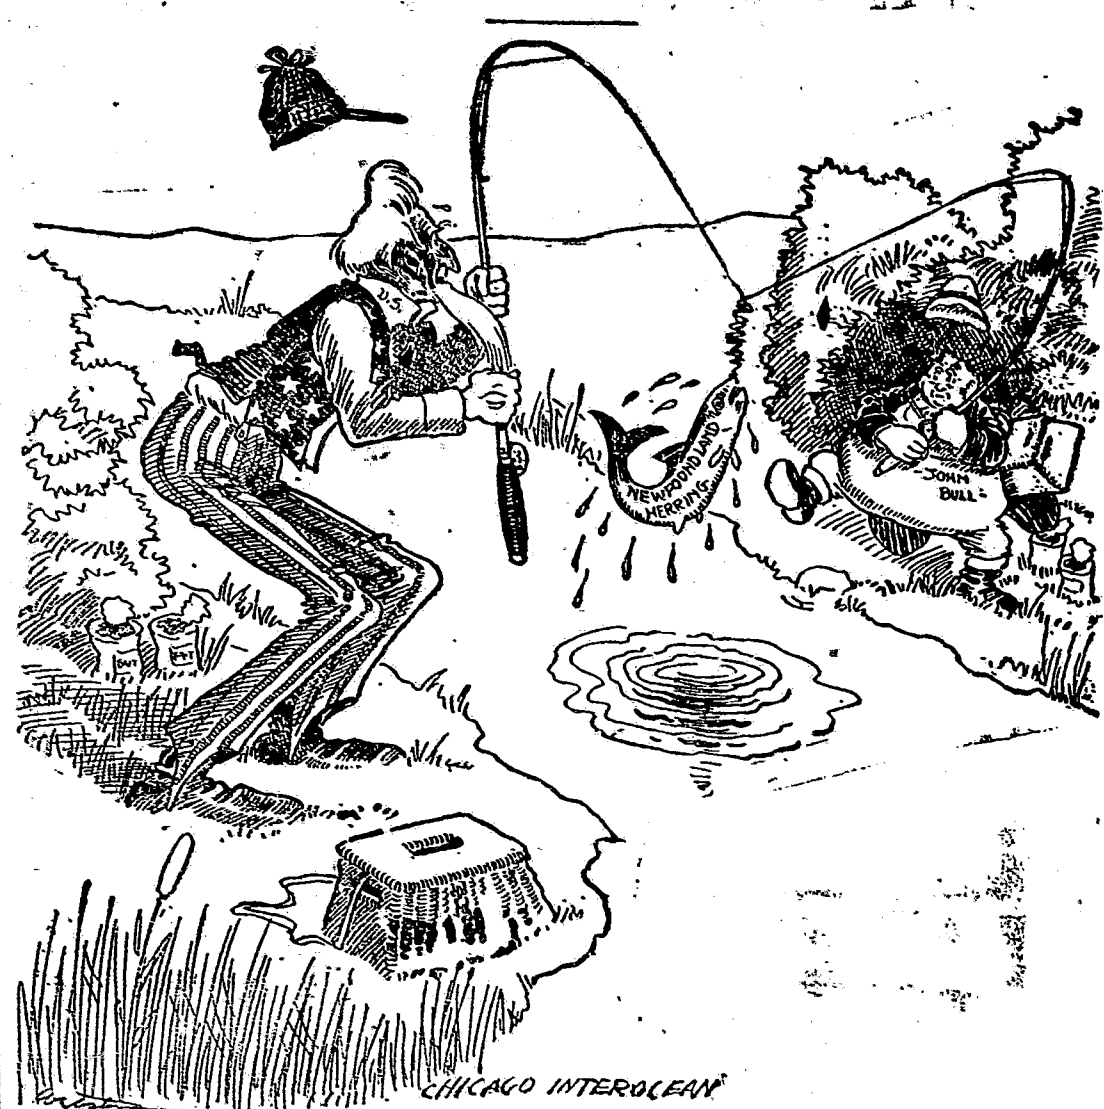

Mr. Richardson argued that a conspiracy had been shown by the contributory effect of all the evidence introduced by the defense, and closed with the statement that if the court saw fit to exclude the evidence bearing on the Colorado situation introduced by the state, counsel for the defense would be satisfied to see their evidence barred from consideration.

J. H. Hawley will open the argument for the state at ten o'clock Friday morning. It is expected that he will take the entire day. Mr. Richardson for the defense will speak Saturday.

Tax Notice

I will be at Lee Bros. bank Tuesday and Friday of each week until further notice for collection of Village taxes. AL. EMERSON, Village Treas.

THE ANGLERS MIX IT UP AGAIN.

The State Department is greatly concerned over the confused and unsatisfactory state of the Newfoundland fisheries controversy.—Washington Dispatch.

3,000 PROSTRATED BY HEAT; ELKS PARADE

SPECTATORS OF PARADE OF ELKS COLLAPSE IN STREETS.

Philadelphia Police and Surgeons Do Noble Work—Only One Death Is Recorded.

Philadelphia, July 19.—The parade of the Benevolent and Protective Order of Elks Thursday was marked by the prostration from heat of an army of persons, estimated by the police and hospital authorities at 2,500. Never has there been such a wholesale prostrating of people in the city. For six hours the police, ambulance surgeons and Red Cross nurses were kept on the run looking after persons who collapsed under the scorching rays of the sun, and largely because of their excellent service only one case resulted fatally. James Rowley, aged 44 years, of this city, died in a hospital after being stricken in the street.

The parade ground was on Broad street for a distance of three miles north and the same distance south of the city hall. The paraders counter-marched the last three miles back to the city hall, so that they traversed upwards of nine miles, yet few of those overcome by the heat were in the line of march.

Those who succumbed were mostly among the spectators jammed along the street in a solid mass from one end of the line to the other. Among the few of the paraders who were overcome were J. Harrington Walker, of St. Paul, Minn., and Henry J. Walter, exalted ruler of the Philadelphia lodge of Elks.

The grand lodge installed its newly elected officers Thursday night, at which time it was announced that at a previous session the state associations of Elks had been given official recognition. This decision on the part of the grand lodge settled a fight that has been waged for two years.

The grand lodge also authorized the charter committee to issue charters to Goldfield and Tonopah, Nev.

The Elks will go on an excursion to Valley Forge Friday.

Porto Rico Mayor's in Conference.

San Juan, Porto Rico, July 19.—The mayors of all the municipalities of Porto Rico responded Thursday to Gov. Post's call to a conference for the general discussion of economic conditions in the island, municipal laws and land titles. The matter of the advance in prices of the necessities of life also came up for discussion. The governor requested each mayor to submit to him in writing an exhaustive review pertaining to these questions for his guidance in formulating recommendations to the legislature.

Liability Act Is Upheld.

New York, July 19.—Judge George B. Adams in a decision rendered in the admiralty branch of the United States district court here Thursday, declared constitutional the employers' liability act passed by congress June 11.

KOREAN EMPEROR YIELDS

FORCED BY JAPAN, HE DECIDES TO ABDICATE THE THRONE.

Ceremony Set For Friday Morning—Decision Follows Long Conference With Elder Statesmen.

Tokio, July 19.—A dispatch from Seoul says that the emperor convened the elder statesmen at one o'clock Friday morning. The cabinet ministers waited in an adjoining room while the emperor conferred with the elder statesmen.

After a two hours' conference his majesty finally yielded and made up his mind to abdicate.

It was decided to hold abdication ceremony at 10 o'clock Friday morning.

Much unrest prevails about the palace and at another place a crowd of 2,000 is assembled. A portion of this mob assaulted the office of the Daily Kokumin, but the mob was dispersed before much damage was inflicted.

The audience of Marquis Ito with the emperor of Korea Thursday lasted one hour. It is reported that the emperor appealed imploringly to Ito to help save Korea from her present complication in a manner satisfactory to the Japanese and without doing anything derogatory to the Korean court. Marquis Ito, it is said, carefully avoided making any definite reply and retired without committing himself.

URNS STATE'S EVIDENCE.

W. W. Raibe Admits Conspiracy to Obtain Lands by Fraud.

Denver, Col., July 19.—W. W. Raibe, a mining man of Milwaukee, who was arrested in a federal grand jury indictment charging him and five others in connection with the Federal Coal Mining company with alleged fraudulent acquisition of Routt county (Col.) coal lands, has given a signed statement to United States District Attorney Cranston in which he goes into the details of the whole conspiracy to defraud the government.

Raibe was taken before United States Commissioner Hinsdale Thursday and released on his own recognizance after agreeing to appear at the trial as a witness for the government.

Billik Condemned to Hang.

Chicago, July 19.—Herman Billik, self-admitted faker and mixer of mysterious potions, was found guilty of murdering Mary Vrzal, 20 years old, by arsenical poisoning, and his punishment fixed at death by a jury in Judge Barnes' court Thursday night. Four other members of the Vrzal family met death by poisoning. They were Martin, the father; Tillie, 18 years old; Rosie, 14 years old, and Ella, 12 years old.

The Record is the oldest newspaper in Berrien county. Read it.

STATE BOARD OF HEALTH

Regular Quarterly Meeting Held at Lansing, Michigan, July 12, 1907

At the regular quarterly meeting of the Michigan State Board of Health, held in the office of the Secretary, Lansing, Michigan, July 12, the following members were present: President Angus McLean, Detroit; Vice President Malcolm C. Sinclair, Grand Rapids; Aaron R. Wheeler, M. D., St. Louis; C. M. Ranger, Battle Creek, and Secretary Shumway, and at the afternoon session Hon. C. C. Vaughan, St. Johns, and Victor C. Vaughan, M. D., Ann Arbor.

After the reading and approval of the minutes of the last regular meeting, the bills under the Embalmers Fund were audited and allowed.

After the routine business, the board authorized the Secretary to send Mr. Ainge as sanitary inspector to advise with local boards of health and school boards at the expense of the same, regarding the sanitary conditions, ventilation, etc., of school buildings. This is a very practical step in the direction of securing more sanitary school buildings.

The board reviewed the public health legislation passed by the last legislature, namely, the amended law regulating the practice of embalming, and the Act establishing a bacteriological laboratory in connection with the State Board of Health. The Board decided to secure a practical and efficient bacteriologist as soon as possible in order that the work of equipping the laboratory may be begun.

It was decided to hold an Embalmers examination in the Upper Peninsula, at Escanaba, sometime during August, the date to be fixed later.

The matter of reciprocity came up before the Board, but action relative thereto was deferred until after the Conference of Embalmers to be held at Norfolk, October 12. Dr. Shumway and Mr. Ranger were appointed delegates to attend this Conference as representatives of this Board.

Relative to the International Congress on tuberculosis to be held at Washington, D. C., September-October 1908, and the exhibit to be made by this Department, Dr. Vaughan of Ann Arbor stated that with the aid of the Tuberculosis Sanatorium Committee, the University of Michigan, and the local health departments of the larger cities of Michigan, together with the Statistics of this Department, an interesting and creditable exhibit could be made by this Department, relative to tuberculosis in Michigan. The Executive Committee of the International Congress appointed Drs. V. C. Vaughan, Angus McLean, and F. W. Shumway, a committee to represent Michigan and prepare an exhibit for the meeting of the Congress at Washington. Dr. Vaughan's resolution that the Board have an exhibit at that time was passed.

Dr. V. C. Vaughan was appointed delegate to the Vienna Congress to be held in September, to represent the State Board of Health.

The Record has the largest circulation and is the best advertising medium in the county.

EDITORIAL

BOOST BUCHANAN

Imitation is Flattery

It is flattering, indeed, to see others copy ideas from you—original creations from your own head. You sit up late into the night thinking of something different from others—something that you believe is original, and when you finally got your idea germinated you put it into execution. If within a quick space of time you see your idea copied whole—from tail to head—how would you regard your "cribber"?

This newspaper enjoys the distinction of creating a new style of make-up. It is unheard of for a newspaper of this kind to remove display advertisements from its front page. This step, instead of being regrettable as some were wont to predict, has happily turned out to be a wise one. Advertisers have long believed that in order to make an advertisement bring big results it is necessary to have it on the front page. But the public have viewed this from another standpoint. Nowadays, they want to read news first—all home news—and having satisfied their cravings for food, thought they will naturally turn to the advertisements, regardless of where placed. They will read what the advertiser offers. If the readers, hunting for bargains, don't get them now they will later. This shows that it does not matter where the ad. is placed, provided the ad. itself contains plenty of meaty matter—not the same threadbare statement such as "Go and see So and So," etc.

The RECORD believes in being original. It takes lots of hard thinking to create ideas. But we are always glad to do a lot of service for our advertisers in the way of manufacturing good, breezy ideas from our "think-shop."

If you see other newspapers in this county adapting our style of make-up and other ideas similar to ours just remember it is a flattering imitation—and we rather enjoy it because it convinces our friends they can get the full run of their money.

BOOST BUCHANAN

The St. Joseph priest who urged the abolition of "Teddy bears" as playthings for little girls uttered a truth which will not be lost in the humorous efforts of newspapers. Only dolls, contends the reverend gentleman, will develop in children the motherly instinct necessary for the propagation of the human race. There is nothing attractive in seeing a little girl lugging around a frowsty, stuffed cub with beads for eyes, and nothing more to be expected than that the same child grown to womanhood will be trotting around with a shaggy poodle in her arms.

BOOST BUCHANAN

An exchange remarks truthfully: We have a great respect for the poor and ambitious boy who at 23 years of age has succeeded in earning and saving \$500. If girls knew what was good for them, they would pay more attention to this class of young men and less to cigarettes and red necktie dudes who have run up a bill at the saloon.

Letter from Hathaway Tells How to Get Thin

Craig, Routt Co., Colo.

July 12, 1907.

Publisher Record:—While I am sitting here in the cool breeze, with snow peaked mountains all around, my mind wandered back to Buchanan, and I thought it a duty I owe my friends, who are over-burdened with flesh to such an extent that life becomes a burden during the summer months in Michigan, to advise them of this country. For instance, there is George H. Black, Dr. Orville Curtis, Chas. F. Pears Will VanMeter, and last but not least, Harry Weaver. Think how they must suffer with the heat from the superfluous amount of flesh they must carry from day to day. All of which could be done away with if they only knew of this country, and had the price to get here. It is a great effort for such people to walk.

Oh, yes. There are two other young fellows that I had forgotten—Wm. Brodrick and Ben Crawford. How they must suffer with the heat and to think this high altitude would reduce their flesh.

I left Encampment Tuesday last at 10 a. m. with a livery team and a driver. We arrived at battle at 1 p. m., 10 miles away. We ascended 2800 feet in the 10 miles as Battle is situated at an altitude of 10,000 feet. We drove through snow banks 6 feet deep enroute. The first wagon to arrive at Battle was on June 11. Previous to that all merchandise was transported by sleighs. Battle is a mining town of 12 buildings. There is not a frame building and only one two-story building in the place. After feeding the team and ourselves we started for Copperton, another mining town. Enroute we drove across the timber reserve, and, let me tell you, there are no laid out roads. Nothing but Indian trails and rocks. We had not driven far in the reserve until we commenced to meet large bands of sheep in care of Mexican herders. A band of sheep averages 2500. Before we reached Copperton we met eight different bands. As we came to the town we met the mess wagon going into camp for the night. There were 10,000 sheep herded within one-half mile of the town, waiting for those that were ahead to get out of their way.

The sheep owners pay 5 cents per head to Rosy for the privilege of grazing on the Forest Reserve. The department has issued licenses for grazing 300,000 head of sheep on this reserve. The cattle men will not allow any sheep to graze in this part of Colorado. You are no doubt conversant with the trouble that has taken place in this section between the cattle owners and the sheep men.

I left Copperton by stage Wednesday morning, arrived at Slater for dinner. Slater has only one store which is also the postoffice. At Slater I changed stages for Braggs, Wyoming, arriving at the famous city at 6 p. m. Braggs is located at the head of the Little Snake river, in a narrow valley a half mile wide. Yesterday morning I took the stage from Braggs at 7 a. m., arriving here at 5 p. m. This city is 110 miles from Rollins on the U. P. R. R. All merchandise is hauled by freight teams this distance. It is not an uncommon sight to see a string of twelve horses hitched to three wagons all loaded, in charge of one driver. The wagons are fastened together, the two trailers have short tongues. The driver rides the rear wheel horse and pilots the others over the mountains with one rope line. This country is covered with the white faced cattle that are seen in the stock yards in Chicago. In coming here yesterday, we drove 20 miles without seeing a ranch house and all of this territory is covered with range cattle. The road from Rollins is one that was made by the government to use from Fort Meeker to Rollins when the soldiers were stationed at that point (Meeker).

There is an abundance of game left in the mountains such as deer, elk, bears, mountain lions, kyotes and Rob cats.

There are three stage lines leading out of this place. Leaving here at 7 a. m. one can go via Meeker to Rifle on the Denver & Rio Grand R.R., 100 miles, or go by the way of Hayden, Steam Boat Springs to Kremmling of the Moffat R. R., 125 miles, or go by the way of Baggs to Rollins which is on the U. P. R. R., 110 miles, Route Co. boasts of more coal than all of Pennsylvania. There is also

a great amount of minerals such as copper, silver and gold mined in this county. This county is 140 miles wide and about 120 long. At one time the county seat was at Hayden. But during the trouble sometimes they were having with the Indians, it was thought best to remove the county seat to Hahns Peak, where the records would be safe, as Hahns Peak is on the top of a mountain where the Indians could not surprise the people and get possession of the papers and kill the natives, as a company of soldiers are stationed there all the time.

I am sorry that it is not possible for my friends to distinguish the differences between telling the truth to a good advantage and a plain prevarication. But should there be any doubt in the minds of the readers of the following I will prove the statement by my old friend (in crime) D. L. Boardman. As he was at one time a famous hunter's guide in this section, I often hear his name spoken. He was a young man of great daring, taking great pride in entering the jungles infested with beasts, and killing them with his naked fist. Old Dan Boone cannot shine with him. Let me tell you that the mountains in this section are covered with beautiful flowers of all colors. When we were in the snow region on the north side of the mountain, we saw flowers in bloom within one foot of banks of snow 20 feet deep. It is no trouble to gather flowers in one hand and make a snow ball in the other.

I do not know when I will get home as I have written Mrs. H. several times for the price of ear fare and so far have failed to hear from her. It would be no trouble to pick up one of the mountain burros which are used by the miners in carrying ores from the mines down the mountain side to the smelters. I think I could reach home in about six months. But as I have only one pair of pants with me and they are very thin in spots, I do so hate to make the start.

Hoping this will find you and your staff enjoying the best of health.

I am very respectfully yours,

H. A. HATHAWAY

Mrs. Tamerson, who has been in Ironton, Ohio, for sometime, has returned home, accompanied by Mrs. Harrison Merrill and daughter, of Chicago.

Mr. and Mrs. A. W. Ruff, who have been the guests of Mr. and Mrs. V. M. Spaulding for the past week, returned to their home at Lima, Ohio yesterday.

George Richards is in Detroit visiting his little granddaughter which recently arrived at the home of Mr. and Mrs. Robert Richards. He also attended the State Funeral Directors convention.

What Idea Have You for Labor Day Celebration?

Do you want to be caught napping? There is somebody getting a list of those who want a Labor Day celebration—are you on it?

If you think Buchanan does not need any celebration we want to know the reason why. We will gladly print your suggestions, whether favorable or otherwise. We want to see these plans pull out without a hitch.

Here's another business man who says to put him down on the subscription list for \$5.00 as soon as the

paper is passed around.

Now, isn't that liberal?

Are you ready to chip in the plunk when asked?

Merchants will reap a lot of advertising and money. It means a great many things for this thriving town. If you have a bright idea and think it a dandy thing for a Labor Day—out with it!

Now, come and show your loyalty. This is no time for "ifs" and "buts."

I want an Onest John.

Long Live the King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cold or cough." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the proven remedy. Guaranteed by W. N. Brodrick, druggist. 50c and \$1.

FOUR GUILTY; NOT TO HANG.

Verdict in Lamana Case Causes Threats of Lynching.

Hahnville, La., July 19.—The jury in the Lamana kidnapping and murder trial brought in a verdict Thursday evening finding Campisciano, Mrs. Campisciano, Tony Costa and Frank Gendusa guilty, without capital punishment.

Absolute silence greeted the foreman's announcement. The spectators listened quietly while the jury declared that the verdict was unanimous and then court adjourned. An hour afterward, it was reported that preparations for a lynching were under way. A physician of local prominence gave out a statement declaring, "that the good people of St. Charles repudiate the verdict," and calling it a "prostitution of justice."

The prisoners were returned to the St. Charles parish jail, an isolated structure standing in the fields a quarter of a mile away from any habitation except the sheriff's house and the courthouse. It was deemed unwise to take the prisoners back to New Orleans by train Thursday night, since the railroad would have to take them through a somewhat wild country on the west bank of the river and outside the city. The sheriff has repeatedly declared that he can prevent lynching of the Italians in his parish and he is looked upon as capable of defending the men in almost any emergency.

New Orleans, July 19.—A posse is forming at Gretna, across the river from New Orleans, with the avowed purpose of making an attempt to reach Hahnville. There is little prospect that this posse can get to Hahnville by train and attempts have been made to secure a tug or towboat.

Eighty-two state soldiers reached the Hahnville jail late Thursday night, after passing through a mob of several hundred persons in Gretna, who tried to induce the train crew to sidetrack the militia special.

W. A. Paxton, Omaha, Dies.

Omaha, Neb., July 19.—William A. Paxton, Sr., pioneer and millionaire business man, dropped dead at his home in this city Thursday night. Mr. Paxton was born in Springfield, Ky., several years ago. He came to Omaha at the age of 20 and had been identified with the interests of the city ever since.

To Glory by Niagara Route.

Niagara Falls, N. Y., July 19.—An unknown man, who walked with a crutch and a cane, leaped into the rapids above the falls Thursday and was carried over the American cataract. His crutch and cane he left behind, with a note signed "D. J." saying: "Tell my friends that I have gone to glory."

PREDICTS GENERAL OPERATORS' STRIKE

SECRETARY RUSSELL BELIEVES THE TROUBLE WILL SPREAD.

BIG FIGHT JUST BEGUN

American Federation of Labor May Give Telegraphers Active Support—Chicago Men Anxious to Quit.

Chicago, July 19.—"I see nothing ahead but a general strike," said Secretary and Treasurer Russell, of the Commercial Telegraphers' union, Thursday in commenting on the telegram received from President Small at San Francisco, who will arrive in Chicago on Tuesday to call a meeting of the executive board.

At that time it is expected that President Small will report that efforts of Commissioner of Labor Neill to pour oil on the troubled waters at San Francisco have been unavailing and that the Western Union and Postal Telegraph companies on the coast cannot be made to accede to the demands of the men for a wage increase without a general strike.

May Order Sympathetic Strike.
The American Federation of Labor is expected to step in and order a sympathetic strike if all other means fail.

As much was implied in the message received by Secretary Russell from President Small, and those who are in sympathy with the union hint that the fight has just begun.

The principal difficulty which has now arisen is relative to the reinstatement of the strikers at San Francisco. President Small has demanded the restoration to their positions of all or none of the men. General Superintendent Storror, of the Postal office at San Francisco, told Commissioner Neill that he would not be willing to reinstate more than 80 per cent. of the striking employees.

Chicagoans Anxious to Vote.

Chicago telegraphers, regardless of what action the national executive committee or the American Federation of Labor may take, are anxious to record themselves in a strike vote, and a meeting has been called for Sunday afternoon, when the ballot may be rushed through.

These operators, members of local No. 1, have wired President William McCandlish, of the San Francisco union, that they will stand behind the California operators to the last ditch.

Strikers Refuse Concessions.

Oakland, Cal., July 19.—The striking telegraphers at a regular union meeting Thursday refused, by a standing vote, to accept concessions as framed by their national executive committee. The Western Union and Postal Telegraph companies' concessions were declined. They offered 25 per cent. increase of pay after the telegraphers were at work, and would take back all but three of the strikers. The Postal would reinstate 80 per cent. of the strikers.

President Small telegraphed the result of the union's action to headquarters at Chicago.

Editor on State Merit Board.

Springfield, Ill., July 19.—Gov. Deene Thursday appointed John A. Cously, editor and publisher of the Alton Telegraph, a member of the Illinois civil service commission, to succeed former State Senator James A. Willoughby, who was recently appointed a member of the state railroad and warehouse commission.

Tennessee Bank is Closed.

Gallatin, Tenn., July 19.—United States Bank Examiner M. E. Patterson Thursday took charge of the People's National bank of this place, a discrepancy of \$39,000 having been found in the accounts. The discovery was made by the assistant cashier during the absence of Cashier W. G. Harris, who is ill at the home of his father-in-law.

Fatal Automobile Accident.

Anderson, Ind., July 19.—James A. Brookins, a dentist of this city, was instantly killed and Elmer East seriously hurt at La Fontaine, Grant county, Thursday morning. They were on their way to Silver Lake in an automobile and were run down at a crossing by a Union Traction car.

Mrs. Birdsong is Pardoned.

Jackson, Miss., July 19.—Gov. Vardaman Thursday granted an unconditional pardon to Mrs. Angie Birdsong, Monticello, slayer of Dr. Thomas Butler, a childhood friend and family physician. She was sentenced to five years in the penitentiary for manslaughter.

Rifted Mails for Seven Years.

Hammond, Ind., July 19.—Daniel Hunt, a Hammond mail carrier, was arrested Thursday by Inspector A. R. Burr, charged with rifling the mails. Hunt, it is said, admitted that he had stolen money from the mails for seven years.

Omaha Man to Wed Countess.

Omaha, Neb., July 19.—Announcement was made Thursday of the engagement of Frank T. Hamilton, vice president of the Merchants' National bank, to Countess Louisa de Cistue of Granada, Spain.
