## Class Feeling Against Wealth Is Unjust.

By SAMUEL HARDEN CHURCH, Author and Railway Official, Pittsburg, Pa.

**W**E find class feeling against wealth prevailing everywhere. If the high sheriff were to arrest John D. Rockefeller today, a million people would applaud the act, NOT BECAUSE OF THE TRANSGRESSION which caused the process to issue, but because the man is enormously wealthy.

YET MR. ROCKEFELLER, MR. CARNEGIE AND MR. MORGAN ARE DOING MORE TODAY FOR THE HIGHEST CIVILIZATION OF THE HUMAN RACE THAN ANY OTHER TEN THOUSAND MEN IN THE WORLD.

The most persistent manifestation of class feeling is found in the GENERAL OUTCRY against corporate wealth. The public vexation has been fully justified by corporate abuses which have become international scandals. The insurance malpractices need no recital here, and it is to the credit of the NATIONAL CONSCIENCE that they have been effectively stopped. In the operations of other corporate bodies the law has been invoked none too soon. There has been stock watering; there has been stockjobbing; there has been juggling with statistics; there has been unlawful lending of funds; there has been nepotism enriching whole families against the rights of the public; there have been discrimination in the granting of rates and favoritism in the use of facilities which have built up dishonest fortunes; there has been official plundering under the forms of law until some of these men have gone mad from arrogance.

AND YET, NOTWITHSTANDING ALL THESE EVILS, THE GREAT MAJORITY OF CORPORATIONS IN AMERICA ARE CONSCIENTIOUSLY OBEYING THE LAWS BOTH IN THEIR LETTER AND SPIRIT, WHILE THE GREAT MAJORITY OF THE MEN WHO MANAGE THOSE CORPORATIONS ARE SO CONSTITUTED THAT IN THEIR RECTITUDE AND DECENCY THEY ARE THE PRIDE OF THEIR COUNTRY.

## Domestic Service Best Work For Women.

By CHARLES M. SCHWAB, Steel Master.

**P**UT girls in the kitchen. Teach them HOUSEWIFERY. Take women out of shops, stores, business offices; out of studios, colleges, laboratories and music schools. LET THEM WORK AS DOMESTIC SERVANTS. There is no field that offers better opportunities of success for women than that of domestic service.

The business world is no place for a woman. The domestic life is the only life that gives her a chance to develop her best.

EVERY WOMAN WHO IS OBLIGED TO EARN HER OWN LIVING SHOULD SEEK A POSITION AS SERVANT IN SOME HOUSEHOLD. THERE IS NO DISGRACE IN BEING A SERVANT. IT IS THE PROUDEST POSITION ANY ONE CAN OCCUPY. NO MATTER HOW CLEVER A WOMAN IS, SHE SHOULD BE PROUD TO FILL SUCH A POSITION.

The only education for woman that COUNTS is education in domestic science. No woman can be truly called educated who does not now know how to keep house.

It is five hundred times more important that a girl be taught to COOK AND MEND AND WASH DISHES AND DARN SOCKS than that she study Greek, Latin, literature and music. If women only realized it, such accomplishments do not win the admiration of man.

### NATURE TELLS YOU

AS MANY A BUCHANAN READER KNOWS TO WELL

When the kidneys are sick, nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; any urinary trouble tells of kidney ills. Doan's Kidney Pills cure all kidney ills.

Morgan J. Lucas, living at corner of Mill and Division streets, Dowagias, Mich., says: "I found Doan's Kidney Pills the only relief I ever received from kidney trouble. I had suffered for years and seemed to have no control the secretions whatever. The secretions were white in color, of offensive odor and contained a heavy sediment if allowed to stand. I suffered from severe backache, headaches and a blurring of the eyesight. I finally procured Doan's Kidney Pills. I used in all five boxes and can now go to bed and sleep all night without getting up once and have never had a backache or headache since. The secretions act in a normal manner."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

### MAY LYNCH FIEND.

Farmers and Officers of Berrien County, Michigan, in Pursuit of Alleged Slasher of Horses.

Benton Harbor, Mich., Sept. 26—The greatest man hunt ever conducted in Berrien county is in progress in Pipestone township. With a posse of farmers and his entire force of deputies, Sheriff Tennant is in hot pursuit of Max Minnie who is alleged to be the fiend who in the last two years has cut the tongues from no less than eight horses.

Minnie was approached by yesterday afternoon. He turned and ran with bullets from the deputies' guns singing past him. Three hours later he was discovered in a corn field and again the officers opened fire on him but their marksmanship was poor and he escaped. It is feared that Minnie will be lynched if captured.

### The Touch That Heals

Is the touch of Bucklen's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it has no equal. Guaranteed by W. N. Brodriek, drug gist, 25c.

## ST. JOE. RESIDENTS TO FIGHT BURGLARS

Residents Along Lake Shore, St. Joseph, to Suppress Lawlessness.

St. Joseph, Sept. 26—House breakers, hoodlums and depredators have a new enemy. At a meeting held yesterday afternoon at the residence of J. M. Ball, president of the Commercial National bank, residents on the Lake Shore Drive south of St. Joseph formed an organization for the suppression of lawlessness in their district during the period that some of the homes are closed.

It was voted to employ a corps of detectives and actively endeavor to secure the arrest and conviction of all marauders. Funds for the work were subscribed.

The organization was given the name of the Lake Shore Protective association.

At the meeting two citizens whose homes had been looted and burned sold of these outrages. One resident told of his home having been but glarized two times within a few months. Several others reported loss of property through visits of burglars.

Resolutions adopted read as follows:

Whereas, We, a majority of the residents of the Lake Shore Drive, south of the city limits of St. Joseph, in meeting assembled, feeling that our county officials seem to be unable to cope with lawlessness in our neighborhood, do hereby

Resolve, That we band ourselves together to protect our property, and hereby make it known that we shall use every endeavor to apprehend all wrong doers, even to employing the best detective agency to that end; and to punish all such persons to the full extent of the law.

### CHICAGO GRAND OPERA HOUSE

The second month of what promises to be one of the most famous engagements in Chicago's theatrical history is drawing to a close and only a few more weeks remain when theatregoers can see Montgomery and Stone in Charles Dillingham's production of "The Red Mill" at the Grand Opera House. There has not been an empty seat in the theatre since the "Red Mill" began to revolve on August 18 and the advance sale of seats and boxes is said to indicate a continuance of the record breaking patronage. The engagement has been extended once, by the mutual consent of Charles Dillingham, manager of Montgomery and Stone, and Harry L. Hamlin, manager of the Grand Opera House, but a further extension cannot be made on account of booking contracts in Eastern cities; so those who wish to see the best musical entertainment of the age will have to hurry up.

One of the conspicuous novelties associated with "The Red Mill" is the fact that the action of the play takes place in Holland. During the past dozen years or more the American stage has been well provided with productions symbolic in scenic surroundings with nearly all the countries of the globe but it is believed that "The Red Mill" is the first play, at least of any considerable pretensions devoted exclusively to the representation of the Dutch and their country. This no doubt seems a bit strange when one takes into consideration the early history of the United States; the first settlers of which, particularly in the state of New York were mostly from Holland. Many of the best names of the Empire state are of Dutch origin and the name of New York City itself was originally New Amsterdam. The entire play from beginning to end is distinctive of Holland, in scenery, costumes, character types and even in the music.

## FIERCE STORM SWEEPS LAKES

Genuine Northwest Imperils Much Valuable Property And Many Lives

Benton Harbor, Sept. 25.—A fierce storm, a real, genuine northwester, which lashed the waters into uncontrollable fury, swept the great lakes yesterday and last evening. Many thousands of dollars of valuable property and many hundreds of lives were imperiled by the tempest. For over twelve hours all shipping on the big waterways was disastrously crippled.

Locally, the storm was felt. All day yesterday a strong wind lashed Lake Michigan and last evening the sea was so heavy as to keep all craft safe within the harbor.

The City of Chicago of the G. & M. line did not make her regular trip last evening. She was kept in port, waiting for the storm to abate, not clearing until after 6 o'clock this morning. The boat will return this afternoon and make the regular run this evening.

## ARREST WRONG NEGRO IN NILES

Niles Officers Believed That They had Murderer of Chicago Woman

Niles, Sept. 25.—The local officers caused the arrest last night of a negro who answered almost perfectly the description of Richard Walton, the murderer of Mrs. Lillian Grant of Chicago.

Word of the arrest of the suspect was sent to Inspector Hunt by Chief of Police George Francis, of Niles. The man gave the name of John Royster. He was arrested shortly after coming out of the office of Dr. J. F. Burns, who had extracted three bullets from his shoulder and side. He said he received the wounds in a fight Monday night in a saloon at Gary, Ind.

Royster was accompanied by another negro who gave his name as Thomas Hill and his address as Elkhart, Ind. Both men were well dressed and heavily armed. They declared they had not been in Chicago for several years and they made no attempt to resist arrest.

Word was received from Assistant Chief Schuttler early in the evening stating that he doubted the identity of the negro and the suspect was accordingly released.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollar for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio.

Sold by Druggist, 75c. Take Hall's Family Pills for constipation.

### NOTICE

Beginning October 1st, COAL will be SOLD and delivered ONLY on a CASH basis. WM. ROANFREE, E. S. ROE, H. R. ADAMS.

### Lost and Found

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack with nausea and headache. This loss was accessioned by finding at W. N. Brodriek drug store, a box of Dr. King's New Life Pills Guaranteed for biliousness, malaria and jaundice, 25c.

## TIDINGS OF WOE FOR BUM ELEMENT

Poor Picking at Free Lunch Counter

Niles, Sept. 25.—Local bums who have been subsisting on free lunch at saloon bars for years, are likely soon to find pretty poor picking here in the near future. Some days ago, the Daily Star agitated the doing away with the free lunch, which encourages loafers in their idleness, and which is not a desirable thing from any standpoint, either for the saloon keeper or a patron of saloons, aside from the bum element, and a movement was started, which promises to ring the death knell of the free lunch in Niles.

At tonight's meeting of the city council, an ordinance entitled, "An Ordinance Prohibiting the Giving of Free Lunches in Liquor Saloons, or Other Places where Liquors are sold," will be introduced, and there is every reason to believe that it will be adopted and enforced.

The ordinance recites that the free lunch is conducive to intemperance and that it keeps men from their regular meals and their families, and makes it unlawful for any saloon keeper to furnish any person "free lunch or provisions in connection with the sale of wine, beer or liquors. The ordinance also recites that the keeping of a free lunch counter in saloons shall be presumptive evidence of the keeping of free lunch and the giving of it in connection with the sale of liquors, for which offense a fine of not more than five dollars and the costs of the suit, or 10 day's imprisonment in the county jail, or both such fine and imprisonment in the discretion of the court, is provided.

The ordinance shall be in effect 70 days after its passage, as provided by law.—Niles Star.

### Raises Price

A Michigan Eldor Tells Why he Must Have \$1.50 per year Hereafter

Newspapers all over the country that have been printed for \$1 a year are now raising the subscription price to \$1.50, as they are compelled to do by the increase in the price of paper and everything else that goes into the making of a newspaper. A weekly paper can no longer be printed for \$1 a year and live. Realizing this fact and desiring to give fair warning, we wish to inform our subscribers that after Jan. 1 next the subscription price to The Enterprise will be \$1.50 a year. The advertising rate will all so be made uniform at that time, and no display advertisement will be accepted at a less rate than 7 1/2 cents an inch. This is what we now charge to those who had a special contract with our predecessor. Beginning Jan. 1 every advertiser will have to pay the same rate, no more, no less, and one advertiser can have no advantage in rates over another. This is business, and we expect to conduct the Enterprise on business lines. Until Jan. 1 next all subscriptions, whether new or renewals, for one year or more, will be accepted at \$1 a year. If you are in arrears it will pay you to get busy or if you want to still get the paper for a dollar a year you can do so by paying at the rate of a dollar a year for as long a time as you wish before the 1st of January. It will pay you to renew for another year before that time. The farmer is getting more for his produce than he got a few years ago, the merchant is getting more for his goods, and the same law of prices must prevail in the printing business if it is conducted on business principles.—Farmington, (Mich.) Enterprise.

### Are Slow to Learn

People Still Call for Special Delivery Stamps

Special delivery letters do not have to bear special delivery stamps and the ordinary postage stamps will carry them to any portion of the country providing the proper amount is furnished.

An order was received at the post-office a few days ago announcing the terms of a new law which provides for the carrying of special delivery letters. The law provides that ordinary postage stamps may be used if ten cents in stamps is placed on the letter in addition to the regular two cent stamp which must accompany all letters, whether special delivery or not. The sender of a letter must write or print the words "Special Delivery" on one corner of the envelope and below where the stamps are placed.

But few people here have learned of the new law and there is still a great demand for the special delivery stamps.

### A Humane Appeal

A humane citizen of Richmond, Ind., Mr. J. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure, the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy hoarseness, and phthisis, stops hemorrhages of the lungs and builds them up. Guaranteed at W. N. Brodriek drug store, 50c. and \$1.00. ### Niles Clow Mayor

The public interest is evidently a matter of small concern with Mayor Earl, who seems to be using his office to revenge himself upon any and all who have ever crossed his path, regardless of the cost to the city. He is bent upon a rule or ruin policy, and it is not to be wondered at that nothing has been accomplished to date under his administration, and that the city is confronted by the spectacle of a mayor and his council with horns locked in deadly combat and all public business paralyzed. But it is nothing more than was to be expected with a man at the helm, who has no respect for the law, nor regard for the rights of others.

When a member of the Richter council years ago, Earl jumped from his seat and dashed out of the council room to prevent the passage of some measure to which he was opposed.

It is not to be wondered at that councilmen are today inquiring whether there is not some way by which an officer, who refuses to per-

mit the council to do its duty and who has become a log upon the public service, can be removed from office.

Mayor Earl is quoted as having said that he favored paving High and Sycamore streets, and that the council turned him down, hence he will be d-d if any paving will be done if he can stop it.

Thus we have the keynote to his conduct. Paving is all right if done where he wants it, but all wrong if done where others want it.—Niles Star.

Sheriff Strassheim, of Cook county, Ill., has all the magazine writers on "How to Exist on Nothing a Year" beaten to a finish. He has been keeping prisoners alive on a diet that cost just six cents per day for each prisoner. Incidentally, as a result, the thrifty sheriff has pocketed \$30,000 of the taxpayers' money.

## POURED SHOT INTO SHERIFF

Attorney Attacks Motives of Sheriff in Courtroom

St. Joseph, Sept. 26—Attorney James O'Hara attacked the motives of Sheriff Tennant in the circuit court room this morning declaring that he was paying off election debts in picking talesmen.

"If it pleases the court there have been enough fossils hanging around this court room waiting to get on the jury. I want the talesmen selected according to the law which Rep. Kelley had passed two years ago."

Judge Coolidge ruling on the motion of Mr. O'Hara that the talesmen brought in by Sheriff Tennant be dismissed, declared that if the attorney thought that the cases were being hurt because of personal grudge between him and the sheriff, the talesmen should be dismissed. Accordingly the officer was instructed to bring in other candidates.

Lansing, Mich., Sept. 26—A large number of laws passed by the last legislature which were not given immediate effect will become operative tomorrow, September 28.

### Rogers-Crouch

A pretty wedding occurred last Wednesday evening at the home of the bride's sister, Mrs. Harry Davidson, near New Carlisle, where the contracting parties, Miss Grace Rogers and Clarence Crouch were united in marriage, Rev. Laurence officiating. Numerous friends remembered the happy couple with beautiful presents.

Miss Rogers is one of New Carlisle's charming belles and a highly respected and esteemed young lady, daughter of James Rogers, a well known farmer.

"Happy" Crouch, as he is known to the enthusiastic baseball element, as star pitcher of the Blues, has resided in Buchanan for the past two years, holding a good position with the Gelfor Tool company.

The Record joins their many friends in congratulating the happy couple.

### 30 Club

The 30 club meet Wednesday afternoon with Miss Artie Logan. The afternoon was spent in a study of Michigan. Roll call was responded to with quotations from Will Carlton.

Mrs. Ralph Allen read a paper on "Early Missions and Settlers." Mrs. Clyde Baker had a very interesting paper on "Natural Resources." Mrs. L. L. Peck then gave a reading from Ben King which was enjoyed by all. "Ann Arbor and the University" was the subject of an excellent paper by Mrs. Chas. Boyle. The work was made especially interesting by the general conversation and discussion which followed each paper.

Club adjourned to meet with Mrs. Claude Baker, Oct. 2.

The many friends of Miss Cecil Raymond and Elmer Wray were surprised to learn of their marriage, a secret which they cleverly kept for two weeks. Now that the matter has been revealed in some mysterious manner congratulations are now in order. Mr. Wray has been employed during the summer at the soda fountain of W. N. Brodrick's drug store. Mr. Wray is now at Ann Arbor where he is taking a course in pharmacy and Mrs. Wray will remain for the present at the home of the husband's parents.

Wednesday evening Mr. and Mrs. Joseph Korn, of Portage Prairie, celebrated their 30th wedding anniversary. A sumptuous 10 o'clock dinner was served to the 140 guests who had been asked to help celebrate the event. There were a number from South Bend and Niles present.

A basket ball court has been arranged at the rear of the Christian church and will be strung with electric light to enable games to be played in the evening.

It is not likely that Buchanan boys can muster up enough husky fellows to form a foot ball team this fall. Boys of strength and brawn seem to be on the decline from over-indulgence in cheap cigarette smoking and for want of good lungs.

There will be a congregational meeting  
after the morning service. Everyone  
interested in securing a pastor for  
our church is urged to be present.

Berrien county's Modern Woodmen  
will hold a big picnic at Berrien  
Springs Oct. 1. The day is devoted  
to genuine picnic features and in the  
evening a class of 300 will be initiated  
if the plans do not fail. There are  
19 camps in the country to work  
for candidates to be taken into the  
order at that time.

About a dozen workmen have been  
here for the past week putting an independent  
telephone line that will run from

Max Minnie, an employe of one of  
the Hogues in Sodus, has been arrested  
charged with being the person who  
has been mutilating horses. The  
officers think they have the right  
man. He is now out on \$1,000 bail,  
and has employed Attorney Gore to  
defend him.

The new electric lamps have been  
placed on the streets, and are receiving  
their share of comments, both  
favorable and unfavorable. The  
general opinion is, however, that the  
village has been handed another  
lemon, as they do not give the volume  
of light expected, and are not so  
bright as the gasoline lamps were  
when they were kept in proper repair.

Recently the editor of the Hartford  
Day Spring printed a little pleasantry  
concerning a young man with two  
heads on his shoulders instead of one  
and explained the fact that the  
curiosity was because the object of the  
young man's affection had neglected  
to pull down the window shades.  
Now printing the article has the editor  
in hot water, as it were, and no  
less than four young men have  
entered his sanctum, each bent on  
licking him, because they thought  
the article referred to them.

St. Joseph Press: Fortified by a  
petition, signed by Judge Coolidge,  
the jurors who sat in the case, and  
by any number of prominent men in  
this city, several citizens left today  
for Lansing where they will appear  
before the pardon board and ask for  
the liberation of Edward Schaefer.  
With so many favorable to the granting  
of the petition for a parole, it is  
very likely that the board will look  
upon the matter in a favorable light,  
for it would be impossible to get a  
petition to which there would be less  
objection than there has been to this  
one. The general feeling which  
seems to prevail is that Schaefer has  
suffered enough for the crime.

**Independents Secure Control of County's Business**

Dowagiac, Sept. 26—The Cass County Home Telephone Co., has closed a deal securing the Cassopolis independent exchange and giving them control of the county's independent exchanges. The Home company is installing service in all parts of the county, including Dowagiac, automatic exchanges, starting with 500 patrons. War has been declared between the Michigan State and the Home and cutting of rates will soon start. The Michigan State, with 1,000 patrons in the country, threatens to cut rates. The Home company offers free service over the country. It is

financed by local capitalists and is capitalized at \$100,000. The property taken over in the Cassopolis deal includes the exchanges at Marcellus, Edwardsburg and Jones. The consideration was \$40,000.

**Health in the Canal Zone**

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney.

**The Mail Order Situation**

An Ohio Merchant Did Not Like Comment Over in Ohio is one retail merchant who has his back up because a trade journal which said if a merchant could not prepare a good advertisement, he ought to go out of business.

This fellow contended that just because a man had not the inherent qualifications to make him a ready writer that it was no reason why he should be slandered, or be advised to retire from business. The only trouble with this fellow is he has allowed his "sore spot" to be irritated before there was any cause for it, in other words, he did not understand what it meant.

Suppose a farmer who lived in a corn-raising neighborhood would say to his neighbor, that he just simply did not know how to plant corn. His neighbor would say to him, "Well, brother, we all plant corn around here and you can watch us and then do it without difficulty," and yet the first party insists he can't do it and don't do it. What would you think of him? Don't you think you would tell him to take up his bed and walk and hunt some other vocation?

Whenever a retail merchant says he cannot prepare a good advertisement, he simply admits that for some reason he refuses to use his opportunities. True, he may not know how to use the English language to best advantage, and he may not even understand the goods he has to sell; and all this and even more, and yet he has no excuse worth considering.

When the trade paper made the statement that with all the advertising matter now placed before the people; with the catalogue of the best advertisers on the face of the earth at his hand for the asking, that with all this, he can prepare a good advertisement if he wishes to; they meant just what they said. There is no law to prevent you from using, even word for word, the advertisements from a catalogue house. If you don't understand your goods hunt up their descriptions and use it. You can get copies of the large daily papers for about 5 cents, and some of them for less, and they are usually full of high-class advertising.

The trouble is you don't pay attention to these things. The trouble is, you won't learn, not that you can't. You know there is an old saying that if a bird can sing and won't sing, it ought to be made to sing, and this is what ought to be done with a retail merchant who says he won't advertise because he can't write good copy. He can write good copy if he wants to, because there are bushels of it lying all about him.

We really feel sorry for the fellow who, with all these helps, cannot learn to prepare good copy. How can such a man expect to cope with the keen and shrewd men who are engaged in

the retailing business today? How can he ever expect to become more than a mere slot machine distributor? One might go farther and make the statement, and with considerable force, that the man who in this age and day cannot write good advertising copy, is not a good salesman. The very fact that he cannot use the helps at hand for the preparing of good copy, proves he lacks the leadings of the keener instincts of humanity. It may show he is indolent, either of which would disqualify him as a good salesman. Of course you cannot make any department of your business succeed unless you are willing to work. It won't do itself.

**TAKES A FALL OUT OF KANSAS FARMER**

The Record is in receipt of the "Parker Messenger," Parker, Kansas, and we notice in the editorial department that a consumer has attempted to criticize the editor of the paper for what he has said to the people about "buying at home." Mr. Consumer goes on to tell why he patronizes catalogue houses. The amusing part of it is the editor has run the letter spelled just as it was and it is a "corker." At the close of the letter, Mr. Editor takes a "fall out of" the consumer and does it in a very neat and gentle manner. The facts are, with his comments on the letter; it will do the local merchants considerable good.

**THERE'S ONLY ONE SOLUTION**

Since such a strenuous discussion of competition and that especially coming from the catalogue houses, has taken place in the United States, many plans to compete with this com

petition have been sprung. Some have had merit, while others have had none. Those that had no merit have accomplished no good and have failed either because the parties promoting them were not sincere, or because the plan was not practical. The Record has always said that the best way to meet competition was by good advertising and good buying. People do not buy from catalogue houses from sentiment, but it is purely a question of price and this alone must be the final solution of the whole thing.

Now, the best and only solution of the perplexing problem of meeting competition is to advertise.

**WHAT ARE YOU GOING TO DO ABOUT IT?**

The mail order concerns, and especially Montgomery Ward & Co., are making an awful lot of noise because certain people are said to have planned to obtain their catalogues and advertising matter without any thought of remuneration.

It rather looks as though the mail order fellows were up against it on this proposition. You can call it good advertising for the mail order house. You can call it what ever you please, but the fact still remains that it costs them hundreds of thousands of dollars every year and none of them can stand it. It may be they will figure out a way for their own protection, but it is to be doubted.

If the retail merchants continue this method of a campaign, what will the result be?

Continuous advertising is the best advertising.
