

MAY NOT RUN INTERURBAN

Niles & Buchanan Ry. Co. Charter Runs Out Dec. 1.

UNLESS IT IS KEPT ALIVE

Paving of West Main Street, Niles, Might Help Them Out.

The Niles Sun says: It is suspected in some quarters that back of the plan to pave West Main street in that city is really an intention of helping the Southern Michigan railroad company out of a hole on the franchise given a year ago to the Niles and Buchanan Railroad company and its successors, which unless something is done to keep it alive will expire by limitation on December 1, 1907, just about 30 days hence.

Ald. Ranft, of Niles council who is the father of the West Main street proposition, stated while the subject was under consideration in the council that General Manager McSmith had told him that if the city decided to pave that the company would pay its share of the paving.

The street should be paved and the railroad company should pay one installment of the paving tax it would be considered practically as protecting their franchise in the street and would in itself constitute a sufficient act to keep their franchise alive.

Otherwise the franchise would lapse on December first, unless the railroad company can accomplish the task of completing the road or at least proceeding with the work of construction in such a manner as to leave no doubt of their intention to complete it and put it into operation in the near future.

Under all the circumstances it looks as if it is as good as settled that the railroad company has no intentions of doing any constructive work on the proposed spur this fall.

Nothing has been heard of the project for several months.

In the spring Gen. Mgr. McSmith said that the reason that nothing was being done was because of the inability to get supplies and the high prices.

Later on it was given out that the reason for the delay was a tight money market and the inability to get the project financed.

If the reason was inability to finance the project in the spring then that would be much more difficult now in the light of the financial stress of Wall street.

At any rate the franchise granted the Niles and Buchanan Railway company by that city has very short lease of life unless something can be done to keep it going after December first.

If West Main street can be paved and the company be required to pay one fifth of the paving tax which would be little over \$200, for their share, then the franchise could be kept alive at much less expense of money and time than might be necessary if the present franchise were allowed to lapse and the company should decide later on to go ahead with the project when it would be necessary to push another franchise through a council that might not be as easy to deal with as the one that granted the first franchise.

Under these circumstances it would be no wonder if the railroad company were more than willing to have the two blocks paved and to pay its proportion of the tax.

30 CLUB HAD ROYAL TIME

At Residence of Mr. and Mrs. Clyde Baker, Front Street

WAS HALLOWE'EN NIGHT

Participated in by the Ladies and Their Husbands and Friends

The 30 Club is one of the best clubs in town whose membership is composed exclusively of ladies. The club frequently keeps its members enlivened with enthusiasm by giving literary and social entertainments. The success of the club's latest entertainment at the Baker residence was due to elaborate and minute preparations and particularly because the evening was Halloween.

The party can best be described by the club's own secretary, therefore, we print the account below:

Wednesday evening was the date for the evening special of the 30 club, and the ladies accompanied by their husbands and best friends, to the number of 50 or more, repaired to the commodious home of Mr. and Mrs. Clyde Baker where a Halloween entertainment was given.

The guests were conducted to the side of the house where they were given the choice of mounting a ladder to the roof and thus through a window to the dressing room, or climbing over a huge pile of wood in a door way. They generally chose the ladder. Witches met and conducted them to the rooms below, which were finely decorated with autumn leaves, berries and corn, and lighted by Jack o'lanterns.

The ghostly figures flitted about the rooms in mysterious silence (some, in the meantime, having their fortunes told by the lady in the bower) until all had arrived. Then numbered envelopes were given out containing the work laid out for the evening. After each had performed their "stunt" with commendable promptness and much laughter, the committee of witches served delightful refreshments in tin pails, a pail to each guest. A social time followed, with music given by various ladies of the club.

At an early hour (?), thanking the committees and Mr. and Mrs. Baker for the very pleasant evening, and three cheers given by the gentlemen for the ladies of the club, the guests retired to their homes and peaceful slumbers.

Let People Know What Congressmen are Doing

Indianapolis, Oct. 31—Asserting that good government depends on the quality of public men, and that information of people as to the actions of such servants of the people go to make up that quality, Senator Albert J. Beveridge last night presided at a meeting in the interest of the People's Lobby, an organization composed of "high minded men who demand that the people shall have a lobby at Washington."

Senator Beveridge said: "It is the purpose of the People's Lobby to tell the people just what their representatives at Washington are doing, not only what the final vote on any measure is, but what congressmen and senators do to hurt or help that measure before the vote is taken."

South Haven Post Suspends
South Haven, Mich., Oct. 30—The Evening Post, with Saturday's issue, suspended publication.

The Post was first published by Ira A. Smith. A year ago Smith left for the south and P. T. Shafer, of Chicago became manager. However, the paper had not flourished under his management and was turned over to M. Dunnett. It is rumored that the publication may be taken over by the Citizens' Advocate, a local weekly.

A STRING OF CREAMERIES

Two Buchanan Citizens are Successful Owners

BISHOP CREAMERY CO.

Purchased Two More Creameries at Vicksburg and Fulton, Mich.

If you ever run across dainty wrappers of fine creamery butter bearing the trade mark "Look for the Lily" you will know it means a seal of purity and quality of the butter.

Chas. Bishop and son, John, have just added two more creameries to their list, the latest acquisitions being located at Vicksburg and Fulton, Mich.

The two gentlemen are heavily interested in the Bishop Creamery Co., which owns a string of five successful creameries.

A big future is predicted for these enterprising Buchanan citizens who are experienced in their special lines.

One of their creameries at Glendora has been running continuous, turning out many pounds of butter and which spurred the owners to greater efforts by purchasing more creameries enabling them to fill all orders promptly.

Another Breezy Letter From H. O. Perrott.

(Continued from last issue.)

We visited several other places of interest and in all enjoyed a very pleasant day in Portland. We left on the night train for our present stopping place in California a distance of about 700 miles. We enjoyed the scenery along the Shasta Route very much. There are some very nice cities and towns to be seen but most of the country is covered with timber and the land is very rough. We crossed the Sickayou range of mountains going through numerous tunnels. We were in sight of Mt. Shasta all the afternoon of the second day out and a beautiful sight with its snow covered peaks. We arrived at the famous Shasta Springs at 6:55 p. m., a little too late to see the beautiful sight by day light, but none to late to see the Springs illuminated by the many colored electric lights. These springs are well worth going a long distance to see.

There are several different mineral waters, many of them, it is said, are very beneficial for various diseases. We reached our present place of stopping in due time and have enjoyed meeting the people and seeing the scenery.

Red Bluff is a town of over 4,000 population and has very wide and beautiful streets. It is the county seat of Tehama Co. The streets and yards are well filled with beautiful flowers of all kinds besides hundreds of orange and lemon trees, all well filled with nearly ripe fruits.

There are also figs in abundance, plenty of olives, almonds, grape fruit, persimmons, pomegranates, peaches, plums, grapes, English walnuts and other fruits.

This is Sunday and the thermometer has registered 84 degrees in the shade, and the ladies are seen on the streets in white dresses and no wraps. It seems indeed more like our August weather in Michigan than Oct. 20th weather. I will close this rather lengthy letter now and perhaps write more in the near future. Boost Buchanan for me, with best wishes from myself and family, I am,

Yours, sincerely,
H. O. PERROTT.

LID IS ON IN SOUTH BEND

City Closed up Tight by the Mayor's Order—Dance Halls Included

THEATRES ARE CLOSED

Patrons Find Their Doors Shut and "Nothing Doing" Card Hanging out When Time Arrives for Performance

South Bend, Oct. 29—South Bend has a new lid one that fits so tightly that there is no opportunity for leakage at any spot on its rim. It was tried on for the first time Sunday and while there are many of the citizens who declare that it fits too closely, the mayor, who selected the cover, appears to be well satisfied with it.

By virtue of an order issued Saturday evening, every saloon, every dance hall and even the theatres were closed on Sunday. The police made a thorough round of all these attractions and those saloons and dance halls which were found open were informed, to close or suffer arrest.

The mayor has evidently experienced a change of heart and his action in the matter was a surprise to many who had not looked for so sweeping an order. As it is the order has created no little discussion and there is an immense amount of dissatisfaction over the closing of the theatres. It is maintained by many that they are a harmless form of amusement which are enjoyed by the better classes, especially by those who find it impossible to attend during the week. To these, it is argued, the closing of the Sunday theatrical performances will work a hardship. But despite the protests the order stands and for one Sunday at least it has been enforced.

Halloween Surprise

Given by the Ladies of the M. L. Club. Ghosts, Pumpkins, Etc.

The ladies of the M. L. club were afforded many surprises at the home of Mrs. Redden, Tuesday evening.

Doors were closed, the guests entered gracefully and in varied ways through an open window. Ghosts greeted silently from all directions and pointed with very human fingers to the guest chamber. The rooms were darkened and lighted with candles in rare and expensive candle holders. Decorations were autumn leaves, jack o'lanterns and vines. The witch was there with her broom, in leafy bower.

After social greetings and expressions of admiration the club sang "My Old Kentucky Home". Each member read something about "All Hallow E'en". Refreshments consisting of mysterious seed cakes, wafers and confections were served from Black Cat plates and small pumpkin cups. The witch from her caldron served a delicious beverage. Mrs. Graham played a fine piano solo with orchestra accompaniment. Miss Rutledge appeared with her traveling case which was covered with labels from foreign lands, and gave a delightfully entertaining talk in her pretty fascinating manner and illustrated with choice selections of art gems, pictures, cards, carved wood, mosaics, fine laces, jewelry and various other articles.

The evening was too short, with expressions of appreciation and a vote of thanks to the committee, Mesdames Redden, Whitman, Johnson and to Miss Rutledge, the meeting adjourned to meet November 4 with Mrs. W. East.

GALIEN VILLAGE TO FIGHT BONDS

Little Village is Having Some Trouble With Liquor Interests

WON'T ACCEPT BONDS

Bonds Offered by Ben. R. Bihlmyer for Saloon are Turned Down and Trouble is Carried to Courts

The little village of Galien is soon to be brought into the limelight, although not voluntarily. It's a question of whether or not the little burg shall stand an additional saloon.

The village council visited St. Joseph Tuesday and appeared in the circuit court to defend themselves against the mandamus brought by Benjamin R. Bihlmyer, who compels them to show proof why they should not accept his liquor bonds.

Galien has only one saloon, but when Bihlmyer presented his bonds and asked for permission to start another one, he was met with a flat refusal. The council declared that the man who went surety for the applicant was already on one saloon bond and that his property could not cover another bond. This Bihlmyer denied, and engaging the services of Attorney O'Hara he carried the matter to the circuit court.

The real truth of the matter is, that the village council of Galien are glad to be able to find some excuse, whereby they may avoid granting another liquor license and seeing one more saloon established in their village. They do not particularly care for two liquor places and therefore, spent little time debating over the Bihlmyer matter.

The case was adjourned until this afternoon, when the council will be represented by an attorney who will argue their side of the case for them.

TO GET POWER AT BERRIEN

Interurban Railroad Will Abandon the Scottdale Power House

A contract has been closed between the South Bend and Southern Michigan Railway company and the Indiana and Michigan Electric company whereby the latter company will furnish the necessary power to operate the cars between South Bend and St. Joseph. The contract will take effect just as soon as the new dam which is now under construction at Berrien Springs is completed. This will mean the abandonment of the fine power station at Scottdale, where the power is now generated. Ever since the line has been in operation, the service has been hindered by a lack of power. Under the new arrangement the power will be unlimited and a better service will be maintained. With the new power it will be necessary to erect four sub-stations.

CHICAGO GRAND OPERA

Mr. Mantell's first week in the Grand Opera House, Chicago, beginning next Sunday night, will be arranged, as to roles and plays, as follows: Sunday and Tuesday nights, "Macbeth"; Monday night, "King Lear"; Wednesday afternoon, "Hamlet"; Wednesday night, "The Merchant of Venice"; Thursday and Friday nights and Saturday afternoon, "Julius Caesar," with Mr. Mantell as Brutus and Mr. H. Cooper Cliffe as Cassius; Saturday night, "Othello," with Mr. Mantell as Iago. Mr. W. H. Crompton, an actor of whose efficacy one may always feel reasonably certain has been added to Mr. Mantell's company, and will be seen as Casca in "Julius Caesar," Duncan in "Macbeth" and Gloucester in "King Lear." To him will fall the important role of Pandolph, the papal legate, in Mr. Mantell's revival of King John, to be made on Nov. 17. Mr. Crompton was last in Chicago in support of Mr. Southern and Miss Marlowe.

JUSTICE OF PEACE SOAKED

Ingham County Officer Assessed \$496 for Running "Blind Pig," Also Gets 30 Days in Jail and Ordered to Re-sign "Kept" Grocery and Sold Beer.

Even a justice of the peace is not immune from being forced to obey the laws. He can issue warrants for the arrest and conviction of men who overstep the boundary line of the law, but can himself be arrested and jailed for performing the duties of his office. Mr. Hyde act. Here's an instance.

Henry Babbitt, a justice of the peace of Ingham county, was fined \$200 and ordered to pay \$296 costs and served 30 days in the county jail for selling liquor without a license at Hasset's Park, a summer resort. Judge Wiest sentenced the justice and directed that he either resign or that the prosecutor take up the matter with the governor.

Babbitt is a man 57 years of age. His clerk was ordered to pay a fine of \$100 for a similar offense.

Babbitt was supposed to run a grocery store at the park, but had a "blind pig" as a side line. Evidence showed that he sold something like 800 barrels of beer.

"You sold beer for about six years," said the court in sentencing Babbitt, "and consequently are liable to a fine of \$300,000 if the people saw fit to prosecute you."

WHOSE MONEY IS IT?

Dispute in Ownership Causes Suit, Novel Point of Law at Issue in Case Started

Benton Harbor, Oct. 30—A dispute over the proper ownership of money deposited in the bank is the cause of a suit started by John McIntyre of this city and the Farmers & Merchants bank.

Some time ago McIntyre deposited \$300 in the bank. Certificates of deposit were issued to the plaintiff and also to his wife. Some time afterwards Mrs. McIntyre died. Now her husband seeks to draw out the money. The defendant refuses to pay on the grounds that the estate of Mrs. McIntyre was unsettled and that the money must be held where it was until the courts settle the questions pertaining to her property. The point of law is a novel one and the attorneys declare it has never been raised before. Cady & Andrews appear for McIntyre.

BOOST BUCHANAN

The Art of Living on What Others Pay For

Few villages of our size can boast of as fine a supply of artesian water as is enjoyed by Buchanan citizens. Our supply is pumped continually from eight flowing wells.

The taxpayers have been generous in standing the burden of laying water pipes on all the village's streets, enabling every property owner to have easy access to city water right at his door.

But think of how small and narrow-minded a property owner is who does not appreciate this new improvement which has increased the value of his property! He seems to have assumed an air of superiority when he does not take advantage of the privileges and patronize the water works department. This is the only improvement that has increased the value of his property to a great extent.

People who own property on Smith, Cayugah, Detroit north of 3rd, and Berrien streets demanded and have paid for the very improvement which a few others have turned down and will not patronize.

Mr. Property Owner, you have accepted this improvement but will not take advantage of its splendid opportunities as a patriotic and public-spirited citizen is expected to do.

Does this mean selfishness, lack of conscience and a desire to live on what others pay for?

Show your manly patriotism! Put your shoulder to the wheel of progress! Boost everything that pertains to the future of "Buchanan Beautiful." It's no disgrace to be poor, but it's infernally worse to pose as a hypocrite and a "fake" economist.

Your neighbors are well posted on your schemes to fool them. You may fool some of us part of the time but not all of us all of the time.

Buchanans need a good sewerage system.

We believe the majority of public spirited citizens and taxpayers will gladly contribute their share of labor and money towards the accomplishment of this sewerage system improvement.

Of course there will be plenty of curbstone talkers discussing ways and means and building air castles about what they "intend" to do when the sewers run right by their doors, but there is the other half to be reckoned with—those who talk less and perform practical deeds.

Advocates of befogged theories have a bad record of wasting choice adjectives and profanity and generally are not sincere. They are watched by those with common sense ideas and practical methods of doing things. They have no respect for those species of wind-jammers, expert tobacco expectorators, clammy howlers in dark corners, and so forth.

The quickest road to the realization of needed improvements is to work together.

Now, all together!

Boost Buchanan!

Liet us have a sewerage system!

Keep Your Money At Home

Do not send your surplus money away from home for investment. Hundreds of people throughout the country save money by the practice of rigid economy, and then are persuaded to make investments in some attractive looking scheme by which they lose their money and pay dearly for their experience. When you make an investment in Buchanan or vicinity you have an opportunity to judge for yourself of the merit of the property or enterprise, but when you send it away you usually have to depend upon the judgment of interested parties. When approached by a promoter who wishes you to invest in a mine or some other alluring venture, ask yourself why the people in the vicinity of the property do not at once buy it up. There is money for investment in nearly all portions of the country and promoters who have a good investment to offer do not have to come to Buchanan to look up capital.

Enforce Village Ordinances!

Some of our best citizens, impelled by a sense of duty and loyalty to the village, have cheerfully complied with the following notice sent to all users of water by the superintendent of water works.

And without any great coaxing, begging or persuasion on the part of the water works official!

Here is a reproduction of the notice distributed:

To all persons desiring village water after the first day of November:

Notice is hereby given that all persons desiring to use village water after the first day of November, 1907, are required to file with the Superintendent of Water works a written application for a permit to use such water, which application shall state fully and truly all purposes for which the water is to be used, and must be signed by the owner of the premises or his authorized agent.

Water supplied to premises whose owner does not make the application required by the ordinance on or before the first day of November, 1907, will thereafter be shut off, and will not be turned on until compliance be made with said ordinance.

ARLIN B. CLARKE, Supt. Water Works.

By Order of Village Council,

Those who willingly applied for water permits are to be congratulated for their promptness and good intentions.

But how about the bull-heads—those persons who have a false and misconstrued conception of their own importance? They seem exceedingly anxious to shine above the law. They are a stubborn class of tax dodgers who HAVE the MONEY but REFUSE to pay.

This is not a tough proposition for the village council to handle. If our council is composed of the right caliber that the voter thought they were when elected, they will show their determination to enforce the ordinances and thus earn the gratitude and respect of all law-abiding citizens, regardless of party affiliations.

A rigid enforcement of this ordinance will see a great many dry throats grumbling about town after the delinquents have been shut off.

IMPORTANT NOTICE!

An ordinance to amend section seven of an ordinance of the village of Buchanan entitled, An Ordinance Concerning the Water Works of the Village of Buchanan, and Establishing Rules, Regulations and Penalties for the Government of Water Consumers and Others.

The Village of Buchanan ordains:

Sect. 1. That section Seven of an ordinance of the village of Buchanan entitled "An Ordinance Concerning the Water Works of the Village of Buchanan, and Establishing Rules, Regulations and Penalties for the Government of Water Consumers and Others," be and the same is hereby amended to read as follows:

Sect. 7. Should any consumer wish to discontinue the use of water on his premises for any or all purposes for which he has taken out a permit, he shall notify the superintendent in writing, stating for what purpose or purposes he wishes to discontinue the use of water, which notice, in order to save the charge of the water tax for the ensuing term must be served on the superintendent before the beginning of said term. In every case of a partial discontinuance, the superintendent shall cause the water to be shut off from the pipe which supplies the use which is to be discontinued, for which a fee of 25 cents shall be charged and added to the consumer's bill for water for said ensuing term.

This ordinance is ordered to take effect on the first day of October A. D. 1907.

This ordinance was regularly enacted by village council at a meeting thereof held on the 1st day of October A. D. 1907 and the same is hereby authenticated by our signatures this 1st day of November A. D. 1907

Press Freedom.

"Well," said the editor of the provincial paper, "of course the freedom of the press is a great privilege for the people, but it has some rather startling aspects sometimes."

"No doubt," said the listener encouragingly.

"It has indeed," said the other. "Only this morning, for instance, I happened to be in the publishing office, the publisher having gone out to do a paper-hanging job to help eke out the salary I owe him, when a tramp came in. He was a picturesque looking rascal, with a gleam of impudent fun in his eyes."

"'Ullio, gur'nor!" he said. "Is this the Free Press office?"

"It is, my man," said I. "What can we do for you?"

"Well, I want you to press creases into my trouses. They're gone out of shape. Got a room where I can wait?"—London Academy.

Useful Any Time.

Jeweler—You say you want some name engraved on this ring?

Young Man—Yes; I want the words "George, to His Dearest Alice," engraved on the inside of the ring.

"Is the young lady your sister?"

"No; she is the young lady to whom I am engaged."

"Well, if I were you I would not have 'George, to His Dearest Alice,' engraved on the ring. If Alice changes her mind you can't use the ring again."

"What would you suggest?"

"I would suggest that the words be 'George, to His First and Only Love.' You see, with that inscription, you can use the ring half a dozen times. I have had experience in such matters myself."—Philadelphia Inquirer.

Deer Shooting Extraordinary.

"The most extraordinary deer shooting I recall," said a hunter, "was up in Aroostook county, Me., one winter. I was new to the business then. The guide posted me behind a cold rock, a very cold rock, near a runway, with instructions to shoot the deer that came my way. He was to take his post downstream a bit, and if I heard several quick shots I was to leave my lair and come to his."

"An hour had passed, the coldest hour I ever spent, with nothing to break the monotony of white snow and black trees. Then I heard a shot. I waited, and then heard another shot and another. Finally there were so many reports that I started for the guide's station. Just as I reached him he fired three times in quick succession through a lane in the trees."

"Got anything?" I inquired excitedly. "Blast him, no!" he answered. "I've fired thirteen times at the same old buck, an' every time I fire he dodges and comes up again like a duck in a shooting gallery."

"We went down to see what was the explanation of this curious maneuver of the deer, and—well, you won't believe me anyway, but when we reached the spot there were thirteen deer piled up as neatly as a market man could have done it, every one shot in the right fore shoulder."

"That lane in the trees opened on a runway, and the deer happened to be using it; that's all."

"What! You don't believe it? Well, neither do I!"—New York Times.

A Cautious Musician.

There was a careful old man—a clerk he was—who played the flute. The old man entered a music shop one day, opened a large book of music and laid it on a shelf before him in an out of the way corner.

Then he took his flute out of his coat tall pocket, screwed it together and began to play softly the first tune in the book.

When he finished the first tune he turned the page and played the second. Then he played the third.

At the end of half an hour he was still playing on. The shopman then approached and said civilly:

"Do you think the book will suit you, sir?"

"I don't know," said the old man. "I have only played half the tunes."

And he resumed his subdued tooting.—Pearson's Weekly.

Killed Judge Bramel

Sad News Reaches Buchanan of the Judge's Death at Hands of Maniac

A report from Laramie, Wyo., announces the sad news of the death of Judge Charles W. Bramel, who was shot three times through the head on Oct 23rd by a maniac named William Lepper. After a gallant fight against his dreadful injuries, he succumbed Saturday afternoon, Oct. 26th.

Judge Bramel and wife are well known to many Buchanan people, his wife being a former Buchanan lady, Mrs. Emma Shephardson. Mrs. Bramel came to Buchanan Oct. 2 expecting to remain here during the winter for the benefit of her health and was here only three weeks when the sad news of her husband's death reached her. She is now prostrated with grief and lies critically ill at the home of her brother, A. C. Weaver on Lake St., unable to go out West to her husband.

Judge Bramel was for thirty-eight years one of the noted jurists and democratic politicians of Wyoming. He was born in Virginia sixty-eight years ago and fought in a Missouri regiment on the side of the Confederacy during the war. He came west after the war and settled at Georgetown, Col., where he was at one time probate judge of Clear Creek county. In 1869 he came to Laramie and was prominent as an attorney and politician.

He was a member of the first territorial legislature, was three times prosecuting attorney for Albany county, and was elected district judge of the first district in 1895, serving two terms. He was an orator of note and was celebrated for his persuasive powers before a jury.

Judge Bramel was three times married. A daughter, Mrs. Fox, is dead, and a son was killed three years ago in a mine accident. A grandson, Louis Delario, was burned to death in a Pullman car a year ago. A son-in-law, J. B. McKee, mayor of that city, died several months ago. A daughter, Mrs. McKee, is too ill in California to attend the funeral. The Masonic order will have charge of the funeral.

Surprise Party

Mr. and Mrs. David Salisbury Pleasantly Surprised by Friends

Last Saturday evening as Mr. and Mrs. David Salisbury were preparing to retire, they were greatly surprised when about thirty-five friends and relatives walked in and took possession of their home. The evening was spent in visiting and listening to some fine phonograph selections furnished by one of the guests. Refreshments were served. The guests departed at a late hour, having spent a very pleasant evening.

Kidney Troubles May Be Sapping Your Life Away. Buchanan People Have Learned This Fact

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well.

Alfred Pohlmyre, 396 Front street, Niles, Michigan, says: "My back ached severely and I was unable to lift even the slightest weight without severe pain. My work calls for a great deal of heavy lifting and of course as a result, I was greatly handicapped. My back ached across the loins and I was weak throughout my whole body. I applied plasters, used liniments and several remedies. I was about discouraged with the results when a friend advised me to try Doan's Kidney Pills. I got a box and the relief I felt from the first was so great that I continued the treatment and it was only a short time before a cure was effected. I know of other cases of severe kidney trouble which were cured by the use of Doan's Kidney Pills."
