WIFE MAY GO ISRAELITES SAY

Benjamin Perfectly Willing to Send Cleveland and Wife Home

HAS PROFFERED HIS AID

In Communication Israel's Leader Tells Facts of Case, Different From What State Papers Printed

In the case of William Cleveland, husband and wife can go back to Australia together, the same as they crossed the ocean to join Benjamin's colony at Benton Harbor. Information to this effect was given out at the Flying Roller colony Friday and came straight from headquarters.

In a statement of the facts of Cleveland's case the Israelites declare that untrue stories have been circulated in regard to their attitude in sending Cleveland back to his home. It was never their intention, they declare, to separate Cleveland and his wife, and when it was suggested that Cleveland be sent back to his native land Benjamin also offered to pay the expenses of Mrs. Cleveland's return trip. But at this juncture the Flying Rollers say that Mrs. Cleveland stepped in and actually refused to accept any more money, believing that enough had already been given.

Accompanying Benjamin's communication is a statement from M. S. Tyler, financial agent of the colony. Mr. Tyler is one of the best informed members of the colony, particularly in regard to the amount of money which is being expended. During the past year Mr. Tyler says that the sum of \$57,191 has been expended in Benton Harbor for the maintenance of the colony. Local merchants he says are invariably given preference over outside dealers and whenever it is possible purchases are always made at home.

The Israelites are advocates of the home trade rule.

Girl Breaks Windows

St. Joseph Girl is refused Work and "Gets Even"

St. Joseph Herald: Miss Pearl Harris, aged about 24, residing with her parents, Mr. and Mrs. Bert Harris, on the beach, called at the office of Cooper, Well & Co., this morning and applied for work, but as she had been employed there before, and did not prove satisfactory, she was refused work. Thereupon she left the office and flew into a rage, picking up stones and hurling them through the office windows, and at one of the members of the office force who came out to see what the trouble was. She is thought to be insane.

J. Ogden Wells knowing the young woman's condition, sought advice from Judge Ellsworth, who furnished him the necessary blanks to make application to the probate court to ascertain her sanity.

The girl is the same one who was employed at the Kenosha, Wis., knitting factory and flew into a rage and smashed a machine, and was later confined there in a hospital and when well enough was brought back to St. Joseph, where she has behaved herself until she broke out at the knitting factory.

Corporations ought at least to be given credit for giving people something to kick about.

There is only one thing a woman loves better than to be told a secret and that is to find it out herself.

THE SEWERAGE AND PAVEMENT MOVEMENT

So far no taxpayer has advanced any theory either for or against the movement to install a sewerage system and to pave Front and Main streets.

That these two matters are very important and greatly concern the future prosperity and progress of Buchanan no one has denied and it will continue to be regarded as an essential factor until the tax payers either express their approval or disapproval.

We have given in a recent issue of the Record an initial outline of the benefits to be derived from having a sewerage system and paved streets.

A few have advanced the flimsy excuse that it means additional taxes, but what is to stand in the way of a good sewerage system when we take in consideration the sanitary conditions of the village? What citizen would oppose an improvement because his tax would be increased a few cents? Would not such an improvement create a better value for the tax payer's property?

What motive could a property owner have in blocking or discouraging the movement to pave Front and Main streets?

There is no law to prevent a man from muttering kicks, but why can't the protests be accompanied by reasons.

Buchanan's future destiny certainly depends upon the active co-operation and combined energy of every property owner.

The fact that Lee Bros. & Co., bankers, announced a willingness to stand a share of the cost of paving Front and Main streets ought in itself to enthrone other owners of store frontage to interest themselves in this important move. It must be borne in mind that Lee Bros. & Co. own one-fifth of the total Front and Main street frontage, and THEY OFFER TO PAY THEIR SHARE.

The sewerage system must, of course, be pushed in advance of the pavement plans.

A former Buchanan resident who reads the Record regularly has written a letter to a relative and offers his services at a reasonable cost.

For obvious reasons his name is withheld but will be made known to the proper officials:

Following is the letter:

"I noticed in the last Buchanan Record that the Buchanan people are thinking something about paving Front and Main streets and also about a sewerage system. You realize, I suppose, that the sewerage system should be installed several months previous to paving the streets and it seems to me that an estimate of the cost and a plan showing the general layout of the system should be obtained as soon as possible. As my work here will be very dull for a few months, I would like to make the necessary surveys, plans and estimates. Kindly refer this letter to the proper town official and request him to correspond with me in regard to the matter.

Having had about four years' experience in general civil engineering work, I feel competent to do the work and would make a reasonable charge for my services.

Thanking you in advance, I remain, Yours very truly,

If you, Mr. Reader, have any views to express that will throw any light on the subject, or have suggestions to offer, do not hesitate to write to the Record.

Whatever your views may be, you are at liberty to send to us.

Write your opinion on the sewerage and pavement question.

Do it now while you have it in mind.

What's this? The Standard putting down another pipe line in Indiana? And trusts prohibited?

Women Will Soon Be Equal to Men.

By CHARLOTTE PERKINS GILMAN, Writer and Lecturer.

WOMEN are now merely potential beings. The world has witnessed one period when women were VASTLY SUPERIOR to men. That was when men hunted and fished and women spun, wove, tilled the fields, made the bread, nursed the babies and kept things moving along pretty smoothly by industry and their ability to produce.

Then came the time when MAN BECAME DOMINANT. Nobody knows just exactly how it came about or exactly when or whose fault it was, man's or woman's, but one fact soon made itself apparent, and that is that MAN LIKED IT SO WELL, this being looked up to as a superior creature, that he has done and is still doing everything within his power to prevent any change by which women shall come into their own right of sex equality.

THIS IS THE PERIOD WHICH IS NOW UPON US, THE PERIOD OF MAN'S DOMINANCE, AND IT IS AGAINST THIS THAT WOMEN HAVE BEGUN IN THIS CENTURY TO STRUGGLE. THE THIRD PERIOD WHICH WE ARE TO FACE IS TO BE THE GLORIOUS PERIOD WHEN THERE WILL BE NO QUESTION OF SUPERIORITY OR INFERIORITY, BUT WHEN MEN AND WOMEN SHALL MEET ON AN EQUAL PLANE.

College Fees Are Becoming Too High.

By President JACOB GOULD SCHURMAN of Cornell University.

IF THE REPUBLIC IS TO REMAIN A DEMOCRACY THERE MUST BE AN EDUCATIONAL LADDER EXTENDING FROM THE GUTTER TO THE COMMENCEMENT STAGE, WHICH MAY BE ASCENDED BY THE TALENTED, STUDIOUS AND DILIGENT CHILDREN OF THE POOR AS WELL AS BY THOSE OF THE WELL TO DO AND RICH.

Every advance in the fees charged for tuition and other purposes in colleges and universities tends to exclude a CERTAIN PORTION of our population from the benefits of the higher education.

And it is conceivable that these fees might be raised to such a figure that liberal culture and professional training should become the MONOPOLY of that minority of Americans who can afford to spend at least hundreds of dollars annually on the education of each of their children. Under such conditions there would result an UNJUST AND DANGEROUS ALLIANCE OF CAPITAL AND BRAINS—an aristocracy of wealth in combination with an aristocracy of trained talent.

Physical Training Part Of College Course.

By Dr. DUDLEY A. SARGENT, Gymnasium Director, Harvard University.

IF a requirement of PHYSICAL FITNESS AND EFFICIENCY is not introduced and maintained in our preparatory schools and colleges we shall have a continuance of the conditions that prevail today, where one class of pupils carry their bodily training in athletics to EXCESS, a few exhaust their vitality through excessive mental application, while the largest class do not get enough bodily training to keep them in good physical condition or enable them to realize half their mental and physical POSSIBILITIES.

What we need to foster among our youth is not the spirit of competition, as so many think, but the spirit of EMULATION that makes the highest mental and moral attainments the goals to be won.

I DO NOT KNOW OF ANY BETTER METHOD OF FULFILLING THE VERY BROAD OBLIGATIONS OF OUR EDUCATIONAL INSTITUTIONS THAN BY MAKING PHYSICAL AS WELL AS MENTAL TRAINING A PART OF THE REGULAR CURRICULUM.

There is no reason why physical work could not be as JUDICIOUSLY GRADED to meet the needs of pupils in various stages of physical development as to any form of mental training.

Roosevelt Don't Want It

Asks Federal Employees to Refrain From Booming Him for President

Washington, D. C., Nov. 23.—President Roosevelt addressed a letter to the members of this cabinet today, requesting them to inform federal employees under their jurisdiction to refrain from political activity concerning his re-nomination for president, and to cease their efforts to boom him for a third term.

W. J. Bryan was in conference with the president for half an hour today in the executive's private office at the White House. Bryan reported afterwards that he had a very pleasant visit.

Dr. Allen, the man who is eating nothing but peanuts for sixty days is now trying peanut soup. This sounds attractive. Can not some of the ladies furnish a recipe for it?

Some day a wane, abject man with the prison hue on his face will appear on the streets of San Francisco looking for a job of light work and reluctantly give his name as Schmitz.

THE TELEPHONE QUESTION IS STILL ALIVE--BRING YOURS

The president, Mr. Theodore Thorwood, of the South Bend Home Telephone Co., gave a lengthy interview in the last issue of the Record setting forth his intentions in regard to the telephone service his company would guarantee subscribers in the event of a franchise being granted. He has given his side of the telephone question.

Now, what is your opinion? The council has read the franchise petition but defers action on the matter until the people have given their approval.

If the people are opposed to granting the competitive Home Telephone company a franchise, the council will abide with their side, providing the opposition comes out in overwhelming forces.

But if you are in favor of letting the council grant the franchise, you must make your voice heard through the columns of the Record.

As every member of the council reads the Record, it is a good opportunity for every telephone user to propound his views for or against the franchise through the columns of this newspaper.

This is not a matter to be considered lightly inasmuch as it concerns every telephone user.

Is the present company rendering good service? Is its rate reasonably low or can it be made lower? Would the admission of a rival company be the means of cutting the price of the present service to a still lower rate? Does the fact that two telephone companies doing business in one town interfere with service as now rendered? Have you confidence in the council and prefer to leave the settlement in their hands?

There are numerous other questions which will naturally suggest themselves and which are best answered by telephone subscribers.

On our part we prefer to stand on neutral ground, opening our columns to those who wish to make their views plainly understood and allow the councilmen to analyze the extent of public opinion in regard to the entire question.

Read what one telephone user has to say about letting well enough alone. Does his views agree with yours.

Write your side of the matter.

HE FOUGHT AT GETTYSBURG

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took; for several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; best of all for lame back and weak kidneys. Guaranteed by W. N. Brodrick, druggist. 50c.

Milk Prices Reduced From Seven to Six Cents.

Milk dealers of Battle Creek have cut the price of milk from 7 to 6 cents.

Probably the result of public wrath. A few weeks ago the price was boosted to seven, every dealer making the raise on the same day.

Then there was a storm of opposition and many people discontinued taking it entirely, using condensed milk as a weapon of boycott, while an investigation was begun with a view of prosecuting the dealers under the anti-trust law.

It is expected that many other dealers will follow suit in a few days.

Other near by cities report trouble between milk dealers and consumers, but it has been shown that if the indignant people fight the trust and adopt the methods followed in Battle Creek they will bring the greedy milk dealers to their knees and compel them to charge reasonable prices.

POULTRY SHOW IN DECEMBER

Announcement is Made of Exhibition to be Held Again This Winter.

FANCIERS ARE JUBILANT

Owners of Chickens, Dogs, Cats and Other Domestic Animals Preparing to Hold Big Exposition in Near Future.

A big poultry show and fanciers' exhibition is one of the December attractions for Benton Harbor. Announcement to this effect was made. Last winter the Berrien County Poultry and Pet Stock association held its first exhibition in the Yore block on Territorial street. There were displays of poultry, dogs, cats and other domestic animals which rivaled anything ever seen in the twin cities before.

Encouraged and gratified by last year's success the promoters have decided to hold another exhibition this winter. The last week in December is the date that has been settled on. Last year there were exhibits that were turned away so numerous were the entries. This year larger quarters will be provided. That the show will be a success there is not the least doubt. Already the interest manifested in the move is encouraging and satisfying to members of the association.

Flying Roller Passes Away

Does not Gain the Eternal Life Which is Promised by the Faith

Although she was promised eternal life when she renounced the faith of her fathers, and took up her residence with the Israelite House of Mary and Benjamin, the promise which she believed in was not kept and Mrs. Dorathine Orin, a member of the Flying Roller tribe, died at the colony home last week.

The woman was sick for some time, but had struggled against death valiantly. Her prayers and the promises of her leaders availed her nothing, and she passed away quite as ordinary mortals will do.

The deceased was one of the converts which the religious secured in Kansas, and came to the colony with her husband, her child and her mother. Since that time she has been a constant worshiper at the shrine erected by Mary and Benjamin. She was buried in the evening in Flying Rollers' lot at Crystal Springs.

A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and throat and lung complaints. Guaranteed by W. N. Brodrick, druggist. 50c and \$1.00. Trial bottle free.

Why a Backbone Beats a Wishbone

"Trouble with most fellows," says Uncle Si Simlius, "is that their backbone is mostly wishbone."

Uncle Si's sage sarcasm applies to people in every town. Some of us in this town might study it with profit. You wish you could succeed in business. You wish you could do as well as your neighbor who does succeed. You are overworking your wishbone. Give your wishbone a rest. It's tired.

Your backbone needs exercise. It's backbone that does things—not wish bone. Strengthen your backbone and go up against competition.

Marshall Field had competition but his backbone gave him the nerve to advertise big in newspapers when advertising was not known to be such a Necessity of Business Life as it is now universally recognized.

John Wanamaker had the same sort of backbone.

Their backbone backed up their wishbone.

Backbone builds business by booming business.

Business is boosted by backbone. And the backbone of business is newspaper advertising.

The RECORD is at your service.

"You will be pressed for money of teneer because you have no advertising bills to pay than because you have," observes the Buffalo News. "Big advertising bills and bank balances grow together, out of the same publicity campaigns." The merchant who holds down his expense account by cutting out advertising saves money just the same way the railroads would if they should stop buying coal for their locomotives. Without coal the wheels won't turn; without publicity trade comes to a standstill. It pays to throw silver out of the window so that gold may come in at the door.

Miss Farrer, the Boston prima donna, denounces America because of its lack of art appreciation, saying "there is only money there." Just wait until she gets back from Berlin and meets the certified check.

LET WELL ENOUGH ALONE

TO EDITOR RECORD:

Shall we have two telephones in our business houses and our homes? This is a question that has been discussed by our village council and the good people of our village this past week. I, as a subscriber of our present system, cannot see what benefit we can derive. If the so-called Home Co., would give their services at practically the same rate as that of our present service, as I understand it, I will say from practice and personal experience in larger cities, that it will mean two telephones in place of one in our homes as well as our business houses, or a very poor service as our present service is far ahead of that in larger cities and the rate much lower. I will say leave well enough alone. While I am in favor of fair competition in all branches of business, if it will prove to my interest, but as it is at present our service is par-excellence and our rate as low as it is anywhere for the same or poorer service. Hence, I will again say, leave well enough alone. E. J. S.

OBITUARY

MRS. JANE E. WAGNER

after an illness of four weeks, during which she was cared for at the home of her son Ira, in Buchanan, passed peacefully away Nov. 20, 1907, in her seventy-ninth year.

Jane E. Mansfield was born in Carlton, Orleans Co., N. Y., Aug. 31, 1829. The family came to Buchanan in September 1832. She was married to Azariah Wagner October 21, 1847. They had four children, Ira D., of Buchanan; Mrs. Sarah M. Tillotson, of South Bend, Ind.; Fred E., of Chicago, Ill.; and Horace G., of Antioch, Cal., all of whom survive her. Her husband died Feb. 13, 1880.

She leaves ten grandchildren and two great-grandchildren, and also two brothers, Joseph M. and Maurice Mansfield and two sisters, Mrs. Nancy A. Beattie and Mrs. Clara M. Moore. For over fifty years she has been a faithful member of what is now called the Larger Hope Church of Christ, in Buchanan, and was a firm believer in Him and His final victory of sin and death.

There was a large gathering at her funeral service, which was held at the home of her son, Ira, Saturday at 11 a. m., Elder Paton, her pastor, officiating, with interment in Oak Ridge cemetery.

The following lines were written by her young granddaughter:

The trials of life are over,
The labors of life laid down;
And in the Father's kingdom
She has won a starry crown.

And those who are left behind her
Will weep for her no more;
For she's gone to a better country.
Just across to the other shore.

Oh! weep not, mourn not, murmur not,
The time will not be long,
Till in the heavenly mansion,
We'll join in that glorious throng.

ELLA BELL CONRAD

Was born August 4, 1876, and died Saturday, September 28, 1907. She leaves a husband, father and mother, two sons and one daughter, Elmer, Vern and Mamie to mourn her loss. Besides other dear relatives and friends. Funeral was held at the Evangelical church on Monday, September 30, at 3 o'clock, Rev. Bross officiating.

ELLA WALKS IN BEAUTY

Ella walks like the night
Of cloudless climes and starry skies,
And all the rest dark and bright
Meet in Ella's aspect and her eyes,
Thus mellowed to the tender light.

And o'er the cheeks and o'er that brow,
So soft yet eloquent
The smiles that win the tents that grow,
But tell of days in goodness spent,
A mind at peace with Jesus now,
A heart whose love is innocent.

Dearest nature calls me;
Let no halfness, no mean part,
Any longer thrall me!
I will thine lover true, will be a faithful soul.
Then circle me, then look me through,
Fill me with the mighty whole.

—MRS. NELLIE MAXON.

GOTTHARD J. HEUBNER

Was born in Germany and came to America with his wife in 1886, going to Buffalo N. Y., where they made their home until coming to Buchanan in May 1906.

He was employed in belt manufacturing in Germany and has followed the same occupation since coming to America, being the real inventor and actual patentee of the belt now made by the Atlatl Belting company at this place, having made the same belt for the past 17 years.

He was taken ill Saturday night, Nov. 16, with quinsy sore throat which terminated in blood poisoning from which death resulted at 5 a. m., Wednesday morning, at the age of 58 years, 7 months and 4 days. There are left to mourn his loss besides the wife, four children, Augusta, Leo, Herbert and Edgar. Four children have preceded the father to the great beyond.

The funeral, under direction of Richards & Emerson, was held at the home on Saturday morning, Father Koenig, of Three Oaks, officiating.

TWO PHONES EXPENSIVE

Benton Harbor, Mich.,

Nov. 25, 1907.

John Morris,

Dear Sir:—You ask my opinion in regard to Telephone System in your city, and in reply would say after 10 years in the telephone business our company, The Twin City, sold out to the State Co. Our reasons: First, we did not want to burden the public with two phones; second, we could not see a profit in the business to pay our stockholders, and in order to make sale accepted stock in the State Telephone Co. for our plant. Two systems place the expense of two phones on the public, as the public has to pay the rental. And from our experience we can't find a merchant who wishes to pay for two phones where one will supply his wants. Year ago parties asked our City Council for franchise but they did not grant it as the Council reasoned out that two systems had no advantage over one and that the users would have to pay the extra rental and not get as good service, as the company could not get rental enough to keep up the plants; result poor service—two phones, two rentals. Advise against it. Respectfully,

K. D. & P. CO.

H C. LeRoy has purchased property on Detroit street and they have moved in from their farm.

Our subscribers can do us no greater favor than to report to us any delay in getting their paper.

Edward Cauffman, living several miles from Buchanan, died Sunday.

St. Joseph merchants are in favor of making regular inducements in newspaper advertisements for people to trade at home.

The Christian Science Society will have their Thanksgiving service Sunday evening at 7:30 o'clock, Dec 1st, in the Masonic Hall. The public are cordially invited.

Mrs. Frank Wells underwent a very successful operation at Ann Arbor last Wednesday for tumor. Her many friends hope for her speedy recovery.

Mrs. Fred Poyser's Mandolin and Guitar club were entertained at the home of Miss Esther Huss, who is a member of the club, last Saturday evening. A fine luncheon was served. A royal good time was enjoyed, the hour of departing came all too soon.

Hereafter it will not be possible to obtain meals at the Hotel Lee. The dining room was closed Saturday night and the place will be run as a rooming house after this. It is placed on an European plan.

E. W. Sanders, Harry Beck and Joe Richards, who spent the past several weeks in northern Michigan hunting for deer, returned Sunday. They killed seven deer, feasted on one and shipped the remaining six home. They reported having had a fine trip.

As a result of an automobile accident on Nov. 16th, Mr. John G. Ham, of New York, was seriously injured. His right arm was broken in three places, left thumb dislocated and his face cut. He was returning from a football game in company with a party of newspaper publishers he was entertaining, when the mishap occurred. He is a brother of Edgar Ham.

Don't miss the musical given by Miss Dora Hershenow and Miss Pauline Alfante. Miss Hershenow is a Buchanan lady and you should not fail to hear her. She played at the college concert, Saturday Nov 9th with great success. The interest of the teachers in her is very manifest.

There were a large number present at the "Swap" social given by the Royal Neighbor lodge Friday evening. Three lady visitors from Bridgman helped to grace the evening's gayety. Most of the time was spent in "swapping"—a term understood and used by the ladies in furnishing amusing entertainments to their guests.

A pretty wedding occurred at the home of the bride Saturday evening at eight o'clock, when Miss Dora Bruce of this city became the bride of Mr. Ned Cook of Elkhart, Ind. The ceremony was performed by Rev. A. T. Autry of the Christian church. The young couple are both well known in social circles and the Record joins their many friends in wishing them a prosperous and happy married life. They will reside in Elkhart where Mr. Cook holds a responsible position.

Chas. Simmons of Buchanan today brought in two baskets of ginseng, containing about three pecks of the dried root, which he had raised in his garden, receiving \$140 60 for the lot. Messrs. Voorhees and Barlow, also of Buchanan, received \$368 93 for a small barrel full of the root, which was raised in their gardens, and brought here today.—Niles Star.

Will the GENTLEMAN that Mrs. Merrill saw take a bottle of milk from her porch Friday evening about 6 o'clock, kindly return the bottle to the owner, Mr. P. B. Friday. ✓ c.

The telephone controversy continues to take up much of the people's valuable time.

The milk trust thought it had a firm grip on the pocket books of its customers until the prosecuting attorneys stepped in.

If the person who lost a season ticket at the last entertainment will call at Supt. Moore's and identify it they may have it.

Don't forget Glazier Trio Thursday night. Doors open at 7:30. Entertainment begins at 8. Reserved seats 35c at Hutch's tomorrow morning.

Niles does not look with favor on the establishment of a normal school because it means additional expense in erecting a building suitable for the purpose.

The News-Palladium in its comment on the change of name of the Eau Claire Enterprise to Berrien County Journal must have got its figures upside down when it said that the Berrien County Journal established 1878 is the oldest newspaper in the County whereas the Buchanan Record born 1866 is entitled to that proud distinction. The Record was twelve years old when the Berrien County Journal first saw the daylight of journalism.

John Ellsworth & Company, South Bend's leading dry goods store, are doing a rushing business due to an unprecedented slaughter of prices. Note their weekly ad talks.

Mrs. Bertha Roe has purchased the Majestic moving picture theatre in the Redden block and will give the public clean and amusing entertainments every evening. Doors will be thrown open every evening at 7 o'clock. Program for to-night will be.

Look for change tomorrow night.

Drunks and disorderly bums created considerable excitement last night and consequently furnished the village police an unusually "tedious" volume of business. Only one bum, soaked with jag, was lodged in the town jail, and on account of the coop being a small, unsanitary and unfit dungeon to hold any more, two were allowed to navigate their way home. This is not the first time that lawbreakers are arrested and let loose on account of the unsanitary cell. This condition has been the same for years with no apparent intention of proper authorities to remedy the evil. Get busy!

Mr. and Mrs. M. O. Burditt, residing three miles across the St. Joseph river, celebrated their 30th wedding anniversary Saturday evening. There were 130 guests present who hailed from South Bend, Portage Prairie, Buchanan and the neighborhood. Numerous costly and beautiful gifts were presented as a token of friendship and good wishes from their guests. An elegant supper was served and the guests departed at a late hour wishing the happy couple many more years of wedded life.

Fifteen Practical New Laws

Passed at the Last Session of the Legis-
lature which may be of interest
to Record Readers

Some of the more interesting and
important provisions are as follows:

1. Hereafter there can be no title
gained by adverse possession against
any city, village or township.

2. The proprietors of saloons,
dance houses, concert saloons, billiard
halls, bowling alleys, etc., are for-
bidden to allow any student, under
21 years, of any public school in the
state to enter their places of business.
If the minor is not a student the pro-
prietor must exclude him if he is un-
der seventeen.

3. If a check is forged and pre-
sented to a bank for payment and the
bank pays it, the bank will not be
liable to the depositor three months
after the depositor has received the
check.

4. If a boarder takes French leave
and without paying his board he may
be arrested and fined. This also ap-
plies to restaurants and to single
meals.

5. In case a person is arrested for
intoxication, the court may suspend
sentence on the prisoner taking the
pledge to abstain from all intoxicat-
ing liquors.

6. Any husband who deserts and
abandons his wife or children may
be sent to the penitentiary not less
than one nor more than three years.

7. There is an entirely new law
concerning liens of keepers of stal-
lions. Those interested should look
up the matter carefully.

8. FREE DISTRIBUTION OF MEDI-
CINES FROM HOUSE TO HOUSE IS PRO-
HIBITED.

9. It is against the law to throw
stones or other missiles toward any
railroad car or street car.

10. It is against the law to accuse
or taunt any person with having been
a prisoner in a penitentiary, whether
the accusation be true or false.

11. Every owner of an automobile
must register the same with the secre-

tary of state under heavy penalties
for failure so to do.

12. No person is qualified to sit as
a juror in a justice court who has
been a juror in any justice court twice
within the year preceding.

13. A chattel mortgage must be
recorded both in the township clerk's
office where the property is and where
the mortgagor resides.

14. Every partnership name must be
registered with the county clerk under
a penalty of \$25 a day for failure so to
do. This applies to every name which
is not the actual and full name of the
proprietor. The law applies to such
names as Smith Bros., John Smith &
Son, Smith & Co., Smith & Jones, etc.
The law went into effect August 22, and
thirty days grace was allowed to all to
come in and register, after which the
fine is \$25 a day and every day is a new
offense.

15. There has also been enacted a
law providing for a bounty of two
cents for the scalp of every sparrow
killed during December, January and
February of each year, providing not
less than ten scalps are brought in at
one time. The township or village
clerk of the township or village
where they are killed will count and
issue an order for the bounty, which
the county treasurer will honor. The
penalty for illegally collecting boun-
ties is from \$1 to \$10 or ten days in
jail.

A SIGNIFICANT PRAYER

"May the Lord help you to make
Bucklen's Arnica Salve known to all,"
writes J. G. Jenkins, of Chapel Hill,
N. C. "It quickly took the pain out
of a felon for me and cured it in a
wonderfully short time." Best on
earth for sores, burns and wounds.

SEE THIS AD?

Think how many would read yours if this were your
ad. If you are doing a fair business without advertising,
you should advertise for more business. If you are doing
but little business, you should advertise to create more
business.

How to Get Business

You simply HAVE to advertise these days—if you
wish to join the procession. In ancient times business
could get along at a slow pace. But in these days of
keen competition, merchants who advertise are those
who get the business. Get a share of that business!

Fight the M. O. Houses

If your business is too poor to advertise, advertise
it for sale. That's the only thing to do when in a rut.
Don't let the mail order houses get the business that
should be yours. Put your ad in the Buchanan Record,
and it will be just like a personal talk to practically the
whole community.

We Help You with Ideas

If you do not know how to write your copy, we can
help you with business bringing ideas—catchy—snappy
phases—written especially for your particular line of busi-
ness—and this extra service costs nothing.

Lumber and Coal

Honorable James Wilson on the Interna-
tional.

Honorable James Wilson, secretary
of agriculture, in a recent interview
said:

"The International Live Stock Ex-
position as an educational factor has
carved a niche for itself.

"Producers are confronted with the
problem of increased cost of every
commodity that they use, greatly en-
hancing their expenditure.

"Obviously this necessitates rigid
economy, and the man who reduces
cost of production to a minimum in-
sures maximum profits and his own
survival where others fail.

"The International is teaching its
valuable lesson to the country at an
opportune moment.

"During the period of cheap feed
and feed lot extravagance such edu-
cation was not valued, because its
benefits were not realized at the time.

"Under new conditions, the man
who produces beef, pork and mutton
cannot afford the use of inferior ma-
chinery in his business.

"Economy requires that he handle
the very best types of the most im-
proved breeding; and these lessons
can be obtained at the International
Live Stock Exposition, which is ac-
knowledge to be an educational in-
stitution of the highest order in its
line."

Do not forget the dates—Nov. 30th
to Dec. 7th, 1907.
