Bring your friends and spend the day in Buchanan. Automobile parade, foot races, greased pig, two good ball games and all sorts of amusement.

A DUSKY MAIDEN

Of 13 Years Wins Championship of America in big spelling contest

Cleveland, Ohio, June 30 — With 1560 chances to err, 15 of the eighth grade school children of Cleveland yesterday misspelled only 40 words in the big intercity spelling contest which opened the annual convention of the National Educational association, and this city won the contest from Pittsburg, New Orleans and Erie, Pa., each of which cities sent a team of 15 to the convention.

The victory was a personal triumph for a little dusky maiden, Marie G. Bolden, 13 years old, daughter of a negro mail carrier of this city, who spelled every word correctly both in oral and written tests. The convention was swept with a storm of applause at her demonstration, the result of which was made known far down the line of announcements on the big blackboards, and at a time when her score meant a victory for Cleveland, the earlier announcements having put Pittsburg and New Orleans in the lead.

The little girl was congratulated by hundreds, even members of the New Orleans spelling team shaking her hand when President Francis H. Roser, of the Cleveland board of education pinned to her chest the gold medal which denotes the championship of American public school spellers.

Mrs. Cleveland Gets Pension

Of \$5000. To be allowed at Next Congress.

Washington, D. C., June 29, 1908 — A resolution granting Mrs. Cleveland a \$5,000 annual pension will be passed by Congress at its next session it was reported here today.

Mrs. Cleveland will be one of two

president's widows enjoying the special bounty of the American people. Mrs. Garfield has received a pension of \$5,000 since 1882 Mrs. Harrison, the other president's widow now living, has never been pensioned. Mrs. Harrison is not in need. She was Mr. Harrison's second wife and was married to him a number of years after he left the white house.

Unusual Attraction

California Exhibit Cars were Well Patronized

The California exhibit cars arrived last Monday afternoon and attracted great attraction for the past few days.

Car No. 1 contained an excellent exhibit of the fruits and vegetables grown in Stanislaus county, while Car No. 2 carried the monstrous shark and many other specimens of fish and animals.

These exhibit cars are an unusual attraction going about the country. The manager informed the writer that better success is obtained by this new feature than those received by exhibits at the World's Fairs. They carry with them men who are well acquainted with the animals of the sea, the vegetation and irrigation of the country who give excellent description of the different exhibits.

Many people were seen carrying beautiful shells and sea beans given away as souvenirs from the cars which alone were worth the cost of admission.

Rev. M. J. Carley, National organizer of National Issue Clubs, will begin a series of union temperance meetings in this place beginning next Sunday. In the morning he will speak in the Portage Prairie Evangelical Church and in the evening he will speak at a union service held in the Presbyterian Church. His subject for the evening will be: "What a Deaf Man Heard in Kansas." Mr. Carley comes well recommended, having worked in the interests of the Anti-Saloon League for a number of years. These meetings will continue through the week. Come out and hear him.

Joint Installation

Odd Fellows and Rebekahs unite in services.

The Odd Fellows and Rebekahs will hold joint installation at their hall next Tuesday evening, July 7th.

The following officers will be installed by the I. O. O. F. order for the closing term of 1908:

Past Noble Grand Geo. Slater
Noble Grand Walter French
Vice Grand Wm. Nutt
Sec'y Tennyson Van Every

The following officers will be installed for the Rebekahs:

Past Noble Grand Mattie Grafford
Noble Grand Nella Slater
Vice Grand Mrs. Dr. Landis
Sec'y Mrs. Caroline Spaulding

Mr. Antisdel will preside as installing officer for both orders. All members are requested to be present. Ice cream and cake will be served.

Many people were out Sunday morning with smoked glasses viewing the eclipse of the sun. The sun was about two-thirds covered. Many people related the history of the eclipse about 40 years ago. Mr. George Searle informed the writer that he remembers at that time the earth was almost in total darkness; that the farmers came from the fields as they were unable to see to plow and that the chickens went to roost believing it was night time and when the sun again came out they looked about as in wonderment.

Wedding Nuptials

A pretty June wedding was solemnized by Rev. Clapp at 5 o'clock Wednesday afternoon at the home of the bride's parents Mr. and Mrs. F. O. The bride was clothed in white silk mull and lace and carried a bouquet of white and pink carnations. The bridesmaid wore pink with lace trimmings. The groom wore the customary black. After the ceremony was performed, a wedding dinner was served in the dining room, which was tastefully decorated in pink and green, while the parlor was decorated in potted plants, ferns and roses. Later the newly wedded pair went east on their wedding trip.

The bride is a most estimable and very popular young lady, who has been in the employ of the Michigan State Telephone Co. of Niles, while the groom is an electrician who is in the employ of the above named company at Buchanan, where they will make their future home.

The following guests were present from out of town: Mr. and Mrs. John Morris, Misses Sadie Pangborn, Elma Kemenski and Edna Kean, and Willard Barnes, who constitute the office force of the Michigan Telephone Co. at Buchanan; Mr. and Mrs. J. E. Ray, F. C. Chubb, Arthur Fowler, T. E.

WM. ROANTREE

Died Suddenly last evening about 9 o'clock.

Mr. Wm Roantree, one of Buchanan's prominent business men died suddenly last evening at his home on Third street.

For several years, Mr Roantree has been in feeble health but was able, at times to be about his daily duties. Only yesterday, he was on our streets in a carriage, as was his custom of recent days to go about and seemed in his usual health. However, last evening about 9 o'clock, he passed away, which news came as a great shock to the community.

In November, 1902, Mr. Roantree engaged in the lumber, coal and wood business here and has since been one of the prominent and enterprising business men. He was also one of the village officials but poor health caused him to step aside from active labors although he was anxious about the progressiveness of the town and did what he could for its promotion.

The remains will be taken to Wisconsin, where less than a year ago, the daughter, Mrs Emery Wilson, was also buried.

Our heartfelt sympathy goes out to the wife and family in their affliction.

Warning

Section 4 of Ordinance No. 12 of the Village Ordinances prohibits any person to light or set off any fire crackers, torpedoes or any fireworks, cannon, gun or other fire arms within fifty feet of any building within the corporate limits of the Village of Buchanan.

WORLD'S GREATEST PARK

Riverview—Chicago's Dazzling Fairland of Amusement Devices.

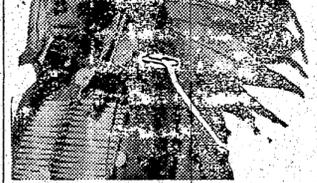

To see Chicago at play one must go to Riverview. Great cities are attractive in gay moods and "the metropolis on the lake" is never merrier than when sporting itself in this wonderful park.

The Roman hippodrome cannot be compared with this great park, either in magnitude, fabulous investment of attendance.

Frequently 250,000 men, women and children are within the enclosure of the vast and beautiful resort. Instantly after one enters the white maony of the gates and all he engages, he is mystified, bewildered, entranced.

Broad vistas lead everywhere to turreted pavilions, circuses, theaters, ballets, "Streets of Cairo," ball park, casinos, water chutes, cascades, electric launches, miniature railways, "Wild West Shows," aerial coasters, menageries, Japanese pagoda and open air concerts by the world's finest bands.

Riverview is a festival city, with its chimneys of bells, peals of organs, roar of trains, cooling swish of waters, dashing

of foaming lakes, boat whistles, strings of rattles, tom-toms, euphonies, of bagpipes, chanting of Indians, hymns in sacred plays, yells of cowboys, report of rifles and crash of artillery, roaring of lions, vocalizations of a million birds and animals, jubilee singing, shouts and laughter, and sounding above all, the majestic strains of Bohemian Krull's great band.

Its Chuter cascades, 500 feet in mid-air, spray crystal waters in continuous rainbows. Gay gondolas descend in clouds of mist, dashing downward through the misty surface of the lake, launching its transparent waters into foam. Laughter and shouts of delighted passengers accompany the musical murmur of the falling cascades.

In a thrilling "Wild West" cowboys and Indians exhibit feats of broncho riding.

The biblical story of Babylon is enacted by 1,000 young men and women in the classical costumes.

In Big Otto's Animal Juggle, "Miss Dixie" looks pretty and fearsome, enters a den of lions, jaguars, panthers and wildcats. She seizes the jaws of a Nubian lion, forces them open and thrusts her vocalizations of a million birds and animals, jubilee singing, shouts and laughter, and sounding above all, the majestic strains of Bohemian Krull's great band.

A naval battle between the Monitor and Merrimack, the "Clyde" and the "Albatross," and Paul Revere's ride are historical.

Camels and elephants bear laughing children in a "Flea Circus" that is set perform incredible feats: a royal hippodrome, living pictures, Tumbler's acrobatic and pantomime, water and rubber boat, deep sea divers, the whales, skating rinks, velvet and aerial coasters, "The Great Eastern," "Thousand I Land" waterway, Japanese tea gardens, Chinese pavilions, double whirled and endless delight-inventive devices form streets, plot, piazzettes, courts and waterways.

Riverview, an emerald forest with an opalescent sky, existent with a silver river and scintillant diamond lakes. Amid this veritable fairyland has myriads of lights that whirl and flash and shine a rainbow over every tree.

A more beautiful fairy spectacle was never conceived.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored. We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longfitt hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 30, 1902, in an awful condition. He had lost his mind almost entirely. He hardly knew one of the family; could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they are at liberty to do so."

B. H. BUNNELL, Lincoln, Ind.
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
