

WILL GO DOWN IN HISTORY AS THE GREATEST EVENT

Magnitude of Celebration Surprises Committee That Promoted It.

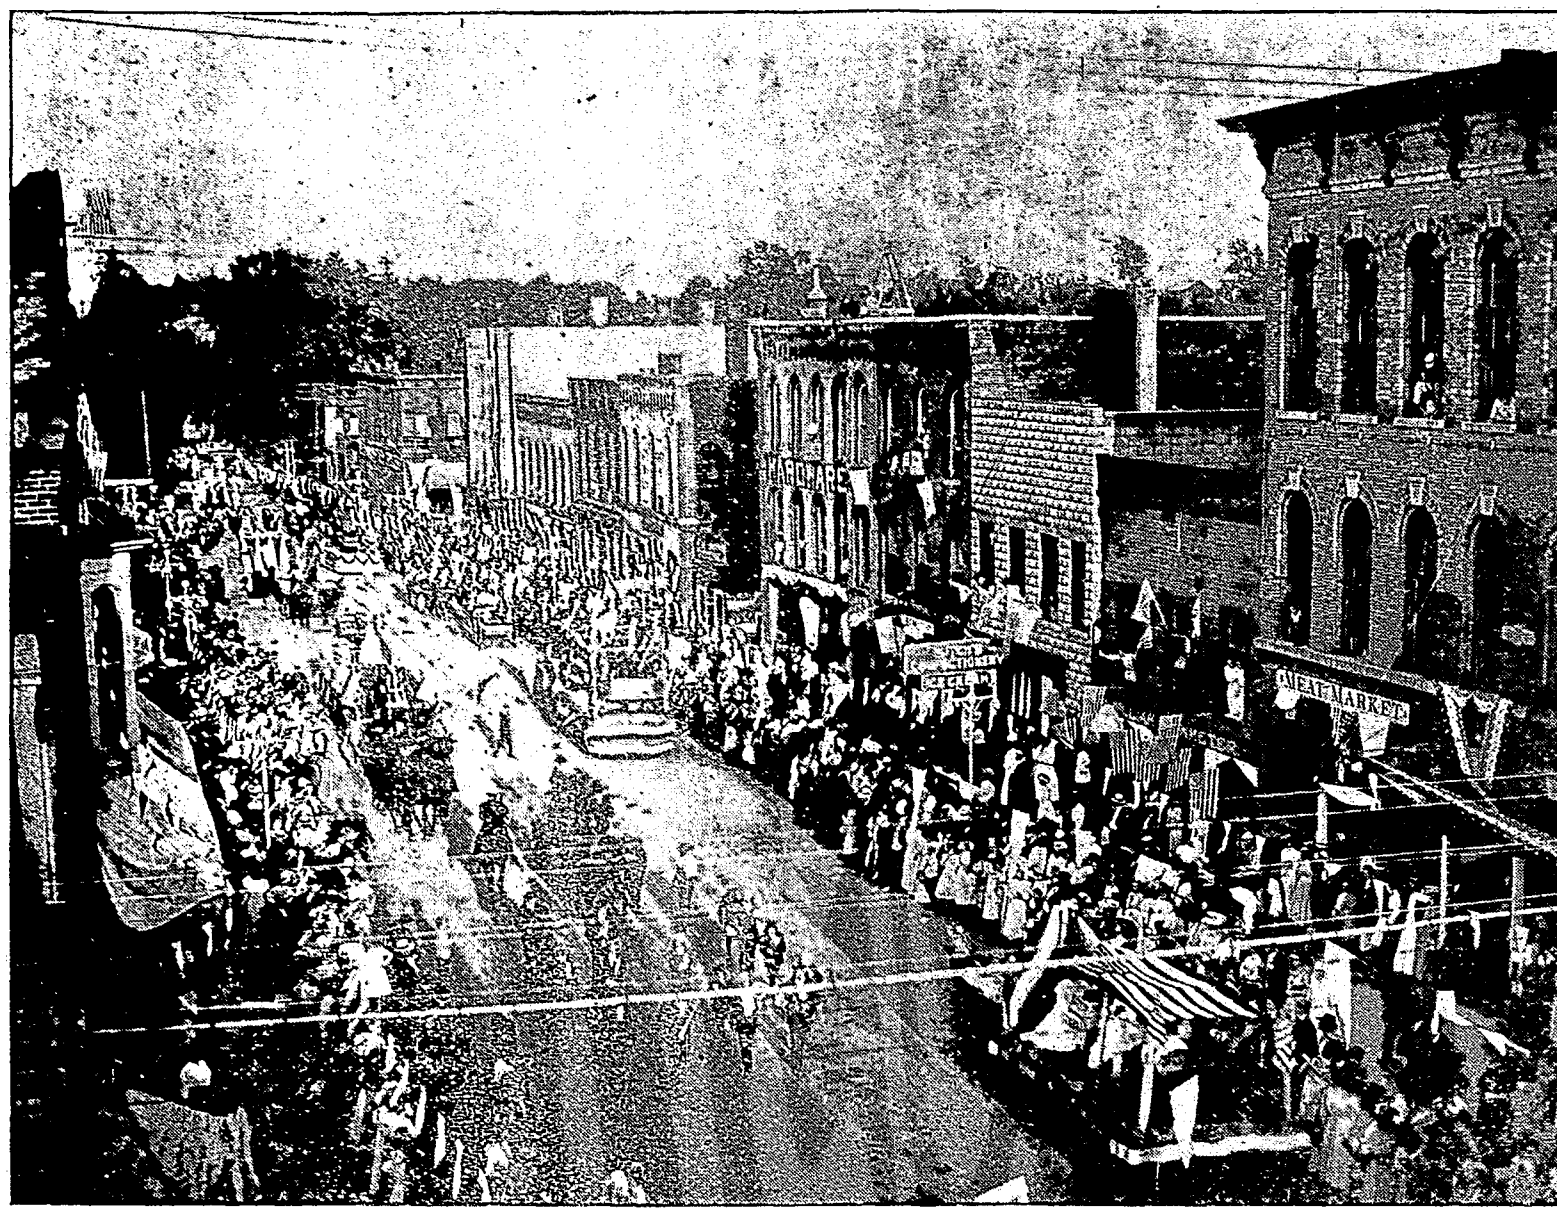

The celebration held by Buchanan on last Wednesday, Thursday, Friday and Saturday, August 24, 25, 26 and 27, was the greatest event ever undertaken and carried to consummation in this place. Its magnitude surprised the committee that promoted it, and the people never expected to see a celebration on such a large scale. The entire program was carried out in commendable style. The town was blessed with excellent weather, and thousands of visitors, in addition to the residents, enjoyed the celebration. The visitors began arriving from all parts of the country early in the week, and they kept coming until late in the week. The people swarmed all over town and crowded the downtown streets, their presence being particularly noticeable down town during the afternoon and evening events.

AN ORDERLY CROWD
It was an orderly crowd, too. There were no brawls and everybody was good natured. Extra police were on duty during the celebration, and the principal efforts of the men of the department, over which W. A. Palmer had supervision was directed in taking care of the crowds by looking out for the safety of the throng wherever there happened to be a jam

The Industrial Parade Was Grand Feature of Old Home Week.

The industrial parade, which was some twenty blocks in length and required about half an hour to pass a given point, was witnessed by the largest number of people that ever assembled on the streets of Buchanan at any one time. Not only on Front street alone, but along the entire line of march there was an immense crowd on both sides and in the middle of the streets, it being all the police could do to keep the people back so that the procession could march through. Besides those in the street, hundreds occupied points of vantage in windows, doorways and on housetops while the procession was passing. It was a grand sight and a forceful reminder that the people will come to Buchanan when something is offered to attract them. The streets and windows were packed with a surging mass of color. All the local industries and merchants were represented by floats, and one of the prettiest of the floats was a mammoth cornucopia, or emblem of plenty, from which fruits and flowers were represented as issuing, and which was entered by Messrs. John Broceus, Fred Andrews, Frank Lamb, Henry Kingery and George Hanley. The parade was formed on Detroit street, facing the union school build-

Many Congratulatory Letters Received from Home Comers

The Record is already in receipt of a number of congratulatory letters from Home Comers, who express their appreciation of the hospitality extended them in a superlative manner. Following are a few of the letters:

IT WAS CHEERY; IT WAS BEAUTIFUL.
Jennie Pardee Russell of Three Oaks, writes The Record as follows: "With the brightest ink and the boldest type, 'SUCCESS' can be written over the entire days of Old Home Week. It was cheery, it was beautiful, it was everything the name implies.

"I was in Chicago during the Conclave, with all its illumination and wonderful beauty, but there were more heart-throbs to the minute, and joy to the square inch in Buchanan, than in an hour and a square mile in Chicago.

"To add joy to one life is a privilege, and when it reaches an hundred it is a great blessing; but to cause such a wave of kindness and good feeling to sweep an entire locality comes not often and to the few.

"That 'Rest Room' needs particular mention as it was, indeed, all the name implies, and was approved by constant use. The babies who found rest and a nap there looked their thanks when they could not talk.

"Again I thank you."

LETTER FROM JUDGE BARR.

Writing The Record from St. Joseph, Probate Judge R. E. Barr says: "I was able to spend only a few hours in Buchanan during home coming week but those few hours were enough to show that the week was a great success. The industrial parade would have been a credit to a town ten times the size of Buchanan and must have involved a great deal of labor.

"An undertaking of this sort is no small affair and a great deal of credit is due you and the men who conceived the idea and carried it to a successful reality.

"I feel sure Buchanan has started on a new era of growth and prosperity and I wish to offer my sincere congratulations to you men who are working to build up the town and make it a bigger and better Buchanan.

Sincerely Yours,

FROM ONE WHO HAS SEEN

The Record is in receipt of the following letter from E. S. Williams, manager of the Postal Telegraph-Cable Co., of Chicago:

"Although I have seen a great

many parades in this and other cities, I must take off my hat to the Home-Coming parade your little town pulled off on August 26. Am always interested in what Buchanan does. While not a citizen of your town, I feel as though I am one of you, and am a taxpayer in Berrien county and Buchanan township.

"While your parade was not very long as compared with similar parades seen in Chicago, yet it was just as grand, your decorations were original and unique, especially those on the automobiles, and your decoration committee, if there was one, is to be commended, but if it was left to the individual, am sure many, in fact most of the decorations would have caused comment on State street, and had the parade gone down State street I am sure it would have received applause from all.

"The industrial part of the parade was very original and good. While not an enthusiast as a rule, I am told I applauded each display vigorously, which is evidence that I was quite carried away.

"Had I anticipated what was in store I would have asked to enter into the parade with my pony.

"The enthusiasm and spirit which every body entered into was really gratifying to those who fathered the Home-Coming and I know Buchanan citizens as well as the visitors were pleased beyond words at the manner in which the crowds were handled for the three days. There was plenty of hilarity of the right kind, no viciousness, or drunkenness was seen and the people of Buchanan must surely be proud of their efforts and well they may. I have seen hundreds of parades, in the past twenty years in Chicago, and I must confess there was none better handled, with no accidents and the streets so crowded. It means something to those who organized and went through with it.

"Organization is the watchword. With enthusiasm and organization there is no reason why Buchanan citizens cannot set an example for the neighboring towns.

"Too much cannot be said of your Home-Coming preparations and its fanfare.

"I went, I saw, I was pleased."

EXPRESSES APPRECIATION

Wm. A. Barnes, secretary of the Chicago-Buchanan society, writes from Chicago, as follows:

"I desire to express in a small way, through the medium of the Record, my appreciation of the hospitality shown the 'Home Comers' by the good people of Buchanan last week.

"I have known Buchanan for nearly fifty years—for more than twenty-seven years of that time I claimed it as my home. I think I

express the sentiment of every 'wanderer' who was so fortunate as to be there, when I say Buchanan never was so hospitable, its people never so cordial or so friendly in their relations to strangers within her gates as during 'Old Home Week.' At every 'turn a 'glad hand' was extended for all. Men and women with whom I had scarcely a speaking acquaintance in the old days went out of their way to take me by the hand and bid me welcome. The greeting was not a mere formality; it came from the heart; it was genuine. I never before was so proud of Buchanan and of its people.

"There must be something wonderfully attractive about the old place when five hundred of her sons and daughters from all parts of the country will make the journey to the old town to revisit the home of their youth and to renew the friendships of younger days.

"What the attraction is in each particular instance I am not prepared to say, but I do know that some of us love the old town for what it was—for associations, its memories, its traditions; we love it for what it is with its charming hospitality; we love it for what it always will be—the most beautiful, the most picturesque village in all this fair land of ours.

Very truly yours,"

MORE WORDS OF PRAISE

W. E. Wansbrough, agent of the Standard Oil Co., at Valparaiso, Ind., writes as follows:

"Having had the pleasure of being a guest of your city for two days of your Home-Coming week, I am taking this way of telling you what a splendid success it was. I heard much mention of the fine entertainment and ideal hospitality shown to the old residents and visitors at Buchanan. Much praise is due The Record for 'boosting' the home-coming week thru the past summer, and much credit is due also, to the committee in charge.

"The parade would have done credit to a town twice the size of Buchanan; the old pioneers with the ox team deserve special mention.

"In conclusion I will say that I am positive that all who were fortunate enough to be present had a splendid time and went away carrying a memory of Buchanan as that of a very modern town and one that could be proud of its citizens.

Very truly yours,"

FEATURES GALORE PROVIDED FOR THE HOME-COMERS

Upwards of Five Hundred 'Wanderers' Register at Headquarters.

Automobile Races, Baseball, Hose Tournament and Track Athletics.

One of the grandest features of the Old Home Week celebration was provided by the ladies. This was the Home Comers' headquarters, which were fitted up in an attractive and inviting manner. Here the tired "wanderers" were cordially greeted by a reception committee and shown to restful seats and hammocks. The headquarters were gaily decorated interiorly, and on the walls appeared faded photographs, which vividly recalled old times to the home-comers, many of whom, now grown to manhood and womanhood, found on the walls pictures of themselves taken in the long ago. There were fine collections of relics and other articles peculiar to old times in evidence, and groups of visitors were to be seen at all times viewing the exhibits, talking over old times and, hugely enjoying themselves. There was a 'phone in the headquarters, and every convenience imaginable for the benefit of the "wanderers," who were fitted out with badges, programs, etc.

THE ROLL OF HONOR.

The following list of "wanderers," who registered at the Home-Comers' headquarters, should be saved by them and their relatives and friends as a directory for future reference.

Mrs. Sarah Addis, South Bend; Mrs. Nancy Allen Galien; Mrs. Ralph Ballard, Niles; Claude A. Baker, St. Joseph; Sam G. Bunker, South Bend; Mr. and Mrs. J. W. Bracken, Wabash; Mrs. Ike Murphy, Berrien Center; Mabel H. Baker, St. Joseph; C. A. Broceus, Battle Creek; Mabel French Bosworth, Plymouth, Ind.; W. J. Glover, Cleveland; Anna Eliza Clark Hayes, Breeman, Ind.; Mrs. C. L. Hayes, Chicago; C. L. Hayes, Chicago.

Niles was victorious in the hose race on Friday afternoon, covering the 700 feet and making connections in 38 seconds flat. Dowagiac landed second money in 42 seconds. The Buchanan team made a magnificent run, but experienced a little hard luck in being "blown at the pipe," which thus disqualified them. The prizes were \$50 and \$25.

THE AUTOMOBILE RACES

The automobile races on Day's avenue proved a great feature of the celebration, and while some exceedingly fast time was made, no accident occurred to mar the pleasure the great crowd derived from seeing the cars fairly fly over the pavement.

Ross, of Buchanan, who is known as a fearless driver, carried away the honors, being awarded the silver loving cup. He drove his Model 10 Buick and covered the course in 0:35. The time made by the other contestants was as follows: Brazey, .38; Pears, 0:40; Weaver, 0:41; Harrod, 0:41; Black, 0:41; Bunker, 0:44; William, 0:47 and Spekine, 0:51.

Had there been a separate class for heavy cars, Pears would have won 1st prize in the heavy division, as his competitors would have been Williams and Spekine.

ATHLETIC SPORTS

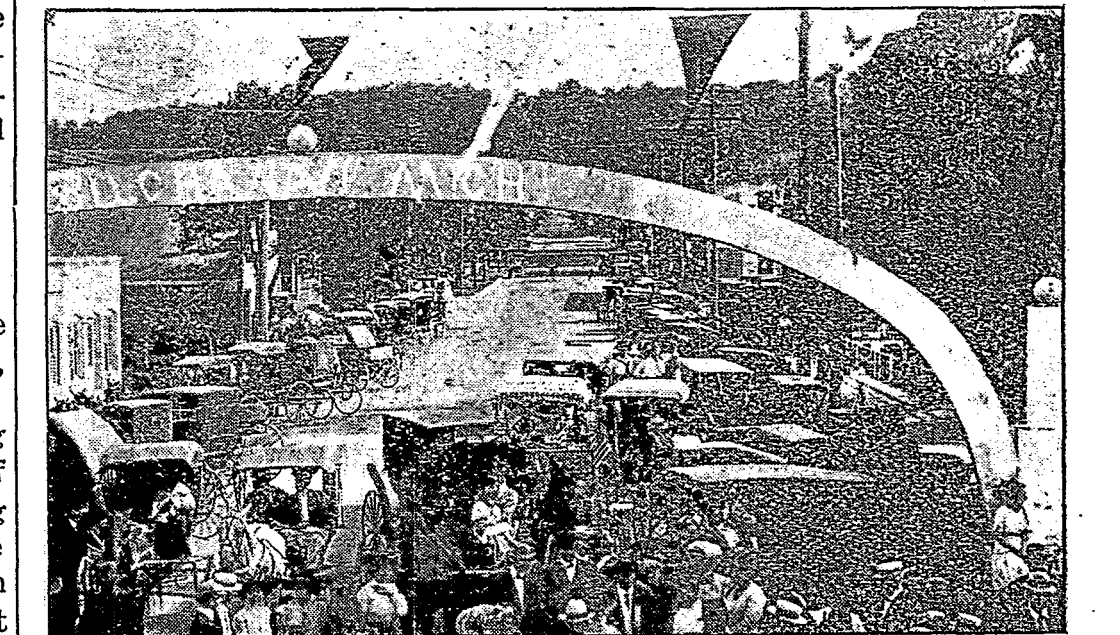

Paul Wynn won 1st prize in the 100-yard dash, and Edward French was awarded 1st prize in the broad jump contest. Mr. French jumped 17 feet.

NEW CARLISLE VICTORIOUS

In the baseball game on Thursday afternoon, the New Carlisle baseball team defeated the Buchanan Blues by a score of 6 to 3, this being the first time in the history of the two towns that New Carlisle won a game here.

The batteries were Nagart and Harkrider for New Carlisle and Hayes and Merson for Buchanan.

of people. It was a remarkable fact that not a person was injured during the celebration, and the fact that the police were alive to the situation is in a large measure responsible for escape from any accident to mar the Old Home week festivities.

THE INFORMAL OPENING

A pleasant feature of the celebration was the informal opening on Wednesday evening. The town was beautifully decorated, the street work having been in charge of Harry Weaver, who did himself proud. The residents of the town turned out en-masse, and people flocked in from the surrounding country to give the big celebration a good send off.

Bells, horns and other noise making devices were everywhere in evidence, and the rub band, under the leadership of John Morris, was the hit of the evening. Another feature was the kangaroo court, the first victim to be hauled before Judge Sanders being Dr. Curtis. The "coppers" were toggled to kill and helped create sounds of revelry by night.

At noon Thursday, the celebration opened formally with the three minute salute by bells and whistles.

Thursday was full of events that created fun, sport and amusement, but Friday was the big day. There was music galore, speechmaking by Congressman Hamilton, Amos S. Musselman and Prof. French of the Agricultural college at Lansing. Congressman Hamilton delighted his audience with tales of his personal experiences on the old farm, which, he said, is his dearest possession, and to which he looks forward as a haven of refuge, so to speak, at the termination of his political career. Hamilton knows how to get close to the hearts of the people, and his talk here last Friday afternoon was thoroughly enjoyed by his hearers. The other speakers also delivered interesting talks, and Prof. French gave the farm people many valuable pointers, and advised the boys to stick to

ing, and as it is difficult to parade automobiles in a procession with horse-drawn vehicles the auto section was placed in advance of everything else and started over the course before the industrial section was given orders to move. Practically every automobile in Buchanan and vicinity was in line and many of them were elaborately decorated. Miss Winifred Morley, the queen of the carnival, rode in a gaily decorated carriage, and received many plaudits along the line of march.

In the automobile section, the floats of Jack Bishop, A. F. Howe, Emery Wilson and Dr. Godfrey were especially beautiful and elicited the praises of the thousands who witnessed the parade.

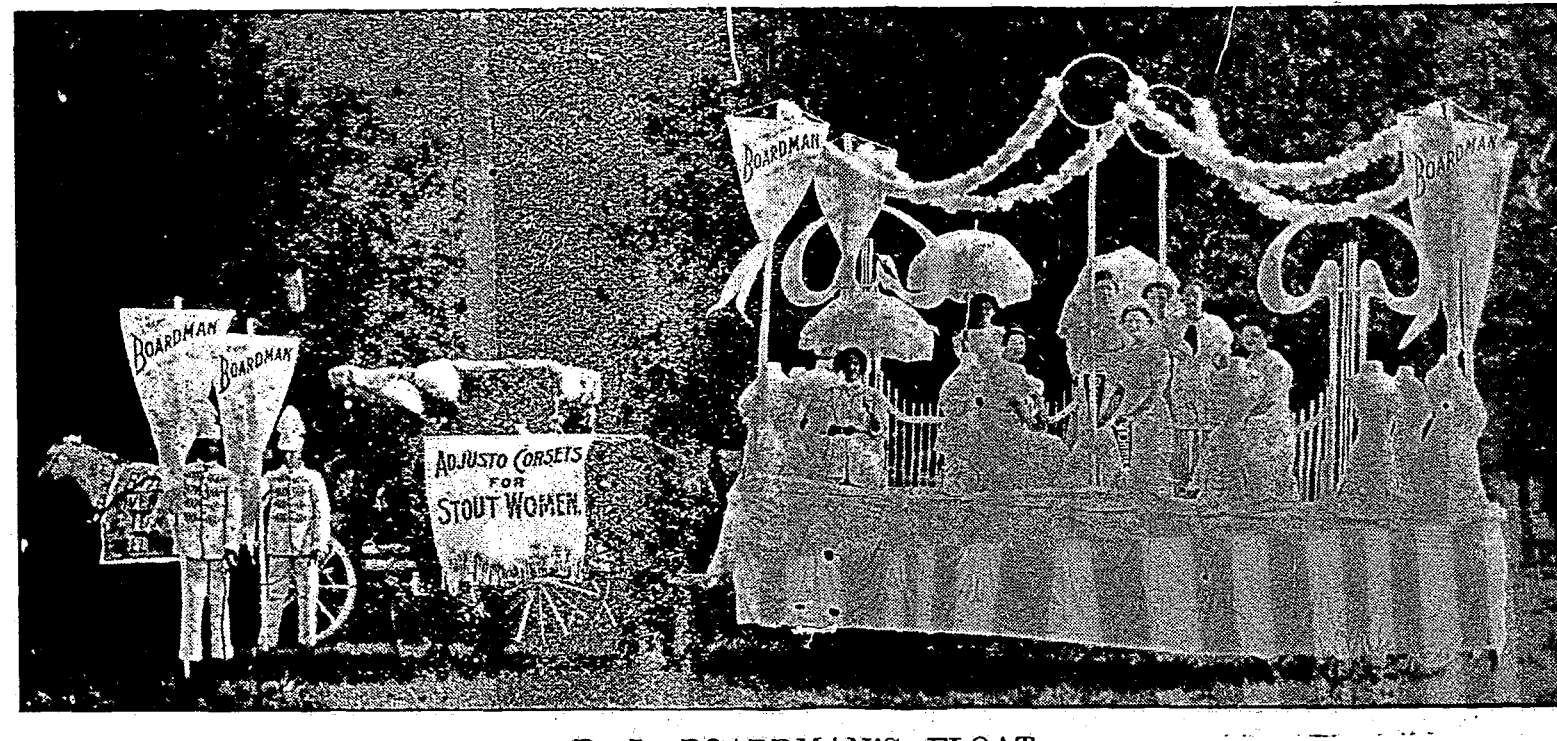

The procession traveled east to Clark, north to Front, east to Day's avenue, south to Chicago, east on Chicago to Portage, north to Front, west to Oak, north to Fourth, west to Detroit, then to place of beginning. Here is what The Record saw in the procession from a point of vantage:

the farm.

After the speaking came the hose tournament, and then that grand spectacle, the industrial parade, which was followed by the balloon ascension.

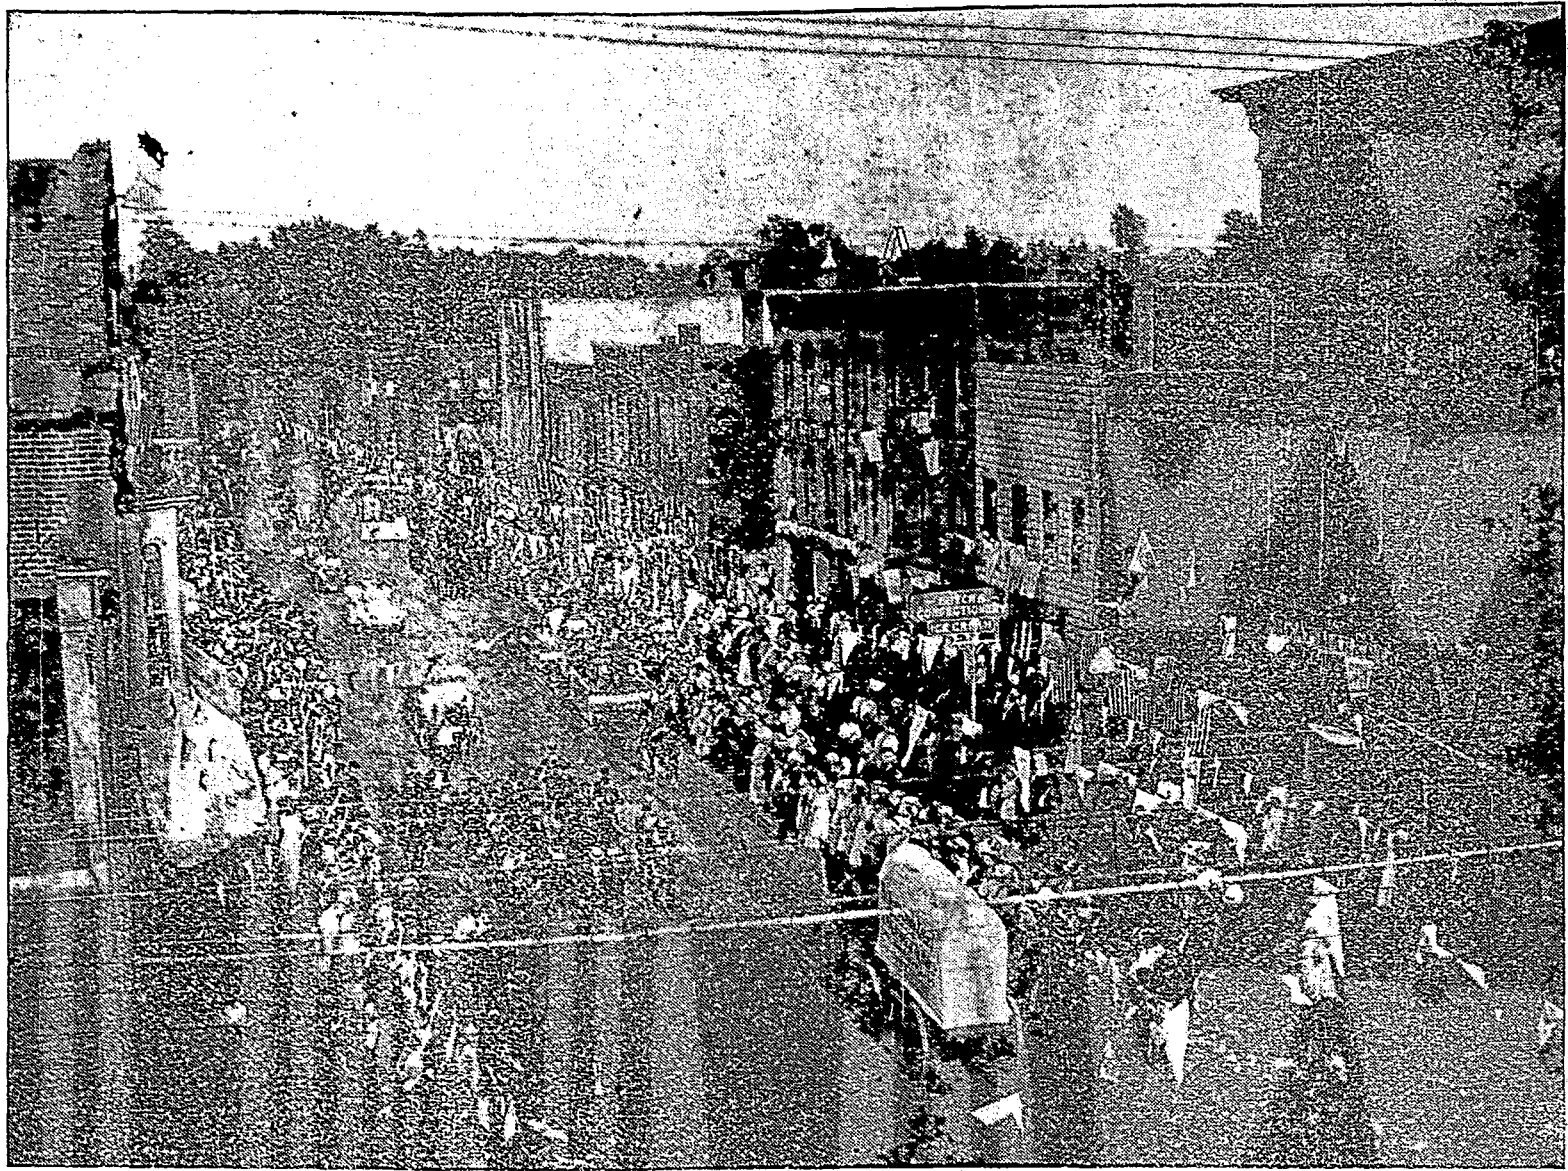

And the night was filled with music and the joys of the midway. The beautiful Tungsten lighting system showed off to advantage, and the roped-off area on Front street resembled a fairland.

On Saturday, the streets were again the scene of throng and gaiety, and amusement galore was provided for everybody. The baby show was a feature of the afternoon's program and the big hall in the rear of the Home Comers' headquarters was filled almost to its capacity with interested spectators.

In the two-year-old class, Vine, the 16-months-old son of Mr. and Mrs. Wm. Cook, was awarded first prize, and Catherine, the eight-months-old daughter of Mr. and Mrs. Ralph Allen, was declared the winner in Class A.

The parade of horses, automobile races, athletic events, balloon ascension, etc., filled every minute of the time with amusement, and in the evening, every minute was filled with pleasure, the celebration winding up with an old-fashioned dance on the Front street pavement.

BUCHANAN CONCERT BAND.

DELIGHTFUL FEATURE OF OLD HOME WEEK

Was the Reunion of the Old Pupils of Mrs. Anna Nash-Estes

One of the most delightful features of Home-Coming week was a gathering of the old pupils who were members of the class of Mrs. Anna Nash-Estes during 1871 and 1872.

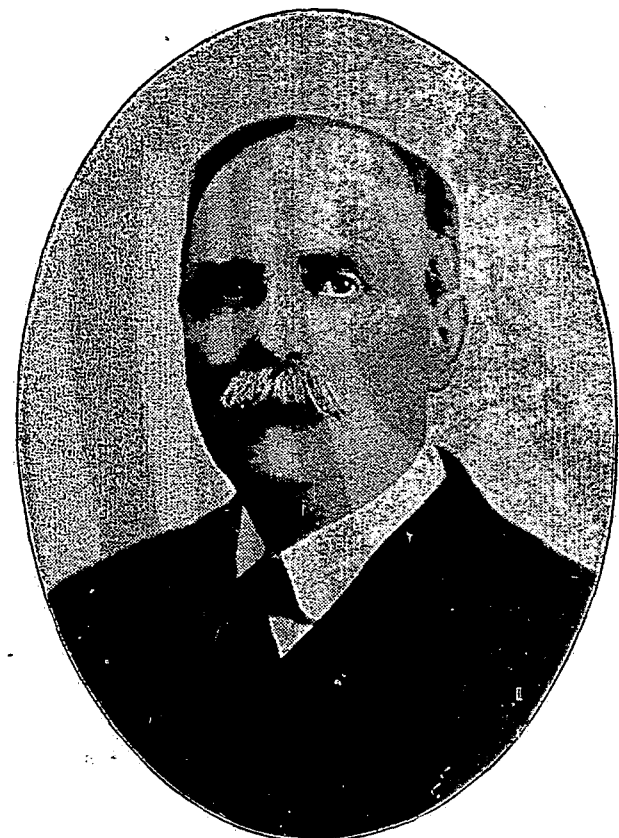

A meeting was called at Mrs. Estes' home on Friday afternoon and a second meeting Saturday morning in the "Rest Room." That room was the scene of many happy meetings, none of which were more enjoyed than the old class meeting.

Twenty-two members assembled to talk over the old school days that marked an epoch in the school life of

in their lives through her influence and advice. Mrs. Estes remarked that it was interesting to see how many of the pupils had married their class-mates, and admitted that the symptoms had developed during her administration.

Mr. Laird who was Superintendent during this time was a man of marked ability, and dearly loved by all.

The class decided to organize a permanent association, and elected Mr. Cress Roe, president; Mrs. Emma Knight, Corresponding Secretary; Mrs. Fannie Baker, Secretary;

FRANK T. PLIMPTON

President of Chicago—Buchanan Society, who was a member of Mrs. Nash-Estes' class.

Buchanan, as it was these pupils who were first to occupy the fine new school house.

The joy and pride that filled the hearts of these pupils as they marched to the new school house on that bright October day, led by a fine band, could only be equaled by the more mature and quiet delight of a reunion of so many of these old friends and schoolmates.

A quartette, Mrs. Fannie Woodruff Baker, Mrs. Emma Smith Knight, Cress Roe and Frank T. Plimpton, sang our old class song, "Whistle and Hoe" and "Home," all the class joining in the chorus. Many school incidents were related and laughed over, as all of these pupils were not models.

The wit, Mr. Barnes, delighted the class with his remarks, and Clyde Baker—well—everybody laughs at Clyde whether he says anything or not. This was one of the occasions when every body talked, even the girls.

Truly Mrs. Estes must feel that her trials and efforts were not without results, nor unappreciated, so many expressed themselves as hav-

ing been inspired, to attain the best and Clyde Baker, treasurer, without bond, and no money in the treasury.

Mr. Baker, to show his appreciation of the confidence of his classmates, invited them to dinner in the Presbyterian church. In response to this invitation, they marched in a body to the church where they were joined by two more members.

After spending a most enjoyable dinner hour, all went to call upon Miss Edith Beardsley. The spirit of song once more prevailed and all sang as lustily as in the early days.

The old school house grounds were then visited and it was arranged that in one year a reunion and picnic should be held there.

It is earnestly desired that any person who attended the high school during the time Mrs. Estes was teaching, shall send his name and address to Mrs. Emma Knight that he may be enrolled and keep in touch with the class.

This reunion makes one feel that he has lived twice, as we reflect with pleasure on the days that are gone, but ever bright in our memory.

LEGAL MIND IS A BLANK BAR ASSOCIATION LOSER

This week the Berrien county Bar association lost one of its prominent and veteran members, Attorney Geo. A. Lambert, of Niles, being taken to the asylum at Kalamazoo. His passing recalls to mind one of the lawyers of the "old school" and a man possessed of a brilliant legal mind.

For some time Mr. Lambert has been suffering from mental trouble. At the last term of court, and as recent as six weeks ago, he appeared at the court house, but he was only a shell of his former self. To his intimate friends and acquaintances it was evident that the Niles attorney was rapidly nearing a mental

collapse.

This week his condition became serious and it was decided to take him to Kalamazoo for treatment. Judge Barr issued an order and the stricken attorney was quietly removed to the state institution.

In the early days Mr. Lambert was associated in various cases with some of the most prominent attorneys of southwestern Michigan. He had a wonderful mastery of the English language and could use it effectively.

When he was at the height of his career he was considered one of the leading attorneys of the county and enjoyed a large practice.

CURTIS DESERVING OF THE NOMINATION

Buchanan Man Well Qualified for Discharge of Duties of Representative.

It is to be hoped that the republicans of the 1st representative district of Berrien county will line up strong at the primaries on the 6th instant for Dr. Orville Curtis, of Buchanan, who is abundantly well qualified for the discharge of the duties of the office to which he aspires. Dr. Curtis, would ably represent the district, and would give his constituents a good, clean administration.

The outlook is that the republicans of Buchanan, where Dr. Curtis is best known, will be unanimous in their support of the local candidate.

About 150 people from Galien and vicinity attended the Home Coming at Buchanan last week and all report "the time of their lives." Buchanan certainly did herself proud in the excellent manner in which the whole affair was conducted. And say, that parade! Would you have believed it of Buchanan. Many towns many times the size, could not have equalled it.

Mr. Montross conducted business manufacturing Harley forks and handles.

For years a flourishing business in broom and fork handles, and shovel handles of all kinds. When timber was plentiful the handle factory was the scene of much activity. The writer has seen logs and bolts cover nearly every vacant lot in town and filling nearly all the streets. With the gradual disappearance of the timber the business has gradually dwindled until now about all that remains of the old business is the finishing of a few products from other mills.

The old mill still stands on the old site but has been robbed of its once buzzing machinery and is now owned and occupied by Galien Cement Tile Co., who manufacture all kinds of cement drain tile and blocks.

The camp meeting at Crystal Springs this year was a great success. The singing under the direction of Mr. Griffith of South Bend, was a special feature.

OLD HOME WEEK

It is with mingled feelings of pleasure and pride that The Record recalls the glorious manner in which Buchanan acquitted herself during Old Home week. The enterprise and hustle which is rapidly bringing the town to the front, was everywhere in evidence. The celebration had been thoroughly planned and it came up to expectations. Indeed, it exceeded the expectations of many, who did not realize the amount of preparation that had been made.

Buchanan, the old home town, last week for so many visitors, deserves all that can be said in the way of good and before another Old Home week rolls around the story of its growth from the days of the pioneers through the successive stages of development, inspired by its beauty, its advantageous surroundings, the railroads and its water power facilities will be written by The Record. If for any reason you fail to receive this little contribution to the literature of the week, or if you are desirous to mail to friends who were unable to share in Old Home week associations and pleasures, copies may be obtained at this office.

Five miles west is Buchanan. That town did itself proud during home coming week. The square deal was given all around. It is something that will be talked about for years to come.—Niles Star.

IMMENSE THROG VISITED BUCHANAN

NILES' FIRE CHIEF DRAWN ABOUT TOWN.

FORMER RIVALS UNITED

Industrial Parade Was One of the Best Features of Home Coming Week Festivities.

[Niles Star.]

Over 500 tickets to Buchanan on the Michigan Central were sold yesterday. Hundreds also went by teams. Nilesites seemed to be enjoying the Home Coming week celebration as well as the residents of the village. For many years the two towns were great rivals; now they appear as the sister cities, mutual in every extreme. When Niles produces any kind of entertainment, people of Buchanan flock to Niles and vice versa. This harmony boosts both and helps in many other ways.

In the hose races as was stated yesterday, Niles took first prize, Dowagiac second and Niles' old team, third.

Time for each, consecutively, 38, 42 and 46 seconds. Dowagiac made a pretty run, but Niles had them bested for time and in coupling. The Buchanan company made a good showing, but lost on account of the nozzle blowing off.

After the hose races about 4,000 people assembled to see the parade of floats representing the different stores and industries, which extended over a mile and a half of territory. The most unique and fitting of all was a float drawn by two old-time oxen, procured from a farm 20 miles west of Buchanan.

In a float were seated the oldest residents and settlers of the village, and both were applauded vociferously. Another was that of a large funnel with several bushel of all kinds of vegetables shaped as though being poured out on a large platform. This was the "big day," numerous events being pulled off.

Chief John Barbour of the Niles fire department, who did the coupling in the Buchanan hose tournament yesterday, was hoisted to the hose reel of running cart and paraded through the streets by admiring friends. When the Niles team was making the run, the hundreds of spectators stood breathless. "You could hear a pin drop," is the way some expressed it. After the event the crowd went wild and people fairly yelled themselves hoarse, knowing that Niles had won. The cart used by the local team was barred on account of its lightness and that of the Dowagiac team was used. This, Dowagiac did not like very well. However, Dowagiac used Niles' hose, and this offset differences.

The names of the Niles teams participating in the races were: John Barbour, manager; Chas. Burt, coupling breaker; George Volkhart, plugman; Chris. Reum, hose helper, Toney Shields, lead runner; Geo. Neshau, Clayton Collins, Geo. Fink, Chas. Luke, John Webster, Homer Kizer, Frank Teska, Jack Cutting, Geo. Elssesser and "Stub" Whalen, runners.

FOR GOVERNOR AMOS S. MUSSELMAN

If the Republicans of Michigan want to nominate a man for Governor who will surely be elected in November, they should vote for

Amos S. Musselman

If the Republicans of Michigan want to nominate a man who is not handicapped with "Warnerism,"—if the Republicans of Michigan want to nominate a man for Governor who will not be handicapped in the campaign by a promise to veto a Tonnage Tax bill, should one be passed by the legislature, they should vote for

Amos S. Musselman

If the Republicans of Michigan want to nominate a man for Governor who belongs to no machine and to no faction, who has made a success of his own business, not accidentally, but by industry and executive ability, they should vote for

Amos S. Musselman

If the Republicans of Michigan want to nominate a man for Governor who has been a life long, consistent Republican, who is a wheelhorse of the party without being a stand-patter, and a progressive Republican without being an insurgent—if they want a conservative, logical, clean-cut, fearless executive in the chair in Lansing, they should vote for

Amos S. Musselman

That Mr. Musselman is to be the nominee of the Republican party is the logic of recent events. There has been a strong undercurrent for him all summer, but it remained for Osborn and Kelley to open the way for a complete crystallization of sentiment favorable to Musselman. Kelley has been on the toboggan for the last three or four weeks and Osborn hit the chute at Big Rapids when he double crossed himself regarding his friendly relations with Governor Warner and his contributions to the Warner campaigns of two years ago.

Amos S. Musselman

has declined to enter into any verbal controversy with Mr. Osborn and says "Slander and vilification has become a passport to public favor. Thank God, I do not want the office bad enough to destroy our party, with all its traditions, nor to slander its representatives to obtain it. Ambitious zealots should not be permitted to usurp the powers of government. It is just as important to curb the ultra-radical as to stimulate the halting conservative. Neither should be trusted with power. The mass of the people are honest, intelligent and patriotic, and the public service should be thoroughly representative of them.

Every Republican who desires to vote for a winner at the primaries, September 6th, and to have a candidate who will be a winner at the election in November, should vote for

NEW MONEY ORDER SOON TO BE ISSUED

IS DECIDED IMPROVEMENT OVER OLD WAY.

GOVERNMENT SAVES MUCH

Local Post Office Has Received Instructions—To Be Used Soon.

Local Post Office Has Received Instructions—To Be Used Soon.

The local post office has received instructions in regard to a series of new money orders which are a great improvement over the old. The innovation will go into effect after January of the coming year. The new order is a great saver as time inasmuch as it does away with the old white advice or duplicate which used to be retained by the issuing office and mailed to the paying office.

The elimination of this feature alone saves \$45,000 in envelopes, besides the extra time taken in sending the advice.

The new order is about as long as the ordinary bank check and consists of three parts, a slip which is retained by the purchaser as a receipt a coupon which, when completed, contains the names of the purchaser and payee. The order proper simply says the "postmaster of, etc., will pay the postmaster of." This is signed by the receiver and serves as a receipt. Formerly the advice was kept on file and if the order did not come notice was sent to the non-receiving. Or perhaps the postmaster as in the case in smaller cities, did not send the advice, then the receiving postmaster could not enter the order as paid simply retaining the canceled orders as cash.

Now it does not make any difference when the order is presented, the minute it is done the whole operation of clerical procedure is finished.

The clerks are well pleased with it, and the government saves an inestimable amount in time of clerks which was used up under the old system. The new orders will not be used until after the old ones are exhausted.

Notice is hereby given that a general primary election will be held in the township of Buchanan, county of Berrien, at Hose House, precinct No. 1 and Cutlery Building, precinct No. 2, within said township on Tuesday, Sept. 6, 1910, for the purpose of nominating by direct vote candidates by each of the several political parties for the following offices, viz:

One candidate for United States Senator; one candidate for Representative in Congress; one candidate for Governor and one candidate for Lieutenant-Governor.

One candidate for Senator in the State Legislature; one candidate for Representative in the State Legislature.

One candidate for each of the following County offices, viz: Sheriff, Clerk, Treasurer, Register of Deeds, Prosecuting Attorney, Surveyor, Drain Commissioner; also two candidates for Circuit Court Commissioner and two candidates for Coroner.

There shall also be elected as many delegates to the county conventions of the several political parties as said precinct or township is entitled to under the call of the county committees of said political parties, which number will be indicated by the number of blank lines printed on the official primary ballots used at said election under the heading, "Delegates to County Conventions." The Board of Primary Election Inspectors will furnish delegates with credentials, entitling them to seats in the county conventions, except where there is more than one precinct in a township and the county committee require the election of delegates from the township as a whole, such delegates must be admitted without credentials.

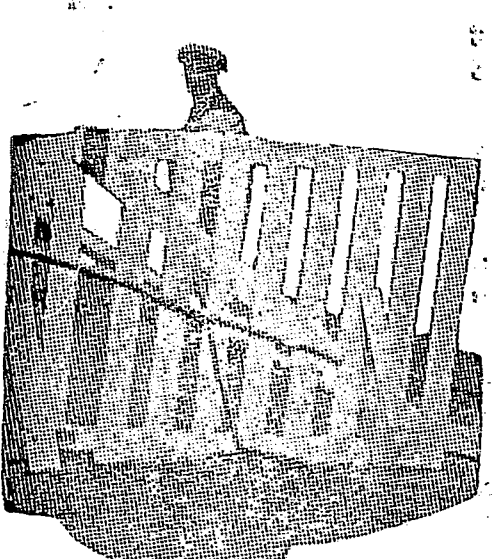

The Polls of said election will be open at 7 o'clock in the forenoon and will remain open until 5 o'clock in the afternoon of said day of election, unless the Board of Primary Election Inspectors shall in their discretion adjourn the polls at 12 o'clock, noon, for one hour.

Dated this 25th day of August, 1910. V. M. Spaulding, Clerk of said Township. 32c

MRS. ED. WALTERS HURT IN RUNAWAY

THRILLING EXPERIENCE ENROUTE TO BUCHANAN.

SIX NILESITES IN PARTY

Stranger Rushed from Ambush, Waved His Arms Frantically, and Team Dashed Away.

[Niles Star.]

Enroute from Niles to Buchanan, and when within a distance of one mile and a half from that place, at 8:30 o'clock last evening, Mr. and Mrs. Bruce Earl, Mr. and Mrs. Paul Mantke and Mr. and Mrs. Ed. Walters, driving a team of roan horses belonging to DeMott Brothers, had a thrilling experience.

Suddenly a man hove in sight from a clump of bushes along the highway and waved his hands frantically, directly in front of the team. This frightened the horses and they ran toward Buchanan at breakneck speed. When they reached the bottom of Buchanan hill, the rig turned over, precipitating the entire party.

Mrs. Ed. Walters sustained a fracture of the elbow. Each of the others were slightly bruised. Will French happened along at the time in his automobile, with which he conveyed Mrs. Walters to the office of a Buchanan physician, where the fracture was adjusted.

After the rig tipped over, the team halted. The top and springs of the carriage were demolished, and the harness considerably damaged.

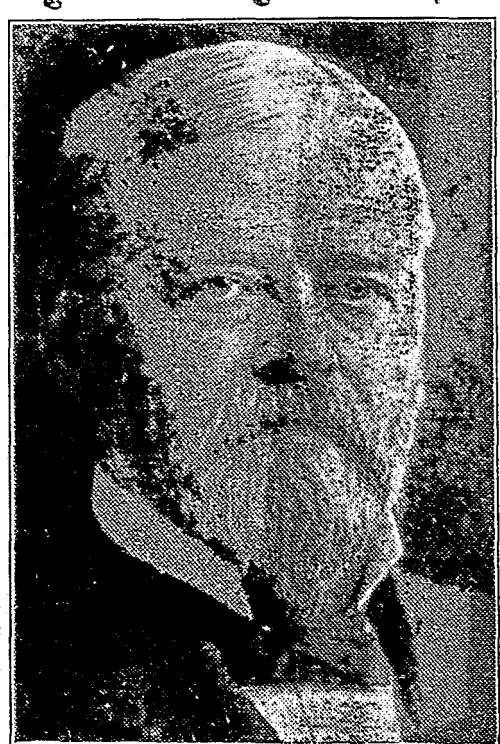

After repairs were made the party, with the exception of Mrs. Walters, drove back to Niles, she being conveyed here in the French automobile. The stranger who caused the disturbance, presumably for meanness, evidently rushed to cover, and it was fortunate that he did so, for otherwise he might have been used roughly by the men of the runaway party.

MICHIGAN'S FAVORITE SON

SENATOR BURROWS' STAND ON THE STATE PRIMARY

"No man aspiring to the office of senator should hesitate for a moment to submit his candidacy to the entire electorate of the state, and no man of any spirit would, if it were possible, accept an election in opposition to the public will.

"The primary election law of Michigan as it relates to the choice of a senator by the legislature, is not merely advisory, but mandatory, and

SENATOR J. C. BURROWS
Republican Candidate for Re-election as United States Senator at the Primaries, Sept. 6th, 1910

imposes upon the members of the legislature the duty of executing the public will.

"I want no misunderstanding of my attitude in the matter. I have submitted my candidacy to the qualified Republican electors of Michigan and whatever the verdict of such electors may be on the sixth of September next, I shall abide by that verdict.

"If my candidacy is not approved by a majority of such electors of the whole state, as revealed by the count of the entire vote in the state, I shall not thereafter be a candidate for the senate before the legislature."

From statement signed by Senator Burrows on Jan. 17 and July 16, 1910.

COURT HOUSE NEWS

A new suit just started is that of J. W. and T. H. Goodspeed vs. Volunteers of American. Writ of attachment.

By special agreement the case of Chas. A. Goodspeed vs. James A. Smith has been dismissed without costs to either party.

The circuit court will be in session Wednesday, Sept. 7th, but the September term will not be on till Monday, Sept. 12th. The regular routine

for the opening and assignment of cases will probably be on that day.

Minnie Filwock who has asked for a divorce from Gustave Filwock, has applied to the court for an order compelling her husband to contribute to the support of their two children, who are now being cared for by the Michigan Children's Home.

The circuit room is being overhauled, repainted and decorated. The library part will be changed to the room between the judge's private room and the reporters' room. The newspaper representatives are to be given better accommodations.

Rosa Vincent vs. McClelland C. Hubbard is a new suit just started to collect \$1,500 for goods alleged to have been sold and delivered. The service was made by Sheriff Johnson on June 27, before Hubbard was taken to Jackson prison, and was filed on Aug. 18. N. A. Hamilton represented the plaintiff.

Wm. Ford, Chicago, was under \$300 bonds to appear before the September circuit court, charged with dealing out liquors in the vicinity of Paw Paw lake. The bonds were signed by John Schairer and M. D. Osgood, both Benton Harbor men. On Monday Ford plead guilty to the charge and Judge Coolidge fined him \$100 and costs of \$12 or ninety days in jail.

FAST TIME MADE AT ELGIN RACES

Livingstone Wins Illinois Trophy in Auto Contest.

LEADS FROM START TO END

Hearne Lands Fox River Cup—Buck Winner of Kane County Event—Driver Fritzsche Has Narrow Escape.

Elgin, Ill., Aug. 27.—Al Livingstone, driving a National car; David Buck of Chicago, driving a Marmon car, and E. A. Hearne of Chicago, driving a Benz car, were the winners of the three races which opened the big national stock chassis automobile speed meet over the Elgin road course.

Maintaining for the distance an average speed of 86.6 miles per hour, Livingstone captured first place in the Illinois trophy race. The distance was 24 times around the 3/4-mile circuit, or a total of 203.25 miles. His time was 3 hours 21 minutes 8.53 seconds.

W. H. Pearce, in the No. 2 Falcon, was second in this race, his time being 3:31:19.22. J. Dawson, in the Marmon car No. 6, was third in 3:34:09.62.

Hearne Gets Fox Trophy. Hearne easily took first honors in the Fox river trophy race, a distance of 126.57 miles, or 16 laps. He went the route in 2:30:40.35, or 53.6 miles an hour. A. W. Miller in a Warren-Detroit, took second honors in this race, in 2:56:11.62. G. Monckmeier, in a Staver car, was third in 3:01:55.7.

Buck won the Kane county trophy, going the 20 laps, or 169.46 miles, in 3:04:45.79, an average of 55 miles an hour. A. Monsen in a Marlon was second in this race, his time being 3:07:52.65. Louis Heilmann of Chicago, driving Marmon No. 23, was third, in 3:19:20.27.

Livingstone Keeps Lead All Way. Livingstone, winner of the biggest race of the day, the Illinois, won in sensational manner. He took the lead at the start and kept it to the finish, maintaining a speed of from 60 to 83 miles an hour.

His performance showed that the course at Elgin is an ideal one for automobile racing, and gave the 50,000 spectators a foretaste of the excitement that is expected to prevail when the great Elgin National, for a cup worth \$4,500, is run.

One Car Disqualified. Crane's Staver, which was running second in the Fox River trophy, was disqualified at the beginning of the last lap for failure of the mechanic to look behind for "pushing" cars. Crane narrowly escaped "avoiding" a mishap by trying to pass him.

Fritzsche, driver of the Cino car No. 27 in the Kane county trophy race, had a narrow escape from death when his car broke its wheel and jumped from the road at the dangerous "cemetery" turn.

Two Men Are Hurt. The machine skidded on the road, which was slippery with oil. The driver tried to keep the machine on the track, but the turning of the steering apparatus while the car was going at a speed of 60 miles an hour, wrenched a wheel and it broke. The car crashed into the fence and tore away 75 feet of the wire. Fritzsche and his mechanic, J. Fröp, jumped for their lives. Fritzsche's shoulder was broken. Both men were taken to the emergency hospital, where it was said they had escaped serious injury.

AUTOMOBILE BONNETS AND HATS FOR FALL

Motorists Attention!

From America's fashion center direct to us, a shipment of automobile Bonnets and Hats. Our buyer selected these personally and they are the smartest and newest ever brought to this city. Your selection should be made early. \$5.00 and up.
Automobile Veils will be shown in connection.

A Glimpse of the Autumnal Dress Goods and Silks

As the summer begins to wane and leaves begin to show touches of gold and scarlet, one begins to think (prematurely, perhaps, but surely), of fall clothes, particularly of a suit or dress to welcome the first breath of autumn in the air.

Other Millinery for Fall

An advance showing of new autumnal millinery. Turbans are leading the parade. Trimmed simply in bows, pompons, aigrettes and fancy feathers. Many have a brim, straight or scalloped and this brim renders the shape much easier to wear. Covered with plush, plain and fancy silks and handsome embossed satins.
A large variety of shapes are on display, almost with a roll at the side any many of the popular continental upturned brims are shown.
Come see this showing.

LOCAL GLEANINGS
 Miss Elbie Best, who was a close second in the "Who Shall be Queen" contest, requests The Record to state that she wishes to thank all her friends and neighbors for the support given her in the contest.

 W. F. Runner, the veteran druggist, advertises an auction sale of his stock of merchandise, to take place commencing tomorrow. Mr. Runner intends to retire from business. He will be succeeded by a Mr. Salisbury of Chicago, who will install a complete new stock of drugs, etc.

The following letters remain unclaimed in the post office at Buchanan, Mich., for the week ended Aug. 30, 1910:—Letters, Mrs. Harriet Lamb, Mr. Scott Marrs. Postals, Mrs. F. Kansal (2), Scott C. Marrs, W. H. Dexter, Mr. Sloan, Mr. Ernest Hunt, A. A. Worthington, Postmaster.

Among the Buchananites who were out of town this week were:—Frank

Kean and wife to Bridgman; C. B. Treat and wife to Rochester. Minu; Minnie Sparks to Niles; J. C. Rough to Gary; Mrs. Hewitt to South Bend; R. M. Colvin to Chicago; H. P. Kean to Ottawa, Kan.; Mrs. Wm. House to Topinabee, Mich., and Mr. Imhoff to Chicago.

The "Who Shall be Queen" voting contest resulted in Miss Winifred Morley being chosen by a majority of 117 votes over Miss Elbie Best, who received a total of 5,599 as against 5,716 votes received by Miss Morley. Owing to the popularity of these two leading candidates, the contest was decidedly spirited and the outcome was very much in doubt up to the last moment. The judges, Cress Weldon, Chas. SCHOOLS RE-OPEN SOON
 Fall Term Commences Tuesday Next--
 All Pupils Should Enroll Promptly.

Buchanan schools will open for the fall term Tuesday morning Sept. 6th. All pupils who expect to enter should present themselves for enrollment on that day. All pupils who have regularly passed the eighth grade may enter the high school without examination and who has not had an opportunity to take the eighth grade examination and who show satisfactory knowledge by examination of the grade work will be allowed to enter whether they have completed a regular eighth grade course or not. Such pupils may take an examination on the opening day.
 Buchanan offers many advantages to non-resident pupils. The town is clean and healthy, the school is far enough away from the business district so that it is not disturbed by noise, the course of study is broad, fitting for business or for college, the teachers are carefully selected and competent, the young people are above the average in refinement, moral standards are high, classes are small so that pupils receive individual attention and the citizens in general are in favor of education and a good school. Parents who are planning to send their boys or girls to high school this fall should consider carefully the advantages of Buchanan and the temptations in larger towns before deciding the question and then decide in favor of Buchanan.
 No young man or young woman can afford to take up their life work without the knowledge and mind training offered in the high school. The world's affairs are run now and will continue to be run by the thinkers and to be a thinker one must practice thinking, that is where the high school helps. Young people, remember that to exist requires little effort, any animal can do that, but to really live requires preparation and continuous effort. If you want to get out of life the greatest happiness make all the preparation you can, if you are satisfied with a mere existence don't go to school.

Alleged Burglars Are Captured
 A quartette of lads, giving their names as Elmer Young, William Young, Russell Smith and John Hornley, were arrested by Marshal Eldridge and Deputy Sheriff McCollum last Tuesday evening, on complaint of Charles Harker, who charges them with attempted burglary. All of the accused are young men, three of them 18 years of age, while

the fourth is but 17 years old. It is alleged that one party was caught in the act of going through a window. The boys led the officers a merry chase, before being captured. The prisoners were arraigned before Justice Batchelor, who set their examination for tomorrow, Friday, morning. In default of bail, they were remanded to the county jail.

To the Buchanan City Band
 Written by "Babe" Merrill June 22, 1892
 Well wife, I've been to the city
 And seen most ever sight
 From all of the parks so grand
 To the much-heard-of prize fight.
 I even went to the theater,
 I tell you that was grand;
 But the greatest thing I chanced to see
 Was the city's big brass band.
 Sixty men in line was there
 Dressed in uniforms immense;
 They looked more like monkeys,
 Than men with common sense.
 I heard them play one piece
 Which spread my face with smiles,
 As I remembered when our little band
 Started under Prof. Fields of Niles.
 I could almost see those boys
 As on the street they gathered round
 I thought of how they used to be
 The hope and pride of the town,
 I thought of that tuba player
 I think they called him "Stubb"
 He looked when he was playing
 As if his mouth was full of grub.
 How Roberts used to play after-time
 Upon the big bass drum
 And how he always held his peice (peace)
 By simply keeping mum,
 Well do I remember how Jake used
 To play so low and soft
 And how Claude used to break him up
 By trying to show off
 I fancied I saw Mait
 In his favorite position
 And his eyes would have that far off look
 As if on earth he had no mission
 How Clayton on the piccolo
 At it do his best to play
 And when he would make a mistake
 Would always hollow "hey."
 How Whitman on the clarinet
 Used to play so soft and sweet
 He was the admiration
 Of all the boys on the stre et.
 How Noble used to do his best
 Upon his valve trombone
 But try with all the might he could
 He could not make a tone.
 And how Charlwood used to play
 Upon his silver cornet
 And the tones he often made
 I never can forget
 And I remember how Smith and Rouse
 Used to play the alto
 They always were a little fast
 Or else a little slow.
 And all the other boys on their parts
 Would do their level best
 Fields would press the button
 And they all did the rest.
