ROSEATE FUTURE IN STORE FOR BUCHANAN

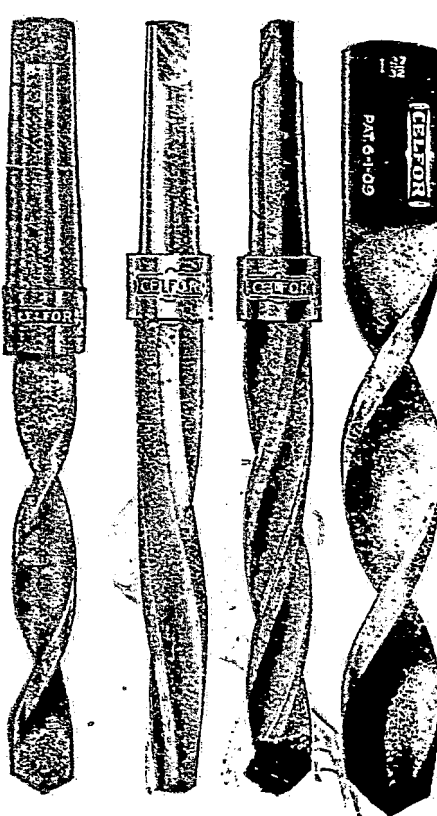

Great Demand for Output of New Plant—Development of New Drill Doubles Celfor Tool Co's Business.

About two-thirds of the glass has been set in the numerous large windows of the Buchanan Electric Steel company's new plant, and preparations are now being made for setting the furnaces in the new structure. Within a few months the work of turning out castings will commence, and phenomenal growth is predicted for the plant for the reason that there is a big shortage of castings in the country, the existing plants being unable to fill the demand. This is due to the fact that under existing conditions it is extremely difficult to make perfect castings, and the business has been so hazardous that comparatively few men have cared to invest in it. But the new electrical process simplifies the work and renders the making of castings comparatively easy, and inasmuch as the local plant will be the only one of its kind in America, it is expected to have a decidedly rapid growth.

Indeed, men who have a thorough knowledge of existing conditions, feel confident that within a very short time Buchanan will have as large a population as Niles or Dowagiac.

The Buchanan Electric Steel company has absorbed the Peerless Crucible Steel company of Detroit, which turns out castings under the old process, and the company is swamped with orders, hence the work of getting the local plant ready for business is being rushed with all possible speed.

CELFOR

CELFOR TOOL COMPANY, PROSPEROUS.

Owing to the fact that the Celfor Tool company, the stockholders of which are interested in the Buchanan Electric Steel company, have developed and placed on the market of late the best twist drill the country has ever produced; their business is increasing by leaps and bounds. Last month the pay roll was the largest it has been for any month of this year, and more men are being taken on almost daily, while the entire force is working till 10 o'clock nightly. And in the hammer room operations are carried on day and night by two shifts of workmen. The new forged drill is hammered

before being twisted, and is stronger and better in every way than the drill made from a flat bar of high speed steel by twisting while hot, or the milled drill.

The extent of the operations of this company is almost universal as far as the United States and Canada are concerned, its agencies being established in all the large cities. The Pere Marquette tracks adjoin the factory, and large shipments are made over the lines daily. The president, E. B. Clark; the vice-president, T. P. Gaylord, and the secretary-treasurer, H. P. Field, are in charge of the home office in Chicago, while Works Manager M. L. Hanlin, and his assistant, E. D. Ross, reside in Buchanan and operate the plant, not the least among the reasons for the success of which is the push and business ability of the men who have its career in their hands.

MILLER NEW SUNSET

TELEPHONE MANAGER

Succeeds W. A. Wheeler, Who Goes to the Los Angeles Office.

A Santa Barbara, Cal., paper says as follows concerning a former Buchananite:

E. L. Miller, formerly district manager for the Pacific Telephone and Telegraph company in the Santa Barbara district, and afterward manager for the company at Ventura, after the district was divided, has been appointed to take charge of the local office and has relieved W. A. Wheeler, who has been manager here for some time and who now goes to Los Angeles, and will, it is understood, work out of that office in the future.

Mr. Miller has just returned, after passing several months at his old home in Michigan. On his return to Ventura, where he intended to again take up his old work, he received instructions that a change had been decided on here and was told to pack his things and get to Santa Barbara as soon as possible.

At the same time Mr. Wheeler was notified to report at Los Angeles, where, it is understood, the company had arranged to place him in a good position.

Mr. Wheeler has many friends in this city who regret that he has been called upon to leave. Mr. Miller, however, is also well known here, and numbers a great many of the business men of Santa Barbara among his friends.

PLANT WHEAT LATE

Berrien Township Farmers Waited to Avoid the Fly.

Hon. Cyrus B. Groat reports every farmer in his neighborhood in Berrien township as being busy just now with wheat planting; as scarcely any one had any planted before the recent rains and they were holding off on account of the fly. While this is late for wheat planting Mr. Groat says it is not too late, as he knows by his own experience. A number of years ago they planted their wheat on the 15th of October. Mr. Groat had grave doubts about it and told his son, Max, he believed they were simply throwing the seed away, but next year harvested 26 bushels to the acre from that planting; and the grain was No. 1.

GLIMPSE OF CROWD IN BUCHANAN ON "GOOD ROADS DAY" MARCH 30, 1911

The report of the County Good Roads Commission recalls the interest which was aroused in the roads movement here last spring and the big meeting which was held, when actual road-building demonstrations took place.

SMALL BOYS ROB IN WILD WEST STYLE

Enter Office Building, After Shooting Out Windows, And Carry Away Plunder

Sweeping down upon the office building adjoining George H. Black's factory in genuine wild-west fashion, shooting the glass out of the windows to effect an entrance, thoroughly ransacking the place and carrying away considerable plunder, two Buchanan youths exhibited a spirit of lawlessness and bravado last Sunday afternoon such as Capt. Kidd, the famous pirate and freebooter, might have envied.

George Eisenhart, 11 years old, and the little eight-year-old Moyer boy burglarized Mr. Black's office in the manner above described, carrying away a magnifying glass, small adding machine, draughting tools, erasing knives, electrotypes, scissors, wrenches, punches, etc. They also entered the engine room of the factory and, removing the brass covers from the oil cups on the steam engine, took them away. The boys divided the plunder and each took his share home after fabricating a yarn to tell their parents to the effect that they found the plunder down the Pere Marquette track.

The parents of the boys turned the stolen articles over to Deputy Sheriff McCollum, who conducted an investigation with the result that the little Moyer boy was called out of school and questioned, whereupon he confessed. The Eisenhart boy was then summoned, but he denied any knowledge of the robbery. However, under pressure he also confessed, and after denying that he still had some of the stolen articles hidden away, finally weakened and admitted that he had. He was sent home and returned in a short time with the various articles he was retaining.

County Agent Bullard has been notified and will take charge of the case.

GOVERNMENT O. K'S. PATENT

P. & P. Mail Deliverer Pronounced Success

The Three Oaks Acorn contains the following relative to the patent of Messrs. Patton and Paxson, the latter being the father-in-law of Ira Wagner of this place:

Word has been received from the postoffice department at Washington, D. C., that the P. & P. mail delivering device, which was demonstrated at Galien July 23, in the presence of postoffice officials from Washington, is a decided success. Messrs. Patton and Paxson are optimistic over the success of their patent, and feel certain that when a few minor changes have been made in the device, it will eventually be adopted by both the government and railroads.

THREE DIVORCE DECREES GRANTED BY COOLIDGE

Judge Coolidge Tuesday granted three divorces of divorce. Maggie Cogan of Benton Harbor is given a divorce from Daniel Cogan on grounds of cruelty and non-support.

Elize Jane Carmichael of Niles is granted a divorce from Ralph D. Carmichael on grounds of cruelty and non-support. A similar decree is granted in the case of Pearl Bowker vs. Thomas Bowker of Niles. The court orders Bowker to pay alimony of \$18 per month, a solicitor's fee of \$50 and also \$100.

Judge Coolidge filed a decree in the case of Phillip Lynch vs. Isabel Deleau et al in which the court finds a shortage in a parcel of land deeded to the Deleaus and orders a new measurement of the property.

CLAIMS TWO VICTIMS

Wm. Pomeroy Killed on Michigan Central Near Niles.

William Pomeroy, of Decatur, Mich., was the second man killed on the Michigan Central railroad at Niles within five days. He met death some time last Thursday night, the body being found shortly after daylight by the crew of a westbound passenger train. The accident occurred about a mile east of town.

The body was terribly mutilated, the skull being fractured, face lacerated and many bones broken. It was removed to the Skalla morgue to await word from the relatives, who live at Decatur. Pomeroy's father and mother are living and he also had a wife, although he had not been living with her.

The man was in Niles last Thursday night and became intoxicated. While under the influence of liquor he is supposed to have wandered away down the railroad tracks.

Recently Elmer Hanley, of Kansas City, Mo., was killed on the railroad at Niles. He met death before the eyes of his brother.

DEATH OF WM. I. DICK

Former Buchanan Business Man Passes Away at Marion, Ind.

Wm. I. Dick, a former well known Buchanan man, who was in the restaurant business here up to 23 years ago, died at his home in Marion, Ind., last Saturday at the age of 63 years. Mr. Dick just recently retired from the restaurant business, in which he had been decidedly successful in Marion.

He leaves a widow, two brothers, John C. Dick of this place and Edward Dick of Mishawaka, Ind., also four sisters, Mrs. Anna Butler and Mrs. A. Willard, of Buchanan, Mrs. Briggs of Portland, Ore., and Mrs. Vinton of Pyland, Minn. John Dick and Mrs. Butler went to Marion to attend the funeral, which took place Tuesday.

The Marion Chronicle, under date of Oct. 7, said as follows:

W. I. Dick died at his home, 615 South Gallatin street, at 1:30 o'clock Saturday afternoon, after an illness of but thirteen days. Death was due to a complication of diseases and general debility. He had been very low for a number of days and his death was not unexpected.

Mr. Dick was one of the best known business men in Marion. Until the middle of July he had led an active business life, but owing to failing health he then sold his restaurant.

Coming to Marion from Buchanan, Mich., twenty-three years ago, he at once engaged in the restaurant business and was engaged in this business during his entire residence here. At the time he came here he and Fred O. Gephart bought the Simon Koontz restaurant on the south side of the public square. Later Mr. Dick sold his interest in the business to Mr. Gephart. He then engaged in the restaurant business in a small frame building the second door north of Fifth and Adams streets and the west side of the street. In a short time the quarters were too small for his business and he moved across the street to what is still known as Dick's cafe. He was in business in that location for more than fifteen years.

Mr. Dick was born at Louisville Ky., sixty-three years ago. He is survived by his widow, four sisters and two brothers.

ASK \$57,000 FOR IMPROVED HIGHWAYS

Good Roads Commissioners Make First Report to the Board of Supervisors.

Urging that a two mill tax be spread on the assessment rolls of the county, which would provide for an appropriation of \$57,000 for good roads building during the year, the Berrien county good roads commissioners Tuesday morning submitted their first report to the board of supervisors.

The report specifically mentions fourteen roads in the county which the commissioners deem advisable to begin improvements upon.

PART OF ONE SYSTEM

"The parts of highways recommended for immediate improvement," say the commissioners, "are intended to be part of a system of main or leading roads which when connected will cover, we believe, the main thoroughfares in the county, and should as soon as possible be extended to county lines in each direction."

The commissioners are Frank Rough, Matthias Thar and W. M. Wissing.

TOOK IT UP WEDNESDAY

The report was read Tuesday morning by Clerk Clark of the board. Immediately afterward a motion was made making the report a special order of business for Wednesday afternoon at 2 o'clock.

Wednesday afternoon the matter was taken up by the board. Commissioners Rough, Thar and Wissing made a trip over the county and selected certain roads they desired improved, and caused a map to be made showing the location of these highways. The map is on exhibition in the supervisors room.

Opposition to the acceptance of the report became known Tuesday afternoon when the road commissioners put in a claim for their services and in addition a bill for auto hire for transportation over the county inspecting the highways amounting to \$28. Some member suggested that the commissioners, according to a previous vote of the board, were only entitled to \$3 per day for their work, and that other expenses were barred. A vote was taken on the motion that the claim of \$28 be allowed, but it failed to go through. This action is taken by many to mean that the opposition to the adoption of the report of the road commissioners has a strong following.

The following is the text of the report and describes the roads which the commissioners think should be improved and built in the three districts:

To the Honorable, the Board of Supervisors of Berrien County, Mich. Chairman and Gentlemen:

We, the undersigned County Road Commissioners, do hereby recommend for adoption the following roads as per map "A" accompanying and made a part of this report. Roads shown by black lines indicate system of main roads for the county. Red lines indicate parts of above described system to be taken over for immediate adoption and improvement, as follows, viz:

1. Pipestone road, Berrien township, one-half mile more or less, of road running north from township line in section 34, and one-half mile more or less in Niles township running south from the township line in section 3, connecting with above mentioned one-half mile in Berrien township, to be constructed of macadam or other suitable material at an estimated cost of \$4,000.

2. Also that portion of the Chicago road in section 34 of Niles township lying between the Niles city limits and the Niles-Bertrand township line, approximately three-fourths of a mile in length, at an estimated cost of \$3,200. To be constructed of macadam or other suitable material.

3. Also that portion of Buchanan road running south from the village limits of the Buchanan road in section 36, in Buchanan township and extending between sections 1 and 2 in Bertrand township; total length of same to be three-fourths of a mile more or less, to be built of macadam or other suitable material at an estimated cost of \$3,200.

4. One mile in length more or less of the Galien-Stevensville road, extending north from the village limits of the village of Galien, between section 34 and section 35 in Weesaw township, to be constructed of macadam or some other suitable material at an estimated cost of \$4,000.

5. Also that part of the Niles avenue road commencing at the top of hill on the southeasterly bank of Lemon creek near line between sections 11 and 14, in Oronoko township, thence northwesterly one mile more or less. To be built of macadam or some other suitable material, at an estimated cost of \$4,000.

6. One mile in length, more or less, on the Galien-Stevensville road between sections 14 and 25, on the east, and sections 15 and 22 on the west, commencing 80 rods south of section corner at the northwest corner of said section 14 and the northeast corner of section 15 and extending south to 80 rods south of the northwest corner of section 23 and northeast corner of section 22 and town 6, range south 19 west, Lake township. To be built of macadam or other suitable material, at an estimated cost of \$4,000.

7. One-half mile more or less on the Three Oaks road, extending south from the Three Oaks-Chikaming line between sections 34 and 35 and one-half mile more or less, extending north from said town line between sections 26 and 27 in Chikaming township. To be built of macadam or other suitable material, at an estimated cost of \$4,000.

8. Also that portion of the Lake Shore road commencing at the western limits of the New Buffalo village, extending southwesterly through section 9, three-fourths of a mile more or less, to be constructed of macadam or other suitable material, at an estimated cost of \$3,200.

9. Commencing at the city limits of Benton Harbor, running southeasterly in section 29 of Benton township, on what is known as the Pipestone road one mile or less, from the place of beginning. To be constructed of macadam or other suitable material, at an estimated cost of \$4,000.

10. Also one-half mile more or less of said Pipestone road running north from the village limits of Eau Claire between sections 32 and 33 in Pipestone township to be constructed of macadam or other suitable material at an estimated cost of \$2,000.

11. Also portions of Territorial road beginning at the city limits of Benton Harbor on Territorial street one mile more or less, easterly through section 17 of Benton township, to be built of macadam or some other suitable material at an estimated cost of \$4,000.

12. Also one-half mile more or less of said Territorial road beginning at the Benton-Bainbridge line running southwesterly in section 18 of Bainbridge township, to be built of macadam or other suitable material, at an estimated cost of \$2,000.

13. Also that portion of the Paw Paw river road beginning at the city limits of Benton Harbor, in section 7 of Benton township, running northeasterly towards Riverside, one and one-fourth miles more or less, to be built of macadam or other suitable material, at an estimated cost of \$6,200.

14. Also one-half mile more or less of the Paw Paw river road commencing at the village limits of Coloma, between sections 21 and 28, running east in Watervliet township to be built of macadam or other suitable material, at an estimated cost of \$2,000.

The parts of the highway recommended for immediate improvement are intended to be part of a system of main or leading roads which when connected will cover we believe the main thoroughfares in the county, and should as soon as possible be extended to the county limits in each direction.

The estimates made on the several parts of roads which we have recommended are based upon a nine to

sixteen foot roadway. If we find in any section where we have recommended a piece of road, gravel of suitable quality and sufficient quantities, such portions of road can be built for considerable less than the estimated cost of macadam. In such cases we would recommend an increased mileage on these roads.

We further respectfully recommend that a tax of two mill on the dollar be spread upon the several assessment rolls of the county, for the purpose of raising sufficient funds to construct the above named roads and to create a contingent fund for necessary equipment and expenses.

Signed, Frank F. Rough, chairman, Matthias Thar, W. M. Wissing. The full board being present, Mr. Wissing moved the adoption of the report. Ayes and nays being taken with the following result: Ayes, 8; nays, none.

TO TAKE DINNER TODAY
The supervisors Tuesday morning were invited to partake of a dinner at the poor farm at Berrien Springs today and the board accepted the invitation. It has been two years since the board inspected this institution.

When Chairman Mathews called the board to order Monday afternoon all of the county solons were present with the exception of five. Super-

visors Franz, Clark and Daigneau, who represented Berrien at the meeting of the state board of equalization in Lansing, made verbal reports to the board concerning the committee's efforts to keep the county's valuation down.

DR. J. C. DAVIS DEAD FROM CARBOLIC ACID

Well Known Resident of New Carlisle Commits Suicide

Dr. J. C. Davis, one of the best known residents of New Carlisle and also well known in other parts of St. Joseph county, Ind., committed suicide about 10 o'clock Monday morning, taking carbolic acid. It is suspected that trouble with a relative over the settlement of an estate left by his father prompted him to act. He leaves a wife, mother and one sister, Mrs. Mary Peters of Chicago. Mrs. Peters came to New Carlisle from Chicago Saturday evening and held a conference with Dr. Davis regarding affairs concerning the estate which is valued at about \$75,000. It is said the estate was heavily encumbered and that Dr. Davis had trouble in taking care of the mortgages, etc. Dr. Davis was about 60 years of age.

Niles Girl in Runaway Escapade
Michigan City, Ind. Oct. 12—Eva VanSandt, 14 years old, of Niles, Mich., wound up a runaway trip of two days with a purloined horse and buggy by calmly going to sleep here last Thursday afternoon after she had been locked up, charged with horse stealing.

Miss VanSandt rented a horse and buggy at a Niles livery after running away from home. Then she made a round of several bakery shops and confectionery stores and loaded the buggy with pies, cakes and candies. Thus provisioned, she started out to see the country.

Shedrove five miles to Buchanan, Mich., before nightfall. Near Buchanan she stabled her horse and spent a comfortable night at a farm house, after spinning a yarn to satisfy the farmer that she was not a runaway.

The next day Miss VanSandt resumed her trip, stopping from time to time to rest her horse and open a fresh bag of sweets. By the middle of the afternoon she had covered the 30 miles between Buchanan and Michigan City.

"I don't care," the girl remarked when told that a telegram had been sent her father. "I certainly have had the time of my life." When Mr. VanSandt and an officer arrived from Niles they found Mr. VanSandt's daughter sound asleep. She started reluctantly for home an hour later.

Children Cry FOR FLETCHER'S CASTORIA

Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alternative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous narcotics nor alcohol.

The ingredients, as attested under oath, are: Stone root (Collinsonia canadensis), Bloodroot (Sanguinaria canadensis), Golden Seal (Hydrastis canadensis), Queen's root (Silingia sylvatica), Black Cherrybark (Prunus virginiana), Mandrake root (Podophyllum peltatum), with triple refined glycerine, prepared in a scientific laboratory in a way that no drug could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncomfortable symptoms, stops excessive nervous waste in convalescence from fever; for the run-down, anemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.

TAFT FLAYS CRITICS

SAYS ATTACKS ON SUPREME COURT ARE INSULT.

Rulings in Oil and Tobacco Cases Declared Plain Enough to Stop Restraint.

Aberdeen, S. D., Oct. 24.—In a speech before the Aberdeen Commercial club here President Taft replied with feeling to the charge that he had set up the Supreme court with the idea that it was to emasculate the Sherman anti-trust law, and declared anew his intention to have that law enforced to the letter.

The president referred to the criticism of the Supreme court's rulings in the Standard Oil and Tobacco trust cases, and said nothing could be further from the fact than the charges that the statute had been made ineffective.

The Supreme court, he said, had declared that any restraint of trade or combination for the purpose of suppressing competition and controlling prices was an inhibition of the law.

"I have challenged and I challenge again," he shouted, "any person to cite a case that he would condemn as a violation of the anti-trust law that would not be condemned under the decisions of the Supreme court. As yet I have heard no reply."

"The only answer that has come has been an insult to the court and an insult to me. It is the charge that I set up the court with the purpose and understanding that it would emasculate the statute. Oh, gentlemen, there is not the slightest foundation for that."

"I am proud of the men that I have put on the court, I am proud to have found men with a standing as high as they to take the places on that bench, and I am willing to abide by the record that they have made and that they will make."

"But now that we have gotten the law in shape for real enforcement, after twenty years, I hear another cry that to enforce it will disturb business. I don't want to disturb business any more than anyone else. But that statute was on the statute books when I took the oath of office to enforce the laws of the land, and I am going to see to it, so far as I have the power as chief executive, that every one who comes within that statute feels its heavy hand."

HINES MAKES DENIAL

SAYS HE HAD NOTHING TO DO WITH STEPHENSON'S ELECTION.

Daniel Haley Declares "Jack-Pot" Story Was Started by Two Men "Joshing" in St. Louis Hotel.

Milwaukee, Oct. 24.—Edward Hines, the Chicago lumberman, before the Stephenson committee denied any and all stories which connected him with Stephenson's election, collectively and in detail.

He never had assisted in any way in the election of Senator Stephenson, nor conferred about it in any way. He said he had a quarrel with R. J. Shields and never gave him money or authorized him to pay money to help elect Senator Stephenson.

Mr. Hines said that all he knew about the election of Senator Stephenson was what he had read in the newspapers.

"The Hines-Stephenson story about a 'jack-pot' was started by two men in a Duluth hotel 'joshing,' where Daniel Haley overheard them, was the statement drawn from Haley on the witness stand."

"I think I told Cook I overheard two men 'joshing' in the St. Louis hotel," said Haley. "I think one was named Fisher. I did not know either, but

asked the clerk and he told me one man's name was Fisher."

"You based your statement to Mr. Cook on that?" asked Senator Heyburn.

"Yes, sir."

"Have you any other information about it?"

"None whatever," was the reply.

"I told Cook those fellows were laughing and joshing."

ARNOLDS BACK FROM EUROPE

Parents of Missing Dorothy Return Home From Continental Trip Dressed in Mourning.

New York, Oct. 24.—Mr. and Mrs. Francis H. Arnold, the parents of the missing Dorothy, returned on the steamship Vanderland, after a three months' stay in Europe. Mr. Arnold was disinclined to say anything about his lost daughter.

"I do not want to discuss the disappearance of my daughter any more," he said. "I have had no news of her since two o'clock on December 12 last year, when I heard she had gone." The Arnolds were dressed in mourning.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, O. "Throw Out the Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute.

Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

A. P. Taggart, 506 S. Fifth street, Niles, Mich., says: "I have used Doan's Kidney Pills and have found them a good kidney remedy. I was bothered a great deal by a pain in my back and a weakness of the kidneys. Learning of Doan's Kidney Pills, I procured a supply and I had used them but a short time before I knew that I was being helped. My back was strengthened and my kidneys were restored to a normal condition. I feel justified in saying there is no other remedy equal to Doan's Kidney Pills in curing kidney trouble."

COURT HOUSE NEWS

CIRCUIT COURT.

The jury in the case of Maud L. Moore vs. Dennis Murphy after being out about three hours rendered a verdict of \$190 in favor of the plaintiff. Mr. Murphy, who lives near Eau Claire, had some trouble over a line fence with Mrs. Moore and landed on the instep of the plaintiff, causing an injury and she charged an assault instituting suit for damages.

Charles Lahey having pleaded guilty to stealing money from the office of J. S. Tuttle at Niles was sentenced to Jackson, maximum five years, minimum two years, recommended for four years. Lahey made some objections to the sentence of the court and becoming somewhat imprudent was hustled out of the court room by the officers to the county jail.

Gustav Richardson and Anna Chandler charged with lewd and lascivious conduct, were brought before Judge Coolidge and Richardson pleaded guilty while the woman pleaded not guilty. Richardson was sentenced to the county jail for 90 days.

NEW SUITS.

Bessie Yagerman through Chicago attorneys has commenced a suit against H. J. Rush, proprietor of the Lakeview resort at Lakeside. On Aug. 30, 1909; the plaintiff alleges that Mr. Rush was conducting this place for hire and reward and she was a guest of such resort a couple of weeks. It was part of the proprietor's duties to transport guests to and from the resort to the railroad station which he did by conveyance to which was hitched two horses. On this date while returning to the station the horses ran away, throwing the plaintiff violently to the ground, from which she sustained several serious injuries to her person, which cost her some \$200 in an endeavor to be restored to health again. She therefore sues for \$10,000 damages.

Lewis A. King, administrator of the estate of John Critzer, deceased, has commenced suit against John Critzer, Jr., and Wm. Critzer, to set aside two certain deeds filed in the register of deeds office April 10, 1911, conveying 65 acres of land in Oronoko township to defendants. The bill goes on to state that John Critzer, Sr., died intestate on April 4, 1911, at the age of nearly 80 years. At the time he was living with a woman who went by the name of Mary Critzer and whose name is signed to the deeds and she claims to be the wife of the old gentleman, although it is alleged she is not, but has a lawful husband living from whom she has not been divorced. The children of deceased are Frank, John and Wm. Critzer and Liza Brant, Kate Colderwood, Clara Huss and Mary Schwartz. The farm property left was valued at \$7,000 on which there was a mortgage of \$800 and the two instruments filed conveyed 45 acres of the land to Wm. Critzer and 25 acres of the land to John Critzer, Jr. Certain provisions were made in the instruments to take care of the mortgage and in the deed conveying William his 45 acres it was provided that William was to pay Kate Colderwood \$100 and Clara Huss and Mary Schwartz \$300 each. It is now claimed that these deeds were obtained by the two sons in an unfair manner, it being alleged that the old gentleman could neither read nor write, was in his dotage and consequently did not know what sort of an instrument he was signing, so the estate petitions the court to set them aside and divide the property according to law.

Your money back at our store upon request if Rexall "93" Hair Tonic doesn't do as we claim. That's our guarantee. You obligate yourself to nothing whatever. Could you ask or could we give you stronger proof of our confidence in the hair restoring qualities of this preparation?

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm have carried us away, and Rexall "93" Hair Tonic not given entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer. We assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, or the above guarantee becomes operative. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store. I. L. H. Dodd.

Dowagiac and Items

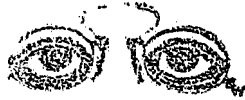

F. E. Lee left Montpelier, N. D., last week to resume the work on his 2,700 acre ranch. There was 1,200 acres of wheat threshed there this year and it was a good crop.

Will Brenneman has returned from an extended stay at Alice, Col., where nearly 11,000 feet up the mountains Charles Harmon, is opening a valuable gold mine.

The Dowagiac grape harvest is about ended and the crop will amount to just 40 cars. Thirty-eight have gone out, and two more will be loaded soon, thus ending the shipment for this year. The rainy weather spoiled fully ten cars, possibly more. There was every indication of an enormous crop, and the loss from this source has been great. Late year late frosts in the spring killed the buds here, but three and one-half cars were shipped.

At the John M. Cullinane farm in Silver Creek six acres gave a yield of 12,400 baskets which, is the banner report so far.
