

Buchanan Is Thankful for Growth and Prosperity

HAWLEY BEQUEST CLAIMED

BY CHICAGO Y. M. C. A.

Millionaire Institution Has No Scruples About Gobbling Up Funds Which Should Rightfully Come Here.

The Chicago Y. M. C. A. has politely informed the officers of the local Y. M. C. A. that, as regards the \$25,000 bequest the late Mrs. Hawley left the local association, with a stipulation in the will to the effect that the money was to go to the Chicago Y. M. C. A. if there were no such association in existence in Buchanan at the time of her death, that the law must take its course. In other words, the Chicago Y. M. C. A. has no scruples about taking a mean advantage of a technicality to deprive the youths of Buchanan of the wholesome influences under which they would be brought were the money, in question, to be expended in providing and maintaining a Y. M. C. A. building here. It has been about 25 years since a meeting of the local Y. M. C. A. has held a meeting. Funds became so scarce that the carpet and furniture had to be sold to meet obligations, but the records were carefully preserved by the officers, who, according to the constitution, were to hold over until their successors were elected, although no more formal meetings were held. Hence, in the eyes of the law, the association might be presumed to be dead by lapse of time, although as a matter of fact the motives which actuated those men to organize in a mere hamlet over a quarter of a century ago, are still strong within the breasts of the survivors, who would love to see the association resuscitated and the plans which they reluctantly relinquished in the face of obstacles which they could not overcome, carried out by the aid of the Hawley bequest. But the heartless millionaire Chicago Y. M. C. A. is ready to fight for the little bequest, in question, and it is doubtful if the local association will carry the matter into court in the face of powerful odds.

HOWE-ZERBE NUPTIALS

Well Known Buchanan Business Man Becomes a Benedict.

Harry B. Howe, junior member of the retail lumber firm of Wagner & Howe, and Cora Zerbe, also of this place, were quietly married by Rev. Mr. Wright at the M. E. parsonage in Niles on Wednesday, the 22d instant. The newly wedded pair proceeded at once to Chicago, where they remained until last Saturday, when they returned home. They will reside on Day's avenue.

Miller School Social.

The entertainment and social given at the Miller school last Friday night was a decided success. The laughter and merriment provoked by the rendering of each number on the program told its own story of appreciation. There is no question but that Jay Reed and wife are entertainers of ability. Those who missed hearing them surely missed a treat.

Great was the agreeable surprise of the audience when the "Ghost" band appeared in the real live form of Prof. Snively and his able and well trained assistants. Each selection showed that the "boys" knew exactly what they were doing. The duet by Prof. Snively and Mr. Brown and the solo by Prof. Snively was indeed a treat greatly appreciated. The winners in the prize box contests were awarded as follows: Mr. Rose, the watch; Chas. Fuller, the ring; Frank Miller, the two pound box of candy.

NILES GIRL IN NARROW ESCAPE

Daughter of Attorney Bacon Exploring Underground Lake, Near-victim

COMPANION WAS DROWNED

Exploring Party Headed by College Instructors Ends Fatally in Underground Cave Which Was Being Explored

Niles, Nov. 27.—Miss Marie Bacon, daughter of Mr. and Mrs. Fred A. Bacon, and well known in Niles, came nearly losing her life in an accident which resulted in the death of one young lady. Particulars have just been received from St. Louis.

Teachers and geological students of the Washington university had gone to Onondaga Cave, seven miles from Leesburg, Mo., on an exploring expedition, with Prof. McCourt in charge.

The expedition was the fourth that Prof. McCourt had conducted through the cave. He had been through the cavern six times and was familiar with its interior.

At the mouth of the cave is a lake about seventy yards long. It is necessary to cross this in boats, which are furnished by the Onondaga Cave Co. These boats are flat bottomed affairs containing seats for ten persons.

Rather than risk overcrowding, Prof. McCourt divided the party into two sections. Those in the second boat were Richard Sparks, assistant professor of geology, a guide, Miss Cook, Miss June Oehler, Miss Marie Bacon, Miss Beatrice Jennings and Miss Helen Bryars. Prof. McCourt remained behind for the boats to return and get him.

The landing place is where the cave opens into a big room where there are tables for the accommodation of visiting parties who wish to lunch there. As the first boat neared this, Prof. Wilson looking back, saw the other boat begin to sink. In a few seconds it was out of sight, the torch of its guide and the lanterns of its other occupants being extinguished.

Wilson unloaded his boat at the landing and, with the guide hastily poled back to the other party. On a knob at the bottom Sparks was standing, his head barely out of water. He was supporting Misses Jennings, Bacon and Shryock. Miss Oehler was standing on the edge of the submerged boat, her head out of water.

Each of the young women were taken in turn to a nearby ledge, as it was impossible to take all of them in the boat at once.

While the rescuers were on the ledge Mrs. McCourt, from the party, called out to know if all were saved. Then it was that Miss Cook's absence was noticed.

Sparks plunged back into the water and swam back to the scene of the accident. It was too dark to see, but he finally found the drowned girl's body floating about six inches from the surface.

GAVE FAREWELL PARTY

Mr. and Mrs. C. H. Baker, are Guests of Honor at the Richards Home.

The "500" club gave a farewell party for Mr. and Mrs. C. H. Baker, who are soon to leave for California, at the home of Mr. and Mrs. Alfred Richards last Friday evening. The favors at cards were won by Mrs. Edson Weaver and H. F. Kingery. A luncheon followed the games. The house was attractively arranged with ferns and carnations.

WM. A. PALMER

PALMER SERIOUSLY ILL

Prominent Buchanan Man is Slightly Improved Today

W. A. Palmer, who has been seriously ill for the last 10 days, is slightly improved, having rested fairly well last night, and the attending physician takes rather an optimistic view of the situation this morning. Mr. Palmer's illness is due to a complication of troubles. Up until about a year ago he had always enjoyed seemingly inexhaustible good health, but of late his friends have been aware that he was failing. However, a speedy recovery is hoped for.

At a meeting of the Berrien County Bar association at the court house, plans were laid for a big banquet to be tendered by the attorneys of the county to Hon. Orville W. Coolidge in commemoration of his retirement from the bench after eighteen years of able and conscientious service. A resolution was passed, setting the date as January 3. It was first proposed to hold the affair on December 28, but as some of the attorneys feared they could not be present the later date was selected as most convenient to all.

TOWN HALL MOVEMENT IS BEING PUSHED VIGOROUSLY

Old Times Recalled

Items from Berrien County Record June 6, 1867:

Captain Reynolds has christened his new river steamer "Scuyler Colfax." The steamer will draw but fifteen inches of water when light and will ply between South Bend and St. Joseph.

Mr. N. H. Merrill has received the appointment of postmaster in this village vice Howell F. Strong.

If you want good music for the Fourth you can not do better than employ the Buchanan Silver Cornet band. Communications addressed to Henry Hertzelsheimer will receive prompt attention.

The difficulty relative to the proposed dam in Niles has been referred to arbitration, with R. C. Paine, J. Galtmayer, Geo. Bond, D. Lacy, R. T. Twombly and J. Johnson acting as arbitrators.

Rev. Porter B. Parry of Three Oaks, will preach next Sabbath morning and evening at the Presbyterian church.

We have neglected to call attention to the fact that Dr. McLin has settled among us.

At a meeting held in Union hall Tuesday the following committee was appointed to solicit subscriptions for the appropriate celebration of the Fourth of July: J. M. Russell, N. Hamilton, Frank Ross, J. H. Roe and Wm. Williams.

The first Fischer dancing party of the season will take place at Rough's opera house the evening of Dec. 21 under the auspices of a coterie of society ladies.

That \$15.00 cloak sale at Boardman's has proven one of the biggest hits of the season. They are installing the \$15.00 system, making a specialty of \$10.00, \$12.50 and \$15.00 coats.

D. L. Boardman was in Chicago the first of the week, replenishing his cloak stock. The great reduction sale made it necessary to buy more coats, and although these are all \$20.00 and \$22.50 coats they will all be put in the sale at \$15.00.

The ladies of the M. E. church will conduct a bazaar at the church on Dec. 7, 8 and 9, and in addition to the other booths there will be a dolls' booth, and in the grocery department baked goods will be sold. A dinner will be served on Saturday, the 9th of December.

Boardman's sale of coats announced last week, \$20.00, \$22.50 and \$25.00 "cloth coats" at \$15.00, and others in proportion, will continue throughout the season, and if present indications count, will live people to the fact that his is the store where the best cloak values can be obtained.

Lack of Suitable Building For Holding Public Meetings is Felt--Would Provide Repository for Records.

MEETING OF GOOD ROADS BOOSTERS

Informal Discussion at The Record Office—Commissioner Rough Present.

Owing to the illness of W. A. Palmer, president of the Good Roads Boosters' club, the regular meeting which was to have been held last Friday evening was postponed. However, a number of the club members assembled at The Record office and an informal discussion of the subject, "Good Roads," took place.

Among those present was Frank Rough, chairman of the Board of Berrien County Road Commissioners, who enlightened the gathering as to what the commissioners are doing.

He said the commissioners are engaged in grading the Paw Paw river road in Benton township, where a mile and a quarter of road is to be built early next spring. This particular piece of road is in a deplorable condition and some repairs would be necessary if the Commission did not go ahead with the work.

County Surveyor Cleary is about to commence surveying three-quarters of a mile of road that is to be built in Buchanan township, just north of the village limits. The commissioners have not yet decided upon what kind of material will be used. For instance, if a good bed of gravel is found in any given locality when the work of grading is in progress, it would be used in building the road. The roads to be built in the Benton Harbor district have been surveyed, and the mile of road to be built in Galien township has also been surveyed.

The commissioners advertised for bids for grading the Paw Paw river road but no responses were received, hence the commissioners hired a steam shovel from the Benton Harbor Brick and Tile company, and a number of men and teams have been hired.

Of the \$56,000 which will be available, the commissioners will use about \$49,000 next year, the balance to be used in creating a contingent fund to be drawn upon in case of emergency.

The benefits of organizing the townships for the purpose of dragging the roads at intervals was discussed, and Frank Rhoades, who was present, said he took care of and dragged two miles of road in Bertrand township during all of last season at an expense to the township of about \$12. The township uses nine road drags and gets decidedly good results.

COLVIN DISTRICT

Floyd Hartline and wife announce the birth of a son Tuesday.

The hard times party given by the Grange to their friends last Saturday night at their hall was a decided success, everyone having a good time. The costumes certainly denoted hard times, as did also the refreshments, which consisted of corn bread and butter, baked beans and apples; but judging from the way they disappeared they met with approval.

The social at the Miller school last week netted a sum of \$15 for the school.

Mrs. Thos. McCormick has been spending a week with relatives in Buchanan.

Mt. Tabor Grange will hold their next regular meeting Friday evening, Dec. 1, when they will confer the 3d and 4th degrees on a class of candidates, and enjoy a harvest feast. Roll call, "First Aid to the Injured." All members are urged to come.

Inspired by the crying need of a public building, which would at once serve as a town hall, with fireproof vaults in which to store the public records, and a place for holding public meetings, elections, etc., a number of enterprising citizens are behind a movement to bring about the erection of such a building. At present both village and township records are scattered and have been scattered about for years, and in case of fire might be destroyed, thus leading to endless confusion. The lack of a suitable building for holding public meetings is apparent, and there is every reason why the movement, in question, should succeed. Following is a copy of a petition which is being circulated, together with a list of signers to date:

TO THE COMMON COUNCIL OF THE VILLAGE OF BUCHANAN, AND THE TOWNSHIP BOARD OF BUCHANAN TOWNSHIP:

We, the undersigned freeholders of the village and township of Buchanan, favor the erection of a public building in said village, such building to contain an auditorium, to be used for public meetings, a convenient place for holding elections, and to contain necessary vaults for the protection of the public records, and offices for the use of the officers of said village and township. And we would respectfully request you to submit the question of raising money for said building to the qualified electors of said village and township. The cost of erecting and equipping said village not to exceed \$10,000.

NEW PASTOR OF THE U. B. CHURCH

Rev. Frank E. Peck, pastor of the United Brethren church, was born near Grand Rapids, this state, Nov. 1, 1870. He attended the public schools and later entered Mizpath Theological academy, from which institution he was graduated in 1890. He then entered the West Michigan Business university of Grand Rapids, graduating in 1892. Subsequently he taught school for seven terms, after which he decided to enter the ministry. He spent several years in Evangelistic work, during which time he held 100 revivals and over 5,000 converts were made during the time. In 1904 he entered the regular ministry of the U. B. church, and was appointed to the pastorate of Six Lakes, where he remained two years. He then spent three years as pastor at Brown City, after which he was appointed to the pastorate of Marcellus, from which place he came to Buchanan October 1 of this year. Mr. Peck was married to Miss

Agnes Shoultz of Hart, Oceana county, this state, 18 years ago. Mrs. Peck is also an evangelist and singer, and is of great assistance to her husband in the ministry.

Farmers take great pride in thoroughbred stock and in growing the best varieties of grain and vegetables; but, judging from appearances, very few realize the pleasure and profit that may be derived from caring for a flock of pure bred poultry.

It costs no more to raise thoroughbred stock than mongrels, after you get started, and now is your chance to buy as well bred WHITE WYANDOTTES and BARRED PLYMOUTH ROCKS as you could get anywhere, and at greatly reduced prices.

I have a number of vigorous youngsters of both the above breeds and must sell them during the next two weeks to make room for layers. Single cockerels \$1.00. Come early and get first choice. Three for \$2.50. The White Wyandottes cannot be surpassed for both eggs and meat. They are great winter layers and keep it up every month of the year.

Their pretty, curved bodies, red wattles and combs and yellow legs, with their crystal white plumage make them a beautiful sight, and they are about as large as the Rocks, having the advantage of low rose combs, that scarcely ever suffer from freezing. A hen with a frozen comb does little laying.

REV. F. E. PECK, At U. B. Parsonage, 34 Oak St., Buchanan, Mich. My birds win in exhibition every time. 1st Barred Rock Cockerel at Grand Ledge, and 1st pullet at Cassopolis. White Wyandottes won, 1st Cockerel, 1st Hen, 1st and 2d Pullet and 2d Cockerel, also at Cassopolis this year.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtue of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and

agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Buchanan only at our store—the Rexall store. T. L. H. Dodd.

Must Not Use Ferrets

Elmer Esalhorst, an Eau Claire man, wrote the state game warden asking him to fully interpret the law concerning the use of ferrets in hunting rabbits and received the following reply:

Dear Sir:— I have your letter of Nov. 8th and in reply will say that you have no right to use ferrets for the purpose of hunting rabbits upon the land of another. A farmer or a fruit grower has a right to use ferrets for this purpose, but that right does not extend to anyone else. A farmer cannot confer upon any person a privilege which is forbidden by the law. You also ask if a farmer invites you to go hunting with him on his farm and he has no ferret and you have, would it be lawful? To this I will say as I have said before, you have no right to use a ferret in hunting rabbits at all except on your own lands.

GALIEN BABY WINS

Concerning the outcome of the baby contest in which a Galien baby won a \$100 prize, the St. Joseph Press says: Galien village is rejoicing today over the success of Baby Truit and congratulating the parents, Mr. and Mrs. L. L. Truit, who won first prize in District No. 3. Miss Ruby Baldwin, who won second prize, is the daughter of Mr. and Mrs. Frank Baldwin of Sawyer, and granddaughter of Mr. Ohas. Binchman, prominent in the south end of the county, who was greatly interested in the success of his granddaughter and can well feel proud of her successful finish. Mr. and Mrs. Harry Pfinghant of New Buffalo, are the parents of Miss Lucile, who captured third prize in this district.

DUCK FEASTS ARE ALL OVER

Flocks Have Practically Deserted the Nearby Lakes

MANY HUNTERS HAPPY

Sister Lakes Ruled Favorite With Sportsmen From the Twin Cities

Dowagiac News: Duck hunting season is practically closed at the nearby lakes. Last week it was at its height; today the ducks are gone. Sister Lakes, Indian Lake, Magician Lake were points of attraction for Twin City hunters. They have invariably gone home with loads of bluebills. One party of six went home with 150 ducks. This catch has been told before. Roy Wallace and George Johnson, after spending three days at Sister Lakes, returned with forty-six ducks. Wm. Poundstone, H. B. Corell, John T. Owens, John Hamilton, F. H. Hammond and Rolland Barr of St. Joseph, were hunting at these lakes Friday. Bert Nowlen and son spent Thursday at Sister Lakes. Among others who have had their full allowance of ducks at Sister Lakes upon several different occasions are W. H. Woodley, L. J. Smith and B. G. Watson.

Hunters returning from Indian lake report the game in large numbers.

Saturday duck hunters returning from Sister Lakes report the game scarce.

GETS OUT ON \$2,500 BONDS

Walter Sauerbier Furnishes Bail and is Bound Over to Circuit Court

Late Saturday afternoon Walter Sauerbier, the St. Joseph baseball pitcher charged with the death of Gilsen Crumb of Coloma, was released on \$2,500 bail, the amount agreed to by Prosecutor Andrews. The father of the young man and Louis Schultz of St. Joseph, qualified as bondsmen.

Sauerbier waived the formality of the preliminary examination and accordingly was bound over to the circuit court for trial. The charge remains the same, but will doubtless be reduced to murder in the second degree, and maybe manslaughter, when the case comes to trial.

While Sauerbier will probably be brought to trial during the November term of court, it is hardly thought the case will start until after the first of the year. No agreement as to when the case should be brought to trial has been made to date between the prosecutor and Sauerbier's counsel.

The Bell.....9

Entered as second class matter March 5th 1908 at the post office at Buchanan, Mich. under act of March 3, 1879

SITUATED on the St. Joseph river, that great power producer, 87 miles east of Chicago, in the heart of the famous Berrien County Fruit Belt, Buchanan offers inducements many and strong as a factory and residential site.

ance of certain property in New Buffalo township to the two defendants, which is alleged to have been done to defraud, hinder and delay complainant in the collection of his claim. A temporary injunction has been granted by Judge Coolidge restraining defendant from in any way encumbering the real estate mentioned in said bill.

Judge Barr received a telegram from the chief of police at Elkhart, Ind., Friday morning, wanting this county to take care of Maggie Nash, daughter of the late George Nash, of New Buffalo, she being detained there in a demented condition. Judge Barr for the past year has received several communications from the woman at Michigan City, one of them being at 215 West 5th street, and the Judge wired the Elkhart chief that Maggie was not a legal resident of this county.

The Elkhart Truth says: The police department is in receipt of a communication from C. H. Schultz, of New Buffalo, Mich., in which the information is given that Maggie Nash, the alleged insane woman who was recently taken into custody by the police, is the daughter of Geo. Nash, and that the writer is the administrator of the Nash estate. Chief Rinehart has wired for more particulars and instructions as to what disposition to make of the case.

Judge Barr talked with Mr. Schultz over the phone regarding the case and the New Buffalo man declared Mrs. Nash had not lived there for over a year. The demented woman has written Judge Barr several curious letters in which she seeks to gain a portion of the estate of which Mr. Schultz is administrator, and wants the court to see that she is not turned down when the settlement comes.

Might Versus Right.

The Chicago Y. M. C. A. has decided to take advantage of a technicality and gobble up the \$25,000 bequest the late Mrs. Hawley left the Buchanan Y. M. C. A., with the stipulation that if there were no such organization in existence, the money should go to the Chicago Y. M. C. A. The Buchanan Y. M. C. A. was confronted with chill penury to such an extent that it became necessary to remove the carpet from the floor of its modest meeting place and sell it to raise funds with which to pay the rent. That happened 25 years ago, and the association never acquired another home, although the officers are still in possession of the records. But none of Mrs. Hawley's money is to be spent in reviving an association which a few brave pioneers in the work of preventing boys from going astray by bringing them together under proper influences for their moral and physical welfare, had the courage to organize under adverse conditions, if the Chicago Y. M. C. A. can prevent it. The latter association is reputed to have a surplus of about a million dollars, and still it is so sordid and greedy as to wrest a mere pittance from the youths of a country town. "Y. M. C. A." is a misnomer in the case of the Chicago association. The bristles stand out all over the big institution, which is looked upon as rapacious and cruel by the survivors of that little band which organized in a straggling village over a quarter of a century ago an association actuated with more religious zeal and brotherly love than the brazen millionaire Chicago association ever dreamed of. The Golden Rule is a joke in the eyes of so called Chicago Y. M. C. A., which is busy heaping up the gold, which may be converted into a brazen calf eventually, judging from present trend of affairs.

Anent Tax Law Revision.

A prominent manufacturer, whose plant has contributed very materially to the building up of one of the principal cities of the State, suggests that there is no necessity of a radical revision of our Tax Laws. He says, "I cannot understand just why there is so much noise about revising the Tax Law, to make the manufacturer pay more taxes. If there are manufacturers who do not pay enough, the Tax Commission has authority to raise their assessments. It never had this authority until August of this year. Does anybody claim that it has already demonstrated that it is either incapable or untrustworthy in handling this power? Why not give it a chance to see if it cannot correct any injustice there is?"

"Why is it necessary to take away from local assessors all the authority in these matters? Have all the local assessors in the State demonstrated that they are unfair with all other kinds of property except manufacturers? Ought they not sometimes to have the right, if their community wishes it, to favor a struggling industry that is building up the city? A good many of the successful Michigan factories have been encouraged and fostered by this means and have paid the debt back with interest by multiplying the inhabitants and the wealth of Michigan towns. It may be true that some manufacturers are not paying on the fair cash values of their properties, but looking at it from a purely selfish standpoint, how many other men can truthfully say that they are assessed on their true cash value? I am curious to know what would happen if we applied to this situation the old rule that 'He who is without fault should cast the first stone.'"

Another Big Improvement.

In the effacement of the gnarled and marred and decrepit old building which stood on a highly desirable site, just west of the post office on Front street, another big improvement has been brought about. The march of Progress proceeds apace, and notable changes are being effected. The town has, indeed, entered upon a new era. During the present year upwards of a score of new buildings, including a big factory, mercantile block, church and numerous handsome dwellings have been erected and the outlook is that even more building will be done next year.

KINNANE WILL SPEAK

Invited to Deliver Oration Memorial Sunday Before Benton Harbor Order

Benton Harbor, Nov. 29.—James H. Kinnane, former statesman, of Dowagiac, and Congressman Hamilton's opponent in the coming congressional primary, will deliver the principal address of the day at the Elks' memorial services this year. Annually the order convenes in a lodge of sorrow and devotes an afternoon to the memory of those who have departed from this life. A few weeks ago the committee in charge of the services invited the distinguished Dowagiac citizen to speak on the occasion and he has just accepted the invitation.

Mr. Kinnane is a very fluent and an able talker. His services are always in demand on such occasions as these and the local lodge considers itself lucky to secure him.

Memorial day with the Elks falls on the first Sunday in December. In past years the services have been held at the Bell opera house, but next Sunday the new lodge room in the order's own home will be used. A special program is being prepared for the occasion, to which the public will be invited.

CRIMINAL CASES

NOT SO PLENTIFUL

Calendar For Next Term of Circuit Court is Light

The closing term of circuit court for the year, the November term opening last Monday, presents the briefest criminal calendar in a long time. It is barely possible that the Sauerbier case will come up for trial during this term, although it can legally go over until the new term in the beginning of the new year.

Among the criminal cases that will be tried are:

People vs. D. Frank Gable, violation of liquor law, two counts; People vs. D. Frank Gable, running gambling room; People vs. Henry Moon, larceny from person; People vs. Charles H. Crossman, furnishing liquor to minor; People vs. Sherman Davis and Martha Hays, lewd and lascivious conduct; People vs. Henry A. Dahlan, violation of the liquor law; People vs. Elmer E. Rouse, selling ice cream containing insufficient butter fat; People vs. Charles Pooch, drunk and intoxicated; People vs. John Tough, burglary; City of St. Joseph vs. David J. Stewart, violation of ordinance.

The Rouse case promises to be interesting as the state pure food law is involved.

There are thirty-eight jury civil cases booked for trial, two non-jury cases and fifty-five chancery cases.

COURT HOUSE NEWS

NEW SUITS.

Ada Case vs. Rudolph Wurlitzer Co. Suit is instituted to collect \$1,500 damages for breach of contract. On Nov. 2, 1905, plaintiff's husband, Benj. R. Case, entered into contract with defendant relative to the exclusive sale of certain musical instruments, in particular band organs; that he was to have 20 per cent commission on all sales. On March 9, 1908, the claim was assigned to Ada Case, his wife. The declaration goes on to say that the defendant sold to Drake & Wallace a band organ for \$5,000, on which plaintiff claims \$1,000 commission, which said company refuse to pay, hence the suit for principal, interest and other expenses in connection with the case.

Ignatius Kazmarek has commenced suit for \$10,000 damages against Adolph Tober, for malicious prosecution. The declaration recites that on June 9, 1911, plaintiff was arrested on a capias and was

confined in the county jail for three hours, the result of which the plaintiff had to give \$1,000 bail to the sheriff, it cost him about \$150 to gain his liberty and in addition was put to shame and disgrace as a consequence. The declaration further states that defendant pretended he was administrator of the estate of Arthur Tober, deceased, had commenced action against him for damages and during the trial in the case that action was not maintained and a decision was given in favor of Ignatius Kazmarek.

J. M. Benjamin has commenced an action against W. Hilles Smith. In this case plaintiff alleges that on Oct. 11, 1911, he was riding on his bicycle on Oak street in Niles, and striking a sand pile and other building material at the end of a sidewalk on defendant's property was thrown with great force and violence on the stone walk, receiving permanent injuries about the limbs and body and to his nervous system, resulting in the expenditure of \$100 for medical services and will have to spend some \$500 more in an endeavor to help his condition. Plaintiff avers he is an electrician and is unable to work, as the result of such injuries, and therefore sues for \$5,000 damages.

PROBATE COURT.

Judge Barr has entered an order declaring Anna Bohlman, of Royalton township, of sound mind, which does away with the guardianship and allows her to manage her own affairs.

Ada Case vs. Rudolph Wurlitzer Co., defendant, and August Peters, garnishee defendant. Suit in garnishment to collect \$1,000 alleged to be due the plaintiff.

Henry Kruger vs. Edward H. Kruger and Laura V. Nivling. Bill of complaint filed and injunction prayed for in an effort to collect a judgment of \$603 and \$37.40 costs obtained Nov. 29, 1909, against the estate of Ludwig Kruger, Sr. On March 17, 1908, the bill alleged, said Kruger made a pretended convey-

CODLING MOTH DESTRUCTIVE INSECT IN APPLE ORCHARDS

With Possible Exception of San Jose Scale it Causes More Damage Than Any Other Pest—Everything Should be Gotten in Readiness for First Spraying in the Spring.

(By J. E. BUCK, Virginia.)

With the possible exception of the San Jose scale the codling moth is the most destructive insect with which our orchardists have to contend.

These worm pests, which leave the apples in late summer and fall, hide and spin cocoons under bark scales, in rubbish about trees, in decayed places on the tree, and about apple bins and storage houses. In these cocoons they pass the winter.

In the spring, as the days begin to get warm, the worm changes to a "pupa" inside the cocoon and soon the pupa changes to a moth, which splits the case and crawls out.

It seems quite generally true that the temperature conditions governing the blooming of apple trees also occasion the appearance of the moths in the spring. This habit of the moth furnishes the very best opportunity of combating it. After the petals fall from the bloom, for a period of a week or ten days, the calyx cavity remains more or less open, and the young apples more or less upright.

As 70 per cent. or more of these first worms enter the young apples at the calyx, or "blossom end," this furnishes an excellent opportunity for filling the calyx cups with poisonous spray, so that when the young worms endeavor to eat their way into the apple they are killed by the poison.

This first application of spray should be made inside of a week after the petals fall from the bloom. Readiness for this first spraying, for it is certainly the most important of all the sprayings, it being possible to kill over 95 per cent. of the worms by one thorough application of arsenate of lead at this time. A second applica-

tion should be made about a week later, to supplement the first. Either Paris green or arsenate of lead can be applied in Bordeaux mixture. The arsenate of lead can be

applied simply in water, without any danger to fruit or foliage. Paris green can also be applied in water, but unless used in Bordeaux, 2 pounds of lime should be slaked and added to each 50 gallons of spray to prevent possible damage to fruit and foliage.

Six to eight ounces of Paris green should be used to each 50 gallons of spray. In using arsenate of lead 2 pounds to 50 gallons of spray in mist sprays, has given us the best results. In mist sprays about 3 gallons were sprayed on each tree (nine-year-old trees of fair size). Some trees were ten to twelve years old. One and one-fourth pounds of arsenate of lead gave splendid results in drench sprays with high pressure. In drench

sprays 5 to 6 gallons were sprayed on each tree, which would make about the same amount of poison as in the mist spray.

Arsenate of lead has proven superior to Paris green in all the tests. It costs more, but the extra saving of fruit will make up the difference in cost. Both Paris green and arsenate of lead, when thoroughly applied, will produce a high per cent. of clean fruit.

Results of careful tests show that over 99 per cent. of worm-free fruit is possible on the picked apples by spraying with arsenate of lead, and over 98 1/2 per cent., counting all the apples that drop during the summer. The mist sprays with Paris green, 6 ounces to 50 gallons, produced as high as 98 1/2 per cent. of clean fruit on the picked apples, and 95 per cent., counting the dropped apples.

In using either poison the utmost care should be taken to have the exact amount desired. Either poison should be thoroughly mixed in a little water before putting in the spray barrel or tank. A good brand of arsenate of lead should be used, and there are many good brands.

It is a mistake not to feed the liquid before the solid food.

It is a mistake to feed constipating food and do nothing to correct it.

It is a mistake to feed breeding stuff as if you were fitting it for the market.

It is a mistake to feed all sizes together whenever the smaller ones are at a disadvantage.

It is a mistake not to provide the herd with comfortable quarters at all times. Failure in this will impair the usefulness of the feed.

It is a mistake not to grow the pigs rapidly from birth to market. They should gain every pound possible on the way.

It is a mistake to feed the brood sow corn before farrowing time. She should have cooling and laxative food.

It is a mistake to feed her heavily for some days after farrowing.

It is a mistake to feed the pigs sour milk when they are learning to eat.

It is a mistake to fail to feed pigs bone and muscle making material during their growth.

Feeding Calves.

We know an Indiana farmer who choked two fine calves to death by feeding them dry oats before he made up his mind his youngsters would do better on something else.

tion of spray should be made two to three weeks later, to supplement the first.

Either Paris green or arsenate of lead can be applied in Bordeaux mixture. The arsenate of lead can be

MISTAKES IN HOG FEEDING

Kansas Station Enumerates Sixteen Errors That Are Quite Commonly Made in Swine.

(By J. L. STANTON, Kansas Station.)

It is a mistake for one inexperienced to undertake the feeding of hogs unless he expects to make a study of it and improve upon his mistakes.

It is a mistake for the city farmer living in town to trust his hogs to the average hired man. He is not likely to make a success of it.

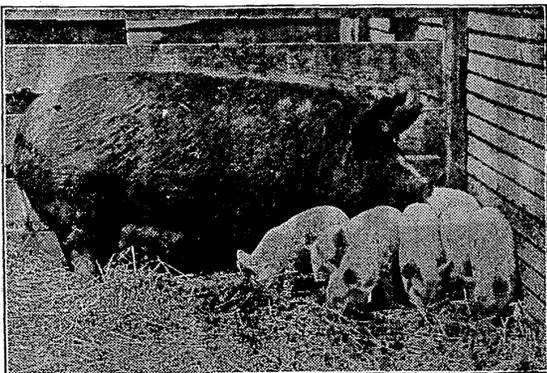

It is a mistake to try to raise hogs on an exclusive diet. You ask what kind of feed to give them? What kind of feed can be produced on your farm in your locality? Give them plenty of that in variety. These feeds should be given in such relation to each other as to meet the varied needs of the swine system.

It is a mistake to forget that the hog is a grazing animal.

It is a mistake if the hog is not fed in a clean place free from dust and mud.

It is a mistake to overfeed or underfeed.

SHOAT FEEDING EXPERIMENT

The New Hampshire Experiment Station reports useful experiments in feeding shoats. Fifteen of the shoats were divided into five lots and fed for 35 days. Those fed on soaked shelled corn showed a gain of 82.2 pounds, at a cost of 7.3 cents per pound; on shelled corn and skim milk a gain of 141 pounds, at a cost of 7.4 cents per pound; on shelled corn and middlings, a gain of 99 pounds, at a cost of 8.9 cents per pound; on shelled corn, mid-

dlings and skim milk a gain of 129 pounds, at a cost of 8.2 cents per pound; and on shelled corn, corn, middlings and molasses a gain of 104.8 pounds, at a cost of 8.89 cents per pound.

Preventing Sickness.

If you will attend to the feed problem and drinking water and keep premises clean and use the copper sulphate and epsom salts, you will not have any sickness in your flock.

CAN YOU ASK MORE?

Your Money Back for the Asking. You Promise Nothing

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to every one who uses it according to directions who is not perfectly satisfied

with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to direc-

tions. If they don't please you, tell us and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25c, 50c and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. I. L. H. Dodd.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrappers and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine or expose your system. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

LIFE ON THE FARM

L. F. Cauffman Keeps Record of an Ordinary Day's Work.

That there is always plenty of work to be done on the farm is shown by the following record of a day's work done by L. F. Cauffman, of Portage Prairie, on the 10th instant on his 60-acre farm:

Arose at 5 a. m., started fire in kitchen stove, built fire in furnace, lit lantern preparatory to doing chores, fed the hogs, fed three horses corn and hay, cleaned out stable, curried three horses, saddled one of the horses for Victor to ride to the district school, two miles distant, went to the house, fitted the moulding for bath room and nailed it on, went to breakfast at 6:30 o'clock, after breakfast went to barn and went to work putting gravel floor and stanchion in cow stable, at 9:30 put harness on team and hauled a load of gravel from Lake View pit a mile away, at 10:30 resumed work in cow stable; at 11:15 went to dinner and after dinner engaged in conversation till noon. Next put fixtures on a hall-tree, then went to barn and fed and watered hogs, fed the horses corn and hay, then finished work on the manger in cow stable, and tramped it down, then made steps for use between barn and cow stable, dug three post holes and set three posts, nailed on five boards, made a five-bar slide gate 16 feet long and set it in place, nailed up two other 14-foot gates, crossed the Chicago road and nailed a small gate

in place, fed the hogs, went to the house and filled kindling box, carried two boxes of bulbs from the flower bed to the elevator, took the elevator and went down cellar with the bulbs and kindling, brought up a barrel, put some stove-wood in the wood-box for the night, fed the horses corn and hay, bedded the horses, went to the house for supper at 6:30, ate supper and sat at table till 7 o'clock, picked up The Record and scanned the news and ads. till 8 o'clock, after which I made the above record of the day's work.

Art for Art's Sake

I love the man who works
For the simple joy of his working,
Who neither loafs nor shirks
Nor in discontent is lurking,
I love the man who toils
For the glory of achieving—
But—
A raise in pay
When it comes his way
Is a fine thing, I'm believing.
I love the man who paints,
To give heart and soul expressions
His sinners and his saints
Show the art in his possession.
He paints for future years,
That their days may all be better—
But—
I think it is nice
If he gets his price
While his paint is wet, or wetter,
I love the man who writes—
Be it play, or song, or story;
Who spends his days and nights
In pursuit of fame and glory;
The product of his mind
Will make undawned days sunny—
But—
I'm glad again
When his busy pen
Brings him plenty of good money.
We bluff, we sigh, we prate,
Of the purpose of our labor,
But let me calmly state
For your benefit, my neighbor,
Work is its own reward
Just a little bit too often—
And—
Though ideals cheer
It seems better here
When the checks the hard spots soften.

JOHNSON DENIES KIMMEL STATEMENT

Niles, Mich., Nov. 29.—In his first public statement since the man claiming to be George A. Kimmel was released from the Auburn, New York, prison, Charles A. Johnson, of Chicago, a former Niles bank cashier, denies the recently published statement that he met the real Kimmel, his nephew, in a Kansas City hotel some time after Kimmel's disappearance.

The statement, which Mr. Johnson denies, alleged that he gave Kimmel a loaded cigar.

Johnson claimed that up to the time of Kimmel's disappearance, in 1898, their relations were congenial and that his nephew's disappearance brought Johnson considerable financial trouble. He admitted hiring detectives to search for Kimmel after the latter's disappearance; but said he never received any information regarding his relative's whereabouts.

Johnson has not as yet faced the man released from Auburn since the latter arrived in Niles.

A Little Fable.
Once upon a Time there was a Fair Maiden who possessed a Timid, Shrinky Disposition, and thought the Men were Just Dreadful.
She had Two Admirers. She was inexpressibly Shocked to Hear one of them Swear on an Occasion of Stress. She was inexpressibly Relieved not to hear the Other One Swear under the same Circumstances.
Both Admirers Proposed, and the Timid Maiden thought the Matter over for Fifteen Minutes, then Rejected the First because he was a Profane Man, and also Rejected Number Two because she Feared that he was Only acting a Part and would swear if he had the Nerve.

OLD TIMER IS MARRIED MERRY WEDDING BELLS

New Buffalo Man Weds at Age of Seventy-five

Michigan City Dispatch: The age limit of applicants of marriage licenses at the office of the clerk of the superior court was broken recently, when Reuben C. A. Stevens, 75, New Buffalo, was granted a license to marry Mrs. Alvretta Quantrell, 53, Michigan City. The couple left the clerk's office to hunt up a local minister. Mr. Stevens was born Dec. 5, 1836, in New York state, and is a well-to-do retired resident of New Buffalo. Mrs. Quantrell, a widow, was born in Laporte, March 23, 1858. She gave her occupation as that of a nurse.

Former Buchanan Young People to be Married at Berrien Springs

Miss Vera Carter, daughter of Mrs. Addie Carter, of Berrien Springs, and Frank Westland of Hoopston, Ill., will be married at the home of the mother of the bride-to-be on Sunday, December 3. The Carter family resided in Buchanan for several years, and Mr. Carter, who was engaged in the ice business, died here. Miss Carter was employed in Elson's millinery store here for some time. Mr. Westland also formerly resided here and was in the employ of the Celfor Tool company.

Going Out of Business

If you doubt for one moment the sincerity of this assertion, if you entertain the thought that there is anything that is not just right it certainly will not cost you one penny to come to our warerooms and find out.

FREE Pianos Given Away FREE

We have a number of Pianos that are occupying valuable space on our floors that we will give away absolutely free for cost of shop work and delivery, these instruments will be thoroughly overhauled and are good enough for a beginner to practice on. If the actual saving of dollars is interesting to you, if you desire to give your child the benefit of a musical education, and if you want to grace your home with a beautiful new piano, do not let this opportunity pass, but come down and see us, come down now. Come in and look these marvelous instruments over.

We will not refuse any reasonable offer. Name your own price. Name your terms. Make us an offer and if it is within reason we'll accept it.

Could Anything be More Fair or More Liberal?

We are in a position where it is absolutely compulsory for us to retire from the piano business and the time is dangerously short for you, Mr. Piano Purchaser.

You must come now. The real bargains are going first. Do not hesitate. COME DOWN NOW!

Remarkable Overcoat Values

OUR business experience has taught us that the surest way to increase our trade is to give to our customers better values than they can get elsewhere. We want to secure the patronage of the men of Buchanan and vicinity and offer as an inducement the very best overcoat values that are to be had. We have just put on the market an overcoat which we have called the "ADLER SPECIAL."

We selected the materials from one of the best known woolen mills in the country; then we went to our manufacturer and told him to build us the very best garment he could; one that he would guarantee to hold its shape permanently, that he should use none but the very best of trimmings and linings. Upon his assurance to carry out our instructions we placed our order for eight hundred garments—not all of one style, of course, but in several different styles, some to be extra long, with belts; others to be three-quarter lengths, some for conservative dressers, others for young men. The coats are here, and are all that we asked for. If we had bought them in the ordinary way we would have had to sell them at not less than \$22.00, and they would be bargains at that price, but instead, we are able to offer them at

\$18.00
