

Buchanan Experiences Great Building Year.

Factory, Church, Mercantile Block and Modern Homes Among New Structures.

One of the biggest building years in the history of Buchanan was 1911. The subjoined list of buildings erected during the year that is drawing to a close, includes a big, new factory, a mercantile block, a church and numerous modern homes. The new plant of the Buchanan Electric Steel company is a model of its kind and is a valuable acquisition to the manufacturing interests of the town. The plant will be ready to commence operations within a couple of weeks, it is expected. It is, indeed, gratifying to note the conveniences afforded by the new block erected on Day's avenue by C. B. Treat. The store rooms on the first floor are equipped with the famous Kawneer system of plate glass fronts and are heated with steam, as are the flats and office suites on the second floor. All the modern conveniences, such as hot and cold

Another valuable adjunct to the town is the new St. Anthony's Catholic church, which was erected as a result of the efforts put forth by Rev. J. P. Welsh, the pastor.

A number of expensive and handsome homes have been erected this year. Notable among them are the homes of Jack Bishop, Frank Lamb and E. B. Weaver, illustrations of which appear on this page.

WIFE OF MAYOR HEADS "GOOD FELLOW" MOVEMENT

Mrs. Hanlin to Have Christmas Tree at Her Home For Children Who Might Be Overlooked by Santa Claus.

THE KING OF "GOOD FELLOWS"

SANTA LOVES A "GOOD FELLOW"

Any person in Buchanan with a willingness to contribute to the cause of providing children who might otherwise be overlooked by Santa Claus with something to give Christmas a real meaning to them, is invited to do so.

There are said to be a number of children in Buchanan who may not have any Christmas in the customary sense unless some "Good Fellow" takes the matter up and sees that the child is provided for.

The "Good Fellow" idea is to provide deserving and needy children with some of the small things that children like, not necessarily food or clothing, but toys, candy and other things dear to the child's heart.

The "Good Fellow" movement has taken a strong hold on the hearts of people of the larger cities, and as Buchanan usually gets in on every good thing that is going, it is thought the time is opportune for the "Good

Fellows' of this place to get busy.

One of the first things to do will be to enlist under the "Good Fellow" banner. This can be done by leaving or sending the names of all recruits to Mrs. M. L. Hanlin.

Mrs. Hanlin knows the names of all the families having children who may not have any Christmas at all unless the "Good Fellows" take it upon themselves to provide for them.

To be a "Good Fellow" need not necessarily be a burdensome task. Many homes abound in toys, books and other things in good condition that have served their original purpose, but which can be passed on and will give just as much real Christmas joy as if they were not second hand in any way.

Join the "Good Fellows." Half the pleasure of Xmas is in giving, and no giving can be more pleasurable than giving to those who might otherwise have a cheerless Xmas.

The children of the poor have the same impulses and the same Xmas sentiment that fill the hearts of the children of the well-to-do with Xmas joy, and if these are not gratified at such a season what a sorry thing it would be, when no doubt there are scores of "Good Fellows" in Buchanan who doubtless need only the suggestion to open their hearts and make it a merry Christmas.

Mrs. Hanlin has arranged to have a Xmas tree for the children above referred to, at her home on Christmas night, and all those desiring to contribute should communicate with her at once.

Childish faith in the miracle of kindness is great; childish confidence is serene. The children ask and expect that it will be given unto them. No organization other than the voluntary one of "Good Fellows" can hope to carry Christmas to the houses it otherwise will skip.

Dedicatory Exercises Are Witnessed By Many.

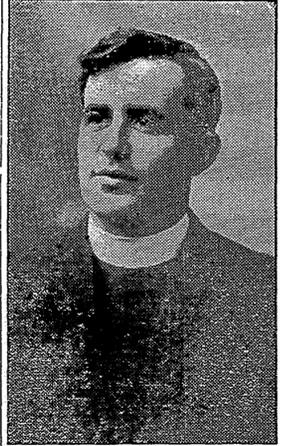

New St. Anthony's Catholic Church is Blessed by Rt. Rev. E. D. Kelly.

The dedication of the new St. Anthony's Catholic church, on Detroit street, took place last Tuesday morning and was witnessed by a large gathering. The ceremony was performed by Rt. Rev. E. D. Kelly, assisted by Fathers Blackmun of Michigan City, Wall of Dowagiac, Ducat of Niles, O'Neil of Otsego, Mulcahey of Benton Harbor, Clarkson of Paw Paw, and Welsh of Three Oaks. A choir of 11 voices and altar boys came from Three Oaks to participate in the dedicatory exercises.

The floral decorations were very beautiful. At 10:30 o'clock the bishop donned his vestments, after which the altar boys, priests and the bishop marched out of the building in the order named, and the latter blessed the exterior of the building; after which all marched back into the building, singing the litany of the saints. The interior of the new structure was then blessed, after which the bishop congratulated the congregation upon the enterprise shown in building this house of worship, the first Catholic church ever erected in Buchanan.

Father Blackmun delivered a very able and interesting sermon.

The church of the United Brethren was organized in 1846, and the first edifice erected in 1849. The first pastor was Rev. Joseph Tenel.

A few years ago Buchanan property was practically at a standstill. The sale of property was not what it should be for a town which afforded the opportunities that Buchanan did. One by one, shrewd men saw the opportunities that were apparent in the real estate line and proceed-

First Person to Settle in Buchanan; Interesting Bit of Local History.

This township is bounded on the north by Oronoko township, on the east by Niles, on the south by Bertrand and on the west by Weesaw. It contains thirty-seven sections of land, of which about four lie east of the St. Joseph river. The surface is generally rolling and the township contains no large level tracts of land. The soil is generally rich and productive and is well watered by several small lakes and streams. The highest point is Moccasin Bluff, located on the St. Joseph river, about one mile north of the village of Buchanan.

The first person to settle in the township is said to have been Charles Cowles, who came to Niles in 1832 from Vermont and located on the present site of Buchanan village in 1833, where he erected a cabin. He shortly afterwards built a shingle mill at the mouth of McCoy's creek.

In 1834 John Hatfield located near Cowles and built a saw mill on the creek. In 1835 Cowles and Hatfield sold their claims to Dr. C. C. Wallin.

Russell McCoy came from Virginia to Pokagon Prairie in 1829 and in 1830 to the Carey mission. After working at the Mission a short time he engaged in boating on the St. Joseph river. In 1833 he located a claim and cleared a small tract of land at the mouth of McCoy's creek, which empties into the St. Joseph river at the present site of the village of Buchanan. In 1834 he and Hiram Wray built a log cabin upon the land and in 1835 a saw mill at the creek. He shortly after moved to Missouri but returned in 1839. He engaged in farming for some years, then kept a store in Buchanan and also a hotel. About 1856 he with others, bought two hundred acres on the bank of Clear Lake, three miles west of Buchanan, and built a steam saw mill. He died in Buchanan in 1873.

Leonard Madden in 1835 located a claim in section twenty-five, and built a log cabin. In 1836 he sold his claim to Andrew C. Day. Mr. Day was a native of Connecticut and came to Buchanan in 1836. He worked on the saw mill at the mouth of the creek some time and in 1839 he and John Hamilton erected a grist mill with two ran of stones on the creek.

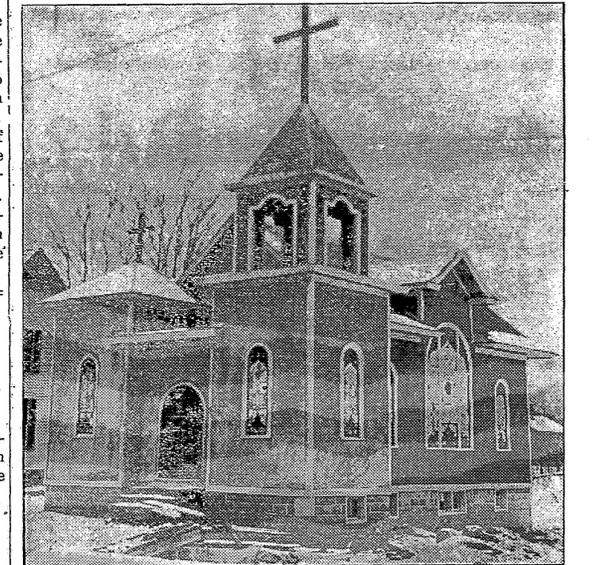

For some time he was engaged in mercantile business. In 1875, he, in connection with William R. Rough and Solomon Rough, established a wagon factory, which for several years carried on a large business and

employed a large number of workmen. He was a prominent citizen and for many years one of the village board of trustees.

FIRE CAUSES HEAVY LOSS

Round Oak Plant Swept by Flame—Display Room Damaged.

Dowagiac, Mich., Dec. 11.—The Round Oak Stove Works general offices were partly destroyed by fire Sunday morning about seven o'clock. The fire was first noticed by Night Mail Clerk Showerman in the post office. The flames spread rapidly to the Beckwith estate electric light and fuel office, traffic department of the Round Oak Stove company, and to the mailing and telephone rooms. The display room on the third floor was badly damaged and several heavy stoves and furnaces fell through to the basement. The interior of the shipping room was completely wrecked. The office records in nearly every instance were locked

The Presbyterian church was organized in 1847. In 1850 a church edifice was erected. The first pastor was Rev. Porter B. Parry.

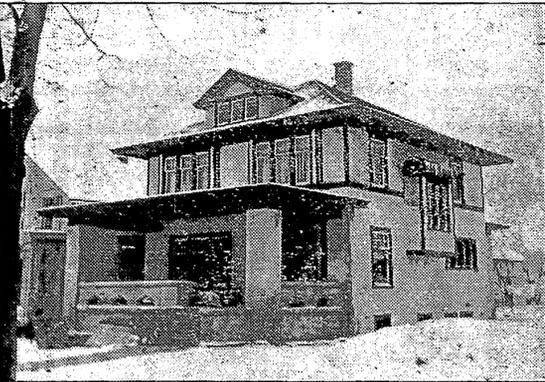

The church of the Disciples of Christ was organized in 1854. The first edifice was built in 1859. The first pastor was Rev. Wm. M. Roe. This sect is commonly known as the "Christian" and sometimes called "Campbellite" after the name of the founder.

in fireproof vaults and were saved. The loss will be quite heavy but no estimate has yet been made by the company's officers.

Miss Lois Beeson proved herself a charming hostess when she entertained the C. B. L. A. Card club of this place at a six o'clock dinner at her residence at Three Oaks. Cov-

ers were laid for eight. The table decorations were carnations and ferns. The guests were afterwards members of a theatre party. After the play the remainder of the evening was spent at cards, Edna Kean winning first prize.

ed to take advantage of them. Mr. Treat is one of those men who deserves credit and has achieved great things for the town. It is through Mr. Treat's efforts that we are able to boast of such a building as he has erected on Day's avenue, which is bound to prove a profitable investment to the landlord as well as the tenants.

The outlook is that equally as much, if not more, building will be done in 1912 than was done this year. Among the contemplated structures is a new store building M. J. Kelling is to erect on Front street, a store building C. F. Pears is planning to build on Front street, a brick block John Alexander expects to erect on the site of the old building, adjoining the post office, which was recently demolished, and a store building which E. D. Scott is to erect on Oak street. And not a few citizens are planning upon erecting modern homes, while plans are also being made for various other structures to be built in 1912.

For some time he was engaged in mercantile business. In 1875, he, in connection with William R. Rough and Solomon Rough, established a wagon factory, which for several years carried on a large business and

ELECTION OF OFFICERS

H. A. Hathaway New President of Business Men's Association.

At last Friday night's meeting of the Business Men's association, Jack Bishop presided and Herman Hattenbach acted as secretary. The first matter taken up was the election of officers. H. A. Hathaway was chosen to succeed the late W. A. Palmer as president. C. F. Pears was elected vice president, and Jack Bishop secretary-treasurer for the ensuing year. The chair was authorized to name the executive committee.

In accepting the office of president, Mr. Hathaway pledged himself to diligently labor to further the interests of the association, and endeavored to make it plain that while the organization is known as the Business Men's association, every citizen who has the good of the town at heart is eligible to membership. Mr. Hathaway expressed a wish that the membership, which is at present about 150, be greatly augmented, and with that end in view the following membership committee was appointed to solicit membership and make arrangements for a luncheon to be served at the next meeting: F. A. Stryker, Jas. Clark and Daniel Merson.

Ways and means of injecting interest and enthusiasm into future meetings came up for discussion, and it was suggested that a series of debates would be a big help in the right direction. Other good suggestions were made, all of which will be considered by the executive committee at a meeting to be held soon, and the committee will submit recommendations at the next regular meeting of the association, which will be held at the council chamber

PIKE HOTEL IS CLOSED

Niles' Leading Hostelry Out of Business—Landlord Ousted

"Closed." This word written on an envelope and pasted up on the main street door of the Pike house at Niles stares all comers in the face today.

Landlord Clafin locked the house up last Friday night and Saturday morning he and his family took their departure overland in the Pike House bus back to the farm near Lawrence, Mich.

This ends for the present Mr. Clafin's hotel career in Niles, after a rather exasperating experience the last few months.

A few weeks ago he closed the dining room to the public following an order from a deputy state food and dairy commissioner to put the hotel kitchen in sanitary condition.

Friday Landlord Clafin was arrested for violation of the city smoke ordinance and his hearing was set for Dec 16.

Miffed at what he terms persecution Clafin at once announced that the door would be locked and the hotel permanently closed, so far as he was concerned.

He was as good as his word and now the house is as silent as the

tomb. Not a guest nor an employe is to be seen about the hotel, and even the hotel cat has been turned out to shift for itself.

The Pike House property is on the market. E. S. Douglass, a Lawrence real estate man was given a 60 day option by Clafin on Oct. 28, for \$15,000.

There is a movement on foot to organize a stock company and build a \$40,000 hotel in Niles.

New Buffalo Boy to Serve Ninety Days.

Arrested on a charge of robbery Friday morning at the home of a relative six miles from New Buffalo, Bert Woodruff was within 12 hours sentenced by Justice Fields, at Dowagiac, to sixty days in the county jail.

Woodruff took \$7.75 from the pockets of his friend, Claude Graham, at the Whalen livery barn in Dowagiac Wednesday night, and then made a get away on an early train.

He admitted his guilt but did not give up the money.

It was suspected he had gone to New Buffalo and was soon located.

He is twenty-two years of age, and has been in trouble before.

Woodruff's pocketknife was found by Whalen when he awoke, and that clue led to his arrest.

HAS SYMPATHY FOR HIM

Miss Rowley Makes Statement of South Bend Incident.

Regarding the article which appeared in the Niles Daily Star, in which it was stated that the alleged George Kimmel had insulted a Niles young lady at South Bend, the latter says:

We were separated during the noon hour and when I met him again he did not act like himself. He did nothing that I consider disrespectful, but was somewhat ill tempered.

It was only during the performance at the Orpheum that he seemed decidedly out of his head, either from drinking or from his diseased mind. It was then I became alarmed and left him so suddenly, which he seemed unable to understand, and therefore drew a wrong conclusion for my action.

I lay nothing up against him and feel only a sincere sympathy for him.

It is not as easy to get a foothold in business or to own real estate as it was a generation or two ago. The easiest and surest way to be prepared for the winter of life is to put money in the bank. Money in the bank goes a long way towards insuring a happy Christmas and it always enables Santa Claus to visit your home. You can see examples every year at this time of unhappy families who have no bank account. Start your bank account at once and you will be prepared for this event in the future.

DO IT NOW!

WE can not help but appreciate the truth in that old proverb "Haste Makes Waste." What we mean to say is DO NOT PUT OFF DOING YOUR CHRISTMAS SHOPPING until you have to rush through it without the time for wise selection and careful buying. It is a waste both of time and money to choose thoughtlessly some gift which will soon be laid aside and forgotten, where a little deliberation and thought would help you in selecting a gift which would be both acceptable and useful. Then again, the early shopper has the cream of the stock to choose from, instead of the picked over stock. Why not have the really choice articles for yourself, rather than articles which in your own heart you would prefer to overlook. Our store is the ONE BEST PLACE to buy the useful gifts. We have not ordered our Christmas stock on the spur of the moment, but have chosen these goods only after careful study as to the wants and needs of the buying public. We have ordered our stock from houses whose reputation will not allow their selling an inferior quality. We know our goods to be of the best quality and ask you to come in and inspect them. If you are not satisfied that we have the best values for the price we ask, we'll miss our guess. If good goods, honest prices, and courteous treatment appeal to you, make our store your headquarters.

You are welcome at our store whether you come to buy or merely to look over the stock. We will be pleased to show you our goods at any time and extend you a cordial invitation to call. Our latchstring is always out to visitors and we appreciate a call from the little folks as much as from the older ones.

Obituary

Henry P. McEwen died at 4:30 o'clock Wednesday afternoon at the Hahn residence on Oak street. Death was due to pneumonia and heart trouble. Mr. McEwen was born in Pennsylvania 31 years ago. He served in the army during the civil war, and came to Buchanan in 1865. He was a wagon-maker by trade, and was one of the best in the country.

Mr. McEwen leaves a wife and one daughter, the latter being a resident of Pennsylvania. The funeral will take place from the Christian church Friday afternoon at 2 o'clock. Elder Wm. M. Roe will officiate. Interment in Oak Ridge cemetery.

LADIES FEEL GRATEFUL
Methodist Bazaar Proves Unqualified Success

The ladies of the M. E. church wish to express their appreciation of the liberal patronage from the public and to especially thank those who donated to the bazaar which was held in the basement of their church last week. Saturday was given over to the dinner from which a neat sum was realized.

On entering the basement, one would notice the pleasing appearance of the booths and counters which were decorated by a scheme most suitable to the purpose, and which showed that much time and thought had been spent to bring about the transformation.

An invitation is extended, although a year hence, to all interested, to visit the next effort which has become an annual affair in the church history.

The treasurer reports proceeds amounting to \$125.

THE TRUE TEST

Tried In Buchanan It Has Stood the Test

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Buchanan. Kidney sufferers can hardly ask for stronger proof than the following:
Mrs. J. N. Smith, Chicago street, Buchanan, Mich., says: "I am pleased to confirm all I have ever said in praise of Doan's Kidney Pills and you are at liberty to continue the use of my name as a reference for

the merit of this remedy. Many years ago while lifting, something seemed to give away over my left hip and I dropped to the floor. I could not get up for an hour and after that I was in poor health. My back troubled me, sharp pains darting through me almost taking my breath away. If I over-exerted the pain became almost unbearable and it seemed as if my back was being pulled apart. The kidney secretions also bothered me and my entire system was run down. Doan's Kidney Pills brought benefit from the first, and as I continued their use I steadily improved until well."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Lost—a female dog, half fox and half beagle hound, very fat for size, general color white, brown head and ears, white nose, two black spots on left side and brown spot on right side, brown stub tail, about 15 inches high, answers to name of Naucy. At the time of her escape from express company, at Galien, had leather collar and muzzle and chain attached. A reward of \$2 is offered upon its return if identification is possible.

TO HELP TOWN HALL PROJECT

Ladies Propose to Present Building Site to The Village

At a meeting of Glover chapter of the Women's National League held at the home of Mrs. E. W. Sanders Saturday, December 2, it was voted to invite the co-operation of the local clubs in an effort to raise about \$200 to finish paying for the \$400 lot situated on Main street, purchased as a site for a club house which was to have been erected by the Women's National League, now defunct. It is the intention of Glover chapter to pay the balance due on the purchase price of the lot and present it to the village as a site for a library, town hall, or public building of whatsoever name or nature as may be decided upon by the authorities.

This is a step in the right direction and would seem to be a big boost for the proposed town hall, concerning which a petition is now in circulation. It would seem an easy matter for the village and township to join hands and erect a brick building to be used as a town hall, library and public meeting place, and the ladies can be of great assistance in bringing about this much needed improvement. That the effort to be put forth to raise the balance of the purchase money to free the lot, in question, which is a highly desirable building site, centrally located, from incumbrance will be endorsed and aided by the public generally goes without saying. Let the good work go on.
