

PREPARATIONS MAKING FOR ANNIVERSARY CELEBRATION

Memorial Fountain-Clock to Be Installed at Northwest Corner of Main and Front Streets—Big Time Coming—Program Ready Next Week.

Preparations are going on apace for installing the Memorial Fountain-clock, which will be situated at the outer edge of the sidewalk at the northwest corner of Main and Front streets, this location having been decided upon by the committee to which the matter was referred. The clock, which will be 12 feet high from the base to the center of the dials, has been ordered and is expected here within a few days. And last Monday E. S. Roe, president of the Buchanan Merchants' association, went to Chicago and selected two of the Clow Adamantose drinking fountains, of decidedly neat pattern, with integrant trap housing, Adamantose bubbling cup, nickel-plated wheel-handle, loose-key regulating device, concealed hanger and concealed galvanized iron trap. These good-looking cups will be attached to the post of the clock. The diameter of the bowl is 13 1/2 inches; distance from wall to face of rim, 17 inches.

The work of installing the Memorial Fountain-clock will be done by W. J. Miller, according to the blueprint, showing roughing in measurements, as furnished by James B. Clow & Sons, of Chicago.

At a meeting of the Buchanan Merchants' association, to be held next Tuesday evening, committees will be named to make arrangements for the Old Home Week anniversary celebration, to be held one day during Chautauqua week, August 21 to 23.

As previously stated, it is altogether likely that a big picnic to be held on the union school grounds, and to be participated in by farm, town folks and visitors, will be one of the big features of the anniversary celebration. It has been three years since the Old Home Week celebration, which will go down in local history as the greatest event in the celebration line ever undertaken and carried to highly successful consummation here, and it is proposed to conduct the one-day anniversary celebration on an appropriate scale, full particulars relative to which will appear in the next issue of The Record.

One of the finest illustrated special editions ever published here will be issued by The Record just prior to the anniversary celebration.

PORTAGE PRAIRIE TURNS OUT STRONG

Great Exodus on Account of Berrien County Sunday School Picnic at Berrien Springs.

Regardless of the fact that threshing operations are in progress, there was a great exodus from Portage Prairie to Berrien for the picnic of the 30 automobiles, and for the Ford car is a great favorite. Portage Prairie farmers, it is claimed, own more automobiles than any other town in the United States loaded to capacity were in line.

Each machine was covered with pennants, bearing a red cross and the words "By This Sign We Conquer," and some of the machines bore larger banners with the words "We are Coming."

Other residents of Portage Prairie went by the Pere Marquette from Buchanan, or the interurban from Niles and some drove in buggies.

Altogether Portage Prairie, it was estimated, had a representation of from 200 to 300 people on the picnic grounds who are affiliated with the Portage Prairie Evangelical church. The Portage Prairie band furnished the music.

SHOE REPAIRING IN THE OLDEN DAYS

A. L. Barber, the Oak street shoe repairer, who has equipped his shop with ingenious devices for saving time, says:

Shoe repairing nowadays is much easier than it was 30 years ago. Then everything had to be done by hand, and now we have machines to do with. Now we have patching and hand, a tedious half-soling with wooden pegs sewed. In those days all shoes were made to order. If you couldn't make new shoes you might as well give up the job.

There were many boots made in those days reaching above the knee, and it was considered two days' work to make a pair of tongue boots.

GET LIABILITY INSURANCE

Some time ago the county road commissioners talked of taking out liability insurance for their employees, and Saturday placed insurance with the Aetna Insurance company. Tuesday the first case was reported, Chas. Cravis, injured on the Chicago road after working but a few days, being the applicant.

A lost door key awaits the owner at The Record office.

INVITATION TO TAKE A TRIP 'ROUND THE WORLD

Cassius C. Lawrence, who will be at The Bell theatre next Thursday and Friday nights, is a unique character and globe trotter. He has had about as much experience for his years and has seen as many phases of life as any man living. Lawrence was a sailor on the battleship Oregon when that "Bulldog of the Navy" made its famous trip around the Horn in the Spanish war. He has been all over the world, claims to speak seven languages and commands a vocabulary of Shakespearean magnitude.

Lawrence was in the Vatican when Pope Leo was living. He was in Naples when King Humbert was assassinated. He traveled extensively in India and studied the conditions in a country where one million a year are starving, when a penny a day would feed them.

"Rex the Globe Trotter," gives lectures in conjunction with moving pictures of interesting places and happenings of all over the world, showing the starving Hindoos of India, burning volcanoes, the Arabian desert, London, Paris, Ireland, Scotland, China, The Philippines, the whole world.

"Rex the Globe Trotter" is assisted by his two small children, Baby Pearl, the smallest singer in the world, and little Rex.

This feature is interesting, educational and entertaining. Don't miss it.

Admission 5 and 10 cents.

CIRCUIT COURT.

Judge Bridgman handed down a decision in the case of Chas. A. Crandall vs. George Camfield, upholding the contention of the plaintiff that he is owner of the property over which the cause was started. The judge also ordered a decree in cause of Mary Harrod vs. the unknown heirs, assigns and legatees of the estate of Julius C. Larmore, affirming the ownership of the lands in Niles for the plaintiff.

Melissa Dohm, charging a conspiracy against her by her step-children, Tuesday opened fight in the court of chancery of this county for her share in the \$10,000 estate left by her late husband, Joseph U. Dohm, of Sodus township.

SOLDIERS' ANNUAL MEETING IN GALLEN

"Boys in Blue" to Have Good Time at New School Commissioner—Buchanan Has Strong Candidate.

The annual Soldiers' visit and picnic will be held in D. W. Swem's Park in Gallen Wednesday, Aug. 13, under the auspices of George A. Custer Post. Judge T. E. Howard, of South Bend, is slated for an address, and L. D. White is expected to cheer the "boys in blue" with his war song melodies. Short speeches will be in order. Dinner will be served at 12 o'clock noon. A business meeting will follow at 1:30 o'clock p. m., and the program of exercises will be next in order. Everybody is invited, and don't forget to bring along well filled baskets, say the instructions.

AUTO TRIP TO OREGON

John Meyers and Party Depart on a Long Trip.

Niles, July 30.—Mr. and Mrs. John Meyers, of Portland, Oregon, who have been visiting in Niles since January, when they were called here by the death of Mr. Meyers' mother, left this morning in their automobile for Portland, Oregon, from the home of Mr. and Mrs. Wm. Linsenmier. They were accompanied by Wm. Meyers, brother of John Meyers, both sons of Chris. Meyers, and Miss Ruth Linsenmier, daughter of Mr. and Mrs. Wm. Linsenmier.

They expect to fish and hunt in the mountains, where fishing and hunting are good.

They have a camping outfit and expect to camp along the way.

They expect to reach Portland in about six or eight weeks. They will stop at all the interesting points along the way.

BASEBALL TO-DAY?

The north and south side business and professional men are scheduled to play a desperate game of baseball, commencing at 3 o'clock this afternoon. Capt. Merson, of the south side, and Capt. Brodrick, of the north side, announce the following line-up:

South Side	North Side
Bristol, p	Beistle
Merson, c	Reamer
Whitman, 1b	Burk
Koons, 2b	Brodrick
L. Hayes, 3b	Dr. Peck
H. Barnes, s. s.	H. Roe
M. L. Sands, c. f.	Lauch
C. Lyddick, l. f.	Graffort
Andlauer, r. f.	Rouse

SUPERVISORS TO MEET IN SPECIAL SESSION

Monday, August 11, the Berrien county supervisors will meet in special session to elect a new school commissioner in place of Mr. Otwell, resigned. County Clerk Larkworthy will make the call tomorrow.

As previously stated, B. F. Eggert, principal of the Buchanan schools, is a candidate for the office of county commissioner of schools. He is abundantly qualified to fill the office, and is a strong candidate. His qualifications may be briefly summed up, as follows:

State Life Certificate.

Experience—21 years all grades of school work; all in Berrien county.

Superintendent of schools, Buchanan.

Ex-member County Board of Examiners.

President Berrien County Teachers' Association.

What more necessary?

LOSES LEG BENEATH WHEELS OF TRAIN

Jimmie Welch, 17 years old, a student of Kalamazoo, who was spending his vacation in taking trips about the country disguised as a tramp, fell from a Michigan Central freight train in the yards at Niles Sunday morning and lost a leg.

Welch was rushed to VanNoppen hospital. He is very weak, but it is believed he will recover.

At the hospital young Welch was placed on the operating table and given an anaesthetic. When he recovered from its effects he was extremely thirsty. Left alone for a few minutes, Welch got out of bed and hobbled across the room to obtain a drink of water.

EIGHTEENTH ANNUAL PIONEER PICNIC

The 18th annual pioneer picnic of northern Indiana and southern Michigan will be held at South Clear Lake on Wednesday, Aug. 13. Atty. W. E. Miller, of South Bend, will be the speaker of the day, and music will be furnished by the Portage Prairie S. S. band and the Buchanan male quartette. A fine program of sports will be carried out, and there will be amusements galore. A chicken dinner and lunch will be served by the ladies of the Portage Prairie Evangelical church.

BROTHERHOOD OF AMERICAN YEOMEN

District Manager Russell Here for Purpose of Instituting a Lodge.

H. W. Russell of Dowagiac, representing the Brotherhood of American Yeomen, of Des Moines, Ia., is here for the purpose of instituting a lodge. H. C. Eisele has been named as district deputy. The Yeomen are over 16 years of age, have 232 households in Michigan. Reasons why you should join the Yeomen: We unite both sexes in one grand order at the same rate of assessment; we have a low death rate, we have economical management; we have been weighed in the balance and found not wanting; we are the largest institution in the United States today that admits men and women at the same rate of assessment and associate in one body; our fund is absolutely safe. Iowa's rigid insurance laws provide that reserve fund securities must be deposited with the auditor of the state and all loans and bonds must be approved by him before the loans are legally made.

The officers of the local Homestead of the Brotherhood of American Yeomen have just been informed of the result of the Fourth quadrennial Conclave of that Society held in Oklahoma City, Oklahoma, June 10th to the 14th, inclusive.

The Society's rates were not raised, either upon its old or new members. Rates to remain the same at all ages. The age limit for entrance for benefit membership was reduced from 50 to 45 years.

An Auxiliary Department was created to furnish funeral and accident benefits to persons between the ages of 16 and 55 who do not desire to take the regular death, accident, and disability policy. A distinctive feature with the Brotherhood of American Yeomen.

The above changes are in effect after September 1, 1913. This will be most gratifying news to the Society's local membership.

INSURANCE CO. IS SUED

Merl R. Castner, of Berrien Springs, has commenced suit against the Michigan Mutual Fire Insurance company of Dowagiac for \$1,500, which he alleges is owing him for losses he sustained in a fire which several months ago damaged his store.

CARD OF THANKS.

We wish to express our sincere gratitude to the friends and neighbors for the many acts of kindness shown us and our son, Milton, Mr. and Mrs. O. Fredrickson.

MOVEMENT ON TO ORGANIZE COUNTRY CLUB IN BUCHANAN

Tentative Plan Contemplates Erection of Club House With Shower Bath, Laying Out Grounds With Tennis Court, Etc.

A cozy little club house, with large veranda, beautifully situated in a grove covering a portion of ample grounds, with plenty of room for a tennis court, lawn with rustic seats, flower beds, shrubbery, etc., situated within a mile or two of town, such is a rude word picture of what is in the mind of M. L. Hanlin, who proposes to organize a country club with a membership of about 25 to purchase ground and make improvements as per the above.

Mr. Hanlin knows full well that there are many men, who are confined to their places of business during the day, who would be immensely benefited by driving out to the proposed club house in the evening.

playing a game of tennis or taking some other form of mild exercise, followed by a shower bath. "The members and their families would, I think, enjoy a country club house," said Mr. Hanlin. "The building need not be large, but I would suggest a large, roomy covered balcony for dancing. The necessary expenditure would not be large, and the cost to each member would be comparatively small. There are plenty of beautiful and picturesque sites in the surrounding country, and it would not be difficult to hit upon a location."

Mr. Hanlin has already consulted a number of citizens, who have expressed a desire to join the proposed country club, hence it is altogether likely that an organization will be perfected in time to commence building operations early next spring.

The country club is a popular institution in nearly every progressive, enterprising town, and what has been done in larger places can be done here on a small scale. The idea is surely a good one, and the movement is sure to succeed if pushed along.

It has been suggested that a site on or near Moccasin bluff, which rises abruptly from the river at a point a mile or more below the village, would make an appropriate and beautiful location for the proposed country club house. This bluff, which is the highest point in the township, commands an excellent view of the river and the lower lands to the north and east, while to the southeast can be seen Buchanan, with a background of lofty hills on the south. When the early pioneers arrived in this vicinity, an Indian village of three hundred people, presided over by a chief named Moccasin, occupied the flat below Moccasin bluff.

TO HOLD ANNUAL RE-UNION IN SEPT.

County Battalion Will Meet at St. Joseph—Committee Appointed.

On September 10 and 11, the annual reunion of the Berrien County Battalion of the G. A. R., will be held in Lake Front Park, St. Joseph, and once more the martial music will be heard while the city will be turned over to the little line of blue-coated veterans.

A meeting of the battalion was held Monday afternoon in the G. A. R. hall in Benton Harbor, and committees were appointed to arrange for music and speakers during the two days encampment. The seven delegates representing the posts of the county who were in session, included D. W. Swem, Gallen; W. A.

Preston, St. Joseph; Chester Chorpensing, Benton Harbor; Lewis Earle, Coloma; John W. Hill, Berrien Springs; B. F. Rutter, Berrien Center; and O. F. Richmond, Buchanan.

The following officers were named: Dr. W. A. Baker of Coloma, heading the list as colonel commanding; lieutenant colonel, Chester Chorpensing; major, George Garrett, Watervliet; surgeon, Dr. Weir, Benton Harbor; assistant surgeon, Dr. R. F. Stratton, St. Joseph; quarter master, G. F. Roe, St. Joseph; officer of the first day, John Seel, Benton Harbor; officer of the second day, O. F. Richmond, Buchanan.

The committee on music is composed of F. L. Bradford, Lewis Earle and W. A. Preston, and J. J. Drake and F. L. Bradford were appointed to secure the speakers. Col. J. J. Drake, W. A. Preston and L. J. Merchant were appointed the committee on printing.

The Sons of Veterans, the Ladies of the G. A. R., Woman's Relief Corps and all patriotic citizens are invited to participate in the reunion.

THE CHAUTAUQUA PLEASES NILES

Last week Niles had the Chautauqua in full force. They report an excellent attendance and fine attractions. This is the second season for Niles. They were so well pleased the first season that they engaged in the enterprise for the second with prospects of doubling the attendance. It is an attraction that the enterprising towns in Michigan seem to be taking up and is principally backed by the business men as an advertisement for the up-to-date town.

This is the first season for Buchanan and the outlook is excellent.

Evangelical.

Preaching at 10:30 a. m. and 7:30 p. m. Sunday school at 11:15 a. m.; Y. P. A. at 6:30 p. m. Prayer meeting Wednesday night of each week at 7:30. Sunday school rally Thursday night, August 7, at 7:30. Good speakers will be present. A cordial invitation to these services.

Indigestion

DO YOU KNOW that indigestion can be cured, permanently cured so that you can eat any kind of food that you crave? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Pominville, Stillwater, Minn., who had spent over \$2,000.00 for medicine and treatment was permanently cured by these tablets.

Chamberlain's Tablets

ABOUT HALF CROP OF FRUIT IN STATE

Letters of Inquiry Sent Out by M. A. C. Carry Tone of Discouragement Among Growers

Lansing, Mich., July 24.—To the 30 letters of inquiry sent out to various parts of the state by the horticultural department of the M. A. C. relative to the condition of the fruit crops, all replies indicate that there will be but about half a crop of peaches, pears, apples and plums. Every letter carries a tone of discouragement.

Replies were received from Hillsdale, Gregory, South Haven, Cheboygan, Shelby, Watervliet, Ravenna, Northport, Bangor, Cloverdale, Cental Lake, Marshall, Parma, Grand Rapids, Harbor Springs, Bellaire, Ludington, Old Mission, Bear Lake, Eaton Rapids, Fennville, Goodison, Pontiac, Benton Harbor, Kalamazoo, Williamsburg and Farmington. The replies were all from extensive fruit

growers and men acquainted with their district. Apples are declared to be dropping badly.

UNLOAD GAS PIPE HERE

Work of Installing System Will Soon be Under Way, Says Supt. Light

Supt. Light of the Niles Gas Light company, was here Monday looking after the unloading of a carload of small pipe, to be used in the gas system to be installed here. Mr. Light stated that he has bills of lading for four carloads of large pipe to be used in the construction of the pipe line from Niles to Buchanan, and that as soon as this pipe arrives the work of laying it will be commenced.

CHURCH NOTICES.

Christian.
Morning service 10:00, communion 11:00. Preaching subject, "Christ The Truth." Bible school 11:15. Evening: Christian Endeavor 6:30, preaching at 7:30, subject "Prayer." Special music at the

morning service. The aim of this church is to make all services instructive, helpful and uplifting. Come and bring your family and friends. J. J. Terry, Minister.

M. L. Shafer and family, of Chicago, who have been visiting here for 10 days, return home this evening. Mr. Shafer, who is a former Buchanan boy, has charge of the home furnishing department in Hillman's department store in Chicago.

URGE BILL TO CREATE ROADS ACROSS AMERICAN CONTINENT

Convention to Ask Congress For Cross Country Military Roads.

Steps to lay before congress the necessity of building cross country military highways and the passage of such bills, as well as to bring before the state legislatures bills for the construction of lateral roads connected with the federal cross country highways, will be the purpose of a six days convention of the United States Good Roads association in St. Louis. The association was formed at Birmingham, Ala., and is a consolidation of forty road building organizations that will have headquarters in St. Louis.

The association wants the east and west roads to be federal highways constructed by United States engineers and maintained by the government. An important feature of the convention will be an exposition of road building materials and machinery, under the auspices of the conventions bureau in Suburban Grand where the convention also will be held. It is believed the entire eighty-six good roads organizations in the United States will be affiliated with the new association by November.

AUTOMOBILE TRAFFIC HARD ON ALL MACADAM ROADS

Repairs, Needed Once a Year, Are Difficult and Short Lived.

Highway engineers long ago discovered that the ordinary macadam road has no chance under automobile traffic. "The best of them, well founded and crowned and surfaced, hardly last a season. "Spotty" repairs are difficult and short lived, and a highway one-tenth of whose surface is in good condition soon has to be entirely made over because of the ruined one-tenth. The New York Evening Post. The various forms of surface bound macadam—tarred, oiled, etc.—have given better service than the plain macadam, but they, too, are comparatively short lived under heavy motor traffic and similarly defective in requiring complete renewal when but a small part of the road is worn out. The result of this new situation is that the macadam road, which furnished a comparatively cheap and satisfactory highway for horse traffic, has become one of the most expensive forms of road surface. The fact that

MACADAM ROAD USED ONE YEAR.

but a small part of the road surface is needed for motor traffic (a highway not much traveled could carry 99 per cent of its traffic on two strips six inches wide, where there was more travel four strips would be necessary) has led to the suggestion that the railway track principle be applied in building automobile highways. Apparently a test of this plan has not been made—at least not on a scale sufficiently large to furnish conclusive information as to its practical value. Such strips have been used on bridges and about factories where heavy truck loads have to be moved.

Recently, however, the subject has been taken up in England, and there appears some probability that the "hard road strip" will be given a thorough test in the near future. A British engineer, discussing the problem, suggests the following possible hard strip materials: Asphalt, wood paving, metal plates, concrete blocks. The most obvious difficulty to be overcome in these strip roads is that of maintaining the proper relation between the strips and the rest of the road surface. There will always be a tendency for the macadam to break along the edges of any hard strip, and the problem of keeping the surface in good condition at these points will necessarily be a difficult one.

Will Destroy Objectionable Billboards. Advertisers who use objectionable or disfiguring signs or billboards along the highways on Long Island and in Westchester county, N. Y., have been warned that their advertisements will be destroyed by the National Highway Protective society of the state and that the infringers, persons or firms will be prosecuted for violating the law which makes such signs a misdemeanor.

Roads Increase School Attendance. Seven millions of the 25,000,000 school children in the United States do not regularly attend school, and one-half of these live in the country, where bad roads, muddy roads, rutty roads and dangerous roads not only prevent them from getting to school, but their impoverishment of the farm prevents the existence of any good schools for them to go to.

WHEN IS HOT

An Electric Stove Will Enable You to Keep Your Kitchen Cool.

Electric Stoves throw off no heat, smoke or odor. Are cool, clean, convenient and economical. These stoves come in several sizes and at prices within the reach of everybody. Come and let us explain to you why Electricity is the most economical for cooking and baking. The electric stove is beyond the experimental stage and is guaranteed to give perfect satisfaction. It is rapidly supplanting all other stoves, because it is so easily operated and controlled, while at the same time affording freedom from heat and odors and reducing the full bill to a minimum. You simply press the button, and the stove is ready for business. And when you are through cooking or baking, simply throw off the switch and no more current is consumed. Of the many devices made possible by the uses to which Electricity is put, none afford more comfort or convenience or is a greater boon to humanity than the ELECTRIC STOVE.

Now is the time to investigate. If you are unfamiliar with the many good points possessed by the Electric Stove, come and let us demonstrate them. You are welcome. We will gladly show you why the Electric Stove permits you to maintain an enjoyable temperature in your kitchen, while at the same time doing your cooking and baking in a manner that will prove a revelation to you.

Resolve today to have an Electric Stove and

proved his residence, on Second
street, by the addition of a large
porch in front, new windows and
floors, and paint

Congressman Nye, of Minnesota, is Brother of "Bill" Nye

IT IS not generally known that Congressman Frank M. Nye, who ap-
pears as one of the lecturers on our Chautauqua program, is a brother
of "Bill" Nye.
Most Americans think of eccentric humor when the name "Nye"
is spoken. It is seldom two members of the same family are gifted in the
same direction. This was especially true of the Nye family. Frank M.
Nye, while a brother of Edgar Wilson Nye, better known as "Bill" Nye,
lays no claim to being a professional humorist. In fact his whole life
has been devoted to serious work—work that has required logical, careful,
serious thinking. He was born in Shirley, Maine, March 7, 1852. The family
moved to St. Croix county, Wisconsin, near Hudson, when he was about
two years of age. Here where the country was new, amid the hardships
of pioneer life, he grew up on the farm, received a common school educa-
tion, supplemented by a course at the Academy at River Falls, Wisconsin,
taught school for a short time, studied law, and was finally admitted to the
bar in Hudson, Wisconsin, in the spring of 1878. He began the practice
of law in the spring of 1879 in Polk county, Wisconsin, where he was elected
District Attorney, serving two terms. Shortly after his second term,
he was elected to the Lower House of the Wisconsin Legislature and served
the term of 1884-85, when Hon. J. C. Spooner was first elected to the
United States Senate. Mr. Nye making the nominating speech. In the
spring of 1886 he moved to Minneapolis, where he served one term as As-
sistant County Attorney. In the fall of 1892 he was elected County At-
torney, which office he held for four years. During his term he personally
conducted many very important prosecutions, some of which attracted wide
attention throughout the United States, notably the case of the State
against Harry Hayward for the murder of Miss Catherine Ging. Among
other homicide cases were those of the State against Dugan and White.
His consummate skill while County Attorney won for him among the mem-
bers of the legal profession and the people at large, the reputation of be-
ing one of the greatest criminal lawyers of this country. During his twenty-
eight years at the bar he has been engaged in many of the most im-
portant cases, both criminal and civil, in Minnesota, Wisconsin, North Da-
kota and Montana. In the fall of 1906 he was elected to Congress and was
twice re-elected, but declined to run in the fall of 1912. His reputation as
an orator in Congress has given him national fame. His lecture on Abrah-
am Lincoln is a masterpiece. Although very different in style and method
of thought, this lecture has been placed by competent critics on a par with
Robert G. Ingersoll's lecture on the same subject. His large experience in
criminal law and his extended study of the moral as well as the legal
phases of the subject make his lecture, "The Lawbreaker," one of deep
interest to the public. This is a remarkable lecture on a vital subject.

Monument erected at Gettysburg by the state of Maryland to the First Regiment Eastern Shore Maryland volunteers. Col. James Wallace Lockwood's independent brigade Twelfth corps.

32 BUSHELS TO ACRE

Postmaster Hance, who is a farmer on the side, finished threshing his wheat last week and is elated over the yield from a three acre piece, which was 32 bushels to the acre, says the Niles Daily Sun.

This is the first time a grain crop has ever been raised on this land.

and the yield shows what it can do when given a chance.

The Hance farm is devoted mainly to fruit.
Mr. Metzger, who did the threshing, says this is the best yield per acre he has had this year, 13 to 22 bushels being the run of the next best yields.

Keeping Up Appearances.

"A woman finds a man out after she is married to him," said Mrs. Jaegle, bitterly. "Yes," replied her husband, meekly. "But that doesn't give him a chance to lay off the mask. He's got to go on for years trying to keep the children convinced that he is an intelligent and morally responsible person."

KNOW THE CODE HIMSELF

Former Telegrapher Corrected the Error of Two Young Men in a Memphis Hotel.

One whose ear has been trained to read intelligently the click of a telegraph instrument sometimes puts this training to the test under strange conditions. An instance, which resulted in embarrassment, apologies, and finally in a pleasant acquaintanceship among the persons concerned, is told by a certain Ohio farmer who spent his early years in the employ of the Western Union Telegraph company.
Some years after impaired health had driven him from the telegraph office to the farm, he and his wife were spending a short vacation in the south. While they were dining in a hotel in Memphis two young men entered and seated themselves at the same table with the couple from the west.

After a survey of the strangers, one of the youths took up his fork, and tapping it in an apparently careless way against the edge of his plate, spelled out in the Morse code:

"Do you think they are bride and groom?"

"Yes, surely," tapped his companion.

"Just watch how soft they are."

Immediately, to the dismay of the young men, the fork of the supposed bridegroom joined in the conversation.

With great rapidity it tapped out:

"Gentlemen, you are mistaken. We have been married five years, and have three children."—Youth's Companion.

GOOD CHEESE MADE FROM BUTTERMILK

In bulletins from the Wisconsin experiment station the making of cheese from buttermilk was pretty fully described, says Hoard's Dairyman. This caused somewhat of a stir in the dairy world, and since it results in the utilization of large quantities of buttermilk wasted every year it is well worthy of consideration.

Buttermilk makes a very acceptable cheese, and the profit in the enterprise will depend entirely upon whether

Photo by American Press Association.

Speaking generally, the agricultural shows in England, especially the exhibits of fine live stock, attract more attention than they do in America, since the breeding of good specimens of the domestic animals has been pursued for centuries there. Even in the great city of London, biggest in the world, the exhibits of cows, sheep, horses, etc., attract much attention.
The picture shows the head of a fine Holstein cow exhibited at a recent show in Agricultural hall, London.

er or not a steady market can be developed for it. Being a perishable product, very much like cottage cheese, it will keep only a few days. The fact of the matter is there is very little difference between buttermilk cheese and cottage cheese, except that the former has a buttermilk flavor.

Packing and selling this cheese require special attention since the public is not familiar with the product. It may be shipped in butter tubs and retailed in paper pails or other small packages. It will keep for a week or ten days in a temperature of 50 to 60 degrees, but it can be kept longer if the temperature is lowered to 32 degrees or below.

Buttermilk cheese has been sold at 8 to 5 cents a pound at the factory and retailed at 7 to 12 1/2 cents. If color is desired this may be secured by adding cheese coloring as used in cheddar cheese.

The making of this buttermilk cheese is inexpensive, as the drainage racks, siphons, etc., can be constructed by any one. When only a very small amount is desired the ordinary utensils of a creamery can be utilized.

How Fences Spread Disease.

A doctor finds a postmortem on a badly infected subject. His knife or scalpel slips, and he cuts a finger. Blood poison and death ensue. A tuberculous cow is stung by an insect. She goes to the barbed wire fence and scratches the itching spot, breaks the skin and leaves infected blood on the barbs, which dries, but the germs remain dormant, waiting for perhaps a healthy cow to come along, and she does and scratches and automatically inoculates her blood with the tuberculous germ.

This isn't theory. Any surgeon or bacteriologist will O. K. all the above as to germ transference.

A cow "hooks" another, draws blood with the tip of her horn, which, when smeared with dried infected blood, is just as deadly as the sharp barbed wire.

No keeper of valuable horses permits a foot of barbed wire on his ranch.—Farm and Fireside.

Why Keep "Robber Cows?"

It is as impossible to estimate the productiveness and value of a cow as it is to guess the exact number of bushels of corn a certain field will yield. The scales and a Babcock tester when rightly used will accurately determine whether any of your cows are grafters, just as surely as a pair of farm scales will show the exact yield of corn. Don't put up with a "robber cow."—Orange Judd Farmer.

Indigestion in Calves.
Indigestion in older calves is usually due to unclean milk or feed, unclean vessels, close confinement in dark, unsanitary stalls and irregular or excessive feeding. In some cases it appears to be due mainly to sheer weakness

World's Oldest Investment.

The oldest investment security on earth is the real estate mortgage. We know that money was loaned on mortgages in ancient Babylon, in the time of King Hammurabi, four thousand years ago, and that some two thousand five hundred years ago the great Babylonian banking house of the Egliti family invested large sums in mortgages on both city and farm property, the mortgages being recorded on bricks, which have been preserved in the safety deposit vaults of those times—Great earthenware jars buried in the earth—preserved until the archeologists, in our own day, and age, dug them up to show us when, where and how mortgages originated.—Leslie's.

Printing Stamps of Glue.

Printing stamps quickly made from glue instead of rubber are a German idea. Several sheets of tinfoil are laid on the type form, covered with felt, and a deep impression is taken on a press, the resulting tinfoil matrix being oiled and surrounded with oiled lead. Melted rollers' glue mixed with a little printers' roller composition is used for the casting. The stamp is mounted on a wooden handle, and, though rather soft at first, hardens in a few days without losing the necessary elasticity.

Flu-Influenza.

The tin had crumbled in a gray dust, but the plumber was not in the least nonplused.
"It caught cold," he said. "That's all. Tin is very liable to catch cold if it gets in a temperature under 60 degrees. As a rule it recovers, but a tin cold often turns to influenza, and then the case is hopeless. Nothing can be done. The tin loses its luster, decays, and finally crumbles to a gray powder like this here."

"These tin colds are contagious, a tin dipper will give a cold to a saucepan, and a tin cup has been known to contaminate an organ pipe."

"Only pure tin catches cold. For that reason, when tin is to occupy an exposed position or to encounter a low temperature, we alloy it with lead. Only alloyed tin is free from tin-flu-influenza."

Edward's Qualifications.

Certain mysteries in politics little Mrs. Hobart cannot penetrate; in all loyalty to her husband, she feels called upon to refer to them once in a while. "I have never understood," she said to one of her husband's relatives, "why my Edward would not have been a much better candidate for governor than his brother James, and I am positive he was as well fitted for the office of mayor as his cousin Henry." "But has Edward ever thought of running for either office?" inquired the relative. "I presume not. I have never said as much to him as I am saying to you," and Mrs. "Edward" held her chin well in the air. "But when you consider that James Hobart has twice forgotten his own wife's birthday, and that Henry Hobart can't tell pink from yellow to this day, I should think it would have occurred to any one how much more my Edward would have graced a political office than either of them."—Youth's Companion.

Moss grows thickest away from the light.

Muslin underwear, tailored shirtwaists, raincoats, corsets, silk waists, millinery, kimono and dressing gowns all at proportionately low prices.

The World, J. K. Scherer, Prop., Hotel Benton Bldg. Benton Harbor.

AN AUTOMOBILE ACCIDENT

Adam Lyddick Has Narrow Escape When Car Skids Off Road and Goes Down Embankment

While returning home from the Chautauqua at Niles via the river road with his family in his auto last Monday night, Adam Lyddick had an experience he hopes never to have again. Mrs. Chas. Lyddick was at the wheel, and when the wheels of the car encountered sand in coming down the hill near the Ben Watson place, about a mile and a half north-east of town, the car skidded off the road, dashed down an embankment and encountered a wire fence with a barbed wire on top, and this wire struck Mr. Lyddick just below the ear, cutting an ugly gash and just missing the jugular vein. Mrs. Chas. Lyddick was also cut slightly. The car struck the fence with such force that three posts were broken off and while all the occupants were badly shaken up, none of the others were hurt. The car was not seriously damaged.

Remember your policy is worth more than your deed after the fire. 20 tf Herbert Roe.

an Idea

Whether you are contemplating a gift that much silverware is always acceptable. In buying silverware it is well to choose stand. —it is well to buy silverware from a store that is with a small margin of profit. We believe that we can make more money by a great deal of silverware at a small margin of profit than selling an occasional piece at a big margin. This principle—this belief accounts for our being able to sell the same silverware for less money and better ware for the same money than you can buy elsewhere. We ask an opportunity to show you what we have and how reasonably we can sell it.

COUPLE TAKEN IN GALIEN

Girl Wanted in Chicago in Bartlett Case Seen in Box Car by Deputy

MANY CHARACTERS MIXED IN STORY

Berrien Officers Have Been Troubled by Woman Looking for Spouse a Week

taking in Galien of a man his name as Harry Haynes, and a girl, said to be Marie Martelle, wanted in the Chicago morality court in connection with the Bartlett case, in which a minister by the name of Bartlett perjured himself after he had given bond for his brother who was accused by the girl under the White Slave laws. Sheriff Fred Franz thinks he has a great deal of trouble off his hands.

There have been a number of characters in the case, which, since Wednesday, July 23, has kept county officials on the jump, looking for parties concerned and listening to and trying to fathom stories told by Mary Seemore, who with two little daughters, came here looking for the man who she claimed was her husband, and yet wasn't.

The facts are muddled, but certain it is that Mrs. Seemore, or Mrs. Clearwater, as she calls herself, in order to get the man she claims jilted her for the younger woman, is happy now, following a telegram from Chicago signed "Clarence." She declared her husband was at Benton Harbor with the girl wanted in Chicago, but does not care whether or

no, since he is back in Chicago and waiting for her.

SEEN IN BOX CAR

The Clearwater part of the case is disposed of.

Late Saturday night the sheriff received a wire from Galien stating that a man and woman were stealing a ride that way in a freight car. Deputy Potter was detailed on the case and soon found the couple walking the tracks toward South Bend. They were taken to the county seat Sunday night. The girl goes under a number of names, including Clearwater, and was being cared for by the woman who was here searching for her wayward spouse.

She was released from the Chicago courts owing to her age. A young girl of seventeen, she looks no more than fifteen, and, according to her story, has had a hard row to hoe. She answered the sheriff's questions readily and disclosed some important facts concerning her companion.

IS ESCAPED CONVICT

The girl declares Haynes is an escaped convict from Chicago and that he admitted this fact while they were sleeping in the box car. She says he admitted being in the Dalton train robbery and that it was for this crime he was sent to prison. He said they could not go to Chicago owing to this fact. In his pocket were found letters to a South Bend house of prostitution.

MAY INDICT UNDER MANN ACT

That it will go hard with Harry Haynes was intimated Tuesday when the little Miss was taken before Prosecutor O'Hara for an examination. She told of her trip by box car with Haynes, and made other disclosures, which were not given out.

Haynes is accused by the girl of being implicated in the Dalton train robbery and an escaped convict. The authorities are in communication with Chicago officials to establish the facts. An indictment charging Haynes under the Mann act will in all probability be served.

The Bartelle girl is being held as the complaining witness.

KEEP MARRIAGE SECRET SINCE FEBRUARY 15

Three Oaks, July 30.—Although married since February 15, not even the parents or closest friends of Miss

Mayme Rickert, a pretty stenographer in the employ of the Warren Featherbone company, knew that she was the wife of John Gibson of this village until now.

Mr. and Mrs. Gibson were married in Chicago and decided to keep their marriage a secret for a few months. Just how well they succeeded is known by the surprise the announcement has now created. Mrs. Gibson is the daughter of Mr. and Mrs. Henry Rickert of Dowagiac, and is popular both in her home city and in Three Oaks. Gibson is the son of Mr. and Mrs. Liberty Gibson of Lakeside, and is also employed by the Warren Featherbone company. Mr. and Mrs. Gibson will make their home in this village.

MAY BOUND TO CIRCUIT COURT

Reuben May, captured by Deputy Potter of Galien for the robbery of the Denison store at this place, was given a hearing before Justice Beach last Friday. May pleaded guilty to the charge of larceny and was remanded to the custody of the sheriff, to appear at the September term of court.

TO PAVE MAIN STREET

Improvement Decided Upon at Joint Meeting Monday Night

At a joint meeting of the township and village boards last Monday evening to consider the proposition of paving Main street from M. J. Smith's drug store to the James livery barn, a distance of 550 feet, it was decided to pave. A committee, consisting of O. A. Clark and Roland Potter for the township, and Chas. Swartz, H. D. Roberts and Chas. Green for the village, was appointed to take charge of the construction work. The concrete curbing will be built at once, after which a brick pavement will be laid as soon as it is possible to get the brick manufacturers of which are unable to make deliveries at once, owing to the fact that they are behind with orders.

SUNDAY SCHOOL

Lesson V.—Third Quarter, For Aug. 3, 1913.

THE INTERNATIONAL SERIES.

Text of the Lesson, Ps. cv, 23-35. Memory Verses, 26, 27—Golden Text, Matt. xxiii, 12—Commentary Prepared by Rev. D. M. Stearns.

If we would understand the word of God we must be agreed with God and let His thoughts and purposes become ours without any questioning on our part. He has chosen Israel as His peculiar people, a people near unto Him, that by them He may bless all nations, and His memorial name to all generations is "the God of Abraham, the God of Isaac and the God of Jacob." When He divided the earth among the nations He did it with reference to the children of Israel and set Jerusalem in the midst of the nations (Ps. cxxxv, 13, 14; cxlviii, 14; Isa. xxvii, 6; Jer. xli, 17; Ex. xli, 15; Deut. xxxii, 8; Ezek. v, 5). The adoption, the glory, the covenants, the promises, are all thine, and of them as concerning the flesh Christ came, who is over all, God blessed forever.

The author of the most of the psalms was David, the sweet psalmist of Israel, who said, "The Spirit of the Lord spake by me, and His word was in my tongue." The gospel of God is concerning His Son, Jesus Christ our Lord, who was made of the seed of David according to the flesh and declared to be the Son of God with power, according to the spirit of holiness, by the resurrection from the dead (Rom. ix, 4, 5; I, 1-4; II Sam. xlii, 1, 2). The whole Bible story largely concerns Israel, past, present and future, but chiefly past and future, because for the present they are set aside because of their rejection of their Messiah. All that has been written concerning Israel has been written for our benefit, that we, through patience and comfort of the Scriptures, may have hope (Rom. xv, 4).

The first part of our lesson psalm summarizes the lessons we have recently had concerning Abraham, Isaac, Jacob, Joseph and the going down of Israel to Egypt. Our lesson begins with the record of their great increase in Egypt and their oppression by the Egyptians, just as the Lord told Abraham that it would be (Gen. xv, 13). Our most recent lessons have shown us the birth of Moses, God's chosen deliverer of His people, his training at the court of Pharaoh, succeeded by his forty years of shepherd life in Midian, until the Lord spoke to him from the burning bush.

Ex. iii and iv are summarized in the twenty-sixth verse of our lesson in these words: "He sent Moses, His servant, and Aaron, whom He had chosen." Our last lesson on Ex. v and vi told us how the request through Moses and Aaron to let Israel go only angered Pharaoh and caused him to lay heavier burdens upon Israel. In today's lesson we have a summary of Ex. vii to xii, telling how the Lord sent plague after plague upon Pharaoh and his people until they were glad to let Israel go and save them abundance of silver and

gold and raiment (Ex. xii, 35, 36). The attitude of Pharaoh to God is seen in his defiant words: "Who is the Lord? * * * I know not the Lord" (Ex. v, 2). Before or by the time that God had dealt with him in these sore judgments he learned who Jehovah was and that those who walk in pride He is able to abase (Dan. iv, 37).

The character of Pharaoh is seen in three words in Ex. ix, 17. "Thou exaltest thyself," and by these we are pointed onward to the time of the anti-christ, the great oppressor of Israel, who shall exalt himself and speak marvelous things against the God of gods and prosper for a time (Dan. xi, 36; II Thess. ii, 4). In his days shall these plagues be repeated, according to Rev. xvi, in connection with Israel's last deliverance, after which they shall be a blessing to all nations.

In the Exodus chapters it is written eight times that Pharaoh hardened his heart (vii, 14, 22; viii, 15, 19, 32; ix, 7, 34, 35) and seven times that the Lord hardened his heart (vii, 3, 13; ix, 12; x, 1, 20, 27; xi, 10). The latter expression signifying that the Lord gave him over to his own willfulness, allowed him up to a certain point to have his own way, illustrating Prov. xxix, 1.

The plagues are not mentioned in our lesson in the same order as they occurred, the Exodus order being blood, frogs, lice, flies, murrain, boils, hail, locusts, darkness, death. The murrain and the boils seem to be omitted in our lesson. The magicians of Egypt imitated the plagues of blood and frogs, but when it came to lice they had to say, "This is the finger of God" (Ex. viii, 19). The Lord put a difference, a division, a redemption, between His own people and the Egyptians (Ex. viii, 22, 23; ix, 4, 26; x, 23; xi, 7).

In the case, at least some of the Egyptians gave heed to the Lord's warning and were saved from the plague (Ex. ix, 20, 21). Pharaoh's unwillingness to let Israel go is very suggestive of the hold that the devil has upon people and his unwillingness to let go. First they might go, but not far away; then they might go, but only the men; then their families might go, but not their flocks. Let us stand with Moses and say, "Not a hoof shall be left behind" (Ex. viii, 28; ix, 11, 24, 26). We must always give attention to the different names of Jehovah and from each one learn to know Him better.

Mrs. Warren Hagley remains about the same.

Mr. and Mrs. James Carlisle of Three Oaks, were in Galien Tuesday.

Mrs. Alvin Olmstead has purchased the Chas. Lyon residence on Main street.

The members of Geo. Custer Post G. A. R., were entertained today at Hudson Lake at a fish dinner by the New Carlisle Post G. A. R.

The M. E. Sunday school enjoyed a picnic at Hudson Lake yesterday.

Henry Germlinger and son, Otto, were at St. Joseph Monday.

Eldredge Gardner of near Goshen, is visiting his parents, Mr. and Mrs. Wm. Gardner, for a few days.

Miss Josephine Simmons of Gary, spent yesterday here with friends.

The Rev. Ferris is enjoying a two weeks' vacation at Winnebago, Minn. The Rev. Maynard of Three Oaks, will relieve him of his clerical duties during his absence.

Mr. and Mrs. Dwight Babcock and Mr. and Mrs. E. S. Babcock motored to Plymouth, Ind., Sunday.

Atty. Harry Wair and Dr. S. A. Clark of South Bend, spent Sunday at the home of Mr. and Mrs. C. A. Clark.

Wheat on O. A. Clark's farm yielded 23 bushels to the acre this year.

Earl Kelley, who has been attending the summer school at Kalamazoo College, is home for a week's vacation.

Mr. and Mrs. Oscar Carlson and daughter, Isabelle, of Chicago, are enjoying their vacation at the Van Antwerp home.

Mr. and Mrs. John Andrews of Buchanan, spent Sunday with their parents Mr. and Mrs. Van Antwerp.

Clyde Swank is enjoying a week's vacation from his duties at the milk condensing plant.

Mr. and Mrs. O. A. Van Pelt were in Lacoto Sunday.

Mrs. B. E. Steele and daughter, Genevieve, are visiting in St. Paul, Minn.

Arthur Warren of Chicago, is a guest at the home of Geo. White.

Mr. and Mrs. Fred Arms and children of Aurora, Ill., are guests of Mr. and Mrs. Glenn Smith.

D. W. Swem was in Benton Harbor Monday.

Mrs. Blaine Lyon spent Tuesday in Buchanan.

Geo. White made a business trip to Baroda Wednesday.

E. A. Babcock was in Three Oaks Monday.

Quite a number from here attended the "161 Ranch" Wild west show at Benton Harbor Saturday.

James McMann returned to Jackson Sunday and resumed work as fireman on the M. C. railroad.

Mrs. Marsh and daughter returned Saturday from a visit in South Bend. Mr. Marsh has a position as auditor for the Armour company in Chicago.

Dr. and Mrs. Perry Anderson of New York City, who are visiting in Buchanan, and Mr. and Mrs. H. A. Hathaway of Buchanan, called on B. D. Denison Friday.

Mrs. Mayme Blakeslee is visiting at the home of her parents, Mr. and Mrs. H. S. Cone, in Benton Harbor, this week.

Mrs. Maria Jones visited at the home of E. A. Brodbeck in New Troy, the first of the week.

Mr. and Mrs. Clarence Renbarger spent Saturday and Sunday with Mrs. Maria Jones. Their son, Russell, returned with them after a two weeks' visit with his grandmother.

Dr. and Mrs. Fuller have moved to Anderson, Ind. The suite of rooms over the bank, which they occupied will be occupied hereafter by Mrs. R. Black and daughter.

David Allen has secured the contract for building cement sidewalks for the Michigan Central on the east and west sides of Main street on the west side of Grant street along their right of way. Work was commenced Tuesday morning.

Some reasons why you should carry a bank account: It teaches economy. It helps your credit. It furnishes the best receipt for money you pay out. Your bank account, however small, will be appreciated, and will be the beginning of a reserve fund which will mean peace, plenty and contentment in old age.

G. A. Blakeslee & Co., Bankers.

GALIEN RURAL 2

A number of Odd Fellows and Rebekahs attended the picnic at Hudson Lake Thursday given by the order.

Mrs. Edith Lyons and baby of Buchanan, are visiting her parents, Mr. and Mrs. Harvey Gregory.

Mrs. Inez Foster returned to her home in Massillon, Ohio, Friday.

Mrs. Frank Reese has gone to Independence, Kas., for a three weeks' visit with her parents.

Mrs. Carl Renbarger and son, Carlton, of St. Joseph, are spending a few days with her parents, Mr. and Mrs. Clayton Smith.

Mr. and Mrs. Wm. Hunt and daughter, Edith, went to Kalamazoo Tuesday.

John Lamb, Mr. and Mrs. Jay Pyle and Mr. and Mrs. Delbert Pierce and children were out motoring Sunday.

Mr. and Mrs. Mando Potter and children, Mr. and Mrs. Carl Prentker and Mr. and Mrs. Dell Shank attended the show at Benton Harbor Saturday.

"Father, I'm Glad You Smoke Duke's Mixture"

Before we tell you about the boy and his air rifle, we want you to hear about Liggett & Myers Duke's Mixture—the tobacco that thousands of men find "just right" for a pipe—the tobacco that makes "rolling" popular.

Liggett & Myers

Duke's Mixture

This favorite tobacco is fine old Virginia and North Carolina bright leaf that has been thoroughly aged, stemmed—and then granulated. It has the true tobacco taste, for the very simple reason that it is pure tobacco. Pay what you will—it is impossible to get a purer or more likeable smoke than Duke's Mixture. It is now a Liggett & Myers leader, and is unsurpassed in quality.

In every 6 sack there is one and a half ounces of splendid tobacco—and with each sack you get a book of cigarette papers FREE.

How the Boy Got His Air Rifle

In every sack of the Liggett & Myers Duke's Mixture we now pack a Free Present Coupon. These Coupons are good for all kinds of useful articles—something to please every member of the family. There are skates, sleds, balls and bats, cameras, umbrellas, watches, fountain pens, pipes, opera glasses, etc., etc.

As a special offer, we will send you our new illustrated catalogue of presents, FREE. Just send us your name and address on a postal. This offer expires December 31, 1913.

Coupons from Duke's Mixture may be secured with tags from HORSE SHOE, J. T. HINSELY'S NATURAL LEAF, GRANGER TWIST, coupons from FIVE ROSES (100-rod double coupon), PICK-PLUG CUT, PIEDMONT CIGARETTES, CLIX CIGARETTES, and other tags or coupons issued by us.

No Reason for Haste in Dealing With Mexico.

All interests in Mexico have for many months been in jeopardy. Nearly all of the other foreign governments have recognized the Huerta regime. The forced resignation of the lawful president, Madero, and his abominable assassination, occurred only a few days before President Taft went out of office. Our Ambassador, Henry Lane Wilson, regarded it as best that we should give prompt recognition to the Huerta-Diaz military and personal dictatorship, in order that our influence might help them to establish a strong enough government to give protection to American and other foreign interests. But there was great abhorrence in this country of the treachery and crime of which Madero had been the victim, and there was much belief that the people of Mexico would at an early day rid themselves of the usurpers. The movement which had sent the elder Diaz to Europe had been followed at once by an election, and Madero became a constitutional President. Huerta had promised to adopt the same policy, but dates have been deferred and there is no likelihood that such an election will be held even in October, as more recently announced. Revolutionary fighting against Huerta is going on in different parts of Mexico. This present government wishes to raise money by a foreign loan, but lacks the necessary prestige because of the refusal of President Wilson and Secretary Bryan, thus far, to recognize the lawful status of the actual rulers. Our relations with Mexico for more than half a century have been such that the world expects us to adopt and declare a definite policy. The great powers of Europe would like to have the United States intervene in Mexico, because that would give promise of full and responsible protection of their citizens and their property interests.

The best opinion in this country, however, is to the effect that our Government has no possible reason for invading Mexico and trying to establish order there. It is quite possible for American citizens who cannot live there in safety to return to this country. American investments are very great in Mexico, but they were never guaranteed by our Government, and have always been subject to the vicissitudes of a revolutionary country. President Wilson thus far has shown himself to be both firm and cool-headed. There is no need of his doing anything about Mexico until he has deliberately decided upon a course of action that satisfies his judgment. It was reported last month, whether truly or not, that Huerta had just caused the execution of twenty or thirty men who were supposed to have been plotting the assassination of himself and Diaz. He will have to live in a bomb-proof vault if he expects to prolong his own days very greatly, under the existing conditions. His enemies are everywhere, and violent men usually come to violent ends.—From "The Progress of the World," in the American Review of Reviews for August.

**EVERY TICK OF THE CLOCK
MEANS MONEY!
IF YOU HAVE A BANK ACCOUNT**

If you have a bank account your money is not only secure, but every tick of the clock means that it is growing, so when you have money in the bank, it is safe against loss, against your extravagance, and is growing every minute. Is there another place where you can put it to such good advantage?

IN THE WHEAT FIELD

Reports from About County Concerning Yield of Grain.

[Eau Claire Journal.]
Wheat threshing is on in earnest and in every direction in the county can be heard the hum of the grain separator and the frequent blowing of the whistle of the traction engine from which the big machine derives its power. Threshing is an interesting process and especially when compared with the days of the flail.
THRESHING REPORTS.
At J. T. Reams' farm last Saturday a field of 17½ acres yielded 24 bushels to the acre, or a total of 416 bushels of grain of excellent quality.
John Michael reports one of the largest yields. He threshed 106

bushels of rye from a five and one half acre field and 144 bushels of wheat from five and one-half acres, over 26 bushels per acre, and the grain is of good quality.
Dwight Fisher of Berrien Center had an excellent crop, an average of 25 bushels of wheat being produced.
Louis Rodell threshed eight acres each of rye and wheat which averaged 16 bushels to the acre.
S. M. Merritt threshed a nine-acre field which yielded 160 bushels.
Henry Bowman's twenty-acre field averaged 16 bushels to the acre, while Ed Tidey nearby reports a yield of about eight bushels to the acre in his 20-acre field. The wheat was very small, the poor yield being attributed to the frost.
L. B. Moore, Ireland Corners got 19 bushels per acre off 84 acres.
J. J. Becker, Berrien Center, reports 17 bushels per acre from 23 acres.

GIFFIN IS GIVEN LIBERTY ON BAIL

Attorney of Promoter Furnishes Bond of \$500.

LAPORTE, Ind., July 30.—Abner Giffin, promoter of the Apex gold mine in which many South Bend people lost money, has been released from the county jail here. Giffin's release has been expected since the preliminary hearing Wednesday when Giffin waived arraignment and was bound over to the circuit court under bond of \$500. This was furnished by Giffin's attorney, F. E. Osborn.

Discussion is now prevalent among authorities as to whether Giffin may legally leave the state and go back to Washington before his trial. This is worrying the stockholders of Niles, Mich., who want Giffin when the Indiana authorities are through with him. It is said by Carmi Smith, of that place, that should Giffin accede to their demands and turn over to acceptable investors control and interest in the mine, that proceedings in Niles would probably be quashed.

In that case it is understood that an investigation of the state of affairs at the mine would be conducted and should any possibility of ultimate profits develop stockholders would actively begin exploitation and development of the property.

MISMATED COUPLES

Bertrand Man Asks Separation From Lady Who Threw Things

Jesse D. Bright of Bertrand has commenced suit for divorce. He claims his wife made a target of him for teacups and other dishes when she got mad and took jabs at him with the scissors.

The couple were married Feb. 16, 1901, and lived together until February, 1910. Extreme cruelty is the charge.

Fern Steger was granted a divorce from Philip Steger with \$10 a month alimony. Steger filed objection, declaring he only makes \$15 a week, while his wife is making \$100 a month. He asks that the alimony clause be set aside, as he needs all he can earn to support himself.

The King of All Laxatives
For constipation, headaches indigestion and dyspepsia, use Dr. King's New Life Pills. Paul Mathulka of Buffalo, N. Y., says they are the "King of all laxatives. They are a blessing to all my family, and I always keep a box at home." Get a box and get well. Price 25c. Recommended by E. R. Stauffer, Buchanan, Mich.—Adv.

WALTER STEVENS IS KILLED BY FREIGHT

Man Misses Footing in Attempt to Board Train

Walter Stevens, aged 28 years, a plumber, who had been in the employ of E. S. Roe here, was run over and killed by an east bound Lake Shore freight train last Thursday night at the Scott street crossing in South Bend. The accident occurred at 6 o'clock.

In an attempt to board the train while it was in motion, he missed several cars and then shipped under the car which passed over his right leg, crushing it above the knee cap, according to the story told by the conductor, J. W. Struck. He was hurried to Epworth hospital where Dr. S. L. Kilmer amputated the leg. He died a short time after the operation.

In the brief period of consciousness before he died the man gave his name and address and said he had a wife and a daughter living. The wife was notified and arrived in South Bend Friday morning to bring the body to Buchanan where the funeral took place Monday.

Aside from his widow, Stevens leaves one child, four brothers and two sisters. He was en route to his old home at Columbus, O., when the accident occurred.

IMPORTANCE OF HEALTHY KIDNEYS

Buchanan Readers Should Learn to Keep the Kidneys Well

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Buchanan citizen's advice.

Mrs. S. Davis, 204 N. Portage St., Buchanan, Mich., says: "I consider Doan's Kidney Pills a good kidney and backache remedy and do not hesitate one moment in recommending them. I have taken this remedy on several occasions for backache and other symptoms of kidney complaint and the results have always been satisfactory."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Adv.

Apple Crop Brings \$4,000

Four thousand dollars cash was the price paid the other day to Ballard Brothers, growers near Niles, for the crop on tree of an eight-acre orchard of Duchess apples. The purchaser was the commission firm of Fox & Coddling of Chicago. The sale will yield the owners a big profit on their investment. The orchard has been given excellent care and the fruit is uniformly high grade. The yield is the heaviest ever produced by the orchard.

Remember your policy is worth more than your deed after the fire. 20 tf Herbert Roe.

SEASON TICKETS FOR THE BIG MIDLAND CHAUTAUQUA NOW ON SALE

Adults \$2.00 Children \$1.00

\$107,037.45 IN
SCHOOL MONEY

Berrien County's Share Announced in
Apportionment of Funds.

Berrien county will get \$107,037.45 in the annual apportionment by the state of the primary school money. Distribution is made at the rate of \$7.41 for each child. Berrien county has 14,445 children of school age. The money can be used only for the payment of teachers' salaries. The total amount to be distributed in the state is \$5,750,998.68.

PEPPERMINT HARVEST ON

The peppermint harvest in Berrien county has begun in a preliminary way. The harvest, it is expected, will be on within a few days. The crop appears in good condition in spite of the frost. The Norman Beebe farm near Niles will harvest a third of a crop, but the Clyde Beebe farm near Baroda will harvest fully two-thirds of a crop. The Baroda still is now working, commanding the attention of many men and teams.

SWEET ESTATE PUT AT \$35,000

Of This Estimated Amount
\$14,000 Is Covered by Life
Insurance

Dowagiac, July 30.—Although a complete inventory has not been made of the estate of the late Chas. E. Sweet, it is estimated that it will reach \$35,000. Of this amount, \$14,000 is in life insurance, which L. E. Wood, one of the executors of the estate, says, with accumulations will run higher than this figure.

Mr. Sweet also owned ten shares of stock valued at \$1,000 a share in the Dowagiac Drill Co., and \$500 telephone stock. He owned two houses worth \$3,500 and had one of the best equipped law offices in this corner of the state.

The homestead belongs to the wife and it is reported that this is all she will get from the estate. Mr. Sweet's will was executed in 1906 before his second marriage. He neglected to change it after his marriage or he may not have desired to. The life insurance goes to Miss Elizabeth, Lucian and David, the later being a son by his marriage to Gertrude Toll of Niles, who is making his home with his mother's people.

FAIRLAND JOB COST \$1 A FOOT

Chicago Road Job Now Expected
to Cost About The Same

The road job on the Chicago road west of the Ballard Hill, is progressing nicely.

This job is being supervised by County Road Commissioner Babcock of Buchanan, successor to Frank Rough. D. L. Zaring, the foreman, is fresh from the Fairland job recently completed.

The Fairland job covered 5280 lineal feet of stone road and cost the county just \$5,280 or \$1 a running foot.

The Chicago Road job has a measurement of 2250 feet and will connect with the cement road that runs to the top of Ballard Hill.

The stone is to be 12 feet wide for a road bed with six feet of dirt graded up to it from each side and in places the grading will extend to a gross width of 40 feet over all including the ditches.

An allowance of \$2,500 was made for this job and on the basis of the Fairland cost, there will be something to turn back.

The grades on the Chicago road have been cut down to 5 per cent.

State of Ohio, city of Toledo, ss.
Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Take Hall's Family Pills for constipation.—Adv.

THE BOHANNANS.

An original program of readings, impersonations, tenor solos, soprano solos, vocal duets, readings set to music, all woven into one harmonious whole, with a beginning, an ending and a purpose is only half the story of what these artists offer the public. It is practically impossible to describe their entertainment in cold type. It has all the unity of a lecture, all the charm of a varied entertainment, and the artistry of a high class concert.

FRED EUGENE BAKER.

Mr. Baker knows all the traditions of the Lyceum, has a high regard for the service to be rendered each audience, and brings an audience much more than he is a large, person, anxious to please and successful for eight years. His first lecture, "The Lucky Number," has been given over six hundred times.

DR. EUCLID B. ROGERS.

Dr. Rogers was educated at the Norwich Academy and Colgate University. A baseball player and all-around athlete. Read law and edited a weekly paper. Admitted to the bar at Albany. Ordained to the gospel ministry. An interested student of men and movements. Alert and alive. Human to the last drop of his red blood, and allied in heartfelt fashion to humanity in its needs, aspirations, achievements and hopes.

SARAH RUTH BATES COMPANY

The Sarah Ruth Bates Company includes both a concert company and a Ladies' Quartet, with Violin, Soprano, Whistler and Reader. It is certainly a pleasing and effective combination with an abundance of variety. They also offer a musical sketch in costume which is a pleasing addition to their program. Their program is attractive, delightfully entertaining and pleasing.

THE CRAVEN FAMILY ORCHESTRA AND QUARTET.

Musicians, like poets, are born, not made. And there is generally but one in a family. You hear of but one Beethoven and but one Mendelssohn. Very seldom is it that you hear of a family of musicians. But such a family the management is happy to present. The Craven Family is one of a thousand. Natural born musicians, they have daily training under a talented father, so that from babyhood they have lived music. Their programs are pleasing, artistic and delight their auditors.

GLENN FRANK.

Mr. Frank is perhaps the youngest really successful lecturer before the America. public today. He began his public speaking at the age of 18. On the International Lyceum Association program at Winona Lake, Indiana, last fall, his lecture was acknowledged the hit of the season. While attending Northwestern University he won first place in the Northern Oratorical League, the honor which Robt. M. LaFollette won several years ago.

ARTHUR KACHEL.

Mr. Kachel is an exponent of the newer school of interpretation and has demonstrated in sixty Chautauqua assemblies—last year—his fitness to accurately portray character from the public platform. He is a graduate of Leland Powers school, Boston, and was selected from hundreds of applicants as an instructor in the institution. Mr. Kachel is intensely dramatic and is ambitious to do good.

THE ERNEST GAMBLE
CONCERT PARTY.

The present is the thirteenth consecutive season for this company. This fact alone should be sufficient commendation of their worth. It is the highest priced three member company on the Chautauqua platform. Each member of the company is a distinct artist and is the product of the greatest European masters. The personnel of the company is Mr. Ernest Gamble, basso; Mr. Edwin M. Shonert, pianist; Miss Verna Leone Page, concert violinist. The combination of voice, piano and violin is ideal. It takes but one David Bismpham to give a full recital, or a single Russell Conwell to deliver "Acres of Diamonds," and so this small but select company gives better satisfaction than many larger companies.

THE EUCLID MALE QUARTET

We offer this popular male quartet as one of the best in the Chautauqua field. The company grows in popularity with each passing season. The personnel consists of four college-bred young men with pleasing voices and good personalities. One is a reader of exceptional merit. Another feature is the organ chimes, the largest set being used in the Lyceum, all four playing. The program is carefully planned, artistically balanced.

BRUSH, THE GREAT.

Edwin Brush is acknowledged the country over as one of the greatest magicians and illusionists of the day. His voice is so pleasant, easily heard and understood. He is not only a man of mystery, but he convulses you with laughter. He works fast and does at least one-third more tricks in the same length of time than any other magician. He does his best to demonstrate strongly what can be accomplished by fraud.

ROSS CRANE.

Chalk Talker, Cartoonist, Clay Modeler, Humorist, Entertainer and master of them all. A big job for one man, but Mr. Crane fills it in every particular. He delights every element in every audience, because he appeals to the fundamentals of human nature, its love of humor, imagination, intellectual and moral sense. Mr. Crane is a member of the Fabian Society of London, a Charter member of the I. L. A. and its President.

THE RAWELS, NATIVE
NEW ZEALANDERS.

No people in the history of the world have made such remarkable advancement as have the New Zealanders. Scarcely over a half century ago they were savages. Mr. Rawel, assisted by his wife and son, tells of the history, advancement and customs of these people as only a native can in their unique entertainment, which is a kind of Polynesian play picturing the old, wild life of the savage tribes in a sharp contrast to their present day civilization.

DR. RUSSELL H. CONWELL.

Dr. Conwell of Temple church, Philadelphia, is conceded to be the most popular lecturer in the world. A big statement, but one which the statistics of lecture bureaus verify. Careful investigation reveals the strong probability that Russell H. Conwell has addressed more people than any other man living. He has averaged two hundred lectures a year for forty-nine years, besides preaching to the thousands who throng his church and addressing the largest conventions that assemble in America.

JAMES WHITCOMB BROUGH.

Dr. Brough is the successor of Robert J. Burdette as pastor of the Baptist Temple church, Los Angeles, California. He is the most widely known preacher west of Chicago. There is scarcely a Sunday in the year when the people are not turned away, although his church seats thirty-five hundred people, and it is the usual thing on Sunday evening to see the great lobby filled to overflowing at 6.30 o'clock.

THE BOSTON LYRICS.

The Boston Lyrics comprise a trio which presents a delightful varied program of vocal and instrumental music, readings and cartoons. The instruments used include a cornet, trombone and also that interesting instrument known as a marymbaphone.

During their last Lyceum and Chautauqua season this company traveled more than 12,000 miles and upon this trip appeared in concerts in both Portland, Me., and Portland, Oregon. The personnel of this delightful company is: Fivel R. Jordan, Jr., Baritone, Instrumentalist, Cartoonist; Bertha Wells, Reader and Instrumentalist; Carolyn Jordan, Accompanist.

KAFFIR BOYS' CHOIR
OF SOUTH AFRICA

This company consists of five native African boys representing four distinct tribes and speak many languages. These boys have been gathered together by Mr. Balmer, an Englishman who has traveled widely in Africa, assisted by Miss Elsie Clark, a lady of English parentage, born and raised in South Africa. They tell of Africa in song and story in their remarkable program. The boys divided honors with Theodore Roosevelt a few seasons ago at the great Chautauqua, Chautauqua, New York, on their second appearance for the banner audience of the season.

Five Native African Boys Create Sensation as Singers

UNLESS you have heard the Kaffir Boys' Choir, a musical and entertainment number upon our Chautauqua program, it is hard to understand the character of the program they present. It is indeed a most remarkable combination.

The Company consists of five native African boys, all of different ages. They are from four separate tribes and speak four distinct languages. Mr. Balmer, the trainer of these boys, or, more correctly speaking, the teacher, is an Englishman, a member of the Royal Geographical Society and has traveled widely in South Africa, which is the home of these boys. He says that the boys are not picked out on account of any particular aptness, as he aims to show more particularly what it is possible to accomplish with the ordinary African boy. These boys offer a splendid example of the possibilities of the African when properly educated. Bishop J. C. Hartzell, Methodist Episcopal Bishop of Africa, says of the boys: "To see and hear them is at once to silence forever a thousand queries which the civilized world is asking as to the possibilities of the native African." Mr. Balmer is assisted in the care and teaching of the boys by Miss Elsie Clark, a lady of English parentage, but born and raised in South Africa.

Mr. Balmer has been before the public with this company for eight years, during which time the personnel of the company has changed from time to time as the members of the company grow up. They have traveled from one end of the United States to the other, as well as in England and the Continent. They have met with universal cordial reception and have been recalled time and time again for return dates. The past winter has

been spent in England. They closed their English tour with a series of five concerts at Manchester, England, just before sailing to America to appear in the great world-wide Mission Pageant of the World in Chicago, on which program they appeared each day. At their last concert at Manchester three thousand people were turned away from the doors and the police had to be called in order to control the crowd.

No printed program is needed to follow the entertainment. Mr. Balmer and Miss Clark weave into the program most fascinating stories of the wild life of Africa as they have seen it in their wide travels. Tales of witchcraft, of amusing wedding scenes, of King Solomon's mines, of the mysterious ancient ruins, of lion hunts, the haunts of the elephant, the rhinoceros, etc., etc. How the boys were found, their tribal modes and customs.

The Musical part is as varied as could be wished. Songs, duets, trios, quartets, part-songs and chorus—all blended into one continuous and unique whole. Selections are given in four languages, but the selections are almost all in English. Mr. Balmer sings bass and has trained the boys to sing soprano, tenor and alto, thus forming a completely balanced chorus. The boys are each dressed in the costumes of their different tribes, thus adding to the novelty and attractiveness of their program.

THE METROPOLITAN SYMPHONY ORCHESTRA.
The Metropolitan Symphony Orchestra consists of twenty trained musicians, each one selected for a special part. Few men are better fitted to effect such an organization than James Thatcher, the celebrated orchestra leader of Chicago. An expert musician himself, with years of experience, he knows how to build an orchestra to produce harmony and volume.
The Orchestra will support several distinguished soloists, consisting of Soprano, Baritone, Harp, Cello and Violin. See special announcements in the program booklets.

Furniture Value, Usefulness and Scope Await You When You Buy Furniture

you should come here, where the largest and best selection is to be had. You can always find just what you want for any place where furniture is used. We are careful about the kind of furniture we sell, and in buying are particular to select only substantial, well made goods. We invite you to inspect our offerings carefully, to note the quality and the style, and compare our prices with those you are offered elsewhere. If you do this, you will find it to your advantage to buy housefurnishings at this store.

Richards & Emerson
Buchanan, Michigan

CLEAR LAKE NOTES

F. L. Fuller is expected up from Chicago Saturday for the week end.
E. S. Williams accompanied C. H. Fuller on a motor trip to Galien Monday.

Mrs. Elson spent a few days at the lake, cleaning up their cottage preparatory to occupying it. Miss Georgia Wilcox accompanied her for a day.

Mr. and Mrs. J. C. Rough spent part of last Sunday with the Fuller family at "Coney Beach."

Walter Tauber, who has been camping here all summer, is having his eyes treated by a Niles specialist.

Miss Ethel Ann Williams of Emporia, Kas., will be the guest of Mrs. E. S. Williams for the remainder of the season.

Miss Sybil Williams gave a tea at "Sweet Williams" cottage in honor of Miss Nancy Rubel of Dallas, on Tuesday.

The Misses Thompson of Rogers Park, Chicago, are guests of Mrs. E. M. Colvin at the Manor.

Mrs. Hattie Wire and son, Ward, are back at the lake with Mrs. Sam'l Haaseck for another week.

The Rev. Mather of the Buchanan M. E. church, gave his flock a picnic at the lake Tuesday. They all had an enjoyable time.

H. M. Rubel of Dallas, Texas, who has been at Clear Lake for the last three weeks, left for home Monday, but Mrs. Rubel and son and daughter will occupy the Kean cottage till September.

The Misses Minnie Schneider, Lilian Stephen, Emma and Carrie Schultz, who have been occupying the Paonessa cottage for the last two weeks, returned to Chicago Tuesday. Miss Hazel Berong and brother, Nicholas, will remain at the cottage for a short time.

BAKERTOWN

Mrs. E. I. Cauffman was at South Bend Saturday.

Mr. and Mrs. Frank Dodge were guests of Mr. and Mrs. D. A. Dodge Saturday night and Sunday.

Mrs. Clara Schreve of Buchanan, was the guest of her sister, Mrs. M. E. Gilbert, Wednesday night and Thursday.

The Portage Prairie band furnished music at Berrien Springs for the second annual Berrien County Sunday School picnic today.

COLVIN DISTRICT

Edgar Wygant, who was taken ill last Friday afternoon, is improving.

Charles Stead and daughter, Bessie, are visiting at the home of Chas. Fuller this week.

Mrs. V. M. Perry of S. Dakota, is visiting at the home of Mr. and Mrs. John Montague.

Mr. and Mrs. Baxter Trevor of Lima, O., are visiting their daughter, Mrs. Clarence Spaulding and family.

Last Friday evening, Mt. Tabor Grange held one of their most enjoyable social meetings at the home of Joseph Gosling, on the river road. A fine time was enjoyed by the large crowd. An excellent lunch and program were features of the occasion. An invitation was extended by Mrs. John Russell for the Grange to meet at her home on Friday evening, Aug. 8, for another good time.

ELM VALLEY

Dr. Knox, of Three Oaks, made calls in Elm Valley one day last week.

Fred White, of Galien, has been doing some carpenter work at the Benson home.

Mrs. Wirth and son, Otis Wirth, and family, made a business trip to St. Joe last week.

Henry Partridge and wife were on the sick list last week.

The meetings at Elm Valley have closed.

Mrs. Lou Decker and mother picked huckleberries the other day, Mrs. Decker picking 40 quarts.

Effie J. Miller, of Chataanooga, Tenn., visited from last week Friday till Monday with her great aunt, Mrs. Benson, and other relatives.

Farmers are all very busy, as Mr. Moore's threshing machine is still in the neighborhood.

Mrs. Benson received a present recently which she prizes very highly. It consists of a string of beads made by her only sister, whose residence is Norwalk, Ohio, and is made of rose leaves which were gathered from the old home flower garden.

DAYTON

Will Thaldorf of Lansing, spent the week-end here with relatives.

Edward Schultz of Chicago, spent Sunday here with his parents.

Miss Carrie Van Lew of Buchanan, spent Saturday night and Sunday with her parents.

Otto Ranke and family spent Sunday in Buchanan with friends.

Mr. and Mrs. Orville Kanoose and son of near Buchanan, spent Sunday at the Levi Allen home.

Lorenzo Schmuhl of Michigan City, is visiting at the E. L. Hamilton home.

A number of cars of Italians are on the side track here, as they are laying crushed stone near here.

Harry Strunk and Harry Dalrymple were in Buchanan Saturday afternoon.

Roy Thaldorf was a business caller in Three Oaks Monday.

The Dayton Blues defeated a Buchanan baseball team, the score being 10-9.

Blaine Oripe of South Bend, spent Sunday here with relatives and friends.

Misses Inda Ernspenger and Edna Redding were in Buchanan Saturday afternoon.

Louis Compass of Foleston, spent Sunday here with relatives.

Miss Minna Dreger spent Wednesday evening in Buchanan with Miss Emma Hall.

The Misses Helen Colburn and Lilian Redding were in Galien Saturday afternoon.

Gerald Proud and Will Thaldorf spent Friday in Three Oaks.

David Allen of Galien, was here the last of the week doing some mason work at the E. L. Hamilton home.

OLIVE BRANCH

John Carlson and wife spent Sunday evening with the latter's parents, Mr. and Mrs. Lew Bissell.

Mrs. Curtis Vantillburg is entertaining her sister, Mrs. Jane Ingles, of Laporte, this week.

E. A. Nye was in Three Oaks last Friday on a business mission.

Mrs. Ira Lee entertained her sister, Mrs. Clyde Swank, and children last Thursday.

Mrs. D. O. Fulton, who broke her leg some time ago, seems to be getting along nicely.

H. O. Yaw was a St. Joseph visitor last Saturday.

Mabel and Arthur Keller have the mumps.

Miss Sylvia Starr returned Friday, after a three weeks' stay in Laporte.

Mr. and Mrs. Schuyler Vantillburg, of South Bend, and Elsie Vantillburg visited Louie Chevie, of Three Oaks, Tuesday.

"Uncle" Sam Rhoades went to New Carlisle Saturday. About the first time he has been out, having been confined to the house on account of illness.

Mrs. Winnie Sutton and daughter, Lela, visited the former's mother, Mrs. Elsie Vantillburg, last Wednesday.

Lisle Nye went to Benton Harbor Friday for a visit with relatives and friends, returning Monday.

Earl Ingles and family spent Sunday at the Frank McLaren home.

Mrs. Henry Heckathorn left last week for a two weeks' visit with relatives in Indiana.

Mr. and Mrs. B. O. Yaw and Wm. McLaren visited at the Henry Ingles home Sunday.

Mrs. Eliza Lickfelt and daughter, of Niles, visited over Sunday at the Jacob Sheeley home.

Mr. and Mrs. Gebert and baby, of Chicago, were guests last week at the Frank Kellar home.

Mrs. Ben Sheeley and children, of Niles, spent the first of the week here with relatives.

Last Wednesday evening Milo James was suddenly taken violently ill, the attack resembling internal poisoning. Drs. Snowden and Helkie were called. Mr. James is now convalescent.

Mrs. J. H. Winkley and two sons, of Marion, Kas., came Saturday for a two weeks' stay with her sister, Mrs. Frank Kellar, and family.

August Kuhl and wife visited the latter's brother, B. J. Slater, of near Buchanan, Sunday.

James Renbarger and wife entertained at dinner last Sunday the following guests: Mr. and Mrs. Oscar Grooms and nephew, Robert, Ellis Renbarger and family, of Three Oaks, and Kenneth Renbarger and wife.

Since Dame Fashion's latest decree, that the ladies shall no more wear "rats" in their coiffure, there seems to be an over production of rats in this vicinity, at least, and the pesky varmints are making nightly raids on the farmers' chicken coops. Any one wishing information in this line may do well to inquire of Mrs. H. O. Yaw, for she knows how to "catch 'em." Just ask Betsey.

BERRIEN SPRINGS

Loren Marquissee and wife, of St. Joseph, visited in Berrien Springs over Sunday.

A number of people from this village spent Saturday in Benton Harbor. Among them were, Mr. and Mrs. Storick, Mrs. Loy Skinner, Mrs. Wm. Shuler and sons, Henry Miller, Albert Morgan and wife and S. A. Feather.

Z. I. Creapeau, of South Bend, was a business visitor here Saturday.

Born Saturday to Mr. and Mrs. Myron Murphy, who live near Berrien Center, a son.

Miss Gladys O'Hara, of Gary, Ind., is visiting her grandmother, Mrs. M. E. Elliott.

The annual county I. O. O. F. picnic was held here Wednesday, July 30.

BUCHANAN R. F. D. 3

Howard Wilson had the misfortune to injure his foot last Monday.

Harry Hartline and family called on Mae Redding Sunday afternoon.

Gus Jannasch and wife called at the Geo. Martin home Sunday evening.

While playing with a dog Monday afternoon Maynard Martin was bitten on the arm.

Wava Wilson spent Saturday night and Sunday in Three Oaks, the guest of Bertha Seynold.

Frank Brokling and family, of Michigan City, visited at the O. L. Mullen home last Friday. Harold Mullen accompanied them home.

Marguerite Brunell came Sunday evening for an indefinite stay at the E. C. Weaver home.

Bessie Owens went to her home in Benton Harbor Saturday, on account of illness. Stella Clemens is taking her place.

Alanson Hamilton spent a few days last week with his sister, Mrs. Noah Weaver.

We forgot to mention in last week's items the surprise party, participated in by little girls, given in honor of the birthday of Miss Myrtle Boyle at her home July 18.

Rid Your Children of worms

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath, are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brisbin, of Elgin, Ill., says: I have used Kickapoo Worm Killer for years and entirely rid my children of worms. I would not be without it. Guaranteed. All druggists, or by mail. Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis. E. R. Stauffer, Buchanan, Mich.—Adv.

Have the title to real estate carefully abstracted and examined before you buy or loan money on real estate.

Benton Harbor Abstract Co.

WARREN CARROLL, Manager

Office 104 Water St., Benton Harbor, Phone 7

"Whatsoever ye sow that shall ye also reap."

So why not sow good clean seed, when we make it possible, at a very small cost?

We have two power machines and an experienced man, and are equipped to clean all kinds of seeds and grains for sowing.

Bring your seed wheat to us to have it cleaned and graded. Poor seed won't raise a good crop.

The cost is nothing when compared to results.

The Pears-East Grain Co.

Phone 20 2 R, Buchanan, Mich.

Divide Your Wheat Money

Put part of it on a savings account in this Bank.

It will earn three per cent interest compounded semi-annually, yet it will always be at your command as a true reserve ought to be, ready to serve you at a moment's notice. There is no other friend quite like Ready Money.

Make your wheat crop create such a friend for you.

Responsibility \$2,000,000.
