

HANLIN'S CONTRIBUTION TO BANQUET PROGRAM

Telegrams From Various Potentates, Setting Forth Reasons for Their Absence From the Festive Board, Create Uproarious Mirth.

In responding to the toast, "Happy Reflections," at the B. M. A. banquet last Thursday evening, M. L. Hanlin convulsed his hearers by reading the following communication relative to proposed local improvements:

To Mayor Chas. F. Pears and Common Council of Buchanan:

As requested by action taken at your last irregular meeting, the undersigned firm of Killam & Skinem, municipal experts, have looked over the entire village inside the corporate limits and beg to offer suggestions for improvements. The adoption of these ideas would, we believe, make for a City Beautiful, a City Enjoyable, and a place of great commercial advantages. Further, we believe the expense would not be over 275 million dollars, or only about one-half what it cost to dig the Panama Canal. Instead, you would not have merely a long ditch full of foreign ships, with piles of dirt on each bank, but an ornate village of great attractiveness. Our recommendations are as follows:

1st. Install a municipal ferry on Front street between Day's avenue and Portage street, capable of transporting passengers and automobiles desiring to go to and from the plants of the Celfor Tool Co. and B. E. S. Co. Would suggest a landing at Harry Beck's garage to permit people to exchange real "dough" for tire dough. Would recommend service from 6 a. m. to 10 p. m., with one trip at 2 a. m. to bring Sig Desenberg home.

2d. Install airship line on Day's avenue from H. R. Adams' corner to depot. This would not be operated continuously, but only during the eleven months and sixteen days of the year during which Day's avenue is impassable.

3d. Cut down Front street hill from a 5 per cent to a 1 per cent grade, so that "Doc" Curtis' Ford can climb it on three cylinders. This will be easier than for "Doc" to try to get all the cylinders to work at once.

4th. Put muffler on Cabinet Works and Water Works whistles, so you will not disturb Bill Churchill's rest.

5th. Paint all lamp posts green so that visitors from Niles can lean against them without discoloring them.

6th. Build new school house where ward school now stands, removing old building to suburbs for pest house. Probably one-half the fund necessary can be raised on the east side of Clark street by a "kid tax" and on the west side by a "cat tax."

7th. Compel Chas. F. Pears to complete new opera house before present members of the association get so old they cannot see the stage. Upon completion set aside Rough's opera house for annual poultry show and Democratic caucuses.

8th. Remove present city hall and plant ducks where building now stands. Reserve present calaboose for use of parties who believe the best way of making town dry is by "consumption" instead of "legislation."

9th. Do not install new boiler at the water works, as suggested. We have tested the water and it doesn't need boiling.

10th. Make figures plainer on fountain clock so people can see it is not too late to get a drink somewhere else.

11th. Make physicians treat you for what ails you. Some of them never treat you unless you can "skin" them at rum.

12th. Investigate the high cost of dealing at the post office. We believe the new middle-man is charging too much profit on postage stamps over the cost of manufacture.

13th. Take name of Buchanan off Pere Marquette station. It takes more than a sign to convince any one that this building is a depot. Even Harry Weaver, who believes everything he reads in the Chicago American, is unconvinced.

14th. Remove Uncle Pete's language to the edge of town, dust carefully, renovate, disinfect and return for future use.

15th. We suggest that Miles Shimkovsky be compelled to remove the decorations now in his front yard, consisting of old sewing machines, oil stoves, lawn mowers and discarded Fords.

16th. Your committee had one more suggestion to make for the betterment of the town, at an expense of about \$12, but it is not now necessary. We understand that Jess Viele left yesterday.

Respectfully submitted,
Killam & Skinem,
The men who made Eau Claire what it is—not what it wanted to be.

"WIRES" FROM POTENTATES.

Mr. Hanlin, who had been named as a committee of one to extend invitations to foreign potentates as well as "big guns" in our own country, read the following telegrams, in which the senders expressed sincere regret at being unable to be present:

Stockholm, Sweden, April 9, '14.

To B. M. A., Buchanan:
Your cable received. Regret exceedingly cannot attend dinner. Just now busy putting one over on the people for army increase. Have cabled one of my former subjects to represent Sweden. He was a subject of mine over here. Understand he is a subject of suspicion over there. Request members to form no opinion of Sweden from sample you have. We are improving every day. God knows there was room for improvement.

Andes Wireless Station, S. A.,
April 9, '14.

To B. M. A., Buchanan:

I should be delighted to attend, but cannot. Going up the Amazon to look for lignum vitae to construct a new platform. Tell everybody I am in favor of a recall of judicial decisions, President Wilson, the Supreme Court, Mayor Pears and that last drink. Heartily advise against picking any more presidents from the profession of law or on account of military greatness. All have been criticized and at times, have been in doubt as to what to do. Select a man next time who knows exactly what country needs, how to run nation, state, county and town. Suggest barbers as being best qualified. So many in your city possess all qualifications it will be hard to choose. Don't let them tell you. Progressive party can't come back. Wait and see. Boat leaves here on 20th and party will be on board. Tell Tormey not to forget to run my picture.
(Not signed) Teddy.

New Haven, Conn., April 9, '14

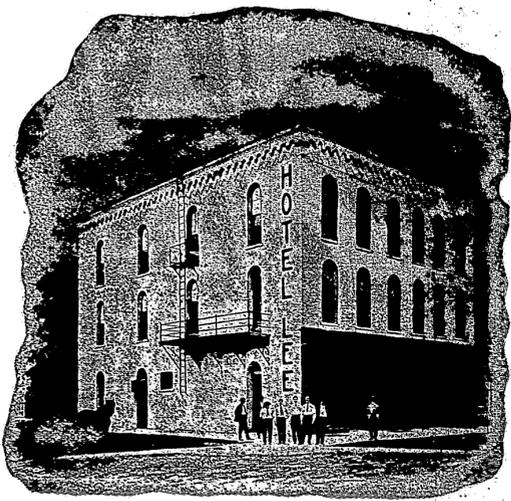

To B. M. A., Buchanan:
Please tender members my sincere thanks for invitation to your dinner. Impossible to attend. Am reducing my weight and fear consequences of eating at Lee House. Understand my dearest friend, Theodore, cannot be present. Would come if he were there. Anxious to meet him. Have just bought a new '33 automatic.

William Howard Taft.

Mexico City, April 9, '14.

To B. M. A., Buchanan:
Your invitation just handed me by John Lind. Nothing keeps me from coming but Villa and the price. Sent my army out yesterday to destroy the revolutionists, but two Americans were in the road drunk and wouldn't let my army pass. Tell Charlie Warren to keep on demanding intervention. Unless something happens soon he won't have any cattle left on his ranch. Each General has picked out one or two until there is nothing left but a few old steers, too tough to die and not fit for anything but for sale to Niles retail meat dealers. Why can't Wilson recognize me? I look just like my pictures.
(Not signed) Huerta.

Washington, D. C., April 9, '14.

To B. M. A., Buchanan:
Thanks for your courteous supplication to attend annual dinner. Prefer not to come just at present. Understand one of my recent actions has proved displeasing to Mat Kelling, Del Boardman, Pete Bachman, Lon Howe and others. You may expect free delivery soon and can then find room for the boys as mail carriers. Am also in Dutch with England, Japan and Charley Bishop. This job is no cinch. Champ Clark is afraid England will steal the Panama Canal. No chance; we have locks on it. Am now working on Anti-Trust legislation. Think you business men will support me in this? It is trusting too many for too much

BUCHANAN GIRL IS PRIZE WINNER

Miss Marian Hoover Awarded Five Dollars in Gold—Galien Girl Favorably Mentioned

The current issue of The Michigan Children's Home Finder, published by the Michigan Children's Home Society of St. Joseph, contains the following:

PRIZE OF FIVE DOLLARS IN GOLD

The prize offered to school children for the best essay on "The Effect of Home Life upon the Public Schools," has been awarded to Miss Marian Hoover, 8th grade, Buchanan.

Favorable mention is made also of the following writers of essays on this subject: Leona Franke and Bessie Munson, of Jones; Irene Kent, Ethel Andrews and Gertrude Yates, of Hopkins; Alleta Harner, of Buchanan; Cora Upson of Galien; Peter Timmers, of Door, and Ellen Loomis of Sage. We thank all of these children for their interest in this subject, and earnestly hope that they will try to interest the people of their neighborhood in the work which our society is doing for the home-life and child-life of Michigan.

EXTRACTS FROM PRIZE COMPOSITION

"American children, like the most hardy or most delicate plant, respond to home culture in a degree hardly realized by the average parent; and nowhere is the effect of this training more plainly shown than in the public school room.

"Children so unfortunate as to have homes where there is vulgar language, drinking to excess, late hours, quarreling and lack of respect for their elders and christian training, show the effect in the public schools. Fully ninety-five per cent of the future men and women follow what they have always seen, heard and done in home life. A teacher's influence may be the cause of changing the whole life of many, provided their teacher can read their nature and has the desire to help them. Children may be found who have a buried refinement which only awaits development by associating with those possessing culture. This proves that men and women are not born with these degrading tendencies but they are the outcome of years of training or imitating.

"There are also the children from the very wealthy homes and the single child home usually pampered and petted to a degree of selfishness which makes it very difficult for teachers to enforce the rules. The home-life is directly responsible for sixty per cent of all the trouble in public schools under the present system. Let teachers call at the homes, get the facts and settle the troubles, and so make better men and women of both parents and pupils."

JURY FOR APRIL TERM OF COURT

The jury list for the April term of circuit court, which begins Monday, April 20, comprises the following:

John Arnt, Benton Harbor; Calvin Bachman, Niles township; Phil B. Bartlesmeier, New Buffalo; B. Crosby, Three Oaks; Frank G. Drake, Niles, first ward; H. L. Draper, Benton Harbor, first ward; John English, Weesaw; Isaac Farnum, Hagar; Arza Gage, Niles, third ward; W. E. Garlinger, St. Joseph township; John A. Gilson, Niles, fourth ward; Alonzo Hamilton, Buchanan; John Herr, Benton Harbor, third ward; Juan Hess, Benton; Chas. Hinabaugh, Lincoln; Frank Hudson, Sodas; E. W. Kinnison, St. Joseph, third ward; Fred A. Koenigshol, Bertrand; Ira Leedy, Watervliet; T. J. Mastden, Chikaming; Ewalt Mielke, St. Joseph first ward; Henry W. Morgan, Oronoko; Frank Narrigan, Lake; George Fixley, St. Joseph, fourth ward; Robert Rahn, St. Joseph second ward; J. N. Reed, Benton Harbor, second ward; Chas. Smith, Bainbridge; Warren D. Smith, Niles, second ward; Geo. Stover, Royalton; Nelson Sutherland, Pipestone; Frank Ward, Berrien.

Sam'l Leeper, of South Bend, was over Monday on a business mission.

Delightful weather for Easter, without a blemish to detract from the pleasure of one of the first real spring days of the season, was conducive to large attendance at the services of all those churches that had made preparations for the observance of this day, the greatest of all days in the church year. Well dressed congregations were the rule, the bright and beautiful day offering special encouragement to the wearing of one's best.

DATES FOR TEACHERS' EXAMINATIONS FIXED

County School Commissioner Burger has announced that the examinations for the first, second and third grade teachers' certificates will be held in the high school building in St. Joseph on April 30, May 1 and 2 and on August 13, 14 and 15.

MURDER CHARGE AGAINST MOTHER

Prosecuting Attorney O'Hara has issued a warrant against Nettie Potter, of St. Joseph, charging her with the murder of her one day old daughter. The child was born Sunday, March 8.

The young woman, daughter of respectable people of St. Joseph, has been at the county jail since last Saturday. The child that was murdered is named Margaret Potter Fairbanks in the warrant on which the authorities today formally arrested the young woman.

The issuance of the warrant against the young lady resulted from three weeks' investigation which the officers have made. They started when the dead body of an infant was found at the fair grounds, east of Benton Harbor.

The child's body was found wrapped in newspapers. It was brought to a local undertaking establishment and lay unidentified for several days. Sheriff Franz began an investigation. Careful search of the birth records of the two cities proved the clue which led to the discovery that on Sunday, March 8, a child was born to the Potter woman.

Surprising developments then followed. It was found that the newborn baby had suddenly disappeared. The young mother was sought out. Her first story was that a lady friend had taken the child away. She insisted that she could produce the child alive.

"Produce the child," said the sheriff, "or tell us where it is and we will go and get it." This urging broke the girl's story. She finally confessed that the child found at the fair grounds was her baby, but she maintained that within a few hours of the child's birth it had died of convulsions. She said she placed the body in a bureau drawer until the next night, which was Monday, and then gave it to its father, naming a Benton Harbor man. The latter was to have buried the child, said the young mother, but instead he hired a rig in Benton Harbor and drove to the fair grounds, where he abandoned the body.

This story was announced a few days ago and then Sheriff Franz intimated that he was not satisfied that the girl was telling the truth. The officers continued their investigation and as a result the warrant was issued, charging the young woman with murdering her child. The theory of the officers is that she smothered the babe, hid the body in her rooms until it could be gotten away, and then concocted the story of the babe's natural death. The officers maintain that the abandonment of the body bears out the theory of murder.

Rev. Cecil M. Bear was in Schoolcraft Monday night and Tuesday attending a meeting of the Presbytery at Kalamazoo.

After clearing up everything that was on the docket Judge Bridgman adjourned the circuit court last Monday morning until next Monday, when the April term opens.

The Bishop Creamery company expect to remove their office from the present quarters in The Record building to the Rough wagon works building within about three weeks. The movement to organize a stock company to convert the Rough building into an immense cold storage plant is meeting with success.

Sorry, bugs, I can't be there. Am sending Kid Gleason over to eat and incidentally to look over First Base-man Bill Brodrick. He says Bill looked good to him 22 years ago and if he hasn't changed we can use him. We need another usher. Kid says if Bill could throw the ball as well as he can the "con" we could sell Walsh to Oskaloosa, Russell to White Pigeon and beat the athletics with both hands tied and Bodie sick abed.

THE WINTER WHEAT CROP

Government estimates of 96.6 per cent of normal as the winter wheat condition on April 1 indicate by far the largest crop ever raised in this country.

The total indicated is 662,924,000 bushels, or 139,360,000 bushels more than that of last year, which was the largest crop produced up to that time.

Allowing the government's average estimated deterioration between April and harvest time, a probable decline of 6½ points, the indicated crop will be about 618,000,000 bu., or about 94,339,000 bu. above last year's bumper crop.

At the close of the banquet, the Toastmaster announced that P. A. Graftoff, manager of the Bell theatre, wished to invite all present to proceed to the theatre and be entertained with a choice selection, as his guests. The invitation was unanimously accepted, and all proceeded to the Bell, where they saw a fine story acted in pictures, thus pleasantly rounding out a joyous occasion.

Public Notice of Paving Bids

Notice is hereby given that the Village Council of the Village of Buchanan having determined to pave a portion of Day's avenue, in said village, will from the date of this notice to noon, May 1, 1914, receive bids for the letting of contract, at which time the bids will be opened. The bids are to be filed in writing with Geo. Cassler, village clerk, and all bids are to be accompanied by a certified check for \$500.00 as a guarantee of good faith of the bidder, to be forfeited to the village in case the bid be accepted, and the bidder fails to enter into a contract.

The plans and specifications for the work will be on file at the clerk's office for inspection. The council reserves the right to reject any and all bids.

FEAST OF REASON AND FLOW OF SOUL

Annual Banquet of Buchanan Merchants' Association Proves Delightful Function--Skill and Celerity Characterize Hotel Service.

Fifty-five members of the Buchanan Merchants' association and invited guests sat at the annual banquet of the association in the dining room of Hotel Lee last Thursday evening, and when these congenial spirits gathered about long tables, beautifully decorated with carnations, it was to enjoy an evening of pleasure and to listen to after-dinner oratory, in which wit and humor happily blended with seriousness.

The Misses Show, of Lawton, and More of this place, furnished vocal and instrumental music for the occasion, and after the choice menu, served with skill and celerity, had been enjoyed, E. S. Roe, president of the association, acting as master of ceremonies, briefly outlined the object of the association, which, he stated, is to advise the wabbling pessimist to brace up and become a progressive citizen, to tell those afflicted with business locomotor ataxia to throw away their crutches of excuses and join the procession of live ones, to promote cordial business and social relations and to bring about a get-together movement with a view to creating progressive up-building conditions locally. Mr. Roe also made it plain that the membership is not confined to merchants, but that all progressive citizens are invited to join the association. He then called for speeches, and Attorney A. A. Worthington responded to the toast, "Introspection," in his usual eloquent manner, saying, among other things, as follows:

"The 'Boost Michigan' movement is here. If the movement is a success the boosters of every town must organize for effective work. If Buchanan is to be a part of this movement, if we are to retain our place on the map, we must get into this work. There must whole hearted co-operation between the citizens if Buchanan is to gain new residents, new industries and new importance. The grumbler must stop grumbling, the objector must cease objecting, we must get out of the rut, take a broader view of things and get in touch with the spirit of true progress. We spend too much time accumulating and too little time giving. The spirit of true progress teaches us that we must spend a little time and money helping others. Without this spirit we will fail. Two organizations are necessary to reach the highest type of development. A Business Men's association with officers from the boosters of the town. The business of this association is to secure new industries and take care of those we have, for we owe a duty to those inside as well as outside our town. A civic society is also necessary. Such an organization should be in close touch with every organization in town: Such a society actively at work would mean more home builders and owners, more beautiful lawns, cleaner streets and alleys, and better bridges and sidewalks. The enforcement of law would be one of the special duties of this organization. The driving of horses and automobiles is regulated by law, and yet this law is being violated on our streets every day, and lives are brought in danger daily by reason of it. Sometimes automobiles are driven 30 to 40 miles an hour through our main streets, sometimes without lights, and often drivers go at a high rate of speed without having hold of the wheel. Horses are being brutally treated on our streets daily, in direct violation of law. The only way we can tell whether we are having a business administration of our village affairs or not is to have our law making body publish a monthly statement of every item of business coming before them. The taxpayer claims the right to know who receives his money and what it is paid to him for. It is quite easy to find out who enforces the law in nearby towns, but it seems to be an open question here. It is illegal for one to use an air gun in the village. Some one shot a hole through a \$400 window a short time ago, but it is hard to ascertain who is the one to look the matter up and see that the law is enforced. These and many other duties would come before a civic society. These things are not mentioned in the spirit of criticism, but our citizenship must co-operate along all lines if we become a part of the 'Booster Movement.'

"Many are asking this question, 'What is between Buchanan and the free delivery of mails in the village?' We will be entitled to it when we have from \$900 to \$1,000 more added to our annual postal receipts, but in addition to this we must have a system of house numbering, signs must be properly placed on all streets and our sidewalks improved. Few towns can boast of poorer sidewalks than Buchanan; they were better thirty-seven years ago. A stranger a short time ago said, 'you must have a very old town here, judging from your fearful sidewalks.' A society in Buchanan was studying the history of Corea, when this question was asked, 'What country hasn't any sidewalks?' The answer promptly came, 'Buchanan.' A year or two ago a post office inspector visited Buchanan for the purpose of seeing whether or not we were entitled to free delivery of mails in the village under the new experimental law. He told us frankly that it would never come with our present sidewalks, and then streets must be properly named with signs, and houses numbered. This came to the attention of our common council, and we are told the council was advised it would require too many legal proceedings, and the matter was dropped. Many other towns seem to be able to help their citizens build walks, and it does seem as if Buchanan could do as much. Let Buchanan, through some organized effort, catch the spirit of true progress and get into the 'Boost Michigan Movement.'

The Toastmaster next introduced Jack Bishop, who responded to the toast, "Modern Business Methods," in his graceful and convincing style, after which B. F. Eggert, principal of the public schools, responded to the toast, "Education and the Community." Liberal extracts from Prof. Eggert's talk will appear in the next issue of The Record.

The last speaker on the list was M. L. Hanlin, and a separate article on this page is devoted to his humorous and delightful after-dinner talk.

At the close of the banquet, the Toastmaster announced that P. A. Graftoff, manager of the Bell theatre, wished to invite all present to proceed to the theatre and be entertained with a choice selection, as his guests. The invitation was unanimously accepted, and all proceeded to the Bell, where they saw a fine story acted in pictures, thus pleasantly rounding out a joyous occasion.

Presbyterians.
"He Descended Into Hell" is the subject of the pastor's sermon next Sunday evening in the series on the Apostles' creed. The Ladies' quartet had charge of the music at the morning service last Sunday. They rendered two very fine selections. There was a large audience. The Sunday school had a most excellent session last Sunday. The offering for the morning was \$9.75. Miss Mildred Roe's class captured the banner as the largest givers.

Christian.
Subject for Thursday evening "The Model Prayer," for Sunday morning "Precious and Exceeding Great Promises," for Sunday evening "Deliverance in Christ." Remember the Bible school and be there.

They Can Beat Eggs But They Can't Beat BUICKS

While Eggs and Buicks can't be put in the same class, they are both World Beaters. The great difference is, however, that eggs furnished by the Bishop Creamery Co., can be beaten in record time. Buicks cannot be beaten, even by such cars as those great Pole Climbers, Fence Busters, "Finner's Dreams," and other motor vehicles sold here on their ability to operate on a Heavy Dew.

However, Buicks can with comfort and ease climb trees, poles and other obstructions under provocation.

J. M. MEFFERT HEAVY LOSER

Crops at Ocala, Fla., Greatly Damaged in Big Storm.

J. M. Meffert, a former well known Buchanan man, whose home is now at Ocala, Fla., was a heavy loser during the storm that prevailed practically throughout the south and southwest last Friday. Mr. Meffert has extensive farm and fruit land holdings, also owns a turpentine still, ice plant, three lime plants, a barrel and basket factory and saw mill. He raises 100 acres of melons each year. His loss alone by the elements is something enormous. The wind blew with cyclonic force and buildings were torn asunder.

The great drop in temperature put a crimp in the fruit crop, such as was seldom if ever known before. Ocala seemed to be the center of the visitation and that section was hit the worst. Vegetables, citron, fruit of all kinds, and tomato fields suffered severely. Houses were unroofed, windows broken and several large orange groves were destroyed. The melon crop is believed to be almost a total loss. A freezing temperature prevailed in the Ozark regions and on the Atlantic coast, causing a heavy loss to fruit growers. The loss in Missouri alone is estimated at \$250,000.

Our Special

25¢

OFFER was taken advantage of by so many that we have decided to continue it for

30 Days More

Read Every Word of This

It May Mean a Saving of \$12.50 to You.

For the next 30 days The Indiana & Michigan Electric Company will bear 25 per cent of the expense of wiring and placing fixtures in all houses already constructed in Buchanan, provided the house is located on the company's distributing system.

Here Are Our Reasons:

FIRST—We need your business and we stand a fair chance of getting it if you wire your house.

SECOND—When a house is once wired, regardless of whom the occupant may be, we are next in line, or in other words, at the head of the class.

THIRD—What we believe to be the very best reason, is to make it possible for owners of houses already constructed to be able to use electricity with no more of an outlay than it means to the present day builder. In view of the fact that the expense of wiring a house under construction amounts to from 25 to 35 per cent less than one already constructed, would you not consider it good business for us to place the man whose house was built eight or ten years ago in a like position with the man who builds this year, so far as being able to use our product is concerned? Of course you would.

We claim no generosity in offering to share with you the expense of wiring your home. It is simply an every-day business proposal along broad, legitimate lines with the end in view of making every home owner, as well as tenant, in our city a satisfied user of what we know to be the very best illuminant for all purposes, namely, electricity.

COUNTY PIONEER DIES SUDDENLY

Jonathan G. Paxson Expires in Masonic Temple at Three Oaks

Three Oaks, April 11.—Jonathan G. Paxson, a resident for 40 years in the southwestern part of the county, dropped dead last night in the Masonic temple here while preparing to open the hall for a meeting of the Eastern Stars.

Apoplexy caused his demise. Mr. Paxson was 77 years old, had resided in Chikaming township for 36 years and in Three Oaks for the last nine years. He was a member of the Masonic blue lodge.

The widow, three daughters and a son survive, together with a brother, John M. Paxson of this village. The children are: Mrs. Ira Wagner of Buchanan; Mrs. Albert Carney, of Mishawaka, Ind.; Mrs. L. W. Gibson and Clem Paxson of Three Oaks.

Mr. and Mrs. Paxson had been married for 33 years.

Boys Rode on the Blind Baggage—Found Sleeping in Box Car

From Buffalo, N. Y., to Galien with only fifty cents in their pockets, is the record of two youths who ran away from home Monday of last week.

The runaways arrived in Galien on the following Wednesday and were apprehended while sleeping in a box car.

Earl Clement and Edward Mintemute, 14 and 15 years of age, wanted to see the world and hiked out for the wild west. They got aboard a fast Michigan Central train and landed in Galien.

The boys rode the blind baggage and were worn out when they reached Galien. They found a place to sleep in a box car and were discovered. Deputy Sheriff Potter arrested the lads and they were taken to the detention home in Benton Harbor.

The officers wired to Buffalo to the parents of the boys. Reply was received from the father of the Clement lad to hold him until transportation could be forwarded to take him home. No word was received from the Mintemute family regarding the return of their son. Clement will ride back home on the cushions instead of beating it through.

SEE MILLIONS IN POULTRY SHOW

Out-of-Door Advantages Appeal to Galien Girls

The lure of the poultry farm with its attendant advantages and freedom from the restraint of business office and school room has proven irresistible to the Misses Harper and Ola Green, the former a teacher in the Galien schools, and the latter, a graduate of our schools who holds a position with an insurance firm of South Bend. It is the intention of these ladies to tie themselves to a small farm picturesquely situated on the banks of the old St. Joe, near Berrien Springs about June 1. They have for sometime been making a study of the poultry business and have absorbed much useful knowledge in up to date methods. Eagerly they look forward to the pleasures they anticipate in their new field of endeavor "Way Down on the Farm."

Culture Club

The Friday Culture club met last week at the home of Bertha Hamilton and enjoyed a miscellaneous program. Roll call "Your View of Suffrage" also proved to be very interesting. The first subject "Why Women Should Vote" was given by Maria M. Jone. "Sweet Shops of America" by Katharin Harris. "Helen Keller" by Maude T. Wentland. "What We Know About the Moon" by Helen G. Hall. "The Gateway to Health—the Teeth" by May D. Swank.

At the close of the program the hosts served delicious refreshments, all in keeping with Easter-tide.

C. A. Clark was in St. Joe yesterday.

Edw. Babcock was in Buchanan Friday.

O. H. Harris was in Buchanan Friday.

Mrs. Jno. Carlson spent Friday in Hammond.

John Babcock of Buchanan, was here Monday.

Mrs. Ingles visited Mrs. Maria Jones the first of the week.

Ground was broken this week for the proposed new I. O. O. F. hall.

A slight freight wreck here held up M. C. train No. 10, east bound, for about two hours Sunday.

F. A. Norris was in Derby, Friday. Mando Potter went to St. Joseph Tuesday.

Mrs. Montross is convalescing after a few weeks' illness.

Bernice Green of New Troy, spent Sunday here with her parents.

See our wash suits made of percales, gingham and galatea cloths for little boys. Something new and becoming. G. A. Blakeslee & Co.

Mr. and Mrs. Lysle Hall are visiting relatives and friends here.

Fred Mead and C. E. Fuller of Buchanan were here yesterday.

Chas. Ingles of Niles, visited at the home of Ed. Vantilburg Saturday.

Miss Louise Black expects to spend Sunday with her mother in Milwaukee, Wis.

Miss Evelyn Ender visited Miss Emma Van Dyke of Niles, the first of the week.

Spring wash fabrics have arrived. Dainty bright-colored small flower designs on light foundations, stripes and plain materials, all attractive for wash dresses at G. A. Blakeslee & Co's.

Horace Pryan is preparing to move into the house recently vacated by Wilbur Welch.

Henry and Charlie Partridge and their wives spent Easter at the Ed. Vantilburg home.

A special prepared song service will be given at the M. E. church next Sunday evening.

"April showers bring May flowers," and be sure you get your flower seeds at G. A. Blakeslee & Co's.

Late News From Washington, D. C.

April 15—Huerta will salute the American flag and the Atlantic fleet will seize Vera Cruz and Tampico. What happens afterward depends on Huerta.

Not only the Tampico incidents but a long series of indignities offered to the United States to the conspicuous exclusion of other foreign nations represented in Mexico, has convinced the president and his advisers that the U. S. has been singled out for "manifestation of ill-will and contempt."

President Wilson told his advisers he stands for peace, but is determined to force Huerta to recognize the honor and dignity of the United States.

While these developments were taking place in Washington, the ships of the Atlantic fleet were beginning to move toward Tampico. The first of the big fighters cleared from Hampton Roads and others in the Atlantic navy yards were ready to sail before night.

A BRILLIANT FINISH.

Ampere Brought His Quiet Evening to a Startling Climax.

Andre Marie Ampere, the French writer, physicist and mathematician, famous for his investigations in electrodynamics, was remarkably absent-minded. Hundreds of stories of his absent-mindedness are told, but quite the funniest is that of his dinner at the house of M. Fontanes, the grand master of the University of Paris.

For a joke somebody had told Ampere that he must go to the dinner in his academician's uniform of green and gold and girt with his sword. When he got to the house he was very much annoyed to find everybody else in ordinary evening dress. "I will get rid of the sword at all events," he said to himself and slipped it behind the cushions of a sofa.

After dinner Ampere forgot himself, as usual, and became lost in abstruse calculation. He took a little piece of chalk out of his pocket and began working out problems on the black satin cover of the mantelpiece. He became so absorbed in what he was doing that all the guests left without his noticing them, and when he wrote down Q. E. D. no one was left in the room except Mme. Fontanes, and she unfortunately sat fast asleep on the sofa where Ampere's sword lay hidden.

Ampere went down upon his knees and pulled gently at the sword, so as to get it away without waking the lady. He pulled and pulled, and presently the sword came out—without the scabbard. At this moment Mme. Fontanes awoke and alarmed the house with her screams of terror at seeing a man on his knees before her with a drawn sword in his hand.

Then the lady promptly fainted, and Ampere, still with his naked sword in his hand, rushed to the door to summon assistance. Here he was met by a crowd of servants in various stages of undress, who had been alarmed by the screams of their mistress. These good people thought the man had gone mad and raised their voices in piercing yells, which brought the master of the house. He, frightened and trembling, finally grasped the situation and quieted the excited servants and calmed the agitated Ampere, who explained matters to the now thoroughly aroused mistress of the house.

A Startling Operation.

A startling real estate operation is noted in the following description in a deed on record in a certain county of North Carolina, copied unchanged from the book of deeds, with the exception only of the name of the unfortunate landowner: Beginning at Beck's south corner, running thence north fifty feet, thence west fifty feet, thence south fifty feet, thence east fifty feet to beginning, this being a plot of land fifty feet square cut from the back end of the said Pemima Jones."

Cause and Effect.

A witty bishop of one of the southern dioceses of the Protestant Episcopal church was being shown through a small college to whose board of trustees he had been elected. It was a summer day, and as the episcopal party crossed the campus the bishop noticed scores of students who had hung themselves on the grass and lay there sleeping. The scene suggested a picture of a battlefield, entitled "After the Charge."

The dean, his companion, opened a classroom door. A particularly prosy professor was holding forth.

"This, bishop, is math," he said in the college lingo.

"Ah, yes," said the bishop. "He pointed to the sleeping students. "And this, I suppose, is arithmeth."—New York Post.

Thought Nine Enough.

The following amusing birth notice appeared in the Dresden Anzeiger: "To our seven hearty boys there came today, in God's early morning, not the wished for little daughter, but in compensation, a pair of fine boys. We judge by this elementary event that these strenuous times demand more men than blossoms of the gentler sex and console ourselves with thoughts of our fatherland, to which we call: "Hurrah! Hurrah! Now there are nine. Firm stand and true the watch on the Rhine!"

"To all dear friends and acquaintances and to whom else the joyous tidings may be of interest we give this notice—the last of its kind—Eduard Rost and wife."

BROOKLYN TABERNACLE BIBLE STUDY

THE COST OF DISCIPLESHIP.

Luke 14:25-35—April 19.

"Whoever will save his life shall lose it; whoever will lose his life for My sake shall find it."—Matthew 16:25.

IT was at the close of the Great Teacher's ministry. Multitudes were following Him, going up to Jerusalem to the Passover, at which Jesus foreknew He would die as the antitypical Passover Lamb. Today's lesson gives us some of His teachings.

The terms of discipleship which Jesus set forth differ widely from those proclaimed by some who profess to be His mouthpieces. They sometimes declare that to arise and request the prayers of God's people is a sufficient sign of discipleship. Such as do so are counted converts.

To get them even to take this step requires the holding out of some inducement—greater business prosperity, an entrance into society or a better prospect of political preferment.

If we contrast these with Jesus' Cost of discipleship. words in this lesson, we shall perceive that the vast number of nominal Christians have been, so to speak, inveigled into professing what they never intended to profess. Many have been entrapped into professing Christianity who never were Christians, according to the Master's conditions of discipleship, who never hearken to His Word, who are not consecrated to His will.

The Cost of Discipleship.

"If any man come to Me, and hate not father, mother, wife, children, brethren, sisters, yea, and his own life also, he cannot be My disciple. And whosoever doth not bear his cross, and come after Me, cannot be My disciple." Surely there is no excuse for misunderstanding such plain conditions! The Master's general teaching was that the whole world is estranged from God and without right to everlasting life. But He came to die, that they might have opportunity to return to Divine favor. He did not say that only His followers would have an opportunity of future life. Those who so declare are adding to God's Word something out of harmony with its teachings.

The word hate is apparently used in contrast with love. To be Christ's disciple, then, means that we must so love the Lord and the principles for which He stands that love for others in comparison would be hated. We are to be ready to sacrifice at the Lord's command every earthly hope, aim, object, and to lay down our lives willingly, gladly. Such as manifest devotion of this kind can be trusted with anything.

The fact that Jesus Himself was of this character, and placed the Father's will above all else, is an assurance that all His joint-heirs in the Kingdom will have the same spirit. The Kingdom will not be a selfish one, but the very reverse. The kings, princes and judges of that Kingdom will be not only irresistible in power, but unbrilliant. With them the Divine standard will be first, in the absolute sense.

Definition of Cross-Bearing.

Adding to the severity of the terms, Jesus declared, "Whoever doth not bear his cross, and come after Me, cannot be My disciple." After we have taken our stand on the Lord's side, we must be proven. Only those who demonstrate their worthiness by their faithfulness will be finally accepted of the Lord. Cross-bearing must be a daily matter. Our crosses are those oppositions of the world, the flesh and the Devil, which cross the Divine will as laid down in the Lord's Word. The only proper sentiment is that which the Master expressed, saying, "Not My will, but Thine, be done."

As advice not to undertake discipleship without mature deliberation, Jesus gave a parable of a man who began a tower, but could not complete it, and thus made himself disreputable, foolish. Another illustration was that of going to war without proper preparation. All Christ's followers set out to build character, and to fight a good fight against Satan and sin. Therefore they must expect a hard battle, and must wage a good warfare.

"Salt is Good, But..."

Jesus used salt as a symbol representing loyalty to God, which all His followers must have and maintain. If salt lose its value for seasoning purposes, it is useless. So the Christian has a special purpose in the world—to be a preserving power, and to bring out the good qualities of others. If he fails to do so, he is of no particular service.

"He that bath ears to hear, let him hear." All Jesus' followers are to heed these words. Whoever neglects their despises the One who gave them, and will surely fall of a blessing that might have been secured. We are not to measure the world by the standards with which we measure ourselves and all professing to be Jesus' followers. The world's highest standard is the Golden Rule. The Christian's highest standard is self-sacrifice in doing the Father's will.

Kid Stockings That Save Darning Troubles

Remember this is the place where you can get the "tough as leather" Black Cat Stockings which have the exclusive feature of an Extended Heel, that doubles the life of the heel.

To most mothers Black Cat means wear. Long experience has given Black Cat that reputation—your children's grandmother knew Black Cat like she knew the Old Mother Goose Book.

Black Cat can't be beat for school wear and general outdoor romping. Come in and see "Black Cat for the rest of the family."

International Harvester Oil and Gas Engines

BUY an International Harvester engine, take care of it as any machine should be cared for and a dozen years or more from now it will still be working for you.

It will save you and your family endless hours of hard labor in pumping, sawing, grinding, spraying, running separator, etc.

Buy an I.H.C. engine. They last longer, burn less fuel, are simpler, and give you most power. Here are a few of the reasons: Offset cylinder heads, large valves, accurately ground piston and rings, heavy drop forged crank shafts and connecting rods, etc. Best material and construction mean the best engine. I.H.C. engines are built in all styles, and in all sizes from 1 to 50-H.P. They operate on low and high grade fuels.

Not every local dealer handles I.H.C. engines. The one who does is a good man to know. If you do not know who he is, we will tell you when you write us for catalogues.

HIS MONEY WON'T

BUY EVERYTHING

Health Much More Valuable Than Wealth; Not Happy Without Health; The Man With Good, Strong, Vigorous Nerves Can Soon Get Wealth

Sordid persons have made the statement that money would buy anything. While this is partly true, and the person with money finds many doors open to him that would be slammed in his face were he poor, yet the most desirable things in the world cannot be bought at any price.

Every person who has been touched by the blighting hand of disease longs for health more than anything else in the world, but money can't buy health. How many have spent fortunes in a vain endeavor to regain their lost health, only to be disappointed again and again, and overtaken by death at last?

Some there are who cannot be cured by any doctor or medicine, but there are many who have been sick and suffering for years who can be quickly and permanently cured. That many cases that have been treated by others unsuccessfully have received permanent relief and cure at the hands of Dr. Bartlett is being proven every day. Mr. Jos. M. Gnoth of South Bend is one of the many who can testify to the merits of the methods used by Dr. Bartlett.

He says: "South Bend, Ind. To the public: Some time previous to Jan. 14,

1911, I had been confined to my home and bed with a violent attack of rheumatism. This condition had progressed until my whole general system was depleted, and I was practically a physical wreck as a result. I had almost despaired of finding anything or anybody who could restore me to a state of health. I had been for some time under treatment with my family physician, but all his efforts to help me seemed to be in vain. At last hearing of the results obtained in some cases by the United Doctors, I decided if possible to give my case into their charge.

"I called Dr. Bartlett, the specialist in charge, to my home, where he gave me a careful and thorough examination. He decided that my case was one which presented many aspects not in common to the ordinary case of rheumatism, and that I would require a special line of medication which should be introduced into the system hypodermically.

"I decided to submit to this line of treatment, and I must say that the results are little short of marvelous. After three weeks of this treatment I was able to call at the office with the aid of crutches and for the past six weeks I have been able to discard my crutches altogether. The doctor has just told me that I can return to work this week, and I am once more feeling like my old self.

"I feel that Dr. Bartlett is entitled to great credit for what he has accomplished in my case, and I shall never lose an opportunity to recommend his services to my friends and acquaintances.

It may be that a trip to Dr. Bartlett's office may mean health and happiness to you, at least it will cost you nothing to be examined and find out.

THE BEST PROOF

Given by a Buchanan Citizen

Doan's Kidney Pills were used— they brought benefit.

The story was told to Buchanan residents.

Time has strengthened the evidence. Has proven the result lasting. The testimony is home testimony— The proof convincing.

It can be investigated by Buchanan residents.

Mrs. A. C. Weaver, Lake and Fourth streets, Buchanan, Mich., says: "I began to suffer from rheumatic twinges and I was hardly able to get about. I had soreness across my loins and after sitting for awhile, I could scarcely get up. My feet swelled and a doctor told me that the trouble was caused by weak kidneys. Doan's Kidney Pills helped me quicker than I had expected and after I had used them a short time, the swelling went down and the aches and pains became a thing of the past. I cheerfully confirm the statement I gave a few years ago recommending Doan's Kidney Pills. The cure they gave me has been permanent."

LIFE LONG RESIDENT IS CALLED BY DEATH

Mrs. Tamerson Merrill, Widow of the Late George Merrill, Died Monday of Paralysis, After a Week's Illness.

Tamerson Merrill, one who made this world brighter and happier for having been here, has passed on.

Big hearted, considerate, always patient, loving and kind, she reflected cheerfulness. The world is better for her having been here. A good woman has gone to her reward. "And so for her there is no sting to death,

And so the grave has lost its victory. It is but crossing, with abated breath And white, set face, a little strip of sea.

To find the loved ones waiting on the shore, More beautiful, more precious than before."

Tamerson Hall Glover was born at Edwardsburg, Cass county, Michigan, February 17, 1843. She spent her childhood days in that village, moving to Buchanan in 1861—more than half a century ago. She resided here continuously in the same house until the time of her death.

In 1866 she was married to George W. Merrill, a veteran of the Civil war, who died in 1898. She was a member of the Presbyterian church for many years.

She died at her home in Buchanan Monday afternoon, April 13, after a week's illness, following a stroke of paralysis. She never regained consciousness, but passed from this life to her richer earned reward, without suffering.

Mrs. Merrill is survived by one son, Harrison Merrill, of Kalamazoo; one granddaughter, Lillian Tamerson Merrill, of Chicago; one brother, Jay Glover, Buchanan; a sister, Ellen Glover, Toledo, O.; other relatives and a host of friends.

Funeral services were held at the Presbyterian church Wednesday afternoon, April 15, Rev. Bear officiating. Burial at Oak Ridge cemetery.

Mr. and Mrs. Orville Glover, of Cleveland, O., came Tuesday to attend the funeral of his aunt, the late Mrs. Tamerson Merrill. They were the guests of his mother, Mrs. A. F. Howe, while in town.

After the business of the Modern Woodmen Camp is closed Friday evening a social entertainment will be held, to which all the members are invited.

"Mothers' Day" in the 30 club was celebrated Monday afternoon at the home of Mrs. McIntosh.

Promptly at 2:30 the club members and their guests arrived and were greeted by the committee in charge comprised of Mesdames Pears, Peck, Smith and McIntosh and Miss Wilcox.

Music by the victrola and two excellent readings by Mrs. Viele formed the better part of the afternoon's entertainment, but a darning contest which followed was very amusing.

The judges, Mesdames Alfred Richards and Jack Bishop and Miss Logan, awarded the prize to Miss Wintell. The supper following was a sumptuous one and the tables forming an L and running the length of the house were a very pretty sight, laden with good things, decorated with carnations and lighted with green and white candles the club colors. Thirty-eight sat at the tables and did justice to the splendid repast. A white carnation was given each guest of the club.

The meeting next Monday, the last work day of the year, will be with Miss Wilcox, roll call "Current Events."

Clarence Haines of Glendora, drove to town last Sunday evening to attend services at one of the churches, and tethered his horse on Oak street, near the Beistle marble works. At the close of the church service the young man found that his horse was standing quietly where he had left it, and he went on down town. About half an hour later he found that his horse had disappeared. The police were notified and a search for the thief began. On Monday the outfit was found in Niles, the thief having hitched the horse in front of St. Mary's church in West Niles, and disappeared.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.
