

# Council Orders Building of Nearly Three Miles of Concrete Sidewalks

## THE BERRIEN COUNTY RECORD.

FORTY-NINTH YEAR

BUCHANAN, MICHIGAN, THURSDAY, MAY 11, 1916

\$1.50 a Year in Advance

NUMBER 17

### PROPERTY OWNERS MUST BUILD WALKS WITHIN SIXTY DAYS

COUNCIL TAKES COMMENDABLE PROGRESSIVE STEP AT SPECIAL MEETING

The most sweeping order ever issued by a Common Council of the Village of Buchanan was the result of Tuesday night's special meeting of this body, at which resolutions were passed requiring the building of approximately three miles of concrete sidewalks within the village.

Orders will be issued to property owners within a few days which will call for the building of the walks within sixty days from the date of the orders.

At the present time there is but one block in the village that is entirely encompassed by walks and these walks surround the primary school. This is a condition far from being in keeping with the progress the village is making and far from desirable. It has brought much ridicule upon the village and has kept us from enjoying some of the privileges to which we are entitled, and of which is the free delivery of mail.

This action of the council is one preliminary to the securing of free mail delivery and the postoffice department will be asked to establish this system with the completion of the building of the sidewalks. The postoffice department before granting free delivery requires that the total receipts of the local office shall reach or exceed \$10,000, annually, which must come within fiscal year July 1st-July 1st. For the fiscal year ending April 1st Postmaster Rough informs the Record the receipts passed the \$10,000 mark and, judging from present business, he is sure that this figure will be maintained for the department's fiscal year ending July 1st.

The walks which will be ordered built will be links which will connect walks already built. This action of the council will necessitate the building of a number of crosswalks and this work will be done without unnecessary delay.

An erroneous opinion has been held by some persons that the village council cannot legally compel the building of sidewalks. For the benefit of such persons the state law governing this matter is published on another page.

Another further progressive step the council will make, and a most commendable one, will be the numbering of all houses and business places in the village and the erection of street signs on all corners.

With the coming of these things Buchanan will step out of her swaddling clothes and take her rightful place among Michigan's progressive towns.

By their action Tuesday night the council has done a really big thing for Buchanan and they are entitled to and should have the hearty endorsement of every person who claims Buchanan as his home.

The question of placing three ornamental lamp standards on Main street came up at this meeting and the street committee is now investigating the cost and will doubtless order this improvement made at an early future date. This street is poorly lighted and is sadly in need of this contemplated improvement.

The rest room proposition came up and an offer was considered from T. J. Tormey in which he agreed to make suitable repairs to the Scott building on Oak street, which he recently purchased, put it in first class shape, install two toilet rooms and rent the lower floor to the village for \$10 a month. This seems to be the best thing offered to date and the rest has been fixed at a very low figure. It is hardly probable that the village can do better and it is hoped that the offer which Mr. Tormey has made will be accepted.

Sig Desenberg was present at the meeting and suggested that the township library and clerk's office be moved to this location, if the rest room is established there. If this plan were adopted an attendant would be there most of the time and the expense of maintaining one room would be eliminated. The committee was given further time to consider the proposition.

### JACKSON INMATES FARM OVER 2,500 ACRES LAND

Jackson, May 9.—Three thousand One hundred acres have thus far been planted to oats and 140 acres to peas. A caterpillar tractor is used in plowing, and four furrows are turned at one time, the machine doing the work of twenty horses.

Canned corn is to be produced in the canning factory this summer and to this end some special machinery is to be installed. An addition is to be built to the warehouse to accommodate the increased output of the canning factory.

Prison canned products are now being sold in many of the retail stores of the state.

### COUNTY FARM EXPERT GIVES REMEDY

Many inquiries are coming in from all parts of the country to the farm agent and from time to time suggestions and helpful information will be given through the medium of the newspapers.

Another method for the destruction of the cut worm on which the fruit growers are waging war, is made by County Agent H. J. Lurkins at the suggestion of Rolland Morrill, well known Benton Harbor fruit grower.

The expense of the tanglefoot remedy suggested by Mr. Lurkins early in the week has made it prohibitive to some and a cheaper and no less effective remedy for use on the peach trees and melon plants is given as follows: 50 pounds of bran, 1 pound of paris green and 1 quart of molasses or enough to sweeten the mixture. A tablespoonful of the mixture should be put at the root of the plant or tree at sunset. One of the peculiarities of the cut worm is that it begins its work at the close of the day when the farmer is finishing his.

### AREND PLEADS GUILTY OF CRIME OF MURDER

ARRANGED THURSDAY MORNING TRIES TO TELL IT WAS ACCIDENT.

John Arend, murderer, faced Judge Bridgman Thursday morning in circuit court and at once pleaded guilty to the crime of murdering his wife.

"You understand what it means; you know the penalty?" asked the court.

"Yes," said Arend as he turned to Prosecutor O'Hara, and as he returned his gaze to Judge Bridgman said: "My wife told me Sunday that she gave me into trouble with the insurance companies and that I would have to go to the penitentiary, anyway."

As is customary under the law to have an investigation of the case to find out whether the charge should be murder in the first degree or second degree Judge Bridgman asked Prosecutor O'Hara to bring forth some witnesses and Dr. L. A. King took the stand and with Attorney Fremont inquiry began. Dr. King said he was called to the house and found Maud Arend lying on the ground near the porch steps, badly wounded. He took her to the hospital in Baroda and said she died there from a gunshot wound. There were forty shot marks in the face declared the physician, twenty in the neck and chest and fifteen in the left hand. She incoherently talked about dying and expired forty minutes after she had been brought into the hospital.

Arend was given permission by the court, and he had that right under the law, to interrogate the witness, but he only asked Dr. King one question, and that was about the number of shot he had contained, doubting that there were as great a number of shot as the witness had told the court there was.

Sheriff Franx was next to take the stand. He told of finding Arend in a brush heap, and told of the voluntary confession he had made to him late Sunday afternoon. When Arend was asked if he had anything to say or questions to ask, he told the court that the shooting was an accident and that he did not intend to kill his wife. The confession was then produced and handed to Judge Bridgman.

### ACCIDENT AND ORGY ENDS IN DEATH OF ONE

St. Joseph, May 9.—After an all-night orgy in the home of "Peg" Schaefer, August Fritz, driver of a wagon for Gust Frederickson, florist, died while intoxicated.

Fritz, 50 years old, fell from a wagon last Thursday, injuring his head and shoulders so he was unable to work. He lived with Schaefer since the accident, and had been treating himself with wine, mustard plaster and whisky. City Health Officer Bartlett was called to give Fritz medical attention.

The scene he found resembled the trenches around Verdun. Four husky bodies lay stretched out on the floor and bottles of cheap whisky were scattered about. A key purchased by Schaefer in South Bend surrounded them.

With much effort Dr. Bartlett aroused four of the men from their stupor, but Fritz was dead. Excessive drinking, and his recent injury is given as the cause.

Democrat Choose Delegates. A harmonious meeting of local Democrats was held at the office of John C. Dick Friday night and the following delegates were elected to attend the county convention held at St. Joseph, Wednesday, May 10: First precinct—Geo. Richards, John Bishop, Henry R. Adams, J. C. Rough, John C. Dick, Geo. Hess, E. W. Sanders. Second precinct—M. J. Kelling, H. H. Beck, G. W. Mathews, John Babcock, J. N. Swift, F. W. Howe.

Eighth Grade Exams.—Eighth grade examinations will be held on May 11 and 12 at the following places: Baroda, Stevensville, Bridgman, Coloma, Millburg, New Troy, East Claire, Howe, N. G. Berland, T. P. Waterliet, Berrien Springs, Three Oaks, Fairplain, St. Joseph, Gallen, Niles and Benton Harbor.

### NEW HOTEL TO BE ESTABLISHED IN BUCHANAN

BISHOP BUILDING LEASED FOR TERM OF YEARS TO DOWAGIAC MAN

A deal important to Buchanan was closed Saturday between Chas. Bishop and James A. Damrel whereby the latter takes a five year lease of the two upper floors of the Bishop building, corner of Main and Second streets.

Mr. Damrel has already started the work of fitting up the building for hotel purposes and expects to have about forty rooms for use besides a spacious dining room. The work will be done in first class shape and everything about the place will be made comfortable and convenient.

Entrance to the new hotel will be made on the north side of the building, where a small lower lobby will be built. It is hard to estimate at this time just when the hotel will be open to the public, but the work will be rushed to completion as rapidly as possible.

With the opening will come some relief to the boarding situation. The many new men coming to Buchanan to work in the steel plants have filled all available boarding houses and many have been compelled to leave town because of not being able to find suitable places to board.

### WETS ASK FOR ADOPTION OF UNIT SYSTEM

DRY COUNTIES IN STATE TO BE CANVASSED FOR PETITION SIGNERS.

The wet forces are lining up for a strong campaign and are now making canvasses or preparing to make canvasses in all counties now under the local option law. The petitions for the unit system for the state. The unit system provides that each incorporated village, city or township shall have the privilege of saying whether or not it should be dry.

Advocates of the unit system argue that townships 10 or 20 miles from a city now have a voice in dictating whether or not a city or village shall have saloons. The unit law would give to each city or township the sole voice in the matter.

The backers of the unit system expect to obtain over 50,000 signatures in the state. They freely predict that this proposed plan will save much territory to the wets which under the old system be carried by the dries.

In an important decision given recently for State Highway Commissioner Frank F. Rogers, Attorney General Fellows holds that the three per cent limit on the amount of money to be raised for road purposes, as expressed in the new constitution, applies to counties only and not to townships.

### MICHIGAN PIKE TOUR WILL START JULY 10

Final dates for the west Michigan pike tour have just been set. The 500-mile jaunt will open this year at Chicago instead at the southern limits of the state, as formerly July 10. The tourists will make the first night stop at Macatawa, 170 miles away. The second will be at Manistee, 140 miles; the third at Traverse City, 124 miles; and the fourth at Mackinaw City, the end of the route, 126 miles.

### AREND PAYS FUNERAL EXPENSES OF WIFE

John Arend, Jr., who murdered his wife in Baroda last week Sunday, has paid the doctor's undertaker's, and other bills incurred by the burial of his wife. He did it willingly and it used up nearly all of the \$170 he had on his person at the time of his capture.

Tuberculosis From Cows. Twenty per cent of tuberculosis in human beings comes from milk from tuberculous cows, according to a statement made by Dr. George W. Humphrey, state veterinarian. While this is only an estimate that cannot be positively verified, the "Health First" party of the State Board of Health is paying a good deal of attention in the statewide anti-tuberculosis campaign to advising cities to appoint official veterinarians who can safeguard the milk supply. The State Board of Health hopes in this way to prevent tuberculosis from at least one prolific source of infection.

Pioneer Association Meets. The Michigan Pioneer and Historical Society will meet in the Senate Chamber, Lansing, May 24 and 25. Addresses will be made by many persons of prominence in the state. A special invitation is extended all pioneers to attend the meeting.

Sheriff After "Em"—Gladstone Beattie, sheriff of Van Buren county is making a county-wide canvass and is rounding up all the slot machines, punch cards, etc., and confiscating them. The sheriff has also issued an edict that dice throwing must stop and he promises trouble for those who persist.

Pipe Organ Arrives.—The pipe organ for the Methodist Church has arrived and will be installed during the next few days.

### MOTHERS' DAY PROCLAMATION

During the last fifty years the American home has undergone little less than a revolution. Science and invention has wrought marvelous changes in our economic and industrial conditions. Some of these changes have a tendency to destroy the unity of home interests. Time and distance have been annihilated. Home permanence has in a large measure been destroyed. The responsibilities of the mother have been increased. She finds it impossible to keep her flock together; she finds her task of inspiring and directing her children more and more difficult. She must therefore do her greatest work when her children are "little tots," when they are most responsive to the tenderest and wisest suggestions. American mothers realize this necessity, and are making holy sacrifices to this end.

The mothers of every country are more important than armies and navies of war. The mothers are the source of civilization. To our mothers, our holiest aspirations, it is especially fitting in the year nineteen sixteen that we pay tribute to the Mothers of America. Let the boys and girls and the "grown-ups," who are away from home on Mothers' Day, write a letter of gratitude to Mother. Let those who are at home meet Mother with a smile, a kiss and a handful of flowers. Recite to her the prayer she taught you at the bedside.

Therefore, I, Woodbridge N. Ferris, ask that the people of Michigan set apart the second Sunday in May (the 14th) as Mothers' Day. In obedience to a Resolution by the United States Congress, I ask the people of Michigan to display on this day the United States flag on all government and public buildings, at their homes, or other suitable places, "as a public expression of their love and reverence for the Mothers of our country." As far as possible let young and old in public meetings discuss the theme of Mother with that enthusiasm and sincerity which characterizes all loyal Americans.

WOODBRIDGE N. FERRIS, Governor

### RULES OF LAW TRAINING ROAD BOND LIMIT

THREE PER CENT LIMIT APPLIES ONLY TO COUNTIES AND NOT TOWNSHIPS.

In an important decision given recently for State Highway Commissioner Frank F. Rogers, Attorney General Fellows holds that the three per cent limit on the amount of money to be raised for road purposes, as expressed in the new constitution, applies to counties only and not to townships.

The decision of the attorney-general settles for a time at least a question which has been worrying township officials and prospective bond buyers. Under the old constitution the limit of three per cent was made to apply to counties in so many words. In the new constitution, however, the language is susceptible of several constructions. Mr. Fellows holds, that taking the old constitution into consideration, as well as the notes of the constitutional convention, the limit is meant to apply the same as before—for counties only.

Some townships in the northern part of the state issued bonds on which certain interests and installments exceed the 3 per cent limit. Attorneys for bond buyers raised an argument against the bonds. This matter was taken up with Mr. Rogers and thus came to the attorney-general.

The attorney-general also decided that the offices of deputy state oil inspector and county road commissioner were not incompatible. Another ruling was that a board of trustees of a rural high school may not erect a larger building than is necessary in order to rent out certain rooms for the graded schools of the district.

### MICHIGAN FREIGHT RATES UNDER FIRE

A special from Washington says: The news that Michigan cities outside of Detroit have applied for readjustment of freight rates has moved railroads of the state to protest, and it is certain that the proposal will meet with opposition.

Pere Marquette officers have protested to members of Congress, declaring that any reduction of freight rates at this time would be fatal to the hope of reviving that system.

"As a matter of fact, the desire of the shippers is stated to be not so much a reduction of rates as the placing Michigan on a par with Indiana, Ohio, and other neighboring states, whereas it is claimed that Michigan pays a uniformly higher rate."

The inter-state commerce commission has granted the petition of John G. Graham of the Jackson Chamber of Commerce, and other complainants of all Michigan will be bunched in one action, and a general investigation of Michigan freight rates be instituted. This investigation will proceed at once, it is stated.

### MUTUAL CARRIES \$14,834,043 IN FIRE RISKS

MONTHLY REPORT SHOWS INCREASE OF 27 IN MEMBERSHIP.

The monthly directors' meeting of the Mutual Fire Insurance Company was held in the local office of the company Saturday and was well attended by the directors.

The secretary's report showed the losses for the month of April to be \$2,211.95; increase in risks for the same period, \$57,900.00. There was an increase of 27 members for the month.

The total risks now carried by this company is \$14,834,042. Attorney Cavanaugh, of Berrien Springs, who is making collections from delinquents, reported the payment of over \$500 on these claims. All delinquents have been notified and the attorney will now start suits against those who do not pay up promptly.

The total receipts of the secretary's office for the month of April was \$361.45 which includes 50 per cent of the amount collected by the attorney.

The affairs of the company was found in excellent condition and very prosperous.

### SAYS STATE WILL NOT GET FULL BENEFIT

SENATOR TOWNSEND OPPOSES FEDERAL ROAD AID AMENDMENT

Washington, May 9.—For every \$600,000 Michigan will receive in federal aid to good roads construction it will pay \$1,000,000. Senator Charles E. Townsend declared in opposing an amendment which would give states with forest reserves more than an equal share of the proposed road fund, that the amendment would be a bill as it stands, because he believed it would serve as an incentive to more road construction, but that it was unquestionably unfair to the states which pay the bulk of the federal taxes, Michigan among them.

Unfair to Some States. "I proposed an amendment in committee which would have made the amount of corporation and income tax paid by the state one on the basis of division," he said. "I felt that it was only fair to these large paying states that part of the money be distributed on the tax basis. The amendment was voted down. Certainly no amendments tending to greater inequality should be added now."

Provides \$25,000,000. The good roads bill as it passed the house provided for an appropriation of \$25,000,000 the first year, but the senate committee, of which Senator Townsend is a member, cut the first year appropriation to \$5,000,000 with the provision that \$10,000,000 is to be appropriated the second year and an increase of \$5,000,000 each year thereafter up to \$25,000,000.

The law provided that for every dollar given the state by the government an equal amount of state funds must be expended. An amendment in the senate also provided that the states must maintain all roads constructed.

Under the senate bill Michigan would receive \$150,650 the first year, \$301,300 the second year, \$451,950 the third year, \$602,600 the fourth year and \$753,250 the fifth year.

### Herbert Clare Coveney.

Herbert Clare Coveney, son of Robert Henry and Alma Lowna Coveney, was born in Buchanan township, Berrien County, Michigan, December 15th, 1882, and died in Los Angeles, California, April 30th, 1916, age 33 years, 4 months and 16 days.

His parents and sisters, Grace and Fern, died some years ago. But one of the family is now living, Robert Lyle, of Armels, Montana, who could not come to the funeral but sent a loving tribute.

Clare had a pleasing manner and made friends where ever he went. For seven years he has been in California, living in Los Angeles, principally. Harry Sabin, an old Buchanan friend, living there, was with him in his last days, and through who's kindness Clare's relatives were notified of his death, and to whom Mr. Sabin sent the remains. Services were held at Mrs. E. Perkins' home. To her was the request of Mr. Sabin to have charge of the burial services.

"When the mists have risen in splendor From the beauty of the hills And the sun shine warm and tender Falls in kisses on the rills, We may read love's shining letter In the rainbow of the spray, We shall know each other better, When the mists have cleared away."

### DEMOCRATS FACING CONVENTION FIGHT

Lansing, May 10.—From present indications there is going to be blood on the moon so to speak, at the state democratic convention here May 17. State democratic leaders were congratulating themselves on the fact that the republican gathering had not roasted them so very hard yet—all—and that somebody broke the severity of their meditation with the news that John W. Bailey had secured control of the Calhoun county democracy, at the convention in Marshall Wednesday.

A chill went up and down the spine of the state leaders for if the "organization" ever had a bitter enemy in its own party John W. Bailey is the man. To make the pill bitter, at the recent primaries for national committeeman Calhoun county was carried over Bailey's head by Edwin O. Wood, amidst much rejoicing.

### DAIRYMAN LAUNCH PLAN FOR STATE CLUB

CALL ISSUED FOR MEETING TO BE HELD AT M. A. C. MAY 23

East Lansing, May 9.—The Livingston County Milk Producers' Association has issued a call for a state meeting of dairymen at the Michigan Agricultural College May 23, for the purpose of organizing a state association and for the further purpose of starting a campaign to accomplish four things—secure an advance price schedule from buyers for such times as will stabilize milk production; further a movement to protect the integrity of the butter price standard; secure an increased price for milk in accord with the increased cost of production, and promote the interests of the milk producers of the state.

State Director of Markets James N. McBride has been called upon for information regarding the milk marketing methods prevailing in other states and the dairy department of the agricultural college is being asked for facts and figures regarding the cost of production, and the price paid for whole milk is less than the actual cost of production and if it were not that the dairy industry helps to maintain the fertility of the soil, they would be on the road to ruin.

They point to the recent success of the dairymen furnishing Chicago with milk in the matter of getting an average summer price of \$1.55 a hundred pounds.

Edward S. McGlinsey. Edward S. McGlinsey, 56, passed away at his home, 729 North Elm street, Muncie, Ind., Monday morning at 6:05 o'clock following a lingering illness of Bright's disease. He is survived by the widow, Anna B. McGlinsey, one son, E. B. McGlinsey, of Chicago; one brother, W. H. McGlinsey, and four sisters, Mrs. Belle C. Parks, of Puyallup, Wash.; Mrs. Mary E. Smith, of Bristol; Mrs. Anna Friday, of Elyria, O.; and Mrs. Lillian Aldon, of Puyallup, Washington.

The body was taken to the Masonic temple Wednesday afternoon at 2 o'clock, where it remained in state until 3 o'clock. The funeral services were conducted from the Masonic Temple at 3 o'clock Wednesday afternoon, the Rev. T. A. Reynolds officiating. The remains were taken to Buchanan, Mich., Thursday morning, where interment took place on Friday.

The deceased was last employed as traveling freight agent for the Central Indiana railroad company, and was widely known from one end of the state to the other. And owing to his high degree and prominence in the Masonic lodge, he was a well known in other states. He was a member of the Delaware Lodge No. 46, F. & A. M.; Muncie Chap. No. 30, R. & S. M.; Muncie Council No. 16, R. & S. M.; Muncie Commandery No. 18, Knights Templar; Muncie Chapter No. 104, Order of Eastern Star, and was also connected with the Indianapolis Consistory, which made him a thirty-second degree Mason. He was also an active member of the several different departments of the I. O. O. F. lodge and was a member of the Methodist Episcopal Church.

He was born at Selinsgrove, Pennsylvania, in November, 1860, but removed to Michigan while in his youth. He moved to Muncie when promoted to chief clerk in the local office of the Lake Erie & Western railroad. Later he resigned that position to take up work with the Central Indiana railroad.

Miss Mullen's maid of honor was Miss Lyla G. Patterson of Kalamazoo, and Mr. Harold Mullen acted in the capacity of best man.

Other guests from out of town were Miss Hattie Sandee of Three Oaks, and Mr. William Engelbrecht of Chicago.

The newlyweds left Sunday afternoon for a two weeks visit to Wisconsin and other points. Their many friends wish them a long and happy life together.

—N. C. Johnson of New York City, was the guest last week of his mother, Mrs. S. E. Johnson, Berrien street.

Miss Mullen's maid of honor was Miss Lyla G. Patterson of Kalamazoo, and Mr. Harold Mullen acted in the capacity of best man.

Other guests from out of town were Miss Hattie Sandee of Three Oaks, and Mr. William Engelbrecht of Chicago.

The newlyweds left Sunday afternoon for a two weeks visit to Wisconsin and other points. Their many friends wish them a long and happy life together.

### CELFOR TOOL MAKES HANDSOME PRESENT TO MEN

GIVES HALF HOLIDAY A WEEK WITH PAY FOR THREE MONTH'S PERIOD.

The employees of the Celfor Tool company are rejoicing over an executive order taking effect May 20th which gives to all employees Saturday afternoon each week from their duties.

The new plan comes without solicitation or suggestion from the men, hence is doubly appreciated by them. No deductions are to be made from the salaries and full time will be paid.

The new order will be better appreciated when it is understood that it will cost the Celfor Tool Company approximately \$1,500 a month in money to carry out this plan in reality a clean gift to the men, from which the company will receive no benefit; other than the personal satisfaction of knowing that they are contributing to the happiness of the employees.

The grounds surrounding the plant are in the hands of landscape gardeners, who are turning them into gardens of beauty, by planting flowers and shrubs and otherwise co-operating with nature to add to the general attractiveness of the surroundings.

With the completion of the new addition, which it is thought will be ready for occupancy early in July, the company will lay out a small park, planted to flowers, shrubbery, and vines, a little haven of beauty where the men may find rest and commune with nature when free from factory duties.

### HYMEN'S ALTAR

Houseworth—Helmer. On Wednesday evening, May 3, at the home of the bride's parents, Mr. and Mrs. John Houseworth, of Jackson, occurred the marriage of their second daughter, Elsie to Ben S. Helmer. To the strains of Mendelssohn's Midsummer Night's Dream, rendered by Mrs. Bertha Mead, sister of the bride, the couple entered the parlor. The ceremony was performed by the bride's grandfather, performed the ceremony. Little Ruth Mead, niece of the bride, carried the ring on a carnation. The bride was gowned in embroidered net over white satin while the groom wore a dark blue serge suit. After the ceremony they proceeded to the dining room, which was decorated in pink and white, and a three course supper was served. About fifty guests were present. The bride couple received many useful gifts of cut-glass, china, linen and \$205 in money. The bride is well known in Buchanan. The out of town guests were the Misses Bernice Beck and Winifred Andrews, Mrs. Bertha Mead and children, of Buchanan. Mr. and Mrs. Helmer will be at home after May 10 at 813 S. Jackson St., Jackson.

Morley-McDonald. On Saturday, May 6th, at two o'clock in the afternoon, at the home of the bride's parents, occurred the wedding of Guy McDonald and Miss Hazel Morley, both well known and estimable young people of New Troy, this county.

The groom is a son of Mr. and Mrs. Geo. McDonald and the parents of the bride are Mr. and Mrs. Francis H. Morley, old settlers of the neighborhood. Mr. Morley for a number of years having been associated as proprietor with the New Troy Milling Company.

The wedding occasion was marked with simplicity and celebrated in the presence of only immediate relatives and Paul Brodbeck of New Troy, and Miss Ada F. Taylor, of Berrien Springs, but now teaching in New Troy schools, standing with the young couple through the ceremonies. A brief and simple form of the ring ceremony was used. The groom was attired in the conventional black and the bride wore a modest but beautiful appropriate costume of white voile, made by herself, and held in her hand a large bunch of cream roses.

The ceremony was performed by Rev. Walter J. Barnhart, local Bishop of the Brethren Church. After the ceremony the mother of the bride served a light lunch to the party, and a few moments later the young couple accompanied by Mr. Brodbeck and Miss Taylor, left by automobile for South Bend. Mr. and Mrs. McDonald will immediately begin housekeeping in New Troy, where the groom has for some time been employed by the New Troy Milling Co.

Mullen-Kohlmann. "Happy is the bride that the sun shines on." Then last Sunday morning, May 7th, was an ideal time for a wedding. And so thought Miss Bessie Mullen, when at ten o'clock on that beautiful day she became the bride of Mr. William A. Kohlmann. Their wedding was a very pretty, homelike service held at the home of the bride's parents, Mr. and Mrs. O. L. Mullen, about one mile east of town.

A special corner had been tastefully decorated with May blossoms, and at the appointed hour the happy couple took position there and were solemnly united in the bonds of matrimony by Rev. N. D. Braby of the Presbyterian Church.

## A Carload of Good Cows For Sale

Some fresh with calves by their side. Some will be fresh soon and some will freshen in the fall.

Gluten Feed, Bran, Oil Meal, Middlings, Digester tankage carried in stock.

## Galien Affairs

### GALIEN TO ENLARGE PRESENT TOWN HALL

Feeling the need of more adequate quarters Galien township will at once enlarge the town hall adding twenty feet to the west end of the structure. Specifications are now being prepared of the contemplated changes and contractors will be asked to make bids for the work.

Many times in the past the building has been found inadequate to accommodate the large crowds which have gathered and it is expected that the proposed enlargement will give ample space for many years to come.

### GALIEN TO BUILD MILE OF STATE ROAD

Galien township has voted to build a mile of state road which will begin at the corporation line and run east. This will add much to the pleasure of driving or motoring in the vicinity of Galien and will doubtless be the means of bringing more trade to Galien. The township will also set out thirty Norway, maple and Elm trees for shade.

### Billy Steffy Entertains

Master Billy Steffy entertained a number of his small friends from 1:30 to 4:30 p. m., last Saturday, in honor of his fourth birthday. The children enjoyed playing in the yard at various games and listening to stories read by Miss Elizabeth Higbee after which refreshments were served in the dining room. The decorations were white and pink. A tray of small cakes covered with pink icing, each holding a tiny pink candle, were used as center pieces. Pink hyacinths and jonquils were used. The children were loath to depart at the appointed time, it being their first party, and "Billy" will long enjoy happy memories of this birthday.

### Young People Wed

Miss Lena Schrupf of Galien, and Otto Roun of Chicago, were married at the home of the bride's parents, Saturday afternoon at four o'clock.

One hundred guests were present, fifty from Chicago, to witness the ceremony.

The young people left Monday to make their home in Chicago where the groom is engaged in the draying and delivery business.

### Ladies Aid Society

The Ladies Aid Society of the M. E. Church met last Wednesday p. m. at the home of Mrs. Albert Dickey and tied the comforters for Mrs. J. L. White. There were twelve ladies present and a pleasant afternoon was spent. The hostess served fruit.

Mr. and Mrs. Clarence Renbarger and small son motored from their home in Niles and spent Sunday with friends in Galien.

### The Suffrage Meeting

Last Thursday equal suffrage had full sway in Galien, when Mrs. Edd. Blakeslee and Mrs. Kittle Putnam Emery of the twin cities gave addresses in the M. E. Church, under the auspices of the Friday Culture Club.

There was an attentive audience of the women of this village and the girls of the high school listened appreciatively to the distinguished president of the county organization, Mrs. Blakeslee, and Mrs. Emery, a noted suffrage lecturer, who gave the main address of the afternoon.

Her addresses, with her rare humor and convincing way of speaking, gained new members for the cause. Thirteen names were added to the county membership.

Mrs. Claud Swank furnished the music for the day.

### The Senior Play

The seniors of our high school are busy studying for finals and rehearsing the play "Esmeralda," under the efficient training of Miss J. White of South Bend. Miss White was so successful in training last year's seniors in their play, "At the Foot of the Rainbow," that we are all looking forward with great interest to the coming event.

### Church Notes

The M. E. Church services well attended Sunday night. Epworth League was led by Mrs. T. L. White Sunday evening in place of Miss Shaw, who was called home early Sunday morning on account of the illness of her mother.

The subject, "Play Ground and School Room Cheats" was well discussed by Mrs. English and Mr. Holen in an interesting manner.

Sunday School was not so well attended this week, owing no doubt to the fine day for automobiling.

The monthly business meeting of the Epworth League was held at the home of Miss Elizabeth Higbee last Tuesday night. As the weather was stormy few were able to attend and the election of officers was postponed until later in the month.

### Galien Locals

Mrs. Anthony Straub is on the sick list.

Miss Elizabeth Higbee is on the sick list.

Lester Lyons is contemplating buying a Ford.

Mrs. Lillian Lyon spent last Thursday in South Bend.

Fred Jannach of Gary spent the week end in Galien.

Mrs. William Baton of Dayton was in town Tuesday.

Mr. and Mrs. C. A. Clark spent Monday in South Bend.

Dell Roberts and Earl Ingals were in South Bend Thursday.

Mrs. Tracy Hall has not been so well during the past week.

Mrs. M. A. Robinson made a business trip to Chicago Monday.

John H. Hines of Kalamazoo visited relatives here Tuesday.

Mrs. Roy Payne and daughter went to Three Oaks last Wednesday.

John Ravish moved his family into the Doves cottage last week.

Miss Theda Shaw returned to her school duties here Tuesday morning.

Mrs. Wm. Newitt was taken ill last Thursday but is better at present.

A number from here attended the dance in Three Oaks last Thursday night.

Mrs. Alice Painter and son Bert spent Sunday at the Maria Jones home.

Charles Haroff will occupy the Norman house just vacated by John Ravish.

Mrs. Lou Goodenough and Mrs. Ellis Goodenough went to Three Oaks Tuesday.

Orville Babcock and Walter Jannach spent Sunday evening at Michigan City.

Farmers are busy this fine weather getting in their crops, making gardens, etc.

Mr. and Mrs. Loyd Babcock have been visiting relatives in Galien for the past week.

Geo. White is shipping rhubarb from the lot recently purchased from William Roundy.

Mr. and Mrs. Clarence Renbarger and son of Niles spent Sunday with Mrs. Maria Jones.

Neat play suits for small boys, price 25 cents up.

G. A. Blakeslee.

Dr. Stanley Clark of South Bend spent Sunday with his parents, Mr. and Mrs. Chas. Clark.

Messrs. Lester Lyons and Jessie Jackson of Buchanan spent Sunday here with their parents.

Mrs. Lillian Steffy left for Monticello, Ill. Saturday, where she was called as nurse on a case.

Mr. Lewis Weisman, grandfather of Albert Dickey, is suffering from a severe attack of rheumatism.

Call and see our line of Misses and childrens dresses. You are sure to be suited.

G. A. Blakeslee.

### MICHIGAN CROP REPORT

The condition of wheat in the State is 81 in the southern counties 78, in the central counties 80, in the northern counties 88 and in the Upper Peninsula 95.

The condition on April first in the State was 78, in the southern counties 73, in the central counties 82, in the northern counties 89 and in the Upper Peninsula 98. The condition 1 year ago was 92 in the State, central counties, 90 in the northern counties and 97 in the Upper Peninsula. The per cent of wheat that will be plowed up because winter killed or otherwise destroyed is 5 in the State, 6 in the southern counties, 5 in the central counties, 3 in the northern counties and 1 in the Upper Peninsula. The damage by Hessian fly in per cent is 3 in the State, 5 in the southern counties, 2 in the central counties and 1 in the northern counties.

The total number of bushels of wheat marketed by farmers in April at 72 flouring mills is 69,136 and at 74 elevators and to grain dealers 68,796 or a total of 137,932 bushels. Of this amount 92,852 bushels were marketed in the southern four tiers of counties, 42,062 in the central counties, and 3,017 in the northern counties and Upper Peninsula. The estimated total number of bushels of wheat marketed in the nine months August-April is 7,500,000 and the quantity yet remaining in possession of growers after deducting 2,500,000 bushels used for seed and home consumption is 5,494,517 bushels. Fifty-eight mills, elevators and grain dealers report no wheat marketed in April.

The average condition of rye in the State is 88, in the southern counties 84, in the central counties 89, in the northern counties 92 and in the Upper Peninsula 97. The condition one year ago was 84 in the State and southern counties 94, in the central counties 95, in the northern counties 98 and in the Upper Peninsula 100.

The condition of meadow and pasture in the State is 91, in the southern counties 89, in the central counties 93, in the northern counties 92 and in the Upper Peninsula 96.

The acreage of clover sown as compared with last year is 97 in the State, 94 in the southern counties, 96 in the central and northern counties and 101 in the Upper Peninsula. The acreage of clover that will be plowed up because winter killed or otherwise destroyed is 6 per cent in the State, 9 in the southern counties, 4 in the central counties, 3 in the northern counties and 2 in the Upper Peninsula.

The acreage of oats sown, or that will be sown as compared with last year is 98 in the State, 96 in the southern counties, 97 in the central counties, 102 in the northern counties and 106 in the Upper Peninsula.

The number of acres of chicory in the State so far as reported is 637 and the number of acres of mint 3,710.

The per cent of spring pigs saved as compared with 1915, is 90 in the State, 89 in the southern and northern counties, 96 in the central counties and 92 in the Upper Peninsula. The per cent of lambs saved as compared with 1915 is 92 in the State, 93 in the southern counties, 95 in the central counties, 88 in the northern counties and 97 in the Upper Peninsula.

The average monthly wages with board is \$28.56 in the State, \$29.72 in the southern counties, \$28.20 in the central counties and \$20.09 in the Upper Peninsula.

The average wages, by the day without board is \$1.74 in the State, \$1.82 in the southern counties, \$1.89 in the central counties, \$1.80 in the northern counties and \$1.81 in the Upper Peninsula.

The average wages in the State last year, by the month with board was \$27.03 and the average wages by the day without board was \$1.64. Fruit correspondents report a very promising prospect for an abundant crop of fruit in all sections of the State where the business is given proper care.

### Only Real Foundations.

Success—that elusive, much-coveted goal toward which we are always working, and sometimes fail to recognize when we reach it—success is the crown and glory of the building of a life. And toward that completion, the supporting pillars must be service, and the foundation character.

### Proved His Ability.

Junior Partner—"I see you have engaged a new man. Is he a good salesman?" Senior Partner—"Good salesman? Great snakes! I had to send for the police to prevent him from talking me into taking him into partnership."

### Self-Made Man.

We suppose even a self-made man has his moments of depression when he wonders what he did it for.—Ohio State Journal.

### Daily Thought.

If a man be gracious and courteous to strangers, it shows he is a citizen of the world, and that his heart is no island cut off from other lands, but a continent that joins to them.—Bacon.

### GLASS OF WATER Upset Her

People who do not know about food should never be allowed to feed persons with sick stomachs.

Sometime ago a young woman who lives in Me. had an attack of scarlet fever, and when convalescing was permitted to eat anything she wanted. Indiscriminate feeding soon put her back in bed with severe kidney and stomach trouble.

"There I stayed," she says, "three months, with my stomach in such condition that I could take only a few teaspoonfuls of milk or beef juice at a time. Finally Grape-Nuts was brought to my attention and I asked my doctor if I might eat it. He said, 'yes' and I commenced at once."

"The food did me good from the start and I was soon out of bed and recovered from the stomach trouble. I have gained ten pounds and am able to do all household duties, some days sitting down only long enough to eat my meals. I can eat anything that one ought to eat, but I still continue to eat Grape-Nuts at breakfast and supper and like it better every day."

"Considering that I could stand only a short time, and that a glass of water seemed so heavy, I am fully satisfied that Grape-Nuts has been everything to me and that my return to health is due to it."

"I have told several friends having stomach or nervous trouble what Grape-Nuts did for me and in every case they speak highly of the food."

"There's a reason." Name given by Postum Co., Battle Creek, Mich.

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

### VEHICLE ORDINANCE.

An ordinance Relative to the Use of Vehicles Upon the Streets, Alleys, and Public Places in the Village of Buchanan.

The Village of Buchanan ordains: Sec. 9. No vehicle, unless in an emergency or upon the order of a policeman or to allow another vehicle, or pedestrian to cross its path, shall stop in any public street or highway, except near the right hand curb thereof and so as not to obstruct the crossing.

Sec. 10. No vehicle shall back to the crossing.

Sec. 10. No vehicle shall back to make a turn in any street, if by so doing it interferes with other vehicles, but in such case shall go around the block or to a street sufficiently wide to turn without backing.

Sec. 21. No person shall operate any motor vehicle or permit to be operated on the streets, alleys or public places of the Village any motor vehicle which has not a suitable muffler in a proper and efficient working condition; and it shall be unlawful for any person to operate or for the owner of any motor vehicle to permit to be operated any motor vehicle with the muffler cut out or not in operation.

**AWARD CASH  
PRIZES AT  
FORMAL OPENING**  
FRESH AND TEMPTING STOCK  
INSTALLED AT NEW STORE  
OF SANDS & RAYMOND.

To stimulate interest in their formal opening Saturday, the 20th instant, Sands & Raymond, who have just installed a complete stock of meats and groceries in what is known as the Record building, situated on Oak street, will offer cash prizes as inducements to the citizens of the town and countryside to visit the store.

The following plan has been adopted: The prize money will be divided into a first prize of three dollars. To each person who visits the store between 7 a. m. Wednesday, the 17th instant, and 8:30 p. m., on Saturday, a ticket will be given which entitles the holder to a chance on the prize money. The holder will be requested to sign his or her name and address on the back of the ticket and deposit it in the contest box in the store. At 9 o'clock p. m. the drawing will take place, and will be in charge of a committee to be named by Mayor Black. The winners will receive the prizes whether they are present or not. On Saturday afternoon and evening, visitors to the stores will be regaled with strains of music.

The building occupied by the firm has been entirely remodeled interiorly, and presents a spic and span appearance. The firm have floor space 40x60 feet. A big new refrigerator has been installed, as well as all appliances for conducting a sanitary meat market, where only the best meats of their grades will be kept. Their grocery stock consists of general grocery lines, provisions, flour, sugar, teas and coffees, package goods, cereals, wafers, etc. Their stock is as attractive as their bright, clean store and is fresh and tempting.

Mr. Raymond, who conducted a store here for a quarter of a century, is well known to the trade, as is his partner, M. L. Sands, who is thoroughly experienced in the business. Both men are known for their personal affability. Standing personally at the block and counter, they await your pleasure. Prompt delivery of orders will be made. The new firm's phone number is 92. Remember the store opens for business next Wednesday morning, and that the formal opening takes place on Saturday. Prize coupons will be given all visitors from the opening day till 8:30 o'clock Saturday night.

#### COUNTY CLUB BUY CHURCH PROPERTY

An offer on behalf of the Niles-Buchanan Country Club management for the tabernacle building at Niles, that was used for nearly a year by the Presbyterian Church society, during the period their new memorial church was in course of construction, has been made and accepted. The building will be wrecked and the material will be moved to the site of the Country Club and will be used in the construction of the club house and automobile sheds and other buildings as far as it goes. The price offered for the building is understood to be around \$300, at which price the Country club management can afford to wreck it and move the material as stated.

The work of wrecking the building will begin as soon as the deal is closed and the commencement of building operations at the Country club grounds will begin soon after.

#### BISHOP CREAMERY OPENS NEW PLANT

The new Buchanan plant of the Bishop Creamery Company opened for business Tuesday morning and turned out its first batch of butter in the new plant. The Glendora plant heretofore operated by this company has been closed and the company's motor truck now gathers the cream from Glendora patrons.

The new plant is a model one and is located in the Bishop building on Second street. Large cold storage rooms have been built where butter will be kept at the proper temperature.

Mrs. Martha Cathcart  
Martha Adaline Roe, daughter of George P., and Asenette D. Roe, was born on Terrie Coupe Prairie, October 3, 1844, and passed away at her home in Buchanan Friday, May 5, after an illness of seven months. She was married to Marvin Cathcart August 21, 1867.

Although never strong Mrs. Cathcart had been a great worker. Before her marriage she taught school and after coming to Buchanan she was a portrait artist for a number of years but is probably best known as a teacher of stenography, having been engaged in that work until five years ago when she was compelled to abandon it because of failing health and eyesight.  
She is survived by a daughter and

two sisters, one sister and one brother having passed on before her.  
Funeral services were held at the home on Oak street, Monday, May 8, Rev. E. O. Mather of the M. E. church officiating.

#### BUCHANAN BOY ANNOUNCES CANDIDACY FOR COUNTY CLERK

Broadminded and graceful was the spirit animating the gathering of prominent men of affairs in Berrien county, who assembled at the county seat last Monday evening, actuated by an impulse to induce Claude A. Baker, son-in-law of the late Homer A. Hathaway, to seek the nomination for county clerk on the Republican ticket. The meeting was attended by leading Republicans from about the county, some of whom were identified with the Progressive movement that grew out of the Chicago convention in 1912, but who now accord in feeling and sentiment with their former co-workers in the Republican ranks, and all of whom feel like doing everything in their power to treat in a compensative manner the candidates for county office, who, through no fault of their own, suffered defeat as a result of developments they were powerless to avert. And while it is too late for a re-united party to reward Homer A. Hathaway, that stalwart worker, who bore defeat so bravely, there is spontaneous determination on the part of the voters to give to his nearest male relative the hand of good fellowship and the assurance of the same unqualified support to which the late Mr. Hathaway was so richly entitled, hence the concerted action to induce Mr. Baker

to enter the race. This movement, so expressive of the wish of the people, has met with high appreciation on the part of Mr. Baker, and today he makes formal announcement of his candidacy for the nomination for county clerk on the republican ticket, subject to the will of the voters in the August primaries. That several candidates who had contemplated entering the race at the time have declared their intention of retiring in favor of Mr. Baker, argues well for the chances of success for this young man, who is brought forward at this time under decidedly favoring influences.  
From a geographical standpoint, Buchanan is entitled to the place on the county ticket to which the late Mr. Hathaway aspired, hence this is another of the many strong reasons that point to Mr. Baker as the logical candidate. The latter is a native of Buchanan township, and was graduated from Buchanan high school. Eight years ago he was appointed to the position of probate registrar and has since resided at the county seat. However, Buchanan people proudly point to him as a Buchanan boy, for in the discharge of the duties of the important office he holds, Mr. Baker has reflected credit upon his old home town, while the courtesy and civility he has so freely shown at all times to all persons having business with the probate court, could not but make him popular with all classes.  
From the standpoint of efficiency, Mr. Baker would make an ideal county clerk. He had the proper training, and to a natural tendency, to be tactful, kind and obliging, he couples untiring energy, capability, and loyalty.

#### Michigan State Sidewalk Law

(2776) SEC. 8. The council shall have control of all sidewalks in the public streets and alleys of the village, and may prescribe the grade thereof, and change the same when deemed necessary. They shall have power to build, maintain and keep in repair sidewalks and cross walks in the public streets and alleys, and to charge the expense of constructing and maintaining such sidewalks upon the lots and premises adjacent to and abutting upon such walks. The council shall also have the authority to require the owners and occupants of lots and premises, to build, rebuild and maintain side walks in the public streets adjacent to and abutting upon such lots and premises and to keep them in repair at all times, and to construct and lay the same upon such lines and grades, and of such width, materials, and manner of construction, and within such time as the council shall, by ordinance, or resolution prescribe, the expense thereof to be paid by such owner or occupant; or the council may, by a two-thirds vote of all the trustees elect, pay such part of the expense of building or rebuilding such walk as they may deem proper from the general street fund or from the street district fund of any street district in which such walk may be located.

(2777) SEC. 9. The council shall also have the power either by ordinance or resolution to cause and require the owners and occupants of any lot or premises to remove all snow and ice from the sidewalks, in front of or adjacent to such lots and premises, and to keep the same free from obstructions, encroachments, incumbrances, filth and other nuisances: Provided that the council may, by a two-thirds vote of all the trustees elect, provide by ordinance for the rebuilding, maintaining and keeping in repair of all sidewalks within the village, and for the removing of all ice and snow therefrom, and for keeping the same free from incumbrances, and pay the expense thereof from the general street fund, or from the street district fund of any street district in which such sidewalk may be located.

(2778) SEC. 10. If the owners or occupant of any lot or premises shall fail to construct or maintain any sidewalk as mentioned and prescribed in the last section, or shall fail to keep the same in repair, or to remove the snow, ice and filth therefrom, or to remove and keep the same free from obstructions, encroachments, incumbrances, or other nuisances, or shall fail to perform any other duty required by the council in respect to such sidewalks, within such time and such manner as the council shall require, the council may cause the same to be done, and such sidewalks to be constructed or repaired, at the expense of such owner or occupant, and the council may cause the amount of all expenses incurred thereby, together with a penalty of ten per cent in addition thereto, to be reported to the board and special assessors, to be levied by them as a special tax or assessment upon the lot or premises adjacent to or abutting upon such sidewalk, with special assessment shall be subject to review after proper notice has been given as in all other cases of special assessment provided for by this act; and such tax when confirmed shall be a lien upon such lot or premises the same as other special assessments, and the council shall order the assessor of the village to spread said amount, together with such penalty, upon his roll as a special assessment upon such lots or premises, and the same shall be collected in the same manner as other village taxes; or the village may collect such amount, together with the penalty aforesaid, from the owner or occupant of such premises in an action of assumpsit, together with costs of suit.

## 100 Sample Dresses 100

From the sample line of one of America's largest dress manufacturers. The salesman made this his last stop on the road, and as he had no further use for his beautiful samples he sold them to us at a fraction of their worth. Hence we are offering the entire lot of exquisite dresses at prices actually

### Less Than Wholesale Cost

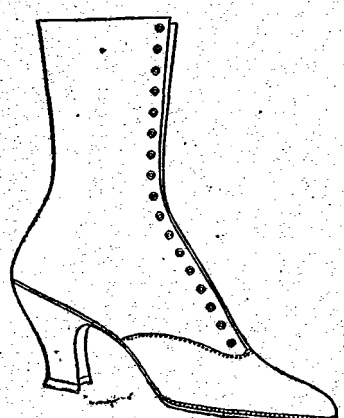

Fine tissue gingham, you know their value now, in a brilliant variety of colors, striped, figured and otherwise—white, colored and flowered voiles, many trimmed in sheer Venetian laces, others with heavy black and colored silks at belt,—handsomely embroidered silk marisettes, lace trimmed and with wide, flounced skirts,—large flowered as well as the quiter striped and plaid voiles, batistes, lawns, etc.,—all in a galaxy of smart, correct styles that would do credit to an ornate fashion plate.

#### EXCLUSIVE DESIGNS.

Naturally as these dresses are from a line of samples, there are no two of them alike. This assures you an exclusiveness that is particularly desirable. And there is sure to be one or two dresses in this lot that will exactly suit you. We will have the dresses on sale beginning

**FRIDAY MORNING, MAY 12th.**

Among these beautiful dresses you will find some very pretty ones marked as low as \$2.50.

#### Stylish Footwear

That's important nowadays, and so also is quality—two characteristics that are hard to combine. However in our Queen Quality line for 1916 you will find some mighty stylish and dainty footwear—and as for wear, you know what to expect from Queen Quality Shoes and Slippers. If you don't know how well they wear, it's high time you tried them.

High-tops are almost a necessity while skirt styles remain so short. How about a smart, high-heeled boot, with 12-inch top, in white cloth, lace? And we are selling them at only

**\$2.50**

Our Queen Quality slipper display is so large that all description is inadequate. There is an almost confusing showing of absolutely correct styles, eloquent of the care with which they were chosen. Two Colonial Pumps are illustrated, in patent and shoe-soap glazed kid. But while we can picture only two styles here, bear in mind that nowhere will you find so large an assortment of extremely stylish and good-looking footwear.

**Queen Quality Slippers sell at \$3.50  
Other makes as low as \$1.69**

In a special lot of odd sizes and styles we have grouped more than 150 pairs of slippers in sizes up to 4 1-2. Some of these slippers sold originally as high as \$3.50 and we offer the lot at

**\$1.00 the pair.**

Misses and children's sizes

**69c**

#### Clothing Department

Hart Shaffner and Marx clothes for well dressed Men.

You men all know the talking points of this brand of clothing. All we'll say about our stock of these suits is that we are selling them at cruelly low prices and that we carry shorts, stouts and slims as well as regulars, in the season's most pleasing fabrics. We also carry other good makes such as Clothcraft.

For the man who is looking for the new st we mention the new 1-inch back model, made up of the celebrated Kool-Kloth. This suit sells at the novel price of

**\$10.00**

We also call attention to our special blue- serge CLOTHCRAFT suit, absolutely all-wool, at

**\$12.50**

In an assortment that is incomparable. Some brilliant stripes in silks and soisette, also quieter patterns. We have an unlimited quantity of these at **75c \$1, \$1.50 and \$2.50.**  
Sport Shirts in all colors **50c**

**Golf Union Suits**  
in Munsingwear. Cut low in the neck, fastens at the shoulder, knee length and closed crotch. A most comfortable garment.  
Prtce **\$1.00.**

Also the regular Athletics at **50c & \$1.00**

## B. R. DESENBERG & BRO.

## This Food is New

The United States Patent Office has recognized that fact and granted a patent both on the form, and the method of making

## NEW Post Toasties

No other flaked corn food on the market shares this honor—no other equals it in form or flavour.

Several distinctive features characterize this new and economical food delicacy.

Old style "corn flakes" do not possess much real flavour of their own. Old-fashioned methods of making didn't bring it out. The depended largely for their taste on the sugar and cream or milk, you ate with them. You were never asked to test the flavour by eating them dry.

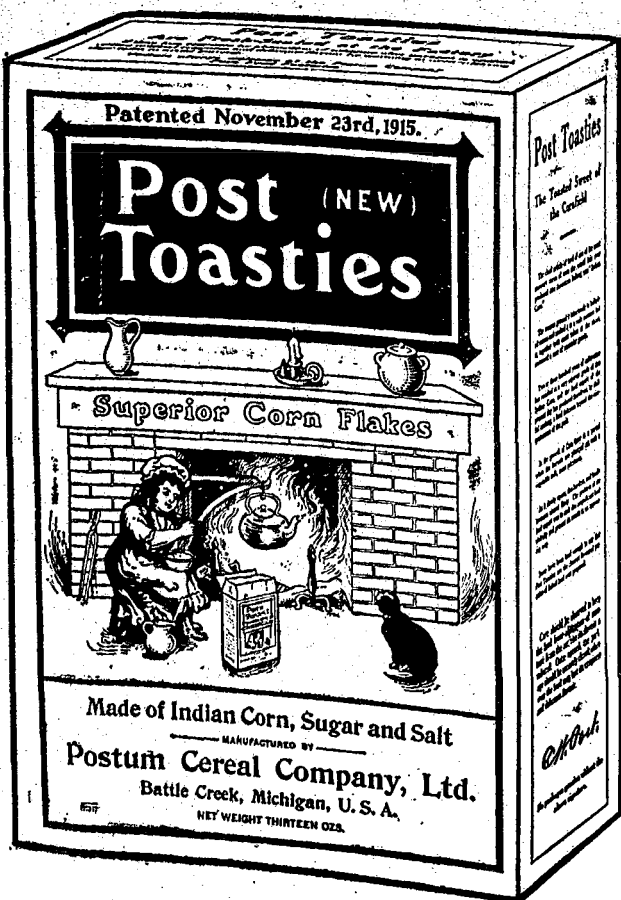

We want you to test the New Post Toasties by eating some dry, fresh from the package. You'll get the flavour at once. The new way of cooking, rolling and toasting under quick, intense heat brings out the sealed-up goodness of the grain.

New Post Toasties do not mush down when milk or cream is added. They don't crumble or "chaff" in the package or in the dish. There's substance to them, and so wonderfully delicious as to make you call for more.

### A Single Package Tells the Story

day; Miss Nellie Cathart will ac-  
company Mrs. Edwards.

#### SOCIETY NOTES.

The F. B. I. Club will meet at the  
home of Mrs. Nutt, Thursday, May  
18.

Mrs. E. W. Sanders and Mrs. H.  
O. Weaver will be hostesses to a num-  
ber of guests at 500 Saturday  
afternoon.

Mrs. H. R. Adams and Mrs. J. F.  
Winke entertained a number of  
guests at 500 Wednesday evening.  
The prizes were won by Mrs. J. A.  
White and Mrs. Sig Desenberg.

The boys of the Live Wire class  
of the Presbyterian S. S. were very  
pleasantly entertained at the home of  
Hubert Peck on Wednesday evening.  
Various games were played and de-  
licious refreshments served.

The young ladies of the West-  
minster Circle met at the church  
Monday evening. After studying the  
closing chapters of the book "Chris-  
tian Citizenship for Girls," dainty  
refreshments were served by Miss  
Esther Frederickson as hostess.

Th bazaar given by the ladies of  
the Westminster Guild at the home  
of Mrs. E. S. Roe, was very suc-  
cessful, the ladies netting \$22.00. A  
delightful program was given fol-  
lowed by a ten cent tea.

Mrs. M. L. Hanlin was hostess to a  
number of guests, Monday evening.  
Mrs. Hattie Blake was th winner of  
the prize at 500.

The winning side of the Happy-go-  
lucky Club was pleasantly entertain-  
ed by the losers on Monday night,  
when they were taken to the Princess  
theatre, and afterwards to the hospi-  
table home of Mrs. Susie Curtis,  
where a very dainty luncheon was  
served. Following the repast were  
various games and music. In a word  
guessing contest, Mrs. Beatrice  
Smith was the prizewinner. Mesdames  
Rena Desenberg, Susie Curtis, Ethel  
Richards, Hattie Porter and Miss  
Kathryn Kingery, were the losers,  
and the jovial manner in which they  
entertained proved them to be good  
losers.

B. M. Montgomery has completed  
the interior decorations at the Rec-  
ord office and is now decorating the  
interior of Lands and Raymonds  
market.

Must Have the Goods.  
You can be just as nice to custom-  
ers as you want to be. You can put  
them under obligations to you. You  
can advertise till you are testotally  
broke, and you can talk till you're  
black in the face, but if you don't hav-  
the goods, people are going to go to  
the store of the man who does have  
them, and you can't blame them.—  
Frank Farrington.

Optimistic Thought.  
The just give men a patient hearing  
hoping they will show proofs they are  
not evil.

#### KINGBIRD (Tyrannus tyrannus)

Length, about eight and one-half  
inches. The white lower surface and  
white-tipped tail distinguish this fly-  
catcher.

Range: Breeds throughout the Unit-  
ed States (except the southwestern  
part) and southern Canada; winters  
from Mexico to South America.

Habits and economic status: The  
kingbird is a pronounced enemy of  
hawks and crows, which it vigorously  
attacks at every opportunity, there-  
by affording efficient protection to  
nearby poultry yards and young chick-  
ens at large. It loves the open coun-  
try and is especially fond of orchards  
and trees about farm buildings. No  
less than 85 per cent of its food con-  
sists of insects, mostly of a harmful  
nature. It eats the common rose chafer  
or rose bug, and more remarkable  
still it devours blister beetles freely.  
The bird has been accused of eating  
honeybees to an injurious extent, but  
there is little ground for the accusa-  
tion, as appears from the fact that  
examination of 634 stomachs showed  
only 61 bees in 22 stomachs. Of these  
51 were useless drones. On the other  
hand, it devours robber flies, which  
catch and destroy honeybees. Grass-  
hoppers and crickets, with a few bugs  
and some outworn, and a few other  
insects, make up the rest of the ani-  
mal food. The vegetable food con-  
sists of fruit and a few seeds. The  
kingbird deserves full protection.

## Icy, Spicy, Ice Cream Sodas and Sundaes

Our fountain is now ready to serve you with the  
choicest of refreshments, made of pure stock, and  
served properly.

## LOCAL NEWS ITEMS

**Buys New Car.**—Fred Linsenmey-  
er is the owner of a new Maxwell  
car which he bought last week.

**New Company Organized.**—The  
Berrien Sand & Gravel Co., with a  
capital stock of \$12,000 has been or-  
ganized at Benton Harbor.

**Circus is Coming.**—The small boy  
is glad that circus time is here. Cole  
Bros. circus will exhibit at Niles  
May 26 and said s. b. is now religio-  
usly saving his pennies.

**Elsworth Picnic.**—The annual pic-  
nic of the employees of the Ellsworth  
store at South Bend will be held at  
Niles Wednesday, June 21. The lad-  
ies of the Presbyterian church will  
serve the dinner.

**Recovered From Pneumonia.**—H.  
W. Riley has recovered from a se-  
vere attack of pneumonia and is  
again at his desk at the I. & M. of-  
fice, a fact which is very pleasing to  
his many friends.

**After Violators.**—Petitions are in  
circulation calling on the prosecut-  
ing attorney to cause an enforce-  
ment of the local option laws in Bu-  
chanan. It is charged in the peti-  
tion that liquor is being sold here un-  
lawfully.

**O. E. S. Meeting.**—The installation  
of officers of the O. E. S. will take  
place at the next regular meeting  
to be held Wednesday night, May  
17. After the installation ceremon-  
ies candidates will be initiated into  
the mysteries of the order.

**Some Fisherman.**—The story is  
out that a local lover of the sport  
went trout fishing Friday and dis-  
covered, when twenty miles away,  
that he had left his flies and tackle  
at the Diamond drug store. The re-  
turn trip was made to town, the  
supplies obtained, and the day spent  
along the over-hanging banks of a  
pretty stream. At night the s. f.  
returned and proudly exhibited a  
horned ace which he had been led to  
believe was a new variety of brook  
trout. L. H. is having it mounted.

How it Looks

—  
"She SAT DOWN on  
the old man pretty  
hard."

THE BREAD LINE  
Not the bread line familiar to resi-  
dents of larger cities where thousands  
are out of employment and starv-  
ing, but a line of our prosperous citi-  
zens, such as may often be seen,  
leaving this bakery with our good  
bakery goods.  
JOIN THE PROCESSION

**JOHN H. PORTZ**

#### IN JUSTICE COURT

**Assault and Battery.**—Samuel  
Riesiv and Bert Rumsey, who  
reside six miles north-east of  
town, had an argument Monday and  
Mr. Rumsey caused the appearance  
of the former in Justice Sabin's  
court. From the evidence it appears  
that Mr. Rumsey cut some clover for  
seed on shares on the Haskins farm,  
at present occupied by Mr. Riesiv  
and in the field where the clover was  
left stacked the present occupant of  
the place has planted sugar beets.  
He objected to teams driving across  
the field of beets because of the dam-  
age it would do to the growing crop.  
A compromise was effected by the  
parties, each selecting a man and  
they in turn selecting a third to fix  
the damage which might result. Both  
parties have agreed to abide by the  
decision of the commission.

**Speeding Must Stop.**—Presi dent  
Black, the Marshal and the Justices  
have issued frequent warnings  
against the speeding of automobiles  
in the village limits and the authori-  
ties are determined to put a stop  
to it. The lives of pedestrians are  
often jeopardized by reckless driving  
and the streets made unsafe. Mon-  
day Harve Burgie was in Justice  
Ham's court charged with violating  
the speed law after repeated warn-  
ings, and was assessed \$5.00 and  
costs of \$4.20. Hereafter violators  
will be hauled into court without  
further warning.

**Fish Were Too Small.**—A couple  
of disciples of Isaac Walton were in  
Justice Ham's court the first of the  
week charged with taking rock bass  
from St. Joseph river which were  
under the legal limit of six inches.  
They were ignorant of the law and  
were assessed the minimum fine of  
\$1.00 and costs of \$4.20.

#### THE CHURCHES

##### Methodist Church

"An Irrefutable Testimony" is  
the theme for the morning service.  
Sunday School at 11:45. Epworth

Quality and Service. A square deal  
at all times. These are our mottoes.  
The Home Lumber and Coal Co. 15t1

# This Is Gas Range Week.

## Our Special Offer For Your Old Stove Will Interest You.

Is cooking an endless trouble and annoyance for you? Does it mean spending all your time in the kitchen, making fires, tending them constantly, lugging dirty, heavy scuttles of coal and ashes? Why submit any longer to such conditions when Gas will so easily make cooking and heating a pleasure?

### Install Gas for Comfort and Economy

Your house can be connected with our Gas mains at very little cost. To those who have never tried it, cooking with Gas is a revelation. A hot fire instantly, without waste of time or effort, regulated just as you want! And the economy is equally surprising. Come to our office today and ask for a demonstration.

We will gladly call and figure cost of your installation.

### Our Special Offering During National Gas Range Week May 8th to 13th.

As a Special inducement to start you out Right this year, we will give FREE with each Modern Cabinet Gas Range a 10 quart Wearever Aluminum Preserving Kettle with an Aluminum cover. This valuable and very useful gift will be delivered with your Gas Range.

Our usual easy terms of \$5.00 down and a small monthly payment will prevail during this sale.

Niles Gas Light Co.

T. W. Long, Supt.

Olive Branch.  
Mrs. Will Newill was on the sick list last week.  
Chas. Kane purchased a new automobile last week.  
John Clark and wife entertained Mr. and Mrs. Howard Ridley of Niles Sunday.  
August Kuhl and wife spent Sunday after church with their son Harry Kuhl and wife.  
Mr. and Mrs. E. Howard and little son Everett visited a day recently in the I. Philippi home at Mt. Tabor.  
Mrs. John Bowker and son John spent the latter part of last week in the Bert Rumsey home near Buchanan.  
Word comes that "Uncle Levi" Wiseman is quite sick at the home of his grandson, Albert Dickey and wife of Gallien.  
Mr. Frank Dickey and mother, Mrs. Anderson, and Kenneth Dickey and wife, took dinner Sunday in the John Dickey home.  
Mr. and Mrs. Ollie Keifer entertained the latter's sister and brother and Paul Wright and Vivian Ingles and family Sunday.  
Mr. and Mrs. Bert Rumsey and children, Irving and Lillian, and H. D. Ingles and wife, were guests of the Nyes' of Wildmere farm Sunday.  
Word comes that Mrs. Tillie Bryant of Elkhardt has been very sick at the home of her son, Robert Page and wife, where she is being cared for.  
Kenneth Renbarger and wife and Carl Renbarger and children motored to Three Oaks Sunday and spent the afternoon in the Ellis Renbarger home.  
The doctor was called for Mrs. Fred Goldfuss last week. This is the third time that this lady came near losing her life from the effects of a wasp sting.  
"Mothers' Day" will be observed next Sunday at Olive Branch in a fitting manner at the close of Sabbath School, which is at ten o'clock. Everybody is invited to attend in the honor of mother.  
Frank Hollister and family of South Bend and Albert Hollister and wife made calls at the Geo. Bryant Wm. Swank and Alvah Omstad homes Sunday afternoon.  
Mr. and Mrs. Aaron Wegner and son Walter and two daughters of New Carlisle, Mr. and Mrs. Wm. Grow of South Bend and Mr. Wm. McLaren spent Sunday with Mrs. Elizabeth Yaw and family of Sunny Hillside farm.  
Last Thursday Miss Mary Barnhart of New Troy, who taught our school last year, closed the term by giving a picnic dinner and a very good program by the children. Miss Barnhart has proven herself to be a very efficient teacher and has been hired for the ensuing year.  
Chas. Conrad and family of near Edwardsburg took dinner Sunday in the Anthony Warnke home. Then in the afternoon the party, accompanied by Mrs. Currie McLaren and children, motored to the sanitarium near South Bend and visited their brother Eddie Warnke, whom they found looking and feeling better.  
Continued on Page 7.

## Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:  
"PROCESS PATENTED JULY 30TH, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

## PRINCE ALBERT

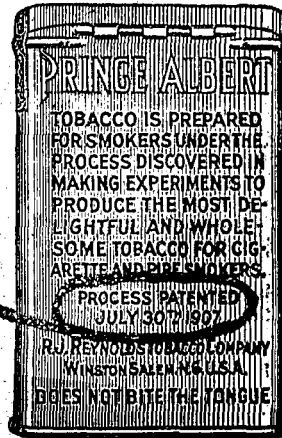

the national joy smoke

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

This is the reverse side of the Prince Albert tidy red tin. Read this "Patented Process" message-to-you and realize what it means in making Prince Albert so much to your liking.

Notice.—I will not be responsible for any bills unless contracted for by myself. Leo Barnes 1711p

try, beginning about Sept. at which time he will solicit his work for the following summer. 1711p

Card of Thanks.—The relatives and friends of Herbert Coveney are deeply appreciative of the kindness shown at the burial and especial thanks are given to the ladies who gave valuable assistance in the preparations.

The Relatives  
Lisle Coveney

Several Possible Meanings.  
The Thinker—"I've got a letter from my son out West." His friend—"What is Tom doing now?" The Thinker—"That's what I can't make out. He says he is engaged in the destruction of weeds. Now, that may mean he's smoking a good many cigars or that he is trying to induce some widow to make a second venture or it may mean that he is doing farm work."

Good Furniture Polish.  
Mix equal parts of boiled linseed oil, turpentine and vinegar in a bottle. Shake well each time before using. Apply with a woolen cloth, then polish with a dry cloth. This makes all marks and scratches disappear and furniture look like new. It is very inexpensive and is better than the best furniture polish on the market.

Did He Understand?  
"When I don't want a man's attentions and he asks me where I live, I say in the suburbs." "Ha! Ha! Excellent, but where do you really live, Miss Brown?" "In the suburbs, Mr. Short."

To Keep Stoppers From Sticking.  
A very little glycerin smeared around the glass stoppers of bottles will keep them from sticking.

First Insertion Apr. 27.  
STATE OF MICHIGAN, the Probate Court for the County of Berrien

In the matter of the estate of Emory Ferry deceased.

It is further ordered, that Public notice thereof be given by publication of a copy hereof for three successive weeks previous to said day of hearing in the Berrien County Record, a newspaper printed and circulated in said County.

A true copy Rolland E. Barr  
Claude A. Baker Judge of Probate,  
Register of Probate.

Last Insertion, May 25.

## WHEREIN IS REAL ECONOMY

Going in Person to Buy for Household Bound to Save Money on the Weekly Bills.

Economy does not merely imply living more cheaply and thereby of necessity cutting down either the quality or quantity of food, or both. True economy lies in obtaining as good, or nearly as good, value for the lesser expenditure.

How many wives whose husbands are earning, say, between \$1,000 and \$1,500 a year, still think it beneath their dignity to do more than the most dainty of shopping? The habit of ordering at the door is an ingrained one, and to some minds smacks of superiority; but an examination of the extent to which higher prices have necessarily to be paid in this way would surprise a good many.

This only applies to the difference between the actual cash price paid at the shop and the price charged by the same tradesman who collects orders and delivers and very often has to allow a bill to be run up, to say nothing of the odd ounces frequently charged on the bill, which, had the purchaser been present at the weighing, would have been found to be nonexistent.

This, however, is not the only saving which can be made as between personal shopping and giving orders at the door, says the New York Evening Telegram. A keen shopper, with ready cash available, will soon find a substantial difference between various shops supplying the same commodities within quite a small radius if the trouble is taken to ascertain prices. This means trouble, but looked at sensibly it results in the equivalent of earning money, for money saved is money earned in a distinct sense in housekeeping.

Moreover, when purchasing in person one can always insist upon getting the best article at the price, whereas if the goods are delivered after ordering at the door, if they are found to be not quite up to the mark, they are more than likely to be put up with, either through lack of time to send them back or indisposition to bother further.

## BROUGHT SHARPER TO TIME

Procedure of Justice Probably Not Found in Blackstone, But It Was Decidedly Efficient.

It was the early days of boat travel on the Ohio river when even passenger steamers stopped at landings on islands and mainlands for freight. We had made an island landing and a wealthy passenger had left the boat to buy cigars at the island's tiny store. He bought \$5 worth, and presented a \$100 bill in payment, whereupon the storekeeper offered him \$5 in change, asserting that he had received only \$10. The customer returned to the boat and related his tale of woe to the captain, who at once went ashore and informed the storekeeper that unless the change was at once forthcoming he would hitch a cable around the store and drag it into the river.

The storekeeper still refused and the captain started for his boat. A cable was quickly passed around the little building, hitched to the vessel, and full steam ordered. When the shack tottered upon its foundation, the frightened storekeeper appeared, the missing bills fluttering in his hand. —New York Evening Post.

Resourceful.  
A southern lady who met with financial reverses recently moved to the country in order to economize. She engaged a little colored boy in the neighborhood to assist her at odd times about the house. Sam was so much pleased with his employment that he was anxious to become a permanent member of the little household.

"Mis' Alice," he began one day, "don't you all ever git skeered in dis big house, jus' by youself?" "Why, yes, Sam," the lady admitted, "it is lonely at times. I have thought of having someone about when my husband has to be away."

"Well," ventured Sam again, "I jus' thought you might like to know dat I's a candidate fo' de position ob protector in case you should decide to employ someone."

"Why, Sam," asked the lady, laughing, "what could you do to help me if robbers happened to break in some dark night?" Sam was puzzled for a moment, but presently he had an inspiration.

"Well, Mis' Alice," he said proudly, "dah's one thing dat I could do in case you was vall by unwelcome intruders; I could light de lantern and show you-all which way to run!" —Youth's Companion.

Giving Him No Chance.  
Appropos of some rulings of the interstate commerce commission with regard to the conduct of the New Haven road, Howard Elliott, the head of the line, told a story recently.

"The average board of directors of the average railroad these times is in the same distressful fix as was the old negro who fell ill," said Mr. Elliott. "The attending physician warned the patient he must go to bed early every night and then prescribed a certain diet."

"When the doctor had gone the old man raised his voice in protest:

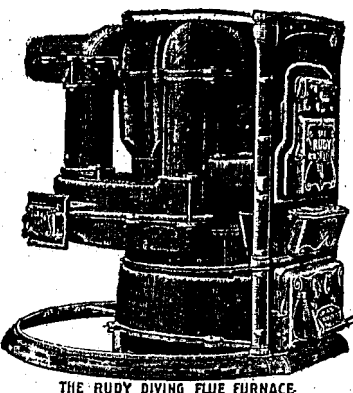

"How does dat white man 'spect me to eat chicken breas' once a day et I ain't got my evenin's free to go out and git de chicken?" —Saturday Evening Post.

Poor's Strenuous Life.  
A letter from Shelley, the poet, to a friend, which was recently sold at auction at \$1,485 in New York, gives a picture of Byron's strenuous life: "Lord Byron gets up at 2 p. m. I get up at twelve. After breakfast we sit talking till six. From six to eight we gallop through the pine forests. We then come home and dine and sit up gossiping till six in the morning. I don't suppose this will kill me in a week or a fortnight, but I shall not be a day longer."

## Bed Room Furniture

This department of our large store is given very careful attention and we are sure that you will find just the piece of furniture you want here.

We make prompt Free Delivery of all Furniture bought of us.

**TROOST BROS., Niles.**

# "That Million Dollar Look!"

**Go and See This Wonderful  
Photo-Play--to appear at The  
Princess Theatre Saturday**

At my own private and personal expense, I have brought to this town one of the greatest picture plays that has ever been produced.

For years I have been waiting and hoping for some book, or play, or sermon that would make clear the powerful lesson that this picture shows. It is a lesson that makes greater success--business success, social success, personal success, to every man who will take it home to himself--and apply it in his daily living.

I brought this picture to the Princess, because I believe that every red-corporseled American man who sees it can reap a profit from it--and become a bigger man through it--and I want to do my share to get it before as many folks right here at home as I can. *It's helped me--I want you to enjoy it's help.*

I am not going to spoil your enjoyment, your "thrill" and your excitement by telling you here what the story is. Wait and enjoy the surprise for yourself.

I am simply going to go on record with the statement that it will grip you from the first exposure to the last scene and make you say a hundred times: "Why wasn't this picture ever thought of before?"

Men have lost untold opportunities; have sacrificed dearest ambitions; have handicapped the hopes of years, purely and solely through a lack of the knowledge that this picture vividly and dramatically imparts.

Men have euchered themselves out of big business gains, have closed the doors to countless success chances, have defeated themselves, not only in business, but in politics, in society--YES, EVEN IN LOVE--because they never studied and mastered the lesson that this picture makes clear to them.

If you want to play the game of success skillfully and victoriously, if you want to be a dominating factor in life's power circles--

**Then don't Fail to see "That Million Dollar Look" at the Princess Theatre next Saturday.**

## The Cup That Cheers Most

is the cup that is the most wholesome--for unpleasant after-effects can mar the keenest pleasure.

With the usual hot table drink, whether it be coffee or tea, there results to many persons an inconvenience in health which calls for a change.

## Instant Postum

is rapidly filling this table want, and in a way satisfactory to taste, comfort and enjoyment.

The rich, mellow flavour of Instant Postum closely resembles that of mild Java coffee, and its absolute purity makes it a prime favorite of both parents and children.

Instant Postum is quickly prepared at table, a cup at a time. Simply place a level teaspoonful of the soluble powder in the cup, pour on hot water, then stir and add cream and sugar to taste. No waste.

## "There's a Reason" for POSTUM

At Grocers everywhere.

**Not True Character.**  
Make no mistake. The man who seeks to cultivate certain qualities of character primarily for the sake of the concrete success he believes will result from their exercise, is foredoomed to failure; such a character, from its very inception, is a sham, and character and resultant effects of service, and success, will some day under the stress of adverse circumstance, crumble into dust together.

**Nothing Weak About That.**  
"Curiosity and acquisitiveness abnormally large," said the phrenologist, examining the woolly head of Sam Snow, colored. Sambo rolled his eyeballs and showed two rows of white ivory. "Intuitiveness, causality and conscientiousness small; which, with your weak mouth, indicate--" "Don't you be so chu 'bout me habin' a weak mouf. I-kin crack nuts in ma teef."

**Seek Perfection.**  
The greatest ambition that any man can have is that of bringing himself as close to the standard of perfection as is possible--perfection of body, mind and soul. This was intended to be the one great work of every life; and, if properly taken hold of, and used, the best means for accomplishing this purpose are thrown in one's way.

**Plain.**  
A western man has had his reason restored by advertising. The inference is plain--those who don't advertise stay crazy.

**Havana an Old City.**  
Havana, or San Cristobal de la Habana, as it was originally named, was the last of seven cities founded in Cuba by the island's conqueror, the Adelantado Diego Velasquez, the date being July 25, 1516. Since that was 23 years after the well-known Columbus date, there can't be many new-world cities older than Havana, assuming that most of the other six in Cuba have since disappeared.

**Will Shine in Opera.**  
"I understand that a two-headed calf was born in this neighborhood a few weeks ago?" "You betcha!" triumphantly replied the landlord of the Pe-tunia tavern. "And the feller that owns it expects to make a fortune in the op'ry business showing it around at the falls next fall in a tent."--Kansas City Star.

**Avoid Calumniation.**  
"In the first place, be sure of your facts and avoid everything like hysteria, or exaggeration. For to assail a decent man for something of which he is innocent is to give aid and comfort to every scoundrel, while indulgence in hysterical exaggeration serves to weaken, not strengthen, the statement of truth."--Theodore Roosevelt.

**To Keep Nickel Clean.**  
To keep nickel clean and polished wash with pure white soap and warm water, wipe dry, then polish briskly with newspaper. This will make it very bright and keep it from tarnishing.

## It's A Pretty Good Plan To Shingle

Before the roof begins to leak;  
It's a pretty good plan to batten  
Before the wind begins to shriek;

## It's A Pretty Good Plan To Build Some Sheds

To keep things under cover--  
The plows, cultivators, binders  
And one thing and another.

And you'll find it a pretty good plan
