FIFTIETH YEAR BUCHANAN, MICHIGAN, THURSDAY, JULY 5, 1917. \$1.50 A YEAR IN ADVANCE NUMBER 25

DRAFT BOARD COMPLETE THE PRELIMINARY WORK

MET, ORGANIZED AND STARTED
WORK WITHIN 12 HOURS AF-
TER INSTRUCTIONS WERE
RECEIVED.

The Federal draft board, composed
of Wm. Watson, Three Oaks, chairman;
Dr. Henderson, Niles and Herbert
Roe, Buchanan, clerk, received in-
structions Wednesday afternoon to
meet, organize and begin work.

The board met the same night at
Niles, completed its organization and
selected Buchanan as permanent
headquarters. Members of the board
went to St. Joseph Thursday, took
the oath of office, took possession of
the registration cards and commenced
work the same day.

Through the courtesy of the Clark
Equipment company, the Buchanan
chapter American Red cross, the
Keweenaw Mfg. Co., National Standard
Co., Acme Belting Co., and National
Printing company of Niles, stenog-
raphers and women assistants were
furnished and the labor of giving
each registration card a serial num-
ber was started.

This board has jurisdiction over the
following precincts: Bainbridge, Gal-
lion, Lake 1st and 2nd precincts,
Oronoko, Pipestone, Chickering, Niles
tp., Niles City, Berrien tp., Warsaw
Bertrand, Three Oaks and New Buf-
falo. In this district there are 2,221
men registered under the draft law
and it was necessary to make four
copies of the complete list, these lists
showing the full name of the man,
and his full address, and it was fur-
ther necessary to re-check the entire
list to guard against errors and omis-
sions and for the chairman of the
board to certify on the back of each
card that that card had passed
through the hands of the board and
the name added to the list.

An immense amount of work has
been necessary to prepare these lists
for the selective draft. Following
the registration the cards were sent
to the county clerks where duplicate
cards were made. The original and
duplicate cards were then turned over
to the draft boards, numbered, each
card endorsed with the certificate of
the board and four copies of the en-
tire list were made.

With the completion of the work
the duplicate cards with a copy of the
list are to be sent to the adjutant
general at Lansing and a copy of
the list to the provost marshal at
Washington. The original registra-
tion cards are retained by the local
boards for future use and a copy of
the list, bearing the numbers of the
men, is to be posted in the place se-
lected by the board where future
meetings will be held.

The board above named having
jurisdiction over the south half of
Berrien county, will hold their meet-
ings in the rooms recently vacated by
Mrs. Budde in the Princes Theatre
building in the village of Buchanan,
where claims for exemption will be
heard and decided. A copy of this
list is now ready for inspection at this
place. It now becomes the duty of
every registered man in the district
to examine the list and learn his regis-
tration number. No further notice
will be given. The headquarters
will be open from eight a. m. until
five p. m. each day including Sunday,
until further notice.

After each draft is made the board
will meet to consider claims for ex-
emption, to examine witnesses and
pass upon the merits of the claims.
If a registered man's name is mis-
spelled on the lists or incorrect ad-
dress is given it now becomes his law-
ful duty to notify the board that
correction may be made.

The flat exemptions for the draft
are provided by law and set forth
in the President's proclamation are:
Men in the United States Military
and naval service.
Officers of the United States, of
the several states, Alaska and the
Island possessions, and of the Dis-
trict of Columbia.
Regularly ordained ministers of
religion.
Students of divinity preparing for
the ministry on May 18, 1917.
Subjects of Germany, residing in
the United States.
All alien residents who have not
taken out first papers for American
citizenship.
Local exemption boards have au-
thority on investigation to exempt:
Employees in the federal customs
service.
State, county and municipal offi-
cials.
Men employed in the government
mail service.
United States navy, yard, arsenal
and army employes and workmen.
Special United States employes to
be designated by the President.
Pilots for steamers and steamships
at American ports.
Mariners actually employed in sea
service on ships owned by an Ameri-
can citizen.
Any married man whose wife or
child is dependent solely upon his
labor for support.
Any son of a widow dependent
solely on his labor for support.
Father of motherless child or
children under 16 years of age, de-
pendent solely on his labor for sup-
port.
Brother of a child, or children un-

der 16 years of age who has or have
neither father or mother and is or
are solely dependent upon his labor
for support.
Any person who is a member of a
recognized religious sect organized or
existing May 18, 1917, whose creed
forbids its members to participate in
war.
All persons morally deficient.
"The regulations," declares the
President, "have been drawn with a
view to the needs and circumstances
of the whole country, and provide a
system which it is expected, will work
with the least inequality and personal
hardship."
"Any system of collecting men for
military service, whether voluntary
or involuntary in its operation, neces-
sarily selects some men to bear the
burden of danger and sacrifice for
the whole nation. The system as
provided, places all men of military
age upon an even plane, and then,
by a selection which neither favors
the one nor penalizes the other, calls
out the requisite number for service."
"The successful operation of this
law and of these regulations depends
necessarily upon the loyalty, patriot-
ism and justice of the members of
the boards to whom its operation is
committed, and I admonish every
member of every local board and of
every district board of review that
their duty to their country requires
an impartial and fearless perform-
ance of duties intrusted to them."
"They should remember as to each
individual case presented to them,
that they are called upon to adjudicate
the most sacred rights of the in-
dividual and to preserve untarnished
the honor of the nation."
"Our armies at the front will be
strengthened and sustained if they
be composed of men free from any
sense of injustice in their mode of se-
lection, and they will be inspired to
greater efforts in behalf of a country
for which the citizens called upon
to perform high public functions per-
form them with equal justice, fearles-
ness and impartiality."
The exemption process will not
take a great deal of time. It is dif-
ficult to calculate the time the local
boards will need in passing on the
cases that come before them. The
regulations provide, however, that de-
cision in any individual case shall
not be delayed more than three days
by the local boards.
The whole process probably can be
carried through in less than thirty
days.

WAR BOARD ASKS
HOUSEWIVES TO STOP
FEEDING TRAMPS

Stop feeding tramps.
This is the advice given to house-
wives and others by a member of the
War Preparedness Board. He be-
lieves that if it were observed to the
fullest degree by those who habitually
give handouts, that there would be
two gains in state efficiency for
war. Able-bodied loafers would be
forced to work for a living and thus
would help to solve the labor prob-
lem; and the food will be conserved.
"At this time, when everybody is
trying, or should be trying to help
the country's cause in the war," he
said, "it is unfair that anyone should
exist in selfish idleness."
"Make the idling loafer, if he is
fed at all, give a rigorous return in
labor for the food passed out to him.
In practically every case where a
man professes to be unable to find
work, refer him to the chief of po-
lice, the sheriff or other public offi-
cial. There are plenty of jobs for
every idle man."
"There are plenty strong, husky,
men, wandering through the country
begging. Some of them claim they
cannot get employment. If they are
sincere in desiring it, they can be ac-
commodated; if they are not sincere
an embargo on all such charity will
result in driving them out of the
state or into some useful employ-
ment."
"The establishment of some sort
of public labor at every county and
city jail would also help to discourage
the nomad who will not work."

JOHN HANLEY STANDS
HIGHEST IN 8TH GRADE EX.

John Handy of Sodus Twp., Mt.
Pleasant school, having passed the
highest average, both in the County
eighth grade examination and the
State Fair agricultural examination,
will be given a five days free trip
to Detroit by the Michigan State
Fair Association; this Association
pays the expenses of one boy in each
County in Michigan, to and from
Detroit and while at the Fair Sept.
3, 4, 5, 6, 7, giving them the best
time possible in order to stimulate
their interest in agriculture.

Fifteen boys in Berrien County
competed for the prize, John Handy
being the winner and receiving con-
gratulations from the other boys.

The agricultural papers were
graded by County Agent Lurkins,
Fred Custer of Benton Harbor and
Prin. L. A. Bishop of Millburg.

PAY YOUR VILLAGE TAXES.
The tax roll for the village of
Buchanan is now in my hands for
collection. Taxes may be paid any
day during the month of July at the
Buchanan State Bank.
Chas. W. Landis, Treasurer.

CLARK EQUIPMENT PLANT
BEGINS ANOTHER ADDITION

DEMAND FOR BESCO STEEL
WHEELS MAKES NECESSARY
ENLARGEMENT OF FOUNDRY;
120 FEET TO BE ADDED.

The rapidly growing demand for
Besco steel truck wheels has made it
necessary for the Clark Equipment
company to add more manufacturing
room to this department of their
business.
Contractor Wilson-Leiter started
work on the new addition Tuesday
morning with a large force of men
and will push the work with all pos-
sible speed. The new addition is be-
ing built at the rear of the present
foundry building and will be 36x120
feet in size, brick and steel construc-
tion.
A steel tank 25x28 feet in size
will be erected adjacent to this build-
ing and oil will be pumped electrical-
ly from the cars into this tank,
thence will flow in pipes through the
foundry to the places where it will
be used.
The officers of the company expect
to arrange with the Pere Marquette
railroad company to run a switch
from their road over the company
grounds and into the buildings where
supplies can be unloaded by the elec-
tric crane which will travel the entire
length of the foundry.
The building, in which Besco steel
wheels will be machined and finished,
work on which was started this spring,
is now ready for the machinery which
will be placed as fast as it arrives.
Work on the auditorium, which
adjoins this building on the south,
has lagged for several weeks because
of the necessity for completing the
new work room at the earliest pos-
sible moment.
Contractor Leiter now has this
work underway again and expects to
have this building completed and
ready for use not later than Septem-
ber 1st. The floor will be inclined
toward the stage and will have a seat-
ing capacity of 600.
Besco wheels leaped into fame soon
after the opening of the world war.
England first discovered the wonder-
ful virtues of steel wheels on the bat-
tle fields and began equipping her
trucks with the Buchanan made prod-
uct. Her allies followed suit and now
they explicitly specify that steel
wheels are to be used on all motor
trucks purchased and used by them.
Our own government was quick to
appreciate the importance of steel
wheel equipment and trucks going
into the war game with Uncle Sam's

forces will roll along toward victory
on Besco steel wheels.
Instances have been known where
these steel wheels have been made
into vertible sieves by rifle bullets
yet they do their work just as well
and bear their loads as safely as be-
fore the Bouches used them for tar-
gets. The demand for Besco wheels
is taking the capacity of the huge
plant and this demand seems only in
its infancy.

FIVE INJURED IN
AUTO COLLISION

TWO CARS MEET HEAD ON NEAR
NEW CARLISLE ON LINCOLN
WAY WEST; BOTH CARS
WRECKED.

Five persons were more or less se-
riously injured in an automobile
smash-up, which occurred on Lincoln
way W., about a mile and a half east
of New Carlisle shortly before noon
Sunday. The names of only two of
the five could be ascertained. The
injured were: Mrs. Muster of Chicago,
face and head badly cut; Mr. Muster,
knee fractured and body bruised; a
woman, name not known, knee crushed
and scalp wounds; another woman,
name not known, badly shaken up; a
man, name not known, cuts about the
face and head.
The two autos, one containing Mr.
Muster and his wife, the other, the
two women and man, were coming in
opposite directions on the road. In
the car with three, one of the women
was driving, and in an effort to pass
another car which was in front of her
it is said, she ran directly into Mus-
ter's car, which was coming from the
west.
Passing autos stopped, and aided
the injured in getting up onto the
road. Drs. J. B. Waynick and Van-
Ryper of New Carlisle were called.
One woman who was taken to the
Laporte hospital, is reported to be in
a serious condition. Mr. and Mrs.
Muster were immediately taken back
to Chicago on the Lake Shore. They
had started on an eastern tour Sun-
day morning.
Shortly after the accident Mr. and
Mrs. John Morris and Mr. and Mrs.
Thos. Atherton passed the scene. They
say that both machines were badly
damaged and were hauled into a near-
by farm-yard.

DIED IN HIS STORE AT CLOSE OF DAY

WELL KNOWN BUSINESS MAN,
BERNARD DOHNEY, SUCCUMBS
TO HEART TROUBLE AT SIX-
THIRTY P. M. SATURDAY.

Standing behind a counter in his
store at six-thirty Saturday night
Bernard Dohney was sudden stricken
with heart failure and fell across the
counter dead. Mrs. Dohney was
waiting on a customer and seeing her
husband fall rushed to the door near
where Dr. Curtis happened to be
standing. Death had come to Mr.
Dohney instantly.
The body was taken to his home
and Monday brief services were read
by Mr. Wood of St. Joseph and the
remains were taken to Chicago, ac-
companied by a number of Chicago
friends who were guests at the Dohney
home.
Services were held Monday after-
noon at the Rose Hill cemetery chap-
el, Rev. Walters of the Chicago Epis-
copal church officiating. The pall
bearers were six nephews. The serv-
ices were very largely attended and
the great masses of flowers bore silent
testimony to the love his host of
friends bore for him.
Mr. Dohney was 58 years and
eight months of age. He was born in
Chicago and was engaged in business
pursuits there for several years.
Because of the condition of his
health he and Mrs. Dohney left Chi-
cago and went to Niles about four
years ago where they were engaged in
business three years. A year and
a half ago they came to Buchanan
and opened Dohney's Variety Store,
a venture which has proved very suc-
cessful.
Mr. Dohney was a kindly man and
quickly won the friendship and re-
spect of all with whom he came in
contact. He never spoke disparagingly
of others but rather made it his re-
ligion to speak good of all and to
deal squarely.
His sudden demise brought deep
sorrow to a host of friends.

GEORGE ADAMS EXPECTS
CALL TO OFFICERS' CAMP

The way they passed out blue
tickets indicating failure to qualify,
at the officers' training camp at Ft.
Sheridan last week has revived Geo.
Adams' hopes. When this military
plan was put in operation Geo. was
quick to offer his services but the limit
was so quickly filled that he was
placed on the waiting list with many
others. With hundreds eliminated by
competitive work it is probable that
hundreds on the waiting list may be
called in.

SOCIAL BRINGS AMPLE
FUNDS TO PROVIDE CHURCH
WITH CITY WATER

The Presbyterian porch party held
at the home of Mr. and Mrs. E. B.
Ross last Friday night was well at-
tended and the treasury of the
church was enriched a little over
\$25.00 as the result thereof.
Ice cream, cake and sherbert were
served and at the house recently vac-
ated by G. L. Davidson dancing was
enjoyed to the music of an Edison ma-
chine. The money raised by the social
together with the funds already in
the treasurer's hands will be used
to defray the expense of piping city
water into the basement of the
church. Since the old well gave out
it has been necessary to carry water
to the church basement. Now that
ample funds are available the needed
improvement will be made.

FRACTURED ARM NOT
MENDING; GEO. H. RICHARDS
GOES TO CHICAGO SPECIALIST

Geo. H. Richards went to Chicago
Wednesday to consult a specialist in
fractures in regard to his arm which
he recently broke. For a time it
seemed that the broken arm was
mending properly but for the past
several days he has suffered from
the injury and a careful examination
disclosed that the fracture was not
uniting. A resetting of the fracture
will be necessary.

DAY WAS QUIET IN
BUCHANAN THE FOURTH

In accordance with the wishes of
Gov. Sleeper not a dozen towns in
Michigan held a pretentious celebra-
tion of the Fourth.
Buchanan folks, appreciating the
time as one for sober thought rather
than effervescent joy, spent the day
quietly. Dinner parties and picnic
parties were the order of the day
and in the afternoon many automo-
bile parties were formed and drives
made to Benton Harbor, South Bend
and other places of attraction.

WONDERFUL PLACE SAYS JOE
RICHARD, FOR THE ONE WHO
LOVES THE HUM OF THE
REEL AND HARD WORK.

Wonderful stories of the trout
stream adjacent to Jesse Viele's re-
sort at Witbeck, in the upper penin-
sula, are brought back by Joe Richards
and Dr. Curtis, who with their fam-
ilies and Mr. and Mrs. Viele, returned
last week from that fisherman's para-
dise.
Mr. Richards assures the Record
that no matter what wonderful pos-
sibilities for the fisherman are said
of this section they can be credited as
facts.
Trout abound in wonderful num-
bers in these northern streams, big
gamey fellows who respond quickly
to the dry fly, the worm or most any
kind of a lure offered them and,
unlike their relatives of the more
southern waters are not man-shy and
seem even anxious to respond to the
fisherman's efforts.
The party had a long-to-be-remem-
bered trip, enjoying speckled trout
three times a day and fishing, fishing,
fishing, until their creels could hold
no more and the arm was weary with
effort and the reel lagging in its
bearings.
Mr. Richards says that every day
he saw many deer, from the stately
bucks to the does and their little
spotted fawns. The deer were quite
tame and apparently gave no concern
to the presence of man.

FEDERAL BOARD
EXTENDS THEIR THANKS

To the Clark Equipment Company,
Kawneer Mfg. Company, National
Standard Co., Acme Belting company,
Nat'l Printing & Eng. Co., Buchanan
Red Cross Ass'n:
The Local Exemption Board for
the 2nd District of Berrien County
wish to give public expression of
their appreciation of your kindness
and generosity in donating the ser-
vices of your stenographers and private
secretaries in the strenuous work
which this Board has just completed.
We wish to thank the young ladies
themselves for their most accurate
and efficient work.
Dr. Robert Henderson, Physician,
William H. Watson, Chairman,
Herbert Roe, Clerk.

TOY CANNON EXPLODED TUES. INJURING TWO MEN

DIDN'T-K-N-O-W-I-T-WAS-LOADED
CANNON FILLED HICK'S FACE
WITH POWDER AND WOOLEY'S
SHOULDER WITH PEBBLES.

The business end of a toy cannon
brought disaster to two Buchanan
men about 7:45 Tuesday morning at
the plant of the Clark Equipment Co.
Clarence Hicks made the cannon
some time ago and which, when tried
out, showed a faulty construction. He
loaded it with a charge of powder and
small pebbles. When fired a part of
the charge came out from the priming
hole and he laid the thing away
until Tuesday, when he decided to
take it to the Clark plant, where he
is employed, and reconstruct it. He
placed it in the tampering oven and
when the thing became heated the
old charge of powder exploded.

Hicks was standing close by and
particles of burned powder were
blown into his face and eyes. Jay
Wooley was working at a machine
close by and in line with the muzzle
of the cannon. The charge of pebbles
struck him in the shoulder. Dr.
Strayer was quickly called and sent
Hicks to Niles to Dr. Bonine and he
took Wooley to South Bend for an
X-Ray examination. Wooley's shoulder
was badly torn and three large
pebbles were taken from the wound.
He remained at the hospital for treat-
ment until the day following. It is
not thought that Hick's injuries will
prove serious but both men will be
incapacitated for work for some time.

WOMEN PLANNING TO
PUT ON BASE BALL GAME
FOR RED CROSS BENEFIT

Here's a piece of good news for
Buchanan's base ball fans.
Some time early in the month, after
the effects of a strenuous Fourth have
worn off, Buchanan is to have a real
base ball game, one of the good, old-
fashioned, hit and run sort. And the
women are to be whole thing from
impire to batter and base runner. It
is to be a contest between the women
of the north side against the women
of the south side, an entrance fee of
25 cents and possibly more, depend-
ing on costumes worn, the entire re-
ceipts to go to the Buchanan chapter,
American Red Cross.
The game will be played on Burk-
hard field and advance tickets will be
sold to assure the financial success of
the venture.

COUNCIL PROCEEDINGS.

The regular meeting of the village
council was held at the council cham-
ber Tuesday, July 3, 1917.
Meeting called to order by Presi-
dent Leiter at 8:00 p. m.
Trustees present, Babcock, Bremer,
Treat, Rehm, Kelling and Miller; ab-
sent, none.
Minutes of previous meetings read
and approved.
Report of financial committee—
General ----- \$1008.50
Highway ----- 226.25
Cemetery ----- 18.00
Moved by Trustee Kelling, supported
by Trustee Rehm, that the report
of the finance committee be accepted
and orders drawn for same. On roll
call, Trustees Babcock, Bremer,
Treat, Rehm, Kelling and Miller all
voted yes. Motion carried.
Report of the committee on the
sewerage disposal reported. Moved
by Trustee Treat, supported by
Trustee Bremer that the president
and fire wardens look over the fire
limits and report to the council. On
roll call all trustees voted yes. Mo-
tion carried.
Moved by Trustee Babcock, sup-
ported by Trustee Bremer to adjourn.
Motion carried.
Phil B. Boone, Village Clerk.

DRAFTED ARMIES DRAWN WITH LEAST
INEQUALITY AND PERSONAL HARDSHIP

Washington—The drafted armies
of the United States will be drawn
with "the least inequality and person-
al hardship." President Wilson in is-
suing regulations for the working of
the draft urged upon every member
of every draft board "impartial and
fearless performance of the delicate
and different duties entrusted," in
order that "our armies at the front
may be composed of men free from
sense of injustice in their mode of
selection."
President Wilson's statement fol-
lows:
"The regulations which I am today
causing to be promulgated, pursuant
to the direction of the selective ser-
vice law, cover the remaining steps of
the plan for calling into the service
of the United States qualified men
from those who have registered; those
selected as the result of the process
to constitute, with the regular army,
the national guard, and the navy, the
fighting forces of the nation, all of
which forces are under the terms of
the law placed in a position of equal
right, dignity and responsibility with
the members of all other military
forces.
"The regulations have been drawn
with a view of the needs and circum-
stances of the whole country and pro-
vide a system which it is expected
will work with the least inequality
and personal hardship. Any system,
whether voluntary or involuntary, in

its operation, necessarily selects some
men to bear the burden of danger and
sacrifice for the whole nation. The
system here provided places all men
of military age upon an even plane
and then, by a selection which neither
favors the one nor penalizes the other,
calls out the requisite number for
service."
"The successful operation of this
law and of these regulations de-
pends necessarily upon the loyalty,
patriotism and justice of the members
of the boards to whom its operation
is committed, and I admonish every
member of every local board and
of every district board of review
and their duty to their country re-
quires an impartial and fearless per-
formance of the delicate and diffi-
cult duties entrusted to them. They
should remember as to each individ-
ual case presented to them that they
are called upon to adjudicate the
most sacred rights of the individual
and to preserve untarnished the hon-
or of the nation."
"Our armies at the front will be
strengthened and sustained if they
be composed of men free from any
signs of injustice in their mode of
selection, and they will be inspired to
greater efforts in behalf of a country
in which the citizens called upon to
perform high public functions per-
form them with justice, fearlessness
and impartiality."

NEGRO LYNCHED NEAR
HOME OF C. M. REYNOLDS,
FORMERLY OF BUCHANAN

A copy of the Wewoka, Okla., Dem-
ocrat, has reached the Record office
from C. M. Reynolds, formerly of
Buchanan, who is piling up wealth,
health and happiness down in that
wonderful country.
The Democrat gives a graphic ac-
count of the lynching of Henry
Conley, a negro, who had assaulted a
white woman. Hundreds of men
scoured the everglades for a week
before the negro was found, and then
only with the help of a liftermer,
who was sent out from the state pris-
on with a pack of blood hounds. The
negro was taken to the home of his
victim, positively identified, and was
hanged from the limb of a tree grow-
ing near the home of the woman. The
sheriff, his officers and hundreds of
citizens were present at the lynch-
ing.

FARMERS MUTUAL STILL GAINING

SECRETARY SWARTZ'S JUNE
STATEMENT SHOWS STEADY
GROWTH OF THIS POPULAR
ORGANIZATION.

The regular meeting of the direct-
ors of the Berrien County Farmers'
Mutual Insurance Co. will be held
Saturday at which Secretary Oscar
Swartz will submit the following re-
port:
Risks.
Am't of policies written
during the month ----- \$375,738.00
Am't of policy increases
written during month ----- 31,955.00
Total increase ----- \$407,693.00
Am't of policies expired
during month ----- \$212,917.00
Am't of policies surren-
dered and cancelled ----- 72,750.00
Am't of policy decreases
written during the
month ----- 13,400.00
Total decrease ----- \$ 299,067.00
Net Increase ----- 108,626.00
Am't at risk June 1st,
1917 ----- \$15,163,132.00
Am't at risk July 1st,
1917 ----- \$15,271,755.00
Membership.
Number of members added
during month ----- 186
Number of members whose po-
licies expired or were can-
celled ----- 147
Net increase ----- 39
Number of members June 1st
1917 ----- 7,525
Number of members July 1st,
1917 ----- 7,564
Gain since January 1st 1917:
Risks.
Am't at risk Jan. 1st,
1917 ----- \$14,840,044.00
Am't at risk July 1st,
1917 ----- 15,271,755.00
Net increase for six
months ----- \$422,711.00
Membership.
Number of members January
1st, 1917 ----- 7,382
Number of members July 1st,
1917 ----- 7,564
Net increase for six months 182

TROUT PARADISE
AT VIELE'S RESORT

WONDERFUL PLACE SAYS JOE
RICHARD, FOR THE ONE WHO
LOVES THE HUM OF THE
REEL AND HARD WORK.

Wonderful stories of the trout
stream adjacent to Jesse Viele's re-
sort at Witbeck, in the upper penin-
sula, are brought back by Joe Richards
and Dr. Curtis, who with their fam-
ilies and Mr. and Mrs. Viele, returned
last week from that fisherman's para-
dise.
Mr. Richards assures the Record
that no matter what wonderful pos-
sibilities for the fisherman are said
of this section they can be credited as
facts.
Trout abound in wonderful num-
bers in these northern streams, big
gamey fellows who respond quickly
to the dry fly, the worm or most any
kind of a lure offered them and,
unlike their relatives of the more
southern waters are not man-shy and
seem even anxious to respond to the
fisherman's efforts.
The party had a long-to-be-remem-
bered trip, enjoying speckled trout
three times a day and fishing, fishing,
fishing, until their creels could hold
no more and the arm was weary with
effort and the reel lagging in its
bearings.
Mr. Richards says that every day
he saw many deer, from the stately
bucks to the does and their little
spotted fawns. The deer were quite
tame and apparently gave no concern
to the presence of man.

FEDERAL BOARD
EXTENDS THEIR THANKS

To the Clark Equipment Company,
Kawneer Mfg. Company, National
Standard Co., Acme Belting company,
Nat'l Printing & Eng. Co., Buchanan
Red Cross Ass'n:
The Local Exemption Board for
the 2nd District of Berrien County
wish to give public expression of
their appreciation of your kindness
and generosity in donating the ser-
vices of your stenographers and private
secretaries in the strenuous work
which this Board has just completed.
We wish to thank the young ladies
themselves for their most accurate
and efficient work.
Dr. Robert Henderson, Physician,
William H. Watson, Chairman,
Herbert Roe, Clerk.

DRAFTED ARMIES DRAWN WITH LEAST
INEQUALITY AND PERSONAL HARDSHIP

Washington—The drafted armies
of the United States will be drawn
with "the least inequality and person-
al hardship." President Wilson in is-
suing regulations for the working of
the draft urged upon every member
of every draft board "impartial and
fearless performance of the delicate
and different duties entrusted," in
order that "our armies at the front
may be composed of men free from
sense of injustice in their mode of
selection."
President Wilson's statement fol-
lows:
"The regulations which I am today
causing to be promulgated, pursuant
to the direction of the selective ser-
vice law, cover the remaining steps of
the plan for calling into the service
of the United States qualified men
from those who have registered; those
selected as the result of the process
to constitute, with the regular army,
the national guard, and the navy, the
fighting forces of the nation, all of
which forces are under the terms of
the law placed in a position of equal
right, dignity and responsibility with
the members of all other military
forces.
"The regulations have been drawn
with a view of the needs and circum-
stances of the whole country and pro-
vide a system which it is expected
will work with the least inequality
and personal hardship. Any system,
whether voluntary or involuntary, in

its operation, necessarily selects some
men to bear the burden of danger and
sacrifice for the whole nation. The
system here provided places all men
of military age upon an even plane
and then, by a selection which neither
favors the one nor penalizes the other,
calls out the requisite number for
service."
"The successful operation of this
law and of these regulations de-
pends necessarily upon the loyalty,
patriotism and justice of the members
of the boards to whom its operation
is committed, and I admonish every
member of every local board and
of every district board of review
and their duty to their country re-
quires an impartial and fearless per-
formance of the delicate and diffi-
cult duties entrusted to them. They
should remember as to each individ-
ual case presented to them that they
are called upon to adjudicate the
most sacred rights of the individual
and to preserve untarnished the hon-
or of the nation."
"Our armies at the front will be
strengthened and sustained if they
be composed of men free from any
signs of injustice in their mode of
selection, and they will be inspired to
greater efforts in behalf of a country
in which the citizens called upon to
perform high public functions per-
form them with justice, fearlessness
and impartiality."

NEGRO LYNCHED NEAR
HOME OF C. M. REYNOLDS,
FORMERLY OF BUCHANAN

A copy of the Wewoka, Okla., Dem-
ocrat, has reached the Record office
from C. M. Reynolds, formerly of
Buchanan, who is piling up wealth,
health and happiness down in that
wonderful country.
The Democrat gives a graphic ac-
count of the lynching of Henry
Conley, a negro, who had assaulted a
white woman. Hundreds of men
scoured the everglades for a week
before the negro was found, and then
only with the help of a liftermer,
who was sent out from the state pris-
on with a pack of blood hounds. The
negro was taken to the home of his
victim, positively identified, and was
hanged from the limb of a tree grow-
ing near the home of the woman. The
sheriff, his officers and hundreds of
citizens were present at the lynch-
ing.

TOY CANNON EXPLODED
TUES. INJURING TWO MEN

DIDN'T-K-N-O-W-I-T-WAS-LOADED
CANNON FILLED HICK'S FACE
WITH POWDER AND WOOLEY'S
SHOULDER WITH PEBBLES.

The business end of a toy cannon
brought disaster to two Buchanan
men about 7:45 Tuesday morning at
the plant of the Clark Equipment Co.
Clarence Hicks made the cannon
some time ago and which, when tried
out, showed a faulty construction. He
loaded it with a charge of powder and
small pebbles. When fired a part of
the charge came out from the priming
hole and he laid the thing away
until Tuesday, when he decided to
take it to the Clark plant, where he
is employed, and reconstruct it. He
placed it in the tampering oven and
when the thing became heated the
old charge of powder exploded.

Hicks was standing close by and
particles of burned powder were
blown into his face and eyes. Jay
Wooley was working at a

High-sounding phrases about patriotic devotion and unstinted praise for the generous spirit shown by the bituminous coal operators for their agreement with the government to reduce the price of fuel from \$1 to \$5 a ton at the mine ring a trifle hollow in view of all the circumstances. The bald truth about the soft coal gentlemen is that they took the easiest way out of a situation that was fast growing most uncomfortable for them. They were shown plainly how very easy it would be for the government to take over and operate their mines should they persist in going along on their campaign of war profiteering at the expense of the small consumer and the government itself. The operators knew that they had gone too far in gouging unjust prices from the people. They heard very distinctly the ominous warnings from a nation that was fast approaching the limit and they eagerly grasped the excuse of an agreement as an easy and graceful exit from a position that promised more than embarrassment. The anthracite operators are expected to follow their bituminous brethren. Perhaps it is just as well that they do. The last thing they desire is governmental operation of mines.

The problem of fuel has not been more than half solved with the scaling down of prices to a reasonable level at the mine. There remain the questions of transportation and local distribution and in both there is room for abuses that will offset much that has been gained in fair wholesale prices. The railroads and middlemen may draw certain definite conclusions from the government's handling of the operators and thus forstall any unpleasantness, or they may proceed as usual, in which case the consequences will be on their own heads. One thing may be set down as practically certain and that is that the government does not intend that the people shall pay exorbitant prices for fuel next winter and that all interests that stand in the way of lower prices will be dealt with according to their needs. What methods are to be used to clear the way for cheaper coal all the way to the consumer's bin must be developed in due course of time.

That cheaper fuel is on the way is cause for congratulation, at least, and the manner in which it was brought about shows how useless was the suffering the past winter. The people have been educated most thoroughly in the matter of supply and demand as they relate to fuel and the practice of pulling wool over their eyes no longer will be tolerated.

WHO GOT THE BIG END?
This spring a southern farmer raised some potatoes and sold them to a local shipper. Being of a curious term of mind, he cut one of the potatoes in half, hollowed it out, and enclosed it in a note asking the ultimate consumer to write him and how much the cost to her was. The ultimate consumer was a woman, who found the note and wrote to the grower, telling him that the potatoes cost her four dollars a bushel. He wrote her, telling her that he received 69 cents a bushel for them. Thirty-one cents would be considerable freight to pay on a bushel of potatoes. Who got the other three dollars? This is a question that underlies the prevailing unrest, and must be answered satisfactorily if we would have justice to all and no food riots in this country.

Drink and immortality are the worst foes of soldiers. The army will get its quota from Berrien and it is the duty of the government to see that the men are brought back as clean as they went. The Y. M. C. A. and other agencies will help on this score, but the government itself should ever pave the way. Conditions at some of the barracks throughout the country have been reported bad and there is no excuse for it except carelessness by officials and greed by the questionable interests that thrive upon the meagre pay of men of the sword. The men from Berrien are expected to do their best for their country, and have a right to expect the best done for them.

Cities that are to be the sites for cantonments—as the camps for the national army are called—will enjoy great prosperity while the camps last. Most of the towns, however, are anxious to get as much money out of the situation as possible. Thus human nature operates in the midst of a national crisis. It is a credit for a town to harbor 30,000 soldiers, and the idea should be to make the boys like it rather than to get as much out of them and the government as possible.

It having been decided to except beer under war time prohibition the kaiser must realize how hopeless it would be to attempt to conquer America as fast as great munition centers like Milwaukee and St. Louis continue in active operation.

We believe we could always start the day with a laugh, the way the optimists advise us, if every morning we could see a young robin fall back on his tail in astonishment when a particularly long and rubbery worm lets go suddenly.

The young man who calls next door every other evening fell out of the porch swing last night, but the Red Cross first aid was so efficient that he was able to get away only an hour late.

A fool always finds a greater fool to admire him.

THE JESTER'S COLUMN

The Exposure.
At night I soak
My pillow in tears.
In daylight hours
I fight and fight
To hide my bitter sorrow.
And no one knows.
It's a short story,
Henry has enlisted—
No, no, don't misunderstand—
'Tis not from fear
I shed the tears
For rather would I
That he died
Than be a slacker.
I was bursting with joy
When he answered
The call.
I pictured him in khaki—
Tall, straight, square shouldered.
Thick of chest—
A soldier in his bearing.
But I had not thought
About those awful
Puttees.
And how they would
Show him up.
Heavens
How bowlegged he is!

The Poor Young Things.
Mrs. Don A. Parashall, formerly Miss Madeline Cowles, was matron of honor last evening when her sister, Miss Martha Cowles, was married to Mr. Clarence E. Davis of Ebsenberg, Pa. The wedding took place in St. Paul's Episcopal church, East Cleveland.
Mr. and Mrs. Davis will be at home in Dorcas' Invalids' Home 1380 Addison road.—Cleveland Plain Dealer.

An Interesting Experiment.
"What would you do he asked the pretty miss. "What would you do if I should steal a kiss?"
"I don't exactly know," replied the miss. "It is worth knowing though, why don't you try?"

Wives Wish to Know Where They Were the Other Four Nights.

The men had been floating on some wreckage for five days and a night.—New York Times.

We'd Love to Hear 'Em in a Duet Too.

The evening was spent in playing games and one enjoyable part was the singing of The Pearly Gate Quartet, which is composed of three dummies, whose voices, heard in the melodies which are dear to every southern heart, are a delight to the musical.—Newport, Va. Times.

Get Something for the Doughnuts, Too.

Lunches Put Up for Travelers and Sandwiches.

—Sign in Seneca street, Buffalo.

Tramping on Mother.
Mrs. Julia Skinner of East Jefferson street was much surprised yesterday to have her daughter, Mrs. Charles F. Wheeler, of Wilmington, Del., come walking in on her.—Bloomington, Ill., Pantagraph

More Household Hints.
Pour boiling water over gooseberries to remove their feathers easily.
Never throw away the tureen simply because the lid has been broken. It can be used as an ash tray.
A celluloid collar will not turn yellow if given an occasional coat of shellac.

All Depends.
Am I going on a vacation?
I dunno.
If some rural kind relation should extend an invitation guess I'll go.

Aren't They Ruffling for the Soldiers, Too.
The women, especially, have begun to regard the war in its true and serious form, and have turned from the frivolous activities of society to the more serious business of coeheting and tating for the comfort of the soldiers.—From sermon by an Oklahoma pastor.

A Queer Fish.
The married man is a queer fish. You can dispute it if you wish. We'd better let it go at that. Hot water is his habitat.

More Household Hints.
After laundering a window shade do not wring the water out with your hands, as doing that will wrinkle the shade.
Never throw away an old parsnip as it can be used as a potato masher. A Connecticut genius has invented a sink strainer that can also be used as a lamp shade.
A cake of ice will last longer if placed on its side.

A Nice, Juicy Firm Indeed.
BERRY & PLUM,
55 East Madison Street.
—Card of a Chicago house.

Goes "Etain Shrlu."
Norman Follett rendered the Mergenthaler wedding march during the ceremony.—Liberty, Mo., Tribune.

Credit Where Credit Belongs.
Mr. and Mrs. B. V. Kimball are indebted to Dr. Parker for the receipt of a very fine daughter on Tuesday.—Rockaway, O., Times.

A young woman has entered the service of the navy as a finger print expert. We just knew the girls were not holding hands all this time for nothing.

Mexico is Uncle Sam's back yard; and unfortunately there's nothing but thorns in it and Carranza.

Every time an editor looks at his paper bill he wonders why he didn't go into the gasoline business.

The man who doesn't believe in his home town is pretty much like the man who doesn't believe in his country.

WHAT SOCIETY IS DOING.

Mr. and Mrs. J. A. White entertained at a dinner party Friday night and at luncheon Sunday night.

Mrs. Herbert Roe entertained at a children's dancing party Tuesday evening in honor of Helen Richards of Detroit.

A number of the friends and neighbors of Mr. and Mrs. Chas. East were entertained at their home yesterday at a picnic dinner.

Chas. W. Voorhees and Mrs. Margaret Kelsey, both of Buchanan, were married Sunday, July 1st, by Judge Sabin at his residence.

Mr. and Mrs. G. E. Smith entertained a number of friends at a dinner Sunday, the guests of honor being Mr. and Mrs. Oplinger.

The Friendship class of the Evangelical Sunday school met at the home of Mrs. Otto Reinke Tuesday evening for their regular business meeting.

The L. D. C. girls were entertained by Mrs. Wilson Hamilton last Saturday night at a slumber party and on Sunday a number of extra guests were present at the picnic dinner.

Mr. and Mrs. E. W. Ashbrook entertained Mr. and Mrs. Earl Haslett, Mr. and Mrs. Ed. Riffler, Mr. and Mrs. Alf. Mead and Miss Katie Deering at a picnic dinner at their home the Fourth.

Mrs. J. F. Winke was hostess at a children's party Monday afternoon when she entertained a company of children in honor of her little niece, Geraldine Wilkinson of Lakeside, and a cousin, Bernice Blankenheim, of Iowa. After the children had enjoyed a number of games refreshments were served.

Last Wednesday afternoon the marriage of Miss Gladys Fischleicht to Merton Clay Aleshine was solemnized in St. Paul's Universalist church, Chicago, in the presence of immediate relatives. The groom's father was superintendent of the Buchanan schools for several years and the family is well known here.

Jas. Semple and bride returned last week from Sebring, Ky., and have gone to housekeeping in the Mead flat on Detroit street. James' desk at the Clark Equipment Co. plant was made ready for the arrival of Mr. Newlywed by the office force. It was well decorated with a nondescript collection of old shoes and choice other things, appropriate and appreciative.

Sunday evening Mrs. E. Parkinson, Mrs. H. Roberts, Mrs. A. Crandall, Mary Peck, Mrs. G. Johnson, Mrs. N. Lister took refreshments and called at the home of Mrs. Wm. Morley, where they helped Mrs. Morley to celebrate her birthday. A jolly good time was had and tokens of remembrance were left to cheer her. After wishing her many more happy birthdays the guests departed for their homes.

The Y. P. S. C. E. of the Presbyterian church elected new officers and committees for the ensuing six months as follows:
President—Verna Johnson.
Vice President—William Tichenor.
Secretary—Harold Mullen.

Corresponding Secretary—Daisy Richards.
Pianist—Myra Andlauer.
Ass't. Pianist—Doris Peck.
Lookout Committee—Marjorie Sparks, Leta Boyer, Arthur Wray.
Prayer Meeting—Mrs. N. D. Braby, Thelma Childs, Arthur Voorhees.
Social—Philip Paden, Esther Fredrickson and Miss Andlauer.

NEWS OF THE CHURCHES

Christian Science.
Sunday service at the church corner of Dewey Avenue and Oak Street, 10:45 a. m. Subject, "God." Sunday school at 12 m. Wednesday evening testimony meeting at 7:45.

Presbyterian Church.
Thursday, mid-week service at 7:30 p. m.
Friday, ten-cent tea at home of Mrs. Frank Whitman from 3 to 6 p. m.
Sunday, Divine worship and communion service at 10:30 a. m.
Bible school at 11:45 a. m.
Leader, Miss Marjorie Sparks.
Evening Service at 7:30.
Reports from West Minister Guild to Winona Lake Conference, Miss Myra Andlauer and Mrs. Kelsey Bainnt.

Methodist Church.
"True Manhood: It's Worth" is the theme for the morning service.
Sunday school at 11:45.
Epworth league meeting at 6:30 led by A. H. Drymon.
"Christ, the Light of the World" is the subject for the 7:30 service.
Prayer meeting Thursday evening will be in the interest of the Sunday school.

A cordial welcome awaits you. The Sunday school of the Methodist church took an offering Sunday in the interest of the Red Cross work. The Methodist Sunday schools are planning to raise \$100,000 for this work.
The King's Herald will meet at two o'clock Saturday at the parsonage.

A recently patented combined typewriter table and chair fold together to form a cover for the machine and to economize floor space.
The man with the big pants will be along pretty soon now and we must ask him whether he thinks the yellow or the purple varieties taste the most like spinach when properly canned.

Keep Those Pests Out
Don't have your whole Summerspoil by being forced to continually keep after the flies and mosquitos. Have your porch screened in and enjoy the solid comfort it alone can give you during the warm Summer evenings. The Inlmer we use is thoroughly dried and not warp. The screen is of thick quality and will not rust, while our panels fit closely all over. Estimates gladly furnished.

CLEVENGER & MARBLE

**It Takes More than a Sign
Over the Door to Make a Bank**

It takes experience, brains, and above all the proper organization for the protection of depositors.

This bank is under State control. Its books are regularly examined by the proper officials. Every transaction must meet the approval of their rigid requirements.

And in addition to that, our Directors are the most conservative and experienced men—men who have made a study of the banking business and financial conditions, and put the welfare of the depositors above that of themselves.

Your money is absolutely safe in this bank. It is here until you need it—and it's yours when you want it. And remember it draws 3 per cent interest.

You can start an account with
\$1.00

BUCHANAN STATE BANK
HERBERT ROE, Cashier

**BUCHANAN TAKES
MEASURE OF THREE OAKS**

The base ball game played here Wednesday afternoon between the Buchanan and Three Oaks team was won by the locals. The score was 15 and 5. The game was hotly contested from the start. Buchanan's stick work was effective and the field work pressed too fast for her opponents.

Chas. Hess is seriously ill.

Have you tried "Genuine" the flour with a Guarantee. Ask your Grocer, Pears-East Grain Company.

F. W. Dickinson, who was taken sick while attending the ball game yesterday afternoon, remains about the same.

The W. M. S. of the Evangelical church will meet with Mrs. Helen Fowler next Tuesday afternoon at 2:30 o'clock.

Richard Pears passed a very successful examination for the officers' aviation reserve crops, at Chicago, last Saturday.

Mrs. Nettie Evans is critically ill at the home of Wm. Conrad on Front street. Her niece, Mrs. Rose of Jackson, is assisting in caring for her.

New potatoes from their own garden were served for dinner at the Wm. Rough home the last day of June. The potatoes were as large as a hen egg which, considering the cold spring, is considered an excellent showing.

During the severe storm Sunday morning a bolt of lightning struck the flag-pole on the cupola of "Castle Rest," the beautiful of W. W. Dresden at Niles. The cupola was practically demolished and the loss will amount to \$500 at least.

The Berrien County Association of the L. O. T. M. lodges will meet in St. Joseph Tuesday, July 10. A potluck dinner will be served in the auditorium of the Catholic school. A good program has been arranged. Nella M. Slater.

The Red Cross Society announces that materials have arrived and will be given out at the work-room in the Dewey avenue school house, Saturday, from two until five o'clock. The room will be opened each Wednesday and Saturday afternoon hereafter for work.

The sermon preached by Rev. Reibel Sunday in the Evangelical church on patriotism and conservation was a strong message, dealing with present time conditions and showed clearly just why conservation should be the watch word of the hour. It was a strong sermon and was well received by the large congregation.

The Tichenor family reunion was held at the home of Mr. and Mrs. Chas. Tichenor in the Bend of the River, Sunday. The out-of-town members of the family present were John Tichenor and family of Dowagiac, Fred T. Roe and family of Evansville, Ind., and Miss Mildred Roe of Charlotte, North Carolina. Covers were laid for twenty.

Two hundred and fifty men and women were thrown out of work Friday when the Sturgis Steel Go-Cart company's factory at Sturgis was totally destroyed by fire early this morning. The loss is placed at \$500,000 and because it is virtually impossible to get materials, the factory will not be rebuilt. The fire was discovered by the night watchman at two o'clock, but difficulty to get the telephone operator delayed the arrival of the edpartment.

Have you tried "Genuine" the flour with a Guarantee. Ask your Grocer, Pears-East Grain Company.

Origin of Phosphorus. Phosphorus, one of the most important elements required by plants, is obtained from phosphate rock which is mined at many places in the United States and foreign countries, says the New York Sun. Florida supplies most of the product to the United States and its output exceeds that of any foreign country. The normal annual output of Florida in recent years has been valued at between \$9,000,000 and \$10,000,000.

Colors Not Carried Into Action. The practice of the British army of leaving the colors behind, on taking the field, dates from the battle of Isandhlwana, in 1879, when two officers lost their lives in endeavoring to save the colors of the Twenty-fourth regiment.

PURELY PERSONAL.

Junior Wagner was home from St. Joseph over Sunday.

**Foolish
Extravagance**

**False
Economy**

Thrift

Thrift means to spend your money when necessary, and to buy wisely, getting full value for every dollar spent.

False economy causes business depression and panic. Don't hoard your money. Keep it circulating—it will provide employment—keep our factories busy—wages will be good and business will be prosperous.

You can help your country best by carefully reading the ads in the Record. Your home merchant has figured closely on his stocks, and is prepared to give you extra values at a small margin of profit for himself. Eliminate waste and extravagance by trading at home, and invest your savings in Liberty Bonds, thereby helping Uncle Sam to bring the war to a quick and successful conclusion.

Berrien County Record.

DOWN COUNTRY LANES

PORTAGE PRAIRIE.

All members of the Church of Christ are urged to be present at church Sunday morning. So plan to be present.

There will be services Sunday evening, beginning at 7:30. Prayer meeting followed by C. E.

Harold Blackmun, who is stationed at Fort Benjamin Harrison, Indianapolis, was home Sunday and he gave a very good talk at Sunday school.

Mr. Parmer and family of Buchanan spent Sunday at the home of Alva Sellers.

Mrs. Beulah Boyle Kelley is spending a few weeks at the home of her parents.

Bay Rum Island's Main Export.
The cultivation of the bay tree and the extraction of the oil from its leaves provides for the island of St. John, Danish West Indies, its most important industry; and the distillation of this oil and its subsequent manufacture into bay rum furnishes for the sister island of St. Thomas its only article of local manufacture and the most important of all the exports.

Banks Well Protected.
The bullion department of the Bank of England is nightly submerged in several feet of water by the action of machinery. In some of the London banks the bullion departments are connected with the manager's sleeping rooms, and an entrance cannot be effected without setting off an alarm near this person's head.

Victim of Man's Cupidity.
The relentless warfare on the white whale was checked short of actual extermination by the discovery of the bowhead in 1612. Two hundred years of increasing pursuit drove this whale into the remotest fastnesses of the Arctic ocean, and so reduced its numbers that, now, when whaling has practically ended, its recovery of lost ground is exceedingly doubtful.

Best Lightning Conductors.
Experiments have shown that the best conductors of lightning, placed in the order of conductivity, are: Metal, gas coke, graphite, solutions of salts, acids and water. The best nonconductors, ending with the most perfect insulation, are India rubber, gutta percha, dry air and gases, wool, ebonite, silk, glass, wax, sulphur, resin and paraffin.—Rochester Herald.

The Laziest Shepherd.
A century and more ago a pamphlet entitled "The Shepherds of Salisbury Plain" set forth their notorious laziness and said a gentleman offered a prize of a guinea to the laziest of a slumberous group. Some started up to claim the prize, which was won by the shepherd who merely murmured an invitation to shove it into his pocket.—London Globe.

"On the High."
Vivian is three years old. Her father has an automobile and, of course, she has frequent rides. The other night when ready for bed she began jumping up in bed, but always fell back on the floor. After three attempts an unusually determined effort landed her in the middle of the bed. Turning around she triumphantly remarked: "Did you see me make it on high?"

IMPORTANT THAT WOMEN PROVIDE NOW FOR WINTER

That each woman should undertake to provide for the food needs of her own family against the coming winter, is the cardinal principle laid down by the Committee on Food Production and Marketing of the Michigan Women's Committee, Council of National Defense. This is to be done by specializing in foods that can be stored in the natural state (potatoes, turnips, beets, carrots, onions, celery, beans, etc.) or that can be easily canned (asparagus, spinach, peas, tomatoes, rhubarb, etc.) or that can be readily dried, such as corn, apples, peaches and other staple fruits.

Women are advised to do this because the Government is contracting the total output of many canning factories, and if women do not depend upon their own efforts they may have to go without their accustomed supplies. Also, if women thus voluntarily take themselves off the market, they are helping to increase the food supply for our soldiers and the Allies and thus helping to "win the war."

The committee asks the co-operation of all city women in being ready to buy fruits and vegetables of the farmers in quantity in their season, to can, dry, preserve and store; thus saving waste and cost of temporary storage to both producer and consumer. Thus, it is believed, will save nearly a 25 per cent waste of products.

The Chairman of the committee is Mrs. Dora H. Stockman of Lansing, State Lecturer for the Grange. The membership includes many women prominent in agricultural and gardening undertakings in various parts of the state. Mrs. Caroline Bartlett Crane of Kalamazoo is Chairman of the general State Committee of Women, Council of National Defense.

ALL HANDS.
Sister Susie's shucking spuds for soldiers.

Betty's baking Boston bread and beans.

Foyl's planting parsnips and persimmons.

Maggie's making mittens for marines.

Nellie's knitting nighties for the navy.

Brother Bob is busy with his bit.

Bill is buying bonds to boost the battle.

Father's finding finances that fit.

Helen's hoeing hominy for heroes.

Ed has edged into the engineers.

Mike will make his mark in the militia.

Steve sits in a submarine and steers.

Folks are going into it in earnest.

A fact the Kaiser very soon will see;

So wireless him across the broad Atlantic.

He's got to fight the whole dam families.

EXPENSIVE EDUCATION.
The parent of a school pupil is angry and has written the following note to the teacher:

"Sir—Will you please give my sun easier some to do at nites in the futur. This is what he brought hoam to or the nites back: 'If fore gallons of bere will fill thirty to pint bottles, how many pint bottles will nine gallons of bere fill?' I had to go to town to buy a nine-gallon keg of bere which I could ill afford to do, so we could figger it out for him. He went and borrowed a lot of wine and brandy bottles and then counted them, and there was 19, and my sun put that number down for the answer. I don't know whether it is rite or not for we spill some while doin' it."

"P. S.—Please let the next some be in water as I am not able to buy any more bere."

Revolt of Small Masculinity.
Larry's mamma had been trying to impress it on his mind that little boys should always be polite to little girls and let them be first in games and play. But this did not seem to appeal to Larry that day, and he remarked in an injured tone: "I wish there was a special kind of boy that didn't need to give up to girls."

His Remedy.
"The Commercial club has just adopted a slogan for our progressive little city," pessimistically said the landlord of the Petunia Tavern, whose business had not of late been all what he had desired, "feeling, I judge, that loud and continued shouting of it ought to keep the town awake."—Judge.

Shattered Father's Excuse.
Little Marie, aged four, had been very much impressed by her mother's discussion of a charge account at one of the local department stores. At breakfast one morning she said to her father: "Papa, I want you to get me a little brother." "Why, dear," her father answered, "a little brother is very expensive, and papa can't afford to get you one." "But, papa," she answered, "you can get it charged."

Has Proof.
"I don't see any sense in this old joke about women shopping all day and not spending a cent," scoffed the bachelor. "Of course, you don't," said the married man sadly. "There isn't any sense in it, because it's a lie. I've been married ten years and I've got receipted bills to prove what I say."

To Clean Hair Brushes.
To clean hair brushes take a cupful of cornmeal and fill the brush, rubbing gently with the hand. As it absorbs the grease and dirt shake it out and use fresh meal till the brush is cleaned thoroughly. This is better than ammonia, as there is no water to injure or loosen the back of the brush.

Fine for Cold Feet.
A novel French heater for rooms consists of a carpet in which are woven wires to take current from a light socket and distribute the electric heat evenly.

Want Adv. Column

For Rent—Flat, J. C. Rough. 25tf

For Rent—Four rooms upstairs, water. 101 Terre Coupe Ave. 25-1
