

## MONTH'S VACATION FOR YOUNG MEN

GOVERNMENT WILL PAY ALL  
EXPENSES AND FURNISH THE  
CLOTHING FOR THOSE WHO  
GO TO CAMP GRANT

Buchanan and vicinity will be well  
represented at Camp Grant, Ill., if  
one may judge from the interest and  
enthusiasm shown by the young men  
here.

Quite a number have already made  
application or have signified inten-  
tions to do so, and many have made  
inquiry about requirements, etc.

The camp is open to all able bodied  
men between the ages of 16 and 35  
years who are of sound character,  
intelligence and physical condition.  
No educational qualifications are pre-  
scribed, but each candidate must file  
a certificate of good character, signed  
by the district chairman together  
with medical testimony from a quali-  
fied physician as to hearing, eye-  
sight, heart action and a general phys-  
ical condition adequately fitted for  
the course of training.

All Expenses Paid.  
The government will pay all expen-  
ses of those attending this camp,  
including transportation, uniforms,  
food and medical care. Each candi-  
date will pay his own transportation  
to the camp and be reimbursed upon  
arrival at the rate of five cents a  
mile, or government transportation  
will be furnished if application is  
made in advance.

No Service Obligation.  
Enrollment at this camp implies no  
later service obligation, although it  
is hoped that men who attend will  
be inclined thereafter to enroll with  
the National Guard or the Reserve.

The "Plattsburg Idea."  
The training at Camp Grant will  
be carried on in the spirit which in-  
fused Plattsburg and the other pre-  
war camps. The ideal of virile Amer-  
ican manhood will be strongly em-  
phasized in this and all similar camps.  
Devotion to country, good comradeship,  
"team-work" and a feeling of  
democracy, coupled with a high re-  
spect for good discipline and morale  
will be throughout controlling aims.

Military Training.  
Uniform training and instruction  
will include the initiation of all who  
attend into the elementary duties of  
the soldier and the ordinary routine  
of camp life. There will be squad,  
platoon and company drills; rifle  
marks practice; guard duty; camping  
and marching; individual cooking;  
care of equipment and actual prob-  
lems in minor tactics.

Physical Training.  
The supreme aim of Camp Grant  
will be the physical well being and  
development of all who attend. Out-  
door games and sports will be un-  
der the direction of experts and every  
man will be taught not only to take  
part but also to direct. Careful in-  
dividual attention will be given to the  
correction of all minor bodily defects  
with advice as to future corrective  
treatment and exercise.

Recreation.  
Full provision will be made at Camp  
Grant for the wholesome and interest-  
ing employment of all leisure time.  
There will be lectures, moving pic-  
ture programs, amateur and profes-  
sional musical and dramatic enter-  
tainments with full use of Post Ex-  
change facilities, mail service and a  
club room.

Equipment.  
Each candidate will take to camp  
one piece of hand luggage containing:  
shaving and toilet articles; four suits  
of underwear; two pair of pajamas;  
six pairs of socks; six handkerchiefs;  
four face towels and two bath towels.  
It will be well also to bring athletic  
uniforms and equipment, musical in-  
struments and bathing suits, in so  
far as each has these articles. Military  
clothing and equipment will be fur-  
nished and laundry service provided  
free.

Location.  
Camp Grant is one of the favored  
spots in the military establishment of  
the United States, located in the  
midst of beautiful natural scenery, on  
the banks of the picturesque Rock  
River, in a country full of interesting  
associations from the days of early  
Indian Warfare and in the near  
vicinity of one of the most delightful  
cities of the Mississippi valley.

Camp Grant is a permanent divi-  
sional post of the United States Ar-  
my of which nearly 10,000 men are  
stationed representing every branch  
of the service. The vicinity of these  
regular troops will give young men  
of the training camp an unequalled  
opportunity to become acquainted with  
the greatly varied activities of the  
regular army.

Morale.  
Camp Grant is a place to which the  
young men can go with the confident  
and justified expectations of finding  
the best ideals of the true American  
community. Chaplains and Host-  
esses of the Regular Army will be  
especially detailed for the training  
camps. Voluntary religious exercises  
will be held on appropriate occasions  
for men of all faiths. There will  
be ample opportunity for the recep-  
tion of home visitors. In every

possible way there will be cultivated  
a high sense of patriotic devotion and  
fidelity to the basic virtues of the  
American citizens.

The camp will be open July 21 and  
will close Aug. 20, giving the boys a  
solid month of vacation, instruction  
and training.

G. S. Easton has been appointed  
district chairman and Lieut. N. V.  
Kritzer vice chairman, in charge of  
receiving applications and attending to  
other local details. It is neces-  
sary that application be made at the  
earliest possible moment. The num-  
ber to be taken is necessarily limited  
hence it becomes a case of first  
come, first served.

If further information is desired  
you may consult with the men named  
above and the information desired  
will be gladly given.

## STATE POLICE HAVE BIG JOB TO HANDLE

REDUCTION OF FEDERAL PRO-  
HIBITION FORCE PUTS BUR-  
DEN OF LAW ENFORCEMENT  
ON STATE POLICE.

Lansing.—With federal prohibition  
enforcement agents in the state off  
the job because of the lack of gov-  
ernment funds to carry out the work,  
a state wide demand upon the new de-  
partment of public safety is being  
made for protection and the enforce-  
ment of state and federal prohibi-  
tion laws.

Col. Roy C. Vandercook, commis-  
sioner of public safety, under whose  
direction all police forces of the state  
are co-ordinated, will issue a request  
this week to all sheriffs and police de-  
partments asking their fullest co-  
operation with the state forces in hold-  
ing down the illegal traffic in liquor.

While Col. Vandercook's new de-  
partment will not be fully organized  
until after June, he already is press-  
ing into service a portion of enlisted  
personnel of the Michigan state po-  
lice. The strength of this organiza-  
tion has been reduced nearly one-  
half during the last two weeks, but  
those remaining will be absorbed in  
the new safety department, and tem-  
porarily at least, then will take up  
the liquor enforcement work where  
the government left off.

It is the belief of Col. Vandercook  
that where local police organizations  
are available the communities them-  
selves should enforce the liquor law  
with what co-operation the state can  
give them at this time. While the  
new department will be hampered for  
a week or two thru the lack of or-  
ganization, Commissioner Vander-  
cook has served notice on rum runners  
that they are not to be permitted to  
ply their trade without opposition.

### LOCAL SCOUT MAKES GOOD.

Scout Roy Wynn assisted Chief  
Kean as traffic scout Wednesday  
night and because of the splendid  
manner in which he handled his work,  
he has been invited to serve in this  
capacity during the remainder of the  
season. Buchanan Scouts always  
make good.

\* \* \* \* \*  
\* WHAT DO FARMERS  
\* WANT OF CONGRESS?  
\* HERE'RE SOME HINTS  
\* \* \* \* \*

Chicago.—The American farm bu-  
reau federation is issuing a list of  
questions to the farmers of the na-  
tion, seeking definite answers as to  
what the dirt farmers want done by  
their representatives in congress.  
Pres. J. R. Howard of the American  
farm bureau federation has submit-  
ted the following list of questions to  
1,800 States. The questions are as  
follows:

"What is a bonded warehouse?  
Would it be a good thing for pro-  
ducers to pool bonded warehouse re-  
ceipts and issue debentures against  
them for sale in the money markets of  
the world in order to finance their  
crop?"

"How does livestock financing dif-  
fer from the financing of warehouse-  
able farm products? What method  
of financing do you think would best  
serve livestock producers?"

"Is six months rediscountable paper  
adequate to finance the farmers' op-  
erations which are based on a 12-  
month turn over?"

"What methods are used by the  
federal reserve banks in rediscount-  
ing paper? Should priority be given  
to loans for basic production of all  
kinds?"

"Is the limit of \$10,000 on federal  
land bank mortgage loans sufficient to  
enable a young man starting in life  
to buy an ordinary 160-acre corn belt  
farm?"

"How many tax-free securities are  
outstanding in this country? Who  
owns them? Are they property?  
Would it be a good thing to prohibit  
the issuance of all tax-free securi-  
ties?"

"What is the excess profits tax?  
What toll does it take of a corpora-  
tion's excess profits? What is the  
basis of the campaign against the ex-  
cess profits tax? Do you favor its re-  
peal?"

## Spring Activities

## BAND CONCERTS WEDNESDAY NIGHTS

PROGRAM STARTS AT EIGHT  
ON STANDARD; NEW TRAFFIC  
REGULATIONS FOR PROTEC-  
TION OF THE CHILDREN.

At a late hour Tuesday night it  
was decided to start the band concerts  
the following night and this was done,  
this being the first of the season's  
concerts, one of which will be given  
each Wednesday night at eight o'clock  
standard time, weather permitting.

The stand this year will be erected  
on Main street at its intersection with  
Front street and Main street at this  
point will be closed to traffic until  
after the close of the concert.

With this street open to traffic this  
point becomes a highly dangerous  
point to pedestrians and children  
especially, who love to romp and play  
while the band is playing. The  
council wants to remove all possibility  
of accidents this summer on concert  
nights, hence the decision to close  
the street.

Motorists should carefully observe  
the traffic and parking regulations  
and park only in marked places on the  
streets. It is not considered the  
proper thing any more to drive your  
car up and down the street while the  
band is playing. It disturbs others  
and makes it difficult to hear the  
music.

Make Buchanan your headquarters  
Wednesday nights. You'll enjoy the  
music and the live merchants always  
have real bargains for you.

### PEDDLED MOONSHINE AND GOT CAUGHT AT IT

James Burtiss of Chicago and Laurence  
Phillips of Van Buren county were  
taken into custody Monday for  
peddling Chicago moonshine to resi-  
dents of Coloma and Watervliet.

The capture was effected by Depu-  
ties George Hague of Bainbridge and  
Lowell Guy of Coloma, who have been  
searching for the liquor agents op-  
erating in their territory for some  
time.

It is alleged that Burtiss divided his  
waking moments between Chicago and  
Berrien county, transporting booze  
via the ancient suitcase route, and  
Phillips, who is on parole from Ionia  
prison where he was confined for the  
theft of automobile tires, acted as the  
local distributor.

The "redeys" was being retailed at  
the current quotation of \$8 the quart.

### TRI-COUNTY FIELD MEET AT ST. JOSEPH

The tri-county inter-scholastic field  
and track meet will be held at Wells  
field, St. Joseph, Saturday, June 4th,  
the champion track teams of Berrien,  
Cass and Van Buren counties com-  
peting.

In the base ball event Dowagiac  
will meet St. Joseph. Dowagiac has  
not been defeated this season. A  
banquet will be the closing event of  
the day. A number from Buchanan  
are planning to attend.

### CIGARET SMOKING KILLS BATTLE CREEK WOMAN, 63

Battle Creek.—Ella Haynes, 63, is  
dead in Battle Creek, the victim, says  
the coroner of excessive smoking of  
cigarettes. Miss Haynes was found  
dead seated in a chair. Her home  
quarantined for small pox, she had  
taken up her abode in a shed in the  
rear that had been fitted up for the  
children to play in. It was here she  
was found dead while the floor about  
her was strewn with cigaret butts.

### WISNER PHARMACY IN ITS NEW HOME

The Wisner Pharmacy Co., has  
moved to its new home in the Rex  
hotel block, formerly occupied by the  
Style Shop.

The new store is a model of neat-  
ness and convenience, the large stock  
being nicely displayed, the store  
scheme being such as to make quick  
service possible.

Buchanan has good reason to be  
proud of this excellent store.

### STATE LEADS IN FARM CO-OPS

MICHIGAN NOW HAS 640 ASSO-  
CIATIONS WITH ONE TO FIVE  
MORE ADDED EACH WEEK  
BY FARM GROUPS.

East Lansing.—Michigan with 650  
farmers' co-operative associations has  
stepped into the lead of such bodies.  
Each week from one to five new or-  
ganizations are being put into opera-  
tion.

Despite the fact that farm products  
are below pre-war level in price, the  
farmers appear not to have slackened  
in their enthusiasm for the opportuni-  
ties and protection of co-operative  
business, it is reported by W. C.  
Cribbs, extension specialist in market-  
ing at the M. A. C.

The government also is marked by  
the great number of locals affiliating  
themselves with central bodies such  
as the state elevator exchange—a step  
regarded by experts as even more im-  
portant than the original association  
of members in local units. Crop con-  
tracts are also urged.

The Michigan Potato Growers' ex-  
change last year did a business of  
nearly \$6,000,000 at a cost of 1 1/2 per  
cent, believed to be the lowest operat-  
ing expense of any institution of this  
nature in the United States.

### FILER EFFECTS BRING LITTLE AT AUCTION

Manistee.—At the auction sale of  
the personal effects of the late E.  
Golden Filer, Manistee financier, ar-  
ticles which cost large sums were dis-  
posed of for almost nothing. A fine  
brougham, originally valued at \$1,500  
was sold for \$50 and another for \$17;  
an electric motor car brought \$160;  
limousine, \$770, and another car  
\$540. No horses were included in  
the sale, neither were the hunchbacked  
zebus, or sacred cattle of India,  
which will be shipped to the John Ball  
Park zoo at Grand Rapids.

### ARRESTED BOYS WHO VIOLATED ORDINANCE

An ordinance prohibits the riding  
of bicycles on the sidewalks and  
despite frequent warnings a number  
of boys have persisted in the prac-  
tice. With patience exhausted Mar-  
shal Kean last week arrested three  
boys who paid fines for their fun.  
There are to be no more warnings,  
the officers being instructed to arrest  
all persons found violating the or-  
dinance.

### INDIANS HOLD MEMORIAL DAY.

Athens.—For the first time Potta-  
watomie Indians observed Memorial  
day in their reservation, six Indian  
boys who fought overseas in the  
World war arranged the program.  
Samson Pigeon, a preacher from  
Bradley, delivered the oration. Two  
graves of Civil war Indians were de-  
corated. "Indian Town" is a curious  
village with old, unpainted houses  
but the World War veterans see that  
old glory flies daily from them.

### CHICAGO DRIVERS PAID FOR FUN

MOTOR COP MAKES SEVENTEEN  
ARRESTS MONDAY AND TUES-  
DAY WHEN TOURISTS HIT  
THE TRAIL TOO FAST.

It seems to be the prevailing idea  
among the tourists from Chicago that  
when they cross the Michigan line  
its up to them to "hit her up".

The way some of these speed artists  
travel makes the chills run up the  
spine of folks who want safety on the  
road. Sunday and Monday the traffic  
officers along the St. Joseph-Chicago  
road were kept busy and ran up a  
total catch of 17, all of whom paid  
fines in St. Joseph courts.

John Kieft made most of the ar-  
rests. Among those on the list were:  
C. J. Gotsch, E. E. Anderson, J. L.  
Phillips, J. G. Humphrey, John La-  
Fern, J. W. Jackson, Carl Kieft, Mrs.  
L. Pressey, B. C. Cadron, A. Paul  
Hollis, Robert Hanson, E. S. Black,  
Sheldon Clark, S. Barb, William J.  
Yost, Carl T. Wolfe, H. J. Schillo and  
Harry Hanneman of Austin, Ill., Clif-  
ton Strasser, George B. Kline and C.  
H. Moore, all of Detroit, W. C. Allen  
of Winnetka, Ill. and J. W. Johnson  
of Oak Park, Ill., all dug up a con-  
tribution to the Berrien county fund.

Fruit dealers who visit the gardens  
and vineyards along the highway too,  
are coming in for a share of attention.  
Such depredations annually cost the  
growers thousands of dollars. Its  
going to be expensive henceforth for  
those who think it fun to steal fruit.

### STOLEN LIBERTY BONDS TURN UP IN U. S. TREASURY

Kalamazoo.—Four \$1,000 Liberty  
bonds belonging to Edward Godde and  
stolen from the Augusta State bank in  
September, 1919, have been located in  
the treasury department at Washing-  
ton. Initial steps have been taken  
to have them returned to the owner.  
The government, however, has only  
an incomplete record of the bonds and  
is unable to inform detectives where  
the robbers disposed of the paper.

### BOY SCOUTS SEARCH FOR LOWELL WOMAN

Lowell.—Mrs. John Roth, a widow,  
disappeared from her home in Lowell,  
while her family was attending Mem-  
orial day exercises. She was sub-  
ject to attacks of insanity and was re-  
turned from the Kalamazoo detention  
hospital about three months ago. The  
sheriff with local Boy Scouts and  
friends of the missing woman are  
searching for her.

### POPULAR MECHANICS OPEN NEW GARAGE

The Front Street Garage is a new  
business venture started in the Red-  
den property just east of the Kelling  
cigar store by Arlin Clark and Thos.  
Noe, two of Buchanan's best known  
mechanics. The garage is now open  
for business and has a splendid fu-  
ture before it.

### CUCUMBER ACREAGE AT DECATUR LARGE

Decatur.—Low prices being paid  
for farm products seems to have  
stimulated the cucumber acreage in  
this vicinity and contracts already  
have been written for 250 acres.  
Pickle companies are offering \$3 per  
hundred pounds for No. 1 pickles.

Earl Tuttle of Kenosha, Wis., is a  
guest at the Steve Arney home.

### 381,672 CAR LICENSES ISSUED IN MICHIGAN

Lansing.—According to the state-  
ments of officials of the department  
of state handling the issuing of au-  
tomobile licenses in Michigan, there will  
be approximately a 10 per cent in-  
crease in the number of licenses is-  
sued in 1921 over 1920. Up to and  
including May 1, 1921, there had been  
issued 381,672 license plates. It is  
estimated that another 15,000 have  
been issued to date. Four hundred  
and fifty thousand plates have been  
ordered in all.

Last year there were slightly more  
than 412,000 licenses issued by the  
department. At least 440,000 are ex-  
pected to be sent out during 1921.

### WEEK END CAMP FOR BOY SCOUTS

THROUGH COURTESY OF E. N.  
COLVIN SCOUTS ARE TO HAVE  
CLEAR LAKE CAMP; MUST  
HAVE FINANCIAL HELP.

Through the courtesy of E. N. Col-  
vin the Boy Scouts of this district  
which includes Buchanan, Niles, Ga-  
lien and Three Oaks, are to have a  
week end camp at Clear lake.

Mr. Colvin has a building there  
which will make an ideal place for  
the boys but it will require some re-  
pairing which must be done without  
expense to him. There will also be  
some other expenses in connection  
with the program which the local Ex-  
ecutive Board and Court of Honor  
members have outlined for the sum-  
mer. The men serving on these com-  
mittees are: G. E. Smith, A. H. Kiehn,  
Herbert Roe, Al. Charles, J. A. White,  
T. D. Childs, J. C. Behm and G. S.  
Easton.

The budget, which will include the  
expense of repairs to the Clear lake  
building, will approximate \$300. The  
committee will try to raise this mone-  
y next Monday by subscription, it  
being the expectation that all per-  
sons interested in the boys, their phys-  
ical and moral well being, will give  
financial support.

The council has offered the free  
use of the hose house on Oak street  
where the manual training program  
will be carried out. Drills and such  
work must be done in larger quarters  
and Rough's hall has been secured for  
this, at a nominal rental.

The local Scout enrollment now  
numbers close to 100, divided into  
three troops under the leadership of  
Scout Masters, Kritzer, Ryan and  
Reible and Assistant Scout Masters,  
Johnson and Fowler.

When the boys are at the week end  
camp one or more of the scout mas-  
ters will be present at all times and  
the boys attending will be under  
strict discipline. Violation of any  
of the rules will bar the member  
from the future use of this camp. The  
boys will be taught swimming and  
other out of door activities, tending  
to develop them physically and make  
them more self reliant.

It is to be a big thing for the boys  
and the men behind the movement  
hope and expect that the citizens will  
contribute liberally to the fund that  
the program as prepared will not have  
to be curtailed from lack of money.

\* \* \* \* \*  
\* IRON SULPHATE SURE  
\* DANDELION KILLER;  
\* DOES NOT HURT LAWN  
\* \* \* \* \*

Geneva.—Although the dandelion  
is generally hailed as one of the  
first harbingers of spring, all of those  
who delight in a clean expanse of  
lawn will be interested to know that  
a rather simple means of eradicating  
the weed has been developed by the  
New York agricultural experiment  
station through the use of a spray  
containing iron sulphate.

Four or five sprays are usually  
required, the first being made in  
May just before the dandelions begin  
to bloom; one or two additional applica-  
tions at intervals of three or four  
weeks apart; and finally, one or two  
sprays in late summer of fall. The  
lawn may become blackened after  
each application, but this need cause  
no alarm if the grass is growing vigor-  
ously. During hot dry weather in  
midsummer it is thought advisable to  
discontinue spraying. It is suggest-  
ed that the spraying be supplemented  
by the application of fertilizers and  
by the seeding of grass in the spring  
and fall. If the proper precautions  
are taken it is necessary to spray only  
about every third year in order to  
keep the lawn practically free from  
dandelions.

The spray is prepared by dissolving  
about 1.5 to 2 pounds of iron sul-  
fate (also known as copperas and  
green vitrol, and available at any  
drug store) in 1 gallon of water, us-  
ing a wooden or earthenware vessel.  
A gallon of the solution will cover  
about 785 square feet of lawn. The  
best results will be secured when the  
solution is driven down among the  
foliage in a fine, mist-like spray, pre-  
ferably with some type of compressed  
air sprayer. However, fairly satisfac-  
tory results may be secured with the  
use of a sprinkling can.

### MUNICIPAL PLANT IS TOO EXPENSIVE

Decatur.—The village council has  
decided to consider a proposition  
from the Michigan Gas and Electric  
company to furnish power for their  
needs and the matter of disposing of  
the municipal plant will be put to the  
voters at a special election to be held  
June 7. Decatur, like neighboring  
towns, has found it expensive to op-  
erate a steam light plant during the  
past few years.

## LIVING COSTS ARE SLIPPING DOWN

HAVE NOT REACHED 1914 LEV-  
EL; RENTS, LIGHTS, AND FUEL  
RATES STILL SOAR THE RE-  
PORT SHOWS.

New York.—Comprehensive investi-  
gation shows that the total cost of  
living fell 17.5 per cent, since July,  
1920, but in March, 1921, it was  
68.7 per cent higher than in July,  
1914. Cost of food and clothing are  
shown to have decreased, while rent  
and cost of fuel and light increased  
since the peak.

The latest comprehensive informa-  
tion on changes in the cost of living  
in the United States, reflecting con-  
ditions in representative communities  
all over the country, was made pub-  
lic in a report issued recently by the  
national industrial conference board.

This report, the ninth in the board's  
series of studies of the cost of liv-  
ing, is based upon material gathered  
from a large number of representa-  
tive retail dealers in clothing, furnish-  
ings and fuel, and from persons rep-  
resenting a wide variety of interests  
in many sections of the country in  
connection with rents and carfares.  
The index numbers of the United  
States bureau of labor statistics were  
used as a basis for the estimated  
changes in cost of food.

The total increase in the cost of  
living from the beginning of the war  
to March, 1921 the investigation  
shows, was 68 per cent. The rise  
in the cost of the major items of the  
budget of wage earners between  
July, 1914 and March, 1921, is es-  
timated to have been as follows:

Food ..... 50 per cent  
Shelter ..... 71 per cent  
Clothing ..... 74 per cent  
Fuel and light ..... 87 per cent  
Sundries ..... 85 per cent

The report shows that the peak of  
the cost of living was reached in the  
United States in July 1920. Since then  
the total cost of living has decreased  
17.5 per cent. Food has decreased  
29 per cent, clothing 35 per cent,  
while shelter has increased eight per  
cent, no change having taken place in  
the cost of sundries.

Since the beginning of last Novem-  
ber, the total cost of living has de-  
creased 12.6 per cent, food showing  
a 19 per cent decrease, clothing a  
23 per cent, fuel and light a 6.5 per  
cent decrease and sundries a 4 per  
cent decrease. The only item in the  
consumer's budget which since last  
winter has shown a tendency to in-  
crease is, average rents which have  
gone up 3 per cent since November  
1920.

Food.  
The investigation shows that the  
highest point reached by food prices  
since before the war was in July of  
last year. Since then the drop in  
food prices has been general in all  
cities. For the year ending March  
15, 1921, every one of the 51 cities  
from which prices were secured re-  
ported a decrease in average food  
prices. Between July, 1920 and  
March 1921, the decrease was 29 per  
cent. In March, 1921, however, re-  
tail food prices still stood 56 per cent  
above the pre-war level.

Rents.  
Most cities reported that there had  
been no change in rents since Novem-  
ber, 1920, but figures indicate that  
for the country as a whole there was  
an average advance in rents of 3 per  
cent within this period. Since last  
autumn and the total increase between July,  
1920 and March, 1921, is 71 per  
cent. In 14 cities the average in-  
crease in rents of wage earners'  
houses has been 100 per cent or more  
since 1914. These include Ann Ar-  
bor, Mich.; Appleton, Wis.; Battle  
Creek, Mich.; Binghamton, N. Y.;  
Chester, Pa.; Elizabeth, N. J.; Los  
Angeles, Oklahoma City, Terre Haute,  
Ind. In eight cities—Denver, Des. Moines,  
Jacksonville, Johnston, Portland, Riv-  
erside, Calif., Sioux City and Wichita  
this increase averaged 91 per cent to  
100 per cent.

### FIRST BONUS BLANKS TO BE SENT OUT JUNE 1

Detroit.—The first of the soldiers'  
bonus blanks for ex-service men and  
women will be ready for distribution  
June 1, according to Harry C. Lear,  
secretary of the veterans bonus com-  
mittee of Wayne county. Word from  
Colonel John S. Bersey, adjutant gen-  
eral, was that the first blanks sent  
out will be those for enlisted United  
States army men who have their origi-  
nal discharges.

### MUNICIPAL PLANT IS TOO EXPENSIVE

Decatur.—The village council has  
decided to consider a proposition  
from the Michigan Gas and Electric  
company to furnish power for their  
needs and the matter of disposing of  
the municipal plant will be put to the  
voters at a special election to be held  
June 7. Decatur, like neighboring  
towns, has found it expensive to op-  
erate a steam light plant during the  
past few years.

# DOWN COUNTRY LANES

## GALIEN

Mr. and Mrs. A. S. Roundy spent Tuesday evening at the R. V. Slocum home.

## GOLD MEDAL HARLEM OIL CAPSULES

The national remedy of Holland for over 200 years; it is an enemy of all pains resulting from kidney, liver and uric acid troubles. All druggists, three sizes.

Look for the name Gold Medal on every box and accept no imitation.

# PIPELESS CALORIC

# WARNING

## TO BUYERS OF HEATING PLANTS

There are makeshift imitations of the Caloric Pipeless Furnace on the market that are offered at seemingly low prices, with the advice that engineering service is no more needed for installing than when you set up a stove.

You may wisely beware of such advice, which can only lead to your disappointment and loss.

The Caloric is today the most popular heating plant in the world—a proven success in over 125,000 homes—and sold on the written Guarantee of the buyer's satisfaction or his money back. Caloric Engineering Service is one of the vital factors in this wonderful success.

To supply uniform heat throughout the building, the pipeless furnace must be installed with scientific accuracy in relation to air circulation in the particular building to be heated. And no one, unless thoroughly experienced in pipeless heating, can accurately plan such an installation.

Caloric Engineers made pipeless heating successful—and the service of these engineers is yours without charge to insure the correct application of pipeless heating in your own building.

The Caloric is scientifically designed for pipeless heating—and time has proven that its patents are basic essentials to highest heating efficiency. Protect your own interests by getting the genuine Caloric. Bring or send a rough sketch of your floor plans, and we will show you engineers' blue prints of Caloric installation in your home. No cost and no obligation to you.

# Daddy's Evening Fairy Tale

MARY GRAHAM BONNER  
COPYRIGHT BY MARY GRAHAM BONNER  
JOLLY SONG SPARROWS.

"We're the Jolly Song Sparrows," said little Sam Song Sparrow to little Sidney Song Sparrow.  
"And we always will be," said Sidney. "We're not very handsome. We don't go in much for beautiful dress. Our feathers are rather brownish gray and not very pretty."  
"In fact, they're very plain." They're very plain indeed. They are dull and uninteresting. But you see we can't have everything, and we have voices."  
"I'd much rather have a lovely voice than a lovely coat of feathers," said Sam.  
"Then you're satisfied?" said Sidney, "for you have the lovely voice and you haven't the lovely feathers."  
"Quite satisfied," said Sam.  
"We're not very big, and we're not so small that we are cunning like the little Humming Bird is," said little Sidney Song Sparrow.

"We're just about the size of the ordinary, usual sparrow."  
"Oh, well," said Sam, "people do not mind, I am quite sure, whether we're small or not. They don't care if we're not cunning little creatures like the Humming birds and they don't care if we're not big, beautiful birds like the Flickers."  
"They don't mind if our feathers are plain, for they like our voices, and they have lately, too, called us the Jolly Song Sparrows."  
"Ah, yes," said Sidney, "and I've been hearing more than that."  
"Do tell me," said Sam.  
"I will," said Sidney. "When would you like me to tell you, Sam?"  
"Now, if you don't mind," said Sam. "I'm eager to know."  
"Very well," said Sidney. "I will tell you at once." And he began.  
"I've heard people not only say that we were such jolly little singers, but they've said our voices were lovely. They've said they were very much like a canary's voice."  
"Yes, they've said our voices were really lovely."  
"And they've said that they liked to hear our songs again and again. Do you know that is why we have always sung at all times of the day, too?"  
"Yes, I know," said Sam. "We've been always told that people liked it

"Quite Satisfied."

because we sang early in the morning, late in the afternoon, at all times during the day, and even had been heard at night.  
"That is why we've always kept to our rule of being obliging about our singing at all times. We haven't wanted to say: 'I'm sorry, but I don't feel just like singing today. An-

other time.' No, we've always been willing because we've heard that our voices give so much pleasure."  
"And they still do from all I've heard," continued little Sidney Song Sparrow.  
"They've said that we were so neighborly, too. They've thought a great deal of our friendliness. They've said that it was so nice to have us around so much."  
"They've said that it was really wonderful to have bird musicians about all the time, cheering them up at all times."  
"They have liked the way we've been willing to sing in the Bird Choruses or alone."  
"Such nice things as I've heard."  
"Yes," said Sam, "and we will always see that people never say anything about us but something that is nice."  
"But now I must be off to the nest, which is right on the ground."  
"Our nest is up on a bush," said Sidney. "as where we were we thought there were some meadow mice about."  
"Well, I'm off. Good-by, Sam."  
"Good-by, Sidney," said Sam; and as Sidney flew off Sam sang a little song of farewell, and some people hearing him, said: "Oh, what a darling little friendly soul is the song sparrow!"

## KNOWS NOW HOW IT FEELS

Dentist, Given Emergency Toothache Treatment, Dreads Further Ordeal of a Session in the Chair.

A haggard-faced man rushed into the Park Emergency hospital shortly after 3 o'clock a few mornings ago.  
"For the love of mud will you give me something to stop a raving toothache? It's had me up all night, and I've tried everything," he moaned to the steward in attendance.  
The steward made the pain-ridden patient comfortable in a chair and then applied soothing remedies to the offending molar.  
"Why, the pain's gone," the patient exclaimed after a while.  
"Well, that tooth won't bother you any more for a while, but you had better see a dentist in the morning," said the steward.  
"Guess I'll have to," said the patient gloomily.  
"Everybody hates to go to a dentist," remarked the steward. "Will you give me your name for our records?"  
"Yes," said the patient. "I am Dr. A. Karageorge."  
"Are you a physician?" asked the steward.  
"No, I'm a dentist," smiled the patient. "I have cured scores and scores of aching teeth, but this one of mine sure unnerved me. Guess I'll have to go to a dentist in the morning. Gee, I hate to!"—San Francisco Chronicle.

## One Too Many.

"Billy" is a three-year-old "kewpie" with well rounded "tummy," rosy cheeks and a fringe of light fluffy hair that is his crowning glory. He had just been to the barber and was proudly exhibiting the result to a group of playmates.  
A neighbor was trimming his hedge with a large pair of shears—shears almost as long as "Billy" was tall.  
"Come here, Billy," he shouted, "and I'll give you a haircut."  
"No, sir, I don't want any more haircut. I just had one. Everybody would say, 'Here comes Billy with two haircuts.'"

State of Michigan, The Probate Court for the county of Berrien.

State of Michigan, The Circuit Court for the County of Berrien, in Chancery.

Thomas Noe and Mary Noe, plaintiffs vs. Jane Sanford and Thankful Boynton, and the unknown heirs, devisees, legatees and assigns of each of them, defendants.

Suit pending in the Circuit court for the county of Berrien in Chancery, at the city of St. Joseph in said county on the 16th day of May A. D. 1921.

In this cause it appearing from affidavit on file, that the respective places of residence or whereabouts of the unknown heirs, devisees, legatees and assigns of Jane Sanford and Thankful Boynton are unknown, and that the places of residence or whereabouts of any of the persons who are included in the bill of complaint herein without being named are also unknown.

On motion of A. A. Worthington, plaintiff's attorney, it is ordered, that the said defendants cause their appearance to be entered herein within three months from date of this order and in case of their appearance that they cause their answer to plaintiff's bill of complaint to be filed, and a copy thereof to be served on said plaintiff's attorney within fifteen days after service on them of a copy of said bill and notice of this order; and that in default thereof, said bill be taken as confessed by the said defendants.

And it is further ordered, that within twenty days the said plaintiff cause a notice of this order to be published in the Berrien County Record, a newspaper printed and circulated in said county, and that such publication be continued therein at least once in each week for six weeks in succession.

The above entitled suit is brought to quit the title to lands in said county described as follows:  
Commencing at a point two hundred and fifty-five (255) feet east of the northwest corner of section thirty-six (36) town seven (7) south, range eighteen (18) west; thence running east on section line forty-two (42) feet; thence southerly along the west line of land formerly owned by Robert C. Covell to highway leading and running from the northwest corner of said section southerly; thence northwesterly along the north boundary of said highway; thence northwesterly along the north boundary of said highway thirty-three (33) feet; thence northerly to place of beginning.

Chas. W. White,  
Circuit Judge  
A. A. Worthington,  
Attorney for Plaintiff.  
May 20 to June 24

State of Michigan, The Circuit Court for the County of Berrien, in Chancery.

Charles H. Hewitt, plaintiff, vs. Jacob Anglemeyer, Ami Whiting and the wife of widow of said Ami Whiting, if any, and the unknown heirs, devisees, legatees and assigns of each of them, defendants.

Suit pending in Circuit court for the county of Berrien in Chancery, at the city of St. Joseph in said county, on the 10th day of May A. D. 1921.

In this cause it appearing from affidavit on file that the respective places of residence or whereabouts of the unknown heirs, devisees, legatees and assigns of Jacob Anglemeyer, Ami Whiting and the wife or widow of said Ami Whiting, if any, are unknown, and that the place of residence or whereabouts of any of the persons who are included in the bill of complaint without being named are also unknown.

On motion of A. A. Worthington Plaintiff's Attorney, it is ordered that the said defendants cause their appearance to be entered herein within three months from date of this order and in case of their appearance that they cause their answer to plaintiff's bill of complaint to be filed, and a copy thereof to be served on said plaintiff's attorney within fifteen days after service on them of a copy of said bill and notice of this order; and that in default thereof, said bill be taken as confessed by the said defendants.

And it is further ordered, that within twenty days the said plaintiff cause a notice of this order to be published in the Berrien County Record, a newspaper printed and circulated in said county, and that such publication be continued therein at least once in each week for six weeks in succession.

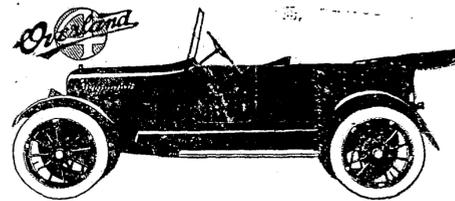

The above entitled suit is brought to quit the title to lands in said county described as follows:

The east thirty-four (34) feet of Lot one (1) Block "D" in A. C. Days Addition to the village of Buchanan, Berrien county, Michigan.

30x3 1/2 Standard Non-Skid Tire

\$13.95

This new low price is made possible by strictest economies and specialized production. Plant No. 2 was erected for the sole purpose of making 30x3 1/2-inch Non-Skid fabric tires. With a daily capacity of 16,000 tires and 20,000 tubes, this plant permits refined production on a quantity basis.

All materials used are the best obtainable. The quality is uniform. It is the best fabric tire ever offered to the car owner at any price.

## Firestone Cord Tires

Tire repair men, who judge values best, class these tires as having the sturdiest carcasses made. Forty-seven high-grade car manufacturers use them as standard equipment. They are the quality choice of cord users.

30x3 1/2-inch Cord - - - New Price \$24.50  
32x4 " " " " " " 46.30  
34x4 1/2 " " " " " " 54.90

## SEEK THE RECORDS OF EXSERVICE MEN

COUNTY RECORD INCOMPLETE  
UNTIL 349 MEN ARE HEARD  
FROM; WAR RECORD WILL  
REQUIRE 400 VOLUMES.

The Record recently published a partial list of names of ex-service men, whose war records, sought by the Michigan War Preparedness Board, are incomplete.

The records are to be published in book form, which will require about 200 volumes and a card index will make the record available for quick and easy reference. The work has been done by counties.

Berrien county's record is incomplete because information asked for has not been given for various reasons. In many cases the addresses of the men are not known, in other cases the questionnaires sent to the men have not been returned.

The various county directors have exhausted every means to obtain the records of their men. Thousands of blanks and postcards have been mailed and some have received no attention or have been returned unclaimed because of faulty addresses.

Any Berrien county veteran who has not filled out a record blank or is not sure he has done so should immediately make application for a blank to Mrs. William M. Stebbins, 318 South Park Street, Hastings, Mich. Mrs. Stebbins is in charge of the Michigan war record for Governor Groesbeck and the state officials.

Berrien county's record, compiled under the direction of Mrs. Francis Moore, county director, shows 2,854 men in service. The record was completed some time ago and forwarded to the state file, and will be used in apportioning the state bonus.

The county record was in excellent shape but 319 men are not included. These men have paid no attention to letters received from the War Preparedness Board.

The following names complete the list of the men whose records are sought:

Curtis, Michael, Niles, 505 Lincoln St.  
Camp, Oliver, Niles, 723 N. Front.  
Camp, Porter, Niles.  
Carter, George, Benton Harbor.  
Cartwright, Clarence Niles, 707 N. 3rd St.  
Castro, Edward, Benton Harbor, 169 S. Winans.  
Cauffman, Benj., Galien.  
Cauffman, Peter, Buchanan.  
Chamarnozovitch, Mike, Benton Harbor, 311 Second street.

Chastain, James, Berrien Center.

### CLAIMS OVER-STATED ON SOIL INOCULATION

Over-statement of claims for the value of soil inoculation products being put before the farmers of the state at the present time by certain commercial concerns, is pointed out by Dr. Ward Giltner, head of the bacteriology department at the Michigan Agricultural college. A majority of concerns engaged in this business are said to market a desirable product, but testimonials and claims of some are not warranted in view of scientific knowledge of the subject, according to the college men.

"Bacterial cultures have a valuable but nevertheless extremely limited place in crop production," says Dr. Giltner, "and claims which lead the farmer to believe that soil inocula-

tion will solve all his problems are both incorrect and dangerous.

"Plant growth is the result of a large number of factors, all working together. Drainage, proper tillage, the presence of sufficient inorganic materials such as phosphorus, potash, lime, etc., and inorganic matter, are all contributing factors which cannot be overlooked. Desirable as the presence of bacterial soil flora may be, it should not take the farmer's attention from proper seed, and the care and cultivation of the crop.

"There are, of course, a number of beneficial soil organisms, but we feel that the only group it ever pays to buy is that infecting the roots of legumes and resulting in symbiotic fixation of nitrogen by the plant. Even in this case the limitations are very great. Undoubtedly the legume organisms are frequently applied when the soil is not in fit condition to support either the organisms or the plant.

"Above all else, there is need on our farms for conservation and consideration of the value of such products as barnyard manure. Unfortunately, it is the poor farmers, who haven't cleaned out their barnyards, who will be most likely to be caught by the exaggerated claims for soil inoculation. They will lose if they expect bacterial cultures to make up for their poor farm management."
