

## CLUB WANTS MONEY FOR CHARITY WORK

30 CLUB GIVES LYCEUM COURSE  
TO RAISE MONEY FOR LOCAL  
CHARITY; SECOND NUMBER  
SATURDAY EVENING.

The second number of the lyceum course given under the auspices of the "30" Club comes Saturday night, Nov. 5 and will be given in the Clark theatre.

This number will be given by Will D. Irwin, who stands in the foremost ranks of entertainers and whose splendid work has attracted very favorable comments from America's best critics. His work, to say the least, is very meritorious, and where he has appeared once he is usually called back to give other entertainments, a distinctive compliment to any person in public work.

Mr. Irwin is an optimistic entertainer and believes in the Law of Laughter. He has gained through his superior merit in the magical art and impersonation a permanent place on the platform. He divides his program into two parts:

Part one is given to readings, character impersonations sketches and pantomime acting. Mr. Irwin presents the funny side of life. In some of his characters Mr. Irwin uses wigs and make up, which adds still more variety to an already varied program. His "Old Country Fiddler" always proves a big laugh getter.

Part two brings surprise after surprise as Mr. Irwin takes you through his mysteries guided by his magic wand. He can make a ringing alarm clock vanish right before the eyes of his audience, and from a burning paper comes yards of ribbons and numerous flags. He is original and not only makes you wonder, but also keeps you laughing with his ever-bubbling humor.

The purpose of this entertainment course is a desire on the part of the "30" Club to bring to Buchanan the best class of instruction and amusements and through the proceeds to create a fund to be used solely for charitable purposes, present indications being that this fund will be called on for local relief in many cases this winter.

Every person in the vicinity of Buchanan who is employed or has means is asked to contribute toward this fund. You are given double value for your money—special entertainment and the privilege of helping others less fortunate.

In order that every child may enjoy this magic the admission for every school child will be 22 cents, including war tax.

## BERRIEN CENTER MAN IS SUICIDE

ERASTUS MURPHY ENDS LIFE  
SATURDAY; ILL HEALTH  
WAS CAUSE; WELL  
KNOWN HERE.

Erastus Murphy, life-long resident of Berrien Center, died at his home there, the result of a self-inflicted bullet wound. He was 79 years of age.

Returning home about 10 o'clock Saturday night his two daughters, Mrs. Alice Miller, with whom the deceased made his home, found the prostrate form of Mr. Murphy lying on a bed with a bullet wound thru his head. Beside him lay a revolver. He was still alive, but medical aid proved futile and he died at midnight.

Temporary derangement and prolonged ill health are given as the causes for his act.

Mr. Murphy was 79 years of age. He was born in Berrien township on July 18, 1842, his parents having come here from Virginia. He spent all his life in that township with the exception of a short time which he spent in Galien. He was married to Miss Mary Johnson in 1866.

Mr. Murphy was a prominent and successful farmer. In politics he was a staunch Republican, and for five years, from 1900 to 1905 he served as supervisor. He was justice of the peace for many years and had served as township clerk and treasurer.

The regard in which Mr. Murphy was held is not only indicated by the number of offices which he held, but by the frequency with which he was called upon to settle estates, having been administrator and guardian of children in many cases.

He was a member of the Grange and Berrien Springs Odd Fellows.

**WISHES CORRECTION MADE**  
In the Record of a week ago the statement was made that Elmer Collins and Le Roy Slocum were found by the aid of some women, and that the statements of a 14-year-old girl, might further involve the young men. A Three Oaks woman writes the Record that the only statement made by the girl was regarding the theft of the wheat and potatoes.

Any News? Phone 9. Thanks.

## PROCLAMATION

War affords opportunities for achievements which become epoch markers of history when they so affect a nation, people or community as to change established methods or introduce new customs.

The value of an achievement lies not in its recording but in its perpetuation.

No war of record, however, marks so distinctly an epoch in the world's history as the one just closed. Innumerable as were the opportunities for brilliant accomplishments during that gigantic struggle, yet the armistice of November 11, 1918, marks the beginning of a period so laden with opportunities for achievement and leadership that all the past offers but a faint comparison. That the value of the achievements of our soldiers and sailors, who by their service, sacrifice and valor, made Armistice Day and all that it means to us, possible, let us honor the presence of the living and the memory of the dead and perpetuate that day by a proper observance of its annual return.

Reverently remember the dead, respect and reward the living. As president of the village of Buchanan, I proclaim and designate Armistice Day, Friday, November 11, 1921, a holiday and respectfully request that it be fittingly observed by our citizens. So far as possible let business be suspended and may our homes and buildings be appropriately decorated.

Theron D. Childs, President.

## HAND MANGLED; HE DIRECTS RELEASE

ARDEN WOLKINS IS INJURED BY  
CORN SHREDDER; THREE  
FINGERS AMPUTATED;  
FLESH STRIPPED.

Arden Wolkens, his hand caught in a corn shredder and half the flesh torn from it, directed fellow workers in their search for wrenches and work to release him, which required 20 minutes. He was saved from more serious injury by the fact that he was pulled against a release bar which stopped the machine.

Mr. Wolkens lives on the Galvin place, which he purchased. He went to a neighbor's to help last Wednesday and was working on a cornshredder which has a short table. Toward the end of the job, when he was placing the short pieces in the shredder, his right hand caught. Fortunately he was pulled against a release lever, which stopped the machine, when his hand had been pulled to the center of the palm. Flesh was mangled and stripped from his hand to the center of the palm.

The machine is one that will not run backwards, and it was with difficulty that a wrench was found to remove parts which allowed him to extricate his hand. He directed the work calmly, and it is said that 20 minutes elapsed before he was freed.

Three fingers have been amputated, and it is hoped that the rest of the hand may be saved. Dr. Snowden, who attended the case, says that Mr. Wolkens displayed the most grit of any man he ever saw.

## STARTED SERVING MILK TO GRADE CHILDREN TODAY; EXAMS NEXT WEEK

The serving of milk to the youngsters in the lower grades at school started this morning, however this week's milk is being served only to the children whose parents are willing to pay for it.

Next week all the children in the grades will be weighed and measured by the county nurses assisted by local physicians to determine those classified as undernourished and those underweight. With this work done milk will be served free to all those whose parents are not able to pay for it.

The work is being done under the auspices of the Parent-Teachers association who have arranged for milk from a herd of cows all of which have successfully passed the rigid tuberculosis test.

## MILK ORDINANCE OPPOSED EXPECT LIVELY MEETING

The proposed milk ordinance in Buchanan is meeting with some opposition on the part of dealers, who feel that it is too stringent. One dealer even goes so far as to state that if passed his firm will be unable to continue the sale of milk here.

As a result a lively meeting of the council is expected tonight, when the matter comes before that body. This is an important matter for the people of Buchanan, and President Childs invites all who are interested to be present this evening.

## Back in the Good, Old Days at School When—

Written by Kathryn Treat and  
read by Gale Pears at Literary Society, on Oct. 24, 1921.

Yes, everything is changed now since I last visited here but the old place looks the same to me as it did many years ago. Yes, looks good to me and takes me back a great many years now that I stop to think.

I remember back when I went here to school they used to call the assembly the High school room, and well I remember that old room. The seats all faced south and the principal's desk on a raised platform was in the south end of the room. I wonder if that is the same desk that was here when I went to school thirty years ago?

Down in front was a piano and a long table containing a huge old dictionary. That makes me think of how I used to write to the "Sweet Girl" and then I'd walk importantly up to the dictionary and hunt for a word, any word on page 420 and after carefully placing the note on that page I'd walk back to my desk.

Then she would glance idly at the teacher and saunter carelessly up to the dictionary and turn slowly to page 420 where my note lay waiting. Sometimes she left one in return and when she did, she always walked around the table and then back to her desk.

Now that I look back, I'm sure that my dear old principal knew as well as I did, why I so frequently visited the dictionary but he was young once you know that by the twinkle in his kind old blue eyes, and so he glanced to the back of the room where the seniors were and let us go blindly on.

Yes the seniors then were much as they are now I think. The seniors of thirty years ago occupied the back seats. Those were the vantage points of the room for they, lucky occupants, could see over the entire room and outside and were so far back and so much older that they were not watched as carefully as the younger classmen were. Your banker, a school teacher and many of your fathers and mothers have proudly occupied those back seats.

At the back of the room was a huge old stove with, burned great chunks of wood. The boys were allowed to fix the fire when it needed another chunk or a little packing to make it burn. I remember how the fire received many unneeded pokings and attentions. One morning, in particular, a Monday morning, stands out in my memory, and I am sure it must have been the thirteenth day of the month. It was rainy and damp outside and the fire did not burn well.

The boys piled in chunks until it indignantly refused to burn but smoked outrageously. It makes my eyes smart and burn even now when I remember that morning. The windows had to be opened wide and the fire was fixed by the janitor but we had classes in spite of all.

Newly every morning, we had a napper from the Bible read and music before we had any classes.

When we marched out, noon and night, someone played for us. We usually chose one little red-headed freshman, to play our march beaus; she invariably chewed gum to the time of her music. The boys teased her unmercifully, hiding her gum or putting soap or pepper in it, when she left it on the underside of her desk.

These desks will go to their graves carrying the marks of our school days.

This morning when I came here I hunted on all the old desks to see if I could find two hearts pierced with an arrow bearing my initials carved with those of the "Sweet Girl." Did I find it? Well, yes, I did, but I'll not tell you which one it was. There were the initials of Bill and Jim and all the rest of my old fishing chums that I found this morning when I looked at these desks. I'd like to be a boy again and go here to school with all my old school friends but many of them are gone now and my hair is turning gray and I am not as young as I once was.

I have noticed today that you young folks are very much like the young people of yesterday. This morning when the classes passed upstairs I noticed one boy with sparkling eyes walk up stairs at the head of the line so slowly that he hardly moved and he kept the whole line waiting.

I visited your History class and it reminded me of the time when my teacher used to try and make me remember that Columbus discovered America in 1498 and that Joan of Arc was an English peasant girl. You have a charming teacher and so I hope you won't give her too many gray hairs, pondering over how she can possibly make the examination questions easy enough for you to pass them.

I enjoyed your English class exceedingly as I have always liked English very much myself. I think a great many of you will grow up to be national debaters or diplomats or statesmen and I'm sure you will be able to make a great multitude hear what you have to say, but I fear there will be very few business men. Of course I've only visited your class for one day but I think you will also

(Continued on Page 4)

## LADY MACCABEES TO GATHER HERE

SESSION OF BERRIEN COUNTY  
ASSOCIATION TO BE HELD  
IN BUCHANAN NOV. 10,  
MAY EXPECTED.

Berrien County Lady Maccabees association will meet in Buchanan on Thursday, Nov. 10th, and the local members are planning to make the occasion one of the best in the history of that organization.

The guest of honor will be Anna O. Holthe, of Muskegon, Past Commander of the United States, who will deliver the principal address of the day. A large attendance is expected and the Odd Fellows hall is to be used to provide adequate room.

The morning will be devoted to a business session, followed by a big dinner and in the afternoon by entertainment. There will be two plays, one to be put on by the Buchanan ladies, and the Galien members will also give one. The Coloma visitors will give the Memorial. Instrumental and vocal music will also be featured. While nothing is stated of the nature of the play which the local women are planning to produce, it is suggested that Wisner and Brodrick look to their supply of burnt cork at once.

There are 15 Hives in Berrien county which form this association, and they meet three times a year. The last session held in Buchanan was five years ago.

## SURVEY FOR ROAD NORTH TO BERRIEN

START TAKING LEVELS MONDAY  
FOR THE BUCHANAN-BERRIEN ROAD; TO PAVE  
IN TOWN.

Monday morning L. L. Davis, assistant county surveyor, and his squad of men began taking levels out Main street and will go north to meet men working from Berrien Springs for the proposed road between the two places.

It is expected that for three blocks out Main street, beginning with the end of the present brick pavement, concrete will be used, the county to pay for the center and the village for a portion of each side and the curbing. The road will probably be water-bound macadam.

This road has been surveyed north for eight miles, and other parties have surveyed from Berrien Springs toward Buchanan. In Buchanan the hill will be cut down slightly and the three blocks will be paved for the full width of the street.

The letting of this road is to take place within a few months, and it will add to the chain of good roads in Berrien county which now has the state record. It is in the hilly section, and will require much grading.

## RED CROSS CHOOSES NEW OFFICERS; SUPERVISOR TO CO-OPERATE WITH BODY

O. A. D. Baldwin, Bridgman, was elected chairman of the Berrien county chapter of the American Red Cross at an annual meeting held at the court house this week. Mrs. D. N. Scofield, Niles, was elected vice-chairman; Mrs. F. C. Bowditch, Benton Harbor, secretary; and Burton G. Stark, St. Joseph, treasurer.

New members of the executive committee are: Mrs. J. D. Boone, Berrien Springs; Mrs. R. H. Sherwood, Watervliet; Wm. H. Kramer, Three Oaks; Wm. Vawter II, Benton Harbor; Atty. W. P. Harvey, Benton Harbor; George Friday, Coloma; Atty. Stuart B. White, Niles; and E. C. Campbell, St. Joseph.

Under a new arrangement, A. P. Yost, member of the board of supervisors and chairman of the committee on public health of that body will be a member of ex-officio of the executive committee of the Red Cross.

## COLOMA WILL CELEBRATE ROAD COMPLETION NOV. 11

Coloma is making arrangements for the big celebration planned in that village on Armistice Day, Nov. 11, on the completion of the Coloma to Twelve Corners section of the state trunkline highway No. 11, known as the West Michigan Pike. This fine section of 18-foot concrete road will be open to traffic by that date and the first event on the celebration program is an automobile parade to Benton Harbor in which every automobile owner in Coloma township is urged to participate.

A memorial tree will be planted by the ladies of Coloma following the return of the cars from Benton Harbor. There is to be speaking, band music and other attractions in the afternoon and a banquet in the evening. In fact Coloma is planning to make this occasion one of the really big days in the history of the town and is planning to entertain a large crowd of people. The celebration will be held regardless of the kind of weather.

## IN DEFAULT OF \$1000 BAIL WILL STAY IN JAIL

The two young men, Elmer Collins, and LeRoy Slocum, 20, arrested recently on produce stealing and cattle killing charge, were arraigned before Judge Ham Friday, being brought here from the county jail. They pled guilty on the produce stealing charge and bail was fixed at \$1000 each which they were not able to furnish. They will be arraigned later on the cattle killing charge.

## CLUBS CONSIDER CANCER FIGURES

LOCAL ORGANIZATIONS GIVEN  
PAPERS FOR USE CANCER  
WEEK; SURGERY MAY  
BE EFFECTIVE.

This is cancer week, and the "30" and Monday clubs were given literature on this subject by Dr. Snowden, local chairman.

There is no specific cure for cancer, but early attention and surgery may prolong the lives of patients many years, or even effect cures. Experiments are being made with radium and x-ray treatment, and ultimate success is certain, according to one authority. Partial success has been achieved already.

During the Great War the United States lost about 80,000 soldiers. During the same two years 180,000 people died of cancer in this country. Cancer is now killing one out of every ten persons over forty years of age.

Many of these deaths are preventable, since cancer is frequently curable, if recognized and properly treated in its early stages.

Cancer begins as a small local growth which can often be entirely removed by competent surgical treatment, or, in certain external forms, by using radium, x-ray or other methods.

Cancer is not a constitutional or "blood" disease; there should be no thought of disgrace or of "hereditary taint" about it.

Cancer is not a communicable disease.

Cancer is not inherited. It is not certain even that a tendency to the disease is inherited.

The beginning of cancer is usually painless; for this reason its insidious onset is frequently overlooked, and is too easily neglected. Other danger signals must be recognized and competent medical advice obtained at once.

Every persisting lump in the breast is a warning sign. All such lumps are by no means cancer, but even innocent tumors of the breast may turn into cancer if neglected.

In women continued unusual discharge or bleeding requires the immediate advice of a competent doctor. The normal change of life is not accompanied by increasing flowing which is always suspicious. The return of flowing after it has once stopped should also be considered suspicious. Do not expect the doctor to tell you what the matter is without making a careful physical examination.

Any sore that does not heal, particularly about the mouth, lips or tongue, is a danger signal. Picking and irritating such sores, cracks, ulcers, etc., or treating these skin conditions by home remedies, pastes, poultices, caustic, etc., is playing with fire. Warty growths, moles, or other blemishes, especially those subject to irritation, should be attended to immediately if they change in color or appearance, or start to grow. Avoidance of chronic irritation and removal of just such seemingly insignificant danger spots may prevent cancer.

Persistent indigestion in middle life, with loss of weight and change of color, or with pain, vomiting, or diarrhoea, call for thorough and competent medical advice as to the possibility of internal cancer.

No medicine will cure cancer. Doctors and institutes which advertise "cures without the knife" play upon the patient's fear of operation in a way that leads too often to the loss of precious time, and fatal delay in seeking competent treatment. Go first to your family physician.

Open warfare by open discussion will mean the prevention of many needless deaths from cancer.

## MASONS WILL GIVE DANCE THANKSGIVING NIGHT

Buchanan Lodge No. 68 F. & A. M. will give its annual dance Thursday night, Nov. 24, in Rough's hall. It is to be an invitation affair including Masons and their families, members of the O. E. S. and families, sons and daughters and their escorts. A Michigan City orchestra of six pieces has been engaged. The dance bill will be just sufficient to cover expenses.

Mrs. H. P. Harris of Grand Lodge is the guest of her sister, Mrs. E. H. Wisner.

## OBSERVE ARMISTICE DAY IN BUCHANAN

TO BE HOLIDAY WITH APPROPRIATE PROGRAM; BRONZE TABLET, MEMORIAL TREES FOR SERVICE MEN.

Friday, Nov. 11 is Armistice Day and a proclamation by Mayor Childs makes it a holiday in Buchanan, that all may unite in a proper observance of the day.

A special committee is arranging the program which will be completed for announcement in Friday's Record.

A committee headed by Mrs. C. F. Pears is arranging for a bronze honor tablet, bearing the names of all Buchanan boys on which will also appear the name of Miss Gladys Lyons, who made the supreme sacrifice, while in the uniform of a U. S. nurse. To this committee has also been delegated the job of seeing to the planting of memorial trees, one for each soldier and nurse from Buchanan township.

It is a big undertaking to get a correct list of names of the service men and to this end every person is asked to carefully read over the names published herewith. If there are names of Buchanan township boys who were in service and whose names do not appear in the list, will you please notify Mrs. C. F. Pears at once. The committee is very anxious that full honor be done to every one of the boys.

**The Berrien County Record**  
Founded by Daniel Wagner in 1867  
A Consolidation of the Buchanan Record, the Buchanan Argus and Gallien Advocate.  
Entered at the Buchanan postoffice as second class matter.  
AN INDEPENDENT NEWSPAPER

**BUCHANAN IS HONORED**  
Fred Mead hands this paper an item concerning George Buchanan formerly of Mishawaka, a young man who is attending the University of Indiana, and who has been chosen first clarinetist of the band. The item says:

"As a member of the Indiana university band, Buchanan will be exempt from payment of university fees and will receive instruction at the school of music two hours each week. It is expected that regular university credit will be given all the members of the band this year. The first trip of the season for the Indiana musicians will be to the Indiana-Notre Dame football game at Indianapolis Oct. 29."

The boy who learns to play in the band is making no mistake. He is accomplishing something better than running the streets when he blows his first notes, blue as they may be. The musician is rather favored. At school, church or in lodge he is in line for a prominent place, and as a part of a band or orchestra he is generally in a position to make more money and friends than he would otherwise.

A band, such as Buchanan has, should inspire boys with a desire to take up music and become fairly proficient on one instrument. A town can exist without a band, just as a collar may be worn without a necktie but both are needed for completeness.

Music is a part of most high school courses, but regrettably it is impossible with the courses provided to give each individual training. However, the avenues are many and open for the boy to learn to play. He can study the instrument out for himself work under a teacher or learn something by going to band practice and listening to his instrument there, and later practicing with the band.

The parent who encourages a boy in buying and learning some musical instrument is benefitting the boy for life.

**A CENTRAL DELIVERY**

Buchanan has several groceries which deliver. Each store that delivers must maintain an automobile and pay for the services of a man for part or all time to make those deliveries. By combining the delivery service, the work could be arranged so that probably half the men and machines could handle it.

Delivering is not an economic waste. The man who is working all day has but little time to spend buying and carrying home groceries. Even if he has the time, the probabilities are that the housewife will need them at a time inconvenient for him to get them. Some few towns get along without any delivery at all but it inconveniences many.

Naturally, those who buy must pay for all the services they get. If any part of this service can be lowered in cost, it will prove beneficial to both the proprietors of the stores and the consumers.

Possibly the only objection to centralized delivery is this; in order to handle the work economically, it must be laid out systematically. The routes must be planned and covered with the same regularity that mail men go over their routes. This means that orders must be in at set times. The forgetful or negligent housewife may be out of luck at times, but she soon learns to correct these bad mental habits.

Any theoretical objections to unionized delivery should be overcome by the fact that hundreds of these systems are now working successfully. They must be handled as a business entirely separate from any other business in the town, with no suggestion of favoritism or preference.

Perhaps at this time, with work rather scarce, it might not be best to make the change immediately. It should come when the time is favorable.

**SPEEDING IS DANGEROUS**

A three months study of automobile accidents in Maryland reveals there are less accidents at the dangerous places in roads than on the long, smooth, straight stretches. The reason is because motorists are careful in the bad places, but when they hit the good road they begin to speed, and the danger is in the speeding.

The automobile has placed in a man's hands and under his control an engine that compares favorably with the locomotives of yesterday in weight and exceeds them in speed. The temptation to hit the gas is too great for many drivers to resist. If the drivers were the only persons endangered by speeding, it would be well to let them all kill themselves off, but in so doing they are liable to kill passengers, pedestrians and other motorists.

About the only thing to do now is to suggest these facts, and perhaps some day manufacturers, by law or a baptism of common sense, will cease building racing cars. As long as they can advertise cars with a speed of 70 miles at the driver's command, there will be some who will want to see if the car really will go that fast.

**CELEBRATES 90TH BIRTHDAY**

Last Friday, Oct. 28th, Mrs. Ellen Hotchkiss, well known citizen of Buchanan celebrated her 90th birthday and in honor of the event, her many friends remembered her in various ways. Beautiful flowers were sent to her, some potted plants also, and others remembered her with birthday cards.

Mrs. Hotchkiss has been for a number of years acquainted with the folks of Buchanan, a number of whom having attended school when she was their teacher. When physically able she delights to be out and mingle with her friends and acquaintances, exchanging greetings on our streets, but recently she has not been so well and has spent most of her time indoors under the care of her niece, Mrs. Ida Churchill. Her friends rejoice that she was able to be up and receive callers yesterday, on this momentous occasion, in honor of which her old friend and neighbor, Mrs. Sarah Black-Smith, composed and brought to her the following poem, in honor of the day.

**Birthday Greetings, Oct. 28, 1921.**  
A beautiful time to have a birthday,  
The month of October in robes dressed gay,  
Of her varied colorings there is no end,  
And all in perfect harmony blend.

Lovely indeed are the flowers that stay,  
As if loth in their beauty to go away,  
Fondly we cherish and guard with care,  
Those for us left in their frailty fair.

"White man had his summer, Indian have his,"  
An old legend of the red man is,  
So shortening days and the ripened maize,  
Give a hint of Indian summer days.

Dear friend you have tarried with us long,  
And grateful you've been for the lengthened score,  
That dear Father Time has brought to your door.

Life to you has not been a vale of tears,  
But in sweet contentment have passed your years,  
Never looking for a happier time to be,  
When your ship came sailing over the sea.

But ready to grasp what the present and REAL,  
Had to give, and no visions IDEAL,  
Lured you aside into paths of unrest,  
No shadowy something ever your guest.

And now the shadows lengthening grow,  
No strivings vain over you a pall throw,  
But of garnered stores of good you can fill  
Your heart, and say to it, "Peace be still."  
With hearty congratulations my friend,  
This message with love to you I send.  
Barah Black Smith

**MRS. JOHN W. BROCEUS.**

Mrs. Ida Estelle Broceus, wife of John W. Broceus, passed away very quietly on Saturday morning, Oct. 22, 1921, at her home in Buchanan, Mich., after a long illness. She had reached the age of 64 years, three months and 20 days.

Mrs. Broceus was born in Cherry Hill, Erie Co., Pennsylvania, on July 2nd, 1857, her father being Stephen Taylor. While still a young girl, she went with her parents to Kansas, where she remained until the death of her mother at which time she came to Berrien county. She taught school in the vicinity of Niles for four years.

March 31, 1880, she was united in marriage to John W. Broceus and has since resided in and near Buchanan. Her warm and generous friendships, and unostentatious helpfulness in time of need, have endeared her to many. She was a member of the Presbyterian Church of Buchanan and also of the Royal Neighbors of Buchanan.

One son, Burton passed away two

years ago. Her husband, John Wesley Broceus, Kansas, and Mrs. Henry P. Dutton of Evanston, Ill., survive her, mourning the loss of one who was all that wife and mother can be, in love and lifelong unselfishness. "He giveth his beloved sleep."

Funeral services were held at the home on Front street, Tuesday, Oct. 25th, at 2:30 p. m. Rev. E. D. Riebel officiated. A large number of relatives and friends were present. Burial was made in Oak Ridge cemetery.

**TWO BOYS SHOT IN LEGS LAST NIGHT**

Holloween pranks brought suffering to two little lads Monday night. Earl Antisdale, 13, and brother, 9, were both shot in the legs from a gun alleged to have been fired by Geo. Wallace. All parties reside in the Burkhardt addition.

It appears that about 9:30 these boys, with a Hayline and a Clark boy, went to the Wallace home and held a jack-o-lantern up to one of the windows. Mr. Wallace ordered the little fellows away and later when they returned he went to the rear of his home and fired at them. The two Antisdale boys got well peppered with shot in the legs. Dr. Strayer was called and spent some time in dressing the injuries.

The father of the boys works in Niles and it is intimated that when he returns tonight a warrant will be asked for the arrest of Wallace.

**LEGION TEAM DOES WELL AGAINST HEAVY WEIGHTS**

Bumping up against a team of potential Jess Willards, Buchanan Legion City football team Sunday held the heavyweights to a score of 6-6 the heavyweights to a score of 6-6 by skillful maneuvering.

Despite some rain, there was quite a number went from Buchanan. The good work of Buchanan's shifty halves, and other star plays made the score what it was. In the first quarter things were a little rough, but in the second Buchanan started working forward passes, John Voorhees and rovin each made long runs and Goldie Smith finally carried the ball across the goal line. Brick Phillips featured in the line smashes. Bremen had one 240 pounder, who found his match in the opposition of Doc Beistle.

The game next Sunday will be played at Michigan City.

**RIGHT TIME TO CUT TIMBER**

Disease and Insects Do Not Attack Wood Out of Doors During Winter Weather.

Timber cut in late fall and winter seasons more slowly and with less checking than during the warmer months, and when proper storage or handling is impracticable, winter cutting is best. Fungus and insects do not attack wood out of doors in cold weather, and by the time warm weather arrives the wood is partly seasoned and somewhat less susceptible to attack. It is for these reasons that winter cutting is advantageous, and not on account of smaller amount of moisture or sap in the wood in winter, as the popular belief has it. There is practically no difference in moisture content of green wood in winter and summer.

**MAKE LITTLE FARM REPAIRS**

Hammer, Some Nails and Few Boards Will Work Wonders in Keeping Yard in Order.

A hammer, some nails and a few boards tacked up at odd moments will work wonders in keeping the fences, gates and sheds about the farm yard in good order. Why not charge the boys with keeping things in order and encourage them to do a little carpentry when farm work is slack? What boy is there who doesn't delight in using tools?

There are two kinds of gossip: that which concerns trivial happenings regarding persons, which may not be complimentary, but is not liable to do any great harm; that which is malicious, and may do much harm to an individual or institution. To indulge in the last named is to dam one's

**HOG CHOLERA SPREAD BY HUNTERS**

DISEASE HAS MADE ITS APPEARANCE AROUND BUCHANAN; HARD FIGHT TO PREVENT GENERAL SPREAD.

Hog cholera has made its appearance in many places in the vicinity of Buchanan, herds being effected in nearly all directions from town though there is no indication now, according to Dr. C. L. Crawford, of a general spread.

This will mean thousands of dollars in losses to the farmers, in face of two of the most disastrous years ever known in American agriculture, short crops and prices far below actual cost of production.

The presence of the disease in this locality is traceable to just one source—hunters. Had the disease progressed from farm to farm it would have not been surprising but this is not the case. The disease has appeared on widely separated farms and on practically all farms where the disease is now prevalent hunters are known to have visited.

This condition calls for the utmost caution on the part of herd owners as well as on the part of others. Persons must not be allowed to go from farm to farm where hogs are kept, cats and dogs must not be allowed to roam about at will. By throwing proper safeguards around infected areas the spread of the disease can be checked and in a short time eradicated.

**NEAR EAST RELIEF BENEFITS**

The Portage Prairie Grange will present "Deacon Dubbs," at Dayton hall on Thursday evening, Nov. 3, for the benefit of Near East relief. The admission is 25 cents for adults and 10c for children under 10. It will be given at Baroda Nov. 9th.

For Sale—Harness, cultivator and plow. Good one horse wagon and potato crates. Geo. Guyberson, phone 196J. 43A2p

"No hunting or trespassing signs" are now on sale at the Record office.

For Sale—Breeding geese and orders taken for young dressed geese for Thanksgiving at 25c per pound. Mrs. Rosa Fletcher, Buchanan. 43A2p

A Short-Phased Philosopher.  
When hope and love have gone from your life you're dead. It does not make any difference whether they have buried you or not.—Kingman, Journal.

**LIQUID MANURE IS HELPFUL**

Of Particular Value in Garden When Vegetables Do Not Make Proper Growth.

American farmers, generally, are not familiar with the great value of liquid manure, and the way to apply it. It is exceptionally helpful in the garden and especially when any particular vegetable is not showing the proper growth. When plants seem weak and standing still, an application of liquid manure once a week for a few weeks will work changes that will seem almost miraculous. Liquid manure is a reviver of dying plants, for it supplies nutrition in an easily assimilated form. It may be easily provided, and should be provided for every garden.

**METHOD OF APPLYING LIME**

Some Farmers Obtain Good Results by Using Manure Spreader With Beater Reversed.

Lime may be applied either in the fall or spring. The proper method of application is important from an economical standpoint. Scattering with a shovel is wasteful and the distribution cannot be uniform. The method used by some farmers with very good results is to reverse the beater of the manure spreader by crossing the drive chains. Then the apron may be covered with canvas to prevent the loss of the fine stone. With this method it is easy to get a uniform distribution.

**THE BIG LESSON WRIGLEY LEARNED IN DULL TIMES**

"The result of my investigation was that I signed up in the midst of the depression of 1907 for \$1,500,000 worth of advertising—our first national contract and a very large one indeed for us at that time. It was, as you see, another restraint in the face of an opportunity for immediate profit.

"But for once the policy did not involve the sacrifice of immediate profits even. We really had expected it would. We were after the vivid impression we thought we could make on dealers and consumers at a time when so few people were trying to sell them, and we were willing to pay something for that. We were willing to wait for our returns. But we did not have to wait. They came generously enough even the first month to meet what had seemed an enormous first payment on the advertising, due at the end of the month, and the payments every month thereafter were entirely met out of the increase in our profits, with a continually widening margin to spare."

WM. WRIGLEY JR.

**Where Real News Is Paramount**

In the country newspaper, sensations scandals—the recording of human misery—is almost taboo. At least it certainly is secondary to the printing of real news about people and things.

For the province of the country paper—your Home Town Paper—is to give community interests first place, printing the more or less sensational personal items only when necessary to keep faith with subscribers who pay for ALL the news.

Therefore, your Home Town Paper can give you, in full measure and overflowing, 100 per cent pure news about the people in whom you are most interested—your relatives and friends of the Old Home Town.

## CURRENT EVENTS OF INTEREST TO ALL

### LITTLE LOCAL HAPPENINGS CONCERNING PEOPLE YOU KNOW; WHO'S WHO IN THE WEEK'S NEWS.

Attorney Batchelor was in St. Joseph on legal business Monday.

Mrs. Harry Weaver returned from Chicago Friday after a week's visit with relatives and friends.

Mr. and Mrs. E. E. Glidden spent the week-end with relatives at South Bend, returning home yesterday.

Fine new line of five cent cigars, the good quality like you used to get, at Bill's United Cigar store.

Mrs. Theodore Blake of South Bend and Mrs. Marie Bates of Galien visited Sunday at the home of Mrs. O. L. Blake.

Mr. and Mrs. Frank Habicht attended the season's end party at the South Bend Country club Monday night.

Mrs. Belle Mead is ill at present, but is resting comfortably at the home of her sister, Mrs. Wm. Hazlett, south of town.

A tonsillectomy operation was performed on Miss Helen Hanlin in South Bend Saturday. She is making fast recovery.

The nicest little baby girl in the world arrived Thursday night to gladden the home of Mr. and Mrs. Stephen Rudoni. Her name is Marie Celeste.

Mrs. Nora Woods is confined to the house for the present, being laid up with an attack of lagrippe. She is on the mend, however, and is being cared for by Mrs. Bunker.

Mrs. Theoda Cleveland attended the Michigan state teachers' institute sessions at Detroit the latter part of last week, and the week-end with Pontiac friends, returning Sunday evening.

The Helpers' Union Mite society will meet with Mrs. E. E. Glidden at her home on Detroit street tomorrow afternoon, and a busy time is anticipated in preparing for the coming annual sale.

Mrs. Martin Rose, about 70, formerly a resident of Buchanan, died last week at the home of her son, Newton Sanford, of Scott, Mich., apoplexy being the cause of her death. Mr. Sanford notified Mrs. Lizzie Bunker of her death. Mrs. Rose lived in Buchanan for many years, where she had many friends.

Don't forget Deacon Dubbs, Wednesday evening, Nov. 9th, at Baroda Odd Fellows hall, for the benefit of the Near East relief. The following is the cast of characters: Deacon Dubbs, Glen Vite; Yennie Yenson, Louise Bauman; Deuteronomy Jones, George Franklin; Rose Raleigh, Mildred Broesus; Amos Colman; George Molar; Trixie Colman, Mary Franklin; Rawdon Crawley, Claude Haslett; Emily Dale, Theoda Royer; Major McNutt, Merritt Vite; Philippa Popover, Mrs. Mae Best.

Mrs. J. C. Strayer will be hostess at a bridge party Thursday night.

Mrs. E. C. Mogford entertained two tables at bridge Saturday night.

Mrs. Susan Miles spent Tuesday with her niece, Mrs. Noah Camfield. Mr. and Mrs. W. H. Chubb spent Sunday with Mr. and Mrs. Jacob Vile of Portage Prairie.

Mrs. Ada Rouch spent one day last week with Mrs. Emma C. Thayer of Three Oaks.

Three Oaks residents once had difficulty in buying milk. Now two routes are running there.

Bakertown school will give an entertainment and bon bon social Friday evening, Nov. 4.

A. G. Hynter is moving to town from his farm to spend the winter with his son, Clarence.

S. D. I. club will meet with Mrs. Jas. Barr, corner of Berrien and Alexander streets Thursday afternoon at 2:30.

The Berean class of the Christian Sunday school met at the home of Mrs. Stephen Gladwish Thursday afternoon.

A hallowe'en surprise was given Miss Dorothy Rough Tuesday night. The home decoration were in keeping with the occasion.

Mrs. Walter Trainor, Mrs. Al. Charles and Mrs. M. L. Hanlin will be hostesses at a hard time party Wednesday night.

Mr. and Mrs. Arthur Charlwood, Mr. and Mrs. Boram of South Bend spent Sunday with Mrs. Anne Crandle.

Mr. and Mrs. H. D. Raymond had as their guests Sunday Mr. and Mrs. C. C. Shrock and Mr. and Mrs. Carl Kieth of Battle Creek.

Mrs. Floyd Schultz of Clay Center, Kas., returned to her home Friday morning after attending the funeral of her mother, Mrs. J. W. Broesus. B. J. Sparks and Mr. and Mrs. Fisher and son of Berrien Center were guests at the home of the former's brother, Wm. Sparks, yesterday.

Friday night, Nov. 4th a candy box social will be given at the DeMott school. A hallowe'en play at eight o'clock. Susy M. Taylox, teacher.

Geo. Guyberson has bought a 24 room house in Niles with all rooms occupied by a splendid class of roomers. Mr. and Mrs. Guyberson will take possession of their new property next week.

Two windows were broken at the Portz bakery but otherwise little real damage was done hallowe'en. The usual pranks were in evidence, and most of the store windows were washed this morning for some reason.

The youngest barbers in Berrien county are Rosario and Joseph Farina, of New Buffalo. Rosario is nine and Joseph is 11 years old. They assist their father, John, and both hold certificates as apprentice barbers.

Several section men were badly shaken up and bruised near Three Oaks one evening last week, when the jim fell from a wheel of a hand car, and the following car crashed into the crippled one. Fred Schwande, Sr., suffered a broken arm.

Mr. and Mrs. Richard Schwartz very pleasantly entertained several young couples at a hallowe'en party at their home on Lake street last evening. Refreshments were served after which the guests departed at a late hour.

Mrs. Grace Van Halst entertained 30 young people last evening at a hallowe'en party, the guests being members of Floyd Early's Sunday school class of the Christian church. Games appropriate to All Saints Eve were enjoyed in the attic which was decorated with autumn leaves. The hostess served a dainty cafeteria lunch.

The Red Cross will ship refugees garments Thursday and would like to have finished garments in by Thursday noon. These garments may be brought to either of the undersigned or call us up and we will come after them. If you have cast off garments that are warm and will be suitable for a child from 1 to 14 years, bring it in as we are short of garments to fill our quota. Mrs. C. O. Montague, chairman, Miss Georgia Wilcox, sec'y.

The primary department of the Methodist church enjoyed a party Friday afternoon.

Mrs. A. E. Clark spent the past week with her sister and other relatives at La Porte.

Mr. and Mrs. W. Bennitt returned home the last of the week from a business trip in Chicago.

Miss Elsie Clark entertained her pupils at the Broesus school at a hallowe'en party at her home on Monday evening.

Initiation—First nomination of officers on report of delegates at our next meeting which will take place on Friday, Nov. 4. Bernice Reed, recording secretary.

Mr. and Mrs. Isaac Rollings, Mrs. Gordon of Dailey, Mr. and Mrs. Noah Camfield, Mr. and Mrs. Alva Camfield spent Sunday with Mr. and Mrs. Bunday at Edwardsburg.

The home of George Snyder, five miles north of Buchanan was destroyed by fire this morning. Section men on the Pere Marquette railroad waded across the river to assist in putting out the flames but their efforts were in vain. The house burned to the ground. An eastern wind saved the barn from being burned also.

The Torch Bearers class of the Presbyterian church entertained their husbands, the Men's Bible class at a hallowe'en supper on Monday evening in the parlors of the church. The rooms presented a fine appearance decorated in autumn and hallowe'en shades. The tables fairly groaned with the weight of delicacies and goodies, after all had partaken of the feast, some spirited contests were enjoyed and the evening will be one long to be remembered by all present.

The memorial trees which are to be planted in memory of all ex-service men of Buchanan township and of Miss Gladys Lyons of Buchanan has been ordered and will arrive in plenty of time to be planted on Armistice Day. Not enough money has been raised as yet for the trees and all who are interested in this movement and wish to donate please notify one of the following chairmen, Mrs. Frank Chubb, Mrs. Kent or Mrs. Chamberlain. The committee in charge wishes to call your attention to the list of names of ex-service men appearing in the paper today and asks that anyone seeing the name therein of any ex-service man, not from Buchanan township or anyone noticing the omission of names from Buchanan township please notify one of the above chairmen. It being understood that each township will plant their own memorial trees. A large boulder is needed to place at the end of the row of memorial trees in which a plate will be sunk bearing the names of all the men from whom the trees will be planted. Anyone knowing the whereabouts of one please notify one of the above chairmen. Please try to realize how necessary it is to give the above asked for information and anyone being able to assist in this matter please do not delay.

—The Committee

"No hunting or trespassing signs" are now on sale at the Record office.

## HOUSE OF DAVID BOAT FOUND DRIFTING BOTTOM UP

The schooner, Rosabelle, owned and operated by the House of David, was found floating bottom up just off the Milwaukee harbor Monday. The crew consisted of nine men, none of whom have been found.

Since there was no storm on the lake it is presumed that she sprung a leak and listed. Her cargo of lumber probably loosened and turned her over.

Fine new line of five cent cigars, the good quality like you used to get, at Bill's United Cigar Store.

40B7c

## CASS COUNTY DISTRICTS TO CONSOLIDATE SCHOOLS

The first proposition for school consolidation on a large scale and the establishment of a rural agricultural school to go to the people of Cass county for adoption was carried by the people of Edwardsburg and vicinity about two weeks ago at a special election. The proposition was for the consolidation of Districts 1, 2, 3, and 4 in Milton township; Districts 1, 2, and 3 in Howard township, and Districts 4 and 5 in Jefferson township. The vote in Edwardsburg was cast separately and stood: Yes, 154; No, 6. The vote in the rural districts stood: Yes, 104; No, 44. The total vote was approximately five to one in favor of the consolidated school.

It is contemplated that a fine school building answering the requirements for state and federal aid will soon be built in or near Edwardsburg. They are the pioneers in Cass county in a great movement that will eventually embrace the whole country. When the advantages of consolidation are known, the movement will sweep Michigan as it has Indiana. The rural one-room school must go for the simple reason that there is much more efficient ways to educate country children. City advantages can be laid for country children if the people will only put their resources together. The state and federal governments recognize this and encourage communities by offering substantial annual aid.

## PARENT-TEACHER CLUBS WOULD INDICATE REFORMS

The Buchanan Parent-Teachers' association is pledged, together with the similar organizations in the state, by the movement on the part of parents intended to bring about dress and conduct reform on the part of school girls and school boys, was started in Detroit at a meeting of the Parent-Teacher department of the Michigan State Teachers' association. The 400 mothers of school children present adopted a resolution pledging Parent-Teacher club reforms. Among the various reforms the mothers hope to accomplish through statewide co-operation is dress reform among girls, abolishment of cigar smoking by girls addicted to the habit and more courtesy among boys. It was planned also to start a movement for supervision of recreation among school children of all ages.

## SPECIAL NOTICE

Regular meeting of Buchanan Lodge F. & A. M. will be held Monday night, Nov. 6. Members are urged to be present.

Lady Macabees—Get your baking ready for the Baked Goods Sale at Runner's Hardware Saturday. Thank You.

The Jeannette Stevenson circle of the Westminster guild of the Presbyterian church will give a masked party at the home of Mrs. Lester Lyon on Sylvan avenue Monday evening, Oct. 31.

M. W. A. ATTENTION  
All neighbors are urged to come to the meeting Friday night, Nov. 4. A social time, feed and smoker will be given. R. M. Keen.

## NOTICE

On and after Nov. 1st the Koch grocery will be located on River st. William Koch. 42B7p

Notice—If you expect to put in a furnace, see Newton Barnhart. He handles the Premier Hot Air furnace. He has sold six kinds and it is one of the best. Phone No. 343.

Chinese Shoes.  
Making shoes is the interminable task of Chinese women, from youth to old age. Travelers see them busy in every moment, when necessity does not require attention to some other work, plying the threads back and forth, in and out, in their endless effort to keep the men of their household supplied with footwear. Where there is a surplus, the shoes are sold to the shops.

Only cloth and paper are used. The thickness of the soles, of alternating layers of cloth and paper held together by paste, often indicate in variations of from one-half to two inches, the wealth of the wearers. The shoes are noiseless and comfortable, but on rainy days China stays indoors because the shoes readily absorb water. The women make their own tiny shoes in the seclusion of their quarters, even the husband being forbidden to watch their manufacture.

"No Hunting or trespassing" signs are now on sale at the Record office.

## EDITOR ENTHUSES OVER CLARK PLAY

THREE OAKS PAPER PRAISES HIGHLY "STOP THIEF" AS AN "EVENING OF MIRTH AND JOLLITY."

The late Robert Burns longed to see himself as others saw him, and perhaps Buchanan people will be interested to see some of their number as viewed by the editor of the Three Oaks Acorn, especially since the write-up is quite complimentary. It follows:

"Stop Thief" a Scream. "Stop Thief" satisfied everyone who has a part in it or who witnessed it. Those who sat through it were amply rewarded for patronizing it, by an evening of mirth and jollity. The actors were rewarded by the hearty appreciation given them by the audience. The ladies of the Congregational church, under whose auspices the play was given, received a large sum and the Clark hospital at Buchanan also has cause for rejoicing, as the players' share went to this institution.

The curtain rose sharply at 8:15. Before this an orchestra, composed of Three Oaks musicians, rendered several selections and also played during the intermissions between the acts. And almost from the rise of the curtain, laugh after laugh was echoing down the Opera House.

The work of each and every actor was excellent. But Mr. Hanlin as William Carr was afforded an opportunity to display his histrionic ability in a character, in which he was unknown, that of an old man. With him as the butt of many jokes of the evening, was E. A. Irwin, Three Oaks actor, who played Jack Clunn.

A. S. Webb, as Jack Doogan and Miss Iva McGowan as Nell, the professional thieves who cause all the mix-up, deserve especial praise for the way they carried their parts. But Frank Habicht who played Mr. Jamison acted one of the most convincing parts seen in the play. The character he represented had but little more than a speaking part, and he appeared on the stage but three times, yet he handled it in such a forceful manner that in the scene where he threatens the Carrs round after round of applause greeted his efforts.

The Clark players are always welcome in Three Oaks and a packed house greeted them on this occasion.

as it has at their past appearances. The Congregational Ladies secured forty per cent of the receipts, the remaining sixty going to the players. Out of their share the ladies had to provide the hall and pay for the advertising. But at that they cleared about \$100. The Clark Players' share, which goes to the hospital, was about \$160. The total receipts were \$267.

ADVERTISE, BUT NOT ON WALKS. Advertise of course, but don't use the sidewalk to do it. That is the stand of the Benton Harbor city commission. This view was brought about after several complaints had been registered concerning sidewalk advertising. Chief of Police Johnson has been instructed to look after the matter strictly and all offenders will be prosecuted.

When You Want to Take Joy Home to the Kiddies—Visit Wyman's Daylight Basement

# TOYLAND

Have you thought of Christmas buying yet? Have you made the same old resolution—"I'm going to buy early and avoid the rush?" Now! is the time to keep that resolution. Do you realize that there are just seven weeks to Christmas and just think how time flies by—the last few shopping days will be on you before you realize it.

There is a gala array of toys all bought and arranged in our Toyland in the Daylight Basement just waiting for the Mother's and Father's of the kiddies to come and buy what they think the youngsters will best enjoy.

There is everything from blocks to dolls and trains—Kiddie Kars, stoves, guns, books—everything.

Christmas is the Brightest Spot in all—

the year for every little boy and girl—they dream about it, they plan for it—they'll even be better boys and girls in anticipation of Santa and his gifts—so don't disappoint them. Perhaps you can't buy just everything you'd like to for them but if you plan carefully and shop early (when the selection is best and the crowds less) you'll be sure to fill the youngsters hearts with joy this next Christmas day.

EVERY ONE OF WYMAN'S TWELVE SPECIALTY SHOPS ARE PREPARED FOR THE CHRISTMAS SHOPPERS WITH LOVELY CHRISTMAS GIFTS—COME AND SEE US BEFORE THE BUSY SEASON, JUST BEFORE THE HOLIDAYS, SETS IN

# Announcement!

On and after Nov. 14th Merson's Market will be conducted on a cash basis. All meats will be sold as cheaply as possible, consistent with quality. Present customers carrying accounts may manage to pay part of same each pay-day.

We were reluctant to make this change but it is the only way merchandise can be sold at rock bottom prices and we believe Buchanan will support one market of this class. It is our intention to carry reliable stock as the very cheap grades do not give satisfaction.

## DAN MERSON

## MICHIGAN FARMERS BID FOR PRIZES

ENTRIES BEING GATHERED FOR INTERNATIONAL SHOW HONORS WON LAST YEAR; OPPORTUNITIES ARE OPEN

East Lansing.—A strong bid for prizes offered in the competitive grain exhibits at the International Grain and Hay Show at Chicago late in November will be made by Michigan farmers, according to Prof. J. F. Cox, head of the farm crops department at the Michigan Agricultural college. State growers won high honors at last year's show, and another strong showing is expected this fall.

"Opportunity is open for Michigan to do exceptionally well in the competitive grain exhibits this year," says Prof. Cox. "The usual corn year, particularly favorable in Michigan, should result in a fine showing. Michigan growers must also be 'up on their toes' to hold their reputation with rye and wheat. While oats and barley were hard hit by adverse seasonal conditions in the state, nearly all other states suffered. Clover seed is good in Michigan and with proper entries Michigan should rank high as a clover seed state. Another strong showing at the International will reflect credit to the whole state, and result in additional out-of-the-state business."

Entries from Michigan farmers are being received by A. L. Bibbins, secretary of the Crop Improvement association, at East Lansing, and will be shipped to the International in one shipment. Entries should be in before Nov. 5.

An educational exhibit featuring pure bred grains and pure bred stock showing advantages of good breeding and accomplishments achieved in Michigan, is being prepared by the college for the International, which is to be held from Nov. 26 to Dec. 3.

### PICTURE OF ROOSEVELT—\$25

Postmaster Rough announced that the portrait of Theodore Roosevelt will appear for the first time on a Government security on the \$25 denomination of a new issue of Treasury Savings Certificates which will be placed on sale toward the end of the present calendar year. The new issue of Treasury Savings Certificates will be a feature of the unified Government savings plan which is now being developed by the Secretary of the Treasury and the Postmaster General and will be announced later in greater detail. The new plan will combine to the best possible advantage the facilities of the Treasury and the postal savings system, and is designated to promote popular saving and investment in government securities. The securities offered will have a wide popular appeal and will be placed on sale throughout the country in convenient form. It is regarded as particularly appropriate that the Roosevelt portrait should appear on a security of this character, and on the denomination which will be most available to the general public.

### FAMILY SCRAP COSTS FINE.

A family quarrel Friday afternoon out on the Portage road resulted in a hurry call for Deputy Dunbar, who promptly responded. There were two men involved, one of whom, apparently the aggressor, was brought to town and assessed a small fine.

## WOMAN KNOCKED SENSELESS; MAN STABBED AT PAW PAW

Two violent scenes were enacted at Paw Paw the latter part of last week. Mrs. Roy McGowan, wife of a bank cashier, was knocked unconscious and left lying in the road. She was walking back to the city after a visit in the country, when three men and a woman in a machine stopped her, asked a few questions, and then one struck her. She was left lying in the road, and a motorist coming later picked her up and carried her to town.

Deputy-sheriff Freeman Salisbury was stabbed by John Tomaz, farmer. Tomaz had been drunk and had created trouble at Paw Paw. Officers went to arrest him, and he began slashing, Salisbury receiving three bad cuts. He was subdued when another officer struck him on the head.

## CROSS THE LINE POTATOES DO WELL

MICHIGAN CERTIFIED SEED POTATOES OUTYIELDING THE NATIVE STOCK OF THE HOOSIER STATE.

East Lansing.—Michigan seed potatoes grown by state growers and shipped to Pulaski county, Indiana, for demonstration work, outyielded the native Indiana stock used in the demonstration by an average of more than 68 bushels per acre during the past season. Results of the test have been just received from Indiana by H. C. Moore, secretary of the Michigan Potato Producers association and extension specialist at M. A. C.

On every part of the eleven farms on which the comparative work was run in Pulaski county, the Michigan seed outyielding native strains, the increase running from 8 to 174 bushels per acre, with an average increase for Michigan seed of 68.8 bushels. Certified seed potatoes, grown under the direction of the potato growers association and the agricultural college, were sent from Michigan for the work.

Large out of the state demand for Michigan seed is reported by Mr. Moore. High requirements for certification of tubers in the state have given the Michigan product a wide reputation in other states.

### HILLS CORNERS

Rev. Sechler will preach both morning and evening Sunday, Oct. 30.

Bert Mitchell and family attended the services at the M. E. church in St. Joseph last Sunday morning and were dinner guests at the home of W. R. Stevens.

Seventeen ladies were out last week Friday to the Aid society. The sum of \$2.33 was taken in for the work and collection. At the meeting at Sister Walton's \$8.50 was taken in.

There will be a Hallowe'en party for the children and young people of this community Monday evening, Oct. 31, at the annex. The ladies who belong to the aid are requested to bring pie, pumpkin preferred, also home made candy and if possible apples and popcorn.

Fine new line of five cent cigars, the good quality like you used to get at Bill's United Cigar Store.. 40B7c

## FOUNDATION WORK BEGINS AT ONCE

F. L. SHOEMAKER, NILES, IS SUCCESSFUL BIDDER FOR NEW SCHOOL FOUNDATION—TO BE DONE IN 60 DAYS.

F. L. Shoemaker of Niles, was the successful bidder for the work of excavating and building the foundation of the new school, at the meeting of the board of education Saturday afternoon. He began Monday to move equipment here to start work at once.

The amount called for, \$6,602, for this work, is well under the estimate of the board. The eight bids ranged from that sum up to \$9,200. They are as follows: O. F. Miller, \$7,736.00; F. L. Shoemaker, \$6,602.00; De Right Bros., \$7,303.00; Byers Bros., \$8,979.00; H. L. Vanderhorst, \$9,200.00; W. J. Miller, \$8,800.00; Geo. W. Edcumb Co., \$8,017.00; Kitchell Construction Co., \$7,499.00.

The building will be located in front of the old edifice, and will be 292 feet long, one wing 170 feet and the other 121 feet in width. The main entrance will face Detroit street. The building will be two stories high, and will provide Buchanan with a school that will be adequate to the needs for some time to come. It is expected that the foundation will be completed within 60 days.

The board of education has received a favorable opinion from Chapman, Cutler and Parker, Chicago prominent bond attorneys, regarding the legality of the last issue.

The board plans to advertise for bids for the construction of the building in January, and to let the work in February. They are permitted to sell the bonds at a lower rate of interest than that voted, if possible and the indications are now that this can be done. The bond market is improving, and they could now be marketed at 5 1/2 per cent, at a premium. It may be possible to secure even more favorable terms later.

## BACK IN THE GOOD OLD DAYS AT SCHOOL

(Continued from page 1)  
produce one of two humorists and maybe a few mechanics. I noticed that you have no perpetual grouches in your class but instead, everyone wears a bright eager smile. I'm glad that you are having spell downs. When I went to school we considered spelling one of the most important courses given. Now I'm not hinting that your spelling is below the average when I say that when I went to school we used to take words from encyclopedias, histories, the Bible and many other books. I could spell words of exceeding length, breadth thickness and weighing most a ton when you repeated them and spelled them correctly but if the teacher gave me a word of four letters, I was sure to miss. I began to think that words of four letters were the greatest pests of my life.

I enjoyed your French class very much, because I had never taken French so it was all new to me. I'm afraid I looked quite blank whenever Miss Potts began to talk French rapidly but although I couldn't understand I enjoyed hearing her speak, and I wouldn't have to shut my eyes to imagine that she was a French woman.

Your typewriting classes are really quite business-like. It may be that I am more accustomed to hearing the sound of typewriters rather than voices that makes me think it more business-like. Still, everyone was extremely busy and intent upon his work.

I'm sorry that I couldn't visit your other classes because I enjoyed all that I visited. Sometime I'd like to be in your classes, unobserved as an old chair or book and then I could study you as I would like to.

I know that you always act your worst when you are unnatural and I know that you're hoping every minute that I'll leave. I like you best when you are acting natural.

So, I will leave you now, still in "your" and "my" old school building and perhaps next year I will be able to come and visit you for another day in your new school building.

An editor was murdered in Arkansas the other day and the murderer was sentenced to ninety-nine years in prison, while a fellow that killed a lawyer got off with seven years. Prospective murders please take notice.—Golden (Colo.) Transcript.

Civil service examinations November. Positions \$1400-\$1600. Age, 18 upward. Experience unnecessary. For free particulars, instruction, write R. Terry, (former Civil Service Examiner) 878 Continental Bldg., Washington D. C. 42A3p

**FUTURE WANTS**  
\* With vacations about over  
\* and the routine of active business coming strongly forward  
\* there will develop many wants.  
\* You may want to sell something, you may want to buy something, you may want a maid, farm help, a clerk. Consider how the Record Want Ads. will help you. This interesting column is read twice weekly by thousands of persons.

## WANTS

## Water Meters Save You Money!

November 1st is the time to pay your Water Tax.  
Put in a water meter and you will

**Save \$7.20 a Year**

in your water tax. See us and we will explain just how this saving is made.

**Runner Bros.** A COMPLETE HARDWARE

**A Pound of  
BREDNUT  
The Year Around Nut Margarine  
FREE  
Simply Save Five Empty Cartons**

**KEEP** the cartons from five pounds of Brednut and take them to your dealer. He will give you another pound of Brednut—and collect the price from us.

We are making this arrangement to show that we appreciate your making a thorough trial of Brednut. We know that once you have used these six pounds you will never use anything else.

Brednut has the taste, the richness, the texture of the most expensive spread for bread. It is made of the choice white cream of selected cocoanuts—that is why it is so good. But it costs no more than ordinary margarines.

Remember! This offer is good only until November 26.

**The Famous Brednut Test  
Example No. 7  
Brednut on  
Brown Bread**

**SPREAD** half a piece of brown bread with Brednut and the other half with the most expensive spread for bread. Take a bite of one, then of the other. You'll be unable to tell any difference. In fact, we challenge anyone to tell any difference between Brednut and the highest priced product.
