FIFTY-SIXTH YEAR

BUCHANAN, MICHIGAN, FRIDAY JULY 27, 1923

NUMBER 29B

## THE CIVIL WAR SOLDIERS HOLD THEIR ANNUAL PICNIC

A LARGE ATTENDANCE AND AN UNUSUALLY GOOD TIME ENJOYED AT CARLISLE'S GROVE, THURSDAY

The Civil war veterans, and their families, held their annual picnic Thursday, July 26, in the Carlisle grove, (named by one of the guests this year as "The Oaks") on north Main street.

The affair had been looked forward to by the soldiers with the anticipation of a happy reunion and an enjoyable day with their comrades and friends, and the fondest hopes were realized. This year's picnic was a decided success from every viewpoint. The attendance, including the soldiers and their families and guests was about one hundred and forty.

At 12:30 the usual dinner was served, which, it is needless to state, was one of the important and enjoyable features of the program. Following the dinner a business meeting was held by the veterans, and the following officers were elected for the ensuing year: President, J. C. Dick; vice president, George Hanley; secretary, Charles E. Sabin; treasurer, William Conrad.

No set program had been arranged, but there was sufficient musical and vocal talent present to make the informal program one of decided interest and pleasure. A piano and a fine pianist and singer, Miss Howard, had been provided by the Chamber of Commerce and the piano and vocal selections were very much appreciated.

One of the first features of the program following the business meeting was the community singing, led by Mrs. Riebel and accompanied on the piano by Mrs. Fowler. This was followed by a number of selections of old-time music on the violins by Charles Lantz and Frank Fisk, accompanied by Mrs. Fowler on the piano.

A reading by Mrs. Burbank, which had to do with scenes and incidents of Civil War times, was a very interesting and pleasing feature, highly appreciated by the soldiers and guests.

Rev. E. D. Riebel, of the Evangelical church, gave a very appropriate and interesting address, which was followed by further violin selections by Messrs. Lantz and Fisk, after which the meeting adjourned to meet at the same place one year hence.

Among the veterans present at the reunion was Comrade Ed. R. Havens, accompanied by his wife and two daughters, of Lansing. Mr. Havens was a former resident of Buchanan, and this reunion with his comrades and old friends was a happy occasion for all. He was born at the Bend of the River, and for a number of years was a clerk in the mercantile establishment of Ross & Alexander, in this place, enlisting in 1862 and serving throughout the rebellion. He returned to Buchanan at the close of the war and took a prominent interest in the affairs of this community and county. He was elected Register of Deeds in 1880, and served the people in that capacity four years. For many years he has been connected with one of the State Departments at Lansing. It is needless to state that Mr. Havens and his family greatly enjoyed and appreciated the opportunity of again meeting their old friends and that this year's soldiers' picnic will be pleasantly remembered by them in the years to come. He referred to the ideal surroundings and conveniences of the Carlisle grove for holding the annual events, and on account of the numerous large oak trees he suggested that it be called "The Oaks."

The youngest old soldier present at the reunion was Veteran J. Q. Swanger, of Mishawaka, Ind., who, judging from his appearance, jovial disposition and fleet-footedness would not be taken to be a day over seventy, although he has passed his 92nd anniversary. Veteran Swanger makes it a point to attend the picnics at Buchanan each year and is now looking forward to next year's event with the hope that he will be just as young then as now.

Veteran Ashley Carlisle and his good wife are entitled to credit for the work they do and the interest taken in making these annual events a success. It is a man's sized job to look after the tables, chairs and other equipment but Veteran and Mrs. Carlisle have always been equal to the occasion and are happy to be able to do this as well as furnish a beautiful grove for the picnic each year.

**SHOWER FOR NEWLY-WEDS**  
Tuesday afternoon Mr. and Mrs. Elmer Collins and Mr. and Mrs. Le-Roy Slocum were given a shower at the home of their parents, Mr. and Mrs. Tony Slocum on Smith street, by their neighbors and friends. Both couples were married at South Bend Saturday afternoon.

CRYSTAL SPRINGS CAMPP MEETING OPENED THURSDAY

The Methodist camp meeting at Crystal Springs opened Thursday. Some of the themes of Dr. Harold Paul Sloan, who speaks at the camp meeting, are: "The Deity of Christ," "The Almightiness of Redemption," "Salvation by Faith," "The Greatness of Regeneration," "The Hope of the Resurrection," "The Christ of the Ages."

## PHONE WARNINGS CAUSE ANXIETY

AT COUNTY JAIL. ANONYMOUS MESSAGES REPORT THAT A LYNCHING BEE WAS TO BE STAGED.

Anonymous telephone messages were received at the Berrien county jail Tuesday evening that a body of 500 members of the Klu Klux Klan were hurrying to the jail to lynch Roy Conway and Herbert Ford, the negroes who last Saturday evening are alleged to have outraged Pauline Wilson, of Dowagiac, in Hall Park, Benton Harbor, after robbing her companion, Harold Daily. More than half a dozen such messages were received. After two or three anonymous messages had been received four men drove up to the county jail in an automobile. Two of them left the car, entered the office and offered Deputy Kieft a large roll of bills to turn over the two negro prisoners to them. These men appeared to be slightly under the influence of liquor. They declared a large number of Berrien county citizens were ready to storm the jail and take the negroes out if they were not delivered peacefully. They left when told the negroes would remain in their cells all night.

One of the mysterious telephone calls, it is reported, was traced to Stevensville, and the mysterious person talking to the jail declared 500 Kluxers were coming from Detroit on a lynch mob.

Conway's mother visited him at the jail early in the evening. Her visit with the accused son was pathetic, and she fainted as she was leaving. She was revived by friends and was taken away in an automobile. Although it is not considered likely that any attack will be made upon the jail, the St. Joseph Herald-Press states that extra precautions are to be taken to be ready for emergency. The deputies at the jail declared they would resist to the utmost any attempt to take the negroes from the bastille.

## SHED DEMOLISHED BY RUNAWAY CARS

ON PERE MARQUETTE SWITCH NEAR THE PEARS-EAST MILL WEDNESDAY AFTERNOON CARS DAMAGED.

A string of cars on the Pere Marquette switch started down grade towards the center of town, Wednesday afternoon, and the speed gained was sufficient to run two of the cars off the end of the track and through a shed belonging to Harry Boyce, completely demolishing the structure. The cars were torn off their trucks and piled up a considerable distance beyond the track terminal, separating the shed and scattering the contents of heavy lumber. Fortunately no one was near when the crash came. Considerable damage was caused both to the railroad company and Mr. Boyce. The cars wrecked were if the large dongola type, one of which belonged to the Cincinnati Northern and the other to the Big Four Companies.

A similar accident, of less destructive results, happened in the same manner and at the same place last year.

SON OF MAIL CARRIER SHOT BY EMPLOYER

Malcom Follett, son of Morley Follett, a St. Joseph mail carrier, was shot and killed by his employer, Charles Runions, a photographer and farmer residing near Watertown, N. Y. Runions, after firing the fatal shot into his hired boy's body, placed the rifle to his own breast and shot and killed himself. It is believed by the officials that Runions was mentally unbalanced. The mother of the murder victim received a letter from her son last week in which he told of the pleasant surroundings he was enjoying at the Runions home. The young man was 18 years of age, and had been employed by Runions for several months. The body was brought to St. Joseph for burial.

## HENIOUS CRIME OF TWO NEGROES

ATTACK A YOUNG COUPLE IN PARK AT BENTON HARBOR; ROB THE MAN, OUTRAGE THE GIRL

One of the most heinous crimes ever recorded in the annals of Berrien county, occurred in Benton Harbor Saturday evening, of which the St. Joseph Herald-Press gives the following account:  
"Two young negroes, recently from Chicago, found a young couple sitting on a bench in Hall park, held up and robbed the young man at the point of a pistol, and then outraged the young woman."  
"James Ray, 20, and Herbert Ford, 19, now are lodged in the county jail with bonds fixed at \$50,000 each. They are charged with two offenses, highway robbery and rape."  
"Pauline Wilson, 19, of Dowagiac, was the victim of the outrage. For some time she has been keeping company with Harold Daily, 20, who resides with his parents on a farm on east Britain avenue, Benton Harbor. Last winter the girl worked in Carr's bakery. She had come back to Benton Harbor to go to work Monday at the Atlantic & Pacific grocery store, and had taken a room at the home of Mr. and Mrs. Charles Castle, 373 Cedar street, Benton Harbor.

"Saturday night the young couple went to spend the evening together. They walked to the park, which lies at the foot of Morton hill off East Main street. About 9 o'clock, as they sat on a bench, two young negroes approached, one very large and one rather small. The big negro held a revolver on Daily, while his companion went through the young white man's pockets. The negroes obtained \$1.00 from the robbery."  
"Then the big negro, Ray, gave the pistol to Ford who held Daily under cover of the weapon. The girl was thrown to the ground and outraged by Ray, while the girl's sweetheart was compelled to look on."  
"Daily, grief stricken, suddenly bolted to get help. The negro, Ford, fired a shot at the fleeing youth. Then he turned to the helpless girl and said, 'It's my turn now.' At that moment some persons walking on the brow of the hill frightened the negroes from the second contemplated attack upon the young woman. They fled.

"A few moments later Daily, accompanied by Night Chief of Police Clyde Sink and Patrolman George Lotka, returned to the scene and took up the hunt for the blacks. Ford was found hiding in a shed in a coal yard. Ray was apprehended a few minutes later as he was walking out of town on the Big Four railroad tracks."  
Monday morning when arraigned before Justice Elizabeth Porhan, in Benton Harbor, the negroes were sulky. Ray, who succeeded in outraging the young woman, plainly was defiant. They waived examination on the two charges and were held for trial in circuit court. The crime carries a maximum penalty of life in the penitentiary.  
"The two negroes have been in this vicinity for about six months. Recently they have been employed by the Northern Construction company, paving Ship street in St. Joseph.

Harold Tolbert spent Friday with his parents in Jones, Mich.

## ARRESTED FOR SHOOTING ROBINS

AND MOURNING DOVES. LOCAL LAD SENT BEFORE PROBATE JUDGE FOR THE KILLING OF BIRD SONG.

A Buchanan boy, whose name was withheld, was arrested Wednesday morning and taken before Justice of Peace Rex Lamb on the charge of shooting robins and mourning doves. Owing to the boy's age the case did not come under the jurisdiction of the Justice's court, and was referred to the Probate Judge.  
It might be well to warn boys who may have been in the habit of shooting robins or doves, or any other species listed in the song bird class, that the minimum fine is \$10 and costs, and the law provides also that a jail sentence may be imposed.

Harry Boyce was in Battle Creek on business Wednesday.

## BERRIEN SPRINGS GETS COLD FEET

AND CANCELS THEIR ENGAGEMENT WITH THE BLUES. NEW TROY WILL PLAY HERE SUNDAY.

Owing to the fact that the Berrien Springs ball team cancelled their engagement with the Buchanan Blues for next Sunday it was necessary for the management to arrange for another team, and the New Troy team was finally booked to take the place of Berrien Springs quitters. Just what caused the sudden attack of cold feet on the part of the Berrien Springs outfit is not known, as the only excuse given was they would not be able to get their players together. Some of the local ball fans are of the opinion that they hesitated to leave their home grounds for fear that their winning streak might be shattered, especially since the Blues have been winning games from faster teams than the Berrien Springs aggregation. The Blues had the courage to meet them on their home grounds and received one of their two defeats of the season, and owing to the large attendance of Buchanan rooters the game proved very profitable from a financial standpoint for the Berrien Springs team, but it seems that their nerve failed them when it came time to play a return game.

It is reported that New Troy has a strong team and a good game may be expected Sunday afternoon. All lovers of base ball are requested to be present at Liberty Heights park, at 2:30, and witness a well-played and exciting contest.

The New Troy line-up will be as follows: Ward Richter, 2nd; Bill Duddels, ss; Leland Crawford, 1b; Tie Esbeck, cf; Roy Granis, 3b; Bob Liska, cf; Cliff Harris, rf; Dean Morley, c; Chas. Mollari, p; Harold Larson, Tom Terrell, Albert Schaffer, utility.

## A FIERY CROSS WAS BURNED HERE

DEWEY AVE. SCHOOL GROUNDS THE SCENE OF NO LITTLE EXCITEMENT TUESDAY EVENING

Residents in the vicinity of the Dewey avenue school grounds were greatly surprised and not a little excited, about 9 o'clock Tuesday evening, when a large burning cross was noticed on the school premises. The cross was constructed of wood, and was about six feet in height with a cross bar of about four feet in length. It was entirely covered with bluplay and soaked with oil, so that the application of a match was soon followed with a fire covering the entire structure. People living in that vicinity noticed men in a Ford truck stop at the school lot and before they realized what was going on, the cross was stationed and in flames, and the men had disappeared.  
This is the first outward evidence of the existence of the Ku Klux-Klan in Buchanan, although it has been known for some time that quiet work favorable to the Klan had been going on in this and other communities of this locality. Whether the burning of the cross signifies that an organization has been effected here, is not a matter of public knowledge.

## LOWELLE E. BOYCE DIED AT HOSPITAL

FROM PERITONITIS FOLLOWING AN OPERATION FOR APPENDICITIS. RESIDENT OF GLENDORA

Lowell E. Boyce, 22, son of Mr. and Mrs. George Boyce, of Glendora, died at Clark hospital, Tuesday evening, at 5:30 o'clock, from peritonitis following an operation for appendicitis last week, and was operated on Friday night. His condition was found to be such that little hope was entertained for his recovery.  
Deceased was a young man of good standing in the community in which he lived, and his death came as a shock to his parents, three sisters, two brothers, and many friends.  
Mr. Boyce was a graduate of the Galien High school and attended the Western Normal school at Kalamazoo. He taught the Waldron school for the past two terms and had intended to teach next term at Hill's Corners school. He was a member of the Galien base ball team, and was the second member of that organization to answer the death summons this week, the other being that of Guy Matthews who was drowned in Lake Michigan, near Sawyer, Sunday afternoon.

## COTTON BLOSSOM SINGERS AT KIWANIS MEETING MONDAY

NILES REVISES BUS TIRE REGULATIONS

The Niles city council, at their meeting Tuesday evening, directed the police to prevent tractors or other unusually heavy vehicles from passing over city pavements. The lugs must be removed from the tractors or the owner must lay wooden planks in the path they are to take. The bus ordinance was again revised and gives permission to use pneumatic or semi-pneumatic tires. A speed of 10 miles in the business district and 12 miles in the residential district will be enforced.

## SHILOH BEAUTY DESERTS CULT

PURNELL'S DARLING AND DEFENDER GOES EAST WITH HANDSOME LONG-HAIRED HUSBAND

Benton Harbor, Mich., July 25.—Harriet Baushke Walker, "darling" of the House of David colony and defender of Benjamin Purnell in the series of court attacks on him, has left the long-haired cult with her husband and another couple, relatives here revealed. They have gone to Rochester, N. Y., to live, it was said. No reason was given.  
This announcement came on the heels of a persistent rumor that five young men of the colony packed up their worldly possessions last week and went to Niles, where they are said to have monopolized the activities of a barber shop for the entire afternoon. Still other defections from the colony have been rumored. In both the trial of the \$80,000 damage suit of John W. Hansel, against the cult in Grand Rapids, and the grand jury investigation by Judge Harry J. Dingeman at St. Joseph, Mrs. Walker was a staunch defender of Purnell and his acolytes. She and her husband were spoken of as the happiest and handsomest couple in the colony.  
At Grand Rapids, her flamboyant person stood out in sharp contrast to the long drab lines of sallow women who had testified in the cult's favor. She appeared in the court room attired in the very latest creation of a forward-looking modiste, with shiny radio boots, with carmine lips and cheeks, and high-held head. Her manner on the stand was "flip" in the extreme.  
Mrs. Walker denied emphatically and shrilly all charges against the moral character of Purnell, the self-styled "Seventh Messenger Angel." Even more shrill and emphatic was her denial of the charge that Purnell bought her clothes.  
Other witnesses had testified that she, together with "Toots" Sassman James, were the favorites of "King" Benjamin's Shiloh harem. It was claimed that they were exempted from the soul-warping labor which other women of the colony were forced to perform; that they were lodged in Shiloh close to the quarters of Purnell himself; that they accompanied him on "missionary" trips to neighboring cities, where Purnell spread the mystic meaningless rigmaleole contained in the hallowed "Seven Stars" books.  
Some of this the girl admitted. Most of it she denied. She did admit that she headed off her cousin, Helen Baushke Couch, at the railroad station on her way to Grand Rapids, and attempted to dissuade her from testifying at the trial. Her attempt was unsuccessful. Mrs. Couch gave testimony particularly damaging to the pretensions of Purnell.  
It is reported by relatives here that when Mrs. Walker and her husband, Otis Walker, formerly a conductor on the street car line which connects the House of David with the heart of Benton Harbor, left the colony, they renounced the faith entirely, as did Linus Schutz and his wife, who are said to have accompanied them.  
Mrs. Walker's mother left the colony many years ago. The husband stayed, and kept the daughter with him. The mother has visited her daughter here on several occasions, and it is known that she has tried for years to alienate the girl from the colony.

## STATE MOVES TO SPEND \$380,000 AT BOY SCHOOL

Lansing, Mich., July 24.—Following the recent Supreme Court decision upholding its right to retain the State Industrial School for Boys on its present site in Lansing, the State Administrative Board authorized the construction of four new cottages at about \$80,000 apiece. It also approved the expenditure of \$60,000 for improving the school's industries and some minor improvements.

KIWANIANS AND LADIES WILL DINE AT TOURIST CAMP AT 6:30. PUBLIC INVITED TO PROGRAM AT 7:30

The entertainment committees of the Kiwanis Club has arranged for a program of exceptional merit at the regular meeting next Monday evening, when the Cotton Blossom Singers, a sextette of boys and girls from the Piney Woods School, Braxton, Miss., will give a program of southern plantation, spiritual and folk songs.

Each member of the Kiwanis Club, accompanied by his wife or some other lady is expected to be present at the Free Tourist Camp promptly at 6:30, bringing with them their knife, fork, spoon and cup, and Chef Portz will serve dinner for the occasion. Members who will be unable to attend are expected to notify Mr. Portz before noon on Monday, or they will be assessed the price of two dinners, \$1.00.

At 7:30 o'clock the program of the Cotton Blossom Singers will be given, and the general public is invited to be present. In case of inclement weather the dinner and program will be given in the basement of the Presbyterian church.

The Piney Woods Country Life School, of Braxton, Miss., for training colored young men and women in Christianity, character and service, was organized in 1910, under the Pine trees of South Mississippi, without money, land or friends, by Laurence C. Jones, the present principal, and first colored graduate of the Marshalltown, Ia., High school. During the past ten years the institution has had a wonderful growth.

The sextette of boys and girls from this school, accompanied by Prof. Jones, are traveling overland by auto to give the public an opportunity to hear the singers and learn something of the work the school is engaged in. The program will include the following songs: "It's Me, It's Me, Oh Lord," "Lord, I want to Be a Christian," "You Better Mind," "King Jesus is a Listening for My Lord," "Better Get You Ready," "Let's Go Down to Jordan," "A Little Talk with Jesus Makes it All Right," "Little David Play on Your Harp," "Toll the Bell," "Cotton Picking Song," "Sunnee," "Honeytown."

This part of the program will be followed by a short talk by Laurence C. Jones, founder and principal of the Piney Woods School, and several song selections will then conclude the program.

Don't forget that the general public is invited to attend the program which begins at 7:30 o'clock.

## POPULARITY OF THE BAND CONCERTS CONTINUES

The crowd at the band concert on Wednesday evening was thought by many to be the largest that has been in attendance at the weekly event during the season. The generous outpouring of the people of this city and the surrounding country was added to materially by visitors from neighboring towns and cities. Quite a number of Indiana machines were noticed among those parked on the various streets in the vicinity of the band stand. The concert was up to the usual high standard, and apparently greatly enjoyed by the immense crowd of listeners. The cornet solo by John Hess, "Twilight Dreams," was a feature of the concert, and the appreciation of the audience was shown by the tremendous applause, and the popular cornetist cheerfully responded to the encore.

## MID-SUMMER BRIDGE PARTY WEDNESDAY AFTERNOON

A company of ladies were delightfully entertained at a mid-summer bridge party Wednesday afternoon, by Mrs. H. F. Kingery and Mrs. R. H. Kingery, at the Kingery home on Moccasin avenue. The rooms were decorated with garden and woods flowers and with the pretty gowns of the guests, made a pleasing picture. Eleven tables were filled and honors were won by Mrs. H. O. Weaver, Mrs. P. B. Friday of Niles, winning the guest prize. Mrs. W. E. Sanders of South Bend, Mrs. Walter Noble and Mrs. P. B. Friday of Niles were the guests from out of town.

## OPEN AIR SERVICES

Don't forget the third in the series of special open air services held at Kathryn Park by the Advent Christian church, next Sunday evening at 6:30, weather permitting. Those who have attended speak very highly of these services and some have expressed the wish that they might be continued "until snow flies." Be on hand next Sunday evening if possible. Services close at 7:30 giving those who wish to attend services elsewhere the opportunity.

**PREDICT RECORD FARM DAY CROWD AT M. A. C.**

East Lansing, Jul 26.—With unusually adverse weather conditions seen as the only possible factor which could interfere with a record attendance at the annual summer Farmers Day at M. A. C. on Friday, July 27, college officials are predicting that the largest crowd in the history of the conferences will gather this year.

Doubled seating capacity for the outdoor meeting, extra guides for the experimental plats, and parking spaces to accommodate thousands of cars have been provided for the expected crowd.

A portion of the college campus with water and other camping conveniences available, has been thrown open for parties who drive in from long distances and want to camp out over night before returning home.

Women will have their own headquarters during the day in the college women's building, where tea will be served by the home economics staff in the afternoon. Children will have a special session of games during the afternoon under the direction of R. A. Turned, state leader of boys and girls club work.

Special features of the day, in addition to the big outdoor meeting in the afternoon, will be a special livestock parade, a band concert, basket picnic lunches, conferences, agricultural exhibits, and inspection of the extensive M. A. C. experimental plats and livestock equipment.

**SUNDAY SCHOOL CAMP FOR BOYS AND GIRLS**

The ninth season of the Berrien County Sunday School Association Camp for boys and girls will be conducted at the new home at Pottawatomie Park. Eight most successful years of camp activities have proven the great value of the movement to the boys and girls of Berrien county. Parents can send their boy or girl to Camp Warren and know that they are perfectly safe and under constant supervision of the leaders, all of whom are Christian men and women. There will be an adult leader in every cottage. Camp Warren is not a dividend paying institution, financially, as it is run on an actual cost basis, but does pay large dividends in the way of Christian citizenship.

Camp Warren is situated six miles north of Benton Harbor on the east shore of Lake Michigan. The site is ideal; there are thirty acres of ground with a thousand feet of lake frontage with a beautiful sandy beach.

Athens, July 23.—A crisis in the foreign operation of the American women's hospital has been precipitated by the resignation of Dr. Mabel Elliot of Benton Harbor, Mich., field director in the hospital's extensive medical work in Greece.

In a statement to the Greek government Dr. Elliott says her resignation was forced by the persistent interference of the governing in the local administration or relief work. Several nurses are expected to resign in consequence of the resignation of Dr. Elliott.

**FED THE SWINE AND HIMSELF**

**WHILE HE STARVED AND BEAT HIS WIFE AND FAMILY OF TWELVE CHILDREN, THE MEANEST MAN.**

A press story from Van Wert, O., tells of the meanest man outside of jail. His name is George Hight, and his place of residence is on a farm in Van Wert county, Ohio. He was arrested a few days ago for beating his 16-year-old daughter, and his family of twelve children were brought into court, and neighbors gave voluntary testimony as to Hight's brutality. With the exception of the oldest girl, whose terrible beating had aroused the neighborhood, none of the children had ever been brought to town, none had ever had sufficient food and for the first time in their lives the children were given a taste of ice cream cones, by the bystanders in the court who were moved to pity by the deplorable family conditions.

Hight's wife appeared in court with a black eye and bruised cheek, the result of a beating administered by the husband. The children and their mother lived upon scant supplies of corn meal doled out by the father, who maintained a good garden for himself and threatened further beatings for his family because they stole the outside cabbage leaves when he was out of sight. Hight always kept for himself a bountiful supply of bread and meat and other foodstuffs under lock and key, which he compelled his wife to cook, but permitted none of this food to go to the children.

The Hight house had to be entered by crawling through a hole in the door, and it was almost roofless and bare of furniture, while the live stock was provided with a well painted barn, and there was a brand new hog house on the farm for the swine. The husband and father exercised good care for his hogs and other livestock, but subjected his wife and children to starvation and cruelty such as is seldom or never met with on the part of a husband or parent.

After Hight had been bound over to court he began to weaken, and promised to lodge his family in the new barn, turn over the key to the food and clothing supplies and build a new house if the court would grant him leniency.

BIG CITIES NOT UNHEALTHFUL

Large Centers of Population Even Have Certain Advantages Over the Country Villages.

From the standpoint of health there is a strong prejudice in favor of country life, and city dwellers sometimes wonder why country people whom they know, do not look more robust. As a matter of fact there are certain advantages along the lines of bodily welfare which the modern city will offer the country. The country the air is of course purer. The exercise is beneficial which the countryman is obliged to take in the absence of the buses and tram cars which are all too handy to the city man. The more natural hours which the lack of artificial light imposes in the country is conducive to health, as is also the lesser nervous strain of rural life and the absence of crowds, which greatly reduce the chances of infection. Against this the modern town can boast a perfect water supply and good sanitation, a regular inspection of food, and a health department ready to cope intelligently with an outbreak of disease. Few small country houses are equipped with baths, but the townsman has at any rate his public-baths. Years ago when our great cities were growing up haphazard, they were so bad that the country under almost any circumstances was far healthier. Today, however, with town planning and changed industrial conditions many of the larger cities have a death rate extremely low in comparison with the villages.—Montreal Family Herald.

Wit and Beauty.  
The late Guy Barham, who was a leading figure in the public life of Los Angeles, had a well-merited reputation for wit.  
At a dinner party one evening Mr. Barham sat beside a lady whose neck and shoulders were very beautiful. Proud of their beauty, the lady always wore a wide-brimmed hat with long ribbons, but she would modify or veil this coquetry by means of a spray of or-lids which, however, had more than once been known to fall out of place.  
And now, between the soup and the fish, the orchids, as their habit was, dropped to the floor. Mr. Barham picked them up and restored them to the beautiful lady.  
"Your fig leaf, madam," he said.

STATE FAIR RACES PRAISED BY EXPERT

Frank S. Cooke, veteran Detroit newspaperman, a race expert and for many years a writer on racing subjects, in the following article describes the splendid program that Secretary-Manager George W. Dickinson has prepared for the Michigan State Fair, which will be held in Detroit from August 31 to September 9. This authoritative view of the racing program should be of interest to all lovers of the sport.

Patrons of the Michigan state fair who like light harness racing will have an opportunity this year of seeing the very best in the world on the mile track where so many brilliant contests were held in the days that the grand circuit stopped in Detroit.

Re-entry of the state fair into mile track racing has been done in a most pretentious way. Instead of figuring that anything is good enough for the fair-goers the management came out and announced that nothing is too good for the people who annually make Detroit their Mecca during the first week of September.  
The race card, built around lines as liberal as those of the average grand circuit meeting, calls for the distribution of about \$30,000 among the winners. That would seem to be enough, but in addition Peter Manning, the greatest trotter in the history of the turf, is engaged to try and lower the Michigan record on Tuesday, September 4, day and track being suitable for the event.  
Coming of Peter Manning to Michigan turns back the pages of the chronicles of the sport three generations. In Kalamazoo in the early nineties was foaled a colt which was named Peter the Great. He raced to fame and after retirement he became the greatest of all trotting stallions. One of his sons, that won a heat on the state fair-track some years back and could not go on because he was short of work, was called Azoff. Subsequent injury retired that colt to the farm and Peter Manning is his most notable son.  
So the coming of Peter Manning will refresh the memories of those who are balding gray and recall the lame stallion Pilot Medium, which was at Battle Creek. Pilot Medium got Peter the Great, and some other prominent trotters. So Michigan

Strange Experience.

One day as I was about to enter a dry goods store I found a dollar bill, which I turned over to the cashier. A few minutes later, while standing at the counter of a grocery store, a woman next to me dropped a dollar bill. I picked it up and handed it to her. "Oh," she said, "I've already lost one bill this afternoon." Thus was I, a stranger, able to aid her in the recovery of \$2 that day.—Exchange.

Forest Land in United States.

Including burned and cut-over areas and abandoned fields that once grew timber, one-third of the soil of the United States is forest land, says the forest service, United States Department of Agriculture. Three-fourths of this land lies in the Mississippi valley and eastward to the Atlantic coast in the states having the densest population and the largest consumption of timber products.

Old-Time "Church Ales."

This was the predecessor of the church or village fair. It was a festival held upon some anniversary or annually. In England the gathering was in the churchyard or near the church, and the beverage served was ale.

Red Gum Wood Popular.

One of the most diversified woods in the world is the increasingly popular red gum wood, which is being extensively used for furniture, church fixtures and hospitals.

The Useful Hawk.  
There is a long list of hawks in the country, and the sparrow hawk is the smallest of the family. In so far as our interests are concerned, it is a most useful bird, for it feeds on mice, on not a few insect pests, as crickets and grasshoppers; also on spiders and the rest.—Nature Magazine.

The sudden death of Pete Persons at Dowagiac, last Friday, marks the passing of one of the few surviving members of the Potawatomi Indian tribe, in this vicinity. He was found dead in bed last Friday morning, and the remains were buried in the Indian burial ground near that place.

### DEMONSTRATION OF FIRE ENGINE HERE WEDNESDAY

A representative of a Logansport, Ind., firm had one of its fire trucks here for demonstration, Wednesday evening. The demonstration was reported to be very satisfactory by the fire department members, and the engine's capacity of 300 pounds pressure per minute was easily maintained. The local fire department is at present without an engine and must depend upon the water works pressure for fire protection, which, in some parts of town on account of the high elevation, is considered inadequate. There has been some talk of the need of additional equipment but no action has been taken by the village council, and the matter may come up for consideration at the next meeting.

### GIRLS BREAK THE DANCING RECORD

### WORLD'S RECORD FOR GIRLS PASSED BY MISSES KNOTT AND WHISMAN AT 10:30 FRIDAY MORNING

Misses Luana Whisman and Dorothy Knott, who started marathon dancing at Edgewood Beach, Barron Lake, at 10:30 o'clock, last Saturday evening, passed the world's record for girls at 10:30 this morning, and expected to keep going until Saturday night at 10:30, thus breaking the world's record for men. While the present home of both the girls is at Niles, Miss Whisman is really a Buchanan girl, having lived here all her life until within the past two or three years. Information was received from Barron lake by the Record shortly after 10:30 this morning that the girls were both feeling fairly good at the time they passed the record and were confident that they would be able to continue until the record of 205 hours has been passed. The dance is attracting enormous crowds to the lake resort each day and evening, the average daily attendance being estimated at 2500.

### THE GREAT PATTERSON SHOWS ALL NEXT WEEK.

The Great Patterson shows are coming to Buchanan from Dowagiac next Sunday, with the largest and cleanest shows now traveling. The shows travel on their own special train of 25 cars, and carry 250 people, 16 high-class shows, 8 rides, 2 bands. They are showing in Dowagiac this week and are pleasing and satisfying everyone. They will show the entire week here under the auspices of Ralph Rumbaugh Post, American Legion, which organization will receive a percent on every dollar of the show's gross receipts.

This company carries no girl shows nor dancing villages, and everything is strictly clean and first-class. A few of their shows include the Society Circus, trained horses, ponies, dogs, goats, funny clowns, and wire acts operated by the Ranft family, of Niles; the motor dome, where they thrill you. Mille Loraine rides and drives an automobile on the sides of a straight up and down wall; the fun houses; the 10 in 1; speedway, minstrel show; juggle and show; vaudeville show, and other high-class shows.

They will show on North Main street, in the Burkhardt addition, all next week.

### CLASS OF 1897 HOLDS REUNION AT HIGH SCHOOL

The class of 1897, Buchanan High school, held a very pleasant reunion at the High school grounds, Thursday evening, which was attended by twenty-four class members and their families. A potluck supper was served. The welcome address was given by Mrs. Mable Walton, of Niles, which was responded to by Roland E. Barr, of St. Joseph. Miss M. Phenix Baker, of Milwaukee, who is specializing in music, gave vocal selections, which were highly appreciated. The reunion was greatly enjoyed by all in attendance, and it was decided to hold the next meeting in two years. Those present from a distance were: Miss M. Phenix Baker, Milwaukee, Wis., Mr. and Mrs. Frank Der and family, of Benton Harbor; Mr. and Mrs. Rolland E. Barr and family, of St. Joseph; Mr. and Mrs. Rolland Montague, of South Bend.

### RIVERSIDE CAMP MEETING OPENS THURSDAY, AUG 16.

Riverside Camp meeting of the Evangelical church will open Thursday, August 16 and close Sunday evening, August 26. Among the special speakers for the meeting will be Evangelist Harry W. Von Bruck, of Chicago; Dr. C. H. Stauffer, of Cedar Rapids, Iowa; Dr. A. E. Hagen, of Cleveland, Ohio. The singing will be in charge of Rev. R. T. Daeschner, of Preston, Neb. Missionary Day will be observed, and Rev. A. E. Gunter, a missionary on furlough from Africa, will be the speaker. The members of the local Evangelical church are pleased that there will be no interference with the Chautauqua dates this year.

### UPHOLSTERED CHAIRS.

To make the leather upholstered chairs look like new, thoroughly remove all dust, using a brush for the tufted furniture, before applying a dressing. This is necessary to prevent that streaky, blurred appearance. Mix equal parts of boiled linseed oil and turpentine (or vinegar) and apply with a piece of soft flannel; then polish with another flannel cloth.

### "Hard" and "Soft" Maple.

Maple is both "hard" and "soft." The former is in demand wherever resistance and great strength are required, as for meat boards, chopping bowls, rolling pins, etc. Soft maple is employed in making handles, butter bowls and ironing boards.

### Definition of Great Novel.

A truly great novel, says John Middleton Murry, in the Yale Review, is a tale to the simple, a parable to the wise, and a direct revelation of reality in the light of a unique consciousness to the man who has made it his own.

### DISTRICT CAMP MEETING AT CRYSTAL SPRINGS

The Niles District camp meeting of the Methodist Episcopal church is now in session at Crystal Springs and will continue until August 5 inclusive. ### OPEN CONVICT CAMP AT GALESBURG SOON

Lansing, July 24.—Representatives of the state administration board have practically completed arrangements for the new road camp that will be opened at Galesburg within the next few days. The tents which were sent over there a few days ago are now being set up and the camp made ready for the convicts who will be used in constructing the road.

The state proposes to place about 50 men at work on the highway that will furnish the connecting link between Battle Creek and Kalamazoo. The contract was let for this road last year and about a mile and a half of it completed. The contracting firm was unable to finish the job.

### RESOLUTIONS OF RESPECT

In memory of Harold Sprague Hiller, who died July 20, 1913.

Once again death hath summoned a Brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him to his home.

He has completed his work in the ministering to the wants of the afflicted, in shedding light into darkened souls and in bringing joy into the places of misery, and as his reward has received the plaudits, "well done," from the Supreme Master.

AND WHEREAS, The all-wise and merciful Father has called our beloved and respected brother home,

AND WHEREAS, He having been a true and faithful brother of our Mystic Order, therefore, be it

RESOLVED, That Buchanan Lodge, No. 75, I. O. O. F., Buchanan, Michigan, in testimony of her loss, tenders to the family of the deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

Roy A. Pierce,  
C. W. Ellis,  
H. E. Squires,  
Committee.

### Turn Hogs Into Corn Fields.

Corn is the most important crop in the United States, both in acreage and in value. The quantity of yield is greatly influenced by the quality of the seed planted, says the United States Department of Agriculture. A practical way to decrease the cost of harvesting the crop is to be fed to hogs to let the hogs do the harrowing or "hogging down" by turning them into the fields in the fall.

### Truth in Legends.

Legends do not just originate out of thin air. They all have a sound basis of fact beneath them. The more many of them are studied the truer their details appear, although fanciful in the extreme in the telling.

### He Meant All Right.

"An old darky retainer of ours," writes a southern correspondent, "said to the daughter of the house one morning after her coming-out ball: 'Mah goodness, Miss Mary, you sho' did look sweet las' night. My! I hardly knowed you. Dere wasn't a thing about you dat looked nachel.'"—Boston Evening Transcript.

### The Atmosphere.

In 530 B. C. Anaximenes referred to the air as a deity, the primary cause of everything. Galileo, in 1564, discovered that its pressure was 15 pounds to the square inch. Torricelli invented the barometer in 1643.

### Peculiar Relationship.

In speaking of an only child, I mentioned the fact that it must be very lonely for him, to which remark my young listener made answer: "He don't get lonesome; don't you know he's got a dog brother?"—Exchange.

### Everybody Knows How.

"Have you ever noticed," asks the Maryville, Mo., Democrat-Forum, "how everybody knows how everybody else should do something?"

### Twist Your Tongue Over This.

Aristophanes invented a word of 75 syllables to describe a dish compounded of fish, flesh and fowl. Mark Twain in his protest against the German language says that the arrays of syllable ending in "Versammlungen" were not words but alphabetical processes. Now comes boldly forward a Swedish chemist who has given the name "trinitropermethylol" to a disinfectant he has invented.

### A Neat Stereroom.

One housewife has utilized her faded, discarded window shades by hanging them above the open shelves of her storeroom. They not only keep out the dust but how much nearer her room looks than the average storeroom, without a miscellaneous collection greeting your eyes as the door is opened.

### First Incubation of Eggs.

Eggs were first incubated in England by a charcoal fire and under a cotton covering.

The funeral of the late Guy Mathews was held Wednesday afternoon at the Saints church, which was largely attended. Deceased was born in this city. He is also survived by his parents, sister and brother. Rev. Morrison, formerly pastor of Galien, but now at Three Oaks, officiated. Interment in the Galien cemetery.

A pull of gloom descended upon our community Tuesday evening, July 21, when the sad news was passed over the telephone that Lowell Boyce, one of our most worthy and highly esteemed young men, had departed this life. Lowell was operated in at the Clark hospital last Saturday. Everything that medical skill and tender nursing could possibly do was brought to bear upon his case, but to no avail, and his immortal spirit quit its earthly abode and winged its way to that realm "where the wicked cease from troubling and the weary are at rest," at the time above given.
