BUCHANAN, MICHIGAN, FRIDAY, JULY 25, 1924.

NUMBER 29B

CARS COLLIDE AT HIGHWAY CORNER

FORD WITH SEVEN OCCUPANTS
AND WILLYS-KNIGHT CON-
TAINING FOUR, COLLIDE
ON THE GALIEN ROAD.

Two automobiles came together with considerable force at the turn in the Galien road at the Bakertown cemetery, Wednesday afternoon, with rather serious consequences. Ed. Hooven with his wife and five children were driving from Detroit to Kenosha, Wis., in a Ford. They had passed through Buchanan and were driving towards Galien. As he approached the turn in the road at the Bakertown cemetery Mr. Hooven stated that the sun blinded him, and he stopped his car and waited long enough to make sure that other cars were not rounding the corner from the opposite direction. Mr. Hooven had completed the turn at the corner and was on straight road when he noticed a Willys-Knight machine coming towards him, and before either of the drivers had time to change their course the machines came together with terrific force. The Willys-Knight machine was occupied by a Chicago man, his mother, and two girls. One of the girls in this machine sustained cuts about the face and head, and the others were severely shaken up. Mr. Hooven's little son, probably six years of age, was thrown from the machine and nearly across the road by the impact. He received a severe cut in the forehead. The other members of the family escaped injury.

The two parties came to Buchanan for medical assistance, and the wounds of the injured girl and boy were dressed by Dr. Snowden. The Willys-Knight had its bumper torn off, the running board and door damaged; while Mr. Hooven's Ford had one of the front wheels torn off, a spring broken, and was otherwise damaged. The Chicago people continued their journey, going from here to Niles, shortly after the accident while the Hooven family remained in Buchanan until the necessary repairs could be made on the machine.

CAMP MEETING AT CRYSTAL SPRINGS

AN UNUSUAL ARRAY OF TALENT
SECURED FOR THE SEASON
OF 1924, WHICH OPENS
NEXT THURSDAY.

The Crystal Springs camp meeting commences next Thursday, July 31st, with an evening session, and will close Sunday, August 10.

An unusual array of talent has been secured for the season of 1924, and the management has certainly been fortunate in securing such high class speakers, among whom will be found Rev. E. Stanley Jones, D. D., of India, Methodism's outstanding evangelist; Rev. Harold Paul Sloan, of New Jersey, a great preacher; Dr. Ida Kahn, China's wonderful physician and surgeon; Geraldine Townsend, Michigan Leaguers representative in China. There will be no admission fee this year, and a cordial invitation is extended to the public.

GLENER PICNIC AT THE BERTRAND GROVE

Brook Valley, Arbor, Ancient Order of Glensers, will hold a picnic in the grove at the Bertrand Town Hall, on Saturday, August 2. A pot luck dinner will be served at 12 o'clock. Prizes will be awarded in a number of contests, including horseshoe pitching, guessing contests, boys' races, girls' races, baby contest, men's and ladies' races, ladies' peeling contest, men's dressing contest, men's three-legged race, ladies' nail driving contest, and other contests and amusements. A large crowd is expected and a good time is assured all who attend.

Mr. and Mrs. Jack Wilson, of Jackson, were guests Monday and Tuesday at the home of their aunt, Mrs. James Patterson.

VICTIM OF ACCIDENT BURIED IN OAK RIDGE

The remains of Arthur Paramor, the unknown bricklayer who was killed by falling from a Michigan Central train, west of town, last Sunday, were buried in Oak Ridge cemetery this morning. Undertaker Childs waited all week for information from relatives of the unfortunate man. He received a telegram from Salt Lake City, last Tuesday night, signed by E. V. Carlson in response to an inquiry which requested that the remains be held for further instructions but no instructions having been received it was thought best to bury the body, the bricklayer's union at St. Joseph having asked that this be done and the death certificate and other papers sent to the secretary of that organization.

COMMUNITY DAY FOR BUCHANAN

CHAMBER OF COMMERCE IS
ARRANGING FOR BIG DAY OF
PLEASURE FOR PEOPLE
OF THIS VICINITY.

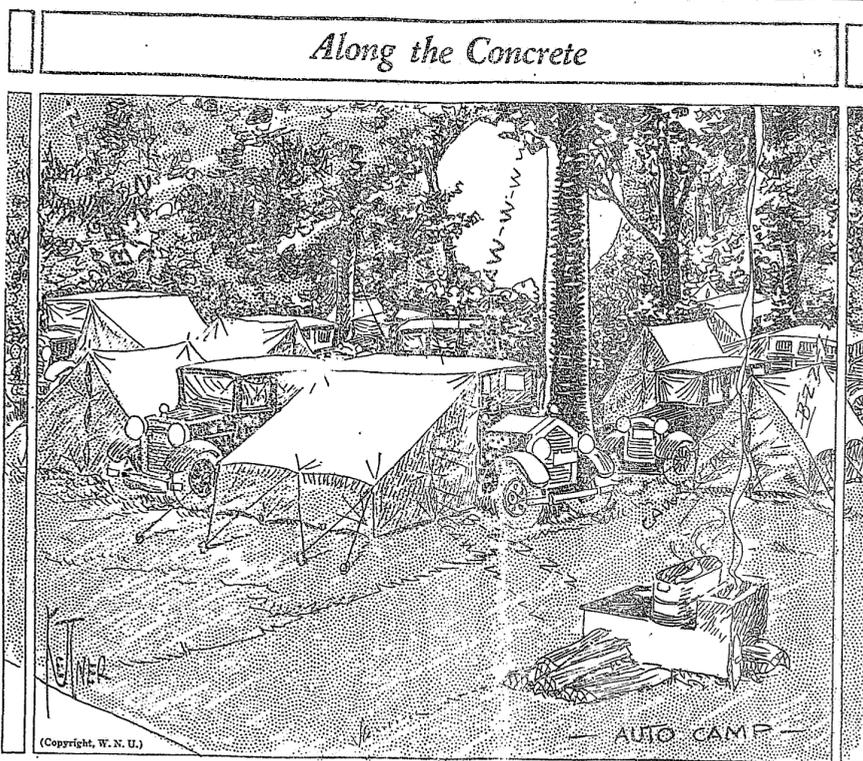

Soon after the organization of the Chamber of Commerce last Spring the announcement was made that one of the plans of the board of directors was to have a big community day in Buchanan during the present season, at which all the people of the town and surrounding territory were to be asked to participate. The original plan will be carried out and if possible on a larger basis than was at first intended. At a meeting of the board of directors of the Chamber of Commerce, Wednesday afternoon, it was decided to proceed with the arrangements for the big day, the exact date of which will be decided later, but it will no doubt be during the second week in September. It is the intention to make this the biggest affair ever held in Buchanan. It is to be a community day in the truest sense of the word, a time when the farmers and their families will be asked to join with the people of the town as one big family, and enjoy a pot luck dinner and the various amusements and entertainment arranged for by the committee. It will not be a money-making affair, as everything will be as free as the water in McCoy's creek.

The members of the various granges, churches and other societies in the rural communities are asked to take an interest in the proposed community day, make suggestions, and cooperate to the fullest extent with the Chamber of Commerce committees in carrying out the plans and making the affair the success hoped for. Games and contests will be arranged between the farmers and the villagers, and the program will be so full of stunts and games that there will not be a dull moment for anybody present. It is hoped that those present will include practically everybody within a radius of several miles around Buchanan.

No effort will be made by the merchants of Buchanan to commercialize the affair, as on this day the people are supposed to forget about business and other affairs which at any other time occupies their minds. The stores are all supposed to be closed all day. All of the business men have not been seen as yet on the store closing proposition but we doubt if there is a single one who will fail to turn his key on business and participate for one day in a real get-together meeting with his friends and neighbors of the town and country.

The occasion will be in nature of a dedication of the Community Athletic Park, which is now nearing completion and stands as a monument to the co-operative spirit of the people of the community.

The program and full particulars of the arrangements for the big day will be published from time to time in the Record, and in the meantime it is hoped that the people of town and surrounding country will make up their minds to have their names in the pot and be on hand for the purpose of having the time of their lives on Buchanan's Community day.

PROMINENT SOUTH BEND MAN DIES

FRED A. BRYAN, WELL KNOWN
IN BUCHANAN, DIED AFTER
SHORT ILLNESS, WED-
NESDAY NIGHT.

*Fred A. Bryan, a prominent business man and civic leader of South Bend, died at Epworth hospital in that city, Wednesday night, after an illness of less than a week.

Mr. Bryan was a former resident of Niles, where he was division superintendent of the Michigan Central railroad. He moved to South Bend in 1901, and became identified with the South Bend Electric Co., which afterwards became the Indiana and Michigan Electric Co. and much of the success this company has attained was due to his management and executive ability. Seeing the possibility for supplying electrical power to the entire St. Joseph Valley, Mr. Bryan began plans which called for the harnessing of the river at Twin Branch, Elkhart, Buchanan and Berrien Springs, and under his management the I. & M. became one of the leading electrical utilities of the middle west. When the controlling interest of the company was sold to the American Gas and Electric Co. Mr. Bryan was offered the general management under the new company but declined, intending to devote his time to travel and other business enterprises.

He had many friends and business acquaintances in all the towns in Southwestern Michigan. His many Buchanan friends will be grieved to learn of his death.

BASS AND BLUE GILLS LIKE MILK-FED WORMS

Anybody can tell at a glance that George Roe meant what he said when he announced that he expected to spend fifteen days in fishing, as he has returned as "brown as a berry," indicating that he put in full time angling for choice specimens of the finny tribe. George and his party had a good time and good luck. He says that the bass and blue gills in Nichols lake have a decided preference for milk-fed worms and the members of the party were fed up on fish from the time they arrived at the lake until the time was up. Walter Shoop called our attention to an abrasion near one of George's eyes brows which George thought was caused by fish-bones working out of his system. The largest bass he caught measured eighteen inches from tip to tip, but 13 1/2 inch blue gills were plentiful, and they took his bait so fast that his two-gallon supply of the milk-fed variety barely held out until the big time was over.

Lee Mathie spent yesterday in South Haven.

ALL RIGHT, LET'S GO!

Oh, Min, let's go to the ball game tomorrow afternoon. What ball game? Why, the Odd Fellows are going to play Ashby's Colts. They are going to give the entire gate receipts to the Blues to help put them on their feet again.

Capt. Ashby says he's got a team of regular bucking bronchos. Capt. Pierce says his men have all conquered the goat and don't expect any trouble in subduing the colts.

Who's goin' to play? Why Geo. Sellers, Ingelright, Gallagher, Pierce and Voorhees and several other stars for the I. O. O. F., and Proud, Peck, Smith, Bailey, Johnston, Mitchell, Ray, Simpson, Roti and Ravish make up the colts.

Admission is 25 cents and Capt. says they are going to let all the ladies in free, grand stand and all, and the game starts at 3 o'clock.

What do you say, Min? Let's go.

VETERANS MEET AT CARLISLE GROVE

ANNUAL MEETING ENJOYED BY
CIVIL WAR AND SPANISH
WAR VETERANS, WIVES,
WIDOWS, GUESTS.

At the annual picnic of the Civil War veterans held in Carlisle's grove, Thursday, there were present twenty veterans of that war and six veterans of the Spanish-American war, besides wives and widows and some invited guests.

A sumptuous pot luck dinner was enjoyed by all present, and at the conclusion of the feast the meeting was called to order by the President, who stated that the American Legion Post of Buchanan had extended to them the use of their Post room in case of rain. The president, with the consent of the meeting, instructed the secretary to extend to the veterans for the kind offer.

At the election of officers for the ensuing year John C. Dick was elected president, George Hanley, vice president; John Curtis, secretary and Adam Lyddick, treasurer.

After the election of officers Comrade Frank Rinker on behalf of the Spanish War veterans, presented Comrade Carlisle with a handsome and useful cane. The same veterans also provided five gallons of ice cream for the picnic.

After remarks and a recitation by some of the comrades, and an eloquent and patriotic address by Rev. J. J. Terry, the meeting adjourned for one year.

Mrs. C. B. Shreve, who was recently operated upon at the Clark hospital, was able to be removed to her home, Tuesday.

BASE BALL AND BAND CONCERT

THERE WILL BE MUSIC BY THE
BAND AT ATHLETIC FIELD,
PREVIOUS TO BALL GAME
NEXT SUNDAY.

The Buchanan band will give a concert at the Athletic Park, next Sunday afternoon from 2 to 3 o'clock as an additional entertainment for those who attend the base ball game between the Dowagiac team and the Buchanan Blues. It is expected that an unusually large crowd will be present to enjoy the music and also the ball game. Manager Mead informs us that the Blues will be in the pink of condition for the Sunday game and will keep the Dowagiac Indians busy throughout the entire nine innings.

Dowagiac has won the last four games played and fully expects to make the game at Buchanan its fifth consecutive victory. They are playing a faster game of baseball now than at any time this season. Niles, Decatur, Watervliet, Reliable Dairy of South Bend are listed among the victims of Dowagiac this season. Tinkham is doing most of the mound duty for them and he is well known in this part of the state. The Dowagiac lineup for next Sunday's game follows: Hamilton, 2b; Shroyer, cf; Preland, 1f; L'Amereaux, 1b; Tinkham, p; Gillett, ss; Steward, c; Collar, rf; Andrews, 3b.

Great preparations are being made for this game and the crowd at the Athletic Field will undoubtedly be the largest of the season.

MEMBER OF ORPHAN PARTY KILLED AT OUTING

A party of 200 orphans were taken from the Orphanage at Mishawaka, on four electric interurban cars from Mishawaka to St. Joseph, Monday, to enjoy a day's outing at the resort at that place. About 60 of the children had started to ride on the Caterpillar, a new riding device recently installed at the resort. The operator had just gotten the machine into motion when he noticed one of the children apparently trying to get out of one of the cars through a small opening between the seats. The motor was stopped immediately and the operator shouted for the child to get back into the car, but his foot was caught beneath a wheel of the vehicle and he was crushed to death almost instantly. The unfortunate orphan's name was Harry Lung, and he was seven years old.

Before taking the children for their free ride their superintendent instructed them to remain in their seats and not to attempt to get out. Whether the child became frightened and tried to escape from the machine, or whether in attempting to climb out and back in as a stunt was not known. The operator of the ride collapsed after the tragedy.

SPEAKER FOR NEXT KIWANIS CLUB MEETING

The regular weekly meeting of the Kiwanis club will be held at the Tourists Camp, next Monday evening, at 6:30. C. F. Schaus, of Benton Harbor, will be the speaker. A full attendance of the members is requested.

SMITH-STUART

At the residence of Mr. and Mrs. Walter Thanning, West Front street, Buchanan, Tuesday afternoon, July 22nd, Mr. Arthur Smith of Brooklyn, New York, and Miss Gladys Stuart of Grand Rapids, Michigan, were united in marriage by Rev. Wm. A. Taylor.

FEATURES OF ENTERTAINMENT

AN ENTIRE CIRCUS HAS BEEN
SECURED FOR THE BERRIEN
COUNTY FAIR AND FRUIT
FESTIVAL NEXT WEEK.

The management of the Berrien County Fair has secured for the fair that will be held at Benton Harbor next week the entire Royer Brothers Circus. The following acts are among the leading features:

The night show will be a gorgeous affair, wonderful set pieces. The sky full of booms. This will be put on by the World Amusement Co., the largest fire works concern in the world. In addition to the fire works display a number of brilliant circus acts will be shown in front of the grand stand.

Eugene Climax, the Little Aerial Wonder is to appear. She is the youngest aerial wonder before the American public and is known as the Aerial Cupid. She is a former member of the famous Eugene Family of London, England.

One of the most beautiful passing acts before the American public today are the Famous Venus-Adonis Troupe of living statuary, presenting the works of the world's greatest sculptors, featuring civilization and the Fire Fountain. A supreme feature for our night entertainment. Mlle. Venus is said to be the world's most perfect woman and is shown as the girl with the form divine.

Everybody should see the two world famed Salbini Sisters on their wonderful Rolling Globes, throwing knives, spinning ropes, Hawaiian dancing and spiral ascension. It will make you hold your breath.

Archie Royer, the oldest living active clown and acrobat will be with us at the Benton Harbor Fair. He is known the world over as the Little Superman and at the age of 63 can run 100 yards in 11 1/2 seconds and turns 6: forward somersaults from his knees to his feet with a striking force of a 1000 lbs. Archie has been principal clown with all the big circuses shows for 50 years. He keeps the crowd laughing all the time.

There is nothing as funny as the three American Ace's comedy acrobats and lightning trick scenic artists. Their chase through windows and revolving doors is a scream from start to finish. This free attraction is produced for the benefit of the young folks.

One of the Star Free attractions at the coming Benton Harbor Fair of 1924 will be the Wonder Woman Mizpah Selbini of London, England. Mrs. Selbini is a Royal Command Performer and has appeared before all the crowned heads of Europe. She is known in Big Time Vaudeville as one of the World's most versatile ladies and can do ten different acts in her own right.

OPEN AIR SERVICE

The third open air service at the Park was held last Sunday and the attendance was the largest for this season, thus far. These services are well spoken of by those who have attended and they close in time for any one wishing to attend some other services at a late hour, to do so. Song service begins promptly at six o'clock. You are invited and will be welcomed. Be on hand next Sunday, Providence permitting.

Mrs. Virginia Norris tripped and fell last Saturday while passing through the yard at her home on Day's ave. She was considerably shaken and bruised and has suffered severe pain, but is slowly improving.

HALF A MILLION IN ROAD REWARDS

NEARLY THAT AMOUNT DUE
BERRIEN COUNTY FROM THE
STATE TOWNSHIPS TO
RECEIVE \$26,924.

LANSING, July 23—Michigan's counties have more than \$6,000,000 coming to them if all state road rewards are to be paid, according to a statement of the awards due July 1, 1924. The statement was prepared by State Road Commissioner Frank Rogers for submission to a committee of the state administrative board which is considering future action upon the payments. The total is \$6,198,060.10.

Berrien and St. Clair counties, with almost a half million dollars each, are the largest amounts reported but 22 of the counties have more than \$100,000 listed as their portion.

Townships to get Awards
The committee having in charge the awards under the Covert act will make arrangements shortly to pay to the townships of the state \$376,372.07 which is due the townships. This is in excess of the amounts due counties.

The Michigan counties with more than \$100,000 on the list are: Alcona, \$105,379; Barry, \$119,820; Berrien, \$451,627; Clinton, \$101,846; Genesee, \$358,955; Huron, \$156,054; Ingham, \$123,295; Jackson, \$206,701; Kalamazoo \$314,918; Kent, \$245,005; Lapeer, \$138,682; Lenawee, \$195,890; Livingston, \$102,844; Macomb, \$170,917; Midland, \$101,017; Oakland, \$883,800; Saginaw, \$171,175; Sanilac, \$226,877; St. Clair, \$492,869; Tuscola, \$39,793; Van Buren, \$110,435; Wayne, \$344,874.

Seven Counties "Out."
While no official action was taken, conversation between members of the board while discussing the proposition indicated the counties having the smaller claims would be taken care of at an early date.

Seven counties, Alcona, Benzie, Crawford, Missaukee, Oceana, Otsego, and Roscommon, were listed as not having money due them. The smallest amount due any of the other counties was Kalkaska with \$715 award due.

Berrien to Get \$26,924.
Townships of Berrien county will receive \$26,924 under the state administrative board's decision to distribute \$376,372 rewards past due to townships in the various counties of the state on July 1, under the Covert act.

Some of this state indebtedness due the counties and townships dates back some four years or more. Recently this matter has been criticized severely by opponents of the present state administration, and this action in paying the small share due the townships is naturally expected to allay some of that campaign "noise." It is further understood that a proposal to pay all counties whose total accounts are under \$10,000 is being considered.

Townships in two counties will receive over \$70,000 of this state reward money to be paid at this time. Allegan county townships will receive \$36,013 and Lenawee county \$37,147. Huron county will receive \$19,543, Hillsdale \$29,989, Berrien, \$26,924, Marquette, \$10,244. All others are under \$10,000 with 17 counties having no township reward charges against the state.

CLASS OUTING.

The Blessed Hope Class of the Advent Christian Sunday school held its annual class outing last Friday evening at Barron lake, some sixteen members and friends participating. It was regrettable that some of the members were not able to be present. A bountiful pot luck supper was provided and very much enjoyed by all present.

Mr. and Mrs. Jesse Legget entertained seventeen children at their home on Liberty Heights, Wednesday afternoon, in honor of the tenth birthday anniversary of their son. Various games were enjoyed and prizes given. Ice cream, birthday cake and small cakes were served. He also entertained his grandparents and three aunts during the day.

THE REVOLT IN BRAZIL

When Don Pedro, Emperor of Brazil, was overthrown and a republic established it was accomplished not so much by the republicans as by a combination of rich slaveholding coffee planters of Sao Paulo and the leader of an aggrieved military faction, General Deodoro da Fonseca. The coffee planters resented Don Pedro's decree emancipating the million and a half slaves without compensation to their owners. The militarists were alienated from him because of his pacifist leanings and his refusal to give army officers various privileges they demanded. Since that there has been constant friction between the government and the combination of militarists and coffee planters.

In 1922 when Herman Da Fonseca sought to return to political favor by backing Nilo Peanha for the Presidency, the latter was overwhelmingly defeated by the liberal, Artur da Silva Bernardes. Then Da Fonseca organized the rebellion of 1922, which was crushed in two days. The present conflict is but a renewal of that attempt to seize the government. President Bernardes has cut the army in size and has levied an income tax of 8 per cent on incomes over \$60,000. To prevent profiteering in foodstuffs the president took over the regulation of the handling of staple food supplies. For this he is denounced as a radical and the wealthy classes, with the aid of a few army officers, seek to seize the government by revolt.

The population of Brazil is far from the primitiveness of the peoples of the Central American States or Mexico. At least one-third of the total population of 30,635,000 is of European blood. Between 1887 and 1917 1,224,280 Italians were among the 2,897,804 immigrants who entered the country. Austro-Hungarians and Germans sent in a total of 150,000. These people seem to be content with the present government, and it is probable that peace will soon be restored in Brazil. The Administration of President Bernardes has appeared to justify itself in every way. He has the support of the best element in the country. Restoration of order would be welcome to the United States, if for no other reason than that the port of Santos is the outlet for many of the important raw products of which the United States is a large buyer.

WOMEN LAWYERS GROWING PROFESSION

When a little group of 10 women lawyers met 25 years ago in the New York office of Miss Edith Griswold to form the Lawyers' Club the general legal standing of women admittedly was unequal. Not only were the pioneers within the profession making their fight for recognition but throughout the country women were struggling to be recognized as cognate with their husbands or their children, to gain the right to sue and be sued, to make wills and to act as executors of wills.

Today sees a great advance for women both within the profession and without. There are still pioneers in various branches of legal profession, and there are still states where women have not gained equal guardianship and other laws. But compared with 25 years ago the legal rating of women has seen a great improvement.

No greater evidence of this tremendous advancement can be cited than by calling attention to the 480 brilliant women actually practicing as lawyers in the courts of the United States, who have just closed their annual convention in Philadelphia. It is safe to predict that at the end of another 25 years women will not only equal men attorneys in number and in ability but will divide honors as judges.

The Department of Labor announces that during June employment in manufacturing industries in the United States decreased 3.3 per cent, while payroll totals decreased 6.7 per cent. Wholesale prices throughout the U. S. showed a general decrease in June but the cost of living advanced one per cent. Somehow these figures fail to harmonize.

Radio has taken the place of the missionary in opening up Alaska to commerce and, in the natural course of events, to permanent settlement. Today the territory is a vast practical radio laboratory. In proportion to the number of inhabitants, it has the most intensive radio development of all lands.

AIR ROUTES TO COVER THE WORLD

Sixteen-hour airplane service between San Francisco and New York within four years, and round-the-world passenger service in 170 hours, including a 65-hour air route between New York and Peking, China, and from New York to London in 20 hours are some of the imminent developments of Commercial flying predicted and proposed by men who are giving the matter close attention. In fact the round the world service has already been plotted. It offers difficulties no greater for the most part than those already surmounted in our transcontinental air mail runs. The stretch of 400 miles between Iceland and Greenland is the longest flight over water and therefore the most hazardous but airplane construction and safety device attachments are fast rendering flying as incidental as motoring. These world-girdlers of the near future will be monoplane equipped with from 10 to 12 engines and connected directly with the propellers so that impairment of one engine will be of no serious consequence, as it has been in the old single-engine planes. Built for both water and land purposes, these great freight and passenger carriers cannot but exert a tremendous influence on the economics of transportation. Once inaugurated, lateral air routes will be plotted north and south, northward into Europe and Asia, southward into South America and Africa and thus the new era of fast transportation begins.

PROTEST AGAINST MOBILIZATION DAY

Charging that the proposed "Mobilization Day," on Sept. 12, would be a menace to peace and invite war, the Massachusetts Federation of Churches, has sent a letter of protest to the Secretary of war, John W. Weeks, with a petition to cancel all plans for the observation of such a day. The letter points out no possible technical advantages of mobilization day that can compensate for the loss of the moral prestige of the United States. "The more successful the demonstration of our power to mobilize, the more ground other nations will have to suspect and fear us," the letter says, and "For these reasons we earnestly petition you to cancel all such plans for a general mobilization day." The petition asserts that the proposal is inexpedient and inconsistent with avowals of the American people of its peaceful purpose and intent, "especially at this time when the world sorely needs assurance of mutual confidence" when no other nation on earth is financially able to maintain large armies or to go to war if they wanted to.

NO AGE LIMIT

How old must a woman be to be an old maid? There are no national or state laws relating to this question as there are to the ages when she may marry, or vote. Nor has society passed on it authoritatively, although it has been before the people since shortly after Adam's time. Moses made it the duty of men to annex the lone woman, and as many of them as they could support, so that a man might have an unlimited number of wives, and no woman need be without a husband.

But the women of today won't submit to the Mosaic plan, nor will legislatures permit it. Some sociologist of scientific turn has gallantly stepped to the front with light, or what he calls light, on this rather dark subject.

Some women are younger at 40, in appearance and manner, than others are at 30. In this connection it is proper to consider the most suitable age for a woman to marry. This depends upon circumstances, for the reasons above given.

A generation ago, when 25 was not far from the average marrying age, a woman may have been considered on the verge of old maidhood at 30. Nowadays, however, the tendency is to marry late rather than early in life, and the sensible woman who at 35 finds herself still unmwed by no means despairs of being led to the altar.

The practical man looks for a matured, steady and practical mind, usually found in a woman of 35 and 40, and forgets her age.

Where women make the greatest mistake, however, is in trying to appear younger than they generally are, thus placing themselves in a false position and utterly marring whatever other charms they may possess.

While every woman should be as young as she possibly can, it can hardly be called wisdom for her to hide facts by painting out certain lines, and painting in others, for no matter how clever the brush marks are likely to show more clearly than the marks of time.

Science Explains Top Spinning.

Everyone who has ever whirled a string to which a stone is tied must have noticed the strong "pull" as the stone tried to get away. Every part of a spinning top is trying to fly away from the center of the top in exactly the same way. This pull is called "centrifugal force"—the tendency to fly from the center. As each particle of the top has an equal pull, none of them can upset the balance of the others. So long as this force is strong enough—that is, so long as the spin lasts—it counteracts the ordinary power of gravity, which has to confine itself to the peg of the top, the only point actually touching the earth. When the top slows down, the centrifugal force relaxes, gravity comes into its own again—and the top falls over. —Scientific American.

Christians Lead

Close to 600,000,000 people in the world are living under laws based on the Christian religion, and this is greater than the number of people following any other religious belief. There are about 135,000,000 Buddhists, 300,330,000 Confucians and Taoists of China, 221,825,000 Mohammedans, 211,000,000 Hindus and approximately 12,000,000 under Jewish belief.

George H. Bookwalter

(Assistant Prosecuting Attorney)

For PROSECUTING ATTORNEY

Primaries Sept 9, 1924.

Educated in public schools of Berrien County. Appointed Assistant Prosecuting Attorney in 1921. Since that time our office has handled nearly three thousand criminal cases and I have actively participated in the trial of every important criminal case while Assistant Prosecuting Attorney. My experience in this office, where I have served faithfully without pay, entitles me to promotion and I will save money for tax payers. The Pidoni rape case, the Gerling murder case, the Thomas Badger murder case, the Doll Walls murder case and the Foster Communist case are a few of the important cases which I have tried in the Circuit court.

"If nominated and elected I will appoint an Assistant in the South end of the County."

NO SMOKING IN THE COURT ROOM

WHEN a lawyer's mind is wandering towards the cigar case, it's hard to keep it on his client's.

The suave, easy, self-possessed cross-examiner usually holds himself and witness in hand with a helpful little chew of BEECH-NUT—the favorite tobacco of thinker and worker.

Supreme Court justices, outdoor workers, expert craftsmen, athletes and business executives are never without it.

The biggest package of the best tobacco that ever flattered 10c.—a clean, pure chew-for-keen, sure brains.

Not a stem or impurity in a million packages and over 250 million packages sold in a single year.

Increased overheads haven't raised the price or reduced the quality—Makes 10c. swell with pre-war pride.

Moscow Streets Deserted.

The secondary streets of Moscow are deserted; grass grows between the cobblestones; trainways run half empty and most of the shops and restaurants are closed.

Wild Horses of Iceland.

There are many wild horses on the island of Iceland. Formerly they were shipped to England for use in the mines, but that market is closed since mining machinery was adopted.

MULKEY'S IODINE SALT
AT GROCERS EVERYWHERE
Save the Children from Goiter
Health authorities in Michigan examined nearly 32,000 school children in four counties and found that 14,914, or 47.2 per cent showed goiter. The prevalence of simple goiter in this State is due to a deficiency of iodine in the plant life and water supply. MULKEY'S IODINE SALT was produced at the request of health officials to provide the necessary amount of iodine in food and thus prevent goiter. It is the ORIGINAL Iodine Salt distributed through the grocery trade.
Use MULKEY'S IODINE SALT regularly for cooking and on the table. It has the same color and taste as ordinary free-running salt.
After boys and girls reach the age of 17 years they are not likely to become affected with goiter.
Ask your grocer for MULKEY'S IODINE SALT; put up in two-pound round cartons with pouring spout.

BOUNTIFUL CROPS FOUND BY THE FRUIT TOURISTS.

PAW PAW, Mich., July 22—Small fruit, large fruit, in fact every kind of fruit that can grow profitably or unprofitably in this state were in panoramic view of members of the Michigan State Horticultural society and American Pomological Society today as they launched their tour through southern Michigan fruit belt.

The first day of the three day motor junket carried the visitors thru the most dense fruit area in the state. If there were any doubting Thomases in the caravan when it left St. Joseph as to the real fruit density of southwestern Michigan they were cured permanently by the swing thru Berrien county. For mile after mile on each side of the road they saw fruit plantations. Cherry trees were supporting loads of fruit, raspberries were turning red or black and dewberries were rapidly turning. The grapes were looking their prettiest and the orchards added their beauty to the panoramic view seen from the hill tops.

Justice Langston seated behind the "bench," as follows: Address the court in a civil, respectful manner; do not "cuss" the police or "raze" the city; do not try to "bluff." A Mishawaka young man by the name of Fred A. Schultz, paid dearly for not observing this advice, on Monday. He was arrested Sunday for reckless driving, and being without the necessary funds he promised to return and pay a fine on Monday morning at nine o'clock. He returned as agreed and the justice was about to let him off "easy" because of his honesty, but he made the sad mistake of knocking the city, the police and the court itself. He paid \$10 for contempt of court and \$9.75 for the other offense and left in a respectful attitude and with a better opinion of the city, the police and the justice. "One hundred and costs" is usually meted out to intoxicated automobile drivers by Justice Langston.

SICKNESS INTERFERRED WITH VACATION PLANS

Mr. Wallace G. Hale, of Portsmouth, Ohio, had planned a pleasure trip to Buchanan for the purpose of joining his wife in a visit to Mr. and Mrs. Harry Jones, Mrs. Hale having been here since the early part of the month. Mr. Hale was delayed on the trip on account of an attack of acute indigestion and when he arrived at Portland, Ind., he found it necessary to call a physician, and a telegram was received here Saturday afternoon that he would be unable to complete the journey. Mr. Jones left at once for Portland in his automobile and returned to Buchanan Sunday, bringing Mr. Hale with him. Although quite sick for a few days, he was soon able to get around again. Mrs. Hale, who is a sister of Mrs. Jones, was also taken sick the first of the week with a rather severe attack of tonsillitis, but is convalescing.

Thursday afternoon Mr. Jones accompanied by Joe Roti Roti, took Mr. Hale on a sightseeing trip through Berrien county and among the sand dunes near Michigan City.

WILLIAM H. WEBER

Republican Candidate for
COUNTY TREASURER

Primaries, September 9

His competency to hold office will be William H. Weber's chief argument in the campaign he will wage for the Republican nomination of County Treasurer in the September primaries, he has informed his legion of friends throughout Berrien County.

The Benton Harbor man, prominently known in Berrien County Republican politics, is making his second bid for the county treasurer'ship. Four years ago he lost to Clarence McMullen, the present incumbent, by just two votes.

Mr. Weber is well qualified for the office he seeks. He knows the details connected with the treasurer's job from the experience gained while serving as city treasurer of Benton Harbor for two terms. Mr. Weber was born and raised in Bainbridge and has been a resident of Benton Harbor for the past 35 years. He has been a loyal party worker and has a county acquaintance that is actively supporting his candidacy.

INTERSTATE FAIR SOUTH BEND.

Arrangements for the coming Interstate Fair to be held at Springbrook Park, South Bend, August 19 to 22 are practically completed, and the renewed interest in the annual race program and agricultural exposition is very gratifying to the officers. The continuance of a number of the original promoters of this city for the fair, August 19 to 23, direct from the Wembley National Amphitheater in London, England. Roman tandem horse back riding, breaking wild cows and horses, "bulldozing," roping, sensational feats by cowgirls and cowboys, feature the act which is clean as well as hair raising. At night, there will be

The star attraction on the racing program will be the appearance of the venerable driver, Edward F. (Pop) Geers, who will bring Peter Manning, the king of present harness horses as well as Sanardo, who made a record on the Springbrook track last fair week of 2:03 1/2. At a recent meet in Ohio, Peter Manning made a half mile in one minute flat and is expected to lower the Springbrook track record of Sanardo. Geers will be featured on two different days and will send one of the fast horses over the course at each appearance.

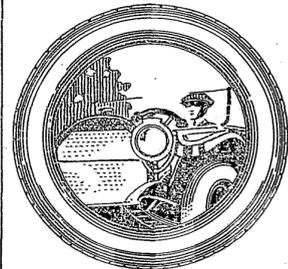

All entries in the three stake races scheduled for the August card have been filled. Most of these horses will have competed in the grand circuit races before they run on the local track. The three events include the Jefferson Hotel stake of \$1,000 for the 2:20 trot, to be run on Wednesday, Aug. 20; 17 entries. The LaSalle hotel stake of \$1,000 for the 2:15 pace, Thursday, Aug. 21; 13 entries. The Oliver hotel stake of \$1,000 for the 2:12 trot to be run on Friday, August 22; 10 entries. A total of over \$7,500 will be offered for the various racing events.

The recent decision of the government to eliminate the war tax on all admissions of 50 cents or less will effect the fair patrons favorably. The admission price will be the same as last year, less the war tax. Children under 10 years free; adults 50 cents, daytime or evening; children between 10 and 15 years, 25 cents; grand stand 50 cents; bleachers 25 cents.

BIG FREE ATTRACTION AT KALAMAZOO FAIR

Kalamazoo, Michigan, July 24.—After months of effort the Kalamazoo County Fair has looked for its biggest free attraction, Leonard Strouds Worlds Champion Cow boys and Cow girls, which comes to this city for the fair, August 19 to 23, direct from the Wembley National Amphitheater in London, England. Roman tandem horse back riding, breaking wild cows and horses, "bulldozing," roping, sensational feats by cowgirls and cowboys, feature the act which is clean as well as hair raising. At night, there will be

India, the big fireworks spectacle 600 feet long with 250 people in the cast and two big elephants. In the fireworks nightly 100 dynamite bombs are shot off. Chief Sam Mandako will have an Indian camp with 20 redskins on the ground; every state department will be represented by an exhibit and with the fair four weeks away indications are that every department will better the record of last year.
