WISNER ACCEPTS COLLEGE POSITION

WILL BE DEAN OF SCHOOL OF PHARMACY AT FERRIS INSTITUTE, LOCAL FIRM REORGANIZED

E. H. Wisner will leave Buchanan about Sept. 1 to resume work in the teaching profession. He has accepted a position in the Ferris Institute at Big Rapids, Michigan, as head of the Pharmaceutical department of the college. The Institute is planning on enlarging its School of Pharmacy and will erect a new building. The short course in the subject will be discontinued next year.

With these changes and a forward step to full college work it became necessary to secure a man of experience in both teaching and executive lines. Mr. Wisner is a graduate of the University of Michigan and has had eighteen years of teaching in addition to his practical experience in drug store work, making him especially qualified for the position.

Prior to opening the drug store in Buchanan he was Dean of the School of Pharmacy at Valparaiso university where he made an enviable record as a successful educator.

Mrs. Wisner, who has been active in the Wisner Pharmacy for the greater part of the last seven years, will assume management of the store. She has secured the services of S. R. Nevins of Kalamazoo as pharmacist for the local firm. Mr. Nevins is a man of many years experience in his line. The Flower Shop will be enlarged and floral work of all kinds will be carried on.

Garrett and Robert Wisner will also go to Big Rapids where the former will continue the study of pharmacy and Robert will take the pre-law course.

WALLACE TAKES VACATION IN WEST

WRITES LETTER FROM LOG CABIN LOCATED 10,000 FEET ABOVE SEA LEVEL IN COLO.

The following letter was received from Dr. Paul B. Wallace, who with his family is enjoying a months vacation in Colorado. Grand Mesa, Colo., Aug. 7, 1927.

Dear Easton—
Have been away one week and have seen no newspapers nor had any mail for several days. Please send your paper to the above address. We are miles away from any railroad, depending on "stages" at an altitude of about 10,000 feet in the fir clad hills and the clouds. Right now we can look down on the Uncampagne Valley and see it through many fleecy clouds with sunlight piercing through, making the mountains beyond look more beautiful than I can describe.

We are having a real vacation in that every thing is different. We walk or row a boat to get provisions at the hotel store is across Barron Lake. Roads are good on main highways but we left our car at home and are down to primitive living. Our cabin is of double slab and very well ventilated as the lumber was green. Our stores are camp style and require much attention. I chop wood, carry water and we cook our meals, do dishes and all the necessary things which makes such a vacation one of value. Fishing and horseback riding are the main amusements, but the scenery is so grand and varied, it alone fills much of our time, just watching the changes of cloud, sunshine, thunder showers and back to radiant glory of the sun when it does shine. Too much rain though usually shuts it out. It is so cold at nights we sleep with all the bedding we have and even wear our sweaters to bed. The air is so light one can't do much at first.

There are many lakes and many cabins and also hotels if one wants them. Cabins rent from \$20 per month up and good meals can be had for 75 cents, so charges are not high although, due to transportation, everything is higher than down in the valley. Yours Sincerely Paul B. Wallace.

SHIMKOWSKI IN AUTO ACCIDENT

YOUTH'S CAR STRUCK BY A MOTOR BUS CAUSING SERIOUS INJURIES TO HIMSELF

The condition of Louis Shimkowski who is in Epworth hospital with serious injuries sustained in an automobile accident on Saturday evening, remains critical.

Young Shimkowski and his wife were riding on the Division road about 20 miles west of South Bend when the accident occurred. The automobile was sidwiped by a motor bus, throwing them into a ditch. Shimkowski sustained a fractured skull and other injuries. His wife, to whom he was married about two months ago, was taken to Epworth hospital with her husband, although her injuries were minor with cuts about the face.

Shimkowski, who is 21 years old, is one of Buchanan's youngest business men. He is a graduate of the local high school and had planned on taking a law course in the University of Michigan. He had taken one semester of the pre-law course when he was called home because of the death of his father.

The latter will be a half interest in his junk business to Shimkowski, who, unable to dispose of his share, left the university and took over his father's business. Less than a month ago his partner and brother-in-law, L. Frank, dissolved partnership to start a second hand store on Main street.

M. S. C. TOUR TO SHOW STATE FOREST NEEDS

A step toward the utilization of idle acres in Michigan will be completed after a special tour to examine some of this area and the forestry nursery at Higgins Lake has ended on August 24, according to R. F. Kroomsma, specialist in forestry at Michigan State college.

The Higgins Lake Nursery has been established twenty years and shows results that may be obtained in reforestation work. Mr. Kroomsma says that a forest growth is the logical means of obtaining a profit from some of the light lands in the State.

Mr. and Mrs. Harry Newlin spent Monday in Buchanan visiting with Mrs. Geo. Denno. They came here from Charlotte, Michigan, to locate a niece, Mrs. Mary Lininus, but were unable to do so. They left the same day for their home in Des Moines, Iowa.

Not All is Lost

by O. Lawrence Hawthorne

Is this defeat?
Is this a certain indication of my standing with my fellow men?
Shall I retreat?
Shall I withdraw from all pursuit of place in public life nor try again?
Is all for naught?
This earnest, honest effort on my part to benefit myself and them?
When I, who sought
An office, have employed but fair designs to gain the goal, can they condemn?
Have I done well
In that no whit of self-respect or honor has been sacrificed by me?
Does this foretell
Perpetual exclusion from the seats of government as fate's decree?
Must my star wane
Nor ever cast the faintest glow among the lesser lights, or is it true
That I may gain
By just such disappointments, and achieve a greater prize than I pursue?

Mr. Oakes comes to us with a real reputation as a public speaker and one who knows his subject well, having been engaged for several years in work closely allied with community progress. TWO FIRE CALLS SOUNDED MONDAY

OIL ON FORD CAR AND GRASS IN FIELD NEAR WARD'S FEEDS TWO BLAZES

Monday was a busy day for firemen of Buchanan. The noon whistle no more than blowing than a fire summons to Terre Coupe road and Front street was sounded.

A Ford car belonging to F. F. Findel of Dayton, had caught fire. The exhaust had back fired, causing oil on the sides of the machine to blaze. Paint was burned from the body of the automobile doing \$50 damages.

Monday evening the fire ladders were called to extinguish a grass fire in the field adjoining the Ward Refrigerator company. Although no damage was done, it required nearly two hours for the blaze to be put under control. It was feared that houses as well as the Ward Refrigerator company's building might be in danger.

The second fire was caused by a nearby resident pouring oil on perishable debris that had been thrown on the village dump by thoughtless citizens and touching it off with a match. That something more than a repelling rubbish pile might be burned was the least of his thoughts.

Chemicals poured into the blaze by the fire department were slow in extinguishing the threatening blaze.

DOWAGIAC HAS NEW LIGHTS
Fifteen new ornamental lights have been placed along Front street in Dowagiac, extending from Oak to Prairie Road street. The new lights give the city a continuous ornamental lighting system on Front street from Main to Prairie Road street and on Commercial street from Front street to Division street.

THIEVES TAKE 400 CHICKENS

CHLOROFORM USED BY MEN IN THEIR RAIDS ON FOUR BERRIEN CO. CHICKEN COOPS

Chloroform proved an effective weapon with chicken thieves who were successful in making off with more than 400 chickens in raids on coops in Bakertown recently.

The same means were used by thieves as were apparently employed in the spring raids when farmers' coops were picked clean, according to Sheriff Fred Bryant. It is thought that the robbers sprayed chloroform through the cracks in the chicken houses and stunned the chickens so that they made no outcry when being taken from their roosts.

Practically the same methods are being used again as were employed in the spring. The fact that only chickens of the better grades were taken and that no houses where dogs were kept were touched by the night prowlers indicates that the same parties are again at work.

Considerable evidence was gained by Bryant last spring and only fear of getting caught by officials of St. Joseph and Berrien county is thought to have stopped the spring thieving. At that time officers practically were certain that the parties were from South Bend, and swooped down on the Berrien county coops, secured their prey and fled in cars back to the city, where they prepared the fowls for Chicago markets at top notch prices.

Those whose chicken coops were visited recently were: Mrs. S. C. Sarver who missed 75 pullets, Charles French, who lost 150 Rhode Island Reds, William Speckine, 86 barred rocks and John Pears whose entire roost was cleaned of the 70 Rhode Island Reds.

SMITHS SCORE IN DIRECTORIES

TEN FAMILIES BY THE NAME ARE LISTED IN NEW TELEPHONE BOOKS SENT OUT

The Smiths win again, that name appearing 10 times in the new telephone directories put into the mails Saturday.

Although the Smith tribe is the largest clan subscribing to telephones, there are other families that have almost as great a number. There are several families whose names appear eight times in the new directories. Clark is one of the frequent appearing names as is Boyle, Fuller, Miller and Swartz. Each of the latter, number eight.

The Rough families are numerous, totaling seven on the subscribing list along with the Mitchells, Hesses, and Weavers. Johnson and Roe families total seven. Although there are five families of Hartlines, they have the distinction of all residing in the country.

Not only is the name of Roe one of the frequentest in the new books but it has the honor of being one of the shortest names. The longest name in the directory is Fred A. Koenigshoff although the linear measure of Ed. P. Van Helsing is equal to the former.

The Browns are not as numerous here, only two families being listed. Many nationalities appear, although the proportion of foreign names is small. The German, Dutch, Irish and Scandinavian names are all represented. All the names needed to make the directory complete is a name beginning with Z, another with Q and one with X.

REPTILE HAD LIVED IN SWAMP A YEAR

RUMORS OF REPTILE HIDING IN MARSHES HAD BEEN HEARD FOR MORE THAN A YEAR

An 11 foot snake, believed to be a boa constrictor, was captured last Wednesday in the mint fields on the Beebe farm near Baroda.

The reptile measuring 5 1/2 in. in diameter was captured by Geo. W. White, manager of the Myrtle Traveling Show after an hour's chase, in which Mr. White was himself bitten.

Lee Hartman, foreman of the Beebe farm, sighted the snake in a cabbage patch and searchers under the direction of White finally succeeded in capturing it. Two snares were set for the reptile, the first of a plank broke, allowing the snake to escape and make its way toward a large swamp. So large was the reptile that it could be seen making its way thru the uncut mint field toward the swamp. Tractors were run back and forth thru the field to head off the snake, under the direction of Mr. White.

The snare used to finally catch the snake was made from the length of a gas pipe and was only captured after White had himself been bitten about the legs and again Wednesday evening when he extracted the poisonous fangs he was bitten.

The story of the snake has been current in the vicinity of Baroda, the workers on the Beebe farm telling of an immense snake about a year and a half ago. After dredging had been done a year ago it was thought that the snake had been killed. It has been hiding in the swamps and is thought to have escaped from a show.

White, who owns the Myrtle show came into Baroda Sunday. Every summer he spends with his company. He owns the hotel and dance hall at Pine Lake near Lansing. Knowing snake habits thoroughly he succeeded in capturing the snake and administered serum to himself and was also treated by a Chicago physician, who was camping near Baroda.

The snake is a captive in the Myrtle show wagons.

TENEMENT KIDDIES GUESTS ON FARMS

ELEVEN CHILDREN OF CHICAGO COME TO COUNTRY FOR TASTE OF LIFE AT GALIEN

First glimpses of cows and imitation of all the other "mysteries" of farm life will be experienced within the next few days by eleven tenement children from Chicago, who are being entertained in homes near Galien.

As many as two children are being taken in some cases, so that each may have a playmate to discuss all the wonders of country life with. Why grass is green and where does milk come from and what is a horse are some of the questions the youngsters are asking. After spending the entire summer on bare, hot pavements of the city, the children show indescribable appreciation of the green trees, grass, fresh air, vegetables and milk of the country.

Those who have opened their doors to give the poor children a taste of country life are Mrs. W. H. Campbell, Mrs. George Roberts, Keefe, Weatherwax, Newitt, Dodd, Bauer and Miss Charlotte Hunt.

Hostesses of the youngsters will be more than repaid, noticing an increase in health even during the first few days of the children's visit.

The United Charities of Chicago are sending the kiddies into Michigan with railroad fares paid and a full medical examination. Mrs. Richard Wentland of Galien, is chairman of summer outings in this vicinity and Mrs. C. Glover is her assistant.

Plans are being completed for the flight in an attempt to break the record of 28 days. The plane to be used is to be a Stinson monoplane and the trip will cover 22,000 miles. Time for going the distance has been planned at 240 hours. William Brock, a former air mail flyer will pilot the plane.

Edward Schlee of Detroit, who is planning an around the world flight, according to newspaper dispatches, is a brother-in-law of Ben Livingston, local business man.

Don't Let Your Community Make the Same Mistake

Within recent years many communities have made the mistake of paving their highways at what they considered a "bargain price." The taxpayers thought they would save thousands of dollars.

In many instances the maintenance has not only wiped out the hoped for saving, but has exceeded original cost. And in many cases also it has been necessary to build entirely new streets—of permanent construction.

There are communities, however, which know the cheapest is not always the best. Many of these also built streets several years ago. And they built for permanence with concrete.

Those concrete streets, built in accordance with approved standards of highway construction, are in as good condition today as when they were built.

Which of these communities will yours be?

LA PORTE CARDS TO BATTLE HERE

BUCHANAN BLUES COME OUT OF SLUMP TO DEFEAT BENDIX BRAKES IN 8 TO 6 SCORE

Another clash with Hoosierdom will be seen here at Athletic Park Sunday when the Buchanan Blues will attempt to repeat their victory of last Sunday, with the LaPorte Cardinals as their visitors.

Coming out of their recent slump, the Buchanan Blues defeated the Bendix Brakes, a highly touted Hoosier team, by a score of 8 to 6, Sunday afternoon at Athletic field.

The outcome of the game was a surprise, the Bendix Brakes having won over the Fairbanks-Morse team of Three Rivers recently and the local team having sunk into a slump to lose four out of the last six games.

Both teams scored two runs in the first inning, the Bendix half being marked by Stover striking out three men and the only ones to hit the ball, Stupek and Bejma, got a double and a single respectively, both scoring. The Blues scored one in the third and three in the sixth.

Gallagher was a star at bat, getting three out of four. Stupek got the same number at bat for the Brakemen. Stupek, Fredricks and Bailey made sensational field playing.

Six stolen bases were made by the Buchanan Blues in Sunday's game, making a total of 19 in the last three contests.

In the seventh inning the visitors brought the 6 to 4 score up to a tie during their play. Six errors, the skill of the Blues along the paths and three overthrows by Bendix catchers brought defeat to the Hoosier men.

10,000 EXPECTED AT LEAGUE GAME

EXTRA SEATS ARE BEING ERECTED FOR RECEPTION OF BASEBALL CROWD AT PLAYLAND PARK

Plans are going forward for the reception of extra baseball enthusiasts in special stands erected for the game next Tuesday when Ty Cobb and his Philadelphia Athletics will clash with the St. Joseph Athletics at Playland Park. The team will include Ty Cobb and a list of other notables. Eddie Collins, Al Simmons, Zack Wheat and Eddie Rommel are to appear on the visiting lineup. It is expected that 10,000 people will be at the park and arrangements are being made to accommodate that number, when the players come out. Connie Mack, manager of the Philadelphia Athletics, has assured the local manager that the fans will not be disappointed in the lineup. The largest crowd to ever see a game in South Bend is expected. The Mackmen struck a snag early in the season when they failed to get the brand of pitching they were looking for or they might be at the top of the American league now instead of the New York Yankees. Pitching failure along with two winning streaks have put the New York team on top and left the Philadelphia men toward the lower part of the standing. Indications are, from the sale of seats, that local fans are anxious to see the Philadelphia team in action. This is the first appearance of the stars on a South Bend diamond. A twenty-seven inch fish was caught by the Rev. Henry Liddicoat, pastor of the Methodist church, during his vacation in northern Michigan. He had only been on Sage lake an hour when the big haul was made. Ideal fishing and camping conditions are reported by the minister in that locality. The Liddicoat family including the four children, Stephen, Helen, Paul and Beulah, spent their vacation at various points in the state. They had planned on going on into the northern peninsula but cold weather prohibited them. The Rev. Liddicoat reports that snow had fallen in the extreme part of the state. They visited Mr. Liddicoat's sister in Detroit, and went on to Albion and Breckenridge, the latter being their former home. At Sage Lake in Ogenaw county they found the fishing luck. Mrs. George Downing was a visitor in Marshall Sunday.

FOUNDRY WINS LEAGUE SERIES

DRILLS ARE DOWNED BY A 33-14 SCORE IN MONDAY'S GAME; SECOND IN CHAMPIONSHIP

The Foundry team from the Clark Equipment company won the championship of the Industrial Playground league Monday night when they beat the Drill team by a score of 33 to 14.

One of the highest points in the evening game was the getting of two home runs by Walter Pfingst for the winners. Marris pitched for the Drill team and the two pitchers on the championship nine were Merreffield and Evans. An enthusiastic crowd of more than fifty fans turned out to see the concluding game of the series.

The five teams of the league with their respective standings are Foundry 1, Drill 2, Axle and Downtown 3, and Office 4. The league was under the leadership of Harold Bradford, playground director.

ORCHARD HILLS GOLFERS LOSE 35-18 TO KLINGER MEN

CURLIE GETS READY FOR FOOTBALL

FINDS PLENTY OF SPLENDID TIMBER AVAILABLE; PLAN TRYOUT FOR TUESDAY SEPT. SIXTH

Athletic Director Harold Bradford of the local schools, has plans well developed for athletic activities for the fall and winter season and will start immediately on the opening of school on Tuesday, Sept. 6th.

The second team of last year will furnish the following: Cooper, Wilcox, Vincent, Bachman, Bristol, Squires, Pfingst, Alfred White. Other material for the first year try out includes the following: M. Schultz, Dempsey, Easton, Chubb, Shreves, Thompson, Wood, Binns, H. Ryan Wilford Dugan, Morse, Roe, Fred Smith, French, Smiles, Irwin, Dellinger, Boyce, Korfuchs, Bolster, Hogue, Kizer, Aronson, Dunbar, Ferguson, Ellis, Linsenmier, J. Kandupa, Fred Marrs, Marble, L. The organization and development of basketball teams will be taken up at an early date.

Seventeen department superintendents are at work arranging for the event. Competition will be especially keen in the live stock departments, there being exhibiting opportunity for dairy cattle, beef cattle, swine, sheep and horses.

Since the Three Oaks Fair will be the only event of its kind in Berrien county there will no doubt be a large display of poultry from the many flocks of the country. There is a special department for chickens alone. The Farm and Garden department and the horticulture fancy work and canned goods sections will be some of the largest divisions of the fair.

THREE OAKS FAIR PROGRAM VARIED

EXHIBITS AND ENTERTAINMENT WILL BE OF INTEREST; COMPETITION OPEN TO ALL

Worthwhile premiums in the exhibits will make that department of the Three Oaks Community Fair one of the main attractions of this year's event to be held August 31 to Sept. 3.

A varied program of sports and entertainment with a homecoming on Friday evening will make the Fair appealing to everyone.

Special showings from the rural schools will be shown. Bee and honey department will be installed with opportunity for displays from honey dealers of the county.

The automobile show will no doubt be one of the main attractions. In addition to the exhibits the committees are arranging for a unique program of sports and entertainments. Free vaudeville acts will be staged every afternoon and evening. Friday, Sept. 2, will be home coming day with special programs and a fireworks display in the evening. Saturday has been set aside as local sports day when athletes will put on a ball game, bicycle and foot races, horseshoe pitching and pulling contests. A big novel chase will be one of the novel events.

The fact that this is Berrien county's only fair and that every effort is being made to make the program one of interest to all points to a large attendance this year.

The Warren Featherbone company of Three Oaks has donated the Fair grounds and racing tracks.

The team will include Ty Cobb and a list of other notables. Eddie Collins, Al Simmons, Zack Wheat and Eddie Rommel are to appear on the visiting lineup. It is expected that 10,000 people will be at the park and arrangements are being made to accommodate that number, when the players come out. Connie Mack, manager of the Philadelphia Athletics, has assured the local manager that the fans will not be disappointed in the lineup. The largest crowd to ever see a game in South Bend is expected. The Mackmen struck a snag early in the season when they failed to get the brand of pitching they were looking for or they might be at the top of the American league now instead of the New York Yankees. Pitching failure along with two winning streaks have put the New York team on top and left the Philadelphia men toward the lower part of the standing. Indications are, from the sale of seats, that local fans are anxious to see the Philadelphia team in action. This is the first appearance of the stars on a South Bend diamond. A twenty-seven inch fish was caught by the Rev. Henry Liddicoat, pastor of the Methodist church, during his vacation in northern Michigan. The Liddicoat family including the four children, Stephen, Helen, Paul and Beulah, spent their vacation at various points in the state. They had planned on going on into the northern peninsula but cold weather prohibited them. The Rev. Liddicoat reports that snow had fallen in the extreme part of the state. They visited Mr. Liddicoat's sister in Detroit, and went on to Albion and Breckenridge, the latter being their former home. At Sage Lake in Ogenaw county they found the fishing luck. DOLLAR DAY WAS MOST SUCCESSFUL

LARGEST CROWD IN YEARS OUT TO ATTEND SALES; POSTPONED EVENTS HELD SATURDAY

Buchanan's Dollar Day held last Saturday was the most successful event of the kind ever held in Buchanan according to the merchants who participated.

The crowd in town was the largest seen here in years. Adjacent towns and the rural community contributing largely to swell the numbers.

Because of the rain some of the events planned for the afternoon had to be cancelled. The Tug of War was called off and the ladies' balloon race was cancelled because of the rain coming just at the moment seven entries were lined up ready to start the balloon.

The cancelled events will be held on Saturday afternoon of this week. The ladies' balloon race will start at 2:15 with a prize of a \$10 permanent wave to be given by the Vogue Beauty shop.

The Tug of War will follow the first pull being between a team from Bertrand township and a team from Galien township. Art Newsum will act as captain of the Bertrand team and Will Wolkins will act as captain of the Galien team.

TENNIS TOURNAMENT FINALS SATURDAY

HALF DOZEN PLAYERS COME OUT ON TOP IN PRELIMS TO TRY OUT FOR CITY CHAMPIONSHIP

Youth bowed to age on Tuesday when in one of the feature matches of the tennis tournament being held this week to determine the championship of Buchanan Arnold Webb beat Robert French 3-6, 6-0, 6-3.

Enthusiastic groups of fans and ideal courts are bringing interest to the tournaments. Although the weather has been threatening, conditions have so far this week been ideal for play.

The first half of the week was occupied with singles. Doubles will begin to be played the latter part of the week with the finals being staged Saturday afternoon at 2:30 according to present plans.

On Monday the following games were played off: L. Lyons forfeited his game to B. French; A. Webb won over H. French; A. Gross won over R. Roe, 7-5, 6-3; S. Marrs won over G. Vandenberg by forfeit; P. Dilley beat Dr. Sargeant, 6-0, 6-2; D. Fette won over F. Chain 6-1, 6-2; Dr. Widmoyer won over F. Bailey, 6-3, 6-0; T. Marsh won by forfeit over N. Kritzer; C. Kent forfeited to F. Hiller and T. Childs won over G. Turner 6-3, 6-0.

Tuesday's play saw French lose to Webb 3-6, 6-0, 6-3; Marrs beat Gross 4-6, 7-5, 6-4; Marsh beat Widmoyer 6-4, 6-2; and Childs beat Hiller 6-4, 6-0.

The singles will be near completion Wednesday afternoon, many of the players appearing in the doubles. The tournament which was to have been a county affair dwindled into a local event with so many away on vacations.

Illness and absence from the city caused several players in Monday's rounds to forfeit their games.

Pairs who will meet in the men's doubles are: French and Gross, Vandenberg and Webb, Kent and Turner, Fette and Roe, Dr. Widmoyer and Dilley and Kritzer and Lyons.

Last year Webb held the championship for the men's singles and Roe held the boys' championship. Virginia Snowden received the first place among girl racket hurriers. No prizes but simply the honor of being proclaimed Buchanan's title holder will go to the winner this year.

FARMERS GET NEW VARIETIES

PLANT BREEDERS AT M. S. C. RELEASING ADAPTED STRAINS OF WHEAT, BARLEY, CLOVER

A new variety of barley, an improved wheat, and a promising strain of biennial sweet clover, which have been developed at Michigan State College, are already ready for trial by Michigan farmers, according to announcement of J. F. Cox, professor of farm crops.

The barley is a smooth-awned white variety that is the result of 14 years of M. S. C. experimental work. Michigan black barbsless also has smooth awns, but the color of the grain made the variety unpopular with some farmers.

The new barley, which will be called Spartan, is two-rowed and has a stiff straw which resists lodging. The heads in this variety stand erect on the straw, thus avoiding any loss of heads in cutting the grain.

To meet a demand from the Michigan Millers association, State College has worked with O. A. C. wheat and has a high yielding strain ready for release to the seed growers of the state. This wheat produces a flour especially adapted for pastry making.

A strain of sweet clover that promises to be better than previous sorts for a pasture crop is the result of a discovery of a single plant by Cheboygan county farmer. The increase from this plant has been carefully grown in the college plots, and is now ready for trial on Michigan farms.

Visitors at the annual M. S. C. Farmers Day, August 4, will inspect the new varieties, along with all the other experimental and test plots at the college.

CORN BORER LINES FIXED

RIGID ENFORCEMENT IN THIS STATE AND INDIANA WILL FOLLOW ESTABLISHMENT OF BOUNDARIES

The fight against the dreaded corn borer to the south and east grows more concentrated, with the placing of scouts in the in-

fectured territories and fixing boundary lines. In Michigan the corn borer line has been moved from the east line of Shiawassee county to the east line of Clinton county. By this action Shiawassee county comes within the infected territory and Clinton county is as yet untouched. All automobiles passing into that county will be searched.

In Indiana the quarantine line will run north and south through Lagrange, Noble and Whitley counties and east and west through White and Allen counties.

With a 95 per cent clean-up of the European corn-borer infested region in Indiana credited to the strenuous winter and spring field work in which virtually every farmer co-operated to the fullest extent, the state entomologist's office is perfecting plans for the enforcement of a rigid quarantine on the movement of green corn within the danger zone.

FARMERS REPORT RECORD YIELDS

OLDTIMERS MUST STRETCH MEMORIES TO BEAT MARK HUNG UP BY PRESENT GROWERS

The "I remember when" class will have to go far back in their memories to find wheat yields larger than the ones reported by Michigan farmers this year, according to an announcement by Howard Rather, secretary of the Michigan Crop Improvement Association.

Although reports of yields by members of the association have not all been received at the office of the secretary, it is doubtful if late reports will show yields larger than the 50.8 bushels per acre of American Banner on the James Campbell farm in Clinton county; the 50 bushel yield of Red Rock reported by C. P. Finkbeiner, Clinton; or the production of 46.5 bushels per acre on 40 acres of Red Rock obtained by Ralph Abrogast of Union City.

ELEVENTH CONCERT DRAWS BIG CROWD

ONE MORE OUTDOOR BAND PROGRAM WILL CONCLUDE THIS SUMMER'S SERIES

With only two more opportunities to hear the Clark band play in the Wednesday evening concerts, crowds came last night to listen to the eleventh program of the series, in large numbers.

In spite of the threatening weather and cool night as many motorists and pedestrians filled the uptown streets as ever. Merchants report a large volume of business. The program played last night was as follows: "The Rattler" overture, "Bridal Rose" selection, "Take It From Me" waltz, "Blue Danube" oriental intermezzo, "Arabian Nights" potpourri, "A Night in Berlin" march, "Memphis, the Majestic" Finale.

The program for next Wednesday's concert will consist of the following numbers: "March," "Hostrausers," W. Paris Chambers; overture, "Martha," F. V. Plotow; cornet solo, "My Regards," Edward Llewellyn, John Hess; Selection from "Amorita," A. Czibulka; March Militaire, No. 1, F. Schubert; Waltz, "Lanette," H. Benne Henton; Patrol, "Kil-alea," C. It may astonish the housekeepers of this country to learn that more fires occur in homes and that most fires start in kitchens. The loss and damage to homes is insured city dwellings amount to about \$65,000,000 a year, a very large percentage being preventable. About 15,000 persons are business to death each year in the United States, a majority of the

victims being women and children. An educational leaflet issued by the National Board of Fire Underwriters observes that numerous fatalities due to carelessness in handling of matches, gas, kerosene, gasoline, electrical attachments and numerous other articles, make it astonishing that any sensible women would use kerosene or gasoline to accelerate a sluggish fire.

In handing down the opinion of the Court, Justice Oliver Wendell Holmes said: "The purpose of the Act is to prevent forest fires which have been one of the great economic misfortunes of the country. The danger depends upon the nearness of the fire; not upon the ownership of the land where it was built. Taken in connection with the danger to be

prevented, it (the statute requiring fires to be extinguished) lays down a plain enough rule of conduct for anyone to obey the law."

Mr. and Mrs. Fred Smith of Detroit, came Saturday to spend a week with friends here and in Niles. Mr. Smith and Herbert Roe were classmates at Ann Arbor. Mrs. Smith will be remembered as Rose Simmons. Mr. and Mrs. E. W. Miles and son, Stanley, were visitors in Buchanan for a few days last week, motoring here from Loudonville, Ohio.

David Zaring, Berrien county highway commissioner, died suddenly of acute indigestion Friday at 7 p. m. in his home in Three Oaks shortly after returning from a meeting of the highway board at St. Joseph.

His daughter, Miss Josephine, had accompanied him to the board session at St. Joseph. They had returned to their home and shortly afterwards he was stricken with the attack which caused his death.

number mounted into an impressive number of millions. The new effort was to be a general one of a different type from former works, with a basic theme of a childhood love affair persisting through the years.

"The Magic Garden" made an instantaneous hit with her immense public and attracted widespread attention.

The screen version directed by J. Leo Meehan, the late writer's son-in-law, is a remarkable faithful reproduction of the atmosphere and characters of the book.

Constance Talmadge, the star that Liberty calls the best comedienne on the screen, will be seen Sunday in "Venus of Venice." Her producer, Joseph M. Schenck, says that Connie has just the right height, weight and shape to play the title role of Venus of Venice.

Many outstanding stars will be featured Monday night in Peter B. Kyne's fast-shooting melodrama, "Jim, The Conqueror." Among the stars are such names as William Boyd, Elinor Fair, Walter Long, Tully Marshall and Tom Sautsch.

The greatest fire picture ever made is coming to the screen Wednesday in "The Fire Brigade," starring Charles Ray and May McAvoy. It is a film epic, telling the story of the American fire hero, revealing the trials, the humors, the true thrilling life of these unsung heroes.

Many of the five scenes are produced in technicolor adding much to the tensely dramatic moments with which the film abounds. By all means don't miss it.

Last Saturday night the Young People of Hills Corners church enjoyed a very wet, clammy, yet withal a happy outing at Tower

HILL BEACH

A heavy rain was the greatest interference, but spiritually it wasn't wet, for it didn't seem to dampen the spirits of the campers any. During the downpour most of them gathered in one tent and reeled off songs and jokes by the score. The fact that most of them spent Sunday afternoon in bed, shows that they were intent on having a good time anyway.

Miss Dorothy Clark returned Saturday afternoon from Camp Wenwood, near Flint, where she has been assisting Mrs. Raymond Morgan in conducting a girls' camp. She reports a very enjoyable time as well as a valuable experience.

The attendance at Hills Corners church school is holding up remarkably well in this very busy season. Seventy-one were present last Sunday morning. The enrollment is 74.

One young lady of the church was so impressed with the demonstration given by the pupils of the Vacation School two weeks ago that she forthwith offered her services as teacher for next year. We hope that several will see fit to do likewise when next summer is with us.

USE BRAINS, SAYS SPEAKER

REPRESENTATIVE BOYLE IS MASTER OF CEREMONIES AT ANNUAL FARMERS' PICNIC

Four farmers out of every one hundred use their heads, said Mr. L. Noon, president of the Michigan State Farm Bureau, at the annual farmers picnic Thursday attended by 8000 people at Berrien Springs.

Mr. Noon, who is also director of the American Farm Bureau association and prominent in other farmers' organizations, urged

Hon. J. G. Boyle the farmers to do more thinking for themselves. He said that although only four out of every hundred thought their problems out, nine more could be made to think, totaling 13 out of 100 farmers progressing.

As master of ceremonies Representative J. G. Boyle presided over the day's program. Mr. Boyle is president of the board of directors of the county farm bureau.

George Roxbury, Master of the State Grange, was another speaker, secured for the day, who urged the farmers to support the three-cent gasoline tax until the state administration has had opportunity to try it out. He also asked that farmers work for more legislation in their behalf, placing themselves on the same basis as the tariff puts the manufacturer.

He also urged that the farmer borrow no more money than was necessary for actual production purposes, the habit of borrowing for unnecessary items being disastrous to the agriculturist today.

"If farmers are going to continue to exist on an equal basis with the members of other industries and callings of our nation, they will have to think for themselves, fight their own battles and secure their own successes; no one is going to do it for them and cooperation is the secret of success," said Roxbury.

The program of sports included a ball game between Three Oaks and Hinchman and a horse shoe pitching contest. Other races of variety and uniqueness were included in the sports.

The afternoon program was opened with a unique stunt. The master, W. G. Armstrong, of the county grange was placed in a box and while members of the St. Joseph band played "Hail, Hail, the Gang's All Here" he was carried in a parade to the platform by the members of the board of directors of the county grange and bureau. After a ceremony proclaiming the farm organizations dead, Armstrong arose from the box and gave a talk to prove that Michigan farm organizations were far from breathing their last breath.
