

OAKES TELLS C. OF C. THAT UNITY OF EFFORT PAYS OUT

TOWN GROWTH IS MENTAL ATTITUDE

SPEAKER BEFORE CHAMBER OF COMMERCE POINTS WAY TOWARD GREAT-ER BUCHANAN

An outstanding event of the year in the activities of the Buchanan Chamber of Commerce was the affair held Tuesday night arranged by Secretary Al. W. Charles. About fifty representative men gathered at the Legion hall at six-thirty and enjoyed a splendid dinner served by the Auxiliary ladies.

Following the dinner Walter E. Shoop, chairman of the merchants' division, under whose auspices the meeting was given, introduced the speaker of the evening, Gardner J. Oakes, of Kalamazoo, who spoke for nearly an hour on the subject of "Community Progress Through Cooperation."

The high lights of the talk followed. "Essentially we find and recognize the need for cooperation in retail establishments today. We know that it exists in the larger trade channels traversed by the manufacturers, but what about the community as a whole when it comes to cooperation?"

"How are we going about the job of eating in the minds and hearts of more than three thousand people who make Buchanan their home, that thought of community service that will make them want to get aboard the train of progress in the pullman coach up ahead instead of trying to take a flying leap at the rear platform of the last coach as the train rushes by?"

"One of the first things I learned in my contact with the various civic groups throughout the state was that in every town, regardless of size, regardless of occasion, the same group of people could be found participating in every instance."

"Regardless of what the proposition was—as long as it was for the good of the community—these same pluggers—progressive citizens, if you please, were always there to place their shoulders to the wheel, refuse to admit defeat, and so win their battle!"

"The offshoots of selfishness are indifference and laziness. Each is predicated upon the other. Whenever you find a person who is indifferent to the future of his or her town or even worse, who is too lazy to do any of the work and who will only set around and criticize what the others are doing, you can be pretty sure that they are thinking only of self. And if you want to prove it just do something for the good of the town that will fit them right square in the pocketbook."

"If this town is going to forge ahead you must reduce to a minimum the tendencies of some of the folks in the community to sit back and bay at the moon like a love sick hound puppy. And it's up to you folks here tonight. You can't expect the mass to do it. The job of selling Buchanan to Buchanan is no small job. To put across to the folks in the entire trading area the fact that Buchanan is now and always has been a good place to live, with factories and stores, schools and churches as good and better proportionately as many towns double and treble its size, is a job that is going to take all of the farseeing men and women in this town. For, like the fire-warden fights the forest fire with a counter fire, so have the community leaders got to cooperate if they expect the mass to emulate such cooperation."

"The thing we need is directed conversation. If left alone, undirected conversation sooner or later finds its way to the criticism of the town, the stores, and the industries. In place of this undirected conversation, a directed conversation steered into the channels of a bigger and better Buchanan, will cause the few unpleasant things that probably exist here in this city taken care of or wiped out by the very people who otherwise would stand around and cry out to high heaven about the injustice of it all."

"If Jim Smith tells me that the paper mills in my town are a detriment to the city, I might possibly, without digesting the truth of the information, pass it on as some original idea of mine. Multiply this by the hundreds of times some such thing as this will be repeated and soon we have a general community feeling that the paper mills ought to be run out of town. Another thing, too, in the telling much has been added and after a few months the original remark has grown into a legend."

JESSE G. BOYLE MADE STATE BANK DIRECTOR

Jesse G. Boyle, representative from this district to the state legislature, secretary-treasurer of the Berrien County National Farm Loan Bureau, civic welfare worker and prominent farmer, has had new honors conferred upon him by his election to the directorate of the Buchanan State bank to fill the vacancy on the board caused by the resignation of Ezra W. Clark, who has moved to Battle Creek.

FIREMEN FIGHT BLAZE AT FARM

FIRE DESTROY BARN AND GRAIN ON ANTON DORWEILER PLACE NORTH OF HERE

Fire of unknown origin destroyed buildings and crops on the Anton Dorweiler farm three miles north of here last Wednesday, doing a damage estimated at \$10,000.

It was at first reported that the fire was caused from a threshing machine but oil was used in the engine, causing sparks from this source to be impossible. The threshers were at work in the barn and chaff was being blown into a pile at the rear when the blaze was discovered in the chaff.

Such a headway had been gained by the flames within a few minutes that when they discovered it, it was impossible to check them by the men. The Niles fire department was summoned and although every effort was made to check the blaze, it had gained such a start that the big barn and nearby buildings were soon engulfed. The fire occurred at 4:45 Wednesday and was still smoldering Thursday.

The barn 40x66 feet with its contents, a corn crib, a hog shed and house over the water tank was destroyed. Although the buildings were several years old they were on good cement foundations and had been kept in good condition.

Ten tons of hay, 200 bushels of wheat, 500 bushels of oats and 25 bushels of rye were destroyed. Among farm equipment that was burned was a grain separator belonging to William Fletcher. Building losses are estimated at \$4000 and grain values at \$500. William Wolford, who works the farm, carried no insurance but it is understood that the owner, Anton Dorweiler of South Bend, had a partial coverage.

The Wolfords moved to the place last fall from the James Babcock farm. They have several children.

BOARD OF HEALTH PAYS NO ATTENTION TO ANONYMOUS LETTERS

The Board of Health wants it distinctly understood that it will take no official notice of anonymous communications. Hardly a week passes but that one or more such letters are sent to the board carrying all sorts of complaints, from chickens running at large to the overflowing cess pools which are emitting odors most offensive to the olfactory nerves.

ENTRIES MANY IN THREE OAKS FAIR

GROUNDS ARE BEING PUT INTO FIRST CLASS CONDITION; NEW BUILDINGS UP

Interest is increasing in the Three Oaks Fair, with the grounds being put into readiness and tickets being placed on sale for the event which will last from August 31 to Sept. 3.

More inquiries for space and more entries of exhibits have been made than ever before, according to J. C. Kramer, secretary of the Fair association. The grounds are in first class condition and several changes are being made which will improve the event in many ways, according to reports.

An erection of a permanent building by the Methodist church is being completed, which will be used for the serving of meals. The free act stand on the midway was taken down and hereafter all free acts will be given at the grand stand, where proper lighting has been provided, and a cinder walk has been made from the midway to the grand stand.

The free acts this year are of a much better grade than have ever been shown in Three Oaks, and will be worth while seeing.

The midway will again contain the fine rides and swings which provide entertainment for those who demand pleasure of this sort, while many red pop and lunch stands will be handy for those whose appetites may arise while at the fair. Other amusements will also be found on the midway. The exhibits this year will be many in number. The entries for stock this year is greater than ever before. In the agricultural line the space will all be taken up with the cream of the farm and garden.

It is desired by the officers that those who are planning on exhibiting to bring them early so the superintendents will have lots of time to arrange all in their proper place.

The ladies' building will again be the center of attraction in the finer work of hand. Many of the merchants of Three Oaks, will have booths in the building to welcome their daily patrons and advertise their wares.

The speed way is the best since the making of the track and track records will undoubtedly be broken this year. Many horses are already entered and it is doubtful if the barns will provide room enough for all the entries.

Cattle, sheep, hogs and poultry pens will all be full to capacity. A better grade of stock will be seen. Home Coming Day comes on Friday, Sept. 2, with a grand display of fireworks in the evening.

BUCHANAN FIRMS PAINT UP FRONTS

SIX BUSINESS HOUSES ON FRONT STREET IMPROVE APPEARANCE OF MAIN STREET

Paint, that rejuvenator of buildings, has been applied to several buildings along Front street this week, giving the business section of the town a new appearance.

Two more buildings have been dressed up this week, the entire front of the American Ice Cream Parlor on Front street was given a light neutral paint and the Buchanan State Bank is cleaning the Indiana limestone walls facing on both Front and Main street.

Don't You Care!

Somebody always may excel you, But don't you care! Others outplay you or outspell you, But don't you care!

Somebody else may have more money, But don't you care! Somebody may be shrewder, Sonny, But don't you care!

Others may wear finer things—Silks and furs and diamond rings, But you can have the joys love brings, So don't you care!

Somebody may get more attention, But don't you care! Or win the "honorable mention", But don't you care!

If your work is nobly done, Surely you can have the fun, Honest worth has always won, So don't you care!

RIVERSIDE HAS OLD FOLK'S DAY ANNUAL ASSEMBLY OF THE CHURCH IN KALAMAZOO DISTRICT WILL CLOSE ON SUNDAY

"Old People's day was celebrated yesterday at the Riverside conference of the Evangelical church which closes Sunday, August 28. This week the Newell brothers of McKeesport, Pa., are in charge of the Evangelical camp meeting section of the assembly. Each day this week a program of assemblies and discussions is being followed.

Each morning the ministers of the district meet together to discuss problems of the church, Evangelism, pastoral work and local problems are some of the topics that have been brought up by the ministers in their sessions. In the afternoon the children meet at 1:30 for Bible study. Miss May Rose leads this period.

The program for yesterday was arranged in particular for the older people. Music as for their especial benefit and also the sermon. Bouquets were given to the oldest people in attendance at the services. Mrs. Newton Barnhart was in charge of transportation.

Each evening this week the Newell brothers will be in charge of the services, with Dr. H. H. Newell delivering the sermon and his two brothers, George and Bert, leading the singing. The former is a pianist and the latter a singer.

"The Contribution of Music to Worship" was the subject of this morning's topic along with "Maintaining the Spirit of Worship." The former was discussed by Rev. F. E. Putnam and the latter by the Rev. C. W. Lyman.

The annual business meeting will be this afternoon when finances and other phases of the year will be discussed. The place of the prayermeeting in life today will be the subject of the topic to be discussed by the Rev. L. F. Woodward tomorrow morning.

In the afternoon the Portage Prairie Woman's Missionary society will be in charge of the meeting when the Rev. Stanley P. Kirn will be the special speaker.

Great Objectives of the Church" is scheduled to be the talk by the Rev. M. R. Everett Saturday morning. A children's meeting is calendared for Sunday afternoon when George Newell will be in charge. A vesper service will precede Sunday evening services, the last session of the camp meeting for this year.

The Rev. H. I. Voelker, president, has been in charge of the assembly. Percival Rough, John Fowler, L. N. Barnhart, A. E. Housworth, E. Riffer, Daniel P. Neib, Edward Schultz, L. B. Rough and Emory Rough are trustees.

YOUTH DESIRES MODERN RELIGION

YOUNG PEOPLE AND CHURCH IS TOPIC BY THE REV. A. L. BINGAMAN AT RIVERSIDE

"If the church is to hold her young people she must have a program that appeals to youth's interests and desires," said the Rev. A. L. Bingaman in Saturday morning's session of the Riverside Park assembly of the Evangelical church. "Youth and the Church" was his subject.

"Youth does not want to do things the way our forefathers did. In the material world they do not want to drive oxen or even a horse. They want the latest auto out, or an airplane to fly through uncharted space. In the spiritual realm they do not want to follow in the same old rut our forefathers made, or even in the ones we are making."

"Because then if not, we are apt to think that the young people are not religious. In many respects they want to blaze a new trail, which as surely leads to God as the way by which we have gone," said the speaker.

The social and worship program of the church in its relation to youth was discussed by the Rev. Bingaman. The Sunday School is a young people's organization and yet the older people run it. The young people have no official voice in it. We must give youth a place in the worship and organization of the church.

"The church must have a social program. With the dawning of youth there awakens the social impulse and the social side of life must be developed. The social program is not an end in itself but is rather the means to enlist the interest of the young people in their religious program. It has been found that a social program has given young people a vision of a religious program. Because the church is interested in the social welfare of youth, youth will be interested in the spiritual things.

The necessity of training the young people in religious education was stressed by the speaker. In discussing the present status of young people the Rev. Bingaman said that of the 20 million young men in our country between the ages of 16 and 30, there were 19 million who were not members of any church. Nine million attend church occasionally and ten million have never been inside a church.

Twenty-eight million children and young people in America are not in Sunday schools and 10 million homes are unchurched. The Sunday school of tomorrow depends upon the youth of today. There are more than 30 million members of Sunday schools in America, he said in discussing the organization and pointed out that leaders of tomorrow must have a religious training today.

The past week was dedicated to the Evangelical league of Christian Endeavor and Sunday schools, with convention reports and other phases of activities taken up.

MICHIGAN MELONS ARRIVE ON MARKET

FIRST APPEARANCE OF PRODUCE THIS WEEK AT THE LOCAL GROCERY STORES

The Michigan muskmelon, most delicious of all home grown fruits, made its first appearance on the local market here this week, parading in rows at grocery stores of the town.

Not only do the new arrivals excel in appearance but are proclaimed by all who sample them to be the best yet. Although a few began moving last week it was not until the last few days that they have been marketed in more liberal numbers.

Prices retail here range from 15 to 35 cents, depending on the size of the fruit. At Benton Harbor they are reported to have been selling for \$3 a crate of 12, but dropped recently to \$2.75.

RELATIVE OF BUCHANANITE STARTS GLOBE CIRCLING

Starting on an around the world flight Edward Schlee, brother-in-law of Ben Livingston, local business man, hopped off from Ford airport at Detroit, Monday.

The airman was accompanied by William S. "Billy" Brock as pilot and Richard Blythe. They are on their way to Curtis Field, New York, flying in a Stinson, Detroit monoplane. They took off at 10:10 a. m.

The flyers hope to complete the trip in 22 days, setting a new record. The present record for circling the globe is 28 days, 14 hours and 53 minutes, held by Edward S. Evans, Detroit and Linton Wells of New York. The latter used airplanes, steamers and trains.

A & P TO MOVE INTO NEW FRONT STREET HOME

Wednesday will see the removing of the Atlantic and Pacific store from its old quarters on Main street to the Merson block on Front street.

Although the exact date has not been set for the moving the larger store will be taken into the larger store within a few days, according to Sam Reppas, manager. The Merson building has received repairs on both exterior and interior. The entire walls and ceiling have been redecorated and the shelving will be put in place and stained the forepart of the week.

The exterior has received a coat of paint. The combination of red and green has been used on the front of the store. The interior will be larger and more roomy will be available through the new arrangement, floor space being nearly doubled.

W. G. Troyer, district manager, from St. Joseph, was in town on Wednesday.

LA PORTE HOLDS 75TH FAIR WEEK

"BIGGER AND BETTER THAN EVER" IS SLOGAN FOR DIAMOND JUBILEE CELEBRATION

The 75th anniversary of the founding of the LaPorte Fair is being celebrated this week by that organization with a more extensive program of events than ever before.

The Fair opened on Tuesday and will close tomorrow. "Bigger and Better Than Ever," the slogan which has advertised the LaPorte fair throughout the middle east for three quarters of a century, was again adopted this year and holds true more than ever, if the number of people attending are any indication of its popularity.

More and larger displays of livestock and agricultural products than any other Indiana county has long been the slogan of the association and this year's exhibits prove no exception. Blooded cattle, horses and hogs along with sheep and poultry are on display.

Floral hall again this year is housing the exhibits of needle work, baking, canning and other arts. Local merchants are also displaying in that building.

Harness races in which many of the finest horses on the county fair circuit are being held every afternoon except Tuesday. Three harness events with a wide assortment of free vaudeville acts entertain track enthusiasts.

The usual carnival midway, gives opportunity for recreation.

USE FRONT DOOR, URGES LANDSCAPER

FARMERS ENVIRONMENT IS AN IMPORTANT FACTOR TOWARD SUCCESS OF RURAL LIFE

Farmers use their back doors rather than the front too much, says O. I. Gregg, landscape specialist from Michigan State college, who visited six homes in Cass county recently and drew up plans for their landscaping.

The work is part of the agricultural extension program and had its beginning at the time of Mr. Gregg's talk on Achievement Day, June 2.

The homes visited had applied for the work in accordance with an offer made on that day and will receive help from time to time that the results secured may be an incentive to others to undertake similar improvement. On three of the places which will be landscaped are demonstrations. Mr. Gregg will assist with the planting next spring.

A growing interest in beautification of farm homes is being noted. Many people are beginning to realize that their surroundings have a marked effect on their mental state which in turn tends toward greater or less effectiveness in their daily work. And there is more to real landscaping than the aimless setting out of a few shrubs and flowers.

One object aimed at in all cases by Mr. Gregg was to make conditions that will discourage visitors from going to the back door rather than to the front, and all too common practice in most rural communities. Arrangements to keep cars on the drives instead of the lawn were also striven for. Cost of plantings do not run high because of the wide use of native shrubs. Sumack, boxwood, bittersweet and even the lowly elderberry are valuable shrubs if rightly placed. The common five-leaved ivy, or woodbine, is highly regarded and much used but could well find a larger sphere of usefulness.

CIVIL WAR VETS MEET Civil war soldiers in this locality are being notified of a meeting to be held at the County Jail on Monday, Sept. 19, at 8:00 p. m. The meeting is being held in the basement of the jail. The meeting is being held in the basement of the jail. The meeting is being held in the basement of the jail.

TEACHING STAFF INCREASED TO 32

LARGER NUMBER OF STUDENTS THAN EVER BEFORE EXPECTED; 25 PER CENT FROM FARMS

The teaching corps for the Buchanan public schools has been completed with six new names added to the list for the fall term beginning Sept. 6.

The term will be ushered in with a meeting of the teaching staff at 9 o'clock on the morning of Labor Day when a business session will be held. The regular session of school is to start on Tuesday morning, Sept. 6th.

A larger number of students than ever before, exceeding the \$75 mark set last year is expected, according to Supt. H. C. Stark. Non-resident students will pay their tuition on the day of entrance. Twenty-five per cent of the students come from the farms in this vicinity.

Both the high school and the Dewey avenue schools have been conditioned for the opening of the fall term. Desks are being refinished, the buildings have been thoroughly cleaned and the Dewey avenue unit has been decorated on the interior.

Teachers who will be employed here for the first time are: Miss Mary Jane Allington, girls' physical education, graduate of Battle Creek college, comes here direct from college; Miss Tina E. Teachers who have been retained, the departments they teach and the number of pupils they have taught in the local schools follows: Harold C. Stark, superintendent; E. H. Ormiston, principal; Mrs. Josephine Pennell, grade and junior high school principal; Chas. L. King, science, 4 years; A. B. Muir, agriculture, 4 years; Miss Avice Moffet, language, 3 years; Miss Katherine Minshall, commercial, 3 years; Mrs. Velma Dunbar, English, 3 years; Mrs. Mae Whitman, history, one year; Mrs. Margaret Bogott, music, 1 year; Harold Bradford, boys' physical education and coach, 1 year; Ray Miller, manual training and junior high coach, 4 years; Mrs. Leah Weaver, mathematics, 4 years; Miss Dorothy Gooch, English, junior high, 1 year; Mrs. Reba Lamb, school nurse; Miss Lily Abel, 6th grade, 24 years; Miss Vada Hopkins, fifth grade, 2 years; Mrs. Alma Fuller, fourth grade, 8 years; Miss Gertrude Simpson, third grade, 23 years; Miss Blanche Heim, third grade, four years; Miss Mabel Wilcox, second grade, 7 years; Miss Nina Fischner, second grade, 7 years; Miss Mildred Russell, first grade, 7 years; Miss Lois Milburn, first grade, one year; Miss Dorothy Conant, kindergarten, 3 years; Miss Doris Ream, sixth grade, three years.

The teachers of last year who will not be on this year's payroll are: Miss Jean Robertson, domestic science; Mrs. Lucille McCoy, fifth grade, who goes to Jackson, Mich.; J. E. Bromley, who taught mathematics here for two years and who will enter Purdue university this fall; and Miss Helen Mills, dean of Buchanan teachers in point of service, who has taught English in the Buchanan schools for five years, and who has been a teacher for 44 years, will retire to private life at her home in Charlotte, Mich.

BERRIEN SPRINGS VOTES ON SCHOOL

SEPTEMBER 1 SET FOR THE ELECTION ON THE NEW \$95,000 TOWN SCHOOL

Crowded conditions in Berrien Springs schools was given as the reason for the board of education asking voters to make a decision Sept. 1 on the bonding of the district for the erection of a new \$98,000 school building.

After a careful study of the problem in the Oronoko district, the board and an advisory committee made the decision. The crowded conditions of the old building were especially a deciding factor, room in the basement being used that are only eight feet in height and poorly lighted and ventilated.

The present assessed valuation of the district is \$1,802,950 and to raise the average sum of \$6,310 yearly in order to pay the bonds off in 30 years, will add an average of \$3.50 to each thousand valuation. The present school tax is \$1.14 per thousand which is said to be low in comparison to similar districts, the average in Michigan towns of 2000 or over being \$4.92.

Down Country Lanes

NEW TROY

Mr. and Mrs. Ed. Barnhart and daughter, Rebecca, Mrs. Nina Fisher and Miss Nina Piper spent Tuesday afternoon in Buchanan.

Mrs. Thomas Lewin, who was operated upon to remove a cataract from one of her eyes at St. Joseph hospital, South Bend, has had a relapse and will have to stay at least ten days longer.

An accident occurred at the junction of the Chickaming and Weesaw township lines on Route 12, on the Sawyer road Thursday morning at 4 a. m., when two salesmen riding in a Willys Knight roadster, and driving at a high rate of speed, turned turtle into the ditch. NEW BUFFALO GIRL CONDUCTS BAND

SIXTEEN YEAR OLD GIRL WHO SPENDS SUMMER IN MICHIGAN IS A COMPOSER

Girls may be girls but they may also be band leaders as proved by Florence Petrik, summer resident of New Buffalo, who conducted the Haskell and Barker band at Michigan City last Thursday.

Florence is a slender, sixteen year old girl, who is still in high school, but she successfully led the band through the "Triumphal March," composed and arranged by herself at the weekly concert in Washington Park.

In addition to leading the band, Miss Petrik played a cornet solo, "Oh Promise Me," by DeKoven, as a feature number of the concert.

The accomplished young girl is a resident of Chicago but spends her summers at New Buffalo.

She is a senior in the Harrison Technical high school in Chicago, and will direct the girls' band of that school during the next year. She is a student of H. A. Vander Cook of Chicago, and has played with the New Buffalo band this summer. The family have a summer home on Mechanic street, the former Will Meyers property.

LAWRENCE LEGION WILL PLAY BLUES

LOCAL TEAM WILL MEET TEAM WHO HAVE LOST BUT TWO GAMES THIS SEASON

Running true to their record established in the forefront of the season for winning games, the Buchanan Blues defeated the Lawrence Cardinals 8 to 3 in Sunday's game at Athletic park. This Sunday they will take on the Lawrence Legion in a game that promises to have its share of thrills.

The Lawrence Legionnaires have lost only two games this season out of the 17 played. Last Sunday they were defeated by the Benton Harbor Monarchs in a game at the twin city. Lawrence will send the following lineup here: Watson p, Clark p, Loveland c, Burger 1b, Jackson 2b, P. DeLong 3b, R. DeLong ss, De Witt lf, Waters of Buskirk rf, Sanborn sub. Hazzard sub.

The Buchanan Blues will have Simpson, southpaw, who appeared in Sunday's game for the first time along with Stover. Marrs and Bradbury, Zeigler c, Nash 1b, Miller 2b, Bailey ss, Connors 3b, Gallagher lf, King cf, Crouch rf.

With the adding of Connors to third base and Simpson as pitcher, the local team has been strengthened considerably. Simpson comes here after a period of playing with semi pro teams in the vicinity of Kalamazoo where he was considered a capable pitcher. He is a former Buchanan high school star. Connors coming to the club has added considerable strength as shown in the game with the strong and highly touted Bendix Brakes when the Hoosiers were hauled in with an 8 to 6 score by Buchanan.

FETTE, 15, WINS TENNIS CROWN

GETS DOUBLES AND SINGLES CITY CHAMPIONSHIP; DISPLAYS SPEED AND PERSISTENCY

Donald Fette, a little better than 15 years old and a high school sophomore won both singles and doubles in the city tennis tournament concluded Sunday, securing for himself the Buchanan championship for this year.

Fette, who is the son of Mr. and Mrs. William F. Fette, 426 Moccasin avenue, won his singles Sunday morning when he handed Samuel Marrs, 19, his opponent, a defeat with the scores 6.0, 6.0, in two straight sets.

On Saturday afternoon Fette won the doubles championship with himself and Robert Roe defeating L. F. Widmoyer and Phillip Dilley, 6.4, 6.4. Roe was winner of the boys' tournament in the city last year.

The new champion displayed both strength and speed in his playing, quick action being shown and durability in his ability to play through the doubles on Saturday and to again come out on Sunday to win the singles championship. His net as well as his back line strokes were championship plays. Both forehand and backhand strokes were used by him with great dexterity. In so many ways did the youthful player show his expertness that it is hard to determine his strongest point.

On Saturday afternoon the champion won the doubles then eliminated Lee Marsh and Ted Childs in the quarter and semi-finals, taking on Marrs in the final play of the week's series.

Samuel Marrs, with his fine playing throughout the tournament as he battled his way to the semi-finals, caused many to believe he would win the championship. With his defeat of Arnold Webb, 58, champion player at the University of Michigan a quarter of a century ago and winner of last year's city championship, many thought he would get first honors.

Webb, who played a masterful game of tennis to defeat Robert French, 17, one of the flashiest young players in the tournament, was chased back and forth across the court in retrieving the unerring shots of Marrs, who displayed an uncanny ability to place the ball out of reach of the seasoned warrior. Webb was plainly exhausted at the close of the first set, which went to Marrs, 6.1. The older man recuperated sufficiently to take the second set, 6.1 but failed to have sufficient reserve strength to win the match as Marrs won the last, 6.3.

In defeating Webb, favored by many to win the tournament, Marrs injected himself into the semi-finals, as he had previously won from Vanderberg and Gross.

The following players appeared in the week's playing: L. Lyons, B. French, H. Frew, A. Webb, A. Gross, R. Roe, G. Vanderberg, S. Marrs, Dr. Sargent, P. Dilley, D. Fette, F. Chain, Dr. Widmoyer, N. Kritzer, T. Marsh, C. Kent, F. Hiller, T. Childs, G. Turner.

MRS. M. L. IHRIE STRUCK BY GOLF BALL AT COURSE

Mrs. Maurice L. Ihrie, 117 N. Oak street, was struck by a golf ball while playing a threesome at the ninth hole of the Orchard Hills Country club golf course on Wednesday afternoon.

The ball struck her a glancing blow on the right cheek, causing painful injury. No bones were broken and the injury was dressed by Dr. R. H. Snowden. Other women who were playing with her were Mrs. H. M. Beistle and Mrs. Lester Lyons.

8 FOOT EAGLE CAUGHT BY EAU CLAIRE MAN

After a furious 15 minute battle a gigantic eagle with a wing spread of eight feet was captured by Weldon Kiegley, a farmer residing near Eau Claire.

Driving along the road late Wednesday, Kiegley sighted the bird roosting on a nearby fence. Instead of taking flight on his approach, the eagle fought off his captor with claws and beak.

Mr. and Mrs. Walter Mutchler have as their guests for several days, Mrs. Chas. Ashton of Gulfport, Mississippi.

CHILDREN'S DAY COUNTRY CLUB

YOUNGSTERS ARE GUESTS OF ORCHARD HILLS WOMEN AT LAWN FETE TOMORROW

"Children's Day" will be celebrated at the Orchard Hills Country club tomorrow when youngsters from this vicinity will enjoy the afternoon at the club house. Both Niles and Buchanan will be represented in guest list and hostesses. A large number of children is being expected this year.

Those in charge of the affair from Buchanan are: Mrs. L. L. Lyons, Mrs. G. W. Merfeld, Mrs. Geo. Foresman, and Mrs. H. W. Riley. From Niles the following women will be in charge: Mrs. Lewis Krell as chairman, Mrs. L. S. Storms, Mrs. L. R. Wood, Miss Francis Pierce.

A program will form the entertainment for the children, presented on the lawn if the weather permits. Dancing, story-telling, singing and readings will be included in the numbers. Theresa White and Elinor Miller will present dancing numbers and Alene Riley will sing.

Stories will be told to the children by Mrs. Coolidge of Niles and Miss Tennyson, from that city, will also be on the program treating the children with readings. Special favors and refreshments will conclude the afternoon. The entertainment will last from 3:30 to 5. Members of the club are bringing the guests, any child being eligible to attend with the women.

BERRIEN IS READY, HARVEST JUBILEE

UNIQUE PROGRAM WITH SEVERAL NOVELTY EVENTS ARE TO BE INCLUDED SEPTEMBER 2

The Harvest Jubilee and Homecoming celebrating being planned at Berrien Springs will be ushered in September 2 in the morning by the blowing of whistles, sounding of motor horns and ringing of bells.

No parade is being organized but groups are urged to arrange floats and other demonstrations for the streets. A prize is to be offered for the oldest moving machine to appear on the streets and also the oldest automobile.

A baseball game, a fiddler's contest for old timers, and a rube band are some of the events being planned. On the opening day committees will award prizes for fruit, flower and other exhibits. One of the interesting features will be the showing of old quilts and antiques.

A baby show and a dog parade is to be staged. The Niles Airway, who are contributing aerial stunts to the list of events, are also offering a prize for the best rubber band airplane made by a boy 17 years of age or under. A free ride will be given to winners in the contest.

Biggest families will receive prizes. Dancing will be staged on the pavement and an old time photograph exhibit will be on display at the post office. Former residents and old timers will be in attendance at the festivities.

NAP COSTS STATION \$120

Sleeping peacefully, Edward Burton, who operates the Dixie oil station at Baroda, allowed burglars to enter the station and escape with \$120 recently. The thieves pried open the rear door to the station and climbed over a number of oil tanks to reach the money. Checks and notes were left untouched.

CANINES-KILLING GAME IS CHARGE OF DEPUTY CONDON

Dogs are killing game. Such is the charge of Deputy Game Warden Condon and his department. To this end the game warden department has induced Prosecutor Bookwalter to issue the following notice to owners of dogs:

"Many complaints have come to my office regarding dogs running at large and molesting and destroying game. The situation is aggravating in the extreme. Nests of game, and other birds, have been found destroyed by dogs. Dogs are feeding on young rabbits, and worrying rabbits carrying their young. In my opinion, any person who permits his dog to run at large and molest game is not a true sportsman nor a good citizen.

"This notice is being published to sportsmen and good citizens to correct this abuse. It will be your fault. Game animals and birds are an asset to the county and it is the duty of every man to help preserve them. Tie up or otherwise preserve your dog."

CHINESE BOY GUEST HERE "Billy" Shu Gee, 13 year old Chinese boy, who was a former resident here; was a visitor in Buchanan over the week end at the A. H. Hiller home. He came here with a boy friend from Battle Creek, who attended the Boys camp at Riverside Park. He is still making his home with Mrs. W. H. Taylor, whose husband was a former pastor here.

Mrs. N. G. VanZandt, who was called to Buchanan recently by the motor accident in which her brother, Leon Wood, and his wife were severely injured, has returned to her home at Sterling, Ill. Mr. and Mrs. Wood are both reported as improving.

**BUCHANANITE TO
 FLY WEST COAST**

CLAYTON MC COLLUM WILL
 STUDY PILOT'S AND
 MECHANIC'S COURSE
 IN CALIFORNIA

The Pacific coast and its weath-
 er, ideal for aeroplane flying, has
 attracted Buchanan people to
 that place, Clayton McCollum and
 John Scott of Niles, going west
 in a few weeks to take up com-
 mercial aviation.
 Mr. Scott expects to enter the
 aviation game and will go into the
 new San Fernando Valley airport
 or start a field on the San Fer-
 nando road, the inland coast
 route. Scott is the owner of an
 Eaglereck plane, which he con-
 sidered one of the best on the mar-
 ket for performance, durability
 and economy. He plans to pur-
 chase two new planes when he
 reaches his destination.

McCollum will take up aviation,
 studying the pilot's and mechan-
 ic's courses and will be associated
 in business with Mr. Scott. Mrs.
 Clayton McCollum and Mrs. John
 Scott will go west with the men
 in September. They are sisters.
 On the trip they will visit friends
 in Kansas and their cousins, Dr.
 and Mrs. Grumm Hubbel of Den-
 ver, Colorado. They will stop
 a few days at Colorado Springs
 taking in the sights of The Gar-
 den of the Gods, Cave of the
 Winds and the Seven Falls. They
 will also see Pike's Peak and the
 Grand Canyon. From there they
 will travel the ocean highway to
 San Francisco and down the coast
 to Los Angeles.

**ENTRANCE EXAMS SEPT. 2
 FOR RURAL 8TH GRADERS**

Opportunity for eighth grad-
 ers to take the entrance exami-
 nations for high school will be
 given on Sept. 2, when all pupils
 will meet at Buchanan high
 school at nine in the morning for
 the tests. Supt. Stark announced
 that all those who failed to pass the
 examinations in the spring will
 have this opportunity to take the
 county examinations. The num-
 ber of rural students who failed in
 the spring tests is said to be
 large in proportion, making the
 number who will appear at the
 schoolhouse next Friday unusu-
 ally large.

 Nebraska, a former schoolmate of
 Dorothy Portz at Michigan State
 college, was a guest at the Portz
 home this week, leaving yester-
 day.

**BURNING OF WORM'S NEST
 STARTS FLAMES; SQUAD
 WORKS TIRELESSLY
 FOR AN HOUR**

The burning of a worm's nest
 from a tree started a grass fire
 that caused considerable damage
 in a field of dry grass next to the
 A. Howard Roe residence on
 West Fourth street and Chippewa
 street before it was extinguished
 last Sunday afternoon.

The fire starting about five
 o'clock from sparks lighting in
 the fields of grass and weeds soon
 spread until about an acre of
 ground was burned. Although
 the fire crept close to the Roe
 vineyard and home, constant

fighting by the squad kept the
 blaze from spreading. The
 hose trucks were brought to
 the site and it was only after
 more than an hour's fighting that
 the flames were brought under
 control. Just as the chemicals
 from both wagons were exhausted
 the blaze was put out. Quick
 response and persistent fighting
 on the part of the firemen kept
 the fire from doing greater dam-
 age. No estimate could be made
 of the harm done.

GRAND RAPIDS, MICH.

December 7, 1926.

Mr. E. H. Dickey,
 Manager, Michigan Bell Telephone Company,
 Grand Rapids, Mich.

Dear Sir:

We are great believers in the long distance
 telephone for keeping practically a personal contact
 with our customers.

I find that when some dispute comes up be-
 tween us and our customers, I can usually settle it when
 I talk personally to my customers over the telephone.

Also when we have something of special im-
 portance that we want to get over to a customer in a distant
 city, that our business is increased, due to the fact that
 the writer or one of the managers of our different depart-
 ments uses the telephone to put the proposition before the
 buyer.

As stated in the first paragraph, we are
 great believers in the use of the long distance telephone.

Sincerely yours,
 C. J. Litscher

METHODISTS CLOSE SUCCESSFUL YEAR

CHURCH CENSUS BEING TAKEN BY 12 TEAMS AT WORK IN THE PARISH THIS WEEK

Church workers are busy this week taking a financial survey of the First Methodist church, in an effort to close up the conference year and prepare for the next. The list of solicitors is made up of 12 teams with two people on each team. The budget for this year has been set at \$3,400 which is \$100 less than last year's operating expenses. The church membership now numbers 300. There are 285 in the Sunday school. A shortage of teachers is felt in the latter organization, several unusually capable Bible instructors leaving in September.

The church board met last Thursday evening immediately after prayermeeting to make up the plans for the coming year and to settle up business for the concluding year. The board consists of 26 members. Every effort is being made to conclude the business for the year before the convening of the

COLOMA FIRM CANS 540 TONS BERRIES

CHERRY CROP ABOVE ALL EXPECTATIONS AND BRINGS BEST PRICE IN HISTORY

A record of 540 tons of cherries being canned has been reached by the Coloma Packing Co., this season, which is estimated as the largest amount canned by any factory in the state and one of the largest for the United States. The fact that crops were light in other states as well as in other sections of Michigan account for the local factory leading. The heaviest of the state's cherry crop is believed to be in Berrien, Cass and Van Buren counties and the Coloma firm secured a large share of the product from these three counties.

The total of 540 tons was an increase over one fourth of what had been predicted for the season. Purchase of the cherries by the company involved a sum amounting to more than \$103,000. Nine cents a pound was the rate of the contract, which is said to be the highest ever paid for the fruit in the county. It took five weeks

The owner of a phantom automobile that had been a problem with police ever since it had been mysteriously deserted on the Fourth of July on M-60, three miles west of here, has been found. The car which bore the license number 261-462 Indiana, is owned by Orville Houser, R-2, Avilla, Ind. The car is an Earl sedan and was reported stolen early in July. It was left on the highway, farmers in that neighborhood believing motor trouble had caused it to be abandoned. Investigation by Chief Dunbar Saturday, cleared up the mystery.

NO SPEED LAWS AFTER SEPT. FIRST

LEGISLATURE ABOLISHES 35 M. P. R. LAW; "CAREFUL AND PRUDENT" SPEED NOW GOVERNS

A few interesting things have occurred during the past month that you will be glad to have your attention called to at this time.

The Traffic Court Enabling Act, a very necessary court for the protection of human life in Detroit, passed the House and Senate without a single dissenting voice and was vetoed by the Governor.

The new Traffic Law was passed and signed by the Governor and will go into effect September 1st.

One outstanding feature of the law, is that there is no speed limit specified, but it reads "Shall drive at a careful and prudent speed not greater nor less than is reasonable and proper—must be able to stop in the assured clear space ahead."

And its penalty for reckless driving is very severe as follows: First offense 5 to 90 days and or, \$25.00 to \$100.00.

Second offense 10 days to 6 months and or, \$50.00 to \$1,000.

From which you will note it behooves us to watch our step, for it specifies what the Judge must do and it is not left as optional except as to the amount.

The Department of Commerce reports an increase of 8% in fatal accidents throughout the country or the past 2 weeks and grade crossings are creeping up notwithstanding all the signs and signals.

It is a very bad practice to neglect to observe the crossing signals found at every railroad crossing even though you know there is but one train a day, for if you neglect them at one crossing, you may get negligent and just where you need the precaution, your unconscious mind overlooks it.

The celluloid eye shades that are so very popular during the summer months are dangerous. This material is composed of two parts pyroxylin and one part camphor and it melts at 176-177 F. and boils at 209 F. and burns at room temperature and may be ignited by the most minute spark or heat at 300 F.; last summer 12 people lost their eyes or were severely burned through the use of these shades, six of them when lighting a cigar or cigarette, two when hot ashes from their cigarette fell on the shade while two of them exploded from the sun rays.

Safety is a personal matter, and no other person can do your protecting for you when you are alone, any more than they can get your education for you by proxy.

COLOMA ROBBERY CASE POSTPONED

HEARING FOR DRAYMAN WHO IS CHARGED WITH THEFT OF MONEY FROM MAIL IS SET

The Federal hearing of Ralph Williams, 48 year old Coloma drayman charged with the theft of \$11,000 in currency from the mails at Coloma, has been postponed for two weeks it has been announced from the offices of John J. Sterling, Benton Harbor, counsel for Williams.

The hearing had been originally scheduled for Friday before United States Commissioner Forrest Simmons in Kalamazoo.

Williams was arrested by Sheriff Fred Bryant and released on a \$11,000 bond signed by Dr. V. L. Polmanteer. He later was re-arrested on a federal warrant by United States Deputy Marshal Coney Johnson and arraigned before Commissioner Simmons in Kalamazoo, where he posted a second bond and was released.

FLOWER SERVICE TO BE HELD AT M. E. CHURCH SUN.

A flower service, unique in idea, will be held at the First Methodist church Sunday evening when a special sermon and music will be presented with an unusual display of flowers arranged on the platform.

Many of Buchanan's best flowerers will form the background for the service. Mrs. D. L. Boardman and Mrs. Pennell furnishing displays of gladioli, along with those of other flower lovers.

The evening's program will consist of special numbers by Arthur Johnson who will sing "In the Garden of Tomorrow" and John Hess, cornetist, will play "The Flower Song," with Mrs. Jennings at the pipe organ. Mrs. Liddicoat will sing "In the Garden" by request. The title of the evening's sermon by the pastor, the Rev. Henry Liddicoat, has been announced as "Flowers of Thought."

\$18,000 BACON ESTATE FILED

The will of the late Mrs. Ida M. Bacon, well known Niles woman, who has cousins in Buchanan, was filed in probate court on Tuesday. A petition for the appointment of George L. Faurote as administrator was filed with the will. Her estate was valued at \$18,000.

Miss Winifred Andrews has been a guest of Mrs. Harley D. Raymond of Chicago.

OAKS TELLS MEETING EFFORT BRINGS RESULTS

(Continued from page 1) we now hear that the mills pay starvation wages, control the city's politics, support the bootleggers, and probably commit twelve of fifteen murders a day unstoppered.

"Now let's turn this into direct conversation. Suppose instead of my repeating what I heard about the mills I say in answer to Jim Smith, 'How do you figure that the mills are a detriment to the town? Look at the hundreds of people that earn the living of themselves and their families there. Think of the food and clothing and other necessities of life these people buy from our local merchants. Look at the beautiful parks and lawns around the buildings these mills have to help beautify the city. Right this minute try and tell me some industry that could replace these mills. And you folks know the result.'

"Not only have I stopped Jim Smith's talk against a town asset but the chances are good that next time instead of telling someone what a curse the mills are he will try to pass off my idea as

his own. Multiply this imaginary conversation by hundreds and you can see what I mean by directed thought. Or, change the subject of this conversation to Buchanan instead of the paper mills, and you can see for yourselves how the community leaders, represented by you people here tonight can help lead the talk into community boosting.

"The answer to the question, 'What are we going to do to wake up our city', is covered by one

word, 'publicity.' "How many of us here tonight would realize the greatness of Lindburgh's accomplishment if it had not been for publicity? You folks here in Buchanan and we in Kalamazoo turned to our local newspaper for news of his landing. Listen to me folks. Before we were anxious to know about Lindburgh's landing, the newspaper had to interest us in the idea of the flight first. They sold us. If you please, the non-

stop Atlantic flight idea, just as we must sell the people of Buchanan before they can be interested enough to take a part in helping it grow. And to carry my proof of the power of publicity a little further, let me remind you of a fact that either you have never known or possibly forgotten. The crowd that swarms out to greet Colonel Lindburgh is actuated by the same publicity that was responsible for the death of his father as a radical

pacifist. The honors, the tributes the decorations that are heaped upon the distinguished colonel are from the same crowd that would have just as gladly torn the clothes from his father's back and ridden him on a rail covered with tar and feathers. "You can have your local population boosting or damning Buchanan. The comparison of Lindburgh and his father is similar to what can be done to some of the folks in the community who re-

fuse to see daylight. It is all a matter of what you give them to talk about. "Far pastures look greenest, is a true adage and it is natural to complain and wish we were in Chicago or New York or some other town when as a matter of fact we probably wouldn't stand one show in ten of enjoying life and getting as much out of it as we do right at home. "These three media are direct by mail, billboard and newspaper,

and like the three graces Faith, Hope and Charity, the greatest of these for the purpose of community advancement is the newspaper. "Direct by mail advertising is individual rather than broadcast in its scope and must be concentrated due to its relatively high cost. "Billboards are helpful in telling the transient motorist about the merits of Buchanan as a place to stop and shop."

PLANS AID FOR CATTLE RAISING

HALF-GROWN CATTLE AND PURE DAIRY STOCK TO BE PURCHASED ON CREDIT TO FARMERS HERE

Opportunity for Berrien and Cass county farmers to purchase on credit half-grown cattle will be offered by R. G. Atkinson, Niles business man at the Harvest Jubilee to be held at Berrien Springs on Sept. 2.

As headquarters, Atkinson plans to use his farm southwest of Niles for the distribution of the cattle. In addition to cows of both dairy and feeder stock he will also handle sheep and hogs for farmers who are not able to finance larger numbers of stock or whose farms have been without cattle although they might be able to supply feed if they had the stock.

Under the plan the cattle will be shipped in and auctioned off, the purchaser not being required to make down payment but giving notes that would be carried by the banks of this vicinity until the cattle have been fattened and sold.

The half grown stock would be brought in from both the north, west and southwest to his Niles farm. By this plan the cost of sending the cattle through the Chicago stockyards would be cut. The cost of feeding would also be cut and farmers would have a better selection. Hauling to slaughter would also cost less than from the great western ranges.

The distribution of small numbers of grade stock and the bringing in of pure bred dairy stock are two main ideas that Mr. Atkinson wants to put into operation in the two counties.

Money Saving Facts About Concrete Highway Pavements

Concrete is durable. It will not shove, roll or rut. It remains as true and even as built. Concrete pavement is now satisfying taxpayers in many counties and every state in the Union. Maintenance cost is low. It does not require periodic resurfacing. Wet or dry, concrete provides the safest surface for traffic. Oil drippings will not cause concrete to disintegrate. Concrete pavements are clean, smooth, dustless, free from stickiness and usable twelve months in the year. 6,000 miles of concrete pavement were placed on highways in the United States in 1926. Concrete gives you more road surface value for each dollar invested than any other type.

COUNTY-VALUE SET AT 108 MILLION

RECOMMENDATION FOR MILLION DOLLAR INCREASE OVER LAST YEAR IS DROPPED

Berrien county's equalization value has been fixed at \$108,000,000 which is the same figure as last year's. An additional million dollars had been recommended but was dropped after J. J. Jakway, Berrien supervisor, appeared before the board of equalization at last week's hearing to protest against any increase.

The final report of the board represented a decrease of \$335,500,000 from the valuation of \$87,880,500,000 as recommended by Wm. S. Linton, tax commissioner of Michigan, and an increase of \$335,210,000 over last year's valuation.

A "B.V.D." Correction

In a recent advertisement of men's underwear which was not the product of the B. V. D. company, Inc., and which did not bear the red woven "B. V. D." label, we referred to same as being of the "B. V. D." style. This was an error as "B. V. D." is not a style or type of or descriptive term for athletic or other underwear; "B. V. D." is the registered trademark of the B. V. D. company, Inc., which should only be used to describe garments that bear the red woven "B. V. D." label.
