

ALL ROADS LEAD TO DAYTON FOR LABOR DAY CELEBRATION

DAYTON I. O. F. TO HOLD PICNIC

CHUBBY PARKER, RADIO ENTERTAINER, WILL APPEAR; CLARK BAND TO FURNISH MELODIES

A valuable list of awards has been drawn up for the 15th annual picnic of the Dayton I. O. F. lodge, No. 214 to be held at Dayton on Labor Day, September 6.

Perhaps one of the main attractions will be the appearance of Chubby Parker, the nationally known radio entertainer, who will come direct from the Sears Roebuck station at Chicago for the event. Music will be furnished by the Clark band of Buchanan and what bids to be one of the features of the day will be the public wedding when a well known couple of this vicinity will appear as bride and groom. The latter event will be at 1:30.

The total of 76 prizes are open to all who register. The winner must be present at the time of drawing.

A big picnic dinner and a dance in the evening are two other outstanding events.

Beginning in the forenoon a horse shoe pitching contest will open the day's festivities. Both straight and mixed barnyard golf will be thrown.

In the afternoon a baby show will begin festivities when children will be paraded at one o'clock. After the showing of the youngsters the public wedding will be staged and a prize will be given to the latest married couple present.

Chubby Parker's entertainment will follow. A penny scramble will have its share of contestants from the ranks of five year old boys and under. Children's foot races will follow and then the married men and women.

A tug of war has been arranged for between Odd Fellows and Odd Fellows.

Boys fifteen years of age and under will have an opportunity to display their capacity for milk when a milk drinking contest will be held. Women will stage a nail driving contest, contestants furnishing their own hammers. A guessing contest and drawing will close the events. The dance in the evening will conclude the day.

Merchants in northern Indiana and southern Michigan have given a large number of valuable awards ranging in value to as high as \$100. Buchanan, Dayton, South Bend and Galien business are the prominent donors.

The general committee consists of Jerome Sebasty and Shuman Sarver. The sports committee has Ray Frame and Clarence Cripe and the refreshment committee consists of Ralph Sebasty and Fred Koenigshof.

COUPLE CELEBRATE GOLDEN WEDDING

MR. AND MRS. W. D. BREMER WILL HOLD RECEPTION ON FIFTIETH YEAR OF MARRIAGE

Mr. and Mrs. D. W. Bremer will celebrate their golden wedding anniversary Sunday, Sept. 4, when they will hold open house, from three to seven in the afternoon. The afternoon will be spent informally with friends, neighbors and relatives.

Among those who will be present from out of town will be Mrs. Elizabeth Riehe arriving from Bloomington, Ill., on last Sunday and Mrs. Robert Wood coming on Tuesday from Chicago for a week's stay.

Their three daughters will also be here for the event, although their son, Otto E., of Calgary, Alberta, Canada, will be unable to be here. The daughters are: Mrs. W. J. East of South Bend, Mrs. E. E. Dawes of Niles and Mrs. G. W. Schopbach of Kalamazoo.

Mr. and Mrs. Bremer were married September 4, 1877 in Chicago and came to Three Oaks shortly afterward. Mr. Bremer, who has been in the meat business ever since he was 14 years old, was proprietor of a market in Three Oaks for 27 years. Selling out there he came to Buchanan 20 years ago.

Their first residence here was in the present Campbell home on Front street.

Mr. Bremer recalls that when he and his wife came here to live 20 years ago, the Clark Equipment company was just beginning to operate. Property at that time was comparatively cheap in the village, then much smaller in population but quite attractive in appearance. He especially has noticed the increase in the value of property here, within the last 20 years.

BUCHANAN GIRL SEES COOLIDGE

RETURNS FOR SCHOOL AFTER TRAVELING 3000 MILES THROUGH DAKOTA IN AUTO-HOUSE

Three thousand miles of automobile travel in two months is the record set by Virginia A. McCormick, daughter of Mr. and Mrs. Thomas McCormick, who has just returned from Chicago.

The trip was made in an automobile house owned by Virginia's uncle, Charles P. Burnham of Chicago. Her aunt, uncle and cousin, Amie Burnham, accompanied her on the trip. One of the exciting incidents of the journey was the passing of the cyclone. The automobile was tied to the only tree in town to keep the wind from playing pranks with it.

Six glimpses of President Coolidge were experienced also during the stay in Dakota. The tourists were present at the Deadwood celebration and saw President Coolidge honored by the Sioux Indians as Chief White Eagle. They also saw the sculptor Borglum. Following the famous Needle's drive they drove to Sylvan lake, 6000 feet above sea level and went on to Harney Peak another 1000 feet up and considered the highest point between the Rocky Mountains and the Appalachians. Terrific hail storms occurred in this locality.

The Home Stake Gold mine, the largest in the world, was also visited at Lead, South Dakota. They saw the top workings of the mines and at Custer saw men panning gold from the streams. Tourists' accommodations at the Municipal camp at Rapid city were described as ideal.

The motorists left Chicago on July 8 and returned there August 24.

Crops in this locality of Dakota were excellent. Seed corn for the Iowa fields is being raised there. One corn field extended for more than a mile along the road and was so wide that the farther edge could not be seen. One farmer at Elk Creek got 105 bushels of oats to the acre and wheat ran as high as 50, it is said. One farmer told the tourists that he had made \$6000 profit from 200 sheep.

Rain this year has been abundant in Dakota, only six days out of thirty that it has not rained sometime within the 24 hour period.

SNOWDEN LEAVES SOON FOR PARIS

BUCHANAN'S ONLY DELEGATE TO LEGION CONVENTION TO SAIL ON FLEET'S FLAGSHIP

Buchanan's only representative at the American Legion convention in Paris this year will be Dr. R. H. Snowden, who leaves here next Wednesday for New York.

He will sail on the Leviathan, designated as the flagship of the legion fleet for the Paris migration. On the same ship will be many notables including General John J. Pershing, Commander Howard Savage, of the American Legion, Commander Chas. A. Mills of the "Forty and Eight" and Mrs. A. W. McCauley, auxiliary president.

Elsie Janice, war time entertainer, will also be on the flagship. The vessel will sail on Sept. 10 and will arrive in France on September 15.

Dr. Snowden plans to stay in Europe for a month where he will visit battlefields and take up medical studies. He will take advantage of the short courses being offered Legion men at either the University of Paris or in Berlin.

The more than 20,000 men and women who served in armed forces during 1917 and 1918 are being carried across the Atlantic in several ships, the Leviathan being the last to sail. Convention sessions will be held in the Trocadero palace opposite Eiffel tower.

FIVE AUTO DEATHS IN 3 MONTHS WITHIN COUNTY

Investigation is being made of the robbery of the Sawyer postoffice robbery on Friday night.

Berrien county stands well along on the list of counties having casualties since June 1, five lives having been taken in this way, according to a report just issued by H. O. Rounds, director of the safety and traffic division of the Detroit Automobile club.

The list compiled according to counties is: Macomb, 14; Washtenaw, 14; Kalamazoo, 14; St. Clair, 8; Monroe, 8; Berrien, 5; Branch, 4; Hillsdale, 3; Lenawee, 2; St. Joseph, 2; Sanilac, 1; Van Buren, 0.

TO HAVE PIPE ORGAN
Radio listeners in Buchanan have a new treat within the near future which is to be furnished by the Emmanuel Missionary college, broadcasting station at Berrien Springs. The college station has purchased a new Moller pipe organ at a cost of \$15,000 and the organ will be installed and ready for broadcasting sometime in November.

Alumni Gather to Renew the Old Friendships of Years Past

ONLY ONE PRESENT FROM FIRST CLASS TO BE GRADUATED FROM HIGH SCHOOL IN 1877

The hands of time were turned back and school life covering a period of fifty years was recalled at the annual reunion of the alumni association of the Buchanan high school held Saturday evening at the American Legion hall.

From the graduates who have received sheep skins from the local institution representatives came from many classes. Only one was present from the first graduating class, Mrs. Emma S. Knight, South Bend road, being there from the initial class graduated in 1877. Two among the 119 at the banquet were graduates from the second class to be graduated. They were Asa Ham of Niles, and Miss Eva Chamberlain.

Members from several classes participated in the evening program. Harvey Sherwood, educator from Kalamazoo, acted as toastmaster and supervised a get acquainted stunt. One of the events especially to be remembered is the paper prepared by Mrs. Chas. Boyle, who talked extemporaneously on the schooldays of 1890 in her recollections entitled "Way Back When."

The other features of the program was a vocal selection by Claude Roe of Chicago. Phena Baker of Niles, also sang. In a community chorus the entire alumni sang "Down by the Old St. Joe," led by Mr. Sherwood.

Mrs. Boyle's paper, read as greetings from the older classes was responded to by Lyle Chubb who spoke for the younger classes.

Officers for the ensuing year will be Mrs. Lee Mathie '22, president; Doris Ream, '20, vice president; Doris Jack Boone, '22, secretary and Hubert Conant '23, treasurer.

Members of the class of 1929 assisted the American Legion auxiliary in serving the dinner. They were: Ruth Riley, Janet Thompson, Irene Imhoff, Everdine Keating, Celia Eisenhart, Bertha Desenberg and Dorothy Charles.

Although members from New York and California, who had planned to be present were unable to attend, there were about 30 people from out of town at the event. An unusually good time was experienced this year according to those who attended.

GLENDORA WOMAN IN AUTO SMASH

BUCHANAN MAN'S CAR AND FARMER'S AUTO HIT, INJURING TWO SUNDAY

A fractured and dislocated shoulder was suffered by Mrs. Albert Schmaltz and minor injuries sustained by her daughter, Rose, in an automobile accident early Sunday night on the Portage road, 2 1/2 miles from here.

Mrs. Schmaltz, who resides on a fruit farm near Glendora, was on her way home with her daughter from a visit with South Bend relatives when her machine collided with an auto driven by DeLois Process of Buchanan.

Schmaltz and his son, Edward, were also in the car but were unhurt. Their daughter, Rose, received minor cuts and bruises. Process was unhurt. Both cars were badly damaged.

Passing motorists took the injured to Dr. Snowden's office where the fracture was reduced and hurts were treated. Later they were taken to their home near Glendora.

LABOR DAY AT ST. JOSEPH

LIBRARY NEARING REORGANIZATION

3200 VOLUMES CATALOGUED; ONE OF OLDEST LIBRARIES IN MICHIGAN HAS RARE VOLUMES

Recataloguing of the Buchanan Public library is nearing completion with the remaining volumes to be placed on the shelves within the next two weeks.

In an effort to complete the work, Vivian Johnson, who has been reorganizing the shelves, urges that all those who have books belonging to the library to return them immediately. Within a few weeks the shelves will be ready for circulation again, although no definite date can yet be set by Irenus Sparks, librarian.

With the recent addition of the Miller Memorial collection of juvenile books, the public library now has approximately 3,200 volumes.

The entire library has been reorganized according to the Dewey decimal system, the standard marking of smaller libraries. The books have been shelved in order to preserve them and each book has been classified on the shelves, catalogued on cards and accessioned.

The card catalogue, one of the valuable innovations of the system will be a handy reference for users, who will be able to locate material both through author, title and subject matter. The accessioning records in loose leaf books, the history of each book, including how it was obtained.

One of the most noticeable improvements will be the number of books, that have been rebound. About 260 volumes have been restored to circulating condition in this manner. The library was especially fortunate in securing the services of Leonard Barnhart, a college student from Manchester, N. H., who rebounded the books at the wholesale rate of 30 cents each.

The juvenile collection, comparatively new section started only two and a half years ago, has swelled until it now numbers 325 books. It was started in 1925, when the initial gift was made by Vivian Johnson and has recently received the valuable Jack Miller collection that numbers nearly 100 books. Additional volumes are frequently being added to the latter collection.

The work of cataloguing the library has extended over a period of three months and will put the shelves in a better shape than they have ever been before, in the nearly sixty years of its existence. It will be better fitted than ever to serve the public when done and will be easier than ever to be taken care of.

The Buchanan Public library is one of the oldest libraries in the state, having been founded in 1868, immediately after the Civil war. It contains not only the newest but also the most valuable authors, but more important, has a great many very valuable books. Several first editions are included in the collection, being gifts from readers. That this place was a great cultural center in pioneer days is certain, from the large number of rare and valuable books that come as gifts to the public shelves.

Several first editions of both English and American authors are in the collection. The library is especially rich in reference work for the historical student, the high school students of Buchanan having rare opportunity to study history from early editions. Early editions of Parkman, Hume, Hook and other historians are to be found on the shelves. Early and very valuable editions of Washington Irving, George Eliot, Henry James and Longfellow are also among the books.

Fiction, considered in early days to be a classless reputation it is today, was not to be found at first in the library. It was not until 1890 that lighter reading was added.

The Buchanan library is a member of the American library association. It holds the unique distinction of never having had a woman librarian.

The library board consists of Irenus Sparks, librarian; G. H. Stevenson and A. A. Worthington.

"ONE DIVORCE A WEEK" RECORD STILL HELD

Buchanan's record of "one every week" held lately is still good with Carl I. Lehrke suing in circuit court for a divorce from his wife, Leona Georgia Lehrke Friday.

He charges that his wife has been extremely cruel and that shortly after they were married the defendant said she did not care for him and would like to see him get a divorce.

The couple were married by a justice of the peace in St. Joseph, May 4, 1925 and have no children. Lehrke is represented by the law firm of Burns & Hadsell, of Niles.

CIVIL WAR VETS IN ANNUAL MEET

WARTIME FRIENDSHIPS OF 1860 RENEWED AS SOLDIERS GATHER AT ST. JOSEPH

A tentative program for the annual reunion of the Berrien county battalion of the G. A. R. has been announced by Albert S. Roe, adjutant.

Civil war veterans from all over the county, several from this vicinity and other nearby places, will go to St. Joseph today and tomorrow for the event.

Registration of the veterans will take place on the first day of the rally. Memorial hall on Lake Boulevard will be the place for signing up. The rest of the day will be spent in renewing old acquaintances and recalling marches and bivouacs of long ago.

On the second day a parade at ten in the morning has been arranged for. This will no doubt be one of the outstanding events of the meet. At 11 the annual business session will be held at Memorial hall and at noon women of the Spanish American war auxiliary will serve dinner to the ex-soldiers.

At two in the afternoon of the second day a program of entertainment has been announced with Mrs. Minerva Olson of St. Joseph as chairman. The special speaker of the day has not yet been announced.

BATCHELOR FAMILY WILL MEET SUNDAY

HOME FOUNDED NEARLY A QUARTER OF A CENTURY AGO WILL BE SCENE OF FESTIVITIES

The eighth annual reunion of the Batchelor family will be held at the old Batchelor home, near Buchanan, on Sunday when about 175 relatives will attend.

The event will be held throughout the entire day and will include a picnic dinner at noon. A business session will also be held when the annual election of officers will take place. Present officials are: president, A. B. Batchelor of Niles, and Calvin Bachman, secretary-treasurer.

The scene for the reunion will be on the old homestead of Wyman Batchelor at the Bend of the River.

The Batchelor home was founded about 76 years ago by Asa W. Batchelor, who came here from Ohio. He lived two years near Niles before coming out to Buchanan to take up the homestead. He settled here before Buchanan had yet been incorporated into a village, this place being a small settlement on McCoy's creek at that time.

Among living descendants is Mrs. Francis F. Batchelor, who lives at 816 Main street, widow of George Batchelor. The latter was a son of Asa. Postmaster Herbert Batchelor, Wyman Batchelor, Mrs. Esther Hamilton, Mrs. Lucretia Bachman of Niles and Mrs. Rose Denno, are all grandchildren of Asa W. Batchelor.

The birthday cake was baked by his grand daughter, Murrie VanTilburg. Dinner was served in celebration of the event from the home of his son, Ed. VanTilburg. A large collection of postal cards, congratulating him was also received by the octogenarian.

Mr. VanTilburg was born in Ohio in 1846 and came to Michigan in early life. He has lived for half a century in the same house where he is now residing, located one mile south of Galien.

REVIVAL SERVICES TO BE HELD HERE

**EVANGELICAL DENOMINA-
TION TO HOLD 3 WEEKS
OF SPECIAL MEETINGS
OCTOBER 30**

A three weeks revival campaign
will be held here under the aus-
pices of the Evangelical church
beginning October 30 and to be
conducted by Dr. H. H. Newell,
evangelist from McKeesport, Pa.
Accompanying Dr. Newell will
be his two brothers, who are re-
ligious musicians of wide note.
The trio completed a week of
meetings at Riverside Park assem-
bly last Sunday. Their work
there was considered so success-
ful that the local congregation
sought their services at once, ac-
cording to the Rev. W. H. Cam-
field.

The company is made up of Dr.
Newell, evangelist, minister and
George Newell, who has studied
the piano under the leading ar-
tists of this country and his
brother, Bert, who comes as a
chorister and trombonist.

People who attended the River-
side Park assembly have num-
bered into the hundreds and have
come from many cities including
Kalamazoo, Grand Rapids, Jack-
son, Pottsville, South Bend and
many other places.

The annual business meeting
for the assembly was held Thurs-
day afternoon when finances and
other phases of the year were
discussed. The place of the
prayermeeting in life today was
the subject of the topic discussed
by the Rev. L. F. Woodward on
Friday morning. In the after-
noon the Portage Prairie Wo-
man's Missionary society was in
charge of the meeting when the
Rev. Stanley P. Kim was the spe-
cial speaker.

"Great Objectives of the
Church" was the subject of a
talk by the Rev. M. R. Everett on
Saturday morning. A children's
meeting was calendared for Sun-
day afternoon when George Ne-
well was in charge. A vesper
service preceded Sunday even-
ing's services, the last session of
the camp meeting for this year.

The Rev. H. L. Voelker, pres-
iding elder of the Kalamazoo dis-
trict, has been in charge of the
assembly.

\$3,500 BLAZE DESTROYS HOME

**RESIDENCE OF J. E. BOWMAN
TOTALLY DESTROYED SUN-
DAY; BROTHER ESCAPES
FROM FLAMES**

Fire of unknown origin des-
troyed the home of Jerry Bow-
man, 313 Fulton street, and near-
ly took the life of one man, a
few minutes after five o'clock on
Sunday morning.

The loss, estimated at about
\$3,500 is partially covered by
insurance. The house, practi-
cally destroyed, carried full in-
surance and the furniture, valued
at about \$1,000, carried partial
coverage.

V. Bowman, brother of the
owner, narrowly escaped with his
life, when he fell twice in an ef-
fort to grasp one of the beams
of the house. Reaching the open air
near the front door he collapsed
and was taken from the burning
structure by neighbors and was
finally revived.

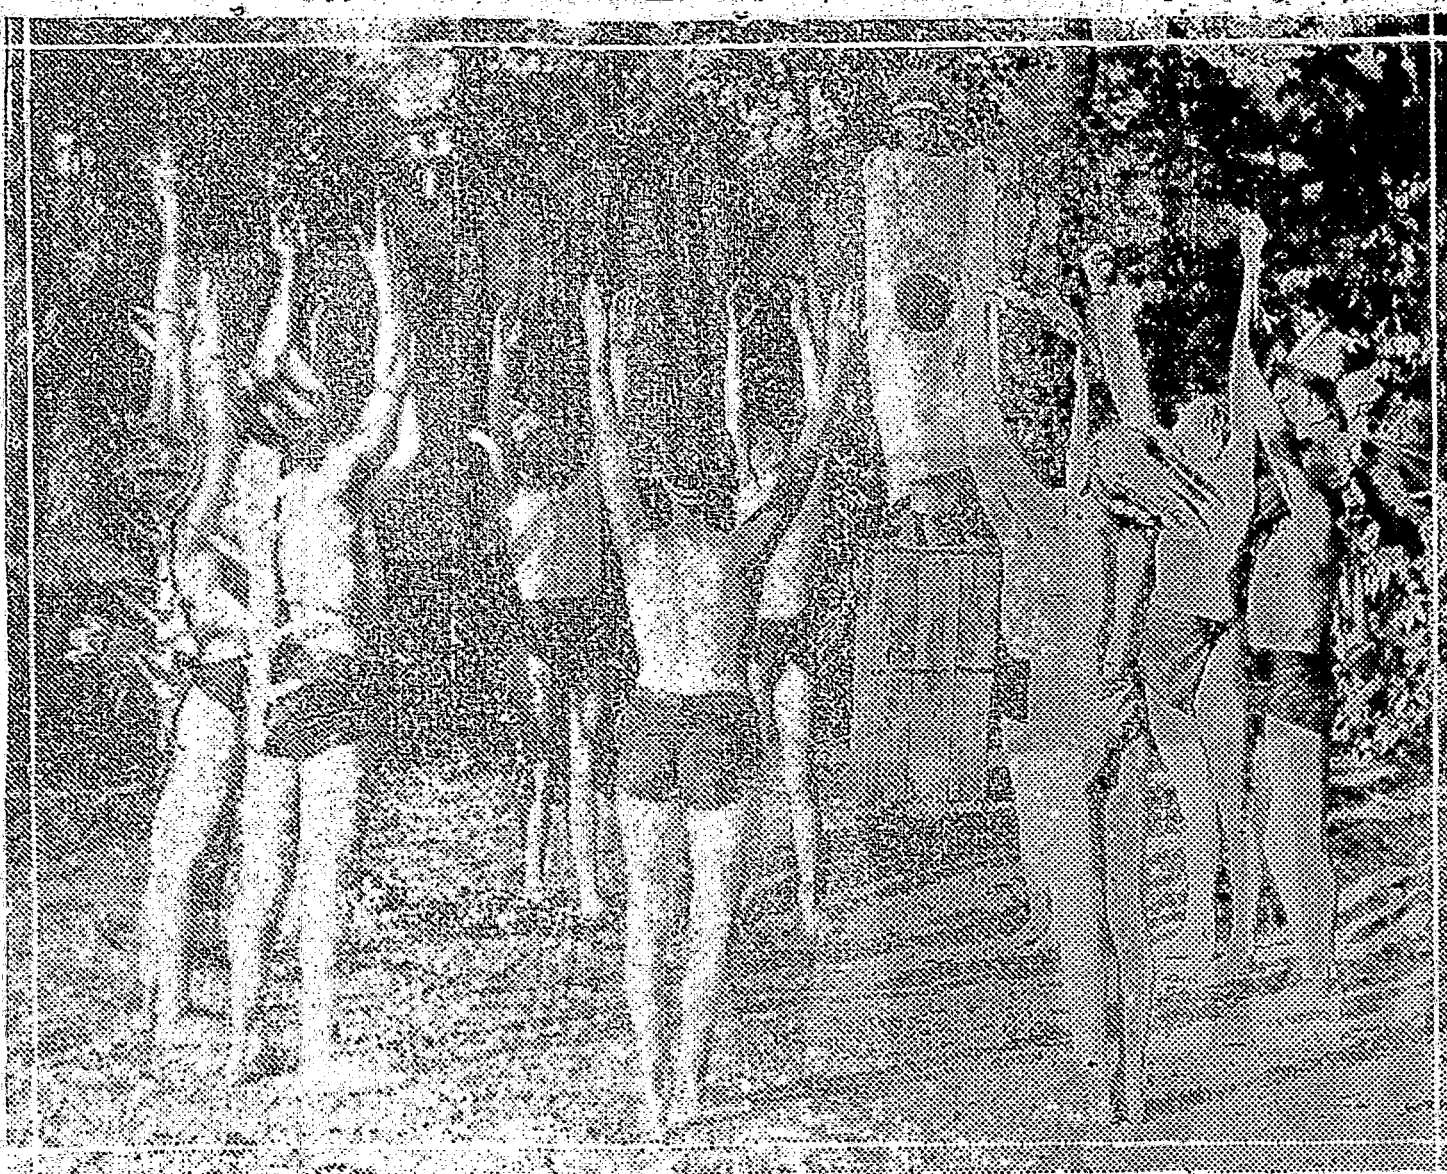

He had been sleeping in the
house at the time the fire broke
out and was alone. His brother,
accompanied by his two children,
Edward and Marjorie, were in
Ann Arbor, at the time of the
fire where they had gone to see
Mrs. Bowman, recently operated
on in a hospital there.

The origin of the fire is un-
determined. It is thought that
defective wiring caused the
flames which started in either the
kitchen or bedroom at the rear
of the house.

The building was a mass of
flames when neighbors discovered
it and turned in the fire alarm.
The volunteer fire department, al-
though at a disadvantage by the
sounding of the alarm so long af-
ter the fire started, gained quick
control of the flames after they
arrived. The two chemical trucks
and the chemical pump was rush-
ed to the fire and within a short
time the blaze was under control.
The furniture was badly dam-
aged by the fire and the charred
great headway gained by the
flames, before they were discov-
ered prevented much of the furni-
ture from being saved. Only
three unburnt walls remain of
the semi-bungalow. None of the
out buildings were destroyed, the
flames having been kept from
spreading by the firemen.

Mr. Bowman, who is a garage
man, returned to Buchanan on
Monday.

Mrs. Gertrude Robyns of Iowa,
was the guest of Mrs. J. H. Ro-
mig Wednesday.

BUCHANAN YOUTH HAS ROLE IN HONOR SCOUTS PAGEANT

Among the fifty-six honor
scouts of Camp Bryan who pre-
sented the pageant "Hiawatha"
last Thursday evening at Leper
park, Paul Easton was the only
Buchanan boy to participate.

The Buchanan youth took the
part of the Great Spirit, Gitche
Manitou, who presented the peace
pipe to the Indians in one of the
most impressive scenes of the en-
tire event.
It is estimated that more than
5,000 people lined the shores of
the river to witness the spectacle.

The pageant was the final event
of the campers and brought to a
close the 150-mile canoe trip of
the honor scouts down the St.
Joe. The pageant was based on
Longfellow's noted classic and de-
picts in spectacular form the life
of the Indian boy.

FARM BUREAU TO BACK FESTIVAL

**FRUIT AND FLOWER SHOW,
THREE OAKS FAIR GET
SUPPORT OF COUNTY
ORGANIZATION**

The Berrien County Farm Bu-
reau in session at the court house
on the afternoon of August 25th
voted to assist with the expense
of the annual Fruit and Flower
festival at the Naval Reserve Ar-
mory in Benton Harbor and also
to continue its support of the
Three Oaks fair, which will be
held this week. An interesting
exhibit is being planned for the
fair. Believing that both of
these events are a stimulus to
the farming interests of the coun-
ty, the Farm bureau voted to back
them.

In furtherance of the exten-
sion project in clothing for wo-
men of the county, the board vot-
ed that the Farm bureau would
sponsor this work for the coming
year as they have in the past.

The county agricultural agent,
H. J. Lukins, presented to the
board his plan of extension work
during the winter and the board
voted its unanimous support of
the same. This work includes
farm schools, one-day institutes
and the leader group training
classes.

The directors are planning on
attending a Farm bureau meeting
at Kalamazoo of the 6th of Sep-
tember. County Farm Bureau
boards from eight counties will
attend this important meeting at
which time plans will be made for
furthering the Farm Bureau cause
in southwestern Michigan. Promi-
nent Farm Bureau leaders from
over the state will be in attend-
ance.

WIDOW INJURED IN AUTO MISHAP

**MRS. E. M. RENNER IS HURT
AS SHE LOSTS CONTROL
OF AUTO RETURNING
FROM CHURCH**

Severe injuries to her hip were
sustained by Mrs. E. M. Renner,
65, widow of a former Berrien
county minister, when she was
thrown from her car in an auto-
mobile accident near the River
street bridge, Sunday afternoon
late.

Mrs. Renner had been attending
the Evangelical convention at
Riverside park and was on her
way home when she lost control
of the car, running it into the
ditch. She was injured when the
car wheels struck the curb on River
street.

Mrs. Renner's husband was a
well known minister who had held
pastorates at both Benton Harbor
and Niles. She is a resident of
Vicksburg, Mich.

The injured woman was taken
to Clark hospital where she was
attended by Dr. R. H. Snowden.
Later she left for her home.

A & P MOVED

The A and P store has moved
from its old place of business on
Main street into its new quarters
on Front street. The moving
was effected Wednesday.

The Merson block, the new
home of the company, has been
remodeled extensively, making it
one of the attractive business
places of downtown. The floor
space will be almost twice as large
as the old quarters. The exter-
ior has been painted the conven-
tional red and new sidewalks laid.
The interior has also been re-
decorated throughout.

Mrs. Lena Batten is visiting
with her daughter, Lillian, at
Aishawaka.

POOR EYES CAUSE SCHOOL FAILURES

**MORE THAN TWO MILLION
CHILDREN WHO FAILED
HAVE BAD EYES, SAY
STATISTICS**

Approximately 6,500,000,000 of
the 30,000,000 school children

who return to school in a few days
have failed in their studies.

Something over 2,166,000 may
rightfully blame poor eyesight
for their inability to advance, ac-
cording to Karl Kilby, director of
the research department of the
Coleman-Light company.

Figuring the cost of elemen-
tary and secondary education for
the country at \$64.16 per pupil
per year, this would mean that
the cost of the 6,500,000 failing
would be about \$417,000,000,

said Mr. Graham. "One third of
this sum, or \$139,000,000 will be
lost because of the neglect of the
children's eyesight."

"More country school children,
it is shown in a recent survey,
have defective eyes than city
school boys and girls. The fault
may be traced to the lack of
modern equipment in the old-
fashioned country home. Despite
the wide use of gasoline pressure
lamps, which are the nearest ap-
proach to sunlight of any illumi-

nation, out of date lighting meth-
ods are often employed by parents
living in agricultural sections. The
eyes of their children inevitably
pay the penalty."

"Defective eyesight is found in
twenty-one per cent of all coun-
try school children, while only 5
per cent of city children have
poor sight."

D. L. Boardman was in Chicago
the fore part of the week trans-
acting business.

No Excuse for Bumpy Streets

There is a pavement—port-

does not develop bumps or

Cities and towns through-

THREE OAKS FAIR HAS BIG EXHIBITS

VENT WILL CONTINUE TO SATURDAY NIGHT; HOME-COMING SCHEDULED FOR TOMORROW.

Capacity exhibits were outstanding features of the Three Oaks fair that opened yesterday and will continue until September

The agricultural exhibit bids for high popularity, with farmers anxious to judge at first hand the farm products of this locality. Although the backwardness of the season has retarded growth, interest is keen in the produce department of the association.

Stock exhibits are filled with keen competition this year, the ranks of displayers in this department being so numerous that only Michigan exhibitors have been allowed to show. To care for the poultry displays, the building has been double decked for the exhibitors. Chicken raisers from Berrien county and other nearby points have entered unusual showing of fowls.

In the horse racing, the LaPorte county fair entries have been brought to the Berrien county fair for the events. The track events include both trotting and pacing. The purses total a thousand dollars.

Other popular places on the grounds are the midway and the free acts. The men's and women's horseback riding contest to be put on today has also created quite a bit of competition, many from Lakeside enthusiasts signing up.

Six free acts will be given twice daily by the Williams and Benson circus company, acrobatic troupe and the A. W. Howell company will give three first class shows and furnish three riding devices.

Home arts and crafts, school displays, an automobile and farm machinery show and a farm and garden department are other interesting displays.

Friday has been designated as home-coming day when a special program and welcome will be given to out of town guests.

In the evening a display of fireworks will be sent off. Saturday is home sports day with wide competition among local fans in many events.

The grounds, given to the association by the Warren Featherbone company, are resplendent with many new improvements. Both the race track and buildings have all been taken care of and some repainting has been done.

The Methodist church has erected a dining hall, a well constructed modern building, that adds greatly to the improvement of the grounds. Meals are being served by the women of the congregation throughout the fair.

Women of the St. John's church are also running their usual concession.

Starting out eleven years ago as a high school fair, the Three Oaks fair has been a pronounced success since its inception. It was a school fair but one year when the community took the enterprise over and conducted it as a street fair for two years.

The project was so successful that E. K. Warren & Co., contributed the use of the large tract of land back of the Warren R. Featherbone factory, which since has been used for a fair grounds. Buildings were erected each year until this year practically all exhibits are housed in substantial quarters.

Mr. and Mrs. George Dressler were Sunday dinner guests at the Robert Boone home in Niles. Miss Mildred Johnson returned Friday from a week's visit with Miss Eleanor Waid at Warsaw, Ind.

The Foreign Missionary society of the Church of Christ will meet Friday afternoon in the church parlors.

Mrs. Harry Beistle has returned from a visit with her parents at Vicksburg.

H. W. Riley, George Riley and Francis Merson have returned from their vacation trip into the West. The trio motored thru the western states into Yellowstone National Park. They stopped at the Riley cattle ranch at Walden, Colo., at Buffalo Bill's cabin at Cody, Wyoming and also saw the Shishone powerplant at Shishone Canyon.

Mrs. Cora Howe entertained the Florence Past Noble Grands club at her home Wednesday afternoon.

Dr. R. A. Barlow of Madison, Wisconsin has been conducting a tonsil clinic at Clark hospital this week. Among those who were operated on were: Rose Linsenmeyer, Geraldine McGowan and Meryl Rouse.

Mrs. Phil Dillely spent the past week visiting in St. Joseph and South Haven.

RAIN, SUN AID MELON CROPS

CUCUMBERS WILL ALSO BE HELPED BY IDEAL WEATHER HERE RECENTLY

Ideal weather for ripening of melons and tomatoes following on the heels of a much needed early last week, will help to increase crops considerably according to growers of the county.

Cucumbers, melons and tomatoes have particularly suffered especially by the cool and dry weather for the past few weeks. Plenty of sunshine and warm weather is needed now to give melons the right flavor and color and to ripen peaches, and tomatoes. The melons and tomatoes are reported to be of good size and quality but have been slow in ripening. Home grown melons are becoming more numerous on Buchanan markets.

The pickle factories will especially benefit, a shortage of cucumbers being feared due to lack of rains. The product is said to have been slow in being brought in to both the pickling stations near Coloma and here. Eau Claire and Berrien Springs report a better yield of cucumbers, however.

The ground in many places had been parched so that the growth of crops had been thwarted and pastures were drying up even.

7:30 p. m. Question and Answer night. These evenings have been helpful to a good many people. This is the age when folks are asking questions on all kinds of subjects. It is notably true in regard to religion. The questions for Sunday evening are:
1. Why are the churches of Chicago opposing the coming Dempsey-Tunney fight? Do you think it right?
2. Certain denominational leaders are saying "the churches are becoming spiritually dormant." In your opinion are they correct?
3. Will it be worth our while to visit in on the annual conference?
4. Do you expect anything to happen that will be unusual at the Ministerial conference at Battle Creek? What will be the dominant note of the conference?
5. Will you kindly enlarge and interpret these five questions proposed by Dr. J. Stanley Durkee, that he says will be asked of each soul in the great finals.
First, What did you accomplish in the world with the power that God gave you?
Second, How did you help your neighbor and what did you do for those in need?
Third, What did you do to serve God?
Fourth, What did you leave in the world that was worth while when you came from it?
Fifth: What did you bring into this new world which will be of use here?

POTATO TOUR TO BE HERE SEPT. 2

DISTRIBUTION OF CERTIFIED SEED AND DEMONSTRATIONS BY M. S. C. EX-PERTS SCHEDULED

The "potato tour" will reach Berrien county on September 2. Demonstrations, potato specialists from the Michigan state college and distribution of certified seed will be some of the features of event.

The tour is a part of the potato program begun in southwestern Michigan last March when a seed potato train line was operated with the aid of Michigan state college. During the operation of the train last year, 3,000 bushels of certified seed potatoes were distributed to 600 farmers. These potatoes were used in demonstrations under the supervision of Michigan State college to show the value of certified seed as compared to ordinary seed in the same field.

According to the potato specialists the results are outstanding, and any farmer who grows potatoes, whether for market or his own use, cannot afford to miss seeing the demonstrations in his county. Five to eight fields will be visited in each county and discussions of all phases of potato growing will follow the visits.

It is planned to hold picnic dinners in each county where conditions are favorable and time permits.

SCHOOL PROGRAM FIXED FOR WEEK

PREPARATIONS COMPLETED FOR BEGINNING OF FIRST SEMESTER TUESDAY MORNING

School bells will call nearly 800 students together Tuesday morning when the first semester of the year begins. High school students will meet in assembly at 8:15. Afterwards they will go to their classes, when the 45 minute periods will be occupied with the assignment of lessons. Regular recitations will begin on Wednesday.

Grade pupils will start their studies on Tuesday at 9 o'clock when all are expected to come with their books ready for the nine months battle. Work will begin on Tuesday morning so that all students are urged to come with their books on the opening day.

High school books will be handled from the high school store and grade text books through the downtown merchants.

Children on the north side of Front street who will enter the first grade will attend the Dewey avenue school and all others will be assigned to the high school. Children five years of age or older are eligible for entrance.

The attendance is expected to be still larger than last year when the roll reached 875. The registering of students, however, will be facilitated by the fact that old students signed their registration cards last spring before school was dismissed.

New students who will register for the first time are to sign up at the high school on Saturday. Examinations for entrance will be held on Friday, Sept. 2 at 9 a. m., when eighth graders will meet at the high school. Non-residents are to pay their tuition on the opening day.

One of the greatest innovations in the course will be the increase in the physical education staff so that all students will take gymnasium work. Miss Mary Jane Allington will come here as a new teacher to have charge of the girls' work and Harold Bradfield the boys'.

A course in hygiene will supplement the regular physical education course, with lectures and other interesting features planned by the two physical directors.

Mrs. Josephine Pennell will be grade and junior high school principal.

The staff meeting of the entire group of 32 instructors will be held at 9 promptly, Monday morning. The teachers are urged by Supt. Stark to be at the High school promptly in order to give themselves a greater part of the day.

URGES JUNIOR COLLEGE AT BENTON HARBOR SCHOOL

Plans which would make it possible for Benton Harbor high school to become a junior high school were described by Superintendent Mitchell of that place at a meeting of the Exchange club in that place Tuesday.

With more building capacity a junior college could be established. The junior high for that city has been commended by the university of Michigan. It would cut expense for many boys and girls who have college ambitions and have not the funds to carry out their desires, besides caring for an excess enrollment in the various colleges, for the building capacity allowed.
