

MONEY MAKES MONEY

"If I only had the money I could do so and so" and make money. You have said it, all of us have said it---with money, more money can be made

The more money this community can draw here and keep here and keep spending over and over again, the more money the people of this community will have. Every time a dollar is used it turns a profit for someone. If we can keep that profit here at home, some friend of ours is going to benefit thereby---and as this friend benefits, he in turn will re-spend that dollar and some other member of our community family will profit. It may be you one time, the next time someone else---but the big, outstanding fact is---a home spent dollar stays home and the profit, each time it changes hands, stays here. Home spent money travels in a circle---and each person in this community is a member of that circle.

**BERRIEN SPRINGS
 GETS NEW SCHOOL**

\$98,000 STRUCTURE TO BE
 ERECTED IN FRONT OF
 PRESENT BUILDING
 IN FEW WEEKS

Voters at Berrien Springs de-
 cided Thursday at an election to
 bond the school district for the
 erection of a new \$98,000 high
 school building.
 The polls were open from two
 until eight and the question up
 for the second time met with
 little opposition. A decisive vic-
 tory for the opponents to the new
 building was experienced some
 months ago. The new building
 will be begun in a short time and
 will be ready for occupancy next
 year.

The proposed new building will
 stand in front of the present high
 school and grade building. The
 present building was erected fif-
 teen years ago, when 176 pupils
 were enrolled in the grades and
 high school. At present 425 stu-
 dents attend at Berrien Springs
 and more would attend were it
 not for the crowded conditions
 but who, instead are attending
 school elsewhere.

The old courthouse which
 stands next to the building and
 other buildings have been press-
 ed into service to accommodate
 the increasing number and size
 of classes. Berrien Springs of-
 fers excellent courses of study
 to its students having all courses
 offered in the high schools of ei-

**ROADSIDE STANDS OF STATE
 COMPARE VERY FAVORABLY**

Answering charges that Michi-
 gan roadside fruit stands and
 inns are below standard, Peter B.
 Dukesherever of Benton Harbor,
 head of the Michigan bureau of
 foods and standards of the state
 department of agriculture, says
 that 1,054 roadside inspections
 have been made since June 11.
 "We contend that no state in
 the country can do as well with
 the means at its commands, give more
 strict attention to the inspection
 of roadside stands or to the work
 which goes toward protecting all
 having occasion to patronize

these places, than does the state
 of Michigan. The records in our
 department show that when an
 inspector reports unsanitary con-
 ditions the matter is checked up
 promptly and conditions immedi-
 ately remedied," he said.
 The director urged persons hav-
 ing complaints to make identify
 the exact locality so that inspec-
 tors may avoid delays in correct-
 ing them. Since June 11 of this
 year, he said, 1,054 roadside in-
 spections have been made by his
 force of 16 men, resulting in issu-
 ing 366 permits denoting "first
 class condition." The work has
 not been completed throughout
 the state he said.

PRINCESS THEATER

\$1,250,000 for 19 minutes.
 That's what the public paid to
 see the Dempsey-Sharkey fight
 A short feature but fight fans
 were more than satisfied. Now
 you have the opportunity of see-
 ing the same fight blow for blow,

punch for punch, round for round
 and everybody will have a ring-
 side seat—yes even better for all
 the questionable blows are shown
 for your inspection in slow mo-
 tion photography.
 Whether Dempsey regains the
 crown remains to be seen but
 these pictures clearly demonstrate
 that he is regaining some of his
 former vigor and form.

Fight fans have unquestionably
 been influenced greatly in their
 favoritism by viewing these pic-
 tures. Along with this attraction
 is a special feature, "Three Bad
 Men", starring George O'Brien,
 Olive Borden, J. Farrell MacDon-
 ald and an all star cast of prin-
 cipal players. The supporting
 cast contains some 2500 people.
 It was directed by John Ford,
 who made "The Iron Horse" and
 is an epic of the west during the
 days of the land rush in the early
 70's.

There will be three shows each
 night starting at 6 p. m. As an
 special inducement to attend
 the first show there will be a re-
 duction in price for the first hour.
 From 5:30 until 6:30 p. m. ad-

mission will be 10 and 30 cents.
 After 6:30 tickets will be 20 and
 50 cents.
 Make preparations now to at-
 tend the first show and save mon-
 ey as well as avoid the crowds
 later.

CITY PETITION FILED 30 DAYS

EARLY OCTOBER WILL SEE DEFINITE ACTION ON DOCUMENT HAVING 360 SIGNERS

The first definite step toward investing Buchanan with the cloak of cityhood was taken Tuesday when the petition praying for an election was placed on file by the village solons.

The petition signed by about 360 residents must be placed on file for 30 days before any further action can be taken. The number of signers numbers a few over the required total of 350, determined by the last official United States census. The document has been circulating among the voters of Buchanan for three months. Mrs. Cress, Weldon having been in charge of the work.

After the petition has been on file for thirty days the village council will act on the question at probably a special meeting in the forepart of October. If favorable action is taken the chart-er commissioners will draw up a city charter to be submitted to the qualified electors of Buchanan at a special election.

The council meeting Tuesday night was occupied with sidewalk and drainage problems. Investigation of the drainage situation near the Wm. Bates home and re-paving of the walk on the McCollum property on Days avenue being two questions passed on.

President Brown and Councilmen Smith, Merrefield, Riley and Boyce were in attendance.

CLARK NINE PLAYS DAVID-TTES WITH STRONG TEAM

What promises to be a lively game will be played Sunday when the Clark team will meet up with the House of David team.

The game will no doubt be hard fought with the already strong team fortified by the addition of Arthur Melroy, a Central League pitcher for three seasons to the Clark battery. Three new out-fielders are to appear.

The Clark team was in two entanglements last week end, meeting the New Troy Independents there in what baseball fans pronounced as the best game of the season at that place. The score ended 6 to 6 after 14 innings had been played.

HRIE AND DUNLAP ENTER PARTNERSHIP; BLANCHARD GOES INTO AVIATION

Announcement was made this week of the purchase of the Hudson-Essex Motor Sales on Front street by Maurice L. Hrie and M. J. Dunlap. The amount of money involved was not disclosed.

The new partnership purchased both the sales and service features of the Hudson-Essex business. They will continue to offer a repair service for all makes of cars and will carry the agency for the Hudson and Essex auto-

BLUES WIN AND LOSE IN WEEK END BATTLES

Buchanan Blues will meet the Twin Branch team Sunday when Nebelung, who made his first appearance here last week end will play field for the Blues.

Simpson will pitch for the Blues. The Twin Branch men will have Abbott and Meloney as pitchers.

By a score of 7 to 5 the Blues won in an exciting game last Sunday from the I and M Livewires. Nebelung, a pitcher from the Michigan City Speed Boys, struck out 12 while Lefty Irvin struck out 7. The local team nosed ahead in the first three innings and held the lead throughout with the exception of the third. After the third Irvin held the Buchanan Blues to two hits and a run.

In Sunday's game many sport fans followed the local team to Benton Harbor for the game with the Monarchs, the latter winning the first of the championship series for Berrien county with a 5 to 3 score. September 18 the Blues will play the second game of the series.

BONFIRE CAUSES MOTOR ACCIDENT

RUTH BINNS AND WILLIS BURROWS NARROWLY ESCAPE FROM COLLISION TUESDAY NIGHT

Smoke from a bonfire along the South Bend-Buchanan highway about seven miles from here, caused a head on collision from which Ruth Binns, daughter of H. F. Binns and Willis Burrows, young son of Mr. and Mrs. R. J. Burrows, narrowly escaped Tuesday at 6 p. m.

The couple had taken Mr. Burrows to South Bend to catch a train for Plymouth, and were returning to Buchanan when the accident occurred. Smoke from a hedge fire blinded them so they could not see oncoming cars.

"The smoke was so thick that I could scarcely see. I had to shut my eyes in going through it. After the crash was over I could

hardly believe I had been in an accident," said Willis.

Miss Binns, who was driving the car, had tried to get through the smoke as quickly as possible. The two cars struck side on, demolishing the fenders, wrenching the chassis and doing other damage.

Miss Binns received bruises and Young Burrows had cuts on the head and neck. Both were badly shaken up from the impact.

Passing motorists, whose name could not be learned, took the

second driver to South Bend and brought the Buchanan couple to the office of Dr. O. R. Curtis for treatment. Both are able to be up and around.

40 AT FOOTBALL PRACTICE

Forty players appeared for football practice at the initial session Tuesday afternoon at three o'clock. The first game which the men will play will be with Otsego on Oct. 1, there. The first home game will be Oct. 7, with the Decatur team.

CROPS GOOD. SAY STATE MEN

WEATHER HAS BEEN IDEAL FOR HARVESTING WITH ONLY A SMALL AMOUNT OF RAIN

Michigan farmers have experienced a very satisfactory harvest season according to a report of conditions sent out from the state department of agriculture at Lansing.

Much grain has been cut without any rain during the time. The small grains are yielding well and the quality is generally good.

Corn and beans are below the ten year average in condition but all other crops are up to or above the average. Drought is becoming acute over the Lower Peninsula except in the southeastern portion and all cultivated crops are being injured thereby. Frosts of sufficient severity to cause considerable damage to corn, beans, potatoes and the truck crops have occurred during the past week in various sections of the state according to the monthly report issued by Herbert E. Powell, commissioner of agriculture and Verne H. Church, U. S. agricultural statistician for Michigan.

Considerable improvement in the corn crop during July was noticeable in various portions of the state but growth was checked during the latter part of the month by drought which prevailed in most sections except the east central, southeast, and Upper Peninsula districts. There are many poor stands and as dry weather still continues at this, the critical period, only a partial crop is possible. The condition as reported is 64 per cent, or 16 per cent below the ten-year average for August 1, and indicates a production of 39,875,000 bu.

The Michigan wheat crop is very good in all except a few counties. The straw is long and only a few sections report any rust. Considerable threshing has been done in the southern half and yields are generally good. The average for the state is 22 bushels per acre, the highest in more than 20 years except in 1924. The estimated production is 20,240,000 bushels as compared with 17,916,000 in 1926. The grain is of excellent quality being rated at 92 per cent, three per cent above the average.

Conditions in spring wheat have been favorable in the Upper Peninsula, when the major portion of the average is located. The outlook is seven per cent above the ten-year average and indicates a crop of 153,000 bushels against 32,000 last year, as the

BUICK for 1928

When Buick improves upon Buick—the standard for the year is set

Buick for 1928 introduces a higher standard of beauty and luxury than the world has ever known. Buick interiors are as modish as exquisite drawing-rooms—as harmoniously colored—and as comfortable. Buick's new Fisher bodies are low-swung without any loss of head-room or road-clearance.

And so, down to the smallest detail of construction, wherever refinements could be made, Buick has made them. Again Buick has improved upon Buick. Again the standard for the year is set.

acreage is somewhat larger. While the oat crop is not large, the yield will be fair in most sections but the quality is only fair as many are light in weight. The condition of 84 per cent is four per cent above the average and two per cent better than last year and is equivalent to a production of 53,003,000 bushels.

Barley: The condition of 85 per cent is four points above the average and up to last year's condition on the same date. Threshing returns indicate very good yields in most sections and a total crop of 5,500,000 bushels. The increase of one and one-quarter million bushels over last year is mainly due to a corresponding increase in acreage.

Potatoes: The early crop shows rather light yields but late crop is showing good stands and fair growth. Dry weather is slowing up the growth in many sections and promises to shorten the crop very materially unless the drought is relieved soon. The August 1 condition was 83 per cent, equivalent to a production of 31,262,000 bushels. This outlook is one point better than one year ago and three points above the ten year average. Beetles are unusually troublesome and blight is reported in some localities.

Apples: There is a very bad infestation of scab and aphid throughout the state which has greatly lowered the quality of the prospective crop which is now reported to be only 37 per cent of normal. There has been a heavy drop of fruit during June and July due to poor pollenization and the present outlook is for a total crop of 5,129,000 bushels, of which 906,000 barrels are rated as the commercial portion.

Peaches: The quality is good, but the crop is mainly confined to a few southwestern counties on favored exposures where some orchards have a good crop. The yield will be very light in other portions of the state, and the total crop, as indicated by the present condition of 31 per cent, is forecasted at 561,000 bushels.

Pears: The quality is much better than that of apples but is also a light crop, being estimated at 554,000 bushels which is 39 per cent of a normal production. The percentage of condition is lowest in the southwest district where 69 per cent of the trees are located.

Grapes: The outlook is considerably below earlier expectations. Spring freezes caused considerable injury and the clusters are scattered and irregular in many vineyards. The condition is reported to be 59 per cent of normal, which is equivalent to a production of 57,044 tons.

Plums: The crop is generally light in most sections and is estimated at only 81 per cent of a full crop. This is a decline of four per cent during July.

Melons: The weather was more favorable during July in the commercial sections and the percentage of a crop increased from 64 to 70 per cent during the month.

920 STUDENTS START SCHOOL

LARGEST NUMBER TO EVER FILL THE BUCHANAN SCHOOLS ENROLL THIS WEEK

A total of 920 students have swelled the ranks of school children this week, making the number larger than any previous year, according to estimates made by Supt. H. C. Stark.

The senior high school numbered 218 this year on the opening day with 26 coming in later. Junior high had 146 on the first day with 20 more added later. A total of 244 are now in high school and 166 in junior high. The first six grades total 460 and the kindergarten has 50, about the same number as last year for the

five year olds. The number in each of the first six grades are as follows: First 90, second 85, third 65, fourth 80, fifth 75, and sixth 65. The largest district to send non-resident members is Kansas, with 11 coming in from that place for their education.

The students of the high school met in assembly Tuesday morning at 8:15 when Principal E. H. Ormiston was in charge.

All classes began on Wednesday morning with the regular length of time for recitations. Every student is taking gymnasium this year with two physical education directors on the teaching staff.

The first assembly was concluded with songs and yells.

NEW TROY

Rev. and Mrs. Bert Ede were callers at the Barnhart home on Sunday.

Mr. and Mrs. L. Richardson received word this week from their son, Arthur, who was at work in Michigan City that he was en route to Hawaii to take up aviation.

The Aid society of the M. E. church met Wednesday afternoon for a summary of the year's work and it was proved to be very satisfactory. The following officers were elected: president, Mrs. Dick Mitchell; vice president, Mrs. O. Peterson; secretary, Mrs. Frances Penland and treasurer, Mrs. Geo. Daniels.

Mrs. Nina Fischner went to Buchanan Monday to attend the meeting of the school faculty. She will begin her duty as teacher in the schools there Tuesday morning. This is her seventh year there.

Mr. and Mrs. John Wood are entertaining their granddaughter, Marjory Jean, this week. Their daughter and husband, Mr. and Mrs. Ray Zimmerman have gone on a trip to Burlington, Ia., to visit with Mr. and Mrs. Earl Draper, who will go with them to Denver. Mrs. Draper and Mrs. Zimmerman were graduates of the same class in New Troy and have always been great friends.

Mrs. Henry Goodaline who has been quite ill is much better.

Mr. and Mrs. L. H. Richardson spent Monday at Klinger lake. A reunion of his mother's people was

held there. Mr. and Mrs. Floyd Maxim, after closing the store Saturday evening, drove to Reed City to spend Labor Day with Mrs. Maxim's mother. They returned to their home Monday night.

Mrs. Ethel Tyler of Benton Harbor, spent Sunday at the Ed. McKeen home.

David Barton, Sr., is spending some time in New Troy.

The Weesaw-Chickaming Republican Women's club will be held on Tuesday afternoon, Sept. 13, at the home of Mrs. Ray Weaver, Glendora. The program has been announced previously to be held at the Boyd home but as it is nearing the time for Mrs. Boyd to take her departure to the west, with a view of improving the health of her daughter, she will be unable to entertain.

George Daniels was awakened Tuesday morning at three o'clock by a crash and screaming. He hurried to investigate and found that about 40 rods from his home two cars, a Hudson and a Dodge had collided. One lady was quite badly hurt and several received minor injuries. Calls were sent in to the Sherman garage near Sawyer, to come and get the cars. Dr. Corey of New Troy was called and he took the injured women to Tabor sanitarium.

Miss Ruth Penland, who is working at Lakeside spent Wednesday afternoon at her home here.

Mrs. Fred Hoxie, who came here this Spring from Mendon, has moved from the Bud Hanover rooms into the house belonging to Mrs. Harwood.

Mr. and Mrs. Dean Morley have returned from their trip up north. They returned home around the Lake in Wisconsin. They had the pleasure of visiting at the home of Miss Ruth Nelson of Sutton Bay, who was a former teacher here.

Mr. and Mrs. Elwin Ritchie and family of Michigan City, spent Thursday with their parents, Mr. and Mrs. S. E. Ritchie.

Mrs. Jennie Rossiter, who has been spending several months with her daughter, Margaret Burlingame, went to Elkhart Saturday to visit a aunt with a daughter living there.

School was closed Friday af-

ternoon to enable the teachers and students to attend the Three Oaks Fair.

Mr. and Mrs. Elwin Ritchie and family of Michigan City, spent Thursday night with the latter's parents, Mr. and Mrs. Dick Mitchell.

Mrs. Ray Burlingame returned from Chicago Friday afternoon.

Mrs. S. R. Ritchie and Mrs. H. O. Piper and daughter, Mrs. C. Boyd, were callers Friday afternoon at the Barnhart home.

Our village was almost deserted Friday afternoon the citizens attending the home coming at Berrien Springs or the fair at Three Oaks.

Mrs. Thos. Lewin was brought home from St. Joseph hospital at South Bend Sunday, where she had been operated on for the removal of a cataract from one of her eyes. The bandage has not been removed yet but she has great hopes of its success.

Paul Piper is doing cabinet work for Mrs. Caroline Stratton, in her new residence.

Marx and Marx have started a small force to work making musical instruments in their new factory. Their greatest output will be in the winter time. Six new buildings are being built for them by White and Cramer of Galien.

Mrs. Nina Easton and daughter, Dona, of St. Joseph, who have spent several days with Mrs. C. J. Peck of Sawyer, returned to their home Thursday evening.

J. Allison returned Thursday from a visit with Mrs. Brown and daughter living in Three Oaks.

Bernice and Harold Maxim, who have visited the past week at the home of their uncle, Floyd Maxim, returned to their home in Grand Rapids, Thursday.

Don't forget that the first meeting of the P. T. A. will be held Friday evening, Sept. 9th. Only one more Sunday before the Methodist pastor, Rev. Bert Ede, will go to conference. The

district superintendent has been asked to intercede with the bishop for his return. Rev. Ede will attend two conferences besides the one in Battle Creek. He will attend the Detroit conference to which he belongs.

Mrs. Ede will accompany him there.

Mr. and Mrs. John Wood and granddaughter attended the I. O. O. F. picnic at Dayton Labor Day.

Mr. and Mrs. Ignace Balos gave a party celebrating the birthday of their daughter, Rose, Sunday evening.

Mr. and Mrs. Harry Tibbles of Chicago, spent the week end at their summer home here.

78TH STATE FAIR SURPASSES OTHERS

"BIGGEST AND BEST" PROVES TRUE IN FIRST DAY OF DETROIT EVENT ON MONDAY

Michigan's State fair opened Labor day, with the 78th affair one of the outstanding years in the history of the association. Officials said this year's fair would be "bigger and better" than any of its predecessors. All the exhibits surpass any previous showing.

Among the outstanding features of the fair are the 25 fabled acts which will be staged afternoon and evening, including a carnival of clowns. A Special conveniences and protection will be afforded visitors. Receiving hospital will have a first aid tent on the grounds and there will be ample equipment of telephones, drinking fountains and rest facilities.

State police, national guards, men, city police and firemen and Pinkerton agents will be on duty day and night.

Children had a special day Tuesday when those under 14 were admitted free and others at five cents. Cones and soft drinks sold at reduced rates and charges for side shows were also lowered. The selection of show horses include the finest strains from the middle west.

Admission prices for adults and automobiles have been cut from 50 cents to 25 cents. Children under 10 accompanied by an adult will be admitted without charge.

WHITE GRUBS VISIT FARMS NEAR HERE

LIFE HISTORY OF PEST COVERS 3 YEARS, SPRING OF 1929 TO SEE THEM AS BEETLES

White grubs are reported by farmers in southwestern Michigan to be quite noticeable in their fields. Corn is an especial breeding place for the pests although the potatoes and even grass sod is providing a home for the pests.

The life history of white grubs which are the larvae of the June bugs or May beetles, is rather unusual in that it is a three year cycle. Grubs that are causing the present damage hatched from eggs laid by the 1926 May beetles. About October first they will burrow below the plow line to spend the winter. Next May they will again work their way to near the surface for a short feeding period only to soon go down again and pass into the pupal or cocoon stage. This dormant state will continue until the spring of 1929 when they will emerge as full fledged May beetles.

From the above, two ideas of slight preventative value can be deduced. First, do not plant corn on sod following a bad June bug year, or second, if this can not be avoided, fall plow such fields prior to Oct. 1. As far as treatment of infested fields is concerned, nothing can be done, at least economically. For golf greens or park areas kerosene emulsion, sodium cyanid or carbon disulfid emulsion can be employed effectively but the expense is considerable.

For small areas of the farm lawn that have been cut loose the best method to follow is to leave them alone. In most cases the grass will come to life with the coming of wet weather and new roots will be sent out. Prof. Pettit of M. S. C. tells an interesting story of how he and a few other students once set out to eradicate grubs from the lawn of an esteemed teacher who was away. They rolled up the sod in strips and dug out hundreds of grubs. Lack of time prevented them from completing the job and to their surprise the undisturbed part of the lawn came out much the best.

Mrs. Ida Burnett, who was operated on Tuesday morning at Clark hospital, is reported as recovering nicely. Miss Josephine Gross will undergo an operation today at Clark hospital.

Mr. and Mrs. Adna Sherwood had as guests Sunday Mr. and Mrs. Jeff Dokey of Dowagiac; Mr. and Mrs. F. N. Garrison of Berrien Springs and Mr. and Mrs. G. E. Paul of the Chicago university. Fred Moyer and A. W. Charles were in South Bend Tuesday. Ellis Willsey is spending a short vacation with relatives and friends at LaCrosse and Sparta, Wis.

The Maintenance Is Built Into Concrete Streets

When the street in front of your home or place of business is paved, you naturally want to be sure that the pavement chosen will be the most satisfactory and economical that money will buy.

Before you decide this important matter, investigate thoroughly the investment advantages of portland cement Concrete Pavement.

Be sure you know what a standard Concrete Pavement is. You can recognize it by the pleasing light gray color. It is made of a definitely proportioned mixture of sand and pebbles, or broken stone, held together by that tenacious binder, portland cement.

Our booklet R-4 tells many interesting things about Concrete Streets. Write this office for your copy.

POPULAR BUCHANAN COUPLE TAKE MARRIAGE VOWS

One of the most outstanding events of the season was the marriage of Miss Dorothy Barnoski, niece of Mr. and Mrs. Chas. Smiles, to James Thomas Gallagher, son of Mrs. Thos. Gallagher, which took place Wednesday morning at 9 o'clock at the St. Anthony's church. Rev. Hammer of Three Oaks performed the ceremony.

The bridal couple, attended by Miss Mary Franklin and George Franklin, took their places at the altar to the strains of Lohengrin's wedding march played by Mrs. Jesse Lowman.

The bride was beautifully attired in a white satin dress with lace trimmings and wore a white tulle veil and accessories to match. The groom wore a dark blue business

suit. The church was beautifully decorated with a profusion of fall flowers.

Following the wedding at the church a wedding breakfast was served to 20 guests at the Smiles home. The happy couple left in the afternoon for Chicago where their home was awaiting them.

The bride is one of Buchanan's most popular young ladies, having spent the greater part of her life here. For the past four years she has been employed at the Clark Tractor office.

Mr. Gallagher is also well known here, having made his home here several years. About three years ago he went to Chicago where he accepted a position as foreman at the C. G. Spring and Bumper Co., and has since been in their employ.

The out of town guests were John Gallagher, Mrs. J. J. Theis and Mrs. A. E. Barbeau of Chicago, and Miss Anna, of Wisconsin Rapids. The young couple are at home to their many friends at 7505 Essex Ave.

HUSS FAMILY HOLD REUNION AT BARRON LAKE SUNDAY

The eleventh annual Huss reunion was held Sunday at Kennedy's Resort at Barron lake when 40 people were there.

At noon a pot luck dinner was served and was followed by games and contests in the afternoon. In the evening all of the relatives were treated to ice cream and cake.

Officers elected were Mrs. Will Koehl, president, and Mrs. Clarence Huss as treasurer. William Huss, 78, was the oldest member of the family there and Robert Dale Huss, 4 months old son of Mr. and Mrs. Clarence Huss was the youngest one present.

Guests from out of town included Mr. and Mrs. Preston Nolan and children from Chicago, Mr. and Mrs. William Huss and children from Kalamazoo, Mr. and Mrs. Clifford Huss and Mr. and Mrs. Gordon King from the same city, Mr. and Mrs. Frank Huss of South Bend and Mrs. Frank Wilson of South Bend.

E. H. WISNER TENDERED FAREWELL DINNER BY CLASS

Last Thursday evening the members of the O-4-O class of the Methodist Sunday school held a chicken dinner at the home of Mr. and Mrs. George Chain on N. Main street. The dinner was given in honor of E. H. Wisner, who left the fore part of the week for Big Rapids, where he has taken up his duties as instructor in the Ferris Institute.

For the past seven years Mr. Wisner has been teaching the members of the O-4-O class, and although the years have passed, and many changes in the membership of the class, the teacher has been very faithful.

Following a most delicious dinner, short talks were given by Mrs. Vernal Shreves, one of the original members of the class, and by Kenneth Blake, who also presented Mr. Wisner with a traveling bag as a gift from the class.

The evening was spent with games and contests and at a late hour all departed for their homes. About 35 were present.

HOMES FIRST IN MINDS OF WOMEN

TOUR OF TRUCK SHOWS THE INHERENT UNSELFISHNESS OF THE FARMERS' WIVES

Farm women are inherently unselfish, questions asked by this class of women revealed in a tour just completed by the home convenience truck sent out from M. S. C. over the state.

Farm women want to know how to make their home more attractive for their families and second how to save themselves steps and effort in performing their house-

hold work. Questions on attractive floor and wall coverings were the most numerous of the queries answered by the specialists.

Exhibits of septic tanks for the disposal of the household wastes, and modern methods of installing water systems were also magnets that assisted in bringing 4032 people to the 116 meetings held during the tour. The truck visited thirteen counties during the summer.

Through the cooperation of the State Board of Health, 635 samples of well water were collected for analysis in the State laboratories. Reports of the results of the analysis of each sample will be sent to the person interested.

The economy of space used in placing the exhibit of bath room fixtures in the truck convinced many people that they could install these fixtures in their homes without expensive alterations of rooms in their houses.

1ST "FARM AID" SALE HELD TODAY

R. C. ATKINSON HAS FIRST OF SERIES OF AUCTIONS FOR FARMERS; HIGH GRADE STOCK OFFERED

The first of a series of "Farm Aid" sales will be held today at the R. C. Atkinson farm, located four and a half miles southeast of Buchanan.

The auction will begin at 1 p. m. when 30 head of high grade Guernsey cows will be sold. The entire lot are of the best stock. Farmers will be given a credit of nine months and interest from the date of sale.

The sale is the first of a series planned by Atkinson, giving farmers opportunity to buy high grade stock and sheep on credit. It is his plan to offer half grown stock to the farmers that has been raised cheaply on the ranges in the northwest and southwest. Atkinson announced his plans to farmers at the Harvest Jubilee at Berrien Springs last Friday.

The half-grown stock could be transported cheaply and the cost of feeding would be cut in half for Michigan stock raisers. The haul to slaughter houses after the cattle are grown would be short and less expensive than is required to bring the full grown cows from distant ranges for market. In addition to the meat breeds, dairy cows are included in the plan of the Niles man.

Phil Karling and Goldie Smith returned Monday night from a motor trip to Canada, Niagara Falls and other points in the East.

BEST PEACHES GROWN NEAR HERE

Peaches, said by County Agricultural Agent Harry Lurkins to be the best in the county, are being marketed by the Hill Crest Fruit Farm near Gallien, of which Charles E. Schwartz is the proprietor.

Mr. Schwartz reports the trees are not heavily laden, but are extremely good. Albertas raised by him appear to be perfect and without the sign of blight or insect stings of any kind. With the shortage in the peach crop this year Schwartz' trees are unusual. Trees are bearing all the way from one bushel to more each.

Although the peaches have reached their full growth they did not begin to ripen until a few days ago. Pears and grapes too, will not be ready for some time. The latter are also being raised by Mr. Schwartz, who reports his vines having fine bunches, some when ripe promising to tip the scales at the pound mark.

CIRCUS COMING SEPT. 13

Bill boards and other places in this vicinity are blazing with signs announcing the coming of Gentry brothers show to Niles on September 13. Clowns, aerialists, gymnasts, equestrians and all the other joy makers are said to be better than ever this year.

HENRY W. FOCUS

Henry W. Focus, 77, for 10 years prior to 1915 superintendent of the Niles Board of Public Works, died on Monday afternoon at his home on Front street. Shock and grief over the sudden death of his daughter, Mrs. Vel Zora Focus Rouse, wife of Sam Rouse, on June 9, is believed to have hastened his death. Three days after her death he fell in the yard about his home, in a com-

plete state of collapse and since that time had been confined to his bed.

The funeral services were held Wednesday afternoon at 2 o'clock at the home. Rev. Harry Staver of the Presbyterian church, officiated. Burial took place in Oak Ridge cemetery.

Pall bearers were E. C. Griffen, A. H. Welling, G. H. Earl, R. A. Degan of Niles and A. F. Howe and M. J. Kelling of Buchanan.

Henry William Focus was born in Litchfield, Ill., on May 4, 1850. Before coming to Niles he was for many years superintendent of the water department of the Chicago and Alton railroads, west division, and located at Slater, Mo.

The family moved to Buchanan from Niles in 1915. On December 22, 1892, Mr. Focus was married to Mrs. Mary Dacy, at St. Louis, Mo., who survives him. A step daughter, Mrs.

Anna Dacy Sanders, wife of Atty. Frank Sanders, also survives him. The deceased was a member of the Knights of Pythias and Macabees, Knight Templar and Eastern Star lodges at Slater, Mo.

NORTH LIFE SHOWN IN ESKIMO DISPLAY

The Paul Warren Eskimo Collection made by Paul Warren of Three Oaks on his trip a year ago to Greenland, Labrador and Baffin Land, and recently presented to the Memorial museum of Three Oaks has been prepared and placed on exhibition in the Foundation building.

The collection, one of the most interesting in the county, is most informative on Eskimo life and contains examples of the weapons and clothing of these northern people. All specimens in the exhibit were gathered in Greenland.

The most valuable articles are bird-skin robes, of which there are several, well made and with interesting patterns. Breast-skins of the elder duck furnishes the larger part of the material used. One robe made double, with the down skin on both sides, is of exceptional size, almost as large as a coverlet. It is understood that such robes are forbidden to be exported, the Danish government in its paternal fashion not permitting the Eskimo to trade the necessities of life for nonessentials. Mr. Warren secured these skins by special permission.

A full sized and fully equipped lance, the Eskimo's most dependable weapon, is in the collection. It is most ingeniously made, the shaft, of pieces of wood secured from the Danish traders, is carefully fitted together. It has a blunt ball tip, on which fits the harpoon head, with its round socket. Also, a cord with an ivory socket fits over a pin half-way up the lance. Back from the pin runs the long seal-skin line with the bladder at the end. When the Eskimo strikes a walrus or seal, the jerk loosens the lance head, which drops from the lance and the socket slips from the pin; the animal runs free but with the lance head in it; the long cord with its float marking his position. The Eskimo hunter later retrieves the float and cord, draws the animal until within reach and kills it by a thrust thru the spinal cord with his killing-iron, a specimen of which is also shown.

A miniature model of the kayak with its equipment of weapons, float and lines, also is included. A doll, made by an Eskimo, and correctly dressed shows the costume of the women. Foot-gear, a model sled, toggle, and other articles make a most valuable as well as interesting exhibit.
