The Hills Corners church services will be held at the Wagner Grange hall for several Sundays due to the repair work being done on the church. All people in the community are cordially invited to attend.

## FIRST PHONOGRAPH HERE CALLED FAKE

TIN FOIL RECORD SINGING STRAINS FROM LOCAL BAND MAN'S CORNET WAS CURIOSITY

The first talking machines in Buchanan back in early days were considered a fake, according to John G. Holmes, pioneer publisher of the Record, who recently gave an account of the Edison invention in the Cedar Rapids Gazette, Cedar Rapids, Iowa.

"Since the possession of antiques has become quite a vogue the fields in which they may be discovered by busy collectors has branched out considerably. The latest discovery in old curio cities here was made by John G. Holmes. It is a record of one of Edison's original talking machines. He was reminded of this relic by the fiftieth anniversary of Edison's invention.

"Mr. Holmes, who was editor of the Berrien County Record, published in Buchanan, Mich., from 1875 to 1894, recalls when as a newspaper man he attended a theater where a man with one of these original talking machines was giving a program. The admission was twenty-five cents and the theater was filled. The early music boxes were simple machines which made the original record on tin foil spread over a cylinder while the artist was performing and then continued to play the record as many times as the persons desired.

Mr. Holmes' record was entitled "Old Arm Chair," as played by John Morris, who was at that time a cornetist in the band at Buchanan.

"The machine itself was made of an iron cylinder about four inches in diameter and eight inches long, with studs turned on one end, a diaphragm and needle and a screw thread which turned on the surface of the cylinder. While the musician played the operator turned the crank. The vibration of music made pin-like dots on the tin foil. The diaphragm and needle could be shifted to the starting point after the record had been made, and, by turning the crank, the record could be repeated as many times as the audience desired, but once the tin foil was removed it could not be replaced and was therefore no good for future use.

"This machine, according to Mr. Holmes, was taken around the country for exhibition as the wonder of the world, but it amounted to nothing more than a toy due to the temporary quality of the record. In this first record the music would often skip a note or two, enough to make the audience laugh. However, ten years later Mr. Edison succeeded in making a record which was permanent. Mr. Holmes also was one of the first of these, which was brought to the town by a traveling man. It was run by a storage battery instead of a spring and had rubber tubes and a receiving set in connection with the machine. It was the first successful Edison talking machine with the cylinder records. Many people, when they first saw it, thought that it was a fake. John Holmes has lived in this city since 1913 with his daughter, Mrs. L. J. Hansen."

## WARNS AGAINST EARLY SOWING

CO. AGRICULTURAL AGENT SAYS SEPTEMBER 23 IS HESSIAN FLY FREE DATE

Warning against sowing wheat too early has been sent out by Harry J. Lurkins, county agricultural agent.

"The Hessian fly free date is given us by Prof. R. H. Pettit of M. S. C. as Sept. 23. Many growers want to sow this coming week. We feel that it is against the interest of the wheat grower to sow before Sept. 19, advises Mr. Lurkins.

"Two ounces of copper carbide to the bushel of wheat if properly and thoroughly applied is sufficient to control stinking smut. It must completely cover the seed.

"One tablespoonful of formaldehyde in 10 of water sprayed upon every 1 1/2 bushel of wheat will also control stinking smut. Shovel over well, cover for one hour only, air well and sow. One hundred and fifty-two hundred pounds of a complete fertilizer 2-12-2 or 4-12-4 will help build good root for the plant this fall."

"The most authoritative lecturers could not describe the cause Dr. Stephan Schmidt of Poland, gave Berrien county fruit lands," said County Agricultural Agent Harry Lurkins in commenting upon the

visit paid by the foreigner to Southwestern Michigan Saturday.

Dr. Schmidt is a member of the faculty at the University of Krakou, Poland, and is doing special research work this winter at Cornell university at Ithaca. He came here from Winnipeg, Canada to be the guest of the county agent. He also attended the flower and fruit festival at Benton Harbor.

Mr. Lurkins will send him plants from the fruit here including Concord grapes, Jonathan and McIntosh apples, Elberta, Rochester and Hale peaches, which Mr. Schmidt will try to raise in Poland.

### POTATO EXPERT HERE

The farmers in the vicinity of Three Oaks attended a potato tour, Monday, under the supervision of the county agricultural agent, Harry Lurkins. When the M. S. C. tour was taken thru the county a few weeks ago, people in that vicinity were attend-

ing the homecoming day of the Three Oaks fair. The tour this week was intended to reach those who were unable to attend the previous meet.

## Local News

Mr. and Mrs. Henry Partridge of Galien celebrated their golden wedding anniversary Sunday, Sept. 24.

The Partridges are pioneers into the community and both are more than three quarters of a century old. Mr. Partridge, who is 78, came to Galien with his parents from New Hampshire when only eight months old. Mrs. Partridge was 16 years old when she came to Galien with her parents from New York.

The latter, who is now 75, suffered a stroke three years ago and since that time has been unable to leave her home. Due to her illness the golden wedding anniversary was spent quietly, their children and grandchildren coming in during the day to congratulate them.

The Partridges have had six children, three still living. They are: Charles, who resides with his parents, Will, living on a farm a short distance from his parents and their only daughter, Mrs. Bertha VanTilburg, who resides a mile south of Galien.

The case of Anna Simon, young daughter of Mr. and Mrs. George Simon, has been set for 10 o'clock Saturday morning by Probate Judge William H. Andrews.

The Simon girl came to Buchanan to attend the funeral of her three year old brother Leo Michael, who was accidentally burned to death at the farm home one mile northeast of Buchanan recently.

Determined to return to her aunt in Detroit with whom she had been living she started for the Michigan Central depot Monday afternoon when she was arrested by Deputy Sheriff Clarence Dunbar, at the request of her parents.

Anna claims she is 16 years old and entitled to come and go from her home as she chooses without interference from her parents.

Arraigned before Justice Al W. Charles the girl was remanded to the custody of the probate court. Her case is set for Saturday. In the meantime she is being held in the juvenile detention home at St. Joseph.

## COUPLE CELEBRATE GOLDEN WEDDING

GALIEN PEOPLE CAME HERE WHEN THEY WERE YOUNG; BOTH OVER 75 YEARS OLD

Mr. and Mrs. Henry Partridge of Galien celebrated their golden wedding anniversary Sunday, Sept. 24.

The Partridges are pioneers into the community and both are more than three quarters of a century old. Mr. Partridge, who is 78, came to Galien with his parents from New Hampshire when only eight months old. Mrs. Partridge was 16 years old when she came to Galien with her parents from New York.

The latter, who is now 75, suffered a stroke three years ago and since that time has been unable to leave her home. Due to her illness the golden wedding anniversary was spent quietly, their children and grandchildren coming in during the day to congratulate them.

The Partridges have had six children, three still living. They are: Charles, who resides with his parents, Will, living on a farm a short distance from his parents and their only daughter, Mrs. Bertha VanTilburg, who resides a mile south of Galien.

The case of Anna Simon, young daughter of Mr. and Mrs. George Simon, has been set for 10 o'clock Saturday morning by Probate Judge William H. Andrews.

The Simon girl came to Buchanan to attend the funeral of her three year old brother Leo Michael, who was accidentally burned to death at the farm home one mile northeast of Buchanan recently.

Determined to return to her aunt in Detroit with whom she had been living she started for the Michigan Central depot Monday afternoon when she was arrested by Deputy Sheriff Clarence Dunbar, at the request of her parents.

Anna claims she is 16 years old and entitled to come and go from her home as she chooses without interference from her parents.

Arraigned before Justice Al W. Charles the girl was remanded to the custody of the probate court. Her case is set for Saturday. In the meantime she is being held in the juvenile detention home at St. Joseph.

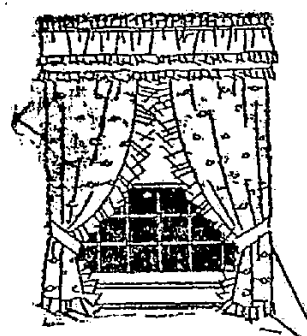

She is survived by three children: Mrs. George Brown of LaPorte; Ira Purucker of Buchanan; Mrs. Felix Berost of South Haven. Also four brothers: James Boone and Daniel Boone of Buchanan; Schuyler Boone of Hartwell, Neb.; Wm. T. Boone of Los Angeles and a sister, Mrs. Alvilda Creviston of Baltimore, Maryland. Funeral arrangements have not yet been made.

## CLOTHING EXPERT MEET FARM WOMEN

SIX GROUPS IN SOUTHERN  
PART OF COUNTY ARE  
ORGANIZED, GET  
LESSON

The Berrien County Farm Bureau is cooperating with the extension department of the Michigan State College this year in putting on Clothing Project II. The farm bureau is not only lending its moral support but is behind the work in a financial way. The ladies clothing project II started Tuesday at Longview, neighborhood club, by Miss Gleason, extension specialist, on the college, and Mrs. J. Richards of Eau Claire, who is county chairman for 1927. There are six groups in the southern part of the county and a group was represented at a meeting by two leaders. The leaders organized early in the day with Mrs. Miles Murphy of Berrien Center as their president and Mrs. A. W. Eldson of Berrien Springs as elected secretary. After a few remarks by the county agent, who assured the ladies that it was his desire to help them all that he could in their work, Miss Gleason took up the lesson for the day.

The work of the year consisted of garment fitting and the first lesson started with a study of undergarments as a foundation for correct fitting outer garments. The principles of selection, construction and care of clothing was also reviewed.

The six groups of the north end of the county met at the home of Mrs. Richards Wednesday for the lesson given by Miss Edna Gleason. The groups were represented by the following ladies: Mrs. Lester Snavely, Mrs. Wilfred Webster, Mrs. Ralph Bishop, Mrs. Ida Richards, Mrs. Rena Radewald, Mrs. Nellie Ritter, Mrs. Virgil Blanchard and Mrs. Nettie Williams. The women named Mrs. Virgil Blanchard as president and Mrs. Nettie Williams as secretary.

The county committee for future work is composed of the following: Mrs. Miles Murphy, Berrien Center; Mrs. H. W. Eldson of Berrien Springs; Mrs. Virgil Blanchard of Berrien Center; Mrs. Nettie Williams, Eau Claire; H. J. Larkins, county agricultural agent, St. Joseph.

## SCHLEE TO BE WELCOMED BY BUCHANAN RELATIVES

Claud Nessbaum of Mexia, Tex., who has been visiting Buchanan relatives for ten days, has gone to Detroit for a visit with the Ed. F. Schlee family. Accompanying him was Miss Amelia Desenberg, his aunt, who will be on hand to greet the return of Edward F. Schlee and William Brock, round the world fliers who are expected in Detroit soon.

Others who will welcome home the fliers are Mrs. Rosa Livingston, Clark street, mother-in-law of the aviator and Ben Livingston, local business man.

The world fliers expect to dock at San Francisco today on the Korea Maru. The plane placed aboard the boat intact will be removed from the liner and will be ready to fly, the last lap of the journey to begin immediately upon landing.

## JEWISH NEW YEAR CELEBRATED HERE

Jewish families of Buchanan, ushered in the New Year, 5688, Monday evening when they attended services in South Bend's synagogue. Jewish merchants of Buchanan were closed throughout the holiday.

The 10-day holiday began at sundown Monday evening and on next Thursday will reach a climax when Jews here will celebrate the Day of Atonement. The rituals will mark a climax in the annual Jewish calendar. Celebrators from here were present on the opening of festivities at both the Temple Beth-El and Hebrew Orthodox churches.

Rabbi I. Siegel presided at the services in the Sons of Israel synagogue, speaking on "A Happy New Year" while in the Hebrew Orthodox synagogue Rabbi A. Schur led the congregation in prayer.

An indictment against the attitude of Christianity toward Judaism and a powerful defense of the Jew were made in the Temple Beth-El by Rabbi William Stern who spoke on "Israel, a Victory."

E. B. Clark, E. C. Mogford, Frank Habicht and G. W. Merrell attended the Tunney Dempsey fight at Soldier's Field, Chicago, Thursday night.

Mrs. F. C. Hathaway entertained the Kave Knot club at her home on W. Third street, Friday afternoon.

Lyle Chubb was home from the U. of M. over the week end.

## MAN FROM HERE ON INSPECTION TOUR

GLENN HASLETT AMONG THE  
GROUP TO MAKE SEMI-ANNUAL VISIT TO THE  
COUNTY LOCKUP

Inspection of the Berrien county jail was made last Thursday with Glenn Haslett of Buchanan, as one of the committee to make the tour. The tour was made up of William H. Andrews, Judge of Probate; T. W. Bellingham, County Juvenile Agent; Leonard Merchant, Glenn Haslett and Darwin Sharp, superintendent of the poor.

The semi-annual inspection revealed that intoxication led to the greatest amount of arrests. The jail and management were found in a fair condition. Forty-four are in the jail awaiting trial and 24 were serving sentence.

Occupants of the jail and the offenses committed are as follows: Drunk, males, 293, females, 14, total 307; violation of liquor laws, males, 64, females, 6, total, 70; driving while intoxicated, males, 75, females, 0, total 75; drunk and disorderly, males, 73, females, 3, total, 76; petit larceny, males, 64, females, 8, total, 72; auto theft, males, 20, females, 0, total, 20; vagrancy, males, 31, females, 2, total, 33; insane, males, 13, females, 1, total, 15; rape, 10; disorderly, males, 55, females, 1, total, 56; assault, males, 27, females, 1, total, 28; reckless driving, males, 12, females, 0, total, 12; violation motor law, males, 14, females, 0, total, 14; murder, males, 5, females, 0, total, 5; 51 other minor offenses bringing the total to 1085.

POEM WRITTEN BY PASTOR  
PUBLISHED BY REQUEST

The following poem composed by the Rev. H. L. Voelker, Presiding Elder of the Kalamazoo district of Evangelical churches, is printed by request. It was first read at the recent homecoming of Portage Prairie church by the composer. Rev. Voelker was formerly pastor of the Buchanan parish and later served for a period of four years at the Portage Prairie church. The lines were written by him especially for the homecoming.

I've Come Home  
I've come home to Portage Prairie  
Here where hearts are bound to-  
gether

By the ties of nature's binding,  
And the cords of love entwining.

I've come home to Portage Prairie  
To the place of sacred memory,  
Here where loving portals opened  
And where kindly walls enfolded.

I've come home to Portage Prairie  
To recall those years gone by,  
Here to rest and bide awhile,  
And to bask in friendship's smile.

I've come home to Portage Prairie  
To the garden filled with flowers,  
Where they bloom with colors  
fair,  
Telling of God's love and care.

I've come home to Portage Prairie  
For the grace of God's dear children

As it penetrates our earthly care  
Lifts our hearts to highest prayer.

To my own dear Portage Prairie,  
This I long and pray for thee,  
That God's light around you shine  
And lead you home to Christ Di-  
vine.

## TWO HEADLIGHTS REQUIRED

Now that the new law in the state of Michigan regarding the speed of motor vehicles on state highways has gone into effect and allows motorists to drive at a high rate of speed on a clear highway without danger of arrest, the county highway officers are directing a great deal of attention to reckless drivers and are checking closer on the proper lights.

The state statute says that a car on the highway must have two headlights and a tail light. Many cars are being driven with only one headlight and it is impossible for motorists driving in the opposite direction and meeting a car with only one light, to determine which light is burning. In many instances the motorist will think the right hand light is burning and turn out too far in the road while at other times a driver may believe that the left light is the one which is burning and not turn out far enough. Drivers should be careful about the lights on their car and possibly save paying a fine.

B. F. WEAVER  
Benjamin Franklin Weaver, one of the oldest residents of Berrien county, the son of Eli and Leah

Weaver, was born in the state of Pennsylvania, Sept. 9th, 1927, and passed away at the home of his son, Floyd, Wednesday evening at 8:25 o'clock, Sept. 21, 1927, aged 100 years and 12 days.

At the age of three years he moved to Ohio, and after spending seven years there he came to Michigan with his parents, who were some of the first settlers of this section to settle in what is now known as the Coveney district, northwest of Buchanan. Later he removed to the present farm in the Wagner district where he remained until ten years ago.

He was united in marriage to Miss Alma Jane Stoner. To this union ten children were born: Noah, Clarence, Floyd, Marion, Earl, Mrs. Mary Ferris, Mrs. L. Verne Burgoyne, all of Buchanan; Mrs. Bessie Baldwin of Watervliet, Michigan, and Otis of Frederick, Michigan. A son, Claude, died in 1902.

Mr. Weaver had enjoyed unusually good health, and in view of advancing years he was very capable considering his age. His last sickness was of only five weeks duration and death came as the result of old age.

He had been a member of the Church of the Brethren for a number of years.

He is survived by his wife, six sons and three daughters; one sister, Mrs. Robert Graham of Buchanan, 37 grandchildren, two great grandchildren, a number of nieces and nephews, many other relatives and a host of friends. Funeral services, conducted by

Eli Roose, of LaPorte, assisted by J. W. Graten, local pastor, were held at the Church of the Brethren Sunday afternoon at two p. m. The sons carried him to his last resting place in the family lot in Oak Ridge cemetery.

## STINKING SMUT WAS MORE PREVALENT IN 1927 WHEAT

Bunt, our stinking smut was more prevalent in the 1927 wheat crop than it has been for several years past according to the farm crops department at Michigan State college, and the necessary precautions must be taken to prevent a still greater increase in next year's crop.

According to F. B. Drees, Secretary of the Michigan Millers' association, it has been necessary for the millers to make large discounts in some instances because of the presence of smut. Small or discounts have been quite common.

It is the belief of members of the farm crops department that the prevalence of smut has increased due to the laxity of farmers in treating their seed wheat. The copper carbonate dust treatment is recommended, and if properly applied, is effective in the control of smut.

Not only does the presence of

smut make the wheat undesirable on the market but it also reduces the yield. The M. S. C. farm crops department is prepared to furnish information on the copper carbonate dust treatment to farmers who wish this material. The copper carbonate method is a dry treatment and therefore is easily applied. It is cheap and does not injure the seed. The treated seed can be planted in the same way as the untreated seed, although it does not run thru the drill as fast and the drill should be regulated accordingly.

## PERSONAL MENTION

Vivian K. Johnson was a business caller in Chicago this week.

Lieut. Richard Pears spent the week end with his parents, Mr. and Mrs. C. F. Pears, while en route to Cheyenne, Wyo., on business.

Rex Smith was home from Northwestern Dental college, Chicago, over the week end.

Miss Lillie Brown will begin her studies at Northwestern college, Thursday.

Mr. and Mrs. Archie Schoff and family of LaPorte, were guests over the week end of her parents, Mr. and Mrs. H. L. Lauer.

S. H. Stevens, who spent last week in Marshall, returned to his home Monday.

Mr. and Mrs. Lennard Taylor, former residents of this vicinity, who recently sold their retail fruit business in Tulsa, Okla., are expected this week for a visit with friends and relatives before entering business elsewhere.

Geret Wisner returned to Big Rapids, Monday, to resume his studies in the pharmacy department of Ferris institute after spending a week at his home here. Mr. and Mrs. Bert Dalrymple visited friends in Centerville, Sunday.

Mr. and Mrs. Ted Rouse were guests of relatives in Benton Harbor Sunday.

Mrs. O. Howe and Mrs. Nettie Horn of Lansing, spent the week end with Mrs. Howe's sister, Mrs. Frank Miller.

Miss Lulu Moyer is home from a five week's visit with relatives in Canada.

Mrs. Nellie Slater spent Monday in Kalamazoo. She was accompanied by Mrs. S. A. Williams of Niles, a former Buchanan resident.

Harry Sabin has returned to his home in Los Angeles, after spending the summer here because of the illness of his mother, Mrs. C. E. Sabin.

Anna Lucile Resler, daughter of Mr. and Mrs. Noah Resler, McCaslin avenue, is sick with whooping cough.

## Turn the key! and your Buick is Double Locked

No lock could be safer! One turn of the key locks both ignition and steering wheel. But merely turning off the ignition does not lock the wheel. You may shut off the engine and coast, if you like, and still have your car under perfect control.

And no lock could be more convenient! It is illuminated and located within easy reach, where the steering column meets the dash.

The Buick double-lock is an exclusive Buick feature—one of many important refinements which characterize Buick for 1928.

Sedans . . . \$1195 to \$1995  
Coupes . . . \$1195 to \$1850  
Sport Models \$1195 to \$1525

All prices f. o. b. Flint, Mich., government tax to be added. The G. M. C. financing plan, the most desirable, is available.

\*\*\*\*\*  
+ PRINCESS THEATRE +  
\*\*\*\*\*

"October will probably be the biggest month the Princess theater has ever had," declares Homer P. Marley, owner-manager. "I am sure of the quality of the features to be shown, and their number. I consider that I have scored a distinct victory in securing 'The Cat and the Canary,' 'The Country Beyond,' 'The Unknown,' 'Babe Comes Home,' and 'Mother.'"

Speaking of the feeling of responsibility to his public, Mr. Marley said: "The number of people who came to the Princess each week, more than go to all the churches and other gatherings in Buchanan put together, makes me feel that I have a heavy moral obligation to parents and others to provide inspiring, wholesome and supremely entertaining scenes." He is bringing some of the most artistic and beautiful of educational films to be found to the Princess screen every week. "The Cat and the Canary," coming Oct. 27-28, had a run of more than three years in New York city. It is the outstanding mystery play of all modern times. Stage-hardened New Yorkers revel in its thrills for more than three years before it was screened. The cast includes seven outstanding film luminaries.

James Oliver Curwood's "The Country Beyond," famous novel and play, will be here Saturday next to open the October program. More beautiful photographs of the romantic north have never been taken, and the plot and action are the very essence of adventure, such as the Saturday crowds, both matinee and night, enjoy most.

Lon Chaney returns Sunday, Oct. 2, in "The Unknown," a Spanish tale, filled with the hot Spanish loveliness, intriguing, adventurous, all against the background of a circus, colorful and dizzy with action. Chaney is an "armless wonder," who proves to have arms after all—but there is a breath-taking story to be lived through before it is all revealed.

Rin Tin Tin lopes across the stage again in "Tracked by the Police," Tuesday and Wednesday, Oct. 4 and 5. The best known of all the dog actors always sends the children into ecstasies of delightful applause.

But no dog can win the hearts of boys and girls more completely than has Babe Ruth in his play, "Babe Comes Home." It's a great baseball story in which the Bambino knocks 72 home runs. Nuff said! October 6 and 7.

The entire family will want to see "Mother," with Belle Bennett as the heroine. For it is a story of modern life, rich, fast, forgetful, unfaithful, with "Mother" at the center of the home, as the prophetic element bringing us back to our senses. It is a thrilling story, or a smashing sermon, as you look at it. October 13 and 14.

There are many others that deserve to be mentioned in a mere October review, such as "The Land Beyond the Law," where authority makes a gunman a good officer; "Cradle Snatchers," and its puzzling, pathetic and uproarious situations; "A Million Bids" for what? The usual number of comedies will tickle the fat from the face and more than the usual number of westerns and world adventure pictures will be seen.

Ken Maynard deserves special mention. He comes Oct. 15th in "The Land Beyond the Law," which is the frontier where the law enforcers have not functioned. Maynard is the boy who was champion horseman in Ringling's circus before the movies lured him to a wider audience. He does his

own stunts and allows no trickery. He holds the record for bulldogging cattle, and other cowboy stunts, and is a marvelously trained athlete, as well as a man handy enough to be a lady killer, were he not a genuine cowboy.

## I APPRECIATE SERVICE

I like to trade with people who are up to date, who do business in a systematic way and upon whom you can depend for service and merchandise. When I send my little boy to a store I want to know that he will get just as careful attention as I would myself and that is the kind of service we aim to give. Binns' Magazine store.

Three litters of pigs every two years is a satisfactory average for a good sow. It would probably meet the requirements of most farmers and in the end show the best net profit.

1st insertion Sept. 29, last Oct. 13 STATE OF MICHIGAN, the Probate Court for the County of Berrien.

At a session of said court held at the probate office in the city of St. Joseph in said county, on the 24th day of September, A. D. 1927. Present Hon. William H. Andrews, Judge of Probate. In the matter of the estate of Silas Clark, deceased. John W. Clark having filed in said court his petition praying that the administration of said estate be granted to Charles A. Clark or to some other suitable person.

It is ordered that the 24th day of October, A. D. 1927, at ten o'clock in the forenoon at said probate office, be and is hereby appointed for hearing said petition.

It is further ordered that public notice thereof be given by publication of a copy of this order for three successive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said county.

### "GREAT MEN" IS PASTOR'S TOPIC

FOUR AFFIRMATIVE PRINCIPLES NAMED BY METHODIST MINISTER IN SUNDAY SERMON

Great men of the world have lived according to optimistic rather than pessimistic ideas, said the Rev. Henry Liddick in his sermon on "Principles by Which Great Men Have Lived," Sunday morning at the Methodist church.

"Great men of both yesterday and today have lived not according to negative principles but according to positive ideas," said the pastor.

Four cardinal rules of a positive nature were named as the principles by which all great men lived. All great men he said, felt that there was an ever present and all-powerful God in the world.

In a collection of one hundred biographies of noted people compiled by Dr. Everett Ruess, Hills, all of the subjects had a keen sense of the presence of God in the world.

Jacob, Daniel, who rose from slave to prime minister, Augustine, who remained calm and serene when Rome crumbled and the late Warren G. Harding, all felt the presence of God, said the speaker.

In a talk before a Sunday school class at Calvary Baptist church in Washington, D. C., he said his death knell came the day he said, "I am going to pray for the Republic."

"Great men have believed that truth will finally come and victory is theirs. They are a tiny minority about the truth. The majority is of the devil. The church today is the one great agency in telling the truth about Christ," said Rev. Liddick.

That life is immortal has been an optimistic idea of great men. Immortality became an anchor to great men's souls. They were not satisfied with the material things of life. All presidents of the United States, without exception, have believed in immortality, said the speaker.

One of the most notable examples of belief in the hereafter is found in Robert Louis Stevenson's famous prayer for the people of all nations on the evening before his death as well as his "Requiem" lines, "Home is the sailor home from the sea, and the hunter home from the hill," engraved on the poet's tombstone.

### OLIVE BRANCH PASTOR LEAVES FOR FARMING

Bidding the Rev. and Mrs. H. P. Brand farewell, members of the Olive Branch church, neighbors and friends gave a surprise party for the Brants Tuesday evening at the United Brethren parsonage. About forty were present.

The Rev. J. A. Bickstaff of Lake Odessa will take up the narrative of the church, coming here Sunday to begin his duties.

The Rev. Brand was compelled to resign his pastorate due to ill health and left yesterday with his family for his farm near Benton Harbor.

### START REMODELING CHURCH AT HILL'S CORNERS PARISH

Work has been started on the remodeling of the Hill's Corners church, a week ago two men of the church removed the ceiling

Last Monday the carpenter began his work with the aid of three men. The men have stenciled their intended of helping in carrying the remodeling program to completion. This will, of course, materially decrease the actual cost. It is hoped to have the heavy carpenter work finished within a month.

### BUCHANAN PASTOR WILL SERVE AT ORONOKO CHURCH

The congregation of the Oronoko Methodist church, north of Buchanan, has secured the services of the Rev. Henry Liddick, senior pastor of the Methodist church in Buchanan, to preach for them each Sunday morning. A singing service will be at place each week which will give the Rev. Liddick time to return here in time for the regular service at eleven o'clock.

For a number of years whoever was the pastor of the Berrien Springs Methodist church has served the Oronoko church and services were held only once in two weeks. Under the new arrangement services will be held every Sunday morning at nine and Sunday school immediately following.

The Rev. Liddick and his wife were given a reception at the home of Mr. and Mrs. Sanford Carpenter by the members of the congregation.

Mrs. S. S. Stinson of Naperville, Ill., will be at the Evangelical church Tuesday evening, Oct. 2, at 7:30 to speak in the interest of missions. All members and friends of the church are cordially invited. There will be a delegation from St. Joe, Royalton, Hills and Portage Prairie.

### LODGES & SOCIETIES

The Buchanan Odd Fellows enjoyed their regular meeting last Tuesday evening with three guests present.

They were A. T. Toney of Imperial lodge No. 134, Spokane, Wash.; H. G. Brown of Buffalo lodge 38, Kearney, Neb.; and Howard W. Foster of the lodge at Laconque, Pa.

The Young Women's Foreign Missionary society will be entertained at the home of Mrs. Glenn Haslett Tuesday, Oct. 4. September questions will be discussed and dues collected.

The S. E. A. will be entertained at the home of Mrs. J. Burbank on Days avenue, Saturday, Oct. 4, at 3 p. m.

The Women's Foreign Missionary society of the M. E. church will meet with Mrs. A. H. Hill on Terre Coupe road Wednesday, Oct. 6. Cars will be at the Women's Pharmacy at 1:45 to convey the guests to the Hill home.

The book study of the next few months will include "The Straight Way," "Toward Tomorrow" and "Ownership." The latter will be read by the members of the society.

LITERARY CLUBS TO MEET.

The Monday Literary club and the "20" club will begin the fall activities and a joint meeting at the home of Mrs. C. W. Boatman at her home on Clark street, Monday, October 3. The annual Reciprocity Day will be a feature of the meeting beginning at 2:30.

This committee from the "20" club for the initial program is composed of Mrs. Sig. Desenberg, Mrs. D. L. Boardman and Mrs. A. B. Made. Mrs. C. D. Kent, Mrs.

Frank Kean and Mrs. Laura Kean are representatives from the Monday club.

### S. S. CLASS HOLDS ROAST

Members of the Friendship class of the Evangelical church with their families and friends gathered at the home of Mr. and Mrs. John Walker south of town, and enjoyed a corn and Weiner roast. About 60 were present. Following the supper games were played on the Walker lawn.

### COLLEGE WOMEN MEET

The College Women's club will meet at the home of Mrs. G. S. Easton on Chicago street, next Wednesday night when plans for the ensuing year will be discussed and committees appointed.

The ladies of the Presbyterian church will meet at the new church on Tuesday, Oct. 4. The ladies are asked to come early and be prepared to meet and put things in order. They will also have a kitchen shower. Large kettles, dish pans and all useful kitchen utensils will be put on the shelves and in the drawers.

The Ladies' Aid of the Oronoko Methodist church held their first meeting of the year Friday, when a surprise party was given for Mrs. Alice Clark. Plans for the coming year were discussed during the afternoon.

The W. B. A. club will meet with Mrs. Ella Treat next Tuesday afternoon, Oct. 4th.

The Royal Neighbor club will be entertained at the home of Dorothy Hanover tonight at her home at 703 South Oak street.

The Ladies' Aid of the Church of the Brethren are preparing for a bazaar on October 8, at Runner's hardware. Clothing and a bake sale are being planned by the women. Mrs. Irving Engley, president of the society is in general charge of arrangements.

The Women's Christian Temperance Union will be entertained at the home of Mrs. J. B. Arney on Cecil avenue tomorrow afternoon. A program of interest will be presented during the afternoon. This is the regular monthly meeting. Election of officers will also be held and business pertaining to the state convention to be held at Battle Creek Oct. 28 will be discussed. Present officers of the Union are: Miss Mae Mills, president; Mrs. W. F. Runner, vice president; Mrs. E. O. Blodgett, secretary; and Mrs. T. E. VanLivery, treasurer.

The Ladies' Aid of the Church of Christ were entertained at the home of Mrs. Arthur Proctor on Portage avenue yesterday afternoon. The afternoon was occupied with preparations for the bazaar to be given by the women in November.

Discussing their "round the United States tour" teachers and officers of the Church of Christ met Tuesday evening with the leaders in the contest being conducted in the church. Members are racing in a contest to encircle the country with the points in the competition counted as miles. Attendance at church, Sunday school and prayer meeting along with the reading of the Bible all count toward the mileage. The side running their "speedometers" up to the required distance first will be proclaimed the winners. Claude Small is leader of one side and Mrs. Ed. McLaughlin the other.

The Beta Gamma Upsilon sorority held their first regular business meeting of the year at the home of Mrs. Wilbur Dempsey on Tuesday evening. Following the business meeting bridge was played. Mrs. Oscar Swartz held high score. Light refreshments were served by the hostess. On Thursday evening, Oct. 6th the delinquent list of the sorority will enter at the home of Miss Bernice Lundgren. Members are urged to notify the hostess whether they will be able to attend.

The Buchanan Odd Fellows enjoyed their regular meeting last Tuesday evening with three guests present. They were A. T. Toney of Imperial lodge No. 134, Spokane, Wash.; H. G. Brown of Buffalo lodge 38, Kearney, Neb.; and Howard W. Foster of the lodge at Laconque, Pa.

The Young Women's Foreign Missionary society will be entertained at the home of Mrs. Glenn Haslett Tuesday, Oct. 4. September questions will be discussed and dues collected.

The S. E. A. will be entertained at the home of Mrs. J. Burbank on Days avenue, Saturday, Oct. 4, at 3 p. m.

The Women's Foreign Missionary society of the M. E. church will meet with Mrs. A. H. Hill on Terre Coupe road Wednesday, Oct. 6. Cars will be at the Women's Pharmacy at 1:45 to convey the guests to the Hill home.

The book study of the next few months will include "The Straight Way," "Toward Tomorrow" and "Ownership." The latter will be read by the members of the society.

LITERARY CLUBS TO MEET.

The Monday Literary club and the "20" club will begin the fall activities and a joint meeting at the home of Mrs. C. W. Boatman at her home on Clark street, Monday, October 3. The annual Reciprocity Day will be a feature of the meeting beginning at 2:30.

This committee from the "20" club for the initial program is composed of Mrs. Sig. Desenberg, Mrs. D. L. Boardman and Mrs. A. B. Made. Mrs. C. D. Kent, Mrs.

### SOCIAL EVENTS

### THELMA CHILDS HONORED WITH BRIDGE LUNCHEON

One of the novel parties to be held recently was the bridge luncheon given by Miss Ruth Burns on Saturday for Miss Thelma Childs, who is to be married Oct. 19, to Lieut. Edwin Peck, U. S. N.

The tables were uniquely decorated in rival colors and the idea was carried out in the favors. A barbershop formed the centerpiece and unusual score cards were also among the original features.

In addition to the honor guest and the hostess the following were present: Mrs. Howard Rogers and Mrs. Irving Poulsen of South Bend, Mrs. Lester Melley, Doris Peck, Helen Tuttle, Dorothy Porta and Irene Riley.

### DS ATTEND LUNCHEON AT O. H. COUNTRY CLUB

One of the larger gatherings of the season at Orchard Hills Country club was held Tuesday afternoon when 95 women attended. Luncheon was served at the club house at one o'clock and was followed by an afternoon of bridge.

King and Queen of the event were: Miss George DeWitt and Mrs. Chas. Pears were other prize winners.

Hostesses for the afternoon were Mrs. J. Ester Miller, Mrs. Harry Graham, Mrs. Glenn Vanderburg and Miss Belle Landis.

Mrs. Joseph Melvin was hostess to a children's party at her home given in honor of her little daughter, Betty's birthday last week. The children were entertained for an hour or so and were treated to dainty refreshments afterward. Many pretty gifts were received by the four-year-old. Twenty-three boys and girls were present.

Mrs. C. D. Hamilton entertained the members of the Unique Bridge club at her home Wednesday afternoon.

### MORTUARY

JOHN WALKER BURGOWNE.

Funeral services were held on Thursday for John Walker Burgoyne, 66, lifelong resident of Berrien county and former citizen of Buchanan. Burial was made in New Troy cemetery.

Mr. Burgoyne was born in Buchanan on December 20, 1860 and

One of town guests and received prizes were: Miss George DeWitt and Mrs. Chas. Pears were other prize winners.

### WEDDINGS & BIRTHS

Among those to get marriage licenses Thursday were Edgar Zerby, 23, and Hilda Reich, 20, who gave their addresses as Buchanan.

Cabbage but when soft or immature wilts badly and when displayed for sale is unattractive. On the other hand, cabbage, not harvested soon enough becomes over-ripe and necessitates close trimming. Throughout the northern cabbage sections the crop is usually allowed to stand until all of it can be harvested at one or two cuttings. Throughout the South and those sections supplying the midseason market, where the ripening often extends over a long period, two or more cuttings are necessary.

## BUCHANAN'S OLDEST CITIZEN

The death of Benjamin Franklin Weaver marks the passing of one of the few remaining links with the early life in this section of the country.

Born during the administration of John Quincy Adams, he was brought into the wilderness of Ohio when only three years of age, where his early boyhood was spent. When only a lad of ten his parents again took the westward trail to Michigan where in 1837 the family settled in the Coveney District northwest of Buchanan.

The Black Hawk war, the "Wild Cat Banks" and the Michigan Ague were some of the many incidents in those early days. All the small grain being raised in Michigan was being cut with a sickle, hand made linsey and home-tanned leather were used in the making of clothes and shoes. Logs were hewn by hand for the cabins located around the saw mill settlement. In spite of all these primitive ways of living, the people were cheerful and contented whose wants were easily supplied. They were honest and hospitable," says history. Their food consisted generally of cornbread, pork fattened in the woods, fish, venison and wild game which was abundant. The fruits were cranberries, crab apples, wild plum, whortleberries and blackberries. The wild strawberries were delicious and much superior to the domestic strawberry in flavor and sweetness. It was not until 1842 that the first threshing machine appeared and after that came horses and wagons, steamboats, locomotives, automobiles and finally airplanes. On the week of Mr. Weaver's death a group of aviators flew in a few hours from the east to west coast.

How rich in memories Mr. Weaver must have been. He saw life advance from the rough wilderness into which his parents penetrated along with other staunch pioneers from Pennsylvania on up to the electrical age of today. Few possessed such a kaleidoscopic view of a century of advancement as passed through Mr. Weaver's thoughts.

## BUCHANAN'S NEW CHURCH

The completion and approaching dedication of Buchanan's new \$30,000 Presbyterian church marks a forward step in religious life in Buchanan. Along with civic progress the people are advancing religiously.

The sum of \$30,000 is not a small amount, however considered, but when the manner in which the church has been financed is known the sum takes on greater significance. All ages and classes have had a part in bringing the new edifice into realization. Individuals, the Ladies Aid, the church building society, and various other groups have been interested, according to the pastor, the Rev. Harry Stayer.

With the church building fund as a nucleus the rest of the money has grown. Some donated their work free, some have helped in the purchase of church furnishings, and the Ladies Aid are planning a "kitchen shower" for early October when bit by bit the culinary supplies will be obtained. Men are donating their services in installing the seating in the main auditorium.

The construction and furnishing of the church is reminiscent of the mediaeval days when entire communities in Europe would go to the hillsides, hew out the great rocks, roll them down the mountainside for cathedrals, still standing today. Women of the day brought their jewels and men their money for the church treasury. Everyone had a part in the project.

Out of the ashes smoldering from the fire on the cold December day has come out only a more beautiful church but more important still a closer feeling among the church members in their common purpose.

## DOLLARS DO NOT GROW ON TREES

The manner in which taxes are mounting and the staggering burdens they are putting upon all the people should give concern to every individual who has any interest in the future of our country. It seems to be easy to incur obligations and get into debt and correspondingly difficult to curtail extravagance and get free from our board, warrant and interest burdens.

While federal taxes have been reduced by hundreds of millions since 1921, state and local taxes have risen twice as fast as federal taxes have been reduced. Local taxes of municipalities and districts of one sort and another, which are organized on various pretexts for the purpose of levying some new form of tax, are responsible for the way we are passing through it.

Every dollar comes from the pockets of the people. Dollars do not grow on money trees. Every dollar wasted or spent unnecessarily is a dollar of capital destroyed. It has ceased earning, developing and producing.

Business and industry cannot survive this increasing drain of their steady contribution to the state.

THINK THIS OVER

Commenting on the state of the cost of government made by the National Industrial Conference Board, Magnus W. Alexander, president of the board, says:

While the federal government, simultaneously with its drastic tax reduction program since 1921, has utilized more than 21 per cent of its total expenditures for debt retirement, the state and local governments combined, since 1921 have spent less than four per cent for the purpose of meeting maturing obligations.

It is this policy of piling up new indebtedness without retiring appreciable portions of old debts that threatens to create unbearable tax burdens unless the fiscal policies of local and state governments undergo a radical reform.

Only the most drastic check to these mounting expenditures will prevent the tax bills of our state and local governments from becoming an intolerable burden to business and to the individual taxpayer. Any business concern managed on such a basis would soon be forced into bankruptcy.

## AMERICAN WAY BEST

The representative of the National Farmers' Union of England, visiting the fertile fields of Oregon, says that good farming and poor living go together, that high standards of intensive cultivation are impossible without cheap labor, content with a low standard of living.

The American idea is to substitute power for human labor, wherever possible, to put steam and gas and electric power into the fields in lieu of overworked men and women and children, and so make humanity free.

The basic facts are alike in England and America, everywhere—that cheaper, stronger, more tractable labor is essential. But here we vision it in machines, like the marvelous tractor and in a reasonable tariff to protect American production, not in low-browed, bedraggled, despairing serfs toiling for an overlord who is a "good farmer."

## A NATION OF BUILDERS

All January to July building records since the discovery of America have been broken this year, by a four per cent margin.

This was not expected, even though authorities prophesied a continuance of the building boom. The actual record is fully 10 per cent above the best predictions.

## RISE OF THE RURAL PRESS

The most remarkable feature of American journalism is the growth, development and influence of the country weekly newspaper and small town daily. Fifteen to twenty five years ago practically all of these representatives of the smaller cities and towns consisted of poorly printed sheets of local items and boiler plate. Today look at them. The great majority are clearly printed; they carry a certain amount of the more important national and international news along with the strictly local columns; they are filled with advertising; most important, they have editorial columns.

Above all, this last cannot be exaggerated. From mere reporters of town happenings, they have risen to an important, possibly the most important place as leaders of thought and comment on local, state and national problems. Their opinions are usually well founded and intelligent. They sway politics, industrial and business progress, and national affairs in a large way.

It would be well for the average citizen to better appreciate the character and influence of the rural press. It may give him another slant on the reason for America's unprecedented progress.

## "SAFETY CONSCIOUSNESS"

To check the rapid growth of fires and industrial accidents, people must get the safety habit or develop a "safety consciousness." Safety, like other things, is largely a matter of habit not only in industrial life but in all forms of activity.

The human element is the greatest single factor in fire and accident prevention. Safety engineering has gone far in recent years in the direction of mechanical safeguarding but no matter how great the factor of safety may be, mechanically considered, it can be neutralized if the machine or property is not properly handled. No one can do this for the worker and his own self-interest should prompt him to develop a safety consciousness.

## EDITORIAL STATIC

For once Chicago was interested in a fight where they didn't use machine guns.

## THERE'S A REASON

I know a girl  
An awful gawk.  
She'd love to ride  
But has to walk.

"My wife thinks I am the only man in the world," said a local man last week, "whose wife is perfect."

A pedestrian is a man whose wife has gone away with the car.

## IT IS LIKE THAT

A thirty young fellow named Fred had a quart of beer under the bed. The bottle exploded and blew the hair out of his head.

Now that the so-called "practices" game with Gallien is over let's watch the high school kids get ready for a real fray.

# HAPPENINGS HERE LONG AGO

TOWN NEWS GLEANED FROM THE FILES OF BERRIEN COUNTY RECORD FIFTY AND TWENTY-FIVE YEARS AGO

**THURSDAY**

**TWENTY-FIVE YEARS AGO**

Mr. Marble has his auto in working order and has it on the street. Of course it will need some readjusting before he offers to run a race but we feel quite sure he has a good thing and a short time of trial and readjusting will bring it out right.

Mr. and Mrs. W. R. Tuttle went to East St. Louis, Thursday, where their future home will be. Mr. Tuttle has accepted the position as teacher in college there.

Miss Georgia Wilcox and her large class of Sunday school boys enjoyed a picnic at Clear lake last week. The eating capacity of the boys was tested, much to their delight.

After a number of weeks of illness Mrs. Bertha Roe is again able to be in business. The familiar little bakery and Mrs. Roe to wait upon you will make you glad.

The board of education has about perfected plans for the opening of school and the following corps of teachers has been engaged: Miss Lindsley will probably teach the 5th grade. Others are: Superintendent W. L. Mercer, Principal J. W. C. Brown, Latin Miss Mabel Currier, science Miss Bertha Worth, 8th grade Mrs. Cora Grossman, 7th grade Miss Caroline Pearson, 6th grade Miss Nina Holliday, 4th grade Miss Alta Wright, 3rd grade Miss Anna Simmons, 2nd grade Miss Carrie Williams and 1st grade, Mrs. Elizabeth Mercer and Miss Marion Shaw, music.

Messrs John C. Dick and Chas. F. Pears spent a day last week at Indiana Harbor. Mr. Dick is quite enthusiastic about the place.

W. E. Sanders has placed in his residence on Front street a beautiful new piano.

Mr. E. K. Warren of Three Oaks has purchased a new automobile which arrived last Thursday. The fine machine will afford Mr. Warren much pleasure and reflect credit on Three Oaks as being an up to date little town.

Wheat, white per bushel, \$1.25; potatoes, new 30 cents a bushel; chickens 8 cents a pound; eggs 10 cents a dozen, butter 15c pound; lard 11 cents a pound; apples 40 to 60 cents a bushel.

Dr. Orville Curtis after several weeks on an eastern trip is home, again. His office over Roe's hardware has been reopened. He looks as if he had a good time and he says he has. He went from here to Detroit and then took the boat to Buffalo. He, like all others who have taken the boat, is enthusiastic in his praise. He then went to Albany and Saratoga, where he spent to live; he and Sig Desenberg spent some time in the Adirondacks; they left the railroad at North Creek and drove 20 miles by stage into the mountains to Indian lake where pickeral fishing is fine and Cedar river for trout. The stage route was along the foot of Mt. Marcy, the highest mountain in the Adirondacks.

Cider Mill will run every day, commencing Tuesday, August 26. El. S. Rough.

**FOR SALE**—A good ladies' bicycle. Apply at Record office.

Rural free delivery commenced from St. Joseph Friday. The two routes take in the post office sections of Glenford, Vine, land, Derby, Royalton, Carl and Hollywood.

Two rural mail deliveries were put in operation from Gallien this morning. The carriers, John Batten and Dale Swen, have each purchased a fine R. P. D. wagon of the Studebaker factory which means that the mail will be handled safely in all kinds of weather.

## FIFTY YEARS AGO

Master Harry Binns left with us a fine bunch of grapes last Friday, evidently an early variety. Thanks.

The school board has secured the services of Miss Annie Cumming of Grand Rapids, as Preceptress in the High school the coming year at the salary of \$50 a month.

Dr. J. M. Roe is having a new sidewalk and fence built in front of his residence on Oak street. A good improvement.

One of J. B. Fuller's sons, aged about 13 or 14 years, went to the woods, on Sunday last, and was dragging a forked stick behind which had been cut to an edge, when he stumbled and fell cutting an ugly gash in his leg about four inches long. The wound was very painful but the boy managed to stalk home a distance of about four miles. A Mr. Dond dressed the wound and the boy will be ready for another game in a few days.

A drunken man, under the sidewalk on the east side of the Kennard House, Saturday afternoon, created considerable excitement among the boys.

## OLD STONE MILL BUILT 72 YEARS AGO STILL USED

JOHN MARTINDALE AND WM. REDDEN, FAMILIAR BERRIEN CO. MEN, OWNERS OF STRUCTURE

An old stone mill built by settlers in Iowa, who traveled in the west from Berrien county, still stands in Delaware county and is still being used, though built in 1855. The stone was quarried and the solid oak tim-

bers were all hand hewn by John Martindale, who was prominent in the early days of this county and whose descendants still live here. Among the few old landmarks still to be found in the northern part of the county there is perhaps none in such a good state of preservation as the Fountain a good example of the old stone mill, also known as Strong's mill, says the Gazette-Republican of Cedar Rapids, Ia. The mill is located three miles northwest of Greeley and eight or nine miles from Edgewood on Elk Creek, one of the prettiest

creaks in this part of the country. It was in 1855 that John Martindale and his partner, Job Odell, chose the site for the structure and quarried the limestone themselves from nearby cliffs to construct the outer walls of the building. The inside timbers are hand-hewn and are reported to be as sound today as they were in 1855. One of the interesting corners of the mill, the wooden axle on which the huge water wheel turned, was sawed off next to the building to make room for the installation of the more modern turbine. Imprints of the saw teeth are still plainly visible, it is reported. The interior of the mill was built by the settlers from Berrien county of solid oak. A dam was built that retained the waters from the large spring and a mill race was constructed on the hillside carrying the water to the huge wheel that turned the two 3 1/2 in. burrs for grinding. A flood some half a century ago damaged the wheel, making it necessary to install a shaft that would conduct the water from the race to a turbine in the basement. With the age of machinery a gasoline engine was installed to use in emergency when the water got too low to turn the stones. Martindale, sold the mill to William Redden, who was a brother to John, White and Levi Redden. During the gold craze of forty-nine, William Redden, Kosciusko Koontz and Daniel Holmes, brother to J. G. Holmes, former Buchanan newspaper man, drove to the California fields with an ox team. Holmes returned af-

ter three years by way of Panama and New York. William Redden sold his Iowa mill to Strong and returned to this vicinity. Up until five years ago George Strong, son of the purchaser from Redden, operated the mill. Fred Kruger bought the mill from Strong and still operates it. Buckwheat cakes are still popular with farmers in that locality. Buckwheat ground in the burrs of the old mill is considered the only proper flour for pancakes. Corn meal as well as a good grade of wheat flour was also ground in the early days of the mill. According to the Gazette-Republican, farmers of the county in early days when there were few roads, used to load a sack of grain on their horses' backs and go thru the woods to the mill. Today the road leading to it is in good condition, the water at the spring is extremely cold and the beauties of the surrounding hills brings many lovers of nature as well as picnic parties, to the spot.

RECORD LINERS PAY

## INCREASE SEEN IN EGG CONTEST

AVERAGE OF 190 EGGS PER  
HEN IS EXPECTED IN  
31 LAYING  
PENS

Thirty-one pens of ten birds each have crossed the 2,000 egg mark in the fifth annual international egg laying contest at the Michigan State college, as the contest enters the final month. Production has increased substantially this year over last year's records, and it is expected that the average at the end of the 51 weeks will be well over 190 eggs per hen for the entire contest. Michigan owned pens lead in two of the three largest classes. A pen of ten barred rocks, owned by F. E. Fogle, of Okemos, Mich., leads this class with a total production of 2,030 eggs. Harry Burns, of Millington, Mich., owns

the pen of white Leghorns which leads this class, as well as the entire contest, with a total production of 2,375 eggs. The race is still close in the white Leghorn class, with interest centered on the three leading pens. Ten birds owned by F. G. DeWitt of Grand Blanc, Mich., are in second place with 2,340

eggs. Followed by the pen owned by Marshall Farms, of Mobile, Ala., with a total of 2,331 eggs. Egg weight requirements were added to the rules of the contest

this year. This requirement, in some instances, is responsible for the number of accepted eggs being smaller than the total. Eggs weighing 18 ounces or more were accepted until Jan. 1. The re-

## Money Saving Facts About Concrete Highway Pavements

Concrete is durable.

It will not shove, roll or rut. It remains as true and even as built. Concrete pavement is now satisfying taxpayers in many counties and every state in the Union.

Maintenance cost is low. It does not require periodic resurfacing.

Wet or dry, concrete provides the safest surface for traffic.

Oil drippings will not cause concrete to disintegrate.

Concrete pavements are clean, smooth, dustless, free from stickiness and usable twelve months in the year.

6,000 miles of concrete pavement were placed on highways in the United States in 1926.

Concrete gives you more road surface value for each dollar invested than any other type.

# AGRICULTURAL JOTS

Stories Concerning the Farmers in Berrien County and Their Farms

## CO-OP FARMERS NUMBER 520,000

ELEVATORS THROUGHOUT  
COUNTRY NOW TOTAL  
MORE THAN  
3,000

Cooperative marketing of grain in the United States shows the greatest development from the standpoint of the volume of business handled, in farmers' co-operative elevators, of which there are more than 3,300 listed with the United States department of agriculture. Most of them appeared in the middle western states. Farmers' elevators are most numerous in Illinois, Iowa, Kansas, Nebraska, North Dakota, Minnesota, South Dakota, Ohio, and Missouri. There are a few co-operative warehouses in eastern Washington which receive and market grain. Some attempts have been made by farm organizations to form federations of local elevators, but on the whole these attempts have not been successful.

A total of 16 wheat pools have been organized since 1920, but only 9 of these were active in 1925. The first association was formed in Washington and a second association was formed in Idaho in 1920. Organizations were set up in Oregon, Montana, Oklahoma, and Kansas the following year. In 1922 the Arizona, California, Colorado, Nebraska, North Dakota and Texas associations were organized. South Dakota and Minnesota did not organize until 1923 and the most recently organized association, that of the central states soft wheat growers, began operating in 1924.

The wheat pools quite generally utilize the facilities of the farmers' elevators in receiving and forwarding grain to market. Several of the associations lease or own terminal facilities for the handling of grain, while certain of the pools use terminal facilities provided by other interests. Several of the pools are now considering or have already organized, subsidiaries for the acquisition and operation of county elevators.

A number of attempts to organize cooperative sale agencies have been made, but with few exceptions have been unsuccessful. There are at the time at least four central selling agencies operating on our principal grain markets, as well as several sales agencies which serve only certain of the wheat pools. The total volume of business handled by all cooperative grain marketing associations in 1925 was \$750,000,000, transacted for 520,000 members.

## SILO IS TOMB FOR THE CORN BORER

THE REMAINING STUBBLE  
SHOULD NOT BE OVER  
TWO INCHES IN  
HEIGHT

The silo is an effective and practical device to control the European corn borer, according to Professor H. H. Musselman, agricultural engineer at Michigan State college.

Tests which have been performed by entomologists, have shown that the ensiling process destroys corn borers. For this reason, the silo has become known as the corn borer's tomb.

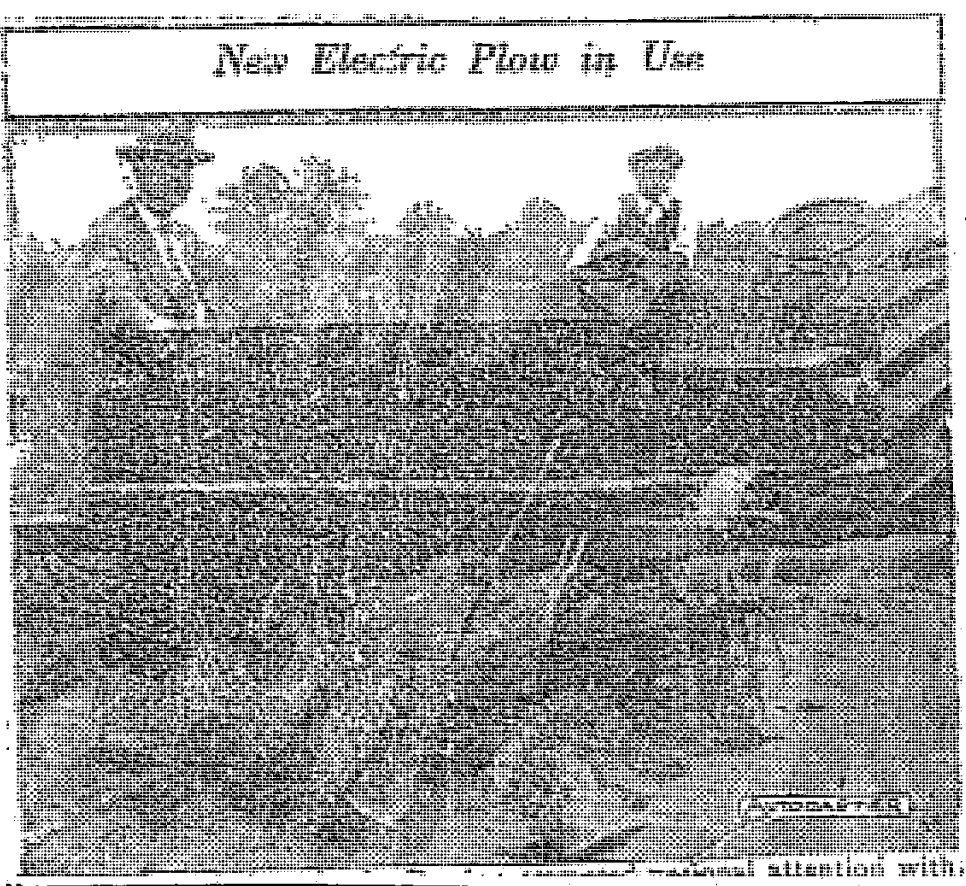

It is very important in harvesting the crop, Prof. Musselman says, that the corn be cut within two inches of the ground; otherwise, the remaining stubble is very likely to contain a high percentage of borers. Low cutting attachments for corn binders have been found to be practical in keeping the height of stubble down within two inches, which is considered good control practice.

The silage cutter should be set to cut the fodder corn in one-half inch lengths. The borers which escape this destructive operation are destroyed by the silage acids.

The silo is generally recognized as one of the best means of supplying succulent feed to dairy animals. Where a number of milch cows are kept, the use of the silo represents good farm practice and saves considerable labor when the work of feeding and harvesting is taken into account.

The silo as a means of corn borer control fits into present farm practice and does not involve extra operations, except when it is not possible to cut the crop within two inches of the ground. This problem can be met by plowing under the stubble. Michigan is a dairy state to a large extent, Prof. Musselman says that farmers should take advantage of the silo as a means of borer control.

A German scientist, says the Forest Service of the U. S. Department of Agriculture, found that in open areas 54 per cent of the water percolated in annual rainfall filtered into the earth, while forestland having similar soil affluence soaked up 74 per cent of it. Thus woodlands

## NEW RULES OUT FOR CORN BORER

FIELD SURVEYS IN 743 TOWNSHIPS  
SHOW BIG DECREASE  
IN DAMAGE TO  
CROPS

Corn borer regulations governing the cleanup of corn refuse in fields and premises of the quarantine area of the state were announced by Herbert E. Powell, state commissioner of agriculture Friday.

The regulations provided that all corn refuse of form and condition to harbor living corn borers in fields, gardens, barns, barnyards, feeding lots, canning factories, grain elevators, stock yards and similar places shall be burned, plowed under or otherwise destroyed before May 1, 1928.

Coarse stemmed weeds within corn fields are now included in the cleanup. Fields and premises must be kept clean until July 10. The following conditions are exempted from the above provisions: ear corn being stored for the grain attached; fast corn stubble which is not more than two inches above the soil surface in clean cornfields and corn crop parts or remnants which are made into ensilage, finely shredded or ground, or tramped into and completely covered with manure.

In revising the cleanup regulations, Commissioner Powell says that the aim has been to draw up a set of regulations which can be met with a minimum of expense.

C. F. Hiller, Mgr.

illustrations of the need for lime and organic matter in a campaign of soil improvement is now visiting many southern counties. Soils specialists test samples of soil and mail brought by farmers to the meetings that are held in each county visited.

Later this year, meetings will be held to familiarize fertilizer dealers and farmers with the analyses of fertilizers that are the most profitable when used for the crops raised in the locality where each meeting is held.

Soils survey work in Michigan has progressed to a stage where the soils types and their needs have been pretty well determined. The soils department believes that, at the present time, the development of new areas of marginal lands will prove unprofitable.

The work of the department in assisting owners of much soils to find profitable crops for their particular soils will be continued.

## You Never See Gasoline

It goes into your tank through a hose—you take it on trust. You can't examine it. Only a chemist can analyze it. The brand and the company back of the brand are all you have to go on.

If you buy unbranded gasoline, you buy a product which no company vouches for. You may save a few pennies in the purchase price, but it will cost you more in the end.

It is wiser to buy a known product—a branded product—with the backing of a company with a reputation to sustain. Your car represents a big investment. It is worthy of your care. It requires dependable fuel.

You are protecting your car investment to the utmost when you buy Red Crown Ethyl Gasoline or Red Crown Gasoline. The Standard Oil Company (Indiana) is back of them. It is proud to claim them and proud to assume responsibility for the way they work in your car.

Red Crown Ethyl Gasoline makes the engine quick to obey, powerful, speedy and smooth. It costs a few cents more but it "knocks out that knock".

Our famous economy fuel, Red Crown Gasoline, will give you a maximum of power at a minimum of expense without the anti-knock factor.

It pays to buy brands known for dependability—Red Crown Ethyl and Red Crown.

## FARM BUREAU OFFICIALS ATTEND GRANGE MEET

Mr. and Mrs. J. A. Richards, prominent in Berrien County Farm bureau activities will be the special speakers at the meeting of the Wagner grange Friday night at 8 p. m. at the Grange hall.

Mr. Richards, who is secretary of the county farm bureau will speak of farm relief. Mrs. Richards is head of the Home Economics department of the bureau. All members have been urged

to be present as plans will be made for the meeting of the Berrien county Pomona Grange on Oct. 4, at Wagner hall. One of the special speakers engaged for that meeting will be Mrs. Dora Stockman, State Grange lecturer, who will be here for the evening session.

**PHEASANTS EAT CUT WORMS**  
A farmer in Ontario thought that the pheasants were eating his corn. The game department killed two of the birds and examined their crops, in which were found 200 cut worms and no corn. It is a well known fact that pheasants prefer insects to grain food whenever they can get them.

Studies of milk production records made by the Bureau of Dairy Industry have shown that dairy cows reach their maximum producing ability at approximately 5 1/2 years of age and the decline in production starts at about 10 1/2 years.

## All Sorts of SPORTS in the St. Joseph Valley

### BERRIEN SPRINGS ORGANIZES SKI CLUB

**BIG HILL WILL BE INCREASED TO 170 FEET HIGH BY SCAFFOLDING IN FEW DAYS**

Plans for the year were laid and officers were elected at an enthusiastic meeting of the Berrien Springs Ski club held recently.

The big hill already 275 feet long and 130 feet in height in its natural state will be increased to 170 feet in height by the construction of a 40 foot scaffold at the starting point, work on which will start within a few days, it is announced. From the take-off to be constructed part way down the hill it will be possible for a jumper to clear a distance of 125 feet. Exciting sport is anticipated if the weather proves favorable to skiing. A toboggan

the hill to permit of even more people enjoying the sport.

New officers elected were: Dick Dean, president; Therald Oatman, vice president; Ed. Botham, secretary; Nelson Lounsbury, treasurer; Luther Burgoyne, captain; Harold Hoadley, second captain.

**Sees Good Augury**  
While motoring from Berrien Springs to Eau Claire last Friday evening, Miss Coral Miner, as she approached the vicinity of Ski Hill, saw a giant bird, which appeared to be nearly as big as her Ford. Miss Miner's first impulse was to turn her car around and speed back to Berrien Springs. However, a moment later the eagle, for such it appeared to be, perched itself on the top of a telephone pole, at the top of Dean's hill, where it was still sitting as she passed out of sight. The fact that this lost king of birds chose to perch at a vantage point overlooking Ski Hill, where thrilling stunts will be performed in the future, may be regarded as an omen which augurs great success for the ski club.

### 3 BASEBALL GAMES WILL BE PLAYED IN A SERIES

Stover, pitcher for the Buchanan Blues will be in the line-up for the three game series being played between the Baroda and Berrien Springs team. Both teams are made up of stars from Niles, Buchanan and other places.

**PLAY IN GOLF TOURNAMENT**  
Jesse Viele, Charles Landis and George Roe of Buchanan and D. S. Scofield, L. H. Hamilton, C. E. Williams and Fred B. Eyleschymmer of Niles were among those from the Orchard Hills and Plym park golf clubs who participated in the invitational tournament at Elkhart golf club course at Christiana lake last week.

**PROFESSIONAL GOES SOUTH**  
Bill Hutchinson, golf professional at the Christiana course where he has been a pro for three years, has resigned. Mr. Hutchinson plans to go south for the winter, in company with Walter Hagen, famous golfer, whom he will assist in teaching the game at winter resorts.

### GIRL SCOUTS START SECOND YEAR HERE

**MEMBERS OF EXAMINING BOARD ARE APPOINTED AND WEEKLY MEETS BEGIN**

The girl scouts' second year in Buchanan is starting off big. Many new girls have entered and have begun work for the Tenderfoot test. Many of the older members have worked on their second class work during the summer and are nearly ready to become second class scouts.

The girl scouts have on the examining board the following members: Signaling, Lois Milburn; cooking, girl scout mothers; serving, Tina Skeels; sewing, Vada Hopkins; first aid, Mrs. Lamb; bed making, Mrs. Lamb; map drawing, Vada Hopkins; home nursing, Dr. Wallace; home making, Mrs. Pascoe; health winning, girl scout mothers; needlewoman, Miss Skeels; gardner, Mrs. Pen-

nell; swimming, Lois Milburn; camping and hiking, Lois Milburn; Vanda Hopkins; thrift, Herbert Roe and Walter Shoop; laundress, Mrs. Ray Miller.

### HOME FROM WEST

Mr. and Mrs. Lewis Cauffman and Mr. and Mrs. Greeley Korn have returned from a motor trip to Hooper, Neb. They were the guests at the fiftieth wedding anniversary of Mr. and Mrs. Henry Moyer. Mrs. Moyer is a sister to Mr. Cauffman.

The motorists report farms in Nebraska particularly good in corn crops and roads were described as ideal for traveling, being marked conspicuously enough to enable a driver to drive with his eyes shut," said Mr. Cauffman.

One of the courtesies in Sioux City was a novel tagging of tourists cars with "Guest Cards" which gives visitors the privilege of parking as long as they please on the streets.

Mr. and Mrs. Harry Opperman and daughter of South Bend were the guests this week of Mr. and Mrs. Olm Summerhill.
