Mrs. Alice Wilson left last Friday for Ann Arbor where she is now a patient at the University hospital. Mr. Wilson expects to leave today for Ann Arbor. Any friends desiring to write to Mrs. Wilson may do so by addressing the letters in care of the hospital.

CO. GETS SHARE OF 3-CENT TAX

A CHECK FOR \$45,000.00 IS BEING SENT OUT FROM THE OFFICE OF THE TREASURER

Checks are being mailed to the counties of Michigan covering shares of the proceeds from the new three-cent gas tax. There will be a total of \$6,781,829 distributed.

Berrien county paid in \$316,567 and will receive \$45,766.

Under the act passed by the last legislature, the counties receive \$6,000,000 from the weight tax plus the difference between this \$6,000,000 and half the weight tax, the additional sum to be divided in the following way: seven-eighths to the counties according to their contributions to the weight tax and the remaining eighth divided equally among the 88 counties.

The latter provision gave the rural counties somewhat of a larger return in proportion to the populous areas. In some cases their revenue from the one-eighth third split will be greater than their contribution to the gas tax.

Payments on this occasion are fractional as the third cent of the gas tax became operative Sept. 5. Had the third cent been collected throughout the year 1927, there would have been \$2,418,371 to divide in addition to the \$6,000,000 allocated by the weight tax.

PRINCESS THEATRE

Home of the Pipe Organ.

Star of "The Country Doctor" in his best role. Also episode of "The Collegians"

NEW TROY SCHOOLHOUSE HAS FIRE WEDNESDAY

Waste paper in a hot air register is thought to have caused a fire at the New Troy schoolhouse Wednesday afternoon, that sent the 250 students in orderly march from the building.

The blaze was discovered by one of the teachers during the school session who immediately sounded the alarm. Many students were not aware of the actual blaze, believing that the students were taking part in only a fire drill.

The flames starting in the wall at the rear of one of the classrooms on the second floor burned the room where the register was located before they were extinguished.

MRS. SCOFFERN ILL

Word has been received that Mrs. D. S. Scoffern of Niles, became quite ill while in Memphis, Tenn., and was in a hospital there under the care of a specialist. She has improved sufficiently to continue the trip from Memphis and with Mr. Scoffern and Mr. and Mrs. Claitte Young is in San Antonio, Tex.

VISIT SCHLEES

Mrs. Rose Livingston and Miss Amelia Desenberg left Thursday for an indefinite visit with relatives in Detroit and Lansing. They will be guests of Mrs. Livingston's daughter, Mrs. Edward F. Schlee, wife of the club flier.

NEW TROY CLUB VOTES TO REVIEW BOOKS FOR 1928

A series of book reviews will claim the attention of members of the Trojan Women's Study club this year, according to a decision reached Friday after suggestions for the 1928 program had been given in answer to roll call.

The meeting was held at the home of Mrs. Joseph Smith in Glendora, with South America as the day's topic.

A paper on the history of South America was read by Mrs. Claude Blackburn of Glendora and Mrs. Kenneth Bilmire, in a paper which she had prepared discussed the future of South America.

Music was in charge of Mrs. Thomas Carpenter.

Refreshments were served by Mrs. L. Bites and Mrs. Smith and the club adjourned to meet again in two weeks with Mrs. Sol McKeen of New Troy.

THREE OAKS LODGE CHIEFS ARE INSTALLED IN OFFICE

With impressive ceremony, the Royal Neighbors of America held the installation of officers in the

Modern Woodmen club Wednesday night at Three Oaks. Mrs. Bessie Ross. The new officers served refreshments after the installation and gave a short entertainment.

The smallest island owned by the United States is Samoa, which has an area of only 77 square miles, and is frequently in the Bible and is be-

A RIDE IN THE NEW FORD

Henry Ford has got something. We can testify to that because we have had a ride in it. It does not rattle, it does not snort, it does not shimmy. It is there on the pick-up as we say in automotive circles and rides as easy as a Rolls-Royce over bumpy roads. This is a car which any young man or woman would be proud to go through the windshield of.

We confess we have been a little skeptical of the new Ford but a Muskegon dealer's courtesy in taking us for a ride in it has dispelled all our doubts. And now that it is over our fears are dispelled also. The remarkable young man who drove that car seemed to think that a man of our age and general habits loves to leap fences and swim rivers in an automobile and as for speed he seemed to regard it as the passion of his life to ascertain from personal experience that the 65 mile an hour story was no myth. Well, it was a great demonstration.

We do not believe there will be a pedestrian a year from now. The entire population will be scooting around in cars or laid up in hospitals.

FLOWERS FOR THE LIVING

Having completed 50 years of service in the public schools in Philadelphia, a woman teacher recently was paid unusual honors by her friends. They regarded her service as notable, both in duration and quality. Only a few days later a similar event took place in New York City, where another woman teacher rounded out her half century in the school room. Men, women and children paid distinguished honors to the women in each city.

There is credit to the community where such honors are paid to teachers whose services have made their work conspicuous. There must have been great zeal, tireless energy and determination to carry on for so many years with a difficult task. Probably many of those who supplied much of the enthusiasm in the receptions had given no other support to the teachers during the years, may never have spoken a word of encouragement or praise.

Belated honors are not always the best or the most productive in brightening life. No one ever came forth from the grave to enjoy the fragrance of the flowers on the new ground. Honors can come too late to be productive of any real results and that fact has been made apparent on many occasions. Much better it is to send the flowers to the living; the new blooms have a fragrance, they please the eye, warm the heart, cheer the soul, supply new energy for the days ahead, may help make a life successful in a new way.

SNOW
 December is gone and we have experienced a comparatively mild winter. To the immediate north, south, east and west

of us there is little snow. Each year, there are those who contend that the winters grow milder.

In spite of the prediction that we would have no summer weather through the season just past there are indications that snow is passing from the picture.

Where oh where are the violently colored stocking caps and heavy scarves that our fathers and mothers used to drape about their heads and chests? Stocking caps used to measure a yard or more in length. Think of tugging your neck up in a yard of knitted yarn. Then there were the shoes. They were not pumps and oxfords but the high topped variety, now obsolete. All these are no more.

Along with the disappearance of the stuffy clothes has gone the fun of sleigh rides and other snow sports. Those were the good old days, say people who were young then.

They shake their heads at the present mode of clothing and predict an old age of ill health for the younger generation now void of woollens and high top shoes. They forget that this younger generation is perhaps only accustoming itself to a changing climate.

The weather has varied on the earth before these millicens of years from the glacial climate to the more moderate days. Maybe the weather is capable of changing again.

Excess weight will disappear from many people, but that plan will fail utterly with many others. There is a wide variance found in studying humanity, different heights, weights, appetites and fat-producing qualities in the stomach. The man who seeks to lay down the uniform rule for humanity will have plenty of trouble in making it serve the purpose and prove the thing he seeks to establish. The Am Aror man should go on with his investigations and accumulate wisdom and some facts.

EDITORIAL STATIC

"What's companionate marriage?" asks a town matron at the movie the other night, patting the hand of her husband whom she married forty years ago.

Poor—Poor Percy
 Quite correct was Percy Black
 Until he sat down on a tack,
 But when the tack and Percy met
 He forgot his book of etiquette.

College girls are taking up boxing. They wrestle, also, but it is called dancing.

Who remembers when a girl with an unattractive face had to let it go at that?

We've finished our labors, the parting has come,
 And each of the comrades now goes to his home,
 And our voices blending we now will impart,
 In perfect love, giving each note from the heart,
 Each duty accomplished, each comrade content,
 Oh thus may we ever our friendship cement;
 May Charity, Justice, and Brotherly Love
 At last lead us all to the Grand Army above.
 —By Eli Helmick.

DENTAL CLINIC RESULTS KNOWN

80 PER CENT OF SCHOOL CHILDREN IN THIS TOWNSHIP HAVE DEFECTIVE TEETH

Results of the county wide clinic conducted under the general direction of Dr. Leachman and Miss Emma Arnold, county nurse, has been announced, showing 70 per cent of the children in Buchanan township with defective teeth. Galien township showed 78 per cent defective teeth and Niles township 80 per cent defective.

Olive Branch school in Galien township showed the highest percentage of perfect teeth with forty-six per cent defective. The Advent school at Berrien Springs with 50 per cent defective stood second and the Lafayette school in Benton township with 52 per cent defective stood third in the survey.

Last year following the dental clinic, the Lafayette school showed 100 per cent perfect teeth, when the school was inspected in the spring.

The examinations were conducted in the grades through the 8th although figures for the first six grades only were used in making the tabulations for the final report.

A portable dental outfit purchased by the commissioners was used in the work. According to an arrangement which can be made through Dr. B. E. Leachman of Benton Harbor, his services are available, free of charge, for the correction of defective teeth of children whose parents are unable to afford the cost of this work.

Dentists are available for talks before Parent-Teachers associations on the care of the teeth by arrangement with Miss Emma Arnold, county nurse of Benton Harbor.

METH. HILL CLIMBERS ANNOUNCE PLAY DATE

The Hill Climbers class of the M. E. church have arranged to stage their third annual play on April 26-27 this year, the selection being the comedy, "Apple Sauce." The class presented "Gimmie Johnson's Yob" two years ago, and another selection last year, both offerings being very well received and supported by the local public. While the plays are given primarily for the purpose of adding to the Hill Climbers building fund, the class has always donated liberally to the Clark hospital, and plans to do so again. The play is to be given in the Clark theater.

DIRECTORS ST. JOE ASSOCIATION MEET

The Board of Directors of the St. Joe Valley Marketing association held their regularly quarterly meeting in the recently erected store room of the association last night. Members of the board are Jesse Boyle, Jim Reed, Dean Clark, Fred Koeninghof, Glenn Haslett and Albert Houswerth, all of Buchanan; Sam Thompson and Russell File of Niles, and J. C. Hollenbeck of Berrien Springs.

Seeks to Get Rid of Mail-Order Bride

Los Angeles, Calif.—When Edward A. Bardsley obtained his mail-order wife he took her on a general warranty that she was in good shape, he told Judge Summerfield.

"But she was in far from what you would call good condition," he reported to the court. "Her teeth were ready to fall out, and it cost me all of \$100 to get her so that she could chew properly."

And so Bardsley wanted to return her, so to speak.

The matter before the court was Bardsley's suit to annul his marriage to Eva Bardsley. Under examination by Attorney Frank Layton, he told the following tale: "In the first place, this outfit cost me \$10 for a subscription to a matrimonial magazine. She heard about me through the magazine. Well, she wrote that she was in fine shape and we got married. The first thing I knew I had to pay the dentist \$100. Then she floated a bad check and I had to make that good. And then I ran across a letter from the publisher of the magazine telling her to trim me for all she could. Well, she has—for all she can."

Rancher Raises 'Coons to Replace Poodles

Harrisburg, Ark.—Mildred, who now walks down Fifth avenue with a curly poodle nestling in her arm or trotting at the end of a leash, may find a new pet selected for her by fashion's dictates as the result of an Arkansas industry.

Henry Higgins has set out to make raccoons popular as pets by establishing a ranch here for the little black animals. As yet it remains to be seen whether raccoons replace lapdogs, but the rancher is confident that it would not be long before the coons, as they still will be glad to have them as coats.

He has fenced in an acre of ground, provided comfortable living quarters for the animals and with well-trained dogs is capturing raccoons. They are not difficult to raise, he says, as they are among the healthiest animals in existence.

Fat Students Lean as Savant Says

New York.—Fat students get the stinky marks. A survey on physical weakness in the colleges made by Dr. William R. Emerson reveals that obesity and poor scholarship go hand in hand.

An obese student, in Doctor Emerson's report, is defined as "one whose weight, on the basis of height, is more than 20 per cent above the average."

"Proper control and training of your son who is now in high school," urges Doctor Emerson, "can soon start him on the course of health, which will save him from membership in this group of corpulent delinquents, at present one of the greatest debits in the college situation."

BRANDY—AT \$60

London.—Here is an item for those who believe that the highest liquor prices in the world prevail in the United States. A few bottles of brandy recently were sold here for \$60 a bottle. It dated back to 1789, the opening year of the French Revolution.

A War Without A Public Debt — By Albert T. Reid

MATTHEWS WILLED ESTATE TO WIDOW

DOCUMENT IS FILED WITH PROBATE JUDGE, W. H. ANDREWS

Petition for probate of the will of Charles W. Matthews, late Buchanan resident was filed yesterday with Probate Judge William H. Andrews of St. Joseph.

The will of Matthews, dated Aug. 12, 1922, left his entire estate of \$12,000 to his widow, Mrs. Mary E. Matthews, to have the full benefit during her life time, after which the estate is to go to their children. The petition filed today listed \$10,000 in real estate and \$2,000 in personal property.

Mrs. Matthews was named as executrix in the will, and Mrs. Maud Fette of Buchanan, who has been filed by a daughter, for the appointment of the widow as administrator.

Alonzo L. Matthews of South Bend, a son, Mrs. Bertha Richter, Mrs. Maud Fette, and Miss Doris Matthews of Buchanan and Mrs. Florence Cripe of Galien, daughters, are listed as heirs.

EDWARD ERWIN TALKS BEFORE NILES K. OF C.

Edward Erwin of Buchanan, was one of the speakers on the program at the house warming given by the Niles Knights of Columbus, his contribution being a talk on the theme "Nothing." Mr. and Mrs. William Blaney were on the entertainment committee.

Those attending from Buchanan were Mr. and Mrs. Ed. Erwin, Mr. and Mrs. Wm. Blaney, Mr. and Mrs. Fred Gleisner, Mr. and Mrs. Russell Atherton, Miss Mary Franklin, Miss Marie Hain, Miss Loraine Marsteiner, Edward Erwin, Robert and Charles Franklin.

RURAL TAXATION WAS SUBJECT OF CO. GRANGE

The regular meeting of the Berrien County Grange was held at Berrien Center all day and evening, Tuesday, Jan. 17. A fine program had been prepared and this meeting was looked forward to by many rural people, and especially by all grange people. The winter meeting being one of the big meetings of the year.

The morning session opened at 10 o'clock and all subordinate secretaries gave their reports. The afternoon session opened at two o'clock with a program consisting of music, singing, discussions,

short addresses by prominent speakers and an illustrated lecture on "The Home Beautiful" by Mr. Gregg of M. S. C.

The evening program was open to the public and the address given was on the subject of "Rural Taxation." A pot luck dinner was served at noon and supper at six o'clock.

Miss Marie Ham, 703 S. Oak Street, entertained the Catholic Young People's Club at her home Tuesday evening.

The Royal Neighbors will go to Niles Friday evening to enjoy a social meeting with the Niles lodge. A special bus will leave the hotel Rex at 7:30.

Mrs. Lyman Campbell entertained Wednesday at a very pleasant bridge-luncheon at her home 205 Front Street.

Mrs. A. B. Muir will entertain the Liberty Heights Bridge Club at her home, 111 Charles Court, Thursday evening.

Mrs. Norman Kritzer entertained Miss Ruth Crawford and Miss Dorothy Anderson of Chicago, at dinner Sunday.

Dale Lyons entertained ten of his friends Saturday afternoon in the home of his parents, Mr. and Mrs. Lester Lyons, in honor of his eighth birthday anniversary.

The Ladies' auxiliary of the American Legion served a pot luck supper Monday evening for the families of members. The regular business meeting followed.

The Women's Temperance Union met Friday afternoon at the home of Mrs. Newton Barnhart, 207 Main street.

The next regular meeting of the Buchanan Parent Teacher's Association will be held on Monday, January 30th. Mrs. Belle Lovejoy was hostess to the Royal Neighbor club Wednesday evening.

Mrs. Reba Lamb entertained a group of friends at bridge Saturday evening. Mrs. E. B. Ross will entertain the Birthday Bridge club at a 1 o'clock luncheon this afternoon.

Miss Birdella Pfingst was hostess to the Willing Workers class at her home at 508 Portage street, Monday evening. The school building now in use was erected in 1876 and has been condemned several times as unsafe and is regarded by many Galien residents as unsuited to the present day educational standards.

At the election the question of the location of a site for the school building in event of passing of the bond issue was voted upon. The question of using the E. A. Blakeslee estate for location of the school, the question submitted, lost by 196 votes.

A total of 285 votes were cast on the question of bonding the township for \$90,000 for the erection of a modern school building. One hundred and thirty-three votes were marked "yes" and 149 "no," with four votes incorrectly marked.

The cabinet of the Men's club will meet Saturday night at the home of Bert Mitchell. The Men's club announces that the February meeting of their club will be held Monday, Feb. 13, and that the special speaker H. L. Barnett, Pastor.

of the evening will be J. O. Nelson, secretary of the Berrien County School association. Christian Science Society Sunday school at 9:45. Sunday morning services at 11. Subject, "Truth," Golden text, Psalms 119:151, "Thou art near, O Lord, and all thy commandments are truth."

Wednesday evening meeting at 7:45. Reading room open from 2 to 4 every Wednesday afternoon. Advent Christian Church Sunday school at 10 a. m. Preaching at 11 a. m. Evening service at 7 p. m. W. O. Williams, Pastor.

Latter Day Saints Church Services held in the Seventh Day Advent church. Sunday school at 10 a. m. St. Anthony's Church Mass at 10:30 the second and fourth Sundays of the month. Mass at 8:30 on the first, third and fifth Saturdays of the month. Rev. Louis Hammer, pastor.

Methodist Community Church 10 a. m. Sabbath school, Glenn Haslett, superintendent. A. H. Hiller, acting superintendent. 10 a. m. Morning worship. Solo by L. Gagnent. Sermon, "Pigs or Pithles, Which?" 6 p. m. Epworth League. Leader Alene Welbaum. 7 p. m. Evening Worship. Choir renders anthem, "He Hath Heard Me." Sermon, "Can the Leopard Change his Spots?"

The pastor appreciates very much the splendid congregations at these Sunday services. Let us all get out again on Sunday and make it the best yet. Tuesday at 7:30 p. m. Jan. 24, cottage prayer service at the home of Misses Chamberlain, 120 Charles Court. Thursday at 7:30 p. m. Jan. 26, prayer meeting, parlors of the church. Studying the Book of Revelations. All are welcome to these services.

H. Liddicoat, Minister. First Presbyterian Church Church school at 10 a. m. Sunday morning worship at 11 a. m. Subject, "The Failure." Evening service at 7 p. m. Subject, "Peter's Shadow." The senior group of the Young People's society will meet at the church at 5 p. m. The Intermediate group will meet at the church at 8:30 p. m. Wednesday at 7 p. m. Bible Study class at the church. Harry W. Staver, Pastor.

Latter Day Saints At the seventh day Advent church. Sunday school at 10. Preaching Sunday evening at 7:30 at the home of Wm. Keller on Michigan street. Everybody invited. Elder Willard Marsh, it.

Don't merely long for a home. Have one. Let McDonald build it.

Arguments over family relationship landed Charles Troyan, a Three Oaks farmer, in the county jail for 60 days for his acts of cruelty to his wife. The couple were discussing relationships. Mr. Troyan is said to have differed with his wife. To emphasize his difference of opinion, he picked up a heavy piece of stove wood, hitting her over the head and causing two large gaping wounds. She is in a serious condition and is under the care of a doctor. Terrified, the wife ran to the home of Mr. and Mrs. Charles Long, a neighbor Charles Troyan, a son, called Deputy Sheriff William Klute, who locked the man up in the village jail.

16 BALLOTS DEFEAT GALIEN SCHOOL

SPIRITED ELECTION DEFEATS PROPOSAL TO USE BLAKESLEE SITE FOR LOCATION OF BUILDING

At the special election held on Saturday, the proposal to erect a new school building at Galien was defeated by 16 votes. Citizens have declared that another election will be held.

The school building now in use was erected in 1876 and has been condemned several times as unsafe and is regarded by many Galien residents as unsuited to the present day educational standards.

At the election the question of the location of a site for the school building in event of passing of the bond issue was voted upon. The question of using the E. A. Blakeslee estate for location of the school, the question submitted, lost by 196 votes.

A total of 285 votes were cast on the question of bonding the township for \$90,000 for the erection of a modern school building. One hundred and thirty-three votes were marked "yes" and 149 "no," with four votes incorrectly marked.

GAME WARDENS TO WEAR UNIFORMS

THE FORCE OF MEN WILL ALSO BE LESS, THE COMMISSION DECIDES

The game warden force of the state will be garbed in special uniforms this year, according to decisions of the state conservation commission. The reduction of the force has also been decided upon.

Commissions were issued last year to hundreds of favored residents. They received no salary but were given the title of "special conservation officer." Complaints as to the activities of some have been received. In instances it was said, they secured gun permits and insisted upon brush law violators.

The commission decided to issue no special commissions until a ruling has been obtained from the attorney general as to whether authority may thus be delegated.

A new division of the department was created when P. S. Lovejoy was given charge of the "game department." He will supervise game refuges and farms and make recommendations relative to game conservation.

A statement was issued by the commission informing owners of lake frontage they need not fear the state will seize the reliction between their property and the water. The land will be public property but its status, as far as the state is concerned, will be the same as it was under water, except when squatters attempt to settle upon it. They will be ejected.

FARMER IN JAIL FOR WIFE BEATING

THREE OAKS MAN GETS 60 DAYS FOR CRUELTY TO WIFE WHEN BROUGHT BEFORE JUSTICE

Arguments over family relationship landed Charles Troyan, a Three Oaks farmer, in the county jail for 60 days for his acts of cruelty to his wife. The couple were discussing relationships. Mr. Troyan is said to have differed with his wife. To emphasize his difference of opinion, he picked up a heavy piece of stove wood, hitting her over the head and causing two large gaping wounds. She is in a serious condition and is under the care of a doctor.

Terrified, the wife ran to the home of Mr. and Mrs. Charles Long, a neighbor Charles Troyan, a son, called Deputy Sheriff William Klute, who locked the man up in the village jail.

B. H. S. CAGERS TAKE RIVALS SCALP

THREE OAKS FIVE SUCCUMB IN THRILLING EXTRA PERIOD TO RÖWESS OF LOCALS

Buchanan high cagers were forced to display all their talents to win a hotly contested overtime game from Three Oaks last Friday night.

Buchanan's re-vamped team with Morse and Scquier or Savoldi at forwards, Pierce of Letcher at center and Ros or Wynn and Knight at guards gave good account of itself and still seems to be capable of improvement to a great degree.

Three Oaks, led by Heckathorn, who starred for them playing their usual fast, breaking game and furnished their share of the action.

The two teams played an even game all the way through. Buchanan seemed hampered to quite a degree by the absence of Harold Pierce, varsity center who was not put into play at the first because of a sprained ankle.

Letcher, playing center, gave good defensive account of himself. Morse, the Michigan city youth whose regular position was floor guard until he was moved up to forward by Coach Bradford for this game, came through with seven much needed tallies which he earned by consistent playing.

Of course Knight was on duty with all his wiles and wares, playing a near-end-up game. Wynn who now holds Morse's position at guard, came through exhibiting more ability at that position than he was known to have.

Roe, the diminutive Contoy will come later. Near the end of the game B. H. S. led by the narrow margin of 13 to 11 and Heckathorn shooting from all positions and parts of the floor was liable to toss one through the mesh at any moment. Buchanan men were jumping around trying to stop him but he always was dangerous.

The crowd was on its toes ready for the dash for the door. Heckathorn lifted his arms once more and tossed the ball blindly at the basket. After a few "years" the gun cracked and the ball dropped through the hoop. The basket counted. Spectators resumed their seats. The teams agreed on a five minute overtime period and immediately went out to break the tie. The memory of those five minutes will remain Buchanan's for years. No sooner had the Acorns received the ball than Stanage, their smallest man, hung up two more points.

Time did not drag now and the time seemed to be so short for Buchanan to win. Then Roe, the boy who always comes thru when he is put into the contest at a crucial moment, dribbled down to the center and taking aim, tossed the ball through the basket. Never has Buchanan's gymnasium been called upon to withstand such stamping of feet, such yelling, such pandemonium as broke loose at that instant. Roe had done his bit again and at least B. H. S. had another chance for a victory.

NEWS OF STUDENT LIFE GATHERED AND WRITTEN BY THE UPPER CLASS MEN OF BUCHANAN HIGH SCHOOL

GLASS GAMES DEVELOP TALENT

FRIDAY'S GAMES AROUSE INTEREST IN THE CLASS

Better basketball was exhibited in last Friday's class games. By the time the series gets well under way there should be more and more of real basketball displayed.

The Seniors began their tussle with the Juniors in whirlwind fashion and made 7 of their 11 points in the first quarter. They grew rather listless after this and the final score was only 11 to 6 in their favor.

Boister, though not tallying a point for his team, played a good, clear, passing and defensive game. He furnished more than his share of the pep and punch to the Senior squad.

French, another senior, was a high scorer with five points, but his otherwise good playing was marred by three personal fouls.

Wilcox played the star role for the losers and is always a big treat. His colleague, Eddie Smiles, is not far behind him.

The Seniors are probably doped correctly to take the tourney, but anything may happen in an inter-class series.

The school would like to emphasize its invitation to the townspeople, to visit these games. They are crammed full of action and well worth anyone's time.

The games will begin at 2 tomorrow afternoon.

Examinations! What joy! Now that half of the school year is gone, we are wondering how much better we can do the last half.

Last Tuesday Mrs. Russell put on a demonstration in reading for the benefit of the primary teachers. This week, Miss Milburn will do the same. In this way the work of the children in similar grades is kept uniform.

GRADE NEWS

Examinations! What joy! Now that half of the school year is gone, we are wondering how much better we can do the last half.

Last Tuesday Mrs. Russell put on a demonstration in reading for the benefit of the primary teachers. This week, Miss Milburn will do the same.

Miss Simmons is not able to resume her school duties but we are looking forward to her speedy recovery. Mrs. Zerbe is teaching for her.

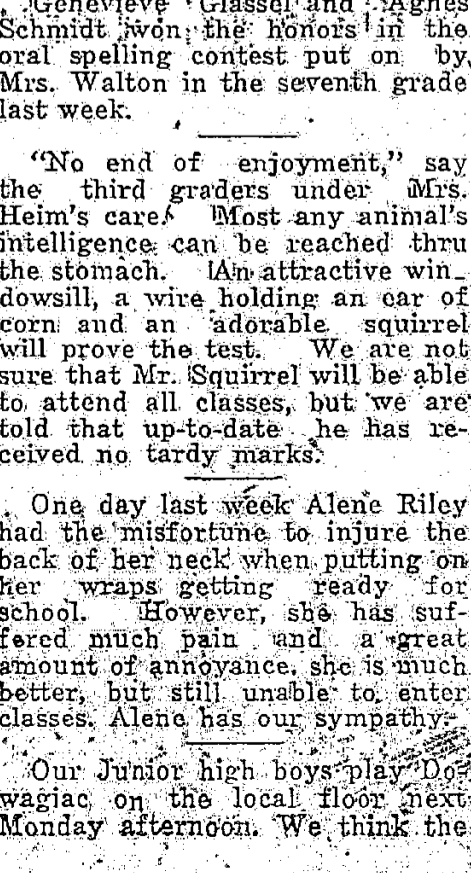

Our spelling contest includes nineteen schools in the county and will take place Jan. 18, between the hours of ten and eleven. We hope for good results.

Two of our Junior high boys were operated upon last Thursday. Hugh Miller had two tumors removed from his head and Marion Walls had an abscess removed from his abdomen.

Winter On this cold and wintry day, All the children come out to play. Some with sleds and some with skates, Some for the hills and some for the lakes.

Tom and I went out to skate On that frozen over lake, Our skates were fastened on at last - And over the ice we went very fast. - Daniel Topash.

Let's Hope For A Good Year - By Albert T. Reid

NEW TROY SCHOOL NOTES

The P. T. A. meeting was very well attended Thursday evening. The main topic for discussion was whether the \$100.00 scholarship should be given to the outstanding graduate of this year's class.

The following people were placed on the honor roll in spelling: Dorothy Schopach, Francis Sherman and Erdman Schlander.

Last week the spelling lists for the eighth grade spelling contest were delivered personally by Mr. Bery to the rural schools.

New Troy basketball team defeated Three Oaks Jan. 11th for a practice game. They received plenty of practice. The score was 29 to 12 in favor of Three Oaks.

The next opponent of the Buchanan debating team will be Paw Paw. The teams will clash at Paw Paw on Jan. 28 with Paw Paw upholding the affirmative side and the locals the negative side of the state question.

Little is known of the actual strength of the Paw Paw team, but it is known that they are considered a possibility for the state title.

She, Aren't you happy now that the furniture people will let me pay for the furniture by installments? - Duhm Opinion.

Estimate Big Increase According to James L. Stuart, secretary of the Pennsylvania highways, the present number of cars in that state, 1,540,000 will increase to more than 2,500,000 in the next 10 years.

ABLE CASTS WILL SUPPORT LEADING MAN AND LADY IN BENNIE OF BRINELL

BRIDGMAN TO TRY METTLE OF LOCALS

LOCAL BASKETBALL SQUAD WILL TRAVEL TO BRIDGMAN FOR CLASH TOMORROW NIGHT

Buchanan high netters will face a real test when they meet the flashy Bridgman five at Bridgman tomorrow night.

This is evident by the fact that Three Oaks went down under their attack. Bridgman always has had a reputation for relentlessly bombarding the basket and if they cannot get within range inside the defense of their opponents they make a good average of baskets from the middle of the floor.

Bridgman starts practice early in the season while other schools are exchanging the glories of football, which gives them considerable edge over their court rivals, but we believe the Maroon and White has the ability to turn back their assault this Friday.

ESTIMATE BIG INCREASE According to James L. Stuart, secretary of the Pennsylvania highways, the present number of cars in that state, 1,540,000 will increase to more than 2,500,000 in the next 10 years.

WOULD BE EASIER She, Aren't you happy now that the furniture people will let me pay for the furniture by installments? - Duhm Opinion.

Worse and More of it

H. S. MUSICAL COMEDY TO BE PRESENTED ON WEDNESDAY NIGHT, JAN. 25

"Bennie of Brinell," the musical comedy which is being given by the music department of the Buchanan high school at 8 o'clock on the evening of Wednesday, Jan. 25, under the direction of Miss Loretta Bogott, is nearing completion.

The "stars" have been announced. They include Betty Kollenberg, Bertha Desenberg, Dorothea Eisele, Donald Fette, Herbert Ryan, Fred Gombosi, Robert French, Robert Roe, Maynard Post and Harold Pierce.

The leading actors are Betty Kollenberg and Donald Fette. Betty is a pleasant co-ed whose natural beauty and untiring efforts have succeeded in helping to make this year's operetta one of the most successful in the history of Buchanan high school.

The winners from each section will play, thus determining the winning teams from all sections. These teams were organized in order that each girl might learn the rules of basketball and have the feeling of belonging to a team.

The class team schedule has not been made out yet but this will be made out soon and the games will be played off the first of next semester. The various classes are practicing. The games will be played off after school and will be open to the public as the boys' interclass games are.

HIGH SCHOOL NEWS LETTER The high school news letter prepared and distributed through the co-operation of the division of high school inspection of the Department of Public Instruction of the University inspection of high schools of the University of Michigan, issued monthly, has the following items of interest to our readers:

The Schoolmasters' club will hold its next annual meeting in Ann Arbor, April 26 to 28, 1928. The keynote of the meeting will be "Co-operation between the high schools and the colleges."

An increasing number of smaller schools are making use of the citizenship mark. This mark is recommended as a part of the uniform marking system of the state.

From 1900 to 1925 the population of the United States increased 50.11 per cent. During that time the enrollment in high schools increased 603.11 per cent.

The Sophomores came up in the last quarter of a hard fought game to nose out the flashy Junior high team 18 to 9 in the second game of the Inter-Class basketball series last week.

This game, without a doubt, was the most exciting of the season so far as class games are concerned. The Junior high was a slight favorite and although its team may or may not have been off its game, it certainly did not play the type of basketball that it is capable of.

The Sophomores led at the end of the half 5 to 4 but the Junior high was still going strong. In the last half Bunker of the Sops led those of a few and raised the score, aided by Gooper and Reed.

Let's Hope For A Good Year - By Albert T. Reid

BORER MEETING HELD AT SCHOOL

ASSEMBLY ADDRESSED BY COUNTY AGENT ON RAVAGES OF EUROPEAN PEST IN CORN FIELD

A special assembly of high school students was held in the auditorium last Wednesday. This was one of the meetings now being conducted by the county agricultural department to educate the people concerning the habits and ravages of the corn borer which already has infested the eastern part of the state.

Mr. Lurkins then introduced Mr. Morafsky, a Federal Agricultural agent, who went more into detail about the life habits of the borer and the methods of control. He explained how by parasites and quarantine, the borer was being effectively checked. To illustrate his points more clearly two reels of moving pictures on borer control from the Bureau of Entomology were shown.

GIRLS ORGANIZE FOR BASKET BALL GAMES

The different sections in girls' gymnasium have been divided into teams. The first hour section has three teams, "The Hermits", "The Listerines" and "The Red" with Marie Herman as captain, "Listerines" with Virginia Lister as captain and "Reds" with Thelma (Red) Whittaker as captain.

The winners from each section will play, thus determining the winning teams from all sections. These teams were organized in order that each girl might learn the rules of basketball and have the feeling of belonging to a team.

The class team schedule has not been made out yet but this will be made out soon and the games will be played off the first of next semester. The various classes are practicing. The games will be played off after school and will be open to the public as the boys' interclass games are.

B. H. S. HOLDS PRACTICE DEBATE

BETTER KNOWLEDGE OF THE QUESTION AND EASE ON PLATFORM WORKED FOR IN TRIAL

Last Wednesday evening the Buchanan negative debating team met the affirmative team from Kalamazoo Central high school in a practice encounter.

The Kalamazoo team was composed of Thomas Anthony, Charles Johnston and Roger Schofield, while Buchanan was represented by Glenn Wittaker, Bertha Deschamps and Robert French.

As a substitute for the present direct primary system the Kalamazoo debaters recommended a system of proportional representation.

Debating this team from the celery land is indeed an honor for a school of Buchanan's size as Kalamazoo Central, with its 1700 students, is considered the best high school in Michigan and one of the best in the states.

POLITICS TO HAVE FEWER CANDIDATES

BERRIEN COUNTY TICKETS OF 1928 TO CARRY THE NAME OF ONE WOMAN

The county's political pot has begun to boil with indications of a hot arena from several prominent Berrien people.

There appeared the probability, however, that the list of candidates at the primaries would be smaller in many recent years.

Benjamin Bittner of Sodus, for three years deputy county clerk for Ira Wagner, will seek the nomination against Howard Bernard of St. Joseph.

Whisperings were that Will Wood of New Buffalo will oppose Bryant for the sheriff's star.

George Bookwalter will retire for two terms as prosecuting attorney and Wilbur M. Cunningham, assistant prosecutor, will seek the nomination.

George Bookwalter will retire for two terms as prosecuting attorney and Wilbur M. Cunningham, assistant prosecutor, will seek the nomination.

POLICE!

Miss Helen Baker, who keeps the books ordinarily, becomes the whole police department of North Arlington, N. J., when the police force is called away at times.

MACHINES TAKE WORKERS' PLACE

Immigration Quota Law and Inventions Reducing Unemployment.

Cambridge, Mass.—The immigration quota law, which has now been in effect for two years, has cut down the steady stream of "cheap labor" into this country, and as a result industries have made extraordinary progress in finding new tools and machines to take the place of an unlimited supply of laborers.

"From one end of the country to the other reports of new labor-saving machinery are coming in almost daily," according to Prof. Robert D. Ward of Harvard university, who explains in the Journal of Heredity how the new law is working.

"Machines Do Work." "We hear of new coke-handling apparatus," he states, "of mechanical brickmakers, of track-layers and of numberless other machines which are replacing crude hand labor and are at the same time saving money."

"Rapid increase in machines to do rough work is decreasing unemployment," Professor Ward finds. The peaks and hollows of seasonal employment are being smoothed out.

The new industrial situation means higher prices for labor, but eventually, it is prophesied, it will mean a lower cost of production.

Even the shortage of domestic servants is by no means a "national calamity," says this economist.

Home Standards Raised. "The home standards of comfort and living are not being lowered; they are being simplified and improved," he explains. Progress in systems of food preparation and food distribution, modern equipment for cooking and house cleaning do more for the present-day housewife than cheap labor did for her grandmother.

Answering the argument that the new law is preventing relatives of immigrants from joining their families in this country, Professor Ward points out that practically 80 per cent of all immigration under the new law consists of "relatives."

In three years the number of American automobile assembly plants in foreign countries has almost tripled. In 1924 there were ten foreign assembly plants, while this year there is a total of 27.

KING BEN'S BODY TAKEN TO COLONY

HOUSE OF DAVID AWAITS COMPLETION OF THE ARCHITECT'S PLAN FOR TOMB

The body of Benjamin Franklin Purnell was returned to the Diamond House of the House of David Wednesday evening where it will remain until the completion of the large tomb.

Without pomp or ceremony Purnell's body was carried back to his colony in a hearse from an undertaking establishment and was placed in the Diamond House to await completion of an elaborate mausoleum on the colony grounds where it is to be finally entombed.

Only one of his followers, Frank Wyland, a guard at the Diamond House while Purnell lived, accompanied the body from the undertaker's parlors to the colony. A few members of the cult stood on and with bared heads watched the outside of the Diamond House body, carried in. It was placed in a simple casket built by colony workers to remain until spring when it will be sealed in the massive shrine.

The costly and carefully tailored garments with which the body has been clothed is quite an example of the sartorial art.

A single-breasted white flannel suit, lined with white satin, was made for Purnell by Isaac Little tailors from a piece of goods he had purchased several years ago. The buttons are of pearl and the lapels are satin faced. There are white socks and white canvas sandals with large white bows.

A hard front shirt glitters with four large diamond studs. A linen collar is concealed by the beard, once long and jet black but now thinned and of a greyish yellow. He wears no necktie.

Plans are going ahead rapidly for construction of the mausoleum. Judge Harry Dewhirst, secretary of the cult and in charge of its affairs since Purnell's death, said, "William Wright, architect who joined the colony 20 years ago, is completing plans for the shrine. He has a secret process by which the mausoleum will be made to glitter like jewels," it was said.

Dewhirst said that the plans, when completed, would be laid before the general assembly of the cult before adoption. Dewhirst indicated that the mausoleum would probably be erected opposite the Diamond house where Purnell went into hiding in 1923 to escape the criminal charges of former girls of his cult and where he died.

Judge Charles E. White in circuit court yesterday signed an order extending the time for preparation for the House of David appeal from Judge Louis H. Read's receivership decree until April 11. The order was given following a stipulation between attorneys and George E. Nichols, special prosecutor for the state.

Under the state law appeals to the state supreme court must be made within 20 days after the opinion of the lower court is handed down. With the cult dissolution record totalling nearly 15,000 pages it was found impossible to have the appeal ready in that length of time.

McAndrew is speaker to high school students.

McAndrew, formerly superintendent of Chicago schools, has wired his acceptance as the commencement speaker at the high school graduation exercises this week at South Bend High school. He has not sent his subject as yet.

Class night exercises were held on Jan. 17 and commencement exercises will be held tonight. About 118 young men and women are in the class this year.

Enforce Politeness in Manila Traffic Force

Manila.—Traffic policemen here do not razz offending motorists.

They are instructed by Chief of Police John Green, an American, that it is their duty to keep traffic moving, but that harrasing offending motorists is not one of their functions. Consequently, minor offenders are halted and given a "short, kindly talk." More serious offenders say "good morning" to a judge.

Traffic moves more by precedent than by regulation, but it is only the new arrival, usually an American, who becomes impatient. Precedent is based on custom and, in turn, custom is largely based on the laws of nature.

But the natives are not impatient and the traffic officers keep things moving with seldom a traffic jam.

Former vice consul speaks in Niles church.

Dr. E. R. Fulkerson, former vice consul to Japan and who has been in India, China, Russia, Japan, Korea and the Philippine Islands for about 20 years, and who was in China during the Boxer uprising, spoke Monday evening at 7:45 at Smith's chapel in Niles.

Dr. Fulkerson recently appeared in Buchanan at the Methodist church.

Light's must be right. Motorists running through California with lights in violation of the California vehicle act must appear within 24 hours with their lights properly adjusted.

WATERVLIT TALKS SEWERS, PAVING

THE BUDGET REQUIREMENTS WILL DETERMINE THE EXTENT OF THE IMPROVEMENTS

Waterliet city commissioners are contemplating both sewer and paving projects there.

Among the projects are the extension of the Pleasant street paving and sewer installation from Maple street on to St. Joseph street; the paving of that section of First street between Pleasant street and the Pere Marquette railroad tracks; widening of the South Main street pavement from the Pere Marquette tracks to St. Joseph street and sewer installation on this street; the laying of a trunkline sewer that will give service to Pleasant street on which sewer was laid last year.

Whether all of these improvements can be made the coming year cannot be determined until a careful checkup of the city's finances has been made and the other items of the annual budget get have been considered, as well as the tax rate to be levied for the year.

The completion of the Pleasant street pavement and the trunkline sewer construction are regarded by the commissioners as the most necessary improvements and these will without doubt be included in the annual budget.

At the regular meeting in March the commission expects to have more complete data available as to the budget requirements and at that time may arrive at a conclusion as to what improvements may be undertaken.

During the past year the Engineer, Stevens, made plans for a complete sewer system for the

THREE OAKS ORCHESTRA GIVES FIRST CONCERT

The Three Oaks Community orchestra is holding weekly rehearsals preparing for the winter concert the first of which will be given the first part of January.

The orchestra is composed of ten musicians under the direction of Albert Zika, a talented violinist, who with his parents, are making Three Oaks their home.

The programs to be given during the winter will be of classical character. The plan is to work out now will be to give concerts on Sunday evening in the high school auditorium. Each concert will be given free of charge. The date of the first concert with the program has not yet been announced.

Hotel Manager: You must pay in advance, sir. Your luggage is too emotional.

Guest: Emotional? Yes—easily moved.

Please Stay Put. Student—I hope you will pardon my dancing on your feet. I'm a little out of practice.

Co-ed—I don't mind your dancing on them. It's the continual jumping off and on that aggravates me.

Bayer: Does the flannel shrink? Clerk: Not so much as I would from telling you it didn't, if it did.

Fortune teller: Beware of a handsome, tall blonde. Weary Willie (sadly): Too late, I've married her.

SEAL SALE QUOTA HAS NOT BEEN MET

TUBERCULOSIS WORK IN THE COUNTY WILL BE CRIPPLED WITHOUT MORE AID

Nearly 6,000 letters containing \$12,000 worth of Christmas seals which were mailed during the annual campaign of the Berrien county branch of the Michigan Tuberculosis association are still unheard from Mrs. Louise Shoemaker, executive secretary, has announced.

The campaign to date has netted only \$2,700, Mrs. Shoemaker reported. To carry on the work of the tuberculosis association in Berrien county this year, the organization must have at least \$5,000.

Unless more funds are obtained, Mrs. Shoemaker asserted, the work in Berrien county by the association will be crippled, and may have to be discontinued.

The secretary urged that all those who have not responded to the letters pay for as many as possible. In any event, she asked, all stamps not purchased, to be returned to the association office at the court house, St. Joseph.

A large portion of the funds is used to finance the tuberculosis clinics, where persons showing symptoms of the disease, are examined.

MICHIGAN OIL REPORT GIVEN

OVER 200 WELLS ARE NOW OPERATING WITH MORE TO OPEN

Michigan has a total of 225 oil wells operating in the state with a possibility of the number increasing in the spring, according to reports by R. A. Smith state geologist.

If next spring's drillings show any promise, a tremendous activity in oil exploration throughout the state seems probable, Smith said. "While the conservation department does not, at present, hold the belief that Michigan will become a Texas or an Oklahoma or a California, it does think that oil will always be produced in important quantities here," the geologist said.

There are 225 wells at present operating in the state. The more important ones are at St. Clair, Muskegon, Walhalla and Ashland. Other promising sources are being developed at Grayling, Mt. Pleasant, Alpena, Deerfield, Decatur, Owosso and Reed City.

While oil recovery is still in an experimental stage, Smith emphasized, the indications are more promising than they have ever been.

The Saginaw field, opened in August, 1925, is now producing 1,400 barrels a day and much more could be produced if the price warranted. Oil men feel they can wait till the market goes higher before extending their operations.

Results achieved in other sections of the state which sought to follow Saginaw's example were disappointed this summer but the lean period ended with the Muskegon drillings Dec. 8.

Since that time a number of wells have been opened and the indications were promising, Smith said.

One of the best omens for the future, Smith said, was the apparent tendency of prospectors towards "economic wildcatting". After the Saginaw boom, drillers thought they ought to get oil in large quantities immediately, but experience had shown that it was more profitable to proceed cautiously and to limit expenditures, he pointed out.

The larger oil companies operating here, he said, were working slowly and spending no more money than results justified up to that point. As a result, he said, it was probable they would cash in on a larger scale when the possibilities of the pools had been ascertained.

"We are optimistic about the oil situation in Michigan," Smith concluded, "but we are sanely optimistic."

17-POUND PICKEREL CAUGHT AT PAW PAW LAKE THROUGH ICE

Wm. N. Vanderveer and his son, John, of Coloma, hold the record for big fish caught through the ice at Paw Paw Lake this year. With their coop located on the Sherwood bay, these two fishermen were rewarded by landing a 17 pound pickerel which is said to have measured about 42 inches in length. It required all the skill of both the men to land this big specimen.

Fishermen are rejoicing over the fact that they will be permitted to devote their spare time to spearing fish through the ice at Paw Paw lake again this winter, a sport that has been banned for a few years.

STORE ONLY WHEN DRY

There are times, during cold weather, when the car owner feels that the curtains may be removed from the open car. A precaution is necessary in this connection. The curtains never should be stored away when they are wet. If they are, the chances of mildew and rotting are great. If the curtain is taken off when wet, hang it in the garage and allow it to dry thoroughly.

Accomplice of Hickman

'27 FARM BUREAU ACTIVITIES TOLD

JANUARY 14TH SET FOR THE BERRIEN SPRINGS MEET FOR THE TAX DISCUSSION

Throughout the year 1927, the Berrien County Farm Bureau has served the farmers of the county in many ways. The bureau is the Chamber of Commerce for farmers and serves them in much the same way as the Chamber of Commerce serves the industries of the cities.

Among the many projects that have had the attention and support of the Farm Bureau are the following: Farmers' legislative problems, farm tax analysis of the county by townships, Women's Home Economics Extension Work, the Blossom Festival, the Fruit Festival, Three Oaks Fair, the Potato Show train at Niles.

Several interesting meetings have been held during the year for the discussion of some of the pertinent farmer problems. A very lively and interesting meeting was held recently for the discussion of the "Farm Relief" question that is attracting so much attention in Congress at this time. Berrien county farmers expressed themselves as being in favor of a revised McNary-Haugen bill with some of the objectionable features removed.

The tax problem will be further analyzed at the annual meeting which will be held Jan. 14, at Berrien Springs. Hon. M. B. McPherson, member of the State Tax Commission, will address the meeting.

Berrien county has a very creditable membership and enjoys the loyal support of many farmers who have been members since its inception in 1920. New members are added from time to time.

Our county had the largest delegation at the American Farm Bureau Federation meeting in

Chicago, December 5, 6, 7, of any county in the United States and received a great deal of commendation for this by the large delegation there. The Berrien County Farm Bureau has a standing reward of \$25 for information leading to the arrest and conviction of any one stealing from the farms of its members.

The seven liberal arts, according to educators in the middle ages, were classified as grammar, dialectics, music, arithmetic, astronomy and geometry.

MICHIGAN BELL TELEPHONE CO.

Long Distance Rates Are Surprisingly Low... For Instance

for \$2.50

Or Less, After 8:30 P. M.,

You can call the following points and talk for THREE MINUTES at the rates shown. Rates to other distant points are proportionately low.

FROM BUCHANAN	Night Station-to-Station Rate
PALM BEACH, FLA.	\$2.50
ST. PETERSBURG, FLA.	\$2.50
COLORADO SPRINGS, COLO.	\$2.50
SAN ANTONIO, TEXAS	\$2.50
DEL RIO, TEXAS	\$2.50
CORPUS CHRISTI, TEXAS	\$2.50
ALBUQUERQUE, NEW MEX.	\$2.50
SANTA FE, NEW MEX.	\$2.50

The rates quoted above are Station-to-Station night rates, effective from 8:30 p. m. to 4:30 a. m. A Station-to-Station call is one that is made to a certain telephone, rather than to some person in particular, which would be a Person-to-Person call. If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone. Day rates, 4:30 a. m. to 7 p. m., and evening rates, 7 p. m. to 8:30 p. m., are higher than night rates. A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator

STUDEBAKER

The Great Independent

Now holds every official endurance and speed record for fully equipped stock cars, regardless of power or price

The New President Straight Eight 100 Horsepower

STUDEBAKER's new 100 horsepower President Eight was developed by Chief Engineer D. G. Roos, formerly chief engineer of Marmon, Locomobile, and Pierce-Arrow. Speeds up to 80 miles-an-hour. Well-mannered—easy to start—easy to stop, due to new Amplified-Action, 4-wheel brakes. Richly finished and appointed. Judge the new President Eight beside any car at any price! A leader in the fine-styled car field at a remarkable **\$1985** One-Price!

The Commander World's Champion Car

THE Studebaker Commander holds every official endurance and speed record for fully equipped stock cars, regardless of power or price! Nothing on earth or in the sky ever equalled The Commander's record of 25,000 miles in less than 23,000 minutes.

You may never want to travel at such sustained speed but to you, as a Commander owner, this heroic test insures long life, low maintenance cost and superlative performance. Drive this World's Champion car today!

HOT WATER BEST REMEDY

When frost has collected on the windshields or windows of the car, many motorists attempt to remove it by using a knife blade or similar sharp instrument. While the glass usually is hard enough to resist scratching, this method, at best is most ineffective. The best way to remove the vision-

obscuring film is to wash it off with hot water. This, of course, calls for immediate drying to prevent the water from freezing.

England's national bill for li- quors during 1926 was about \$1,500,000,000. The expenditure during 1927 is expected to be about \$25,000,000 less.

A new automobile so sensational as to electrify the nation!

With marvelous new Fisher bodies offering all the distinction, beauty and luxury for which Fisher craftsmen are famous! With performance that is a revelation to owners of even higher priced cars! With 107-inch wheelbase—four inches longer than before! With four-wheel brakes—and many additional mechanical achievements!

And... prices that demonstrate again Chevrolet's ability to provide the utmost in modern motoring luxury at the lowest possible cost!

The engine of this great new car is of the improved valve-in-head design. With alloy "invar-strut" pistons... specially designed hydro-laminated camshaft gears... mushroom type valve tappets... and a complete new steel motor enclosure—it provides a type of motor operation so thrilling that it must be experienced to be appreciated!

Coupled with this thrilling acceleration and speed is a

type of riding and driving comfort almost unbelievable in a low-priced car. Four inches longer than the previous Chevrolet chassis... swung low to the road... and with four semi-elliptic shock absorber springs—the Bigger and Better Chevrolet holds the road with a surety that is simply amazing, and rides in perfect comfort at high speeds over the roughest stretches of highway.

And never before was a low-priced car so easy to drive—for the worn and gear steering mechanism is fitted with ball bearings throughout... even at the front axle knuckles.

All these spectacular new mechanical advancements are, of course, in addition to the host of notable features that Chevrolet has previously pioneered in the low-price field.

Come in and see this latest and greatest General Motors achievement. Learn why it is everywhere the subject of enthusiastic comment—why everywhere it is hailed as the world's most luxurious low-priced automobile.

Russell Chevrolet Sales

Buchanan, Michigan

QUALITY AT LOW COST

WOMEN CONTINUE TO SEW AT HOME

READY TO WEAR GARMENTS HAS NOT CAUSED THE SEWING MACHINES TO BE PUT AWAY

Women continue to sew at home in spite of the wide distribution of attractive ready-to-wear clothing. More than two-thirds of a large group of women reached in a recent survey of clothing practices reported that they made nine or more kinds of garments for their families. Nearly 2,000 women were included in this survey. They represented communities ranging from rural districts to cities and incomes from less than \$1,000 to over \$5,000.

In most cases the largest percentage of women making garments for women and girls were in the rural districts and in the small towns. It was also found that a larger percentage of women with a small income are making garments at home than those having large incomes. More than 80 per cent of the women in this survey were making house dresses, summer wash dresses, aprons and nightgowns for girls and women. The percentage making children's clothes decreased as the size of the community increased and in most cases as the income increased.

The highest percentage making each garment, except coats, is found in the groups with incomes under \$3,000. Over 90 per cent of those answering indicated that they made clothing at home in order to lower their cost. Many expressed the opinion that the homemade garment is made better, and fits better than the ready-made. It was also felt that the style, design and color combinations are more attractive and that there is more individuality in the garment made at home. In over 75 per cent of the families more or less remodeling is done by which definite savings are effected, because the remodeled garment often makes the immediate purchase of a new one unnecessary.

By making their own clothes many women feel that they suit their individual needs best, both in design, and fit. A great deal of home sewing is done simply because women like to sew and because they find an outlet for their creative instincts in the construction of attractive and individual garments for themselves and their daughters. They turn to sewing as a relaxation from more active tasks, and often in this way time that has otherwise no appreciable value is made to yield financial return. When there are little children to be washed, or invalids or elderly persons who tie the mother closely to the house, home sewing helps to save part of the cost of clothes without conflicting with other duties.

WANT RECRUITS FOR LIQUOR AGENT POST

Re-announcement has reached Buchanan of a civil service examination for deputy prohibition administrator for those who have a bona fide residence, domicile and post office address within the state of Michigan.

Results of the last examinations for the higher administrative posts under the Bureau of Prohibition, although not finally determined, indicate that a sufficient number of eligibles may not be secured in a number of sections of the country.

The only examination reopened to Michigan residents at this time is for deputy prohibition administrator.

The entrance salary is from \$3,000 to \$4,600 a year.

Applicants will not be required to report at any place for a written examination but will be rated on their training, experience, and fitness. Experience in prohibition enforcement is not required; any experience which, in the judgment of the commission, qualifies the applicant for the duties of the position is acceptable. The experience requirements of the original examination have been materially changed for this new examination.

Personal investigations of applicants, which may include oral interviews, form a part of the examination. Fingerprints will be made to check the accuracy of the applicant's statement as to arrest, indictment, or conviction for crime or misdemeanor.

Full information may be obtained at the post office. Formal applications must reach the commission at Washington by Jan. 31.

TUBES WELL PATROLLED

One hundred and eighty men are used in two-hour shifts to patrol the Holland tunnel tubes under the Hudson river. These men undergo a heavy strain while watching the four miles of underground tubes.

Finally Gets Medal

Charles B. Hopkins with the Congressional Medal of Honor and a citation for distinguished gallantry under fire during the Civil War that was awarded Hopkins sixty-two years ago but which has just reached him. The delay was due to the veteran's reluctance to apply personally for the honor.

GREAT BRITAIN ALSO HAS ITS EPIDEMIC OF SUICIDE

Efforts Are Being Made to Force Government Inquiry Into Increasing Deaths.

London.—That the suicide epidemic is not confined to the United States is demonstrated by the fact that efforts are being made in Britain to force a government investigation into the increasing number of suicides in this country.

Supporting this suggestion in a current number of the British Medical Journal, Dr. Douglas Kerr says he is impressed by the changing methods of suicide.

Formerly people ended their lives by hanging, drowning or cutting their throats, but they now resort to carbon monoxide or cyanide and easily obtained disinfectants.

Brigadier Harry Gordon, head of the suicide bureau of the Salvation Army, agrees that suicide is a growing social problem, and estimates that 5,000 persons a year contemplate self destruction in Britain.

"Eight persons call or write to me every week," he said, "and announce their intention to commit suicide."

"A little sympathy, a little advice and sometimes a little money is sufficient to talk most of these people, who range from servant girls to stock brokers, out of the idea."

Turkey is also confronted with a suicide problem. The authorities at Constantinople are reported to be gravely concerned over the self-destructive tendencies among women and girls there.

A few days ago Beloa Hanem, eighteen, shot herself with her father's revolver because she failed to pass her examination. Another schoolgirl, Hikmet Hanem, fell in love with a young law student who was indifferent to her so she attempted to drown herself but was rescued.

One cause for the Turkish epidemic is said to be the democratization caused by the sudden emancipation of the women of that country.

All choice plant species of the old world gradually are becoming a part of American agriculture.

Rose From Ranks

Edward J. Mulligan, newly elected secretary of the Westinghouse Electric company, who began 25 years ago as an office boy for George Westinghouse.

THE KITCHEN KABINET

NEW KINKS FOR THE HOUSE WIFE

Tomato catsup and thick mayonnaise, mixed half and half, make a delicious dressing for plain lettuce and some other salads.

Pear salad is unusually good. Either fresh or canned pears may be used. If using canned pears, drain the fruit, but save the pear juice for a fruit punch, with lemon or orange juice added. Wash and chill the lettuce so that it will be crisp. Arrange the pears on the lettuce, sprinkle with grated cheese and garnish with a salad dressing. Fresh pears must be pared and cored just before serving or they will discolor.

Pumpkin Pie 1 1/2 cups of steamed and strained pumpkin. 2-3 cups brown sugar. 1 teaspoon of cinnamon. 1/2 teaspoon of ginger. Little salt. 2 eggs. 1 1/2 cups of milk. 1/2 cup of cream.

Method: Mix in order given. Pour in pie shell and bake. This makes 2 pies. The ingredients will keep several days if poured in a mason jar and kept in the ice box.

Baked Squash Cut squash in attractive size pieces. Remove seeds. Bake same as baked potatoes. Serve this way and the individual may fix his own helping of squash at table the same as one fixes baked potato. Eat squash out of shell.

Ginger Cakes 1/2 cup of butter or lard. 1/2 cup of sugar. 1 egg. 1/2 cup of sour milk or butter-milk. 1 teaspoon of soda. 1/2 cup of molasses. 2 cups of flour.

Method: Mix in order given. Bake in shallow tin. Sprinkle top with sugar. Cut in squares. If these are cooked in small muffin tins and nuts added they are simply delicious.

To Make Milk Sour Add 1 teaspoon of vinegar to 1 cup of sweet milk and let stand in a warm place for a few minutes.

Hint for Washing Dishes Wipe the greasy dishes with a paper before washing and they will wash much easier.

Butter Scotch Rice Pudding First mixture—1-3 cup of rice 2 cups milk Little salt. Second mixture—1 cup of brown sugar.

2 tablespoons of butter. Third Mixture—1 envelope of gelatin 1/2 cup of cold water 1 cup of hot milk

Method: Wash rice and cook in a double boiler with milk and salt. Cook until nearly tender. Cook sugar and butter together until quite brown—not burned. Add this to rice and cook until rice is done and the caramel dissolved. Soak gelatin in cold water. Dissolve this in hot milk. Strain this into the rice mixture. Pour all into a mold and chill. Serve cold with whipped cream.

Orange Frosting 2 tablespoons of butter. 1 1/2 or 2 cups of confectioners sugar. 1 egg yolk. Juice and grated rind of one orange. Mix butter and sugar. Cream to a paste. Add beaten egg yolk and orange. Spread.

Rolls Salad Dressing 2 egg yolks. 1 1/2 teaspoons of melted butter. 3-4 cups of milk. 1/2 cup of vinegar. 1 1/2 tablespoons of flour. Little salt. 1 teaspoon of mustard. 1 1/2 tablespoons of sugar. Little Cayenne pepper. Cook in a double boiler. Mix dry ingredients first. Add eggs slightly beaten. Then slowly add butter, milk and vinegar. Cook until mixture thickens. Strain to make it real smooth. Keep in ice box. For fruit salad, add whipped cream to it.

Date Sticks 2 cups of brown sugar. 1/2 cup of butter. 3 eggs. 1/2 cup milk 3 cups flour 1 teaspoon of soda. Little salt. 2 scant teaspoons of nutmeg. Vanilla.

1 cup of milk. 1 egg. Soda in flour. Add nutmeg. Then add to sugar, butter and eggs. Then—the milk followed by the remaining ingredients. Pour into a greased shallow pan. Bake. When cool cut in strips. Make sticks 3/4 inches thick and frost.

To Test Cake Instead of using a broom straw to test cake you will find tooth picks, more satisfactory, cleaner and cheaper.

HORSE SALE!

I will sell at Auction at my farm just north of Plymouth, Ind., on SATURDAY, JAN. 28, 1928 Commencing at 11 a. m. Sharp

40 HEAD OF HORSES 40

In this sale you will be able to find what you want, regardless of size or color, for we have a real assortment of horses to pick from and the kind that will please you when it comes to the real job, and above all they sell here, and must be represented or you don't own 'em. I have advertised 40 head but have many more on hand for you to select from, and can sell you horses of any kind or color, to the satisfaction of the crowd. Now is the time to select your draft for future use, for I fully believe that in this first sale it will be against me and in your favor, as a few days feed to you will not mean nearly as much as trying to find your draft later when it is almost impossible to do so. Come over on the 28th and we will soon change the title of this property.
