## TEAM FAIR PIN BUSTERS PLAY GRILLS TONIGHT

### SOUTH BEND LADIES TO PLAY LEAGUE TEAM FOR LOW SCORE

What will undoubtedly be the most interesting match of the season thus far will be held on the alleys of the Buchanan Bowling Club tonight, when the Taylor team of feminine bowlers of South Bend will essay their skill in maple crashing against the men's team representing the Buchanan grill. Each game will be decided on the basis of "low score," the team having the lowest individual mark playing for the games. The Taylor team has been competing with fair success against men's teams on this basis and it is considered likely that the Grill team will see the cashier after the game.

A second feature of the same evening will be a match between the Studebaker flashes of South Bend and a picked team from the Buchanan league.

On Sunday the Waters Recreation Parlor team will try conclusions with a Buchanan five here, the locals playing a return with them at South Bend Tuesday night.

A week from Sunday a team of bowling cracks from Napanee, Ill., will play the Chevrolet team here.

## LA SALLE BOWLING CRACKS HANG UP ALLEY RECORD

### SOUTH BEND PIN WIZARDS TO RETURN HERE TO COACH BOWLERS

Bowling fans had the privilege of witnessing some fancy pin busting at the Buchanan Bowling League alleys Thursday night, when the crack Hoted LaSalle Annex team rolled 2702 for the high mark of the local alleys.

Capt. Crothers, winner of individual sweepstakes at South Bend tournament, was high man here, with 227. Other LaSalle men were Zeiger, Hipsak, Barth and Sommers.

A picked local team, comprising D. Graham, Shoop, Kramer, Hess and Morse, represented the Buchanan alley, rolling 2412.

The management of the alleys has arranged for the South Bend team to return here in a week from tonight to coach any one who may desire in the fine points of bowling form.

## GALLEN TRIMS 3 OAKS BOWLERS ON LOCAL ALLEY FRI.

### SAME TEAMS WILL PLAY SECOND GAME HERE ON FRIDAY EVE.

Galien and Three Oaks bowling teams met on the alleys of the Buchanan Bowling club Friday evening, the former emerging victors with a total of 2312 as compared with 2198 for the Feather-bone outfit. They will play a second game here next Friday.

The individual scores of the Galien players were as follows:

Howell 151 185 199 485  
Babcock 142 160 155 477  
Dickson 169 177 187 513  
White 144 173 136 453  
Roberts 147 138 124 404  
753 778 781 2312

## ORTHOPHONIC IS INSTALLED AT H. S.

## ADVERTISING PAYS AT SALE SAYS E. PRICE

### SAYS RECORD ADVT. PULLED BIG CROWD AND TOP STOCK FIGURES

Advertising pays in the case of farm sales, or at least advertising in the Berrien County Record pays, according to Estal Price, who stated that his auction held last week far exceeded his expectations, both in point of attendance and in prices received. This was especially true in the case of the horses, a two-year old mare colt going at \$132.50, and others in proportion. A feature of the sale of the colt was the fact that the purchaser mailed a check for \$135 to Price, thinking that the colt had been knocked down to him at that price. Price returned \$2.50. The presence of one additional interested bidder may more than make up for the cost of the advertising, according to Price.

Top price among the cows, \$145, was paid by Ted Sielman for a Guernsey, nine years old, giving 35 pounds of milk per day, now, and having an annual record of 402 pounds of butter fat a year.

A grade Guernsey five years old brought \$137.50; a four year old Guernsey cow of small size brought \$87.50; an 11 year old bundle cow, giving 35 pounds of milk per day and with a butter fat record of 366 pounds a year, brought \$78; a Holstein-Friesian cow, nine years old, giving 32 pounds of milk daily brought \$92; an eight year old three tinted Holstein brought \$90; and five heifers from 4 to 15 months old brought from \$40 to \$50.

## WAGNER

WOULD-BE SOLONS SPAR IN TALKS AT FLINT FRIDAY

VANDEMBERG AND OSBORNE, ASPIRANTS FOR TOGA, TRADE WALLOPS

Two prospective candidates for the Republican nomination for United States senate, Arthur H. Vandenberg, of Grand Rapids and Chase S. Osborne of Sault Ste. Marie, spoke last Thursday night at the Genesee county annual Lincoln dinner.

Neither referred to his candidacy or to the candidacy of the other. They disclosed differences of opinion on several subjects. Upholds U. S. Policies Vandenberg spoke first. He made a general endorsement of the national administration policy, especially its foreign policies.

Osborne differed. He said that the American business man, the Grand Rapids man said, "Dollar diplomacy would be infamous, but to withhold protection from business just because it is business would be equally infamous," he said.

Raps Political Auctions Vandenberg disavowed those members of the Republican party who "blacken the party escutcheon with dabs of oil" and said the ideals of the party were not upheld by Republicans when they conduct political auctions sales in Pennsylvania and Illinois for the position of U. S. Senator.

Osborne Differed Osborne, who came from his farm in Georgia to attend the dinner, attacked the entire American foreign policy and the Nicaragua policy in particular.

Osborne said, "don't think that. But since this union has been formed we have been tagging behind Great Britain. The result has been that although we never lost a war, we never won a conference. Our foreign policy is impossible. We are in Nicaragua. A few men got control of the government down there. They went to the National City bank of New York and borrowed money. The people rose in revolution because the money ended in a very few pockets.

BERRIEN COUNTY DOCS TO DINE AT NILES TONIGHT

The Berrien County medical society will hold their February meeting in Niles at the Four Flags hotel on Thursday evening, Feb. 23. A roast chicken dinner will be served at 6:30 p. m. The speaker of the evening will be Dr. J. R. Wilson of South Bend. Dr. Wilson has just returned from the International Gynecological Conference held in Switzerland and his paper will be "Toxic Goitre." As a companion paper Dr. Giordano of South Bend, will discuss "The Pathological Changes Produced in the Thyroid by the Administration of Iodine."

Leading the discussion of these papers will be Dr. Frank King of Benton Harbor, Dr. H. J. Yeomans of St. Joseph and Dr. C. Gillette of Niles. At this meeting the newly created physicians credit bureau will be established. Merchants and other professional men have long had protection from delinquent debtors, and people who do not intend to pay. The physician subject to call night and day with a far greater investment in education and equipment than the average merchant has had no protection.

With a listing similar to that of the mercantile credit bureaus he will now be able to refuse to make calls on those who have constantly taken advantage of physicians in the past. The listing is so arranged that the worthy, those in strained circumstances and unfortunates, will not be refused medical attention. But the notoriously delinquent will be refused credit by members of the society and to secure competent medical services they must pay in cash. This will grant better service to those who have taken care of their medical accounts, and will also protect the physician from imposition.

LADIES OF WAGNER GRANGE RETALATE THERE FRI. NIGHT On Friday night the ladies of the Wagner Farm Grange will turn the tables on the men members by treating them to a feed "as is" in retaliation for the feed administered by the men several weeks ago. The banquet will be held at the Wagner Hall about

7 p. m. Evening Vespers and discussion. After a short worship period with special music, Con Kelley will lead a discussion on "What Makes Men Great."

Last Sunday morning, despite the inclement weather, forty-five were out to church and Sunday school. This fact speaks eloquently of the devotion which Hills Corners people have for their church.

This Sunday will see a revival of the Sunday Evening club. Prior to the dedication ceremonies the evening meetings were discontinued on account of poor facilities. With the newly remodeled church building we are ready to put on a powerful evening program, full of matters of interest to all. The meeting will be opened with a worship period, led by the Hills

Corners choir. Following this there will be a period of spirited singing by the congregation. Con Kelley will be the song leader. All will engage in a discussion on some topic having critical importance in society today. The meeting will be closed with a few words of summary by the pastor and a benediction.

The program will begin at seven o'clock and will close at eight fifteen. This will make it possible for parents to bring their children. It is hoped that the opportunity of taking an active part in shaping the direction of Christianity for the future will be taken by many individuals. H. L. Barnett, Pastor.

"PAL" NIGHT TONIGHT AT THE READY

At the Ready Theater, Niles, tonight (Thursday) is being held their first big "Pal" night. This is an innovation in these parts and is meant as a get-acquainted plan. Two persons are admitted on one paid admission ticket whether it be children or adults. For instance if there are two in the party, just buy one ticket and see "Pal" and there you are, inside the theater already for the splendid entertainment to follow. Lon Chaney is on the screen Thursday and Friday, followed by Ken Maynard and his wonder horse "Tarzan" Saturday only. The full week's program is printed in a display advertisement elsewhere in this paper which discloses very fine screen entertainment.

In a conversation with Manager Templin he says: "I am very grateful for the generous response Buchanan has given me, especially on our splendid grandville and photoplay bills Sunday. We are always glad to see Buchanan folks in our theater, which is proof that our name and fame of Butterfield entertainment is spreading throughout the county." But don't forget "Pal" night tonight.

PRINCESS THEATRE

Millions of Americans, who have often heard of class rushes, fraternity and sorority initiations and track and field meets are going to learn much of the antics of this important phase of college life in Marion Davies' "The Fair Co-Ed" coming next Tuesday and Wednesday to the Princess theater. Exterior scenes were actually filmed at Pomona college in Claremont, Calif. The whole town turned out to see the pajama parade while the bonfire scenes were the greatest ever staged on a college campus. The basketball teams were trained for weeks by the best coaches on the Pacific coast and every effort was made to make the picture highly successful from the feminine angle. The story was adapted from the successful stage play by George Ade and directed by Sam Wood, recognized as a master director of athletic and school stories.

"What Price Glory" better known as the world's greatest motion picture will be shown at the Princess next Thursday and Friday, March 1 and 2. The picture adapted from the very successful stage play by Lawrence Stallard and Maxwell Anderson, presents the light side of the world conflict. Every soldier will tell you that he had a lot of fun out of the war—but never before has it been so remarkably pictured as in this hilarious, but flawless picture. The picture has proven so popular that it has been breaking and establishing new house records everywhere. At the Roxy theater in New York city it played to 176,000 people in one week. This is more significant when it

remembered that there are only 47 cities in the U. S. with a population equal or greater than that amount. Victor McLaglen, Edmund Lowe with Dolores Del Rio recently seen in "Resurrection" head the tremendous cast. Remember the dates and start making plans to see it. After you have seen it you will be more firmly convinced that if it's at the Princess, it's Worth Seeing.

FUNERAL SERVICES HELD FOR MRS. ELLA FRENCH

The funeral of Mrs. Ella French was held Friday afternoon at two o'clock in the United Brethren church, with Rev. O. R. Jenks, president of the Advent Christian college of Aurora, Ill., in charge, assisted by Rev. William Medcalf of Berrien Springs. Burial was made in the Rosehill cemetery beside the body of her husband, the Rev. George French, who died two and one half years ago. Her death occurred at LaVerne, Calif., Feb. 5. Rev. and Mrs. French were both Advent Christian ministers, having held pastorates in New York, Wisconsin, Indiana and California. Both had preached many times in the local Advent Christian church and had many friends here. One of the songs sung by Mrs. A. R. Hamblin and Mrs. Nella Slater at the funeral was composed by Mrs. French.

DR. WALDO RECEIVES A LINDBURGH LETTER

Dr. E. T. Waldo was perhaps the sole citizen of Buchanan honored by the receipt of a letter carried by Col. Lindburgh on his recent flight from St. Louis to Chicago. The letter came from a St. Louis friend of Waldo, and was enclosed in a large envelope with hands of red and white running across it. In addition to

The regular air mail stamp, it bore a cancellation stamp in the form of a "lucky" horse shoe, inscribed with the words "Lindburgh Flies the Air Mail Again." Waldo came here from St. Louis a few months ago, having been there at the time Lindburgh made his flight.

## Long Distance Rates Are Surprisingly Low

For Instance, After 8:30 P. M.

You can call the following points and talk for THREE MINUTES for the rates shown. Rates to other points are proportionately reasonable.

FROM BUCHANAN TO:	NIGHT STATION-TO-STATION RATE
BOSTON, MASS.	1.65
AKRON, OHIO	1.75
FT. WAYNE, IND.	35
INDIANAPOLIS, IND.	50
TOLEDO, OHIO	50
MINNEAPOLIS, MINN.	1.00
LOUISVILLE, KY.	.70
NASHVILLE, TENN.	1.00

The rates quoted above are Station-to-Station night rates effective from 8:30 p. m. to 4:30 a. m.

A Station-to-Station call is one that is made to a certain telephone, rather than to some person in particular.

If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.

Day rates, 4:30 a. m. to 7 p. m., and evening rates, 7 p. m. to 8:30 p. m., are higher than night rates.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator

Myri Diment, only daughter of Mr. and Mrs. John Diment, Sr., was married Saturday evening to James D. Chubb of Elkhardt, Rev. Liddick reading the ring service. Mr. and Mrs. John Diment, Jr., the former a brother of the bride, were the only witnesses. A double ring ceremony was used. The bride wore a gown of tan crepe georgette. Mr. Chubb is a gardener on rural route No. 5 out of Elkhardt, where he has a beautiful two-story brick house recently built and completely furnished for his bride. A wedding dinner was given Mr. and Mrs. Chubb Sunday at the home of the bride's parents, Mr. and Mrs. John Diment, Sr., at which Mr. and Mrs. John Diment, Jr., were guests. Mr. and Mrs. Chubb left for Elkhardt Monday to make their home.

National Day was observed on Monday afternoon by the Thirty club at the home of Mrs. Leon Campbell, 113 West Third street. Roll call was responded to "Persons I should like to know." Mrs. Harold Stark had charge of the study of American Government. Mrs. Enos Schum had a paper on "Skeletons in the National Closet." Mrs. E. H. Ormiston discussed the subject, "From Mine to Coin." The next meeting will be devoted to the election of officers, with Mrs. Glenn Heim, 504 Rynearson street, as hostess.

The Buchanan Odd Fellows Cribbage club lost in the second of a series of games which was held in the Robert Blum lodge club room in South Bend Saturday evening. Buchanan won the first of the series from South Bend. Members of the local team were Ray Hieck, Harley Squier, Henry Bisset, Lane Dalenberg, Roy Pierce, Warren Willard, John DiGiacomo, Seth Ingelright. The third of the series will be played in the club room of the Buchanan lodge, Saturday evening, March 3.

The Bay Leaf Rebekahs met in the Odd Fellow Hall Friday evening for their regular meeting. Mrs. Harley Squier and Nella Slater were elected as delegates to the district convention in Three Oaks, March 9. One candidate was admitted to membership. The Odd Fellows very pleasantly surprised the ladies by joining them after the business meeting, bringing refreshments and music. For entertainment a patriotic pageant and contests were held.

A union meeting of the teachers and officers of the local Sunday schools will be held at the Evangelical church Monday evening. In connection with the meeting a six thirty o'clock supper was served by the Intermediate League of the Christian Endeavor. The meeting was in charge of Rev. Nelson, county secretary for the Sunday School Association. Rev. Critchett of the Methodist Episcopal Church of St. Joseph was the evening speaker.

The Monday club was pleasantly entertained at the home of Mrs. Ruth Roe Monday afternoon. The program arranged for the afternoon included "The Story of the Kellogg Brothers" by Miss Chamberlain, "Salt and Graphite" was given by Mrs. Adams, "State Institutions for the Blind" by Mrs. Redden, "The State Prison at Jackson" by Mrs. Redden. The next meeting of the club will be with Miss Eva Chamberlain.

The Mt. Tabor Grange met on Friday evening, holding a six o'clock supper and a meeting afterward. In the business session five candidates were given the third and fourth degrees by the home team of which Victor Rofinot is captain. Roll call was responded to by "My Experience in Co-operation." The mixed quartette of the M. E. church of Hinckman, gave several selections, Rev. Helrigel gave a splendid talk.

Mrs. J. A. White of 116 South Detroit st., entertained Wednesday evening at a 6:30 dinner-bridge. The seven tables were very prettily decorated in keeping with Washington's birthday. The prizes were awarded to Mrs. H. L. Hayden, Mrs. Alonzo Howe, Mrs. Al Charles and Mrs. Harold Stark among the ladies, and to H. L. Hayden, Harry Thompson, M. L. Hanlin, Alonzo Howe and Harold Klehn.

The Women's Missionary society of the Evangelical church were the losers to the Young People's Missionary circle in a contest just closed in raising the most money. As a result the members of the Young People's society will be entertained Wednesday evening at a 6:30 dinner in the church basement, followed by a program in the church auditorium.

The local degree staff of the subordinate order of Odd Fellows will exemplify the Third degree on a class of candidates in the local hall Tuesday evening from Berrien Center, Berrien Springs, Galien, Dayton and Niles. A 6:30 supper will be served in the Odd Fellow hall for the local Odd Fellows and their guests.

## Carnaval de Lingerie

A special presentation and selling of charming, fresh, new undies and negligees with five distinct appeals.

### For the Replenishers

Every year the Carnaval de lingerie is eagerly looked forward to because it is planned to take care of replenishing needs. And here, are just those things one wants—at very modest prices.

### For Givers

The Carnaval de Lingerie offers an excellent collection of dainty feminine things that one woman likes to give another.

Presentation of Novelty Jewelry For Springtime Smartness

The Novelty Jewelry section presents smart assortments of earrings, necklaces, chokers, bracelets and feminine what-nots ranging from the delightfully modern to the chastely severe.

### For the Traveler

The Carnaval de Lingerie also bears in mind those who are traveling at this time of year—the needed robes in dark shades—gay robes—pajamas—underthings that launder easily. Beautiful new undergarments of black georgette have an irresistible appeal to the traveler.

### For Seekers of the New

New shades in fascinatingly designed pajamas, gowns, chemise—all that is new and delightful in feminine underthings and negligees—all at reasonable prices.

### For the "Bride-to-Be"

Surely those whose wedding lies in the offing will want to visit our Lingerie Section during the Carnaval de Lingerie. An especially alluring variety of the daintiest possible wisps of loveliness are here. And we hear that many will choose one particular shade to be carried out throughout the entire trousseau.

## YOU'LL GO SMILING ALONG

—without fear of any automobile trouble if you let us inspect and overhaul your car regularly. Every driver knows what it means to have his car break down miles from a garage. It can be prevented. Just a trial will convince you that ours is an automobile service that is without equal—for completeness, courtesy, and reasonableness in cost. Let us demonstrate what we mean!

B. H. S. DEBATERS ADMINISTER K. O. TO SCHOOLCRAFT

Friday afternoon in the high school auditorium, the Buchanan debating team met the Schoolcraft debaters in the first debate of the elimination series.

Schoolcraft, who won from Colon and Augusta with a unanimous decision and a 2 to 1 decision from Gables, losing to Cassopolis with a vote of 2 to 1, upheld the negative side of the question. Resolved: That the Direct Primary System of Nominating Candidates to Public Office in the United States, Should be Abolished.

SENIORS TAKE GAME IN INTERCLASS SERIES

The Seniors were forced to display more than their usual amount of basketball to win 18 to 14 over the "Flashy Freshmen" yesterday.

After being beaten 15 to 8 by the Junior high quintet just recently the winners discarded their confident attitude and got down to business when the first whistle blew.

Weaver started with six points. Hickok had spring guard, showed a much better basket ball game and a tendency to foul too much. Shreve made eight of the Freshmen's points.

This victory of the Seniors put the Freshmen back one and played the Sophomores in the lead.

Score by quarters: Seniors 0 6 7 5-18 Freshmen 2 4 4 4-14

JUNIORS WIN FROM JUNIOR HIGH IN OVERTIME GAME

The fast Junior high all but won another in the Intra-Mural series Monday afternoon when they played the Juniors.

The upper classmen, however, nosed them out 10 to 9 in the second overtime period when Wilcox tossed a flakey one through the net.

The game was slow with the Junior defense showing vast improvement and the low score of four was tied at the end of the game.

During the first overtime period one basket was made by each team and in the second one more goal points led the score until the game after Dowagiac led at the end of the half, 8 to 7.

BUCHANAN SECONDS RUN OVER DOWAGIAC RESERVES

The B. H. S. Reserves set a good example for their older brothers by winning the preliminary from the Dowagiac seconds last week by a good score, 26 to 17.

The team led by Pfingst with ten points played top-notch basketball during the latter half of the game after Dowagiac led at the end of the half, 8 to 7.

In the third period, after a conference in the locker room, the Maroons whizzed through a man-to-man defense adopted by the Jags, for ten points while their opponents secured only two. The last quarter was more even. B. H. S. garnered 10 while Dowagiac had to be content with 7.

The reserves are also coming up to form and have a good chance to win their remaining game tomorrow night.

B. H. S. TAKES INITIATIVE IN FURTHERING BETTER RELATIONS

Buchanan High school will be the meeting place this Friday afternoon of live-wire representatives of all class C and D schools of the county who are interested in closer athletic relations for the mutual benefit of all concerned.

There has been a feeling for some time that Berrien county athletics are disunited and unorganized, so just recently Buchanan has taken the initiative in attempting to better prevailing conditions.

The gathering tomorrow at 1:30 will begin the task of organization, at least will open-mindedly discuss the project and out of the arguments pro and con some form of an association may develop.

Schools which are concerned and their rating in the state according to enrollment are as follows:

Class C. Buchanan, Watervliet, Three Oaks, Berrien Springs, Cassopolis, Class D. Coloma, Stevensville, New Buffalo, New Troy, Gallen, Eau Claire and Baroda.

Buchanan has scheduled rather stiff opposition both in football and basketball lately and some are wondering if it would not be better for her to secure more games in her own class.

Buchanan teams experience a greater joy from winning over a very good team once in a while than to say, win an average amount from schools in its own class.

Consequently B. H. S. has already scheduled games with Niles and Dowagiac for next year.

Many similar conditions no doubt will have been brought to light and made more certain when the parley ends tomorrow afternoon.

STUDENT EDITORIALS

Smile and "Hello!" In perusing copies from other school papers, we often come across editorials and write-ups which are worthy of the attention of B. H. S.

One editorial in the Watervliet "Wa-pu-scho" appealed to us quite strikingly. The sentiments expressed are very worthy of our deep consideration. The editorial reads as follows:

"Be sociable. That is the one great thing in school. Treat all of your classmates alike. Be true to others as you would have them be unto you. This means have a smile and a cheery hello or good morning for the rest of the students and the teachers."

"There may be people in school who do not appeal to you, but they are different and probably do not have the same opinions and attitudes that you have. We are all only human and we are all in school for the betterment of others as well as ourselves. Not only speak to them and give them a pleasant smile, but also try to perform a small deed each day for someone. It may be a teacher or a scholar."

"Take the thoughts and ideas of others into consideration and always have a smile or a hello for everyone."

Studying 1,000,000 tiny flies was part of the laborious task that won Prof. J. M. Muller of the University of Texas a \$1,000.00 prize for his discoveries of the effect of x-rays on heredity.

GRADE NEWS

Mr. Eggert visited us last Thursday and Friday.

Miss Milburn visited schools in Kalamazoo Monday. She also attended the fourth number of the lecture course given in Kalamazoo Monday night.

Our art exhibit is in full swing at the high school building. Around 150 pictures are on exhibit in the Junior high assembly.

The state tests given last week in the grades proved an excellent drill for all our grade pupils. We are anxiously awaiting the results.

Snowbound is being studied by the eighth grade at this timely period. The classic is studied in nearly all the schools during the winter season.

We hope the Senior high pupils enjoyed the Colonial convention held in the auditorium last Friday morning enacted by the eighth grade boys. This play was under the immediate supervision of Mrs. Whitman, while John Strayer did the coaching. Mrs. Weaver helped with the costumes. We had hoped that the parents would be present to enjoy this drill but few availed themselves of the opportunity.

The snowstorm played havoc with our attendance this week, but we're still smiling, for Spring is only a month away.

Did you feed the birds during these few days? They appreciate this kindness and before the end of the season you will have received your pay, double and redoubled.

B. H. S. COMES BACK WITH VICTORY OVER DOWAGIAC RIVALS FRIDAY

A good number of "old faithful" fans witnessed Buchanan high pass its way over, under and around the baffled Dowagiac team last Friday for a 31-20 win.

The B. H. S. quintet when sent out to play on the spacious Dowagiac floor resembled a number of frisky colts just turned loose in a pasture. With nerves built up again after a whole week of rest from practice, they soon convinced the spectators that though they have lost the greater number of their games, they still knew enough scientific yet scrappy basketball to be rated high in the county and surrounding country in Class C. The Niles defeat was not taken seriously and was credited to over-work. Even Niles, we venture to say, was very surprised to have won so easily. Coach Bradford says that though the Maroons have been defeated in more than half their games still such results are only logical since B. H. S. plays one-half its schedule above its class. He also maintains that Buchanan has a superior team this year in comparison with last year's and surely a team which holds its own against St. Joe aggregation 16 to 14 is no weakling.

So the victory at Dowagiac merely indicated a return to form by the snafu and predicted good basketball by said squad during the remaining games on the schedule and the tournament at Niles.

Wynn and Savoldi, diminutive forwards vied with each other for high points at the "Round-Oaker's field house" but split even with eleven points apiece. Pierce, playing the backboard consistently on follow through shots took five points and Morse four.

Buchanan's favorite set plays were tried only four times but two were good for baskets. However, the game was not "set" by any means and resembled very much the down-the-floor Indiana type of play, especially on Buchanan's part.

If Buchanan can possibly win from both Bridgman and Cass she will break even on one of the toughest schedules ever played here, which would be very satisfactory.

BIRTHDAY PARTY

There were two surprises at school last week.

The Junior high and grade teachers planned a little party in honor of Mrs. Pennell's birthday last Thursday afternoon. But she surprised them by leaving without notice.

The party was postponed until Friday, when the teachers corralled Mrs. Pennell and met in room 9 to pay her tribute.

A birthday cake in all its glory adorned the table.

After refreshments, the teachers wished her much happiness on this and many other birthdays.

COST OF TRANSFUSION

SENIORS CHARTER SPECIAL BUS FOR DOWAGIAC GAME

Is there ever a time in one's life when one is higher, mightier or more gloriously happy than during that too short year when one is a Senior? It doesn't seem that there is a time when life is more worth living because there are so many good times.

Friday evening a bus was scheduled for just Seniors, to go to the game at Dowagiac. As is usually the case, the weather worked itself into a fury, apparently attempting to discourage transportation. But that was an impossible task and the bus started merrily on its way, queer noises emitting from its interior, the cause of which was not half so terrible as it seemed—the occupants were merely testing their vocal cords.

During the entire journey, singing and cheering was never lacking, but the members seemed to be made of pep and noise. Yells were rehearsed at various intervals when singing became more difficult.

Arriving at Dowagiac, there was a grand rush for the gym and having dashed madly across the floor, "Buchanan" lined itself along the side lines just anxious for things to happen. And they did. Lots of things happened. Among the discoveries, it was found that the student body of Dowagiac consists of lovely hosts, sportsmanship being a very large factor in their code. Then, having yelled the two B. H. S. teams to victory, the enthusiasts sought the bus again, tired but happy, and the mob was rushed back to Buchanan and "Joe's."

NILES PREPARES FOR BASKETBALL TOURNAMENT

The District Tournament at Niles this year promises to be a blood tingling experience for most of us.

Niles has been a good host in the past and is trying to outdo herself this year. The gymnasium is excellent for tournament play and the addition of an electric scoreboard and time indicator is an improvement not found in many schools and one which nearly doubles the interest of a game, when closely contested.

Teams entered this year are not exactly the same as last season's since Dowagiac is holding for the first time the tournament for their county. At Niles this year will be: Class B—St. Joseph, Niles; Class C—Berrien Springs, Buchanan, Three Oaks, Watervliet; class D—Baroda, Eau Claire, Bridgman, Gallen, New Troy, Stevensville.

Niles has also agreed upon the price of admission as the minimum allowed by the state for a three day tournament which is the best anyone could expect them to do. Season tickets will sell at 75c for students and \$1.25 for the general public. General admission, 1st and 2nd rounds, students, 35c, general public, 50c. Final games, 50c to all.

Buchanan plays its last and possibly hardest game tomorrow night when the sporty Bridgman class D wonder team comes here.

Bridgman means Ackerman and Baldwin, which immediately brings up the question, "How to stop Ackerman and Baldwin?" Though we do not believe these boys to be unstoppable, yet they are clever enough to be a tough proposition which means that Buchanan must also develop a powerful offense which will go the Bridgman bunch one better. Then the question changes to a resolution: "To the dogs with the defense, lets have some baskets."

Though this isn't literally true for Buchanan's defense will be as good as ever, yet the fellows are out to win and they now realize that to win will only be possible through the medium of a superior attack.

JR. HIGH DEFEATS NILES IN LOP-SIDED CONTEST

Keith Bunker was instrumental in the 28 to 12 victory which he and his Sophomore friends won over the Niles Junior High Tuesday afternoon.

The game was played in the old gymnasium of the Niles school but neither Bunker nor his colleague, Elmer Lawson, who chalked up seven points, experienced much difficulty in putting the ball through the sadly warped baskets.

The Niles quintet did a good job of holding the locals during the first quarter but were completely outclassed during the rest of the contest.

The entire Sophomore squad was substituted during the game and Aronson starred for the reserves.

We Fear the Farmer is Losing His Patience

SAY, LISTEN!—YOU CAN PASS LEGISLATION REBATE THE MANUFACTURER AND CALL IT 'TARIFF', AND SPECIAL LEGISLATION FOR LABOR AND CALL IT 'AMERICANISM'.

YOU GUARANTY EARNINGS TO THE RAILROADS AND CALL IT 'EQUALIZATION', AND YOU CALL A SPECIAL PLAN FOR THE BANKS A 'FEDERAL RESERVE SYSTEM'.

BUT ANY THING FOR ME IS 'PATERNALISTIC', NOW I WANT SOMETHING DONE FOR ME.

AND I DONT CARE A WHAT YOU CALL IT!

Berrien County Record HARRY L. HAYDEN and WALTER C. HAYNES, Publishers

REAL FARM RELIEF Most of our readers will be pleasantly astonished to learn that there are over forty thousand members of Boys' and Girls' clubs in Michigan.

The growth of this work has been one of the splendid features of educational work within the past few years. While the politicians are howling for relief for the farmers, the boys and girls are stepping in and showing more interest than has ever been shown in the problems of the farm and home.

Every week we read of some activity in connection with Boys' and Girls' club work. We see where our rural boys and girls have won honors in potato and poultry raising, in canning and in bread making, and in all of the other activities in which the clubs engage.

The important thing, however, is not the financial return which boys and girls may win from their efforts. It is not the honor which their achievements have brought. Of greater importance than these is the stimulated interest in the two fundamentals in America—the farm and the home.

A farmer was reported as saying, a few weeks ago, that he was not as much interested in the production of his fields or the price of his crops as he was in the proper development and education of his children. The chief asset of the agricultural industry is that it provides a home of comfort and permanence. This farmer must get more from his land than what he may sell in town. He must make on the farm a real home, a home in which young people are progressive and happy, a home in which the highest ideals of all kinds must prevail.

In these times it has been customary to belittle agricultural pursuits. The farmer has been too often looked upon as unfortunate in his choice of activities. Too much of the present talk conveys the impression that he is a child of unfair circumstances and low in the economic scale. While the politicians have talked about agriculture, the real fundamental importance of the industry has fallen to the background.

To farm properly requires more scientific work than to conduct a business. To succeed at farming requires more character and more ability than to succeed in the ordinary business. Farming is an art, a science. It is more than an occupation, it is a life work.

To stimulate the interest of young people in the farm and in the farm home is the highest type of work that can be done, and it is in striking contrast to so much that is offered for the relief of agriculture.

Senator Fess told the same audience that the thing to do is to create a federal farm board to assist farmers and their co-operative organizations in the production and marketing of crops. This is the administration's program, offered as a concession in view of the administration's wise and firm opposition to government price-fixing measures. It is much better than McNary-Haugenism because it involves much less interference on the part of the government in business. But it is paternalistic enough. It creates another federal bureau, to be supported by the taxpayers, for the purpose of advising farmers how to attend to their own affairs, which they are fully competent to attend to for themselves. We do not believe the intelligent, self-reliant farmer wants an advisory committee around the place.

Tariff revision downward on over-protected manufactured products offers the simplest and best means of farm relief. The reason agriculture is not getting a square deal from the government is because other industries are getting more than a square deal. Instead of seeking to correct one obvious abuse, it is the disposition of politics to create another. It is like telling another falsehood to conceal the one you have already told.

JUSTICE Are the scales of justice in balance when a robber and murderer, whose voluntary plea in court was guilty to both charges, is released and given freedom on a technicality based on a clerical error?

That question is before the supreme court of Illinois and both sides are prepared to do battle. The prisoner pleaded guilty but under the provisions of the law in that state the court record should show that to the last the man "persisted in his guilty plea." Omission of the five words in the record, a clerical error, was made the basis for the release of the prisoner after years of incarceration, by a habeas corpus proceeding. The court ordered the man's release. Now the supreme court has been asked to review the case and, by mandamus, force the court to expunge from its record the order for release.

This is an interesting illustration of how the laws may be construed, if one inclines to exact technical questions above the facts on which trial was had. Prominent attorneys admit the court had the power to order the release, but that power was discretionary, not mandatory. It is just as easy to construe a technical point in favor of society as to give the entire advantage to a man who has violated the laws of property and taken human life. Is it fair and even-handed justice to protect the technical rights of a murderer, rather than do substantial justice to society?

IGNORING TRAFFIC LIGHTS A police campaign against the one-eyed automobile, the one on which only one headlight is functioning is announced in certain Michigan cities. An effort should be made to enforce the provisions of traffic ordinances, of course, but more attention should be given to those whose violation involves most danger to life and limb. If one headlight goes out when a car is being driven at night, the resultant situation is not especially perilous.

An increasing disposition to disregard the traffic lights is noticeable. Nearly every day one notices several instances of this really dangerous transgression of the rules. Drivers take a chance on ignoring the red light and so do pedestrians, and accidents are invited. A systematic and determined effort by the police, backed up by the traffic court, to stop this practice would be greatly to the public advantage. Policemen cannot be everywhere. Not every culprit can be caught in the act. But the capture and stiff sentencing of a few more of these red light runners, duly reported in the papers, would have a salutary effect.

Another thing that makes us challenge Nature's reputation for wisdom is that she places the flying lemur, who can jump 300 feet at a single bound, in the Indian Archipelago, where there is no more traffic problem than a rabbit, and the ordinary pedestrian, who can clear scarcely more than 20 feet at a leap even under the most desperate circumstances, here.

The Michigan Law Enforcement League announces that it will accept no gift from Mr. Kesge, at any rate until he makes a satisfactory explanation of how he came to break the Seventh Commandment at least six times by actual count and to violate the Eighteenth Amendment with the utmost regularity.

About the most prominent citizen of the old town Iowa can get away with under this administration when he returns from Washington, D. C., and you ask him what the president said to him, is to say that he looked very much interested.

Fashionable girls are now said to be wearing cute little three-drink flasks on their garters when they go to dances and we suppose that is the way to do. If you must defy the law, do it openly.

We admire the man who makes us ashamed of our ignorance but we cannot say that we like him very well. To him that hath shall be given, and what is more, he'll hang on to it.

SOMETHING NEW IN TAXES MARRIAGE A SCHOOL. SAVE A LITTLE. PROTECT RESOURCES. A learned legislator says married women ought not to work, and if their husband's earnings should amount to \$2,000 a year, the women's earnings should be taxed 20 per cent.

Under old laws a husband could take what his wife earned; even now in England he controls the children that she produces. For the state to rebuke her industry by taxing her earnings 20 per cent would be something new.

Bolshevism decides that little girls must not play with dolls, because that encourages the bourgeois or capitalist idea of family life, developing a taste for motherhood and household duties.

Bolshevism interprets the little girl with a doll correctly, but will no more overcome the love of dolls than it could overcome the instinct of self preservation. Materiality is planted in the hearts of little girls by a Power far above Bolshevism, just as ambition of another kind is planted in the hearts of little boys. And that ambition is what makes Communism an impossibility.

Dr. M. S. Haylor wires from Chicago. "Contribute your opinion on legalizing companionate marriage."

That question was settled when Eve appeared from Adam's rib. Woman is naturally monogamous, it is determined to make man so, will do it eventually, and marriage is the school of monogamy.

A companionate marriage expresses doubt, proves lack of the confidence on which marriage should be based, and while it is perfectly legal now, divorce being legal, it is a poor, coldblooded sort of marriage.

Fortunately, the average young couple have no doubts whatever, and only regret the marriage can't raise him \$17 a week salary. Fox had just married. The employer said, "Not only I can't raise you \$17 a week, but you are getting \$2 too much. I am going to pay what you are worth, \$15."

Fox had saved \$580 on \$17 a week, got control of a tiny moving picture theater, that could take in \$7.30 when packed. Now he has 350 theaters.

Always save something, if you have any, it will increase. If not, saving will keep you out of the poor house, anyhow.

The United States pays more toward the expenses of the League of Nations than any other country except Britain—although we are not in the League. That's usual. We paid more than any other nation for that big war—about fifty-nine million dollars a day while we were in it, and we lent the allied fighters ten thousand millions of dollars—yet it wasn't our war.

Our troubles will come in America when our natural resources are exhausted—coal, oil, iron, forests, etc. At present we are busy using, wasting. Some day we may be busy negotiating. Emil Kelsch, sent to Sweden by Herbert Hoover's Department of Commerce, reports that Sweden has solved her forest problem.

The annual growth of timber in Sweden exceeds the annual cutting by 100,000,000 cubic feet, or 1,200,000,000 lineal feet.

An old friend of mine had a hernia—he called it "rupture." For many years this minor affliction had been with him. Assured that a simple operation, and that only, would cure him permanently, he readily replied that he "objected to carrying." It was pathetic to see him draw from his pocket a half dozen lipid circulars, adjust his glasses and read—read the glittering offer, "a cure, or your money back." Could anything be fairer?

One day he came into my office carrying a small package. "Doc," he announced, "I've got this out, but he sez to get my physician to put it on for me!" I read the "instructions," which "assumed that your doctor is an intelligent person." O, the only one—the immaculate gal of it! But this old man had trusting faith in me—with certain limitations, and I loved him.

I unpacked the thing—found a few strips of adhesive, a small pad with about a cent's worth of hokum on it, some pieces of cheap gauze and big, black-letter instructions and "cautions." All of which I observed to the letter and to my customer's delight. He had spent some ten dollars and had a right to the benefits, if any.

It didn't cure him. It didn't benefit him. He didn't get his money back. He was informed that "evidently the pad was not properly applied—in view of which we will sell you another for half price!"

No, dear reader, this is not a fable; every word of it is true. But it has a moral: The only way to convince a fool, is to let him get stung. The pity of it all is that the thousand dollars spent annually for "hokum" is extracted from lean pocket books.

Woman, 80, Lived All Her Life in Same House Woodward, Okla.—Not many octogenarians leave behind them the unusual story of their life, as is revealed in the passing of Mrs. Thomas R. Tuross, who passed away recently at her home in Franklin, Tenn. She was the mother of W. S. Tuross, Woodward, who was with her during the last ten days of her life.

Of the eighty years Mrs. Tuross has lived the entire time was spent in the home in which she was born November 18, 1848. She was married in the same room 56 years ago and her six children were born in the same room in which she was born. Two of them died in that room. The room is 20 by 24, and for many years, with another room, constituted the home, a log house with an open porch between the two rooms. As the family increased rooms were added, and today the house claims seven rooms.

Arrangements have been made for the Hoyts of the State, their descendants and relatives to meet at the People's Church in East Lansing, Tuesday, March 27.

It is estimated that there are about 500 of the name of Hoyt in the state, scattered over its entire length and breadth, from Detroit and New Buffalo in the south to Petoskey and Cheboygan in the north, and across the Straits from Saint Marie to Ironwood, besides four or five times as many of the Hoyt descent. There are doctors, lawyers, preachers and professors; merchants, mechanics and farmers; manufacturers, capitalists and employees; clerks, agents, school teachers and others. No hoboes nor criminals—at least none yet found.

Any "cousin" may attend either individually or as a delegate from any local group of the Hoyts. It is very important that names and addresses of all who propose to attend should be sent by March 10 at the latest to Belden C. Hoyt for the northern and western Michigan and Detroit.

### AUTO HEAD BELITTLES FIXED SPEED LIMIT

#### POINTS TO MICHIGAN AS A MODEL STATE FOR TRAFFIC REGULATIONS

The time has come to stop sidestepping the problem of speed on the highways, is the opinion of Paul G. Hoffman, vice president of the Studebaker Corporation of America.

"American railroads have proved that it is possible to attain both high speed and safety. When we look back over the years we view with amusement the excitement that greeted the iron monsters of 1848 as they thundered over the rails at the fearful speed of 25 miles an hour. Grave doubts were even raised that human beings could travel at speeds of more than 40 or 50 miles an hour and live.

"In the field of individual transportation the motor car has played an important part in breaking down the barriers of time and distance. It is as foolish to put legislative bars of a fixed character in the way of development of speed in motor car transportation as it would have been to put speed limits on American railways in the early years of their development.

"It is time to look at the problem of highway safety from a new point of view. One of the first steps is to get over the idea that speed in itself is a dangerous thing. Traffic and safety experts—the men who have studied the question—know that speed in itself is not the source of danger. It is popularly credited with being.

"It is not speed alone, but speed in combination with other factors that makes accidents. Fifty miles an hour on the open road in the country may be safer than 25 miles an hour in crowded city traffic.

"Any well constructed car of the present year is much safer at 50 miles an hour under the proper conditions than cars of a similar class were 15 years ago at 30 miles an hour. One stretch of road may be safely covered at 60 miles an hour—another may be unsafe at 30.

"No one can deny that there is real danger in speed plus unfavorable conditions for speed on the highway, but speed in itself does not necessarily create hazards. High speed at intersections, in turning corners, passing pedestrians or passing other traffic in the face of oncoming traffic from the other direction is a real menace.

"Legislation and enforcement should concern itself not so much with speed as with those acts of a driver which, combined with speed, result in accidents. Let us stop arresting the sane motorist who is doing a sensible 45 miles an hour on a fast road in the open country, and concentrate on drivers like the short-courser in town who may be doing only 15.

"Michigan has led the way in this attitude by abolishing a fixed speed limit. Fixed limits do not in themselves promote safety; they make lawbreakers out of motorists and often permit constables to bring discredit on highway policemen as a whole by affording opportunities for petty graft.

"Several eastern states have taken this up-to-date attitude toward fixed speed limits, and make their highways safer by enforcing safe driving rather than by concentrating on speedsters alone.

"It is time to meet the new conditions of highway safety with a fresh point of view—and concentrate on safety rather than on the antiquated theory that anything over 30 miles an hour is recklessness."

### FRUIT AND DAIRYING

Ivar Iversen, Tester, Berrien—North D. H. J. A.

Last year I chose the subject of diversification for my article using the peculiarities of Berrien County as my example. I have not changed my mind. In fact I am more than ever of the opinion and think the financial condition of the Michigan Farmers this year will prove my contention.

Without exception the combination fruit and dairy farmer in this section this year is prosperous while the opposite is true of the single cropper without cows. The fruit farmer's income is intermittent and his land yearly poorer while the all cow man, though his income is steady it is just sufficient to keep him going and without the added "extras" he can make no extensive improvements and as a rule is caught in his net.

I do not say that fruit and cows are the only combination but fruit and cows are adapted to this locality and as I said in the beginning, the farmers in this section who are depending on both for their yearly income are coming out at the top.

To prove my contention of last year that fruit growers of Berrien county would better their condition by the use of the dairy cows, I have only to turn to the first five names on my annual report—they are all fruit and dairy farmers combined and all these herds average better than 425 lbs. of butterfat.

What these cows are worth to their fruit in the way of added fertility, I do not know but I do know that in this year of poor crops and elusive dollars that these farmers are prosperous which I think is the real proof in the long run.

### HERBERT HOOVER DECIDES TO RUN IN OHIO PRIMARY

With the village caucuses and spring elections coming on politics is beginning to perk up. Looks like Lowden's name might be on the presidential primary ballot when you vote April 2.

Senator Lenon who is his sponsor in Michigan has presented proper nominating petitions. Hoover, however, has a big start in Michigan and looks like he'll be hard to beat for Michigan's delegation to the Kansas City convention. Also looks like Al Smith's going to be standard bearer of the Democratic party.

Dope is that Leonard W. Freeman of Flint, a figure in state politics, will come mighty close to landing the honor of being Republican national committeeman from Michigan, a job now held by James E. Davidson of Bay City. Folks on the inside say Freeman has things pretty well lined up.

Uncle Joe Fordney of Saginaw, is a candidate for the eighth congressional district for one of the seven delegates at large which this state will send to the Republican national convention. He should be, it seems, for in Michigan and in Washington he is a mighty big man and he knows the folks and the ropes and it would be an honor to have him as one of our delegates from this state and a credit to Saginaw county to have him on the delegation. Mr. Fordney don't want any political offices although he has been mentioned for many and could have about anything he wanted but when the party has a chance to pay him a tribute like making him a delegate at large it really is the party that benefits.

Kinda looks like Art Vandenberg over at Grand Rapids has cut quite a swath in the nomination for U. S. Senator on the Republican ticket. He and Chase S. Osborn, former governor, were both on the same platform at the Genesee county Republican banquet at Flint Thursday night. Mr. Osborn has been aching to get in as a candidate for senator, Vandenberg, to all appearances, is in, at least his petitions are being circulated. Gov. Green and others have laid off coming out strong for any one man because Osborn, Vandenberg and Sleeper (all of whom would like to go to Washington in Ferris' place) were strong for Green, et al, in the 1926 campaign. But at Flint Osborn whaled the daylight out of Hoover and now it seems Mr. Osborn is out of the picture, guess he won't make any run and Vandenberg is stronger than he was before that meeting. Mr. Osborn, it seems, committed what you call it—a faux pas.—Chesaming Argus.

### BITTNER ENTERS RACE FOR OFFICE OF COUNTY CLERK

Benjamin H. Bittner, deputy county clerk, has formally announced that he will be a candidate on the Republican ticket for the office of county clerk at the fall primaries.

Mr. Bittner, who resides at Sodus, will oppose Howard Bernard of Benton Harbor, for the Republican nomination.

He served as deputy under County Clerk Ira Wagner since the latter took office three years ago. He now seeks the job which his chief relinquishes after completing his second term this year.

Born in Benton township, Mr. Bittner received his primary education in the rural schools of Sodus. He was graduated from the Benton Harbor high school in 1916 and from the business department of Ferris institute at Big Rapids in 1917.

Prior to his appointment as deputy county clerk he was employed at the Farmers & Merchants National Bank and Trust company.

He held his first political office at the age of 21 years as clerk of Sodus township and later as township treasurer.

Mr. Bittner resides on a farm near Sodus with his mother, Mrs. Otto A. Bittner.

Entering upon his fourth year at the courthouse, Mr. Bittner believes his experience with the multitudinous duties of the county clerk's office amply qualifies him to fill the position efficiently.

For example, The First National Bank of Buchanan gives the same complete service to the \$100 Checking Account customer as it does to the \$10,000 customer. The small depositor receives the same degrees of protection for his funds and the same vault facilities; he avoids the risk of carrying currency on his person; he issues his individual checks in payment of bills; those same checks, when cancelled become valid receipts; and—he receives a detailed statement of his deposits and withdrawals whenever he desires it.
