GEORGE WEAVER, PRESIDENT ILL. ATHLETIC CLUB BURIED IN HOME TOWN CEMETERY

Body of Distinguished Son of Buchanan Brought Here For Burial

SPENT BOYHOOD HERE Was One of Leading Cold Storage Men of the United States

One of the many sons of Buchanan who have distinguished themselves in the world of affairs was gathered to his fathers in the old home town cemetery when the body of George M. Weaver...

He had been in poor health for over a year, but his death was most unexpected. He had been staying for the day at his home on account of indisposition.

He walked into the room where his wife was and sat down, the latter noting that he looked faint. She asked him if he wanted a glass of water, and receiving an affirmative answer, she got it and returned. He took it, then leaned over against her shoulder and died instantly.

George Weaver was born in Buchanan in May, 1870, his early home being the house immediately west of the Michigan Bell Telephone office. Here he lived with his parents, Mr. and Mrs. Albert Weaver, until he was ten years old, when they moved to Rock Island, Ill. There they lived for seven years. When he was a youth he went to Chicago where he attended business college. He then entered the employ of the Merchants Service and Transportation Company, subsidiary of the Michigan Central Railroad...

While in this service he anticipated the need of large cold storage facilities and aided in the organization and development of the Chicago Cold Storage Company, of which he was vice president and general manager at the time of his death. He was also secretary-treasurer and general manager of the Detroit Refrigerator Company.

The greatest index however, of the immense personal esteem he enjoyed among the citizens of his adopted city, the third in size in the world, was his election last year to the position of president of the Illinois Athletic Club, the greatest organization of athletes and sportsmen in the world, and sponsors of the national champion swimming team, headed by John Wenzel.

In a notice in the I. A. C. 1927 yearbook, prior to his elevation to the presidency, his services to the club are mentioned as follows: "George Weaver will unquestionably be the next president, to which honor he is justly entitled."

In his capacity as chairman of the house committee he has shown splendid executive ability and a fine tolerance for those who committed inadvertent breaches of discipline—both members and employees. By his fair decisions he has won the entire respect of the directorate, the many chairman and those who have come in contact with his office.

He was married twice, his first wife dying several years ago, and his second wife surviving him. He left no children. His father, Albert Weaver, died at his home in Buchanan in June, 1925, and his mother two years earlier. He had three aunts who make their homes here, Mrs. Ida Emmerson, Mrs. Alice Tourje and Miss Helen Weaver. Mrs. Audrey Wideman of Buchanan is a cousin.

Other relatives who came to Buchanan Monday in company with the body were: Mr. and Mrs. C. H. Townsend of Detroit, Miss Jane Smith of Detroit, Mrs. Adalbert Walt of Grayling, Mich., Atty. Carl Tourje of Chicago. The funeral was held at 11 a. m. Monday from the I. A. C. chapel at 5203 Lake Park Ave., after which the body was brought to Buchanan by a special car attached to Passenger No. 4 Michigan Central, which made a special stop here. The train was met by twenty-five cars to receive the Chicago people accompanying the body. Four automobiles were filled with flowers.

The body was brought to Buchanan Monday afternoon on the 2:30 train, April 30, 1928, and taken to Oak Ridge cemetery for burial in the family lot. Rev. Henry Lidcoot, pastor of the M. E. church offered prayer at the grave.

Those accompanying the body were: George F. Wynn, Commercial Agent, M. C. R. Co., Chicago; F. H. Cusack...

WIDEN WALT'N ST. PAVING IS AGREED UPON

Thirty Foot Section Only From Chicago To Front St.

MAY MOVE CLARK TRACK South Portage Residents Ask Mich. Central To Transfer Rails

Final decision as to the width of the Walton Street paving to be constructed through Buchanan via Portage street was reached at the regular meeting of the village council held Tuesday night, the town fathers deciding, after hearing a prolonged series of objections, that the following width would be observed: Portage street from the Michigan Central crossing to the Chicago street, 20 feet; Portage street from Chicago to Front street, 30 feet; Portage from Front street to River street, 20 feet.

A large delegation of South Portage street residents headed by H. S. Bristol appeared before the council to request that body to petition the Michigan Central Railway to move its sidetrack to the Clark Equipment Company from the side to the middle of Portage street on the three block stretch from Jordan to Alexander streets. Bristol stated that he had appeared before the division superintendent at Niles and had been told that the Michigan Central would move its track if the petition was officially made through the proper channels.

The village council declined to take a stand, stating that the village had turned over Walton Road to the county and that the matter was therefore outside of their jurisdiction. Bristol stated that he had communicated with the county road authorities and had been told that the city was the proper authority to petition the change. The council finally agreed to take the matter up with the county road commission and agree with them on action.

The residents on the west side of the street stated that the present location of the rails made it impossible for them to park their cars next to the sidewalk. This right of way originally was the old roadbed of the Pere Marquette and was bought by the Michigan Central.

Special assessor Alonzo Howe appeared before the meeting and stated that the levy on the special assessment district in Buchanan for the 20 foot paving would amount to \$6 per thousand valuation.

SCOUT TROOP 41 HOLDS A COURT HONOR

EXECUTIVE REPORTS THREE TROOPS TO BE RECRUITED AT 3 CHURCHES.

Boy Scout Troop 41 held a potluck supper and Court of Honor in the basement of the Methodist church, Tuesday evening, 22 scouts being present.

At the Court the following awards were made: Leo Slate, gold palm badge for 40 badges above the Eagle Scout rating.

Lyle Mitchell, civics and scholarship badges. John Strayer, first aid badges. Don Wood, Civics badge. Robert Montgomery, woodwork badge.

Lyle Mitchell was selected as senior patrol leader and Don Wood as scribe. A program of scout work was staged, the Flying Eagle Patrol demonstrating fire making by flint and friction, the former method proving speediest. The Beaver Patrol demonstrated first aid, signaling, nature study, and knots.

Special guests at the meeting were C. F. Spur, regional executive for the Berrien-Cass district; James Best, assistant regional executive; Howard Olson, scoutmaster of Troop 1 of St. Joseph. Executive Spur stated that he expected to have three full strength Scout Patrols in Buchanan at an early date, to be under the auspices of the Methodist, Presbyterian, and Evangelical churches.

The Oldest of Long Lived Family Has Birthday On Sunday

Mrs. Mattie Redden celebrated her 79th birthday Sunday at the home of her daughter, Mrs. Geo. Richards, 113 West Front, five brothers and sisters gathering at the home for an evening dinner. Those present were the following: Mrs. Will Rynearson, 114 Roe; Mrs. Alta Swink, Mrs. W. E. Hathaway, Will Treat, Frank Treat. Two others of the family are living, Mrs. John Wynn of South Haven and Charles Treat of California. Mrs. Redden is the oldest of the family of eight. A remarkable feature of the family is that all of the brothers and sisters born into it are living, ranging from 40 to nearly eighty years of age.

Armed Vigilantes Organized Here to Protect the Banks

George Roe of the First Nat'l Bank was a caller at St. Joseph making final arrangements for the organization of a force of Vigilantes to guard the banks of this city. Six men were sworn in by the county sheriff as special deputies for bank protection only. They are equipped with United States .30 caliber rifles and with Colts .45 revolvers. The men are employed in business houses strategically located to cover the banks.

J. M. Meffert Hangs Up Record For Long Distance Loyalty

This is this letter as an evidence of loyalty to the old home town. The Record prints it as an example to others. And Mr. Meffert will get his paper.

Ocala, Florida, April 26, 1928

Berrien County Record, Buchanan, Mich. Gentlemen:

Have not received copy of the Record in some time. Please investigate and see that I receive future copies.

Although I've been living in Florida for over 40 years I still think of the folks in Buchanan and Niles and the Record keeps me well informed.

Think my subscription is paid up, but if there is any reason why I have not been receiving the paper please advise me promptly.

At the same time, please change my address for mailing the Record to J. M. Meffert, Lowell, Florida.

Thanking you, I am, Your truly, J. M. Meffert.

VACANT LOTS NEAR HOTEL TO BE PARKED

H. S. Ag. Class, Boy Scouts and Men of Town to Go-operate

MR. FRENCH IN CHARGE

Arrangements for the parking and landscaping of the vacant ground between the Hotel Rex and the American Legion building has been completed, the owner, E. J. Tonnellier of Benton Harbor, having been here yesterday at which time he gave his assent.

Mayor Glover has given permission for the use of the city truck in the cleanup, and City Street Commissioner Fred French will have charge of the work, which will be done during the first three days of next week.

Agricultural instructor Muir of the high school has offered the services of his class of boys to carry out the landscaping. Both troops of Boy Scouts have agreed to work on the project, the leaders of the various patrols to be in charge.

The ground is to be cleared off, spaded and leveled and then sown to lawn grass, with vines covering the sides of the buildings and the brick pile in the center, beds of flowers in appropriate places.

RAIN HALTS A BURGLARY Burglary of a dress shop in New York was called off on account of rain. The burglars had cut a two foot hole in the roof, but drops of water from a storm that was passing over the city came through the hole, completing the electric circuit of an automatic burglar alarm and called the police.

FRED HANLEY LAID AT REST HERE TODAY

SON OF MR. AND MRS. GEO. HANLEY HAD RISEN HIGH IN PACKING INDUSTRY

Fred Hanley, 46, former Buchanan resident who had risen high in the packing industry at Kansas City, was laid to rest in the Oak Ridge cemetery here at 2:30 this afternoon, his body having been brought from Kansas City, where he passed away Monday from an illness that had baffled many of the leading specialists of the country.

He was the son of Mr. and Mrs. George Hanley of Buchanan at whose home funeral services were held.

Mr. Hanley was said to be suffering from an obscure form of nerve poisoning and had been for some time under the observation of specialists at the Johns Hopkins hospital in Baltimore. Later, he went to the Mayo Brothers hospital in Rochester, Minn., leaving there two weeks ago. At both hospitals, his case had been pronounced incurable.

Mr. Hanley had been closely identified with the packing industry for a quarter of a century. He was born in Buchanan on July 27, 1881, leaving there in 1903 when he became associated with Morris and company, packers, first in St. Louis and later in St. Joseph, Mo.

Early in his career, Mr. Hanley displayed expert knowledge in cattle buying and was head of that department with Morris and company until the dissolution of that company several years ago.

His education was obtained in the Buchanan high school and at the St. Louis business college.

In 1906 he was married in St. Louis to Miss Iola Magnus of that city, who survives him. He also leaves a son, Harry Ernest, 12; his parents, Mr. and Mrs. George Hanley of Buchanan and a sister, Mrs. F. E. Newberry of Buchanan.

The sister and her husband spend a great part of their time in travel and were on a tour of Europe when notified of the very serious illness of Mr. Hanley. Cutting short their trip they returned recently from abroad.

Wilma Hess Wedded To Floyd Bailey At S. B. Saturday

Miss Wilma Hess of Galien was united in marriage to Floyd Bailey of Buchanan by Rev. Charles Bishop in the Lowell Heights Methodist church at South Bend at 11 a. m. Tuesday, May 1.

The bride is the youngest child of Mr. and Mrs. Will Hess. She is a junior at the Galien high school, the president of her class and very popular among the young people.

Floyd Bailey is a well known and popular young man of Buchanan, the only son of Mrs. Mary Bailey. He was graduated from the Buchanan high school with the class of 1926. He is a member of the Buchanan Blues baseball team. He is now in the employ of the Clark Equipment Company. The happy young couple will make their home in Buchanan.

ELSIE LEMKE OF ST. JOSEPH SELECTED AS QUEEN ANNUAL S. W. MICH. BLOSSOM FESTIVAL

C. C. LEASES QUARTERS FOR A REST ROOM

ROBINSON TO KENT BLDG

Secretary Charles to Have Desk in Front in Rest Room Quarters

Buchanan's long talked-about rest room became a reality this week with the leasing by the Chamber of Commerce of the room in the American Legion building just vacated by the Robinson Music & Art Shoppe, and the segregation of the rear for that purpose.

The arrangements were made in short order, after the removal of the Hamblin jewelry store from the Kent Building to the Princess Theatre building the first of the week.

The Chamber of Commerce leased the building for the dual purpose of headquarters and rest room, reserving a corner in the front for the desk of Secretary Al Charles. F. M. Moyer will have desk room also in the front of the quarters.

The Robinson Music and Art Shoppe has moved to the quarters vacated by the Hamblin jewelry store.

The candidates in the order of their appearance were: Miss Benton Harbor—Ruth Ramlow.

Waterliet—Helen Whitney. Coloma—Onieta Hawks. Three Oaks—Sadie Fortinga.

Elimination starts at the Galien—Margaret McLaren. Buchanan—Janet Thompson. Eau Claire—Mabel McOmber. Hartford—Leola Johnson. Niles—Alice McOmber. Berrien Springs—Genevieve Evans.

M. W. M'CLURE SCOUT MASTER OF TROOP 42

Boy Scout Troop 42 held a re-organization meeting at the Presbyterian church Tuesday night, M. W. McClure of the Berrien County Record being elected scoutmaster, and Herbert Shreves and Hugh Pierce, assistant scoutmasters.

Eighteen members were present, as were also Glen S. Easton, chairman of the scout committee and Rev. Harry Staver. The proceedings were directed by James Best, assistant regional director for the Cass-Berrien district, who came from St. Joseph to attend.

Arrangements were made for a hike to the county Scout lodge at Madron Lake Saturday afternoon. The troop will remain there over Sunday and church services will be held for them Sunday afternoon by Rev. Staver.

Fire Furnace Pit Damages Electric Furnace At Clarks

One of the two electric furnaces at the Clark Equipment Company Foundry was put out of commission several days during the past week when a piece of burning slag dropped into the pit underneath it, igniting some oil soaked slag. Oil had been leaking into the pit from some unknown source for some time, and fire had caught there several times, but had never gained headway before. On Thursday afternoon, however, the flames got under way, and the chemical extinguishers of the Clark plant failed to extinguish them. The fire department was called and got the flames under control in a short time. A motor in the furnace was destroyed, requiring several days of repairs which kept the furnace out of use until Monday.

Eiler to Subdivide Colvin Estate For Summer Home Sites

E. W. Eiler, promoter of Orchard Banks, a Lake Michigan resort containing 35 to 40 cottages near Lakeside, is now owner of the former Colvin estate resort property at Clear Lake, including the Colvin summer mansion and in the neighborhood of 130 acres of land. He is now planning to subdivide part of the land into small acreage plots and sell them for summer home sites.

Beatrice Paddock Wedded Saturday To Clyde Wolkins

Miss Beatrice Paddock of Buchanan was married to Clyde Wolkins of Galien in the office of Justice of the peace at South Bend at 3 p. m. Saturday, April 28.

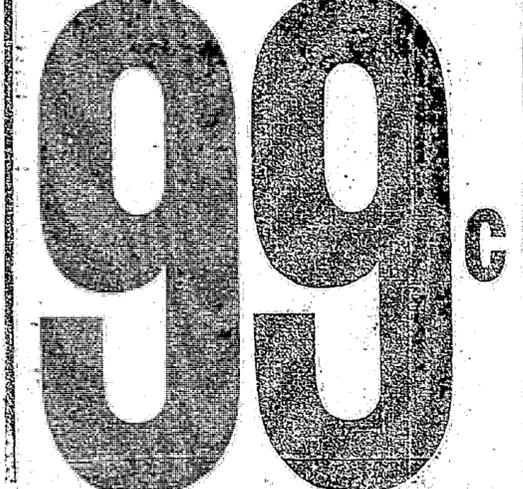

The bride is the daughter of Mrs. Sylvia Paddock of this city. Mr. Wolkins is the son of Mr. and Mrs. Arden Wolkins of Galien. He is in the employ of the Clark Equipment Company. They will make their home with his parents at Galien.

News Around New Troy

Rev. Louis Convis, pastor of the Jefferson Park Congregational Church, Chicago, accompanied by his father and mother, Mr. and Mrs. C. T. Convis stopped at La H. O. Piper home Tuesday enroute to lots owned by the former near Ludington, for the purpose of setting out fruit trees and plants. Mrs. Convis stopped at the Piper home until their return.

The regular meeting of the New Troy Woman's Club held at the Tom Glavin home in Harbor, Friday afternoon was a very interesting affair. The program was in regard to flowers. A talk by Mrs. B. W. Keith on "Our Less Common Wild Flowers" and the flower guessing contest led by Mrs. Emma Dillenbeck were very much appreciated. Also a paper by Mrs. Blanch Weaver, "The Life and Work of John Burrows." Refreshments were served by Mrs. S. McKee and Mrs. G. W. Daniels.

Mrs. Wm. Jannasch spent Friday afternoon in the Sprague-Bow home. Mesdames Ruth and Margaret Bowker were Sunday afternoon callers in the Currie McLaren home.

Mr. and Mrs. Wm. Newitt and son Wayne were Michigan City callers last Sunday. Mr. and Mrs. Zowerhess of Galien have moved in the Joe Fulton home. Mr. and Mrs. Lyle Nye were in New Canfield Wednesday, having dental work done.

Don Straub has been quite sick with flu. Mrs. Cella V. Wade and son, J. Dowagiac spent Sunday in the LaPorte home. Mrs. and Mrs. Leo and sons Richard and Philip visited in the Doa Dennison home at Niles, then in the afternoon called upon Mr. and Mrs. Ed Yaw.

Mr. and Mrs. Currie McLaren and daughter Margaret and son Fred attended the beauty show Monday evening in Benton Harbor at the Liberty theatre, where five judges decided who should be the Queen of Blossom time and enjoyed it very much.

Mr. and Mrs. John Clark were host and hostess Sunday to the following guests: Mr. and Mrs. E. Sherman and son Clark, Mrs. Wm. Laker of Homer, Mr. and Mrs. Frank Hollister and family of South Bend and Mr. and Mrs. Fred Clark. Mr. and Mrs. Eyrone Road of Niles spent Friday in the Harry Williams home.

Mrs. Wm. Weaver entertained her brother and his wife Sunday. Wm. Weaver, who has been ill, is able to resume his work again. Mrs. Wm. Smith visited at the Spedel home the latter part of the week. The road workers will soon finish the Wires hill. It's a funny country that won't abide by the laws and continues to abide the law makers.

UNORDERED MERCHANDISE

Last year many communities in this section were flooded with unordered merchandise in the form of neckties, pencils and other articles, the receivers being asked to pay for the goods or, if not desired to return them to the senders. The National Better Business Bureau says the only way to end the unordered merchandise nuisance is to make it unprofitable and suggests the following procedure as the best way to accomplish this result:

"Because these goods arrive unheralded and unanticipated and because they come in packages which are in no way indicative of the goods they contain, it is practically impossible for the recipient to refuse the goods when they are delivered to him. Further, they may be left in the mail box or on the front porch while the recipient is out, and once they are left in that way the post office department considers that the goods have been accepted.

Even after such delivery and acceptance has been made the liabilities of the recipient are very limited and are defined so that the mere fact that unordered goods have been put into a person's hands need not disturb him.

"Unordered merchandise should not be used or appropriated for use by the recipient unless he wishes to incur liability to pay for them. If he does not wish to incur such liability, he should not accept the goods, but should return them to the sender. If he does not wish to do this, he should not accept the goods, but should return them to the sender. If he does not wish to do this, he should not accept the goods, but should return them to the sender.

Mr. Otwell of Chicago is spending the week at his home here. Mrs. E. Sawyer who has been caring for her mother and sister the past six weeks, spent the day at her home here Tuesday.

**EXIT THE BABY CARRIAGE**  
 "They" said the automobile would exterminate the horse but it hasn't, and nobody ever imagined the automobile would offer any competition with the baby carriage but it has, and disastrously for the latter industry.  
 There is only one thing to which the decline of the demand for the perambulator can be attributed. That is the phenomenal popularity of the automobile. Mothers and nursemaids find that giving the baby its airing from the automobile tonneau involves less physical exertion than pushing the baby carriage.  
 The baby carriage is not more than three-quarters of a century old. It was a logical development of the go-cart in vogue before 1840 and which writers of that time describe as being a low, springless contraption very similar to the modern toy express wagon and drawn, instead of pushed. It was only after countless infants had fallen from their carts, with resultant injury to the child or great fright to the parent or the nurse when, looking back, they should find only an empty cart, that the modern push type of carriage was invented.  
 Charles Burton, an English lithographic artist, is said to have invented the baby carriage in 1845

**NYGAARD CENSORS ELDERS IN CITING YOUTH'S FAILURES**  
 SAYS LACK INTEREST OF CHILD IN SCHOOL REFLECTS THE ATTITUDE PARENT  
 "It is so easy to criticize the school or the church or some other institution for failure to arouse our children's interest when the real reason for their lack of interest is our own lackadaisical attitude," said Principal Nygaard, Chicago educator, in the course of an address before the Parent-Teachers Association at the high school auditorium Friday evening.  
 "If I am not interested in the school or church and have a boy or girl, I may expect my lack of interest to be reflected in them."  
 At the beginning of his talk, Principal Nygaard took a humorous exception to a remark by Rev. Harry Staver, who introduced him as an "expert."  
 "The world is full of experts whose minds are overcrowded with a thousand and one theories of education, child psychology, and whatnot," he said, "and they fail when they apply themselves to the practical test of handling their own children. The fundamental basis of dealing with children is common sense. Oh! for adults with enough interest and kindness, and understanding to lead boys and girls into useful channels of activity."  
 The first requirement in understanding the psychology of adolescence, Nygaard said, "is a knowledge of the psychology of that period. He recommended a study of George Dorsey's book, 'Who We Believe Like Human Beings' for an understanding of the gland changes which underlie the adolescent transformation. Adolescence, he said, means nothing more than the change of childhood into manhood or womanhood.  
 He pleaded for more sympathetic understanding of the mental and spiritual changes that accompany the physiological change. The adult who tries to "cap" or suppress the spirit of change in the young people which prompts them to try a thousand and one things and finish none of them, does a damnable thing, he said.  
 Parents overindulge their children in parties, movies, and in the spending of money, allowing them to be crowded into emotional experiences for which they are not yet prepared, when they should be engaged in tomboy games. The nervous energy of the child is exhausted by the exertions of keeping up with a mechanical age until their future health and strength is undermined. They are blasé and cynical before they are half grown. Take any sour cynic or pessimist and run your finger down their life line, and you will come to a tragic death."  
 "A whole lot of so-called experts in education and child psychology have cross-cut and split and divided again the body and spirit and mind of childhood until there is no semblance left of the thought of the greatest of all Teachers: 'Suffer little children to come unto me, for of such is the kingdom.' In this day of so-called efficiency and so-called science they have forgotten spirit."  
 Nygaard commended the use of the iron when the proper occasion came, saying that "the only way to make a child see a thing sometimes is to make him feel it. The youth should understand, he said, that they have the punishment coming for infractions of the rules of the game.  
 He related experiences of his own adolescence, when at one time he had decided to kill his parents with an axe, because he believed that he had been unjustly punished. He had reached the landing of the stairs, axe in hand, when he came to his senses and fled back to his room, where he wept for the remainder of the night. Many heinous crimes have been committed by youth in the same frame of mind, he said, when they have not recovered their senses in time.  
 The meeting was opened by vocal selections by the Presbyterian ladies quartet.

**EXPLODING A MYTH**  
 The "summer slump" is the hallucination of an unbusinesslike mind. "There ain't no such animal," except in imagination. The only slump in the good old summer time, to such there be, is the natural slump when business allows its summer advertising to slump.  
 Come to think of it, there are no real businesses that effect their greatest volume of sales during the warm months; and there are no business increases that are not reflected in increases for other businesses.  
 The myth of the summer slump dates back to those dark ages when business was a hit-or-miss proposition. Silly superstitions and foolish fears so held it in leash that progress was slow and difficult. One of the superstitions which none dared smash was the belief that business was permanently alienated from hot weather and nothing could reconcile them. Finally some daring pioneer broke the evil spell and all but a few reactionaries have been enjoying summer prosperity ever since. It was one of the earliest miracles of advertising.  
 No longer does progressive, wide awake business curtail its advertising with the arrival of the first hot spell. Instead, it stocks up with summer goods, of which there is no end, and gives them an equal chance with fall, winter and spring stocks by advertising them as heavily.  
 Even the coal dealer has proved the summer slump a baseless legend. He advertises a price concession for summer coal orders and keeps his trucks busy filling cellars for the still distant winter. If the coal man can keep busy in hot weather, there is no excuse for other business to spend the summer dusting boxes, swatting flies and figuring business losses.

**THINGS THAT "CAN'T BE DONE"**  
 The world has always been in need of men to do things that could not be done. The need is more pressing today than ever.  
 When Columbus started out to sail around the globe men laughed at him and told him it could not be done. Columbus did not succeed in the attempt, it is true, but he proved that the things could be done.  
 When Samuel Morse started to transmit messages between distant points by means of a tiny wire, people said it could not be done but Morse soon proved differently. Fifty years later Marconi showed people how to talk thru the air without even the use of wires.  
 Edison achieved two things that most people declared to be impossible when he used electric current to produce light and when he reproduced the sound of the human voice. Motion pictures are another of the "impossibles."  
 There are other achievements, seemingly impossible today, awaiting accomplishment. They stand as a challenge to the ingenuity of mankind. The need of the world is for men who can do these things.

**Famed Rug Sold at \$106,000 Shown by M. Siraganian**  
 Among the items of interest in the sale of paintings, sculpture, and objects of art collected by the late Judge Elbert Gary, which was held at New York City last week, breaking all records for art auctions, was a Royal Espanian palace carpet, 26 feet, 7 inches by 15 feet, 10 inches, which was purchased by Sir Joseph Duveen for \$106,000. A smaller rug of the same type brought \$50,000. This sale has added local interest from the fact that M. Siraganian, local Oriental rug importer, is well acquainted with the \$106,000 rug, having come in contact with it several times. The total returns from the two day auction were \$2,297,763, the next highest figure on record being \$2,207,886, established when the late Joseph Yerkes collection was sold in 1918.

**PRINCESS THEATRE**  
 Our glance over the program of pictures coming during the month of May will convince those who are critical about their entertainment that, if it is a worth while picture it will be shown at the Princess.  
 Among the outstanding and worth while attractions are such pictures as "That's My Daddy," "The Reginald Denny," Denny has always been a favorite but in this particular film he is supported by a little child actress, Jane LaVerne whose wonderful acting captivates the hearts of her audience and literally steals the picture.  
 George Sidney and Charlie Murray, the famous Irish Jewish comedy team that have no equal in pictures are coming in their latest success "Flying Romances."  
 John Barrymore, the greatest romantic actor of the stage or the screen will be seen in his greatest role in Don Juan. This picture enjoyed phenomenal runs throughout the country at from one to two dollars a seat.  
 Tom Wilson and Heine Conkin are the featured stars in "Ham and Eggs at the Front." War pictures have been the rage for some time past but never before has the comedy and fun in the war been so cleverly depicted as by these hit-cock comedians.  
 "The Gaucho", the latest and undoubtedly the greatest picture with Douglas Fairbanks, holds sway for three days. The character and magnitude of a Douglas Fairbanks production needs no introduction. To miss it will be to pass up the outstanding cinema of the year.  
 Lovers of action and melodrama will also have their fill with such pictures as "The Proud Hogan" in which Monte Blue is supported by June Jefferies, one time world champion heavy-weight fighter. The great Mail "Robbery" is also an outstanding melodrama and has as a feature the support and help of the U. S. Marines.

**W. B. A. SCHOOL OF INSTRUCTION MONDAY**

**REV. BEAUCHAMP MAKES ELOQUENT ADDRESS I. O. O. F.**  
 Two hundred members and friends of the local Oddfellow organization gathered Thursday evening at the lodge hall for a Memorial program on the occasion of the 108th anniversary of the founding of the order.  
 The address of the evening was made by H. C. Beauchamp, United Brethren minister from South Bend, who delivered an eloquent address on the history and principles of the order. Of special interest was his relation of the hardships which the order underwent during the first years after its organization in England, and later in America.  
 He paid a special tribute to the Rebekah lodge, stating that the I. O. O. F. deserved credit for being the pioneer fraternal organization to favor an allied lodge for women. The foundation of the Rebekahs, he stated, was opposed by the press, in the pulpit, and every agency of influence, ridicule being heaped on the idea.  
 He complimented the relief work done by the lodge, giving special instances which he had been connected with. The main principle of the lodge however, he said, is not the acceptance but the rendition of service without expectation of any returns. He also stated that he had paid dues all of his adult life, but had never accepted a lodge benefit.  
 Frank Hickok was master of ceremonies for the evening. The program was opened by the singing of the opening verses of America by the audience. Rev. J. J. Terry then gave an opening prayer.  
 The entertainment program was: Reading Anniversary Proclamation—John Laika.  
 Vocal numbers by Presbyterian Ladies Quintette, Mrs. Charles Pears, Mrs. Ida Bishop, Mrs. Ed. Pascoe, Mrs. H. E. Thompson, Mrs. Harold Stark.  
 Cornet Solo—John Hess.  
 Music by Buccaneers orchestra, made up of Joseph Roti Roti, Chas. Mills, Jack Boone, Harry Post, Joseph Tassone, Burton Mills.  
 Vocal selections by male quartet made up of Harry Post, Jack Boone, Mills Bros.  
 Singing of last verse of America by audience.

**THELMA CHILDS PECK**  
WILMA KAY, AVIATOR,  
VISITING PARENTS HERE

Mrs. Thelma Childs Peck arrived here Friday to visit for two months at the home of her parents, Mr. and Mrs. T. D. Childs, while her husband, Lieut. Edwin R. Peck, is with the Pacific fleet on its cruise to the Hawaiian Islands.

Lieut. Peck is now an aviator in charge of a single-seater bombing plane, with headquarters on the "mother ship," Langley. During January and February he was on the hangar ship, Saratoga while the fleet cruised from the Atlantic through the Panama Canal to San Diego, Calif., where they are now stationed. Mrs. Peck joined him there, after spending several weeks at the holidays at her parents home here.

**Unique Document**  
Loaned to Record  
By Mrs. Ruth Roe

The Record had the pleasure of examining in the past week a document of some interest in the form of a miniature reproduction of the Chicago Inter-Ocean edition of June 9, 1877, the full paper being reproduced in a 6x7 inch size, loaned to us by Mrs. Ruth Roe. The sheet is an interesting illustration of the journalism of that day, the front page being half full of the quaint advertising of that period of journalism.

**Dry Cleaners**  
Open Quarters  
In Pears Bldg.

Buchanan has a new business institution this week in the form of the Modern Dry Cleaners, which opened up an establishment in the Pears building, 106 West Front St., Monday morning, in the quarters formerly occupied by Moore's Billiard Parlor with R. F. Slanker, formerly of St. Joseph in charge as manager. Mr. Slanker is moving here from St. Joseph. He states that his concern is prepared to give 24 hour service on cleaning and pressing clothes, delivering the articles.

Old-fashioned, We Calls It. Believe if you can, but a bunch of Buchanan business men drove to Niles the other night to see a ventilation exhibit at a theatre there. And got in police headquarters before they got out of town.

Mr. and Mrs. Gradiner McCracken are rejoicing over the birth of a daughter, Patricia Marie, born Tuesday morning, May 1.

## Miss Buchanan, Miss Galien

JANET THOMPSON

MARGARET McLAREN

Miss Janet Thompson will be Miss Buchanan at the Berrien County Blossom Festival, May 6 to 13, having been selected from among a group of nine sparkling beauties composed of high school girls and members of the Buchanan teaching staff by three out-of-town judges at the high school auditorium Friday afternoon.

The nine girls who appeared on the stage for appraisal were: Janet Thompson, high school senior; Karol Kool, senior; Hollis Clayton, fourth grade teacher; Mary Jo Kingston, instructor in girls' physical education; Irene Imhoff, senior; Zelta Schumaker, junior; Bernadine Dewitt, senior; Ruby Boltz, junior; Cecelia Eisenhart, senior.

Some clever by-play was furnished by "Stubbs" Boyce who came on the stage as No. 10, dressed in girl's clothes, and affecting a marked limp. His appearance was greeted with painful gasps, until his identity became known, when he received an enthusiastic hand. "That bird might have stood a show if he had known how to walk", was the expression of one of the judges.

Four eliminations were necessary before Miss Thompson was finally selected, the last two to appear being herself and Miss Mary Joe Allington.

The judges who were to have passed on the entrants failed to arrive and after the meeting had waited a half hour for their appearance, a new selection was made from the out-of-town people present, the hard task being allotted to Mrs. Gladys Brady of Grand Rapids, Miss Maxine Hart of New Britain, Conn., and G. B. Toms, head of the photography staff of the South Bend Tribune.

Their decision was greeted with applause by the crowd. The successful entrant, Miss Thompson is a brunette type, with a graceful and unassuming air, a fine flashing smile that was among her chief assets, and a rare personal charm. She is seventeen years of age, is five feet two inches tall, and weighs 115 pounds.

"The best part about her is that she is a homebody," said her mother, Mrs. E. E. Thompson, who accompanied her. "She likes to do housework, and she plans to major in home economics when she enters college."

Miss Thompson entered at the request of a committee appointed at the high school to canvass possibilities and was extremely opposed to it at first.

"I'm not pretty," was her verdict on the matter. After urging on the part of her friends, who told her that to refuse to enter would tend to give the impression that she was unwilling to run the chance of being judged less good-looking than other girls, she allowed her name to be presented.

**Famous Jewish Order**

The Essenes were a Jewish brotherhood which was founded probably after the Maccabees at least two centuries before Christ, existing to about 200 A. D. The records of them are not found in the Bible or rabbinical literature, but certain profane writers, such as Pliny, Josephus and Philo describe them as religious separatists, having a strict code of ceremonial observance much more rigid than the ordinary ceremonial of Judaism. They also were celibate and lived in communities holding all things in common. The requirements for membership were most rigid, requiring long periods of fasting and discipline. There is no probability that Jesus Christ was an Essene, but it has been advanced that John the Baptist was a true type which would be acceptable.

**Talking About Oneself**

Speech of a man's self ought to be seldom, and well chosen. I knew one was wont to say in scorn, "He needs be a wise man; he speaks so much of himself"; and there is but one case where in a man may commend himself with good grace and that is in commending virtue in another, especially if it be such a virtue whereunto himself pretendeth. Speech of touch toward others should be sparingly used; for discourse ought to be as a field, without coming home to any man.—Lord Bacon.

**Ancient Chinese Belief**

The ancient Chinese believed that the five vital organs corresponded to the five elements. That is, the heart corresponded to fire, the liver to a tree, the spleen to the earth, the kidneys to water and the lungs to metal.

The above pictures represent the Misses Janet Thompson and Margaret McLaren, who were selected as Miss Buchanan and Miss Galien to represent these towns at the Southwestern Michigan Blossom Festival to be held May 6-13.

## OFFICERS LOCAL M. W. A. JOURNEY TO LANSING MEET

Four officials of the local Modern Woodmen of America Camp No. 886 went to Lansing Saturday to attend a meeting of the state organization of the lodge, called in honor of the visit of J. G. Ray of Rock Island, Ill., head clerk of the order and E. J. Bullard of Detroit, chairman of the board of directors.

A class of 500 candidates were inducted into the order, including Mayor Laird J. Troyer of Lansing and Governor Fred Green. In the neighborhood of 2,000 Woodmen were present, the meeting being adjourned from the Woodmen hall to the Knights of Columbus hall to accommodate the crowd.

The floor work was in charge of Capt. Edward Wooley and his team of Foresters of St. Joseph. Detroit officers were in charge of the secret work.

## Editor J. G. Holmes Compliments Lord On His Accuracy

Cedar Rapids, Iowa, Apr. 28, Editor Record: I am a bit surprised at the accuracy with which Ray Lord mentioned the equipment in the Record when he worked there. The newspaper press was a Campbell Country, Complete, bed 25x42. The Kidder was a double quarto perfecting jobber with two beds each 12x24 inside the chase, printed two colors on one side and one on the other. Then we had a Universal quarto; Gordon eighth; 30 inch power cutter; Brown folder, double three-fold, and paste proof press 12x20 (my own make) besides Ray. The Kidder was used exclusively for long runs in jobbing such as 25,000,000 chewing gum wrappers for Jones & Primly at Elkhardt—ad infinitum. Respectfully, J. G. Holmes.

## SAID DADDY BLACKBIRD FOR THE LOVE OF MIKE SHUT OFF THAT JAZZ

A siren is a good enough bird house, but these jazz-radio selections are simply the ruination of any home, in the opinion of a pair of black birds, which started up house keeping last week in the siren at the city water works. The blackbirds had worked several days carrying in rags, string and other nest building material, without interfering with the operation of the siren. Before they were ready to move in, however, the birds appeared to take some exception to the variety of jazz that Clark played on the siren, and one

of them deftly wound a string in such way as to effectually throttle it. Clark noticed that the siren was not functioning right when he blew the six o'clock whistle, and at seven o'clock it failed to function. Lee Mathie was summoned with one of the fire ladders. He mounted to the siren and tore out the nest without interference from the birds. Then before he descended, Clark tried the siren. Whether the birds objected to the noise, or whether Clark played "Home Sweet Home", at least one of the birds took violent exception, dashing into Mathie's face and causing him some inconvenience before he was able to get down.

## Chinese Divorce Customs

In China it is not possible for a woman to secure a divorce from her husband. A man can divorce his wife for any of nine causes. Divorce by mutual consent is possible. If a wife has married her husband's parents for three years, or if the husband was poor at the time of marriage and has since grown rich, the husband may not divorce his wife except in the case of infidelity.

## Sink High Explosives

The War department says that dangerous high explosives, which cannot be salvaged and have no money value, are sometimes disposed of by dumping them into the ocean. Such ammunition in small amounts has been so disposed of since the World war. The approval of the secretary of war is necessary before ammunition may be destroyed in this way. No act of congress is necessary.

Andrew Andlauer fits that fit.

Sophomores Take Honors in Intra-Mural Track Meet

EIGHT SCHOOL RECORDS BROKEN IN TWELVE EVENTS SHOWING IS GOOD

The third annual Inter-class track meet held at the Athletic park last Friday afternoon was a huge success in every way.

It was also a tremendous surprise, for although no one doubted the possibility of such a happening still it was not deemed probable that the Sophomores would run away with the affair as they did, and surely not with such an overwhelming score.

In fact, nearly everything went to the Sophomores and six of the eight records which were broken in the twelve events were smashed by the 2nd year colts.

For the 2nd youngest class in high school to break six records surely indicates what a wealth of material Buchanan is to have at her disposal for two years at least.

The final score of the meet stood: Sophomores 49; Juniors 30; Seniors 29; and Freshmen 10.

Pierce of the Sophomores was the individual star of the meet. He took two first places and one second for a total of 13 points beside stepping off the 1st lap of the relay.

He established a new high jump record of 5 feet 1 and 1-2 inches. Pflugst, also a Soph, broke two records in gaining two first places, the 220 low hurdles and the 220 dash.

The standings and the results of the meet follow: Pole vault—(Winners of respective places) Wolford, Morse, Aronson, White. Height, 9 feet, 1 inch. Old record 8 feet, 6 inches, held by Wangerin and Bailey.

220 low hurdles—Pflugst, Aronson, Shreve, Wynn. Time—28.4. Old record, 28.5, held by Conrad. Shot put—Ferguson, Wynn. De Witt, Fette. 34 feet.

100 yard dash—Pierce, Aronson, Cooper, Wilcox. Time 12.2. Due to the fact that the hundred yards had to be run twice to determine the winner the official time was very slow. The time for the first

heat was however, good, being run in 11 seconds.

Discus—Fette, Ferguson, Letcher, Schultz. Distance 83 feet, 8 inches. Old record 84 feet, 6 inches, held by Allen.

Broad jump—Cooper, Pierce, Morse, Letcher. Distance, 19 feet, 7 1-2 inches. Old record, 17 feet, 4 inches, held by Buchanan.

440 dash—Dunbar, Rothfuchs, Letcher, Reed. Time, 1:33.

High jump—Pierce, Hess, Easton, Squire. Height, 5 feet, 1 1-2 inches. Old record held by Chubb, 5 feet, 1 inch.

880 yard run—Easton, White, Morse, Dunbar. Time, 2:23. Old record was held by Weaver.

Relays—Won by Sophomores. Same time as record, 1:55.

Citizens Training Officers Talk To B. H. S. Pupils Tues.

The advantages of a term spent in the Citizens' Military Training Camp were portrayed by several speakers before the students of the Buchanan school in the auditorium Tuesday.

Zealand, the chairman in charge of the Berrien County quota, Lieut. Patterson of St. Joseph, a leader in the movement, and Lieut. McNally of the Niles teaching staff.

The number of students allowed at Camp Custer, where the new recruits from southern Michigan are sent, has been reduced from 1800 to 850. The Berrien County quota is now more than half filled.

Commerical Pupils Make Fine Record At B. H. Contests

Buchanan Commerical Department brought home a successful report from the district contest held last Saturday, at Benton Harbor.

Buchanan entered five events out of the eight offered and made exceptional records in three.

French Club Gives A Gallic Sport Program

Last Friday, the French club held its meeting. The program, on a very fine subject dealing particularly with French sports and French athletics, was in charge of Kathryn Allen.

Roll call was answered by some renowned athlete or French sport. George Wynn gave an interesting and rather amusing description of "Sports in France," from a sport magazine that Donald Ferguson received from his French correspondent.

Cecelia Eisenhart's discussion of the life of Susanne Lenglen was very interesting. Victoria Zealand told about Physical Education in France and this proved very enlightening.

There will only be one more French club meeting. The committee in charge is Gordon Burrows, Zelda Shumaker, and George Wynn.

Royal Oak Wins Debate Finals at Ann Arbor Friday

At Hill Auditorium in Ann Arbor on April 27 at 8 o'clock, the final debate of the state series was held, the decision going to the Royal Oak team.

Zealand, with a team made up entirely of girls and Royal Oak with two boys and one girl faced each other in the final fight for the championship title. An immense audience heard the two teams as they advanced their arguments on the question: Resolved, "That the Direct Primary System of Nominating Candidates for office in the United States should be abolished."

Royal Oak taking the affirmative side of the question, advanced very sound arguments, basing their case upon the facts that though the Direct Primary had been a decided step forward, that it was now time to progress still farther and adopt some such plan as the Hare plan. They went on to show that this plan, or one similar to it would eliminate many of the evils known to be present in the present system of the Direct Primaries.

The negative arguments, upheld by Zealand, brought out the many corruptions and evils of the old caucus and convention system. The Zealand speakers brought out the fact that the affirmative had not described their new plan sufficiently so that an average audience might understand its workings.

The debate was undoubtedly very good and extremely interesting. Every speaker was exceptionally well trained and clever in presenting his arguments. The judges' decision was issued unanimously for the Royal Oak team, which is now undisputed state champion debating team.

The regular Friday morning assembly program was pleasantly changed when Berrien Springs came over to entertain the students.

Several Berrien Springs students came over here to put on an entertainment in general assembly. Their efforts were met with great applause from the Buchanan student body.

The program was begun by several violin numbers. The violinist showed wonderful ability and was encored heartily. Next was offered a solo by one of the visiting boys who was rewarded with great applause. A girls' quartet appeared upon the stage, and sang a group of songs. Lastly came a cartoonist who, very cleverly and skillfully, altered his cartoons completely by reversing them. His ability seemed to be almost inexhaustible and so was the audience, so interested were they in his sketches.

The program was concluded by an invitation for Buchanan to send an entertainment to Berrien Springs. This took place on Wednesday morning when Mr. King superintended the program there.

Buchanan Keeps Record Clean in New Buffalo Game

B. H. S. set another good example for the Detroit Tigers when it won from New Buffalo 3 to 1 Tuesday afternoon.

The victory was quite a consolation to the high school and retalliates to a certain extent for the drubbing experienced at the hands of the lake-shore-men last year.

New Buffalo took the first run early in the game but the score was evened when Morse got on base in the fifth inning and Pierce clouted a two-bagger to bring him in with the run.

With the possibility of being beaten without a run off their minds, Morse and Knight got hits in the next inning and Cooper also knocked one for two bases to make the score 3-1.

Pines This Year Is Best Annual School History

And last but not least—the "Pines" has gone to press. Every year the Senior class puts out an edition of the Pines. The members of the Annual Staff are chosen early in the school year.

This year the members of the Annual Staff have worked harder than ever and through their ceaseless and untiring efforts, a better edition of the "Pines" has gone to press several weeks earlier than in previous years, which means our cherished Annuals shall be here by the third or last week in May.

Much credit for this early output of the Annual is due to the three typists who have worked every spare minute on the pages and pages that must be perfectly typed before going to the press. These three typists are Irene Imhoff, Karl Kool and Betty Kollenberg.

A great deal of the credit is due the editor, Ed French. Ed has been writing articles, proof reading and everything in general for the past few months. George Wynn has been in close league with Ed in supervising the taking of all pictures. George is business manager.

Buchanan Juniors Give Plays Before Berrien Sps. H. S.

King's expert troupe of performers struck out for the north Wednesday morning, and arrived in Berrien Springs in time to entertain the student body of that school. This was the program which was exchanged with Berrien Springs as they had presented their program here last Friday.

"The Wooden Hat," the Junior production which received so much favorable comment a few weeks ago was the feature number. The antics of Punchinella and Pierret kept the audience in a continual uproar. "Abe" Gambosi, our whistler "par excellence" won the favor of the crowd with "The Doll's Dance" and "Charle-wagoe", while "Ronie" Bolster's readings went over largely, as our high school seers would say.

The regular Friday morning assembly program was pleasantly changed when Berrien Springs came over to entertain the students.

Home Shoop, a sophomore taking first year typing for one hour a day walked off with the high score of this event. Homer made 50.6 words per minute, showing that he is far above even the students taking two hours daily.

Irene Imhoff, a senior, was a close runner for first place in the second year typing. Irene's average was 65 words per minute, just two less than the winning score of 67 words.

Another record was set by Buchanan—in team typing. The trio consisting of Victoria Zealand, Bessie Bradley, and Irene Imhoff made an average, 61.5 words per minute. This is believed to be the best average ever made at a district contest.

An immense audience heard the two teams as they advanced their arguments on the question: Resolved, "That the Direct Primary System of Nominating Candidates for office in the United States should be abolished."

Royal Oak taking the affirmative side of the question, advanced very sound arguments, basing their case upon the facts that though the Direct Primary had been a decided step forward, that it was now time to progress still farther and adopt some such plan as the Hare plan. They went on to show that this plan, or one similar to it would eliminate many of the evils known to be present in the present system of the Direct Primaries.

The negative arguments, upheld by Zealand, brought out the many corruptions and evils of the old caucus and convention system. The Zealand speakers brought out the fact that the affirmative had not described their new plan sufficiently so that an average audience might understand its workings.

The debate was undoubtedly very good and extremely interesting. Every speaker was exceptionally well trained and clever in presenting his arguments. The judges' decision was issued unanimously for the Royal Oak team, which is now undisputed state champion debating team.

The regular Friday morning assembly program was pleasantly changed when Berrien Springs came over to entertain the students.

Several Berrien Springs students came over here to put on an entertainment in general assembly. Their efforts were met with great applause from the Buchanan student body.

The program was begun by several violin numbers. The violinist showed wonderful ability and was encored heartily. Next was offered a solo by one of the visiting boys who was rewarded with great applause. A girls' quartet appeared upon the stage, and sang a group of songs. Lastly came a cartoonist who, very cleverly and skillfully, altered his cartoons completely by reversing them. His ability seemed to be almost inexhaustible and so was the audience, so interested were they in his sketches.

The program was concluded by an invitation for Buchanan to send an entertainment to Berrien Springs. This took place on Wednesday morning when Mr. King superintended the program there.

King's expert troupe of performers struck out for the north Wednesday morning, and arrived in Berrien Springs in time to entertain the student body of that school. This was the program which was exchanged with Berrien Springs as they had presented their program here last Friday.

"The Wooden Hat," the Junior production which received so much favorable comment a few weeks ago was the feature number. The antics of Punchinella and Pierret kept the audience in a continual uproar. "Abe" Gambosi, our whistler "par excellence" won the favor of the crowd with "The Doll's Dance" and "Charle-wagoe", while "Ronie" Bolster's readings went over largely, as our high school seers would say.

Home Shoop, a sophomore taking first year typing for one hour a day walked off with the high score of this event. Homer made 50.6 words per minute, showing that he is far above even the students taking two hours daily.

Irene Imhoff, a senior, was a close runner for first place in the second year typing. Irene's average was 65 words per minute, just two less than the winning score of 67 words.

Another record was set by Buchanan—in team typing. The trio consisting of Victoria Zealand, Bessie Bradley, and Irene Imhoff made an average, 61.5 words per minute. This is believed to be the best average ever made at a district contest.

Miss Katherine Menshall for four years has been the Commercial instructor of Buchanan High. Each year students studying under her direction have gained many first places in the District and State contests.

Royal Oak Wins Debate Finals at Ann Arbor Friday

At Hill Auditorium in Ann Arbor on April 27 at 8 o'clock, the final debate of the state series was held, the decision going to the Royal Oak team.

Zealand, with a team made up entirely of girls and Royal Oak with two boys and one girl faced each other in the final fight for the championship title. An immense audience heard the two teams as they advanced their arguments on the question: Resolved, "That the Direct Primary System of Nominating Candidates for office in the United States should be abolished."

cases will be difficult to overcome. Mrs. Zerbe's third grade are making "health booklets" this week. The boys and girls are having a contest on the multiplication tables also. So far the boys are ahead.

The fifth grades are enjoying a hand toled Armenian pencil box and a coffee pot belonging to Mr. Straganian.

Fifth grades are studying division of fractions. The fourth, fifth and sixth grade rooms have organized hand teams and are playing off a series of games. Maxwell Dretzler was elected captain of the nine in Miss Ekstrom's room. The fifth grade also chose two cheerleaders, Marion Campbell and Flossie Pritchett. A game was played last Wednesday after school with Miss Hopkins fifth grade. After a very spirited game the score stood six and twelve in favor of Miss Ekstrom's room. The next game is scheduled for Thursday this week with Miss Clayton's Fourth Grade.

The grade contests will be held May 11. Every parent should make a special effort to attend. Some very remarkable chorus work will be done. Special effort is being made to select the best material from every room. The result will be a lovely entertainment. Miss Bogott is directing the activity.

Miss Abell is much improved and expects to be able to resume her regular school work next week.

Four of our pupils, Elsie Graham, Katherine Roti, Anne and Vivian Mogford have scarlet fever. They and their families have our sympathy. Mrs. Lamb, our school nurse, is taking every precaution in the school buildings to check the spread of this disease.

Miss Florence Maxwell, Supt. of Grades of Benton Harbor, Mrs. Alice Bennett, Supt. of Grades of St. Joseph and Miss Ella Champion, Supt. of Grades of the Niles schools were visitors of Mrs. Russell's first grade room last Wednesday. Mrs. Russell's little ones read with delightful ability two selections from two different books. After this Miss Maxwell led the discussion; Mrs. Bennett took charge of the question box and Miss Champion talked a few minutes on the value of poetry in the grades.

Ten of the twenty-eight pupils who were gone from the Junior High last Thursday and Friday, returned Monday morning. The absent list all through the grades seems to be growing, due largely to colds, and sickness in the homes.

There are only five more weeks of school. Each day counts so much to the children especially to those who have been forced to remain at home on account of illness. We ask that the parents help the pupils wherever possible that the work may not be repeated of another year, providing the child shows ability to carry the work in the higher grade. However, the continued absence in some

The Minstrel Show was considered a grand success financially and otherwise. The little skit presented by Clarence Wirth and Rex Paul capped the climax. Oliver Long and Vern Richardson made a big hit as end men of the "circle."

Last Saturday night was the biggest social event of the year—the Junior-Senior banquet which was held at the Slocum resort, one mile south of Gallien. All but four members of both classes were in attendance and enjoyed a bountiful banquet as well as a very good program.

School will close one week from today. The pupils will report at 9 a. m. for their report cards and the high school pupils will enroll for the coming year. The remainder of the day will be devoted to class picnics.

The baccalaureate sermon will be delivered by Rev. King of Three Oaks. This takes place at the Methodist Church, Sunday, May 6th.

Graduation exercises will also be held in the Methodist church on account of the school auditorium being condemned. Professor E. A. Walpole of Michigan State College will deliver the address.

EPWORTH LEAGUE ANNOUNCES PLAY

The Epworth League of the M. E. Church announce that they will present on May 15 and 16 in the Church parlors, four one act plays written by local people. Three of the plays were written by high school seniors, they are as follows: "The Romance of a Business Man" by Frank Hickok, "Extra-Extra" by Everdine Keating, and "Cuffs" by Hugh Pierce. The fourth play is "The Doctor", written by Mrs. Frances Resler. The plays are being directed by Mrs. Frances Resler and Robert French. Various vaudeville sketches will be given between the plays. The proceeds of these plays will go towards saving several delegates to the Epworth League Institute held at Albion College, Albion, Michigan, in June sometime.

Popular Fur

Kolinsky fur comes from animals of the weasel family, natives of Siberia and China. The under hair is short and rather weak, but regular as its top hair. The color is a tawny yellow and is always dyed to imitate the fur of other members of the weasel family. This fur is considered high grade and is expensive.

## BLUES PLAY HORSE AT PARK SUNDAY

### SIX REGULARS AND FEW PANS TURN OUT FOR THE BENEFIT GAME AT PARK

The 1928 baseball season was inaugurated rather unassumingly at the Buchanan Athletic park Sunday afternoon by a combination of baseball and horse play by two aggregations of pick-up ball players each containing a few of the Buchanan Blue mob of whom were dragged on the field after a hurried canvass of the town after the actual scheduled hour of the game.

The following regulars were finally demurred out: Bailey, left field; Simpson, short stop; Proud, first base; King, center field; Mitchell, pitcher; Prings, utility; Mitchell and Simpson were selected as captains, and they chose a team from the material available which played ragged ball for nine innings to the accompaniment of a driving dust storm and gusts of rain which at times demoralized the play, and contributed to the discomfort of a handful of fans who watched.

The final score was 4 to 1 in favor of Mitchell's team, the heavy scoring being done in the first

inning when the Mitchell mob brought in half of their tallies, and Simpson's team their sole score.

Walter Prings as catcher of the Mitchell was the heaviest contributor to bases gained, making first four times on errors and circling the bases twice without making a hit, by the grace of some loose playing on the part of the opposition. Centerfielder King and left fielder Boyer made the other tallies for the Mitchell team.

Good opening season ball was pitched by Mitchell and Simpson, the former allowing four hits and the latter five. None of the hits amounted to more than singles, save when they were stretched further by errors. After some very ragged playing at first, Proud distinguished himself by a double play unassisted. Another double play was recorded, Bailey to Phelps to Proud. George Kelley acted as umpire.

The line up was as follows:  
 Mitchell's Team  
 Bailey, catcher  
 Simpson, pitcher  
 Proud, first  
 Phelps, second  
 Fuller, third  
 Morris, short stop  
 Knight, left field  
 Maxon, right field  
 Johnson, center field

## PIN BUSTERS POINTING TO TOURNAMENT

Twenty Double Teams to Be Entered in Record Maple Meet

All week long the pin busting specialists have been keeping the alleys of the Buchanan Bowling Club smoking hot, and the merry crush of the maple has resounded until late hours of the night, while the aspirants for the title in the Record tournament to be held on Saturday afternoon and Sunday have been getting the old high wing in thin.

In the neighborhood of twenty doubles will be entered according to Manager Fred Schwartz and a considerable number more in the singles, which assures everyone of their money's worth. Twenty-seven men have gained access to the Red Apple Club this spring by making scores of 200 or over in individual games, and others who have taken up the sport recently are aiming toward that mark and may top it in the feat of the tournament. The feat will be the culmination of the bowling season here this year, after which a large part of the fans will turn to baseball, golf and other one-of-a-kind sports until the snows of next winter drive them under the roof again.

All who desire to try for the local title should enroll at the earliest convenient date with Manager Schwartz to permit him to make the proper arrangements.

## BAKER 5 BRING HOME PELTS OF B. H. LADY TIGERS

William Baker and his crew of murderous maple busters returned home Tuesday evening with flush of victory on their brows, having tamed the lady Tigers of Benton Harbor in their den, the Kurtz and Grath alleys by a margin of 181 pins, establishing a lead of two to one games over their rivals in the five game series which is to be played. Hall was high man for the locals, bowling 186 in a single game and 537 for the three frames. Miss Swisher of the Tigers bowled the high game of the series, making 206 in the second frame.

The next game will be played in the local alleys next Tuesday night. The individual and team scores follow:

## Buchanan Blues Have New Mascot and Yell Leader

The Buchanan Blues acquired a considerable asset Wednesday morning in the form of a new mascot and yell leader, Maynard Martin, Jr., who has united with the club as bowl specialist. Mr. Martin, Jr. is the son of Mr. and Mrs. Maynard Martin, Sr., and is the grandson of Grandpaw Phay Graftort, the manager of the Blues. Since his arrival he has taken up his duties with enthusiasm.

## Orchard Hills Holds Opening Tournament Sun.

If Providence only grants golfing weather the plaid clad lads and lassies are expected to turn out in droves Sunday for the opening tournament of the 1928 season on the Orchard Hills Country Clubs links west of Buchanan.

This tournament will be the first of a series of events which have been arranged for the summer by the house committee and sports committee. A number of tournaments and stag parties have been arranged, which work has been done on the course this spring, and the greens and fairways are now in fine condition.

## S. B. TEAM TO MEET BLUES HERE SUNDAY

Manager Promises to Bring 100 Rooters to Cheer Team to Victory

### HAROLD DAISY PITCHER

The Buchanan Blues will play their first match game with an outside team at the Athletic Park Sunday afternoon, the East Side Merchants, a crack aggregation of baseball artists from South Bend having been selected as their opponents.

The East Side Merchants have a reputation that guarantees all the opposition the locals will want to take care, and reports are that their supporters will be here en masse to furnish any inspiration that rooting may afford their team. The manager was in Buchanan yesterday and secured 100 tickets from Manager Phay Graftort of the Blues, stating that he would call them all to the followers of his team.

Manager Graftort has secured the pitching services of Harold Daisy, slab artist for the Benton Harbor Merchants who defeated the Buchanan Blues for the Berrien County Championship last year. Daisy pitched the two post season games which decided the championship and is credited with shutting Buchanan out of the county honors.

Graftort has also materially strengthened his nine by the addition of Bud Proud, first base man, an old Buchanan high school star who has been playing stellar ball with out of town teams before. Other additions are Harold Stem, at 3d base, and Mitchell at right field.

The regulars of last year who are playing in the opening game are: Zeigler, catcher; Miller, second base; Bailey, short stop; King, center field; Simpson, left field; Earl Harvinder, veteran Buchanan Blue man who caught for "Happy" Graftort in the famous teams of 1907-8, will act as umpire.

## Drill Takes Lead in Bowling League

The Drill Five are coming down the home stretch likely looking pennant winners in the Buchanan Bowling Club as a result of last week's games, the Specials dropping from a tie for first place back to a tie for second with the Beck Fire quintette.

The standing of the teams is:

**EAST WEESAV**  
 Mrs. Velma Metzgar proved to be Weesav's champion spinner in the contest held at Hills Corners last Friday, having an average of 98.8 and will go to St. Joseph on May 5th to compete with the rest of Berrien County best spellers. She is from the eighth grade, her brother Leland Metzgar was the champion of Weesav the last two years.

Mr. and Mrs. Rodney Hoadley and Mrs. Maudie Money spent Sunday at the George Seyfried home.

Miss Wilma Wilcox and Miss Velma Metzgar were Sunday afternoon callers at the James Best home.

Mr. and Mrs. Arthur Metzgar and family spent Sunday in Niles with the latter's sister, Mrs. Emma Berger.

Mr. and Mrs. Victor Metzgar and family who reside in Buchanan, are moving back to their farm this week.

Miss Sylvia Metzgar has been absent from school on account of illness.

The Eaton school will close with a picnic as usual, May 19th.

 The word "girl" means in the King James version of the Bible only twice, once in the singular and once in the plural. Joel 2:3 says: "And they have cast lots for my people; and have given a boy for an idol, and sold a girl for white, that they might drink." Zach. 8:3 says: "And the streets of the city shall be full of boys and girls playing in the streets thereof."

forty-three relatives and friends gathered at the home of Albert Goodenough of Three Oaks, Michigan, Sunday, April 29, to remind them she had reached another milestone along the journey of life. Before partaking of the bountiful repast that had been provided a vocal selection was rendered by Mrs. Albert Goodenough and her daughter Erma. Among those present were relatives and friends from LaPorte, South Bend, Maple Grove, Mishawaka and Walkerton, Ind., Chicago, Ill., and Galien, Mich.

Robert Decker who is attending Normal School at Kalamazoo, arrived home Friday for a week's vacation with his mother, Mrs. Robert Decker.

Mr. and Mrs. C. C. Glover were the Monday guests of Mr. and Mrs. R. V. Slocum.

In memory of Roy Chilson of Galien, who lost his life in the World War, a tree was planted at the Railroad Park as part of the community's observance of Arbor Day. A procession formed at the Galien high school Friday with flag bearers leading the line of school children and village residents to the park where a tree was planted by the Culture Club. Mrs. G. A. Jannasch, club president, read a paper in tribute to the World War veteran in whose honor the tree was planted. Later all marched back to the school house where a tree was set out in memory of the late James Oliver Curwood, Michigan Author. Remarks on his life were read by Paul Allen Edwards, after Mrs. Jannasch had planted the tree, assisted by members of the club. Members of the public speaking class of the school who took part in the afternoon's ceremonies were Dorothy Hess, Donald Olmstead, Harold Kenny, Muriel Ulrich, Sylvester Ingles, Paul A. Edwards, Lyle Doyle and Loretta Roberts.

In observance of Mother's Day, Culture Club members will entertain their own mothers or invite a mother to a meeting on May 11th at the home of Mrs. Clayton Smith. Mrs. John Hamilton and Mrs. Paul Metzger are on the program committee. The refreshment committee for the afternoon includes Mrs. E. A. Brodbeck, Mrs. E. Doyle, and Mrs. A. Dodd. An Arbor Day program was held at the home of the club president, Mrs. G. A. Jannasch, Friday afternoon. These numbers were given: "The Purpose and Observance of Arbor Day" by Mrs. Jannasch; "Our Friend the Forest," Mrs. J. Hamilton; Round table, "Out-door Advertising and the Value of Road Signs" led by Mrs. E. A. Brodbeck; poem, "Plant a Tree," Mrs. J. Hamilton, in the absence of Mrs. R. V. Slocum. "America, the Beautiful" was sung as a roll call, with Mrs. R. Wentland at the piano. The hostess served a fine luncheon.

Three cheers for Galien! Promptly at 8 o'clock Saturday evening more than 200 interested spectators were present in the O. O. F. hall to see the choice of "Miss Galien." Eight of the most beautiful Galien young girls entered the hall and marched to the front of the hall behind a wonderful arch of pink and white with beautiful ferns and flowers at either side on white pedestals and a door in the center through which the girls marched in single file, the line of march being in a drill form, which was carried out at each entrance of the girls, until Miss Margaret McLaren was chosen "Miss Galien" by the judges. The other seven candidates were Miss Marie Jannasch, Bonita Wentland, Gladys James, Ella B. Slocum, Evelyn A. Eitzen, Earnest Roberts, Dorothy Payne. The entire arrangements for the success of the contest was in the hands of Mrs. Clarence Glover, Galien's most prominent and estimable community woman. Mrs.

Glover's idea of an appropriate setting for the Blossom candidates was her own original idea, and it was declared by the committee to be the most artistic use of any of the contests. After the Queen was selected, a program was given as follows: two piano solos by Mrs. Carl Renbarger; two vocal solos by Miss Marie Jannasch, and a group of songs and dances by the three talented Saeger children, which captivated the audience. Ice cream and wafers was served by a committee in charge of Mrs. G. A. Jannasch, Mrs. A. Dodd, Mrs. Thurston and Mrs. Fred White. An admission of 10 cents was charged at the door which defrayed all expenses.

## GRANGE PLAYS TALE OF SAUER KRAUT LOVES

BAINBRIDGE PRESENTS COMIC DUTCH DIALECT DRAMA HERE, MAY 9

Among the events which feature the future of the local dramatic season is the stirring drama of sauerkraut romance "Now Adolph" to be presented at the Clark Theatre Wednesday evening, May 9, by the Bainbridge Grange, under the auspices of the Wagner Grange.

This Dutch dialect comedy was presented by the Bainbridge Grange at the meeting of the county grange held in their hall a few weeks ago, and was rated as a "wow" by the Buchanan grangers who heard it. At the solicitation of Wagner grange members who were present, the company agreed to give the play again in Buchanan. The play will be staged at the Clark Theatre with the customary arrangement that part of the proceeds will go to the Clark hospital. Admittance will be 15 and 30 cents.

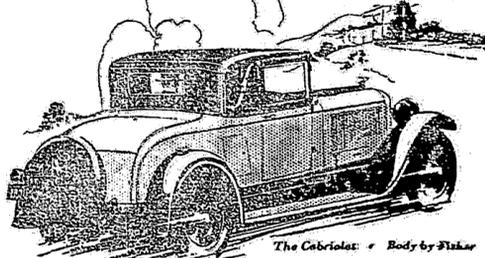

Practically all the characters of the play are German or of German extraction, and the dialect is said to be handled with excellent comic effect.

The cast and other details of the play are as follows:

- Characters**
- (In order of their appearance) Adolph Krausemiller, one of the partners, William Weber, Jr., August Riemschneider, the other partner, Grey Momany, Ada Klock, their bookkeeper, Joan Hunt, Warren Thomas, their hustling sales manager, Dale Momany, Mary Lawrence, their new stenographer, Catherine Weber, Timothy Serogus, their banker, slightly crooked, Henry Dukesberer, Mr. G. Wellington Matthews, a crooked promoter, Ben Scherer, Willie Klotzbach, a very fresh office boy, Lawrence Arent, Nina Klock, waitress from the Little Gem Cafe, Pearl Momany, Spud Andrews, a bold, bad burglar, Agard Long.
- Time**—The present.  
**Place**—A suburb of Milwaukee.  
**Synopsis of Acts.**  
 Act 1—The offices of the Banner Kraut Company.  
 Act 2—The same, a month later.  
 Act 3—The same, that night.

## WINTER WHEAT CONDITION HERE IS MOST UNUSUAL

BUCHANAN EXCEPTION TO WHEAT SHORTAGE OVER U. S.

The farmers of the Buchanan district are unusually favored in the condition of their winter wheat crop, according to Frank Harrington, manager of the St. Joe Valley Shipping Association, who states that the good prospects here are almost without precedent.

Chicago traders are now bidding 1.56 1/2 per bushel for August delivery. Farmers of many sections are holding old wheat over, with the idea that a seed famine impends.

According to the crop report issued from the Michigan State Agricultural College at the end of April, the condition of winter wheat in Berrien county as a whole is 69 per cent, one point under the state average and six points under the national average of 74 per cent. The favorable condition seems to be confined to a radius of 10 miles about Buchanan.

The demand for farm help in Berrien County is 77 per cent of normal as compared with an average of 52 per cent of normal over the state.

The April condition of winter wheat and other crops in Michigan is reported as follows:

**Winter Wheat:** The April 1 condition was, with one exception, the lowest on record at 74 per cent of normal. This condition is 12 per cent below that of April 1, 1927, and is 10 per cent below average. The damage came during the winter and early spring months, for the crop started the winter with an extra high condition on December 1 of 84 per cent. The late sowed portion of the crop suffered most and will probably be heavily abandoned, but the early sowed acreage fared much better because of the rank growth which it made during the late fall. The estimate on abandonment and the first production forecast will be made next month.

**Winter wheat throughout the country is in poor condition.** The United States condition on April 1 was 65.8 per cent of normal. This year's condition is 13 per cent less than the ten-year average for April 1 and is over 15 per cent below last year.

**Rye:** This year's condition of Michigan rye on April 1 was the lowest on record for this date and was only 79 per cent of normal. Last year's April 1 condition was 87 per cent, and the average is 87.7 per cent. Rye made good growth last fall which helped it survive the unfavorable weather conditions better than could the wheat.

The United States April 1 condition of winter rye was 79.3 per cent of normal compared with 86.4 per cent last year and the average of 85.5 per cent.

**Pasture:** Pasture condition in Michigan on April 1 was reported

to be 79 per cent of normal, but it was too early to estimate accurately since in some sections snow covered the ground, and the growing conditions had not obtained to any extent anywhere in the State. For the entire country the pasture condition was reported to be 80.7 per cent compared with 86.8 per cent last year.

**Farm Wages:** The wages being paid to hired farm labor in Michigan were reported to be about the same as a year ago. The rate per month with board is \$41.75 compared with \$42 last year, and per month without board the rate this year is \$38.75 compared with \$39.75 last year. The day rate this year is \$2.50 with board and \$3.25 without board compared with last year's wages per day of \$2.50 and \$3.30 respectively.

For the United States the wages averaged \$34.46 and \$48.44 by the month with and without board respectively, and \$1.78 and \$2.25 by the day with and without board furnished respectively.

## NEW LAW REQUIRES ADULT MALES GET FISHING LICENSE

Women and Minors Excepted; Permit for Rod Fishing To Cost \$1.00

With the approach of the open season for fishing in Michigan lakes and streams, those who expect to angle should be familiar with the law requirements for taking the various kinds of fish.

Herewith is presented a digest of the open seasons on the various kinds of game fish to be taken in the state, together with the size and creel limits. It is lawful to sell any fish taken in the inland waters of the state.

For the first time this year, male trout fishermen will be required to take out a rod license at a fee of \$1. There has been some question as to the legality of the act, but as no one has contested it, the department has gone ahead with plans to issue licenses. Minors and female fishermen need no licenses.

The state conservation commission is now having printed a booklet setting forth a digest of all game and fish laws.

Following is the compilation in the fishing laws:

**Trout and salmon**—All kinds except Mackinaws and lake trout, May 1 to Sept. 1; seven inches; 15 in day; 25 in possession; with hook and line only.

**Large and Small Mouth Bass**—June 16 to Jan. 1 (in upper peninsula July 1 to Jan. 1); 10 inches; five in a day; 10 in possession; with hook and line only.

**Wall-eyed Pike**—May 1 to Feb. 1; 10 inches; 10 in day; 10 in possession.

**Grayling**—Unlawful to take at any time.

**Bluegills**—June 16 to March 31; six inches; 25 in day; 25 in possession.

**Calico Bass, Rock Bass and Crappies**—June 16 to March 31; seven inches; 25 of each in day; 25 in one day; 25 in possession.

**White Bass**—May be caught in any season; seven inches; 25 in one day; 25 in possession.

**Sunfish**—May be caught in any season; six inches; 25 in day; 25 in possession.

**Perch**—May be caught in any season; seven inches; 30 in day; 50 in possession.

**Whitefish, Ciscoes and Carp**—Oct. 1 to Dec. 30—may be speared with permit and taken with hook

and line without.  
**Suckers, Mullet, Redsides and Carp**—Taken in any season; may be speared in designated non-trout streams of lower peninsula during March and April; also speared through ice during January and February in inland lakes and streams; may be dip-netted in the rivers and streams during March and April; may be speared from March 1 to May 15 in designated non-trout streams in upper peninsula; may be dip-netted from March 1 to May 15 in streams of upper peninsula.

**Grass Pike**—Taken during any season with hook and line; may be speared through the ice during January and February in non-trout lakes and streams.

All kinds of fish except large and small mouth bass, wall-eyed pike, and brook trout may be speared through the ice in the inland lakes of the state and in streams designated as non-trout during January and February.

**Frogs**—June 1 to Oct. 1; number and size unlimited; unlawful to

speared with artificial light.  
**Clams, Mussels and Pearls**—June 1 to March 31; size and number unlimited; must secure license. Hook and line—Defined by law to be a single line or single rod and line with hook or hooks attached, held in the hand or under immediate control when being used for still fishing.

**Casting or Trolling**—Defined to mean a single line or single rod and line with hook or hooks attached with a natural or artificial bait, not to exceed six inches in length, and one or more hooks or gangs of hooks attached, to be used for casting or trolling for fish, and the method of capturing fish shall be by means of fish taking the bait or hook in the mouth; unlawful to troll from motor boat, excepting lakes directly connected with Great Lakes.

**Non-resident Angler's License**—Non-residents over 18 years of age are required to procure a license to fish. Fee for license to take all kinds of fish except brook trout and large and small mouth bass, \$2. Fee for license to take all kinds of fish, \$5.

**Shipment by Non-resident**—One day's legal catch of fish may be taken or shipped out of the state by a licensed fisherman.

**Public Lakes**—Any lake connected with any public waters by any means whatever by which fish can migrate to and from such waters

for any length of time during any season of the year is a public lake.

### WAGNER

The regular meeting of the Wagner Grange will be held Friday evening, May 4th at 8 p. m. The following talks will be on the program: "The Early History of Michigan", Thelma Whitaker; "Michigan State Parks" by Mrs. Clyde Gnyon; "The Life of Wm. Carlson and one of his poems" by Wm. Whittaker. The recreational hour will be in charge of Mrs. Gnyon assisted by Helen Norman. The play "Now Adolph" will be brought by the Brainbridge Grange to the Clark Theatre in Buchanan Wednesday evening, May 9th. This is a 3 act comedy, lasting about 2 hours. There are 10 in the cast. It comes very highly recommended.

A special meeting of the Berrien County Pomona Grange will be held Friday evening, May 4th at Harbert Grange, which meets in the American Legion hall in Three Oaks. A pot luck supper will be held at 7 sharp. The regular session of Harbert Grange will be followed by the fifth degree work, which will be given several candidates by the Berrien County Pomona Grange officers.

### HILLS CORNER

The Weasaw township spelling contest was held at the Hills, Corners school last Friday afternoon, Miss Velma Metzger of the Eaton school winning in the 7th and 8th grades and Helen McClellan of the Hills Corners school winning in the 5th and 6th. These girls will represent the township in the county contest which will be held in St. Joseph, May 5th.

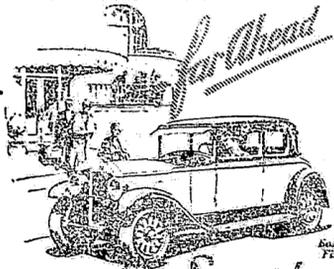

The Christian Church at Hills Corners is being painted this week. Mr. Schwartz of Buchanan is doing the work.

Mr. and Mrs. Claude Blackman and children Dorothy and Kenneth were dinner guests at the home of Mr. and Mrs. Ed Stevens in Niles Sunday.

The Girl Scouts of Buchanan with their leader, Miss Vada Hopkins, gave a very fine program at the church Friday night. The "orchestra" was especially enjoyed. Refreshments were served at the close of the entertainment by the Ladies Aid society.

Mr. Fred Johnson of Kalamazoo spent the week end at the home of his aunt, Mrs. Emma Scott.

Attorney and Mrs. Wm. Stevens of St. Joseph called at the home of the former's brother and wife, Mr. and Mrs. Leigh Stevens, Friday evening.

Announcing the NEW CONVERTIBLE SPORT CABRIOLET

AGAIN, Chevrolet introduces into the low-price field an entirely new conception of style, distinction and elegance—

—a new Convertible Sport Cabriolet with Body by Fisher—a vivid, dashing, two-four passenger model that offers the practical comfort and convenience of the Sport Coupe, plus the smartness and distinction of the Sport Roadster!

Finished in Romany Red Duco, with black body beading striped in gold... and embellished with artistic touches of gleaming polished nickel—this distinguished new model is one of the most attractive cars to be seen on the streets and highways.

But equally impressive is the wide, practical utility of this latest Chevrolet achievement—a snug closed car for inclement weather... an open car for the warm days of summer... and ample room for two or four passengers, as the necessity may be!

Visit our showroom today and see this sensational new automobile!
