CLASS OF 42 TO GRADUATE AT HI SCHOOL

Contains Three More Students Than Classes of One And Two Years Ago

EXERCISES ON JUNE 5TH

The largest class on record to be graduated from Buchanan high school will leave the portals of that institution in June. This year's class contains three more students than did the classes of 1926 and 1927, when the class numbered 39 each of these years.

Seniors To Be Guests Juniors At Reception Sat.

It is expected that this year's Junior-Senior reception will eclipse all former receptions to the graduating class in splendor at least.

Mr. Barton stated that he would make Buchanan his permanent home as soon as the improvements are completed.

BIG FREIGHT ENGINE DERAILED HERE TUESDAY

MICHIGAN CENTRAL LOCAL PLOWS UP TRACK AT HILLER YARDS

The Michigan Central siding opposite the Buchanan Lumber Company yards was the scene of some excitement Tuesday, when a big ten wheeler freight engine on the local Michigan City-Niles run partially left the track and plowed up the ties with the four rear drive wheels for 200 feet.

The engine was spotted an oil tanker for Winter & Winter, local distributors for the Sinclair Oil Company, and was climbing back up the track opposite the entrance to the sheds of the lumber warehouse, when the sliding track spread, permitting the two rear drive wheels on each side to drop from the rails.

FRED MEAD TO TAKE CHARGE BLUES AGAIN

is Drafted into Service When Graffort Resigns To Leave Town TO RE-ORGANIZE TEAM New Pitcher Added to The Present Staff; With Other Changes

Fred Mead, local barber and former village councilman, who served as manager for the Buchanan Blues for six years prior to 1928, is again head of the local baseball club, succeeding Pfay A. Graffort, after the latter had served through the season's first three games in that capacity.

Mr. Mead today announced he had accepted the management of the club more through persuasion than choice and to save the club from disbanding. He will re-organize the club and many new faces may be found on the team's roster in the immediate future.

There will be no drastic changes in the team's personnel, unless drastic measures toward that end become necessary. Walter "Gaz" Nash, veteran first baseman and star at that position on the Blues last year, will succeed Bud Proud, a local boy, at the initial cast. A new face will be seen on the team, a pitcher by the name of Hess who will round out a pitching staff of three.

Mead has been more than a figure in local St. Joseph valley baseball circles—he has been an institution. At the beginning of 1922, he first took charge of the Blues, then playing Sunday games on the old diamond in Liberty Heights. Two years later, when it was seen they were to lose their playing field, Mead started a campaign to purchase the present city recreation center, Athletic park, and saw this beautiful tract of land on the banks of McCoy's Creek become the property of the city and a popular rendezvous for high school, amateur and semi-pro athletes. Boys and Girls Will Appear On Stage in Exercises And Folk Dances

IS GIVEN ON REQUEST

Proceeds Will Go To Buy More Equipment for Gymnasium

One of the most pleasant features attending the close of the school year in Buchanan will be a gymnasium exhibition given Friday evening on the stage of the high school auditorium in which the boys and girls class directed by Coaches Harold Bradford and Mary Jo Allington will present a program of gymnastic and rhythmic exercises and folk dances, starting at 8 p. m.

Forty-four students will take part in the program, which will illustrate the character of the work done in the gymnasium during the past year. A group of grade girls will also present a program of gymnastic and tumbling exercises.

The program will be an assembly of numbers which have been given in the general assembly exercises during the year. They were witnessed on those occasions by a few of the parents, who were so enthusiastic over them that they requested the high school to give them in a night program which would be open to the general public.

The program will begin at 8:00, and an admission fee of 25 cents will be charged, the receipts of which will be used to purchase athletic equipment.

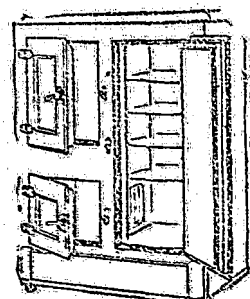

Those taking part in the program were:

Girls—Cecelia Eisenhart, Dorothy Charles, Katherine Portz, Marjorie Sands, Berntha Desenberg, Karol Kool, Marjorie Kool, Helen Bauman, Betty Kollenberg, Irene Imhoff, Enid Reams, Virginia Snowden, Marjorie Hickey, Helen Hamilton, Delight Deming, Vera Lohmough, Hazel Johnston, Freda Portz, Allene Riley, Doris Campbell, Mary Jane Hartridge, Cleo Cook, Helen Kean, Thelma Whitlaker, Zella Schumaker, Donna Belle Weaver, Victoria Zochman, Louise Strahle, Bessie Bradley, Clarice Banke, Ruth Riley and Miss Allington.

Boys—Herbert Ryan, Sheldon Ryan, Lauren Mullen, Lyle Mitchell, Ward Mitchell, Ottava Wolford, Gaylord Shreve, Alfred White, Lemarr Aronson, Clem Savoldi, Ralph Pfingst and Donald Wood.

Pioneer Day is Held at Three Oaks

THREE OAKS, May 18—The 12th annual Pioneer Day was celebrated at Three Oaks Thursday. The old school bell, tolled by Joseph Lee, former caretaker of the school, opened the day's program at 12 o'clock. Dinner was served to 250 persons at St. John's parish hall.

There were five tables in the hall, decorated with flowers. At the center table sat Mrs. E. K. Warren and family. In addition to being Pioneer day, it was also Mrs. Warren's birthday.

After the dinner, Fred Chamberlain, general manager of the Featherbone factory and son-in-law of Mrs. Warren, gave the address of welcome.

George Fox, curator of the museum, told of the history and of the purpose of the museum.

At 2 o'clock a line was formed in front of the parish hall. The Three Oaks military band led the parade, and all of the pioneers over 50 years of age rode in automobiles.

The Old and New.

E. T. Dryer, mayor of Three Oaks, led the parade in a large new automobile, which represented the present day in the village history. There followed a lumber wagon, in which rode Mr. and Mrs. Fred Crosby, and three of the children of the village. This represented the period of 50 years ago. The parade wended through the village, and returned to the museum where 500 had gathered for the program.

Several of the old residents and visitors gave five minute talks—remembrances of earlier days in Three Oaks.

The oldest person present was Mrs. Mary Ann Fuller, 93 years old.

T. P. Starr, who was present, was also celebrating his 75th birthday.

Mrs. Helen Adams, 83, was the oldest Three Oaks person present. She resides with her son, Calvin Adams.

FUNERAL RITES

MRS. J. L. GODFREY HELD SATURDAY

Funeral services for Mrs. J. L. Godfrey, were held in the late residence, No. 116 Clark street, Saturday afternoon at 2:30 o'clock. Rev. Harry W. Staver, pastor of the First Presbyterian church officiated. Burial was made in Oak Ridge cemetery. The casket bearers were: Ralph Allen, Wm. N. Brodick, Jesse Viele, E. S. Pascoe, Walter H. Trainer and George H. Richards.

Those attending the funeral from out-of-town were: Dr. and Mrs. E. L. Godfrey, Dr. and Mrs. G. E. Godfrey, and daughter Louise of Colon, Mich., Rev. and Mrs. William Rex, Defiance, Ohio; Mr. Charles Godfrey, Morris, Ill.; Mrs. Charles Harper, Mrs. Walter Fredrickson, Mrs. Rose Valentine and Mr. and Mrs. Rockhill, all of South Bend, Ind.; Mrs. Ribble, Mrs. VanNess, Mrs. Thompson, Mrs. Noble and Mrs. Joe Miller, of Niles.

EFFIE KINGERY GODFREY

The Angel of Death has stooped and removed from our midst and her host of friends, Mrs. Godfrey, a resident of this vicinity for thirty-seven years.

Effie Kingery Godfrey, daughter of George W. and Sarah Kingery Sellers, was born in St. Joseph County, Indiana, July 23rd, 1853, and departed this life in Clark hospital, Wednesday evening at 12 o'clock, May 16th, 1923, after a lingering illness, at the age of 44 years, 9 months and 23 days.

At the age of seven years her mother passed away. She then came to Buchanan where she made her home with her aunt, Miss Kathryn Kingery, who cared for her as a mother.

She was united in marriage to Dr. J. L. Godfrey, June 28th, 1911, and to this happy union one son, was born.

She was a devoted companion to her beloved husband, and it is with a sorrowful heart that this

happy and contented union is broken.

Praternally she was affiliated with Sylvia Chapter No. 74, O. E. S.

Besides her husband and son, John, she is survived by a sister, Miss Essie Sellers, two brothers, Alva and John Sellers, a large number of relatives and a wide circle of friends.

BANKERS PREPARE FOR THE ADVENT OF BANK THUGS

VIGILANTES WELL PREPARED FOR ANY ATTACK, GROUP MEMBERS INFORMED

Berrien County is well able to take care of the bandits when they come, as is each of the other eight counties in the southwestern Michigan area.

This was disclosed at the thirteenth annual meeting of group eight of the State Bankers' Association held here last Friday at Orchard Hills Country Club.

Kirk Sutherland, of St. Joseph, president of the Berrien County Bankers' association, declared that target practice would be held in two weeks in the Benton Harbor armory and that then the bank bandits had better give Berrien county a wide berth. Ammunition and guns have been distributed to all the vigilantes in the Berrien county towns where banks are located. Mr. Sutherland declared there was a growing interest in the county association. His was most gratifying. He cited the attendance at the last meeting of the association on May 10 in the new Whitcomb hotel, St. Joseph, when 173 were present for the greatest attendance ever to be present at a county meeting.

Reports from the presidents of the other eight county associations in group eight were synonymous with that given by Mr. Sutherland. They all declared that the group was well equipped now to cope with bank banditry and that the vigilantes plan was the best solution to this age-old problem ever put in operation.

V. T. Barker, president of the group and president of the Home Savings bank of Kalamazoo, was chairman of Friday's meeting which followed a chicken dinner at noon in the county club dining room at which 130 covers were laid. He received the reports from each county association. M. L. Hanlin, director of the First National Bank of Buchanan and vice-president of the Clark Equipment company, extended a hearty welcome to the visiting bankers. The visitors were vociferous in their praise of the hospitality of the hosts, the bankers of Niles and Buchanan, and were loud in their praise of the beautiful golf course lying between the two cities. The course was at its best and the convention guests, enjoyed golf in the morning and late afternoon.

C. E. Kaye, deputy state banking commissioner, was a speaker at Friday's meeting.

The next meeting of the association will be held in Hastings early in September and the winter meeting will be held in Battle Creek.

LOCAL PAIR HAS NARROW ESCAPE

MABEL MANN AND TED TEES INJURED IN AUTO ACCIDENT SATURDAY

Miss Mabel Mann, in charge of the ticket window at the Princess theatre and daughter of Mr. and Mrs. Frank Mann, of Buchanan, her escort, Ted Tees, also of Buchanan, and Mrs. W. E. Jasper, of Niles, miraculously escaped with their lives in an accident on the South Bend road late Saturday night when the car, a Ford sedan, owned and driven by Mr. Jasper in which the four were returning from attending a performance at a South Bend theatre, was demolished when struck by a rapidly and recklessly driven car three miles south of Buchanan.

The driver of the vampire car, who was apparently intoxicated, drove away following the accident despite the fact that the impact had caused the Jasper car to turn over twice and settle on its side in the ditch, a jumble of wrecked wood and steel. Tees was thrown under the car, his left leg being pinned beneath the vehicle. He was the most injured of the quar-

ter. Mrs. Jasper received severe lacerations of the head and face and Miss Mann escaped with cuts on the left knee. Jasper was uninjured.

A passing automobile brought the four to the emergency hospital of Dr. P. B. Wallace in Buchanan, where their injuries were dressed.

Tees fainted away twice from the pain in his leg while on the way to the Wallace operating rooms and Miss Mann was unconscious for a few moments following the crash. This was the second accident in which Miss Mann figured the past week, she likewise escaping with slight hurts in the previous mishap.

Mr. Jasper, following the accident, said that he noted the reckless approach of the southbound car when it was fully a quarter of a mile away and that he slowed his car down and traveled on the extreme edge of the road to afford the rapid approach of the car which was careening from one side of the road to the other, room to pass. As the approaching car came within some thirty feet of the Jarvis car it swerved and struck the Niles man's auto head on. The car was not insured, Mr. Jasper said, he having failed to renew the insurance when it expired recently.

South Bend police have been given a good description of the car that caused the accident and they are tracing ownership thru its Indiana license plates it bore.

Morris Article Starts Holmes' Memory Again

Harks Back to Days When Each Spencer Girl Had New Brother

Cedar Rapids, Iowa.

I have been quite interested in the account given by my friend, John Morris, of the coming of the Clarks to Buchanan, and in connection with his good story wish to ask if he remembers when a man calling himself Benajah H. Spencer rented a small room in the back part of either the first or second frame building south of the wagon works, moved in and started a furniture factory, his only original equipment being one saw mandrel, one rip and one cut-off saw, one pulley and two metal bearings, getting power by a steel cable from the wagon works. That he worked alone for a time and then took as a partner a man named Allen; that afterward Allen sold out to Gus Willard, and Spencer & Willard rented the building now owned by Clark Equipment Co., at that time owned by Alfred Richards, where he had been making clothesbars, what-etc. He allowed Spencer & Willard to take the place with engine and lineshaft; that they worked for a time until John E. Barnes returned from Independence, Kansas and bought out Gus Willard, and continued the business until they outgrew the quarters, asked the village to help them to the extent of \$3,000 to erect a new quarters at the M. C. depot, which request was characteristically refused, and they moved to Benton Harbor; that there used to be a large building on the corner of Oak and Smith streets where the Buchanan Mfg. Co. made furniture under the management of Wm. Osborn and Wells Wells until the buildings were burned, and never rebuilt.

Of all of my experience as editor of the Record, perhaps the most amusing was with Benajah Spencer. Spencer and Barnes, at one time ran a retail furniture business in the Roe building, next west of the Princess. One day when there was a terrific snow storm I strayed into that room when Spencer, Barnes and a couple of others were huddled up trying to keep the stove warm, and Barnes said, "Holmes, you may say that each of Spencer's three girls has a new brother, all doing well." I agreed, and Spencer said if I did he would thrash me. Next day after the issue I went into the store and he grabbed the lapels of my coat and tried to get hold of my whiskers, which might not have been pleasant, and I did not allow. After scuffling the length of the store he got winded and quit. That multiple brother was Irving Spencer, whom I believe to be still living in Benton Harbor.

Purchase Power Of Dollar Reaches Peak for 5 Years

The purchasing power of the dollar, as measured by average living costs for the American wage earner and other persons of moderate means, which includes the great majority of the population, today stands higher than it has for nearly five years, according to the monthly cost of living index of the National Industrial Conference Board. The dollar is now worth, on the basis of living costs during March, 62.1 cents in comparison with the purchasing power of the pre-war dollar in July, 1914. It was lowest in July, 1920, when it stood at 48.9 cents as compared with July, 1914.

The purchasing power of the dollar has been enhanced by a net decline in the cost of living of 21.2 per cent since July, 1920, the peak of the post-war inflation period. This decline has been a fairly steady one for the two years 1926 and 1927, living costs today being the lowest since June, 1923, when they were at about the present level.

The chief factors in the declining cost of living were the items of food and rent. Retail food prices, the most important item in the wage earner's cost of living budget, in March of this year, were 31.1 per cent lower than in July, 1920, and about 5 1/2 per cent lower than in March, 1926. Rents, which did not reach their post-war peak until July and August, 1924, when they were 86 per cent higher than in July, 1914, in March of this year for the country, as a

whole averaged 11.3 per cent lower than at their 1924 peak, and 6.8 per cent at their 1920 peak, 1926. Coal prices, which have fluctuated considerably, averaged last winter about 20 per cent less than at their peak in November, 1920. Gas and electricity, combined which item reached its peak in 1921, since that time decreased by about 21 per cent. Clothing prices average a net decline of about 40 per cent from their peak in April, 1920, but have held fairly steady during the past two years. All other items, combined in the group 'sundries' in the budget, in March of this year were 10.9 per cent lower than at their peak in 1920 and about 2 per cent lower than two years ago.

While the total cost of living in March of this year was 61.1 per cent higher than in July, 1914, average weekly earnings per worker in the manufacturing industries in February, 1925, were 118 per cent higher and average hourly earnings, reflecting principally wage rates, were 331 per cent higher. Thus the purchasing power of an industrial worker's weekly pay in February of this

year averaged 35 per cent higher than it did at the outbreak of the world war, and the purchasing power of his wage on basis of hourly earnings was 43 per cent greater.

LAST P. T. A. MEET OF YEAR HELD AT HIGH SCHOOL MONDAY

The last P. T. A. meeting of the present school year will be held at the high school auditorium, with a musical program and the reports of delegates attending the state conference at Battle Creek.

Mrs. L. Campbell and Mrs. E. C. Pascoe will give the conference reports.

The musical program will be as follows: Vocal solo—Mrs. Edwin Peck, with Mrs. Josephine Kelley at the piano.

FRED MEAD TO TAKE BLUES AGAIN

(Continued from First page) devoted the first year to equipping the plot as a baseball park and has been largely instrumental in seeing it maintained as such through the six years of his incumbency. A tourist camp, football gridiron, field for high school track and field events and several tennis courts are now features of the park.

Mead announced his intentions to resign for all time as guiding genius of sand lot baseball here at the opening of the present season. Play A. Grafort took over the reins of office; but he recently sold his confectionery business and announced his intentions to resign the baseball management owing to his expectation to leave the city. He was manager of the team in three games, losing to the East Side Merchants and Reliable Dairy clubs, both of South Bend, and winning from the Decatur, Mich., Independents.

The Blues have a tough team to meet in the first game Sunday under new management. The Elk-hart Merchants, victor over the East Side Merchants, will be the local opponents. The team will meet Thursday in the Featherstone City Decoration Day and the Jintown, Indiana, Tigers here on Sunday, June 3.

During the happy occasion an attempt was made by several of those present to administer a birthday chastising with a slipper in the customary manner, but Mr. Cauffman is reported to have exhibited a surprising youth and agility in his successful resistance. He admitted to 26 years of age.

Mrs. J. J. Perry and son Raymond, 201 North Detroit St., left Sunday morning in company with her sister, Mrs. E. L. Abell, for a visit at the latter's home at Terre Haute, Ind., planning to return about June 1.

Mr. and Mrs. E. L. Abell, the former an instructor in the Indiana State Normal school, were here from Friday until Sunday visiting at the home of Miss Lily Abell, instructor in the local schools.

Local News

Miss Elsie Snodgrass of Chicago street has returned from Battle Creek where she spent several days, the guest of friends.

Miss Ione Riley, daughter of Mr. and Mrs. Harleigh W. Riley, 403 West Front street, who has been a student at Western State Teachers college, Kalamazoo, for the last two years, has accepted a position as instructor in penmanship at the Kalamazoo institution during the summer term which opens in June. Miss Riley has been penmanship teacher in the grades department there the last two terms.

Miss Helen Lyons, who is in training for a nurse's certificate at Epworth Hospital, South Bend, was a guest Wednesday of last week at the home of her grandmother, Mrs. Nancy Lyons, 109 Moocassin Avenue.

Mrs. Harleigh W. Riley, 403 West Front street, is suffering from infection in the right hand caused a week ago when a glass tumbler she was washing broke, severely lacerating her hand.

It is a serious thing to receive such injuries in an automobile accident that one needs hospital treatment, but the losing of one's purse well filled with currency is like adding insult to injury. Ted Tees, 20 year old Buchanan youth, who with Miss Mabel Mann, of Buchanan and Mr. and Mrs. W. E. Jasper, of Niles, escaped death in an accident when a vampire driver drove his car into the Jasper equipage on the South Bend road late Saturday night, completely demolishing the latter car and fleeing following the accident, lost a purse containing \$30, he reported following the accident. Mr. Tees was hurled out of the car by the impact and was pinned under the vehicle when the Ford sedan, owned by Mr. Jarvis, was hurled into the ditch.

DAUGHTER OF CHURCH HEAD WIRES THAT SHE IS OUT OF DANGER

Buchanan friends of Dr. R. E. Meader, superintendent of the Kalamazoo district, Methodist Episcopal church of Michigan, will be glad to learn that his daughter, Miss Frances Meader, a teacher in the war-ridden Taianfu section of China, is alive and well after the fighting which caused the death of Mrs. William T. Hobart, of the American Methodist mission.

Dr. and Mrs. Meader have been greatly concerned concerning the welfare of their daughter, although they believed nothing serious had happened to her as no word had been received from mission headquarters. The first word to come out of China relative to the safety of Miss Meader was contained in a cablegram received last Saturday by the Mishawaka parents of Miss Ellen Studley, chum of Miss Meader, which contained but three words, "Out of danger." The Meaders were immediately notified by telephone at their home in Yorkville, Mich.

Miss Meader, a former resident of Benton Harbor and a frequent visitor to Berrien county, is supervisor of 18 rural day schools in the Taianfu district and has been teaching in China the last four-and-a-half years.

BOWLING SEASON Ends Saturday

The bowling season at the Buchanan Bowling Club Alleys will end Saturday, after which the alleys will be closed during the summer.

The management hereby extends their thanks to Buchanan people for their liberal patronage.

BUCHANAN BOWLING CLUB

NOTICE

Buchanan, Michigan, May 19, 1928
The Board of Review of the Village of Buchanan will meet at the Council room, May 23-24, 1928 for the purpose of reviewing the assessment roll. Any one feeling themselves aggrieved will then be heard.

H. C. Eisele, Assessor.
201c.

A one o'clock pot luck luncheon was enjoyed Thursday at the Orchard Hills Country Club by fifty members and guests. Following the luncheon bridge furnished the diversion for the afternoon. Prizes were won by Mrs. F. J. French of Niles and Mrs. J. C. Strayer of Buchanan. This was the first of a series of delightful entertainments which will be held at the Club. On Memorial Day a family luncheon will be held.

The nineteen members of the Hill-Climbers class of the M. E. Sunday school went to Ceresco, Michigan, Saturday where they spent the week-end at the Henry Long home. A most enjoyable time was had by those present.

Miss Mary Franklin was a charming hostess to the members of the Beta Gamma Upsilon Sorority at her home Tuesday evening. Plans were made to hold the annual picnic June 12th at Clear Lake. A steak roast was decided on. Delicious refreshments were served at a late hour. Fourteen active and two inactive members were present.

The Young People's society of St. Anthony's Roman Catholic church met recently in the home of Mr. and Mrs. E. A. Irvin, 322 Cecil avenue. Bridge followed the regular business meeting, Chas. Franklin receiving high score.

An outstanding social event took place Saturday night at the home of Mr. and Mrs. Ray Keefer at 301 North Main Street, when they entertained a group of friends including the original wedding party at dinner in honor of their first wedding anniversary. The dining room was beautifully decorated with yellow crepe paper, candles and yellow buttercups. There was also a tasty arrangement of lilacs and lilies of the valley, the latter being the flower carried by the bride of a year ago. Those present were: Mr. and Mrs. Henry Keefer, Mr. and Mrs. Bert Ede and daughter Vera, Mr. and Mrs. George E. Roberts and Tracy Roberts, all of Galien; and Miss Rosabel M. Roberts and Clayton Spaulding, both of Buchanan. Joining them later in the evening were Mr. and Mrs. William Keefer and children of Grand Rapids, Mich.

BUCHANAN HIGH FINISHES 14TH IN REGIONAL TRACK MEET

Coach (Curly) Bradfield's Buchanan high school thinclads emerged with 5 1/2 points to take eleventh place in class C competition at the regional track and field meet held Saturday afternoon at the Western State Teachers' college oval, Kalamazoo.

struck Rothfuchs' foot causing the latter to fall to the cinders. Rothfuchs was up almost instantly and finished the race in fifth place. The injury had evidently hampered Rothfuchs' style, but his heart had not been hurt by the injury to his leg in coming in contact with the cinders, for with his leg bleeding profusely he hobbled around the track and finished ahead of a flock of his competitors. White won third place in the 880 event.

meet, getting but 7 1-3 points. With but small time spent in preparation and with several of its contestants attending the state typewriting and shorthand meet in Kalamazoo, the Buchanan high school proteges of Coach Jo Allington performed nobly, in the consensus of opinion of disinterested observers, in scoring almost half of the score total achieved by Niles, a strong Class B school in a city of almost 15,000.

MEMORIES

Memorial Day each year finds a grateful people ever more eager to pay homage to the dead and the living in whose memory and honor the holiday is set apart.

War following that of the Rebellion have seen to it that for many years to come there will be Memorial Days in America.

Inspiring as is the procession, eloquent as may be the orator, touching as may be the flowering of veterans' graves, these seem wholly inadequate as honors to the departed and the living.

Gratitude and appreciation are not always best expressed by lips and gestures. What America owes these warriors is more than the suspension of business one day a year, more than applause and cheers when their flag is carried by more than pensions and bonus, more than spoken or written eulogy.

A greater part of that which is in firm and fixed resolution to carry forward and upward the ideals for which these men bled

and sweat, to make secure the victory they won, to translate into results the noble purposes that stirred their souls.

DIG DEEP

Dig deep if you would have the richest treasures. One may wash gold dust from the shallow stream, but the coveted nugget of gold is found buried deep in the bowels of the earth.

The profoundest beauty in a great painting, or the work of sculpture, and the rarest jewel of wisdom on the printed page will not be found on the surface.

Art does not surrender its true self to those who will not "drink deep."

One may wear gold and jewels without descending to "unfathomed caves" or burrowing underground, but for the richest treasures in literature, painting, music and sculpture one must do his own prospecting.

What applies in the field of art and treasure-hunting is equally applicable to more workaday affairs. Deep digging pays in business, industry, labor, housekeeping, farming or study.

There are South American Indians that destroy their young, but they don't do it in the name of speed.

LESS THAN HALF OF APPLE CROP IN ORCHARDS HERE

PLUMS AND SOUR CHERRY TREES LOADED; SWEET CHERRIES SHORT

Present indications point to less than half of a normal apple crop in this section, according to fruit men here, who were busy the fore part of the week in applying the "calyx spray" for codling moth.

The calyx spray is composed of three gallons of sulphur and lime mixture in 100 gallons of water, with 2 1/2 pounds of arsenate of lead, and is designed to kill the eggs of the codling moth, which are now being deposited in the embryo apples, to work down into the fruit as it develops.

The shortage of apples is attributed to insufficient setting of fruit buds in June last year. The setting is very irregular, part of the trees being plentifully supplied while trees immediately beside them may be bare of fruit. The presence or lack appears to have no relationship to variety.

The calyx spray is also being applied to plum trees which now bear a plentiful supply of immature fruit. The sour cherries will be ready for the spray before the end of the week, and are also abund-

antly loaded with a prospective fruit crop, Montgomery and Richmond trees being especially well loaded.

The sweet cherry crop bids fair to be a failure.

M. S. C. Experts Plan Quietus Of Corn Borer

East Lansing, May 24—No effort is being spared to pry into the private affairs of the European corn borer by Michigan State college farm crops specialists and entomologists at the Monroe experimental station. Exhaustive tests to find the pest's weak points which would further simplify control work are now entering their third year.

More than 20 projects are in progress, the results of which will be announced after the fourth year. The date of planting project comprises 416 plots, using the dent, flint, pop, and sweet types of corn. A new experiment this year is the miscellaneous crop project. The most important Michigan farm crops, vegetables, and flowers will be subjected to corn borer conditions in an effort to determine what damage the pest may do to them.

It is hoped to make selections of the Maize Amargo crosses this summer with the possibility of obtaining some varieties. The Maize Amargo is a South American corn which has been crossed with Michigan varieties. The crosses have

so far proved borer-resistant. Other projects are the date of harvest, variety plots, fertilizers tests, and trap crops. Present indications are that much information will be obtained from the tests which will be of great value to farmers in their fight against the corn borer.

A New Non-Stop Tractor Drawbar Record Is Made

A new non-stop tractor record was made recently in California in the pruned and apricot orchards of Battaglia Brothers, near San Jose. The research department of the National Association of Farm Equipment Manufacturers. For ten days and nights the tractor pulled a nine foot tandem disk harrow and a plank drag or float through the extensive orchards of the Battaglia Brothers without stopping. This non-stop run bested the former record made in New Zealand by 7 1/2 hours and clearly demonstrated the reliability and stamina of the present day farm tractor. The tractor used in one test was not new, but had been in constant use for 13 months before making its record run.

Four Horses and Tractor Needed on The Ideal Farm

The suggested ideal farm of 160 acres in Wisconsin is farmed with four horses and a tractor, according to the Wisconsin Agricultural Extension Service, after studying typical farms in two counties. A silo makes efficient use of nearly half of the corn crop. Up to date machinery for carrying on farming operations is used. Livestock consists of 25 cows, eight heifers, five calves, a bull, three brood sows and 18 pigs.

A three-year rotation balanced properly to supply livestock needs, maintain soil fertility and provide for a cash crop proved most profitable on these farms. Corn, alfalfa, sweet clover pasture, barley, oats and a cash crop of canning peas, sugar beets or winter wheat were the principal crops.

The wide range of profits on these Wisconsin farms where soil and climatic conditions were alike, proves conclusively that proper management of the farm is just as important as good management in any other business, comments, the research department of the National Association of Farm Equipment Manufacturers.

GRAHAM BROTHERS FORM UNIQUE ORGANIZATION

The Graham-Paige Legion, an organization unique in the industrial world, has been formed by the three Graham brothers as an honorary group within the ranks of the Graham-Paige Motors Membership and its distributors and dealers throughout the world. Membership in the Legion is limited to those executives and employees who have demonstrated their loyalty, character and integrity.

In their twenty-five years' business experience, the Graham brothers have proceeded in the belief that permanent success must be founded on these principles; and it is to keep these elemental virtues constantly before its members, and to strengthen their adherence to them, that the Graham-Paige Legion has been formed.

"For membership, we shall require personal and business character," says the announcement from the Graham brothers, "and a standard of conduct that is stated simply and briefly in the pledge of the Legion:

I do hereby voluntarily enlist as a member of the Graham-Paige Legion, and sincerely and cheerfully agree to follow, to the best of my ability, in all my relations with the public and the Graham-Paige organization, the

principles of integrity, unity of purpose, and loyalty, on which this Legion is founded."

"Through the Graham-Paige Legion, we shall develop and foster the fundamental virtues of which our organization should rest. We set ourselves a standard when we strive to be that which we know we should be; in the end, the persistent practice of good behavior against natural impulses affects character for the better."

The insignia of membership in the Graham-Paige Legion is a gold lapel-button reproducing the circular medallion of the Graham-Paige emblem, designed in the studios of Lorado Taft, one of the foremost of American sculptors.

Arthur Pryor, noted American band-leader and composer, was commissioned to write the official song of the new organization, "The Graham-Paige Legion March."

Hills Corners Men Will Serve Mother Daughter Banquet

The men of Hills Corners Church are serving the Mother and Daughter banquet which will be given for the women of the church next Friday evening at 6:30 P. M. The banquet is the result of a long period of preparation by both the women and the men. The women's committee have built up a program and the men have planned the banquet.

Mrs. Doris Whitney, attorney of Benton Harbor, has been obtained to deliver the address before the meeting of mothers and daughters. Mrs. Whitney has served here in this capacity before, and all know that she has an effective ability in this capacity. In addition to this address, toasts and readings will be given by local mothers and daughters. Mrs. J. G. Boyle will

give a toast on "Our Daughters." Miss Arline Stevens will respond with a toast on "Our Mothers." A reading will be given by Miss Janet Kelley, and her mother, Mrs. Con. Kelley is to serve as toastmaster.

The men promise that the women shall not suffer from want of something to eat. They have planned a menu full of good things. Mr. Sam McClellan, Clayton Spaulding and Henry Hess are members of the men's committee.

200,000 Buyers Can't Be Wrong

When the Pontiac Six was first introduced less than two and a half years ago, immediate buying enthusiasm was aroused. The public accepted the statement of General Motors and Oakland that here was a new car offering six-cylinder value never before enjoyed at such low price. 75,000 Pontiac Sixes sold in 1926 established a world's record for a new make of car. Sales for 1927 carried the total of satisfied Pontiac owners beyond the 200,000 mark.

And now, even if its unrivaled value could not be proved by comparison with other cars in its field—even if its superiority could not be demonstrated by scores of advanced features combined in no other low-priced six—even if all its claims to leadership were based on generalities—you could still buy the Pontiac Six with confidence...for 200,000 buyers can't be wrong!

If you want to know the truth about the Pontiac Six, go to any owner in town. And if you hear praise almost too enthusiastic to believe, remember that 200,000 owners will tell you substantially the same story!

BOWLING LEAGUE HOLDS BANQUET MONDAY NIGHT

ANNOUNCE PLANS TO ENTER AML BOWLING CONGRESS FOR NEXT YEAR

As speechmakers, the prize members of the Buchanan Bowling club are first class bowlers, on the evidence of the after dinner efforts made by most of the men at the banquet given in their honor Monday evening, few verbal strikes being made and a large number of spares, though the boys were at least consistent in keeping 'em out of the gutters.

Nearly fifty of the winners assembled in the American Legion room at 6:15 p. m. as the guests of Dr. L. P. Widmoyer and Fred Schwartz, manager, to partake of the sumptuous banquet served by the American Legion, as a finishing touch before they adjourned to outdoor sports for the summer and autumn. Manager Fred Schwartz acted as toastmaster, and paymaster at the same time, handing out the checks for the prize money announced in last week's issue of the Record.

Of leading interest in the proceedings was the announcement that next season the League is to be a member of the American Bowling Congress, which includes all the leading pin crashing organizations of the United States. Membership in this organization implies that the winning team next year may enter the A. B. C. tournament which is to be held at Chicago in the spring of 1929. Also, any records made on local alleys will be recognized by the American Bowling Congress, a diamond medal being awarded for a perfect 300, gold medals for any score over 250, silver and bronze medals for scores that approach less neatly to perfection.

As a preliminary to entering the local alleys must be measured and approved by the American Bowling Congress. Membership is usually by teams, each individual member paying a fee of \$1.50. It is expected that this arrangement will prove a great stimulus to the sport during the coming year.

Fair Treatment of USED CAR buyers .. your Buick Dealer's Policy

The used car that serves you most satisfactorily — that gives you the most transportation for your money — naturally offers the greatest used car value.

Go to the Buick dealer. He offers a wide selection of makes and models in his used car stock.

His prices are fair—based on the actual resale worth of the car in question. And he will tell you the true condition of any car he offers for sale. He is always careful to guard his high reputation in the community.

When you buy a used car from your Buick dealer you know that it will perform as promised—you know that you are getting your money's worth.

BUCHANAN LOSES WIRED CONTEST

BLUES LOSE GAME ON ERRORS AFTER HOLDING FOE SCORELESS

After holding the enemy scoreless for five fast innings the Blues proceeded to play the worst game in their experience to drop from the sublime to the ridiculous Sunday at Athletic park. They dropped the second game of the season to the Reliable Dairy team of South Bend by a 6 to 4 point.

Errors flew fast and furious, Buchanan making seven during the hectic contest, four of these being chargeable against Floyd Bailey at short.

Simpson, who turned in such a remarkable pitching exhibition the Sunday before against Decatur, and who was invincible for the first five stanzas in Sunday's contest, was nicked for a double and two singles to count three runs for the opposition, which scoring was abetted by a base on balls and Mr. Bailey's fourth error of the day. The South Bend team put the game on ice in the seventh by scoring two more runs on a two-base hit, the second to come from the bat of First Baseman Annis, a couple of infield errors and a sacrifice hit. South Bend pushed another and entirely unnecessary run across the platter in the ninth inning.

This latter run was purely a gift. Mitchell, who succeeded his southpaw friend on the mound in the final inning, had difficulty in locating the plate—very much so. So much so in fact that he forced in the run himself, hitting one batsman and walking three others.

Onken, Hoosier pitcher, pitched excellent ball for the entire route and in only two innings, the fifth and ninth, did the Blues solve his delivery. He allowed but four hits and struck out 13 batters.

PRINCESS THEATRE

PRINCESS THEATRE WILL SHOW GREATEST WEEK'S ATTRACTIONS IN HISTORY

What is undoubtedly the greatest program of attractions ever presented in one week is now being shown at the Princess Theatre during the next few days and consists of three attractions that have gone down in screen history as the greatest attractions of their kind ever produced.

"The Gaucho" which is completing its three day run tonight is one of these. Several hundred people from Buchanan and vicinity have already seen it and all proclaim it as the greatest picture Douglas Fairbanks has ever made.

Another attraction of particular interest is "The Lost World" coming for one day, Friday. It is the most unique and thrilling drama ever put on the screen in which giant Dinosaurs, Dragons and mammoth pre-historic monsters appear in contrast with modern life.

The reincarnation of the monsters was deemed impossible by numerous motion picture producers until W. H. O'Brien, an embryo sculptor discovered the strange process. Even then it took seven years of painstaking work to perfect these monstrous mechanisms and produce the picture.

Bessie Love, Lewis Stone, Wallace Berry and Lloyd Hughes head the human cast, sharing honors with the pre-historic monsters. Supporting them are more than 2,000 other players who participate in the huge scenes showing

the return of the explorers to London bringing with them a brontosaurus. The monster escapes, running amuck in the heart of London's shopping district, where it proceeds to wreck the metropolis, finally crashing into the Thames, when the famous London bridge collapses under its weight.

One of the most popular of Zane Grey's stories is presented Saturday afternoon and night in "Wild Horse Mesa." This picture boasts a remarkable cast headed by Jack Holt, Billie Dove, Wallace Berry and Douglas Fairbanks, Jr. Besides this there is an Our Gang Comedy, "Ten Years Old" and Aesop's Fables to make the evenings entertainment an outstanding Saturday program.

"The Big Parade" which has been rightly called the biggest picture in screen history is coming to the Princess for three days Tuesday, Wednesday and Thursday of next week with a special matinee at reduced admissions Wednesday, Decoration Day. More than 15,000,000 people have already gone to see this picture during its record breaking runs throughout the country, many going to see it for the second and third time, which is the acid test of greatness. No picture ever made has approached its appeal. Those who have already seen it need no urging to see it again. Those who have not already seen it however should not pass up the opportunity

of seeing this supreme attraction at least once.

Some Things I Don't Know About

I DON'T know how many acres the Delco Light factory covers—how many thousand square feet of floor space there are in it—or how many skilled craftsmen work there. But I do know that Delco-Light is a fine plant, backed by General Motors and that a lot of people around here go the limit in endorsing it. For instance, here's what one man says:

"We have been using a Delco Light Plant for nearly three years and have had excellent service. We would never go back to the old farm lighting by kerosene. It is a pleasure to recommend Delco Light."
