BY HAN

Welcome brother to our place,  
Come and tell it to our face,  
For we love your warlike song  
And the bricks you bring along,  
And there's not a bit of doubt  
That the dump needs cleaning out.

As a bunch you're hard to beat—  
You're the boys that make the  
sheet,  
When we feel inclined to shirk  
You're the lads that make us  
work  
Like to see you now and then—  
Bless you, neighbor, come again!

For we always toe the mark  
When we hear your six gun bark  
And it's safe we play no tricks,  
While you keep us dodging bricks.  
Come and tell us of our crime—  
Only,—please—one at a time!

## HIS BAITED BREATH

With baited breath, the fisher  
stands  
Determined to the death!  
But not a dogged fish he lands,  
His bait is in his breath!

## THE SOUTH BEND BUS

I met a pretty damsel on the bus  
To South Bend town—  
We met as I was going up and she  
was coming down,  
And we both lit in at corner—it  
was such a pleasant day  
And her chin hung over my shoulder  
in a friendly sort of way—  
Not at all a bad position if the  
lady be but young,  
And she smiled on me so sweetly  
as she said, "I bit my tongue."  
And she said, "I have a favor to  
request in this connection,—  
Take your foot from out my pocket,  
you are mashing my complexion."  
So he that reads this story may  
be moved to reason thus:  
Be careful whom you sit by on  
the

South  
Bend  
Bus.

'Twas an off day for the cowboys  
at Frontier in Ol' Cheyenne—  
For ponies had 'em bunkoed and  
had dumped 'em in a heap.  
When a tall and handsome stranger  
stepped among the general  
wreck

And jauntily he mounted to a  
broncho's cyclone deck.  
He was the finest cowboy sure  
that ever yet was born.  
For he rode 'em high and hand-  
some and he never grabbed the  
horn.

But in those rocking saddles so  
airily he sat  
And he raked 'em fore and after  
as he swung his beaver hat.  
And he said as he dismounted:  
"Strangers I have rode 'em wus,  
For I learned to do my ridin' on

Program Sun. Eve.

Special services appropriate to  
Independence Day, July 4th, have  
been planned for Sunday evening  
at the Methodist church, a num-  
ber of unusual features being  
planned for the occasion, including  
a decoration by Boy Scouts, and  
a number of patriotic songs by  
girls' choruses. Virginia Hill,  
eight year old Portage Prairie girl  
reader, who has attracted much  
attention by the excellence of her  
dramatic readings, will give two  
selections. A special invitation is  
extended to all patriotic societies.

Open Next Week

The new pavement construction  
on State Road M-60 between Three  
Oaks and Gallen is now completed  
and will be open for travel by the  
end of next week, according to a  
statement by C. E. Renbarger,  
Niles member of the county road  
commission.

Most People oG

Listen to Band

A number of complaints were  
heard from spectators following  
the band concert last night to the  
effect that there had been consid-  
erable unrequested additions to the  
program on the part of young  
gentry of the village, who appar-  
ently did not care to listen to the  
music themselves and were deter-  
mined that as far as possible "no  
one else would."

Mr. and Mrs. Ralph DeNavelle  
and son Vincent were callers at  
Benton Harbor today.

ST. JOE VALLEY ASSOC.  
CLOSES A SUCCESSFUL  
YEAR WITH BIG BANQUETI. O. O. F. Assoc.  
Arranges Program  
For County Picnic

Arrangements for the picnic to  
be staged under the auspices of  
the Berrien County I. O. O. F.  
Association were perfected at a  
meeting of the county executive  
committee which was held at Ber-  
rien Springs Wednesday evening.

The following program was  
adopted:

11:00 a. m. Indoor baseball.  
12:00 Dinner.  
1:00 Band Concert.  
2:00 p. m. Baseball game be-  
tween the Niles Michigan Central  
team and the Benton Harbor  
Naval Reserves.

4:00 p. m. Four 4 round boxing  
bouts, one 6 round boxing bout.  
Johnny Reilly, one of the best  
known comic actors in the United  
States will furnish entertainment  
during the entire afternoon.

Harry Post of Buchanan repre-  
sented this district on the com-  
mittee.

Total Business of \$230,000  
Reported for Year  
Ending May 31

## DIRECTORS RE-ELECTED

New Accounting System To  
Be Installed By  
Howland

A total of \$230,000 in busi-  
ness was transacted by the St. Joe  
Valley Shipping Association at its  
stores in Buchanan and Niles dur-  
ing the fiscal year ending May 31,  
1928, with a net profit to the 100  
stockholders of between 4 percent  
and 5 percent, according to the  
treasurer's report which was read  
at the annual meeting held at the  
Buchanan headquarters Saturday  
night.

The returns might have been  
much larger had not the associa-  
tion been conducted on the princi-  
ple of serving the stockholders  
through securing better prices for  
products and cheaper prices for  
their purchases, according to the  
accepted policy of the most suc-  
cessful co-operatives of the pres-  
ent day.

It was voted at the meeting to  
set aside \$20,000 to be divided at  
the end of the present fiscal year.  
May 31, 1929, as a patronage divid-  
end among the 100 members who  
owned shares May 31, 1928. Each  
owner of a share on May 31 of  
this year is to be paid his share  
of the \$20,000 in proportion to his  
trade during the year.

Arthur Howland of the depart-  
ment of economics, Michigan State  
College, is working with the as-  
sociation this week assisting in the  
installation of a new system of  
accounting which will enable the  
management to make a proper  
division of this dividend. The  
system will go into effect July 1.

At the business session, the fol-  
lowing three directors were elect-  
ed for a three year term to suc-  
ceed themselves: Russell File,  
Niles; Clifford Hollenbeck, Ber-  
rien Springs; J. G. Boyle of Bu-  
chanan. The hold-over members  
of the board are Dean Clark,  
Glen Haslett, Albert Houserveth,  
James Reed and Fred Koenigshof  
of Buchanan and Sam Thompson  
of Niles.

F. A. Harrington of Niles is the  
manager. The board will meet  
Saturday at the Buchanan build-  
ing to elect officers and confer  
with Prof. Howland on the opera-  
tion of the auditing system.

The meeting was addressed by  
C. L. Nash, former county agent,  
who talked on the proper method  
of co-operative organization, stat-  
ing that the mutual benefit thru  
buying and selling was of more  
advantage than to attempt to re-  
gard the shares in the light of an  
investment on which to build ex-  
pectations of large dividends. This  
associations based on the stock  
profit idea were less successful  
than the mutual benefit associa-  
tion according to Nash.

The banquet which was served  
at 7:30 p. m. was attended by 175  
stockholders and members of their  
families. J. H. Portz served a  
fine spread, the daughters and  
sons of the stockholders acting as  
waiters. Ruth Riley's Footwarmers  
furnished music during the banquet.

Cashier of First  
National Bank

A. F. Howe, vice president of  
the First National Bank of Bu-  
chanan, and associated with it in  
an official capacity for many  
years, was elected to the position  
of cashier of that institution, to  
fill out the unexpired term of Wal-  
ter Shoop, at a meeting of the  
Board of Directors held Monday.

Mr. Howe's long association  
with the bank and his close knowl-  
edge of the community and its fi-  
nancial problems makes him well  
fitted to fill the position, and his  
appointment will serve to main-  
tain unimpaired the high record in  
the esteem of the community  
which the bank enjoyed through  
the management of his predeces-  
sor, Mr. Shoop.

Boy Hurt When  
Struck By Auto  
On Front Street

David Barrett, five year old son  
of John Barrett, a farmer living a  
mile and a half northwest of Bu-  
chanan, was struck by an auto-  
mobile driven by Allen Matthews  
while he was crossing Front St.  
in front of the Buchanan Candy  
Kitchen Tuesday afternoon. He  
was taken to a doctor by Charles  
Griffin with whom he had come to  
town, and his injuries were found  
to be slight, consisting of "abru-  
sions on the forehead and bruises  
on his left leg."

CHARLES KEMP  
BURIED HERE  
YESTERDAYFORMER OFFICIAL OF THE  
ROUSELLE CO. DIES  
MONDAY, JUNE 25

The funeral of Charles Malcolm  
Kemp, 53, was held at 2:30 p. m.  
yesterday from the Child's Funer-  
al Home, Mrs. Rea Belvel read-  
ing the Christian Service, and  
burial was made in Oak Ridge  
cemetery.

Charles Malcolm Kemp was  
born in the Province of Quebec,  
Canada, October, 1874.

He left Canada when a very  
young man and was employed in  
the auditing department of the  
Pennsylvania railroad system in  
Pittsburgh and Ft. Wayne.

Later in life he was with the  
Santa Fe railroad, running be-  
tween California and Chicago.  
About three years ago, Mr. Kemp  
came to Buchanan in the interest  
of the Rouselle Leather Co. After  
the dissolution of that company,  
he accepted a position as agent  
with the Northern Indiana and  
Southern Michigan railroad at  
Michigan City.

About two weeks ago he was  
injured in an automobile accident,  
receiving a fractured arm. This  
injury seemed to irritate a diabetic  
condition, and he died at St.  
Anthony's Hospital in Michigan  
City, June 25.

While in Buchanan, Mr. Kemp  
made his home at the Hotel Rex.  
All members of his family except  
a niece and a nephew preceded  
him in death.

## NOMINEE OF HOUSTON CONVENTION?

Governor Alfred E. Smith, of New York, whose name was placed  
before the democratic national convention for presidential candidate,  
at Houston, Tex., Wednesday evening, and who will probably be no-  
minated on the first ballot by the convention when that body casts its  
vote, sometime within the next twenty-four hours. It is expected Sen-  
ator Joseph T. Robinson, of Arkansas, will be Smith's running mate  
as a vice presidential candidate.

Contracts City  
Construction Let  
Friday Night

Bids are to be received for the  
construction of a new sewer, and  
paving projects until 7 p. m. to-  
morrow (Friday), at which time  
the bids will be opened, and the  
council will hold a meeting start-  
ing at 7:30 p. m. to let the con-  
tract. The competition is likely to  
be spirited, according to village  
officers, a number of bids having  
been already received. The con-  
tract for the installation of new  
water services on Portage Street  
will be let at the same time.

Local I. O. O. F. Go  
To South Bend  
Farewell Meet

A party of local Odd Fellows  
attended the special services held  
by the South Bend Lodge Thurs-  
day night in farewell to the old  
building which had served them  
for 50 years, preliminary to de-  
molishing it and building a new  
\$500,000 temple.

The new temple is to be 10  
stories in height with lodge rooms  
on the two upper floors. An in-  
teresting feature is that the origi-  
nal location was bought in two par-  
cels, for which \$800 and \$600 were  
paid. The lodge will receive  
ground rental of \$12,000 annual-  
ly in the new building. The struc-  
ture is opposite the county build-  
ing, on the corner of Main and  
Coffey.

Those attending from Buchan-  
an were: Seth Englevright, War-  
ren Willard, Roy Wynn, George  
Slater, R. F. Hickok, H. E.  
Squires, George Tolle.

CANDIDATES OUT  
WITH PETITIONS  
FOR NOMINATIONCONTESTS SLATED FOR  
COUNTY OFFICERS AT  
PRIMARIES

Nominating petitions for aspir-  
ants to election to places on the  
Republican and Democratic coun-  
ty tickets at the primaries, Sept. 4  
have been circulated about Bu-  
chanan for the past ten days,  
indicating particularly keen com-  
petition for the offices of county  
clerk, county prosecuting attorney  
and county treasurer.

According to a tradition which  
is grown up in Berrien County  
politics, either party having a rep-  
resentative in office allows him  
two terms without contest at the  
primaries. After that, the field is  
open for other candidates.

Ira D. Wagner, former Buchan-  
an man, has served his two allot-  
ted terms as county clerk. Con-  
sequently two Republicans have  
entered the field for nomination to  
that office, as follows: Benjamin  
Bittner of Sodus, the present deputy;  
Howard Bernard of Benton Harbor.

Prosecuting attorney George H.  
Bookwalter will retire this year  
after two terms, present deputy  
Wilbur M. Cunningham of Benton  
Harbor, and Arthur E. Leckner of  
St. Joseph aspiring to the Republi-  
can candidacy, and Alty. Harvey  
W. Holbrook of Niles to the  
Democratic candidacy.

County treasurer George Haid  
of St. Joseph has held the office  
two terms, and goes out. The  
present deputy, Mrs. Kittie Handy  
Fuller, of Sodus and Clyde Geisler  
of St. Joseph are aspiring to the  
Republican nomination. No Demo-  
cratic candidates are out yet.

County register of deeds, Don  
Pears of Buchanan is unopposed  
for succession to his office. County  
Sheriff Fred G. Bryant of Benton  
Harbor has held the office only  
one term and is out for the nomi-  
nation again. The Democratic  
aspirant is Fred Frantr of Niles,  
who previously held the office.

Drain commissioner George W.  
Sattler of Benton Harbor is a can-  
didate for nomination to succeed  
himself, with Oren Myers as his  
opponent. Commissioner B. F. Eg-  
gart, former Buchanan superin-  
tendent of schools and now a resi-  
dent of St. Joseph, has served only  
one term, and is candidate for the  
nomination to succeed himself.

Probate Judge William H. An-  
drews of Benton Harbor aspires  
to retain his toga for another  
term.

As petitions may be filed un-  
til July 17, others may appear in  
the field until that time.

Lacey Gets Fine  
For Possession  
Undersized Fish

Ernest Lacey of Buchanan was  
fined \$10 and costs in the court of  
Justice Al Charles, Monday for  
having been found on the previous  
day with fish in his possession of  
less than the legal minimum size.  
Lacey pleaded guilty to the pos-  
session, stating that he had left  
for a short time the spot where  
his family had been fishing, and  
that his wife and son caught the  
small fry without his knowledge.  
Inasmuch as the discovery of the  
small fish in the car involved all  
the occupants, Justice Charles  
held him guilty. The arrest was  
made by deputy game warden  
Cleve Horner of Gallen at Pike  
Lake Sunday.

FIFTY RESIDENTS OF  
PORK AND PINEAPPLE  
METROPOLIS PICNIC HEREHere's One Banker  
Who's Not Afraid  
To Take Chances

Proof to the contrary of the  
popular belief that bankers will  
not take a chance was furnished  
Tuesday by Charles Pears, vice  
president of the First National  
Bank and D. S. Scotten, former  
president of the Niles City Bank,  
and president of the Buchanan  
First National Bank, who were  
airplane passengers that afternoon  
in company with the former's son,  
Dick Pears, from the Niles Air-  
ways to Chicago.

Dick Pears left Minneapolis, N. Y.  
on the previous day, driving a  
cabin monoplane for delivery to  
Chicago. He stopped at Niles and  
drove to Buchanan for dinner at  
the home of his parents. Charles  
Pears accompanied him back to  
Niles for the Chicago flight. Mr.  
Pears returned that night by train.

WEEDS IN CORN  
GET LONG START  
IN RAINY SPELLFEW FARMERS REPORT THAT  
HESSIAN FLY GRUB IS  
CUTTING WHEAT

"Rain, rain, rain and the green  
weeds growing in the corn" would  
seem to be a fair summary of the  
weather and crop situation at Bu-  
chanan this week, with prospects  
of rain today, after a ten day pe-  
riod of excess moisture which end-  
ed Tuesday.

Farmers have been extending  
themselves during the past two  
days in attempting to catch up  
their back cultivation and in rush-  
ing the haying which has been de-  
layed almost two weeks. The  
small amount of hay which was  
down when the rains started is  
now practically spoiled.

While a perfect stand is report-  
ed in most of the corn fields, the  
corn has been retarded by the cold  
wet weather.

Wheat is reported to be matur-  
ing in fine condition, save for a  
few fields which have been attack-  
ed by the Hessian fly. This insect  
laid its eggs in the blades shortly  
after the wheat emerged from the  
ground, and the grubs are now  
eating their way out at the bot-  
tom of the stalk, cutting the grain  
down.

County Officers  
Dine at Berrien  
Center Wed. Eve.

County road supervisors and  
other officials and their wives to  
the number of 75 attended a ban-  
quet at Berrien Center last night,  
the occasion being the celebration  
of the completion of the \$50,000  
annex to the county infirmary  
there, and the release of the build-  
ing committee which has been in  
charge of the construction.

Guests from this section were  
the Buchanan township supervisor,  
Harry Beck and wife; the Ber-  
trand township supervisor, A. E.  
Houseworth and wife; the county  
poor superintendent, Glenn Has-  
lett and wife. A banquet was  
served at 7:00 p. m., the tables be-  
ing beautifully decorated with  
American Beauty roses. Name  
cards were placed at each place.  
Favors for the ladies were red  
roses, and for the gentlemen silk  
American flags.

After the banquet, several talks  
were made by county officials, and  
the building turned over to the  
county by the building committee.  
The guests then inspected the new  
structure finding it satisfactory in  
all appointments. After that the  
evening was spent in entertain-  
ment and dancing, the Steinbair  
orchestra of Niles furnishing the  
dance music and the House of Da-  
vid quartet furnishing some excel-  
lent vocal numbers.

Society Votes The Summer  
Picnic Here Regular  
Annual Affair

Over fifty residents of the third  
city of the world responded to the  
fabled drawing power of the  
waters of McCoy Creek and trek-  
ked back to the old home town  
for a pleasant evening with old  
neighbors and fellow members of  
the Chicago Buchanan Society  
Saturday.

Some foreboding had been felt  
through the day by the local  
management on account of a  
threat of rain. However, when  
the hour of opening, 5:30 p. m.,  
arrived, the guests of the day be-  
gan to stream in, not only from  
Chicago, but from a number of  
cities in southern Michigan and  
Northern Indiana and from other  
states, until the seating capacity  
at the tables was exhausted, and  
a considerable number were  
obliged to remain for a second  
table.

After the picnic supper had  
been concluded, the company was  
summoned to the auditorium  
where the program and business  
meeting were held.

Harry Brown, in behalf of the  
local committee called the meet-  
ing to order and introduced the  
president of the society, Miss  
Mary Reynolds of Chicago, who  
took charge.

Appropriate addresses of wel-  
come and response were made by  
Claude Glover as village president  
and by Miss Reynolds in behalf of  
the Chicago guests.

Atty. A. A. Worthington was  
next called on for the address of  
the evening, responding with a  
sparkling talk in his best vein, in  
which he recounted a number of  
Buchanan memories, including  
the visit of Richard Pearson,  
Hobson, hero of the Merimac in-  
cident, as the guest of honor at a  
banquet, and his initiation by a  
draught of McCoy Creek waters.

Dr. Price, Chicago dentist, led in  
singing a number of old songs, in-  
cluding, "My Wild Irish Rose,"  
and "When You and I Were  
Young, Maggie," and closed with  
a solo, "My Little Gypsy Sweet-

### Berrien County Doctors To Meet At Niles, June 28

The Berrien County Medical Society will meet in Niles on Thursday evening, the 28th at the Four Flags Hotel for their June meeting.

A dinner will be served the members in the banquet room at 6:30 p. m.

The program besides the business meeting will consist of two papers.

Dr. Alexander Campbell of the Grand Rapids clinic, well known obstetrician and gynecologist will give the first talk, "Gynecological Problems in General Practice."

This paper will be discussed by Dr. Abbe Henderson of Niles and

Dr. George Green of Dowagiac. Dr. Harold C. Robinson of Grand Rapids will give the second talk on "Arthritis." Dr. Robinson is at the head of the internal medicine department of the Grand Rapids Clinic.

His paper will be discussed by Dr. McDermott of St. Joseph and Dr. Witt.

It has been the policy of the medical society to have one of two papers by well known specialists at each monthly meeting, preferably men from large clinics who are able to carry on experimental work among their clinic patients. This gives the local physicians post-graduate work in a summary that would take weeks of clinical study otherwise. It keeps the members up on the latest medical discoveries and provides the best of the new treatments for people of this locality.

### Juvenile Band to Play in Public By September 1

Good progress is reported from the Dewey Avenue grade school

building where the Buchanan Juvenile Band holds its practice, that organization of 20 pieces having already started playing simple marches in unison, after less than a month of practice, with indication that they will be competent to take part in public programs by the opening of school next fall.

The great need of the band at the present time, according to director Ralph R. Robinson, is six or eight clarinets.

### CLEAR LAKE WOODS RESORT IS SCENE BIG DEVELOPMENT

CHICAGO SUMMER COLONY IS BEING RAPIDLY BUILT THERE

Sale of lots in the Clear Lake Woods development project on the west side of Clear Lake is expected to get under way on a large scale with the beginning of the resort season proper about July 1.

The development company was first organized in November, 1922, at which time 350 acres were acquired, including all of the old Cook farm save fourteen acres of lake frontage on the east side, which had previously been bought from Cook by W. H. Colvin and C. H. Fuller. The company was called "Clear Lake Woods, Incorporated," and is a mutual stock concern, each lot buyer acquiring a share of stock in a community enterprise, and holding as many votes in the management as he possesses lots. Each owner, therefore, has an interest in the streets and in the Community Park and the beach frontage.

A block of the west frontage has been plotted into 470 lots, with 13 streets, and one long avenue which follows the contour of the beach and is called Lakeside Drive, which is to be ultimately paved with concrete. It is the design of the promoters to arrange with the owners of frontage on the east side to continue this drive so that it will eventually encircle the entire lake.

The 350 acres in the property contains some of the finest scenery to be found in southern Michigan, including 65 acres of virgin timber. The vegetation in this tract is most prolific in rare varieties of trees and flowers. There is a tract of rare wild orchids, a cranberry marsh, and every wild fruit known to this section, including huckleberries, blackberries, and wild cherries in profusion.

In the forest there are some fine specimens of white-oak, walnut, hickory, hickory and tulip trees, as well as a variety of rare mosses and ferns. The land has been imported in large quantities from Germany for use in growing flowers and

a subsoil in fine lawns. A load of this peat was recently secured by the Red Line florists of Niles, who tested it and pronounced it equal to the German product.

Lots plotted in this tract of timber are in demand by Chicago buyers, and are commanding very good prices. A total of 125 have been sold to date to eighty individuals, many taking two lots. All have bought with the ultimate intention of building. Ten cottages are now built, and eight more are to be built in the near future. The sale contract calls for well constructed houses, provided with all modern plumbing and septic tanks and all improvements must conform to a high standard. Present plans include the development of that part of the tract which lies away from the lake into a golf course, in which lot owners are to be share holders. At present the company has a tenant farmer on it.

When the project is developed it is estimated that it will add \$500,000 in property valuation to the tax rolls of Buchanan township and Berrien County.

Lots have been sold to a very high class of summer residents including many executives in Chicago enterprises, professional men, and owners of business concerns.

The ten residents who have already built cottages are as follows: Arthur B. Curtis, an executive in the People's Gas and Coke Co.; A. F. Karner, an employee of the Spaldings Co., sporting goods house, for 35 years.

LeRoy Plumber, associated with Eekley-Rolson Co., a manufacturer and distributor of golf supplies and other sporting equipment.

N. Walley Chicago tailor; Robert Vaughn, wholesale fish merchant.

Clarence Vaughn, milk distributor.

Lucy Dwyer, Chicago apartment house owner; C. W. Hostler, Chicago milk distributor.

Mary Gunderson, wealthy Chicago woman.

John Carter, owner of an electrical supply store in Englewood. During the past week end most of the houses contained two families, the owners entertaining guests. A total of eighteen families arrived Saturday evening and nearly all drove immediately to Buchanan, buying groceries. On Sunday morning four of the families attended church in Buchanan.

### Dr. Sargent Takes Family to Summer Home Next Week

Dr. Sargent will close his office Monday for the entire week, to take his annual vacation. He leaves for Bay View, a mile north of Petoskey, where he will establish his family in a cabin for the summer, returning himself at the end of the week.

### Buchanan School Board Organizes Tuesday Evening

The Buchanan school board held a special meeting Tuesday evening for the purpose of organizing, the following being elected: president, M. L. Haulin; secretary, Jack White; treasurer, Mrs. W. A. Rice. The regular meeting will be held next Monday night.

The condition of Ruby Ernspenger, who is seriously ill at the home of her parents, Mr. and Mrs. Geo. Ernspenger, remains about the same.

### Joe Proud Incurs A Fractured Wrist When Ladder Falls

Joe Proud of Bakersville incurred a fracture of the wrist bone in his right wrist this week when the ladder on which he was standing while painting the Waters home on the Niles-Buchanan road fell with him.

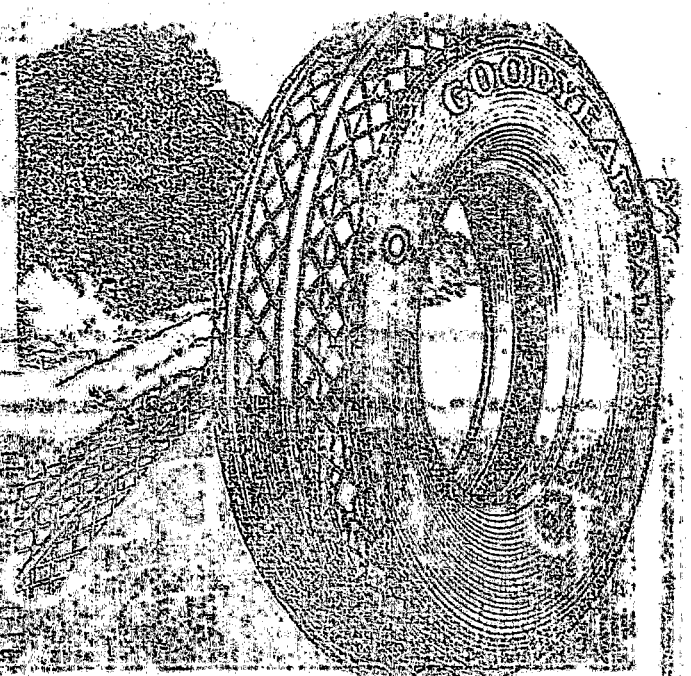

Elder and Mrs. Jesse Griffith, what with make-up and all, its and three children are expected in becoming more and more difficult Buchanan Friday to take up their to tell a woman's age these days, residence at the Church of Christ but we usually revise our first personage on Detroit street. Elder Griffith will preach his first sermon on Sunday, July 1st.

Possibly the most pathetic case on record is that of the man found weeping because he had discovered a great recipe for home brew and had no home as it costs.

The politicians who take to the middle of the road frequently get run over by the bandwagon.

Being timid isn't worth as much as it costs.

## W. C. T. U. Meets Friday at Home Mrs. H. Smith

The ladies of the Buchanan W. C. T. U. chapter on Friday will discuss the outstanding question of America in their regular meeting at the home of Mrs. Henry Smith, 307 Moccasin avenue. They meet at 2 o'clock. Mrs. J. E. Arney being in charge of the program, and Miss May Mills, president, presiding.

As stated, the question for discussion was, "The Status of Prohibition in foreign lands, and a forecast of the Thirteenth World Convention to be held in Lausanne, Switzerland, July 27 to August 2." The members will answer to their names in the roll call with information concerning the progress of prohibition in some foreign country.

The recent very successful Berrien county W. C. T. U. convention, held two weeks ago, will be reviewed and discussed by Mrs. W. F. Runner. As usual, refreshments will be served before adjourning. It is also expected that something will be said concerning the national conventions of the Republicans and the Democrats, and the pending campaign for president and vice-president of these United States of America.

## Rev. Camfield Leaves Today For Conference

Rev. and Mrs. W. H. Camfield, accompanied by their grandson, Billy Harrington of Waukeon, Ohio, who is spending the summer here, left this morning for Lake Odessa, where they will attend the Bible Conference being conducted there during the week of June 29th to July 5th. The conference was founded 6 years ago, and will be in charge of the Newell Evangelistic party, which had charge of the meetings held in Buchanan last winter. They will be assisted by prominent fundamentalists from every section of America. Rev. Camfield will be on the Thursday evening program and will also have charge of the daily quiet half hour, starting at 8 in the morning. Two daughters of Rev. and Mrs. Camfield will also be on the program after July 4th. They are: Mrs. E. A. Treadwell of Jackson and Mrs. C. S. Harrington of Waukeon, Ohio, and will furnish singing on the program. Rev. May will have charge of the Sunday Services during the absence of the local pastor.

## Graham Kent is High in Nation Wide Child Show

Graham Guenther Kent, son of Lieut. and Mrs. D. W. Kent, and grandson of Mrs. Nan G. Kent of Buchanan, was honored by the award of first prize at a child welfare show held at Lansing, June 16, at which only the children of a graduate of Michigan State College might be entered. Seventy-five children were entered from all parts of the United States. The contest was confined to children under the age of six. Young Graham, who is four, was awarded first prize for all round excellence in mental and physical tests. He is well known to Buchanan people, having been a visitor frequently at the home of his grandmother. The prize was a copy of Stevenson's "Child's Garden of Verses." Lieut. Kent is an instructor in De Pauw University at Greencastle, Ind.

## Truck Driver Is Fined for Excess Speed on Front St.

Gerald Land, truck driver for the Gross Construction Company, who is employed in hauling stone on the Walton Road construction project, mistook Front Street for a speedway Monday, and was stopped by motorcycle officer Fred French and hauled before Justice Al Charles, where he paid \$5 fine and \$5 costs for his ride. Land was driving east through Front Street at a rate of 40 miles an hour, according to observers.

Glenn E. Smith left Monday evening for Denver, Colorado, where he will visit relatives.

## PRINCESS THEATRE

Manager Homer P. Morley is investigating the Technicolor process movies with a view to securing them for the Princess Theatre. He is also studying the preferences of his patrons, and as a result is putting more and more productions on the screen, primarily for the young, especially the high school age. "The High School Hero", shown Monday, was that sort.

Every Tuesday and Wednesday during July the Princess will feature one of the "Collegians" pictures, the Saturday and Monday programs always include pictures having special lure for that age, and on Monday "Bill" Desmond's splendid "Vanishing Rider" serial will be shown. Curiousities and a new kind of news reel will be seen Fridays, besides many odds and ends on other days.

America's outstanding patriotic day, the Fourth of July, will be celebrated with a special program Tuesday and Wednesday, July 3 and 4. The dramas will be "We Americans" and "Buffalo Bill's Last Fight", both with certified historical and scenic verity, that make them both educational and thrilling.

Merely to mention the great writers and their literature to be presented is impressive. They include Temple Bailey's "Wall Flowers"; Zane Grey's "Lightning", a horse picture, and his "Mysterious Rider", with Jack Holt; "The Little Shepherd of Kingdom Come", and others.

The air is not forgotten, with that smashing picture, "The Legion of the Condemned", companion to "Wings", and "The Air Patrol", with Al Wilson, daredevil air rider. "The Gay Retreat" is also coming.

Manager Morley is constantly adding to his library of music classic and popular, for his organ and piano, and now has about 600 different compositions in his library. The music is usually adapted to the picture being shown. But to return to the young folks: Bebe Daniels, the girl athlete who did such amazing things for a girl in "The Campus Flirt", will be seen in "The Senorita", a southern California picture of the early days, with more of her athletic prowess. Jackie Coogan comes also in "Buttons", his cadet picture. And Madge Bellamy comes with "Silk Legs", and Harold Lloyd in "Speedy", depicts the complex of the development of speeding transportation and the political and criminal situations in New York, in which youngsters take considerable part. The Paramount Junior Stars have made a picture of their own, "Rolled Stockings", which makes July rather emphatically a month for the Teen Age.

## Mrs. H. W. Fogus Injured in Auto Collision Sunday

Mrs. H. W. Fogus incurred painful injuries Sunday in an automobile accident on M-60 west of Niles, in which four cars collided, all being partially wrecked.

Mrs. Fogus was returning from a visit at Three Rivers in company with her daughter, Mrs. Frank Sanders and Atty. Sanders. Sanders, who was driving, was following behind another car driven by Paul J. Kies of South Bend, who was weaving from one side of the road to the other in a manner that made it seem likely that an accident would occur at any moment. Just this side of Barron Lake, Kies headed into the left side of the road and struck an approaching car, spinning it around three times in the road and hurling it directly in the path of Sanders, who was unable to stop before his car collided. The spinning car caught the Sanders automobile on the left side, tearing off the fender and part of the running board and putting the brake out of commission. Mrs. Fogus, who was riding in the back seat, was hurled forward, and incurred a cut over her eye and severe bruises on one arm and shoulder. Another car driving west crashed into the mix-up and went into the ditch, making a total of four wrecks before the traffic stream was stopped.

Carroll Wilson has been quite seriously ill with tonsillitis.

## Gravelling of Streets Begins At Lake Madron

Development operations at the Lake Madron summer colony project, were shifted this week from road building to club house construction, a force of carpenters starting Monday to make alterations in the Mike Lundgren barn to fit it for a community club house.

The force of men building roads were laid off for a week, due to the fact that the construction had caught up with the surveyors.

Development work is continuing on the summer colony project which is being developed in the fine woodland tract on the north side of Lake Madron by New Jersey capitalists, grading work having approached completion this week on a system of 13 streets through the fine tract of timber.

This tract contains some of the sole remaining virgin timber in this part of the country, consisting mainly of beech, with some hard maple and walnut. Some fine logs of marketable quality have been taken from the woods to open up the roads.

Gravelling will begin as soon as the grading is completed and the tractor and grading outfit will be moved to the open field to the west where grading will be started on another plot of ground. The syndicate has bought up all the lake frontage save that contained in the Morley farm and the 27 acres owned by the Berrien County boy scout camp.

A beach is to be constructed by sucking the muck up from the lake by machinery, after which gravel will be laid.

## Invitations For Robertson-Rhoades Wedding Are Issued

Invitations have been issued for the wedding of Miss Jean Robertson of Flint, Mich., to Mr. Burland Rhoades of Buchanan, to occur at the home of the latter on Oak street.

Miss Robertson was formerly a teacher in the Buchanan schools, but is now employed in the offices of the Clark Equipment Co. Mr. Rhoades is also a Clark employee. Both of the young people are very popular in Buchanan.

## J. Leiter Home Quarantined For Diphtheria Case

A quarantine for diphtheria was imposed yesterday on the home of John Leiter on Fourth street, his 10-year-old daughter having contracted the disease during a visit at South Bend Sunday. The children at the home which they visited were all Sunday, but it was not then known that the complaint was diphtheria. Since that date, three of them have been pronounced diphtheria cases.

Beryl Hansen and Harold Boyce were in South Bend, Sunday.

## PICNIC FOR MISS KEATING

Sixteen girl friends of Miss Evardine Keating enjoyed a picnic at Clear Lake Thursday afternoon. The affair was complementing Miss Keating, who will leave Monday for her new home at Harvey, Ill. She received a gift as a memento of the occasion.

## World's Greatest Show Coming

Ringling Bros. and Barnum and Bailey to Bring Monster Sea Elephant and Other Features

Yep, youngsters, it's really true!

Meaning that a rumor heard sometime ago is now confirmed by the official announcement that the Ringling Bros. and Barnum & Bailey Combined Shows will positively exhibit at South Bend, Friday, July 13th.

At that time the world's first and only five-ring circus will be within easy reach of local sawdust fans. With it will come Goliath, the Monster Sea Elephant, the only one of his kind ever to be captured and exhibited alive and who will be the foremost feature of a menagerie composed of more than a thousand animals.

The big show is now a third larger than it was when it last visited this locality. Enormous new displays have been introduced such as ninety zebras, camels and horses performing at one time on a mammoth pedestal. On a similar series of circular raised platforms thirty-two of the show's forty-three elephants dance, run and perform in unison with the topmost of the ponderous actors twenty feet above the ground.

Prior to this gigantic display five herds of elephants appear in the five separate rings. At another time the rings are given over to five companies of liberty horses. At still another juncture of the program two hundred of the show's 900 horses, each ridden by an expert, are seen in the brilliant maneuvers.

Of the sixteen hundred people carried on tour this season more than eight hundred are the world's foremost aerialists, bareback riders, ground and lofty gymnasts, high-wire artists and super athletes. These are now seen in extensive groups and troupes each display led by its particular champion, a new method of presentation that is in keeping with the Ringling Bros. and Barnum & Bailey 1927 plan of extending acts in equal number over the entire length of the mammoth main tent. Little folks will be delighted to learn that the bringing of a score of European clowns to America has increased the fun-makers to more than a hundred.

Mrs. George Wedel of Los Angeles, Calif., arrived in Buchanan and is making her home at 12 S. Detroit street for the summer. Her father, John Allen of Galien is making his home with her for the time.

William Bohl will leave Friday for Gary, Ind., where he will spend the week-end on business.

## Camp Custer Quota Now 92.33 per cent Full Is Report

Michigan needs but 144 young men to enroll for the Citizens Military Training Camps before it has its quota, according to Phelps Newberry, civilian aide for Michigan to Secretary of War Davis. Michigan's quota for the training camps at Camp Custer and Fort Brady is 1878 and on June 20, 1,734 young men were accepted for training, which is 92.33 per cent of the quota.

Mr. Newberry announces that less than three weeks remain for young men to enroll for the training camps, and he urges all young men to get their application in at the earliest date possible, if they desire to be sure of attending one of the two Michigan camps this year. There is no expense attached to this training in discipline, leadership, American citizenship and loyalty, as the government pays all the expenses including transportation to and from camp, food, clothing, medical and dental care if necessary. Every boy in Michigan who is an American citizen, of good character, in good health, and between the ages of 17 and 24 years is eligible to enroll for this training. In every county in Michigan there is a men's and women's committee where information is furnished. In accordance with a custom of several years standing, an autographed Babe Ruth baseball and bat will be offered again this summer as a prize to the outstanding athlete in each of the 51 Citizens Military Training Camps throughout the country. The balls are to be donated by Colonel Jacob Ruppert of the New York American League and the bats by the Hill-enrich and Bradsky Company of Louisville, Ky., manufacturers of the "Louisville Slugger." On July 2 or 3, dates on which the New York Yankees are scheduled to play in Washington, Secretary of War Davis will officially receive the bats from the "Home Run King." These balls and bats will then be distributed to the commanding officer of the 51 Citizens Military Training Camps throughout the United States, including the two Michigan training camps at Camp Custer and Fort Brady.

The Wayne county C. M. T. C. men's and women's committees under J. M. O'Dea, chairman of the men's committee, and Mrs. Heinrich A. Pickert, chairman of the women's committee, has gone far over the quota for the county for the second time in the history of the training camps. Wayne county's quota was placed at 479, and on June 20 a total of 609 young men had been accepted for training.

Information regarding the camps, application blanks and the names of medical officers who

make the medical examinations free to Michigan applicants will be furnished by writing or applying Phelps Newberry, civilian aide, 443 Book Tower, Detroit Mich.

## Studebaker Plans Big Merger With Pierce-Arrow Co.

Completion of negotiations is expected soon for the merger of the Studebaker and Pierce-Arrow automobile companies, according to reports from New York City where A. R. Erskine, president of Studebaker, and M. R. Forbes, president of Pierce-Arrow, have been conferring with bankers. Neither official would confirm the report that the merger had been completed, but both stated that negotiations for the merger were in progress.

The assets of the two companies, in case they are merged, would be about \$160,000,000, compared with \$245,000,000 for the Chrysler-Dodge consolidation, and \$742,056,101 for the Ford Motor Company and \$1,093,477,576 for the General Motors Corporation. In financial circles, the deal was termed as "logical" one as the companies would have no duplication of output. Pierce-Arrow manufactures one of the best known cars in the high price field and Studebaker has had remarkable success in the middle and the lower class fields. The Pierce-Arrow company also manufactures a truck, which would give the consolidated concern entrance into that field.

## GALLEN

Miss Virginia Wessels, daughter of Mr. and Mrs. J. S. Wessels of Galien and Glenn Wharton, son of Mr. and Mrs. E. Wharton of Three Oaks were married at noon Tuesday at the First M. E. parsonage in South Bend. A five o'clock wedding supper was served at the home of the bride's parents to the immediate relatives and friends. Miss Wessels was a sophomore in the Galien schools. The young couple will make their home on the farm of the bridegroom's father.

Mr. and Mrs. Carl Hohman accompanied by Lillian, Ida and Dorothy Hess motored to Kalamazoo Sunday where the young ladies will attend the summer school session at Kalamazoo Normal. While enroute they collided with a truck near Paw Paw. The occupants of the Hohman Chevrolet Sedan were uninjured but the driver of the truck was hurt.

Practically the entire community turned out Tuesday evening to give Mr. and Mrs. Ray Clark a good old fashioned belling. The young folks had just returned home from their wedding trip through the west.

## NEW TROY NEWS

Wednesday, June 20 was a gala day for New Troy, when teachers and students of other days came from many states, cities and hamlets, to attend the annual school reunion which is held here every year.

The tables fairly groaned with the weight of viands spread upon them, from which 200 former members of the school helped themselves in cafeteria style. The affair was very informal and very much enjoyed. Although the attendance was not as large as in former years, there were many of the older members present who had not attended before. At the close of the dinner hour, something new was on the program, that rejoiced the hearts of all present. It was the laying of the cornerstone of the new \$75,000 building which is being built back of the former structure and as the New Troy band produced sweet strains of music, the entire company went to the exercises.

E. M. Berry, Superintendent of our school, was chairman of the occasion. Invocation was given by John English, music by the band. Two other former superintendents, Frank Noggles of Gallen and E. P. Clark, present Supt. of St. Joe School were called to the platform together with Rev. H. L. Potter, pastor of the Allegan M. E. Church, who gave a very fine address. Mr. Potter was a member of the first graduating class. He recalled a few names of former community members who have passed away, who planned and sacrificed to build and maintain a good school. At the close of his address, Rev. Potter proceeded to lay the corner stone, a trowel being used which was presented by J. Wood and son, implement dealers, which was afterward presented to the president of the board of education, Dean Morley, to be preserved as a memento of the occasion.

Mr. Morley in a few words assured the chairman it would be carefully treasured by the board of education.

Mr. Clark and Mr. Noggle gave brief talks in regard to the past and their enjoyment while here, also congratulated the citizens because of the beautiful new building. Exercises closed with music by the band, singing of America by the audience and the benediction by Rev. English and the meeting was adjourned to the Methodist Church to complete the exercise of the day with the regular program.

Miss Myrtle Pardee, president was in charge. Annie Perham Lee of Three Oaks led in prayer.

The report of the secretary and treasurer was read by Ed Ewertbeck of Gallen, and was accepted. A nominating committee consisting of Harry Boyce, and Virginia Barnhart Rehm of Buchanan, Cora Tripp Mann of Niles and Carrie Daniels McKee, local resident, recommended the re-election of Miss Pardee as president and the name of Essie Addison Piper as

secretary-treasurer. The recommendation was accepted.

Two letters were read, one from Henry Chesterman of Alaska, and the other from Nettie Sherwood Smith of Los Angeles, California, the latter being sent by air mail, each expressing regrets that they could not be here and sending regards to all their former school-mates.

A thought had been passing in the minds of many during the day of the older members, placing some sort of a memorial here and the old school bell seemed to be the culmination of the thought. A committee was appointed by the president to find out the cost and to work out plans. If it is found to be feasible, a tower will be built for the bell on the school ground, ready to hang the bell there on the next annual reunion day. The committee was: Supt. E. A. Berry, Paul Brodbeck, and S. E. Fletcher.

Speeches of reminiscence were given by several who attended for the first time. Virginia Mead, a present pupil of the school gave a recitation and the congregation arose and gave a few moments to silent prayer for those who had passed away. Rev. H. L. Potter pronounced the benediction.

Those attending the New Troy school reunion from Buchanan were: Virginia Barnhart Rehm, John Rehm, Myrtle Tiffany Pierce, Jennie Purdee, Burbank Myrtle Rosebrough Kean, Ada Williams Boyce, Viola Williams Boyce, Hattie Morley Miller, and daughter, Harry Boyce and children, Mrs. Kate Rough, who were nearly all former students of the school.

## SCOUT CHIEFS AT BLACK HAWK CAMP SUNDAY

PROMINENT AURORA MEN  
HOLD COUNCIL HERE  
ON WEEK END

A number of prominent business and professional men representing the Boy Scout Council of Aurora, a city of 60,000 population lying immediately west of Chicago, visited Black Hawk camp north of Buchanan Sunday and extended final approval to that project as the permanent summer camp for the Boy Scouts of that city.

The party arrived Saturday night by automobile, the council members bringing their wives and families, and a number of other friends of the organization, and staid all night at Colwell hall, taking supper, breakfast and dinner the following day. In the morning a council session was held, and plans for the future development of the camp and for the summer sessions to begin July 9, were discussed.

The hall is now ready for occu-

pancy and the grounds have been clear ready for pitching the circle of tents. The diving tower and beach have also been completed. The initial outlay represents an expenditure of \$17,000.

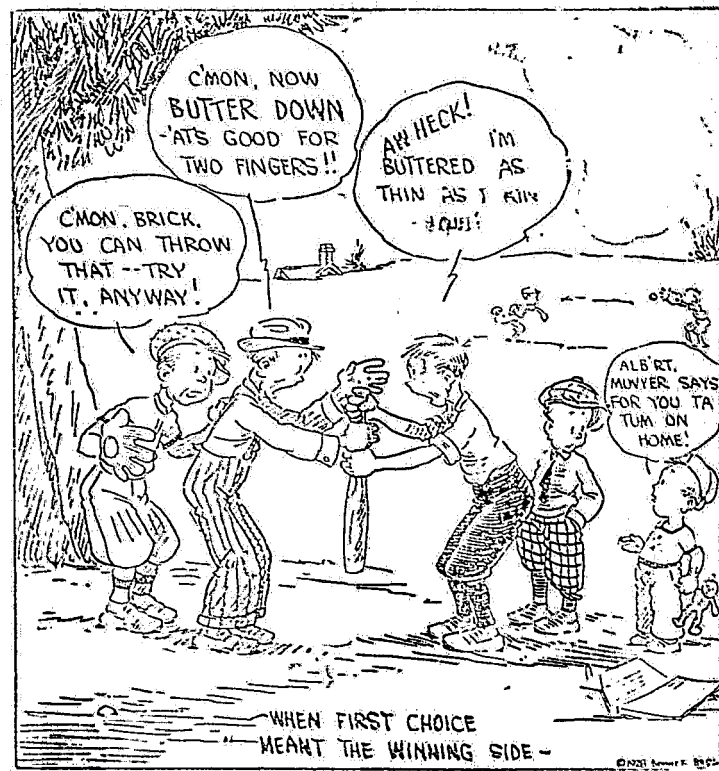

The summer session which opens July 9 and closes August 13 includes two sessions of two weeks each and one one week session. It is expected that about 110 boys will be present each session.

The Aurora council members who attended were: W. B. Greene, council president, member of the board of directors of the Barber-Greene Manufacturing company of Aurora; E. D. Waldo, superintendent of schools in East Aurora; J. H. Smith, superintendent of schools in West Aurora; Jim Harley, Aurora postmaster; O. A. Bates, manager of the Bates Mercantile Company; G. N. Davidson, proprietor of the Davidson Furniture Company.

The Blackhawk Camp staff for the summer session will be: director, C. E. Palmer; assistant director, W. V. Remley; assistant director, G. McGee; nature instructor, Sylvester Miller; swimming instructor, Foster Keagle.

## BROCEUS KIN HOLD REUNION AT ROUGH HOME

FAMILY SETTLED FARM  
NEAR HILLS CORNERS  
IN 1840

The annual reunion of the Broceus family was held Sunday at the fine country home of Emory Rough two miles south of Buchanan, guests to the number of 70 assembling for a one o'clock dinner and a pleasant informal afternoon.

Guests of honor for the occasion were the five living sisters of the original Broceus family, daughters of Abram Broceus, who came from Ohio in 1840 to settle on 80 acres in the extreme northwest corner of Buchanan township, then the heart of a virgin forest. Broceus and his wife brought one child here, and nine were born on the homestead above mentioned, of whom the five sisters survive, their ages ranging from 70 to 87.

These sisters are: Mrs. Justus H. Steiner of Niles, 87 years old; Mrs. S. C. Quint of Carroll, Iowa, 85 years old; Mrs. George Hanley, 204 Front St.; Mrs. Anselm Wray, 113 Lake St.; Mrs. Francis Fowler.

The old Broceus farm, which was ultimately enlarged by the purchase of neighboring land to over 200 acres, is now known as the Joel Hartline farm, and is occupied by Clayton Hartline. Abram Broceus, arrived on the place at the opening of winter, and cut green logs in the forest for his cabin, quartering saplings to stop the cracks between the logs, and chinking with clay. He made a fireplace of clay mixed with cut straw as a binder. He cut white oak trees and hewed clapboards, which he laid on notched poles for a roof, and piled logs on top to hold them in place. There was not a nail in the entire structure. In this building, comprising two rooms and a loft, the family lived 13 years, then built a larger house.

They went to school two miles through the forest, where the howl of the timber wolf and the sight of a terrifying, though probably peaceful enough redskin were still common occurrences.

One of their teachers at this time was Jake Ullery, who is still living near Niles at an advanced age. The first teacher, which the oldest sister had was a Miss Eliza Farley.

In 1865 the family moved to the farm which is now commonly known as the Broceus homestead, a mile and a half west of Buchanan, the title to which still remains in the family, after 63 years. Mrs. George Hanley is now the owner.

Outside Guests. Guests from a distance who attended the reunion Sunday were: Mrs. S. C. Quint of Carroll, Ia.; Mrs. E. M. Eversley of Carroll, Ia.; Mrs. Clyde Fernald of St. Charles, Ill.; Mr. and Mrs. M. E. Quint and daughter of Detroit; Mr. and Mrs. Ralph Farnsworth of Wabash, Ind.; Mrs. Fred Hanley and son of Kansas City, Mo.; Mrs. F. E. Newberry of Pasadena, Calif.; Mr. and Mrs. Verner Spalding of Detroit; Mr. and Mrs. Perley of South Bend; Mr. and Mrs. Frank Steiner of South Bend.

Family Organization.

After the dinner had been concluded, a short business meeting was held in which the following officers were elected for the coming year: president, Emory Rough; vice president, Albert Rhoades; secretary and treasurer, Mrs. Lillian Rhoades.

LIGHT HOUSE OPEN DAILY,  
NOON TO MIDNIGHT

The Light House, New Buffalo's popular rendezvous for lovers of terpsichorean art which has been open on Saturdays only since Memorial day, opens for the 1928 season this Saturday, featuring the Light House Aces, a music galaxy composed of stars of previous orchestra playing at the dainty pavilion. Good music is promised, there will be novelties

and vocal selections interspersed with the dance music. Artists from the radio, vaudeville and the silver screen are being booked by the management and will be seen on special nights.

Delectable viands, well served on meticulously ordered tables by courteous attendants, with linens, china and silverware fit for the most fastidious, specializing in steak and chicken dinners, also dainty toasted sandwiches can be procured from noon to closing from now on.

More room has been provided for spectators, part of the sides have been glazed, so no matter what the weather, patrons will have comfort within. Parking space is provided for 1000 autos and each side of pavilion has ample table accommodation for the large patronage, all things in connection with the Light House are of the best, the acoustics and crystal ball being outstanding features. The management caters to the better class of patronage and enjoys a large clientele from the surrounding country as well as resorters.

## Legion Plans Air Circuses at San Antone Convention

Arrangements have been completed with the war department for staging spectacular battle exercises and two great air circuses during the American Legion national convention to be held in San Antonio October 3 to 12.

Co-operation of the army has been pledged to the limit by Secretary of War Dwight F. Davis and Assistant Secretary of War Trubee F. Davison, in charge of aviation for the department, Philip B. Stapp, general Legion convention director, announced on his return from conferences just held with them at Washington.

The greatest fliers in the army will be assigned to put on the air circuses. Secretary Davis and Assistant Secretary Davison told Mr. Stapp. One circus will probably be staged on Monday and the other on Friday of convention week.

Picked battalions from the famous old Second Division, which wrote its name large in the history of the World War, will stage the battle exercises which will be the most elaborate and thrilling put on in America since the armistice, Mr. Stapp stated. This will be in the form of a simulated attack on a prepared enemy position. Fliers will be assigned by the war department to demonstrate the dropping of 1100 pound bombs on the attacking troops.

Cooperation of the navy department has also been assured by Secretary Curtis D. Wilbur. Plans are being considered for sending the dirigible Los Angeles to the convention if arrangements can be worked out for mooring the big ship there.

The air circus and the battle maneuvers will be only two of the many big features of convention entertainment which San Antonio is going to put on for the Legion gathering. Mr. Stapp said. A world's championship rodeo, with the greatest performers in the game participating, will also be staged.

Dodson's World's Fair Shows, 35 "all-steel" cars in two sections are dated for Niles, week of July 2 to 7. The American Legion boys are sponsoring the engagement. In the 25 odd years of Dodson's Shows not a single black mark is on record. C. G. Dodson, sole owner, personally directs and guarantees amusement fit for families, and nothing to shock the mind of a child. That he has a clean show evidences in the "Canvass Church" for his near 600 people, with the only Circus Preacher, Doc Waddell, as its Chaplain. No other show has taken this advanced, clean step. Mr. Dodson offers pageantry, music and pretty girls a-plenty. His extraordinary shows, under Circus "Big Tops" are: The Dakota Max

Circus and Wild West with a complete circus performance—clowns, trained animals, and "Thrillers"—and the characters, human and animal of Ranch, Mountains, and Plains; a Circus Side Show with the tallest and smallest, and all the strange entertainers of Earth—no monstrosities; and the World's Greatest Minstrel Show—a very rare and meritorious black-face performance. Each of these have a Band. The Main Show Band, directed by Prof. A. U. Esbeck, appears in daily "down-town" concerts with Lyle Reed singing with and beating it. Prof. Clifford M. Thompson, "The Norwegian Giant" is the tallest, heaviest, big man ever born, near 9 feet tall. Is a college graduate and when he college yells, the ground trembles. "He is close and friendly with Mars and the Milky Way," says the Press Agent. On the Midway are all the modern and old time rides. There are a long line of different tested theatres and the Handsomest Girlie in show life. "Lotta" is her name, born at Gulpport and when a toddler danced on the knees of the South's first Citizen, Hon. John Sharp Williams, many a time.

## Bell Telephone Completes Big Mich. Hook-up

One hundred miles of long distance telephone cable, comprising the Ann Arbor-Kalamazoo unit of the trans-Michigan toll cable, will be placed in service fully this week by the Michigan Bell Telephone company, company officials announce. This brings to a completion approximately 350 miles of the proposed 825-mile long distance cable system of the company, building of which was begun in 1926. It is planned for completion in 1930 at a total cost of more than \$10,000,000. The cost of the unit just placed in service

was about \$950,000.

Upon its completion in 1930, the trans-Michigan cable and principal branches will connect more than 50 of the principal telephone exchanges of the state, extending from Detroit and Port Huron on the east to Benton Harbor-St. Joseph and South Haven on the west, with Grand Rapids, Grand Haven, Bay City and Saginaw, the northern points, and Toledo, Ohio; Niles and South Bend, Indiana, the southern points. At the two out-of-the-state points, the cable will be joined with the big New York-Chicago-St. Louis cables and transcontinental and other circuits reaching into every state in the Union. It also will connect with the transatlantic, Mexican and Cuban circuits. In Michigan, smaller cables and open wire lines from all parts of the state will tie in with the new cable also. Kalamazoo, Jackson, Ann Arbor, Dearborn, Ypsilanti, Battle Creek, Flint, Pontiac, Royal Oak, Birmingham, Mt. Clemens and intermediate points are on the route of the new cable. Lansing will be reached by a branch cable.

In diameter the lead sheathed cable is slightly larger than a man's wrist, yet it contains an average of 337 talking circuits, which, if in the form of open wire circuits, would require 15 pole lines of five crossarms per pole with 10 wires to each crossarm.

Building of this cable and the recent introduction of a new speedy type of long distance service by means of which a majority of long distance calls can be connected while the calling party holds the line, as in making a local call, are the two outstanding long distance developments of recent years, it is stated. The opening of this cable provides many additional long distance circuits, and also shortens the time required to connect users of the service. Michigan telephone users now are averaging 2,100,000 long distance calls per month.

## Record Office Presented With A Rare Bloom

Calvin Bachman presented the Record Office a beautiful Shasta Lily Saturday, one of a bouquet sent him by his son, Earl Bachman, who is in the employ of the U. S. forestry service in the Mt. Shasta district. The Shasta lily grows only in a limited tract near Mt. Shasta, California, and is found nowhere else in the world.

## Duties Truckers in Relation to Fruit, Vegetable Laws

The State Department of Agriculture is charged with the enforcement of laws governing the grading, packing and shipment of Michigan fruits and vegetables. Certain responsibilities rest on the many truckers engaged in fruit and vegetable transportation may fully understand and cooperate with the Department this circular is issued.

Act No. 207, Public Acts of 1915, entitled "An Act to prevent fraud and deception in the sale of Michigan grown fruits and vegetables" requires the full name and address of the packer or dealer including the name of the state to be printed or stamped on each package before such package is removed from the premises of the packer or dealer.

Section 3, of the Act, provides that no person shall sell or offer, expose or have in his possession for sale in the open market, any fresh fruits or vegetables, packed in a closed package and intended for sale unless such package is marked as in the Act required. Each trucker is liable for all packages in his possession not marked as herein required, and should, therefore, refuse to accept any package which is not legally marked. The requirement applies to all fruits and vegetables grown in Michigan, and the fine provided for is not more than ten dollars for each offense.

Truckers will not be held responsible for the grade in packages of apples, grapes, or potatoes, unless it appears that they or the company they represent is responsible for the grading thereof. They will, however, be held responsible for the absence of any and all required marking; meaning, name and address, grade, variety, size required by the Act, and net contents. In the case of apple packages see Act No. 82, Public Acts of 1925, Grape packages, Act No. 145, Public Acts of 1925, and potato packages, Act No. 76, Public Acts of 1925. Blue tags shall be used for U. S. No. 1, potatoes, and red tags for U. S. No. 2. Properly branded or stenciled bags do not require tags.

The Commissioner of Agriculture, or any of his inspectors are authorized to enter any premises within the State to inspect food products, and obtain samples. It is made a misdemeanor for any person to obstruct the Commissioner of Agriculture or any of his inspectors in the pursuit of their duties, and every such obstruction or conviction thereof is punishable by a fine of not less than twenty-five dollars nor more than one hundred dollars or not more than ninety days in the county jail.

Unfair competition brought about by truckers who fail to observe legal requirements has called for this warning. The Department solicits the trucker's cooperation toward the observance and enforcement of fruit and vegetable laws, and when such laws are observed by the trucker unfair competition and unfair methods will have largely ceased to exist.

For further information, grading circulars, etc., write to the State Department of Agriculture, at Lansing, or to one of its branch offices, 75 Elm Street, Benton Harbor, and 407 Commerce Building, Detroit.

## Pheasant Eggs May Be Secured From State Farm

There will be a supply of pheasant eggs available at the Mason Game Farm for those who want them throughout the balance of the month. P. S. Lovejoy of the Game Division of the State Department of Agriculture, has announced. Due to the unusually cold weather this spring, the hens did not start laying as early as usual and will continue to a later date than is customary. The farm has just completed its second setting of 5,000 eggs. Any one desiring a setting of these eggs may do so by filing an application with the Department.

In making its attempt, Michigan at least has the experience of others to scan while engaged in the interesting work. The state of Oregon has also been interested in the propagation of Hungarians under wire. Oregon started two years ago and while they have not been conspicuously successful, they have reached the point where they believe they can raise the Hungarian pheasant and have the concrete evidence in the way of birds to show for their efforts.

Every type of confinement is being tried—birds are placed under woodlot conditions, and they are released in enclosed fields and placed under other conditions. Even with the eggs on hand, the expert observationists know they are only started on their program. They wonder whether or not the birds will lay sufficient eggs to make the business worth while and even then they do not know what percentage, if any, of the eggs will be fertile. The feeding of the chicks, constitutes another barrier. It is reported by the importers that the chicks subsist solely on insects and will refuse anything but bugs, the business of raising them would of course be far too complicated to economically control.

Some of those engaged in the work are of the opinion that the second generation will prove easier to handle than the ones now in charge. One of the hens at the farm hung itself in the wire recently and an examination of the body revealed a string of egg embryos. This provided more encouragement.

While the game farm experts are busy studying the captives there, others are watching the wild birds that have crossed into southern Michigan counties from Ohio where they were released. Feactions in captivity may be altogether different than in wild life. Secrets of diet, nesting habits and other information is being sought. This wild life study may also determine whether or not the bird is acceptable as an addition to our game birds. He may be a destructor or may prove an asset. As yet the verdict rests with those reviewing the evidence.

Many Groups Rural Workers to Meet At State College

Many special group meetings and conferences, ranging all the way from rural ministers to "just plain farmers", have been called for the Michigan State college campus during the next few weeks. Literally thousands of visitors will be included in the various gatherings.

Rural women from all sections of the state will gather for a week of entertainment and instruction at the college, July 21 to 27, in the Farm Women's Institute.

The annual school for rural ministers is scheduled to run for two weeks, beginning July 9. An institute for social workers will be held at M. S. C. for the

first time, July 16 to 21. Members of the college staff and national authorities have been secured as instructors for this institute.

Farmer's Day, the largest and most important of the summer meetings, will interest thousands of visitors who will come to the campus on July 27. It will be the eleventh annual Farmer's Day.

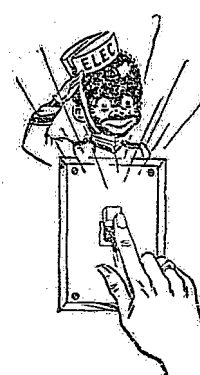

A school for librarians opens July 9 and continues through July 20, and the annual conference of Y. M. C. A. secretaries will be held the latter part of August.

A mid-summer school for poultrymen is set for July 9 to 13. The sessions were attended by 100 of the state's leading poultry raisers in 1926, when the last school for this group was given.

Another new motor car, to be known as the "Plymouth" is soon to be announced in Detroit. The car, it is said, has been under construction for some time, but formal decision as to its name was not determined until a few days ago. No information as to what company is to build it, its price, size or other details are revealed as yet. Spokesmen for it said the name Plymouth was chosen because the car typifies the endurance, strength, rugged honesty, of the Pilgrim band who were the first American colonists.

## THE NEW FOURTH

Year by year the old fashioned Fourth of July with spitting cannon and sizzling rockets against a blue-black sky is becoming more and more of a memory.

The Fourth of July which small boys and girls awaited as eagerly as Christmas itself, a day of toy torpedoes, of celluloid-collared orators, and ice cream socials, has been transformed into an Independence Day of quiet and dignity. "But how can we teach our children what Fourth of July really means?" a mother asked not long ago, adding, "you must make a child on his own ground—things must be explained to him in terms that he understands."

This mother, who is fortunate enough never to have been forced to the tragic task of binding up mangled little fingers shredded by "innocent fire-crackers," is arguing that a child must be taught the meaning of liberty and freedom and independence by lighting a pin wheel or hurling a torpedo came upon the pavement.

It is difficult for us who passed childhood in the old-fashioned noisy Fourth of July decade to remember that our Roman candles and "flower pots" meant anything lofty and inspiring to us—anything but a rollicking holiday.

Safe and sane Fourth's are pretty well established but the argument some way should be found to make green the meaning of what those perverted builders of our nation did back on July 4, 1776. Is a worthy one.

The great purpose of a Fourth of July observance is not only to pay respect to the early framers of this government but to measure the patriotism of this with that day, to determine whether this nation has been true to the faith, whether it has kept aloft the torch, whether its willingness to sacrifice for the common good deserves a place with the sacrifices of the fathers of the nation. Such speculation is in order in these times and a quiet, dignified observance, such as this city has in mind will be helpful.

MIDSUMMER BARGAINS  
Midsummer brings fashion to the cross roads. This is the season when she makes her final review of summer's colorful wardrobe and looks ahead to the first hints of the fall mode.  
Twice gifted is the season for feminine lovers of fine raiment.

Midsummer is the time when merchants sacrifice profits to move their remaining summer merchandise and when the interesting advance styles in coats, dresses, hats and accessories arrive to add zest to shopping.

Personal and household needs are now being replenished with distinct savings to the buyer. Supplies for future needs are being purchased at low midsummer prices and countless buyers now find it possible to buy the things which they have desired since summer's coming but refrained from buying because of early season prices. This is economy season for those who take advantage of this opportunity which knocks but once a year.

Midsummer bargains are not offered to the women folks alone. Overstocks of men's suits, hats, shirts, underwear and other wear apparel are unloaded at this time of year to eager customers. There are thrifty men who find it highly profitable at this time of the year to stock up with clothing essentials for the entire year.

Newspaper advertisements herald the opening of the midsummer restocking sales and guide the buyer to the places where shopping is now not only profitable but an exciting adventure.

INTERNATIONAL BRIDGE  
The Fort Huron Times-Herald reminds the world that its town, too, is soon to have an international bridge.

The Fort Huron-Sarnia bridge measure is now law in both the United States and Canada, having been passed by congress and the Canadian parliament and having received presidential and royal approval.

The energy which Maynard Smith, promoter of the bridge, is displaying in pushing forward the engineering and financial work is encouraging of an actual start on the work of construction at the earliest possible moment.

"Triple" McNeill, the bridge engineer, who is expected to look over the ground personally within a few days, is one of the most famous and successful bridge builders in the country, or in the world for that matter. His word on bridges is a final authority anywhere in America.

There are, of course, an infinite number and variety of details to be worked out between the engineers, the United States war de-

partment and the Canadian authorities, to insure the best and most advantageous location for the bridge, but it may be expected that Mr. Smith will allow no greater delays in the actual beginning of the work than are absolutely necessary.  
"Now that the bridge is assured we are naturally going to be quite impatient until it is finished and open for travel."

Once the savage in America bit the dust; now he hires an alienist. If people would only pray as hard to avoid war as they pray to win one.

The truly poor are those who must buy cheaper cuts of beef in order to afford nice stockings.  
Humility isn't much of a virtue if you cultivate it because you are afraid to fight.

"Clarence Swank is very sick at his home."

One of the most important weddings of the season in Galien was the marriage Monday morning of Miss Florella Green to Howard J. Rugg of Lansing. The ceremony was performed at 10 o'clock at the home of the bride's mother, Mrs. Dora Green, by the Rev. J. W. McKnight, who is pastor of the local church, of which the bride is a prominent member. Miss Green wore a costly yellow tulle, crepe, and carried a shower bouquet of bride's roses. She was attended by her sister, Miss Bernice Green. The bridegroom, who is a son of Mr. and Mrs. Frank W. Rugg of Lansing, was attended by Leonard McKean of that city. The wedding march was played by Miss Ruby Karanough of Grand Rapids and her sister, Miss Blanche sang, "Take Thou My Vow". The bride is one of Galien's most popular young residents and was graduated from the Galien high school in 1922, teaching school for a year in Bridgman and completing a course in Kalamazoo. For the past two

years she has been a teacher in the Lansing high school. The groom holds a position with the Lansing State Journal. He was a graduate in 1922 of the Lansing high school. Twenty immediate relatives and friends were guests at a luncheon served at the Slocum Hotel at 1:30. A color scheme of yellow and white was effectively carried out with roses for the decorations of the table which was centered with a wedding cake and a miniature bride and groom. The happy couple left in the afternoon for a short wedding trip, after which they will reside in Lansing, where the bridegroom has a new house completed and furnished. The out-of-town guests were Mr. and Mrs. Frank Rugg and daughter, Helen, Mr. and Mrs. Leonard McKean and daughter of Lansing, Mrs. George North, Miss M. Hoyt of Owasco, and Mrs. Pearl L. Green of Jackson.

## CONRAD REUNION

June 24 marked a day long to be remembered by those present at the home of Mrs. Melvina Conrad Ely of Butler, Mich., where thirty-four relatives met and nine friends called during the day. A pot luck dinner was served and each family brought enough for crowd, crate of strawberries, baked beans, meat loaves, chicken and fresh fish, 8 beautiful cakes, decorated prettily and everything good to eat. Many beautiful flowers and an ideal day made the day delightful throughout. After dinner the history of the Conrad family was read by Wilbur Conrad of Mt. Dora, Florida, and we found only a few of the many present. We hope the reunion continues and all will endeavor to come next year. Relatives were present from Homer, Athens, Buchanan, Niles, Mich., South Bend, Ind., and Mt. Dora, Florida.

BUCHANAN S. S.  
9 DEFEATS EAU  
CLAIRE SATURDAYLOCAL TEAM WINS THIRD  
GAME BY ERRORLESS  
BRAND OF BALL

The Buchanan Sunday School League team maintained its perfect record Saturday by winning their third successive game with a victory over Eau Claire, scoring eight runs to three for the north county boys.

A margin in the pitching department which was ably handled by R. Morse, plus tight defense behind the pitcher featured the Buchanan team play and incidentally reflected the careful coaching of Curly Bradfield. The Eau Claire team contained four college men and other high school graduates. Daisy, who has appeared on the local field several times, once in a Buchanan Blue uniform, was on the mound for Eau Claire, pitching a game that was good, though not quite good enough. He struck out eight men and walked five, as compared with 11 men struck out and one walked by Morse, which tells the tale of that department.

More family relationships featured this game, the line up of Buchanan containing the Morse and Schultz twins, while the Eau Claire batting order contained Briney, Sr. and Briney, Jr., father and son.

Rev. W. H. Camfield of the Evangelical Church accompanied the local team, and Rev. J. T. Henry of Eau Claire sponsored the team from that city.

The line up and score card was:

Excellent Team Work Resulted in 3-1 Victory For Local Nine

SIMPSON'S CONTROL FINE  
Support of Field Players  
Clinched the Battle Between Pitchers

In a game featured by first class teamwork and closely knit team play, the Buchanan Blues raised their 1928 percentage to 750 Sunday by their 3-1 victory over the state line team.

Simpson, officiated on the mound for the Blues, and while his strike out record was shaded somewhat by Whiting of the State Line nine, the visitors were able to gather little from him that they could materialize into tallies. His control was excellent throughout, and whenever the visitors were within striking distance he tightened and stopped further advancement.

He received excellent support in all parts of the inner and outer field. Hamilton at second base especially distinguishing himself for some hair raising one handed catches of hot drives through his territory.

Buchanan Grays  
To Play Sawyer  
There Next Sun.

The Buchanan Grays, newly organized baseball team, will play their first game Sunday against Sawyer at Sawyer, their opening contest scheduled with New Troy last Sunday having been cancelled on account of rain. Much interest attaches to this contest, as it is expected that local fans will get a line on the baseball talents of the new organization. The game opens at 2 p. m. with the following lineup for the locals: First base, Froust; second base, Peck; short stop, Pingst; third base, Chain; left field, Roll; center field, Lister; right field, Mitchell and Ross; pitchers, Myers and Hess; catcher, Ross; utility, Ferguson.

SUNDAY SCHOOL  
TEAM WILL PLAY  
HARD GAME SUN

SCHEDULE FOR SEASON ANNOUNCED BY COUNTY WIDE LEAGUE

The Buchanan Sunday school baseball team, fostered by the Evangelical church and including players from all schools, will probably play the hardest game of their season against Hinckman at the Berrien grounds, Saturday afternoon, at 2 o'clock. Although they have once defeated Hinckman this season, they know that the Stewarts, Stovers and Housworths will not weakly swallow the humiliation of defeat by the school boys, for most of them are seasoned players, some former players with the famous Buchanan Blues, and their only salve is to defeat Buchanan.

All Sunday school teams will be busy Saturday, Berrien Springs at Eau Claire, and Royalton at Three Oaks. So far Buchanan's boys, the youngest in the league, lead the pack. The present standings are:

	W	L	Pct.
Buchanan	3	0	1000
Hinckman	2	1	.667
Three Oaks	2	1	.667
Royalton	2	1	.667
Eau Claire	0	3	.000
Berrien Springs	0	2	.000

Buchanan will probably line up as follows: Knight, c; Boyce, 3b; Imhoff, rf; Pierce, captain, 1b; Roe, 2b; Pingst, ss; Louis Morse or Wm. Schultz, cf; Lawrence Morse or M. Schultz, lf; Morse or Pierce, p.

Roy Pierce was expected to manage the boys in the absence of the Rev. W. H. Camfield at Lake Odessa, but inventory will prevent and Frank Imhoff or Mr. Ashby, or both, will have them in charge.

M. E. Neidinger, manager of the Sunday School League, reports the following revised schedule for the rest of the season:

July 7, Open.  
July 14, Hinckman at Berrien Springs.  
The Oaks at Buchanan.  
Royalton at Eau Claire.  
July 21, Buchanan at Royalton.  
Eau Claire at Hinckman.  
Berrien Springs at Three Oaks.

July 23, Open.  
August 4, Hinckman at Berrien Springs.  
Royalton at Buchanan.  
Three Oaks at Eau Claire.  
August 11, Hinckman at Three Oaks.  
Royalton at Berrien Springs.

Hinckman at Royalton.  
Buchanan at Three Oaks.  
August 25, Eau Claire at Hinckman.

Although July fails to be an open date, the Hinckman Methodists have scheduled a game with a strong Sunday school aggregation from Holland, to be played on the Berrien diamond.

Harold (Curley) Bradfield started the summer program of sports and playground activities for the grade school children at Kathryn Park Monday, and will present an outdoor program there in about two weeks. He also plans to organize a Two-Light Indoor Baseball League for the business men and Clark Equipment Company men, to consist of six teams. Games will be played in the evenings, starting at 6:30, at the Athletic Field. A team tournament will also be scheduled there.

Debut of Grays  
At New Troy Is  
Stopped by Rain

Cancellation on account of rain of the maiden performance of the Buchanan Grays at Three Oaks Sunday was the occasion of great disappointment among local baseball fans, who were anxious to get a line on the new array of talent. The protégés of William Baker, coming from the baseball world, were ready to go on the field when a downpour of rain converted the diamond into a lake.

The first American car to finish came in seventeenth, fulfilling the prediction that no three-speed car could hope for victory. The four-speed transmission is in general use in Europe, but on this side its advantages have been recognized only recently.
