# News Around Galien The Happenings of the Past Week Among Our Neighbors to the West

Mrs. R. V. Slocum, Correspondent

## Galien Culture Club Holds Annual Mid-Winter Frolic

The annual mid-winter frolic of the Culture Club was held Friday at the home of the president, Mrs. G. A. Jannasch. On account of illness only nine members were present to enjoy the sumptuous chicken dinner served by the committee in charge of Mrs. Clayton Smith and Mrs. Ed. Shearer. The afternoon was enjoyed in different kinds of contests and games. Mrs. John Hamilton, Mrs. Clayton Smith, Mrs. Clyde Swank and Mrs. Austin Dodd were the prize winners. Mrs. M. E. Tooley, of Oakland, Calif., and Mrs. L. Mitchell were the honored guests. The regular meeting of the club will be held Friday afternoon at the home of Mrs. John Hamilton.

## Olive Branch

Mr. and Mrs. Ira Lee were in Buchanan Saturday.  
Mr. and Mrs. Lysie Nye called on Mr. and Mrs. Henry Ingles Saturday afternoon.  
School opened in this district Wednesday after the holiday vacation.  
Mrs. Millie Bowker, Kenneth, Daniel and Mike Kiefer are recovering from the flu.  
Mr. and Mrs. Joe Fulton are ill with the flu.  
Vivian and Henry Ingles transacted business in St. Joseph Friday.  
Mr. and Mrs. Encl Swem were callers in the Nina James home Sunday afternoon.  
Mr. and Mrs. Harry Williams and daughters, Evelyn and Irene, have recovered from their recent illness.  
The church services at Olive Branch were postponed last Sunday on account of so much illness and inclement weather.  
Rev. H. D. Meads called in the Harry Williams and C. D. Rhoads homes Sunday afternoon.  
Word came to Mrs. Jake Sheel-ey and other relatives in this vicinity that her cousin, Linden Markham, died in Chicago from pneumonia. Funeral services were held Sunday afternoon at his former home in Wakarusa, Indiana.  
A white-pigeon, the Amus, inhabited the Japanese archipelago before the brown man came; they are now nearly extinct.

## BLAKESLEE BLDG. WALL COLLAPSES LATE SATURDAY

### OCCUPIED BY THE SWEM STORE; ONE OF OLDEST IN GALIEN

The ravages of time made their mark on one of the historic landmarks of Galien late Saturday afternoon when the upper part of the south wall of the Blakeslee building crumbled and fell into the street next to the Michigan Central. Encl Swem, who conducts a department store in the building, states that the section falling was between 6 and 7 feet high and between 30 and 40 feet long, comprising about 3,000 bricks. The collapse was due to the rotting of two sills which upheld the brick. The structure is the property of Mrs. Ed. Blakeslee of St. Joseph, and is one of the oldest buildings in the town.

## Dorr Resigns Position as Supt. Galien Schools

Supt. C. F. Dorr has presented his resignation to the Galien school board in order to assume charge of the hardware business of his father, who died Saturday at Belding, Mich. Mr. Dorr was summoned to Belding Friday by tidings of the illness of his father, who passed away the following day. He is an only son, and will at once take over the management of the store. The Galien board met last night and accepted the resignation, but have not made arrangements yet as to a successor.

## Wagner News

The Wagner Grange will hold its regular meeting Friday evening. Roll call will consist of a song or recitation relating to some foreign country.  
Mr. and Mrs. A. L. Lehrke are recovering from a three weeks' illness.  
The infant child of Mr. and Mrs. Alva Best was taken to the Epworth hospital at South Bend Thursday. No improvement in its condition has yet been reported.

## Galien Locals

The Economic Club will attend an all day meeting next Tuesday held in the high school of Buchanan.  
Rev. Phenian Edwards delivered the sermon Sunday morning in the New Buffalo M. E. church on account of their pastor being ill.  
William Kiefer of Grand Rapids spent the week-end with his parents, Mr. and Mrs. Henry Kiefer. His wife and children who have been here since the holidays accompanied him home.  
Mrs. Henry Swem was a Tuesday caller on Mrs. Oscar Grooms who has not been so well the past two weeks.  
William Fraher is confined to his bed unable to sit up. He has been in failing health for over a year.

Mr. and Mrs. Floyd Bailey are the proud parents of a baby boy born Tuesday, Jan. 8th at the home of its grandparents, Mr. and Mrs. Will Hess.  
Mrs. Clemmy Roundy who makes her home with Mr. and Mrs. Will Mell in South Bend was called home Friday on account of the sickness of her parents, Mr. and Mrs. Washburn.

The Parents-Teacher association held their regular meeting in the high school Tuesday evening. Dr. Ellet of Benton Harbor gave a lecture on "Mental Hygiene." Miss Loraine Kelley played the piano for community singing. Mrs. A. Dodd, vice-president conducted the meeting, on account of the president, Mrs. F. Lintner, being ill.

Mr. and Mrs. Ira Sizer of Sawyer were Wednesday callers on Mr. and Mrs. J. A. Shueley, Mr. and Mrs. Charles Vinton and Mr. and Mrs. R. V. Slocum.  
Mrs. Dick Hill of Glendora is confined to her bed suffering from injuries she received from a fall. Her grandmother, Mrs. M. E. Tooley of Oakland, Calif., is caring for her.

Mrs. R. Wentland is teaching the Hills school this week in the absence of Miss Nellie Clark. H. A. Laycock has taken Prof. Dorr's place and Mrs. Oscar Allen of Niles, is teaching Mr. Laycock's room.  
Mr. and Mrs. G. A. Jannasch spent Sunday evening at the theatre in Buchanan.  
Mr. and Mrs. Ellis Goodenough are entertaining the former's sister and husband from Wisconsin.  
Lester Smith, son-in-law of Mr. and Mrs. Ed. Babcock is very ill with pneumonia at his home in South Bend. Dr. L. K. Babcock of Detroit was called to his bed side Saturday.  
Miss J. Phillips entertained the Child Welfare Club last Thursday evening at the home of Mrs. Charles Hohman. Mrs. Ora Kiefer resigned her position as secretary of the club and Mrs. Walter Ender was elected to take her place.  
Fred Hungerford who has been making his home with Mr. and Mrs. Guy Best since September, was taken sick during the holidays and has returned to his home at Dowagiac.  
Vaughn Best, year and a half old son of Mr. and Mrs. Alva Best is very sick in the Epworth hospital at South Bend.  
Mr. and Mrs. Forest Potter who were married Christmas day, are expected home Tuesday from their honeymoon trip.  
Mr. and Mrs. Carl Prenkert entertained Sunday afternoon, Mr. and Mrs. Mando Potter.  
Mr. and Mrs. Jesse Goodenough arrived safely at their home in Chicago after spending the holidays with relatives in St. Joseph, South Bend and Galien.  
Mrs. George Olmstead and son, Douglas, and daughter, Patty, were the Monday guests of Mr. Dean Straub.  
Miss Ola Green bookkeeper in the State Bank was able to return to her duties Monday after an illness of two weeks.  
Mrs. Vera Gensinger is ill with the flu at the home of her mother, Mrs. Reese.

Mr. and Mrs. Mando Potter and son, Foster, were the Sunday evening guests of Mr. and Mrs. Clarence Renbarger.  
Arthur Babcock, a student at Massachusetts Institute of Technology of Cambridge, Mass., returned Monday after spending the Christmas holidays at the home of his parents, Mr. and Mrs. Bert Babcock.

## 200 ATTEND FARM BUREAU ANNUAL MEET

### Favor Division of The Taxes Into Two Payments.

The annual meeting of the Berrien County Farm Bureau was held Saturday, January 5, 1929 at Berrien Springs despite the rain, ice and slush. 150 took dinner together and others came in during the noon hour making at least 200 in afternoon session. Mr. Sam Kiefer, public relations director of the State Farm Mutual Auto Insurance Co., our Farm Bureau Company, gave a very interesting and entertaining address on the work of the cooperative associations of the northwest and his experiences in that work. He also entertained the meeting with his dialect sketches.

Resolutions on roads and taxes held the attention of the members for several hours, no decision was reached on the Covert Road Act. On taxes, the meeting went on record as favoring a division of the taxes, one-half to be paid on December first and the other half on June first, making it easier for the property holder to pay them.

The new proposal for returning some of the gas tax money to the townships in proportion to the amount of mileage, square miles and valuation of the township, was accepted and adopted as proposed in the recent Farm Bureau Road meeting at Lansing.

The meeting reaffirmed their previous stand for the following: Truth in Nursery stock. Truth in Fabric. Rewards for thieving from Farm Bureau members. Women's Extension Work as part of the Farm Bureau program.

The meeting favor a rigid inspection of the peach orchards for diseases and the appointment of the inspectors by the township boards instead of the appointment by the department of agriculture, as it is done now. Several super-visors were in the audience and supported this measure.

The members were strongly opposed to any tampering with the Criminal Code law in regards to life imprisonment for four felonies. F. J. Thar, Coloma, was elected to succeed himself as director from the northern section of the county. Wm. F. Dean, Berrien Township, was elected to succeed himself from the central section, Ralph Ballard was elected to succeed himself from the central section, Ralph Ballard was elected to represent the southern district.

A special meeting will be held the latter part of this month to discuss the Covert Road Act and the proposed new road legislation.

## Mr., Mrs. J. M. Wray Celebrate Golden Wedding in Calif.

Mr. and Mrs. Amos Spaulding have received word from the former's sister, Mrs. J. M. Wray of San Jose, California that she and her husband will celebrate their golden wedding anniversary Saturday, January 12th at the home of their daughter, Laura Purinton at Seattle, Washington. Both Mr. and Mrs. Wray are well known in Buchanan, having lived here

January 24th. Banquet to be in charge of the ladies of the Methodist church. It is estimated that 250 will attend. The speaker of the evening will be Rev. Joseph Fox of Dowagiac, a speaker who is in great demand throughout the state. Scout demonstrations will be put on by Troop No. 3 of the Methodist church, Benton Harbor, a ten-year veteran troop.

## Don't Let 'em Die

Look out for colds, cough and flu, the great disease dangers of fall and winter. Birds free from intestinal worms more easily throw off these diseases. But if symptoms develop, don't let them die. Give Lee's Pin-Koff Emulsion in moist mash as soon as first sneezing, coughing or gasping for breath is noticed, and spray Lee's Vapo-Spray in the hen house at night.  
The Best Treatment for Colds, Croup, Bronchitis (Whooping Cough), Pneumonia  
Vapo-Spray is a combination of healing oils and the breathing of these vapors gets immediate action on the irritated windpipe. Pin-Koff is like a cough syrup for people—allays cough, reduces temperature and overcomes inflammation. No tedious individual dosing—treat the entire flock as easily as one bird. Thousands of flock owners completely control colds, croup and flu with this wonderful double treatment. Satisfaction guaranteed. Equally as successful for "flu" in dogs. Come in and get these medicines today. Keep 'em handy for prompt treatment. Ask also for a copy of the 1929 "Lee Way" book, free on request.

## Simplicity of cooling system is a feature of the new Ford

A COMPLETE water plant is a part of every automobile as it is a part of every modern city.  
The purpose of this water plant is to keep the engine cooled to a temperature that will make it efficient in operation. If it were not for this, the cylinder walls would become overheated and the pistons refuse to operate.  
The cooling system of the new Ford is particularly interesting because it is so simple and reliable.  
When the radiator is full of water, the engine of the new Ford will not overheat under the hardest driving. Yet the water is so regulated that it will not impair engine operation by running too cold in winter.  
The cooling surface of the Ford radiator is large, with four rows of tubes set in staggered position so that each receives the full benefit of the incoming air. The fan is of the airplane propeller type and draws air through the radiator at the rapid rate of 850 cubic feet per minute at 1000 revolutions per minute of the motor.  
The hot water around the cylinder head is drawn to the radiator to be cooled by a centrifugal water pump of new design.  
The entire cooling system of the new Ford is so simple in design and so carefully made that it requires very little attention.  
The radiator should be kept full, of course, and drained once each month so that sediment will not collect and retard the free passage of water. In cold weather, a reliable anti-freeze solution should be added.  
As owner and manager of this important water plant you should also see that the water pump and fan shaft are properly lubricated and the packing around the pump shaft kept in adjustment.  
Hose connections may also need replacement after long service. For those little adjustments, it pays to call on the Ford dealer.  
He works under close factory supervision and he has been specially trained and equipped to do a thorough, competent job at a fair price.

Morning sermon at 11 a. m. Subject: "Doctrines Jesus Taught."

E. L. C. E. meet at 6 p. m.  
Under present organization, we have four groups, namely, Adults, Rev. L. May, president; Seniors, George Nelson, president; Juniors, under the leadership of May Rose. Prayer meetings each Thursday evening at 7:30.

T. E. Van Every, class leader of the Seniors.  
Mrs. Lula Decker, leader of Young Peoples Department.

Christian Science Church  
Sunday school at 9:45 a. m.  
Sunday service at 11 a. m. Subject: Sacrament.

Testimonial meeting Wednesday evening at 7:45.  
Reading room open each Wednesday afternoon from 2 to 4.

"God" was the subject of the Lesson-Sermon in all Christian Science Churches on Sunday, Jan. 6.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Now unto the King eternal, immortal, invisible, the only wise God, be honour and glory forever and ever Amen." (1 Tim. 1:17).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God, the great I AM; the all-knowing, all-seeing, all-acting, all-wise, all loving, and eternal; Principle, mind, soul, spirit, life, truth, love, all substance, intelligence" (p. 587).

Advent Christian Church.  
Sunday school at 10 a. m.  
Morning service at 11 a. m. Subject: "Suffering and Its Reward."

Evening service at 8 p. m. Subject: "The Counsellor." W. O. Williams, Pastor.

Methodist Community Church.  
Church school at 10 a. m. Mr. Ormiston, Supt.; Mrs. Resler, Jr. Supt.

Morning Worship at 11 a. m. Sermon, "Conversation as an art." Music by Choir, anthem, "In Perfect Peace." Ira B. Wilson.

Epworth League at 6 p. m.  
Evening service at 7 p. m. Organ prelude, Mrs. Jennings, Community song fest. Prayers.

Anthem by Choir, "The Lord Is My Shepherd." Bertha Tamblin, with alto solo, Mrs. Liddicoat, and alto tenor duet, Dr. Sargent.

Cornet solo accompanied with Pipe organ, offertory.  
Sermon, "Apples of Gold." Benediction.  
Dismissal number by choir, "Now the Day Is Over." H. Liddicoat, Minister.

Methodist Church Notes  
An attendance contest is now on between the boys and girls of the Junior department, Mary Jane Zerbe has been appointed captain of the girls with Stephen Liddicoat piloting the boys. At the present the boys and girls are about evenly divided and it is going to

be a close race to see who shall win. The contest will end on Easter Sunday. The losing side will then be called upon to entertain the winners.

Mr. and Mrs. Ralph Johnson, Mr. and Mrs. Don Harris, Mr. and Mrs. George Roberts, and Mr. and Mrs. N. L. Resler, of Buchanan, and Mr. and Mrs. Clarence Maxwell were guests at a six o'clock dinner at the home of Mr. and Mrs. Chas. Hatfield, at Elkhart, Thursday.

W. B. Rymearson  
Starting Today  
For California

Mr. and Mrs. W. B. Rymearson are leaving Thursday for Chicago, where they will visit at the home of their son, Lester, and then go on by train to California, where they plan to visit at the home of Mrs. Rymearson's brother, Frank Treat, at Alhambra, and at the home of the former's brother at Long Beach. They plan to visit until the middle of March.

REBEKAH LODGE DELAYS VISIT TO CASSPOLIS  
Bayleaf Rebekah Lodge 248 will not go to Cassopolis Friday evening, Jan. 11, to be the guest of the lodge there. The visit has been postponed on account of bad roads, and will be held at a later date.

### New Year's Rich Offering

What does the new year mean to you, what is your appraisal of all it brings in opportunities, and how do you plan to use them that you may be better for the experience and the world no poorer?

On his recent birthday Thomas A. Edison said he would give all his accumulated fortune if he could be given the privilege of living for the next 20 years, close enough to understand the scientific development and material progress that would be made.

To him the world appears to be on the verge of the greatest developments, affecting humanity, in all its history. Scientists have bored their way deeply into the store of hidden things, they are near some of the wonderful revelations Nature appears to have in store for them, they are entering new fields, promising to open up treasures of which the scientist long has dreamed and speculated. Mr. Edison thinks it will be a great time to live. He would give all he has won from the world with his achievements, discoveries and inventions, just to have a chance to stay in the great scientific struggle and take some part in pushing back still farther the curtain. To his mind the most modest part in that campaign would be sufficient to thrill the soul of a man.

Science has begun to reach out with more certainty, better understanding and greater courage, determined to wrest from Nature some of the facts hidden from man through all the ages. Invention has been making over the world in which we live, changing our views of life, but the great inventions, that will give basis for more wonderful achievements, the scientists feel remain to be made. Evidently Mr. Edison joins in that agreement.

The world is in the scientific age, the marvelous has become nearly commonplace to the untutored, so simple are the truths that have been wrested from Nature that the commoner understands. Children are handling the radio, do that task with intelligence, yet the greatest of scientists cannot explain in full what it is and how the results are secured.

In that age it is our privilege to live, a time when life is made richer with each discovery, when our outlook changes and we view and consider the world as a whole. No longer are we isolated. All nations join to entertain and interest us. Through all these changes man remains the same, even if our understanding may be broadened as we gaze upon the new and study the changes in progress all about us. One obligation for all is to make certain adjustments to meet new conditions and correctly understand the larger privileges of life today and tomorrow over life in the past. And in this new age the world and all activities of man are hunting for those competent to lead on the march of progress. Each individual has that rich opportunity.

### The Five-Day Week

Henry Ford announces a plan to put the five-day week into effect at once in his Detroit factory. The factory will continue in operation six days a week but, through the employment of 30,000 extra men, it will be made possible for each individual worker to have two days off in seven. In this way Mr. Ford expects not only to give his employees more leisure but also to increase the output of the plant. "A six-day week is all right for machines," he says, "but a five-day week is enough for men."

The tendency toward shorter hours of work has been observable for some time in these days of labor-saving inventions and factory efficiency. A few years ago the late Judge Gary thought it would be ruinous to the United States Steel Corporation to abolish the 12-hour day in some departments of the company's mills, though he was proved wrong before he died. The American Federation of Labor is pledged to the principle of the five-day week, not only as a means of giving

workers more time off but as a means of relieving unemployment. But we note one omission in the account we have seen of Mr. Ford's new plan. It says nothing about wages. If the five day week means only five days' pay on the present scale, we hardly think it will prove popular with those affected. More leisure more often than not means more spending.

### ENCOURAGING EXAMPLES.

After playing fast and loose many times with the law, Joe Salts, the widely known as Chicago's beer baron, and "Big Earl" Herbert, described as his chief of staff, have both finally felt its teeth. For 205 days Salts eluded federal and state officials, being wanted by the former in connection with charges of violating the prohibition laws and by the latter to serve a 60-day sentence for carrying concealed weapons.

He gave himself up, expecting to get a continuance of the federal charge against him while he served the 60-day term, and hoping to save the \$5000 bond on which he had been at liberty. Instead, the government moved to forfeit his bond and moved to have him serve a jail term for every day he had been absent on a charge of contempt of court. It also objected when his attorney sought to have bond fixed for him. At about the same time, the internal revenue department began an inquiry into his income tax returns which are alleged to have been, at times, too modest for a man who prides himself on being a gentleman farmer, with blooded stock and a golf course on his farm.

Herbert, meanwhile, was found guilty by a jury on a charge of assault with intent to murder, which in Illinois carries a penalty of from one to 14 years in prison. This lieutenant of Salts is described as having been arrested frequently in recent years in Chicago's perennial liquor war, but never before has been found guilty on a felony charge. He professed to have been in Canada when the killing which figured in the case took place. Before being forced to trial on the charge he obtained 19 continuances.

These are among the encouraging signs that Chicago is awakening to a new day for justice. One reason the city has had an evil name is just because gangsters and other undesirable citizens have managed, apparently with ease, to flout the law. A few salutary examples made of such gangsters will do more to restore the self-respect of Chicago and its standing among other cities than anything else. No other remedy is at once so simple or effective.

### The Flu.

The flu situation is pretty bad. Many an office force is sadly depleted and the doctors are extraordinarily busy. One of them told us yesterday that he was either eating no meals at all these days or else bolting them and was so tired at night that his sleep seemed to do him no good. Thus he goes directly against the advice he gives his patients, but that is often the way with doctors and an emergency is no time for consistency.

The doctors do not appear to know much about flu. The germ has not been isolated, as they say. But, bless their hearts, they do know how to take care of you when you have it and they have some good general advice to offer on its prevention in the individual case. Death loves a shining mark no more than the flu germ loves a tired-out man or woman. Therefore don't work or play to the point of exhaustion. Go to bed early in a well ventilated room. Eat moderately, be regular in all your habits, take things easily. If you take these sensible precautions, you may still have the flu but you diminish the chances of it and, at the very worst, you can have it with a clear conscience, a great aid toward a speedy recovery.

### Fireplaces Pictures and Music

Happy are those who are able to visit with a wood fire in a grate, or a log fire in an old-fashioned

fireplace, who can look, listen and dream while the logs sing, sputter and snap as the fire takes hold and makes headway. A wood fire in the grate or fire place always is friendly, makes its contribution of warmth and provides as much good cheer as those around it can absorb. When the winter winds blow and the cold is intense, one may pull up the arm chair, sit on a new log, not too dry, with enough moisture to make it steam and sizzle and snap and sing, light the pipe, forget all troubles, absorb the peace of domestic content, and know some of the joys too deep for full expression.

Fire under control is the friend of man, wood rightly used gives shelter and aid in a thousand ways. The wood fire waves defiance to the cold, insures bodily comfort, invites mental relaxation and ease, brings an opportunity for vagrant fancies to wander, and pictures appear no man ever will see save under the spell of the log fire, during evening hours when all the world is still. Under such conditions how those logs do visit with and seek to entertain the dreaming soul in the arm chair!

There is less snap and crackle in pine wood, it is light, has many air spaces, burns rapidly, makes a quick heat, but an oak, or hickory log in the fireplace is different. There are air pockets in the logs, the heat plays upon these chambers, the air is forced out through tiny openings, one hears the hissing, notes the tiny puffs and jets of smoke and steam as the air is released or gas generated reaches the fire. The hard woods burn slowly, there is much of hissing and sputter if a part of the sap is still in the log, there is snap and crackle when the heat dries out the wood and the fire hurries its task on.

Chestnut logs make the ideal fireplace fire, as chemicals in the wood contain gases that flash forth in snapping bursts of flame. One may spend hours watching a chestnut log consumed and never see two snaps or tiny explosions that are the same. There is infinite variety provided by Nature in such displays. There is a fragrance that fills the rooms as cedar is burned. It comes from the oils that are vaporized under heat and find their way into the air.

Those who hear the music of the wood fire find endless pleasure in visiting before the fireplace as the new log is consumed, one is reminded of pleasures of other years as the pictures move and flit about in the fire light glow. There is revelry and retrospect, fragrant and delightful. Happy are those who can hear the music of the fireplace.

President Coolidge has become such an ardent sportsman and such an expert with the rifle that we should think the photographers who accompany him on his hunting trips would be a little nervous, after all the provocation they've given him.

Of course we're young yet but we can't remember the time when one Booth didn't think it would be better if some other Booth than the one occupying that important position at the moment were at the head of the Salvation Army.

The Boulder Dam law leaves it to the discretion of the secretary of the interior whether the power

plant shall be operated by the government, or by private interests, and we'll bet old A. B. Fall is signing for what might have been.

This is a world of change, as we remarked to the best dressed girl in this neighborhood the other day when she came in and sat down for a few minutes, and the shortages of yesterday are the longies of tomorrow.

The flu is so prevalent that we suppose Countess Szechenyi, who reached our shores the other day, keeps looking around every time she passes along a busy street, thinking someone mentioned her name.

We doubt the wisdom of Henry Ford's advice to us young men never to save a cent and one of our most important New Year's resolutions is to save systematically in 1930 or sometime.

It is very hard to be completely frank and when the esteemed advertisement conscientiously explains that Northern seal is dyed coney we suppose it means dyed rabbit.

The most easily alarmed man in this neighborhood, a dry voter by the way, is laying in quite a stock of Canadian goods, before Mr. Durant's \$25,000 plan goes into effect.

An editor's idea of sarcasm is the direction on his bank deposit slip to list each check separately.

If General Motors did not cut a melon, that would be news.

## A NEW ALL-AMERICAN that All America is Acclaiming

The New Oakland All-American Six is winning the praise of all America. It is enjoying the admiration caused by its new beauty. And those familiar with its mechanical quality marvel at such fine car features as an accurately balanced "line of drive" . . . dynamically balanced, counter-weighted crankshaft . . . exclusive patented rubber cushioned engine mounting . . . dirt-and-weather-proof internal-expanding four-wheel brakes . . . Small wonder that a car so wonderfully constructed . . . so brilliantly styled . . . should be winning America's acclaim.

Prices \$1145 to \$1375, f.o.b. factory, plus delivery charges. Loewy Hydraulic Shock Absorbers and spring covers included in list prices. Bumpers and rear fender guards extra. Check Oakland delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

## A NEW ALL-AMERICAN SIX BY OAKLAND

## Bell Telephone Announces Cut on Interstate Calls

Another reduction of interstate long distance telephone rates by the American Telephone & Telegraph company was announced today by Edw. Zwergel, manager here for the Michigan Bell Telephone company. The reduction will become effective February 1 and will mean an annual saving of \$5,000,000 to the telephone users in the Bell System, he stated.

This reduction, which is the third announced during the past two years and four months, will apply to interstate calls made between 4:30 a. m. and 7 p. m. and for distances between 130 and approximately 1,500 miles. Evening and night period rates will remain unchanged.

The new interstate rates will represent a reduction of from five to 25 cents each on day station-to-station calls, or calls in which the calling party does not express a desire to talk with some person in particular. Equivalent reductions will be made in the rates on

person-to-person calls, or calls in which the calling party specifies that he wishes to talk with some certain person.

The speeding of long distance service has made it possible to handle long distance calls at lower cost, and the saving is being passed along to the telephone user, it is stated. Connections on more than 90 per cent of long distance calls of the country now are completed while the calling subscriber remains on the line, which is made possible by improvements in equipment and methods and the increase of facilities. During 1928, approximately 1,500 miles of long distance telephone cable was constructed by the Bell System, which set a new record for a single year.

Mr. Zwergel states that the reduction is in keeping with the Bell System policy, announced by President Walter S. Gifford of the American Telephone & Telegraph company, of furnishing the "best possible service at the lowest cost consistent with financial safety."

The last previous reduction in rates on interstate long distance calls became effective December 1, 1927, and resulted in an annual saving to telephone users of approximately \$1,500,000. A reduction effective October 1, 1926, represented an annual saving of \$3,000,000.

## Wife of Former Buchanan Doctor Expires in Iowa

(The Record is indebted to J. G. Homes for the following.)

Mrs. Agnes Haugen Wells, wife of Dr. Jay L. Wells, formerly of Buchanan, died January 1, 1929, at their home in Iowa City, where Dr. Wells is employed as instructor in Iowa State University, Dental department. Mrs. Wells was ill but a short time with pneumonia. Her former home was near Decorah, Iowa, and the remains were taken there for interment.

Dr. Wells will be remembered as the oldest son of Mr. and Mrs. J. J. (Tote) Wells, who lived in Buchanan previous to 1899, and are now living in Boone, Iowa.

Goiter is said to be becoming more prevalent among young women. Perhaps another argument against necking parties.

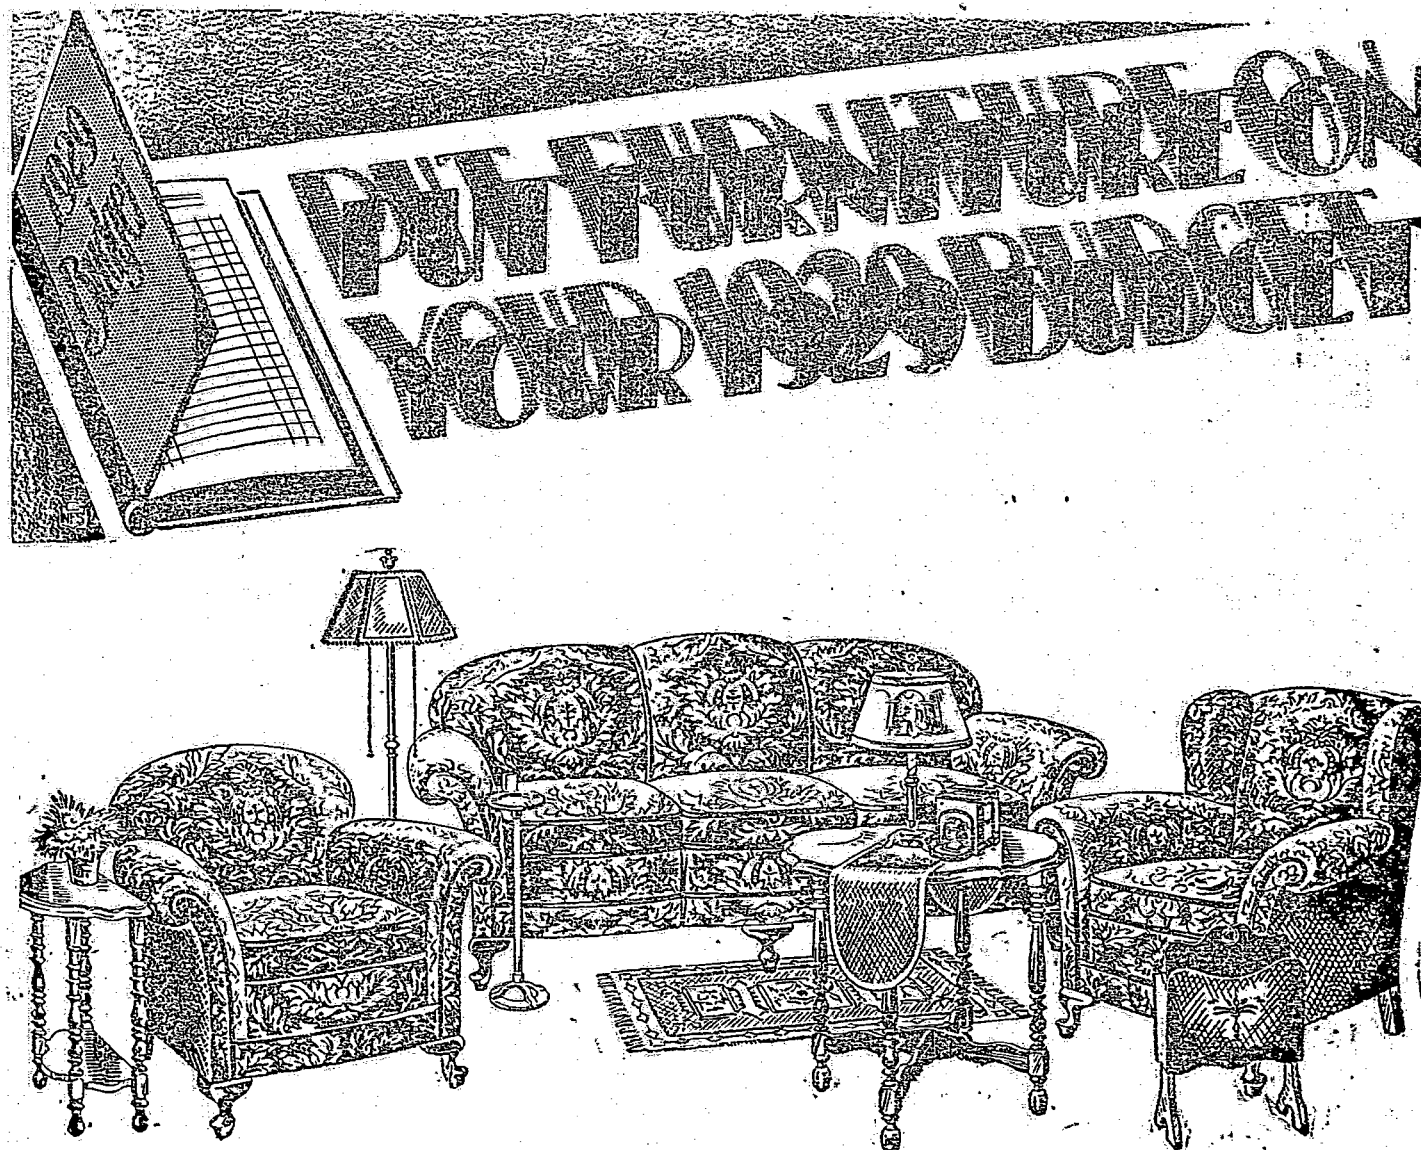

Johnson Wright of Missouri bequeathed 120 acres of land to the Almighty, who was designated in the deed as the "party of the second part."

## Sure Way To Stop Coughing

This Prescription Relieves Almost Instantly.

Coughing is usually due to causes which the patent medicines and cough syrups do not reach. However, Thoxine, a famous doctor's prescription relieves coughing with the very first swallow. It works on an entirely different theory, has a double action, relieves the irritation and goes direct to the internal cause.

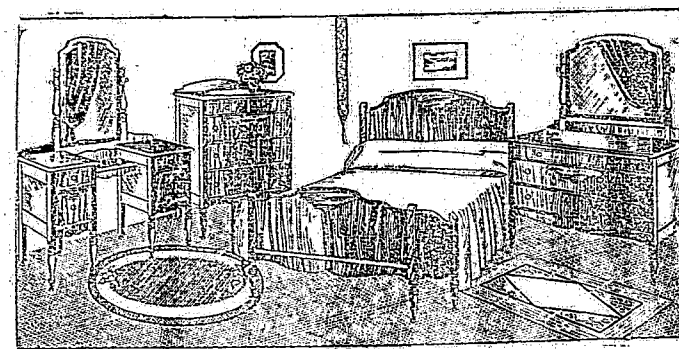

Unlike most cough medicines, Thoxine contains no chloroform, dope, or other harmful drugs. Safe for the whole family. Also excellent for sore throat. Quick relief guaranteed or your money back. 35c, 60c, and \$1.00. Sold by Wisner Pharmacy and all other good stores.

# News of Buchanan Schools

News of Student Life Gathered and Written by Upper Classmen of Buchanan High School

## BUCKS TAKE MEASURE OF BERRIEN SPGS

Buchanan whipped Berrien Springs 24 to 9 on Berrien's floor. The team guarded their basket very tenaciously and kept close possession of the ball, but they had not yet regained their eyes for baskets after vacation.

Berrien Springs fought hard right up to the finish, as the score by quarters shows their making points on a par with Buchanan in the fourth quarter. The Springs boys are a range crew with plenty of "go," but they were no match for the Maroon and White coached so carefully by Coach Bradford.

Pringst sank the first basket for Buchanan right off the tip-off. Graham then made a basket for the Springs and things were started right. The first quarter ended Buchanan 7, Berrien Springs 3, however. The second quarter Berrien came back and slowed things up considerably, holding Buchanan to only 2 points while she made the same. The third quarter Coach Bradford set the quintet straight again, and they blanked Berrien Springs and made 11 points too. The fourth quarter Berrien strengthened and again came on a par for a quarter, the game ending Buchanan 24, Berrien Springs 9.

Berrien Springs' Seconds put up a real scrap defeating Buchanan's Reserves 15 to 13. The Buchanan boys were ahead till the last few minutes of the game, when Berrien sank a basket and a free throw before Buchanan could regain the ball. It was a real game.

The first team lineups were: Buchanan. Berrien Springs. Fingers. L. F. Graham. Savard. R. F. Duran. Pierce. C. G. Gifford. Roe. L. G. Tillstrom. Morse. R. G. Hoopingarner. Morse was high point man for the evening with 9 points to his credit as running guard.

The Second's lineups were: Buchanan. Berrien Springs. Chubb. L. F. Bunnell. Eisenhart. R. F. Wetzel. Dreitzler. C. F. Jones. Shultz. L. G. E. Stover. Lawson. R. G. Snively.

FOR SALE—Late Victor Records, excellent numbers. 75c values at 40 cents. Robinson Music Store.

## Assistant Supt. Schools Reports For Duty Sunday

Harold Jr., assistant superintendent of our schools, arrived Sunday morning at the home of his parents, 306 W. Third St., at 1:20.

He reported immediately that his clothes were too small as he had gained about four pounds along the journey. However, the parents recognized him immediately and welcomed him into their home, advising him to take up his share of the routine necessary for a complete, well rounded and efficient life among his fellowmen.

The new mother, we are told, is breaking all records for health and happiness. Needless to say Supt. Harold Jr. is certainly wearing a smile unparalleled in the history of our schools.

This and That

Last Thursday Mrs. Lamb and Mrs. Pennell attended the mental clinic held in St. Joseph for the benefit of the children of the county who need mental care.

Margaret Harrington, who is in charge of the Thrift banking of the First National Bank, visited our schools last Friday, checking the bank books belonging to the pupils.

We feel this work of no little importance since our last report shows \$8,821.27 to our credit.

While Mrs. Pennell was in New York City during vacation, Mr. and Mrs. Charles King, who moved from Buchanan last September and who are now living in Irvington, N. J., spent the afternoon with her.

Mr. King has been most successful in his work in the Irvington schools and especially so as the debating coach, his team of two untrained debaters being matched with older ones in the field, and carrying away equal honors.

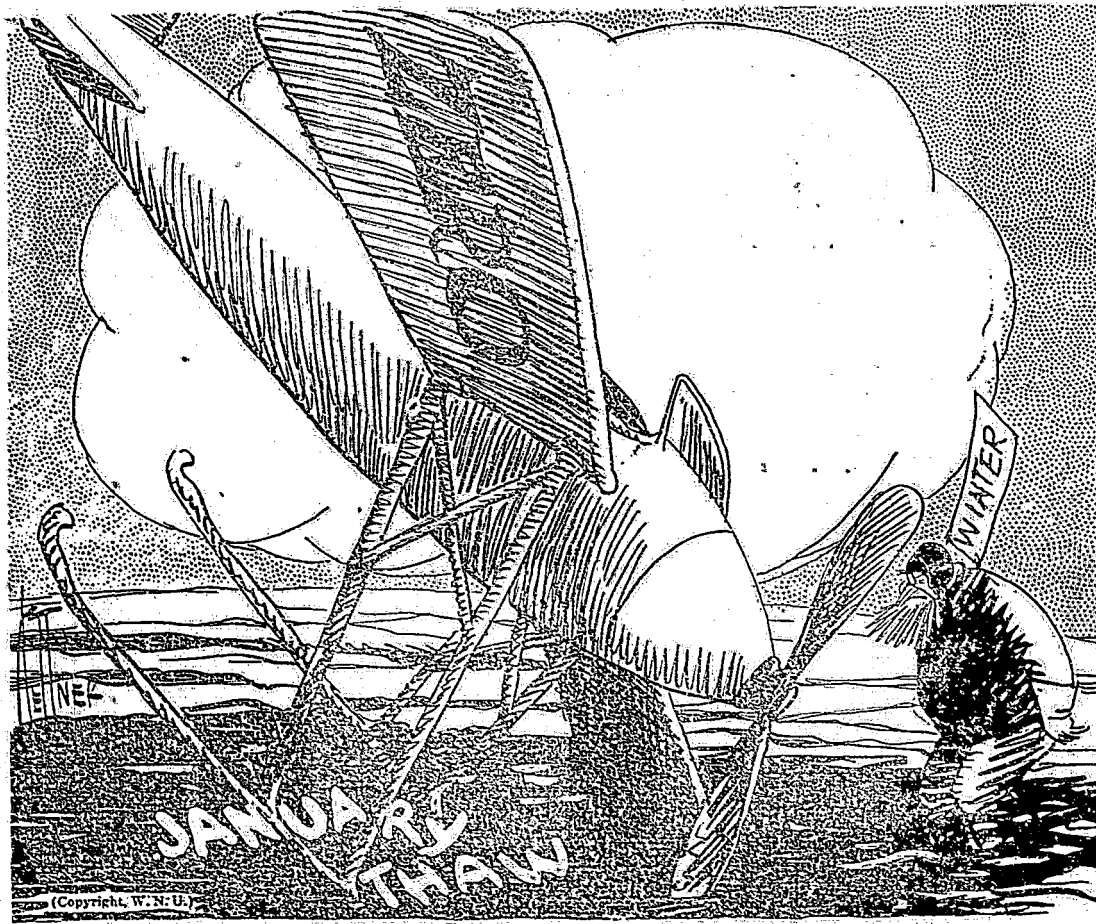

Mr. and Mrs. King have found a goodly number of their Wheaton college friends located in and near Irvington, and Mr. King has been honored by being elected President of the Eastern Wheaton Division.

They wished to be remembered to all their close friends.

During vacation the members of our Faculty could be found at various points extending from South Dakota, where the temperature registered 20 degrees below zero, to New York City, where the weather was balmy like that of April.

Mrs. Laura French is absent from her duties this week on account of an injury to one of her feet. Her sister, Mrs. Zerbe, is teaching for her.

## Mired

## DOWAGIAC TO TRY FOR REVENGE ON HARDWOOD FRIDAY

POSTPONED NILES TILT TO BE PLAYED OFF JANUARY 16

Next Friday, January 11, Buchanan goes to Dowagiac for a real tussle. It's bound to be some fracas the way the teams are showing up. Training rules and practice are ever improving the squad. Dowagiac is out to scrap for rights, now that Buchanan handed her a 13 to 0 defeat in football. Any fan wanting to go may be able to secure seats on one of the busses going to Dowagiac if they speak to Mr. Ormiston in time.

Next week, Wednesday, January 16, the postponed game will be played with Niles here. This is always a thriller and promises to be an exceedingly good one this time. It must be remembered that there are two games at each fricas this year, and they start at 7:30 p. m. Next Wednesday, those wishing seats had best come early.

SCHOOL-HOME CO-OP. PLAN IN FORMULATION

Beginning Jan. 21, the first day of the new semester, a new plan for the strengthening of school and home ties will be started. The boys and girls of each class will meet separately every week for 30 minutes under the auspices of a teacher especially delegated to meet with them. The purposes of this plan are that the teachers may learn what the students are doing to see if investigation of the home is necessary, to take care of the regular school banking, and to discuss such problems as citizenship and school government.

The teachers who will have charge of these groups are the following: Mr. Muir, freshmen boys; Miss Shriver, freshmen girls; Mr. Kayer, sophomore boys; Miss Neffenger, sophomore girls; Mr. Bradford, Junior boys; Miss Skeels, Junior girls; Mr. Hubbard, senior boys, and Mrs. Dunbar, Senior girls.

HOLMES SCHOOL.

Marian Baltz is the honor pupil for December. She received an average for the month.

The pupils not absent nor tardy for the month of December are: Marian and Charles Baltz, Aletha and Thelma Hartline, Ivan Price and Chester Head.

Carol Sebesty and Ralph Gilbert were both ill with the flu and were unable to attend the Christmas dinner and program at the school the last Friday before vacation.

Our school has a new liquid soap and paper towel container. Now we can wash our hands and faces before lunch.

Miss Batten presented a phonograph record, "Christmas Bells" and "Santa Claus Workshop" to the school at the Christmas program.

We mourn the death of our second grade pupil, Thelma Hartline.

An editor gets many an idea from folks who suggest how to run the paper. Most frequently it is the idea that he'd like to shoot the suggester.

Doctors declare that fasting for 15 days will restore one's basic metabolic rate if you care for that sort of thing.

## Grade News

First Grade.

For language work we are talking about the Eskimos.

The following were neither absent nor tardy during the month of December: Beulah Anderson, Richard Dille, Robert Donley, William Fatter, Wanda Forge, James King, Goldie Reitz, Rivlio Ross, Lee Topash, and Theodore Walker.

Third Grade.

The language class wrote the story of the Christ Child. The best story was written by Paul Liddicoat.

Agnes Kovich leads the class in spelling.

We are learning the multiplication tables. Beverly Koons has learned the first seven tables.

Bon Harvel has recently been visiting in Jonesville, Virginia, and has been telling the class about his trip.

Junior High

The Junior High assembly boasts of an orange tree on which may be found four ripe oranges and several green ones. The pupils remember when the tree was in full bloom late last winter.

The flu has enrolled a goodly number of our pupils on its list, but we hope they shall be absent a very short time, as the general review work all through the grades will soon be well under way preparatory to the mid-semester examinations which are to be held Jan. 17 and 18.

The Friday morning assembly program was in charge of Miss Theo Olson, head of the music department. Community singing was the main source of entertainment. Roger Thompson and Sheldon Ryan played the High School Song. A short pep meeting was also a feature of the program.

We still have a great many absent in the First Grade at Dowey Avenue because of sickness.

The First Graders are learning to spell and are working hard. We have a new pupil in the First Grade, Russell Walters from Galien, Mich.

Patricia Stanaage has moved away, making our enrollment forty now.

Second Grade News.

In spite of bad weather, the attendance in Mrs. Wilcox's room is very good, only two absent on Monday.

Laurence Dillinger, who has been very ill, is not able to be in school yet this week.

Mrs. Wilcox's second grade are studying the poem "Winter" in Language work. The Art work consists of illustrations of scenes in this poem.

We are glad to have William Snyder, Dorothy Hoover, Elberta and Ono Maxson with us again after several weeks absence on account of flu.

The girls and boys in Mrs. Fischer's room are learning a poem called "The New Year." They are reading stories about snow, ice, winter birds. The art work consists of original drawings representing these stories. On account of our many absences we are reviewing in spelling and are working hard for high marks.

The faculty members of the Buchanan schools attended a complimentary program staged at Niles by the Niles faculty on Friday. The play "Dulcy" was staged, and a very pleasant time was reported by the attending guests.

The Buchanan Debating team will debate this week with Paw Paw. The regular state debating question will be used, of which

## Buchanan School

Savings Total Is Nearing \$6,000

School Bank Account is growing; the total amount saved by the boys and girls of Buchanan Schools, today, reaches a total of \$5,732.37. This is a remarkable result of thrift that has been undertaken by our schools.

The Junior High leads all other departments of school. With a percent of 100. In the grades 75 percent of the boys and girls are banking, while in the high school only 60 percent are banking. Those in charge of the project believe that this is one of the most important activities that can be sponsored by the school. Thrift is needed in all fields today, and the saving of money, though it is in small amounts, is surely to be encouraged among our boys and girls. Parents should take an active interest in watching the bank account of their own boys and girls.

## New Troy School Notes

On account of so much "flu" among the faculty members and students our school news has been slighted for the last two or three weeks.

The Honor Roll for the second term of school in all classes is as follows:

Beginners—Victor Pearson, Shirley Liskay.

First Grade—Mary McKeen, Virginia Michalski, Jean Stratton, Alden Sexton.

Second Grade—Robert Keefer, Peter Ritchie.

Third Grade—May Marx, Bobbie Liskay, Hazel English, Vera Penland, Helen Ritchie.

Fifth Grade—Jay Sexton, Henry Marx, Doris Liskay, Henry Coupe.

Sixth Grade—Eugenie Plomb, Ruth Decker, Genevieve Skibitzke.

Seventh Grade—Walter Wetzel, Charles Kennedy, Hope Kelley.

Eighth Grade—Carmen Finkel, John Ratz, Adelaide Waters, Marjorie Weaver.

High School—Ninth, Alice Oakley, Tenth, Lydia Mangener, Francis Shermak, Doris Peterson; Eleventh, Katherine Boyd, Russell Most, Phillip Sexton; 12th, Elizabeth Schaeffer, Dorothy Schopbach, Irvin Pearson.

Two new students have entered school the past week. Virginia Hoag from the Gardener district has entered the eighth grade.

George Bower has transferred from the Holland school. He is in the seventh grade.

Tonight, (Friday, Jan. 11)—we

## About Your Health

by John Joseph Gaines, M. D.

"MARRIAGEABLE."

This is not the age of chance—of good or bad luck. It is an age of scientific accuracy if anything. Intelligent young men and women nowadays weigh important contracts before entering them—and there is no more serious engagement than the marriage contract.

Perfect happiness is impossible without perfect health. Each party to the marriage-vow has a perfect legal and moral right to demand and expect physical capability, on the part of the other. Given a perfectly healthy couple—and that

Claude Mitchell, Prop.

JOHN WOODS, Auctioneer. JESSE BOYLE, Clerk.

means mentally as well—and the divorce courts will be shy in clientele by the couple who prefer a higher plane of existence.

I suppose there are haphazard matches, by youngsters who are impelled by animal desire to undertake marriage. These do not last long after disillusionment. It is very easy to deceive one's self in the age of inexperience and the awakening is mighty painful sometimes.

The young man or woman should never enter the marriage state unadvised. I know of no situation where the advice of the sympathetic family physician is more demanded. Let the young man go to his doctor and ask every question he can think of about matters of which he is ignorant. He should submit cheerfully to a full physical examination; and, it is perfectly proper for him to learn from the same source how to care for the trusting young woman who is giving herself into his keeping. Young man, there is no better counsel than this I'm giving you. Please bear it in mind constantly, ere the most important step of your life is taken.

The Dayton school is closed this week on account of their teacher being ill with the flu.

Mrs. John Donley was a business caller at St. Joe Saturday.

Mrs. Lon Matthews spent the week-end with her mother.

Mr. and Mrs. John Martin spent Sunday evening with Mr. and Mrs. William Strunk.

Mrs. Spasek and son, Edward, spent Sunday in Niles.

Henry Gallman, former resident of Hammond, died Monday at Detroit. He was 59 years old and was a plumber by trade. Mr. Gallman was born July 13, 1869 at Kirkville, Mo. Surviving are his wife, Sue; three daughters, Mrs. Ruby Schaber, Mrs. Renie Grolson, Mrs. Inez Gilman and three grandchildren, all of Hammond. He was a member of the Modern Woodmen of America and the Odd Fellows. The body was brought to Hammond and funeral services will be held at 2 o'clock Friday afternoon from the home of Mrs. Gilman, 336 Ash Street. Burial will be in Elmwood Cemetery with Undertaker Stewart in charge. The Odd Fellows will conduct ritualistic services. Henry Gallman spent most of his time in Dayton until a young man.

Miss Lillian Budoff of Chicago returned to her home Saturday after visiting at the home of her aunt for the past two weeks.

## Building for the future

THIS country is witnessing at the present time an amazing migration of industry from the congested manufacturing centers to the relatively small cities and towns where living conditions are good. [This has been made possible through the extension of dependable electric service at low cost to even the smallest villages.]

Your ELECTRIC company already has capacities in reserve and is now developing additional facilities far in excess of present requirements and designed to take care of any future increase in industry, public service and homes.

Electricity to Serve You.

# The Old Timers' Corner

## Old Timer Tells of influence Hard Knocks on Character

And now we have a brand new year. Let us hope that it will be all that we desire in the way of health, happiness and good business.

Have just been having a talk with a younger man, who thinks he is very old and experienced, and he is in a way. For he is thirty years old and that is more than twenty-one, alright. He knows his business very well, but he will know his business still better when he has added a few more "tens" on top of what he now has. He said something just now that impressed me, however, and that was that when he sees an older man or woman and talks with them, he feels that they have been thru the mill, so to speak, and that they know a lot of things that they have learned from hard knocks and experience, that he does not yet know and that he would like very much to know, taking it from them and their judgment. I was surprised that a man so young as he, would take that sensible a view. So I guess that NOT ALL of the younger generation are heedless of we "old timers" after all.

Now I don't want you to think that my idea of a good time is to sit around and lean on a cane and tell the younger generation how to do things, far be it from me. I like to watch them do them and see how well they can do, and then I look back on the days when I was in their boots and trying to put the best foot forward. We all have to go thru it, and no matter how much we try to make people believe we know, we are at times doubtful as to just how much we DO know and what is best to do next. And to tell the plain truth, I have never gotten so "wise" that I didn't have times of that same kind all of my life. Just have to do the best you can and try not let folks know that you are uncertain at all.

Most of you know that to "move" is not a very inviting job. Well, I have been going thru that for the last few weeks, it seems to me. I am all settled again in my new quarters and feel almost young again. I shall not take time to tell you all about the new place for you wouldn't be interested in it anyway. It's just of interest to poor fish that has to change things around now and then for his own benefit and so let us hope that it will all be for the best.

I guess most of you know that "Old Timer" has been doing mechanical work all his life and doing it in a profession that is second to none, in importance, in human life. So some of these days I am going to give some of the little rules for right doing as regards my particular profession, as I have seen them in the light of over 30 years experience. It may not appeal to all of the old timers, but it won't do them any harm to have some one tell them things that hurt a little, if it will make for their betterment in the long run.

So next week, unless the editor stops me, I am going to write a letter and tell you something about teeth that you may already know and maybe you don't, but I will write it anyway. I remember a story of an old lady that was at a religious meeting and they were all standing up and telling what they were thankful for. She told, among other things, of one of her sons that had been hanged for horse-stealing, one who had been shot as a burglar, and many other such things, but she stated with a slight quaver of sincerity in her voice, that "I still have two teeth, and they HIT." Well now, as we grow older, some of us have been so unfortunate as to have very few that "hit", but others of us have been more fortunate. That's fine, and so next week I am going to deviate from my regular line of talks and talk to you on something that I think I know about, Your Teeth.

"OLD TIMER"

### Hills Corners

Mrs. Clem McClellan is convalescing from her recent illness. George Allen, Amiel Villard, and Tom Carpenter have returned from a motor trip to Florida where they visited Tom Walton. Eleanor Peterson has gone to Chicago for the rest of the winter. Miss Beatrice Boyle has returned to her work at Lansing, after spending the holidays with her mother, Mrs. Nettie Boyle. The Hills Corners' Christian church held their annual meeting at the church Sunday, Jan. 6. A fine dinner was served at noon. In the afternoon reports for the year were given, officers elected and plans for the new year talked over. The Hills Corners' school gave their postponed program Saturday evening, Jan. 5. It was an opera, "The Little New Year," given under the direction of the music teacher, Mrs. Con Kelley. Kenneth Blackman took the part of the new year, Ralph Styburski, the old year, and Earl McClellan, Father Time. Each of the twelve months and their holidays were represented. Fred Kennedy as the Little April Fool was especially good.

Mrs. Dick Hill is sick with the flu. The children in Loens Strauss' family are among the sick ones.

### SHAWNEE

The Shawnee school gave an entertainment at the close of the holiday vacation. There have been quite a number of flu patients in and around this vicinity namely Mr. and Mrs. George Shaffer and daughter, Evelyn, and son Clifford; Mr. and Mrs. Wm. Smith, Mr. and Mrs. Melvin Shaffer and daughter, Helen, have all recovered.

Ronald Weaver was absent from school two weeks on account of the flu.

Quite a number from this neighborhood attended the Farm Bureau meeting held at Berrien Springs Saturday, January 15, and report an enjoyable event, their being good speakers and a nice program.

Clare Dungeberg is attending business college at South Bend.

Mr. and Mrs. Grace Scheetz of South Bend were callers at the Wm. Weaver home Friday evening.

Mr. Starver who is at the Jenny Dungeberg home has been ill with the flu, the former's daughter, Helen, are visiting him at present.

Mr. Wm. Pagel and daughter, Ella, and son, William, accompanied by Lazell Weaver, attended the skce jump at Berrien Springs Sunday afternoon, which was both interesting and entertaining, but owing to the severe cold, many left before the finish.

Mason Smith motored to Dowaigac Thursday where he is pianist in an Orchestra where they played to a large audience.

### COLVIN DISTRICT

Colvin school opened Monday after two weeks holiday vacation. Many repairs were made at the Colvin school during vacation.

The following have neither been absent nor tardy during the first four months of school: Arlene Lolmaugh, Melvin Stoner, Elsie Blanta, Mildred Lolmaugh and Winifred Abele.

During vacation Colvin District lost two pupils as Frances and George Grenert have entered school in South Bend.

The following had an average of 100 percent in spelling during December: Melvin Stoner, George Grenert, Elsie Blanta, Blanche Blanta, Frances Grenert, Mildred Lolmaugh, Albert Lolmaugh, Ralph Lolmaugh, Ardell Kinney and Winifred Abele.

The following had an average of 100 percent in arithmetic during December: Melvin Stoner, Ralph Lolmaugh, Ardell Kinney and Winifred Abele.

The following were flu victims during the holidays: Alena Lolmaugh, Arlene Lolmaugh, Albert Lolmaugh, Mildred Lolmaugh, Jean Stoner and Melvin Stoner.

Charles Mutchler has been elected director of the Colvin School Board to fill the vacancy of A. F. Grenert.

A. L. Grenert and family have moved to South Bend.

Miss Lois Kinney returned Sunday to Albion to resume her duties as teacher after spending two weeks vacation with her parents, Mr. and Mrs. Frank Kinney.

Matilda and I met in France. Coming back she taught me to dance.

But the ocean was rough, And I soon had enough, For I slipped and tore quite a gash in my pants.

Our Teddy's girl at Junior Week Received an awful scare, You see she got mixed up in rooms And saw our Teddy bear.

## Positive Cooking Results

## with the FEDERAL 4-way Oven

Your cooking results are positive and certain when your food is placed in a Federal Gas Range oven—bread and biscuits come out light and fluffy—cakes have an evenness of texture.

The new patented feature—4 way circulation of heat—assures even delivery of heat to every part of the oven—top and bottom as well as the four sides are equally heated.

How much better foods taste and how much more inviting do they appear when they have been evenly cooked.

Too, the 4-way circulation of heat makes for faster cooking, and does it with a considerable saving of gas. Modern home keeping does not call for long hours in the kitchen and cooking with the Federal Gas Range is a joy because it does the work so well and so quickly.

Best of all, your Federal Gas Range adds beauty and distinction to your kitchen. Your friends will admire it and you will find it so easy to keep clean. See the beautiful display of different styles of Federal Gas Ranges.

## Michigan Gas & Electric Co.

## BLDG. AND LOAN DOUBLES IN MICH. WITH 5 YEARS

### RAPID GROWTH POINTS TO INTEREST IN OWN- ING HOME

The building and loan movement, nearing its centennial as an American institution, has "come into its own" in Michigan only in the last five years, and made greater headway in this state during 1928 than in any previous year. Furthermore, with industrial and financial conditions for 1929 pointing up, it is confidently expected that the 1928 mark for progress will be eclipsed during the new year.

Building and loan had its introduction into America in 1831, and started in Michigan in a small way in 1868, with the founding of the Germania association at Jackson. Several more associations were organized in the ten-year period starting in 1887. From that time it grew moderately until 1923, when it leaped forward. The year 1928 found resources at more than double those of 1923.

Figures of June 30, 1928, showed that Michigan building and loan had gained \$15,840,000 during the previous 12-month period, bringing its total of resources to \$142,638,653.51. I believe that figures on the calendar year 1928 will show an increase of \$16,000,000. This gain speaks for itself, is an indication that Michigan is becoming more strongly a home-owning state than it has been in the past; also, that the state as a whole has partment.

enjoyed a prosperous year, for building and loan savings, like bank savings, are a criterion of general prosperity.

The automobile industry is thriving today beyond any point that it has ever reached, and few exceptions, all industry, is moving forward in Michigan. It appears now that 1929 will be a banner year. Should it be so, there is every reason to believe that building and loan will keep in line with the forward movement.

### Holmes Adds Note On Death Former Foreman of Record

Cedar Rapids, Iowa, Jan. 5, 1929.

Editor Record: The death of E. L. Harper receives a bit of history that may be worth repeating. E. L. Harper was the oldest son of B. D. Harper, (Benjamin David). I see that in the heading of this Record is this: "Sixty-first year, No. 52." That takes it back to 1867 when Dan Wagner bought the "Buchanan Weekly Union" from Lloyd & Turner, and gave it the name, Berrien County Record. At that time B. D. Harper was running a grocery in the frame building on the Northeast corner of Front and Oak street. He sold the grocery to D. C. Nash, and took the position of foreman of the Record, which position he held until he was disabled by a paralytic stroke in 1897, an even thirty years. During that time he was sold and transferred as an office fixture, at least seven times. For a number of years he was secretary of the Masonic Lodge, and of the Odd Fellows, also village Recorder. Before coming to Buchanan he had worked at his trade for Mr. Rand, head of the Rand McNally Company, when Mr. Rand was foreman of Chicago Tribune office, job de-

My twenty-five years acquaintance with him causes me to look upon him as one of the best, all round, reliable, trustworthy men that Buchanan has ever possessed as a citizen.

### Soldiers of 3 Wars Meet in Honor of Ashley Carlisle

Veterans of three wars gathered at the Carlisle home on North Main street Saturday afternoon to attend the last rites over the body of their fellow-soldier, Ashley Carlisle.

Though the weather was very inclement, a dashing rain falling and the streets a sea of mud and water, the four remaining G. A. R. veterans, Sam Bunker, John Dick, George Hanley and John Curtis, were in attendance. The Spanish-American war was represented by John Fortz and Frank Rinker.

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sour. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless, tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

## When Pain Comes

Two hours after eating

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1876.

A squad of American Legion men acted as pallbearers, as follows: John Oxenryder, Arthur Johnson, Robert Spalding, Tom Burt and George Chubb.

### Hills Corners Church Elects Heads Sunday

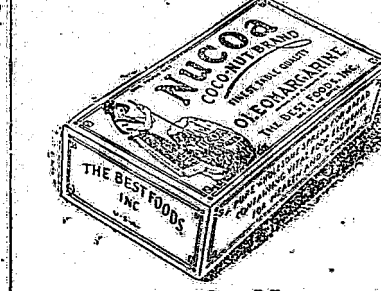

Following the morning church services at the Hills Corners church, a dinner was served after which the annual church and Sunday school election was held. The new officers for the church are, Henry Hess and Seigel Stevens, who were re-elected for a term of three years as deacons; treasurer, Sam McClellan; assistant treasurer, Clayton Spaulding; financial secretary, Mrs. Dell Blackmun; recording secretary, Mrs. Claude Blackmun; pianist, Marian Boyle. The Sunday school officers are: Supt. J. G. Boyle; Assistant supt., Con Kelley; Secretary, Sam McClellan; assistant secretary, Clay-

ton Spaulding; pianist Anita Boyle. Chorister, Fred Franklin; assistant chorister Vira Wollett, primary supple, Mrs. Con Kelley and Librarian Clayton Spaulding.

Read what these leading automobile editors said after seeing and riding in the new Chevrolet Six—

"One of the greatest automobiles I have ever seen. In performance, construction and beauty it is phenomenal. Never saw so much car for the money." —NORTH BIGBEE Dallas News

"In appearance, performance and mechanical nicety the new Chevrolet Six presents actual values far beyond its price range." —HAZEN CONKLIN New York World

"The new Chevrolet is a triumph for volume production. The car at its price is one of the greatest achievements ever recorded in the automobile industry. Its beauty is a treat; its riding comfort a new delight and its performance a real sensation." —RAY PRIEST Detroit Times

"Aside from beauty in body lines and attractiveness in finish, the outstanding feature of the new Chevrolet Six is its powerful and flexible motor. One will have to go far to equal the high performance of this new Chevrolet in general road and traffic use." —LEON J. PINKSON San Francisco Chronicle

"In speed and acceleration, the new Chevrolet will more than satisfy the average person. In design, Fisher offers costly car appearance. In short, the new car is by far Chevrolet's outstanding achievement." —EDWARD M. MILLER Portland Oregonian

"Introducing new style, beauty and smoothness, the new Chevrolet Six certainly meets the requirements of the most exacting buyer." —H. M. VAN DEVENDER Atlanta Constitution

## Obituary

Thelma Hartline.

Funeral services for Miss Thelma Hartline were held in the farm residence of her parents, 414 miles west of Buchanan on the Galien road, Friday afternoon at 2:30 o'clock, January 4th, 1929. Rev. Wm. H. Camfield, pastor of the local Evangelical church, presiding. Interment was made in Oak Ridge cemetery.

Thelma Lucille Hartline, daughter of Mr. and Mrs. Harry Hartline, was born in Buchanan township, Michigan, December 2, 1921, and passed away in her home, Wednesday morning at 8:40 o'clock, at the age of 7 years and one month.

She attended the Holmes school of which she was a scholar of the second grade, and also a regular attendant of the Methodist Sunday School, at Dayton.

December 22nd, she was taken ill with the flu, six days later pneumonia developed, and in her weakened condition was more than she could stand.

Thelma was of a loving disposition, and was very grateful, for everything which was done for her.

In addition to the parents she is survived by four sisters: Mrs. Helen Matthews, Mrs. Florence Ravish, of Buchanan; Altha and Edna, both at home. Grandparents, Mr. and Mrs. Howard E. Wilson, also of Buchanan; Mr. and Mrs. David Hartline, of Glendora, and many aunts, uncles, cousins and friends.

Belva May Herman.

Belva May Herman, daughter of Mr. and Mrs. Charles Herman, was born in Buchanan, Michigan, Aug. 20th, 1927, and departed this life in the home of her parents Tuesday morning at 5 o'clock, January 1st, 1929, at the tender age of 1 year, 4 months and 11 days.

She leaves to mourn her loss, the parents, grandparents, and a number of other relatives and friends.

Funeral services were held in the Hamilton Funeral Chapel, Saturday afternoon at 2 o'clock, Jan. 5th, 1929. Rev. G. W. Webb, pastor of St. John's Evangelical church of Niles, officiating. The little one was laid to rest in Oak Ridge cemetery.

Ellen Chapman Munson.

Ellen Chapman Munson passed away at the home of her son, Jay, in Buchanan Saturday morning, January 5th. She was born in Lincolnshire, England, November 5, 1843, and came to this country when a small child.

Ellen Chapman was married to Paul Jones Munson in 1870 and he lived the greater part of her life in the vicinity of Constantine. Her husband died four years ago.

She leaves to mourn her death, three sons. Will H. Munson of Constantine, L. S. Munson of Wilmington, Delaware, Jay Munson of Buchanan, and one daughter, Mrs. Frank Tolbert of Port Huron. There are also seven grandchildren and four great grandchildren.

Funeral services were from the home of her daughter in Port Huron on Monday, January 7th and burial at Constantine.

Card of Thanks.

We desire to express our deep appreciation to the people of Buchanan for their kind interest in our mother, during her short residence and to all for their kind expressions of sympathy in her illness and death.

Mr. and Mrs. Will H. Munson.  
Mr. and Mrs. Lewis S. Munson.  
Mr. and Mrs. Frank Tolbert.  
Mr. and Mrs. Jay Munson.

Card of Thanks.

We want to express our appreciation and thanks to our neighbors and friends for their help and their expressions of sympathy on the occasion of the death of our daughter.

Mr. and Mrs. Charles Herman.

### LOCAL FISTIC CARD INCLUDE HEADLINERS

Local and Foreign Talent to Trade Haymakers.

SIX BOUTS LISTED  
Lightfoot and Bromley to Uphold Local Hopes.

On Tuesday, Jan. 15, the Buchanan Athletic Association will tilt the lid off the 1929 boxing pan, with a program of six bouts, featuring some of the best talent ever to show their wares in the local arena. The club will offer a card consisting of six bouts showing bantamweights, middleweights and two good heavyweight bouts. The main go will have Johnny Murphy of Chicago exchanging wallop with Peewee Gale of Three Rivers, bantams, and from all indications, this bout should be a dandy. Gale has won his last seven straight bouts via the knockout route, and feels that he can add Murphy's scalp to his belt, as he possesses a hefty wallop for a little fellow.

Murphy is one of Chicago's leading bantams, and his ability is well known to local boxing fans, as he has headlined several of the shows at Benton Harbor this summer, and has always given a very pleasing account of himself. His ability to stand toe to toe with an opponent and slug it out, has won him a warm place in every fight fan's heart, who has had the pleasure of seeing him perform.

The other main bout will be a heavyweight affair between the coming Jack Kelly of Chicago and Mike Hearst of Toledo. Hearst is an old warhorse of the squared circle, and Kelly (a former football star) is one of the comers. They are both heavy punchers, and from indications, it is doubtful if this bout will go the limit. Both boys are clever enough to make a good showing, as they are in demand for bouts all the time.

Young Stinson of New Buffalo will meet Ross McFarland of South Bend in one of the four round bouts. Stinson has an individual style that is very pleasing to the fans, and very disconcerting to his opponent, and hopes to even up an old score with McFarland. These boys are heavy hitters, and it is to be hoped that the boy from Buffalo comes through.

Young Lightfoot of Buchanan makes his debut in fistic circles, in another four round bout against Carl Seifert of South Bend's west end. Lightfoot's fighting ability can be attested by at least six of our local boys, as it is reported that he took on four of them at one time, and two at another, and gave a very excellent account of himself. This being his first bout in the squared circle, it is hoped the local fans will be on hand to cheer him on. Seifert has had a few fights, and while he has not been uniformly successful, he can give a good account of himself against Lightfoot. The winner of this match will be given an opportunity to meet the winner of the Hearst-Kelly match at a later date, and we are pulling for the local boy to acquit himself well enough to take this plum.

Lightfoot is a youngster, twenty years old, weighs around 225 pounds, when in condition, has a longer reach than either Tunney or Dempsey, is six foot three inches tall, and has the makings of a

good fighter, if he will take the game seriously.

Another of the four round bouts will feature George Nate of the East Side against Billy Locks of the West Side of South Bend. These boys are hated rivals, each being the newsboy kind of his side of the city, and something is going to happen when they get into the ring together. They have met twice before, and each has a victory over the other to his credit, and this is the rubber bout, and should be one of the best on the program. Each has a large following which will be on hand to cheer for their champion.

Gale Bromley of Buchanan, one of the best amongst our local boys, and who has worked with several of the leading boxers of the district, makes his first appearance against Harry West of Benton Harbor, in the curtain raiser.

The above bouts present one of the best ever offered local fans, and it is hoped they will all be on hand. The show is under the auspices of the Athletic Association and any profit derived will go into the fund used to promote baseball and basketball here. The bouts are all under the supervision of the State Athletic Board of Control, whose representative will be on hand to see that everything is satisfactory according to their rules and regulations. Seats are on sale at Beck's Tire and Radio Shop, Mead's Barber Shop, Proud's Cigar Store, and Donnelly's Pool Hall. Ringside seats are a dollar and a half and general admission (not reserved) are a dollar, tax to be added in each case. Local fans are advised to reserve their tickets early, as out of town fans are certain to flock to this show, and the number of good seats is limited.

3 OAKS BASKET SQUAD TO MEET GARY SATURDAY

INDIANA TEAM HAS DEFEATED BRUIN 5 OF CHICAGO

The Three Oaks All Stars will meet the famous Gary Sox Club in a basketball tilt on the court of the first-named team on the evening of Saturday, Jan. 12.

The contest should be worth going far to see, as both teams have been sweeping all opposition before them this season, with a loss of but a single game checked against the record of each. The Gary team has won nine games and lost one, one of their victories being won over the Bruins of Chicago. Their line-up will include such men as Watson Woods and Polizato, and the odds are in their favor in the week-end tilt.

The All Stars have won and lost one to date. However, they have a stiff schedule ahead, including the Gary team Saturday night and the Grand Rapids Boosters, Michigan state champions, on the evening of Saturday, Jan. 19, in the Three Oaks court. The All Stars furnish music with each game. Fans from all parts of Berrien County have been journeying to Three Oaks to witness the games, and record turnouts are expected for the next two contests.

Looks as though some husbands also may have been picked out in a blindfold test.

8 GLASSES WATER HELP CONSTIPATION

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of simple glycerin, saline compound (known as Adierika) to each glass.

Adierika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours. W. N. Brodick, Druggist.

## Mishawaka Cage Squad Engages Clark Five Here

The Clark Equipment Company courtiers will stain an invasion of the St. Bavo's Athletic Club of Mishawaka, basketballers at the Clark Theatre next Saturday evening. The game will begin at 8 p. m. sharp, with the following lineup scheduled:

St. Bavo's	Buchanan
Roth	Conrad
Bennett	Clevenger
DeCoker	Proud
Leliart	Geary
Van Loo	White

Card of Thanks.

We wish to thank our friends for their words of sympathy, for the floral offerings and the cars during our recent bereavement. Mr. and Mrs. W. J. Walls and Family. 111p

The average man marries at 30 and the average woman at 25.

## Crickets Tell Temperature

A native investigator says it is possible to ascertain the temperature by counting the number of crickets chirps per minute and then making use of a simple formula which gives the result with more or less accuracy. An easier way is to use a thermometer and more accurate.

## Brilliant Word Painting

"Bright is the ring of words when the right man rings them," says Stevenson, who was no mean verbal lapidary himself. "To see infinity in a grain of sand," wrote Blake, thereby turning as common a thing as an atom of sand into a jewel of philosophy.

## Stuttering and Singing

People who stutter can sing as well as those who are not so afflicted, because the tone is definite and sustained, in speech the tone is gliding and indefinite. Let the stutterer sing his replies to questions, and you will find he has no difficulty in doing this.

## Bowling!!

Is a fascinating game, and a healthy form of exercise  
ALLEYS OPEN EACH DAY

## Buchanan Bowling Club
