Mayor Says Town Gained Much by the Separation from Township; Farmers also are Satisfied. Elections Cut Down and Confusion is Avoided

"We're satisfied with city form of government, and we are not going back to the village form. We have better government handled more economically in both the town and township since the separation, and I don't know anyone that wants to go back to the village status."

That was the verdict of Dr. R. W. Brown, mayor of Watervliet since the town became a city in 1925, and also president of the village before the change.

### Now Here's the Proposition

BEING A BALLAD, NEWLY  
LAID, OF THE COLLAR AD.  
BY JAMES MONTGOMERY FLAGG

She dwelt within a magazine;  
She wore a gown of sheerest lawn,  
And also such a regal mien  
As Charles D. Gibson might have drawn.

Her form was fair in line and curve  
She had arranged it in a pose,  
In such a way as best should serve  
To show the charms of Holeproof hose.

He was a snappy collar boy  
Who lived upon that selfsame page;  
It seems it was his sole employ  
To show the Collar of the Age.

His hair was waved, his smile was glad,  
His nose was straight with never a zag,  
He was the kind of handsome lad  
Portrayed by James Montgomery Flagg.

He looked at her across the page  
Upon that brilliant show of limb  
While she, in simulated rage,  
Sat there and glared right back at him.

She asked him why he ogled so,  
Her nose with glance that never lagged.  
He said, "I really do not know;  
Just take it up with Mr. Flagg."

And so he sat in calm repose,  
Remarking with attention fixed  
The seemly charms of Hole Proof  
hose; There was a love tale in betwixt.

She said, "If you were really good,  
I think that you would turn your face,"  
To which he answered, "So I would,  
If I could find a better place."

She was too mad to make reply,  
And there was scorn upon her brow,  
"And deadly murder in her eye—  
Still she displayed those hose—  
and how!"

Then he assumed a haughty mien;  
He frowned a James Montgomery frown,  
And said, "If you don't want 'em  
seen,  
I'd think that you would put 'em down."

Now though you hereby are advised,  
That so they jawed and jawed all day,  
It could not have been otherwise—  
The artists drew them both that way.

Oh-h-h-h, We Bet He  
Got An All-Day Sucker  
After carefully perusing the financial statement of the village administration published elsewhere in this issue, we find everything satisfactorily clear save one point. What did Atty. Frank Sanders find in Detroit that he could buy for one cent.

### HUSBAND AND WIFE VICTIMS FALLS ON ICE

WIFE STARTS TO VISIT  
HOSPITAL; ARRIVES  
A PATIENT

Another regrettable casualty was added to the long list of Buchanan people, who have suffered bone fractures or other injuries by reason of the icy streets and walks of the past two months, when Mrs. H. S. Bristol fell Thursday evening in front of the home of her daughter, Mrs. Pearl Hamilton, fracturing the large upper bone of the right leg near the hip. Mrs. Bristol was on her way to the Wallace Hospital at the time to visit her husband, who is recovering from an operation. Her son, C. D. Bristol, had stopped at the Hamilton home for the daughter and they were leaving the house when the accident occurred. The journey to the hospital was continued, but the mother arrived as a patient and not as a visitor. This is the second fracture in the family from the same cause this winter, her husband having his arm still in a sling as the result of a broken shoulder and hand incurred in a fall on ice.

### MRS. W. H. LANDIS DIES SUDDENLY FRIDAY MORNING

WAS WIDOW OF FORMER  
WELL KNOWN LOCAL  
PHYSICIAN

Mrs. Sadie Landis, 72, widow of Dr. W. H. Landis, former well known Buchanan physician, died suddenly at her home here Friday, Feb. 22, about 10:15 a. m., having been found dead in her bed by her son, Charles Landis.

Mrs. Landis had been in poor health during recent years, until the past winter, when she appeared to be greatly improved. On the evening before her death she complained of not feeling well, but her condition was not thought to be serious. Her son, Charles Landis, was with her before her death. Returning after a few minutes absence he found her dead.

She was born in Pennsylvania, Aug. 17, 1857, her name before marriage being Sadie A. Wray. She came to Buchanan with her husband and family from Kent City, near Grand Rapids, about 20 years ago. Her husband passed away 10 years ago. Since that time she has continued to live at the family home at 505 Main St., her son Charles W. Landis, assistant cashier of the Buchanan State Bank, and her daughter, Miss Belle Landis, head of the clerical force of the time keeping department of the Clark Equipment Company plant, residing with her.

She was a member of Sylvia Chapter, No. 74, Order of the Eastern Star, which organization performed its customary rites at her burial. The funeral was held from the family home at 2:30 p. m. Sunday, Rev. Henry Liddicoat, officiating, and burial was made in Oak Ridge cemetery.

### Swartz Installs Brooder Room For 1,000 Baby Chicks

Charles Swartz has installed a partition in his poultry house, closing off a 20 by 80-foot brooder room, in which he has installed a wooden floor and a heating system, in preparation for caring for 1,000 chicks which he has contracted from Kennedy's Hatchery for March 3. Swartz states that the early chick idea is an experiment with him, and that in case he is satisfied he will enlarge on the idea.

### HILLERS SELL INTEREST IN LUMBER YARD

Purchaser.

WILL LIVE HERE  
A. H. Hiller Will Re-  
main Stay as Office  
Manager.

Transfer of the Hiller interests in the Buchanan Lumber Company to Robert B. McKahan of Benton Harbor was completed Thursday with the understanding that the purchaser would move to Buchanan as soon as he is able to arrange business matters elsewhere, to become actively identified with the local concern.

Mr. McKahan is a lumberman of experience, having operated yards at Logansport, Ind., Hudson, Mich., and Hicksville, O. For the past several years he has been retired from business, making his home at Benton Harbor. He plans to move here in the spring, bringing his wife and one son who lives at home.

The Hiller family will remain in Buchanan, Mr. Hiller Sr., remaining with the company, and Francis Hiller continuing here until next fall when he plans to enter some university for a graduate course.

The Hiller family purchased their holdings in the Buchanan Lumber Company, 13 years ago, March 11, 1916. In 1919 Harold Hiller entered the firm and continued in the partnership until his death in 1923. The younger son, Francis Hiller, then became identified with the firm as a partner, and with the exception of one year while he was completing his college course, has been active in the management since. The family have built a very secure place for themselves in Buchanan, and their many friends are glad that they are not to lose them.

Friends Galien  
Cashier Insist  
He Is Innocent

Paul Metzler, cashier of the Galien State Bank, was named jointly with Walter A. Huffman, Indiana legislator and former divine, as accessory with him to embezzlements aggregating \$50,000 from the Farmers & Merchants Bank of Foraker, of which Metzler was formerly cashier, and gave himself up last week to Elkhardt county authorities, being released under \$2,000 bonds.

Metzler has always been an excellent reputation at Galien, and his friends there believe that his only connection with the unfortunate affair is that of error in judgment. According to press stories in Indiana newspapers, he was included in the charge of embezzlement from the fact that he was cashier at the time of Hoffman's alleged embezzlements, permitting him to write overdrafts and cover by note.

### CLARK PLAYERS SET DATE FOR HAUNTED HOUSE

SHOULD MEASURE UP TO  
OLD STANDARD SAYS  
HANLIN.

Arrangements have been completed for the presentation of "The Haunted House" by the revived Clark Players on the evenings of March 21, 22, 23, with a matinee for children on the afternoon of the last day, the production now having reached a point where a finished presentation on those dates is assured. The organization has a good working nucleus of those who starred while it was formerly active, with some good talent added, and the production should measure up to the standard set in the days when the Clark Players were known throughout Southern Michigan and Northern Indiana as on a par with the professional troupes. In the course of the 26 plays presented by the organization, it has never been necessary to prompt an actor, according to director M. L. Hanlin and it is expected that the present cast will maintain that record.

### PRINCESS THEATRE

More and more the great characters of history are being screened. This trend is strongly seen in the March programs for the Princess Theatre. The month opens Saturday with "Jess James," most romantic of American brigands. Fred Thompson studied the man and his times, his wrongs and his crimes, and he himself acted the part sympathetically, dashing, convincingly.

Other pictures based on historical incidents are "Code of the Scarlet," with Ken Maynard as a Northwest Mounty, on March 9th; "The Trail of '98," with Doris del Rio, Ralph Forbes, Karl Dan and George Cooper depicting the struggles of the great Klondike gold rush; D. W. Griffith's mighty picture, "Drums of Love," with Mary Philbin, Lionel Barrymore and Don Alvarado, Tully Marshall, and Wm. Austin playing gallant parts in the death struggles between the early Spanish Lords of Southern California.

Next Sunday Betty Thompson will be seen in "The Desert Bride," with all the fierce dramatic action of arabic love-making and revenge seeking.

Next Tuesday and Wednesday a study of social conditions will be found in "Dancing Daughters," with Joan Crawford.

Another timely feature will be seen on Thursday and Friday with Myrna Loy in "State Street Sadie," a picture based on Chicago gang warfare.

Some outstanding dramatic successes are to be seen this month also, among them "The Dove," David Belasco's record breaking success. Norma Talmadge will be supported by Noah Beery and Gilbert Roland in this.

Another South Sea picture, "Hula," with Clara Bow as the star, depicts primitive love, pure and unadorned with metropolitan intrigue. This is probably Clara Bow's greatest dramatic success.

It is not possible to mention all the really great pictures offered by Manager Homer P. Morley in March, but Wm. Haines' offering of "Alias Jimmy Valentine," a dual role, and "Phyllis of the Polles," with Alice Day, Matt Moore and Lillian Tashman ought to be kept in mind.

Then there is probably the most startling of serials yet offered here, "Tarzan the Mighty," by Edgar Rice Burroughs.

## Positive Cooking Results with the FEDERAL 4-way Oven

Your cooking results are positive and certain when your food is placed in a Federal Gas Range oven—bread and biscuits come out light and fluffy—cakes have an evenness of texture.

The new patented feature—4 way circulation of heat—assures even delivery of heat to every part of the oven—top and bottom as well as the four sides are equally heated.

How much better foods taste and how much more inviting do they appear when they have been evenly cooked.

Too, the 4-way circulation of heat makes for faster cooking, and does it with a considerable saving of gas. Modern home keeping does not call for long hours in the kitchen and cooking with the Federal Gas Range is a joy because it does the work so well and so quickly.

Best of all, your Federal Gas Range adds beauty and distinction to your kitchen. Your friends will admire it and you will find it so easy to keep clean. See the beautiful display of different styles of Federal Gas Ranges.

He Was Troublesome at School. A care to his parents. Hard to manage. Not inclined to submit to discipline. Some wise person suggested that his eyes might have something to do with it. An examination proved this true. His defective vision was corrected. At once he became obedient and started toward a successful manhood. Glad to consider this subject with interest parents.

## BUCKS TAKE FAST GAME FROM CASSOPOLIS

LOCALS WIN  
IM THRILLING  
EXHIBITIONCaptain Holcomb of  
Guest Team Is  
Bright Star.

PIERCE BOXED

Stevensville Will Play  
Here Tomorrow  
Night.

Buchanan high school basketballers opened their season with a clean slate Friday night when they defeated Cassopolis by the tight score of 12 to 9. They were taken off guard by a Cass team as good as themselves at guarding but lacking just a shade at basket shooting. It was their twelfth straight victory for the season's perfect score. The Seconds also won by the smallest possible margin 31 to 30.

The Buccaneers found themselves playing against a team that was nothing less than inspired, and were behind at the end of the first quarter, 3 to 5. They corrected that fault by taking the second frame 5 to 1, and kept up the guarding in the third, but were unable to shoot any baskets, the quarter ending 1 to 0 in the home team's favor. In the fourth quarter both teams played airtight, each getting one basket and no free throw.

The home boys had it on Coach Chapman's rare collection in tossing free throws, they making good out of their six free gifts, while the visitors made only three of their eleven chances, being a little nervous from playing over their own heads all the time.

Coach Chapman has worked wonders with his Cass cagers in the past few weeks, who may be counted as contenders in the District tournament at Niles, March 7 to 9 for the Class C championship. If they improve the next week as they have the past month they may take home the medal, even though Three Oaks has recently showed flashes of Venezuelan genius and though Buchanan has gone through the season with twelve straight victories.

Captain M. Holcomb of the guest team was easily the star of the game, as his diminutive body was of the outsize variety. While he snared only one basket from the floor, he did as well as any other player on either team, he and Morse each having one basket and two free throws. He probably had the ball as much as all the other members of his team put together, and they were playing up to his lead at that.

Don Fette opened the scoring for Buchanan with a beauty from mid-distance within a minute of the first tip-off. Then Morse dropped in a free throw, and it looked like a good start for the usual Bucks' victory. But there they stopped while the opposition netted two baskets and a free throw for a lead. In the interim Captain Fingst rallied his men and the second quarter with the present squad intact, unless accidents happen in the week. He is warranted in expecting them to defeat Three Oaks and Cassopolis, the two strongest Class C opponents, but he says both games will be close and anything may happen should the boys let down even for a few moments. Last year Buchanan won the district at Niles and also the regional tournament at Kalamazoo, but was eliminated at the state meet in Detroit. This year they plan to go through to the flag.

The box score tells how intense was the opposition at every moment of last Friday's game. A team that can stop Pierce boxed

a basket has a chance to beat the best of them if they get the breaks.

Little C. Holcomb, captain, was the star of the opening game, garnering 6 baskets and 5 free throws for 17 points. It seemed impossible for the local beginners to stop his scintillating dribbles down the floor to the basket. The longer he played the harder he was to stop, he making 7 of his points in the fourth quarter.

Chubb was high point man for the home Seconds, lopping 5 baskets in the first two quarters, but being stopped dead in the last half. The play of the entire second squad assures Buchanan of a star team next season, with Pfingst, Pierce and Morse all to be back from the championship team of last year and this.

Patriotic Program  
Held in Assembly

Mrs. Whitman, who had charge of the general assembly last Friday, offered a Washington program.

The entertainment began with the singing of America's two most patriotic songs, "The Star Spangled Banner" and "America," in which the entire group took part, accompanied by the orchestra.

Rev. Staver gave the address of the morning, the subject being "Washington," which was, of course, in keeping with the date. The life, character and habits of our first president were set forth, his character, his life, both, being compared to that great memorial in Washington which bears his name.

In closing Rev. Staver appealed to every one to improve his character, personality, and soul—for development of the soul leads to the development of character.

Mr. Stark is in Cleveland, this week attending the superintendents' convention. A new set of books entitled "Great Debates in American History" has recently been acquired for the library.

as you know the thing which you would like to accomplish, a little ambition changes it from a day dream to reality, and as a result you soon have confidence in yourself.

This little bit of ambition is the thing which is generally lacking and it is lacking because it is important. Modernism disregards the more important matters. "You can lead a horse to water but you cannot make him drink." Likewise, you can drag a boy to school but that is about as far as you can go. If you have no ambition it is a good policy to get one quickly, for ambition is power. This can not be better illustrated than in the case of Abraham Lincoln, for the step from ragsplitter to president required the fulfilling of one of the most ambitious projects ever undertaken by a single man.

## Grade News

## Kindergarten.

Those who have been neither tardy or absent during February are as follows: Clifford Bauch, Madeline Heubner, Madonna Heubner, Jack Markham, Lorraine Morley, Pansy Maxson, Clair Welch, and Gael Pierce.

## First Grade.

The following children have a 100 percent record in spelling this month: Johanna Enke, Ruth Ramsey, Marilyn Staver, Shirley Weiss, Robert Fairman, Arnold Herman, Daniel Lakin, George Lauer, James Leazenby, Edward Pascoe, Dickie Pierce, and Arthur Rohl.

## Second Grade.

In last week's spelling contest Shirley Bauch spelled the school down.

In Mrs. French's room the flag and Washington's life furnished the basis for language, reading, and art. Several poems about the

flag were read, copied, and memorized. Patriotic pictures of events in Washington's life were studied and discussed. The history of the flag was read and the flag salute given. Stories about Washington were also read by the children, and they wrote a story about him. We put up the best ones under Washington's picture. George Lakin, Lawrence Newsom, Dicky Neal, Vernon Rossow, va Hemphill, Frederick Banke, and Peggy Mosier wrote very good stories.

We are glad to have Lawrence Newsom and Jack Jerue after a week's absence.

In Mrs. Fischmar's room the following girls and boys were 100 percent in spelling last week: William Snyder, Mildred Ferris, Carlton Fletcher, Jack Miller, Marie Rudoni, Adolph Rauch, Robert Best, Matthew Rauch, Monabelle Dreitzler, Helen Renninger, Elberta Maeson, Alice Clark, Edwin Ingelhart, Harry Hemphill, Geneva Babcock and Garold Quick.

We are studying music appreciation by listening to the victrola. We are also using the victrola to aid us in learning motion songs. This week we are learning London Bridge and Looby Loo.

Some of the boys who play instruments have entertained us twice this last week. Carlton Fletcher plays the violin and Jack Miller the clarinet. Alice Leasenby learned a special song for our Washington exercises Friday.

Vernon Wells is in school again after a week's absence.

Those who had 100 in the week's spelling in Mrs. Wilcox's room were as follows: Beth Sargent, Lawrence Dillinger, Betty Ann Miller, Jeanette McGowan, Ruth Jean Haslett, Lynae Rothfuchs, Kenneth Herman, Katherine Mosier, and Lucian Depyl.

There were thirteen absent in this room last week on account of illness.

The language work last week took on the tone of patriotism; it involved the study of the flag and the boyhood of Washington.

The class sang songs about the flag and Washington on Friday. The art work consisted of draw-

ings of hatchets, cherries, and shields.

## Sixth Grade.

Victor McHenry, in Miss Abell's room, is the first pupil this year to receive a student's final certificate in Penmanship from the Painter office in Chicago.

There were nineteen other rewards granted this week.

Miss Vada Hopkins  
Honored Guest At  
Cafeteria Dinner

Miss Hopkins was given a lovely surprise party last Friday in the cafeteria. Una Kelley, Barbara Hamilton, Dorothy Brown, Shirley Rolan, Billy Habicht, Leslie Brewster, Robert Stevens, Bernadine Reinke and Vivian Mogford were the entertaining committee.

The table was gay in appropriate Washington decorations. Washington hats were worn throughout the party.

Cake, ice cream and candy were served.

Miss Hopkins was presented with a boudoir lamp.

Supt. Stark Goes  
To Cleveland Meet

Superintendent Harold Stark is spending the week in Cleveland in attendance at the national convention of school superintendents, planning to return Saturday.

Buchanan Jr. High  
Are Victors Over  
Benton Harbor Five

The crack Junior High basketballers continued to emulate the victorious march of the high school cagers this week when they took the Benton Harbor Junior High school team into camp by a score of 20 to 15, in a contest played on the local floor. Doc Miller's proteges took the lead at the beginning of the game and were never headed. Buchanan high school should not lack for material in future years, while the Junior High continues to produce material of the caliber of their team this year.

Mrs. Skeels, mother of Miss Tina Skeels, instructor in Domestic Science, left Monday after a two months visit here for a visit with a daughter living in Nebraska.

Miss Leah Weaver was absent from her post in the Junior High school Wednesday on account of the illness of her son, Dee Weaver.

Grade 5 made a study of the lives of Mozart and Beethoven last week.

## THIS AND THAT.

Archibald McClure of South Bend, who entertained the Men's Fellowship club during their January meeting, will appear upon the platform of the high school auditorium, Friday, March 1, at eleven o'clock to discuss the same topic in his very interesting manner.

Two aquariums are to be constructed by Mr. E. Hubbard and added to the equipment of the Science department. These two aquariums consist of a forty-five gallon container and a sixty gallon container.

One will be placed in the Science rooms and the other in the superintendent's office. In the aquariums will be placed local, as well as distant, species of the water.

Since these are being manufactured by the school a savings of approximately \$125 will be made. On March 4 the high school will have the privilege of listening to the inaugural ceremonies held at the capital and broadcasted to the four corners of the earth by the ether waves.

Through the courtesy of Mr. Houseworth a Spartan radio will be installed on the stage of the auditorium for the use of the school during that time.

Thursday after school found the Freshman class congregated in the assembly. An important matter was in hand to be discussed, that of returning the party the Sophomores gave in the fall.

After a discussion, March 16th was decided upon for the date of the party. Committees were appointed to begin work immediately, and the meeting adjourned.

Junior Class play books have arrived and practices will start in the near future.

## The Old Timers' Corner

Old Timer Wonders if We're Going to be City  
After Voice of People Speaks on March 11th.

Once upon a time I heard a "piece" spoken in school, by one of my class, and while I cannot remember the lines of it, the story was this: A rather human old farmer had a son that seemed to be sort of "no account" on the

editor of the local paper and said he wanted to turn the boy over to him and after explaining what the boy didn't do, etc., he said he wasn't any good for anything else and so he thought maybe he might "make an editor" out of him. They story didn't tell us whether the boy did become an editor or not, but now that I recall the story and the happenings of the times it reminds me that you never can just exactly "tell" what a person will do when they "grow up." Not all boys born on the farm are ever good farmers, but often they get into some line that is more suitable to their tastes and they bowl along and make a good showing. It's just a case of the development of the thing, whether it is a human being or a place or what. Which brings me to the thing I wanted to talk about today.

Is Buchanan to be a city or isn't it? The story will be told on election day, March 11th. Now you know that I am not of the younger generation, and sign myself as "Old Timer." But I maintain that we must develop certain modernisms and keep step or we will be all out of luck. I like to think of Buchanan as a village, same as it was when I was one of its residents, but I know that it isn't at all the same old village that I knew, in many respects and so I will just remember it as it used to be and be glad to see it step out from its old shell and take on the more enterprising form of government, and call itself a city. There are many reasons why it ought to be a city, and while I am not a politician, and am not plugging for any office or officer, I would like to see the old town crawl ahead and be known as Buchanan "city." It would mean a lot to the prestige it would have in a business way, and would give them better equalization in the matter of taxes, etc. The city is the thing when the village gets overgrown and that is what happens to many of our thriving little towns. They just stay where they were for lack of the proper "push" that takes them along with the times and with their growth. You often hear the saying that such-and-such a city is "just an overgrown village" and that's the fact about mostly all cities. I feel that way about Chicago. To me it is just a town. It is a place that has grown large and hard to handle, but it is just the same as your town and any other town, and the people in it

are just the same sort of humans as infest all other towns, and cities. The best part of a city government is that you have, in all different sections of the city, your aldermen who live in your particular district and who are trying at all times to get improvements for your particular section of town for you and for themselves, for they want to remain your alderman and to do so they have to make a showing and get something for you that you otherwise would not have been able to get, in the way of improvements. So while I feel sorry to see old Buchanan pass into the limbo of city government, yet I do want to see her progress and I feel pretty sure that the voters will say yes on March 11th and say "Yes, I am from old home town." Yes, I am from a small city over in Michigan, Buchanan. It is well known as a manufacturing city and has as its suburb, Niles, which is five miles east of it. If it were not that Buchanan is so close to the Indiana State line, I wouldn't be surprised if she would some day, also annex South Bend as her "suburb." There is nothing impossible, and while we won't live to see these things happen, that is no reason to say it will never happen. I dare say that when Chicago was plotted and people were asked to venture what would be its ultimate population and acreage, that very few had the vision to foresee the bounds which it has marched along, and would be dumfounded if they could have a look today, at places that were sand dunes and marches when they were on earth in this little old village of Chicago. So get your town in shape to spread and grow. Let future generations take care of it for the further development, but now that it is big enough to be a city, let it be one and take off the short pants and little sailor-collared shirt waist of the "boy," and put on long pants and suspenders and let the boy grow and become a man, a growing thriving city among its fellows.

I can't vote over there any more, but I wish I could add my little "bit" to help this good work along.

Old Timer.

His entire life was spent in Glendora, and this vicinity, and for the past fourteen years had lived on his present farm in Bertrand township.

In 1887, he was united in marriage to Miss Nellie R. Brown, of Weesaw township, and to this union was born one son, Lysle.

For twenty-four years, he was affiliated with the Ancient Order of Gleaners of Glendora, and was also a member of the Portage Prairie Grange.

In addition to his wife and son, he is survived by two grandchildren, Lester and Helen. One brother, William, of Glendora; two sisters, Mrs. Amanda Morley, of Galien, and Mrs. Mary Harris, of Pasadena, Calif.; also other relatives, and a wide circle of friends.

He was married to Sarah Meiser, Feb. 23, 1865. To this union were born two sons, Albert W., and Thomas. The wife preceded the husband in death in the year 1893. Also the son, Thomas, preceded his father in death, Feb. 18, 1920. He leaves to mourn his loss, one

son, Albert; four grandchildren, Ernest, Fern, of South Bend, Lena and Garman at home. Also one great grandson, Harold Houseworth.

He was again united in marriage to Sarah Cox, who died January 12th, 1923, and since that time he has made his home with his son, Albert.

He remained a faithful member of the Evangelical church, until he moved to Bristol, Ind. Here, he united with the Methodist church, which was the church of his wife's choice.

Brother Houseworth was a very patient sufferer, always resigned to "God's Will."

Funeral services were held in the Portage Prairie Evangelical church, Tuesday afternoon, at 2 o'clock, February 19th, 1929. Rev. C. A. Sanders, pastor officiating. Burial was made in the Portage Prairie Evangelical cemetery.

### Berrien Springs Names 2 Tickets For Spring Polls

Two tickets were placed in running for village offices at Berrien Springs last week, with little enthusiasm manifested at either caucus. ## STEWART SAYS FOES FIGHT HIM WITH DECEPTION

### "COME OUT IN OPEN LIKE MEN," IS HIS CHAL- LENCE.

Col. Robert W. Stewart last week made public a statement denouncing as unfair and deceptive the methods which he charges the forces headed by John D. Rockefeller Jr. are using to oust him as director and chairman of the board of the Standard Oil Company of Indiana at the annual stockholders' meeting on March 7. His remarks were addressed to the 293 stockholders of the \$900,000,000 corporation.

The Stewart statement is largely an answer to one by Winthrop W. Aldrich, brother-in-law of Mr. Rockefeller and head of the Rockefeller proxy committee, ten days ago.

Col. Stewart calls the Aldrich statement "a grossly unfair deception—unfair because it was largely insinuation rather than accusation—a deception of omission as well as of statement."

Charges Scramble for Proxies. The colonel says the Rockefeller forces have placed the battle on a low plane. He charges they have "indeed made it a wild scramble for proxies" on their part. He says it started on a high enough plane, so avowed by Rockefeller Jr., but he adds:

"The colonel says the Rockefeller agent, Ivy Lee," the statement continues, "with or without Mr. Rockefeller's approval, should resort to such an unfair and libelous attack (statement of Feb. 10) should dissipate once and for all any idea some people may still cherish that there is any 'moral' issue involved. Such an attack is the antithesis of morality."

"If there were a moral issue why the inability to state it, much less to prove it? Why does it become necessary to bring into action against me the subtle coercive power of the wealth of the Rockefellers and their associates and of the companies dominated by them?"

Says He Can Prove Falsehoods. "If these persons have anything definite with which to charge me, why do they not come out into the open like men and say so? In my court in this land I may prove before judge or jury or both that the 'evidence' of the Aldrich statement is garbled and malicious."

To prove his points, Col. Stewart gives quotations from his testimony before the senate committee investigating the Teapot Dome oil scandal and the Continental Trading company transactions, and in the courts. Then he continues:

"By what right is a 'holier than thou' attitude assumed towards the more than 25,000 employees of the company, who are solidly behind me; the board of directors who have expressed their confidence in me? The men on our board of directors have a devotion to a right, clean way of thinking and living just as deep and sincere as any of my opponents. And those men are supporting me."

Even the FIRST spoonful of Adierka relieves gas on the stomach, and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels. Adierka will surprise you. W. N. Brodrick, Druggist.

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Immortal ideas, pure, perfect and enduring, are transmitted by the divine mind through divine science, which corrects error with truth and demands spiritual thoughts, divine concepts, to the end that they may produce harmonious results" (p. 259).

**P. T. A. TALKS OF  
PART PLAYED BY  
MUSIC IN SCHOOL**

MRS. JOSEPHINE KELLEY  
LEADS INTERESTING  
DISCUSSION.

Mrs. Josephine Kelley was in charge of the meeting of the Buchanan Parent-Teachers Association at their regular February session on the evening of Monday, February 25, the program proved most interesting.

Mrs. Kelly very ably discussed the question, "What part does music play in the general education of the child?" She presented the idea that for too long a time, music has been regarded as an accomplishment rather than a potent educational factor in the general education of the child. Recognizing its socializing influence as its greatest asset, she presented to her fellow men. Two questions were discussed under the general topic, the first, "Should music play an important part in the general education of the child, its influence beginning with the kindergarten age or earlier?" the second, "Does its influence on the later life justify the necessary expenditure of time?" The questions were answered in the affirmative but proof was given for her answer.

The study of music should not be given preference over the other essential subjects, which give balancing control to the child's education. All children are musical and the musical instinct is as deeply rooted in the child as the speech instinct so that to deprive him of music is to rob him of his birthright. Music is closely allied with all school subjects.
