LEADING BERRIEN POLITICAL LEADER CALLED BY DEATH

"BILL" COLLINGSWORTH IS TAKEN SATURDAY; R.I.L. SIX WEEKS.

J. W. Collingsworth, 46, widely known in Berrien County politics, died Saturday evening at the home of Miss Libby Huff, 217 Dewey Avenue, where he had made his home for a number of years.

Collingsworth had been ill for about six weeks previous to his death. He owned and operated the State Line Billiard hall on the Niles-South Bend road, where he had been in business for several years.

He was born in St. Louis, Mo., Sept. 13, 1882, and grew up in that city, leaving it at the age of 19 years. He came to Buchanan 15 years ago and for many years operated a pool hall and lunch room where the Atlantic and Pacific store now is.

He is survived by one sister, Mrs. Clarabelle Cooke, of Santa Clara, Calif. The only known relative in this part of the country is an aunt living at Indianapolis.

Buchanan Girls Graduated From Kalamazoo Normal

Four seniors of Buchanan were included in the class of 634 who were graduated at the annual commencement exercises of Western State Teachers college of Kalamazoo on Monday, June 17, at which time President Frank L. McVey of the University of Kentucky, gave the address to the members of the class, his subject being, "The Art Spirit."

Repair Crew Averts Train Wreck in Local Michigan Central Railroad Yards

Motor Car Runs Over the Obstructions on the Rails. YOUTH CONFESSES Boy Says He Wanted to See What Would Happen.

Possibilities of a disastrous rail wreck as the result of the unconsidered act of a boy playing along the tracks were averted Saturday morning only by the fact that Otto Reinke and his section crew passed that way first, in time to remove a brake shoe and large iron nut from the east bound rails just ahead of No. 2, local passenger, and twenty minutes ahead of No. 30, Niagara Falls DeLuxe flier.

Reinke and his crew were passing slowly through the yards east bound, when just opposite the freight warehouse their motor car bumped over two obstructions placed on each rail. While the car was not derailed, the impact was so violent that the front axle of the car was bent. They stopped and investigated, finding an iron brake shoe 12 inches long and three inches thick on the south or lower rail of the curve and a large nut two inches through on the upper rail. They immediately inquired of men engaged in loading a car of grain at the freight house and learned that Frank Anderson, a 17 year old youth, who recently came to Buchanan had been playing along the track. Michigan Central detective Bachman of Niles, was summoned and went to the home of the boy, who immediately owned to having placed the irons on the rails, but denied that he had intended to do any damage.

When asked for his motive, he stated that he merely "wanted to see what would happen."

He was arraigned in the court of Justice A. J. Charles Saturday afternoon, after examination and was bound over to the September term of the circuit court. Bonds of \$1,000 were furnished by Frank Lamb.

Railway men stated that the local passenger, No. 2, was due in thirteen minutes and that obstructions of that nature placed on a curve, as in this case, would have probably derailed the train, which, however, would have been traveling slow at that place. It is followed by the Niagara Falls DeLuxe traveling at high speed.

The Michigan law provides a penalty of life imprisonment for placing obstructions on tracks, which indicates the very serious nature of the misdemeanor even though considerations of youth and lack of malice will doubtless enter into any verdict in this case.

2D STEAM SHOVEL ORDERED TO RUSH EXCAVATING

Sewer work is scheduled to begin on Third street about the first of next week, with a second excavating machine at work there according to A. E. Hipskind, of South Bend, sewer man in charge of the city force.

It was found impossible to carry out the plan announced last week of digging the trench through the Front street-Maple Court block on Portage with the drag line and leaving it to be finished by hand, due to the fact that the street is too narrow to accommodate the dirt. As a result, a Keystone pull shovel, belonging to the John Hipskind company, is to be brought from southern Indiana by flat car, and will be here the first part of the week.

PANIC-STRUCK BY RADIATOR BOILING OVER

Mrs. Malva Andre Hurtz Going to Funeral of Ex-Husband. BUSINESS WOMAN Secretary to Vice President of a Chicago Company.

Frightened and temporarily unbalanced by the pain of boiling water sprayed through an open windshield from a boiling radiator, Mrs. Malva Andre, Chicago business woman leapt from a moving car on M-60 near Galien early Tuesday morning lighting on her head on the pavement and incurring skull fractures endangering her life.

Mrs. Andre was on route with her son, Eugene Andre, Chicago loop mail carrier, and two daughters to Portage, near Kalamazoo, to attend the funeral of Arthur Thompson, her former husband, who had died in Florida and was to be buried that day at Portage. They had started about 9 p. m. Monday and had been on the road all night, having lost their way and also having incurred trouble with the car, a used machine which they had just bought. Andre stated that he had been driving slowly all night and that he had gone south as far out of his mind as Chicago Heights. Just before dawn Tuesday morning, as they were within a mile of Galien, the radiator began to boil violently, the hot water spraying over the front of the car and through the raised windshield on Mrs. Andre and Eugene Andre, who were occupying the front seat. The young man attempted with one hand to brake the car and with the other to put down the windshield when a scream from one of the girls warned him that Mrs. Andre had leapt from the car. Stopping the car they rushed back and found her lying unconscious with blood streaming from her nostrils and from her left ear.

They carried her to the car and took her to Three Oaks, where they secured emergency treatment and then started, at the advice of Clark employees bound to Buchanan, to take her to the Wallace hospital here. Immediate x-rays were taken showing that her skull had been fractured in the mastoid region of the left side.

Mrs. Andre, her son and two daughters, Lenore and Anita, who made up the party, reside at 4850 Wrightwood avenue, Chicago. Mrs. Andre is secretary of the vice president Burgess of the Burton Dixie Co., dealing in cotton. They had intended to be back in Chicago early Wednesday morning in time for Eugene Andre to resume his mail route.

Quick Turnover in Automobiles After Last Sunday Rain

A lively turnover in automobiles was reported near Buchanan early Sunday morning as the result of slippery conditions following the rain. A farmer by the name of Weber, living on the South Bend road turned over at the edge of that road at the curve opposite the home of Mrs. Emma Knight. No damage was done to the car. The Dewey Avenue Garage was called early the same morning to right a large Stutz car driven by a Mr. Meredith of Chicago, which turned over and slid down the embankment on the north side of the road opposite the Orchard Hills Golf course when the driver got too far off the pavement on the slippery shoulder of the highway. No damage was done save to break some glass.

Outside Ministers Will Speak Sunday In Methodist Church

Two out of town ministers are scheduled to deliver sermons at the Methodist church Sunday. Rev. R. E. Meader, superintendent of the Kalamazoo district speaking in the morning and Rev. R. W. Wearne of Berrien Springs at the evening service. The quarterly conference will be held at the church at 3 p. m., presided over by Rev. Meader and Rev. Liddicoat.

News From Galien and Vicinity

Truck Carrying Dynamite Upsets But no Explosion

Galien and vicinity escaped from being blown into Kingdom Come by a mere chance this week when a truck carrying a box of dynamite turned upside down on the highway near the A. L. Stodder farm.

The truck was driven by an Indiana man carrying telephone supplies. Driving at a high rate of speed he attempted to pass a large truck and was crowded from the road, turning over in the ditch. In addition to the supplies he carried a box of dynamite. The driver escaped unhurt and the truck incurred only a bent axle.

Mrs. W. C. Hewitt Observes Birthday

Mrs. W. C. Hewitt was reminded of her birthday Sunday, by receiving several fine gifts and 33 guests arrived at her home at noon time, with well filled baskets serving a hot lunch dinner.

Among the guests arriving late were Mr. and Mrs. H. Methling of Chicago, and Miss Mary Springer of Foley, Ala.

Galien Pioneer Passes Her 75th Birthday

Mrs. Frank Pierce, one of Galien's pioneers passed her 75th birthday last week. Fifteen years ago she began teaching the Primary class in the M. E. Sunday school and expects to continue as long as her health will permit her to do so. Mrs. Pierce is able to care for her invalid husband and her household, attend to her church duties and lodges of which she has been a member for many years.

Mr. and Mrs. Ed. Eabcock left Wednesday morning for Kansas to spend a month's vacation.

Mr. and Mrs. R. Wentland spent Wednesday at the Chain of Lakes Country club.

Bertrand Pioneer Expires Suddenly

Henry Gilbert, 76, died suddenly at the home of his daughter, Mrs. Celia Terrell, 215 East Third St., at 5 p. m. Friday evening, after an acute illness of about 30 minutes following several years of affliction with heart trouble.

Local Citizens

Mr. Gilbert was born in Snyder county, Pa., June 8, 1853, the son of John Gilbert. He came to the vicinity of Adrian, Mich., with his parents at the age of five years. After remaining there a short time, they came to Portage Prairie, settling on the farm now occupied by Clarence Cauffman, four miles south of Buchanan. He grew up and was engaged in farming or farm work all of his life in Bertrand township.

On January 9, 1878, he married Miss Mary F. Buggs. Of their children born to this union three survive, Mrs. Celia Terrell and Martin Gilbert of Buchanan and Harvey Gilbert of South Bend. His first wife died in 1894, and on March 4, 1904 he married Louisa Nickerson. To this union was born one child, now Mrs. Iva Emmons. His second wife survives him.

The funeral was held at 3 p. m. daylight saving time at the home of Mrs. Terrell, Rev. W. D. Hayes of the Evangelical church, preached the funeral sermon. Burial was made in Oak Ridge cemetery.

Buchananites at Go-Getters' Home

Dr. J. L. Godfrey and son, John, Jr., Mrs. Nan G. Kent and Mrs. Minnie Haas motored Sunday to Colon, Mich., to attend the annual Go-Getters Home Coming held at that place Sunday and Monday. Colon has a unique celebration which attracts many hundreds of former residents annually. It begins Sunday when all of the guests present join the local residents at church in the morning and in decorating the graves of the cemetery in the afternoon. Monday morning all rise early and go fishing in the neighboring lakes to catch the main dish for a community fish dinner at noon. High school class reunions are held in connection with the event.

VENUS had no moon, so far as has been learned, and it has not been possible to learn the length of its day.

FLIT KILLS FLIES MOSQUITOES Quicker!

Flit kills flies, mosquitoes, and other household pests. It is a powerful disinfectant and deodorant. It is used in homes, hotels, restaurants, and public places. It is safe for use around children and pets.

AURORA SCOUTS OPEN BLACK HAWK CAMP THIS WEEK

Summer sessions opened Monday at the Black Hawk Camp with the arrival by South Shore bus of 40 Boy Scouts from Aurora, Ill., in charge of C. E. Palmer, chief scout master of that city.

A series of fortnightly sessions will be held there, terminating at some date in August to be determined later by the number of applicants. The camp is receiving a number of improvements, chief among which is an enclosed swimming pool on the bank of the river to be used in instructing boys not yet expert in swimming. The staff of the camp is as follows: director, C. E. Palmer; camp physician, Dr. J. T. Klausner, of Chicago; naturalist, Sylvester Miller, instructor in science at West Aurora high school; water front director, Glenn Thompson, senior director of athletics, East Aurora high school; swimming instructor, Ed. Stapp, assistant athletic director, East Aurora high school.

Head scout master, Robert G. Davis of Chicago Heights, also arrived the first of the week with 16 scouts from that city to erect the tents, clean the grounds and put the buildings on Batchelor's Island, in preparation for the opening, July 1. Two fortnightly sessions will be held there during July, with an average attendance of 90. The mess hall has been completed by Bertrand of Berrien Springs, and has a capacity of 100. The camp is noted in the way of all sanitary arrangements, cement aseptic tanks having been installed to prevent river contamination.

School nurse says all girls should know this

W. D. Downs, P. S. See that Buchanan has everything ready for us as promised all members of the Chicago-Buchanan society.

FREEZE WITH HEAT THE ELECTROLUX Refrigerator

Amazing New Refrigerator MAKES ICE from TINY GAS FLAME

Electrolux is sweeping the country with its new principle of freezing with heat

NO machinery to go wrong or need attention... no moving parts to make the slightest noise in the Gas Refrigerator a tiny gas flame and a mere trickle of water do all the work. And, best of all, it costs less to operate than any other refrigerating system.

Drop into our display rooms and let us show you the many models.

Eva Morris's Husband Rises And Remarks

Editor Berrien County Record,

It is said there is little in a name—unless it is on a check, and the rose would smell as sweet if called by any other name. However your error in last week's Record has caused more comment than the national debt and more worry than the Farm Relief bill.

It seems that once Royal Morris, brother of John Morris, some years ago married Sadie Richards, daughter of Capt. Richards. At the time Sadie Morris, nee Richards, left Buchanan for South Bend. She was accompanied by her two daughters, Lulu and Eva.

Now to make a long story short C. O. Milner took unto himself, Lulu, and a fellow by the name of Downs was fortunate enough to get Eva. (You can now figure out your error.)

In February of this year at the annual meeting of the Chicago-Buchanan society this fellow named Downs was called out of the room when the nominations for secretary were called for and Lee Mead, thinking it a good joke, nominated Downs and then moved that the nominations for secretary be closed. Downs now has it and don't know what to do with it, as he is only Eva Morris's husband.

Yours until the picnic,
W. D. Downs.

Ted Childs is Graduated From Uni. of Michigan

Mr. and Mrs. Theron Childs were visitors Sunday and Monday in Ann Arbor, where they attended the commencement of the University of Michigan, where their son, Ted Childs, received the degree of Bachelor of Arts. Young Childs was one of 2,000 to receive the certificate of graduation. He has completed the four year literary course which is a pre-requisite to law, and will enter the law school for a three-year course this fall.

The commencement exercises were held at Ferry Field, with Dr. Millikin of the California college of Technology as the speaker. On Sunday evening, President Little, who receives from the head of the University in August, delivered the baccalaureate address, his last official appearance before the students of the university.

MARVELOUS WORK OF NEW KONJOLA MEDICINE TOLD

W. N. BRODRICK DRUG STORE TO INTRODUCE ADVANCED REMEDY FOR FIRST TIME IN BUCHANAN.

If you were told that one single medicine put hundreds of men and women back to work in Indianapolis, and other large cities after they had been idle for months with health troubles, it would sound impossible, wouldn't it?

Discoverer of Konjola

Discoverer of Konjola And that countless people were completely relieved of rheumatism and neuritis, and that they were able to walk again, without canes or crutches, and that this same medicine restored health to men and women who had suffered with stomach and kidney trouble for years, that complete relief had come in cases of misery where health resorts, expensive treatments and medicine upon medicine had failed—indeed it seems impossible. Yet it is all true, and the medicine that has done all these things is the new Konjola, which is being introduced starting today at the W. N. Brodrick Drug store, Buchanan.

Whoever introduced this Konjola is vastly different and more effective in thousands of cases of ill-health than any previously known medicine. It is a remarkable liquid compound for the following well known troubles:

RHEUMATISM: Especially severe cases, where pains are intense, muscles swollen, joints stiff and rigid. In the milder cases of this disease, Konjola relieves almost at once, and this medicine brings the same results to the neuritis victim that it produces for the rheumatic sufferers.

STOMACH, LIVER, KIDNEYS, and BOWEL TROUBLES: Nearly all forms of misery that arise from these unhealthy organs have been so quickly relieved by Konjola that men and women sufferers everywhere were surprised. It is the action of this medicine on the organs of the inner-system that removes toxic poisons from the system and brings quick relief in so many cases. The secret of this Konjola is the way it acts on the important functional organs of the body namely, the stomach, liver, kidneys and bowels. So many diseases and long standing disorders of these organs were so completely conquered and entirely banished by this new compound that thousands of people in larger cities were able to give up taking medicine for time to come.

After the great accomplishments and wonderful work of Konjola in other sections, it is declared that this medicine is what hundreds of sufferers in Buchanan and vicinity have long needed to actually reach their cases, and preparations are being made to introduce Konjola for the first time at the W. N. Brodrick Drug store, where this medicine will be sold and explained to the public daily.

A BUYING GUIDE!

Before you order at a restaurant you consult the bill-of-fare. Before you take a long trip by motor-car, you pore over road maps. Before you start out on a shopping trip, you should consult the advertisements in this paper. For the same reasons!

The advertising columns are a buying guide to you in the purchase of everything you need—including amusements! A guide that saves your time and conserves your energy that saves useless steps and guards against false ones that puts the STRETCH in the family budget.

The advertisements in this paper are so interesting, it is difficult to see how anyone could overlook them—fail to profit by them. Just check with yourself and be sure that you are reading the advertisements regularly—the big ones and the little ones. It is time well spent—always.

AVOID TIME-WASTING, MONEY-WASTING DETOURS ON THE ROAD TO MERCHANDISE VALUE. READ THE ADVERTISING "ROAD MAPS"

Local News

Mr. and Mrs. Barnhart expect to spend tonight with an aunt of the former at Orangeville, Ill., before resuming their trip, which is being made by car.

Oh say! Have you tried out those new air scales for pumping up your tires? Thuring's Super Service Station has just installed one and they certainly are great. All you do is turn a knob to the pressure you want in your tires and then let your tire have "the air" until the whistle blows, which means enough is enough. These boys at the station have been pretty busy the past few days, and you should see the bright new paint on the inside of the station. It's blue and cream, the Dixie colors. And if you need the oil in your car changed, just foot your horn and service you will get and that new grade of Mobile oil. Car and radio batteries are also charged there now.

G. G. Rogers has re-arranged his store, having moved several of the counters to different positions and the effect is great. Just look in and see.

Mr. and Mrs. David Human are entertaining Mr. and Mrs. S. S. Clovis, New Mexico, who are here for a visit of a few weeks.

BASEBALL FAN BOOSTS STOCK HOME PLAYERS

Says Manager Baker is Developing Team Right Way.

LOCAL MEN FIRST

Buchanan has a baseball team of its own for the first time in many years.

Hold on now, don't get excited over this thing. To be sure, we had a baseball team last year and many years before.

But this year Buchanan has a different deal. The "Buchanan Blues" now are of Buchanan.

Of course, the Home Blues are not quite as good a baseball team, just now, as the hired Blues were.

None of the hired Blues volunteered to play when they found no list of "100 best citizens" guaranteeing salaries.

Buchanan wants to play fair and square with her own boys, as Buchanan people always want to be loyal to Buchanan affairs.

Our very own team won their best game of this season last Sunday, and they promise to win many more.

Come on, Buchanan, get behind your Blues! Limber up the rusty old larynx and feel the thrill of enthusiasm again.

Everybody in the United States can take an automobile ride at the same time if an average of 5.8 persons can crowd into each available passenger car.

All Can Ride at Same Time in United States

These figures have been compiled by the Department of Commerce, which said that on Jan. 1, the United States had 24,629,921 of the 32,028,584 motor vehicles, including buses and trucks, in the world.

Pioneer in Equality The International Typographical union, according to an historical sketch of "Women in Industry," published by the National Women's Trade Union league, was the first national union to accept women on an equal footing with men.

Steam in Warfare Rear Admiral George Wallace Melville says that when the British admiral, Sir John B. Warren, ascended the Potomac in 1812 his expedition was reconnoitered by an American steamer.

Olive Branch

Mrs. Chas. Smith and son, Paul, were shoppers in Buchanan on Thursday.

Rev. H. D. Mead was in Grand Rapids last week attending the S. S. convention at that city.

Mrs. Celia Wade and son of Do-wagiac, spent Sunday in the Fir-moon Nye home.

Mrs. Lotie Enyart and sister, Mrs. Maude King were in Michi-gan City, Saturday, to see Dr. Frank Warren.

Miss Gladys James, Meryl Un-ruh and Nola VanTilburg were in South Bend Thursday.

Cyrus Kane and daughter, Helen, and Gladys Zimmerman of Niles, were dinner guests in the Firmon Nye home Sunday.

The Young People of Olive Branch had an ice cream social at the hall Saturday evening. A good crowd and a pleasant time.

Mr. and Mrs. Firmon Nye and son, Lyle, and wife were in Michi-gan City, Saturday, to consult Dr. Warren about Mrs. Nye's health.

The Ladies Aid of the U. B. church met at Mrs. Jasper To-land's in Galien, Thursday. A very

pleasant meeting. A delicious sup- per was served by a committee, Mrs. Nina James, Hattie Toland, Ruth Bowker, Bertha VanTilburg and Mrs. Herb Raase.

Mr. and Mrs. Firmon Nye went to Michigan City Monday where Mrs. Nye entered the St. Anthony hospital and will undergo an op- eration on Tuesday. Dr. Frank Warren is the physician. Mr. and Mrs. Lyle Nye and Mrs. Celia Wade were there Tuesday, the latter staying over for some time.

Mr. and Mrs. Albert Dickey of South Bend, spent the week end in the John Dickey home and John Allen and Mr. and Mrs. J. D. Schnor of Niles, spent Sunday af- ternoon in the J. Dickey home.

The other notable attractions include Buster Keaton in "The Cameraman" an exceptional com- edy, in fact, one of the best and funniest comedies produced this year. Billie Dove on Sunday ap- pears her prettiest in "Adoration." Nothing more need be said about "Adoration."

The remainder of the program includes such stars as Colleen Moore, who was last seen in "Li- lacs Time" and Ted Wells, the western star, who has been mak- ing rapid strides in popularity. Ted appears Monday in "Grit Wins."

Among the notable pictures that will be presented at the Princess this week, the one that shines out above all others is "Redskin," with Richard Dix. Redskin is the throbbing drama of the red- man's struggle against white civil- ization. It is the romance of a college-bred Indian of today filmed in natural color in the gor- geous Indian country. Have you

seen the Enchanted Mesa? Its gorgeous colors, its vast distances, its tremendous cliffs and long, broad sweeps of tumultuous rocks? The Enchanted Mesa, the unaccessible mountain top where the Indians have lived for thou- sands of years. That's the back- ground for Redskin and it is pre- sented almost entirely in color. Imagine the color of a Navajo chief's regal blanket. They try to imagine the color in Redskin. Combined with Redskin will be the Collegians, which are a weekly feature on Tuesday and Wednes- day nights.

RECORD WANT ADS PAY

Lola Roundy is Wedded Sunday to Victor Gensichen

Victor C. Gensichen and Lola L. Roundy were united in marriage Sunday, June 16, at the home of the bride's parents, Mr. and Mrs. A. E. Roundy, near Glendora, the ceremony being performed by the Rev. J. L. Griffith.

The family of the bride, her cousin, Lawrence Lauer, Arthur Hess and Miss Lillian Hess wit- nessed the wedding the last named two standing with them as best man and bridesmaid. After a two-course dinner the happy couple left for Niagara Falls by way of Detroit and the Canadian route, planning to return the southern way through the United States. Both are very well known here, Mr. Gensichen being an em- ployee of the Krohn Differential Corporation.

Christian Churches of 3 Counties to Banquet Together

The First Christian church of Benton Harbor will be host to the Tri-County Old-Fashioned all-day basket dinner, June 23. All the churches of Berrien, Cass and Van Buren counties are invited and any other friends who may desire to share this rich fellowship. Each family is asked to bring a picnic lunch which will be pooled and eaten in common. All are re- quested to bring their own eating utensils. Coffee, sugar and cream and a cold drink will be furnished by the Benton Harbor church.

The day starts with Bible school at 10 a. m. featuring a Big Men's class and is followed by the morn- ing worship at 11. At noon all will partake of the bounteous din- ner and after a period of informal fellowship, will engage in a devo- tional service featured by special music. After this there will be a great address followed by the Communion service.

Dr. F. D. Kershner of Butler University, Indianapolis, Ind., has been procured as guest speaker. Dr. Kershner is one of our most representative men and is noted for his broad education, wisdom, clear logic, kindly attitude and al- ways generous spirit. He loves the Old Book and will send all home with a deepening faith in Holy things.

Harrell C. Baird of Poteau, Ok- lahoma, and one of our most suc- cessful Evangelistic singers will be present and will favor each session with special music ac- companied by his wife. The Bairds are doing special work at the Buch Conservatory of Chicago. Mr. Baird is passing attractive offers to do concert work and continuing to sing the Gospel. He has a rich tenor voice and will please all who hear him.

It is earnestly hoped that the response will be so generous and general that this may become an annual affair, passed around from church to church and increasing our interest in each other and Eternal things.

Do You Know You Can Buy Graham-Paige Quality at \$855 at factory

Outstanding--by any measure of VALUE

Graham-Paige motor cars have won recog- nition for fine appearance and dependability. Now we call your attention to their value and low price.

Lift the hood and see the big, 62 horsepower motor of the Model 612--with water circula- tion to the very bottom of the cylinder walls. The 2 1/2 inch crankshaft with seven large bearings assures smooth power at all engine speeds.

The 612, ready for the road, weighs 3,125 pounds. We have learned, through long and practi-

cal experience, that every pound of this greater weight is essential to safety, comfortable rid- ing, and extra long life. The bodies are roomy and beautifully fin- ished. Upholstery is genuine mohair, with a guarantee of long wear attached to every cushion. The Model 612 represents our earnest en- deavor to give you more than an average dollar's worth of real value for every dollar invested. Before selecting any car in or near its price class, we ask you to examine it and enjoy a demonstration.

Opera Composed By Buchanan Girl is Presented in Gary

Mrs. Roy Sulhand was a visitor in Gary Thursday and Friday, attending the presentations of an operetta, "Aladdin," which was produced by the school children of the city, and of which her daughter, Mrs. Ruby Black, composed the music.

The operetta was repeated twice, to capacity audiences and was enthusiastically received. It represented the first music of the sort to be produced by Mrs. Black, who has been instructor in music in the Gary schools for five years, and who is better known here as Ruby Sulhand. Mrs. Black with her husband and son, Robert, accompanied Mrs. Sulhand on her return here Saturday and were guests at the Sulhand home over the week end.

The notice given the production of the operetta in the Gary Post-Tribune was in part as follows:

"Smoke from burning joss sticks and the haunting odor of sandalwood greeted those who were ushered to their seats by a 'mandarin' last night in Glen Park school center for one of the most distinctive musical events presented by school auditorium departments during the year. The operetta, 'Aladdin,' embodying the old Arabian Nights' story written by Mrs. Ruby Black, music instructor and Mrs. Alice R. Wickens, auditorium training teacher.

From the moment the curtain opened on the 'sunlit streets of Fez' were Chinese gnomes were playing as pirates in search of jade, ivory, gold and jewels, until the close with the triumphant release of 'the princess' and her maidens from the wicked spell of 'the magicians,' the audience of adults and children lived in the atmosphere of oriental mysticism. The theme song, 'New Lamps for Old' was repeated in the last scene as 'Old Lamps for New.'

George Taylor Dies Monday Eve. Age 67

George Taylor, 67, a resident of Buchanan for the past 11 months, died late Monday evening at his home at 205 Days Avenue.

He was born May 25, 1852, in Logan County, Ohio, the son of Frederick Taylor. He is survived by his wife and by the following children: Elsie Taylor, DeGraff, Ohio; Roy Taylor, Pontiac, Mich.; Mrs. Mattie Hall and Mrs. Beryl Smith, Lima, Ohio; by two sisters, Mrs. Libbie Kenner of Gladwin, Mich., and Mrs. Mary Copeland, Monterey, Ind.; by five step sons, Henry Hemphill of Buchanan; Carl Hemphill of Niles; Roy Hemphill of Logansport, Ind.; Floyd Hemphill and Guy Hemphill of Lima, Ohio. The body was sent to Lima, Tuesday.

Fewer Farmers Fail Financially, States Land Bank Pres.

"Fewer farmers are delinquent in their payments of their installments on their loans from the Federal Land Bank of St. Paul than a year ago and fewer farms are being foreclosed upon," stated President F. H. Klavon of that bank before the representatives of the local National Farm Loan associations from some 40 southern Michigan counties with which the bank does business.

This co-operative or mutual bank and the 647 associations have about 35,000 loans in force in Michigan, Wisconsin, North Dakota and Minnesota, aggregating nearly \$125,000,000.

"Improvement in collections has been particularly good since the first of the year. The number of farms in process of foreclosure on June 1 last year in North Dakota was 209 whereas this year it is only 110; in Minnesota 83 against 69; Wisconsin 134 against 103; and in Michigan 119 to 116. Delinquent installments throughout the district were reduced from \$221 to \$322, or 27 per cent. Not only is this condition indicative of progress and better conditions, agriculturally speaking, but the bank has been able to sell more farms upon which it had been forced to foreclose than it did a year ago.

"Sales of farms have been particularly encouraging during the first five months of this year, being 150 compared with 101 for the same period in 1919. In this same period the number of loans in process of foreclosure declined almost 30 per cent.

Interest rates to farmers in this territory undoubtedly would be one if not two per cent higher than they are today if it were not for the Federal Land Bank. This would mean that borrowers from this system in the St. Paul district would be paying about \$2,000,000 more in interest, to say nothing of the host of farmers who are the indirect beneficiaries because of our low rates.

"We are still lending funds at 5 per cent which is particularly low when we consider that the Federal Government has had to pay that rate lately on some of its financing. If these present unusually high money rates continue, the bank will probably be obliged to raise its rate for new loans to 5 1/2 per cent or 5 3/4 per cent, but that would still be a low interest rate."

The city of Duluth, Minn., was moved to Nevada, the state would nearly double its population.

Loan Assoc. Finds Newspaper Advt. Most Profitable

Use of newspaper advertising is the preferred method of the largest building and loan associations of the country in bringing their message to the prospective investor and borrower.

Direct mail, blotters, street cards and other forms of advertising are in fairly general use, yet the majority of the 36 associations showing resources of more than \$10,000,000, are spending most of their advertising appropriations with the newspapers in cities in which they are located. This is the conclusion drawn as the result of a survey made by the Michigan Building & Loan League, in which questionnaires were mailed to the associations, which, according to the report of Secretary H. F. Cellarius, are in the \$10,000,000 class.

Sixty-four of the associations returned the questionnaire and their report showed that they invest an average of \$12,000 annually in advertising. The total amount being invested this year by these associations is \$767,006. To the question dealing with the forms of advertising used, almost invariably they answered by one word, "newspapers." A few of the associations reported that they did comparatively little advertising, and several others replied that they hold their appropriation down to \$3,000 annually. Others, notably the largest in the group, with resources totaling forty million dollars and fifty million dollars, reported appropriations running as high as \$100,000.

"The success of these associations, based on the fact that the public was made acquainted with them and kept in touch with them, at least to a certain extent through the newspapers, is the answer to the age-old question, 'Does advertising pay?' As a matter of fact, it not only stands on its own feet as a dividend provider, but likewise helps open the gates for the publication of news.

Alyce Charles Graduated From State College

Ethel Alyce Charles of Buchanan, is among the 412 seniors who will receive their bachelor's degree at Michigan state college this spring, according to official lists just released by the M. S. C. registrar.

The seventy-first annual commencement exercises will be held on June 24, with Dr. Paul Walker, president of Battle Creek college, delivering the commencement address.

This year's graduating class is one of the largest in the history of the college.

Looking for a Home? Described as a "home lover," a cow at Newport, England, recently jumped through the plate glass window of a furniture store, looked over the suites, then leaped back through the window, galloped across the street and climbed the stairs of a real estate office.

FARM WOMEN GET HELP IN MICHIGAN

MRS. H. FORD OPENS THIRD STORE; MARKETING HOME-MADE PRODUCTS.

The Woman's National Farm and Garden association has opened the first Green Door Market in the central states in Alma, Mich.

Farm women from all sections of Gratiot county and some from Saginaw, Flint, Bay City and Grand Rapids gathered to witness the simple ceremony, presided over by Mrs. Henry Ford, president of the association. This market is the third of its kind to be opened, the first being established in Boston six years ago and the second in Benson, Vt.

Mrs. Ford addressed the women from the steps of the market. "No articles are accepted that are not passed upon by a committee which considers them from a point of utility and quality," she said.

"Of course, it is difficult for the farm woman to determine what is utilitarian to the woman who spends most of her time in the small city apartment, but here is one of the purposes of the association. It is our intention to assist these women to keep in touch with demands of the city women in styles."

Alibi for Mother
The mother of any normal child has two reasons from which she may derive comfort on not infrequent occasions; she can think either that the little thing takes after its father exclusively or that a mistake must have been made at the hospital and they gave her the wrong baby.—Ohio State Journal.

H. VanAntwerp, Aged Dayton Man Called by Death

Hiram K. VanAntwerp, 73, resident of the Dayton farming section for nearly 30 years, died at his home there Saturday, June 15, and was buried Monday in the Oak Ridge cemetery.

He was born in Buffalo, N. Y., Nov. 18, 1846, leaving that place at the age of two years, when his parents moved to Cedar Rapids, Ia. Here he grew to manhood, living later in Kansas, South Dakota and New York. He married Della Clogh of Attica, N. Y., in 1883. In 1900 he came to Michigan with his family from Fredonia, N. Y.

He is survived by his wife, a son, Otis, and a daughter, Mrs. John Andrews of Buchanan. He is also survived by six grandchildren.

The funeral was held at the home of the daughter, Mrs. John Andrews, on Terre Coupe Road, at 11 a. m. Monday. Rev. Liddell, pastor of the Lutheran church, officiated at the funeral service.

Pike Do Not Shed Their Teeth Says State Fish Expert

Do the pike shed their teeth? They do not, says P. R. Langlois, pathologist of the fish division of the department of conservation, who discusses the question in the following story:

"The mouth of our common pike is armed with two types of teeth," says Mr. Langlois. "The upper jaw lacking the sharp canine-like marginal rows that characterize the lower jaw, but bearing instead the binged teeth on the vomer and palatine bones which form the roof of the mouth. These binged teeth may be bent inward and throatward, but not outward, and their function is to allow any fish or other objects that may be caught to move along in the desirable direction—stomachward. Though functionally important, these teeth are relatively inconspicuous, and it is the battery of long, sharp, firmly fixed marginal teeth on the lower jaw that have the reputation in fishermen's lore of being annually or seasonally shed."

"Specimens of the pike in the collection of the University of Michigan Museum, some taken nearly every month of the year, were examined and all were found to bear the usual formidable array of marginal teeth. Some specimens collected in late July, 1927, by Fortner and Moody of the Paris hatchery had their teeth nearly covered by their gums. The casual observer might easily have failed to see the teeth at all, and if he had seen the projecting tips of the full-sized teeth he probably would have called them new teeth, not recognizing the swollen condition of the gums. No specimens have been found to be notably lacking in marginal teeth, and none have been found possessing two sets, one displacing the other.

Almost the Limit
Absent Minded—The professor who came to breakfast one morning, kissed the egg and cracked his wife on the head.

Denotes No Change
Remember that to change thy mind and to follow him that sets thee right is to be none the less the true agent thou wast before.—Marcus Aurelius.

"Based on these and other observations, the conclusion seems to be that the firmly set or 'ankylosed' marginal teeth of the pike are not periodically shed and renewed, but remain with the fish throughout life unless broken off by an overactive mouthful, in which case they are gone forever. The reports to the contrary are probably based upon uncritical examinations of pike mouths when the teeth are inconspicuous because of swollen gums.

The Same INSTINCT

People who hide their valuables in out-of-the-way spots—behind pictures, under carpets, in old teapots—are obeying the same instinct for safety that makes a dog bury a bone out in the garden.

A dog, of course, knows no other protection for his treasure than to bury it and trust to luck it will not be found. But most people in this community know that for less than 1c a day they can assure absolute safety for their valuables in a Safe Deposit Box in the strong vaults of this bank.

If you have none, why not come in and select your box today

The First National Bank
The Oldest Bank in Buchanan

Don't Let Your Community Make the Same Mistake

Within recent years many communities have made the mistake of paving their roads and streets at what they considered a "bargain price." The taxpayers thought they would save thousands of dollars. In many instances the maintenance has not only wiped out the hoped for saving, but has exceeded original cost. And in many cases also it has been necessary to build entirely new pavements—of permanent construction.

There are communities, however, which know the cheapest is not always the best. Many of these also built roads and streets several years ago. And they built for permanence with concrete.

These concrete pavements, built in accordance with approved standards of construction, are in as good condition today as when they were built.

Which of these communities will yours be?

Shorten Her Hours of Work in the Kitchen

What Electric Cookery Means to Her and to You

WHEN you sit down to a delicious meal that your wife has prepared, do you ever stop to consider how many hours each day are spent in the preparation of your food? Give her an Electric Range—it will free her from the kitchen, give her more time to enjoy life as you would have her enjoy it, give her golden hours with the children—hours of leisure, otherwise lost forever. The Electric Range is truly a kitchen gift of untold benefit.

Electric Cookery will enable your wife to make your favorite dishes taste even better.

Electric Cookery offers many other advantages. It is cleaner—more economical—safer—more convenient and improves kitchen appearance. Electric Cookery is truly the modern method. It means happier, more healthful living for you, your wife, and family.

COUNCIL MEETING
Regular meeting of the common council of the village of Buchanan, Mich., held in the council rooms of said village on Tuesday evening, June, 1929, at 7:00 p. m.

Meeting called to order by Pres. Glover. Trustees present were Kelling, Adams, Beck, Berry, Kean and Bradley. Absent, none. Minutes of previous meetings were read and approved. The finance committee read the bills for the month of May amounting to \$5,560.84.

Moved by Trustee Kelling, supported by Trustee Bradley, that the bills be allowed as read and orders drawn for the several amounts. Upon roll call that for Kelling, Adams, Beck, Berry, Kean and Bradley.

The grading of Fourth street down to meet the pavement on Portage street was left in the hands of the street committee.

The cemetery committee asked that the water main on Torre Coupe road be extended past the cemetery gates for cemetery purposes.

Moved by Trustee Bradley, supported by Trustee Berry, that the village extend the water main on Torre Coupe road about 250 feet for the cemetery road.

Upon roll call the following trustees voted aye, Kelling, Adams, Beck, Berry and Bradley. Nay, none.

A petition signed by a number of taxpayers residing on Liberty Heights asking that Liberty avenue be extended to the Niles road was read by the clerk.

Moved by Trustee Kelling, supported by Trustee Bradley, that the petition be referred to the street committee for investigation and recommendation. Motion carried.

Upon motion by Trustee Beck, supported by Trustee Bradley, meeting adjourned. Harry A. Post, Village Clerk.

National Anthem
Congress has repeatedly refused to take any action toward recognizing a national anthem. Army and navy regulations, however, and a war-time proclamation by President Wilson give that honor to "The Star-Spangled Banner."

Nature's Soda Fountain
A cold spring under the hill and a gourd dipper, and why suffer from thirst?—Woman's Home Companion.

Light at the Poles
In speaking of the period of darkness at the poles, complete darkness is not implied, but rather a sort of twilight. There is sufficient light for ordinary activities to be carried on.

BIG APARTMENT REPLACES SMALL HOME IN AMERICA

CHICAGO AND THE MIDDLE WEST LEADING IN DEVELOPMENT.

The trend is away from the single and two-family dwelling in the United States and toward apartment buildings for which the demand is increasing.

This movement is strikingly revealed and interpreted in a nationwide housing survey that has been carried on for more than a year by Dr. Richard T. Ely, founder and director of the Institute for Research in Land Economics and Public Utilities, at Northwestern University in Chicago, and members of his staff.

Dr. Ely said, in an interview reporting some conclusions, that the change toward multifamily dwellings is not a temporary one to correct an acute shortage of houses.

He based this belief partly on statistics showing that the number of single-family dwellings which were being built in 1921 constituted 53.3 per cent of the total amount of home building for the nation that year, whereas the percentage had decreased to 35.2 in 1928.

Added evidence was that the percentage of two family dwellings erected during 1921 was 17.3 as compared to 11.1 per cent in 1928. It was learned that the percentage of families moving into multi-family dwellings increased from 24.1 to 53.7 per cent during the same period.

Now can this be disposed of as a "largest cities affair" because, during the period 1921-27 the percentage decreases in single-family construction was greatest in those cities with populations of from 250,000 to 500,000 and those cities with populations of from 25,000 to 50,000. Dr. Ely declared.

Contrary to most suppositions, the rate of a city's growth does not seem to be a major influence in this trend because, in each of the different size groups of cities the moderately growing cities are shifting quite as rapidly as the so-called "boom towns," he pointed out.

Other conclusions were that towns outlying metropolitan centers are not as class shifting toward multi-family living any more rapidly than are independent towns farther removed from these centers; zoning ordinances do not seem to have checked the movement to any appreciable extent; no correlation has been found to date between this trend and the movement of material prices and labor rates; cities in the middle, western and southern states are shifting more rapidly toward multi-family living than are cities in the eastern states.

State Grain Crop Reported Below Average June 1

Michigan's winter and spring sown grain crops were all below average in condition on June first this year according to the crop report issued today by Herbert E. Powell, commissioner of agriculture and Verne H. Church, agricultural statistician for Michigan. On this date winter wheat was really in the best condition of any of the grain crops despite the fact that its condition declined three per cent during May to 79 per cent of normal, which compares with 80.6 per cent for the ten-year average condition on June 1. On the basis of this condition the Michigan winter wheat crop forecast is now 14,896,000 bushels, or slightly more than the final estimate last year. Michigan rye had a condition of 81 per cent of normal on June 1, and the production forecast was 2,138,000 bushels which is less than the final 1928 crop.

Oat sowing was seriously delayed by heavy successive rains, and cool weather prevented normal growth of seeded oats. It seems likely that the Michigan oat acreage will be much less than intended; and with the June 1 condition of only 70 per cent of normal, a low total production is anticipated although no production forecast will be made until July after the acreage is estimated. Michigan barley suffered from the same weather as did oats, and as a result the condition of June 1 was 72 per cent of normal compared with the ten-year average of 84 per cent.

The condition of hay in Michigan is above average with the exception of alfalfa which was retarded by the cool weather and which is spotted from slight winter killings in some sections. All tame hay had a condition of 84 per cent of normal compared with the ten-year average of 80.5 per cent. Pastures are also good.

Frost damage in Michigan accounts for a widely different condition for various fruits as well as a wide range in the condition of each fruit in adjoining sections. Pears in the southwestern part of the state suffered most, but early apples, plums, peaches and cherries were also damaged considerably in this same section. Frost did less damage farther north in the fruit belt as the bloom was later, and consequently from Allegan county north the prospects are mostly good. The condition of Michigan fruit crops on June 1 was apples 78 per cent, peaches 65 per cent, pears, 50 per cent, cherries 67 per cent, plums 64 per cent, grapes 69 per cent,

blackberries and raspberries 78 per cent, and strawberries 70 per cent of normal. Apples, peaches, and cherries are above the ten-year average, and the others are below average.

The June 1 United States winter wheat forecast was 622,148,000 bushels, an increase of four per cent over the crop indicated on May 1 this year.

Michigan Shows Way On Holstein Cattle

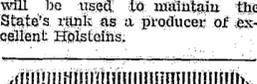

Michigan breeders of livestock can take just pride in the report from the national Holstein sale at Philadelphia which shows that two animals from this state topped the list when the cow, Royal Ormsby, sold for \$6,800 and her seven months old bull calf for \$10,000.

These animals were offered for sale by E. M. Bayne, Romeo, and were bought by the Winterthur Farms, Wilmington, Delaware. Another lot of nine animals consigned from Michigan sold for an average of more than \$1,000 a head.

At the 44th annual convention held by Holstein breeders at the same time as the sale, the announcement was made that Michigan ranked second in the number of breeders who had joined the association during 1928, and this State led all others in the numbers of breeders who had entered their herds in herd improvement registry lists.

Several excellent animals were purchased by Michigan men at the national sale, and these animals will be used to maintain the State's rank as a producer of excellent Holsteins.

A Medicine You Have Waited Many Years For

THE NEW KONJOLA

Being introduced in our store for the FIRST TIME. This celebrated new remedy is for the stomach, liver, kidneys and bowels and rheumatic and neuritis troubles. Chicago, Philadelphia and other large cities have gasped at the wonderful accomplishments of this remarkable medicine.

This remarkable compound is destined to bring new hope, happiness and glorious health to Buchanan people. Thousands of seemingly hopeless cases of health troubles have been conquered in larger cities, by this

The Old Timer's Corner

Old Timer Straightens out Disputed Relationship

Mighty glad to see John Holmes in print again. Sorry that you will not write for your old friends regularly, for Old Timer's Corner, but until some one will volunteer to do it, it is not a hard thing to do, to just imagine myself back in the old places and among old friends and just sort of play around as we did years ago, but with the knowledge that comes with experience. Maybe it is a poor way to spend time, but I am not in such a hurry as I used to be, and so I don't begrudge the time any more.

Mr. Holmes asks me if I know the relationship of David and Daniel Wagner. I think they were brothers. My mother's sister, who was Mary Witter, married David. She lived with us for quite some time after my father died, but I may be wrong. My memory of it is that those two wagners were brothers. Jane Wagner could tell us for sure. How about it, Jane? Come to the rescue. Let us hear from you if you are still able to write to us.

I have been thinking today of some old timers and among them is Charles Snyder, who used to live down on Second street to ward Portage. He was a fine old man and was a staunch Mason. He was a mason by profession and a Mason by affiliation. Seems to me, since I wrote the line above that it was Third street, I can't remember. He walked a little lame and carried a cane most of the time. But when he worked he didn't need his cane at all. He used to give me good sound advice when I was a youngster, and I didn't half appreciate it, but I have thought of him and of the things he told me, later on, and was sorry I didn't have gumption enough to follow his advice, long before I did. I had a lot of good friends among the older men in town, and liked to talk with them.

Another old fellow that I liked to talk to was John Marble, who lived on Fourth street, just about where Lake street comes in. He also was a little lame and walked with a decided limp, he wore whiskers and was just a good old whole souled friend. He took a great deal of pride in his home, with its abundance of shrubbery and flowers and had a hedge around two sides of his place and kept it trimmed nicely. I used to stop by on my way to school and he would talk to me so long that I would have to "run like a white head" to avoid being late, sometimes. When bicycles came into fashion and he found me mounted on one of them, he gave me a long talk on careful riding, etc., and although he never had tried to mount one of them, he had some mighty good ideas.

Then going out a little farther west on Fourth street, where Detroit and 4th street meet, was the home of Mr. East, Will East's father. He also was a fine old fellow. Part of our farm lay along side his place and we used to be neighborly, over the fence, and discuss crops and conditions. I was a barefoot kid and knew nothing at all except to do as I was told, and Mr. East used to have a lot of fun getting me to explain all the best ways for this and that, about the farm, etc. I know now, that he probably got a kick out of it, but at that time I thought I was a great help to him in running his little place. Ha Ha. The days of "riaming youth." Well, I get the same kind of a kick out of offered suggestions, sometimes from younger

men in my own profession. They are younger and more recently started in the line and they think they have to tell us all how to do things. We are all alike. Just a little age and some experience is all it takes to show us that we are just part of the wheel. We all learn that, too, in time.

OLD TIMER.
SHAWNEE

The farmers are rejoicing over the showers we have been having the past week.

A large number from this vicinity attended the Commencement exercises at Berrien Springs, June 6th. Ronald Weaver was sent to Chicago by the school to take part in the national track meet held during Commencement week.

Ferris Moore spent Sunday night with Ronald Weaver. Mrs. Leah Weaver and son, Dee visited the Wm. Weaver family recently. Lazell Weaver will spend his vacation with his grandparents.

We are sorry to say that Mrs. Melvin Schaffer was taken to the Mercy hospital at Berrien Harbor for an operation. She is doing as well as can be expected.

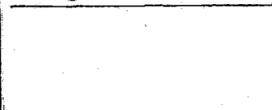

Mrs. Pearl Fishers daughter and family, and Mr. Trumble and little daughter visited the former over the week end recently.

Mrs. Patches and son, Robert, accompanied by the former's brother, Joseph, Sweney, were guests of the Wm. Weaver family from Sunday until Thursday. The guests were from Chicago.

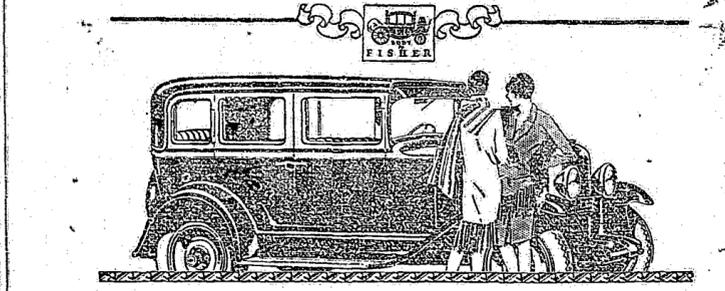

Camp Madron to Open For Summer Season On July 1

Camp Madron, official outing headquarters for the Berrien Cass County Scout area, will open July 1 to be the scene of activities during the whole of that month for the 300 scouts of the district.

The Scouts are to be housed in the new floored tents, which will be erected before the camp opens by the Lions Club of St. Joseph before the date of opening. These tents will be arranged in horseshoe formation in the woods near the dining hall. The camp is to be centralized on the east side of the lake. New dishes will be supplied and the kitchen is to receive additional equipment to care for a maximum enrollment. The officers of the camp are to be selected from all the towns and cities registered.

The Chevrolet Six offers all the Distinct Advantages of BODY by FISHER

Never in all the history of the automotive industry has a low-priced car provided coachwork of such outstanding style and quality as the new Chevrolet Six.

The smart new bodies are built by Fisher, with all the mastery in design and craftsmanship for which the Fisher name is famous. Lines are long, low and graceful—seats are deeply cushioned and luxuriously upholstered—interior hardware is fashioned by Tern-

stedt—and finishes are modishly smart and lustrous.

In construction, too, the new Fisher bodies represent a marked advance. Built of selected hardwood and steel—they provide a measure of strength, endurance, comfort and safety unapproached in any other low-priced automobile.

Visit your Chevrolet dealer today. See and inspect this sensational new Chevrolet Six.

Berrien and Cass Medicos to Hold Field Meet Today

The medical practitioners of Berrien and Cass counties are meeting this afternoon and evening at the Edgewater Club golf links at St. Joseph for their annual outing as guests of the physicians of St. Joseph and Benton Harbor.

The feature of the entertainment program for the afternoon will be a match between the doctors of Niles and Buchanan versus the doctors of the Twin Cities. The wives of the doctors will engage in a series of bridge games at the same time. Dinner will be served at 6:30 p. m. followed by a short business session. The guests of honor, Dr. L. M. Coulter of Flint, field agent for the U. S. health unit of Genesee County, and Dr. B. H. Warren, health officer at Grosse Pointe, will discuss the county health unit in the subsequent program.

Keeping the Change. The cashier of a cinema was selling tickets as a friend looked on.

A customer asked for a shilling seat, put down half a crown and walked away, leaving the change. "Does that happen often?" asked the cashier's friend. "Pretty often."

"What do you do in a case like that?" "O, I always rap on the window with a sponge?"

He is an eloquent man who can treat humble subjects with delicacy, lofty things impressively and moderate things temperately.

PEACH APPLE BEAR HALF CROP SAY FRUIT MEN

PEACH AND PLUM TREES ARE NEARLY DEVOID OF FRUIT.

With the exception of a small percentage of favored orchards the peach and apple orchards of Berrien county will carry in the neighborhood of a half crop this year, due mainly to the heavy snow of May, according to reports from a number of fruit growers of this district this week.

Peaches are reported to be bearing light in the Sawyer and Stevensville districts in common with other sections in the lake front fruit section. At the Frank Kinney fruit farm north of Buchanan, apples and peaches are reported as being about half crop. Greenings are especially short. Northern Spies and Baldwins have a partial crop. Pears, especially the Kieffer variety, are reported to be so short as to be not worth spraying. Most plum varieties are very short, although the Green Gage bear a fair crop. Cherries are dropping badly, and sour varieties are very short. A. A. Hall reports a heavy June drop in his large orchard and a poor apple crop.

News from New Troy

Mrs. Edwin Addison of Mishawaka, who has been spending a few days with her daughter, came to the Piper home Monday. She will return to her home Wednesday taking with her her little daughter, Alene, who has been a guest at the Piper home.

Mr. and Mrs. John Barnhart of Sodus, spent Tuesday afternoon at the Ed. Barnhart home.

Mr. L. Richardson is spending some time with his daughter in Elkhardt.

Miss Genevieve Boyd, who has just finished a year at Kalamazoo Normal, will attend a summer session of six weeks there.

Mr. and Mrs. H. O. Piper attended the 71st Annual Commencement exercises of Northwestern university at Evanston, this week. Their daughter, Nina Piper Boyd, is a candidate for the degree of Bachelor of Arts, of the class of '29. They were accompanied by an aunt of the honored one, Mrs. Nina Fischner. They returned home Tuesday to attend the Teacher-Student reunion Wednesday. Mrs. Piper is secretary of the association.

Born to Mr. and Mrs. Albert Schaffer at Mercy Hospital Friday night, a 7 1/2 pound boy.

Harry Boyce of Buchanan, is improving the residence he owns here by the addition of a new screened and glassed porch. The Keefers, who have resided there the last year will live in Ann Arbor during the summer term.

Mr. and Mrs. Louis Ashman and family of Winnetka, Ill., spent the week end with their mother, Mary Ashman.

Mrs. John Wharton, father of Eljah, has returned from Sodus, where he has been visiting relatives and friends.

Mr. Carl Tillstrom of Benton Harbor, was a visitor at the Eljah Wharton home Sunday.

Mrs. Anna Carlson of California has come to spend the summer with her son and family.

Mr. and Mrs. Will Tims spent Sunday evening at the Thomas Lewin home.

Mr. and Mrs. Gerald English were in Benton Harbor Sunday.

Funeral services were held for Thelma Carlson, a victim of carbolic acid poisoning, Sunday at 2 p. m. in the Brethren church. Rev. Farley, pastor of the M. E. church of Michigan City, officiated. There was an abundance of beautiful flowers. The casket bearers were young men friends of the deceased. Interment was in the New Troy cemetery. Out of town relatives present were Mrs. Anna Carlson of California, Mr. and Mrs. Edgar Carlson and two children of Virginia; Mr. and Mrs. Frank Canerdy, Michigan City; Mr. and Mrs. Hiram Perham, of Michigan City; Mr. and Mrs. Wm. Kern, of Three Rivers; Mr. and Mrs. J. Friend, Cover; Rev. and Mrs. F. H. Farley, Michigan City.

Carl Guettler is driving a new Ford sedan and Rollo Piper a new Chevrolet.

Mr. and Mrs. S. McKeen were callers at the Walter Morley home in Weesaw Saturday evening to see Mrs. Morley, who returned to her home this week from Pa.

Walter Morley, who returned from Pa., where he has been visiting relatives and friends.

Carroll Phillips of Grand Rapids, who has been spending several weeks with her grandmother, Mrs. Ida Phillips, returned to her home Friday.

Miss Rebecca Barnhart, whose work in the Research department of the Battle Creek schools closed with the school term Friday, spent Saturday night with her parents here and returned Sunday to the city to teach a summer term there.

Mr. and Mrs. Robert Laskey and Mr. and Mrs. Roy Rook and Mr. and Mrs. Roy Keefe entertained guests from Chicago last week.

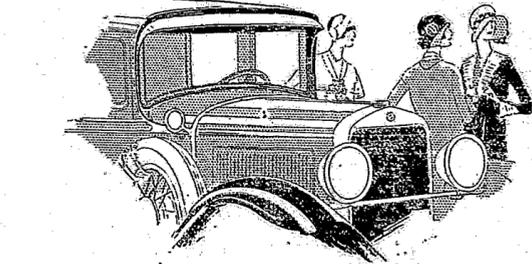

The funeral services for Mrs. Gus Glaspeke, aged 72 years, who passed away at her home northeast of New Troy, were held on Saturday at 1 o'clock at the home and at 2:30 at the St. Joseph Baptist church with Rev. E. Umbach, the pastor, officiating. She had been afflicted for many years with the church and had resided on the farm where her death occurred 31 years. She leaves, beside her husband, five children, William of Grand Rapids, Herman of Fair Plain, Benton Harbor; Ernest of Detroit, Ernest of Sawyer and Mildred at home. Interment was made in Crystal Springs cemetery.

Mr. and Mrs. Tom Sowersby, Mr. and Mrs. Ralph Sowersby and Miss Edna Stowe attended the wedding of the daughter of Mr. and Mrs. Stanley Stowe in Chicago, Saturday.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said:

"One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.
