Oliver Brant Dies as Result of Fall From an Unstable Ladder at His Home Here

Now Here's the Proposition

You Can Always Tell a Guy From Indiana

By Haws

You can always tell a guy from Indiana by the long and leasured way he stands about. With a plentiful display of red bandanna. And a foot or two of shirt tail stickin' out. He's the guy that you can see for hours a-sittin' with his trouser legs a-spillin' o'er his boots. With his left cheek loaded full of fine cut spittin' till he spots a knothole every time he shoots.

You can always tell a guy from Indiana. He is kinda long and leathery with a neck. About the general shape of a banana. And an Adams apple bigger than a peck. He is long-shanked and short-bellied like a plover. With a rusty forelock wavin' in the breeze. And he ties his shoes without once stoopin' over. For his elbow's on the level with his knees. If his eyes are sorta poppin' from the sockets. If his neckband and his waistband almost meet. If he's split way up and lofty in the pockets. And short between the shoulders and the seat. If his voice is keyed to G on the piano. If he drops his g's and draws his vowels and such. You can tell he is a guy from Indiana. And it's sure a cinch you cannot tell him much.

Mike, Leading Social Figure in Galien, Falls Dead in Church Sunday

Mike, well known maltese Thomas cat of Galien, who during his eight years of residence has approached the standing of a community institution, now lifts the everlasting yowl on the alabaster back fence of Paradise, if the circumstances connected with his death indicate his hereafter.

As far as the knowledge of the town goes, Mike had led a life more upright than the run of his species. He slept nightly at the Will Morley home, and was always in at a decent hour, never congregating with the alley cats for midnight quartets and choruses. However, last Sunday Mike must have had a premonition of the end. After arising and eating breakfast, he apparently became stirred by some inner prompting to a higher life. Across the street the first hymn of the Sunday morning service was swelling in the Methodist Church. Mike rose and walked across the street and up the church steps. Whether to make free and full confession of his sins, or for what other reason, dependent saith not. But it was too late. As Mike crossed the threshold into the anteroom of the church he fell dead and was there found sleeping his last sleep.

A distinguishing characteristic of the superior manners of Mike was that he scorned to recognize the common salutation of "kitty." If some village house wife set out a tempting bit and called "kitty, kitty, kitty," Mike simply refused to recognize her. It was "Mike" or nothing as far as he was concerned.

Hills Corners

Sunday School

Elects Officers

The Sunday school of the Hills Corners Church held its annual election of officers Sunday, the following heads being selected: superintendent, Howard Gardner; assistant superintendent, J. C. Boyle; secretary, Clayton Spaulding; assistant secretary, Junior Boyle; pianist, Marian Boyle; assistant pianist, Bernice Hartline; superintendent of primary department, Lois Boyce; editors of the church bulletin, Mrs. Donald Rhoades and Miss Lois Boyce.

Mrs. Con Kelley was elected as teacher of the class composed of young people of high school age. Other teachers will be elected next Sunday.

69 YR. MAN IS KILLED BY 20 FOOT FALL

Expires in Twenty Minutes From Internal Injuries.

EMPLOYEE OF M. C. Was to Have Been Retired on a Pension Next Year.

Oliver Brant, 69, died Monday as the result of internal injuries incurred when he fell 20 feet from the top of a ladder at his home at West Alexander street. Brant, who was an employee of the Michigan Central, had come home for dinner at noon, and was using a few spare minutes in placing a chain and cable in the branches of a tree, from which he had intended to cut the top. He took a 20 foot ladder and leaned it up in the tree, mounting it and climbing about ten feet above it to place a chain through the crotch of a limb. He then dismounted from the ladder and went to his garage, returning with a cable to hook in the end of the chain. He mounted the ladder again and was standing on the top rung when the bottom of the ladder slipped, and he fell the entire 20 feet to the ground. His wife and daughter-in-law, who were in the house, heard the clatter of the falling ladder and ran out, finding the ladder out across the sidewalk and Brant on his hands and knees trying to rise.

Wilson Hamilton came from across the street and helped them to get him in the house and a physician was immediately called. Brant was examined but no broken bones were found, and it seemed possible that his injuries were not serious. He had risen up suddenly and was about to lay down again, when he suddenly collapsed and died instantly.

He was born near Bainbridge, Pipestone township, Berrien county, on July 14, 1869, the son of Alonzo and Mary Ann Brant. For many years he followed the trade of well driver, making his home in Benton Harbor. In 1904 he moved his family to Buchanan and had lived here since. He was employed for a time in the McCollum transfer business, but had worked for 25 years for the Michigan Central railway, and was to have been retired on a pension next year.

He is survived by his wife, by one son, Glenn Brant of Buchanan; by two sisters, Mrs. Hyla Thumm of Gaylord, Mich.; and Mrs. Josephine Brant of Benton Harbor; by two brothers, Byron Brant of Buchanan and Allan Brant of San Diego, Calif. Three grandchildren also survive. A daughter, Mrs. Ethel Brant Wilson, died in June 1928.

The funeral will be held at 2 p. m. this afternoon from the Christian church, with Rev. J. J. Terry preaching the funeral sermon and interment will be made in Oak Ridge cemetery.

The Berean class of the Church of Christ is meeting this afternoon at the home of Mrs. John Luke.

Children of Famed Civil War Leader Reunite at Galien Meet

A family reunion representing two sons and a daughter of General Willard Slocum, Civil War leader and famous Ohio attorney, was held Sunday at the home of the oldest son, R. V. Slocum, of Galien.

Others present were Mrs. Morton G. Slocum and wife of Chicago, their son, Chester Slocum, who is district manager for the Burroughs Adding Machine Company in Chicago, and Miss Lida Slocum of Chicago.

Memories were recalled of General Slocum, who won his way by bravery on the field during the Red River expedition to the rank of Brigadier General. The outstanding achievement of the founder of the family, however, was the fact that in the year before the opening of the war, he headed the Ohio delegation at the national Republican Convention at Chicago. Slocum had the power to cast the vote of the Ohio delegation, and he was elected next nomination of Ohio's favorite son, Salmon P. Chase, was out of the

Outpost of the British in Transjordan

This photograph shows Amman, the British outpost in Transjordan where armored cars and airplanes are kept in readiness against Arab hostilities. The armored cars patrol out into the desert daily to guard cars carrying government mail from Bagdad and also to give assistance and protection to airplanes that have made forced landings.

Coach Says Debate Good Training for Straight Thinking

How many of you have ever engaged in a thinking contest? Isn't it remarkable that we all would rather engage the muscles of the arm than even attempt to exercise the muscles of the brain? (Figuratively speaking) Henry Ford says, "thinking is hard work, therefore, only a few people ever engage in it."

What has this to do with debating? Just this, a debate is a contest in which the thinking powers of the contestants is constantly challenged. What has this to do with my article, you may rightfully ask. This is the point. We need more debaters to defend old "Buchanan High." If you have a son or daughter whom you would like to see gaining a "thinking" education, encourage them to see how proficient they may be at such contests.

Jesse Lowman Loses Right Leg Above the Knee Acct. Gangrene

Word was received Saturday by Mrs. Charles Zimmerman, 216 E. Dewey Avenue, that her brother-in-law, Jesse Lowman, had undergone an operation Thursday for the amputation of his right leg above the knee at the Veterans Hospital at Chillicothe, O. and was then in a critical condition. The amputation was made necessary by gangrene complications which followed an operation for appendicitis about a month ago. Lowman is a World War veteran and was a resident of Buchanan for several years. He left here about the first of the present year, following the death of his wife last year. He went from here to Chillicothe and secured employment in the Veterans' hospital, where he has been since that time. His wife was a sister of Mrs. Chas. Zimmerman of Buchanan and of Mrs. L. P. Spafford and Mrs. F. A. Appel, formerly of Buchanan, and now of Chicago.

H. S. STUDENTS SELLING CLARK PLAY TICKETS

BAND TO APPEAR ON STAGE IN MAROON AND WHITE UNIFORMS.

Tickets for the play, "The Whole Town's Talking," to be staged by the Clark Players on the evenings of Oct. 31, Nov. 1-2, will be placed on sale by high school students, prices for the production being 50 cents for adults and 25 cents for children under 12 years of age. There will be no matinee on Saturday afternoon this year.

The proceeds are to defray the cost of uniforms for the high school band which have already been ordered and are to be worn by the band on its appearance between acts at the play. The uniforms are to be snappy and colorful, consisting of maroon coats (trimmed in white and white flannel trousers for the boys and maroon coats and white flannel pleated skirts for the girls. Both boys and girls will wear maroon overseas caps. The drum major will have an elaborate uniform.

MRS. MARY MATHIE DIES SATURDAY AT HOME OF DAUGHTER

AGED SCOTCH WOMAN WAS REMARKABLE FOR PRESERVATION FACILITY.

Mary Campbell Mathie, 83, died Saturday, Oct. 12, at the home of her daughter, Mrs. A. G. Bowers, on West Terre Coupe Road, after a slight illness of two weeks. Mrs. Mathie retained her faculties to an unusual degree throughout her long and useful life, and was active in the household duties of her daughter until a few days before her death, to which old age was the main contributing factor.

She was born in Paisley, Scotland, June 14, 1841, and was married in that country to Charles Mathie. When she was 29 years old she came with her husband and family to Chicago, and lived there until nine years ago when she moved to Buchanan.

She is survived by one sister, Mrs. Elizabeth Bennie of Whiting, Ind.; by two daughters, Mrs. E. I. Reeves of Tulsa, Okla., and Mrs. A. G. Bowers, Buchanan; by four sons, George Mathie of Buchanan, and James, Campbell, and William Mathie of Chicago.

The funeral was held Monday from the Bowers home, Mrs. Howard Roe, Christian Science reader being in charge of the services. Burial was made at Oak Ridge cemetery.

western bandit was hung and was acquainted with Doc Middleton, another notorious western bandit who was pardoned by the government.

LOCAL GRID VETR FORM IN INDEPENDENT

Stars of the Other Days to Twinkle in Game Next Sunday.

VERSUS KALAMAZOO

Buchanan high school football stars of "away back when" are being thoroughly overhauled and worn out parts replaced in readiness for a contest here next Sunday afternoon with the Kalamazoo Athletic Aces, another aggregation of rejuvenated gridiron veterans.

The local team, known as the Buchanan Independents, is a strictly amateur organization and is headed by Walter Pfingst, known to foot ball fans of two generations ago as the star ball totter of the marvelous high school team of 1881. With Pfingst in the backfield will be Chubb, Chain and Conrad. Wilcox and Savoldi, two promising juveniles, will substitute in the backfield in case any of the old timers prove short-winded.

The forwards compose the cream of the foot ball talent of the past 40 years, including Uncle Spot Dempsey, Grandpa Mitchell, Pa Brant and others who starred in match games with the Pottawatomie Indians in early days.

The game will be called promptly at 2 p. m. Sunday at the local Athletic Park and it is expected that the grandstand and bleachers will be packed with the children and grandchildren of the players.

A prize will be given to the oldest football player on either team and another to the player having the greatest number of grandchildren in the bleachers.

The Kalamazoo team is managed by C. F. Merfeldt, state manager for an insurance company, who states that he has a number of former Western State college stars in his team and a complement of Kalamazoo high school stars, the entire eleven averaging 160 pounds. They represent the Atlantic Athletic club of the Celery City.

The line up for Buchanan will be: L. E. Dempsey, Letcher; L. T. Hovars, L. G. Grant, Briston, C. Squier; R. C. Mitchell, Perry; R. T. Gregory; R. E. Burks; O. B. A. G. Bowers, Buchanan; by four sons, George Mathie of Buchanan, and James, Campbell, and William Mathie of Chicago.

The funeral was held Monday from the Bowers home, Mrs. Howard Roe, Christian Science reader being in charge of the services. Burial was made at Oak Ridge cemetery.

Needle Work by Indian Women is Placed on Sale

Mrs. Enos Schram has a beautiful display of fancy work on display in the windows of the office of Schram and Charles, consisting of a number of lunch sets made by native women in an East Indian mission which is supervised by Mrs. Mary Shafer, a friend of Mrs. Schram. The work is artistic and attractive.

The "80" Club will meet at the home of Mrs. W. B. Dale on Oct. 21.

Local Lodges Send Representation to Escanaba Meeting

Bay Leaf Rebekah Lodge No. 248 and Buchanan Lodge No. 75 I. O. O. F. are represented this week at the state Rebekah convention at Escanaba by Mrs. Carl Remington, Mrs. Charles Ellis, Mrs. Warren Willard, Mrs. Mae Best, Arthur Johnston and George Sellers. The party enjoyed a tour into Canada and thus the upper peninsula en route.

LOCAL COURSE STUDY NEEDS CHANGE STARK

Too Much Preparation for College Says Superintendent.

67 PER CENT DO NOT GO

School Should Prepare for Life in the Local Community.

That the Buchanan school system, should, and probably will be, reorganized in the next few years to prepare young men and women for life in the community rather than for entrance to college was the statement of Supt. Harold Stark in a talk before the annual banquet of the Parent-Teachers Association Friday evening.

Records in the local school office show that over a period of several years about 33 per cent of the graduates of the high school have been entering college, and the greater part of the remaining 67 per cent have been entering the world of commerce and industry, usually taking jobs in their home community. The curriculum of the high school has nevertheless been planned almost entirely for the 33 per cent, according to Supt. Stark. The average school pupil has acquired the fundamentals of education necessary for everyone by the time he has completed the 6th grade, Stark stated, and the remaining 6 grades should in some way train him or her especially for their place in life. Some changes to meet this need will mark the development of education here in the immediate future, according to Stark.

One of the first steps in this direction will be the reconstruction of the course in manual arts in the new building which is now nearing completion. The old department was devoted mainly to instruction in old-fashioned "manual training." The new building is to be equipped for a course in home mechanics and elementary drafting and shop work.

The principal event of the evening was a very excellent address by the state president, Mrs. J. K. Pettengill of Lansing, who spoke on the origin and aims of the Parent-Teachers Association.

The high school orchestra directed by Ralph Robinson rendered two numbers that were greatly enjoyed.

BROWN BUILDING TRANSFORMED TO HANDSOME BLOCK

RUSSELL CHEVROLET TO MOVE SOON AFTER NOVEMBER 1.

With the installation of the plate glass front and the completion of the handsome colored cement floor for the quarters of the Russell Chevrolet Garage, the Harry Brown building is beginning to assume something of a finished appearance, indicating that when alterations are complete it will be one of the handsomest business blocks in Buchanan.

The entire front has been treated to two coats of paint and the new front for the garage quarters has been handsomely trimmed in light blue. The structure has been refitted for lighting by the Berrien County Electric Company and a South Bend firm is now rebuilding the boiler preparatory to the re-vamping of the heating equipment by W. B. Ryerson. It is expected that the Russell Chevrolet Garage and sales department will be moved soon after November 1.

Indian Women is Placed on Sale

Mrs. Enos Schram has a beautiful display of fancy work on display in the windows of the office of Schram and Charles, consisting of a number of lunch sets made by native women in an East Indian mission which is supervised by Mrs. Mary Shafer, a friend of Mrs. Schram. The work is artistic and attractive.

Local Lodges Send Representation to Escanaba Meeting

Bay Leaf Rebekah Lodge No. 248 and Buchanan Lodge No. 75 I. O. O. F. are represented this week at the state Rebekah convention at Escanaba by Mrs. Carl Remington, Mrs. Charles Ellis, Mrs. Warren Willard, Mrs. Mae Best, Arthur Johnston and George Sellers. The party enjoyed a tour into Canada and thus the upper peninsula en route.

JACK QUINN QUILTS

Jack Quinn, one of Connie Mack's veteran pitchers and who aided materially this year in bringing the Athletics to the top, has announced his retirement.

NILES DIVINE LECTURES ON HUMAN VALUE

Fellowship Club Holds Its First Meeting of the Winter.

OFFICERS ARE ELECTED

The importance of human values, of the "man behind" was stressed by Rev. William W. Slee in an address before the opening meeting of the Men's Fellowship Club at the opening meeting held Monday evening.

Rev. Slee is pastor of the First Methodist Church of Niles and for several years held a similar position at Benton Harbor. He has a reputation as one of the most eloquent speakers of the Michigan Conference, which was well confirmed in his address before the audience in the Methodist Church basement Monday evening.

Rev. Slee cited the careers of Andrew Carnegie and of the Rockefeller family to emphasize the necessity of a man interesting himself in some way in the life and welfare of those about him to achieve a satisfactory existence. Thought, he stated, is the most important thing in the world, since every achievement originates in a thought.

At the election of officers for the ensuing year, the following selections were made:

President, E. H. Ormiston; vice president, Glenn Haslett; secretary, Bert Montgomery; treasurer, Elmon Starr; song leader, Mr. Hyamin; accompanist, Clarence Javling; athletic director, Arthur Mann.

"Cappy" Smith Now Full Time Employee of the Michigan Gas

of the Michigan Gas

"Cappy" Smith, who has been conducting a plumbing business in Buchanan for a number of years, has discontinued that work and is now devoting his entire time to his position as utility man for the Michigan Gas & Electric Company. The office of that company has made arrangements to remain open from 12 to 1 p. m.

Bend of River Grange Picks Heads Oct. 12

The Bend of the River Grange met at their hall at Station 12 on Friday evening. At this time the following officers were elected for the ensuing year:

Worthy Master, Olin Steinbauer; overseer, Howard Smith; lecturer, Miss Mary Louise Dixon; chaplain, Mrs. Nellie Smith; secretary, Thos. Thompson; treasurer, George Winn; steward, Paul Brohman; assistant steward, Ed. Brohman; lady assistant steward, Mrs. Ed. Brohman; Pomona, Eva Hartman; Ceres, Donna Brohman; and Flora, Ruby Cuthbert.

The next meeting will be held Oct. 25. A Halloween party with the members masked will be the feature of the evening.

Work is Started On Ind. & Mich. Garage Building

Work was begun Monday by Robert Sollitts & Sons on the construction of a 50x70 one story brick garage in the rear of the feature of the evening.

W. RICHARDS

SEATED AFTER CONTROVERSY

Case Sets Precedent in the History of Berrien County.

ROAD LEVIES ARE CUT

New Construction Program Is Half that of 1929.

Results of the change by Buchanan from village to city government bore fruit this week in a four fold increase of representation on the county board of supervisors, with the seating of Harry Beck, Theron Childs and William Richards, representing the city and Jesse G. Boyle representing the township.

The legality of the seating of William Richards was called in question at the opening of the meeting, there being no precedent in the history of Berrien County for the seating of an appointive officer as supervisor. The status of Richards was referred to the judiciary committee of the board, which investigated and found a decision by the supreme court of Michigan which covered an identical case in which the legality of seating the appointed officer was ratified. Richards thereby attained the distinction of being the first non-elected supervisor to be seated on a Berrien county board. Previous to his seating it was necessary for him to resign as south and representative on the board of county canvassers, on which he had served for the past 17 years. His successor will be appointed today.

Local road projects, including the construction of a stone road to Clear Lake, went by the board for the present year at least when the smallest road building program in Berrien county since 1916 was approved by the board.

The program includes only 19.55 miles of Covert roads, costing approximately a quarter million dollars. Construction of nine Covert act roads was approved.

As adopted by the full board without a dissenting vote, the 1930 program represents less than one-half of the 1929 project which totaled approximately 37 miles estimated at \$549,271. The 1928 program included nearly 65 miles at a cost of \$827,010.

Next year's outlay is estimated to cost \$250,500. The 1930 road tax levy, recommended by the road commission and advisory board of supervisors which the full board adopted will be five mills, the same as last year, and the legal limit on the county.

Based on the county's valuation in 1928 of \$94,503,153, the tax will amount to \$472,515.76.

This amount will take care of \$443,641.79 due in bonds and interest on county's portion of Covert road construction and \$27,624.23 to the sinking fund for the retirement of the \$480,000 county road bonds sold when the county took over its own road building program. This issue was refunded and will be retired serially.

The 1930 road tax levy, recommended by the road commission and advisory board of supervisors which the full board adopted will be five mills, the same as last year, and the legal limit on the county.

Based on the county's valuation in 1928 of \$94,503,153, the tax will amount to \$472,515.76.

Father Buchanan Women Buried at Coloma Tuesday

A number of Buchanan residents drove to Coloma Tuesday to attend the funeral of J. W. Smith, father of Mrs. Charles Lyddick and Mrs. Andrew Lyddick of the Bend of the River. Mr. Smith was an old resident of the Coloma section, having lived there 31 years. He was born at Fort London, Pa. Feb. 24, 1855. As a young man he moved to Des Moines, Ia., and thence to Coloma, where he developed a fruit farm. He is survived by his wife, Anna Smith; by four sons, Alva of Des Moines, and Charles, William and Irven of Coloma; by four daughters, Mrs. D. C. Lundgren of Roswell, N. Mex.; Mrs. Clarence Buitzback of Coloma; Mrs. Charles Lyddick and Mrs. Andrew Lyddick of Buchanan.

Work is Started On Ind. & Mich. Garage Building

Work was begun Monday by Robert Sollitts & Sons on the construction of a 50x70 one story brick garage in the rear of the feature of the evening.

1930 Sugar Beet Contracts are Ready for Signatures at Galien

\$7.50 TON
GUARANTEE
NEXT YEAR

Growers to Receive a Bonus if the Price Warrants.

1929 HARVEST IS ON
Beet Dumps Open in Galien and Glendora, Last Week.

The contribution of Galien and Glendora to the sugar bowl of the nation started to market last week when the dumps were opened at leading points in the district supervised by Warren Hagley.

The outstanding feature of the sugar beet situation this year is the fact that the contracts for the 1930 crop were ready before the 1929 crop had been matured and are now being signed by farmers while they deliver. The price stipulated in this contract is the same as that of last year, calling for a guarantee of \$7.50 per ton, with a sliding scale clause which provides that the farmer shall receive the value of 48 per cent of the sugar in case wholesale quotations for that amount exceed the \$7.50 guarantee at harvest time next year.

The sugar beet crop stands in a very favorable position in comparison with other Michigan crops from the fact that there is no uncertainty as to price, and no possibility of collapse, such as marked the price of potatoes last year, or that of wheat this year.

The acreage was cut down this year in the Galien district on account of poor germinating conditions last spring, about a third of the plantings having been lost from that cause. The crop on the acreage where a stand was secured is much superior to that of last year.

The first farmers to make deliveries Tuesday, the opening day were as follows: Galien, Otto Germlinder; Glendora, George Busick. Warehousemen in charge of the various dumps are: Lynn Pennell; Avery, H. D. Roberts; Glendora, Clarence Pennell; Snow, George Hartline; Twin Springs, George Glover; Matthews, S. D. Roberts.

Fire Department Called Sunday for Chimney Blaze

The fire department was called Sunday morning to the home of Mrs. Morley, whose chimney caught fire, and smoke was coming out of the stove into the room. However, the neighbors using water and salt, had it extinguished before they arrived. Outside of the smoke there was little damage done.

James Lamb Dies at Home Monday

James Lamb died at his home four miles northeast of Galien, Monday evening, at the age of 73 years. He suffered a stroke about two years ago from which he never regained his health. He leaves three brothers and four sisters, all living near his home. Funeral services were held at the home Wednesday afternoon conducted by Rev. J. W. McNight. Burial was made in the Weesaw cemetery.

Monday was Great Day for F. Pierce

Quite an event occurred Sunday to Mr. and Mrs. Frank Pierce, pioneers of Galien, who became grandparents and great grandparents on the same day. There was born to their son and wife, Mr. and Mrs. D. D. Pierce, a 10 pound son named Ensel A. Price, and a 9 1/2 lb girl was born to their granddaughter and husband, Mr. and Mrs. Norris Bachman, which has been named Barbara Lou.

Galien Culture Club Observes Picture Week

National Picture Week was observed by the Culture Club Friday at their meeting in the home of Mrs. J. Hamilton. Roll call consisted of bringing a child picture of which the identity was disclosed in a contest.

Mrs. Clayton Smith gave a paper on "Trends in Art" and Mrs. Hamilton one on "Art Revivals." Mrs. Seabury and Mrs. Glover gave the story of "Baby Stuart" and "The Gleaners" respectively.

The hostess with the assistance of Mrs. Shearer served refreshments.

Galien Locals

Will Lottis, Mrs. Emma Eastman and Eldon Lintner spent Sunday afternoon with Mrs. Will Lottis, who is convalescing from a serious operation she underwent at Michigan City five weeks ago.

Chilean Ambassador in a Rather Warm Place

During a recent visit in Hollywood, Senor Don Carlos Davila, the Chilean ambassador to the United States was greeted by a number of the movie world's most beautiful and famous actresses. He is seen above with the charming girls.

Mr. and Mrs. G. A. Jannasch left Tuesday by auto for a vacation trip around Lake Michigan.

The regular meeting of the American Legion Auxiliary was held Tuesday evening at the home of Mr. and Mrs. Ernest Hess.

Mrs. Will Mell of South Bend, entertained the Carnation club at her home Wednesday. A number of the members attended from Galien.

Mr. and Mrs. M. G. Slocum and Miss Lida Slocum of Chicago, and Chester Slocum and son of Elmhurst, Ill., were Sunday afternoon callers on Mr. and Mrs. Charles Vinton and Mr. and Mrs. J. A. Sheeley.

Mr. and Mrs. Edward Payne gave a family dinner to their children and grandchildren at their home last Sunday. The following guests were present: Mr. and Mrs. Jesse Toland and family, Mrs. Louise Scott of Benton Harbor, Mr. and Mrs. Roy Payne and children, Mrs. Taylor Scott and Mr. and Mrs. J. W. Toland.

Mr. and Mrs. George Gowland, Dayton, have rented the Ernest Worm farm, better known as the Storm farm, and are moving this week.

A daughter was born to Mr. and Mrs. H. Bradley Sunday morning, Oct. 13.

Mrs. M. Nelson and family were Monday callers on Mrs. Emma Eastman.

Mr. and Mrs. Frank Clark and John Clark, Jr., South Bend, were the week end guests of Mr. and Mrs. B. Sherman at Jackson.

Mrs. Levia Hollister, a former resident here who is now making her home at Homer, was given the surprise of her life Sunday when her children, grandchildren and one great grandchild came with well filled baskets to remind her of her 80th birthday. A beautiful birthday cake was baked by her daughter, Mrs. John Clark, and decorated with 80 candles made an attractive centerpiece for the table. The hostess made a wish and blew

the candles out before cutting the cake. She was also presented with a beautiful birthday ring. It was a day long to be remembered by those present and her many friends here join with the Record in wishing her many more happy birthdays.

Mr. and Mrs. Leo Thomas of Waukegan, were the week end guests of Mr. and Mrs. Guy Best. Callers in the afternoon were Mr. and Mrs. D. Richel, Dennis Best, Don Dickerson, South Bend; Mr. and Mrs. Albert Metzger, Buchanan, Mrs. A. Burger and children, Three Oaks; James Best and Gordon Meyers, Dowagiac.

Mr. and Mrs. M. Mann, Buchanan, and Mrs. Frank Pierce were Sunday callers on Mr. and Mrs. Morgan Mann, New Carlisle. Mr. and Mrs. Alvin Morley, who expect to leave the last of the week to spend the winter in Florida, entertained Sunday, Mr. and Mrs. Henry Wolkins, Buchanan. Mrs. John Germlinder was the hostess to the Jolly Bunco Club on

Tuesday evening. Fifteen were present and enjoyed the evening playing Bunco. Mrs. Hazel Warnke won first prize, Mrs. Lily Lyons, second and Mrs. Viola Hess, the consolation prize. A delicious luncheon was served by the hostess.

Mr. and Mrs. Ellis Renbarger and three sons of Three Oaks, Gilbert Renbarger and daughter, Buchanan, Mr. and Mrs. Milburn Bissel and daughter of Niles, were Sunday callers at the James Renbarger home.

Mrs. Edna Gee, Kalamazoo, and Mrs. Mary Taylor, Buchanan, were Sunday evening guests of Mr. and Mrs. W. H. Morley.

Mrs. C. C. Glover and brother, Will Meyers were South Bend callers Friday. Mrs. Meyers, who has been there visiting for several days accompanied them home.

Mr. and Mrs. Edgar Doyle and son, Lee, returned home from their vacation which they spent in Kansas.

Mrs. Lila Chittenden and Mrs. Bishop, Buchanan, were Friday

PERFECTION BISCUIT COMPANY

guests of Mrs. James Renbarger. Mr. and Mrs. Oscar Allen of Niles, spent Sunday with the latter's parents, Mr. and Mrs. Warren Hagley.

Mrs. Mary Serve is spending this week end with her cousin in Niles.

Miss Ruth Morley and Miss Marion Mitchell were in Buchanan on Saturday.

Mr. and Mrs. W. H. Morley spent Friday evening with Mr. and Mrs. Alva Best, Portage Prairie. Mr. and Mrs. C. C. Glover were Sunday afternoon callers of Mrs. Ida Glover, Buchanan.

Harold Jordan, Elkhart, was the Monday evening guest of Mr. and Mrs. R. V. Slocum.

Charles Morley suffered quite a bad spell Sunday and is still confined to his bed.

The I. O. O. F. hall which was badly damaged by fire some time ago, is being redecorated by A. Gauntt, Three Oaks, who expects to have it completed by next week.

Mr. and Mrs. M. H. Slocum, Miss Lida Slocum, Chicago, Mr. and Mrs. Chester Slocum and son, Elmhurst, returned to their homes on Monday afternoon after spending the week end at the Slocum hotel.

Mrs. Richard Wentland was in St. Joseph Friday where she attended the meeting of the Directors and Officers of the County Federation of Clubs. The meeting was held at the Y. W. C. A. where at the same time the County Meeting of Public Welfare was held.

Mr. and Mrs. Ed. Babcock visited friends near Berrien Springs, Sunday.

Mrs. Ed. Shearer was a guest of relatives in South Bend Sunday.

Nut Crop Entire Failure This Year Around Buchanan

Nuts will be a scarce commodity this year, according to reports from those owning nut bearing trees. This applies to not only the commercial nuts, such as wal-

nuts, butternuts, hickory nuts, which are almost an entire failure, but to the acorns as well. Squirrels are reported to be working busily in the corn fields, storing corn as a substitute.

SHAWNSEE

Clare Dunkelberg is home from the government service for a short time to visit his mother, Mrs. Jennie Dunkelberg.

Not much wheat has been sown in this vicinity owing to the dry weather. Farmers who have apples and pears are busy selling the winter's supplies to buyers from Indiana and Illinois.

The formation of large ball-stones begins at heights estimated at between 15,000 and 40,000 feet above the ground.

Glendora Grape Harvest Closes

The Glendora grape harvest is nearly ended, with prices closing lower than the opening figures. Growers are getting 28 cents per jumbo, representing a third of a bushel. A bushel of 45 pounds is selling at the local stands at prices averaging around 75 cents. Growers who are hauling to South Bend have been getting \$1 per bu.

The Difference.

"If you tell a man anything it goes in at one ear and goes out the other," she remarked in that tone that presages a lecture. "And if you tell a woman any-

Improvements in Telephone Service

EVERY effort of the Michigan Bell Telephone Company is being made toward constantly improving telephone service with the result that:

1. During 1928, operating errors were materially reduced.
2. The average time for handling calls to out-of-town points has been reduced.
3. The great majority of all Long Distance calls are handled while the calling party "holds the line."
4. Clearness of voice transmission, over both local and long distance lines, is improving continually.

This company always will endeavor to provide for Michigan a more efficient telephone service and one more and more free from imperfections and delay.

Our policy—"To continue to furnish the best possible telephone service at the lowest cost consistent with financial safety."

Telephone Companies Serve Meals By Millions to Their Employees

BY RICHARD STORRS COE

NINE hundred thousand dollars worth of milk and cream is a pretty big order. So is four hundred thousand dollars worth of bread and rolls, and three hundred and thirty-six thousand dollars worth of canned goods and four hundred thousand dollars worth of fresh fruit and vegetables. Six hundred and ninety thousand dollars buys a lot of fresh and smoked meat and four hundred and thirty thousand dollars would provide enough ice cream for a pretty sizeable picnic.

Yet these are just a few of the figures as to annual expenditures by the telephone companies for food served in the five hundred central office dining rooms that they maintain for the telephone workers. Twenty-six hundred people are employed in these five hundred eating places to prepare and serve thirty million meals a year, with an annual turnover of eight and a half million dollars. The service is operated on an à la carte basis and full meals may be had at an average price of around twenty-five or thirty cents each.

Quite a business, isn't it? In fact, the Bell Telephone Companies operate as a side line for the convenience of their employees more dining rooms than are run by even the best known of the chain restaurant systems. The purpose of these dining rooms is to make it possible for the operators, many of whom work in buildings which are not near enough to their homes to permit their going home for lunch, and which are not near public restaurants, to obtain good food conveniently at a reasonable cost. At small central offices where there are not enough employees to justify running a cafeteria, the telephone companies have installed "kitchenettes" in which the operators may heat food brought from home and prepare simple items of food themselves. In many such offices a cozy "breakfast nook" takes the place of the dining-rooms at the larger telephone buildings. Even these little "kitchenettes" are equipped with up-to-date facilities for cooking, refrigerators are provided, and the company furnishes dishes and cooking utensils. So there is no need for the telephone girls to go hungry or to subsist on cold lunches from home, no matter where the central office is located.

Farming Population Show More Interest in Farming Methods

While the farm population in Michigan has been decreasing, the interest of farmers in learning new angles of their business has increased, according to class records in the short course office at Michigan State college.

The first short courses, three in number, were given in 1897. Forty-five students enrolled in those short courses. Last year 19 short courses were given at Michigan State and 455 students enrolled.

Many of these courses last only

one week and are designed as a clearing house of new information about a particular subject. Most of the students can spare only a short time from their business and the short courses meet their needs. The longest of these courses is the two year general agricultural course of 16 weeks. Fifty-one men took this course last year.

Five courses are given in dairy subjects, five courses in horticultural subjects, and one each in poultry, agricultural engineering, home economics, bee keeping, seed production, farm management and veterinary medicine.

The 16 week course in general agriculture begins October 28. All others are held in January, February or March.

would be served at a good family dining table.

As the same people eat in these telephone dining-rooms day after day, particular care is taken to vary the daily menu. A wide variety of dishes is served on different days, so that monotony is avoided even for those who eat there regularly.

The dining rooms are operated on the cafeteria plan, and in addition to the display of appetizing dishes, special attention is paid to having the food served in a pleasing way by carefully selected and trained matrons behind the counter. Definite measures are taken, too, to make sure that the food is served in uniform portions, so that everyone gets the same amount on the same order.

In the large cafeterias as well as in the little kitchenettes, the telephone girls are at liberty to bring their food from home if they wish, and eat it in the attractive company dining room. They may supplement it by buying hot soup, coffee, or tea if they like, but the tables are theirs to use whether they buy anything or not.

Attractive tables they are, too, in bright, cheerful surroundings. The feminine note, the tear-room atmosphere, characterizes these sunny cafeterias with their light walls, cheery pictures, and attractive window-drapes. And the girls enjoy them.

The dining room service thus maintained for the convenience of the telephone employees has proved to be an important element in keeping them in good health. Hot food, of good quality, well cooked and attractively served is an important factor in keeping well, and good health and cheerful surroundings are unmistakably reflected in telephone service and in the famous "Voice with the Smile."

majority of these ideas have no practical value, no risk is taken on losing the opportunity to use any device or development that will increase the performance or safety of their planes.

One man sent in elaborate drawings of a motor operated by the wind blast from the propeller. This windmill motor would take the place of the gasoline motor and the "inventor" claimed that such a plane could be operated at no expense.

Another man presented plans for a device to keep planes from getting lost in the fog. A large spool of thin wire could be placed on the home airport, and as each plane took off one end of the wire would be attached to it. By means of this equipment the writer claimed the pilot could find his home airport if he was unable to reach his destination.

Another inventor sent in plans for a large rubber bag which would be inflated and the plane would then become a free balloon, descending as the gas was released.

Despite the seemingly impracticability of most of these ideas, engineers of the Ryan Aircraft Corporation have realized that what we laugh at today, may become practical tomorrow. So every letter and drawing receives careful attention.

A large number of letters are received daily from applicants for positions. In some weeks as many as 30 or 40 of these applications are received. Another large number of letters are received from men and women who want to assume the position of a second Lindebergh, and ask for the loan or gift of a plane for various types of long-distance flights.

From 10 to 20 requests for catalogues and drawings are received every day from girls and boys. These requests are always given most careful attention.

Despite the fact that this correspondence results in a great amount of work to answer properly, it indicates that every class of people is thinking in terms of aviation and improvements are bound to be brought out with so many individuals thinking along one line.

White Fish Falls

Is Recommended For a State Park

Laughing Whitefish Falls, dropping gracefully over a series of ledges and down through a gorge that has long been considered one of Michigan's most beautiful spots, has been recommended to the Conservation Commission as a state park site.

The Falls are in Alger county, 20 miles west of Munising, and three miles north of Dorsey on

highway M-28

"There are in the northern peninsula a number of water falls, and I have seen two or three where the falls were actually as beautiful and possibly as spectacular as are these, but taking into consideration the very deep gorge, the excellent hardwood virgin timber through which the river flows and the topography in general surrounding the falls, I know of no place where there is more scenery," Mr. J. Hoffmaster, superintendent of state parks told the commission. Mr. Hoffmaster had been asked by the Commission to investigate the falls and gorge as a state park site.

"I am not unmindful of the fact that effort is being made to acquire a large area for park purposes in this same country in the Pictured Rocks and Beaver Lake region," Mr. Hoffmaster said.

"Notwithstanding this, however, I believe we would be thoroughly and heartily justified in preserving these falls, a part of the river and the virgin timber in their natural

Rupture Shield

Expert Coming to

Niles on Wednesday, Oct. 30 at Four Flags Hotel from 10 a. m. to 4 p. m. Evenings by telephone appointment only One Day Only No Charge for Consultation

Mr. C. F. Redlich, the successful expert says:

"The 'Perfect Retention Shields' holds the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening in a remarkably short time and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power, needing no further outside support. Stomach trouble, headache and constipation often caused by rupture promptly disappear."

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly which heretofore never had been retained. No elastic belts nor filthy leg-straps are used.

I guarantee the durability of my absolutely sweat and moisture proof, sanitary appliances.

75 per cent of ruptured children recover completely through expert mechanical treatment according to statistics.

Do not waste your money on widely advertised mail order contraptions. You cannot fit yourself.

C. F. REDLICH, Rupture Appliance Expert, Home office, 535 Boston Block, Minneapolis, Minnesota.

state on a 160 acre area containing the falls."

Although the commission agreed with Hoffmaster's recommendation that 160 acres including the falls be adopted as a state park site there is no money available in the Parks Division for the purpose. It is probable, however, that an effort will be made to acquire the property before the timber is cut.

Laughing Whitefish river is a well known trout stream. The crystal water flows through sandstone and over a series of ledges that cause a drop of about 75 feet within 20 rods. One side of the

SORE THROAT DON'T GARGLE

THIS DOCTOR'S PRESCRIPTION GIVES QUICKER, BETTER RELIEF.

Don't suffer the pain and discomfort of sore throat. Use a doctor's prescription called Thoxine guaranteed to relieve with the very first swallow. Gargles and salves are too slow and if they do relieve, it is usually only temporary.

Thoxine has a double action—it relieves the soreness and goes direct to the internal cause. It contains no harmful drugs and is safe and pleasant for the whole family. There is nothing better to stop coughing due to irritated throats. Just ask for Thoxine, put up ready for use in 35c box and 5c bottles. Money back if not relieved. Sold by The Winsor Pharmacy and all other good drug stores.

Virginia Snowden is Pledged to Sorority

Miss Virginia Snowden, daughter of Dr. and Mrs. Robert Snowden of Buchanan, who recently entered the School of Liberal Arts at Albion college was pledged last Monday to the Zeta chapter of Delta Gamma sorority. Miss Snowden was graduated from the Buchanan high school last year where she was prominent in athletic activities and last year took part in the Senior play.

5 BOTTLES OF KONJOLA MAKES BIG DIFFERENCE

SUFFERED 4 YEARS WITHOUT FINDING RELIEF UNTIL SHE FOUND NEW MEDICINE

MRS. GERTRUDE SMITH: "My stomach, kidneys and liver were in a very bad condition for the last four years," said Mrs. Gertrude Smith, 2014 Dehoop St., Grand Rapids, Mich. "I couldn't eat anything but what my stomach would vomit from gas. My liver and kidneys were weak and irregular and I was always tired and drowsy. I had been in this condition so long without finding relief, that I gave up hope. But I found this out after taking five bottles of Konjola. Now all my health troubles are gone. And this, after four years of fruitless search. I wish I had found Konjola in the first place. I am now enjoying better health than I have had for a long time, and I am glad to give Konjola the praise it deserves." Konjola is sold in Buchanan at W. N. Brodrick's drug store and by all the best druggists in all towns throughout this entire section.

KNOWN BY NAME

In Grandmother's Day: "A dozen eggs, please—are you sure they're fresh?—the last were not so good—and a half pound of cheese—mild—let me taste it please—no, that's too sharp—let me try some of that one—I guess that will do—and some bacon—not that—it's too fat—have you some leaner?—well I think I'll try it"—and so on, ad infinitum.

Today: "One dozen Silver Seal Eggs, please; a half pound of Blank's Mild Cheese; a pound of So-and-So's Boneless Bacon; a package of Gold Medal Seedless Raisins; that will be all, thank you—and shopping is finished!"

Have you ever considered what advertised goods mean to you? How many actual shopping hours you save in a year just by knowing what you want before you buy?

And more than that, you know just what you're getting. You ask for things by brand name with confidence, for you're sure they'll be the same today as they were yesterday, or last month. Advertisers must maintain standard quality in their products; their advertisements must be your guarantee of reliability. They cannot afford to advertise poor or unproven merchandise.

Read the advertisements regularly. The time you spend in doing so will be regained many times over when it comes to buying. To say nothing of the satisfaction of having perfect confidence in what you purchase.

SATISFACTION of desires rather than needs often results in lack of money to satisfy either.

Electric Railways
Recommend Sale
Tickets on Credit

Electric railway and motor coach transportation sold in car load lots by the week, on credit or by another financing plan, has been recommended to the American Electric Railway Association, in convention in Atlantic City, as a means of competing with other agencies of transport.

Other commodities are sold on the partial payment plan, the street railway men declared so why not market their own services in the same manner? "Peddling" transportation in bulk lots, by means of house to house sales of tickets good for a week, or books of strings of tickets, was discussed as a means of encouraging the public to patronize the trolley lines rather than using private automobiles for trips for shopping or business purposes.

The policy has been tested by several companies, one of which increased its business 10 per cent. Studies of riding habits in the United States brought out some interesting phases of American life. The average person, it developed, will not walk more than a quarter-mile to catch a car or motorbus. Ninety-five per cent of the persons interviewed would walk about two blocks to save an 8-13 cent fare and 70 per cent would walk this distance to save 5 cents.

Real Logic.
Teacher—If I had ten potatoes and wanted to divide them among three people, what would I do?
Tommy—Mash 'em.

Well Equipped.
The small daughter of a motor car salesman was playing on the lawn of their home when her attention was attracted, for the first time, by tripe. She ran excitedly into the house crying, "Mother, mother, I've just seen tripe and a spare."

They're Always Dangerous.
First Cannibal—"The chief has hay-fever."
Second Cannibal—"Serves him right. I told him not to eat that grass widow."

36 MILLION MEALS DAILY, PLEASE!
Food for half the nation breakfast, lunch and dinner 3 meals a day in 12 million American homes are cooked with GAS—more than by any other fuel. And each year adds to the increasing number of families enjoying the cleanliness and convenience of GAS. During the past twenty-five years, while the population of the United States has increased 50 per cent, the sale of manufactured gas has increased more than seven times as fast or 363 per cent. Notwithstanding the enviable past of the gas industry an even greater future is assured.

On the Job.
"Henry told me the other night that I was the eighth wonder of the world."
"What did you say?"
"I told him not to let me catch him with any of the other seven."

Each entry submitted for prizes must be accompanied with directions for locating the tree which bore the nuts. The College department is attempting to locate especially desirable trees which can be used to develop commerce.

When Frank Myers, Schoolcraft county, was arrested before June 1st for conspiracy officers for rowing a boat for a companion who was fishing for blue gills in a closed season, he was convicted in justice court at Manistiquette and was ordered to pay a fine of \$10 and costs of the same amount.

Myers refused to pay and appealed to the circuit court. This month the lower court conviction of Myers was affirmed and Judge Herbert W. Rummels assessed additional costs of \$100. Myers' total costs for violating the fish laws was \$110; besides his attorney fees.

Former Buchanan Woman Inherits Large Fortune

Notices are carried in county dailies during the past week of the filing of the will of the pioneer St. Joseph hotel man, William A. Walker, disposing of an estate totalling \$79,500, consisting of real estate worth \$72,000 and personal to the extent of \$7,500. The will is of particular interest from the fact that the bulk of it is left to the widow, Mrs. Mary Blake Walker, who was a former resident of Buchanan and has a number of relatives here. Cash bequests amounting to \$18,000 are made to five individuals, but are not to be paid during the life of the widow. Mrs. Eva Morton, St. Joseph, receives \$5,000 under the will and her daughter, Miss Habel Morton, a like amount. Mrs. John W. Collins, but they are excluded in a codicil. The original will left a farm in Benton County to the tenant, I. G. Rhodes. This bequest is revoked in a codicil attached to the will Jan. 9, 1928.

As guardian for an incompetent brother, Arthur W. Walker, the late William A. Walker was administrator of \$11,295.48. The will directed that this estate be turned over to a new guardian to be appointed.

The original will included a sum of \$1,000 jointly to a Mr. and Mrs. J. W. Collins, but they are excluded in a codicil. The original will left a farm in Benton County to the tenant, I. G. Rhodes. This bequest is revoked in a codicil attached to the will Jan. 9, 1928.

Play by Play Report of Buchanan Dowagiac Game

PLAY-BY-PLAY
(First Quarter)
Valdes kicked off to Pfinst, who ran back to his own 35 yard line. Aronson made three yards off tackle. Pierce gained two on the other side. A pass was incomplete. Pierce punted to the Dowagiac 25 yard line. On the next play, Dodd sliced off tackle to the Buchanan 40 yard line. Dowagiac was then penalized five yards for offside. Easily carried the ball to the Buchanan 20 yard line on very pretty and run. A pass, Valdes to Place, was successful. Place scoring. Valdes missed the kick for extra point. Score, Buchanan, 0; Dowagiac, 6.

Valdes kicked off to Pierce, who brought the ball back to his own 27 yard line. He also made three yards through tackle. Pfinst hit the line for a yard. Chubb was held for no gain on a wide end. The Dowagiac took time out. On the next play, Dowagiac was offside. Pierce punted to Easily, who ran to his own 48 yard line. Dowagiac fumbled on the next five yards. Aronson recovering on the 40 yard line. Pfinst lost two yards on a wide end run. Aronson made a yard at tackle. He was stopped for no gain at center. Pierce punted outside on the Dowagiac 40 yard line. Easy made two yards off tackle. Valdes punted to Pfinst on the Dowagiac 40 yard line. An attempted pass was intercepted by Valdes. Dodd was stopped for no gain off tackle. Valdes made two yards at the same place. A pass, Lyman to Valdes, put the ball on the Buchanan 37 yard line. Dodd failed to gain at tackle. On the next play, he made eight yards through the line. Valdes ran around end to the 10 yard line. Dodd made eight yards off tackle, but was injured. Emmons took his place. Thompson went in for Hamilton for Buchanan. Valdes hit the line for a yard. Score: Buchanan, 0; Dowagiac, 6.

(Second Quarter)
Valdes lost a yard at tackle. A pass, Lyman to Place, was again successful. Place scoring. Again ran across for the extra point. Score: Buchanan, 0; Dowagiac, 13. Valdes kicked to Chubb, who ran the ball back to his own 24 yard line. Pfinst lost two yards at tackle. Pierce punted to the Dowagiac 45 yd. line. Emmons made a yard at tackle. On the next play, Dowagiac fumbled, Buchanan recovering. Chubb made two yards off tackle. Pierce made a yard at the same place. Pfinst lost three on end run. Easy ran Pierce's punt back to the Dowagiac 47 yard line. Dowagiac was penalized 15 yards for holding. Easily hit the line for a yard. Valdes lost about 20 yards on a bad pass, putting the ball on his own 10 yard line. Valdes punted to Pfinst on the Dowagiac 40 yard line. A long pass, Pfinst to Pierce, was incomplete. Chubb clipped off 12 yards around end. Aronson hit the line for three yards. Pierce made two yards off tackle, putting the ball on the Dowagiac yard line. Aronson gained three more off tackle, fourth down two yards to go. Aronson fumbled, but recovered. However, Dowagiac took the ball on downs. J. Letcher went in for Layson. Emmons made four yards off tackle. Valdes went around end for three yards. An attempted pass was incomplete. Valdes punted over Pfinst's head, the latter getting the ball on his own 38 yard line. Marble went in for Knight and P. Letcher for Vincent. Pierce punted to Easily, who ran back to the Buchanan 45 yard line. A pass was incomplete. Easily failed at tackle as the half ended. The score was Buchanan, 0; Dowagiac, 13.

(Third Quarter)
Valdes kicked to Pfinst, who returned the ball to his 30 yard line. Aronson sliced off tackle for eight yards. Pierce was stopped for no gain, but Bradford was injured on the play. Chubb lost a yard around end. Pierce punted to Easily, who ran back to the Buchanan 45 yard line. Lyman hit the line for a yard. Dodd carried the ball to the local three yard line. Valdes failed to gain at center. Dodd was also stopped at the same place. Easily hit the line for one yard. A pass, Valdes to Place, over the goal line was incomplete. Buchanan took the ball on her own 20 yard line. Aronson gained a yard at tackle. Chubb lost a yard on an attempted end run. Pierce punted to Pfinst, who returned the ball to the 23 yard line. Dodd made three yards at center. Easily lost six yards and fumbled when tackled by Pierce. Aronson hit the line for a yard. Pfinst failed to gain off tackle. Chubb made a yard at tackle. Pierce punted to Easily, who returned the ball to the 25 yard line. Easily lost 12 yards on an attempted end run. Aronson gained four yards off tackle. Pierce hit the line for a yard. A pass, Pierce to Boyce, was incomplete. Another pass, Pfinst to Boyce was incomplete, the ball going to Dowagiac. Lyman hit the line for a yard. Dodd gained two yards the same way. On the next play, Dowagiac fumbled, Buchanan recovering. Pierce failed to gain at center. Pfinst lost four yards at end.

(Fourth Quarter)
Pierce got away for 11 yards on a trick end run. Place was injured on the play. Aronson failed to gain off tackle. He was also stopped on a trick play through center. A pass, Pierce to Vincent, was good for 26 yards. Aronson gained a yard at tackle. Pierce failed to gain at the line. A pass was incomplete. Another one was also knocked down. Dowagiac took the ball on downs. Dodd lost a yard. Easily made three yards on an end run. On the next play, Dowagiac was penalized five yards for clipping. Valdes kicked to Pfinst on the 40 yard line. A pass was incomplete, but Dowagiac was penalized five yards off sides. A pass, Pierce to Vincent, gained 8 yards. Pfinst failed to gain at center. Pierce punted to the Dowagiac 30 yard line. Easily tore around, end for 15 yards. On the next play, Dowagiac was penalized 25 yards for clipping. Valdes lost two yards at end. Valdes punted to Pfinst on his 40 yard line. Pfinst made a yard at center. Pierce smashed through center for eight yards. Pierce made two yards at the line for a first down. Aronson lost a yard at center. Pfinst failed to gain at end. A pass, Pierce to Vincent, was incomplete. On the next down, Pierce tried to punt, but Dowagiac was penalized 15 yards for ruffing the kicker. Hamilton went in for Thompson. Pierce hit the line for a yard. A pass, Pierce to Vincent, was good for 10 yards. Another pass, Pierce to Pfinst, was incomplete. A pass, Pierce to Aronson, gained 10 yards more. Another pass, Pierce to Pfinst, was good for four yards, putting the ball on the three yard line. Pierce failed to gain at center as the game ended.

Courts Sustain Conviction of Man For Rowing Boat

When Frank Myers, Schoolcraft county, was arrested before June 1st for conspiracy officers for rowing a boat for a companion who was fishing for blue gills in a closed season, he was convicted in justice court at Manistiquette and was ordered to pay a fine of \$10 and costs of the same amount.

Myers refused to pay and appealed to the circuit court. This month the lower court conviction of Myers was affirmed and Judge Herbert W. Rummels assessed additional costs of \$100. Myers' total costs for violating the fish laws was \$110; besides his attorney fees.

Edward Grondine, Manistiquette, fishing from the boat Myers was rowing, paid a \$10 fine and costs of the same amount when he was convicted of fishing for blue gills before the season opened.

Portage Prairie
Andrew Mitchell, is driving a new Ford car.
Mrs. Wm. Eisele and Mrs. Merritt Vite visited Mrs. Albert Doer of South Bend last Wednesday.
The entertainment given Sunday evening at the church by the orchestra was a huge success. The church being filled to the doors.
Mr. and Mrs. John L. Rough of Buchanan, spent Sunday with Mr. and Mrs. A. Giest.
A number from here attended Hartford fair this week.
Oliver B. York returned home this week from his farm in North Dakota reporting a very dry season in that locality.
Mr. and Mrs. Merton Mitchell, Buchanan, spent a few days last week with her parents, Mr. and Mrs. Asa Mangus.
Mr. and Mrs. Frank Wigent, of Kalamazoo, spent the week end with the latter's parents, Mr. and Mrs. W. W. Mitchell.
Miss Florence Mitchell of South Bend spent Sunday at the parent's home.
Mr. and Mrs. Mervin Andrews of Gratiot, Wis., are visiting the latter's parents, Mr. and Mrs. Arthur Newsom.
Mr. and Mrs. Stanley Mitchell entertained a few friends Tuesday evening in honor of Mr. and Mrs. Donald Rhoades, who were recently married.

Scout Troop 41 Effects Thrilling Rescue from Fire
George Remington, patrol leader, and Lowell Batchelor, assistant patrol leader, prepared a novel program at the regular weekly meeting Tuesday night in the M. E. church of Buchanan boy scout troop, No. 41.
After the usual games had been played, the assembled members of the troop, assuming the building was afire and Scout Shorty Mitchell was entrapped by the flames in the church belfry, mounted the ladder leading to the bell tower. A "rescue" was effected in record time when a rope was placed about Mitchell and he was lowered to the floor by his comrades.
The program Tuesday night was part of fire drill being systematically rehearsed by the local scouts in order that the troop might become efficient should actual need for their services arise.
Plans are being made for an outdoor program which will include a hike, at the next regular meeting next Tuesday night.

WALLACE HOSPITAL
Mrs. Edna Pennell of the hospital nursing staff left Wednesday for a ten day motor trip to Albany, N. Y., and Atlantic City, N. J.

Honoring the birthday of her father, Mrs. Fred Moyer entertained at dinner Sunday night. Guests included Mrs. Moyer's father, Ira Sizer of Sawyer and Mrs. Ira Sizer, Mr. and Mrs. Walter Thuring, Mrs. Wm. Reeves of St. Louis.

Epigon and Auxiliary Meet Tonight
The Women's Auxiliary of the American Legion and the members of Ralph Rumbaugh Post No. 51 will hold a pot luck dinner at the Legion hall tonight at 6:30. A feature of the meeting will be the regular ritual installation of officers.

Presbyterian Missionary Society Meet
The Missionary Society of the Presbyterian church held its regular meeting Friday afternoon at the home of Mrs. Lillian Hunter, West Front street, Mrs. Fred Richter assisting the hostess. Those in charge of the program were Mrs. D. L. Boardman, Mrs. J. C. Rehm, Mrs. George Deeming and Mrs. Anselm Wray. Refreshments were served following the program. Each member is permitted to bring three guests to the next meeting, it being the annual Free Will Thank offering to be held in the church parlors, Friday Nov. 5. The committee in charge of the meeting will be Mrs. J. C. Rehm, Mrs. T. D. Childs, Miss Charlotte Seals, Mrs. Lucy Beistle, Mrs. H. Berry and Mrs. F. Raymond.

Royal Neighbor Club To Hold Meeting
The Royal Neighbor Club will meet this evening with Mrs. Milton Fuller on South Portage St. with Mrs. Myrtle Kean assistant hostess.

Kare Knot Club Meets
The Kare Knot Club was entertained at a one o'clock dinner on Tuesday at the home of Mrs. Robert Franklin.

Jeannette Stevenson Guild Meets
The Jeannette Stevenson Guild of the Presbyterian church met at the home of Mrs. William Kohlman, Tuesday evening.

Community Bunco Club Plans First Meeting
The Community Bunco Club will hold its first meeting with Mrs. Sanford Carpenter, Wednesday, Oct. 30. This club has recently been organized and will hold regular social meetings through the winter. Mrs. George Bamore and Mrs. Morgan Lohmigh will assist the hostess.

Surprised on Birthday Anniversary
Mrs. Ella Moyer was pleasantly

CHURCH ANNOUNCEMENTS

Methodist Episcopal Church Sunday School at 10 a. m. You may learn lessons that will be invaluable to you. There is a class for every age. Come along. Sunday morning worship at 11 a. m. Special music. A spirit of worship that brings God near, aided by sacred music on the pipe organ will be featured. Sermon subject: "Forgiveness." This will deal with questions as to how we may be forgiven by God. The challenge and result of forgiveness. It will be a helpful message for you. Come and bring the folks.

Epworth League at 5 o'clock. The young people of the League are planning to attend the high school game at Three Oaks Saturday. After the game they will go to Tower hill where a prize is offered for the one who will be first to climb the highest sand dune and one for the best story around the camp fire while we have the "weenie" roast. Young people looking for a good time had better not miss this. See Elizabeth Montgomery about it. Remember the League meeting Sunday beginning with a social time and refreshment at 5 o'clock.

Evangelical Church Sunday School at 10 a. m. Sermon, "Our Hearts' Desire", at 11 a. m. Leagues meet at 6 p. m. Song service and sermon, 7 p. m. Prayer meeting Thursday evening at 7:30.

Harvest Home and Old People's Day, Oct. 27. Rally day was observed last Sunday with 222 present in the Sunday school. Rev. E. D. Riebel preached both morning and evening. The program given in the morning was interesting and was much enjoyed.

The Southwestern Michigan Ministers' Association met at the Buchanan Evangelical church on Monday for their monthly meeting. Rev. W. H. Watson of Kalamazoo, presiding elder of this district, was present for the meeting. A co-operative dinner was served at noon. This was followed by a social hour and the business meeting. The next meeting is to be held at Benton Harbor. If you are not attending church or Sunday school elsewhere we cordially invite you to attend our services. Do not let being married keep you away from church.

Rally Day Sunday, Oct. 27th. There will be a Bible School demonstration. Our attendance goal is 350. Evangelistic meetings will begin Sunday Nov. 10 and close Sunday, Nov. 24. J. L. Griffith, Pastor.

Christian Science Church Sunday school at 9:45 a. m. Sunday service at 11 a. m. Subject, "Doctrine of Atone-ment." Wednesday evening meeting at 7:45. Reading room is at the church and is open every Wednesday afternoon from 2 till 4.

Evangelical Church Sunday School at 10 a. m. Sermon, "Our Hearts' Desire", at 11 a. m. Leagues meet at 6 p. m. Song service and sermon, 7 p. m. Prayer meeting Thursday evening at 7:30.

Harvest Home and Old People's Day, Oct. 27. Rally day was observed last Sunday with 222 present in the Sunday school. Rev. E. D. Riebel preached both morning and evening. The program given in the morning was interesting and was much enjoyed.

Appetizing Dishes

Sun Gold Cake
Butter, 1 cup; sugar, 2 cups; eggs, 4; liquid, 1 cup; orange extract, 1 teaspoon; lemon extract, 1-2 teaspoon; salt, 1-2 teaspoon; flour, 3 cups; baking powder, 3 teaspoons.
Cream butter, add sugar gradually and cream again. Add unbeaten eggs, one at a time, beat thoroughly after each addition. Add liquid, water, milk or fruit juice, and flavorings. Cut and fold in sifted dry ingredients. Bake in 3 layers in a moderately hot oven for 25 minutes.

How to Prepare Spinach
How many of the readers pass up the fresh spinach when marketing which is not so palatable but also so good for us, because it is so hard to get it washed free from grit? Here is the proper way to prepare it.
Wash it in hot water instead of cold—as hot as you can comfortably bear the hands in. There is a sort of oil on the leaves to which the soil adheres and the hot water is much more effective in removing it.
You may think it will wilt the spinach, on the contrary, it has just the opposite effect.

Russian Tea Ice Cubes
Two oranges, 2 lemons, water, whole cloves.
Strain fruit juice, add water enough to fill cube holding sections. Add several cloves to each cube. Freeze in iceless refrigerator and pour hot or cold tea over thoroughly frozen cubes and serve.

Fried Chicken a la Maryland
Sprinkle pieces of chicken with salt and pepper and then roll well in flour. Melt 1 cup lard in a frying pan until very hot. Add chicken a few pieces at a time and cook slowly, turning frequently, until the chicken is tender and well browned. Arrange on a bed of hot boiled hominy and garnish with parsley. Serve with or without a cream sauce.

Potatoes with Pimientos
Four cups diced potatoes, 1 green pepper, 2 canned pimientos, salt and pepper, cheese sauce, 2 tablespoons butter, 2 tablespoons flour, 1 cup milk, pepper, 1-2 cup diced cheese. Dice potatoes. Put in a sauce pan and pre-boil 5 minutes. Drain, uncover and shake dry. Add the pepper to taste and cover with cheese sauce. Bake 1 hour at 350 degrees F.
For the sauce melt the butter, add flour, making smooth paste. Gradually stir in milk. When sauce is hot and well blended, add cheese and stir until smooth.

Lima beans, and simmer until the celery and green peppers are tender. Add 2 cups of canned tomato pulp and the beans and heat well.
Pour in center of platter and surround with 1-4 package of boiled spaghetti. Serve as a main dish with quince jelly. Serves 8.

Baked Halibut Creole
Sliced halibut, 1 1/4 pounds; solid vegetable shortening, 2 tablespoons; cornmeal, 1-4 cup; salt, 1-2 teaspoon; Worcestershire sauce, 1 teaspoon; sliced onion, 1; minced garlic, 1-4 teaspoon; tobacco, 1-4 teaspoon; sliced green pepper, 1; canned tomatoes, 3-4 cup.
The halibut should be sliced about 1 inch thick for baking. Cook or broil until done. The cornmeal or haddock could be substituted. Dredge fish with cornmeal mixed with salt. Brown in vegetable shortening, turning once. Place in baking dish with sauce made of canned or fresh tomatoes or canned tomato soup and the other ingredients. Serves four.

Experts Describe How to Tell Coot From Gallinule
Because of their duck-like habits the coot and gallinule are confusing to many amateur duck hunters, according to M. D. Pirnie, state ornithologist. The Department of Conservation and its field men have received many inquiries as to how to tell these birds from each other and from ducks.

My commission expires Sept. 1, 1931.

Electricity Used On 383,730 Farms In United States
According to the latest reports issued by the National Electric Light Association, there are 383,730 farms in the United States that use electricity for light and power. This, however, is just the beginning of rural electrification for there are 6,445,000 in this country. It goes to show the possible field of development of electric power in the country alone.
California leads all the states in the number of farms using electricity with 62,720; New York state comes next with 47,800; then comes Washington, 34,448; North Dakota, 30,575; Pennsylvania, 27,105; Indiana, 15,163; Iowa, 13,817; Illinois, 13,284.
As a matter of fact this total of 383,730 farms is not complete, for seventeen states did not make reports for 1928. Included in the seventeen states are many of the most progressive, such as Florida, Georgia, North Carolina, Oklahoma and Texas.
It appears from the electric association's reports that electricity is adaptable to every type of farm or farming and that once it takes hold on the farm it does not let go. Farmers, like city folks, appreciate the value of this all-round servant, whether out on the farm or in the house.
Back to Noah.
A Wall street broker, desiring several new clerks, asked the following question of applicants on examination: "Who formed the first company?"
A bright youth, a bit puzzled, but not to be flustered, wrote: "Noah successfully floated a company while the rest of the world was in liquidation."
His application was accepted.

Dowagiac Heavies Smother Bucaneers Under 13-0 Score

FIRST LOSE
OF SEASON AT
STOVE CITY

Line nable to Hold the Op-
ponents During the
First Half.

RALLY IN SECOND

Gun Stops Buchanan From
Scoring by Aerial
Attack.

Unleashing a powerful and spirited attack in the first half, the Dowagiac heavies swept over the Bucaneers from Buchanan at Alumni field, Dowagiac, to the tune of 13 to 0. The locals were unable to "unhorse" the enemy braves, and as a result received the first setback of the '29 season. The first half was a regular nightmare for the "outfit." The Dowagiac backfield, led by Mose Easley, swept around end and thru tackle for yard after yard, not stopping until the local secondary managed to get hold of them. Both Dowagiac touchdowns were scored by passes.

Buchanan received and Pfingst ran the ball to the 35 yard line. Three plays failed, so Pierce punted. Then the fun began. Dodd, Easley, and Valdes took the ball to the 30 yard line, where a pass, Valdes to Place, completed the march. Valdes missed the try for goal. Then the procedure was enacted again. Buchanan, failing to gain, kicked. Another march down the field began, finally culminating in a pass, A. Lyman to Place, for a touchdown. Easley ran across the goal for extra point.

In the second half the ball was in Dowagiac territory, but the "Bucks" could not score. In the final minutes of play, Buchanan launched an aerial attack that carried the ball from the forty yard line to the three yard line, only the gun stopping the parade. The only bright spot of the day for the locals was their "last stand." For four downs they held the chieftains on the four yard line, breaking up a pass over the goal line on the last down.

Too much cannot be said for the Dowagiac aggregation. With a line weighing from 165 to 220 pounds, and a fast and sure backfield, the Indians have a real team and any team which stacks up against them will find a real afternoon's work in stopping them. Coach Harold "Curly" Bradford and his B. H. S. football warriors will journey to Three Oaks next Saturday, where they will endeavor to take their revenge out on the Acorns for the defeat they suffered last Saturday at the hands of Dowagiac. The lads from the featherbone city showed a good deal of power against Niles, Saturday, although they lost 10-0. The Bucks are doped to "cop" but not by a large score. They will also have to show up better than they did against Dowagiac.

BOOSTER DAY

The zenith of enthusiasm in the Buchanan High School will be reached on Oct. 26, according to all signs. On this date the annual Booster Day and Homecoming will be held and among other things, Buchanan will engage in the great fall pastime with Niles. When Booster day comes around everyone turns out, parades, yells and goes to the foot ball game. At one o'clock the followers meet at the local high school from where they begin their parade. Led by the high school band and accompanied by "floats" from various organizations, they march downtown and then to the foot ball field.

This year all those who arrive at Athletic Park will be amply repaid for their efforts in securing a seat. Every Buchanan-Niles game affords plenty of excitement and this one will be no exception. For years the rivalry between the two schools has been intense. For a while the "Bucks" were on the short end of the scores, but in 1928 the Nilesites were downed, 21 to 0 at the enemy's camp. 1927 found the "Bucks" victors, 19 to 0 at the local field. Last year the boys from Niles married the local's chance for an undefeated year by nosing them out 7 to 6, a lucky pass giving them the victory. This year the locals are out to avenge this defeat and to give them a real lacing. So let's go to the big game on the big day and see the big boys from Buchanan roll up a big score against their old rivals from Niles.

Real Devotion.

Father—Donald, I am only punishing you because I love you.
Donald—Well, daddy, I wish I was big enough to return your love.

Rah Rah Rah-ah-h-h!

Senior English
Toss off a Few
Mean Ballads

The Senior English class has studied ballad during the past week, each member of the class submitting one. The following were considered "A's":

Cubs vs A's.
The autumn day dawns bright and fair,
Along the road they blaze;
Two hundred miles they drive to see
The Cubs combat the A's.

Chicago soon they reach and then,
To Wrigley Field or bust;
Through traffic thick they drive
And cry,
"The Cubs will win, we trust."

For on this game they've bet their coin
A thousand bucks in gold;
Their faith in Joe McCarthy's boys
Is what makes them so bold.

At last they're over Randolph bridge,
Then past an angry cop;
North Michigan is packed with cars;
Most every sign says, STOP!

Along the Gold Coast next they crawl,
The traffic gives them pain;
At last the grandstand greets their eyes
They're almost gone insane.

The car is parked and out they rush,
Up to the gates they roar.
The tickets—lost? Where can they be?
At home in the dresser drawer.

Rolling
Columbus found the world was round in 1492.
A wonderful thing to do,
I never believed it true,
Till one night at the club I developed an awful stew.
And I found out without a doubt
How Mister Columbus knew.
For everything in sight was going around that night.

Rolling! Rolling! Down the street
I just went rolling.
I rolled into my bed;
I rolled out on my head.
I saw a million planets; and as old
Columbus said,
"They were all rolling! Rolling!"
Why he took that ocean trip, I see.
Now I'm on the water line,
No Columbus wine for mine,
A sailor's life for me.

A friend of mine invited me to go to take a sail;
We suddenly struck a gale,
The vessel was very frail.
I wondered why the people there
were hanging across the rail.
At once I knew, for soon I grew
Exceedingly sick and pale.
The waves came over the lee, but
I couldn't see.
Rolling! Rolling! Goodness how
the ship was rolling,
My inner man and me,
Soon parted company.
I saw me feet arise to where my
tongues ought to be.
For it was rolling! Rolling!
I was sure my time had come to die.

And I knew the world was round
For everything my vision found
Was madly rolling by.

A friend of mine was married to a
girl he thought a prize;
With beautiful rolling eyes,
Just like the bounding skies.
One night when she was sound
asleep, he saw to his surprise,
Her eye on one side was open
wide;
And then the poor boob got wise.
Next day on the street, he noticed
her both eyes meet.

Rolling! Rolling! Goodness how
her eyes kept rolling;
But when she tried to wink,
My my! What do you think?
One eye fell out and landed on
the pavement with a klink,
And started rolling, rolling.
And now her eye
Heaven has to buy.
And she says, "For goodness
sakes!
Don't walk by me, or you may
break
That rolling, rolling eye."
Carlton Marble.

Grade News

Kindergarten News
We have finished our seed chart
and the fall portion of our seed
project. The children composed
this story, "The Seeds":
We brought seeds to school.
We gathered acorns in the park.
We have burrs, milkweed, buck-
eyes, acorns, poppy, maple, and
catalpa seeds.
We made a chart and hung it
up on the wall.
We have an acorn doll, a burr
basket, maple seeds, buckeyes,
pepperbox shaker, catalpa, bean
and milkweed on our chart.

First Grade—Miss Myers
Group 1 in reading will soon be
ready to start reading in the new
Beacon Primer.
Two more children were entered
in First Grade this week: Cleo
and Betty J. Rousseau from Day-
ton.
Lillian Hartline, Myrtle Ottwell,
Donna Pazder, Lester Wissler,
Florence Ferris and Donald Och-
ryder have read 26 charts in
reading.

Second Grade—Mrs. Fischer
In Mrs. Fischer's room the
boys won in the spelling match,
the score being 9-5.
We started our highest score
this week in banding, our percentage
being 80. We are working
for one hundred per cent day.
Warren Domer of York, N. D.,
entered our grade this week.
In language we are studying
about Columbus, reading stories
of his boyhood and making a book-
let.

Grade 3—Miss Simmons
We are dramatizing the story
of Columbus in the language les-
son.
We have completed our first
project which was on "Health."
We have drawn and colored
maple leaves this week.
The following pupils stood 100
per cent in spelling: Muriel Dilla-
von, Howard Dillman, Robert
Hamilton, Edwin Ingelright, El-
berta Maxon, Jeannette McGowan,
Betty Jane Mitchell, Lee Miller,

Adolph Routh, Matthew Rauch,
Joseph Rosetti, Lynes Rothfuch,
Valona Rohl, Eugene Stults, Robert
Wesner, Marjory Wheat.

Third Grade—Mrs. French
The boys were again victorious
in the weekly spelling match.
We have been studying the dif-
ferent grains in geography. Many
of the boys and girls brought
samples of their favorite break-
fast foods and we found out from
what they were made. Carlton
Pletcher brought a large stone
that was hollowed out a rifle, and
Lawrence Newsum brought another
one which fitted into the hollow
end place, and we ground flour as
they did before they had machin-
ery with which to grind it.

The nature study class has been
studying how the plants, animals,
and people get ready for winter.
Many different kinds of seeds were
brought. For language, stories
about the seeds were written and
pictures of the various seeds were
drawn. Charles Harris, Audrey
Ruth, and Violet Weaver wrote
very good stories and drew good
pictures of the seeds.

The boys and girls in Mrs.
French's room have been reading
the story of Columbus. They ob-
served Columbus Day Friday by
writing stories about Columbus
and by dramatizing the story. Bill
Bordars was the stage director.
The actors were chosen by the
boys and girls. They were those
who could read or tell the story
best. The pages were Lawrence
Newsum, Charles Harris, Robert
Ferris and Bill Bordars. Russell
Turner was a messenger. Billy
Gregory was Diego and Dale
Simpson was Columbus. Mildred
Ferris was the queen and Ken-
neth Phiscator was king.
The third division have been do-
ing excellent review work in read-
ing. They are now ready to begin
reading in their new Winston read-
ers.

Mrs. Lakin visited our room last
Friday.
Charles Wales is a new pupil in
Mrs. French's room. He was un-
able to start at the first of the
term on account of sickness.

General School News
Miss Hopkins' boys and girls are
very proud of their progress in
Spelling. The number of perfect
papers increases weekly. We hope
to have over fifty per cent of the
class receiving one hundred per
cent in a few weeks. We are sure
it is possible because of our results
last week which stand as follows:
19 pupils with 100 per cent
9 pupils with 98 per cent
One pupil with 95 per cent
Three pupils with 90 per cent
Only nine pupils stood below 80.

The two fifth grade teachers
have found a prize while gather-
ing material for the pageant to be
given soon.

E. A. Willard loaned them a
paper published in 1874. The paper
contained a lengthy article con-
cerning Buchanan and its ad-
vances. A part of this article reads:
"The new school house is finely
built, costing thirty five thousand
dollars. (\$35,000). It is one of the
finest in the state. It is noted for
its modern school system in charge
of Prof. Kent. There are eight
teachers and the enrollment is
five hundred."
We presume the building men-
tioned is the old high school build-
ing, of which only a part remains.

Editorial

"On Courtesy"
Everyone comes in contact with
a great number of people during
a life time. Different classes of
men and although it is not neces-
sary to deal personally with all
classes of people, a great number
of individuals must be considered.
It is impossible to live a complete-
ly isolated life, and since this is
so, a definite policy must be
adopted when mingling with the
crowds. Some folks have a nat-
ural tendency to be ill-tempered
and unpleasant to all except a
chosen few. This is all right as
far as it goes, but a few individ-
uals are insufficient to boost a per-
son to worthwhile accomplish-
ments. The assistance of the world
at large is important, and a cour-
teous, respectful attitude goes a
long way toward gaining the good
will of the majority.

In general assembly last week,
Mr. Hyink delivered a short ad-
dress on courtesy in school. Re-
spect is insisted upon as much as
possible, both verbal and written.
It is useless, unless the majority take
up the course on their own free
will. Courtesy is something which
must be learned by habit. The
foundation for habits are laid in
the first six years, so the problem
of courtesy rests largely with par-
ents. If properly instilled in the
home, courtesy can be easily trans-
ferred to the school, where the
habit can be fixed and the result
will be good citizens. A nation
made up of courteous and respect-
ful citizens is the ideal. To shoot
at this is a wise move.

Local Talent is
Discovered at the
Friday Assembly

Local talent was displayed in
the assembly program last Friday.
The girls contended with the boys
in community singing led by Miss
Olson and Mr. Hyink. Velma Eag-
ley played a saxophone solo. She
was accompanied by Mr. Robinson.
Mr. Hyink gave a three minute
talk on "Courtesy." He told about
a few things he had observed in
various high schools and colleges.
Mr. Miller also gave a three min-
ute talk. His subject was "School
Loyalty."

At a short pep meeting, Kathryn
Portz led us in a few yells. Mr.
Ormiston urged the students to
see the Dowagiac game if possible.
He also made a few announce-
ments concerning pictures to be
taken next Wednesday, the high
school party, booster day parade,
and the Niles game.

Harold Knight
Chosen President
Student Council

The first meeting of the Student
Council was held last Friday after
school. Election of officers took
place immediately. Harold Knight
was elected president. It was
voted that the second highest,
Richard Zerbe, be made vice pres-
ident. Helen Kean was elected
secretary and John Strayer was
unanimously elected treasurer.
The council then discussed the
high school party, which will be
held the night of the Niles game.
A general committee, consisting of
Jane Habicht, John Strayer and
Leo Boyce was appointed by the
president. This committee will
appoint the other committees.

CAN YOU IMAGINE
Bob Geyer without a pretty girl
beside him?
Ruthie Pierce being lonely?
The Frosh not "speaking" to
each other?

Vincent DeNardo staying where
he's put?
Miss Naffenecker saying, "Not
so fast, Don't speed so?"
Senior girls (in chorus), "No
rouge! Long skirts! Less boy
friends?"
Tot Reed shopping in South
Bend on a school day?
Bob Montgomery leading the
orchestra?

Marian Dreitzler saying, "I wish
the girls wouldn't follow me
around?"
Miss Shriver having to speak
twice to her French students?
The ninth hour assembly singing
"Halleluiah, praise our teachers,
hal - amen?"
Don Sargent beating up Claude
DeWitt.
Sal Wilcox forgetting how to
cheer?

FLAMING YOUTH!
A Niles Sheik claims he can
average about three gals out of
every gallon of gas.

WORDS OF WISDOM
The Sage of Buchanan says
that an echo is the only thing
that can cheat a woman out of
getting the last word.

SCHOOL SLANTS
A delicious odor floats up the
hall and tickles the palates of the
5th hour assembly about the time
that every one begins to be fam-
ished, ust before dinner. But these
relentless maidens work on making
cookies, pancakes, doughnuts and
what have you, regardless of the
cries of the starved. Who are
they? Home Economics 9, of
course. They have been working
on quick breads for the past week.

The Botany classes are now
centering their discussion and
study around plant structure. Lab-
oratory work takes up a great
part of their time.

Are you aware that hidden deep
in the recesses of Miss Rockenbach's
shrine are boxes of what high
school youngsters crave? For a
password just whisper "Charge a
Hershey!" The gym classes are
slowing up in soccer speed, due
to excess candy fat. But why not
boost our G. A. A. by indulging
in a bar now and then. Miss Rock-
enbach will gladly serve you—out
rates on all bars to 5c apiece.

Jane and Paul Easton, form-
er Buchanan students, visited our
school last Friday. Paul made his
bow in general assembly, while
Jane assisted the Home Economics
girls in serving the Parent-Teach-
ers banquet that night. They are
students of Hobart, Ind., high
school where Jane is a sophomore
and Paul a senior.

The Seniors enjoyed a class
meeting almost every day last
week, having many weighty ques-
tions to decide. They will gradu-
ate in caps and gowns, falling into
the footsteps of the two preced-
ing classes. Invitations were al-
so selected. "very cleavah," one
Senior was heard to say. It must
be so.

The Interior Decorating class
are embroidering art pictures. The
pictures are on the order of a
landscape worked out in silk floss.
Incidentally, they will make lovely
Christmas gifts.

Raymond Reed ("rushing down
hall"): "He's dead, he's dead, blood
shed, blood shed, do tell, do tell—"
Onlooker: "Is he crazy?"
Another Senior: "Oh no, just
writing his English ballad."

Dope Chaser.

A tramp knocked at a kitchen
door and said, "Please, kind lady,
I'm a sick man. The doctor
gimme this medicine, but I need
something to take it with." The
lady was ready to help. "Poor fel-
low!" she said, "do you want a
spoon and a glass of water?" The
tramp answered, "No mum, I
wouldn't trouble you. But this
medicine haster be took before
meals. Have you got a meal
handy?"

Waning of Legal Liberty

In society at large those who would control and regulate the behavior of all about them are the most detested of people. We all know people who have a passion for dominating and directing. They are found in homes, churches and organized minorities, who seek through law to compel behavior to be in conformity with their own several notions of what is right and what is best for humanity at large. In public undertakings of this kind there is invariably some fine idea that has a strong appeal, even while their purposes, just as invariably, involve the suppression of human liberty in some direction. A study of all these movements, many successful, during the past 30 years, will show this to be true. In them all will be found the faint of the meddler and busybody, with the fundamental idea that people should be restricted and cut off from their inalienable rights.

What is to be done about it? It is all a matter of government, whether practiced in the home by a tyrannical husband or a wife determined to rule the roost, or by a minority bent on having their own way in control of a village or state.

There are some things, much in the minds of the people when the declaration of independence and the constitution of the United States were written, that are now forgotten or not seriously considered. "Eternal vigilance is the price of liberty," our forefathers warned us.

Salaries for Teachers.

Addressing a body of business men recently, a Boston professor criticized the public schools as falling far short of building up in the pupils the strength of mind and purpose that ought to result from 10 or 12 years of juvenile and adolescent instruction. He thought that women teachers were "feminizing" the younger generation and that boys ought to be taught by men. The typical high school boy is a sturdy athlete with a particular interest in automobiles, airplanes and all sorts of up-to-date instrumentalities. We have not discovered any unmanly tendencies in his case that could fairly be termed feminine.

The professor made some other observations, however, that are worth considering. He told the men that listened to him that while they were showing willingness to spend unlimited sums of money on new school buildings and appointments, they were seemingly unwilling to pay salaries high enough to attract to the teaching profession the kind of vigorous American men who ought to be teaching our boys.

It is not chiefly a question of men against women in the field of teaching. Rather it is a question of good teachers against poor ones. Uninspiring and inferior men are no better than poorly-trained and overworked women. We can well afford to elevate the teaching profession by offering such inducements that the teaching profession may be attractive enough to compete on equal terms with the other desirable vocations.

This Bill Should Be Defeated.

Another effort is being made in Congress to create a department of education in the federal government, in charge of a secretary who would be a member of the cabinet of the president. Representative Robinson of Kentucky is the author of the bill, but it is merely a re-written measure that has been before Congress repeatedly but never had much support.

It should not win this time. It proposes a federalization of the public schools, centralization of power at Washington, all educational work in the states to be supervised, or largely dictated, by a political educator at the national capital. It would mean a standardization and weaken, if not destroy, the power of the states to control and develop their schools.

For years this country has been deluged with propaganda in support of the department of education, with control at Washington. It is to the credit of the people of the country that they have resisted all these efforts and influenced members of Congress to prevent passage of the bill. There is no popular demand for it, the noise in favor of it is manufactured by those who hope to land in good places under the big educational machine that certainly will be developed if the bill should pass.

From all sections of the country there has come repeated objections to the plan for federal interference with, or entire control of public education. On that the states have stood together and have been able to make their objections impressive. They should take that stand once more. States would admit their inability to direct their schools if they should support the plan to have the government at Washington do it for them, and no proud state would be willing to accept that badge of humiliation. There may be small sections where the people would be glad to have the federal department take over the schools and pay the bill. Fortunately those sections amount to only a small minority. Let the people at home direct their own schools; let national control never be fastened upon them. The bill should be defeated.

Witness in Washington.

The White House does the right thing in calling upon Senator Howell for the facts up

on which he based his recent statements in the senate concerning prohibition violations in Washington. A thorough investigation is promised if the senator will back up his charges with definite facts. President Hoover is represented as desiring to secure not only the fullest possible enforcement of the prohibition laws in the capital but in making it a model for the entire country.

The Nebraska senator's remarks are rightly construed as impugning the good faith of the president in the matter of prohibition enforcement in the District of Columbia. Senator Howell remarked that the dry laws could be enforced there if the president insisted upon it through his control of public officials there. The inference is that since the enforcement is not 100 per cent effective the president is somehow to blame.

Like his predecessors, President Hoover took oath to uphold the constitution and enforce the laws of the United States. There is no evidence so far that he has been derelict in his duty. Practical man that he is, President Hoover, like other practical men, realizes that under the present circumstances 100 per cent enforcement of the prohibition law is impossible. But to hold him personally responsible, either in Washington or elsewhere, for a situation with which he has little to do, is absurd on the face of it. As far as they concern the president, the charges made by Senator Howell will hold small weight with the country at large.

150-Story Buildings.

Thanks to the engineering progress, it is now possible to erect a skyscraper 150 stories, or nearly 2,000 feet in height. But while it is structurally and physically feasible, economic considerations are such as to make it highly improbable. The "economic height" for the best rental returns, according to the latest estimate, is about 75 stories, or just half the height of the theoretical building which structural engineers now see as a possibility.

The tallest office building now in use is the Woolworth building in New York, which rises almost to 800 feet. The Chicago Tower is being planned to rise 880 feet, and the Chrysler building in New York, now in process of erection will be 808 feet. The Empire building, also in New York City, and in the building of which former Gov. Smith is to be one of the chief figures, is to be 80 stories high. These are by all odds the tallest office buildings in the world, and yet the visionary structure described would be two and a half times as tall.

The lighting of such a building, or at least of certain portions of it would be a problem. Elevator service in such a structure would be still more of a problem, for too much be required in elevator cables. It is estimated, too, that the human ear could not stand the vibration in an elevator that would be required in such a building. But the greatest deterrent to the erection of such a structure would be the economic considerations. Investors in such an undertaking would have to be convinced of the economic returns upon the tremendous outlay required, and, failing that, they would not be interested. Thus while the engineer may have found a way by means of stronger and lighter steel and other improvements to fabricate such a building, the economic engineer has as yet to discover how to make it sufficiently profitable. Until that problem is solved, the 2000-foot skyscraper will exist only in the imagination of the engineer.

Now an eminent student of the subject in hand announces that you can tell whether a person is lying or not by keeping a close watch on his Adam's Apple when you question him and if it is unusually active he is, and this may be all right as far as it goes but the trouble is that some of the persons concerning whose strict regard for truth we are most suspicious have no more Adam's Apples than a rabbit, despite their mannish effects at other points of interest.

Another evidence which we have noticed of the way things go in this old vale of tears and laughter is this: That when we desire to stay awake at night for a while thinking things over, we go right to sleep and when we desire to go right to sleep we stay awake all night, darned near, thinking things over.

There is a girl in this town whose skirt is so short at best that when she reaches up to the top shelf of the bookcase to borrow an improving volume from us our impression is, at first blush, that she forgot it altogether when she was getting ready to come over.

Another evidence that we may be wrong in our impressions of Russia after all is that the reliable Associated Press announces that the soap shortage there is being seriously felt by the inhabitants.

The buttons on a man's coat sleeve are often spoken of as a good example of absolute uselessness but it certainly doesn't look very well when one of them is off.

He is the kind of man, said we in our bitterly intolerant way, who has implicit faith in the results of questionnaires.

We have reached an age where we humbly thank the good Lord that high shoes are still made for men.

Perhaps the most useless word in the language is surplussage, when surplus would do just as well.

TOOL ROOM ROLL

FREAK CONTEST

THIRD THE GAME IN HISTORY

OF BUCHANAN BOWLING

CLUB ALLEYS.

The Berrien Springs and Axle Tool Room teams of the Clark Industrial League furnished the thrill of the tournament play of last week when they tied their game for a count of 899, the third "even Steven" contest ever to be played in the alleys of the Buchanan Bowling Club. The former team won in the roll off, Edwards of that quintet rolling three strikes.

Players have been rolling high scores for the first of the season, the following hanging up marks of 220 or over: Mark Treat, 220; Art Voorhes, 228; W. T. Beardsley, 226; Phil Kating, 221; Carl Thanning, 222; Bob Fisher, 225.

Individual and team scores were as follows:

Bowling Club Standings

Three

SEASON OPEN ON PARTRIDGE FIRST TIME IN 3 YEARS

HUNTING ALLOWED OCT. 16
TO 20 IN THE LOWER
PENINSULA

For the first time in three years on Oct. 16, Michigan hunters will have a chance to hunt partridge. The season of five days which opens Oct. 16 and closes with the evening of Oct. 20, applies to the Lower Peninsula only. The birds are still protected in the Upper Peninsula.

The partridge season was closed during 1927 and 1928. During several years, for reasons not well accounted for, the birds had been distributed in number not only in Michigan, but through the whole country. About 1925 the birds were at their lowest ebb. The following year there was some improvement, and in 1927 the birds were coming back in many places. A year ago and again this year, there was a marked increase, sufficient, the conservation commission believed, to warrant a short season in the lower peninsula in this fall.

A real but rather weak beginning of recovery is reported from the upper peninsula, but not enough to justify opening the season in that section of the state.

Affixing was not alone in losing its grouse. Every other state in which grouse are known has been experiencing the same thing. Almost every northern state has been carrying on investigations of the grouse industry and grouse diseases, but to date no one factor has been proved to be the cause of these periodic decreases of the birds.

In different localities conditions are not necessarily the same at the same time, as shown by the variance between the conditions in the upper and lower peninsulas of Michigan. It is possible that the birds in the upper peninsula in another year or two will again be abundant.

Several of these "lulls" of grouse have occurred in the past through the grouse states.

Mich. Bldg. & Loan To Hold Convention October 15 16 17

A program listing not only the national president, Ernest A. Bilde, of Boston, but six other national officers and directors has been prepared for the convention of the Michigan Building & Loan League, to be held at Jackson, Oct. 15, 16, and 17. The program is being arranged by Irving B. Rich, secretary of the state organization.

It is expected that more than 200 men and women engaged in the building and loan business will attend the banquet, to be held the second evening, and at which Mr. Bilde will speak on the subject, "The National Point of View. This affair will be the outstanding event of the convention.

Other speakers of the three-day program will be R. Hothy Myers of Los Angeles, first vice president of the National League, whose topic will be "Loan Values"; Carl J. Weber of Fort Wayne, president of the Indiana League, who will speak on "Monkeys Wrenches"; W. P. Seigist, Philadelphia, who will speak on "Security Before Liquidity"; William K. Benton, New York, whose topic will be "Foreclosures"; C. Clinton James, Washington, who will speak on "Liquidation and Speculation"; Paul H. Egan, assistant national president of Michigan; and Arthur H. Prater of Downstate.

Other United States league officers and directors who will be present are: W. E. Best, Pittsburgh, second vice president; W. B. Whitlock, Springfield, Ill., third vice president; H. Raymond Johnson, Reading, Mass.; William Farr of New Orleans, La.; and George E. McKinnis, Shawnee, Okla.

Sound Film Takes Bread from Mouths Theatre Musicians

Employment agents, nowadays often claim 60 per cent of the salaries of musicians and other artists, owing to the large number of those who are worthless that the sound films it was revealed at the seventh annual congress of the International Confederation of Intellectual Workers.

The congress agreed the replacement of all private employment agencies by official ones on the basis of the Washington convention, and also decided to request the International Labor Office at Geneva to organize a referendum among musical societies for the purpose of discovering the number of members.

Other subjects discussed by the congress were the influence of compulsory insurance, which is to be paid by the employer in all industrial workers, the protection of authors' copyrights, including the mechanical reproduction by radio, guarding the rights of inventors.

The conference, which has a membership of 1,300,000 sent representatives to the congress from France, Germany, Great Britain, Czechoslovakia, Finland, Poland, Denmark, Austria, Rumania, Cuba and the Netherlands, Nili Mannio, Minister of Labor in Finland, occupied the chair.

Then They Laughed Again. "Are you laughing at me?" demanded the irate professor of his class. "No," came the answer in chorus. "Well," insisted the professor, "what else is there in the room to laugh at?"

A MAN WHO CAN

O. LAWRENCE
HAWTHORNE

Let me be known as a man who can—
As a man who is eager to try!
I may not finish what I began,
But the spirit of do-it-or-die
Will take me far in whatever game,
I chance to play in pursuit of fame.

Let me be ready for any test,
Any problem that duty shall bring,
I may not win, though I do my best,
But defeat has a less bitter sting.
For him who knows that men do succeed
Whose hearts are true to a noble creed.

Let me be willing to fight my way
To the goal I have chosen to gain.
The path may prove to be hard each day
And my efforts may seem all in vain,
But I shall know what it means to feel
The ceaseless urge of a great ideal.

Let me so live that the world will see
In the record I'm leaving behind,
No sign of fear or despondency,
But high courage of heart and of mind,
Consistent with a progressive plan,
Let me be known as a man who can!

WHAT EDITORS SAY OF TELEPHONE

Consider the telephone phone man, who builds the lines that connect town to town, the line from the central office to your home; who installs the telephone or works on the big cables, splicing together the myriad wires; who keeps the instruments and switchboards in repair and maintains the service. He is an outstanding example of the man who is proud of his job—a true artisan. —Michigan Manufacturers and Financial Record.

Telephone company Courtesy in papers insist that Big Business subscribers shall be treated with courtesy and their employees are trained with that object in view. "Bottleness" is becoming more and more a business asset and nowhere is it more helpful in keeping the wheels of commerce running smoothly than in the telephone service. Officials of the companies state that on the whole the public is polite, too, and the rough exceptions stand out conspicuously. —Philadelphia (Pa.) Record.

SPECIAL OPERATORS TO HANDLE POLYGLOT CALLS

In a cosmopolitan city like Chicago, where so many different languages besides English are spoken, it has been found necessary by the Commonwealth Edison Company to employ among the fifty-two telephone operators for their private branch exchange switchboard girls who speak other languages. Among these operators there are girls who speak seven languages besides English. Two of them speak German, two Polish, one Yiddish, one Norwegian, one Swedish, one French and one Italian. It is said that hardly a day passes but what some of these girls are called upon to make use of their linguistic ability.

Successful radio-telephone communication was established recently between Paris and Batavia (Java), a distance of about 6,200 miles.

Valuable Package.

"Tommy, can you tell me one of the uses of cowhide?"
"Er, yes sir. It keeps the cow together."

Successful Men Quote Favorite Chapters of Bible

A striking illustration of the part played by the Bible in the lives of successful men and women is found in a series of favorite passages of seventy celebrities recently compiled by the Bible Guild.

Few of them, if any, seem to have been satisfied with a particular verse that came to mind. Instead, they quote passages reflecting their profession, their philosophy or their personality.

A former prize-fighter quotes: "He that ruleth his spirit is better than he that taketh a city." A famous novelist refers to the majestic beauty of the Book of Job. A juvenile court judge, it delivered the word that tried, and

the fatherless, and him that had none to help him." A surgeon who has saved hundreds of lives: "Yea, though I walk through the valley of the shadow of death, I will fear no evil."

The twenty-third psalm appears to be the most general favorite, while the sermon on the Mount furnished more individual verses quoted by these men and women. Many find in the Gospel according to St. John the passages that mean most to them. But outside of these, choice is highly individual. Many verses learned in childhood or early youth are quoted from memory.

We wonder whether boys and girls who are setting out blithely today on the road to success, who recognize Henry Ford and Amelia Earhart and Booth Tarkenton as persons who have attained success, know their Bibles as well enough to pick out a favorite verse and shape their lives to it.

Honest Values

that assure DEPENDABLE
TRANSPORTATION!

The Chevrolet Red "O.K. That Counts" Tag Protects Your Used Car Purchase.

Every reconditioned car we offer for sale is identified by means of the Chevrolet red "O.K. that Counts" tag. This tag is the purchaser's assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thoroughly reconditioned—and that the price is based on the car's actual ability to render service.

Due to the overwhelming popularity of the new Chevrolet Six, we have on hand at this time an unusually large group of these "O.K." cars. Come in! You are certain to find the car you want—at a price that will save you money. Make a small down payment and drive your car away!

Disabled Vets Getting Poppies Ready for Sale

In all the government hospitals the disabled veterans have been busy assembling poppies for the national poppy day sale. In almost every city and town in the country the women of the American Legion auxiliary will sell these poppies on the Saturday before Memorial day, and the proceeds will be expended in direct relief to disabled veterans.

Manufacturer of Airplanes Designs Baby Automobile

The "Baby" automobile, invented by James V. Martin of the Mar-

tin Aeroplane Factory, Garden City, L. I., is attracting widespread interest in New York because of its diminutive size and unusual features of its design. Mr. Martin estimates that production of 2000 a day would enable him to sell them at a retail price of \$200 each.

The "Baby" car is not a scaled down model of a larger automobile but gains its simplicity through application of airplane design. The unique features of my patent," he said, "are the absence of chassis and axles and the attachment of the wheels directly to the body by rubber aviator cord, like

airplane wheels. This dispenses entirely with the conventional springs and is known as independent springing. Each wheel takes its own bumps without transmitting the shock to the body.

The tiny motorcar has only four constructional units. The first is the body which has a reinforced lower portion that takes the place of the chassis frame. The wheels form the second unit. Each is attached to the body by a separate bracket which has a slot that permits it to move up and down independently. The third unit is the power plant including a starter, and is fastened to the body with four bolts. The air-cooled engine is similar to that in conventional automobiles but much smaller, with a piston displacement of 35 cubic inches compared with 201 cubic inches for a Ford engine. The fourth unit is the conventional steering gear.

The connection between the motor and the wheels is by a short drive shaft which runs back directly from the transmission to a housing containing the worm drive and differential. This is mounted at a point between the two rear wheels as in the ordinary car, but it is fastened directly to the body instead of floating on the springs.

From this housing two short shafts on universal joints run out from either side to the rear wheels where they are connected by an other set of universal joints. Thus the unsprung weight is cut down to a minimum which accounts for the easy riding of the car, despite its small size and weight.

Red Crown Ethyl

A SENSATIONAL GASOLINE!

NEW
RED CROWN
ETHYL

A GASOLINE that will make your car start easier, that is more volatile—of added anti-knock value—racy—brilliant—modern—sensational because of the performance it gives!

Try it! Note the sparkle! Life! Speed! Dash! Easy power! Perfect obedience!

New Red Crown Ethyl makes a car amazingly easy to drive for it gives the engine a tremendous surplus of power and surplus of speed—more than you dare to use!

Brilliant performance is easy for any car—old or new—if it is fueled with New Red Crown Ethyl!

Riding in a car fueled with New Red Crown Ethyl—driving a car fueled with New Red Crown Ethyl—are delightfully easy too! Try this sensational new motor fuel today!

The Old Timer's Corner

Pleasures and Pastimes of Young Folks Back in the 60's Described

In Buchanan during the 1860's sleigh-riding was the merriest, most exhilarating pleasure and pastime of the young folks. One phase was an oyster supper with friends in the country. A driver, one or two cans of oysters, two or more pounds of crackers was the equipment. It was an inexpensive and hilarious mingling of the boys and girls of those lean years of money and mirth. Other things, sad or sorry, were absorbed in the sleighbell chorus. Except when the bobsleds disputed tilted to the roadway with a skunk, with all that implies. Who, if any, remembers such an incident, opposite the maple grove south of the M. C. R. station? Even the beautiful woods have skunked!

*Expense counted several points then, in Buchanan's work-a-day world. Gifts of flowers, candy, books, and dinners from young men to girls were entirely unknown.

Sallie Logan, who afterwards became Mrs. Kennedy, and I once gave two young men callers very handsome sheaves of roses. The next day we saw the wilted flowers floating in a roadside ditch. They were tied with ribbons too, at war-time prices! The young men were fine citizens but it was not an era of refinement in Berrien county in those days. It was a work-a-day community of good people making life easier for the coming generations. Coffee was the soothing stimulant and table delicacy. It was 90 cents a pound

at the time—"when ma browned her own and pounded it up and drank from the saucer and not the cup" in the old fashioned way. Who now remembers the cup plates for the dripping teacups or the security of coffee mugs?

Drastic economy was practiced in those strenuous war distracted years. Kerosene oil was 90 cents a gallon. This assertion became very shop worn as used by daring youths who attempted to turn lamp light into twilight. When summer came most recreations were over, no baseball, no tennis, no clubbing. Occasionally there was a picnic and a few bowery dances when the soldiers of the Civil war came home on furlough. No respectable women in those days sat at a table and played cards.

The soldier's solace in camp, however, later became an accepted diversion of society in Michigan. Times changed—even to having teachers of bridge and tango in the 1920's. In the Puritan days my grandmother broke her jewelry to pieces between two stones—"lest it tempt some other poor soul to sinful pride"—as they read after she died in an aged diary. Really, I beg pardon, I did not intend to go as far back as the 1700's. In the still, dark watches of the night, remembrances come rushing to me like a battalion of soldiers on double quick. When daylight comes "they fold their tents like the Arabs and silently steal away."

Good day and not good-bye.
Esther Montague Winch,
1903 Taylor St.,
Amarillo, Tex.

has been ill for some time, spent last week with his daughter, Mrs. Herbert Raase and Sunday Tom Huntley and family of Hanna, spent Sunday in the Raase home and the elder Mr. Huntley returned home with them.

Ray Norris has not been feeling so well this week.

Mr. and Mrs. Chas. Ballard of Michigan City, Mr. and Mrs. Elmer Hall, and Mr. and Mrs. Tim Powell and mother, Buchanan, were Sunday guests in the Ed. Phillips home.

Mr. and Mrs. Gene Sprague and daughter Marjory, spent Sunday in the home of Mr. and Mrs. Chas. Schwandt of Three Oaks.

Last Sunday was a red letter day for Mrs. Lovina Hollister, who is at the home of her daughter, Mrs. Wm. Laker of Homer. Mrs. Hollister will pass her 80th milestone this week. Her children, grandchildren and one great grand child met at Homer to make merry with her. Frank Hollister of South Bend and children, Florence, his wife, was sick and could not be present, and Mr. and Mrs. John Clark of this vicinity. Ray, Frank and their wives, John and brother, Ralph, and Mr. and

Mrs. Paul Smith, Olive Branch and Mr. and Mrs. B. Sherman and son of Jackson, were present. A lovely dinner was all that could be desired and everything passed so pleasantly. We all wish Mrs. Hollister many more happy birthdays.

THE AGRICULTURAL SITUATION

Why has the farmer been losing money for the last ten years? This is the ever present question. You, too, have asked it. Overproduction seems to be the answer. Let us analyze this answer further. What kind of overproduction have we had? To make a long story short it has been overproduction in a frenzied haste, which was guided by the dollar it failed to return, it was overproduction of an inferior type of product, too many grade "B" potatoes and too many "scrub" culls. How can we hope to remedy our situation as long as the world is willing to pay a higher price for a superior product? The poor man buys the poor quality goods and he quite often establishes the market price. Let us combine to remove this source of evil, the weakness is apparently in our own chain.

Might serve it with a Summertime. A salesman sold an elderly neighbor farmer a tractor. Some time

after the machine was delivered, the salesman called on his customer for pay.

"Can you pay me for that tractor, Uncle Jim?" he asked.

"Pay fo' de tractor?" he asked in astonishment. "Why, man, yo done tole me dat in free weeks de tractor would pay fo' himself."

News around New Troy

Thirty-six members of the Trojan Club and several guests attended the chicken dinner at the Carnegie hotel Friday afternoon. The room and the dining room were very beautiful with their decorations of dahlias which were a present from the Keith Bros. Nursery at Sawyer. The place cards were presented by Mrs. Viera Pardee, one of the officers. They were very pretty and emphasized the club colors. At the close of the dinner, toasts were given in answer to roll call by the secretary, Mrs. Nelson. Speeches were made by Mrs. Boyd, who was president for eight years, also by Mrs. Bihlmire, president for two years and by Mrs. Keith, our president. They were all very interesting. Seven new members were present, Mrs. Brodbeck re-instated, Mrs. Goodhillme and Mrs. Rokley. Many thanks were given the hostesses, also the committee, Mrs. E. Zurfley, chairman, for the enjoyment of the dinner and the afternoon. The next meeting will be held Oct. 25.

Mrs. J. R. Wood and family returned from Chicago to her home here Saturday.

Mr. Service of St. Joseph, was a visitor at the Brethren Sunday school Sunday with his treat of candy.

Mr. and Mrs. E. Zurfley are entertaining the former's mother of Ohio, for a few weeks.

Mrs. Chas. Sowers, of Buickman, was a guest of the Trojan Women's Club at the dinner Friday afternoon.

The Weesaw Township Sunday School convention was held in the Brethren church Sunday afternoon, Oct. 13, and a very interesting and profitable time was spent. The music by the combined orchestra was delightful. Ervin Pierson was the conductor. The song service led by Ralph Sowers, and accompanied by the orchestra was very much enjoyed by the large congregation assembled. A quartet from Glendora gave several selections which greatly added to the enjoyment. Address, "Relationship of the Sunday School to the Pastor," was given by Rev. Harmon O. Johnson, Benton Harbor, at the close of which the offering was taken and a business session followed.

Mr. and Mrs. Keefer entertained a house full of relatives and friends Sunday.

Mr. and Mrs. Paul Brodbeck entertained at dinner Sunday a brother and wife, Mr. and Mrs. George Taylor of Benton Harbor, a sister, Mrs. Burton Burgoyne, and mother, Mrs. Mary Taylor of Berrien Springs.

Mr. and Mrs. Ed. Brodbeck were Sunday dinner guests at the Clarence Renbarger home in Niles.

Miss Lydia Rood of Galien, attended the M. E. services here on Sunday morning.

Mrs. Mary Ashman has gone to visit in Chicago for a short time with her son, Louis and family.

Word was received from Ann Arbor Monday that the infant child of Mr. and Mrs. Clyde Ferry which was taken to the hospital there Thursday, was in a very serious condition.

Frank Barnhart of Niles, spent some time with his uncle, Ed. Barnhart, Tuesday afternoon at their home.

Mr. and Mrs. H. O. Piper returned from Chicago Friday evening.

Mrs. Flora Addison entertained Mr. and Mrs. James Smith and children and Mr. and Mrs. Roy Addison and family of Chicago at dinner Sunday. Mrs. Roy Addison, nee Gertrude Grimes, was a teacher several years ago in our school here. She has been in poor health for some time but is improving.

Rev. and Mrs. Conklin are expected to return from the northern part of the state this week. Miss G. Roberts of Galien, had charge of the services here during the absence of the pastor Sunday morning.

Miss Edna Maxim returned from Reed City where she has been visiting her parents, Mr. and Mrs. F. L. Maxim, Monday.

Mr. and Mrs. Sol McKee and Mrs. Flora Addison spent Tuesday at Niles and St. Joseph.

Mrs. R. J. Wood and family have gone to Chicago to spend some time with her mother.

Miss Elinor Lewin called at the Barnhart home Tuesday afternoon.

H. O. Piper went to Chicago on Tuesday evening for a short visit. Shirley English spent the week end with her parents, Mr. and Mrs. A. E. English.

Olive Branch

Mr. and Mrs. Harry Briney of Niles, spent Sunday in the Joe Fulton home.

Floyd Williams and family of Niles spent from Thursday till Saturday in the Harry Williams home.

Ralph Goodenough and family spent Sunday in the Dell Smith home.

Mr. and Mrs. Arthur Smool of South Bend, spent Friday afternoon in the Chas. Smith home.

Mr. and Mrs. Gene Sprague were visitors Friday in the Frank Sprague home near Dowagiac.

Mr. and Mrs. Vivien Ingles were in South Bend Monday.

Henry Ingles came home Friday evening from his school at Kalamazoo for the week end.

John Dickey was in Michigan City last Friday.

Kenneth Bowker and family, of South Bend and Foster Bowker and family of Galien, were Sunday visitors in the Mike Bowker home.

Mrs. H. D. Ingles and Mrs. Vivien Ingles and son were in South Bend Wednesday.

Nola VanTilburg was home from Kalamazoo for the week end.

Vivien Ingles has been working for some time near Glendora.

Jack Mulligan of Wisconsin, spent the last week as a guest in the Niles James home.

Foster Bowker visited his uncle, Frank Mutchler, who is ill, last Friday.

Mr. and Mrs. Lee Hinman and

family spent Sunday evening in the Joe Fulton home.

Mrs. H. D. Ingles and grandson, Sylvester, and Mrs. Grace Kuhl, were in Three Oaks Monday.

Mr. and Mrs. Albert Dickey of South Bend, were in Michigan City on Sunday to consult Dr. Frank Warren and were dinner guests in the John Dickey home.

Mrs. Gladys Catherman of South Bend, spent Sunday with her parents, Dell Smith and wife.

The stork left a daughter in the home of Mr. and Mrs. Hiram Bradley Sunday evening.

Mr. and Mrs. Herbert Goodenough entertained at a party in their home Saturday evening.

Mr. and Mrs. Chris Andrews and son, Bob, were Sunday guests in the Oliver Barnhart home, in Buchanan.

Miss Thelma Norris will make her home in the Dell Roberts home in Galien this winter and go to school.

Mrs. John Seymour was in Chicago shopping last week.

Mr. and Mrs. Archie Abrams of Kalamazoo, and Mrs. Wolf, were visitors in the Firmon Nye home Monday afternoon.

Mr. and Mrs. Otto Smith and son, who were guests in the Dell Smith home left for their home in Charlevoix this week.

A number of relatives met in the Dell Smith home Friday evening to bid them goodbye.

Col. John Seymour was called to Chicago Monday on business.

Mr. and Mrs. Lyle Nye were in South Bend on business Monday.

John Huntsley of Hanna, who

You're out-of-date without an Eight!

Informed motorists say, "Buy an EIGHT"

The informed demand today is unmistakably for the Eight. The swing of public preference is developing with unprecedented rapidity. Nobody can predict what chance a Six will have in next year's used car markets.

Consider the facts: During the first seven months of this year, in 43 states,* registrations of new cars over \$1000 showed a 94 per cent increase in Eights—and an 18 per cent decrease in Sixes. Every high-priced American car is an Eight. The finest models of such foreign aristocrats as Bugatti, Bianchi, DeDion-Bouton, Isotta-Fraschini, Mercedes-Benz and Renault are Eights. Today over 41 per cent of all American makes of cars are Eights.

And Studebaker, enjoying its seventy-seventh successful year in business, sells more Eights than any other manufacturer in the world.

So why pay as much or more for a Six when you can have a champion Eight by Studebaker—holder of 11 world records and more American stock car records for speed and endurance than all other makes combined? A Studebaker Eight, brilliant with the power, the smoothness, the flexibility that only an Eight can deliver. An Eight as economical as the thriftiest Six. And styled with a notable smartness all the way through.

Remember what happened to the Fours in the medium and high priced fields. Sixes today are succumbing to Eights the same way. Now that it costs no more to own and drive one—get an Eight—a champion Studebaker Eight!

* 5 states do not compile registrations by engine types
