AUTO BANDIT ESCAPES IN 8-MILE CHASE

Abandons Car and Steals Another One at Gallien.

DUNBAR IN PURSUIT Steals Buick from Austin Dodds; Leaves it at New Carlisle.

A manhunt, as thrilling while it lasted as the exploits of the Royal Mounted Police, even if it did end in failure on the part of the pursuers to "get their man," was staged Wednesday night between Buchanan and Gallien on M-60 by Deputy Sheriff Clarence Dunbar and Enos Schram, the pursued being an automobile thief as yet unknown.

While Schram was at the Sinclair station on East Front Street about 7:45 p. m. Wednesday, a telephone call came in from the Sinclair station at Niles, stating that a man driving a Packard Sport sedan had just left there bound west without paying for 15 gallons of gasoline.

Schram located Deputy Sheriff Dunbar at the latter stationed himself at the corner of Front and Portage Street to await the arrival of the Packard. In a few minutes it was seen coming down the Niles hill, and Dunbar stationed himself directly in its path, signaling it to stop.

A few Seek-no-further trees are bearing on the John Kinney farm and one tree stands on the Dean Clark farm. Three old standard favorites have withstood the invasion of the new commercial varieties, the Northern Spies, the Baldwins, and the Thompkin County Kings.

These Questions To Be Answered By Hist. Pageant

Do You Know: What tribes of Indians used to live in Berrien County? What explorers covered the land along the St. Joe? The name of the first settler? The date on which the first cabin was built? That the first mill built in the vicinity was a shingle mill, on McCoy's creek? The name of the first teacher? The kind of building in which she taught? The names of the first officials of Berrien County? The first factory of any sort to locate in Buchanan? The names of the first merchant, doctor, minister and banker in Buchanan? When and where H. P. Binns began his business? What part this territory played in the Civil War? That these questions will be answered accurately by the fifth grades in the high school auditorium? That the date is Friday, Dec. 13, at 8 o'clock? That the admission is only 20 and 35c? That the proceeds will buy books and other much needed educational material? That a full house would be very pleasing to us? That the evening's performance will be pleasing to you?

Clarence Coleman Buys Lauver Share In Filling Station

The Independent Filling Station at the corner of Main and Dewey, changed management last week, passing from Lauver & Son, to the firm of Babcock & Coleman, with the purchase of the Lauver interest by Clarence Coleman. Charles Babcock had been interested in the firm for some time. Lauver plans to leave this week for Texas, where he will arrange to establish his home, returning later for his family.

JOANNA ALLEN DIES NOV. 26 ILL 11 WEEKS

Born at Niles—Was Life-Long Resident of Berrien Co.

Mrs. Johanna H. Allen, 72, died at the home of her daughter, Mrs. Charles F. Boyle, 305 West Front Street, Tuesday, Nov. 26, following an illness of 11 weeks.

Mrs. Allen had been a life-long resident of Berrien county, having been born at Niles, July 14, 1857, the daughter of Jeremiah and Mary Hastings Donnelly. When she was 10 years old her parents moved to a farm west of Buchanan. She was married Jan. 9, 1878 to Arthur H. Allen, who preceded her in death Dec. 25, 1887. There were born to this union three children, Mrs. Mary Elizabeth Boyle, Clarence Ralph Allen, and Blanche Lois, who died in infancy. After her husband's death she remained on the farm, managing the business until Ralph Allen was married, when he took charge and she moved to Buchanan, where she lived until her death. She had established a home at 106 North Detroit Street, where she lived until she was taken ill 11 weeks ago. She went to Rochester, Minn., undergoing an operation which failed to bring relief and returned to the home of her daughter here, to remain until she died.

In addition to the children mentioned above she is survived by one sister, Mrs. Edward Quillen of Santa Marie, Calif., by three grandchildren, three nieces and two nephews. The funeral was held from the Charles F. Boyle home at 2 p. m. Friday, Rev. Thomas Rice preaching the sermon and burial was made in the Oak Ridge cemetery.

Thaning Pin Team Drops Contest to Mishawaka Quintet

The Thaning Tire pin team, motored to Mishawaka Tuesday evening where they rolled against the Motor Rebuilt Parts team, losing by a margin of 14 pins, the score being 2486 to 2473 in favor of their hosts. Since the Thaning team had defeated the Mishawaka five here, it will be necessary to play off the tie. The captains of the teams flipped a coin to determine the location of the rubber game, Mishawaka winning the flip.

Commission Holds Uneventful Meet Monday Evening

The city commission held its regular December meeting Monday evening, the session being given over to routine matters, with no actions of importance. The bid of \$100 submitted by W. J. Miller for the construction of five cross-walks on Third Street turn up by the sewer contractor was accepted. A petition signed by 122 local gas users requesting a return to the franchise rate was received and the clerk was instructed to notify the Michigan Gas Company of its receipt.

Aritha Patterson Dies Tuesday; Had Lived Here 45 Yrs.

Mrs. Aritha Patterson, 81, died at her home at 113 South Portage Street Tuesday evening, Dec. 3, and the funeral is scheduled to take place at 2 p. m. Friday from the Child's Chapel, with Rev. W. D. Hayes in charge. She was born in Sandusky county, Ohio, Nov. 5, 1848, the daughter of William and Margaret McGowan. At the age of eight years she moved with her parents to Marshall Co., Ind., where she grew to young womanhood. She then went to Freeman, Ind., to work, and there met and married James Patterson. They came to Buchanan to make their home about 45 years ago. Her husband died here March 13, 1929. She is survived by a brother, L. D. McGowan, and by an only son, Charles Patterson, Niles, returned to her home here Sunday.

CALL ISSUED FOR HELP IN POOR RELIEF

The United Charities Wants Money, Food and Clothing.

NEED IS URGENT Buchanan State Bank is Headquarters for the Contributions.

Buchanan citizens who wish to demonstrate their charitable proclivities are assured of a worthy channel, the local United Charities organization, through which their donations may be handled with a maximum of effectiveness, and through which they will relieve an unusual amount of need incident to the current industrial depression.

The Associated Charities is in close touch with needs as the result of years of experience with local conditions. The headquarters for donations of clothes, food and other necessities is the Buchanan State Bank. A room is maintained at the bank where all donations are stored, and they are distributed only through an attendant to certified cases of need. Clothes of all descriptions, both for adults and juveniles, will be most acceptable. Cash donations may be made to the United Charities, either through the Buchanan State Bank, Mrs. Herbert Roe or Mrs. John Frydell.

MICH. P. T. A. TO CO-OPERATE WITH U. M. IN LECTURES

FIVE MEETINGS TO BE HELD AT BENTON HARBOR JAN. 6-FEB. 3

The Michigan Congress of Parents and Teachers, several of the small colleges in Michigan, and the Extension Division of the University of Michigan are cooperation in a program of parental education next semester in Benton Harbor, Albion, Traverse City and Mount Pleasant.

This marks the first attempt made by the Extension Division of the University and the Parent Teacher's Association of Michigan to embark upon a more or less ambitious scheme by which the parents of the state may be educated regarding their children. Five meetings are being held in each one of the four centers and we have obtained competent experts to deliver each one of the lectures. These will be followed in each case by questions and discussions regarding the topic in hand.

The meetings will be held in Benton Harbor on Jan. 6-13-20-27 and Feb. 3. It is to be hoped that as many as possible avail themselves of the series, as the response will determine whether or not the series will be repeated another year. Speakers and their topics will be as follows:

- 1. The family as a social group and the young child.
2. The emotional relations of the child and the home.
3. The child's routine.
4. The child's information about the home.
5. The distinction between commanding and requesting.
6. Commandments for young children.
7. Courtesy for children.
8. Courtesy towards the child.
9. The child in the beginning.
10. The adult in comparison.
11. The process of change.
12. Value of obedience.
13. Obedience is for the purpose of accomplishing some end.
14. Personal integrity as the goal.
15. The child in the beginning.
16. The adult in comparison.
17. The process of change.
18. Value of obedience.
19. Obedience is for the purpose of accomplishing some end.
20. Personal integrity as the goal.

FELLOWSHIP CLUB ENJOYS LADIES NIGHT

William Murdoch of Emmanuel Missionary College is Speaker.

ON NATIONAL TRAILS Miss Nance Murdoch Gives Two Scotch Dialect Readings.

Members of the Men's Fellowship Club and their ladies met at the Methodist Church last night for a banquet and a very interesting address by William Murdoch, instructor and student in Emmanuel Missionary College of Berrien Springs, his theme being a comparison of traits of the races of the United Kingdom, comprising the English, Scotch, Irish and Welsh.

This is the second address given before the club by Murdoch, and it was greatly enjoyed. He is recently from Scotland for the purpose of special study at the Berrien Springs institution. He was accompanied by his sister, Miss Nance Murdoch, who gave two readings in Scotch dialect, entitled, "She Liked Him Raal Weel" and "Young Lochinvar." Miss Velma Eagley gave two very good saxophone solos and Messrs. Lentz and Starr rounded out the entertainment of the evening with two of their justly famous piano and mouth harp duets.

D. L. Boardman as chairman of the committee appointed to draft a constitution read the document prepared, which was adopted by the meeting. President E. H. Ormiston appointed as a permanent program committee the following: T. D. Childs, chairman; Clarence Jalving, Arthur Mann, W. C. Hayes, Glenn Haslett, D. L. Boardman. The kitchen committee for the next meeting was also named as follows: George Rogers, Harold Stark, Noah Reeler and Will Leiter.

James and Dorothy Ward Have Narrow Escape in Crash

James H. Ward arrived home Sunday from Lincoln, Neb., where he had gone last week in company with Mrs. Ward on receipt of tidings that their son and daughter, James and Dorothy, had been injured in an automobile wreck. The two young people were enroute from Lincoln, where they have been making their home to Omaha, in a friend's car, to see a theatrical performance, when a man driving one car and towing another suddenly dashed into their path from the side road, having failed to stop on approaching a highway. The driver of the car young Ward and his sister were in was killed outright. Miss Ward incurred a facial cut that required six stitches and several minor bruises. James Ward, Jr., escaped with only two small cuts on his hands and bruises. Mrs. Ward arrived home Monday in company with her daughter, who will visit a while at her home here.

One-Eyed Road Hgg. Hits Auto Driven By Lester VanHalst

Lester VanHalst had the misfortune to be struck by a "road hog" while returning from Kalamazoo, Wednesday evening with his cousins, the Misses Irma and Fern Rollings, to spend Thanksgiving Day here. VanHalst was driving his mother's car, between Dowagiac and Decatur a car with only one light approached, driving on the wrong side of the highway. VanHalst was unable to avoid collision the other vehicle striking the left front wheel, ripping a tire, bending the fender and breaking the running board. None of the occupants of the car were hurt.

Harry Stevens Weds... Berrien Springs Lady... South Bend Nov. 22

Harry D. Stevens, manager of the Gaffill Oil Station, married Mrs. Rose Burgoyne of Berrien Springs Tuesday of last week, the marriage taking place at the parsonage of the First Christian Church of South Bend, Rev. Elmer Ward Cole, pastor, officiating. Witnesses were Mr. and Mrs. Floyd Stevens of Niles. After the ceremony they went to their home in Buchanan, where thirty of their relatives and friends gathered to wish them well. The happy couple then left for Whiting, Ind., to spend Thanksgiving with relatives. The hand-embroidered table cover made by Mrs. H. R. Adams for the benefit of the St. Anthony's church brought \$40. J. K. Flaherty of Evanston received the table cover.

CHURCH ANNOUNCEMENTS

Methodist Episcopal Church Christmas will mean more to you if you attend the services of the church between now and Christmas. Our services begin this Sunday with Sunday School at 10 o'clock under the leadership of Mr. Ormiston.

Morning worship at 11 o'clock. Sermon subject, "Preparing for Christmas." There will be special and appropriate music for this season of the year.

Epworth League at 5 o'clock. We had another fine meeting under the leadership of Claudia Young. This hour gives the young people a splendid opportunity for self-development and self-expression. Come.

Evening service at 7 o'clock. In spite of the cold, stormy day last Sunday there was a splendid attendance at the services. We appreciate such loyalty to God and His cause. "Light" will be the subject for consideration this Sunday night. For those who wish there will be a souvenir for you as a remembrance and keepsake of this service. It will be a copy of Holman Hunt's famous picture, "The Light of the World." Young people and children will be most welcome to one of these pictures. We feel sure they will appreciate them as much as anyone. Bring the whole family to this service. We close promptly at 8 o'clock.

Mid-week service Thursday at 7:30.

The church bazaar will be held this Friday night. This is considered quite an annual attraction so do not miss it. There will be a chicken supper served Friday and meals Saturday.

A Christmas pageant entitled, "The Nativity" will be presented by the young people of the League under the direction of Mrs. Rosalie M. Rice and will be given Sunday night preceding Christmas. It is a very impressive dramatization of the Christmas story and you will be well repaid by coming.

There will be an official board meeting this Monday at 7:30. All members and friends of the church are welcome.

The beautiful bouquet at the altar of the church Sunday was given by Mrs. Trainor in memory of her husband, who passed away a year ago Sunday. This is a wonderful way to remember loved ones who have left us. As a church we appreciated it very much.

Services at Oronoko will begin with morning worship at 9 o'clock. Sermon subject: "Preparing for Christmas." Mrs. Rice will give a vocal solo at this service. Sunday School at 10 o'clock.

Christian Science Church Sunday school at 9:45 a. m. Sunday service at 11 a. m. Subject, "God, the Only Cause and Creator." Wednesday evening meeting at 7:45.

Reading room is at the church and is open every Wednesday afternoon from 2 till 4.

Church of Christ Bible School and preaching service at 10 a. m. Bible study: Helping Neighbors in Need. Text, Matt. 25:31-46. Sermon subject, "The Church at Smyrna." The Endeavor Societies meet at 6 p. m. Topic, "What is Back of our Christmas Giving?" All young people of Buchanan and vicinity are invited to attend and join the society.

Scout troop No. 42 will meet on Tuesday at 7:15 p. m. All scouts are urged to be present. There will be a Court of Honor Friday night.

Mid-week services every Thursday at 7:30 o'clock. Devotionals

will be conducted by the pastor. We will continue our study of "The Church at Mill Town". The ladies of the church will conduct a bazaar of the church on Dec. 13 and 14.

The regular monthly meeting of the Missionary Society will be held at the home of Mrs. John Luke on Lake Street Friday afternoon, Dec. 6, at 2:30 o'clock. Sunday evening preaching service at 7 o'clock. Subject, "The Way."

A cordial invitation is extended to all to join us in any and all of the services of the church.

J. L. Griffith, Pastor.

Evangelical Church Sunday school at 10 a. m. Sermon, "The Second Mile," 11 Leagues, 6 p. m. Evangelistic services 7 p. m.

There will be a meeting for women only at 2:30 Sunday afternoon. All women are invited. The sermon will be entitled, "What Does God Require of Women?" Meetings are being conducted every night except Saturday, at 7:30. Mr. and Mrs. G. D. Reep of Green Springs, O., are with us, and they have charge of the music and singing. If you enjoy good music you will enjoy hearing them.

Mr. Reep is conducting meetings for children each afternoon right after school. We invite all children to these meetings, but we urge all children to go to their own Sunday School on Sunday. We want our meetings to help the other churches. If you are not attending elsewhere we want you to come with us.

The Bible says: "Prepare to meet thy God." Then it is absolutely necessary.

The public is cordially invited to these meetings.

W. D. Hayes, Pastor.

Redeemer Lutheran

Corner Front and Main, 2nd floor Dec. 8—Divine service at 2:30 p. m.

**1st insertion Oct. 24; last Dec. 2 STATE OF MICHIGAN, the Circuit Court for the County of Berrien, in Chancery.**

Charles Francis Heller, plaintiff, vs. The Federal Realty and its unknown heirs, devisees, legatees and assigns, defendants. Suit pending in the circuit court for the county of Berrien, in chancery, at the city of Saint Joseph in said county on the 16th day of September, 1929.

In this cause it appearing from the bill of complaint in the clerk's office, that certain of the defendants herein are not residents of the State of Michigan. On motion of Geo. H. Batchelor, plaintiff's attorney, it is ordered that the above named defendants cause their appearance to be herein within three months from the date of this order and in case of their appearance, that they cause their answer to the plaintiff's bill of complaint to be filed and a copy thereof to be served on plaintiff's attorney within fifteen days after suit pending in the circuit court for the county of Berrien, in chancery, at the city of Saint Joseph in said county, and that publication be continued therein at least once in each week for six weeks in succession, or that the plaintiff cause a copy of this order to be personally served on said non-resident defendants at least twenty days before the time set for their appearance.

And it is further ordered, that within forty days, the plaintiff cause a copy of this order to be published in the Berrien County Record, a newspaper printed, published and circulating in said county, and that said publication be continued therein at least once in each week for six weeks in succession, or that the plaintiff cause a copy of this order to be personally served on said non-resident defendants at least twenty days before the time set for their appearance.

The bill of complaint herein, filed in the clerk's office, recites defects in plaintiff's title to lot number forty-four in high school addition to the village of Buchanan, Berrien County, Michigan.

Dated Sept. 16, 1929.  
CHARLES E. WHITE,  
Circuit Judge

Geo. H. Batchelor, plaintiff's attorney, Buchanan, Michigan.

**1st insertion Nov. 28; last Dec. 12 STATE OF MICHIGAN, the Probate Court for the County of Berrien.**

At a session of said court, held at the probate office in the city of St. Joseph in said county, on the 26th day of November, A. D. 1929. Present: Hon. William H. Andrews, Judge of Probate. In the matter of the estate of James Swank, deceased.

It appearing to the court that the time for presentation of the claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased and before said court.

It is ordered, That creditors of said deceased are required to present their claims to said court at said probate office on or before the 31st day of March, A. D. 1930, at ten o'clock in the forenoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said county.

**COOPER'S FIRST ALL-TALKER AT READY THEATRE**

He sang the mere fragments of a song in "Wolf Song" but his talking voice was never heard by picture audiences before. Until Paramount gave him the title role in the all-talking outdoor classic, "The Virginian," which comes to the Ready Theatre for 3 days beginning on Sunday next.

His name is Gary Cooper and he is probably the best screen type that could be found anywhere in the ranks of film actors for the part of the lean, lanky cow-puncher hero of this famous play from the novel of the same name by Owen Wister.

Cooper talks with a slow, mellow drawl in the picture. His mannerisms are those of the rugged rider. His acting is real and convincing. He actually lived as a range rider before he went to Hollywood to gain renown in pictures.

"The Virginian" was "shot" and "milked" in the picturesque cattle range country of Sonora, county, California.

**WOMEN'S MISSIONARY SOCIETY RYAN CHURCH TO ELECT DECEMBER 10**

## Bucks to Open Basketball Season Here Tonight

Local basketball enthusiasts will get their first glimpse of Coach Harold Bradford's 1929 basketball machine, when the "Bucks" clash with Berrien Springs at the local gym Thursday night. They will also get a chance to see how far the local quintet will go towards equaling last year's brilliant record.

The Berrien lads have not been so impressive in their games so far. They defeated New Troy, 20 to 9, and Eau Claire by a large margin, but neither of their opponents had much to offer in the way of competition.

Coach Bradford refused to name his starting lineup, hinting that he might start the reserves against the Berrien lads. Berrien's lineup is uncertain, as Coach Harvey has been shifting his men considerably.

## \$2,000 Scholarship Offered to Educate Orphan Amer. Boy

This scholarship is offered for the education of an American boy now 5 to 9 years of age. Applications will be accepted from Protestant (white) mothers under 40 years of age, who have been deprived of their husband's support and who have no other children.

The two chief requirements are (1) that the boy shall have mental ability above the average, and (2) that the mother shall submit a well-conceived paper of 250 to 500 words, acceptable to the Fund, on one of two subjects, suggested by the Fund, which pertain to a boy's education.

Further information and application blanks may be had upon request.

## GLEE CLUBS TO ENTER BRIDGMAN MUSIC FESTIVAL

WILL MEET IN COMPETITION WITH OTHER H. S. ORGANIZATIONS.

Both the Boys' and Girls' Glee Clubs and a few members of the orchestra will attend the music festival at Bridgman, Dec. 6.

A great deal of work has been done by members and instructors of the Glee Clubs and orchestra and this festival has long been anticipated.

Two buses and a few extra cars will take the participants to Bridgman at one o'clock. The afternoon will be spent in practice. This will be the first appearance of the Girls' Glee Club in their new outfits, which are very attractively made in white and red.

The program will begin at 7. There will be songs by mass choruses, mixed choruses, and separate Girls' and Boys' Glee Clubs.

### INQUIRING REPORTER

What did you do Thanksgiving vacation?  
Dorothea Eisele—I went to Galzburg. I'm surprised they didn't stop me when we went thru Kalamazoo. (We are too.)  
Mr. Ormiston—I jumped into my Lizzie and went to Albion Wednesday and Flint Thursday. (Calm down, Chevie, no digs intended.)  
Miss Shriver and Miss Niffenegger, hurriedly—We went home, that's all. (Sounds fishy.)  
H. Kean—I went shopping in South Bend. I bought a powder puff, a henky, and... (All of that.)  
Jane Habicht—Ate turkey and saw Santa Claus in Chicago.  
Mr. Stark—We entertained my mother and father and my wife's mother and father. They ate up all my turkey.  
Miss Rothenbach—I was in Lake Zurich with family. (How's the water?)  
Vivian Wissler—I went to Waverly all by myself. (Isn't that cute?)

## Editorial

The members of the faculty are justified in complaining when students come to classes, not only unprepared for recitations, but also lacking pencils, pens, books, and paper. To quote Mr. Hyink, "Coming to geometry class without paper and pencil is as ridiculous as going to the dinner table without a knife and fork."

### Soph. English Classes Study the Art of Debate

The two Sophomore English classes have been studying in debating the past week. Two debating teams were chosen from each class and it was agreed that the winner of the morning class should debate the winner of the afternoon class.

The first debate was Friday. The morning teams were composed of: negative, Robert Montgomery, Florence Franklin and Jane Habicht. Affirmative, Pauline VanEsvary, Nellie Hayes, and Phil Hanlin, while Teresa White, Elsie Paul and Thessel Mitchell, negative; and Merle Rouse, Zeldia Frank and Marjorie Sands, affirmative, composed the afternoon teams.

The question for debate was: "Resolved, That the proposed International Fixed Calendar of 13 equal months should be adopted." Arthur Anderson judged the morning debate, and Richard Zerbe, the afternoon.

The affirmative teams of both morning and afternoon classes were given the decision. They are to debate some time in the near future to decide the winner.

### SCHOOL SLANTS

The boys inter-class basketball is now beginning. This week's schedule is as follows: (1) Sophs and Juniors; (2) Juniors and Seniors; (3) Freshmen and Sophs.  
The Latin Club met Wednesday during class. Roll call was answered by giving a Latin word that sounded like an English word. The committee in charge was Marjorie Eltcher, Mommabelle Reese and Thessel Mitchell. They pinned the name of a famous Roman on the back of each pupil. Then he or she stood up in front of the class and asked questions concerning himself.  
Charlotte Arnold had an informal party Saturday night in honor of Jane Easton, who was her guest for the holidays. It was Jane's last visit to Buchanan for some time, as she expects to spend the remainder of the winter in Florida.  
Miss Shriver just couldn't take

the time to have each of her students tell her what they had for Thanksgiving dinner, so she had each one write a little story in Miss Rothenbach has worked up a unique way of grading her gym classes in tumbling, which they have been working on for some time. She has posted achievement charts which she marks as each girl does the required thing correctly. This keeps an accurate account and record and helps create enthusiasm.  
David Squires was visiting our school Monday afternoon.

We are entered this year in the county English Essentials contest. Mrs. Dunbar has been brushing her English classes up on the contents of the last test. Prizes will be awarded for the highest grade and for the most improvement shown in any school. Buchanan has a fine chance to score in the last.

Debaters are attending all the debates possible before entering into our next one and are getting some good helps for their trouble.

The Botany classes are working on parts of flowers. In their laboratory periods they draw and study their subject in a way that makes them very familiar with it. Cafeteria started with a bang Monday noon, the girls in charge having almost more than they could handle. A notice was passed to each class requesting the best behavior of everyone in cafeteria this winter.

The Manual training department is again going full force in their new building. It has many improvements over their old one, providing a modern, well equipped shop for the boys to work in.

Girls' interclass basketball practice begins Monday after school. A certain number of practices will be required for eligibility for the tournament later on. The teams will be picked by willingness for practice rather than by ability alone, as has been the case in the past.

The Home Economics Department have added a new sewing room to their equipment. Mrs. Walton's room has been made over into a sewing room. It was originally planned for that, as one side of the wall is lined with sewing lockers.

Some time ago Miss Shriver sent for some French correspondents' addresses. They have arrived and French 12 students are eagerly looking forward to their first letter from France.  
History 12 is studying the daily

## Debaters to Meet Centerville in Second Contest

The second debate of the season for the Buchanan High School will be held Dec. 6, with Centerville, at the latter place. Buchanan's team has undergone certain changes, which we hope will enable it to successfully meet its opponents.

The personnel for the team is quite undecided as yet. Marvin Gross and Maynard Post will fight it out for the first speech, while Arthur Anderson will probably fill the second speaker's place. Richard Zerbe will wind up the debate for Buchanan; insofar as he has had considerable experience along this line.

The defective delivery which took such a tremendous fall in the last debate, is rapidly being remedied. With our improved care and more sincere delivery, we hope to be able to take the Centerville team into camp. We have this to overcome, however, that is, Centerville has won its first debate. They have the negative which appears to be the favored side of the question.

If you want to hear a good debate be on hand at Centerville, Dec. 6, 1929.

### MUSICAL NOTES

The orchestra has an average of 25 members all the time. The band has grown from 23 to 38 in the last two or three months.

Special Glee Club practices are being held after school in preparation for the Bridgman festival Friday.

The band has announced its intention to go with the basketball team to every game, home and abroad. That's real school spirit. Wouldn't it be grand if every student would announce the same intention? O'ron, rooters, let's follow up the band.

The band and orchestra are preparing for a big mid-year concert and vaudeville.

### EARLY MORNING IN THE CITY

Through the dim, misty light the huge sky scrapers rise as giant shadows in the dark gray sky. The black smoke rolling from the smoke stacks muffled the gloom already upon the sleeping city. All was silent, except for an occasional clang from the distance, or the weird shriek of a car speeding on its way. A faint bluish radiated from the horizon.

The city stirred. And then, in one grand burst of triumphant glory, the sun rose in all its splendor and with it the city awoke.

## GOOD SAMARITAN GETS MEAN CRACK WITH AUTO CRANK

WATERVLIET MECHANIC STARTS CAR; IS 'KNOCKED COLD.'

John Franks, Watervliet automobile mechanic, was severely injured by a blow over the head with an automobile crank wielded by an unknown assailant whose car he had just started. Franks is an employee at the Nelson Bros. Garage in Watervliet. A call came to the garage Friday evening that a car was stalled a half mile north of that place. Franks found the car stalled beside the road, with a man and woman occupying it. He managed to get the motor started and then went to the door of the auto to speak to the owner. He was asked what the charge would be and set the bill at sev-

enty-five cents. Instead of paying the driver grabbed a crank lying on the floor of the car, striking him over the head. Franks fell unconscious by the road and the car sped away. He regained consciousness and managed to drive back to the garage. A call was placed at the sheriff's office and the entire force of county officers searched the north end of the county Saturday without avail.

## Mrs. Gates, Ex-Wife Visits Her Sons in Jail; Snubs Former Hubby

Mrs. Alberta Gates, former wife of William Gates, who is held at the county jail at St. Joseph with his two sons on charge of kidnaping 15-year-old Marguerite Berk, visited the two boys in jail Saturday, but refused to recognize her former spouse. She was accompanied by her daughter, Mrs. Beatrice Hottel of South Bend. Gates entered the cell where the two women were talking with

Richard and Howard Gates, but was ordered out by Mrs. Gates, whom he left many years ago. His daughter, Mrs. Hottel, talked with him a few minutes.

Floyd Pennell has sold his 40-acre farm near Pennellwood to Harry V. Smith of Galesburg, Ill., the latter to take possession Dec. 15. The latter will specialize in melons and poultry and plans to develop a modern poultry plant. Pennell formerly lived on the place, but rented it about a year ago and moved to Euchanan.

## Auto Fatalities in Mich. Increase 25 Per Cent in Yr.

A twenty-five per cent increase in the number of auto fatalities in the state during the first ten months of this year over the same period of 1928 is shown in a report of the state health department issued recently. Up to Nov. 1, traffic accidents had taken the lives of 1,245 victims while the toll for last year in the same period was 1,080. Of the deaths during the first 10 months this year, 1,147 occurred as the result of accidents in which only autos figured, 73 were the result of auto-train collisions and 20 occurred in auto-trolley crashes. The toll for the month of October was 166. If the 25 per cent increase was continued through November and is continued through December the year's traffic toll will be 1,580 and the fatality list during those two

Her grandfather was the late Joseph Leiter of Chicago.

months would be 295. Of this year's total accidents Wayne had 441; Genesee 54, Macomb 37, Oakland 74, and Ingham 37.

## BELL STATIONS IN CONNECTICUT TOTAL 300,000

Announcement Made on Fifty-first Anniversary of First Exchange Opened at New Haven

The 300,000th Bell telephone has been installed in Connecticut and it is an interesting coincidence that the announcement of the installation of this telephone came on the fifty-first anniversary of the opening of the first commercial telephone exchange in the world which also took place in the state of Connecticut at New Haven, on January 28, 1878. When that first telephone exchange was installed, there were twenty-one subscribers. The number gradually grew and other exchanges were opened throughout the state, but were years later, in 1881, there were only 1500 telephones in all of Connecticut, and the 10,000 mark was not reached until 1898, the year of the war with Spain, and twenty years following the opening of the first commercial exchange. The beginning of the new century marked the rapid development of Connecticut as an industrial state, and the demand for telephone facilities rose accordingly. The result was that the Southern New England Bell Telephone Company attained 100,000 telephones in Connecticut by December of 1912, and 200,000 by January, 1923, an increase of 100 per cent in a little over ten years. To obtain the next 100,000, however, has required but six years. The 250,000th instrument in the system was installed late in the year of 1925, and the 300,000 mark, in turn, was reached early this year.

## JAPANESE MIKADO HAS A ONE-WAY TELEPHONE

One way streets have become a familiar feature of American cities and towns, but in Japan there is what might be termed a "one-way" telephone line. This line was installed recently in the interior palace at Tokyo for the use of His Majesty, the Emperor of Japan. The Emperor can use this telephone line in calling up his Ministers of State and in keeping in touch with outside affairs, but it is so arranged that it operates only when the transmitter is lifted, with the result that while outgoing calls can be handled, no incoming calls can be received.

Two French ambassadors negotiating a marriage between their king and one of the Spanish princesses, chose Blanche even though she was less suited and less beautiful, for the other bore the name Urania, a name that would never do for a queen.

Texas and Oklahoma. In the foreign field, Venezuela has risen from fourth to second place in three years, will show, it is forecast, the largest increase—29,000,000 barrels or over 25 per cent more than 1928 figures.

## Christmas Bell Ringer Features Red Cross Seals

A diminutive bell ringer, dressed after the fashion of centuries ago in red doublet and yellow leggings, will ring in the Christmas season this week when he and a vast army of mates will be sent to all parts of Michigan in the inaugural of the 1929 Christmas Seal Sale.

Literally millions of seals, each bearing a picture of the bell ringer and bell, will be distributed in Michigan during December. 18,000,000 are being mailed from the central office of the Michigan Tuberculosis Association in Lansing and county tuberculosis societies are distributing an even larger number.

The use of a bell ringer and bell in the design of the 1929 tuberculosis Christmas seal is singularly appropriate. For centuries chimneys have called to people their cheerful message, usually telling a story and often proclaiming victory. In the anti-tuberculosis campaign, the victory won in Michigan is shown by the 32 per cent decrease in the tuberculosis death rate that has been achieved since the Christmas seal financed

crusade against the disease began 21 years ago. Besides the figure of the bell ringer and bell, this year's seal bears the words "Health Greetings, 1929" and a red double-barred cross, the familiar emblem of the organized fight against tuberculosis.

## Nation Produces Two Thirds World's Supply Petroleum

The world's oil production in 1929 will total close to 1,467,000,000 barrels, according to Valentine R. Gurdian, manager of the foreign oil department of Henry L. Doherty & Company, in a survey of the petroleum production of the world. This is an increase of about 145,000,000 barrels, or nearly 11 per cent, as compared with an increase of only 2 1/2 per cent in 1928. The average yearly increase since 1925 has been approximately 100,000,000 barrels.

Production in the United States in 1929 should reach 1,010,000,000 barrels, an increase of approximately 12 per cent over 1928, Mr. Gurdian believes. This production represents approximately 68.9 per cent of the world's total—about the same as the proportion in 1928 and 1927. This increase is attributed primarily to deeper drilling in the California fields and to the discovery of new pools in

## School nurse says all girls should know this

WALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nupol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nupol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping." Nupol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you're feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. ### State Confiscates Game and Furs of Game Law Breakers

During the year ending Nov. 1, the Game Fund of the Department of Conservation was enriched by \$11,456.29 from the sale of property confiscated by the Law Enforcement Division of the Department.

Most of the confiscated property sold by the department included guns and furs.

Listed by months, revenue from the sale of confiscated property was: November, \$150.50; December, \$945.25; January, \$1,990.59; February, \$2,197.62; March, \$1,329.11; April, \$420.50; May, \$1,067.22; June, \$1,251.00; July, \$129.79; August, \$81.50; September, \$154.12; October \$839.08.

During the year ending Nov. 1, the Department confiscated 644 guns, all of which were sold. In addition, a large quantity of furs were disposed of. Many traps were sold. Meat of wild animals illegally killed and fish illegally caught and confiscated were given to charitable and state institutions.

Guns and furs are sold at the department offices at Lansing. The original owner of a gun is given 30 days in which to purchase his gun back from the state. If he fails to do this within the limited time, the gun is sold at a price fixed by the department. Several automobiles confiscated by the department will be sold at public auction.

### Game Department To Experiment in Raising Minnows

Will the golden shiner some day become the dominant minnow in Michigan waters?

Experiments now being carried on by Henry A. Schull at Schull Acres near Grand Rapids, may prove that this small fish is best suited to carry on the work of the minnow, by furnishing a source of supply as food for other fish; and as bait.

Mr. Schull, who is superintendent of rearing ponds for the Fish Division of the Department of Conservation, has been experimenting for the past two years with Golden Shiners, and believes that his experiments have been successful in that he has been able to prove that the golden shiner is admirably fitted for the functions he proposes for this fish.

The rapid depopulation of minnows in Michigan lakes and streams through commercialization caused Mr. Schull to begin his experiments. Last year he planted 200 golden shiners in a pond. While no actual count has been made, the pond is now filled with these fish, and Mr. Schull considers that they have been very successful.

### A. A. A. Advocates Preparation for Gigantic Traffic

There will be approximately 35,000,000 motor vehicles registered in the United States by 1940, more than the number in the entire world today, and it is imperative that streets and highways be utilized to handle the maximum flow of traffic, according to the American Automobile Association, which is appealing to 1,000 affiliated clubs throughout the country to study the traffic needs of their communities with the view to aiding this program.

Briefly, the program provides: 1. Securing maximum or peak travel on present thoroughfares by marking off lanes, eliminating of parking and timing of traffic signals to give the right-of-way to the largest volume of traffic.

2. Adequate study of traffic

needs with the idea of eliminating bottle-necks, points of congestion and distributing traffic to get efficiency in movement. 3. Development and widening of the streets and highways adjacent to the present main-traveled artery.

4. Widening of highways and segregation of grades where it is proven that maximum traffic warrants this step and after every effort has been made to get peak travel on existing arteries.

The A. A. A. estimate of the number of motor vehicles in 1940 is based on the normal increase in registration over the last few years and is declared to be extremely conservative.

### Commission Studies Improvement State Income Tax System

Michigan's taxation situation will be improved as a result of the work of the special commission for study of taxation created by the 1929 legislature, Governor Fred W. Green stated, following one of the preliminary sessions of the commission.

Some of the governor's optimism was attributed by capitol observers to the commission's action, in accepting the income tax as a subject for study. The governor

has espoused the income tax as more or less of a taxation panacea ever since he incorporated a recommendation to its adoption in his message to the 1929 legislature. The legislators rejected the proposal, despite a strong lobby in its favor. The executive, however, appears to have retained his prediction in its favor as he recently reiterated his opinion before the state grange farmers, favor the income tax as a means of reducing the general property levy which they feel now falls more heavily upon them than upon the average city resident. Whether the special commission can be unanimously persuaded that the income tax is advisable is admitted to be highly problematical.

As a pre-requisite to beginning the intensive study of taxation problems which lies ahead of the commission, Benjamin F. Burtless, executive secretary of the body, has been carefully examining the statutes relative to taxes and state finances generally and gathering data relative to expenditures from state departments. This accumulation of information, vitally necessary to the commission, is a slow process as there are hundreds of obscure acts making appropriations of various sorts which constitute a steady drain on the state treasurer.

### LINES TO HOOVER CAMP

When President Hoover established his fishing camp on the Rapidan River in Madison County, Va., it became necessary for the Chesapeake & Potomac Telephone Company to construct about fifteen miles of pole line from Madison to the camp site and to string two copper circuits from Orange, Va. At Orange these circuits connected with existing lines of the American Telephone and Telegraph Company.

New York City makes approximately 800,000 telephone calls per day more than it made one year ago. The daily average for the month of May exceeded 8,500,000 calls.

## NEW METHOD TO LOWER COST OF USE LIMESTONE

STATE COLLEGE SHOWS METHOD OF USING LIMESTONE

Recent experiments made by the State College at Lansing, Michigan, have shown that it is possible to get an equivalent result to the use of limestone at a greatly reduced cost.

The old method of using limestone required the use of about one and one-half tons to four tons per acre to correct the soil acidity. The new method of application of limestone requires only one-half ton to one ton per acre to correct the soil acidity.

F. J. HALL OF HOLLAWAY, PRODUCED 55 PIGS WITH TOTAL WT. 12,210 LBS.

F. J. Hall of Hollaway, is the winner of the 1929 pig contest, according to an announcement from the Michigan State college animal husbandry department.

Mr. Hall produced 55 spotted Poland China pigs from six sows with an average litter weight of 1,934 pounds and an average pig weight of 205 pounds in 180 days. The total weight of the 55 pigs was 12,210 pounds and they were sold on the Detroit market at \$11.40 per hundred, a premium of 15 cents per hundred over the highest price paid on the day they were sold.

## SENATE DODGES FINAL VOTE ON THE SUGAR TARIFF

PEOPLE WHO LEAN ON THE SENATE GALLERY...

People who lean on the Senate gallery, rolling in expectation of a sensational scrap must have felt bitterly cheated during the closing days of the extra session. The sugar schedule is fifth in the tariff bill. When the lumber schedule, immediately preceding it, reached completion, newspapers began to herald the "sweet fight" in phrases prophetic of a death struggle. The then smoothly working machinery of the Senate would have abruptly been predicted to turn several corners, and expire ignominiously. Wary of unprofitable discussions, spectators rubbed their heads in anticipatory delight. But what happened? The swiftly moving bloc, instead of shattering themselves on "Sugar, Molasses and Manufactures Thereof," paused for a moment's consideration, and then leaped nimbly over into the tobacco field, sixth in order on the Washington column, and put it, they "reached for a Lucky instead of a Sweet." From there they went forward without a backward glance until adjournment found them in the middle of...

## STOCK ASSOC. WILL CLASSIFY HOLSTEIN HERDS

PUREBREDS MUST SHOW CONFORMATION TO REGISTRATION PAPERS

"Herd Classification," recently adopted by the Holstein-Friesian Association of America, has been started in Michigan. Four Michigan herds have been inspected and classified and six more are scheduled for December, according to J. G. Eaves, of the Michigan State College dairy department. Through the use of herd classification, it is expected that the breed will be further improved by culling out animals of the lower classifications and that the value of the top grade animals will be increased. An official inspector, who is a recognized judge of good Holstein type, classifies each female of milking age and each bull over two years of age in the herd. Classifications which have been set up by the national association are excellent, very good, good, fair, and poor. Any female rated "poor" is reduced to the status of a grade and her registration papers destroyed. From females rated "fair," no bull calves can be registered to perpetuate the inferior dairy type of the dam. In connection with the herd classifications, county agricultural agents are arranging for general meetings to which all Holstein dairymen are invited at the following farms: Fair Haven, Howell, Dec. 5 in the afternoon; Rex Johnson, Grand Rapids, Dec. 6, in the morning; and A. H. Ferrine, River Junction, Dec. 7 in the afternoon.

## KONJOLA ONLY MEDICINE THAT DID ANY GOOD

DETROIT LADY SUFFERED 9 YEARS WITH STOMACH. NEW MEDICINE SCORED

"Konjola is the first and only medicine that ever did me any good," said Mrs. E. J. Moore, 1749 Vermont, Avenue, Detroit. Nine years ago I began having trouble with my stomach and it steadily got worse as medicine after medicine failed to bring any relief. No matter what I ate, nor how little, I had a heavy feeling in my stomach. Gas formed causing heart palpitations and fainting spells. "I was weak, run-down and in poor health generally when I found Konjola. But this wonderful medicine has changed everything. The very first bottle proved to me that I had, at last, found a real medicine. I took just three bottles to get an end to my trouble. I can eat what I please and it digests too. I have gained much in strength and energy and certainly am enjoying my good health." Konjola is sold in Buchanan at W. N. Brodick's drug store, and by all the best druggists in all towns throughout this entire section.

# The Old Timer's Corner

## MRS. WINCH RECALLS HER EARLY DAY SCHOOL DAYS

In 1919 I attended the old soldier's dinner reunion at the home of Ashley Carlisle, under the same trees where in 1860 the Wide Awakes had rallied after their march. "Hurrah for Abe Lincoln, the rail splitter, free speech and free soil" was shouted in oration. It was also sung in bass and baritone. The sopranos were then silent in public. Now 59 years later, these old men met under the trees to give tribute to Lincoln, the martyred president. To remember the dead and greet the scattered living of Lincoln's vast army of freedom. There were so few. I had grown up right there and known so many school mates, wide awake soldiers, and neighbors and here were only Ashley Carlisle, John Curtis, Jim Snodgrass, John Dick, George Ranley, Henry Runnels and Eli Helmick. Across Portage Prairie to South Bend we went, look dinner at a hotel there, almost my first hotel dinner, and rode home after a very pleasant day.

He soon went to war. We never saw each other again until we met nearly sixty years later at the soldier's dinner under the trees. None of the girls, school mates or friends were there. Mrs. John Graham and Mrs. Snodgrass were all the women I had known. I almost felt as though I knew Mrs. Woods. Her husband, "Jim" Woods, had been not only a school mate, but through the years we were in the same classes. Per-

haps thirty years after our school days while visiting in Buchanan, I met him and, thinkingfully exclaimed, "Oh Jim, how old you look." He quick wittedly replied, "Well, you are no spring chicken, yourself." About twelve years ago I met at Mrs. Kent's, Maria Sampson, Metta Trout (Mrs. Boden), Jennie Mead (Ave. Feacock) and many of the down stairs school girls. Pretty little misses they all were with pink or blue gingham dresses, pantalettes and white aprons. Their hair was done in curls or long braids.

What fun for the boys to play horse with those long braids. Only rolling snowball marbles count their back made the girls so "mad" and pleased the boys so much.

Upstairs or down the Buchanan school was full of the children. As both rooms had recess together I remembered everyone at Mrs. Kent's that I had known and I was greatly revived. Not one seemed old. To me it was again Alma, Rose, Emily, Kittie and Hattie. Even Maria, Metta and Mattie, upstairs girls, to me were girls again.

In reality many of them were ancestors. In recalling the school mates of the long gone past, I remember the teachers. J. Buck and Miss Mary Tichenor, aunt of Charles Tichenor, taught the same time in Buchanan. Later Miss Tichenor became Mrs. Buck. They were young, energetic, enthusiastic teachers, helpful and kind. That was the era when Mary became Mollie or Marnie Elizabeth changed to Lizette, Carol line was changed to Carrie and Sarah was known as Sallie.

For generations or more the f-ees had the right of way. Mr. and Mrs. Buck were in touch with the times. I was studying to an end and my teachers kindly "kidded" me over the bumps in "Davies" and "Clark." In their zeal for modernity they called me Ettie. Ettie soon became, I was abreast of the times. Old-fashioned Esther faded out. On my wedding day the minister asked, "Shall it be Esther on the certificate?" Rollin and I agreed no. Mother said yes. It is your name as recorded in the family bible record. "If changed on the certificate that changes your name legally. It may cause you trouble in inheritance or in law." Inheritance! Save the mark! There was no vision of that. With Rollin's uncertain health, our home was put in my name, Ettie E. and so were his life insurance policies. Lots were bought and sold, years of taxes paid, notes signed, and checks written, Ettie E. V. Inch. When my pension time came my marriage certificate in Washington showed that Ettie E. was Rollin Winch's widow. I could not go back. My legal name is Ettie E. Winch in business signatures. Will, my son, and I agree that in Texas among strangers it saves complications to keep it too, as my name. But withal, mother knew best. Only back in Buchanan where I really was Esther Montague do I use the name I should have kept. This is "much ado about nothing", only I do want to stand four square in home and reminiscence.

Esther Montague Winch.

"Cabbage leaf" is the name of a new hat which has appeared in London.

## Old Timer Gives Medley of Thoughts in Prose and Poem

The young man was prematurely gray and very proud of it. "Looks quite poetic, don't you think?" he asked of the young girl he had just met at the beach. "It does remind me of a certain poem."

"And what is that?"

"When the Frost is on the Pumpkin."

"How much are yer fish, Mr. Goldstein?"

"Eight cents a pound, Mrs. O'Brien."

"I'll take two of them. How much will they be?"

"Let's see, eight pounds, eight times eight is eighty-four. Take them for seventy-five cents, Mrs. O'Brien."

"Thank ye, Mr. Goldstein, I'll do that. Ye're always good to the Irish, I'll say that fer ye."

"Where did you get that black eye?"

"You know that pretty little woman you said was a widow?"

"Yes, what about it?"

"Well, she is not."

Hulda is sent to the druggist to get some talcum.

"I want some talcum powder."

"Menmen's?"

"No, vimmins."

"Scented?"

"No, I will take it vit me."

Cohn met Levy on the street.

"Vot are you smilin' so much about, Levy?"

"I'm very happy?"

"Vot is it? Have you a little brew?"

"Yes, I have it, a little He-brew"

"Chickens, sub," said the negro sage, "is the usefulest animal dere is. You can eat 'em befo dey is born and also after they is dead."

The doctor: "And is he loses consciousness again, give him a teaspoon of that brandy."

Patient's wife: "While he is unconscious? Oh doctor, he'd never forgive me."

"Are you secretly married to Helen?"

"Certainly not. She knows about it."

After his first visit to the city: "Some of them bank fellows are pretty slick with their fingers. I seen a feller in one of them banks, and blow me, if he didn't have to keep a wet sponge alongside to keep his fingers from gettin' red hot. Yes sir-ee. He told me so hisself."

It is easy enough to be pleasant When your automobile is in trim, But the man that's worth while

Is the one who can smile, When he has to ride home on the rim.

"A laugh is just like sunshine, it freshens all the day. It tips the peak of life with light, and drives the clouds away. The soul grows glad that bears it, and feels its courage strong; A laugh is just like sunshine, for cheering folks along." Old Timer.

## Holmes Gives History of the Chicago Road

Editor Record.

By some of the expressions I have seen it appears there is a misconception of the location and reason of the "Chicago Road." That road was the main traveled route between Chicago and Detroit before there had been such a thing as a survey made of that section, and section lines were thought of. It runs from Chicago around the lake to Michigan City, LaPorte, Cadillac, Hill, Bertrand, Edwardsburg and so on to Detroit. Along the route at intervals of about ten or twelve miles there were small taverns operated for the accommodation of travelers. One of these was located at Carlisle, the next east at Cottage Hill, four miles directly south from Bakertown, and the next at Bertrand. The one at Cottage Hill was owned and operated by Joseph Jones. I do not know when he came there but he was doing business there as early as 1836. That year my father came west from Peterboro, New Hampshire, seeking a location for a new home and made a stop at Cottage Hill. He went on into Illinois and found that to be a "worthless barren waste, not even good enough to grow timber," so on his return he arranged for Mr. Jones to find some land for him, and what he found was the farm now owned by the Speckline family and comprised a triangled 92 acres in the

northwest quarter of section four of West Bertrand township, forty acres in the southwest quarter of section 34 in Buchanan, and the east half of southwest quarter of 38 of Westsaw, all covered with nearby timber. He could as well have had the best section in Portage Prairie at the same price but compared that with what he saw in Illinois. The Chicago road enters Michigan from Indiana in section 24 of West Bertrand at the old Arch Dunbar farm, now owned by John House.

There is another through road running two miles south of that point and known as the Michigan road, which was laid out later than the other and I believe follows the section lines. One of the taverns on that line was at Mount Pleasant, about three miles west from South Bend.

At the time Father made the pilgrimage to Illinois there was an auction sale of lots in progress in Chicago, and he could have bought the block on which the court house and city hall were built for \$500, but did not consider it worth the money. On the trip in they waded through mud, where the horses could hardly pull the empty stage and there was a couple of falls on top for prying the rig out when the team stalled.

## PAINFUL CORNS

Loosen—Lift Out

A little known Japanese herb, the discovery of an eminent German scientist (Dr. Stieckel) instantly soothes the corn, callous or wart, then loosens it so that shortly you can lift it right out. This new discovery called "Corn Fly" excites the white blood corpuscles to action and granulates the corn at its root so that it drops out and leaves no trace of scar or soreness.

You will also find "Corn Fly Foot Bath Powder" 25c, and "Corn Fly Bunion Remedy" 50c, (all three—\$1.10 value for \$1.00), are sold under a positive money-back guarantee by Hi-Gene Co., Newark, N. J., or local druggist.

# NATIONAL TEA CO. CELEBRATES 30th ANNIVERSARY

## Tremendous Progress in Food Distributing Field

Thirty years ago on December 8th, 1899, in the great metropolis of the Middle West the first National Tea Co. store was opened. The owner and founder of this store had a great vision; he conceived the idea of numerous food outlets direct from the farmer or manufacturer to the consumer. By this direct method he knew that he could save the people of the Middle West millions of dollars annually on their food bill.

A Dream Fulfilled  
Sound merchandising policies won the confidence of the people of the Middle West, and today National Tea Co. operates over 1600 grocery stores and meat markets in Minnesota, Wisconsin, Iowa, Illinois, Indiana and Michigan.

Advantages to You  
Deep thinking, unbiased men and women, whether leaders in business circles, outstanding in farm or labor organizations, officials of civic bodies and clubs, or otherwise active, give credit to chain store food distributing methods like that perfected by the National Tea Co. not only for the direct savings to the consumer but also for the effect of these savings in raising the standard of living of the American people.

These savings from economical food distributing methods are passed on to the American family and enable it to invest in the best things of life, which in turn creates more business and more work in other fields.

Community Interest  
The managers and clerks of a National Tea Co. store located in your community are urged to take part in all civic and social enterprises.

National Tea Co. stores contribute their share to the up-keep of the town or city, county and state, and federal government wherever they are located.

It can be said that wherever National Tea Co. stores are offering you quality foods they do not shrink their duty in co-operating with all consistent civic and community affairs and charitable institutions.

Has Helped Farmers  
National Tea Co. stores sell millions of farm products yearly which formerly could not be marketed due to the highly perishable nature of these products and the old-fashioned round-about method of food distribution. It is estimated that strictly farm products shipped direct from the fields to our stores amount to approximately \$40,000,000.00 and an almost equal amount of canned foods and cereals are distributed. Thus by selling high-grade merchandise in greater quantities and speeding it from farmer direct to the consumer losses to the farmer have been minimized.

Savings Win Confidence  
By aiding the farmer in his marketing and the consumer in saving and rendering additional co-operation to the manufacturer, National Tea Co.'s sound food distributing policies have been given increased appreciation each year. This great progress is evidenced in the growth from year to year of our annual sales.

In 1919 National Tea Co. operated 143 grocery stores and sold \$13,167,924.00 worth of quality food products. For the year 1929 reports indicate that sales will be \$90,000,000.00 or more, and over 1650 grocery stores and meat markets will be in operation. This marvelous growth during the last ten years proves conclusively that the consumer appreciates saving money on better groceries and that the farmer, producer and other merchants believe in National Tea Co.'s food distributing methods.

A cordial invitation is extended to the people of the Middle West to visit a National Tea Co. store during this 30th Anniversary Sale.

RECORD BOWLING OF WILL BEARDSLEY BOOSTS TEAM STANDING.

The Thanning Tire Shop bowling quintet displaced the Three Oaks quintet at the top of the City League last week, as the result of the victory of the former team in the match between the two organizations, the factor in the downfall of the five from the Featherbone City being the 673 game bowled by Will Beardsley.

## SELLS FOUR AIRPLANES BY LONG DISTANCE TELEPHONE

An interesting example of the use of Long Distance telephone service to keep pace with the speed of modern business occurred the other day at Pueblo, Colo., when four airplanes were sold by telephone to a buyer in San Francisco. A sales manager of the Curtiss Flying Service, with headquarters in Denver, was in Pueblo trying to place four Curtiss Robin planes that were available for immediate delivery. In a telephone conversation with a party in Phoenix, Ariz., he learned that a certain concern in San Francisco might be in the market for the planes, so he placed another Long Distance call to that city and after a conversation of only six or eight minutes the transaction was completed.

## Al Wolgast Defeats "Irish" Kennedy at Janesville, Wis.

Local friends of Al Wolgast, Michigan welterweight champion, are celebrating his victory over "Irish" Kennedy of Iron Mountain, in a ten-round bout at Janesville, Wis., Monday evening. Wolgast, claims Cadillac as his place of residence, but has been training at Niles recently and is a frequent visitor in Buchanan.

Ben Swofford of Kansas City is the champion school orator of the United States, having won the national contest held in Washington. Lee Miller of Maywood, Ill., second, and Lucille Fletcher of Brooklyn third.
