

MERCURY GOES INTO TAILSPIN

St. Joseph Valley Association Stockholders Hear Merger Talk

Now Here's the Proposition

Mister Burke
Bl Hays

The Pope is hanging out in Rome,
In Turkey lives the Turk,
And you and I are stuck at home—
But where is Mister Burke?

He was reported yesterday
In London, Tokio,
Calcutta, Berrien Springs, Cathay,
South Bend and Kokomo.

They saw him just the day before
In Niles and Joliet,
New Troy, South Haven, Balti-
more—
He must be a quartet.

Police go fogging here and there
I quite suspect the lot
All do their durnest to be where
This Mister Burke is not.

Each morning when I go to work
I look beneath my desk
And poke around for Mister Burke
And am I scared—don't ask?

I peer behind my Remington
I look beneath my chair
And shift my papers every one
Lest Mister Burke be there.

And ladies, are their prayers
They've said
And turned the covers down,
Peer shyly underneath the bed
And take a look around.

And if across their toesies bare
A frightened mouse should scoot
They'll throw their hands into the air
And wily yell, "Don't shoot!"

Oh, somewhere with an airy step
He walks this favored land,
A twelve inch cannon on each hip,
A shot gun in each hand.

No more I have the heart to say
My knees grow weak and faint,
Take all your cash rewards away
And tell me where he aint.

While here and there he scatters
fear,
It is my only prayer
That I'll be there when he is here
And there when he is there!

Mrs. Oscar Grooms
Dies Monday Night,
Ill Twenty Years

Mrs. Oscar Grooms died at her home Monday night at 9 o'clock, after a painful illness of more than twenty years. This grand, good woman was born in Galien, Oct. 6, 1872, and was the daughter of the late August Kuhl. Twenty-nine years ago she was united in marriage to Oscar Grooms, who has been a faithful, kind husband, never leaving a hand unturned to relieve her suffering. In addition to her husband, she is survived by a nephew, Robert Grooms, whom she raised, four brothers, five other nephews, six nieces and a host of friends.

Funeral services were held on Thursday afternoon at 2 o'clock at the L. D. S. Church, conducted by Rev. J. W. McKnight. Burial was made in the Galien cemetery.

Poultry Experts to
Hold School Jan. 30,
31 at Berrien Spgs.

A two-day poultry school will be held at the Berrien Springs high school on January 30 and 31, with J. A. Hannah and Dr. H. J. Starneth, nationally known poultry specialists, in charge. The session will begin daily at 10 a. m. All who are interested in poultry should take pains to be there, as the speakers are internationally known as authorities in their specialties.

6 Are Examined
As Substitutes For
Local Post Office

A civil service examination was held at the local post office Saturday to select a substitute for the local office, a total of six applicants appearing, of whom five were local and one from the Twin Cities. The tests were under the supervision of T. E. VanEvery, local civil service examiner.

The Bend of the River Home Economics Club will meet at the home of Mrs. Calvin Buchanan on Thursday, the 30th, at 10 a. m. All members are urged to be present.

Beautiful Bride's Cake at Niagara Falls

This truly concoction is not the work of a master French chef, as might be imagined, but was created by King Winter himself in one of that gentleman's more inspired moments. The richly decorated platform is none other than the prosaic iron and concrete stand from which honeymoon couples are wont to view the wonders of Niagara falls. The swirling torrents may be seen in the background together with one end of the famous suspension bridge.

FARMERS MEET HERE YESTERDAY FOR SOILS TALK

STATE COLLEGE EXTENSION
EXPERTS ADVISE ON
FERTILITY.

J. A. Porter of the Soils Department of Michigan State College and George Wenner of the Crops department of the same institution were in Buchanan Wednesday in company with County Agent Harry Lurkins for a conference with local farmers at the St. Joe Valley Shipping Association building.

The two State College men discussed fertilizers, emphasizing the importance of an adequate supply of potash in establishing and maintaining crops of legumes, such as alfalfa, sweet clover and red clover. Porter stated that a yield of four tons of alfalfa would take 168 pounds of potash from the soil on an average, and that continued cropping would deplete the soil of this essential element. Wenner discussed especially the importance of adapted seeds in securing crop stands.

The meeting was opened at 10 a. m., adjourning at noon for dinner at the Evangelical church, after which sessions were resumed at the St. Joe Valley building.

County Short on
Peach Pie in '30
Says County Agent

"Berrien County farmers who depend on peaches for income would do well to begin now to plan to reimburse losses in that department from other sources," stated County Agent Lurkins at a meeting of farmers at the St. Joe Valley Shipping Association yesterday. "It is my opinion that there will not be enough peaches raised in this county this year to make one good pie apiece all around."

"It is too early yet to say whether the trees are damaged or not. After several days of thawing temperatures we will be able to tell more about that."

St. Joe River is
Frozen Over During
Recent Cold Spell

The St. Joe river was entirely frozen over Saturday morning, according to employees at the Indiana & Michigan power plant here. Engineers stated that the river was full of floating ice early in the morning, but not long after sunrise the fragments jammed above the Walton Road bridge and soon froze together.

Mrs. L. L. Hamilton of Decatur, was a week end guest at the home of her son, Carl Hamilton.

RELIEF ASSN. HEADS DESIRE INFORMATION

Work Shortage and Extreme
Winter Cause of Much
Local Suffering.

NEED SEWING MACHINE

Information that will lead to the discovery of cases of actual need in the Buchanan community will be appreciated by the United Charities, according to officers of that organization, who say that they feel certain that there are families in extreme necessity who are not applying for aid on account of pride.

It is likely that suffering is more acute in the community than it has been for many years, due to the joint influence of the industrial depression and the extremely severe winter. Many who are in dire straits have never known the pinch of want before, and they are backward about calling for aid.

Those who have knowledge of cases of actual need are requested to inform either Mrs. Herbert Roe or Mrs. John Fydel, and the information will be kept strictly confidential. Anyone who is in straits for the necessities or who has those dependent on them in danger of suffering are urged to request to make their needs known, and they will be cared for as quietly and courteously as possible.

The United Charities committee is in need of a sewing machine to alter and mend garments. Anyone who has a machine which they are not using and can spare for a few weeks will be rendering valuable aid if they will place it at the disposal of the committee during the period of distress.

Kean Will Address
Parent-Teachers on
Adolescent Child

Ralph Kean will speak before the meeting of the Buchanan Parent-Teacher Association, to be held at the high school on the evening of Monday, Jan. 27, beginning at 7:30 p. m. His subject will be "The Adolescent Child."

William Bainton is slowly improving from a protracted illness which has kept him confined to his home for several months.

SCOUT TROOP 41 ORGANIZES TWO BASKET BALL 5'S

ISSUE CHALLENGE TO ALL
TEAMS IN BERRIEN-CASS
SCOUT AREA.

Buchanan Boy Scout troop No. 41 has organized two basketball teams and will immediately issue a challenge to all troops in the Berrien-Cass Counties Area Council for games.

Following this week's meeting Tuesday night in the Methodist Church the troop members repaired to the local high school gymnasium where the two teams were organized and where the first practice session was held. Many of the players have had experience on Buchanan high school class and reserve teams and the prospect of a first team that will hold its own with that presented by other troops in the two counties appear good.

"Short" Mitchell, faculty manager of athletics at Buchanan high school and assistant to Coach Harold "Curly" Bradfield for the last three years, will act as coach of the two scout quintets.

He will put his proteges thru stiff workouts the next few days in preparation for opening a schedule in about a week. A challenge is said to have been issued to troops in Benton Harbor, St. Joseph, Dowagiac, Niles and Watervliet.

Members of troop No. 41 had their first experience this week forming a human pyramid, in which six scouts stand on each others' shoulders and form a human signal tower, the topmost scout manipulating signal flags in a manner that might blush to shame a troop of Zouaves. At least the first rehearsal caused no casualties.

A court of honor will be held by the local troop within the next few months.

Community Chorus Drills for Spring Music Festival

The Community Chorus consisting of about forty voices met for rehearsal at the high school assembly room Monday evening under the direction of Mrs. Maxon. The chorus is working on choruses and oratorios preparatory to the Southern Michigan Festival to be held in Three Oaks the latter part of May.

The Warren Foundation is financing the festival and will erect an auditorium for the occasion which is to be the biggest affair of a musical nature attempted in this section.

The chorus meets each Monday evening for rehearsal at 7:45 in the high school assembly.

Harold Desenberg and Al Stearn of Detroit, were week end guests at the home of Mr. and Mrs. Sig Desenberg.

ACTION IS POSTPONED FOR QUORUM

Hale Tennant Addresses 45
Members of Association
Saturday.

PLEADS BUYING POWER

Final Decision on Entrance
to Pool is Deferred
Until Later.

The feasibility of merging with the Michigan Fruit Growers was presented to 45 of the 100 stockholders of the St. Joe Valley Shipping Association in a meeting at the parsonage of the Evangelical Church Saturday afternoon. Lack of a majority preventing any final decision on the matter.

Hale Tennant, formerly of the faculty of the Michigan State College, and now a farmer near So. dux, presented the merits of the merger to the stockholders. He stated that while fruit growing was not a major industry here, and that the marketing was afforded by the merger would not benefit the majority, the entire number would receive the benefit of the buying power afforded by the merger. He stated that he had been able to get machine equipment for his fruit farm at 40 per cent off the list price by buying in carload lots with other growers in the winter time. The fruit association "wishes to get all fruit men of this section in their merger as any 'wild fruit' produced by growers outside their ranks is a detriment to their operations. The Federal Land Board requires that they have 50 per cent of the fruit grown in the district under binding contracts approved by the government.

The Land Board will extend credits only to large organizations which practically blanket their district, or to nation-wide organizations. Tennant stated. The Michigan Fruit Growers have been assured a \$1,200,000 credit to enable them to control the marketing of their product because it is evident that 70 per cent of the sour cherries placed on the national market are produced by Michigan and Wisconsin farmers. Ninety per cent of the Kiefer pears, and the same portion of the black raspberries handled by canneries are produced in the fruit sections of these two states. The fruit men of Michigan and Wisconsin will be affiliated in the merger, so that it will be possible for them to control the national output of these fruits. National control will render it possible, Tennant stated, to limit production, and also to stimulate consumption by national advertising. Cherries are classed as luxuries, he said, and the national average is at present a cherry pie a year per capita. If consumption can be boosted beyond this average, the fruit growers of this Lake Michigan fruit section will be the main beneficiaries.

The larger fruit co-operatives expect to form a merger by the first of the month. Tennant stated and they will then begin a drive to contract the individual fruit growers. The Land Board has allowed them 18 months to get their association under way, but unless it is perfected by the first of March, action will be suspended until the end of the crop season.

Tennant was followed by County Agent Lurkins, who stated that the European nations owed \$14,000,000,000 to the United States at 2 7/8 interest and with 60 years in which to repay it. The farmers of the United States, he stated, debted to approximately the same amount, but have comparatively short payment periods and average interest payments of seven per cent.

In case the St. Joe Valley Association decides to merge, the assets of the company will be \$100,000 loan to the Michigan Fruit Growers. The association will receive the equivalent of its assets in common stock in the merger.

A number of stockholders expressed doubt as to the advisability of throwing the assets of the project which is of chief benefit to the fruit industry which is a minor factor in the business of the region, into the hands of the merger. It was decided to postpone action until a majority of the stockholders are present to vote.

The business session was preceded by a fine chicken dinner served by the Ladies Aid of the Evangelical Church.

Monument to a Confederate Hero

A drawing of the projected monument to Richard "Dick" Kirkland, Confederate soldier who, in the face of Union fire, leaped over Confederate breastworks to aid wounded Union soldiers, following a desperate charge on the battlefield of Fredericksburg, Va., during the Civil war. Couple Injured When Automobile Goes Into Ditch

Mr. and Mrs. Guy Coffman were brought to the Wallace hospital Tuesday evening to receive treatment from injuries incurred when their automobile went into the ditch and turned over on the Niles-Buchanan road. Mr. Coffman stated that his car was side-swiped by the Nelson Transfer truck, driven by Peter Freehling. Mr. Coffman suffered a wrenched back and his wife incurred severe bruises.

Mrs. Richard Fuller, who was injured in an automobile accident last week, underwent an operation yesterday at the St. Lawrence hospital at Lansing, a shattered knee cap being restored to place. Surgeons stated that the knee cap had been shattered into fifteen pieces. It is expected that she will remain in Lansing for a month or more. Her mother, Mrs. Chris. Koenig, shot, is with her.

PEACH CROP THREATENED IN BERRIEN

Week End Is Coldest Time
In Memory of Local
Residents.

25 BELOW REPORTED

Local Thermometer Readings
Lowest in Lower
Michigan.

Buchanan qualified as "furtherest north" in the week end cold snap when local thermometers registered under 20 below with a unanimity that indicated an actual temperature somewhere below that figure. A number of thermometers in the place were reported to have touched from 12 to 24 below. The highest mark recorded was 10 at the Ruback & Co. station, where the thermometer was close to a warm window in a sheltered spot.

Shortage in local peach crop is indicated, as the danger line for that fruit is from 12 to 1 below zero. It is not anticipated that any other fruit will suffer. Temperatures recorded were the lowest in the memory of the oldest Buchanan residents and the lowest reported in Michigan. Official readings of 22 below were reported in Detroit.

The upper part of the Lower Peninsula reported warmer weather, the mercury ranging above zero in Grand Rapids, Jackson and Alpena and touching zero at Sault Ste. Marie.

Cret Weaver Was Last Ticket Agent At Dayton Station

The death of A. C. "Cret" Weaver as he was best known here, has taken away another well known and former resident of this village. Mr. Weaver was the last ticket agent and telegraph operator in the depot here at the time the railroad company decided to discontinue having an agent here. Besides the above positions he also had the duties of freight agent, express agent and the delivering of the mail to and from the post office.

Until November of last year he was a charter member of the Dayton camp of Modern Woodmen. At that time he discontinued his membership by taking out a cash withdrawal benefit. This step proved to be a great loss to his beneficiaries, especially on account of his death occurring so soon thereafter.

After leaving Dayton some 28 years ago Mr. Weaver moved to Buchanan, where he resided until last summer when he went to South Bend to make his home and where he passed away on the morning of Jan. 11th.

Beautiful Musical Romance at Ready Next Sunday

The midwest premier of Ramon Novarro's latest picture is indeed a notable event, it is without a doubt the finest production that this lovable star has been placed in, and all through it audiences hear the glorious voice, that so marked the success of "The Pageant."

A singing supporting cast is also one of the big features and includes that delightful coloratura soprano Marion Harris, who thru Broadway leaped into fame almost over night. The story is one of those slashing, dashing, quick action romances that we all love so well, and through it is also strongly brought to the foreground the marvelous athletic ability of the star. By all means see this entertaining singing and talking picture.

Following in rapid succession are a number of big stage and screen hits that we are all interested in such as "Sally," "Hit the Deck," "The Vagabond Lover" and "Taming of the Shrew" with Douglas Fairbanks and Mary Pickford. Keep your eye on The Ready ads for each one brings some talking picture that you will want to see.

Beg Pardon

In the Record of last week the following item was printed:

Mr. and Mrs. Edward Weather was announce the birth of a son at the home of the latter's parents, Mr. and Mrs. William Swartz.

The item, we are sorry to say, was entirely false and the woman who telephoned it in knew it was false. It takes no amount of intelligence to deceive a newspaper in matters of this sort. Every week several hundred items are sent in which we must take in good faith. It is rarely that we are intentionally deceived, since it is rarely that we encounter a person dishonest enough or endowed with a sense of humor so perverted as to make them capable of stooping to this sort of deceit.

The Record is sorry that the persons mentioned in the item were subjected to the embarrassment which this must have caused. It is only once in a hundred years that we encounter the sort of freak that is capable of this sort of trick. The injured persons may content themselves in the assurance that the community will have nothing but contempt for the parties responsible.

Hills Corners

The revival at the Church of Christ which started this week Monday evening, will last through this week and next with the exception of Saturday evening, and will close Sunday evening, Feb. 2. An orchestra has been organized and will play each evening during services. The Hills Corners male

quartet will be present to sing at most of the services. Miss Marion Boyle attended the school of instruction for the leaders of the Home Economics Club of the southern part of Berrien County, which was held Tuesday, Jan. 21, at the Domestic Science room in the Buchanan high school. The Hills Corners Home Economics club will meet at the home of Miss Marion Boyle for an all day meeting next week Tuesday.

An Easy Triumph of Wifehood!

You are a wife. You must be a nurse, a home decorator, a domestic scientist, a seamstress, a laundress, a beauty specialist, a bureau of information, a buyer, a banker, a hostess. You must be all these professionals almost every day, yet you must not be tired at dinner. It must be a good dinner. You must have good news. And you must not only keep up your professions, but grow wiser in them each day.

Sounds hard; but is it? Not if you use your daily university—the advertisements. For here are the best safety-firsts, the most beautiful, most lasting draperies and home furnishings, and how to arrange them best, new food or new delicious ways of preparing and serving known foods; the finest in dress, in cold creams, hair washes, manicure methods, news of insurance, thrifty buying, happier ways to entertain, something of business, literature, art, music—of almost every science known.

The information in advertisements is latest and correct. Yet a brief glance is sufficient to give you their news. Just a daily reading of the advertisements—and there's an easy triumph of wifehood! In selecting, buying, arranging, using. In keeping fresh for dinner. Saving work, saving time, saving money—being wise.

DRILL SHOP FIVE WIN 1ST SERIES IN CLARK LEAGUE

FOUNDRY AND AXLE TEAMS TO PLAY OFF THE FOR SECOND.

The first of the winter bowling series for the Clark Industrial League ended last week with the Drill Shop team entitled as victors to the gold individual trophies in the shape of miniature gold bowling balls as watch fobs.

The Foundry and Axle team tied for second place and will probably play off the tie. The winners of second place are entitled to silver watch fobs and of third place to bronze watch fobs.

In the city league Dr. Widmoyer of the Recreation team was high for the week with a score of 256 in a single game and 617 for a series of three games.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said:

"One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged.

But when necessary there's no harm in taking naps, since it works mechanically and can't disturb the normal functions of any organ of the body.</

INDIAN NATIONALIST

Esther Marsh has been absent from school on account of illness.

Mrs. Tom Quirk's sister and her husband, Mr. and Mrs. E. Henter, drove out from Chicago last Saturday evening to celebrate the birthday of Tom Quirk, Jr. They did not mind the sub zero weather, but did not enjoy shoveling their way through snow drifts, within a few miles of their destination at 2:30 in the morning. Nevertheless they had a good time Sunday. Mr. and Mrs. Charles Dickow and family were also present.

George Marsh has entered the employ of the Clark Equipment company at Buchanan.

By Conductor R. R.
Robinson.

Patrons and other financial supporters of the Buchanan schools will be afforded an opportunity to judge what they are getting for their outlay in the department of music at a free concert which will be given in the high school auditorium Sunday afternoon, starting at 2 p. m.

In the neighborhood of 150 boys and girls will appear on the platform of the auditorium in the Girls' and Boys' glee clubs, the band and orchestra and the pupils taking special instruction in instrumental music. The concert will be directed by Miss Olson, Mr. Ryink and Mr. Robinson.

The band and orchestra have grown by leaps and bounds since R. R. Robinson assumed charge less than a year ago. Mr. Robinson took the work over a few weeks before the close of school last spring and was able to do some good ground work. This year he has made excellent progress, as the following figures furnished by Supt. Stark will indicate:

Progress of Band and Orchestra

Members	Band
Band 1, beginning of school, 24	
Band 2, beginning of school, 6	
Orchestra 1, beginning of school, 3	
Orchestra 2, beginning of school, 3	
Band 1, Jan. 1, 1930, 33	
Band 2, Jan. 1, 1930, 17	
Orchestra 1, Jan. 1, 1930, 16	
Orchestra 2, Jan. 1, 1930, 16	
Conductor R. R. Robinson, who has charge of the instrumental music, has been busy for the past month transposing the entire selection of music for his charges.	

The program as scheduled is as follows:

Seniors, Juniors

Tie in Inter-Class

"Doc" Miller's Junior High cagers moved up to a tie for the leadership of the first interclass league by downing the much abused Freshmen five by a score of 18 to 6.

In the second team league the fast-stepping Seniors continued their high scoring when they dropped Freshmen, 34 to 3. The Juniors moved up to undisputed possession of second place by defeating the Junior High, 48 to 6. "Speed" Sanders led the scoring for the Juniors. The standings at the end of the sixth week are:

First Team League

Seniors	3	0	1,000
Junior High	3	0	1,000
Sophomores	2	2	500
Freshmen	0	3	000
Seniors	0	3	000

2nd Team League

Seniors	4	0	1,000
Junior High	3	1	750
Junior High	2	2	500
Sophomores	1	3	250
Freshmen	0	4	000

MEET BRIDGMAN
FRIDAY EVENINGLAKEBOYS ENTER THE
GAME WITH DOPE IN
THEIR FAVOR.

Friday night, Jan. 24, brings the highlight of the 1929-30 basketball season for Buchanan, when the "Bucks" meet their old rival, Bridgman, at the local gym.

Ever since the lakeside boys came to the front with winning basketball teams, there has been intense but friendly rivalry between the two schools. Last year's great Buchanan team downed the Class "D" champs twice in close battles and then traveled to Detroit together. Of these teams the Bridgman five has Ott, Stelter and Word, regulars, and Liskey and Sukupchak, reserves, to carry on, while the "Bucks" have Pierce, Pfingst and Knight, regulars, and Chubb and Lawson, subs, to carry the Maroon and White to victory.

The "Bucks" will enter the game as the underdogs due to the locals' defeat by Three Oaks, while Bridgman "took" the "Acorns" twice. However, the game will be very close, no matter who wins. The first game starts at 7:30.

A PASSING

One by one the single room school houses are disappearing. Statistics gathered by the Bureau of Education indicate a dropping out at the rate of 1000 a year. The consolidation idea has been gaining ground in the last decade, largely because of the more adequate and greatly improved methods of transportation in which the motorbus has figured prominently. But not withstanding the obvious advantages of centralized schools, the departure of the little rural school house is not without regret.

There are many thousands of men and women in the United States who gained their earlier education in a one-room building. It may have been a little red brick affair or just a plain wooden structure painted red or white, but in most cases it had a door on either side of the front—one for the girls and one for the boys. Perhaps there were a dozen or so desks of the ancient pattern, facing the teacher's desk, upon which there generally rested a bamboo switch or a ferule, a few books, and a globe, with perhaps an apple or two, tangible evidence of the popularity of the teacher, at least among those pupils who had experienced none of the punishments which invariably followed even minor infractions of the disciplinary measures which were strictly enforced.

—News Letter, Mount Pleasant—

The school supervisors of the county are planning a contest in English and Spelling in the fourth, fifth and sixth grades to take place some time in May. Details are to be worked out in the March meeting which is to be held in Watervliet with Miss Lillian Voley as hostess.

Don Jordan of the American Book Company called on the school last Tuesday.

Grade News

Kindergarten—Miss Vandenberg

The boys and girls started a new project this week, making sail boats. Robert Vandenberg has made two. They are painted red with cloth sails. We are very proud of them.

This week we began our first reading work. It makes us very happy to know that we can read some of our charts alone.

1st Grade—Miss Myers

The following first graders had 100 in spelling last week: Emma Fuller, Tommy Mosier, Christiana Rauch, Harry Bierle, G. A. Redmond, Helen Korp, Lester Wissler, Donna Pader, Myrtle Ottwell, Lorraine Morley, Donald Wheat, Mrs. Donna Huebner, August Rosetta, Suzanne McKinnon, Florence Ferris, Arlis Fairman, Clifford Bauch, Edward Kimbrell, Russell Walters, Evelyn Bennak and Robert Ochender.

Group 1 are reading in their third primer.

We are sorry to have so many absent because of sickness.

Violet Allen is back with us again.

Kindergarten—Miss Ebbert

The boys in our afternoon group are busy constructing two airports one for Niles and the other for Buchanan. We have seven planes flying about our room to the airports.

The girls are busy painting the doll cupboard and are getting ready to enlarge the doll house.

In both morning and afternoon sessions, we have two reading groups, the Fairies and Brownies. Everyone can read the first chart and several children have completed the second.

Bernice Allen has come back to us again from Ann Arbor.

Julia Rouse has left us to go to Berrien Springs.

Three of our children are out with the mumps.

6th Grade

We have four pupils on the Honor Roll for the month of December. They are Eleanor Miller, Billy Habicht, Spencer Kohlman and Dorothy Brown.

Miss Abell has discovered in our examination papers that mummies are dead bodies stuffed with burlap and they have been bombarded. Last week we had five awards in Palmer.

We are having pass words of common nouns as we enter the room at noon.

We have four pupils who are writing for Palmer Business Certificates. We are studying about Teutons in History. We are taking a trip through the Southern States in Geography.

Your friend,

Dorothy Brown.

3rd Grade—Mrs. French.

We had examinations this week but we were not too busy to write stories about a picture for Language. Lawrence Newsum, Lawrence Burgoynne, Audrey Ruth and Charles Harris wrote the best ones.

The third division in reading are enjoying "The Playroad to Health." It correlates nicely with our Hy-

giene.

Mrs. Fitch visited our room last Thursday.

We wrote letters to Lawrence Dellinger last Tuesday. We shall be glad when Lawrence can be back in school.

4th Grade—Miss Clayton

Our children brought money so we could remember Mrs. Fuller and make her days brighter while she is in the hospital.

Dale Metzger is out of school because of a broken collar bone. The accident occurred while he was sliding on Chicago Street.

The children are much interested in their supervision of morning exercises. We have four captains and they will supervise the activity for the first fifteen minutes of the morning.

5th Grade—Miss Ekstrom

We have begun soap carving. Last week we found and copied the patterns for models.

We are continuing work on the addition and subtraction of fractions. Some pupils need more home work.

This week each child will grade himself in penmanship by means of the American Handwriting scale.

Buchanan Debaters

To Meet Dowagiac Speakers Thursday

Perhaps the most important and most interesting debate of the year will be the debate at Dowagiac when the Dowagiac debating team, which has won three debates, will debate Buchanan's team, which has won two and lost one debate.

The Buchanan team, which is composed of Maynard Post, Arthur Anderson and Richard Zerbe, all seniors, must win the debate with Dowagiac in order to enter the State elimination contest. On the other hand, it makes no difference in that respect to the Dowagiac team, because no matter whether they lose the debate with Buchanan or not they will be qualified to enter the elimination contest.

The debate with Dowagiac will begin at 7:30 Thursday evening in the Dowagiac High School auditorium. The three judges will be from the Western State Normal College in Kalamazoo. A large crowd from both Buchanan and Dowagiac is expected to be present.

Honor Convocation Program Scheduled For Friday Morn.

On Friday morning, Jan. 31, there will be an Honor Convocation program when special honor will be conferred upon the students who have had high scholastic records during the past semester.

The public is invited to hear Ray C. Pellet, dean of men at Western State, talk on "Scholarship." There will also be a musical program. The time has been set at 9:45 o'clock so that it will not conflict with the noon-day meal.

Some time ago Knute Rockine spoke here in honor of the athletes. In the belief that praise should honor students as well as athletes, this special assembly program will be held.

ACORNS ARE FAST TEAM

Local Reserves are Victors in
23-11 Curtain
Raiser.

The seemingly invincible Buchanan high school basketball team met their Waterloo Friday night when they dropped a 22 to 17 decision to the Three Oaks five at the local battlefield. The man of Napoleon (played by Mr. Bradford) never has a chance against Wellington's (Mr. Johnson) charges and were completely outclassed.

While the lads from the Featherbone City were bombarding thump from all angles, the "Bucks" shots, which were few and far between, bounded all over the backboard. The locals made but four field goals during the whole game, while the Acorns were gathering nine. The Buchanan passes were thrown to the wrong player with astonishing regularity, and when the passes were O. K. the receiver had considerable difficulty in keeping possession of the ball. As a result the number of open shots were exceedingly small.

In the first quarter, Buchanan managed to hold the "Acorns" to a 5 to 0 score, but then the visitors forged ahead and the "Bucks" just blew up. "Meanwhile the distance" permitted the "Bucks" to play right into their hands. Consequently, at the half the locals were behind, 11 to 7.

Their confidence increased, the "Acorns" returned in the third period to run the score up to 13 to 10. In the final quarter the visitors showed down a bit and were outscored 7 to 4, but eased out 5 points to the good.

Pierce and Pfingst, who have been scoring around 15 points between them, marked up nine points together. Pierce achieved the distinction of being high point man without getting a field goal, scoring charity tosses. Schneider led the "Acorns" getting 4 field goals, while Ritzler picked up seven points.

The Buchanan reserves handed the Three Oaks seconds a 23 to 11 drubbing in the preliminary game. Lauren Morse led the victors with 9 points.

Buchanan-Bridgman

Postponed Contest

Scheduled Feb. 4.

The Buchanan-Bridgman game at Bridgman which was postponed because of the large amount of snow on hand, will be played there on Feb. 4, according to a statement issued by Mr. H. Orniston.

Last year the undefeated "Bucks" eked out a 28 to 25 verdict at the lakeside camp, but this year the Bridgman five will be back for vengeance. The game here Friday will furnish some dope on what can be expected on the 4th, regardless of the result, the game should be very close.

More's the Pity

Sure Sign

Russians are refusing to let herings caught off the English coast.

Editorial

The beginning of a new semester, as well as the beginning of a new year, is the time for good resolutions. These resolutions should be made with the express purpose of keeping them—otherwise they will be of no benefit.

Every high school student should resolve to get more good out of the time spent on studying. He should make up his mind to study, and then concentrate until the lessons are thoroughly learned. Ten minutes of concentration is worth more to a student than an hour of mere reading. After one has learned the art of studying, he can spend more time for pleasure.

Hitting the Basket

The jolly "Acorns" surely gave the dope bucket a wallop by downing the "Bucks." After losing to Stevensville and Bridgman by a heavy score, the men of Johnson should have been "slop" for the locals. But they weren't.

Maybe the Buchanan boys had an off night, but from the sidelines it appeared to be nothing more than a rank case of over-confidence. However, the "Acorns" seemed to have quite a little good fortune in finding the basket.

A game like that will be too bad against Bridgman. The dope shows no hope for the "Bucks," but we have a hunch that it will be exceedingly close.

School Slants

The exam dragon on last week's horizon has disappeared for one more semester and in its place is a ray of sunshine. Some passed and some didn't.

So to other subjects they will go. To see again what they do or don't know.

The fifth hour assembly must be getting dull. It doesn't even hold attraction for such notables as "Kelly" Vincent and "Stub" Boyce. They decided they wanted a sniff of the open air and accordingly—what, oh, what can we do to hold them?

The Alpha and Beta, English essentials tests which the four English classes took along with their examinations, came out as a whole, very good. The Seniors had quite the lead in grades.

How's this? As an assignment History 12 got back on their Literary Digest reading material, so the student's friend, Mr. Orniston accordingly assigned four Digests for one lesson.

The Velmarian Literary Society met Monday during class hour for their regular monthly business and social meeting. An especially long program consisting of Maynard Post's imaginary review of the Kalamazoo game (Buchanan won, of course) was enjoyed greatly by the group. It certainly gave some enlightenment on some of our players.

The new football sweaters have arrived. They look great!

We are very sorry to learn of Mrs. Alma Fuller's accident which occurred near Lansing last Tuesday. Mrs. Mary Zerbe is teaching for Mrs. Fuller, fourth grade.

A meeting of the grade faculty was held last Tuesday. This is the first meeting planning the work for the coming semester.

Examinations for the first half of the year took place during the week of January 13 to 17. Results are encouraging as a whole. However, the parents are asked to come to either building at any time to ascertain more fully any condition concerning the pupil's work that is not understood by the parent. In this way a great deal of good may result in behalf of the pupil. Parents should study carefully the report cards as they show now the sum total of the work done by the pupil during the first half of the year.

Last week was Mrs. Leah Weaver's week as monitor in the halls during the noon hour. This week Miss Hopkins and Miss Olson will take charge. This work is strenuous at best. Parents can help immensely by not allowing the children to return to the building until one o'clock. The class room doors are not open until that hour.

Miss Tina Skeels, our Home Economics teacher, is serving delicious lunches at noon to the pupils. Last Wednesday the following menu was enjoyed: mashed potatoes, butter, salted sandwiches, cocoa, orange and corn starch pudding. Ordinarily around one hundred eat daily in the cafeteria.

Miss Abell of the sixth grade has done some extensive work in art this year. At the present, splendid showing of posters may be seen in her room. Each poster carries out different color schemes portraying children and pets around a bonfire.

Miss Gertrude Simmons has

completed her second project for the year—a health booklet made by her pupils. Good work.

Mrs. Reba Lamb, our school nurse, is now examining the pupils in both buildings in regard to their teeth, tonsils and general mouth conditions.

Mrs. Laura French, third grade teacher, received word this week from Western State that she had satisfactorily completed her Junior High Course, and a diploma would follow in due time. Congratulations Mrs. French. Continued success to you!

The attendance in the grades has been somewhat irregular, due perhaps to weather in some cases and to sickness in others. Pupils miss much even though they miss but a day. The interests are no the same if home or other conditions exact the absence of the pupils from their regular routine.

News has reached Buchanan of the accident experienced by Mrs. Mrs. Mills, formerly of Buchanan, and who taught English in our high school, under Mr. Egbert, and also under Mr. Stark. Details of the accident have not been learned but it is known that she slipped on the ice and injured her ankle and knee. Mrs. Mills is living with her daughter, Mrs. T. W. Dowker, near Charlotte, Mich., and we know would be glad to hear from any of her friends in Buchanan.

Miss Stella Lackey from the Thrift Corporation in Chicago, made us a pleasant call this week. Supt. H. C. Stark met with other school officials last Friday in Ypsilanti, in behalf of the schools of this county.

W. C. Buchanan, representing

Hall & McCreary Book Co., called up the school Monday morning.

Aged Woman is
Rescued After
Falling in Snow

Mrs. Caroline Fındal fell face down in the snow one day last week and could not arise without assistance. James Ferry came by and helped her into her house. Her arms and hands were purple with cold but she was unhurt otherwise. She is 82 years old and lives alone.

New Troy Civil
War Vet. Joins
Great Majority

Another old soldier has responded to the last bugle call on earth. Mrs. Joe Dillfield received word that a half brother, Marten Kimbal, aged 89, passed away at his home Thanksgiving Day.

Marten enlisted while living in Ohio and after the war came to New Troy. He lived here many years. Since leaving with his family he has had several homes and was the owner of a farm in Dakota at the time of his death. He passed away at Mt. Carmel, Ill., where he and his wife had been for some time. His health for the past five years has been poor. Before that time he worked constantly. He finally succumbed to old age. Besides his wife he leaves two half sisters, Mrs. Lydia Perkins of Niles. He was buried at Mt. Clemens, Ill.

New Troy Men
Can Do Everything
Except Explain

The party and program given at the Methodist Church Thursday evening by the male members acting as hosts and preparing and serving the supper and also arranging the program, was a great success. The money taken in was given to the ladies who are sponsoring the repairs of the church. The supper was very much enjoyed. Joseph Dillfield was chief cook. Ralph Sowersby had charge of the program. Everything was in the hands of the men except the explanation of the affair by Mrs. Piper, president of the Ladies Aid society, as to what was being done. She thanked the men for all work done by them and for the work on the building.

Mr. and Mrs. L. A. Boyd drove to Chicago Monday. Mr. Boyd returned the same day. Mrs. Boyd remained to spend a week or so with her son, Claud and wife, also a brother and wife of Mr. Boyd. Their daughter, Miss Katherine, will stay at the Piper home until her return.

The Ed. Brodbeck family moved Wednesday from the residence they have occupied since moving here to the one belonging to Sherman Penwell.

Robert Elder and family and Mr. and Mrs. Gerald English drove to Mishawaka Wednesday to attend the funeral services for Mr. Elder's sister, Mrs. Mary Miller, who passed.

HOPE OF HAVING HEALTH;
NEW MEDICINE WINS
FINE VICTORY.

MR. M. F. TAYLOR
"Konjola proved much more than a medicine in my case," said Mr. M. F. Taylor, 1008 Clay Avenue, Detroit, an employee of the Grand Trunk railroad, "for it put me back on the job after having had to lay off for quite some time. For three years I suffered from stomach trouble, and ailments of the liver and kidneys. I could not digest sufficient food to keep me going. I suffered from pains and bloating, and my system filled with poisons.
"A friend who called at my home recommended Konjola. I told him that I had lost faith in all medicines, but he insisted that Konjola was different. It surely was different, for just seven bottles restored my digestion, corrected my liver and kidneys and put me back to work. I am feeling better in every way than for years, and my wife and three boys are now taking Konjola."
Konjola is sold in Buchanan, at W. N. Brodrick's drug store, and by all the best druggists in all towns throughout this entire section.

tain lines that do not place airplanes at the disposal of their best salesmen, will find themselves as out of date as the salesmen that were using buggies when their competitors were travelling in automobiles.

In order to educate possible users of airplanes, the leading aircraft companies are employing many salesmen. Our company has recently begun to appoint an airplane dealer in every town of over 10,000 population, with factory representatives helping them to close likely looking prospects.

The automobile dealer will undoubtedly play an important part in merchandising airplanes during the coming year. This year will offer a golden opportunity for competent men and organizations to establish themselves in the field of airplane distribution and a large share of all money made in aviation in the near future will go to the airplane dealer.

Several of the better known companies are now offering airplanes on the deferred payment plan, and it is probable that the coming year will see more liberal

terms and a more general adoption of this plan.

There is not likely to be much change in basis design of planes in the near future, but the new models which many companies are bringing out in the spring, will incorporate many refinements in interior design and exterior appearance. There is a marked tendency to pay more attention to the comfort of passengers and distinctive appearance of the plane. Brilliant color schemes will probably be more generally adopted. The new planes will have a higher speed than the older models, obtained by using more powerful motors and better streamlining.

pensive motors, more complete equipment, and cabin refinements, airplane prices during 1930 may be higher.

We will shortly see all air coast to coast lines and it is probable that the rapidly increasing travel o nairplanes will bring about further reduction in rates.

More and more men and women are learning to fly and there is a rapid development of airport facilities all over the country, so that in the near future there will be scarcely a town of over 10,000 population that does not have a good landing field. The development of radio as an aid to navigation and production of more accurate instruments, is doing much to make piloting easier and flying safer.

The industry has passed thru the stages of engineering design

and financing, and in 1930 the greatest emphasis will be laid on placing airplanes and air transportation facilities in the hands of every possible user.

1st insertion Dec. 19; last Jan. 23 STATE OF MICHIGAN, in the Circuit Court for the County of Berrien, in Chancery.

Herbert Monawick and Lydia Monawick, Plaintiffs, vs. Nelson H. Brown and Marie A. Brown, husband and wife, defendants.

Pursuant to and by virtue of a decree of the Circuit Court for said county of Berrien, sitting in Chancery, made and entered in the above entitled cause on the 15th day of July A. D. 1929.

Notice is hereby given that I shall sell at public auction to the highest bidder at the south front door of the court house in the city of St. Joseph, Berrien County, Michigan, the place of holding the Circuit Court of said County on the Fourth day of February A. D. 1930 at ten o'clock in the forenoon thereof to satisfy in whole or in part the amount due under said decree, attorneys fee and costs, all that parcel of land situated in said Berrien County, described as follows:

Commencing at the northeast corner of the west half of the

northwest fractional quarter of Section Six, Township six South, Range Eighteen West, running thence south fifty rods; thence west thirty-two rods; thence north fifty rods; thence east thirty-two rods to the place of beginning, ten acres more or less; also that certain parcel of land in the township of Lake, Berrien County, Michigan, described as the east half north fractional half, northeast fractional quarter of Section One, Township Six South, Range Nineteen West.

Dated at St. Joseph, Michigan, December sixteenth, A. D. 1929.

John C. St. Clair,

Circuit Court Commissioner in and for Berrien County, Michigan.

W. R. Stevens, Attorney for Plaintiff, Business Address: St. Joseph, Michigan.

1st insertion Jan. 9; last Feb. 13 STATE OF MICHIGAN, the Circuit Court for the County of Berrien, in Chancery.

Abraham M. Gross and Essie Gross, husband and wife, plaintiffs, vs. Robert H. Beatty, the wife or widow of Robert H. Beatty, if any, Caleb J. Ingersoll and Celinda Ingersoll, his wife, Julia E. Beatty, wife of Samuel G. Beatty Jr., their unknown heirs, devisees, legatees and assigns, defendants.

Suit pending in the circuit court for the county of Berrien, in chancery, at the city of Saint Joseph, on the 7th day of January, A. D. 1930.

In this case it appearing from the bill of complaint and affidavit on file that the defendants' last known place of residence is unknown and it cannot be ascertained in what state or county said defendants or any of them reside, or whether or not said defendants or any of them are living or dead.

On motion of Frank R. Sanders, plaintiffs' attorney, it is ordered that said defendants cause their appearance to be entered herein within three (3) months from the date of this order, and in case of their appearance that they cause their answer to the plaintiffs' bill of complaint to be filed and a copy thereof to be served on plaintiff's attorney within fifteen days after service on them of a copy of said bill of complaint, and in default thereof, said bill of complaint be taken as confessed by said defendants.

And it is further ordered, that within forty days, the plaintiff cause a copy of this order to be published in the Berrien County Record, a newspaper printed, published and circulating in said county, and that said publication be continued therein at least once each week for six weeks in succession or that they cause a copy of this order to be personally served on said defendants at least twenty days before the time above prescribed for their appearance.

Dated, January 7th, 1930.

CHARLES B. WHITE, Circuit Judge

Take notice that the purpose of the bill of complaint filed in this cause is to quiet title to the following described land and premises, situated in the city of Buchanan, Berrien County, Michigan, to wit:

Commencing 17½ feet East of the Southwest corner of Lot one (1), Hamilton's plat, being the original plat of the village of Buchanan, thence East 19½ feet; thence North 66 feet; thence West 19½ feet thence South 66 feet to place of beginning.

Frank R. Sanders, Attorney for Plaintiffs, Business Address: Buchanan, Michigan.

1st insertion Jan. 16; last Jan. 30 STATE OF MICHIGAN, the Probate Court for the County of Berrien.

At a session of said court held at the probate office in the city of St. Joseph in said county, on the 8th day of January A. D. 1930. Present: Hon. William H. Andrews, Judge of Probate.

In the matter of the estate of Michael M. Zerbe, deceased, Mae Penwell having filed in said court her petition, praying for license to mortgage the interest of said estate in certain real estate therein described.

It is Ordered, That the 10th day of February A. D. 1930, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said court, at said time and place, to show cause why a license to mortgage the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said county.

WILLIAM H. ANDREWS, Judge of Probate.

BRITISH ISLES SHOWED GAINS IN TELEPHONES

Residential Telephones Have Made Largest Increase; More Rural Lines

At the close of the financial year which ended March 31, 1929, a study was made of the development of the telephone in England, Scotland and Northern Ireland. The figures, as now made available, indicate that there was considerable growth during the year.

In London the number of telephones increased from 578,322 on March 31, 1928, to 626,714 on March 31, 1929. This was a net gain of 8.4%.

The increase for England and Wales, excluding London, was 7.4%, for Scotland 5.5%, and for Northern Ireland 6.5%, making a total gain for the telephone system operating under the British Post Office of 7.6% which is considered very encouraging by the British authorities.

The total number of telephones in this area at the beginning of the new fiscal year on April 1 was 1,754,641.

The greatest gain in the British telephone system was in residence telephones, the net increase in such installations representing 61% of the total net gain.

The gain for the year in residence telephones represented an increase of 12.1% and for business telephones 4.4%.

Considerable progress was made during the year in connecting railway stations in rural areas with the public telephone systems. The number of rural party line telephones shows an increase of 2.4%, the number of exchanges increased by 12% and the number of public call offices by 1,810.

Picture transmission, initiated commercially in the Bell System in 1925, has become a recognized service in the United States. At present Bell System transmitting and receiving machines are in operation at the following points: New York, Chicago, San Francisco, Boston, Atlanta, Cleveland, St. Louis and Los Angeles. The equipment used was designed by the Bell Telephone Laboratories and manufactured by the Western Electric Company.

Recently a system using the same type of equipment has been put into operation in Great Britain. This system is operated over the lines of the British Postoffice for a prominent London newspaper.

The present installation consists of transmitting and receiving equipment at Manchester, a transmitting set at London and a receiving set at Glasgow. The results obtained have been so gratifying that additional apparatus has been ordered to provide a two-way operation at the London and Glasgow stations.

The present usefulness of picture transmission in Great Britain over distances short as compared to those in the United States lies largely in the demand throughout the country for London newspapers.

This has led to editions of London papers being printed at such outlying points as Glasgow and Manchester. Picture transmission permits distribution over the wires to these points of pictures, cartoons and display advertisements with the speed of news.

BUY YEAR'S SUPPLY OF PLYWOOD BY TELEPHONE

The contract for a year's supply of plywood was made recently by means of a Long Distance telephone call between the Boeing Airplane Company of Seattle, Wash., and the headquarters office of the Haskelite Manufacturing Company in Chicago. It was impossible for the Haskelite people to have their representative visit the Seattle firm at the desired time, so recourse was had to the telephone and the contract was closed in a few minutes.

The material was desired by the airplane company towards the completion of a fleet of eighteen passenger transporters for service between San Francisco and Chicago.

TELEPHONE INSTALLED IN MILAN CATHEDRAL'S DOME

A public telephone was installed recently in the dome of the Milan Cathedral in Italy. It had been placed in the cathedral for the benefit of visitors who desired to order carriages to await them at the cathedral door.

Another development is a tremendous increase in the number of public telephones. Two years ago Milan had only 134 such telephones. Early this summer the number had increased to 802, and it was expected that it would be increased to nearly 2,000 before the end of the year. These public telephones have been placed in every theatre and picture palace in the city and in many other public or semi-public buildings.

Mrs. Winch Records Sensations at First Glimpse of Lake Michigan

Words are feeble to describe the sublimity, solemnity and awe, the first sight of Lake Michigan brings to consciousness. The great trees, the whistling pines, the long sandy beach, the towering shore, the fragrant winter greens or the fallen leaves, was an adjacent panoramic view as I saw the lake in 1857. The little tributaries to the lake and the Galien river had dam sites that later became mill sites when the great destruction of Berrien county forests became frenzied. Men came to make or to retrieve fortunes. Capital came and built piers and sawmills. Farmer boys left their gilded over land and stump covered fields to work in saw mills. Better pay and less arduous work. George Fisher and his wife (Katie Watson) left their land near Buchanan and went to Chickaming. He went to work in a mill and she boarded Mr. Wray and two mill hands in his sawmill. The Watsons lived across two fields from Moccasin Bluff. I was fond of the entire family. When Katie asked me to go home with her and stay until some of the family came to see them, I was delighted. My mother consented, after persuasion. Mrs. Fisher's brother, Francis, took us there in the old farm wagon. For twenty miles the heavy wagon, jingling harness and plow horses, pulled along together, past the Broceus (Howe) then school house down over stretches of corduroy roads and stump covered fields.

Somewhere, a mile or two beyond the Sawyer and Roger's mills we reached the Wray place, after a long day's ride. It was then

was "Capitola, or the Hidden Hand." I never was ready to stop reading to go to bed, or to sleep after I got there. That frightful "Hidden Hand" was imagined before me always in bed.

Mrs. Fisher made two calico dresses and gave me a pair of shoes. She said I had earned them as we drove to New Buffalo for the goods Moccasin Bluff seemed colorless to me without the "Sun" and "Ledger." But I went at once to school. The Fishers returned to their farm near Buchanan. Katie and I often read together, something better than fiction.

In 1862 with egotism enough to think that I could teach school and with a flat pocketbook's urge, I again went to the "woods", still a territory of deep forest and sawmills. When I taught in Sawyer at noon I could hear whistles from six nearby sawmills. I loved the woods and stayed there several years. Mrs. Sizer (Minnie Vinton) who now lives in Sawyer, was not born when I taught six of her brothers and sisters, excellent children. The mother was an angel of mercy to me, young and inexperienced, among observing patrons. There were others in the woods kind to me also, when I needed it most.

Everybody in Buchanan once knew or heard of "Tommy" Fullin. Right here I want to thank his memory. Before I went to my school, untried and without means, I met him on the street. He said, "I hear you are going away to teach. If you need shoes or any thing before you go, come to the store and get it and pay when you get your pay." My pay, \$2 a week! He was my good Samaritan for I needed shoes—sure—at war time prices that had begun.

W. C. T. U. NOTES

Perhaps some are wondering why the church bells were rung last Thursday. If you will think back ten years you will remember that a certain amendment to the U. S. constitution was passed which said that "we the people" wish to prohibit the manufacture, sale, transportation, exportation and importation of intoxicating liquors.

Before prohibition this country spent three times as much money for drink as was spent for running the entire government, including the army and navy. Our drink bill was two billion dollars a year, which poured into American throats a stream of intoxicating liquor that would have filled a ditch three feet deep, six feet wide and longer than the distance from New York to Seattle.

Most of these two billion dollars are now spent for better homes and home furnishings, automobiles and savings accounts. We now have the world's highest standards of living and we have several times more automobiles than all the rest of the world combined. Prohibition has increased our health, the general death rate is lower; while the enormous expansion in education is well known.

All around the world the people are looking enviously at America—free from the curse of the saloon—the world knows we are the wealthiest nation. We work better, produce more, and get more out of our work and while other nations are devising ways and means of meeting untold burdens, we alone have a surplus in our national treasury.

The people of this country are happier, wealthier and healthier than any other people on earth. If such results have come to us as a nation largely because of prohibition, even though it has been imperfectly enforced, shall we be foolish and say we don't want any more of it, or shall we say, it is an occasion for thanksgiving, and then each of us do our part to bring about even better conditions?

However, too many of us who have witnessed the hardships and sufferings—both physical and mental caused by the drink habit of the ones to whom children have a "personal" right to look for food and shelter, the economic question is not the most essential one. We grow-up talk a lot about infringement of personal liberty, forgetting apparently that these little ones need some one to present their claims. Child welfare is a living issue before the American people today and all who love children should deem it a privilege to deny themselves for their sakes if not for their own.

Such are the thoughts expressed in an attractive leaflet, five hundred of which were passed out to the fifth and sixth grades and the Junior and Senior High, at our school, Friday afternoon following a half hour program, including a play, entitled "Why the Bells Rang" given by the local W. C. T. U. at the General Assembly hour. The W. C. T. U. have sent in to

their national headquarters a standing order for five hundred leaflets each month this year for general distribution. The second installment of leaflets have arrived which are entitled "Give It a Chance" and these may be obtained at either of the banks or at the Post Office. Please get one and read it, and then pass it on to some one else.

KONJOLA MAKES SALES RECORD IN 48 HOURS

ORDERS FOR 15 CARLOADS OF MEDICINE RECEIVED—BUSINESS EXPLAINED.

What is believed to be a record in the history of the prepared medicine business is reported by the Mosby Medicine Company, Cincinnati, manufacturers of Konjola. In 48 hours, during the week of January 1, 1930, orders for fifteen carloads of Konjola were received. This was not the result of a special sales drive, but the orders poured in during the regular course of business, when many great wholesale drug companies sought to replenish their stock after taking the customary annual inventories.

Commenting upon this unprecedented order, Mr. G. M. Mosby, president of the company said "This means that more than a quarter of a million bottles of Konjola are needed at once to supply the demand, and this record-breaking bit of business, which I believe to be unheard of in the merchandising of medicine, may be attributed to two factors. One of them is the merit of the product, and the other is the consistent newspaper advertising back of Konjola. Certainly such an order, coming from various sections of the country within two business days, is a fine commentary upon the far-reaching effect of the newspapers that carry Konjola copy."

Speedy Relief For Sore Throat

This Doctor's Prescription Requires No Gargling.

No longer is it necessary to gargle and choke with nasty tasting medicines to relieve sore throat. Now you can get almost instant relief with one swallow of a doctor's prescription. This prescription was refilled so often and became so popular that the "druggist" who originally filled it decided to put it up under the name Thoxine and make it available to everyone. The remarkable thing about Thoxine is that it relieves almost instantly, yet contains nothing harmful. It is pleasant tasting, and safe for the whole family, and is guaranteed to relieve sore throats or coughs in 15 minutes or money back. Just ask for Thoxine, 35c, 60c and \$1.00. Sold by The Wisner Pharmacy and all other good drug stores.

Berrien County News in Brief

TWIN CITIES MAY VETO SUPPORT OF BLOSSOM FESTIVAL

BENTON HARBOR MAY DIVERT MONEY TO COMPLETION OF CITY MARKET.

Berrien County may be without a blossom festival in 1930, as a result of the indication expressed by the city commission of Benton Harbor to withhold their customary financial support in order to concentrate on the new market at Ninth and Bond Streets. It is likely that if Benton Harbor withholds support, a like action will be taken by the St. Joseph commission. Last year Benton Harbor provided \$3,280 and St. Joseph, \$2,200, total subscriptions from all sources amounting to \$5,480. These funds were provided by the one mill state levy authorized by the state legislature for advertising, educational, recreational and exploitation purposes.

Children Like this Safe Prescription

COUGHS AND SORE THROAT RELIEVED ALMOST INSTANTLY.

Stop children's coughs and sore throats before these ailments lead to dangerous ills. Thoxine, a doctor's prescription, now assures relief within 15 minutes to children, as well as adults without the danger in the use of patent medicines containing harmful drugs. Thoxine works on a different principle, goes direct to the source of trouble and relieves the irritation which causes the coughing and sore throat. Ideal for children because it is safe and does not have the usual "nasty-medicine" taste. No gargling. Just ask for Thoxine, put up ready for use in 35c, 60c and \$1.00 bottles. Money back if not relieved. Sold by The Wisner Pharmacy and all other good drug stores.

Twin Cities Revive Merger Proposition

Directors of the Benton Harbor Chamber of Commerce selected a committee of seven to study the feasibility of merging the Twin Cities, to co-operate with a similar committee appointed by the St. Joseph Chamber of Commerce.

The Benton Harbor committee includes Frank Prudeaux, M. J. Hall, A. W. Filstrup, E. F. Barnard, L. J. Gorton, Vere Beckwith, and F. G. Mamer. Manufacturing, retailing, banking and jobbing are represented.

The St. Joseph committee includes Frank A. Kelbie, W. E. Hatch, Louis C. Upton, W. V. Tiscornia, Robert Carlton, Harry Rimes and W. F. Murphy.

The two committees will get together soon to discuss the future of the sister cities and to study the problems which will arise if consolidation is attempted.

Benton Harbor Man Nabbed for Violation of the Liquor Laws

Albert Poschke of Benton Harbor was placed under arrest on Thursday on a charge of violation of liquor laws when a squad of deputy sheriffs searched his home and found five gallons of moonshine liquor. The officers arrived at the home just in time to witness the sale of a pint of the liquor.

Berrien and Mich. City Police Stage Fast Double Play

Berrien County and Michigan City pulled a fast double play Wednesday when they caught a certain Mr. Faunce of Iowa at the Indiana penitentiary town, an hour and a half after he had decamped from St. Joseph, with Supervisor Walter H. Eldson's new sedan. Eldson had parked his car in front of the court house and shortly afterward went out to find it gone. He notified Sheriff Bryant's office and police of neighboring cities were immediately informed by wire. The Michigan City police headquarters sent two men to a point on U. S. 12, four miles out of town. They saw the car, a new Chevrolet Sedan, pass at a rapid rate, and gave chase. The car raced four miles at the rate of 65 miles an hour, but the officers overhauled the man when he was obliged to slow down at the edge of Michigan City.

County Gets 50-50 With St. Joe Bank In Interest Dispute

The controversy between the Berrien County Board of Supervisors and the Union-Banking Company of St. Joseph over the payment of interest by the latter on \$200,000 of county funds was the board Thursday by a compro-

settled before the adjournment of mise arranging for payment on \$100,000 and deposit of the remaining approximately \$100,000 without interest. The Union-Banking Company was named as the depositor a year ago by virtue of its offer to pay 3.1 per cent, as compared with 2 per cent previously paid by depository banks. As a result the county received \$34,264 in interest last year, or about \$10,000 more than would have been received under the old two per cent plan.

St. Joe Coast Guard Boat Joins in Search For Missing Man

A coast guard motor boat from the life saving station at St. Joseph was taken to South Bend Saturday to aid in dragging the river for Arthur Butler Williamson, principal of the John F. Nunn school, who disappeared last Tuesday night from his home on the banks of the stream.

Four Twin City youths were painfully hurt when their car skidded and struck a tree at the intersection of East Main and Seely Streets in Benton Harbor Saturday. Those injured were: Melvin Webber, fractured pelvis; Adolph Gusse, severe head lacerations; Walter Raschke, driver, facial cuts; Amiel Mashke, minor bruises.

DEWHIRST ASKS COURT TO OUST MARY PURNELL

WOULD EJECT "QUEEN" AND 216 FOLLOWERS FROM HOUSE OF DAVID.

Petition was entered in the Berrien County Circuit Court Monday to oust "Queen" Mary Purnell and 216 of her followers from the House of David. The request was made by H. T. Dewhirst in the answer and cross bill filed to reply to the cross bill of Queen Mary to the suit brought by Mrs. Elizabeth Bamford against Mrs. Purnell and the House of David for \$35,000.

Mrs. Bamford seeks reimbursement.

ONE SURE THING
As someone once said, "You can't get poor taking a profit." True, but of first consideration is to make sure you will have the chance to take it. And what can you find more dependably profit-producing than a Savings Account? As surely as the year rolls around, it will pay you 4 per cent compound interest—and you can count on it in advance.
In fact, what better move could you make during 1930, than to open a Savings Account now—and add to it, regularly, all during the year?

Tune in
for finer cooking and leisure hours
THE magic of an Oven Heat Regulator will transform the wearisome hours now spent in watching a tricky oven into a new adventure in meal preparation—a far simpler process with leisure hours for pleasanter tasks in home-making. Until you've once cooked a meal on a modern Gas Range, you'll never realize how much time is being used to no avail.
In baking, you merely move the dial to the exact temperature required for perfect results—why, it's as simple as tuning in on the radio!—and you can leave the kitchen until the meal is served. With a whole world of pastimes to choose from, why should you be obliged to put up with the whims of an old-fashioned, heat-wasting cook stove?
Don't delay another day! See our complete display of Modern Gas Ranges.
