## Now Here's the Proposition

Celebrity Chasers  
Bi Haws

I never thought that it was wise to tick the boots of other guys; if they are doing heads anytime. Why should I clutter up their time or add more to their weight of cares?

I've got my work and they got theirs. They can accomplish nothing grand while I stand and saw their hand.

And I'm neglecting work of mine. The while I wait five hours in line for Ford and Lindy, Herb and Cal Buba, Ruth and Edison and Al. I have no time, when work is done to gallivant to Washington. To hear some wild gazaboo shout. Of stuff he don't know much about.

But any time that Herb or Cal decide to come this way I shall devote a minute more or less in my own place of business. To listen to the yam they tell. And shake their hands and wish 'em well.

I'll vouch that they won't have to stand five hours in line to shake my hand.

## IT SEEMS EISELE OR HIS CHEVROLET BECAME MISLAIN

### TALE OF MYSTERIOUS DISAPPEARANCE OF LOAD SPUDS IN SOUTH BEND.

Harrowing details of how one William Eisele, resident of Portage, Mich., lost or mislaid one Chevrolet truck plus a load of potatoes on South Lafayette Street, South Bend, and found it a short time later, two blocks away, with the potatoes and all else intact, believe it or not, and use your own judgment how it got there, are contained in the following relation forwarded the Record by some friend or otherwise of Mr. Eisele: Last Friday morning Mr. Eisele loaded up his Chevrolet truck with potatoes and ventured to South Bend to deliver them to his customers. On entering the block South Lafayette, he decided to stop his truck and go to a nearby store where he had a few bushels of potatoes engaged. On returning to the spot where he had left his truck only a half hour before, could find nothing of his Chevrolet truck and only an empty space left by the vacancy of the truck stared him in the face.

Mr. Eisele then decided to go to the police station as he felt he could do nothing himself. There he told him that if he looked around in the neighborhood where it was parked, he might be able to find it, as many times cases similar to this had been solved in a very short time and only a few blocks from where it was taken. Feeling some better by the little encouragement they had given him, he started back to the spot he first left his truck. He walked still farther this time on South Lafayette, thinking he might find it in that direction.

In the 500 block he saw a truck much to the likeness of his, although it seemed then he could hardly imagine ever seeing it again. There it set, however, headed the opposite direction from what he had left it and all the potatoes still on it. It seemed that some one had good intentions of getting away but some way could not make the truck go as they thought it should.

## Free Foot Clinic

### For Needy Patients

The Podiatrists of South Bend have succeeded in starting a Foot Clinic in the Salvation Army Hall on South St. Joseph Street, in South Bend. It is only the larger cities in the United States that have had free foot clinics for the unfortunate and poor. South Bend and surrounding cities and towns are fortunate in having a clinic specializing in the scientific treatment of distorted and lame feet.

The clinic is open every evening at seven o'clock. All Podiatrists in the city are supposed to take part in this great work. In the past four weeks Drs. L. K. Hunch, Schindler and Snyder have given their time to the clinic work. Buchanan charities are invited to send patients to this clinic.

## CAMPBELL CO. ASSETS WILL BE SOLD TODAY

Grant of Application to Sell By Court is Matter of Form.

CREDITORS INFORMED  
Bid Received From Studebaker Company on Patents.

Notice was received Monday by stockholders and creditors of the Campbell Transmission Company from Circuit Judge Charles E. White that the application of the receivers, William F. Harrah and Herbert Roe, for the right to sell the assets of the company would receive a hearing at the Circuit Court at 9 a. m. Thursday, March 17.

Upon the granting of the application for the right to sell, it is anticipated that all of the assets, including the real estate, machinery, equipment, patents, blue prints, engineering data and drawings will be offered for sale, to the highest bidder. The action of the receivers in seeking court permission to sell was precipitated by an offer received from the Studebaker Company of South Bend for the patents.

A second notice advised all the creditors of the company whether stockholders or not, who have valid claims based on services or materials furnished, to file such claims within 90 days.

The receivers state that anyone who wishes to bid on any of the assets of the company should attend the hearing to be held March 17 and be ready to bid in the event that the application is granted, which is entirely probable.

## HEAVY RUN OF SAP REPORTED IN BOYLE BUSH

EXCELLENT FLOW REPORTED IN LARGEST BUSH IN SOUTH BERRIEN CO.

The maple sap run has been unusually good to date but present indications point to a short season, according to Clarence Boyle, who is now operating the largest syrup making plant in southern Berrien County, tapping 1300 trees and running two evaporators.

Tapping was started in the Boyle bush Feb. 26, a few days too late to take advantage of the heavy run which occurred during the last week in February. The yield of sap has been excellent to date, and a force of two barrel sleds and several men have been gathering the sap for the storage cistern which feeds the evaporators.

The sap is unusually thin this year, Boyle states, with a low sugar content, and he is securing about one gallon of syrup to fifty gallons of sap.

## Marcus Preston Leaves Monday for Veteran's Hospital

Marcus H. Preston left the first of the week for Waukegan, Wis., to enter the Veteran's Hospital there for treatment for injuries incurred in the service. He secured entrance through the intercession of the Ralph Rumbaugh post of the American Legion, the local welfare representative, Dr. E. T. Waldo, having spent several months working on the case.

Mrs. M. P. Snyder was brought home Tuesday from the Dowagiac hospital and is reported to be making a very rapid recovery from her recent operation.

Mr. and Mrs. James Boone have as guests Mr. and Mrs. R. A. Myler of Detroit.

Mrs. Ida Rice, Miss Eleanor Rice and Miss Lucille Andrews spent the week end in Goshen where they were guests of relatives.

Mr. and Mrs. C. D. Arnold and daughters were guests of Mr. and Mrs. Norman Kitzner of Battle Creek Sunday.

The Lewis Patterson property on Sylvan Avenue has been purchased by Mr. and Mrs. Crosby Griffin.

## No Real Hard Times in America Says Mrs. Wonderlich

"Some Americans are hanging their heads and sobbing about hard times but they have still to learn about hard times," said Mrs. Richard Wonderlich of Buchanan, who arrived at her home here Thursday of last week after spending the winter at the home of her parents in Vienna, Austria. She is a woman who lives near the home of my parents in Vienna, who had a good job in a bank before the war. Now he maintains his family on a small payment from the government and by selling pencils on the streets. There are men with families who have had no regular work for years. Men are losing heart and hope entirely after years of almost complete unemployment. Many of the factories which contributed to the wealth of Austria before the World War have never opened since."

Mrs. Wonderlich said that Vienna still held its place as one of the great world centers of music, and that it was still one of the most beautiful cities of the world but its glory has been somewhat diminished by the hardships endured during and after the war. As with all other parts of western Europe, Vienna is becoming Americanized in many ways. American automobile manufacturers are buying the Austrian factories, as they are the factories of other European countries.

A large proportion of the cars seen on the streets were made in America. New business buildings are similar in style to American business architecture. The women of Austria and all other parts of Western Europe which Mrs. Wonderlich visited were practically the same styles as the American women, although the new long styles have been more generally accepted there.

Mrs. Wonderlich visited in Paris, France, while enroute and at Hamburg, Germany, on her return. She stated that she found a very friendly attitude toward the Americans in Germany and the opposite among the French, who in many cases manifested an inhos-

pitality toward American tourists, even pretending ignorance of the English language when they knew that they were speaking to people from this country. The same complaint about hard times and unemployment was heard everywhere.

She made the voyage to Europe on the steamship Milwaukee of the Hamburg line, and returned on its sister ship, the St. Louis. During the return trip she was out in a severe storm lasting 5 1/2 days.

This was the first trip that Mrs. Wonderlich had made back to her native land since she came to this country 7 1/2 years ago, an emigrant girl, unlearned in English, to accept a position in a home near Sawyer which she had secured through a relief worker acquainted here.

Bradley Brothers Begin Construction of Fuller Pavilion

Construction was begun Monday by Bradley Bros. on the Clear Lake pavilion to replace the one owned by C. H. Fuller which burned down last fall.

The new pavilion is to be 40x70 feet in dimension with a dance floor, store room, dressing rooms and shower baths, all on the same floor. It will not be on the same site as the one destroyed by fire, but is being constructed several rods north along the lake shore, on the site of the small cottage formerly used as a store. This latter structure has been moved to a different location and fitted up as a cottage.

The new pavilion will be completed about April 1, according to Charles Bradley. C. H. Fuller, who is wintering at Deland, Fla., is expected home soon after that date.

George Habicht of LaGrange, Ill., is a guest at the home of his brother, Frank Habicht.

Maple Sugar Season Returns Again to Berrien Country

It is maple sugar time again in Berrien County and the pale golden sap is dripping in thousands of pails out in the sugar bushes, to be converted into syrup in the evaporators and thence routed to the breakfast tables of the nation as a dressing for the 1931 buckwheat crop.

The sap started running freely the last week in February, from a week to ten days earlier than last year, and was marked by an unusually heavy initial flow. This is a great advantage to the quality of the crop, as the early sap makes the best syrup. After the buds begin to swell, the sap is likely to be bitter.

Last year the early swelling of the buds deteriorated the quality and brought the run to an early close with less than average production.

While the maple sugar and syrup making industry has shown some decline during the past two decades, the number of trees tapped shows little decline and has become quite stable from year to year. The small change from year to year seems to merely reflect the change in weather and economic conditions at the time of tapping.

The average yield last year was 1.52 pounds of sugar per tree, or less than three-fourths that of the average for past seasons. It is estimated that 97 per cent of the crop was made into syrup, which

## VOTERS REQUESTED TO CHECK THEIR REGISTRATION

TRANSFER OF NAMES TO THE NEW BOOKS MAKES ERROR POSSIBLE.

The attention of Buchanan voters is called to the notice printed elsewhere in this issue announcing arrangements for registration on March 15, 22, and 29.

While re-registration of voters is required, it is nevertheless advisable that all voters see City Clerk Post at this time and make sure that they have been entered in the right precinct. This precaution has been made necessary by the division of the city into two voting precincts and the transfer of the names of the voters in new registration books. Due to the fact that the addresses were not entered in the old registrations, when the entire town was one precinct, it is possible that in transferring some may have been entered in the wrong precinct. This would not nullify their vote, but would make it necessary to transfer it to the right precinct on election day, causing extra work which it is desirable to avoid.

## Mayor Hathaway Arrives Thursday From Deland, Fla.

Mayor and Mrs. F. C. Hathaway arrived in Buchanan Thursday from Deland, Fla., where they had spent the latter part of the winter. Mr. Hathaway reports a strict supervision and considerable crop confiscation in that district as a means of combating the ravages of the Mediterranean fly. He was obliged to submit to search of his car for "bottle" oranges or grape fruit twice enroute home.

He had as neighbors Mr. and Mrs. C. H. Fuller, who will return here in about six weeks.

Announcement was made the first of the week by Mrs. Annette Turner, supervisor of census in the Twelfth District of Michigan, of the appointment of Mrs. Nellie Boone and Mrs. Grace Wissler to conduct the enumeration for the city of Buchanan.

Wiley Wikel, 72 Expires Monday

Wiley Wikel, aged 72, died at 11:20 a. m. Monday at the home of his daughter, Mrs. J. C. Conrad, Moravia Street, after an illness of five months.

Mr. Wikel came to Buchanan Nov. 11, 1929, from Port Wayne, Ind., at which time he was stricken with pneumonia, death resulting from complications which followed.

He was the son of Jacob and Mary Wikel, and was born in Randolph County, Ind., July 20, 1857. Thirty-four years ago his wife passed away and two years ago a son, Fred, also preceded him in death.

Surviving are three daughters, Mrs. Lily Conrad of Buchanan; Mrs. Mabel Wallace, rural route, Niles and Mrs. Pearl Bressler of Potomac, Ill.; a son, Leslie, of Ann Arbor; grandchildren and great grandchildren; a brother, William Wikel, of Camden, Ind.

The body was taken to Camden Wednesday morning and funeral services will be held from the Deer Creek church of that place at 2 o'clock. Burial will be made in Musselman cemetery, Camden.

## Buchanan I. O. O. F. To Confer Degree In S. B. Chapter

The Buchanan Lodge, 75, I. O. O. F. first degree staff will exemplify the work before a class at the Robert Blum lodge at South Bend, Thursday evening, March 20.

Mrs. John Sarvene of Detroit, is a guest this week at the H. R. Adams home.

## SCOUT HEADS FROM AURORA VISIT CAMP

J. M. Guest Replaces C. E. Palmer as Camp Executive.

PLAN OPEN NIGHTS  
Director to Foster Relations With the Community.

J. M. Guest, recently appointed director of Blackhawk Camp, summer headquarters of the Aurora (Ill.) Boy Scouts, and a party of faculty members were week end visitors at the camp, taking in-voice and making plans for the 1930 vacation season.

Guest stated that he had recently been appointed to fill the vacancy left by C. E. Palmer, who has entered the profession of banking in Chicago. He plans to hold week end camps here beginning in May, the main boys camp opening June 24.

In the party accompanying Guest were assistant director Macdonald Rothwell, naturalist Sylvester Miller, water front director John McWeathy, clerk LeRoy Sebastian, swimming director Royal Bartlett.

Plans to hold one or more open nights in which the visiting Boy Scout work will be staged and the people of Buchanan will be invited to visit the camp.

"It is my plan that while the Aurora boys are summering here they will be part of the Buchanan community," he said. "We will do quite a bit of business here, purchasing supplies from local stores and we want the people of this district to regard us as neighbors during our residence here."

The party stated that they found everything in fine shape and unimpaired. The usual mid-winter camp during the Christmas vacation was omitted this year, due to the cold weather prevailing during the Christmas holidays.

## Spring Grading Of Dirt Streets Commenced Mon.

The grading of all dirt streets in the city was begun Monday by Street Commissioner Ed. Mitchell, the frost having entirely left the ground. District of Michigan streets were completed the first day.

## Appoint Census Enumerators For City of Buchanan

Announcement was made the first of the week by Mrs. Annette Turner, supervisor of census in the Twelfth District of Michigan, of the appointment of Mrs. Nellie Boone and Mrs. Grace Wissler to conduct the enumeration for the city of Buchanan.

When it reached the proper consistency, it was placed in pans to make cake sugar or stirred in the kettle to form loose sugar better suited to domestic purposes.

When the sap was running freely, the tenders would often remain to boil the syrup all night. The later run of sap occurring about the time the buds began to swell, would not granulate and was usually made into syrup. Families would often make from 300 to 500 pounds of sugar and buy no other sugar.

The Indians made maple sugar before white settlement, and tradition reports that the Potawatomi had a sugar camp in one of the groves on the west bank of the St. Joseph river north of Buchanan. They made troughs of birch bark, securing sheets 18 inches square, which they turned up at the corners and fastened with thongs, making boxes nine or ten inches square. They made incisions in trees with their hatchets, into which they drove paddles, flattened and hollowed on the upper side. Their kettles were made from sheets of iron from six to sixteen gallons in capacity. They clarified their sugar by using blood of animals which they killed from day to day for the purpose. The sugar made by them was soft, and had little grain. It was packed in birch bark boxes holding from 75 to 100 pounds for transportation and sale.

## PINMEN COMPETE FOR SWEEPSTAKES IN LOCAL ALLEYS

LOCAL CLUB WILL BE HOST TO CRACK BOWLERS HERE MAR. 23.

The class of the pinmen of southwestern Michigan and northern Indiana will be seen in action on the afternoon of Sunday, March 23, in the alleys of the Buchanan Bowling Club in the Sweepstakes competition to be sponsored there by the local club.

The contest is opened to all, the only condition being the payment of \$1 entrance fee and 50 cents bowling fees. The club will pay \$5 to the contestant rolling the highest individual score. The entrance money will be divided among the high men in the three game single series as follows: first 35 per cent, second 25 per cent, third 20 per cent, fourth 15 per cent, fifth 5 per cent.

## Petitions Out for Wilson Leiter and Henry Adams

The list of filings for city of fice remains the same as reported last week, according to City Clerk Post, but it is known that petitions have been circulated in the half of the candidates of Wilson Leiter for commissioner to succeed himself and of Henry Adams for supervisor from the south precinct. Ed. Mitchell has filed for constable from the north precinct, but there is as yet no filing for constable from the south precinct.

## HARRY PLACE HOME GOES UP IN BLAST

Dynamite Stored in Home Thought to be Responsible for Explosion.

NO ONE INJURED  
Caretaker has Narrow Escape when House is Blown to Atoms.

The farm house on the Harry Place farm seven miles northwest of Buchanan and a mile north of the Glendora stone road was blown to fragments by a mysterious explosion about 6:30 a. m. today, the caretaker, James R. Dillavou, escaping death from the fact that he had left the building only a few minutes before.

Dillavou lives alone at the Place farm, and had gone to the barn about 100 feet away after breakfast to finish caring for the stock. A few minutes after the barn was rocked by a tremendous explosion and he rushed out to see the fragments of the house coming down out of the air. A wood shed about 60 feet away was badly damaged and the windows were blown from the barn. The house and all its contents was an entire loss.

The cause of the explosion is unknown but it is surmised that the owner, Harry Place, former highway construction contractor, had possibly stored dynamite in the attic and that in some way it was touched off.

Dillavou had been employed at the place only a short time and stated that he was totally unaware of the presence of explosives. A neighbor stated that he had seen dynamite fuses in the house, sometime before. The structure was about 20x20, a one and a half story. The wreck indicated that the force of the explosion had come from above, very likely from something stored in the attic.

Harry Place, the owner, formerly lived there but had moved to Summerville several years ago and is now a highway commissioner of Cass County. He has been employed at the Clark plant here part of the winter.

Neighbors stated that the force of the blast was tremendous, indicating a heavy charge of explosive.

## B. & P. W. Club Is Entertained at Bertrand Home

The members of the South-Bend and Niles Business and Professional Women's Club were guests on Friday evening, March 7, of Miss Helen Roth and her sister, at their beautiful home overlooking the river in Bertrand. A lovely dinner was served at 6:30 to seventy-eight guests, there being fifty-four from South Bend, twenty-five from Niles and two from Buchanan.

The club had a very clever way of raising a few extra pennies for the treasury. The dinner was served at 60c and little extras were sold for from 1 to 5 cents each. There were tables for bridge and each person desiring to play paid 10 cents and 10 cents was also charged for the deck of cards. Two fortune tellers were present and were kept busy most of the evening telling the fortunes of those present. A toe dancer performed several very pretty dances and a reader also helped to make the evening a very pleasant one.

The program was quite varied and the guests were made to feel very much "at home." Everyone went away feeling happy and assured their hostess and the entertainment committee that they had had a most enjoyable evening.

## Robert Stapp Aids Rescue of Remains of Slain Aviators

Word was received this week by M. P. Snyder that his son-in-law, Robert Stapp of Lake Arrowhead, Calif., was a member of the rescue party which extricated the bodies of Pilot James Dole, Co-Pilot Albert W. Eieber and Steward John W. Slaton from their wrecked plane, which had crashed a few miles from the Lake Sunday, Feb. 23. The lost machine was a tri-motored Western Air Express. Transport plane. Stapp stated that they were obliged to chop the bodies from the wrecked fuselage. Mr. and Mrs. Stapp visited here last summer.

## News From Galien and Vicinity

### MILES DE VOE WAS LAID AT REST IN GLENDORA WED.

HAD LIVED ON GLENDORA FARM FOR PAST 30 YEARS; 50 YEARS OLD.

Miles DeVoe, 50, died early Monday morning at the home of his wife, Mrs. Henry Swen, northwest of Galien, and was buried on Wednesday afternoon in Weesaw cemetery.

Mr. DeVoe was born in the state of New York July 29, 1879, and came to Michigan in early manhood, settling on a small fruit farm near Glendora, where he spent the remainder of his life. He sold the farm last summer to his nephew, Warren Spaulding of Grand Rapids, retaining a life lease. In November his health became poor and he left the farm to spend the last few months at the Swen home. He was married to Miss Josephine Brown, who preceded him in death 30 years ago. Their only child, William DeVoe, died 24 years ago. He had been a rural school teacher in Berrien County.

DeVoe is survived by a half brother, Charles DeVoe, of Three Oaks. A brother, George DeVoe, died in St. Joseph last June. Two nieces surviving in this vicinity are Mrs. Arthur Proctor and Mrs. Henry Swen.

The funeral was held from the Swen home at 3 p. m. Wednesday. Rev. McKnight of Galien, officiating. The burial was in Weesaw cemetery.

## ARTHUR JOHNSON TALKS TO SCOUTS ON WORLD WAR

EXHIBITS FINE COLLECTION OF SOUVENIRS BEFORE TROOP 41.

Arthur Johnson, a Buchanan doughboy, does not know from experience the actual dread of the mud bespattered soldiers in the trenches of the western front in the climatic season days of 1917 and 1918, nor has he experienced the horror of the zero hour or the thrill of "going over the top." For the war was nearing its end by the time he reached France and before he could be detailed to duty in the front lines the Armistice had been signed and four years of warfare was at an end.

However, he experienced much of the actual horrors of the great conflict and saw at first hand an abundance of evidence of war's terrible handiwork. He spent a year in France. He was one of the large army who remained in the war zone to perform the work of rehabilitation and restoration. He helped clean up the debris of war. He was part of the organization assigned the task of salvaging or destroying the abandoned war accoutrements strewn over a wide area in the Meuse, the Argonne, Belleau Wood, and other sectors.

He has a story more interesting, more gruesome, yet more romantic than that offered in any best seller in fiction since a duke was assassinated in a small town, in central Europe in 1914 to precipitate a world conflict.

He told his story Monday night to the members of Buchanan troop of boy scouts, No. 41, at their regular weekly meeting in the M. E. church.

He told of the horror in knowing that the transport, "the Cedric," that was transporting his contingent to France had been hit by a German submarine as it neared the end of its voyage. He told of how he and several hundred other khaki-clad and cantonment-trained troopers made ready to jump to the pontoon rafts that had been lowered into the Irish sea. And just as they were prepared to take to the rafts, the English coast line was sighted. The slowly sinking ship steamed slowly into Liverpool to end an experience that will live with him always.

Mr. Johnson was assigned as a clerk in the U. S. Army post office and he handled as many as 5,000 incoming and outgoing parcels, letters and post cards in a single day. He was also part of

the department that salvaged broken and abandoned implements of warfare, and literally tons of this came through his department daily.

He brought back a large collection of interesting relics such as guns, helmets, sabres, bayonets, cartridge belts, canteens, gas masks and numerous other articles. He has possibly the largest collection of such relics in south-western Michigan and some of the most interesting of these, many of which have an interesting story, he

showed to the scouts and they were more than mildly interested. Among his collection of souvenirs which he displayed to the boys were five swords, two from the German army, with the treacherous saw edge and the attachment that could easily convert it from a sword to a bayonet, and three from the American army, one of which had been the property of a fallen American officer.

Bridgman Plays in Top Form

in All the Games of

Tournament.

After walloping Berrien Springs in the semi-finals, Buchanan's basketballers found themselves on the receiving end of a 26 to 11 defeat administered by an extremely "warm" outfit from Bridgman.

Bridgman was "on" and had no trouble at all hitting the basket, while the "Bucks" played a mediocre game and seemed to have much difficulty in getting the ball to roll in. Emil Ott led the scoring with five baskets, three of which were one-hand shots from the foul line, and a free throw, while "Juggy" Pierce led the losers with three baskets and a charity toss.

Pierce's short shot against Ott's pot shot and first one-hand basket gave the lakers a 4 to 2 advantage in the first quarter, but in the second quarter they rang up 9 points while the "Bucks" were getting 4.

The game was very clean, Buchanan having but four personals called on them while Bridgman had seven.

HITTING THE BASKET

The district tournament at Niles furnished a few aspects that should be mentioned. In class "D" the Berrien Springs defeated at the hands of St. Johns, headed the list. After building up a lead of 16 to 3 at the quarter and 20 to 9 at the half, the Saints saw the scrapping forward-burgers pull and finally pass them and only a nice long shot saved the day for St. Johns.

In class "C" the first upset was the Bridgman-Three Oaks farce. Although the former state-champs were hoped to win, they expected quite a battle from the Acores, and expected them to get at least one basket.

The other big surprise was the Bridgman-Buchanan score. The "Bucks" seemed to have as much misfortune at hitting the basket as Bridgman had luck in hitting it. However, the lakers have a fine team and a wonderful defense, and should get a long way in the elimination.

The "Bucks" meet tough opponent Thursday at Kalamazoo, when they back up against the Paw Paw aggregation. And should they get through that one they meet either Bridgman or St. Augustine. Quite an assignment, but we've lots of hopes.

Girl Athletes

Turn From Cage

To Volley Ball

Basketball is over now and volleyball will begin in earnest sometime in the near future. The Juniors and Seniors have already had practices and have selected their teams. The freshmen and sophomores will have practices soon. In order to save time, a single elimination will be held among the classes of high school and junior high.

The Latin classes enjoyed some slides loaned us by the Extension department of the University of Michigan. These slides were of Roman houses, furniture, dishes, locks and other common household articles. There was an interesting bit of lecture material which came with these slides and which we heard read, as we saw the slides.

32 TO 16 IN TEN

SEMIFINALS.

Cochs Bradford's "Bucks" earned a trip to Kalamazoo when they overcame the Berrien Springs cagers, 32 to 16 in the semi-finals Friday night. Buchanan ran up 27 points in the first 20 minutes of play before Graham dropped in a short shot.

Buchanan displayed a clever passing game and had many open shots, most of which were used to advantage. Coach Bradford used his reserves in a large part of the game and it was against these that Berrien scored most of their points. Pierce and Lawson led the scoring with 8 points apiece while Williamson led the losers with 6. Wetzel's floor work and Knight's defensive play were the other high lights of the game.

Grade News

2nd Grade—Mrs. Fischner

The following boys and girls were 100 in last week's spelling; oral, written and spelling match: Evelyn Eimer, Catherine Wynne, Betty Jane Burgoyne, Lorne Anderson, Virginia Arnold, Mary Schindler, Edward Pascoe, James King, Richard Mayhew, Lester Hanover and James Lezenby.

Mrs. Fisher's Fourth Grade

In connection with our "Dutch Song Table" we are reading "Rat and Kat" and "The Dutch Twins" and are learning interesting things about Holland.

Mrs. Lamb gave us some little booklets entitled, "Colds." For our Health lesson Friday afternoon we made posters from these booklets.

Mrs. Zerke read to us Whittier's, "The Barren Boy." We talked about the word picture by the poet in the lines:

"With thy red lips, redder still  
Kissed by strawberries on the hill,"

"Then we compared Whittier's word picture with Sir Joshua Reynolds' painted picture, "The Strawberry Girl."

We are enjoying "King Arthur" stories.

5th Grade—Miss Hopkins

It is very interesting to see the cocoons hatch into pretty moths after having seen the caterpillars spin under observation last fall. The boys and girls of the fifth grade enjoyed special reports on Italy, given by the members of the Knowledge group last Wednesday.

Fourteen Palmer awards were given in Miss Hopkins' room this week.

There are fourteen working on Improvement Certificates, seven working on finals and one on the Business Certificate.

Kindergarten—Miss Vandenbark

Billy Bunney has gone to "Story Land" on his vacation. He told us that when he arrived there he meant to have dinner with little Miss Chicklet, in her best sitting room where there were lovely shells in a little glass cupboard and second's feathers in a vase on the mantle. We know he will have many stories for us when he comes back.

When Billy Bunney returns we mean to surprise him by being able to read many of our stories.

Kindergarten—Miss Ebbert

Thursday morning during recess several of our boys dramatized the story of "The Three Billy Goats Gruff." They used the porch at the back of the building for the bridge over which the goats tripped.

"Shirley Mae Roberts drew some tulips for our blackboard with colored chalk.

Twenty-five of our boys and girls can either print or write their first names. Some of them can print their last names.

Barbara Jean Swartz, Jean Dalrymple, June Dekker, and Josephine Pascoe are half-way thru the Beacon Reading chart.

Editorial

Every student must admit that the school library is of an immense value to him. Many students who use it constantly do not yet know the proper procedure for getting a book or a magazine. For every book he takes out, the student should write a slip with his name, the title and author of the book, and the volume if it happens to be an encyclopedia. These slips should be given to the librarian for filing.

Reference books should be taken on for one period only, while others may be kept for a week and renewed for another week.

NOTRE DAME HEAD

PHILOSOPHY DEPT

SPEAKS AT H. S.

DEFINES REAL MEANING OF

CULTURE TO STUDENTS

AND FACULTY.

The Rev. S. A. Reamers, instructor in History and Philosophy at Notre Dame, was the speaker at last Friday morning's general assembly. He chose for his subject, "The Real Meaning of Culture." Few of the students of the Junior and Senior high school or of the faculty, who so thoroughly enjoyed his brief talk, realized that the speaker was a man of national reputation. He has translated many valuable works of foreign writers into the English language, while he himself is the author of several books used in our own colleges and universities. He is the holder of three honorary degrees, including that of the doctor of philosophy.

Father Reamers said in the course of his talk that "True Culture is best typified by the person who offends neither God, himself or his neighbor." A true gentleman or gentlewoman will possess reverence and devotion to God above all else, will not offend himself or herself by wasting his time, cheating or pretending to be something he is not; and will not offend his neighbor either by action or by an untidy personal appearance. His advice to the students was to achieve as much as possible through their school work, pay special attention to neatness and cleanliness and to measure for their school this motto, "For God, for Country and for Our School."

ASSOC. PRESENTS

HEALTH PROGRAM

SPEAKER COSTUMED AS IN-

DIAN PRINCESS SPEAKS

IN SCHOOLS.

A health program based upon Indian folk lore will be presented before Buchanan school children on Monday, March 17, by Miss Gladys Morse, a member of the child health education department of the Michigan Tuberculosis association. Dressed in native buckskin costume, Miss Morse will relate a group of Indian legends, comparing the struggles of the heroic red men against their foes with the fight that must be waged today against the forces of ill health and disease.

She will urge plenty of fresh air, good food with milk, fruits, and vegetables predominating, exercise, and long hours of sleep as important aids to health. Good living habits will be emphasized in the program as the best preventives against tuberculosis.

Miss Morse tells her health stories under the name Princess Watassa, meaning "Bearer of Happiness." She is a graduate of Michigan State College, where she majored in nutrition work. Her appearance locally is made possible through funds secured by the Michigan Tuberculosis Association in the sale of tuberculosis Christmas seals.

SCHOOL NEWS

"Whether it's in the classroom, on office or home, the purpose of lessons or directions is to get people young or old to desire, to walk the second mile. The purpose of the first mile is to start walking willingly unassisted the second mile."

Supt. H. C. Stark called a general faculty meeting last Thursday at 3:45. Points of general as well as specific interests were discussed.

Mrs. Heim entertained the fourth grades Thursday afternoon in the auditorium by giving a health play. The fourth, fifth and sixth grades are working overtime on

the material, letter writing, which is to be used in the county contest sometime in May.

The fifth grade increased their number by three this last week. Blanche and Elsie Blantz, Colvin District, and a boy from Battle Creek.

Harvey Moran of Ann Arbor, representing a life insurance company, called in the schools last Thursday.

Material has reached us through the agency of Miss Mae Mills on the essays to be written by the pupils of our school. A prize is to be awarded to some pupils in each room whose work is considered the best.

We are very proud of our new Elson third readers which the superintendent allowed us to have. Our pupils are most anxious for the reading hour to come.

Mrs. Alma Fuller was able to visit us last Wednesday at the close of the school day. Although Mrs. Fuller is on crutches she seems to be happy, feeling well and expects time to do much for her in a few weeks.

"The final aim of training, whether in the home or the school, is not to get young people fulfilling the direction of others. Rather the final aim is to get young people wanting to do what is right without the direction of others."

No school last Monday on account of the County Institute held at the high school auditorium in St. Joseph. Miss Margaret Egbert, County Commissioner, had charge of the meeting. M. B. Bryan of Chicago and Mr. McCutcheon of Ann Arbor, appeared on the program.

Our little ones in the Kindergarten rooms are using the hammer and saw, making bird houses from pieces of boards secured from Mr. Muller's Manual Training department.

The Phi Kappa met at the home of Arthur Anderson last Tuesday night for the purpose of initiating two new members, John Strayer and Philip Henrich. These boys were nominated for membership some time ago, but were unable to be present at the other initiation.

After the fun, the club settled down to business and discussed dues, club pins, literature and money for the annual.

NEW TROY SCHOOL NOTES

Primary Room

Percentage of attendance for the past month is 94. The following were either absent or tardy: Arthur Elbert, May Pearson, Berkeley Ritchie, Grace Stewart, Marie Brueck, Jane Coupe, Ruth Marks and Anna Brueck.

We have a good start on our collection of old papers and magazines. Captains for the competitive sides are Jane Coupe and Mary McKenna.

We are putting on a special health program with the co-operation of the Home Economics girls. We will be weighed once a month and watch our progress in connection with good health habits. We make appropriate posters and learn health angles. One of the girls in the H. E. class tells us a good health story each week.

Honor Roll

1st grade, Anna Brueck, Shirley Liskey and Victor Pearson. 2nd grade, Jane Coupe, Virginia Michalski and Max Yeak.

3rd grade, Robert Keefer, Dorothy Pearson, Peter Ritchie and Alden Sexton.

4th grade, Hazel English, Billy Hanover, May Marx and Helen Ritchie.

5th grade, John Bihlmaier, Theodore Sexton.

6th grade, Harry Coupe, Elizabeth Gooding, Wallace Keefer, Doris Liskey, Aline Knapp, Edith Marx, Henry Marx, Kenneth Pearson and Jay Sexton.

7th grade, Stephen Bihlmaier, Norman Andre, Margaret Smith and Janet Kelley.

10th grade, Virginia Keith, Alice Oake, Ellen Sexton.

11th grade, Doris Peterson, Francis Shermak.

12th grade, Katherine Boyd, Paul Conklin, Philip Sexton, Clara West.

The senior play, "Dollar Down" is coming along nicely according to reports from Roy Keefer, the senior advisor. This is one of the leading events of the year and promises to be one of the best senior plays given in years at this school.

Michigan Reaches

Thirteenth Place

Among Oil States

While Michigan ranked 13th among the 19 states in the United States producing oil in 1928, it had jumped to 43rd place last year according to national computations received by the Geological Survey Division of the Department of Conservation.

The production for Michigan last year has been estimated at approximately 5,000,000 barrels of oil.

In the amount of oil produced per well per day in 1929, Michigan ranked fourth among the 10 oil producing states, the statistics show.

# The Old Timer's Corner

## Old Timer Recalls Halcyon Day When the Circus Came to Town

When the circus came to town, we were all there at the side track at about 3 or 4 a. m. to watch them unload. It was great to treat for us to watch them handle the animals and roll the big gaudy wagons containing the lions and tigers (and even the snakes) down onto the ground and haul them over to the circus lot and stick up the "big top" and stretch the ropes tight and open up the flap and make the "ring" etc. etc. It made the blood in every youngster's heart tingle with the excitement and the unusual, while he had to wait until afternoon of the same day, to spend his 50c to get in and see the real show. Sometimes we would get a "job" carrying water for the animals and get a "free pass" for the show, or even a "side show," but they sure made you earn the ticket, all right. But what was "work" in such a glorious cause? It was exciting and it was more like play.

Well, it's time to go to the show and with heart beating fast and eyes wide open, to miss no detail, we find the kid (who might have been you or I), watching the parade pass through the streets and when he buys his ticket and is sitting as close as possible to the "ring side" and listening to the brass band and watching the clowns make monkey business to entertain him. Then come the performers, the trapeze people, the tight rope walkers and horses, with necks arched and flowing manes and tails, with their bare-back riders, jumping thru hoops, etc. Then came the animals and maybe some trained seals and all the rest.

With a bag of peanuts or maybe pop-corn, and with eyes bugging out, he sits thru the show that seems to last only a minute, and then the show is over and if you are lucky and have money enough to stay for the "oleo" or after show. Some clowns and dancers and specialties of one sort or another and then you are hustled out into commonplace things of every day life again and you feel a sort of a "let down" within yourself and you wander homeward, but with quickened step, for you have an idea that is fast forming in the back of your head and what follows?

I don't believe that there ever was a small boy, raised in the country or small town, that did not think he wanted to have a circus of his own. They all do it. So for some time you will find him trying to teach "tricks" to the plow horses and the driving horses, get their necks tightly drawn back to make their backs arch and look like the ones in the circus, and he tries very hard to do the stunts that he saw done in the show. He stands up, unsteadily at first, and rides at a slow walk and later perhaps gets so he can even sit down and get up again on one or both feet, while the good old horse wonders what it all about and pugs along the best he knows how.

But that is not all. The dog

an and publisher of the "Advent Christian Times." The printing plant for that paper was in the two story frame directly south of the Pears mill and East of the Advent church on Oak street, and my recollection is that it was erected especially for the housing of that business. It was later used to house the cabinet shop of the Browns, and later by Ed. B. Weaver and Squire Vinton in turning marble ornaments. Walter Himes was a civil war veteran and thru the mediation of Congressman Julius Caesar Burrows was appointed clerk in the pension office, and moved to Washington, D. C., since which I have never heard of him.

I am watching with interest when the old "Narry" gauge right of way shall be paved thru from Buchanan to the VanPatton corner, so I can ride my motorcycle that way to St. Joseph.

### Buchanan Underlaid By Valuable Mineral Says John Holmes

Editor Record

It was thirty years last July since I moved from Buchanan and in that time there has been quite a transformation in the "Old Town", as I read the accounts in the Record from time to time. Rynearson farm, platted and built up as Liberty Heights, Warner Hamilton farm platted and built up, Fulton farm, ditto. Bartness and Sicksafoose farms as Fette addition, built out to the Dutton farm and others.

There was at one time a nursery, operated by the Willett brothers, one named Ira, covered the Bartness and Sicksafoose tracts. I do not know when it was started but in 1882-3 my brother Enos bought Northern Spy and Maiden Blush trees enough to plant a 25 acre orchard. The next place, later owned by Fred Andrews, was owned by "Billy" Woods, a sort of "Roly-Poly" fellow, red headed and jolly. That was then the only house between the Bartness place and Duttons, then the C. J. Ingersoll farm. There is a mineral deposit underlying the city of Buchanan that will some day become one of the good industries, when some one comes along who can appreciate its value and know how to utilize it. The deposit covers a lot more territory than the city.

A bit of a tip that is good in or out of a printing office: In wrapping a newspaper for mailing so wrap it as to have the folded edge of the paper covered by the edge of the wrapper and protect the reading matter from chafing in the mail. I was taught that trick by Walter I. Himes, youngest son of the well known Rev. Joshua V. Himes, former minister in Buchanan.

Miss Ollie Swank returned to her home in Gallen after spending several days helping care for Mrs. James Renbarger, who has been quite ill.

Mr. and Mrs. Jesse Goodenough of Chicago, spent Sunday with Mr. and Mrs. James Renbarger.

Mr. and Mrs. Gerald Noggle of Buchanan, Mr. and Mrs. Victor Styburski of Glendora, Mr. and Mrs. Chris Bergman of Chicago and Mr. and Mrs. Chester Sorgetz spent Sunday with Mr. and Mrs. Lewis Truhin.

Mr. and Mrs. Will Newitt and son were callers Sunday in the Currie McLaren home.

Mrs. Herbert Goodenough spent several days last week with her mother, Mrs. Earl Roberts.

Charles Bohn was in South Bend Tuesday helping Kenneth Bowker move his household goods into their new home.

Mike Bowker is gaining nicely from the effects of a stroke of paralysis. He is able to move his arm and limb some.

Zach Kinne was taken to LaPorte Thursday to the hospital. He is suffering from blood poisoning and bad kidneys. Zach Kinne, Jr., and Mrs. Ross of Three Oaks, were called to his bedside Monday.

Mr. and Mrs. Chester Sorgetz have moved to a farm near St. Joseph.

Col. John Seymour was invited to Battle Creek Saturday evening to preside at a banquet given by the 338th Infantry.

Mrs. Ira Lee and Mr. and Mrs. Russell McLaren and daughter were in Niles last week one day.

### KONJOLA PUT SAGINAW MAN BACK TO WORK

VICTIM OF SEVERAL ILLS HE  
THOUGHT HE NEVER WOULD  
SEE ANOTHER WELL DAY.

Konjola, master medicine for the stomach, liver, kidneys and bowels, and for rheumatism, neuritis and nervousness, is not designed to give mere temporary relief. Its goal is new and glorious health. Read the words of John Guthrie, 183 South Oakley Street, Saginaw:

"Konjola put me back to work. I had stomach trouble so bad that many a time on my way to work I had to sit down until the attack of pain passed. My kidneys gave me trouble, too, and I was bothered with night risings. Then neuritis developed in my shoulder and left arm. Finally I had to give up work altogether."

"I read an endorsement of Konjola by a man I knew, and I talked with him about this new medicine. He urged me to try it. He said Konjola was what I needed. Well, it certainly was just that, for after the third bottle I was able to go back to work. I took in all eight bottles and am feeling fine in every way and a different man in disposition and health."

Konjola is sold in Buchanan at W. N. Broderick's drug store, and by all the best druggists in all towns throughout this entire section.

Mr. and Mrs. James Catherman, Mr. and Mrs. Paul Pence, Leslie Smith of South Bend, Floyd Smith and family, Mrs. Della Swank of Gallen, Mr. and Mrs. Ralph Goodenough and daughter spent Sunday in the Dell Smith home. A birthday dinner was served for Paul Pence, Mrs. Dell Smith and Miss Coral Matthews.

Mr. and Mrs. Lyle Nye entertained Sunday, Mr. and Mrs. Alan Brown and son and Mrs. Marion Kizer of Sodus, James Huston of New Carlisle and Mrs. F. A. Nye. The Mesdames Nye celebrated their birthdays, there being two large birthday cakes on the table. The guests brought a large angel food cake decorated with pink frosting and red, yellow and green candles on top. It surely was a red letter day.

### To Ban 26,000 Unfit Cars From Michigan Roads

Twenty-six thousand unfit automobiles will be removed from the Michigan highways during the coming year under the national highway safety plan which is being undertaken by various companies in the automobile industry, as announced by the National Automobile Chamber of Commerce. The program will involve the ex-

penditure of close to \$1,000,000 in this state. Nationally, the motor companies plan to scrap 400,000 old automobiles in 1930, at a cost of about \$15,000,000.

The program is characterized as "perhaps the greatest single safety move in industrial history," by Alvan Macaulay, president of the Automobile Chamber, and former chairman of its Street Traffic Committee.

"This widespread experiment will strike right at the heart of the unsafe vehicle problem, by eliminating a huge block of those cars which are in the poorest condition," says Mr. Macaulay.

"The rattle-trap car is only one factor in the accident difficulty. Unsafe, incompetent, and reckless drivers, as well as reckless pedestrians, cause a large proportion of the accidents. Blind curves and other highway defects are also to blame. The industry hopes, however, that this drive for the extermination of unsafe cars will set a standard of action which will be helpful to the entire situation."

One of the hazards of the highway situation has been the rattle-trap car which keeps reappearing on the road after it has presumably been sent to the discard. The aim of this program is to guarantee the actual scrapping of the vehicle. The plan will be worked out by each company participating, in line with its general sales policies and the volume of its pro-

duction. R. H. Grant is chairman of the committee which worked out the details of the program. Other members include: C. H. Bliss, J. E. Fields, Paul G. Hoffman, H. W. Peters, Courtney Johnson, Edward S. Jordan.

## Here is the complete story of the important new development in Motor Oil

It is incorrect, perhaps, to call this story complete. The complete story would be the record of months of work in one of the world's greatest oil research laboratories.

That is past. The important thing now is to tell you what this new motor oil will do for your car.

First of all, it means a tremendous reduction in the carbon nuisance. New Iso-Vis Oil actually reduces carbon formation far below most oils selling today at premium prices.

One reason for this is the fact that New Iso-Vis is a wholly distilled oil. Made by a special process, its sturdy body is not obtained by the usual method of adding undistilled parts of the crude.

New Iso-Vis also makes possible better lubrication at extremes of temperature—both high and low. It not only gives better starting, and a free flow of oil in cold weather, but it does not break down under high engine temperatures.

In addition, New Iso-Vis resists dilution and will not thin out in your crankcase. The enormous importance of this feature cannot be exaggerated. Ninety percent of all crankcase dilution takes place during the first 200 miles of driving. By overcoming this dilution, Iso-Vis assures you of lubrication not only when your oil is fresh but

right up until the time you change.

With Iso-Vis, the important reason for changing oil is not because of thinning out—but because it is impossible to prevent a certain amount of dirt from getting into the crankcase which must be removed by drainage.

New Iso-Vis is, we believe, the most important advance ever made in motor oil. Every Standard Oil dealer and service station can now supply you.

A view of one of the great "stills" in which this new oil is refined. The process differs in some respects from any methods heretofore developed. Countless laboratory experiments were made. Only then were our engineers ready to announce these final results.

Notice the Color of New Iso-Vis: It is a rich amber. New Iso-Vis is a wholly distilled oil. Its sturdy body is not obtained by adding undistilled parts of the crude.

These vials show the different amounts of carbon formed in the same motor after 30 hours of running under exactly similar conditions with four different oils. Iso-Vis is at the extreme right. Carbon in the other vials is from three premium-priced oils.

## New ISO-VIS 30<sup>th</sup> quart Motor Oil

The New Polarine is also affected by our new refining process—giving it a degree of lubricating efficiency which is believed to be exceeded only by the New Iso-Vis. The price is 25c a quart.

## Social, Organization Activities

## Bible Day Observed

By Monday Club  
Mrs. W. E. Runner was hostess to the members of the Monday Club at her home this week. "Bible Day" was observed. The meeting opened with a duet by Mrs. Myrtle Kean and Mrs. Flora Jennings, accompanied at the piano by Mrs. Thomas Rice. The song was "My Mother's Bible." Mrs. Runner read the 23rd Psalm from a German Martin Luther Bible, which had been in the family for 200 years. Mrs. J. C. Rehm showed a German Bible 117 years old and a testament which her father purchased in 1862 and carried with him all during the war. Mrs. Fowler, Mrs. Miller, Mrs. Kent, Mrs. Kean and Mrs. Wooley also gave short histories of their bibles. Mrs. M. Redden gave a history of Mrs. A. A. Worthington's Bible. Rev. Thomas Rice of the M. E. church gave a talk on the bible, giving the origin, the literature and the practical use. Mrs. Kean and Mrs. Jennings then sang, "The Precious Word." Miss Eva Chamberlain read an article on "The World's Best Literature," after which Mrs. Fowler read an interesting piece about the "Little Brown Church," which is located near Natchez, Ia. Roll call was "Famous Churches of the World." The club closed by singing "The Little Brown Church." Mrs. J. C. Rehm will be hostess to the club next Monday.

To lessen the number of accidents to children crossing the streets, special signals, which flash a "Stop" sign when a child presses a button, have been installed on Paris streets.

"Women are all powerful if they choose to use the weapon God has given them—the tongue," declared Miss Margaret Lawrence, parliamentary secretary to the ministry of health, during an address recently at Nottingham, Eng.

A Gutenberg Bible, printed on vellum, is valued at more than \$250,000.

## Sore Throat?

Don't Gargle

This Doctor's Prescription Gives Quicker and Better Relief.

Don't suffer the pain and discomfort of sore throat. Use a doctor's prescription called Thoxine guaranteed to relieve with the very first swallow. Gargles and salves are too slow and if they do relieve, it is usually only temporary.

Thoxine has a double action—it relieves the soreness and goes direct to the internal cause. It contains no harmful drugs and is safe and pleasant for the whole family. There is nothing better to stop coughing due to irritated throats. Just ask for Thoxine, put up ready for use in 50c, 60c and \$1.00 bottles. Money back if not relieved. Sold by the Wisner Pharmacy and all other good drug stores.

## STATE COLLEGE OFFERS PRIZE TO MICH. SHEPHERDS

The Michigan shepherd who places his ewe flock in the Wolverine Lamb Production Contest and then feeds and develops the winning lambs will receive \$75 as first prize, according to an announcement made by the animal husbandry department at Michigan State College.

To qualify for the contest, the owner must have a flock of 20 ewes and a purebred sire must be used. The ewes may be grades or purebreds. The contest will be determined by the average weight of the lambs when 135 days old. Entries for the contest should be made to the animal husbandry department, to county agricultural agents, or to club agents before N. Broderick, Druggist.

the first ewe in the flock has lambed. The final entry date is May 1.  
Inspection of the flocks entered will be made by county agricultural agents or by committees appointed by him within seven days after the last ewe has lambed. A report of the dates of birth, number and sex of the lambs must be filed in the office of the county agent.

## 2 GLASSES WATER, NOT TOO COLD, HELPS CONSTIPATION

One glass of water is not enough—take 2 glasses a half hour before breakfast. You get quicker and better results by adding a little simple glycerin, saline, etc., known as Adlerika, to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you never thought were in your system. Adlerika stops GAS and sour stomach in 10 minutes! Repartment, to county agricultural agents, or to club agents before N. Broderick, Druggist.

## A la mode

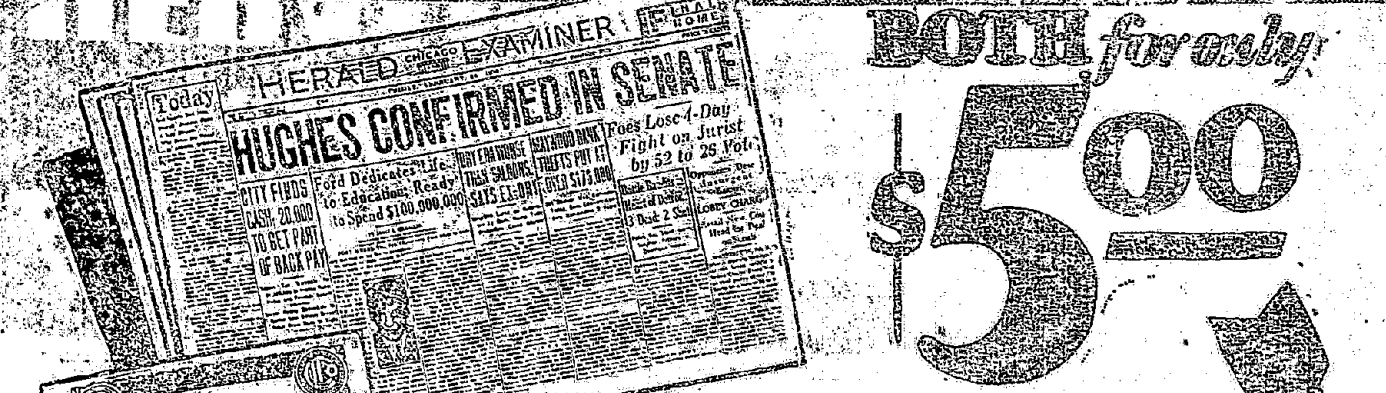

Paris sets the styles in women's dress for the world. London is the arbiter in matters of dress for men. But, New York and Chicago, Boston and San Francisco and hundreds of smaller cities and towns throughout the United States may know what are the latest styles even before they are shown in Paris.

A seeming paradox, but true. Merchants maintain representatives in Paris, London, Vienna and other European style centers who cable the latest news of the modes, and ship samples long before they are sold abroad. In America, the news is translated into advertisements and printed by local newspapers throughout the United States. And so, American women are able to dress in the latest styles in dress more accurately than the women of any other country on the face of the globe.

Advertising keeps you abreast of the times in other ways. It tells you of the newest and best in every line of merchandise. It keeps you posted on what other people are doing and wearing and using. Read the advertisements. They are truthful and helpful. You can depend on their accuracy, for the reputations of the merchants sponsoring them guarantee their integrity.
