

KETCHUM FARM PICNIC ORATOR

Blues Begin Series With Niles New York Central Nine Here Sunday

Now Here's the Proposition

On being Depressed by Depressions

By Haws
If you and I just worked ahead
And didn't worry what was said...

Vocal Soloist Will Be Feature Of Band Concert

An excellent crowd attended the band concert last night, enjoying the cool evening which followed a day of unusual heat...

Mrs. Anna Rouse Buried Wednesday

Mrs. Anna Elizabeth Rouse, 82, passed away at her home at 214 Cecil Avenue, Buchanan, at 12:10 a. m. Monday, July 7, and was laid to rest in Oak Ridge cemetery yesterday afternoon.

St. Joe Valley Shipping Assoc. Elects Officers

The board of directors of the St. Joe Valley Shipping Association held its reorganization meeting last night, re-electing the former officers.

COUNTY TITLE MAY HANG ON THE OUTCOME

Present Blues one of Strongest Representing City in Many Years.

WINS 7 IN 8 STARTS
Manager Mead Makes Strong Bid for Attendance at N. Y. C. Series.

Baseball history may be written at the Athletic Park diamond during the next two weeks when the Blues and the New York Central nine of Niles try conclusions in two games, with the possibility of a third game on August 3 if necessary to decide supremacy.

Manager Fred Mead has built up one of the strongest Blue aggregations that has represented the town in many years, with a record to date of seven wins out of eight starts, including some of the strongest nines in the St. Joseph River Valley among the opposition.

According to an arrangement in effect this season ladies and children under the age of twelve are admitted to all local games without charge.

Manager Mead announces the following lineup for the opposing teams: Buchanan - catcher, Phillips; first base, Nash; second base, Swit; short stop, Bailey; third base, Mellstroup; left field, Brown; center field, Miller; right field, Bovee; pitcher, Smith.

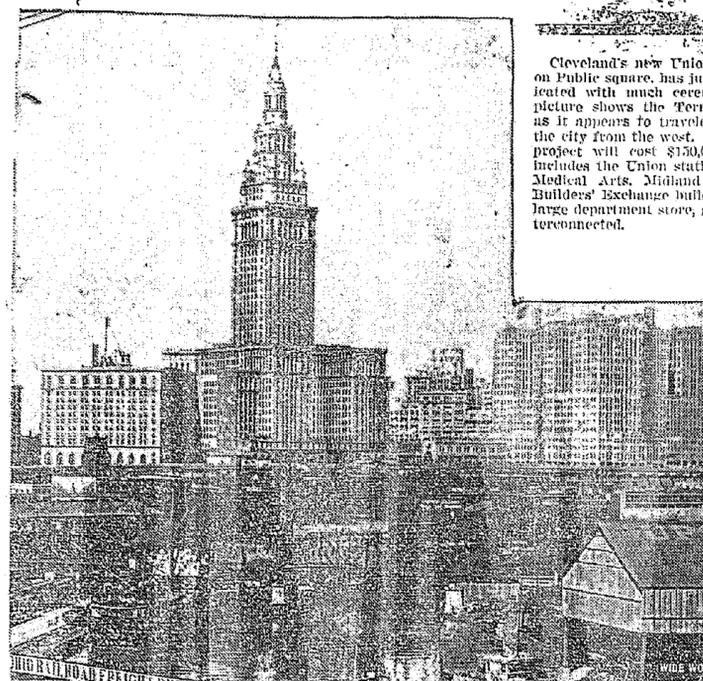

Rebekahs Hold Installation of Officers Friday

The installation of newly elected or appointed Rebekah officers was held Friday evening, with Mrs. Nekele Elster and Mrs. Otto Reinke in charge.

St. Joe Valley Shipping Assoc. Elects Officers

The board of directors of the St. Joe Valley Shipping Association held its reorganization meeting last night, re-electing the former officers.

Muir & Sands have completed tearing out the partition which formerly set off a store room in the Smoke House, throwing the whole ground floor into one larger room.

BANQUET FRIDAY FOR OFFICIALS MICH. AIR TOUR

NILES CHAMBER COMMERCE TO BE HOSTS; GOV. GREEN GUEST OF HONOR.

Reservations are rapidly being recorded at the Niles Chamber of Commerce for the banquet Friday evening in honor of officials and pilots of the second annual Michigan Air Tour, at which Gov. F. W. Green is to be a guest of honor.

Also preparations were going forward for handling the throng expected to pour into Niles during the day from all the surrounding territory to witness the scheduled big air circus and arrival of the several score of planes in the tour, as well as a squadron of six army planes that are to come from Selfridge field.

The committee feels certain that the experiment the city of Niles is making, designed to test whether attractions and regular service can make a municipal airport self supporting, will be successful.

Instead of charging for parking space, the committee has reversed the order and will give free parking on the old airport adjoining the new one, with a nominal charge, 25c admission.

Scouts Dramatize Battle of Lexington at Batchelor's Island

The historic Battle of Lexington was dramatized at Camp Waters headquarters of the Chicago Heights Boy Scouts on Batchelor's Island, when the camp was divided into two bands, one designated "British" and the other "Minute Men" and both were armed with a sackful of flour.

World Champion PRESIDENT EIGHT Now 122 horsepower 130 inch and 136 inch wheelbases \$1850 to \$2600 at the factory. World Famous COMMANDER EIGHT Now 101 horsepower 124 inch wheelbase \$1585 to \$1785 at the factory.

Free wheeling is here!

STUDEBAKER, Builder of Champions, presents improved, enlarged, more powerful editions of seasoned Eights - the world champion President, the world famous Commander - plus free wheeling. Free wheeling is a triumph of that same Studebaker progressiveness that pioneered the popular priced Eight - seasoned in and proved it to the satisfaction of over 100,000 owners. Today the whole industry is following the Eight trend that Studebaker inaugurated three years ago. A New Experience. Prepare to drive the most unfettered, yet most obedient car in the world - a car that literally floats along, in gear and fully controlled, yet free and silent as though there were no gears! You shift with silence and safety from high to second, back and forth, at any speed - forty, fifty miles an hour - and never touch the clutch! The instant you lift your foot from the throttle, no matter how swiftly you may be traveling, your engine drops to idling speed - with no forcing of the engine by car momentum - with no sensation of "piling up". You know, of course, that Studebaker Eights hold many world records for speed and endurance and more American stock car records than all other makes combined. But

the increased power of the great Studebaker Eight engines which drive these new cars is a revelation. Save Money, Too. With free wheeling, you save 12% on gasoline, 20% on oil - and the heavier traffic the greater the saving. Carbon is reduced. The terrific reversal strains thrown on rear axle, clutch and transmission of an ordinary car are utterly unknown. You are ready for any emergency of road or traffic on the instant. No sudden grabbing of the new Duo Servo brakes - no swerving. Instead, a smooth and reassuring drop in speed - swift as your own dictates. Your steering gear rights itself after a turn - automatically the car swings to "straight ahead". Your car, floating at each spring-end on oil-sealed ball bearings, rides friction-free. Variable in Appearance. All the new delights of free wheeling are yours as the crowning achievement of Studebaker's 73 years of manufacturing integrity. They are yours in new bodies, utterly bewitching in eye appeal. Visit the nearest Studebaker sales room. Drive one of the New Series Studebaker President or Commander Eights. Get a first hand experience with free wheeling. We promise you the thrill of your life!

Shift from high to second at Forty... Fifty miles per hour and never touch the clutch! Saves 12% on gas, 20% on oil - even more in heavy traffic... Reduces carbon, lessens strain on engine and transmission. You don't have to touch the clutch except to start or back up. Your car momentum never forces your engine - no sensation of "piling up" when you decelerate - You literally glide along. Your car is surprisingly quiet in every speed... uncannily silent when you're free wheeling. You are safer because you have absolute control of your car... You can shift at any speed... There is less hazard of skidding!

# Blues Add Two Wins To String of Victories

## STRENGTHEN CLAIM UPON COUNTY TITLE

Second Victory Over Stevensville Demonstrates Blue Superiority.

**NASH STARS AT BAT**

Secure Running Start in the First Inning to Trim Elkhart Moose.

If there is any sandlot baseball title at stake in this section it is increasingly evident that the Buchanan Blues are a leading claimant, as a result of two victories in the past week, one a 5-1 triumph over the Elkhart Moose at Christiana Lake July 4, and the other a 5-1 win over the Stevensville Independents here Sunday.

This gives the Blues a percentage of 87 1/2 which is quite a fairish showing when the caliber of their opposition is considered.

Second Win Over Stevensville

The Blues demonstrated their undisputed superiority over the Stevensville Independents by their decisive win Sunday as they had won the first game of the season from the same aggregation 3-2 in a ten-inning session.

Grooms pitched for Buchanan in Sunday's contest and handled the opposition in easy fashion. He allowed seven hits, all scattered, and handed out seven strikeouts. After the fifth inning only one player was permitted to reach first, H. Bodjack and he was caught out trying to steal second.

The guest nine registered its lone circuit in the first inning when Germany Sewort, short stop, cracked out a three bagger over Brown's head and finished the trip on Zick's single. Buchanan tied the count in its half of the first when Capt. Miller singled thru second and came home on Brown's single to right.

Nash continued his heavy hitting streak by connecting in three out of four times up. Capt. Miller shared the honors by registering three times out of five.

Summary:

Buchanan	AB	R	H	O	A	E
Bailey, ss	4	1	1	1	1	0

on five hits, one error and one base on balls to register four times, which represented the margin by which they won the game.

Messrs. Miller, Brown, Bailey, Nash and Morse contributed to make up the five hits, each registering a single, while Phillips connected with first when pitcher Molebash for the Moose issued four balls. Thereafter Molebash took charge of the situation and held the Blues scoreless until the eighth when Switz and Nash each poked out two baggers, the former scoring. The Moose made their sole tally in the ninth when Wogoman reached first on Morse's error and went to complete the circuit on Switz's muff.

### ORCHARD HILLS HOLDS FAMILY DAY JULY 4TH

J. VIELE, G. W. LANDIS, J. A. WHITE, A. WEBB, Among THE WINNERS.

Thirty-eight members of the Orchard Hills Golf Club contended for honors in the Family Day Tournament at Orchard Hills July 4th, with C. Theo Johnson of Niles placing number 1 in the top flight with a score of 81. Johnson was playing in excellent form and might have broken under 80 except for a penalty on the fourth green.

Other places in various divisions were:

- Class A: Harry L. Owen, 82; L. H. Hamilton, 84; Cyrus R. Funk, 85.
- Class B: D. S. Scoffern, 88; G. W. Merrifield, 90; P. A. Hadsell, 91; Charles Landis, 92.
- Class C: Jess Viele, 95; E. D. King, 95; Charles E. White, 98; J. A. White, 97.
- Class D: H. D. Labreux, 100; N. P. Beebe, 191; Grell, 192; Arnold Webb, 103.

At the conclusion of the 18th hole play, a pot luck dinner was served.

### Former Blue Player Leads Sumnerville To Victory Sunday

Arthur Ross, former third baseman for the Buchanan Blues, and now playing the same position for the Sumnerville nine, was instrumental in the defeat of the Hoosier nine, South Bend city league leaders, when he connected with one of the Hoosier pitcher's offerings for a triple which sent in enough runs to tie the score. The game went into the 14th inning before Sumnerville pushed across the winning runs.

On the previous Sunday Sumnerville defeated the French paper mills of Niles, 11-0.

Arthur Ross of Buchanan plays third and Frank Ross plays right field for Sumnerville.

### Minott All Stars Play 2 Over-Time in Series of 3 Games

The Minott All Stars of Benton Harbor lost two out of three games with the Capital City Grays, Lansing colored aggregation, in the July 4th week end series on the latter's grounds. After winning the first game 6-3 the All Stars lost the second 7-8 in ten innings and the third 8-6 in 11 innings.

### Daisy Stars on Mound and at Bat For Watervliet 9

The Watervliet Astros defeated the Battle Creek Eagles at the Twin City airport Sunday, 5-4, Harold Daisy pitching for the winners, and retiring 18 men by the strike-out route, and allowing only four hits. In addition to pitching

### West Bertrand

# if

you want a cigarette that is milder and of better taste..

Smoke

# Chesterfield

MILDER, YES—BUT SOMETHING MORE. Chesterfield offers richness, aroma, satisfying flavor.

BETTER TASTE—that's the answer; and that's what smokers get in Chesterfield in fullest measure—the flavor and aroma of mellow tobaccos, exactly blended and cross-blended. Better taste, and milder too!

They Satisfy

Portage Prairie

The Maple Grove Sunday School will present the play, "Dot, the Miner's Daughter," a comedy-drama in four acts, in the Portage Prairie church Tuesday evening, July 15, at 8:30 o'clock, daylight saving time.

BERRIEN COUNTY SCENE OF SECOND HOLDUP EPIDEMIC

B. H. DRUG STORE, BERRIEN SPRINGS FILLING STATION ARE ROBBED OF \$500.

Berrien county experienced a week end bandit visitation again,

a drug store at Benton Harbor and a filling station at the intersection of US-12 and the Berrien Center road, a half mile south of Berrien Springs being robbed.

County authorities suspect that both jobs were done by the same bandit gang, as the methods were similar. In both cases the thieves bound the attendants. The combined haul aggregated nearly \$500.

The Cook Drug Store at East Main and Benton Streets, Benton Harbor, was entered just before midnight Sunday. Eyrone Cookson, proprietor, and Herman Jesperson of St. Joseph, drug salesman, were standing chatting when two well dressed men entered and approached them.

When a few feet away, the strangers suddenly whipped out guns and commanded: "Put 'em up and stay where you are."

While one guarded the two, the other bandit went through the cash register, securing \$201 and \$12 from Jesperson.

They took several fountain pens. Then they roughly drove Cookson and Jesperson into a rear room and bound them, fleeing by automobile. A few moments later

Shortly before the drug store robbery a Nash sedan owned by Raymond Green, 459 Colfax Avenue, was stolen, supposedly by the two bandits. All roads leading out of the city were patrolled but no trace was found either of the car or the bandits. The next morning the car was found abandoned on a dirt road near Napierville.

The Berrien Springs filling station was entered Saturday night by two young men corresponding in description to the pair who robbed the Benton Harbor drug store. They forced the proprietor, Ralph Schneider, and George Dragus of Detroit, into the wash room where they were bound and gagged, taking \$63 in cash and \$40 worth of candy, cigars and other articles, the pair escaping. Schneider soon freed himself and turned in an alarm.

Relief from Curse of Constipation

A Battle Creek physician says: "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon.

The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Wm. N. Brodrick. 16132

St. Peter's Cathedral in Rome occupies an area of 227,000 square feet.

PRIZE MONEY IS READY FOR CHOIR CONTEST

Business conditions have not extinguished the desire of people to express themselves in song, according to the director of short courses at Michigan State College, who is preparing for a record enrollment in the sixth annual town and country church choir singing contest which will be held at the college, Farmers Day, Aug. 1.

Choirs representing communities of 2000 population or less are eligible to enter the contest. Each choir is required to sing one selection, "The Radiant Morn Hath Passed Away," Woodward, and may give other selections of their own choice.

Prizes totaling 210 dollars are offered in the contest. The prize money is provided by the R. E. Olds Community Singing Fund. Choirs should send their entries to the director of short courses at the college.

No choir has been able to win more than once during the past five years. The winners have been the Methodist choir, Woodland, 1925; the Congregational choir, Benoni, 1926; the Methodist Episcopal choir, Blissfield, 1927; the Methodist Episcopal choir, Flushing, 1928; and the M. E. choir, Farmington, 1929.

Three Varieties College Students Says Michigan Dean

College students may be roughly divided into three categories, according to John R. Effinger, Dean of the College of Literature, Science and the Arts of the University of Michigan, in his annual report, included in the president's report, which has just been published. These comprise those who enter upon pre-professional courses, and those who will become scholars and men of science, and those who come for a training in citizenship—a general education. It is his belief that during the coming year the university will present a plan which will enable the faculty to recognize and care for the needs of each one of these three groups in a satisfactory manner.

Dean Effinger emphasized the growing interest during the past few years in the improvement of college teaching, and cites examples of some of the things which are being done to improve teaching by great educational associations like the Association of American Universities, the Association of American Colleges, and the North Central Association. The main thing, he maintains is that the college is realizing its responsibility in this important matter, and is endeavoring to improve its teaching every year.

Better Cows Raise Income from Herds

Records kept in herd improvement associations in Michigan show that it is much more profitable to keep a few good cows than a larger herd of low-producers. One herd in the South Chippewa County Association produced 3.7 times more profit above feed costs than another herd in the same association. It cost more money to feed the good herd but the cows produced 391 pounds of butterfat per cow and the return above feed cost was \$184 for each cow. This was \$91 more than the average return for all cows in the association.

Two herds in the Ogemaw Association each produced about 100,000 pounds of milk during the year. One herd contained eight cows and the other 16. The profits for the owner of the small herd were three times as high as those for the owner of the larger herd.

Good cows are not confined to any one locality. The highest producing association in one month this year was located in Cass county. The best producing herd was in Macomb county, and the highest producing cow was owned by a Missaukee county farmer.

Good production and increased profits are determined by the breeding and feeding of the cattle. Test records show that the real profits are made by liberally feeding only those animals that have the ability to produce large amounts of milk or butterfat.

SEEK DATA ON SPECIES FISH IN MICHIGAN

REELMEN TO REPORT SPECIES IN DIFFERENT SECTIONS. Thousands of creel census cards through which the Fish Division of the Department of Conservation expects to obtain considerable detail information on general fishing conditions in all parts of the state are now being mailed out to all of the district conservation officers, and to Izak Walton League chapters.

Last year several thousand creel census cards were returned to the Fish Division and it is expected that more will be compiled this season.

These cards furnish comparative information on certain waters and districts, indicating the importance and predominance of each species of fish; the relation and benefits of artificial planting to natural reproduction; which sections are providing the most recreation to the fishing public; etc., says the notice sent all local conservation officers.

The data furnished is correlated with other sources of value in formulating legislation and policies relating to the sources of Michigan waters. Cards are printed in three colors while for the use of Conservation officers, blue for the Izak Walton League chapters and pink for the use of the fishing public.

The Izak Walton League cards are furnished members through their organizations but the others are supplied by the District Conservation officers.

The cards provide space for indicating the name of the lake or stream; the county and the township; the species of fish caught; the number and the average length; the time spent fishing; kind of bait used; number of small fish hooked and put back; etc.

"Anglers should have no hesitancy in answering questions for the creel census when approached by a conservation officer," Fred A. Westerman, head of the Fish Division said. "Through the census, officers are only trying to obtain information that will be used to better fishing conditions."

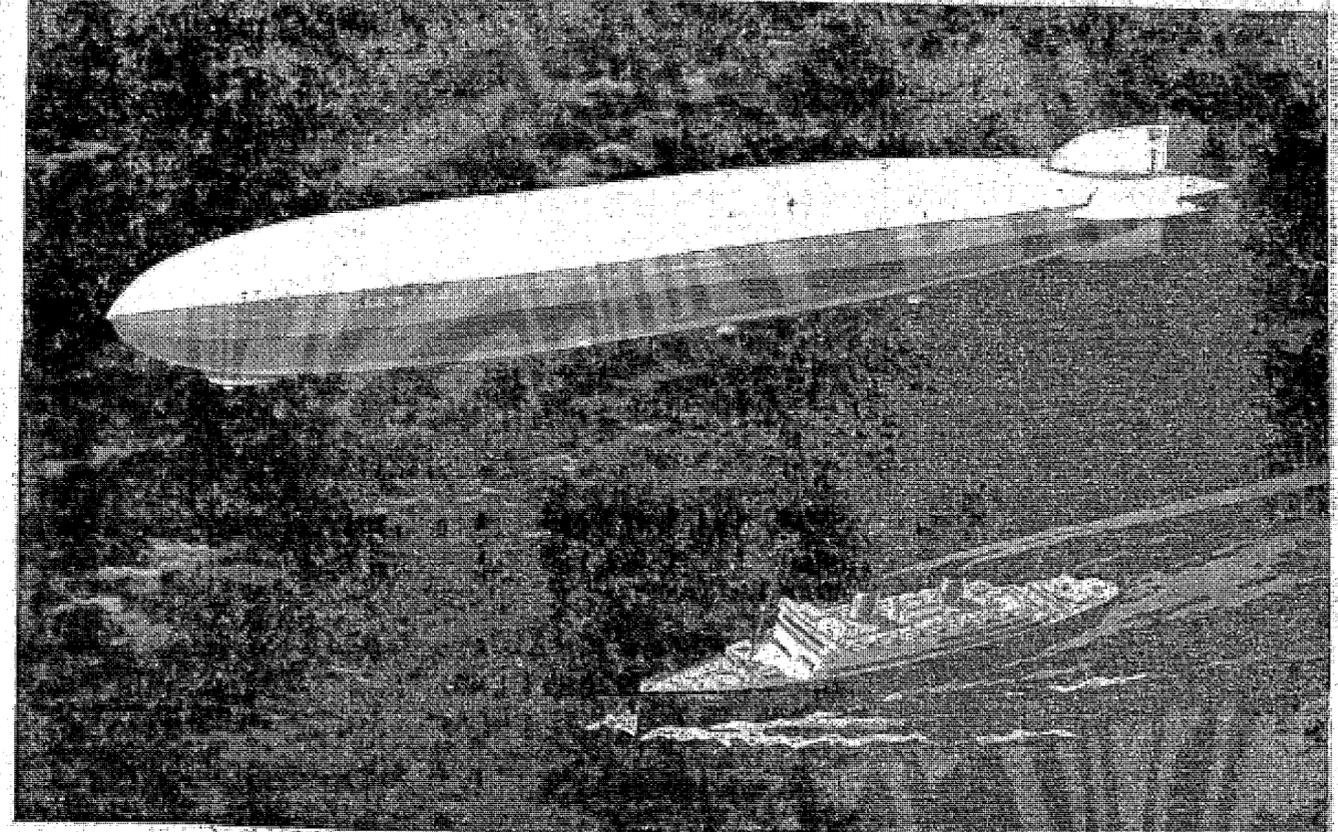

Policeman (producing notebook): Name, please?

Motorist: Algotsturs Alastorp.

Policeman (putting away book): Well, don't let me see you again.

"If we had paid \$1.00 per quart for our Motor Oil the Graf Zeppelin engines could not have functioned more smoothly or more efficiently than they did with VEEDOL"

VEEDOL

Stop for oil where you see this sign

DR. HUGO ECKENER, COMMANDER OF THE GRAF ZEPPELIN. Choose your own motor oil for sheer quality, regardless of price. And you'll choose VEEDOL just as the Graf Zeppelin and the Byrd Expedition did. There is no reason why you should pay more than VEEDOL'S price. No motor oil can give you more than VEEDOL gives in results, in accomplishment, in world-wide proof of quality.

Univ. Michigan Installs Museum of Classic Archeology

Objects which show the life of the average citizen in ancient times are on exhibition at the recently established Museum of Classical Archeology at the University of Michigan. A statement by Emma E. Butler, curator, included in the report of the president of the University for the year 1928-29, shows 1,059 articles alone illustrating building materials, mosaics, brick stamps, etc., with over 1,000 pieces of glassware, 400 lamps, and nearly 400 inscriptions.

For many years the University, through archeological expeditions in Egypt and in the Near East as well as through contacts in Italy and Greece, has been collecting this material. Among other things it includes the largest group of Roman and Greek inscriptions anywhere in America.

These treasures are shown in old Newberry Hall, a large building directly across from Angell Hall on State Street. One room houses a number of large objects from the University excavations at Karanis and the surrounding Fayoum district in Egypt. In another room are gathered articles which were used in daily home life two thousand years ago. A long room in the rear contains an exhibition of materials used in building, while still another room illustrates the various phases of public life—war, religion, death, and costume.

Professor: "Ah, my boy! you must indeed have used much patience; much equanimity; to capture such a fine string of fish!" Boy: "No, far, I used worms!"
