LOCAL SCHOOL YEAR TO OPEN SEPTEMBER 2

New Commercial Dept. Head Only Change in Faculty of Thirty-Three.

ART DEPT. IS FORMED

Lack of Room Obliges Limit to Size of Kindergarten Department.

Buchanan schools will swing into action again on Sept. 2, with last year's grade and high school faculty of thirty-three teachers returning in a body with the single exception of Miss Mabel Niffenegger, who is completing work for her degree at Western State Normal at Kalamazoo this year.

Among changes of interest in the schedule for the coming year will be the creation of a separate art department, which will be under the direction of Miss Theo Olson, who will handle it in connection with music. It will be necessary to maintain only one kindergarten section next year, due to the fact that the indications of increased enrollment in the first grade has made it necessary to turn another room over to that class. This will necessitate the limitation of kindergarten enrollment to approximately sixty, which will be divided into morning and afternoon sections of thirty each.

STATE BOARD TO PUSH LINK NILES-GALLEN

Will Declare Road Public Necessity at Court Hearing August 22.

ENTIRE ROUTE 140 MILES Expect to Complete Paving Entirely Before End of 1931.

Bids for the construction of the new route of the Galien-Niles link of M-60 will be asked tomorrow by the state highway commission, according to an announcement by Grover C. Dillman, highway commissioner, who added that work would be rushed with a view to completion early in 1931.

A hearing will also be held before Judge White on Aug. 22 for the purpose of declaring the construction of the Galien-Niles strip a public necessity, in order to deal with such right-of-way negotiations as were not voluntarily settled by the land owners.

The greater part of the remaining unpaved sections between Three Rivers and Jackson and other places are now being completed and it is anticipated that the entire route will be completely paved and open to public travel late in 1931. This will then represent the shortest route between Chicago and Detroit, by cutting thru the northerly loop of U. S. 12 from New Buffalo to Jackson, which are the terminals of M-60. The completed road will be approximately 140 miles long. It is anticipated that the grading work will be started this fall to permit of the desired settling during the winter months.

The light-of-way for such parts of the Galien-Niles link as do not coincide with already established roads were secured by Benjamin Taffey and H. E. Wells of the state highway department and R. B. Alkinson of Niles.

Seager Children Win Amateur Night Contest Here Friday

The Amateur Night contest held on the out-door platform of the medicine show at Third and Portage Street Friday evening resulted in the award of first prize to Mildred and Chester Seager of Gallen and second place to John Givers of Buchanan.

The event was well contested, about 25 numbers appearing on the program, the audience deciding the victors by the extent of their applause. The winning team are the children of Cash Seager, employee in the Crawford barber shop. They have been performing in public for three years in song and dance programs. Mildred is 12 years of age, Chester 10, and a third, Edna, age 8, usually appears but was not with them Friday evening. They have been trained by their aunt, Mrs. Vic Prince, and were the winners in the Amateur Night contests staged by the same company at Gallen.

Mr. and Mrs. Seager plan to move to Buchanan to make their home next week, and the trio of children will attend the local schools next year, where they will doubtless be a valuable addition to the dramatic resources of the school.

Too Late to Repent

"These photographs of my husband," began the woman, banging a packet down on the table. "They are simply a disgrace. Why, he looks just like an ape!" The photographer's pride was wounded. "Indeed," he replied icily, "but you should have thought of that before you married him!"

"TO THE TAX PAYERS OF BERRIEN COUNTY:"

"Reduction of Expenses in the Office of Sheriff"

RAY T. HALL Republican Candidate for Nomination for SHERIFF

This is Ray Hall's platform and it means just what it says: "Every year the Delinquent List grows larger. This proves the tax burden is becoming too great for the tax payers to carry.

Reduce the overhead operating expense in all our public offices, and you have taken the first step to reduce our taxes."

Ray Hall submitted a plan to the Board of Supervisors Monday, June 23, 1930, that will save the tax payers not less than \$10,000 a year in the operating expense of the Sheriff's office.

"Place all deputies on a salary the same as the State Police and other law enforcing agencies, turn the fees back into the County Treasury where they belong and a material saving to the tax payers can be effected."

That's what Ray Hall says, and he knows what he is talking about. He served the people of Berrien County as Chief Deputy Sheriff. He handled the books. He knows what it cost the tax payers to operate that office.

When Ray Hall says: "I will save the tax payers \$10,000 a year in the operation expenses of the Sheriff's office," he means every word of it!

The great many major crimes solved by Ray Hall, stamps him as an officer of high intelligence and exceptional ability. Records at the county jail prove this.

Ray Hall organized the "Vigilante System" in 1927 for the protection of our banks against bank bandit. Not one bank has suffered a hold-up since the installation of this system. Ask your banker.

Ray Hall is recruited from the ranks of the working people and knows the valuation of a dollar.

He is an ex-service man, married and the father of children. He understands boys and girls.

He is a clean, courteous fellow and is not a "mud-slinger."

With Ray Hall in the office of Sheriff protection is assured.

The taxpayers of Berrien County will never regret having supported Ray Hall for Sheriff. He is qualified in every respect.
