

# DAYTON 100F FETE MONDAY

## Buchanan District Will Recieve \$17,275 From Primary Fund

## 18TH ANNUAL PICNIC HELD ON LABOR DAY

### Now Here's the Proposition

On Noise  
By Haws

It does not bother me at all  
To hear a lusty infant bawl  
And raise the roof with hearty  
squad;  
I sleep away with hearty snores  
Mid rattling blinds and banging  
doors;  
At eve the tom cats sacred psalm  
Falls on my ear in holy calm;  
It does not bother me the least  
When late returners from the feast  
Beneath my window halt a time  
To warble me "Sweet Adeline";  
Mid lightning crash and thunder  
deeps  
I still can get my proper sleep  
With quiet and unshattered nerve;  
My peace of soul I still preserve  
In spite of flatwheeled trams that  
clank  
And little boys just freshly spank-  
ed  
Who raise their voice in eery wail  
And little girls that practice scies  
And sour-voiced curs that bay the  
moon,  
And guys that blow the loud bass-  
oon.  
I sleep away with hearty snores  
Mid rattling blinds and banging  
doors;  
When shrieking children whoop  
and yell  
I dash around my chair pell  
mell  
I still preserve a peace sublime  
And labor at the lofty rhyme;  
I know their noise is innocent  
Of evil or malign intent;  
They do not throw the cutout wide  
To get beneath somebody's hide.  
But let an evil whisper reach  
My ears, one shred of cutting  
speech.

One rattling tongue in idle clack  
That gives behind another's back,  
With greasy grin and evil face  
And all the world and outer space  
Becomes a mean and shabby place.

### LOCAL PLANE CRASHES WHEN ENGINE FAILED

BERT BRINEY AND AUGUST HOUGH ESCAPE INJURY IN GLIDE TO EARTH.

Bert Briney of the Bend of the River and Augustus Hough of New Troy flitted with death for a few brief minutes yesterday afternoon when the motor of the former's biplane failed 1200 feet above north Buchanan and he glided three quarters of a mile to a landing in an alfalfa field on the Conrad place.

The plane incurred a broken landing gear, propeller, lower wing and radiator, but the two pilots escaped without injury.

The plane was a two-seated Eaglerock biplane, the product of the Alexander Aircraft Corporation of Colorado Springs and was purchased by Briney in April from the Niles Airways. He had started from the Niles field yesterday afternoon in company with Hough, who was making his first trip.

### MILTON FULLER DIED YESTERDAY; HERE 66 YEARS

FUNERAL TO BE HELD SATURDAY FROM RESIDENCE, ON PORTAGE STREET.

Milton Fuller, 72, a resident of Buchanan for 66 years and one of the oldest employees of the Clark Equipment Company in point of service, died yesterday at 4:20 p. m. at his home at 408 South Portage Street after a lingering illness.

He was born April 21, 1858, in Motville, Mich., the son of Jerome and Elizabeth Fuller and at the age of six years moved to Buchanan with his parents. He was married in 1880 to Miss Nellie V. Mowrey. Three children were born to them, two daughters and a son, Ned, who died 21 years ago. He is survived by the widow; by two daughters, Mrs. Irene Jones of Chicago, and Mrs. Edna Foster of Stockton, Calif.; by six grand-children; and by one brother, Charles F. Fuller of Clear Lake.

The funeral will be held at 2:30 p. m. Saturday from the residence.

### LOCAL SCHOOL YEAR TO OPEN NEXT MONDAY

H. S. to Attend Classes for All Day; Grades to Attend For One Hour.

ROOMS ARE ASSIGNED

School work will start again Tuesday in Buchanan's educational plant when the army of pupils 1,000 strong will resume the normal activities of the school year again, minus the senior class of last spring and plus a new batch of kindergartners who will be in the harness of study for the first time.

For the faculty of 33 headed by Supt. H. C. Stark the school year will begin Monday afternoon with a meeting called at 1:30 in the junior high school assembly for the purpose of lining up the schedule of classes.

For the lower six grades school will begin 9 a. m. Tuesday when all classes will start Monday and remain about an hour for assignment of classes and books, after which they will be dismissed for the remainder of the day.

The six upper grades, comprising the junior and senior high school, will report for work at 8:30 Tuesday to attend classes on schedule for the remainder of the day, spending about 15 minutes in each class and the remainder of the time in adjusting conflicts and arranging other incidental details. Books will be sold to the high school students at the school book store.

The grades will be distributed as follows:

Dewey Avenue Kindergarten, Ebbert First grade, Vandenberg Second grade, Wilcox Third grade, Fischer Fourth grade, Mrs. French High School

First grade, Carnagan Second grade, Heim Third grade, Simmons Fourth grade, Fuller, Clayton Fifth grade, Hopkins, Ekstrom Sixth grade, Abell, Reams

Mrs. Laura French will be in charge of the same class which she conducted through the third grade last year.

All grade pupils entering the Buchanan schools for the first time are advised to report to Mrs. Pennell before enrollment.

Buchanan school patrons may brace themselves against the ordeal of buying school supplies next week by the assurance that their taxes will be less than expected this year due to an increase of \$2.22 per child of school age in the district in the primary money allotment.

The allotment of primary money this year is \$17.92 per pupil as compared with \$15.70 last year. On the basis of a school census of 964, Buchanan will receive \$17,274.38 from this source alone or about 20 per cent of the estimated cost of maintaining the school system.

The distribution is made annually from a fund raised by taxing public utilities and inheritances. The utilities are appraised by the state tax commission and then assessed at the average property tax rate or the state and because property tax rates were higher this year than ever before, the average rate was higher and the school fund totaled \$24,100.074, in comparison with \$20,938.408.

### Last Birdseye Maple Tree in District Dies

August 22, 70th Anniv. of Arrival of Nutt Family

August 22 was the seventieth anniversary of the arrival of the Nutt family in the Buchanan district according to Albert Nutt, who states that his father, Joseph Nutt, arrived here by covered wagon from near Dayton, O., on that date in 1860.

### C. C. Tripp Takes Charge W. U. Office

The new downtown headquarters of the Western Union Telegraph Company opened Thursday in the Redden building with C. C. Tripp of Jackson, Mich., in charge. Mr. Tripp came to Buchanan from Adelphi, Ind., where he had been in Western Union employ. The new office has been handsomely equipped with modern apparatus.

### ATTENDANCE AT RIVERSIDE ASSEM. LARGE

Increased Number of Boys and Girls Enrolled at Summer Camp.

Japanese Missionary Benton Harbor Music Features Sunday Evening.

The Riverside Park Assembly of the Evangelical church now in session has been one of the most successful to date in the history of the assembly, according to Presiding Elder Watson, a former pastor of the local Evangelical church.

The attendance at the boys' camp has increased over previous years, a total of 23 being enrolled, local attendants being Donald DelWitt, Donald Shafer, Nellie Hayes, Ruth Hayes and Arnold Hayes. One of the interesting features of the program yet to come will be the demonstration by the boys' and girls' camps to be staged at 7:30 p. m. Friday, when the young people will exhibit specimens of the camp handicraft work and demonstrate their songs, yells and the results of their study.

A service of interest to the general public will close the Assembly Sunday evening, when Rev. Kino Shinohara of Japan and Bishop S. P. Spreng of Napierville College will speak and the orchestra from the Benton Harbor Evangelical church will play. Rev. Shinohara is pastor of the Evangelical church at Napierville, Japan, and is the delegate of the Japan Conference to the general conference at Milwaukee.

A larger representation of Sunday School and League delegates than usual is present this year, according to Rev. Watson, and the general evening and Sunday crowds have been excellent.

The chief features of the day programs are the doctrinal sermon at 11 a. m. by Bishop S. P. Spreng and the evening by Rev. G. J. Long each serving. Rev. Long was formerly a business man in South Bend for nearly fifteen years before entering the Evangelical ministry and is known by many local people.

Rev. Herbert Ryan, Jr., is pastor of the Ellis corners church and preached at 2:30 p. m. Tuesday. At the election held by the Young People's Council of the Kalamazoo District yesterday afternoon, Rev. Ryan was chosen secretary, other officials elected as follows: President, Rev. L. F. Woodward, St. Joseph; vice president, Chester Erickson, Niles; secretary, Ruth Watson, Kalamazoo.

Buchanan families who are occupying cottages at the park are those of H. M. Ryan, St. Emory Rouse, H. N. Barnhart, Rev. W. D. Hayes.

### Cook Cuts Hand With Can Opener; Sues Her Employers

Suit was filed in the Berrien County Court Tuesday by Helen O'Toole of Ottawa, Ill., to secure \$5,000 damages from Mollie Handelman and Sadie Trover, proprietors of the Lake Manor Hotel at Union Pier to cover injuries to the plaintiff's hand when she incurred blood poisoning June 26 when a ten cent can opener which she was furnished by her employers bent, resulting in a deep gash on her hand. She alleges that she received no medical attention and that on June 28 she was obliged to enter a Michigan city hospital to receive treatment for blood poisoning. Franklin's office, August 1, 1931, 6-12 p. m.

### RESTRICTIONS ON USE WATER ARE REMOVED

Capacity of Five Renovated Wells Increased 100 Per Cent.

Believed That Cleaning Remainder Wells Will Assure Supply.

All restrictions on the use of water for sprinkling were removed Monday by order of Mayor Matt J. Keeling after a test of the renovated wells had proved that they are now capable of supplying an adequate supply of water for all purposes.

"The tests we finished last week have cleared up one thing satisfactorily," stated Superintendent Arlin Clark, "They prove conclusively that there is sufficient water in the wells we now have to supply the present needs of the city at least and that it is merely a question of getting it out."

George Crawford completed pulling and re-installing the screens in five wells last week, all the screens having been saved much larger before being placed back in the wells.

The total cost of the renovation was approximately \$600, of which Crawford's bill was \$525, the expense of saving the screens \$90, and the remainder comprising incidental expenses. The remaining six wells will, in all probability, be renovated in the same manner late this fall or next spring when they can be shut down without interfering with the needs of the water users.

The entire series of 11 wells were placed on test Monday morning and 1850 gallons of water per minute were produced without materially lowering the water level in the wells. Previous to the enlargement of the screens 1100 gallons per minute was the maximum possible production.

The five wells in which the screens had been enlarged produced on test 1150 gallons per minute as compared with a maximum capacity of 500 gallons per minute previously.

In a test made last year the three pumps were able to raise a maximum of 1400 gallons per minute. In the test made Monday the two smaller pumps alone were able to raise 1,300 gallons per minute.

The enlarged screens will to some extent safeguard against the stoppage by refuse and rust which occasioned the shortage of water this summer. The five wells which were cleaned this summer were cleaned three years ago. The remaining six wells have never been cleaned.

### Wild Turkeys are Domesticated on Buchanan Farms

That flocks of wild turkeys may be seen in the vicinity of Buchanan may be news to many people and such is nevertheless the fact, the flocks being partly domesticated, however at the summer home of E. B. Clark and the farm of E. W. Clark. At the former place 150 young have been reared thus far this year with practically no loss. At the E. W. Clark farm Ed Sult has a single hen with nine young.

### Four Ladies Back From Adamless Automobile Trip

Miss Laura Hunter, Mrs. Edna Reist, Mrs. Myrtle Kean and Mrs. Ruth Roe, returned Saturday night from a five-day motor trip north to Union Pier to cover injuries to the plaintiffs' hand when she incurred blood poisoning June 26 when a ten cent can opener which she was furnished by her employers bent, resulting in a deep gash on her hand. She alleges that she received no medical attention and that on June 28 she was obliged to enter a Michigan city hospital to receive treatment for blood poisoning. Franklin's office, August 1, 1931, 6-12 p. m.

### STATE TO TAKE OVER LINK OF PORTAGE ROAD

Will Maintain 1.5 Miles From City to M-60 as State Trunk Line.

Stretches Needs Paving Buchanan Township Road Petitions Included in the 1931 Schedule.

While the state has affirmed its intention of taking over the 1.5 mile stretch of road from Buchanan to the new M-60 route and maintaining it as part of the state highway system, it may take some work on the part of Buchanan to secure the proper improvement of that stretch, according to information furnished the Record by an alert private citizen who has taken pains to inform himself at the state highway headquarters.

In a letter to the above-mentioned citizen, Grover C. Dillman of the state highway commission stated that that department would take over and maintain as a state trunk line the 1.5 stretch from Buchanan to the trunk line M-60, adding that this stretch is at present a 14 foot macadam in good condition.

Fifty-three petitions for road improvement during 1931 were laid before the county road commission during the past year, those in Buchanan township being the following: The Yellow Lake road, 5 miles, connecting with the Wagner stone road a mile south of the Wagner Grange and extending west past Yellow Lake, the James Best farm and Best Lake to the Cleveland Avenue road about two and a half miles north of the old South Clear Lake road, and the Sol Norman corner on the Clear Lake road west past the Clyde Gurney and Arthur Miller farms to the Cleveland Avenue road a mile and a half north of Galien, the Mitchell road, connecting with the Wagner stone road at the old Weaver farm, intersecting the Glendora road at the Covey school house and thence north to the Mt. Tabor road, 3.25 miles in extent.

### Raymond Backus Buys Wentland Farm at Galien

R. E. Schwartz announces the sale of the Richard Wentland fruit farm of 21 acres, located 2 1/2 miles southeast of Galien, to Raymond Backus of Buchanan, who will move to the place at once. The farm is planted to apples and other fruit which is just now coming into bearing.

### Bytha Remington Qualifies for Dental Hygienist in Fla.

Miss Bytha Remington, daughter of Mrs. Lulu M. Remington, and a sister of Carl Remington of Buchanan, received word Saturday from the Florida dental examining board, that she had successfully passed her examination for dental hygienist. Miss Remington was second highest of thirteen candidates who took the examination in Jacksonville in July.

### News in Want Ads

Of special significance in the contents of the Record this week is an advertisement by R. E. Schwartz in the classified columns advising farm owners that he has purchases for farms and desires listings by those who will sell. Schwartz states that the demand for farm property comes from city workers, especially in Chicago, who have accumulated savings and who have become dubious of other forms of safe keeping for their earnings. One Lithuanian who has acquired a considerable saving wishes to buy a farm for some time as a means of saving down his money. Others wish to protect their savings and to escape the uncertainty of urban employment.

### MOCCASIN BLUFF SHIPPED TO CHI. FOR ROCK GARDEN

GARDENERS OF METROPOLIS VALUE IT FOR ORNAMENTAL LANDSCAPE.

A new industry is growing up in the Buchanan district in the form of quarrying the limestone from the bluffs of the St. Joseph river and shipping it to Chicago for rock gardens. Messrs. Boyce and Schwartz state that they have received a number of orders from Chicago, South Bend, Benton Harbor, and Niles for the tufa stone from their tract on Moccasin Bluff. Dr. Reifeis of South Bend contracted stone for his rock garden in that city, stating that he had searched through Indiana, Ohio and Illinois and had found no stone so well adapted to that purpose. The product has the merit of being very porous, permitting the roots of rock growing flowers to penetrate it, while affording nitrogenous nutrition. It is also very picturesque for the purpose and is full of fossil formations of leaves. Chicago gardeners have been paying \$40 per ton.

### Don Sargent Awarded Honors In Scoutcraft

Donald Sargent, son of Dr. and Mrs. W. E. Sargent, who leave soon for Kalamazoo to make their home, won high honors for Scout Troop 41 at the Berrien-Cass summer camp at Lake Madron which was closed last week, having been awarded a medal for the greatest all-round proficiency in swimming and also having completed all his tests for advancement to the classification of Eagle Scout. He will not be allowed to enter that class for several months, however, as the rules of the order require that the candidate must remain a year in the First Class Scout division before advancement to the Eagle Scout division.

At the Court of Honor which closed the camp Donald McLeod was awarded promotion to the First Class Scout division and also five merit badges toward promotion to the rank of Star Scout.

Merit badges were also awarded to other Buchanan boys as follows: George Spatta 1, Ernest Beadle 5, Leo Slate 4.

### Pioneer Tuner of Pianos Revisits Buchanan Friday

Will U. Martin, South Bend musician and piano tuner, who maintained a clientele of customers around Buchanan for over thirty years, visited here Friday and looked up a number of old friends after an absence of several years.

Martin was the first man in South Bend to purchase an automobile, his antique possession now reposing in the Studebaker museum at South Bend. He used to use the primitive "steamer" in his rounds, housing it in the livery barn maintained by Will House in the building on Oak Street now owned by Dave Decker. He maintained a room for thirty years at the home of Mrs. Ida Emerson at 301 North Oak Street. During that period he maintained his home in South Bend and orders of his Buchanan customers were left at the general store conducted by Will Morris.

Among his prized possessions is an old knife which he bought at Morris' store over 40 years ago and which he still uses in his piano tuning work. Among his friends here those days he counted John G. Holmes, editor of the Record.

### Class of 1925 Donates Trophy Cases to B. H. S.

Two handsome trophy cases purchased with funds donated by the class of 1925 to the high school for memorial purposes have been mounted on the walls in the lower hall opposite the main south entrance and are now filled with inscriptions of victories by Buchanan high school in athletics and scholastics. Prominent among the trophies on display are three footballs inscribed with the following scores made in recent victories over Niles high school: 1926, 21-0; 1927, 19-0; 1929, 18-12.

### BLUES DROP 3D GAME IN ROW SUNDAY

Jinx Pursues Erstwhile County Leaders in Clash with Goshen Sunday.

MANY ERRORS, FEW HITS Reorganized Team to Take Field Sunday vs. Industrials of Mishawaka

The star of the Buchanan Blues remained under a cloud Sunday, that aggregation of exponents of the national pastime taking their third defeat in a row, this time at the hands of the Goshen Grays.

Hard hitting on the part of the invaders and disastrous errors on the part of the locals, explain the calamitous margin between the two teams. The Grays reached Goshen for only eight hits, but of that eight five were two baggers, of which two were made in the disastrous sixth, when the Grays sent across three runs.

The Blues were ineffectual throughout the contest, registering five hits but reaching second base only twice. Their one score was the result of the three-bagger cracked out by Miller in the fourth, who completed the circuit on Phillip's single.

The scoring started in the first inning when both Bleiler and Manley of Elkhart connected with Grooms' offerings for two baggers. Bleiler registered but Manley died on third when Grooms settled down and whiffed the next two men. There was no more scoring until the fourth when both teams registered a run, Manley again getting off by virtue of Bailey's error and completing the route on Miller's error. Miller poled out his three-base hit in this inning for the lone marker achieved by the Blues. The Grays scored again in the seventh inning when Bleiler was walked and completed the circuit on Pffingst's error. There the scoring stopped and the score remained 6-1 until the end of the game.

Manager Fred Mead states that he plans on making extensive shifts in his team and possibly stopping a few weak spots for the game with the strong Mishawaka Industrials on the local diamond next Sunday. Grooms will pitch.

The score:

Goshen Greys	R	H	E	P	O	A	E
Naney, cf	0	1	0	0	0	0	0
Bleiler, 3d	0	1	0	3	0	0	0
Manley, 1st	2	3	6	0	0	0	0
Whitmer, c	1	1	15	0	0	0	0
Buesey, rf	0	0	0	1	0	0	0
Kyle, ss	1	0	3	2	0	0	0
Oswalt, 3d	0	0	1	0	0	0	0
Spry, lf	0	1	1	0	0	0	0
Rush, p	6	3	27	7	0	0	0

Buchanan Blues

Bailey, ss	0	0	2	3	1
Miller, 3d	1	1	0	8	0
Morse, rf	0	0	0	0	0
Brown, lf	0	0	1	0	0

Pffingst, rf	0	0	1	3	1
Kolec, cf	0	1	1	0	0
Grooms, p	0	1	0	2	0

Score by innings:

Goshen	100	103	100	6
Buchanan	000	100	000	1

Three base hits, Miller. Two base hits, Bleiler, Manley, Naney, Whitmer, Rush. Struck out by Grooms, 1; by Rush, 15.

### Chief Mitchell to Ohio to Attend McGill Reunion

Mr. and Mrs. Ed Mitchell will leave next Sunday for Napoleon, O., to attend the annual reunion of the McGill family, who settled in Ohio in 1827. Last year the reunion was held at the home of the first westward emigrant of the family settled. Two of the family settled in the thirties near Berrien Springs which accounts for the local connections.

Mr. and Mrs. H. D. Wagner and family, H. Ira and Edwin Wagner accompanied by their guests, Mr. and Mrs. Lucas Moore and daughter, Clarissa, of Akron, O., spent Sunday at Holland.

Miss Helen Wells is visiting at the home of her brother, George Wells, in New York City.

### PICNIC HELD ON LABOR DAY

Rainbow Hawaiians, Yiddish Comedian Feature Entertainment.

THOUSANDS EXPECTED Reputation of Dayton Lodge as Hosts Makes Event Great Crowd-Puller.

The biggest entertainment event of the year in the Buchanan district is always the Dayton I. O. O. F. picnic, which threatens to be bigger and better than ever this year, to judge from the entertainment announcements made by the committee in charge for the events scheduled Monday, Sept. 1.

Although the Odd Fellows are hosts to all, and the event is the greatest crowd-puller of the year, due to the reputation which the Dayton organization has achieved as a master of entertainment. In former years the attendance has been estimated as high as 5,000, the great majority of whom were doubtless not affiliated in any way with the host organization.

The general committee, composed of Jerome Seabury and Walter Brunsger, have arranged a well-balanced entertainment program that should measure well up to the standards of previous years.

The picnic will begin at 10:30 a. m. with a program of sports arranged by the committee in charge of that department, composed of Clarence Cripe and Ray Frame. First will be a horse race, pitching contest which will be run off in two divisions, the first composed of those who use their own shoes and the second of those who use the shoes furnished by the committee. Liberal prizes will be awarded to the winners in each department.

A picnic dinner will be served at noon and the afternoon program will start with a baby show with four prizes offered for the selection made by the judges from the infants presented.

Following the baby show, addresses will be made by Frank Kufi, state deputy grand master, and by Carrie Blanchard, Grand Warden of the Rebekah Assembly.

A program of general sports with liberal prizes for winners will then be run off, as follows:

Boys' foot race, 6 years and under.  
Boys' foot race, 9 years and under.  
Boys' race, 12 years and under.  
Boys' race, 15 years and under.  
Girls' race, 15 years and under.  
Men's Free-for-all.  
Ladies' Free-for-all.  
Married ladies' race.  
Boys' shoe scramble.  
Paper bag contest, 15 years and under.  
Tug of war, Indiana versus Michigan.

Committee race.  
Ladies' bean contest.

### Portage Grange Plans Ann. Corn and Wienie Roast

The Portage Prairie Grange will hold its annual corn and wienie roast at the Bertrand town hall on the evening of Tuesday, Sept. 2, starting at 7:30 p. m. All the members are urged to be present on that occasion, each bringing enough corn for himself. The grange will furnish the wienies.

### Bradfield Back; Faces Loss of Star Gridiron Material

Coach Harold ("Curley") Bradfield, arrived in Buchanan from Grand Rapids in company with his family Monday evening to get set for the opening of the school year. Bradfield states that he lost nine of his regulars by the graduation of the senior class, including a number of stars whose places may be hard to fill. Those lost by graduation were Pierce, Ellis, Vincent, Royce, Lawton, Knight, Pffingst, Aronson, Marble. The only player remaining who was first line backfield player last year is Richard Chubb, half back. To replace these lost men he has a number of promising young players who may be built into a strong machine by another year.

The U. B. Ladies Aid held their meeting in the Firmon Nye home at Wildmire farm last Thursday.

A very nice meeting and good eats were served by the committee. Mrs. William Jannasch (who was absent but sent her share of the eats), Mrs. Charles Vinton, Mrs. Ida Bennett and Mrs. John Seymour. Election of officers for the coming year was as follows: president, Mrs. John Clark; vice president, Mrs. Lysle Nye; treasurer, Mrs. Nina James; secretary, Mrs. Doan Straub; chaplain, Mrs. Firmon Nye and honorary chaplain, Mrs. Lovina Hollister. The next meeting will be at the Col. John Seymour residence at Willow Brook farm.

Every road leads to Dayton next Monday. Of course you will be there.

Mr. and Mrs. Firmon Nye and son, Lysle, attended the funeral of their old friend Johnie Painter Saturday at Hills Corners church. Everybody mourns for such a good man who was taken home. Our sympathy goes to the family.

A Boston man promised to retire when he had made a million and he kept his word. We are sometimes tempted to make a similar vow.

## Miller's Platform IS AN OPEN BOOK!

## Miller's Platform

In announcing his candidacy for the Republican Sheriff nomination last July 17th, Charles L. Miller said:

"Confident I can give the people of Berrien county an EFFICIENT and ECONOMICAL ADMINISTRATION, plus a FAIR and IMPARTIAL ENFORCEMENT of ALL LAWS, I am a candidate for sheriff."

"That is my only platform."

CHARLES L. MILLER

WHEN Charles L. Miller announced his candidacy for the Republican Sheriff nomination, last July 17th, he promised he would give the people of Berrien county:

"An Efficient and Economical Administration"

"A Fair and Impartial Enforcement of All Laws"

AND it's upon that promise—and none other—that he asks your support in the Sept. 9th primaries.

NO camouflaged words there, no wild political promises that can't be fulfilled, a plain and sincere statement that commands respect.

IF some men had promised it, it might not have meant so much.

BUT when Charlie Miller, with an unblemished record for honesty and integrity, makes a promise, it is packed full of grim meaning.

IT MEANS that he will not play fast and loose with law enforcement.

IT MEANS that one warrant in his hands means as much as another.

IT MEANS that one man can't peddle bootleg liquor with immunity and another go to Jackson.

IT MEANS that friends can't find favor while the foe feels the law's hard sting.

IT DOESN'T mean slot machines for the favored few.

MILLER means just what he says: "A fair and impartial enforcement of all laws."

ASK the men and women who know him, if he ever broke his word.

AND because experience has taught him the value of a dollar, they know Charlie Miller will give an "efficient, economical administration."

TRUST fair play—and Miller to do his duty.

GIVE him your vote September 9 and there will be no regrets after January first.

The death of Mrs. Edward Barnhart early Friday morning at the age of 78 years, 11 months and 23 days, took one of the county's best known women. Mrs. Barnhart was active in educational work and a leader in church and club activities for many years. She was a charter member of the Woman's Club and also was the organizer of the Memorial Day programs in this village. She was a life-long member and worker in the Methodist church. For many years before her last serious illness Mrs. Barnhart was a valued Berrien County news correspondent for the Twin City and other newspapers. Her last items were sent in just two days before the stroke of paralysis which ended in her death. Many friends regret Mrs. Barnhart's death with personal sorrow. She was greatly beloved and had an unusual personality. Funeral services were held Sunday afternoon at the New Troy M. E. church, Rev. C. M. Conklin officiating. The profusion of floral pieces manifested the high esteem in which she was held. A very large procession followed the remains to the New Troy cemetery. Two beautiful duets, "Face to Face" and "Light of Home" were rendered by Mrs. Lois Rokely and Miss Edna Maxim at the church.

Mrs. Barnhart was born in Marblehead, Mass., Aug. 31, 1856, coming to Michigan with her parents at the age of eight. She was twice married, her first husband being Edward McKeen of Bridgman, to whom she was married in 1882. To them were born four sons, of whom three survive. After the death of Mr. McKeen, she was married to Edward Barnhart Sept. 4, 1894. Of the three daughters born to that union, two are living.

All of Mrs. Barnhart's children were at home when she died. They are Edwin and Robert McKeen of New Troy, Charles McKeen of Chicago, Miss Rebecca Barnhart of New Troy and Mrs. Mary Smith of Dayton, O.

John Painter, 78, lifelong resident on one of the leading fruit farms north of Gallen, died at 10:30 p. m. Aug. 20, at the Epworth hospital in South Bend. Mr. Painter had been in good health until a few months ago and had submitted to an operation at the hospital a week ago Monday. Death resulted from a complication of ailments. The funeral was held Saturday at 2 o'clock at the Hills Corners church with Rev. J. W. McKnight of Gallen officiating. Burial was made in Weesaw cemetery. Jan. 6, 1892 Mr. Painter was married to Alice Beistle, who survives. Other survivors are two sons, Bert Painter of South Bend and George Painter at home.

George Painter of North Judson, Ind., sister-in-law Mrs. Ed Brodbeck of New Troy, five grandchildren and three great grandchildren.

Bainbridge Man is Informed of Death Relative in China

News was received Saturday by cablegram to August Dukescherer, Bainbridge farmer, of the death of his son-in-law, Carl G. Gowman, a missionary in China. Gowman married Miss Anna Dukescherer in 1913 and they left at once to work at an inland mission station near the Tibet border of China. No particulars were given of death or burial. Dukescherer had expected a visit from his son-in-law and daughter this month.

BUSINESS UP IN AUG. SAYS DETROIT BANK

Basic Industries Expected to Follow Upward Curve in August, September.

INTEREST RATE FAVORS July Believed to Mark Low Point in Depression of Industry.

Some improvement in the general business situation may be expected during the month of August, according to Ralph E. Badger, vice president, and Carl F. Behrens of the Union Guardian Trust company, Detroit. Previous recessions have usually lasted from 12 to 15 months, and the current decline commenced just about a year ago. Precedent also favors an upturn in business when interest rates reach levels such as those now being maintained. Further, among the basic industries, automobile production, steel output, building construction activity, and railway traffic are expected to make material gains in August and September.

At the moment, automobile output is being curtailed because of annual vacation and inventory provisions, and steel activity is also restricted, partially reflecting the seasonal decline in automobile production. Railway traffic, likewise, is still light, but will increase as crops begin to move to market. Construction contracts awarded in June reached the highest total since July, 1929.

Future comparison of monthly records of accomplishment should be much more productive of business optimism because business men will, from now on, be comparing records with the early recession totals of the last half of last year instead of the abnormally high monthly totals of early 1929.

The leading bankers of Michigan, in their replies to the Union Guardian Trust company's recent questionnaire, report a variety of business conditions, depending largely upon the section of the state in which they are located. In industrial southeastern Michigan, manufacturing activity is less than last year in 18 of 21 cities; in one of the 21, no change is reported, and slight improvement is indicated in two. In only 7 of the 21 cities more production is expected in the next month. Employment in this section of the state is running considerably below that of a year ago, and in most cases some further decline is expected. Money in most of these cities is not over plentiful, but several reports indicate an excessive supply of loanable funds. Compared with 1929, there is some decrease in the demand for money.

The volume of retail trade in southeastern Michigan is below that for the same period of 1929 and no change is expected in the near future. Collections are slow. The building industry in this territory is still below 1929 totals. Although some improvement is expected in Jackson and Bay City, little change is looked for in the other cities. Crops in this section of Michigan are quite universally reported as good, and in several areas, excellent. Prices of farm products are low but good crops at low prices may be more satisfactory to the farmer than smaller crops and high prices.

The same economic conditions prevail in industrial southwestern Michigan. Employment is below last year in all centers except Battle Creek and Kalamazoo. In Kalamazoo some decrease is expected. Crops are reported good except in the South Haven area, where the cherry crop is about 50 per cent of normal and only a fair peach crop is expected.

In the Ionia district, the farm outlook is reported to be the best in years with an increase in acreage under cultivation of about 20 per cent. Farming and other outdoor work has absorbed a large proportion of the unemployed in Ionia.

In northern Michigan, there is a sufficient supply of money. Employment is slightly below last year but some increase is expected as tourist demands reach the peak. Retail trade likewise is less than it was a year ago, but should increase materially in the immediate future because of the tourist trade stimulus. What manufacturing is carried on in this section is curtailed, as in the lower part of the state, and no immediate improvement is expected.

In the Upper Peninsula, the supply of money is considerably in excess of needs. Employment is lower than it was a year ago. Retail trade is curtailed. Prospects are good for the forage crops and potatoes, the principal crops in the Upper Peninsula. Forage crops which are utilized in dairy and beef cattle feeding, are especially good this year in the western counties. The farm outlook is clouded by the low prices of cattle and dairy products. Lumber and sawmill operations are much less than they were a year ago, but iron mining is only slightly restricted.

There is at least, a reasonable possibility that July will mark the low point of the recession in Michigan business as well as that of the United States. Seasonal quietness in the final months of the year may be expected, of course, but comparisons with last year's business should, we believe, become increasingly favorable.

Christian Science Churches

"Mind" was the subject of the Lesson-Sermon in all Christian Science Churches Sunday, Aug. 24. Among the citations which comprised the lesson-sermon was the following from the Bible: "For to be carnally minded is death; but to be spiritually minded is life and peace." (Rom. 8:6).

The lesson-sermon also included the following passages from the Scriptures, by Mary Baker Eddy: "As a material, theoretical life-basis is found to be a misapprehension of existence, the spiritual and divine Principle of man dwains upon human thought, and leads it to 'where the young child was,' even to the birth of a new-old idea, to the spiritual sense of being and of what Life includes." (p. 19.)

NO EXCUSE FOR A "SPLITTING HEAD"

There's no need for an aching head to spoil your day. At the first warning throbs take Dillard's Aspergum. Chew it a few minutes. Almost before you realize it, you have chewed the pain away. It's as simple as that—no trouble, and harmless—for Dillard's Aspergum is the new and easier way to take aspirin.

Dillard's Aspergum is the finest aspirin in delicious chewing gum form. You can take it any time—any place. You need no water to gulp it down. There is no unpleasant taste—no choking.

Because you chew Dillard's Aspergum the aspirin mixes thoroughly with the saliva so that all its soothing qualities are effective quickly, continuously.

Keep a package of Aspergum on hand for quick, harmless relief from the pain of headaches, neuralgia, neuritis, etc. It helps break up a cold, and soothes irritated throats, even such severe cases as follow tonsil operations. If you doubt, does not have Dillard's Aspergum, send for free sample to Health Products Corporation, Dept. A, 115 North 13th Street, Newark, N. J.

1 KILLED, 12  
HURT IN SUNDAY  
TRAFFIC MISHAPS

ONE FATALITY ON U. S.-12; 2 WRECKS ON U. S.-31 MARK WEEK END IN BERRIEN

One killed and twelve injured was the week end toll on Berrien County highways. Reuben Goldberg of Chicago having been killed in a head-on crash on U. S. 12 a mile north of Bridgman, in which six others were injured. According to a representative of the sheriff's office who investigated the accident, Goldberg was driving south on the wrong side of the highway when he crashed into a car driven by Charles Sherman, also of Chicago. Sherman was exonerated of all responsibility. In Goldberg's car were E. Parham and son, Roy, of Chicago, both of whom were painfully cut and bruised. In Sherman's car were his wife and small child, both of whom suffered severe head cuts, and his wife's mother, Mrs. Cora Bala, who suffered a fracture of the right wrist.

Other traffic casualties were: Samuel and Henry Posner and Mrs. Mamie Lazarus, all of Chicago, injured on U. S.-31 south of St. Joseph; Frank Brower and Miss Ruth Jones of Indianapolis, hurt when the former fell asleep at the wheel and his car crashed into a tree on U. S.-31 near Scottsdale; Walter Kelsey of Eau Claire, hurt when he lost control of car and went into the ditch.

CHICAGO LADY IS ENTHUSED OVER WHAT NEW, DIFFERENT MEDICINE DID FOR HER.

MRS. MARIE BASMAN  
Surely one could do no wiser thing than to profit by such experiences as Mrs. Marie Basman, 740 North Lawndale Avenue, Chicago, had with Konjola. She says: "I was troubled for two years with rheumatism in my hip. I could hardly get out of bed in the mornings. I tried a number of medicines and treatments but nothing helped me. Then I started with Konjola. That was six months ago and I took six bottles. Since then I have not had an ache nor pain. If I do I surely will take Konjola again. Some of my friends are now using Konjola and getting fine results."

Konjola is a medicine for the aged and the infant, for all the family. A complete treatment of from six to eight bottles will bring relief from even the most stubborn cases of stomach, liver, kidney and bowel disorders, and rheumatism, neuritis and nervousness.

Konjola is sold in Buchanan, Michigan, at W. N. Brodick's drug store, and by all the best druggists in all towns throughout this entire section.

BRIDGMAN DID IT.

On Sept. 15th, 1922 when PROF. REICHARD of Ann Arbor, and his brother camped for the night at New Buffalo, little did they dream of the danger as they closed their eyes in peaceful slumber at 4:30 in the morning PROF. REICHARD was murdered and robbed of \$420.00 by EARL KING an ex-convict and then wanted for murder in Ohio. Armed with a 38 calibre gun he fled to the sand hills of Grand Beach. At 9.30 p. m. that night Bridgman got his man. Today EARL KING is in the Michigan State Prison.

BRIDGMAN DID IT.

When MIKE O'NEILL boarded the fast Pere Marquette train for Chicago, he felt quite sure of his escape, but he did not reckon on Bridgman. When the train stopped at Glenlord, O'NEILL little surmised the reason why, but later when Bridgman, single handed, grabbed and took from him two guns and a knife, he knew why. Today O'NEILL is in the Marquette prison for an attempt to kill and assault WILLIAM RANDOLPH.

BRIDGMAN DID IT.

This is the protection Bridgman gave you.  
Nothing less than this kind should satisfy you.  
Nothing less than this kind will Bridgman give you.

# The Old Timer's Corner

## Old Timer Says Now is Time For Buchanan to Build Airport

About this time of year, we were pretty busy getting the wheat ground plowed. Had to wait until after threshing and all that and then it was usually hot and dry and it was pretty hard work for both man and horses. Lucky years came of course when we had a little rain to soften things up a little, but most of them were much like this year, with a hot dry August and the pasture was packed down like a rock and it was some job to get it plowed and ready for wheat sowing. I haven't been out in the country much, this last few weeks, but I imagine that many of them are "hard at it" by this time. It's just one thing after another and sometimes they come in bunches at that. I remember one time when we had threshers that the bees started on a rampage and we had three swarms in that one day. Not so good. It was beastly hot and every one was tired and mad, anyway, and then to have the fool bees go on strike and all at the same time. O very well. It was late in the season for them to swarm, but there must have been some disagreement in the "bee tribes" that particular day, for they were made life restless for us that day. I often wonder what the farmers do for their horse's sore necks, now since we can't get the old reliable "Zinc Collar Pads". They were sure a God send for horses all right. I haven't seen one for many years, but I have seen horses that needed them.

And now to change the subject. I don't see why Buchanan don't get busy and establish a good airport. There is plenty of ground available close to town, down back of Baintons, between that and the river, or down on the Moon place, or just south of town on the French place, or some place like

that. It is the coming thing and many of the merchants, within the next year or two, will be buying their own air machines, and you might as well get ready for them. The party that owns the Moon place told me at the picnic this summer, that she would want to have a little more of it. Maybe she would want a little more, but she sure enough told me that, and acted as though she meant it. There is a narrow road leading down there that could easily be made wide enough and it is handy to the stone road, and would make an ideal place for landings. Think it over, city dads, and get busy. The farmer is always ready for his own air machine, for he has fields in which he can land, always, but in towns, you have to prepare for them and it is time to begin thinking of such things if you are going to keep step with progress, and now that you are a city why not let it off and do some thing that will bring people to town? Niles has one, but that is five miles away and a one track good road to get over there. Why go to Niles when you can have it at home?

Think it over.

MRS. GEORGE DRESSLER  
Unto Samuel and Hannah Rollings of Berrien Springs, was born a babe on June 15, 1864 and this child was named Lydia Rollings. As a child she attended the schools of Valparaiso and Buchanan and later became a teacher in the vicinity of Buchanan.

At the age of 23 years she was united in marriage to George F. Dressler. To Mr. and Mrs. Dressler a son was born and this babe died in its infancy.

For more than 36 years Mr. and Mrs. Dressler resided on a farm southwest of Buchanan in Berrien township.

Mrs. Dressler was a devoted wife and a loving sister and a thoughtful friend—a pilot in wise counsel, steadfast in troublesome times, true, loyal and generous ever.

Mrs. Dressler was a member of Sylvia chapter No. 74, O. E. S. On the morning of Friday, Aug. 15, Lydia Dressler fell asleep at the home of her brother, Isaac Rollings, of Cassopolis, following an illness of two months.

To mourn the loss of this dear woman are the following: a devoted husband, three sisters, Mrs. J. H. Romig, of Buchanan, Mrs. William Koons of Dowagias and Mrs. William Borst of Buchanan and one brother, Isaac Rollings of Cassopolis.

## Why Don R. Pears

Should Be Retained As

### Register of Deeds

1. He is qualified and experienced.
2. Prior to his incumbency, the office paid the Register of Deeds ALL the fees, amounting to \$6,000 to \$8,000 per year.

After Mr. Pears was nominated, the office was placed on a salary of \$3,000 per year, a reduction of approximately \$4,000 each year.

On this basis, every Register who preceded Mr. Pears was paid as much in two terms as he would be paid if he held the office four terms.

Since the office is no longer a "political plum", isn't it good business judgment and FAIR PLAY, voters, to retain an officer who has made good, one who is experienced in every detail of the office?

3. During his term of office, he has turned over to Berrien county more than \$10,000 profit, over and above all expense of operating the office so that the office has not cost the taxpayers one penny.

4. He is an overseas veteran of the World war.

5. His election to the Presidency of the Register of Deeds association of the state of Michigan in 1929 showed the high esteem for this officer among other Registers of Deeds. At the present time Mr. Pears is Secretary-Treasurer of the Association for 1930-1931.

Candidacy of C. S. Overcash Endorsed by  
100 Representative Niles Citizens.

To the Editor:

Around the turn and into the home stretch the five Republican candidates for the nomination for sheriff of Berrien county race, with one candidate certain to win. That candidate is the one that is "next to the rail." He has yards less distance to travel—he holds "the inside track to victory."

In the struggle to show superlative merit, based on past performance, we believe that Deputy Sheriff C. S. Overcash, of Niles, holds the inside track. And this is the belief of 100 representative Niles men, leaders in manufacturing circles, mercantile interests, banking, the professions and other interests, who pay their fellow townsmen, Deputy Sheriff Overcash, the highest possible compliment in the endorsement of his candidacy, as given below.

These Niles men know whereof they speak. They rate Deputy Sheriff Overcash high for his splendid record as a police officer, for his integrity and good citizenship, and as a man deserving to wear the badge of sheriff.

We respectfully commend his candidacy to your consideration.

Overcash-For-Sheriff Club,  
C. H. Frazee, Secretary.

### ENDORSEMENT BY COMMITTEE OF 100

We, the undersigned citizens of Niles, Michigan, having confidence in the integrity, honesty and ability of C. S. Overcash, candidate for the Republican nomination for sheriff, unqualifiedly endorse him for the office which he seeks.

## BAKERTOWN BOY WRITES VIVIDLY ON CUBAN TRIP

HARVEY SHERWOOD WRITES OF LIFE IN QUAIN OLD CUBAN CAPITAL.

Dear Mother and Father,

Since we have been here almost a week, we may be leaving before I get this letter finished. I had fully intended to write up the notes I made in Miami but since seeing Cuba I have lost my interest in doing so. Therefore I shall outline the drive down to Key West and the boat trip to Cuba.

Cocoanut Grove is really a noteworthy place. The mango trees are so thick along the water's edge that they are impenetrable. On both sides the road islands or keys dot the turquoise sea and in the distance appear like floating islands with at least a half dozen colors or shades of water between given points. On the left is the Atlantic and on the right, Florida Bay. Fishing seems to be the only occupation and it was here that President Hoover came. The coconut trees lining the water's edge, the varied odors of the salt water, the type of houses, all serve to remind one closely of a South Sea Island setting of R. L. Stevenson. On board the ferry, bound fish attracted and held our attention as they would skip half a dozen times then stand still on their tail and ride until they suddenly flopped on their side and disappeared. A twelve foot average depth along the boat's course, not only gave a Yellowstone coloring, but also was interesting for the undersea life which it so easily exposed.

Ninety miles driving, forty miles by ferry, then a fifty mile drive brought us to Key West, which is scarcely U. S. either in the character of its population or its entire wide pen policy. The sea life about this town as well as the interesting personages one meets if he chooses would be well worth a summer's residence even though he were not a fisherman. Two hundred visiting Cuban educators, luncheon where we did, learned that we were bound for an auto tour of their island, heartily greeted us and invited us to attend the theatre with them and the president of the Cuban board of education. We accepted and here had the first example of their splendid and genuine courtesy, though our Spanish was nil. There is a more natural attitude of ease and pleasure than in our conventionalized American pedagogical groups.

Leaving for Cuba on the S. S. Governor Cobb, the Cuban waters reminded me of Newman's beautiful prose line in his "Site of a University" when he writes of the

violet billows with the white down under. On this boat we met a gentleman who was born on the Suwannee River but has lived in Cuba for 39 years, is a person of consequence, a veteran of the Cuban-Spanish war and the Spanish-American also. He was on the Maine two days previous to the sinking and was then a newspaper correspondent.

In American historical circles the problem still persists: Was it an internal or external explosion? He said the steel was splintered in an inward direction not the outward and that Spain had not ordered it done but some Spanish officers were so stupid as to think they could steam right up the coast once the Maine was removed and succeed with a surprise attack on our East.

Old Morro Castle, the harbor craft and the city were splendid camera targets and in the colors of the setting sun were as beautiful as one could imagine. Altho the Cuban immigration officials possess all the Spanish courtesy of their conquerors, the hotel representatives at the docks are uncontrolled in their Latin impulsiveness so annoying to the American who resides neither in New York or Detroit.

We were quite soon introduced to the most disagreeable feature of Havana, poorly prepared foods, a predominance of meats, a paucity of vegetables and an excessive price for the foods. Their 1c, 2c, 5c, 10c, 20c, 40c and 1 peso coinage system is much more readily identified than their liquid refreshments.

On the first evening I attended the National Theatre in a coat which I borrowed from my hotel negro porter. I had neglected to bring with me from Miami that article of apparel without which no one is allowed to enter a Cuban theatre, a Cuban park or the Prado (promenade). The theatre, a beauty, is typically Spanish, resembling that at Mexico City and Madrid, is minus a balcony, having only a main floor and the rest box seats in cylindrical form continuing entirely to the roof. Cubans, Spaniards and negroes fluttered fans, hissed, applauded, smoked and listened to radioed fight returns while the show proceeded. Only Cubans were on the stage and after the professionals came amateurs which produced a pandemonium.

It may interest you to know that Panamas may be purchased from \$1 to \$1000, perfume is 1-3, the American price, good suits are \$6 to \$18, (the Cuban dress suit is a beauty) taxis are 20c any place in the city in excellent cars and although there is crazy driving, one sees no accidents. The sidewalks are so narrow that it is actually the truth to call them one-legged streets, but this is not true everywhere, if it is true in the best of the surprises of the trip and inas-

much as it is not quite complete and was just opened to tourists with special permission this July I consider myself fortunate to have been able to take time pictures of the most beautiful capital in the world. Although I have been from the Columbia river in the north-west to the Antilles and Caribbean in the southeast and from Plymouth Rock in the northeast to Old Mexico in the southwest, almost circled U. S. and crisscrossed it, visited almost every principal city, I've never seen Washington, but Rasmussen declares that this Cuban capital excels ours in every way except size. Since Cubans are making a special effort to interest American teachers in the summer and we were among the first, they gave us a city guide, who showed us this \$20,000,000 gem. The dome covered with 22 karat gold leaf cost \$250,000. Each chandelier and there are several of them, cost \$10,000. Each of the 150 representatives and 75 senators has a microphone on his desk in front of him that his constituents may listen to him, each has his private bath and home facilities in the capital. There is such an amazing extravagance of mahogany, gold, red plush and velvet and Cararra marble that it must be matched by a bronze statue covered with gold leaf and weighing 37,000 tons. A 22 karat diamond is to be set directly under the golden dome in front of this statue. Being so modern and built by practically a dictator, it can surpass anything and does regardless of expense.

There are 42 churches and 7,000 saloons, 650,000 population, 6,100 taxis, 2,500 police and they need them all in this city. I must say they are very much on the job too. Their narrow streets and sidewalks make walking as difficult as in New Orleans and Matamoros, Old Mexico.

In Our Lady of Mercy church, the prettiest I've ever seen, we saw one painting which required seven years for the artist to do, lying on his back. This church is 120 years old and none of its numerous paintings have been retouched since 1828 yet they stand out like statuary. It is not only the most beautiful interior of a church that I've ever seen, but it contains the best religious art. The wooden images of the suffering Christ were Spanish in feature but so cleverly executed that the facial expressions will always linger in my memory.

## 3 OAKS FAIR TUES. TO FRI. OF NEXT WEEK

Large Purses to Draw Fastest  
Field of Horses Ever  
Seen There.

### AGRICULTURAL DISPLAY

Fine Program of Free Entertain-  
ment Afternoon and  
Evening Each Day.

Next week will be county fair  
week at the neighboring village of  
Three Oaks, the annual agricul-  
tural exhibit and race program be-  
ing scheduled for the five days be-  
ginning Tuesday and ending Fri-  
day.

This fair is practically repre-  
sentative of Berrien County, being  
the only event of the kind held  
in the county. The fair grounds  
include one of the finest clay race  
tracks in southwestern Michigan.  
Purses have been increased this  
year to a point where it is anti-  
cipated that the competition will  
be the best ever seen on the track.  
The management promises a fine  
early fall showing of agricultural  
products and also a choice repre-  
sentation of the best cattle, hogs,  
and poultry of the county. There  
will be an extensive exhibit of  
women's work, including fancy  
work, kitchen products and the  
like.

The fair draws a large represen-  
tation from Buchanan and it is  
expected that many will attend

this year. A fine program of en-  
tertainment is promised for after-  
noon and evening of each of the  
four days.

The grounds will be abundantly  
lighted for the evening perfor-  
mances. There will be a variety of  
free entertainment acts and a fine  
midway. All who enjoy a good  
old-fashioned country fair should  
not fail to attend.

Relief from Curse

of Constipation

A Battle Creek physician says:  
"Constipation is responsible for  
more misery than any other cause."  
But immediate relief has been  
found. A tablet called Rexall Or-  
derlies has been discovered. This  
tablet attracts water from the sys-  
tem into the lazy, dry, evacuating  
bowel called the colon. The water  
loosens the dry food waste and  
causes a gentle, thorough, natural  
movement without forming a habit  
or ever increasing the dose.

Stop suffering from constipation.  
Chew a Rexall Orderlie at night.  
Next day bright. Get 24 for 25c

Store. Wm. N. Brodrick. 16132

the building and loan associations  
intend to make a drive to get mil-  
lions of people to loan these sav-  
ings exclusively for home owner-  
ship financing under the building  
and loan plan.

NOT CAMOUFLAGED PROMISES

MR. & MRS. TAXPAYER

RAY T. HALL  
Republican Candidate for  
Nomination for  
SHERIFF

"Think it Over"

It cost you \$90,000.00 to enforce the law in Ber-  
rien county last year!

It cost you \$53,231.76 to operate the Sheriff's  
office last year! Over \$1,000.00 a week.

Can this expense be reduced? Absolutely!

Adopt the plan that Ray Hall submitted to the  
Board of Supervisors. You are guaranteed a sav-  
ing of at least \$10,000.00 a year.

No person has disputed this statement!

Other counties have adopted this plan, why not  
Berrien?

Give Ray Hall a chance to prove he can give you
