Beg Pardon In the story published in the Record of Oct. 30 relative to the closing of the alley between the Chevrolet Sales and the Johnston second hand store, it was stated that the owner of the property traversed by the alley is James McGaghie. The name should have been George McGaghie.

Now Here's the Proposition

PAGE MISTER RICHARDS BI Haws My landlady has went and said I must leave if I can't pay the rent— I requested my grocer for credit; He refused me and borrowed ten cents. But though my financial condition is bad, I have still, I lay down, as much right as the city commission To live off the town. I think that we all should be able. Since most of us helped pay the tax. To live at one big public table And everyone simply go snacks. And that way we'll all see the finish; It ain't any use to say die— Will you pass Mister Mitchell that spinach And pass me the pie? While any 's living in clover Some way 's getting my fill; I like my 's easy and over And can't you step livelier, Bill? The city can hand me my peptones And charge it to W. T. Will you please hand the mayor that soup bone? A T-bone for me.

DEER HUNTERS PREPARE FOR ANNUAL TRIP

Twenty-Two Nimrods Buy Hunting Licenses Here Last Week.

SEASON OPENS NOV. 15

County Clerk Ben Bittner spent Friday evening in the Muir & Sands Cigar Store in Buchanan as an accommodation to local deer hunters writing out ten licenses while here.

Bittner stated that he anticipated selling about 300 licenses this year, judging by the way the hunters had come in to date. In normal years from 400 to 500 have been sold. The hunting season has been lengthened, starting Nov. 15 and lasting until Nov. 30. The hunting license fee is \$2.50 for residents, and an additional fee of \$3 permits a deer for each camp.

Hunters from this section who bought licenses were the following: Morgan, Lohmough, Clyde Lohmough, Dave Lohmough, Elmer Lohmough, all of Buchanan; Ora Kiefer of Three Oaks; Bert Babcock, Fred White and William Luther of Galien; Valmore Speckine and William Speckine of Buchanan. The first four and the latter six comprise two hunting parties and each purchased a camp license for \$3 which permits them to kill one additional deer to eat while in camp.

Fred Appleby of Niles, spent one evening here, writing licenses for 12 hunters.

A party composed of Dick Procius, Noah Weaver, Ira Swartz and Raymond Linsenmier left Saturday on a deer hunting expedition, with the Iron Mountain and Witch Lake district of the Upper Peninsula as their destination.

The party headed by William Speckine left Tuesday for Camp 2 on the Fence River in the Witch Lake district.

A party composed of Veri Clark, Al Decker, Pete Blanta, and Rob Blanta left early Monday morning for Republic, Mich., which is also in the Witch Lake section of the Upper Peninsula.

Practically all parties are hiring teams for a day's haul into the back country where cars cannot penetrate.

SCREAMS OF FAMILY WAKE NEIGHBORS

Chance Awakening of Wife Saves Family From Fiery Death.

SMOKE BARS STAIRWAY

All Furnishings and Clothing of Family are Lost in Flames.

The narrowest escape from tragedy by fire which has occurred in Buchanan for many years took place early Saturday morning at the Alvin Swaim home at 314 Short Street when the family were rescued by neighbors from a precarious position on the front porch when smoke and flames had cut off their escape by the stairway. The family of Al Flenar who lives across the street were awakened at 1:30 a. m. Saturday by the screams of the Swaims and rushing out saw smoke and flames pouring from the lower windows of the Swaim house, with Mr. and Mrs. Swaim and two children clinging to the sloping roof of the front porch in their night clothes. One of the Flenar family ran to the home of George Kelley, a block away and secured a ladder, by which the Swaims were rescued from their precarious and chilly perch.

Mr. Swaim stated that the family had retired early, he being the youngest boy aged four, and ran down the rear stairs out of doors. When he attempted to make the second trip down the stairs, he found the stairway cut off by smoke. He raised the front window and he and his wife climbed thru on the porch with the oldest boy, aged 6 and the girl, age 3, from which place they were rescued by the Flenars.

The fire department arrived with both chemical and pump trucks and soon had the flames extinguished. The fire did not penetrate to the second story, due to the fact that there was no wind and no draft to carry it, and that part of the house was damaged only by smoke. The entire first floor was gutted by the flames and all furnishings practically ruined, including nearly all of the clothing of the entire family. The house had recently been purchased by Swaim. Both house and furnishings had some insurance coverage.

Local Young Ladies Trip Few Measures For Sweet Charity

By a lamentable oversight, the story of the charity ball at the Clark theater last week omitted mention of the intrepid dancing by several young ladies, which formed a delightful part of the program of the evening. Misses Peggy Merfield and Teresa White performed the Swan Dance, while a trio composed of Misses Eleanor Miller, Cherry Heim and Una Kelley danced the Czardas Dance. Miss Teresa White did a solo tap dance. Music for the dances was furnished by Mrs. Josephine Kelly at the piano and Jack White on the violin.

Armistice Day Program Tuesday

An Armistice Day program was held in the high school auditorium, Tuesday, from eleven to twelve o'clock.

At eleven o'clock the student body and faculty stood at attention facing the east.

Next on the program was the paying of allegiance to the flag and the singing of "Keep the Home Fires Burning" and "Long, Long Trail."

The address of the morning was given by Rev. Thomas Rice of the Methodist church.

E. H. ORMISTON Candidate for County School Commissioner

ORMISTON ANNOUNCES CANDIDACY

B. H. S. Principal Enters Race For County School Commissionership.

ELECTION IN SPRING

With results of the general election a matter of past history, the interest of the voting public has been directed toward the non-partisan spring polls by the announcement of E. H. Ormiston, well known Buchanan and Benton Harbor educator, of his candidacy for the post of Commissioner of Schools.

In authorizing his announcement, Mr. Ormiston made it explicit that he had entered the race only after receiving definite assurance that Miss Eggert did not intend to file as a candidate to succeed herself.

In point of educational qualifications and special experience Mr. Ormiston is admirably fitted for the post to which he aspires. He has served as principal of the Buchanan high school for the past six years, and as head of the history department in the Benton Harbor high school for eight years previous, as a result of which he has formed wide acquaintanceships among educators and the public at large in both ends of the county. He has been very active not only in county educational affairs but in the state as well, and has served for the past four years as a member of the Representative Council of the Michigan High School Athletic Association.

Mr. Ormiston received his elementary school education in the rural schools, and taught for two years in rural schools, which experience has equipped him with an intimate knowledge of the conditions which he will meet in the event of his selection for the office. He acquired further acquaintance with rural life and institutions through residence during the formative years of boyhood on a Michigan farm.

He was graduated from the Flint high school and from Albion college in 1916, and received his Master's degree in Administration and Supervision from the University of Michigan in 1929.

In his home city of Buchanan he is known as a public spirited citizen with a keen interest in the welfare of his community and has long taken a leading part in civic affairs. In the event of his election Berrien County will be assured of a school leader of wide experience and keen vision.

This Should Stimulate Biz

The pressing business was rotten—Abe Cohen on New York's lower east side admitted it. But, being a resourceful little merchant he realized something had to be done and it must not be without profit either. A ray of light—a bright idea—the sign next day in Abe's window read "Pants Pressed 12 1/2 cents a leg, seat free."

LOCAL WOMAN TELLS STORY OF STRANGE CAPTURE

ASSERTS SHE WAS KIDNAP-ED WHEN FOUND NOT TO BE PERSON WANTED.

Only a case of mistaken identification apparently prevented Buchanan from having the experience of an authentic case of kidnaping on Wednesday evening, when Mrs. LeRoy Gortner was taken from her home at 203 Central Court by two men about 8:30 in the evening and was taken to the borders of town and then returned when they discovered they did not have the woman they were looking for and according to a statement made by her to a representative of the Record.

Mrs. Gortner had gone out on the porch with her husband and John Gross, who also lives at that address, the two men leaving for the Studebaker service shop to finish some work that night. She watched the two men disappear around the west end of the house and then turned to go in the door, without paying any attention to a car without lights which had drawn up to the curb. Suddenly a covering such as a blanket or lap robe, was thrown over her head and a man's arms gripped her firmly from behind, according to Mrs. Gortner, picking her up and carrying her to the car. There she was taken in the car and her captor held her firmly on his lap while another man started the car and they drove south out of town. She was gripped so tightly and so smothered by the covering that she was unable to cry out.

After driving for about a mile south, as Mrs. Gortner stated, they turned around for some reason and drove back to town. At Alexander they turned off Portage Street and stopped the car under a light. They then removed the blanket from her head and both men looked at her. The larger one who held her exclaimed: "Hell, that ain't her," and released his grasp and she, according to the statement made to the Record, slipped unhindered out of the car and ran home.

She stated that she had clearly seen the man who held her and that he was large, dressed in a dark suit and a cap. She stated that she attempted to read the license as she was released but that it was of a dark color and the car had no lights. She stated that she was not gone from home over 15 minutes and that she was not missed by anyone, Mrs. Gross thinking that she had gone to the garage with the two men.

ELIZ. DECKER DIED SUNDAY; ILL ONE WEEK

SPECIALISTS NAME ILLNESS NON-CONTAGIOUS MENINGITIS.

Elizabeth Pauline Decker, 10, died at the home of her parents, Mr. and Mrs. L. A. Decker, 504 North Portage Street at 4 p. m. Sunday after an illness of a week with a non-infectious form of spinal meningitis.

She was born in Buchanan, Jan. 17, 1920, and had always lived here, being a member of the fourth grade of the Dewey Avenue school at the time of her death. She is survived by her parents, by a half sister, Miss Berdella Fingst; by two half brothers, Walter and Ralph Pfingst. The body was allowed to lie in state at the home Tuesday and Wednesday for the benefit of those who wished to view the remains and a private funeral was held from the home at 10 a. m. Wednesday with Rev. W. D. Hayes in charge. The body was taken to Wolcottville, Ind., for burial that afternoon.

A number of South Bend specialists were called in consultation in a vain attempt to save the life of the girl. They pronounced her illness to be a pneumococcus infection, having its origin in a cold and settling in the spine, creating a form of meningitis condition that is not contagious.

LEITER GETS CONTRACT FOR DEWEY SCHOOL

Eight Submit Bids, Work is to be Completed in Four Weeks.

EISELE TO DECORATE

All Grades are Continued on Part Time Schedule With Special Work.

The contract for the repair of the fire damage on the Dewey Avenue school house was awarded to Will Leiter at the meeting of the school board held Monday noon, eight contractors having submitted bids for the carpenter work.

Leiter began work at once, and is bound by contract to complete the structure in four weeks. The building is to be restored practically as it was before the fire, save for the addition of four windows for better lighting on the east side of the "lean-to."

The contract for redecorating was let to Henry Eisele and the contract for electrical repair to the firm of Shires & Goldman of Buchanan.

The damage by fire and water to the building and all equipment was fixed at approximately \$2,700 by the insurance adjusters. The desks at the time were practically unharmed, but the supplementary texts on tables were damaged.

The classes of the school are now maintaining the following schedule: forenoon kindergarten section, 8-10 a. m. in regular kindergarten room in Dewey school (undamaged); afternoon kindergarten section, 10-12 a. m. in kindergarten room; Miss Vanderbark's first grade afternoon in kindergarten room; Miss Myer's first grade, full session as usual in their own room in Dewey Avenue school (undamaged); Miss Wilcox's second grade in Mrs. Heim's third grade room at the high school in afternoon; Mrs. Fischner's third grade in Miss Simon's third grade room at the high school in the afternoon; Mrs. French's fourth grade room in Mrs. Fuller's room at the high school in the afternoon.

All of the above teachers are working full sessions, meeting groups of their pupils for special help at such times as their grades are not in session.

MRS. JESSE BREWER DIED SATURDAY AT U. OF M. HOSPITAL

OFFICER OF ROYAL NEIGHBOR LODGE; SURVIVED BY FIVE CHILDREN.

Mrs. Lucille May Brewer, 29, the wife of Jesse Brewer, 315 Sylvan Avenue, expired at 11:30 Saturday evening at the University hospital at Ann Arbor, after a prolonged illness.

She was born in Ohio on June 26, 1901, her name before marriage being Lucille May Hardaker. She had lived in Buchanan eight years. She was a member and an officer of the local Royal Neighbors at the time of her death. She is survived by her husband, by her father in Ohio, by her mother, Mrs. Dwella Daggett of Buchanan, by three daughters, Margaret, Rita, and Florence and two sons, Jesse, Jr., and Richard, of Buchanan; four sisters, Mrs. Florence Shryer of Buffalo, N. Y.; Ruby Scott of Tawanda, N. Y.; Olive Patsel of Roselands, Ind.; Mrs. Cecil Saxton of Indianapolis, Ind.; John and Nelson Hardaker of South Bend, Ind., Bill Hardaker of Elroy, O.

The funeral was held at 2 p. m. Thursday, at the Methodist church with Rev. Thomas Rice in charge. Burial was made in the Oak Ridge cemetery.

Relief from Curse of Constipation
A Battle Creek physician says: "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

DR. CARL'S DISCOVERY
STOPS GAS, CONSTIPATION
In his private practice, Dr. Carl Weschcke first perfected the simple mixture now known as Adlerika. Unlike most remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you would never believe were in your system. Stops GAS bloating in 10 minutes! Relieves chronic constipation in 2 hours! Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! It will surprise you.

AM. LEGION AND AUXILIARY HOLD ARMISTICE MEET

VETERANS OF THREE WARS ARE GUESTS OF HONOR AT SUPPER.

The Ralph Rumbaugh Post of the American Legion and the Auxiliary held a pot luck supper and program at the Legion Hall Tuesday evening, the program being in commemoration of the soldier dead of the nation.

The ladies of the Auxiliary were hostesses at the supper. Veterans of the Civil, Spanish-American and World Wars were present, the former service being represented by Sam Bunker, George Hanley and John Dick, who were guests of honor for the evening.

At the conclusion of the supper, Miss Erma Wright took charge of the program as toastmistress and welcomed each of the groups of veterans, responses being made by John Dick in behalf of Civil War soldiers, by Frank Rinker in behalf of Spanish-American War soldiers, and by Tom Burks for the World War soldiers.

The entire assembly then rose and faced the east for a few minutes of silent prayer, after which "taps" were blown by Robert Dempsey.

About 100 were present for the occasion, those from out-of-town being Mr. and Mrs. Richard Pears of Kalamazoo, Mr. and Mrs. Charles Cooper from South Bend and a number from Niles.

Stores of the city were closed during the afternoon in honor of the occasion.

Hammond Man Buys F. Salisbury Farm

R. B. Schwartz has sold the Fred Salisbury farm of forty acres southwest of Dayton to T. L. Norton of Hammond, Ind. Mr. Norton will remodel the house making it modern throughout and will landscape the grounds. He will raise chickens on a large scale.

No longer is it necessary to gargle and choke with nasty tasting medicines to relieve sore throat. Now you can get almost instant relief with one swallow of a doctor's famous prescription. This prescription was refilled so often that the druggist who originally filled it decided to put it up under the name "Thoxine" and make it available to everyone.

The remarkable thing about Thoxine is that it relieves almost instantly, yet contains nothing harmful. It is pleasant tasting, and safe for the whole family, and is guaranteed to relieve sore throats or coughs in 15 minutes or money back. Put up ready for use in 35c, 60c, and \$1.00 bottles. Sold by the Wisner Pharmacy and all other good drug stores.

Florence Brewer Escapes Injury in Automobile Mishap

Florence Brewer, little daughter of Jesse Brewer, had a fortunate escape when she was uninjured after being knocked down on Front Street in front of the Wisner Pharmacy. The little girl stepped from behind a large flour truck which had double parked on the north side of the street, directly in the path of an Indiana car. The driver stopped the car in a few feet and the little girl was merely knocked off her feet.

Street Accidents Take Thousands of Child Lives

RAY LYMAN WILBUR, Secretary of the Interior

Estimate Based Upon Accident Statistics, Says Secretary Wilbur

Washington, D. C.—If history repeats itself, many thousands of children will be killed or maimed by automobiles within the next twelve months in the United States.

This statement, according to Dr. Ray Lyman Wilbur, Secretary of the Interior and chairman of the White House Conference on Child Health and Protection, is based upon the accident statistics of past years.

"When I was a boy," said Secretary Wilbur, "the only thing we feared out in the open country, was a rattlesnake. But the rattlesnake is a domestic pet compared with the automobile. Rattlesnakes may kill a few thousand persons a year in this country, but automobiles kill thousands of children alone, because our safety precautions are not as modern as our mode of travel.

"Worst of all, the automobile is only one of the many modern dangers to which our children are exposed.

"Members of the White House Conference on Child Health and Protection which will meet in Washington November 19-22 at the call of President Hoover, have been working for the past year upon the problems of childhood.

"All they have discovered—that is, every bit of scientific knowledge relative to children now in existence in the field of medical science, public health, education and training—will later be at the service of what the President has rightly called the 'deeply concerned parents' of this country.'

More than 1,100 experts from every field will gather at the Red Cross and D. A. R. buildings in Washington for the Conference. Secretary Wilbur, as chairman, will make the closing address. The Secretary has served both the American Medical Association and Stanford University as president.

Style Prophets Predict Return of Victorian Waist

Hugh Walpole, himself the most Victorian of living novelists, recently pictured the shade of Victoria as smiling at each new sign of a return to the modes and manners of her day. He was able to present a goodly list of such signs, but they were mostly in art and letters. It did not include the wasp waist or hour glass figure, which, according to a corsetiere of New York, is just around the corner preparing to step into the picture.

If it isn't one thing it is another that comes to worry women in a position to live well and at the same time to follow the fashions. Barely had they recovered their breath and their appetite after the ordeal of the various diets than along comes this business of lacing to beat the band and even to "bust" it.

But the wasp waist of Victorian times was not aggravated by a diet. Women ate sparingly at the table in company, but they did themselves nobly in their rooms or even in the kitchen. They did their reducing from the outside with laces and not from the inside. As the sallor would say, it was a matter of trimming the cargo and not of refusing to take it on.

The strings often broke in the old days, but the body itself didn't snap, except to snap out of the strings.

One shudders to think of both a diet and a wasp waist.

Government Orders Five Airplanes for Aerial Photography

The government has ordered for delivery next July five airplanes of a special type, which can land on and take off from water under almost all conditions, which will have room for a "crew" of four and also for three or four "passengers", and which will also be equipped with a highly specialized apparatus for aerial photography.

One of the "crew" will be a photographer, another a radio operator.

The business of the planes will be two-fold: to find and aid in the rescue of sinking boats and to photograph "runners" beyond the twelve-mile limit, where it is legal to transfer liquor from one ship to another. The "runners", identified by these photographs, will be easier to pick up when they land.

It is an interesting plan anyway. And when there is no further need for the planes as detectives, they can still continue to be highly useful in rescue work.

New Troy School News

The landscaping of the school lawn was let to the Keith Brothers Nursery. Bert Keith has drawn up the plans and has the work nearly completed. Over 300 shrubs of various varieties are included in the layout. With proper care and with our splendid building in the background, it ought to form a real picture for this community.

The landscaping work is being sponsored by the school in conjunction with the Parent Teachers Association.

Full Festival

The fifth annual Fall Festival, sponsored by the P. T. A. is in progress this week Friday and Saturday. The doors of New Troy School will be thrown open to the general public on these two evenings. We invite you to come and inspect our school as well as enjoy the two full evenings of entertainment provided.

Washington Predicted Trans-Atlantic Flight In Letter in 1794

George Washington, as early as 1794, predicted that the ocean would be spanned by air. Representative Sol Bloom, associate editor of the George Washington Bicentennial commission, declared, calling attention to the fact that the Coste-Bellonte flight is not the fulfillment of a modern dream.

"The dream," he said, "is almost as old as our country. George Washington himself had a distinct vision of this great achievement, although he did not, of course, envisage the character of the modern airplane. It was as early as 1794 that our first president, in a prophetic letter to Major-General Dupontail, 'friend of Lafayette', said:

"Our friends in Paris in a little time will come flying through the air, instead of plowing the ocean to get to America."

U. of Washington Drops Commercial and Trade Course

All courses of a strictly commercial or trade nature are to be eliminated this fall from the curriculum of the University of Washington, President M. Lyle Spencer has announced.

President Spencer declared that education at the university would be placed on a purely cultural, scientific and professional basis under the new plan, which was recommended by the faculty educational research committee, headed by Dr. H. V. Tartar, chairman, and Dr. William R. Wilson, secretary.

"The work which this committee is doing will be found epoch-making in northwest education," President Spencer said. "It means that the university will be what it is intended to be, an institution of higher education, not a training ground for mere trades."

The College of Business Administration, the largest unit in the university, has taken the first step in conforming to the policy by dropping forty-four courses of a technical or trade nature.

Thirty of these courses, covering branches of auditing, accounting, management of wharves, stores etc., are already in this year's catalogue and will not be dropped until the end of the year.

70 Yard Run to Touchdown by Lauren Morse Decides Contest.

GO TO KALAMAZOO NEXT Will Play Western State High School Team There on Friday Evening.

All of Coloma high school's well laid plans for a state football championship, as well as their well developed victory string, were smashed to smithereens by a fighting bunch of Buchanan Bucks Saturday at the local field.

The Coloma boys started out as though they were going to claim the championship in the first quarter, driving right down the field for a touchdown after the kick-off.

Hard running off-tackle plays and end runs, combined with a pass put the ball on the Bucks' 5 yard line. Here Williams, the visitors' big and fast fullback, tore around end for the score.

The Niles orchestra under the direction of Mr. Matthews will add variety by instrumental numbers. This festival project is one of the first to be held in the state and will be followed by other counties. It replaces the contest idea. It will be a public affair. Everyone is cordially invited to attend.

B. H. S. GIRLS DEFEAT NILES IN SOCCER CONTEST

FAST, ACCURATE OFFENSE GLEANS 3-0 VICTORY FOR LOCAL GIRLS.

The Buchanan varsity girls' soccer team won the game from Niles on Tuesday afternoon by the score of 3 to 0.

The members of the team are: Rosemary Thompson, Doris Campbell, Theresa White, Ruby Rob. Kathryn Portz, Dorothea Rothfuchs, Clarice Banke, Jane Habicht, Bernice Lohmough, Ruth Cripe, Mildred Bachman, Josephine Dunlap, Frances Sutphen, Lena Thompson and Mary Jane Harkrider.

Captain Kathryn Portz led her team to victory by using a fast, accurate offense and a clever defense.

The scoring was done by Theresa White, Bernice Lohmough and Dorothea Rothfuchs, with one point apiece.

Niles, although playing two very clever half backs, was outplayed during the whole game.

The Niles girls were good sports and accepted their defeat cheerfully. They invited the girls to a supper held at the high school after the game.

Jane Habicht time-keeper for most of the game, played the last two minutes in a very brilliant manner.

MUSICAL FETE SCHEDULED FOR NILES DEC. 12

SIXTEEN SCHOOLS OF COUNTY ENTERED IN LARGE SCALE CHORUS WORK

The music festival, one of the first of its kind ever held in Michigan, will be held at Niles high school about Dec. 12. Boys' and girls' glee clubs of Buchanan are both entered.

There are about sixteen high schools entered thus far. It will be a mass affair. This festival project will be under the auspices of Berrien county's superintendent association with the music supervisors of the county having charge.

The committee of supervisors will be as follows: Helen Rosencrantz, chairman, St. Joseph; Miss Gross, Benton Harbor; Mr. Pomeroy, Niles; Miss Olsen, Buchanan.

The guest conductor is Harper Maybair of Kalamazoo. The stage at Niles will accommodate about 400.

The Niles orchestra under the direction of Mr. Matthews will add variety by instrumental numbers.

This festival project is one of the first to be held in the state and will be followed by other counties. It replaces the contest idea. It will be a public affair. Everyone is cordially invited to attend.

John Strayer is Elected to Latin Club Presidency

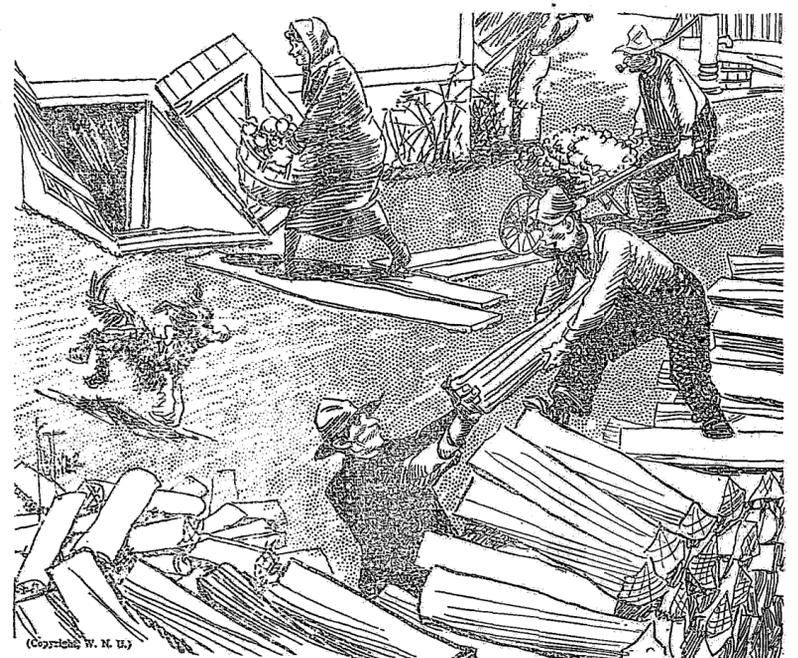

The seventeen members who form the nucleus of this year's Latin club, met in Miss Shriver's room, Thursday afternoon, and elected new officers. John Strayer was elected president; Dorothy Babcock, vice president; Doris Campbell, secretary; and Elizabeth Hess, treasurer.

The following freshmen are to be allowed to enter the club because of their B average, for the last two months: Richard Boone, Ruth Cripe, Martha Dellinger, Carson Donley, John Godfrey, Esther Kempton, Thelma Lohmough, Jean Russell, Anne Schindler, Richard Schram, Ethel Sibley, Helen Spatta and William Zachman.

President John Strayer's first official duty was to appoint two committees. The committee for refreshments consisted of Marie Hess, Marie Ellis and Helen Mogford.

The committee of initiation was also appointed. This committee is composed of Theresa White, Doris Campbell and Elizabeth Hess.

Preparing for the Big Offensive

Elimination Held For Oratory Meet

Senior elimination in the oratory contest was held last week. Eleven were chosen to continue. Miss Hanlin will coach the winning members.

The junior and sophomore elimination in declamations is now being held.

The freshmen are learning their declamations now and will begin their preliminary contest Monday.

After the class elimination is completed Mrs. Walton will have charge of the winners in the freshman and sophomore contest.

The date for the extemporaneous speaking elimination contest is set for November 20th with Mrs. Dunbar in charge.

Perhaps people are wondering where all the above is leading to. To put light on the subject, it is for the county speech contest, which is as follows: extemporaneous speeches at St. Joseph on Feb. 5th; declamation speeches at Berrien Springs on March 3rd; oratory contest here on April 17th.

All the hard work and study going on now is in preparation for this.

By the looks of the outcome of the first state debate held at Covert, our team should rank in the top contest. We won unanimously. Covert has won for years. They have a room devoted to trophies.

Annual High School Party Was Held Saturday

Well, that's over. The big high school party last Saturday night was a big success and everyone had a wonderful time.

Geneva Metzger and Roger Thompson were in charge of the entertainment committee; Ruth Pierce, Glenn Jesse and Eddie Rolan headed the decoration committee; John Strayer, Kathryn Portz and Anne Schindler comprised the refreshment committee.

Miss Elizabeth Maxey of Detroit, instructor of English at Coloma, was present as the guest of Miss Helen Hanlin. Miss Florence Hardsen had as her guest, her brother, Arnold Hardsen of Chicago.

Dancing was the chief activity but bridge and other games were offered to those who did not dance.

Music was furnished by Ralph Robinson's Ramblers.

The agriculture classes went to Three Oaks, Friday and entered in the fair being held there. There were five schools competing which included: Buchanan, Three Oaks, New Troy, Benton Harbor, and Berrien Springs.

SIDELINE ECHOES

A darned good ball game Saturday and not only because the locals won a game either. When Coloma marched down the field for their first touchdown, it looked bad for the Bucks, but they fought back and finally came through.

And don't let anyone tell you that those Coloma boys didn't have any team. One can readily see how they won sixteen straight games.

And another thing, for once this year Buchanan got the breaks, two big ones which resulted in touchdowns, and that is something that Coloma lacked.

The local fans were treated to two nice runs, one by each team. First it was Panteleo who galloped 65 yards without any interference at all for a score, and then it was Lauren Morse, who weaved 70 yards after an intercepted pass with a little interference but with more opponents to dodge.

It was no wonder that the Bucks had a hard time catching the Coloma ball toters.

Williams, who played a nice game at fullback, won the 220 yard dash at the district track meet at Niles last spring, and Panteleo, the fleet halfback, starred in the 100 yard dash. Not only that but they had to be tackled hard in order to even slow them up.

The victory Saturday was rather an expensive one for both of the teams. It was expensive for Coloma because it ruined their state championship aspirations.

It was costly to Buchanan because four of the locals are limping around with injuries. Rod Thompson was forced from the game with a bad hip injury, Chubbie was laid up with a bit with an aggravation of his old leg injury, Paul Dewitt received a bad blow on the hip and Dale Hamilton has a bad ankle.

But, as one person said, "It's all in the game of football."

GIRLS ORGANIZE FOR SOCCER GAME

TO PLAY FIRST GAME WITH NILES HIGH SCHOOL AT EARLY DATE.

Twenty girls of the G. A. A. enjoyed a very interesting game of hockey last Friday night in South Bend.

A varsity soccer team was chosen Monday to play Niles. The Niles team, as well as Buchanan, haven't had any practice and are playing Tuesday after school at Plym park.

An inner class team will also play Niles in the near future.

The following people will make up the varsity: Clarice Banke, Kathryn Portz, Ruby Robe, Doris Campbell, Teresa White, Lena Thompson, Rosemary Thompson, Jane Habicht, Dorothea Rothfuchs, Ruth Cripe, Mildred Bachman, Bernice Lohmough, Frances Sutphen, Josephine Dunlap and Mary Jane Harkrider.

B. H. S. DEBATERS WIN FIRST TILT VS. COVERT 3-0

LOCALS TAKE CONTEST FROM TEAM WITH FINE RECORD FROM LAST YEAR.

It was far from a "walk-away" but just the same Buchanan won the debate with count by a unanimous decision. The debate was held at 7:30 Friday evening in the Covert school gymnasium.

The Covert team, which was composed of three girls, upheld the affirmative side of the question and Buchanan the negative. The three judges were: Mr. Kerry of South Haven; Miss Slayton of Watervliet and Mr. Watkins of Millburg.

The next state debate will be with Lawton, Nov. 21. The county elimination contests begin Nov. 14. It has not been decided for sure whether Buchanan will enter the county debate, but they probably will.

Science Classes Hold Experiments

The physics class is finishing the subject of mechanical energy, the first unit of study. The second unit, heat, begins next week.

The chemistry class is dealing with flame tests. Some are successful and some are not. Some students can not find the things that are to be found.

Language Class Writes Themes on French Restaurant

Miss Ruth Shriver's senior French class wrote compositions on "The Difference between the Interior of a French and English Restaurant."

Schedule Health Talks Announced

The schedule for the "Extension Health Lectures" to be given during the assembly programs held each Friday at 11:15 a. m. are as follows: Nov. 14, What to Do in Case of Accidents by Fire and Gas by R. V. Brown, Md., Benton Harbor.

Nov. 21, Electricity and Water, R. M. Rutz, Md., Niles.

Jan. 28, Broken Bones, C. A. Mitchell, Benton Harbor.

Feb. 20, A Story About Teeth, L. C. Klein, Dds., Buchanan.

"But surely," urged Jones, "seeing is believing."

Grade News

Mrs. Fuller, 4th grade Our sand table committee for last week was Phil Pierce, Dale Simpson, Adolph Rouch and Earl Eddy. They made an Indian scene which we all enjoyed.

The committee for this week is Betty Widmoyer, Barbara Schwam, Sadie Oplich, Kenneth Harman and Eugene Stultz. Their problem is an Armistice Day scene.

We had examinations last week and all did very well, although we are doing all our work before twelve o'clock in order to share our room with Mrs. French's fourth grade.

We are making a rock garden in our room. Billy Habicht and Matthew Rauch made a pond out of cement for us. We each found pebbles for it.

Mildred Marsh is ill and has been absent from school for a week. We have a new pupil in our room. Lamar Davis is his name.

Kindergarten, Miss Ebbert One day we heard the story of "Little Black Sambo" we enjoyed it so very much that we are making pictures of Little Black Sambo and we are going to illustrate the story in our sand table.

We made some pictures of our Heathland Pig returning from the market with some vegetables for his dinner. We know a poem about "This Little Pig Went to Market."

One day someone saw a cardinal or red bird and now we are all anxious to see one. We learned that these birds stay with us all winter as they like the snow and evergreen trees. We colored some pictures of these red birds so we would know one when we saw it. They brighten up our room a lot.

George Hempel built a house out of blocks with an upstairs in it. It was big enough for three to get in it.

Our doll house cupboard is finished. It is cream color with three nice shelves and some curtains.

Fifth Grade, Miss Ekstrom Betty Semple, Robert Fox and Lane Dalenburg made plans for the sand table this week. Using the idea of the Pilgrims they built a log cabin in a clearing. A man has just felled one of the trees.

Around the corner of the cabin one can catch a glimpse of the harvest crops. This sand table project was very appropriate for the month of November and the committee did its work well. Next week John Schultz, David Disher and Sidney Deming will plan the sand table.

Henry Wilson left school last week. His family are returning to their farm in Iowa.

Last week Mr. Bradford gave us more playground equipment. The new balls and bats are appreciated by both the boys and girls.

Last Friday most of our room went to the auditorium to see the mechanical man.

This week milk is served in school. The price is 3c a bottle. All people underweight are urged to buy it.

Our dental honor roll is still going up. We want our room to be 100 per cent.

First Grade, Miss Carnagan Mr. Miller made a reading table for us.

This week we are painting coat hangers. We want each person to have one for his coat.

Mary Ann Menc has moved to Racine, Wis.

Shorthand Club Meets First Time

The newly organized shorthand club met last Wednesday night after school for their first regular meeting. Bernice Lohmough was in charge of the program and had different students make reports of outstanding works in the shorthand world.

Those giving the reports were Clarice Banke, Ruby Robe, and Alene Huff.

This club was organized only a short time ago and has set the date of their meetings for every Wednesday night after school. The club is interesting and helpful to the students and gives them a much greater knowledge of events occurring in the shorthand world.

A small book, "The Gregg Writer" is used by the club in their meetings and also by students who are interested in reading it at other times. The club is progressing very well and the meetings are well attended, showing the interest that it has created among its members.

Televox Does His Stuff Before H. S. Assembly Friday

Mr. "Herbie" Televox received a grand reception in the high school auditorium Friday afternoon. He surprised a large audience of students and adults by performing various tricks that he was not expected to do.

Frank Wheeler, "Herbie's" demonstrator, gave an interesting description of the robot. He described his many advantages in the home, the cities he had visited and his mechanical constitution.

The point that startled the audience most was that he obeyed orders made by blowing different sounds on a whistle. The orders were sounded through the telephone and "Herbie" obeyed them. He could turn on a table lamp, airplane landing lights, vacuum sweeper and electric fan.

After his demonstration, students were allowed to sound the whistle and see him work.

Assembly Enjoys Community Sing

At 11:15 Friday morning all pupils of the high school entered the auditorium to be greeted by the high school orchestra. Mr. Ormiston took charge, and introduced Mr. Hyink, who led community singing. Lazell Weaver was called upon and told the group they were invited to the all school party Saturday night. The assembly was dismissed at 11:45 o'clock.

JUNIOR HIGH NOTES

The first division of the 8th grade banked 100 per cent last week. This is the first time this year, although the week previous they won the banner but were not 100 per cent. Mrs. Whitman states that they are going to try and keep it.

The general history class is making a very close study of Rome in the Middle Ages, at the time of Pliny, Virgil, and Horace. This is known as the golden age and Rome was at the height of her power.

The 5th hour assembly is to be highly complimented on the orderly way in which they march out of the room.

The 6th grade girls under Mrs. Walton, gave an excellent dramatization of the legend of Sleepy Hollow by Washington Irving. The scenes were directed by Vivian Mogford, Eleanor Brown, Una Kelly and Frances Hamilton.

The 7th grade literature class have finished their note books on the Legend of Sleepy Hollow.

The 8th grade literature class have been writing some very excellent original stories on the Modern Rip Van Winkle, getting their suggestions from the book by Washington Irving. In the original story they have shown the progress of the country in the last twenty years.

Manual Classes Refinish Furniture Damaged in Fire

The shop, under the direction of Ray Miller, is refinishing some of the furniture damaged in the fire at the Dewey Avenue school two weeks ago.

Maynard Walker and Emil Stewart are building boats. The former has completed his at a cost of \$16.50. The cost at a store would be \$48. Quite a saving.

The beginning class in mechanical drawing is working on geometry construction. The advance class is doing machine shop drawing.

Here are a few benefits derived from orations and declamations: 1. Gives training in public speaking. 2. Gives training in outlining. 3. Increases vocabulary.

I think that declamations are very beneficial to students for two main reasons, (1) It increases their vocabulary and (2) creates a more "at ease" appearance when speaking before a number of people.

B. H. S. Preparing To Enter County Speaking Contest

Buchanan High School is now preparing for the county speech contest.

Mrs. Walton is handling the declamations, Miss Hanlin the orations, Mrs. Dunbar the extemporaneous speaking and Mr. Knoblauch is handling the debating, along with his duties as coach of the regular debate team.

The seniors start their elimination work on orations Nov. 3. The juniors also on orations start November 10th.

The sophomores are working on declamations, and they will also begin on them Nov. 10.

The freshmen starting point will be Nov. 17.

The winner of each contest to be held here will take part in the county contest.

The prize for the county winners is a five dollar dictionary.

SCHOOL SLANTS Girls' varsity soccer team journey to Niles Tuesday, Nov. 11 to engage in a good little game with the varsity of that school.

Harold Boyce, Jimmie Postlewaite, and Stub Boyce all enjoyed the much dreaded disease, stumps. Helen, why pick on such a childish disease? Couldn't it have been gland trouble or something?

Ninth hour is governed this week by the iron hand of Mr. Hyink. Rumor has it that our own Helen Schmalzried has come down with the much dreaded disease, stumps. Helen, why pick on such a childish disease? Couldn't it have been gland trouble or something?

What benefits are to be derived from preparing declamations and orations?

Declamations are beneficial to students because they broaden the student's knowledge on that subject, give him training in public speaking and show his ability as a speaker.

Florence Franklin

It shows the ability of the person to express himself clearly. It is the expression that the person has in him, that he can put into it and carry it out as to make it very effective. It gives practice in speaking and holding the attention of others.

Mary Howe

I think declamations are a benefit because they train memory, they increase the knowledge of students and they furnish students with practical oratorical training.

Marvin Gross

I think that orations are very beneficial to students for two main reasons, (1) It increases their vocabulary and (2) creates a more "at ease" appearance when speaking before a number of people.

The Old Timer's Corner

Old Timer Tells of Days When The Frost Was on the Pumpkin

Well, boys, there have been a few good old times and I believe it is high time that we went out after a few walnuts, butternuts, hickory nuts and such. What do you say we take the afternoon off and hitch up "old Fan" to the single wagon, and go out and get a load of them and lay in our supply for the winter? O. K.? All right, let's go.

Remember how much fun it was to get the "nut" supply? Get your hands all stained and nothing on earth would take it off, it just had to "wear off". We sometimes took a "mallet" or an old hammer or two along and a plank or heavy board with holes bored in it, the proper size for the walnuts and we would "shuck" them then before we brought them home. Other times we wouldn't have time to do that, for the daylight is pretty short this time of the year and we would just haul them home and pile them up out under the old pear tree in the back yard and pound them thru the plank at some later time. Such a mess.

Speaking of walnuts, I know a certain youngster that lives with his Uncle George not far from Buchanan, and last Fall he carefully harvested a nice little crop of walnuts and spread them on top of the "smoke house" to dry. Well, some fine squirrels found out where they were and when the lad went to put them away, there wasn't a sign of one left for him. So some family of squirrels had a bushel or two of good walnuts for their Thanksgiving dinner, all right.

So it is a good plan to know that your walnuts are in some "safe place" while they are drying. This has been a pretty bad season in business and there are plenty of people (as well as squirrels) that might want to help themselves to your walnuts etc.

Then when it is cold outside, the snow is piled up against the windows, and the apple chunks are roaring in the old heating stove, get a newspaper and spread it down in front of the fire and crack nuts for the family circle. Had to eat some salt along with them for they would sure give you "indigestion" (commonly known in those days as belly ache), for you were sure to eat too much for your own good. But they just touched the right spot all right. Never will forget the happy times feeding on nuts around the fire-side.

Knowing that the cows and horses, pigs and chickens and everything were all housed and warm, and then after an evening of eats, fit for the Gods, to hike off upstairs to your warm blankets and off to slumberland, with only your nose sticking out from the covers.

That's what makes the farmer boys and girls grow strong and know the joys of living. Do I ever regret those days? Till I do not.

by other officials. Results have shown that a falling student may frequently be brought up to average or better by encouragement and advice in the proper methods of study. In recent years high school principals have been invited to come to the University to confer with their former students, especially in cases of students doing doubtful work. This plan has met with such success that this year high school heads over the entire state have been given copies of the test records of their former students and have been asked to come to Ann Arbor during the first two weeks in December for student conferences.

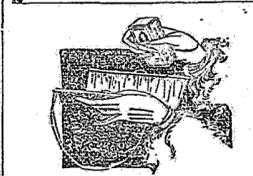

Decorated, however, is only a secondary function of the paved driveway. The concrete slab is primary assurance that the family car will not be stranded in mud or silted full of dust, assurance that the lawn will not be rutted, assurance that visiting coal and delivery wagons will be amply supported without fear of a breakdown. But there are other things of interest which may be developed in connection with a concrete driveway. In this modern day, there is nothing quite so intriguing as turning a purely utilitarian gadget into a means for amusement. Enough! The lunch is sufficient. Provided with a paint can and a measuring tape we mark off a few lines and numbers on the slab and— presto—we have a shuffleboard court. A troweled finish, plus polishing, will provide a better playing surface. Any competent sidewalk builder or concrete paving contractor is capable of building a thoroughly satisfactory driveway slab.

PAVED DRIVE ENDS ANNUAL MUDHOLE VARIOUS TREATMENTS SLAB ADD TO DECORATION OF HOMESITE. Rain is elegant stuff for the family cistern. It also keeps the Forest Service "smokechasers" in good humor. But in the late fall when it is sometimes augmented by a slushy burden of snow, it does things to the unpaved residential driveway that cause strong men to weep and weaker men to go about carrying chips on their shoulders.

Driveway paving is one type of improvement which may be undertaken at low cost with resultant gains both in convenience and property value. A well placed and designed driveway adds materially to the enhancement of residential property. Consider, for instance, the fact that a number of home owners today are following the practice of tinting the driveway

FRANK MERSON ENDOWS HIGH SCHOOL WITH PICTURE OF FIRST GRID TEAM

Organized in 1896 with Opposition of Parents and School Authorities; Players Bought Own Suits for 75 Cents Each and Chipped in Quarter for Football. Learned Game from Study of Rule Book.

Much interest was attracted during the past week by a photograph of Buchanan high school's first football team, which has been framed by its owner, Frank Merson, and placed on display in the window of the Buchanan State bank, and which is to be added to the collection of team pictures in the high school corridors.

The team was organized in 1895 according to Merson, by a group of boys, most of whom had never seen a football game, but who had become enthusiastic by reading about it. Football was not then held in high regard either by the public or by school authorities and the boys organized their team wholly without encouragement either at home or school. They had to finance themselves, each "chipping in" a quarter toward a common fund, which they used to buy a rule book and a football. They had no coach but proceeded to instruct themselves after studying the rule book. They added to their knowledge in their first game when they were defeated 40 to 0 by Niles. They later played a return game with Niles on a field located where the foundry now stands, but were never able to "quack" their more experienced adversaries.

They played the rough game of those days without headguards or padding, wearing suits which they had bought themselves for 75 cents and old shoes on which they nailed cleats.

The lineup of the team was as follows: Robert Henderson, quarterback; William Imhoff, center; Frank Merson and Frank Carlisle, guards; Herb Niles and Clyde Voorhees, tackles; Paul Plimpton and Rolla Barr, ends; Clayton Beistle fullback; Charles Dumbolten and Bird Lister, half backs.

Two of the team, Herb Niles and Clayton Beistle, later achieved baseball fame, Niles playing for a time on big league teams, and Beistle winning the position of pitcher on the University of Michigan team. Niles now lives in Flint, Mich., and Beistle lives in South Bend, where he recently sold out the Chevrolet Sales for that city.

Carlisle died a few years ago as the result of an automobile accident in California. Clinton Montague, Paul Plimpton and Bird Lister are in Chicago. Eli Conrad is practicing medicine in California. Clyde Voorhees lives in Dozwagiac. Robert Henderson is a Niles physician. Frank Merson and Charles Dumbolten are foremen in the Clark Equipment Company shops.

John D. Ross, Jr. Buchanan Native, Expires Friday

The death Friday of John D. Ross, Jr., Chicago advertising man, was of interest to many Buchanan people from the fact that he was a native of Buchanan and grew to manhood here. He was the son of Frank Ross and the grandson of J. D. Ross Sr., both formerly connected with the First National Bank. The residence now owned and occupied by Atty. Frank Sanders was the Ross home. J. D. Ross, Jr., went to Chicago when about 18 years old. He was engaged in advertising there for 35 years, dealing in magazine advertising through the name of John D. Ross & Associates. He was formerly a frequent guest at the home of Charles Pears and other relatives here, but he had been confined to his home with illness for three years before his death.

MICHIGAN BELL AND POSTAL TELEG. BUILD JOINT LINE

Work was begun yesterday by a construction crew employed by the Postal Telegraph Company on a line from Buchanan to Niles which is to serve both that company and the Michigan Bell, eliminating one line of poles along the highway.

M. S. Tomcheck, construction superintendent for the Postal Telegraph, was in Buchanan Wednesday, starting the work, which is to be under the direction of Foreman Droske. The line will take about three months to build. It will be located on the north side of the highway with Indiana & Michigan line on the opposite side.

The joint line is to be built entirely of new materials, with yellow pine crosscut poles and copper wire. The old wires will be placed in a temporary cable until the new line is completed, in order to guard against entanglement. The Michigan Bell will have 23 wires and the Postal Telegraph 24 lines on the new line when completed. The companies have purchased some private right-of-way in order to avoid rows of trees.

A fuller word about this series will appear in next week's paper.

M. E. High School Class Enjoy Their First Social Event The newly formed high school age class of the M. E. Sunday School now boasts a membership of forty-five young men and women. As their aim was fifty members, when they started about a month ago "it won't be long now." They met last Friday evening at the country home of Catherine Beistle, northwest of town for their first social event. Everybody arrived safely under the gentle but efficient leadership of S. S. Stupp, Ormiston, Mrs. F. Kean, teacher, and Rev. Rice, official escorts to the party. (Mr. Ormiston sported a new racing model roadster for the occasion. Colorful, and how!) A short business meeting was first on the program, with plenty of speeches throughout. Mr. Ormiston giving the longest and Keith Bunker plenty of short ones at various intervals. The election of officers was as follows: president, Marjorie Sands; vice president, Dorothy Shipperly; secretary, Keith Bunker; treasurer, Lauren Morse; scribe, Elizabeth Montgomery.

At a late hour a bountiful pot luck spread was served, making everybody groan for more filling space. They plan to have a class party every month and cordially invite any high school boy or girl, that does not attend elsewhere, to join the class.

Postponed Meeting On Account of Death The Women's Missionary Society of the Evangelical church have postponed the meeting which was to have been held Monday afternoon of this week at the home of Mrs. Nels Anderson, until Tuesday of next week on account of the death of the brother of Mrs. L. M. Otwell, the president of the society.

ORIOLES DEFEAT S. BEND TIGERS BY BIG SCORE

LOCALS ENGAGE IN SCORING MARATHON AT EXPENSE OF GUESTS.

The Buchanan Orioles, local independent football team, celebrated Saturday by a grand march over the prostrate Tigers of South Bend at the local Athletic Field Sunday afternoon, registering nine touchdowns, for a total of 56 to 0.

The Tigers represented themselves as being former South Bend high school football stars, with emphasis on the "former." The Orioles played at the top form for the present season to date. Doc Bailey led the scoring attack with a total of three touchdowns to his credit. The remaining six touchdowns were scored by halfback Wilcox, quarterback Savoldi, and Stubbis Boyce, fullback Conrad, guard Pat Clemens, quarterback Shorty Chain. Stubbis Boyce kicked one extra point and Conrad smashed through for another.

Manager Frank Fabiano used 24 men in the game. The score at the end of the first half was 13-0.

St. Joe Assoc. Ships Car of Fat Lambs to Detroit

The St. Joe Valley Shipping Association shipped a carload of 125 lambs to Detroit Monday, all of them in the fat class. Sixty of the lambs were shipped by Dean Clark.

Donald Ferguson and Ralph Pfingst, former local football stars, have won places in the freshman squad at Western State Normal, the former at tackle and the latter at blocking back. Both have played in games. The players are selected from a squad of thirty, none of whom are assured regular positions.

CHURCH ANNOUNCEMENTS

Redeemer Lutheran Corner Front and Main, 2nd Floor O. E. Sohn, Pastor Divine service every Sunday at 9 a. m. Religious instruction for children Saturday at 2:30 p. m. Visitors always welcome.

Evangelical Church Rev. W. D. Hayes, Pastor Sunday School at 10. An evangelistic sermon at 11. Leagues at 6. Sermon by Rev. J. Lanting at 7. We are holding meetings every night and the interest is good. The meetings will continue over Nov. 23. Every person should give some time and thought to religion. Rev. Lanting is a good Bible student, so you will do well to come and hear him.

The Junior choir will sing at some of the evening services. Who does not like to hear children sing? The W. M. S. will meet on Tuesday afternoon. The Father and Son banquet which was held last Saturday night was well attended and the program was very interesting. The ladies served oysters as part of the repast. You are cordially invited to our services.

Hills Corners Church 9 Miles West of Buchanan Raymond Morgan, Pastor The "Secret of Success" will be the sermon topic Sunday morning at 11 o'clock at the Hills Corners Church, "the church in the open country." The pastor will attempt to define morale and point out ways of obtaining good morale in private and group living in our day.

The church school meets at 10 o'clock with classes for every member of the family. Plans are going forward for the Harvest Festival on Friday evening, Nov. 28th and the Homecoming celebration Sunday, Nov. 30th. Especial interest is being shown in the farm produce booth planned for the festival. Farmers in the neighborhood of the church are generously donating fruit, vegetables and grain to be sold at auction. Townspeople will find it profitable to attend this unique sale. An inexpensive supper will be served and a program provided.

ORIOLES TO PLAY the Sturgis Grid Eleven Sunday

The Orioles will encounter some of the stiffest competition they have met this year when they play the Sturgis Independent grid team at that city next Sunday afternoon. The Sturgis team has an excellent record for the year, the only team defeating or even scoring on them this season being the Chicago Cardinals.
