

H. SCHAFF KILLED IN CRASH

Unemployment Relief Committee is Organized Tuesday Night

Now Here's the Proposition

On Proper Prefixes
Bi Haws

In a life that has been checked there is one thing I have learned and have writ down in my record as a thing to be discerned. Though the dimes who long have tarried in the state that is discard May proclaim a lady married is another lady married—When they grab some Bill or Otis and achieve the wedded state. They want you to take notice and you'd better get it straight. You may call a Miss a Mrs. and get off with just a hiss. But you get no "love and kisses" if you call a Mrs. "Miss!"

Why it is the women marry in a manner nowise slow Any Tom or Dick or Harry is a thing I do not know. But they rise up in a dudgeon when they have acquired a mate And crown you with a bluegeon till you get their title straight. For a break of that description you had best be speeding south. For you've mixed up the prescriptions and your foot is in your mouth. You may call a Miss a Mrs. but you must remember this—To call a Mrs. "Miss" is something that she takes amiss.

CITY ADOPTS ADVERTISING REGULATIONS

No Handbills Circulars, May Be Distributed Without License. FEE \$1 PER DAY PER MAN Old Ordinance Held to be Null and Void on Account of Discrimination.

An ordinance regulating the distribution of handbills, circulars and other advertising matter within the city limits was enacted by the commission at the Monday evening meeting, to become effective Dec. 16, and to supersede an older ordinance which had been declared of no effect because of provisions discriminating between residents and outsiders. The new ordinance requires a license fee of \$1 per day for each and every person engaged in the distribution of such advertising matter. It covers distribution from house to house, or in cars on the street, and it definitely prohibits the posting of bills on any electric light, telephone poles, trees or anywhere in the streets and alleys of the city.

The commission is clothed with discretion to rebate license fees in the case of schools, churches, lodges and other non-profit organizations, and in any other case where they may see fit to take such action. Violation is punishable by a fine not to exceed \$50 and costs of prosecution and by imprisonment not to exceed 30 days or by both in the discretion of the court.

Jack Boone is Elected Head of Masonic Chapter

The local Masonic Lodge held its election of officers Monday evening, with the following selection: Worshipful Master, Jack Boone; Senior Warden, Martin Wessendorf; Junior Warden, Edwin Wagner; Senior Deacon, E. H. Ormiston; Junior Deacon, Paul Wellbaum; treasurer, T. D. Childs; secretary, Lester Miller.

Why Nobody Loves 'Em Antonio—I wonder why it is that fat men are always good-natured? Pistachio—Probably because it takes them so long to get mad clear through.

WILL RAISE \$5,000 IN 5 INSTALMENTS

Funds Raised to be Administered Through United Charities and P. T. A.

M. L. HANLIN CHAIRMAN
M. J. Kelling Treasurer; No Publicity to be Given To Help Rendered.

Relief machinery designed to meet any emergency which may arise in the city as a result of temporary unemployment was set up in a meeting of public-spirited citizens in the offices of the Clark Equipment Company on Tuesday night, in the form of an unofficial committee designed to raise funds during the next five months or as long as may be necessary, to be administered through the United Charities Association and the Parent-Teachers Association.

It was decided that the organization would seek as its goal the raising of \$5,000 per month for five months, soliciting subscriptions to be paid in five monthly instalments. In case of improved employment conditions, the latter payments would not be asked for. The committee for Unemployment Relief, headed by M. L. Hanlin, who was elected as chairman and empowered to name his associates. On the following day he announced the following selections: M. J. Kelling (treasurer), F. C. Hathaway, H. W. Riley, and G. E. Merrell.

It was decided that the committee is to limit its operations entirely to raising funds, which will be administered by relief organizations already in operation. The Parent-Teacher Association will care for such needs of the children of the town as shall aid them in maintaining a regular attendance in school. Other public needs will be administered by the United Charities.

Teachers Pledge The teachers of the Buchanan schools met the previous evening and pledged 1 per cent of their salaries for relief during the duration of the emergency.

Niles Organizes Control Committee for Relief of Poor

All charity and relief organizations of Niles were centralized under one central committee as the result of a meeting called by Mayor Fred D. Cook Friday evening of last week to take stock of the situation and co-ordinate all efforts to insure complete coverage and lack of duplication. Plans were made for the establishment of a central headquarters with a full time executive in charge. The headquarters will likely be established in the old Elks' Temple and a five month program of relief will be initiated, to take care of the situation until April 1. All persons applying for employment will be registered by card index. On the relief committee will be the superintendent of schools, one of the ward supervisors, and representatives of the Women's Progressive League, the Salvation Army and the Charity Society.

Rumania is supplying agricultural implements to co-operative organizations below cost price to be resold to the farmers on the installment plan.

Clarence Wangerin Unhurt When Plank Crashes Thru Car

Clarence Wangerin missed disaster narrowly when his car in which he was en route from his home here to his work at the Michigan Central Terminal at Niles was crowded from the road during the icy period of last week and crashed into the railing along the side of M-60 opposite the Orchard Hills Country Club. A broken plank pierced the hood of his car, stripping off the carburetor and bursting up the floor boards under his feet before the car came to a stop. He was not injured.

BOB BABCOCK HIT IN HEAD BY 52 SHOT

Hard Luck Hoodoo Persists in Pursuit of Family; 2 Boys Hurt Week Before.

UNCONSCIOUS TWO DAYS Two Sons, Noble and Dale, Injured in Auto Mishap Two Weeks Before.

Tragedy or near tragedy seems to stalk the Robert Babcock family of Oak Street recently, a shooting accident adding the third to the list of injured in the family, when Robert Babcock himself received a charge of over 50 small shot in the back of the head on Thanksgiving Day, while he was hunting with Dale Babcock, his 16-year-old son, near Plymouth, Ind.

His two sons, Noble and Dale, narrowly escaped death two weeks previously when the car in which they were riding was struck by another car while crossing US-30 near Plymouth. Noble Babcock incurred a slight skull fracture and brain concussion at that time and was just out of the hospital when his father was injured. Mr. and Mrs. Robert C. Babcock had gone to the home of the latter's parents, Mr. and Mrs. Hand, of Etna Green, near Plymouth, to spend Thanksgiving Day. On the afternoon of that day Mr. Babcock and Dale went out to examine a line of traps. They found one trap with a rabbit in it. Dale sprang to get the rabbit, and slipped on icy ground, falling and accidentally discharging a loaded shotgun which he carried. The charge struck Mr. Babcock, who was about 15 feet away, in the back of his head. The fact that all struck the skull above the neck probably saved his life. He remained unconscious until Saturday when he again regained his senses and is now apparently well on the road to recovery.

Rattlesnake Patrol Wins 1st Honors in Efficiency Contest

The Rattlesnake patrol won the first month's championship ribbon in the six-months' efficiency contest started a month ago by Buchanan boy scout troop No. 41, and which will continue thru to May 1, it was disclosed at this week's troop meeting Tuesday night in the Methodist church parlors after it was found that the Rattlesnake patrol had amassed more points during the month than either of the other two patrols, the Pelicans and the Stags. A ribbon will be given the winning patrol each month of the contest and at the end of the six-months drive for points the patrol having the most ribbons will be guests of honor at a banquet to be provided and served by members of the two losing patrols.

Patrol leaders are: Rattlesnakes, George Remington; Stags, Robert Watson; Pelicans, George Spatta. Troop 41 received the official patrol flag and Scoutmaster Leo Slate presented these to leaders of the Rattlesnake and Stag patrols at this week's meeting. Games and a military drill completed the evening's activities.

CITY TO BUY CATERPILLER GRADER SOON

To Investigate Feasibility of Changing Chassis of the Chemical Truck. TO TEAR DOWN PUMP Big Waterworks Pump Fails to Develop Over 50 Per Cent of Capacity.

The city commission authorized F. C. Hathaway, chairman of the street committee, to purchase a Caterpillar Grader, using his discretion as to size, at the December meeting held Monday evening, the new machine to replace the old grader which is practically worn out and which was never adequate to the needs of the town. Fire Chief Tenny Bunker was authorized by the commission to investigate the feasibility of replacing the touring car chassis under the chemical truck with a special chassis designed for that purpose, and to report his recommendations at the January meeting. It was represented to the commission that the 4300 pounds of weight of the chemical fire fighting apparatus is improperly distributed, resting almost entirely on the rear high-speed axle, which renders it difficult to start the truck and to guide it at high speeds, especially up hill, when the machine shows a tendency to rear up in front.

The commission instructed Arlen Clark, superintendent of waterworks, to tear down the large reserve pump with a view to determining why only 50 per cent capacity can now be secured without running the engine at too great speed. The pump is used only in periods of extra heavy draught on the water system and fire emergencies when the power may be off. It may be operated either by power or by a gasoline engine. Failure of the pump to function at capacity was ascribed by some of the council to faulty installation.

ALICE HIGGINS DIED FRIDAY AT HOME DAUGHTER

SETTLED AT HILLS CORNERS 69 YEARS AGO, BURIED THERE MONDAY.

Alice Josephine Mills, youngest child of Dayton and Sarah Mills, was born in Warren county, O., November 22, 1853, and passed away at the home of her daughter, Mrs. Edith Houk, 210 East Third Street, Buchanan, at eight o'clock Friday evening, Nov. 28, 1930, after a brief illness of but four days, at the age of 72 years and six days.

At the age of three years she came with her parents to Michigan and they located at Hills Corners where she grew to womanhood. Early in life she united with the Baptist church of Hills Corners and during her younger years was an active member of that organization. On June 4, 1879, she was united in marriage to Madison Weaver of Buchanan. To this union was born four children, three sons and one daughter, all of whom survive her. These children are: Glenn D. Weaver of Jackson, Mich.; Clyde D. Weaver of South Bend, Ind.; Floyd M. Weaver of Tonia, Mich.; and Mrs. Edith Houk of Buchanan. There are also fourteen grandchildren and four great grandchildren. Some twenty-five years ago she and Mr. Weaver separated and on Sept. 7, 1918, she married L. D. Higgins of Jackson, Mich. Practically all her life was spent in this vicinity and she leaves a large number of friends and acquaintances, especially among the older residents of Buchanan and Weesaw townships.

Funeral services were held at the Hills Corners church at two o'clock Monday afternoon, Dec. 1, conducted by Rev. J. J. Terry of Buchanan. Burial was made in the Weesaw cemetery at Glendora.

Local Sight Seekers Must Do Peeking Early, Says Ordinance of 1883

Prominent citizens who may be observed in the future with their eyes glued to the curtain aperture in the neighbors' window will be in the clear so long as they get their peeking all caught up before the hour of 10 p. m., according to a decision arrived at in the office of Justice A. W. Charles, based on an interpretation by the city attorney of the vagrancy ordinance of 1883 which governs the situation.

This ruling was made in the case of the City of Buchanan versus J. L. Dycus, who had been charged with window peeping at the home of Glenn Swain, motion to that effect being made by Atty. Philip Landsman, counsel for defendant. Since the defendant had obviously limited his boudoir espionage, if any, to the open season previous to the hour of 10 p. m., which is about as long as the peeking is any good anyway, there was nothing for the court to do but discharge him.

The situation was taken cognizance of by the city commission at their Monday evening meeting and it is possible that the open season for peeking may be further limited by statute.

REARGUARD OF HUNTERS COME BACK

Leave Two Feet of Tracking Snow Behind in the North Woods.

IOY ROADS ON RETURN The rear guard of the Buchanan hunting parties arrived at their homes here during the storm last week, the last to arrive being the party composed of Dick Prosser, Noah Weaver, Ira Swartz and Raymond Linsmmer, who arrived here at 4 p. m. Sunday, after a precarious trip from the upper peninsula via Wisconsin and Chicago.

The returning nimrods left two feet of snow in their wake in the north woods, and in the vicinity of Green Bay ran into sleet and icy roads, which remained with them until their arrival home and made traveling perilous. They brought with them one deer, which is jointly claimed by Ira Swartz and Raymond Linsmmer, both of whom discharged their weapons at it about the same time. They had heavy snow during the last four days they were in the woods. They were at Camp 2 on the east branch of the French River.

The party comprising Morgan Lomaugh and son, Clyde, Dave Lomaugh and son, Elmer, and Melvin Lomaugh and son, Robert, arrived home Thursday morning with three deer averaging about 140 pounds each and having eight, six and five points on antlers. They stated that they left two feet of tracking snow in their wake. They were at Singleton in the Upper Peninsula. They returned by way of the Straits of Mackinac. After leaving the north woods they were out of snow until they were fifty miles south of the Straits, from which point on they were in snow but had no difficulty in driving.

The party comprising William Speckline, Valmore Speckline, of Buchanan, Fred White, Joe Luther and Bert Babcock of Gallien, Ora Kiefer of Three Oaks, arrived home at 1:30 p. m. Wednesday from the French river in the Upper Peninsula. They brought back two deer.

Fire Department Makes Run Tuesday to Automobile Blaze

The fire department was called out at 8:30 a. m. Tuesday when Glenn Merrell's car caught fire from backfiring at his home at 109 Clark Street. The blaze was confined to the vicinity of the carburetor and was extinguished with only a small loss.

OSMUND HOWE EXPIRES SAT. AT LANSING

Brother of Charles W. Howe Left Buchanan 31 Years Ago. HELD STATE OFFICE Alderman and Business Leader at State Capitol for Many Years.

Osmund C. Howe, 71, for many years identified with Lansing business and political life, died Saturday morning at his home after an illness that extended over a period of nearly a year.

Mr. Howe was the senior member of the investment brokerage firm, Howe, Jenison & Ruch, and was vice president of the Korff Manufacturing company. Born in Berrien county, Oct. 3, 1859, Mr. Howe attended Michigan Agricultural college and was graduated in 1883. Three years later he married Fannie A. Long, and in 1899 moved to Lansing, where he had resided since. His first position there was in the office of the secretary of state, where he had charge of the agricultural division. He next was in the state dairy and food department, subsequently entering the brokerage business.

He was a member of Lansing Lodge No. 33, F. & A. M., Lansing Lodge of Elks, No. 196, and of the Chancellor John Lansing chapter, Sons of the American Revolution. He is survived by the widow, Fannie, who still is recuperating at the residence from the effects of an automobile accident a month ago, in which she sustained fractures of the skull and several fractured ribs. She was removed from the hospital to the home recently, and is almost entirely recovered.

Other survivors are a daughter, Mrs. Bessie Geagley, Lansing; a granddaughter, Betty Ann; brother, Fred W. Howe, and two sisters, Mrs. Byron Treat and Mrs. May Lister, all of Buchanan.

Funeral services will be held Monday at 2 o'clock. Burial will be made in Mt. Hope cemetery.

BANKS TO ISSUE CHRISTMAS FUND HERE TOMORROW

OVER \$26,000 WILL BE PAID TO 482 DEPOSITORS FOR HOLIDAY SPENDING.

Christmas savings funds in excess of \$26,000 will be released into the local channels of trade tomorrow by the two local banks, as Buchanan's quota of the \$632,000-000 accumulated in similar funds in the United States.

The funds are being released on Dec. 5, five days before the usual release date, to anticipate possible needs of early winter emphasized by the present depression. A large part of the money will doubtless be used to pay the winter taxes which become due this month. Many of the contributors to savings fund make it an annual practice to save money in this manner due to the convenience of having money available at the date the winter taxes become due. A large amount will go to supply clothing and other winter needs. A smaller amount will be transferred to savings funds and to form a nucleus for next year's Christmas fund.

The First National Bank stated that over \$11,000 in checks will be mailed to 225 depositors in Christmas savings in that institution. The Buchanan State is mailing 257 checks representing \$15,000 to depositors in Christmas funds.

Mrs. Arthur Voorhees entertained Lillian Clum at her home at 413 Moccasin Avenue, Wednesday afternoon. Four tables of bunc were played, prizes for high scores going to Mrs. Charles Hoffman, Mrs. Nella Slater and Mrs. Walter Hallaway.

Dr. Curtis Leaves For Calif. Sunday

Dr. and Mrs. Orville Curtis leave next Sunday for Santa Monica, Calif., where they plan to visit until near the first of March at the home of a niece and nephew. Santa Monica is a suburb of Los Angeles. They will go by way of San Francisco, stopping for a visit at the home of a cousin in San Jose. They plan to return by way of San Antonio, Tex., and New Orleans, La., stopping for short visits at each place.

POST OFFICE URGES EARLY XMAS MAILING

Holiday Mail Rush 200 Per Cent Heavier Than Normal Run. INSTRUCTIONS GIVEN Attention to Details of Sending on the Part of the Public Aids.

The Record has been furnished with the following instructions on holiday mailing by Postmaster Herbert Batchelor.

Wrapping and Packing All parcels must be securely wrapped or packed. Use strong paper and heavy twine. Special Packing Umbrellas, canes, and golf sticks should be reinforced with their full length by string, strips of wood tightly wrapped and tied or otherwise sufficiently wrapped to withstand transportation.

Hats: Pack in strong corrugated or fiber boxes. Ordinary pastebored hats must be fully guarded to prevent injury to clerks in handling and damage to other mail. Ladies' hats and stiff hats easily damaged should be marked "Fragile."

Shoes: Pack in strong boxes, preferably corrugated cardboard. Wrap with strong paper securely tied with heavy twine.

Cut flowers: Place in strong boxes of wood, tin or heavy corrugated cardboard. Wrap with tissue to retain moisture. Drawings, paintings, unmounted maps, etc.: Pack or wrap in strong material to avoid damage. When not flat, roll around a wooden core and then wrap and tie carefully or place in strong pasteboard tube.

Sharp-pointed or sharp-edged instruments or tools must have points and edges fully guarded to prevent injury to clerks in handling or damage to other mail. Crates suitably or thoroughly wrapped so that they can not cut thru the wrapping.

Fragile Objects Articles easily broken or crushed must be crated or securely wrapped. Use liberal quantities of excelsior, or like material, in excess, and between the articles and outside container. Glassware, fragile toys, crockery must be packed so as to prevent the escape of particles or pieces if broken in transit.

Cigars: Ordinary boxes of cigars wrapped in paper only will not be accepted. Pack in a manner to prevent damage by shock or jar. Wrap in corrugated pasteboard or similar material. Cigars must be in good shipping condition.

All articles easily broken or damaged must be plainly marked "Fragile."

Perishable Matter Articles likely to spoil within the time reasonably required for transportation and delivery will not be accepted for mailing. Wrap or pack carefully, according to contents, and plainly mark all such parcels "Perishable." Use special delivery stamps to expedite delivery.

Addresses should be complete, with house number and name, of street, post office box, or rural route number, and typed or plainly written in ink. A return card should be placed in the upper left-hand corner of every piece of mail. If a tag is used, the address and return card should also be written on the wrapper for use in tag is lost, and a copy of the address should be inclosed inside the parcel.

GRID SPECIAL

KILLS TWO AT MISHAWAKA

Schaff and Linsmmer, Employees of Art Gutschentritter, Lived Here.

LEFT BUCHANAN NOV. 8 Believed, Truck Skidded on Icy Road in Front of Fast Special.

Tragedy touched Buchanan Saturday when Herbert Schaff and Walter Linsmmer, two young men who had claimed this city as their headquarters much of the time for the past two years, were killed instantly near Mishawaka when the truck which they were driving skidded in front of a fast special carrying West Point fans to the Army-Notre Dame game.

The two young men were in the employ of Arthur Gutschentritter, Buchanan concrete contractor, and spent the fall here working on the construction of bridges and culverts on M-60. They roomed and boarded at the home of Mrs. Ada Boyce, 204 Main Street, leaving here on the completion of that work Nov. 3. Herbert Schaff, who was a foreman for Gutschentritter, had previously roomed at the A. W. Process home. He visited in Buchanan and stayed all night at the Boyce home Thursday evening preceding his death.

Schaff originally came from Hartford, Wis., while Linsmmer claimed South Bend as his home. Both boys had worked much out of Buchanan in Gutschentritter's employ. Linsmmer was a relative of Clarence and Fred Linsmmer of Bakersfield.

There were no witnesses of the accident. The crossing where they were killed commanded an unobstructed view and it is surmised that the poor visibility caused by the storm and the icy condition of the roads occasioned the accident. It is not known which man was driving as both were thrown clear of the truck. The wreckage was strewn along the track for 80 rods west of the crossing.

Methodist Boys Defeat the Church of Christ 11 to 4

The Methodist church basketball team defeated the Church of Christ team in their second game played in the high school gymnasium 11 to 4. The first game was won by the Methodist team 12-8. The lineup of the two teams was as follows: W. Mitchell, R. F., D. Goering, M. Clark, L. F., L. Hartline, K. Bunker, L. C., G. Hartline, L. Mitchell, R. G., H. Collins, C. Denno, L. G., L. Paul. The Methodist church five have the following schedule outlined ahead: Roscoe Miller's team of St. Joe, here Dec. 8, there Dec. 15; Harvey Ludwig's team of St. Joe here Dec. 15.

Postage Postage must be fully prepaid on all mail. Affix the required amount of postage in the upper right corner. Full information concerning postage rates can be obtained at the parcel post or stamp window.

Limit of Weight and Size No parcel may be more than 84 inches in length and girth combined. For delivery locally and in the first, second, and third zones, 70 pounds is the maximum weight. In all other zones, 50 pounds.

Early Mailing During the holiday time the volume of mail increases approximately 200 per cent. It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas Day the public should shop and mail early. Do your Christmas shopping so that you can mail your gifts, greetings, and letters to relatives, friends and loved ones at least a week or 10 days before Christmas, according to the distance. This will not only make it certain that they are received on or before Christmas Day, but will be a great aid to your postal service and to postal employees and enable them to spend Christmas Day with their families.

GALLEN NEWS

Galien Locals

Mr. and Mrs. B. D. Dennison entertained at their home Thanksgiving at Mr. and Mrs. Fred Daniels of Hahawaka, Mr. and Mrs. Henry Jones of Detroit, Mr. and Mrs. Arthur Deppers, and Dwayne Ruppert of Chicago.

Miss Georgia Harper enjoyed Thanksgiving with her parents in Chicago.

Robert James, of Lansing, Raymond Carroll and Robert Decker of Kalamazoo spent Thanksgiving with their parents.

Mr. and Mrs. R. J. Kenney and family were Thanksgiving guests of Mr. and Mrs. William Carroll. Mr. and Mrs. Roy Evans and family and Mr. and Mrs. Ted Evans were Thursday guests of Mr. and Mrs. Harry Lowe at Three Oaks.

Mr. and Mrs. M. H. Nelson entertained Mrs. Flossie Guther and children of Sawyer on Thanksgiving.

Mr. and Mrs. C. C. Glover and family spent Thanksgiving Day with their son and daughter, Mr. and Mrs. Robert Glover of Big Island.

Mr. and Mrs. Jesse James spent Thanksgiving and the remainder of the week with relatives and friends in Chicago.

Mens Favorite Dishes

Foods That Gentlemen Prefer With Easy Recipes

ALTHOUGH men's taste in food is proverbially fickle, recent surveys reveal several items on the family menu that are especially

avored by the average run of masculinity.

The following dinner which is simple to prepare and which is made up of dishes usually well liked by the other members of the family, contains several men's pet gustatory standbys.

Scotch Broth
Vermont Chicken Pie
Coconut Chocolate Pie
Coffee

To make Scotch broth:
 1 pound mutton, cut in cubes; 1/2 small onion; 2 stalks celery; 1 tablespoon minced parsley; 2 cups water; 1/2 cup barley; 1 tablespoon butter; 1/2 teaspoon salt; 1 tablespoon flour.

Cut meat from bones and remove fat. Cut meat into small pieces and chop the vegetables fine. Put

all into a kettle and cover with 3 cups of hot water. In another kettle cover the bones with two cups of water. Allow to simmer about one and one-half hours, replenishing the water if necessary. Add the barley to the first mixture when it begins to simmer. Strain the liquid from the bones into the soup. Thicken with the flour, which has been blended with the butter.

Vermont Chicken Pie
 1 1/2 cups chicken broth; 1 table-spoon flour; 2 cups cooked chicken, cut in pieces; 2 small carrots, well cut in pieces; 2 boiled potatoes, cut in pieces; 1/2 teaspoon salt; dash of pepper; 2 tablespoons butter.

Mix flour with 1/2 cup broth. Turn remaining broth, chicken, carrots, potatoes, salt and pepper into casserole and heat in hot oven (400-450° F) ten minutes. Add flour mixture and heat 10 minutes longer, stirring frequently. Place small baking powder biscuits on top of mixture, return to oven and bake 12 minutes, or until biscuits are done. Serve with cole slaw and sliced dill pickles.

Coconut Chocolate Pie
 3 squares unsweetened chocolate, cut in pieces; 2 cups cold milk; 5 table-spoons flour; 1/2 cup sugar; 1/2 teaspoon salt; 2 eggs yolks, lightly beaten; 1 cup shredded coconut; 1 teaspoon vanilla; 1 baked 9-inch pie shell; 1 tablespoon sugar; 2 egg whites, stiffly beaten.

Add chocolate to milk in double boiler and heat. When chocolate is melted, beat with rotary egg beater until blended. Combine flour, sugar and salt. Add to egg yolks. Pour small amount of chocolate mixture over egg yolks, stirring vigorously. Return to double boiler and cook until thickened, stirring constantly. Add coconut and cook 3 minutes longer. Add vanilla. Cool. Pour into pie shell. Top with meringue made by folding sugar into egg whites. Bake in moderate oven (350-400° F) 15 to 20 minutes, or until delicate brown.

John Williams, who has been visiting relatives and friends for the past two months has returned to his home at Chardon, O.

Mrs. George Roberts spent Wednesday with her father, A. T. Hall. We are glad to report Mr. Hall slowly gaining from his recent illness.

The high school A. A. social held in the town hall Dec. 2 was a great success. The program consisted of a six reel feature showing "Love's Harvest." Also a dialogue, "Pickles for Two" by Arthur Straub and on account of bashfulness an "encore" was given. The High School orchestra furnished the music. The net proceeds were \$97. Miss Lucille Warr and Ray Babcock carried off the orphan's box.

Mr. and Mrs. Harry Kuhl entertained Sunday at dinner. Mr. and Mrs. Ernest Eckert from South Bend, and Mr. and Mrs. Charles Kuhl and family from Buchanan.

Mr. and Mrs. Ned Schaffer and children from Glendora, Miss Lena Klambrun from Dayton and Henry Hartline were Sunday afternoon callers on Mr. and Mrs. Dora Straub.

THE NEW CHEVROLET SIX

Strikingly beautiful, fleet and smart—a masterpiece of Fisher styling

In the entire field of modern coachcraft no symbol has come to mean more to the buyer of a motor car than *Body by Fisher*. And never has Fisher's superiority been more strikingly exemplified than in the beautiful new bodies of the Bigger and Better Chevrolet Six.

Working with the added advantage of a lengthened wheelbase, Fisher designers have been able to achieve in the new Chevrolet a degree of smartness, comfort and impressiveness hitherto considered exclusive to cars far higher in price.

Inside and out, scores of refinements stamp this car as a masterpiece of modern coachwork. Radiator, headlamps and tie-bar are artistically grouped to create an unusually sweep back in a graceful, unbroken line to blend with the smart new body contours. And new colors lend

Front view of the new Chevrolet Sport Coupe

a new individuality. Interiors, too, are exceptional in every way. The new mohair and broadcloth upholstery is tailored with exceptional smartness. Seats are wider and deeper and more luxuriously cushioned. A deeper windshield and wider windows give better vision for both driver and passengers. And beautiful new hardware of modern design lends a final note of charm. Many mechanical improvements have also been provided in the chassis of this Bigger and Better Six. Among these are a stronger frame, easier steering, a more durable clutch, a smoother transmission, and engine refinements which make the new Chevrolet a car you will be happy to drive—as well as proud to own.

The Bigger and Better Chevrolet Six is now on display in our showrooms. See it. Drive it! Learn for yourself that it is the Great American Value!

State Engineers Make Prelim Survey Buchanan to M-60

Work on a preliminary survey for the link of state trunk line between Buchanan and M-60 was begun Monday evening by a party of state highway engineers headed by Philip Payne, well known here through his work as chief of survey on the Galien-Niles rerouted link. It is anticipated that the work will be completed this week.

The members of the party stated that they were not aware of the purpose of the survey but that some announcement might follow their report to the highway board.

Ray Gibbs, level man, is the only member of the previous parties who accompanies Payne. Cappy Elder and McKay are members of parties working in the vicinity of Cheboygan.

Miss Bumbaugh, Slayer of Niles Mfger., is Released

Marguerite Bumbaugh, who killed Walter H. Cook, Niles manufacturer two years ago last March, was released on Thanksgiving Day from the Detroit House of Correction, where she had completed two years and five months of the three to fifteen year sentence imposed by Judge Charles E. White after she had been convicted of man slaughter.

She went to Warsaw, Ind., for a short visit with her family, before going on to Los Angeles, Calif., to make her future home.

They enjoyed a fine supper and a social evening. Those present in addition to the host and hostess were Mr. and Mrs. Albert Decker, Mr. and Mrs. Walter Fryman, Mr. and Mrs. George Barmore, Mr. and Mrs. Sanford Carpenter, and Mrs. Addie Haas. Mr. and Mrs. Frank Hamilton were guests of the club for the occasion.

Influence

Pound: And she had made him a good wife?

Stone: I don't know. But I do know she has made him a very good husband.

Sheila, daughter of Prime Minister MacDonald, has been elected captain of the Somerville college hockey team at Oxford, Eng.

Dry Season Shows Desirability of Alfalfa Hay Crop

Adverse weather conditions served as a gauge for the measurement of the superiority of alfalfa as a hay crop in Michigan, according to the farm crops department of Michigan State college, who point to the state crop report which shows alfalfa yielding an average of 1.8 tons of hay per acre while other hay averaged 1.0 tons per acre.

Michigan farmers cut 598,000 acres of alfalfa this year and harvested 1,076,000 tons of hay. The use of alfalfa instead of clover or timothy as a hay crop placed over 425,000 extra tons of hay in Michigan hay mows this year. This extra tonnage is all the more important this year when there is both a local and national shortage of forage crops.

Another superiority of alfalfa was evidenced by the high percentage of new seedlings which survived the drought while ordinary clover seedlings died. Many farmers who reported their alfalfa seedlings killed have found that the fall rains revived the seedlings until they promise to make a fair yield of hay next year.

An increase in the number of acres to be seeded to alfalfa next spring is expected by the farm crops department, and they warn against the use of unadapted varieties of seed in making Michigan

plantings. Northern grown strains have proved most satisfactory for use in this state in the many trials made by the College.

The United States is devoting about 20 per cent of its merchant ship construction to motor-driven vessels.

Hard to Get Out of a Rut

The results of the state election show how hard it is to change conditions, even for good purposes. Periodically expressions are given forth concerning reforms, which can only be accomplished in the basic law, several of which were proposed to the people of Michigan this year, of various degrees of merit, and all of which appear to have gone down in defeat when decided by the votes of the electorate.

Among the amendments presented to the people was one enlarging the allowance for homestead exemption. This is fifteen hundred dollars at present and it was sought to double that exemption. When it is recalled that the fifteen hundred dollar amount was set very many years ago, when the standards of living were much lower and the purchasing power of the dollar much higher, it can safely be said that the exemption which was proposed this year had about an equivalent value with that which it was sought to replace when it was made the standard. Yet the voters for some reason wholly unexpected, voted down the proposed change, in the face of the fact that it could not fail to be protection to every home owner in the state who got into hard luck.

Another referendum dealt with the so-called cigarette tax. From the standpoint of meeting all the conditions of that kind of a tax the cigarette tax was properly framed, even if there might be a question as to the propriety of injecting it into our present tax system. That objection could only come from people who were opposed to sales taxes as a whole. It could come from people who were opposed to sales taxes as a class, as well as those who did not wish the price of their merchandise advanced by the amount of the tax. It is worthy of note that most of the argument that was made against the cigarette tax was made against it as being only one of a kind of sales taxes that might be added to the other classes of taxes already existing if the cigarette tax were approved. Those who will take the trouble to recall what their neighbors said about the cigarette tax will note that the general argument used against it was that "if we vote this kind of a tax it will only be a question of time until we have more taxes of the same kind." The cigarette tax was supported by people of the type who were formerly active in the adoption of laws prohibiting the purchase and sale of alcoholic beverages, and was to a large extent with them a moral question intended to prohibit the use of this kind of merchandise. It had an attractive feature in promising to bring a large amount of income to the state treasury from a new source; yet the intensity of objection to the cigarette tax as a sales tax was such that it was substantially defeated, moral question, state income advantage, and all.

The third important question presented was that which would have changed the basis of representation in the legislature, and especially in the House of Representatives, from the existing one in the constitution to an accurately mathematical distribution, by the dropping of the so-called moiety clause from the constitution. This clause had become antiquated, but its continuance had an advantage in representation for some counties which the mathematical basis of distribution of representative districts would have upset. It was a contest between the agricultural and the industrial areas, the latter seeking to maintain an inequality of representation in their favor which has come about through the growth of the industrial cities. Had the industrial cities asserted themselves by bringing out a full vote, and had that vote been in the direction which it might naturally have been supposed to be, this amendment would have carried. Yet it is worthy of note that the lesser industrial cities did not vote for it. Their populations, seemingly occupying a median position between the agriculturalists and the great metropolitan groups of industrialists. In other words, the sentiment of the state was divided against the greatest city rather than favored the middle class of cities, the latter joining with the agriculturalists in keeping down metropolitan representation.

In the history of the distribution of legislative memberships this has always been the sentiment where a great city grew up in any single state. New York's advantages in a legislative way are always hindered by the "upstate" representations. Those of Chicago are hindered by "downstate" and it has come about that those of Detroit are opposed by "upstate." This condition will, undoubtedly, continue until a more definite dominance of industry over agriculture is created by still further growth.

Each of these references to the people were upon subjects which had been well discussed, and it would not have been strange if the affirmative side of any of them had been successful. Their results of their election show that it is pretty hard to get the people to change their basic ideas, even after they have become antiquated.

—Mich. Mfr. & Fin. Record.

A resort is a place where you pay a dime every hour or so for something you could get for nothing at home.

The government of the Union of South Africa will aid the merchants in the enforcement of agreements made with those buying on the installment plan.

Difficult Names

It was with something akin to vast relief that the American newspaper reading public greeted official dispatches from Switzerland giving the correct pronunciation of "Dox," the very baffling name applied to the world's largest seaplane, whose trans-atlantic flight doings have been page one news recently. It seems that those who have pronounced the name just as it is spelled, "Dox," or who emphasized each letter and drew it out to "Dee-oh-ex," have been wrong. The official German pronunciation, we are given to understand is "Dough-icks." The Holland Evening Sentinel thinks it is fine that we should be given the correct slant on this intriguing name and suggests that henceforth all visiting foreigners and statesmen who are written up in our public press send us simplified pronunciations of their names. That is a very plausible plan. Take the musician-statesman, Paderewski, for instance. How many of our citizens of Celtic ancestry have passed off this great name as "Paddy-Whisky," when, as the initiated inform us, one merely assumes a nonchalant manner, turns the "w" into an "f" thereby making the name "Paderewski?"

Eggs.

Since early fall, the old Spanish custom of retailing objects of mere historic value as strictly fresh and edible eggs has been gaining by leaps and bounds. The buyer soon learns to beware, for bitter experience teaches him that his futile desire to taste a fresh egg only leads to his acquisition of a museum of addled, stale, flat, chilled, frozen, bad, unsuccessful, questionable, spoiled, discouraged objects, some of which, no doubt, date back to the Columbian exposition and the conviction that his quest is as futile as that of the rainbow's end.

Until the functionaries of government can be brought to branch out from equally doubtful forms of endeavor and control the egg market, we shall be obliged to attend an egg breakfast in the same manner as we attend a funeral. With sad and dismal countenance, we pause for a moment in solemnity before we break the shell and think of the hen that laid the unfortunate egg, perhaps before we were born.

We think for an instant of the chicken that might have been before his potentialities were cut off in storage chambers. Then we put on a record of Chopin's funeral march that the moment may be still more in keeping with the deed about to be consummated. With trembling fingers we poise our knife to strike the blow and settle the question forever. Thus properly prepared, the egg is opened. Generally the ceremony should be followed by the sounding of taps, the furling of Old Glory, and a day spent in silent meditation. Should the day come, however, when we are agreeably surprised, we will probably declare a holiday and end up in a wild orgy of near beer and raucous mirth.

An experiment, which aims at trimming the angles off factory production schedules is the contribution Michigan manufacturers are making toward the solution of the state wide problem of unemployment relief. The question of balanced production, providing more regular employment in seasonal industries, has long been the subject of study by a number of leading Michigan industries, but the first concerted attempt to meet the situation was undertaken recently by the Michigan Manufacturers Association, embracing 1,200 concerns accounting for more than the 500,000 employees on factory payrolls in the state.

With the majority of industrial concerns of the state on short time, ranging from three to five days a week in most instances, the question of a level production plan has received general attention from manufacturers. Perhaps the best progress has been made in Detroit, where employers are working closely with Mayor Murphy's unemployment committee in an effort to find jobs for close to 100,000 men registered in the September unemployment census taken by the city. Close to 10,000 men have already been given jobs through the committee and the greater number of these jobs have been created by reducing hours of men at steady work. Indications are that it will be tried out on a large scale in other parts of the state.

"We are threshing out the whole situation to find practical methods of regulating and leveling production, flattening out distribution and taking all necessary steps to insure a better average of employment throughout the work year," John L. Lovett, general manager of the Manufacturers Association, stated this week. "It is too early to say what we can expect to accomplish."

In the automobile trade, probably the biggest step taken toward level production is a policy of bringing out new models during the latter half of the year. Between August and November the majority of 1931 models were announced or are about to be introduced. The state is co-operating this year by permitting buyers of new cars to use 1931 licenses during the final two months of the year.

The outstanding achievement in the field of level production has been accomplished by Packard Motor Car Company, which, for production purposes, divides the year into 12 periods. At the beginning of each year Packard executives attempt a close estimate of the year's business. The estimate is used to determine the monthly production schedule for the year. Packard adopted this plan to cut down the high cost of labor turnover.

Whatever of good or beauty or interest there is in your life must come from yourself and the grace that may be planted in you.—Kipling.

JOHN HOLMES MISTAKEN SAYS DAYTON PIONEER

CALLS FORMER RECORD EDITOR ON CARPET ON DETAIL M-60 STORY.

In reading over the article in a recent edition of the Record, I see that Mr. Holmes seems to be a little misinformed about the building of the new section of the M-60. Especially in regards to its location etc. Instead of M-60 passing on or very near the old "sink hole" as Mr. Holmes states, it really passes by this old "sink hole", nearly eighty to a hundred rods south of the "sink hole" or the Michigan Central rail road. Or in other words, M-60 will pass between what Mr. Holmes calls Egbert Lake and Pike Lake, M-60 being only about fifteen or twenty rods north of Pike Lake. So in order to put Mr. Holmes right about M-60 I will explain as near as possible as to its location from the beginning of the new road-bed near Galien. Starting at the four corners a few rods south of Galien, the old county paved road will be widened to conform with the new M-60 as far as the Wilson school house which was moved away several years ago.

This school house, you remember, stood about twenty-five or thirty rods south of the old Wilson or Welch crossing whichever you may call it. Well near this school house locality is where the actual grading of M-60 begins, then going east it later on gradually curves a trifle south, passing almost midway through the Sebasty farm, then up the hill passing over the Dayton-Mt. Zion paved road at the top of Dayton hill, then on east over that part of Dayton Lake which the people of Dayton call the "nook." Piling in over the "nook" gave the contractors considerable trouble as thousands of yards of dirt were required before it finally stopped settling. After leaving Dayton lake the road proceeds on over some marshy land, and then on the north side of the Ferguson huckleberry marsh and over the dirt road which leads to the over head bridge east of the sink-hole, then passing by Pike Lake, the road continues toward Bakertown passing through the Bakertown settlement almost directly south of the Bakertown cemetery, then up the high hill toward the Buchanan South Bend paved highway, passing over this road about three-fourths of a mile south of Buchanan. Then proceeding east along the old Chicago road about a mile more or less on this side of Niles. So you see Mr. Holmes, the nearest that M-60 comes to the Michigan Central rail road is right where the grading of the new section begins, near where the old Wilson crossing school house formerly stood.

I am always pleased to read articles from Mr. Holmes, especially in regard to Dayton and vicinity of years ago. Thank you.

A Dayton Subscriber.

Hills Corners

Mr. and Mrs. Clayton Hartline and two daughters motored to Galien Sunday to attend the birthday dinner given in honor of Mrs. Hartline's brother, Frank Sunday. We install auto glass. Runner's Hardware, phone 15.

Mr. and Mrs. Archie Morley and two daughters and Mr. and Mrs. Perry Morley drove to Niles Sunday to attend the 25th wedding anniversary and housewarming given by Mr. and Mrs. Ray Morley of that city.

Owing to the unfavorable weather the Fall Festival scheduled at the Hills Corners Church Friday evening was indefinitely postponed. The annual Home Coming was staged regardless of the weather, on Sunday, about 60 turning out to enjoy the co-operative dinner served following church services at 1 p. m.

Rev. Raymond Morgan of Hills Corners Church announces plans for the organization of a Boys' 4-H Club in the church basement Saturday evening of this week.

BUCHANAN 10 YEARS AGO

From Record of Dec. 3, 1920
Mrs. Ethel Jones left the first of the week for Dallas, Texas, from where she will start on an extended business trip.

Mrs. G. H. Stevenson was in Niles Wednesday to give a talk before the Missionary society of the Presbyterian church.

The Epworth Leagues of Niles district are holding a convention in the local M. E. church tonight and tomorrow. The meeting will open with a banquet.

The work of stringing electric wires for lighting the play ground has been started.

Charles Landis has a package that he would like to dispose of. It came to him thru the highest bid at auction when the M. E. ladies sold the remaining stock of their bazaar goods at auction last Saturday night. Mr. Landis insists that his prospects for use of the articles are far from bright, therefore his offer to sell at most any price.

One of the prettiest parties of the season was a Christmas party given last night by Mrs. J. C. Strayer. The rooms were gay with Christmas green and red and the favors were Christmas presents distributed by Santa from a basket. After the usual games of bridge, refreshments were served.

The Charles Matthews home was the scene of a happy gathering on Monday evening when a number of his old friends gave him a surprise in honor of his birthday.

Fred Eldredge received a bad cut on his head and a general shaking up last Wednesday after-

noon while working at the new warehouse at the Clark plant. The accident happened just before quitting time when in going from one room to another he made a misstep and fell down a chute, a distance of four feet, striking on his head and shoulders. His injuries were not serious and he was able to be at work the next morning.

A. F. Howe is in the Presbyterian hospital in Chicago under the care of the famous stomach specialist, Dr. Sippy.

"The Traveling Salesman" is the title of the play selected by M. L. Hanlin which the Clark Players will present in the Clark theatre on the nights of Dec. 28, 29, 30.

WE RENT SCALES—WEIGH YOUR BABY

HERE'S SOMETHING I CAN'T TELL MY HUSBAND

HOPE he reads this ad. That's the only way he'll know I'd rather have a Tiffin Model Magic Chef Gas Range than anything else in the world. He thinks all I like are dainty things to wear and would never believe I actually prefer a stove for Christmas. But what a stove!

This Tiffin is the most enchanting thing I've seen for years. It is to the kitchen what a grand piano is to the living room—a real mark of distinction. So compact, so colorful, so unusual; every woman falls in love with it at first sight. And all my friends who have them say they're perfect bakers.

I've always wanted a stove with a Red Wheel Oven Heat Regulator. I'm tired spending hours needlessly fretting in the kitchen. The Tiffin has a Red Wheel and every other modern improvement to make it easy to cook the kind of meals people praise.

Like other women, I prefer a gift I can share with the family, and we'd all enjoy the advantages of this wonderful, new gas range. The price of the Tiffin is almost unbelievable—it's so low. Maybe my husband will surprise me and have one installed. Here's hoping.

It is a GOOD Gas Range That Has This Red Wheel

News of Buchanan Schools

News of Student Life Gathered and Written by Upper Classmen of Buchanan High School

Bucks Open Cage Season with Berrien Springs

OPPONENTS
VICTORS IN
FIRST GAMES

Up-County Five Trampoles Opposition by Lop-sided Scores.

LOCALS LACK CENTER

Good Material Competes For Other Positions on Quintet.

With a rather disastrous football season gone, but not forgotten, for, as the old song goes, "the game is ended but the memory lingers on," the B. H. S. athletes begin spending their afternoons and all spare time in the gymnasium diligently rehearsing their act in the basketball drama. Coach Bradford's proteges intend to make the 1930-31 show a real success with no attempts at tragedies. Bradford has a fair nucleus of returning lettermen, but has one big problem remaining. That is to find a center who can replace Harold "Juggy" Pierce. Buchanan's four-sport star, who was lost by graduation. "Tear-em-up" Shultz, who was counted on to assume the vacancy, was unable to report, along with "Spot" Dempsey, because of other duties. Both men are over six feet in height and would help out considerably. The Morse twins, Louie and Lauren, have been looking pretty good at the forward positions but have plenty of competition from Richie Chubb, Imhoff, Eisenhart and a few others. "Rip-em-up" Shultz has been performing quite creditably at one of the guard positions, while the other position is rather doubtful. "Doc" Strayer, "Mike" Boyce and one of two others are seeking a guard position and Glen Jesse will undoubtedly see lots of action at running guard.

Other reserve players from last season who are returning include Harry Dumbolt, Cy Bulhand, Bob Ellis, "Skeet" Rolan, Joe Dunlap, Tom Marrs and "Stretch" Gladish. Fred Harkider, Aug Topash, and Lowell Batchelor are some of the freshmen who are apt to make the squad.

The Bucks open the season Friday night when they meet the veteran Berrien Springs five at their own gym. Berrien has five regulars back from last year and have won their first two games this year by top heavy scores. Although the Buchanan boys have been practicing daily during the Thanksgiving vacation, they will have a busy evening in stopping the Berrien attack inasmuch as the visitors have already played two games and have a veteran team back.

As usual Coach Bradford refuses to make any announcement concerning the prospects or the lineup, but he does say that probably most of the boys will see action.

The possible starting lineups: Buchanan: Berrien Spgs. Lou Morse, R.F. Gifford, Lou Morse, F. Gifford, Ditzler, G. Graham, Jesse, R.G. Tillstrom, Schultze, L.G. Bruce

THE INQUIRING REPORTER

What do you think of permanent seats for assemblies in the auditorium?

Each student is given a permanent seat in the auditorium. It is going to make it much easier to get in place. There will not be half as much noise as there was before seats were assigned to each person.

Jimmy Eisenhart.

I think that permanent seats in the auditorium are a lot of bunk. When a student is in high school he should be able to select his own seat by whomever he wishes to sit.

I think permanent seats for assemblies in the auditorium are O. K. or at least the few senior girls enjoy their balcony seats.

Enid Reams.

Members Journalism
Class Are Assigned
To Regular Beats

"We are no longer 'Cub' reporters," was the verdict of the journalism class after they had been given their regular "runs" to cover.

Before last week it was up to each member to get what he could and as much of it as possible for the Microphone; but now it has all been changed with the new "runs" to cover.

The following list is the order in which each member of the journalism class covers his news: Mary Jane Harkider, Girls' Athletics; Doris Whitaker, Inquiring Reporter; Pauline VanEvery, Debating; Marjorie Sands, Assembly Programs; John Zachman, Shorthand, French; Harold Boyce, Orchestra, Band and Latin; Alan Stevenson, Music (Miss Olson) and art; Richard Brodick, English Dept.; Dorothy Swartz, Junior High; Shirley Bristol, History; Florence Handson, Mathematics; Virginia McCormick, Messrs. Stark and Ormiston; James Postlewaite, Thrift Club; Elliott Boyce, Home Economics; Basil LeCave, Science Dept.; Carl Linsenmier, Manual Arts; Arnold Rothfuchs, Agriculture Club.

Debating Squad
Takes Affirmative
Chain Store Theme

A woman's right to change her mind seems to have been given the debating team. At least, they are debating against the chain stores now, while only two weeks ago, they were debating for the chain stores. The real facts of the matter is that the State Debating League sends out instructions before each debate to inform the teams which side of the question they are to take, and with whom they will debate.

One or two practice debates to get the team in shape for the affirmative side will be held during the week. One will probably be with Berrien Springs.

G. A. A. Will
Ride Angora

The G. A. A. will hold another initiation this week, followed by a party for all the girls who made enough points through soccer to come into the association.

The girls will begin practicing basketball this week, Tuesday and Thursday after school, will be practice nights. The freshmen and sophomores will begin their practices this week, while the juniors and seniors will begin practicing next week.

SCHOOL SLANTS

Where they went Thanksgiving: Miss Shriver drove home to Hudson, Mich., and states that she had one hectic time arriving there. She beat her last year's record by fifteen minutes though (having arrived promptly at 2:15 a. m.) and is quite gratified.

Miss Skeels journeyed by train to White Hall, Mich., (the old home town) and "let a good old-fashioned turkey dinner with cranberry-sauce 'n' everything!"

Miss Rothenbach went to Lake Zurich, Ill., to enjoy her Thanksgiving dinner.

Miss Olson traveled to Chicago and reports having had an enjoyable week end—exceedingly enjoyable.

Miss Hanlin spent her Thanksgiving at the home of her parents, Curley Bradford, also ate his turkey in dear old Buchanan.

Sophomores Elect
Capt. for Class
Basketball Team

The Sophomore boys met in Mr. Moore's room Tuesday evening after school. They elected Dick Morris captain of the class team. He has picked the following for the first team:

G. Zachman, L. F.; D. Morris, C. R. F.; H. Currier, C.; G. Cooper, L. G.; M. Aronson, R. G.

Junior Class
Hold Meeting

Tuesday evening the junior boys met in Miss Shriver's room and elected Walter Babcock captain. He has not decided who his first team lineup will be.

Shorthand Club
Holds Weekly Meet

The weekly meeting of the Shorthand Club is to be held in the Bookkeeping room at 3:30, Wednesday. Mildred Brower is the chairman of the affair for this week and has arranged a program suitable for the club. Reports, concerning shorthand, are to be given and a story or letter will be dictated by a member of the club. After the dictation has been taken, the person dictating the article will have different members read the shorthand taken down. The Shorthand Club was but recently organized and is progressing very well.

High School
Will Start the
Cafeteria Mon.

Miss Tina Skeels, instructor of home economics at the high school, announced that cafeteria started Monday. It is taken over by the advanced home economics department. Everything is sold at cost so as to accommodate all.

Honor Student
Made Assistant

Ralph Zerbe was appointed by Mr. Moore as his assistant in the physics laboratory. The student who holds high honors in physics is chosen by the instructor to make up and arrange the apparatus for the different experiments. The student is appointed, not to help the instructor, but to give the chosen student extra experience in handling the experiments.

Last Oration
Elimination
Tuesday Night

The last of the oration eliminations will be held Tuesday night. The senior class in English started their M. O. S. books last week. The junior class will start their books this week.

The first thing covered in these books is spelling. After this, sentence structure will probably follow.

News from Art,
Music Departments

The girl's glee clubs were awarded maroon chevrons. They go on the sleeve, between the wrist and the elbow. Each one represents a year's service; also the white B's will be given to put on the ties.

Remember the music festival to be given in Niles, Dec. 12. Seventy girls will take part from here.

Gently Speaking: "Oh, come to tell me, Mrs. O'Malley, that yer husband met with an accident."

"And what is it now?" wailed Mrs. O'Malley. "He was overcome by the heat, mum."

"What? Overcome by the heat in January?"

Grade News

First Grade, Miss Carnagan: Miss Vandenberg's boys and girls visited us Wednesday morning. We did our Indian dance for them.

Barbara Gene Swartz is back after being absent on account of sickness.

Those neither absent nor tardy for the month of November are: Junior Arrick, Beverly Collins, Helmar Coults, Robert Dodge, Tommy Haffner, Bobby Hess, Doris Hollenbaugh, Doris Lamb, Kenneth McGowan, Doris Rohl, Glenn Sharp, Robert Six, Betty Jean Squires, Richard Troutetter, Martin Water and Louis Locke.

Fourth, Miss Clayton: Our children will construct a Santa Claus castle for a Christmas project. It will be given to the second grade as a Christmas gift a few days before Christmas.

The children are compiling very interesting pictures in Geography notebooks. They have completed three sections.

We are going to have a weekly honor roll during December and January.

Eight boys and girls in Miss Hopkins' room have earned Palmer Method Buttons. Many are now ready to begin the work for Progress pins.

Hot Shots

Greetings, folks. Back to the good old basketball season. We hope the Bucks have lots of luck this year, maybe another season like the one in 1928 and 29, except that they can sail right thru the Detroit tournament. But—we have plenty of tough opposition coming from all sides this year.

Coach Harvey's Berrien Springs boys have been enjoying themselves quite a bit lately. After knocking over New Troy, more or less of a set-up, they took Eau Claire, 1929-30 regional champs, by a 31 to 15 score. Not that Eau Claire has so much in the way of material, but just that Berrien has.

Five varsiteers, Wetzel, Gifford, Graham, Tillstrom and Bruce, with the aid of young Dugan, do the dirty work for Mr. Harvey, and all of them were either regulars or "first substitutes" last season. Having no football team, Berrien gets the jump on such teams as Buchanan, about a month or two more for practice, and the Bucks will find their evening will be a busy one when they visit the Berrien boys Friday night.

All of you loyal B. H. S. fans can heave a big sigh of relief. The excuse for the joyfulness is that Bridgman high school is back in class D this year. A few weeks ago they received confirmation of this report from Mr. Thompson, state director of athletics. In other words, if the Bucks can dispose of this Berrien bunch, who just now looks as if they would be about the strongest team to give the

Bucks a run, they should get a little way in the tournament.

It seems as though everyone in Buchanan wants to play basketball. Besides three church teams, who are playing out-of-town games, Buchanan has an independent team made up mostly of former B. H. S. stars and another aggregation called the "Lucky Fives," mostly post-grads at the high school.

In addition to the above teams, ten class teams will start their league schedule Friday night after school. This is the sixth year that those who are unable to make the varsity were allowed to play once a week, but it is only the second year that each class was allowed two teams. The seniors have been walking off with the title every year, but they will have some real opposition this year.

Well, on to Berrien Springs. It is the opinion of this scribe that the margin of victory will not be more than three baskets. See you next week.

Some men smile in the evening. Some men smile at dawn. But the man worth while. Is the man who can smile. When his two front teeth are gone.

South Carolina and Florida are the only two states that impose a tax of 6 cents per gallon on gasoline. All other states have a lower tax.

Olive Branch

Fred McLaren and Dick Norris went to Chicago Saturday to the football game between Notre Dame and the Army.

Mrs. Nina James and children, Lester and Vera, were the dinner guests Sunday in the home of Mr. and Mrs. Encei Swani in Galien.

Miss Tillie Pulaski and Ruth Kanelid of Chicago, spent last week in the Currie McLaren home.

Mr. and Mrs. Frank Wolf and son, George, ate Thanksgiving dinner in the Firmon Nye home at Wildimere farm.

Miss Gladys James was a Sunday visitor in the Albert Jannasch home in Galien.

We install auto glass. Runner's Hardware, phone 15. 481c Mr. and Mrs. Vivien Ingles and son, Duane, were in South Bend Friday.

Mr. and Mrs. William Newitt and son, Wayne, spent Tuesday in the Firmon and Lysie Nye home.

Currie McLaren and family and Miss Tillie Pulaski and Ruth Kanelid were Thanksgiving guests in the Anthony Warnke home at Galien.

Rev. Edgar Schade from Indianapolis, preached at Olive Branch chapel Sunday and will be there next Sunday to preach.

Herbert Raas is gaining from his illness.

Miss Emily Newitt of Chicago, spent part of last week with her brother, Will Newitt and family at Twin Maples.

Mr. and Mrs. Ralph Ferguson and Mr. and Mrs. Peter Frizzo and children of Niles, spent Thanksgiving in the Art Chapman home.

Mr. and Mrs. John Clark entertained Mrs. Lovina Hollister,

Mr. and Mrs. Charles Smith, Mr. and Mrs. Paul Smith and their children on Thanksgiving Day.

Miss Helen McLaren of South Bend, was a dinner guest in the Russell McLaren home Sunday.

Col. and Mrs. John Seymour were in Three Oaks Friday.

Gene Sprague and wife, and Millie Bowker and family spent Sunday in the Foster Bowker home in Galien.

Mrs. Harry Williams and daughter, Evelyn came from Niles Saturday and returned Monday.

Col. and Mrs. John Seymour of Willow Brook farm entertained Mr. and Mrs. John Dickey and grandsons last Sunday at dinner.

Mr. and Mrs. A. H. Eisele returned Sunday from Tecumseh, Mich., where they spent Thanksgiving and attended the wedding of Miss Jean Wilson to Richard A. Dewey at the home of her parents, Mr. and Mrs. Irving Bollier.

Mr. and Mrs. Irving Eagley entertained the following at Thanksgiving dinner, the Misses Pearl Eagley, Vesta Eagley, Clara Ruth and George Eckelbarger, Herchel Ruth and Robert Dempsey, all of Buchanan.

We install auto glass. Runner's Hardware, phone 15. 481c Mr. and Mrs. Frank Wigent returned to their home in Sterling, Mich., after a visit with the latter's parents, Mr. and Mrs. A. W. Mitchell.

Marion Mitchell left Sunday in company with several students of the Ag Club and their teacher, Arthur Knoblauch, for Chicago where they will spend a few days at the stock show.

Mr. and Mrs. Oliver York and Miss Mary Kandupa attended the Ross Thanksgiving dinner at the Allie Mae Rough home in Buchanan.

School closed with Thanksgiving exercises Wednesday and was resumed again Monday, Dec. 1. The butchering season for the farmers is on.

Mr. and Mrs. Charles Smith, Mr. and Mrs. Paul Smith and their children on Thanksgiving Day.

Miss Helen McLaren of South Bend, was a dinner guest in the Russell McLaren home Sunday.

HIGH SCHOOL TO PRESENT MUSICAL COMEDY TONIGHT

30 STUDENTS TO APPEAR IN
IN CAST AND CHORUS;
NO ADMISSION.

The music departments of the high school are staging a unique entertainment at the auditorium tonight, in the form of the musical comedy "To a Wild Rose," adapted from a stage play and set to music by R. R. Robinson, band director. The performance is open to the public free of charge. A silver offering will be taken to defray expenses. Despite the free admission, elaborate preparations are being made, with the music, English and home economics departments collaborating, and the efforts of the year in musical performance will be one of the high entertainments here. Eighty students will appear in cast and choruses.

Wisconsin Survey Shows Destination of Lactal Crop

A survey has just been completed to determine what becomes of more than 10,000,000 pounds of milk produced annually on farms in Wisconsin. It shows that 65.5 per cent goes into whole milk channels; 25.5 per cent is separated and the cream sold; 4 per cent is used as whole milk or cream in farm households; calves drink 3.3 per cent, and 7 per cent is used in the making of farm butter. This last item of butter making is in sharp contrast to figures of 40 years ago, according to Walter Whiting of the Wisconsin crop reporting service. He points to a United States census showing that farmers or their wives in 1899 were

SILK SALE!

10,000 dress-length remnants of finest silk to be cleared by mail, regardless. Every desired yardage and color. All 39 inches wide. Let us send you a piece of genuine \$6 Crepe Paris (very heavy fabric) on approval for your inspection. If you then wish to keep it mail us your check at only \$1.90 a yard. making 46,230,000 pounds of butter, as compared to 14,038,187 pounds made in creameries in 1929. In 1929 creameries made 154,000,000 pounds of butter and farmers only about 7,000,000 pounds. The flow of milk is constantly changing, the crop reporting service discovered. In addition to the reaching out of the city markets for more and more territory to supply fluid milk, seasonal production forces other changes.

Policeman (to motorist who nearly collided): "Don't you know you should always give half the road to the woman driver?"

Motorist—"I always do, when I find out which half of the road she wants."

Meat Dishes for the Holiday Meal Are Appetizing

Of course when we begin to plan the menus for the holidays which are just around the corner, our thoughts turn to the question of whether the main dish will be turkey, chicken, duck, goose or a meat dish. To answer the question so far as meat is concerned, Miss Inez S. Wilson, home economist of the National Live Stock and Meat Board, suggests some festive meat dishes that are most fitting. Soak a 10 or 12 pound ham for several hours in cold water to cover. If the ham is a mild cure, soaking will be unnecessary. Wash it well, scrape it, and trim off the hard skin near the end of the bone. Put it in a kettle with one-half cup each of sliced onion and carrot, 2 sprigs of parsley, 1-2 bay leaf, 4 cloves and 5 peppercorns. Cover with cold water and bring slowly to the boiling point. Let simmer until tender, allowing 25 minutes to the pound. Cool in its own liquor and then remove skin. Place slices of pineapple over surface of ham, holding in place with toothpicks. Stick a whole clove in the center of each slice of pineapple. Bake for an hour in a slow oven. Serve on a platter surrounded by vegetables of various shapes

and colors. Parsley-coated potato balls, carro 3 cubed, candied sweet potatoes. The vegetables should be grouped together and in such a way as to make the most of them as a garnish.

Select an 8 to 10 pound standing rib roast. Score the fat side in diagonal lines each way. In the center of each diamond made by scoring, make an incision to hold a small onion. Dredge with flour, season with salt and pepper and place in an uncovered roasting pan. Sear for 30 minutes at 500 degrees F., then continue roasting at 300 degrees F., until done. For a rare roast allow 16 minutes per pound, for a medium roast allow 22 minutes per pound and for a well done roast allow 30 minutes per pound. Serve with browned potatoes and pears browned in the pan with the roast.

Roast Suckling Pig
Order a four or five weeks old pig. Wash and rub inside and out. Change the water, add 1 teaspoon soda, wash and rub, taking care to cleanse thoroughly all openings. Dredge with salt and pepper. Stuff and sew into its natural shape. Place on rack in roasting pan. Brush with a little melted butter. To the pan add 2 tablespoons dripping. Cook in a moderate oven from three to four hours. Baste frequently. When done remove to a hot platter. Put a string of cranberries around its neck. Garnish with celery curls and tufts of parsley.

American "Buries" Self to Study the Ancient Race

Dr. J. F. Rock, noted American botanist and explorer, has sailed from Yokohama en route to Li-King, one of the most inaccessible districts of China, where he intends to take up a residence of 10 years to study the life, literature, customs, ceremonies and habits of the Nashi, a Tibetan-Burmese race.

For the past 10 years he has lived at Li-King, spending only four months of that time within the limits of civilization. He returns now to make another 10 years' study.

At various times he has contributed data for the Smithsonian Institution, Harvard university, and the National Geographic society.

Relief from Curse of Constipation

A Battle Creek physician says: "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Wm. N. Brodick. 16192

Hartline. Besides the two leaders there were 19 present. The next meeting will be held the first Wednesday night in January, the ladies entertaining their husbands at a 6:30 supper at the church.

Milton and Lawrence Mitchell left Wednesday for Chicago to visit their aunt, Mrs. Richard Beardsley and to attend the stock show.

NOTICE OF MORTGAGE SALE—WHEREAS, Margaret Bolton of Chicago, Illinois, did make, execute and deliver to Elwood Brockway and Agnes E. Brockway, husband and wife, a certain mortgage on premises hereinafter described, which said mortgage is dated the 21st day of September, A. D. 1923 and recorded in the office of the Register of Deeds for Berrien County, Michigan, on the 6th day of October, A. D. 1923 in Liber 157 of Mortgages on page 467, which said mortgage was afterwards assigned by said Elwood Brockway and Agnes E. Brockway, husband and wife, to Charles J. Kane by assignment of mortgage, dated the 27th day of September, A. D. 1930 and recorded in the office of the Register of Deeds for Berrien County, Michigan, on the 15th day of October, A. D. 1930 in Liber 9 of Assignments of Mortgages, on page 136, and WHEREAS, default has been made in the

conditions of said mortgage whereby under the terms thereof the whole amount of the principal and interest secured thereby has become due and payable, so that the power of sale contained in said mortgage has become operative, and WHEREAS, there is claimed to be due at the date of this notice, for principal and interest, the sum of Two Thousand Twenty-nine and 80/100 (\$2029.80) Dollars, and an attorney's fee of thirty-five (\$35.00) Dollars, and no suit or proceeding at law having been instituted to recover the money secured by said mortgage or any part thereof, notice is hereby given that on the 2nd day of February, A. D. 1931, at ten o'clock in the forenoon, the undersigned will sell at the front door of the court house, in the city of St. Joseph, Michigan, that being the place where the Circuit Court for the County of Berrien is held, at public auction to the highest bidder, the premises described in said mortgage, to-wit:

Those certain pieces or parcels of land, situate in the Township of Galien, in the County of Berrien and State of Michigan, and described as follows, to-wit: the north three-eighths (3-8) of the north one-half (1-2) of the southwest quarter (1-4) and the south quarter (1-4) of the southwest quarter (1-4) of Section Fifteen (15), Town Eight (8) south, Range Nineteen (19) west, Forty (40) acres more or less.

Dated: November 6, 1930. Charles J. Kane, Assignee.

NOTICE OF MORTGAGE FORECLOSURE SALE

Notice is hereby given that default has occurred in the conditions of that certain mortgage, dated the 1st day of November, 1928, executed by William S. Marks and Mary E. Marks, as his wife and in her own right, mortgagors, to The Federal Land Bank of Saint Paul, a body corporate, of the City of St. Paul, County of Ramsey, State of Minnesota, as mortgagee, filed for record in the office of the Register of

Deeds in and for Berrien county, Michigan, on the 30th day of November, A. D. 1928, at 9:00 o'clock a. m., recorded in Liber 150 of Mortgages on Page 497 thereof, in that that certain installment of Fifty-seven and no/100 Dollars (\$57.00), principal and interest due May 1, 1930, remains unpaid; that pursuant to the provisions of said mortgage, said mortgagee has elected to declare the whole debt secured thereby to be now due and payable; and there is due and payable at the date of this notice upon the debt secured by said mortgage, the sum of One Thousand Nine Hundred Eighty-two and 80/100 Dollars (\$1982.80); and that no action or proceeding at law or otherwise has been instituted to recover said debt or any part thereof, that by virtue of a power of sale therein contained, said mortgage will be foreclosed and the land and premises therein described lying and being in the County of Berrien and State of Michigan, as follows, to-wit: The East Forty (40) acres of the Southwest Fractional Quarter (SWF1/4), Section Thirty-one (31), Township Seven (7) South, Range Seventeen (17) West, exclusive of that part occupied by the old right-of-way of the Michigan Central Railroad, excepting therefrom that part thereof lying North of said old right-of-way. All of that part of said Southwest Fractional Quarter (SWF1/4), described as follows: Commencing at a point ten (10) chains and fifty-three (53) links west of the southeast corner of said southwest Fractional Quarter (SWF1/4), said point being the southwest corner of the foregoing described tract; thence West along the section line six (6) chains and seventy-six (76) links, thence north thirty (30) chains and fifty (50) links to the south line of said old right-of-way; thence southeasterly along the south line of the said old right-of-way seven (7) chains to the west line of the foregoing described tract; thence south twenty-eight (28) chains and seventy-one (71) links to the point of beginning. The above described premises contain Forty-nine (49) acres more or less, will be sold at public auction to the highest bidder for cash by the Sheriff of Berrien County, at the front door of the Court House, in the City of St. Joseph, in said County and State, on Tuesday, February 24, 1931, at 10:00 o'clock in the forenoon, to pay and satisfy the debt secured by said mortgage and the costs and disbursements allowed by law upon said foreclosure sale.

Dated this 22nd day of November, 1930.

Huge Replacement Automobile Tires Looms Coming Year

The rubber companies which have not fared so well this year should be in line for increased profits next year if estimates of tire production are realized. Production of 72,600,000 automobile tires as compared with an estimated 58,000,000 in 1930 and 74,600,000 in 1929, is forecast by the Alexander Hamilton Institute, which declares that new cars, exports and replacements are the principal basis for the estimate.

On the basis of an expected 4,500,000 new cars in 1931 as compared with an estimated 3,500,000 cars in 1930, tire requirements for new cars on the basis of five tires per car, the institute figures, should total 22,500,000. According to their expected observations, the big increase is to be expected in replacements.

"During 1929 there were about 21,900,000 old cars in use so that replacements average somewhat more than two tires per car. This year there have been 23,400,000 old cars in use, which means that average replaces will have amounted to little more than 1.2 tires per car. While some reduction in replacements per car is logical, due to improvement in tires, this factor is not sufficient to explain such a sharp drop as that which has occurred in replacements this year.

It is apparent that many persons have postponed replacing their old tires because of the business depression. This argues for an active replacement demand in 1931. The prospect is that 23,800,000 cars will be in use in 1931, which should provide a replacement market for at least 47,600,000 tires, allowing two tires per car as an average replacement."

Judge: Don't you know, young man that you couldn't sell insurance in this state without a license?

Insurance Agent: No, your honor, I knew I couldn't sell it, but I didn't know the reason.

pleasure for non-compliance with the terms under which it is granted, or on account of the violation of any ordinance or regulation passed by the City Commission. The person holding such license shall in addition to all other penalties imposed, forfeit all payments for such license.

Section 5. Any violation of this ordinance shall be punished by a fine not exceeding fifty dollars and costs of prosecution, or by imprisonment in the county jail not exceeding thirty days, or by both such fine and imprisonment in the discretion of the Court.

Section 6. This ordinance shall take effect from and after the 16th day of December A. D. 1930.

Passed and approved by the City Commission the 1st day of December A. D. 1930.

Mathias J. Kelling, Mayor.

Harry A. Post, City Clerk.

KIDS — THE LOOSE TOOTH—

Holmes Tells How Few 'Ifs' Altered Buchanan History

"If" In 1867 there came to Buchanan one Daniel A. Wagner, from Wau. Pun, Wis., and bought the printing equipment of the Buchanan Weekly Union. He immediately published Volume 1 No. 1 of the Berrien County Record, present series. Not long after that Mr. Wagner discovered a lawyer practicing in Kalamazoo, named Julius Caesar Burrows, a fluent speaker, and wrote an editorial in the Record telling what a wonderful congressman Mr. Burrows would make. Burrows believed every word of it and after the election and succeeded in getting the job. He held it one term, and was defeated in the next by W. E. Stoughton from the eastern part of the district. During the Stoughton term Burrows got the "hog holes" in his political fence patched up and was elected again in the next term and defeated again two years later by E. L. Keightley of Three Rivers. By the end of the Keightley term, Mr. Burrows had learned enough of politics to be able to be elected two terms in succession and so held it. During these times the fourth district comprised Berrien, Cass, Van Buren, Kalamazoo and St. Joseph counties but following the census of 1880 there was a reapportionment which took Kalamazoo to Third and gave Barry and Allegan to the Fourth. The Fourth district has always been secure in candidates but absolutely barren in congressmen and had three candidates at that time, in the persons of Lawrence C. Pyfe of St. Joseph, Victor M. Gore of Buchanan and Benton Harbor, and Edward LaRue Hamilton of Niles, so the republicans called a special convention in Pat Gore's opera house, which they would support at the district convention. Directly after the publication of the call for the convention, Mr. Gore came to Buchanan and told me the people of that place would not object to me as their postmaster. The idea had not entered my mind but did not sound at all disagreeable so that was arranged. A couple of days later Mr. Hamilton came from Niles with the same information. I was not sufficiently schooled in politics to pull both strings of that kite, but told him frankly what had happened.

In due time the convention was organized with LeRoy Dodd of Buchanan, chairman and Major L. A. Duncan, clerk. After a dinner the voting began, with Lawrence Pyfe 85 votes and the other two close in the neighborhood of 112 to 115. The voting continued through thirty ballots, with very little variation from the first. No other candidate was mentioned excepting that once about the middle of the afternoon I discovered A. A. Plummer sitting in the rear of the hall, and suggested to Henry Kingery, who sat at my right, that we vote for Plummer. Henry demurred at first as he was voting for Hamilton, and when I told him I was voting for Gore, and our two votes would not break the balance, he consented. But all this time we got out of it was the lusty Ha! Ha! Ha! from Plummer that was enough to raise the dead of the whole block. At the end of the thirtieth ballot Mr. Gore came onto the stage and after thanking his friends who had voted for him, withdrew from the contest. On the next ballot Pyfe had his original 85 and all of the rest went to Hamilton.

Berrien County went to the district convention in full force and Hamilton was nominated and elected at the election. After the election I met him on the corner at the Citizen's National Bank in Niles and asked him what he was going to do with Buchanan post office. He said, "You know the conditions." "Yes, I voted thirty times for Gore and can take the consequences." He said he would not hardly put it that way.

"Why not? It is that way." I then asked what he would do if I came to him with a petition signed by four-fifths of the patrons of the office asking for my appointment. He said that might make a difference. I told him not to worry for I knew the rules of the game too well to ask him to break any of his promises. Next day George Noble was after signers to a petition.

Now, if Mr. Gore had stood by his guns and won, I would have had the post office.

If I had the office, I would not have been mixed up with the building of the river dam.

If I had not been into the dam project I would not have "gone bust" and lost all I had, even to my conscience. I would not have come to Iowa and who can tell that I might not still be publishing the Record.

Of all sad words of tongue or pen, the saddest is "if," but what's the hordes so long as we'reappy? One would naturally have expected Mr. Wagner to have taken the post office, but it went to Norris H. Merrill, who had an arm shot off by a democrat in the civil war.

J. G. HOLMES.

12,000,000 Trout Planted in Inland Waters of Michigan

More than 12,000,000 trout were planted in Michigan's inland waters during the year 1929-1930, according to a report of the Department of Conservation. The trout planted ranged in size from fry to adults, but the majority were fingerlings, fed for several months in hatchery ponds and feeding stations.

Of the 12,093,064 trout planted, 7,871,291 were brook trout; 2,660,875 were brown trout and 1,558,798 were rainbows.

Seventy-eight per cent of all the trout planted were hatched and fed at the various state hatcheries. Twenty-two per cent were fed in feeding stations.

The hatcheries produced and fed 9,579,794 of the trout planted in the fall by the Fish Division. Of these 2,288,775 were brook trout; 1,384,898 were brown trout; and 5,851,421 were rainbows.

Feeding stations produced 2,513,270 trout this year, a report of the plantings shows. Of this total, 872,100 were brown trout; 1,233,951 were rainbows and 2,013,870 were brook trout. About 3,400 lake trout were planted.

were distributed from the stations. Fish Division's "fingerling" program is shown in the fall trout planting report. Half of all the trout taken from feeding stations were six and seven months old. Many of these fish should be of legal length when the trout season opens next spring. Of the 2,000,000 brook trout taken from the feeding stations, 511,570 were six months old and 511,100 were seven months old. Of 5,851,421 brook trout planted from the hatcheries, 670,000 were fry. The report shows 271,200 four months old; 1,233,951 five months old, and proportionately up through nine months.

The same age proportions are indicated in the reports of brown and rainbow trout plantings. The 872,100 brown trout planted from feeding stations were six months old. The rest ranged from one to eight months old. The 1,239,900 rainbows planted from feeding stations were from three to five months old. Of the 1,384,898 rainbows taken from hatcheries, only 326,500 were as young as one month.

The trout planting report lists activities of 19 feeding stations. Of these 19 stations, 13 are operated by the Fish Division. Six of the stations, producing a total of 125,000 trout are operated by

THE Studebaker Six

The world's oldest manufacturer of individual transportation vehicles invites your attention to this excellent car, at a low price

Character: Studebaker quality throughout

Power: 70 horsepower motor

Size: 114-inch wheelbase, ample foundation for comfort

Comfort: It is a delight

clubs, the state giving the fish and in some instances the food, with the resulting fingerlings planted in public waters.

The Baldwin feeding station reported the largest record for the state. This station produced 358,025 brook trout, 330,400 brown trout and 51,000 rainbows. The total output of the station for 1930 was 739,425 fingerlings.

The Pentwater station ranked second in production with 262,150 brook trout, and the Tobacco River station third with 223,725.

Production of the various feeding stations for 1930 brook trout was:

Baldwin, brook, 358,025; brown, 330,400; rainbow, 51,000. Bear Creek, 35,650; Tahquamenon River, 295,400; Hunt Creek, 55,695; Jordan River, 138,825; rainbows, 50,500; Moyer Creek, 82,000; brown, 19,100; N. Br. Pentwater, 262,150; Ontonagon River, 97,150; Platte River, 180,600; Rapid River, 118,075; Silver Creek, 11,275; Tobacco River, 223,725; White River, 123,300. Ponds operated by clubs are: brook trout, 30,000; Smith Pond, 25,000; Pine Creek, 2,000; Slagle Creek 25,000; Irwin Ponds, brown, 22,600; rainbows, 22

Social, Organization Activities

W. E. M. S. Meets
At Will Leifer Home
The Women's Foreign Missionary Society of Methodist church met Wednesday afternoon at the home of Mrs. Will Leifer, Theodosia Court. Mrs. Marietta Redden was in charge of the lesson study and Mrs. L. W. Keyes in charge of devotionals. The annual Christmas offering was given at this meeting.

Monday Club
Postpones Meeting
The Monday Literary Club meeting of this week was postponed on account of the absence of a member. The club will meet next Monday at the home of Mrs. Flora Jennings.

Sorority at
O. Swartz Home
The B. G. U. sorority will meet at the home of Mrs. Oscar Swartz Tuesday evening, Dec. 9.

Family Reunion
Thanksgiving Day
Mr. and Mrs. D. D. Pangborn were host and hostess at a delightful dinner party and family reunion at their home. Thanksgiving Day, guests present being the following: Albert Lea, Minnie Mr. and Mrs. William Nutt and Mr. and Mrs. Howard Nutt and daughter of Dearborn, Mich.; Mr. and Mrs. George Pangborn of South Bend; T. E. VanEvery and daughters, Marian, Pauline and Ruth of Buchanan; Mr. and Mrs. C. P. Forman of Elkhart, Ind.; Miss Vera Powell of Coshen, Ind.; Frances Forman of Elkhart, Ind.; and Albert Nutt of Buchanan.

Dr. and Mrs. Rexford
Smith Entertain
Dr. and Mrs. Rexford Smith of Villa Park, Ill., entertained at a pleasant bridge party at the home of the former's parents. Mr. and Mrs. Glenn Smith, 106 West Third Street. Guests from out of the city were: Miss Ruth Good of Chicago; Miss Helen and Betty Dority of Columbus, O.; Miss Gale Pears, E. F. Horton and F. Hugh Todd of Galesburg, Ill.; Miss Pears and Mr. Todd won high honors at play.

F. D. I. Club Meets
At F. King Home
The F. D. I. Club met Friday evening at the home of Mrs. Frank King, Terre Coupe Road. After the business meeting, luncheon was played. The honors for high scores went to Mrs. Charles Ellis and Mrs. Charles Lightfoot. Consolation prize went to Mrs. Harley Squier and guest prize to Mrs. Ruby Dodge.

O. E. S. Chapter
Will Meet Dec. 10
The regular meeting of Sylvia chapter, No. 74, will be held Wednesday evening, Dec. 10.

P. N. G. Club at
Hickok Home
The P. N. G. Club met Tuesday evening at the home of Mrs. R. F. Hickok with Mrs. Mae Best as hostess. Following the business meeting, luncheon was played. Prizes were won by Mrs. Effie Hathaway and Mrs. Florence Woodson. Guest prizes were won by Lillian Crull and silverware. Dr. Meader of Kalamazoo will be the special speaker. Members and friends of church and Sunday School are cordially invited.

Church of Christ
J. L. Griffith, Pastor

You are cordially invited to our church services.

First Presbyterian Church
H. W. Staver, Pastor
Church School at 10 a. m. Morning Service, 11 a. m. Subject, "The Soul of Christmas." Evening Service at 7 p. m. Subject, "Brothers All." This is the third sermon in the series on the book, "Poems of Justice." Thursday this week. We will hold our second Family Night at 6 p. m. instead of 6:30. This is being done so that we will be thrifty in time for those who wish to attend the opera at the High School to do so. Rev. J. L. Lindsay, pastor of the United Church of Cassopolis, will be our speaker. Circle No. 2 is in charge. The committee is furnishing meat, potatoes and coffee. Those attending are to bring their own sandwiches and a dish to pass.

Hills Corners Church
Raymond Morgan, Pastor
Services for December 7. 10 a. m. church school. Classes for every member of the family. 11 a. m. worship and communion service. The pastor will speak on the subject, "Religion, a Load or a Lift?" Saturday, Dec. 6, all boys 10 to 18 years of age are asked to meet at the church in the afternoon at 2:30 to form a 4-H club.

Redeemer Lutheran
Corner Front and Main, 2nd Floor
O. E. Sohn, Pastor
Divine service every Sunday at 9 a. m. Religious instruction for children Saturday at 2:30 p. m. Visitors always welcome.

Christian Science Churches
"Ancient and Modern Necromancy and Hypnotism, Denounced," was the subject of the lesson-sermon in all Christian Science churches Sunday, Nov. 30. Among the citations which comprised the lesson-sermon was the following taken from the Bible: "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light." (Rom. 13:12). The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In Christian Science, man can do no harm; for scientific thoughts are true, passing from God to man." (p. 103).

Christian Science Church
Sunday School at 9:45 a. m. Sunday service at 11 a. m. Subject: "God, the Only Cause and Creator." Wednesday evening meeting at 7:45. Reading room, located in the church at Dewey avenue and Oak Street, is open each Wednesday afternoon from 2 till 4 o'clock.

Alfador Widing
Gets Christmas List Out Early
The Record has been honored by being selected as the medium for communicating the following Christmas message: Dear Santa Clause I want for Xmas a box of Tinker Toys and a Black Board and some Chalk. If you got some nuts and candy.

Detroit Man Pays \$63 for Illegal Possession Bird
Despite the denial of Tony Mavros, Detroit, that he had no contraband in his automobile, Conservation Officer Louis D. Kahl searched the car. In a corner of the rumble seat he found a perforated cardboard box. Opening the box he found a live cock pheasant with a broken wing. The bird had been caught by his dog, Mavros explained. However, when the officer cut a shot from the bird's neck Mavros was taken to court. Mavros admitted illegal possession of a pheasant and it cost him \$63.60. In addition his gun was confiscated.

Lu Nettie Samson
Died in Seattle
Belated word has been received by the Record of the death of a well known former resident, Mrs. Lu Nettie Samson Jennings, who passed away Oct. 12 at her home in Seattle, Wash. She was born and reared in Buchanan, a member of the Samson family which was prominent here in pioneer days. She was connected by her mother with the Howe family of Buchanan. For many years she was assistant postmistress at the time when Norris H. Merrill was postmaster. Over 25 years ago she went to Seattle. She was over 80 years old at the time of her death.

Mrs. Julius Cayo,
Former Local Woman,
Passed Away Friday
Mrs. Julius Cayo, 46, former resident of Buchanan, died at her home at 957 Pipestone Street, Benton Harbor, after an illness of seven years. Mr. and Mrs. Cayo left Buchanan four years ago, after a residence here of three years. Mr. Cayo was the president of the Cayo Toy Manufacturing Company. The funeral was held at 2:30 p. m. Monday and burial was made at Benton Harbor.

Manager: What's the idea of sitting out here absolutely silent for five minutes? Saxophonist: That was a request number.

Customer: Waiter, it's almost half an hour since I ordered that turtle soup!

W. C. T. U. Hears
Interesting Talk on Americanization
The W. C. T. U. enjoyed a very pleasant and profitable meeting Thursday afternoon, Nov. 20th at the home of Mrs. L. M. Otwell on River Street. During the business session it was reported that the essay contest work for the schools for this year had been undertaken in the third to eighth grades, inclusive, the high school preferring to wait until after the holidays, before taking up the work. It is to be carried on this year in much the

same manner as it was last year. Each grade writing on different topics from those of last year. The new national plans for the membership campaign were given out at this meeting, which states that any woman who secures five new active members (those signing the pledge and paying \$1.00 per year) from now until January 16, 1931, will be known as a prohibition patriot and is entitled to wear the badge which is a small flag bow on a stick pin. One new member was received into membership at the meeting. At the close of the business session Mrs. W. F. Runner took charge of the program for the afternoon. Her topic was Americanization, and a very interesting paper was read, which showed much time and thought had been spent on the subject, and which was very instructive to the listeners. Other items besides the paper included information on naturalization requirements, the help the foreign born people are to the United States, and information about entering Ellis Island, and the passing of the various tests that everyone is asked to go thru. At the close of the meeting the hostess served delicious refreshments.
