NEW TROY SCHOOL NEWS

Over 250 people saw the Minstrel Show last Friday night and incidentally reimbursed the agricultural club to the amount of over \$50.

After all expenses are paid over \$40 will be clear. This money will be used to defray the expenses of the judging teams which go to East Lansing this week. The following boys will make the trip:

Oliver Long, Junior Boyle, Theron Penland, Wayne Conklin, Charles Schopbach, Ernest Streffling, Rexford Westhauser, Dale English, Earl Hartline and Ralph Sherman. They will judge in the following products: poultry, grain, potatoes, dairy and stock.

Primary Room Our registration is now 41. Attendance per cent for April was 91.5. The following have been neither tardy nor absent this month: Allen Boyd, Laverne Casto, Lois Gridley, Elmer Kohlberg, Marion Liskey, Winifred Marx, Zelma Pearson, Joe Sexton, Robert Hanover, Georgiana Zabel, Anna Faral, Donald Boyd, Ella Bryck, Ida Harfert, Berkley Ritchie and Mae Louise Carpenter.

Our room with Miss Kaiser's is preparing a program for the May P. T. A. Our orchestra will play and we will have a health pageant.

Our honor roll is as follows: Beginners: Marion Liskey, Zelma Pearson, Marie Trapp. First grade: Ella Brueck, Ida Harfert, Clara Ritchie and Thomas Waters.

The annual Ninth grade manual training display will be at the May meeting of the P. T. A.

Modern women do not wait until the end of the month to find out how much they are spending for food. The Woman of Today runs her household on a strictly cash basis. She knows how much she should spend for food, and she sticks to it by paying as she goes.

She is proud of having household expenses low in a businesslike way—that's why she's an A & P customer.

An upstairs telephone saves running down to answer calls

Often, when you are upstairs, the telephone rings. Perhaps it is the grocer, or your husband, or Aunt Sue.

Each time, you must hurry down the steps to answer, and then plod back up again to finish your work.

An extension telephone installed upstairs would save that wasted energy. And at night, it would be a safeguard in emergencies, such as sickness or fire.

Such telephone convenience and safety costs surprisingly little . . . less than 3 cents a day.

To place an order, just call the Telephone Business Office.

 Soil Moisture.**

East Lansing.—Unusual Michigan weather conditions which began in March, 1930, have caused a moisture deficiency in the southern part of the state equal to a layer of water 13.57 inches deep over the entire area, and the northern part of the state is only a little less deficient in water which is needed to produce crops and to replenish surface and underground streams, according to records kept by the U. S. Weather Bureau at East Lansing.

This shortage of rainfall complicates the problem of preparing the seed beds for this year's crops as the dry subsoil makes plowing difficult at a time when soil specialists at Michigan State college say it is essential to obtain an excellent seed bed which will conserve every drop of rain. Tillage operations after plowing should be thorough enough to kill all weeds and to leave the soil in a spongy condition. No crust should be allowed to remain on cultivated fields.

It is not possible, from past records or present knowledge, for weather observers to predict when the present drought conditions will end. Michigan farmers are advised by the staff of the agricultural division of Michigan State College to maintain their usual crops program while using every care to preserve all pastures and meadows that show any promise of furnishing forage for livestock.

**Fifty Million
 Whitefish are
 Planted in April**

Fifty million whitefish were planted during the first and second weeks of April in the waters of Saginaw Bay by the Conservation Department's boat patrol No. 1.

The fish were taken from the Bay City Station as tidally as the whitefish were hatched.

Whitefish planting in Saginaw Bay came more than a week earlier than in 1930 when the first planting trip was on April 12.

Approximately 65,000,000 whitefish were hatched and planted from the Bay City Hatchery.

Following completion of planting work in Saginaw Bay patrol No. 1 has gone to Charlevoix where it will assist in planting lake trout from the hatchery operated by the U. S. Bureau of Fisheries. The boat will assist in planting from the federal hatchery at Alpena later.

**Statistics Show
 Huge Telephone
 Network in U. S.**

At the beginning of 1931 there was a total of 20,201,000 telephones in the United States. Of these, 15,632,000 were Bell telephones, 4,116,000 Bell connecting, and 193,000 non-connecting telephones. Despite slack business conditions in 1930, there was a net gain of 122,500 telephones in the Bell System during the year.

The total telephones in the world were estimated to be about 35,300,000 on Jan. 1, and of these approximately 32,200,000, or 91 per cent, can now be connected with any Bell System telephone. On the first of January, 1930, the Bell System telephones could be connected with about 85 per cent of the world's telephones.

These more than twenty million telephones in the United States are served through a total of 19,545 central offices operated by 7,436 companies, of which 25 are Bell, 7,163 Bell connecting, and 248 non-connecting companies. In addition, there are 29,300 Bell service lines, the telephones of which are included in the figures for connecting telephones.

The telephones of the United States are served through a total of 83,110,000 miles of wire. The great bulk of this wire mileage belongs to the Bell System, as the connecting companies own 6,706,000 miles of wire and the non-connecting companies 156,000 miles. The Bell System wire mileage comprised, at the beginning of the present year, 62,867,000 miles of exchange wire and 13,381,000 miles of toll and long distance wire. Little of this Bell System wire mileage is now open wire; only 7 per cent on Jan. 1, 1931. On the same date 66 per cent of the Bell wire was in underground cable and 27 per cent in aerial cable.

**TO NEED MORE
 PRUNING IN
 STATE ORCHARDS**

**Removal of Wood Decreases
 Moisture Requirements of
 Trees This Year.**

East Lansing. Additional pruning of fruit trees and shrubs to decrease their water requirements, and the use of mulches to conserve all available moisture are two practices recommended by the department of horticulture at Michigan State College for use in Michigan orchards and ornamental plantings this year.

Woody plants which have received light or moderate prunings should be given an extra pruning immediately. The amount of wood removed should total that taken in heavy pruning. While the yield of fruit will probably be slightly reduced by the amount of wood removed, this loss will be compensated by an extra quality of fruit and by the added ability of the trees to resist drought conditions.

Heavy pruning is contrary to the usual advice given to Michigan fruit growers by the college department of horticulture and is especially this year only an emergency measure which will in some degree assist to carry the trees through a critical period.

Fruit plantations where clean cultivation is practiced should receive sufficient tillage to keep all soil crusts broken up and to kill all weeds.

Materials such as old straw stacks can be used to form the mulches around trees or shrubs. This mulch will decrease evaporation of moisture from the soil and will help retain any rainfall. The decay of the material also adds plant food to the soil. In orchards where sod mulching is practiced, the mulch should be cut comparatively early and straw or other material should be used as a supplemental mulch.

The same practices recommended for fruit trees will help ornamental shrubs in dry seasons.

**SUDAN GRASS
 MAKES GOOD
 PASTURE CROP**

**Livestock Can Be Kept on It
 During Months Bluegrass
 Stops Growth.**

East Lansing.—Sudan grass that can be planted late in May and pastured in July, August and September of the same year is recommended by the crops department at Michigan State College as an excellent pasture crop for those Michigan farmers whose usual pasture fields will not furnish sufficient grass to carry their livestock this year.

Experimental trials with Sudan grass have proved that one acre of it will furnish feed enough for one cow, and this pasture is available when bluegrass ordinarily stops growing each year. The trials made by the College with the emergency pasture crop were conducted on the W. K. Kellogg Farm at Augusta.

The crop is seeded at the rate of 20 to 25 pounds of seed per acre. An ordinary grain drill set to sow two pecks of wheat per acre will distribute the proper amount of Sudan grass seed. The seed bed should be prepared in the same manner as for small grains.

Sudan grass can not be pastured after it has been frosted as it develops a poison which is injurious to livestock.

Another source of pasture which can be used by Michigan farmers are the wheat and rye fields which can be pastured until the heads of the grain begin to form. The low price of these crops and the probable high price of forage crops makes it feasible to turn stock on these grains.

The College Crops department also recommends the retaining of any meadows which will make a fair crop of hay. Indications point to a shortage of forage crops in the state.

**Water and Wet
 Soil Help to
 Preserve Poles**

Telephone poles that stand in water or in wet soil have a longer life than do poles that stand in ordinary soil.

This is due to the fact that the decay of pole timber is caused by fungus growth or by minute plants that live on the wood fibers. Food, air, moisture and favorable temperature are necessary for the development of fungus growth. When poles are located in water or in wet soil, air is excluded from the surface of the poles, with the result that the fungus growth does not develop, or if it does develop, it does so very slowly and the decay is thus retarded.

On the other hand, in light, sandy soil, conditions are usually favorable for rapid decay, as under those circumstances the soil is sufficiently porous to allow ready access of air to the portions of the pole below the ground line and moisture is supplied by rain. In ordinary, dense soil the access of air is retarded to a certain extent and decay develops more slowly than in lighter soils.

Advertisement of the community through co-operation with local press, co-ordination of all community welfare organizations under one head with one central fund and support of worthy industries already in the town rather than hunting for new and doubtful enterprises are proper fields for the energies of a commercial club, according to Ray O. Brundage, secretary of the Southwestern Michigan Bankers' Association, who attended the Civic Luncheon Club Monday as the guest of a local banker and addressed the meeting.

**Fruit Uninjured
 By Two Frosts**

The Buchanan district was visited Monday night and last night by white frosts and temperatures slightly below freezing.

Local fruit growers report that nothing has been materially damaged, not even the tips of the aged, but that only the early cherries, plums and apricots were in full bloom.

**Large Attendance
 At County I. O. O. F.
 Rebekah Assembly**

Between three and four hundred Odd Fellows and Rebekahs from all parts of Berrien County were in attendance at the monthly meeting of the association in the I. O. O. F. hall here last night, with State Master Frances Culp of Baltic Creek and Dr. Goldman, former Indiana state historian, as leading attractions. Roy Pierce, president of the county association, presided.

The next meeting will be held at Baroda, at which time election of officers will be held.

**Smith-Hughes
 Work is Topic for
 P. T. A. Meet**

The regular April meeting of the Parent-Teacher Association was held Monday night at the high school, the program consisting of a talk by County Agent Harry Lurkins, whose topic was "Smith-Hughes Work in the School."

Lurkins stated that the Smith-Hughes work had developed from a total of three instructors in 1914 to 8,000 at the present time, and that the work had passed the experimental stage and was now on a solid basis.

It is recognized in city as well as in country schools, where the economics of price and nutrition are studied. Arthur Knoblauch presided, introducing the speaker.

Word was received this week by Mrs. F. L. Raymond of the death of her sister-in-law, Mrs. Lillian Andrews Ferris, which occurred recently at her home in Denver, Colo. She was born on the old Andrews homestead near the Broceus school and was a sister of Fred Andrews. She visited here a year ago.

**READY THEATRE,
 Niles, Mich.**

"Trader Horn," Metro-Goldwyn-Mayer's sensational filmization of the famous book of African adventure, will open Sunday, May 3rd at the Ready theatre, Niles, as the biggest undertaking in the filming of adventure films in history. With a motorized safari of a hundred trucks and autos, the troupe pressed into jungles in Africa never before traversed by white men.

They carried the first and only sound recording apparatus ever brought to Africa's jungles, and filmed and recorded the drama, with wild beasts, savage native dances and ceremonies and other details right on the ground.

Covered 25,000 Miles

They covered British East Africa, the Belgian Congo, and invaded the dreaded Murchison Falls, "sleeping sickness" country, in the 25,000 mile location trip.

The story is adapted from the famous book by Alfred Aloysius Horn and Ethelreda Lewis.

Harry Carey, hero of many hits, plays the trader and Edwinna South, pretty blonde of "Manhattan Cocktail," is seen as Nina T. Duncan Renaldo, of "Bridge of San Luis Rey" fame; Olive Golden, former western star, and Mutia, giant Swahili warrior, who plays Rencherro, are among the cast.

And the Skies Wept

Just as the judge granted a divorce to Mrs. Mabel Gladys Hatfield, wife of Charles M. Hatfield, widely known "rainmaker" rain drops began splashing down against the courtroom windows. The weather bureau had predicted fair weather.

Students who cheat at examinations, feel mighty smart to have cheated themselves out of the education their parents have paid for.

People are urged to write more cheerful letters. The debtors often send them, however, in place of a check.

The Old Timer's Corner
**Old Timer Transplants Bit
 of Buchanan into Chicago**

Glad to note that our mutual friend, John Holmes, missed my contributions to "the corner" any way, I am back on my pins again and hope that I won't have to give up again for a good long time. It's no fun.

This is Sunday afternoon and have been out for a drive, but it was pretty cold unless you kept the car door open. I like it that, if I am outside I want to get the air and the rest of my crowd kicked on the cold, so I had to content myself in a warm car, (just as well stay at home and stay indoors, as far as I can see).

Last Saturday I drove over to Buchanan and spent the night at my sisters, and went out to the farm and woke George Dressler up and had breakfast with him. It's coming to a pretty pass when a man from town has to go out in the country and wake the farmers up in order that they get going and get something to eat. Yes?

Last night we set our clocks ahead again. Fine. I like that. Gets us up a little earlier. Never can get me out too early. I like it. We are going to move from the second floor down to the first floor, right here at home this week. That's a nice mess to anticipate, but it has to be done. We have rented the second floor and it is the first time we have been able to move down onto the first floor, so we will be near the heating plant, and the garden, etc. Then my office is in the basement, and now I can hear the "mad rush" of patients when they try to break the door down to get in and pay me their money (?) O very well. So if any of you are anxious to work, come along over and you can carry the piano and a few little minor things down stairs for me. Yes?

Well, I came home from Buchanan with a bunch of strawberry plants and some shrubs and things from Dresslers and a bunch of flowers (plants) from Harry Browns. Got home Sunday p. m. at 6 o'clock and proceeded to set them out at once, and aside from a slight temporary wilting, they hardly knew that they had changed from the country to the city. They are not smiling very much at this cold weather, of the last few days, but they are O. K. and we will have a little more of old Buchanan in our back yard to look at, hereafter.

That new road from South Bend to Niles is a dandy. Drove over it last Sunday, I understand that they are going to build the same kind from Niles to Buchanan. Some sense to that too. I can remember when it was a good days trip with horses and wagon to go to Niles and back. Some of those stretches of that road were pretty sandy and some of the hills were a tug for the team. Used to haul straw over to the paper mills and other things too, that made for heavy hauling, now and then. But the real hills lay down north and west of town. Down "hard scrabble" way and such. And the clay muck didn't help the team much either. Now when I drive over these same hills, only all flattened out, it just don't seem possible that I am still the same fellow and those hills the same old hills. By and by, we won't even need the roads, for everything will

Hills Corners

The Hills Corners Home Economics Club met Monday afternoon at the home of Mrs. Dell Blackmun. The program consisted of a final review of the text book, "Nutrition," with Mrs. Grace Weaver as leader.

The board of the Hills Corners Christian church will hold its regular monthly meeting in the church basement Saturday evening.

The Sunday School association of Weesaw and Chickaming Townships will hold its spring institute at the Hills Corners Christian church next Sunday evening. Each Sunday School will contribute two numbers to the program. Rev. Williams of the Baroda Congregational church will conduct the devotionals and Rev. Ernest Harold of the Hills Corners church will give the main address.

**Soundly built to serve you
 long and well**

If you could see the new Chevrolet Six being built, you would understand why it performs so well, lasts so long and brings so much satisfaction and pleasure to its owners. The quality of raw materials is held to standards unsurpassed anywhere in the automotive industry. In the manufacture of the engine alone there are hundreds of separate inspections. Pistons are matched in sets to within one-half ounce, Piston pins must be within 1/4 tenths of one one-thousandth of their specified size. Connecting rods are matched to within one-quarter ounce and are individually fitted by hand. The special alloy-steel crankshaft is the subject of truly amazing care and precision in manufacture and cannot vary from perfection in balance more than 1/4 inch-ounce! These few examples of Chevrolet standards indicate the care used in the manufacture of every part of the car.

Soundly built to serve you long and well! No compromise with quality in manufacture means no compromise with complete satisfaction in ownership.

Bucks Demonstrate Adility in Triangular Meet

B. S. TRACK TEAM LOSES TO NILES 72 TO 41

Bucks Show Promise For Short Training Time Before Meet.

Coach Harold "Curly" Bradfield's 1931 track team lost their first meet of the season Tuesday night, when they lost to a well-balanced Niles team, 72 to 41. Buchanan started strong in the early events and took a lead with the first events. Niles came back strong in the distance runs and weight events to pile up a good advantage. The Bucks took four first places, while the Niles crew took nine. Despite the large margin of victory which the men of Davidson built up, Buchanan really made a good showing. Niles has been practicing for some time and has a nice field and Saturday they handed Three Rivers a nice trimming despite the fact that one Three Rivers man alone accounted for four first places. With a little more improvement Buchanan should be quite sure of repeating their conquest of the classes C and D county meet.

Notre Dame Man Speaks Before H. S. Students

James Koons, student of journalism at Notre Dame presented a very interesting talk before the local high school journalism class Tuesday evening. Mr. Koons gave some practical ideas, and the position and salary expected. Many different phases were discussed. He has a very pleasing personality and an interesting way of presenting facts. Journalism is one of the most difficult subjects to talk on but he handled the situation perfectly.

PROGRESS OF CLASS ROOMS DURING WEEK

Ag Classes Build Window Boxes; Short Hand Dept. Holds Program.

Several members of the agriculture department are reviving old manual training memories by building several dozen window boxes for the beautifying of the school. These boxes are about eight inches deep and thirty-six inches long. They are painted a dull gray and when finished they will be placed on the windows facing Chicago street. Any donations of bulbs or sets for these boxes will be greatly appreciated.

The seventh grade English students, under the supervision of Mrs. Zerba, have been studying noun clauses.

The seventh grade English students have been studying modes. The eighth grade reading classes have been studying quotations from Robert Browning and the poems entitled, "Home Thoughts From Abroad."

Observe Canal Day. The eighth grade history classes had Panama Canal Day, April 21. Mrs. Whitman turned the class over to committees from each class and let them arrange the program for the class period and take charge of the classes.

The committees were: first division, Leona Kool, chairman, Beatrice Neal, Marguerite Babcock,

Charles May, Albert Webb and Robert Strayer.

Second division: Tom Kenton, chairman, Frances DiGiacomo, Everett Deeds, Flossie Pritchett and Fred Riley.

For the last three years, the eighth grade history classes have had Panama Canal Day. Do Soap Models. Members of the freshman Latin class have handed in their models of various Roman projects. Many of these were done in soap, but a few were done in wood. Two of the models which deserve the highest credit are the Scorpio by Chandos Jackson and the Ballista by Carson Donley. These two implements of warfare, used by the Romans have been cleverly reproduced in working miniatures of the originals.

Comedy Program. The shorthand class enjoyed a period of comical entertainment on Thursday morning. A reading and two one-act comedies provided the amusement.

A reading "Haunted by Hamlet" opened the first part of the program. It was about a mouse who haunted a house and was killed.

The comedy "Who? Me?" had two characters, Agnes Singem, a sweet singer, Jeannette Upham; Ben Hitt, a bad singer, Margaret Kuntz. Ben Hitt continually bothers Agnes Singem, who attempts to sing some songs, and a funny conclusion takes place.

"A Burglar's Welcome," a one-act comedy, also has two characters: Gulliver McSwat, a burglar, James Ellis; Mrs. Berry Slow, a loving wife, Lenna Thompson. An amusing situation occurs when Gulliver McSwat enters a home and is greeted by Mrs. Berry Slow, who thinks him to be her brother's friend, and entertains him.

James Crowley of Four Horsemen at High School Tues.

"Athletics in the High School" was the theme of a talk given to the student body of the high school last Tuesday morning by James "Sleepy" Crowley, head football coach at Michigan State College. Crowley will long be remembered as a member of the "Four Horsemen."

Mr. Crowley stated, "Football is not over emphasized. Football teaches dependability, sportsmanship, fire and drive, and as these are the necessary things of success in life, no sport that teaches them can be over emphasized." He gave the following definition of sportsmanship, "Sportsmanship is the appreciation of the opponents point of view."
"Buddy" Meyers, center of last year's Michigan State team, accompanied him on the speaking tour.

SCHOOL SLANTS

Next year about this time the present seniors will miss: Harold Boyce. The fifth period assembly. The Schütz twins' jokes. Mr. Bradfield's jokes and his speeches. The sixth period assembly. The "Ag" room the sixth hour. Harold Boyce's letter writing. The cars parked on Phelps street. Chubby's quiet smile. Cleo's pep. Basil and Lucile. Elliott Boyce in journalism. The excitement before the junior-senior hop. The eighth period assembly. Jo-Jo, the snake charmer. The way Paul DeWitt tells a joke.

Mary Jane's smile. Harold Boyce's art. The ninth hour. Lazelle's smiling countenance. The pitchfork club. Trying to go home the fifth hour.

Dale and Roger. "Spot" and "Stub" in typing the second hour. Mr. Bradfield. The exams in physics. Linsenmier's Ford. Dick's "Do I know some dirt?" And all the rest of the school. Maynard Post had an accident the middle of last week. The situation is not clear, but it seems a stick of wood or a door knob stole up on Maynard and hit him right in the eye.

Harold Boyce is doing quite nicely in chemistry with the help of Coach Bradfield.

Rumor has it that Captain Dreitzler will carry the well known ice this summer to keep in training for the strenuous season next fall, and by doing this he thinks that the team might try to follow in their noble leader's footsteps.

There is a quarantine in the agriculture room. Mr. Knoblauch has quite forcefully and very positively prohibited any man, woman or child from touching the aquarium. Since Jo-Jo, the snake charmer, has ceased to charm, the reptile section of the zoo will probably be "hands off."

By diligent search and much concentration the fact has recently been discovered that the high school will be without a Boyce next year unless Harold can be persuaded to return for a post-graduate course.

Many people who complain that the government is not run right, are the ones who vote for the best hand shaker.

WIN 880 RELAY FROM NILES AND DOWAGIAC TEAMS

Locals Are Favorites to Cop Class C Title at County Meet

Dowagiac high school's track team members were anything but perfect hosts Saturday when they held a triangular meet with Niles and Buchanan at Alumni Field, for they barely nosed out their guests from Niles by 1-6 points. And Buchanan, invited to participate but hardly expected to do much, came around and scored points just where Niles and Dowagiac needed them and had a good time in the "dark horse."

Dowagiac ran up a lead in the early events, with the Bucks closely pushing Niles, but Davidson's clan began showing their wares and finally came out -6 of a point ahead with the relay, the only event left. But here Pete Donley, lead-off man for Buchanan, took the lead at the first change. Niles dropped the baton. Buchanan and Dowagiac continued and the Bucks won easily. Louie Morse leading his rival to the tape by ten yards.

Several good marks were made despite the cold weather. Easley was the individual star, rolling in 17 points for Dowagiac single handed. Hansen was the Niles star with 10 points, and Louie Morse led Buchanan with 9-1-4 points.

Buchanan showed up well enough to be considered the one team to beat at the county meet held at Niles on May 11. The Bucks are defending champions, having won the event ever since its origination.

Noted Speaker To Lecture in Assembly Friday

Foot Prints of the American Revolution is the subject of an address to be given by Luther E. Markin in the high school auditorium Friday, May 1.

Mr. Markin graduated from DePauw University and then spent two years in Boston University living among the scenes so prominently mentioned in American history. He has spent twenty-five years, as a minister, lecturer, and editor, writing and speaking on this subject. The lecture is illustrated with stereopticon slides and is highly interesting and constructive. This is sponsored by Mr. Ormiston's American history classes.

G. A. A. Girls Soon to Begin Track Practice

The baseball tournament will continue this week and immediately following the baseball tournament the girls will begin practicing track.

The 4, 5 and 6 grade play day will be held this week, Friday, on the school grounds. This play day will give the grades an opportunity to show their ability in singing, as well as in many contests and relays. The winning squad will be awarded a prize instead of individual prizes.

The baseball captains were chosen by the various classes last week: freshmen, Margaret Hamilton; sophomores, Wanda Flenar; juniors, Marie Hess; seniors, Ruby Robe.

W. S. T. C. Band Played Wed. at Special Assembly

The Western State Normal band, consisting of 45 pieces, presented a musical entertainment last Wednesday morning at a special assembly of the student body. The band appeared at Niles at 9 o'clock at Buchanan at 11 o'clock and at Three Oaks at 2 o'clock that day. George Amos was the director of the group.

There was a quartet of accomplished violinists in the band who played two numbers. The auditorium rang with cheers and applause at the humorous antics of "The Hungry Five." After endless cheering they were finally brought back on the stage for encores.

The Buchanan students were especially interested in the concert because Sheldon Ryan, better known around here as "Shucks" did his "bit" to make it a success.

But here Pete Donley, lead-off man for Buchanan, took the lead at the first change. Niles dropped the baton. Buchanan and Dowagiac continued and the Bucks won easily. Louie Morse leading his rival to the tape by ten yards.

Several good marks were made despite the cold weather. Easley was the individual star, rolling in 17 points for Dowagiac single handed. Hansen was the Niles star with 10 points, and Louie Morse led Buchanan with 9-1-4 points.

Buchanan showed up well enough to be considered the one team to beat at the county meet held at Niles on May 11. The Bucks are defending champions, having won the event ever since its origination.

James Crowley of Four Horsemen at High School Tues.

"Athletics in the High School" was the theme of a talk given to the student body of the high school last Tuesday morning by James "Sleepy" Crowley, head football coach at Michigan State College. Crowley will long be remembered as a member of the "Four Horsemen."

Mr. Crowley stated, "Football is not over emphasized. Football teaches dependability, sportsmanship, fire and drive, and as these are the necessary things of success in life, no sport that teaches them can be over emphasized." He gave the following definition of sportsmanship, "Sportsmanship is the appreciation of the opponents point of view."
"Buddy" Meyers, center of last year's Michigan State team, accompanied him on the speaking tour.

SCHOOL SLANTS

Next year about this time the present seniors will miss: Harold Boyce. The fifth period assembly. The Schütz twins' jokes. Mr. Bradfield's jokes and his speeches. The sixth period assembly. The "Ag" room the sixth hour. Harold Boyce's letter writing. The cars parked on Phelps street. Chubby's quiet smile. Cleo's pep. Basil and Lucile. Elliott Boyce in journalism. The excitement before the junior-senior hop. The eighth period assembly. Jo-Jo, the snake charmer. The way Paul DeWitt tells a joke.

Mary Jane's smile. Harold Boyce's art. The ninth hour. Lazelle's smiling countenance. The pitchfork club. Trying to go home the fifth hour.

Dale and Roger. "Spot" and "Stub" in typing the second hour. Mr. Bradfield. The exams in physics. Linsenmier's Ford. Dick's "Do I know some dirt?" And all the rest of the school. Maynard Post had an accident the middle of last week. The situation is not clear, but it seems a stick of wood or a door knob stole up on Maynard and hit him right in the eye.

Harold Boyce is doing quite nicely in chemistry with the help of Coach Bradfield.

Rumor has it that Captain Dreitzler will carry the well known ice this summer to keep in training for the strenuous season next fall, and by doing this he thinks that the team might try to follow in their noble leader's footsteps.

There is a quarantine in the agriculture room. Mr. Knoblauch has quite forcefully and very positively prohibited any man, woman or child from touching the aquarium. Since Jo-Jo, the snake charmer, has ceased to charm, the reptile section of the zoo will probably be "hands off."

By diligent search and much concentration the fact has recently been discovered that the high school will be without a Boyce next year unless Harold can be persuaded to return for a post-graduate course.

Many people who complain that the government is not run right, are the ones who vote for the best hand shaker.

Bucks Demonstrate Adility in Triangular Meet

B. S. TRACK TEAM LOSES TO NILES 72 TO 41

Bucks Show Promise For Short Training Time Before Meet.

Coach Harold "Curly" Bradfield's 1931 track team lost their first meet of the season Tuesday night, when they lost to a well-balanced Niles team, 72 to 41. Buchanan started strong in the early events and took a lead with the first events. Niles came back strong in the distance runs and weight events to pile up a good advantage. The Bucks took four first places, while the Niles crew took nine. Despite the large margin of victory which the men of Davidson built up, Buchanan really made a good showing. Niles has been practicing for some time and has a nice field and Saturday they handed Three Rivers a nice trimming despite the fact that one Three Rivers man alone accounted for four first places. With a little more improvement Buchanan should be quite sure of repeating their conquest of the classes C and D county meet.

Noted Speaker To Lecture in Assembly Friday

Foot Prints of the American Revolution is the subject of an address to be given by Luther E. Markin in the high school auditorium Friday, May 1.

Mr. Markin graduated from DePauw University and then spent two years in Boston University living among the scenes so prominently mentioned in American history. He has spent twenty-five years, as a minister, lecturer, and editor, writing and speaking on this subject. The lecture is illustrated with stereopticon slides and is highly interesting and constructive. This is sponsored by Mr. Ormiston's American history classes.

G. A. A. Girls Soon to Begin Track Practice

The baseball tournament will continue this week and immediately following the baseball tournament the girls will begin practicing track.

The 4, 5 and 6 grade play day will be held this week, Friday, on the school grounds. This play day will give the grades an opportunity to show their ability in singing, as well as in many contests and relays. The winning squad will be awarded a prize instead of individual prizes.

W. S. T. C. Band Played Wed. at Special Assembly

The Western State Normal band, consisting of 45 pieces, presented a musical entertainment last Wednesday morning at a special assembly of the student body. The band appeared at Niles at 9 o'clock at Buchanan at 11 o'clock and at Three Oaks at 2 o'clock that day. George Amos was the director of the group.

There was a quartet of accomplished violinists in the band who played two numbers. The auditorium rang with cheers and applause at the humorous antics of "The Hungry Five." After endless cheering they were finally brought back on the stage for encores.

The Buchanan students were especially interested in the concert because Sheldon Ryan, better known around here as "Shucks" did his "bit" to make it a success.

Detroit College Applied Science Gives Scholarships

The Detroit College of Applied Science will award ten scholarships, worth \$125 each, outside of Detroit. The courses are Mechanical Drafting, which includes Applied Industrial Mathematics, or Tool Designing, which includes Applied Mechanics. The contest for schools outside of Detroit in the state will be conducted by mail. Any boy being graduated from high school this June is eligible.

B. H. S. Band to Play in S. Bend Memorial Program

The Buchanan high school band, under the direction of Ralph Robinson, will play in a memorial program at South Bend on May 19. Buchanan will be one of the two Berrien County bands invited to play in the program.

School Heads Attending State Meetings Today

Mr. Stark is a member of the Schoolmasters Club which will meet in Ann Arbor Thursday, Friday and Saturday, April 30, May 1 and May 2. This is concurrent with the meeting of the Michigan Association of Collegiate Registrars, the Michigan High School Debating League, and the Parent-Education Institute. Mr. Ormiston is a delegate to the State Athletic Council that meets in Ann Arbor, April 30.

Grade News

Punctuality has been stressed throughout the grades for several months with splendid results. This month three rooms reported one hundred percent in punctuality and five rooms each had only one case of tardiness. The banner goes to Mrs. Wilcox's and Mrs. Fishnar's rooms in the Dewey Avenue school and in the high school to Miss Ream's room. The following rooms received honorable mention for having only one case of tardiness: Myers, Vandenberg, French, Fuller and Ekstrom. We are very proud of this record and we hope that it will be better next month.

3rd Grade, Miss Simmons - The children sold \$13.70 worth of tickets for the school opera. We are working on a flower booklet in our art work. The following pupils were 100 per cent in Spelling this week: Johanna Burk, Florence Brewer, Kathryn Hess, Lester Hanover, Marion Hansen, Dorothy Train, Jimmie King, George Lakin, Margaret Miller, Frederick Manning, Doris Patterson, Arthur Roffi, Geraldine Reamer, Donna Smith, Catherine Wynne, Eugene Longworth, Margaret Judd. We are studying the table of eights in Arithmetic.

Marvin Cross Plays in Recital In Chicago Sat.

Mrs. M. Cross and son, Marvin, will motor Saturday to Chicago where the latter will appear in the final concert of the students of the American Conservatory of Music at Kimball Hall.

The question is asked why people do not stay at home more? One reason may be that, if they did, their creditors might come and present them with a bill.

LOCAL HAPPENINGS

Miss Elizabeth Harton has been ill at her home this week. Jacob Weaver is much improved at the Wallace hospital. L.E. LeCave left last week for Hubbard, Ohio, where he is staging a play. Mrs. Leslie W. Keyes is reported as being much improved at her home. Rev. W. D. Hayes of the Evan-

gelical church will go to conference May 11. Dr. John Schram of Indiana was a week end guest at the home of Miss Cecilia Eisenhart. Mr. and Mrs. Jesse Velea spent Thursday visiting with Mr. and Mrs. Boyd at Kalamazoo. Mr. and Mrs. T. D. Childs drove to Ann Arbor Sunday for a visit to their son, Ted, returning on Monday. Miss Virginia Snowden came from Albion College to spend the week end with her parents, returning Monday.

Mr. and Mrs. Walter Tanning have leased their home on Third Street to Mrs. Bonner, mother of A. S. Bonner for May and June. Mrs. Jess Haines incurred a sprained back Tuesday morning when she fell on the stairway at her home.

Basil Squires of Kalamazoo was a week end guest at the home of Mr. and Mrs. Guy Eisenhart, who accompanied him home.

Miss Lois Boyce was brought to the home of her mother, Mrs. Ada Boyce from Pinecrest Sanatorium at Ontario last night. Mrs. Ted Rouse was taken acutely ill Monday and was taken to the Wallace hospital. She was able to leave for her home again yesterday.

Misses Myra Andlauer and Grace Enk entertained the Blue Bird Sunday School class of the Presbyterian church at the home of the former last night.

Matt J. Kelling is reported to be regaining his accustomed good health at his home, after returning from Rochester, where he underwent two major operations. He walked down town this morning for the first time.

Mrs. Ada Dacy-Sanders returned to her home the first of the week from the Lee Sanatorium at Dowagiac where she underwent a major operation. She is now improving very satisfactorily.

The Evangelical church cast will present their play, "No Account David," at Sumnerville Tuesday evening. They will be accompanied by the church orchestra directed by Marion VanEvery.

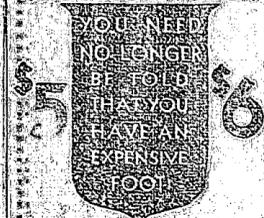

FOR SALE: Seven-room house in good residential district. All modern improvements. Garage. Lot, 50 feet by 125 feet. A bargain at the price. Telephone 41144.

WANT TO SELL your house?

You'll find it a lot easier to sell—and at a better price—if you'll first put it in tip-top shape with paint. Let us give a coat or two of tough, lasting, glossy Carter White-lead paint. Then you'll be sure it will look its best when a buyer comes around. Usually the cost of the painting work is easily absorbed in the higher price the house will bring. We're interested, too, in painting houses that are not up for sale.

Niles Man Buys The City Bakery

Ernest Jeschke of Niles, has purchased the City Bakery from Harold Roe, taking possession last Monday. Mr. Roe states that his plans are not mature, but that he is considering relocating in the west.

BURKE DISTRICT

We are having plenty of rats in this vicinity which we appreciate very much.

Dr. and Mrs. Lancaster and Sam, Billy and Harriet, accompanied by Mr. Lancaster's brother and wife, Mr. and Mrs. Estrope, all of Chicago, were week end guests of the William Weaver family.

Mr. and Mrs. Kettlehart and children were Sunday callers at the William Weaver home.

Dr. Miller of Berrien Springs has been a house caller the past week in the interest of the prevention of rabies. Many dogs have been vaccinated.

ROMANOVSKITS

By Grace Detcher Because the Buchanan, village, tourist camp did not prove popular (or was it convenient?) is no reason why Buchanan, city, should not be encouraged to work out a similar project.

Either public or private venture, it seems the tourist camp will get unprecedented patronage this season.

Can't say whether or not the patrons will all be cash customers, though.

A Chicago woman was inquiring in the Ann Arbor public library last summer as to the best route to Toledo, O. She explained that she was going to get her husband a job. "I wonder if she had to walk all the way back to Chicago to get him to force him into his new position. I'm sure a telegram, 'Good job, good pay,' wouldn't have had enough magnetism to draw him. A stiff of the well-seasoned, vegetable bubbling in a broth from some charity kitchen probably holds more potent charm for him.

Many unemployed men take more quickly to the road than to road jobs.

There wouldn't be many unemployed if we built roads in the manner the Romans did. They dug down to solid rock and built up with solid rock and their roads are still solid as rock.

AIR CRASH IN "HELL'S ANGELS" NOT IN SCRIPT

One of the most thrilling crashes seen in "Hell's Angels" Howard Hughes' \$4,000,000 air classic at the Empress May 5, 6, 7, is one not called for in the script.

The company was on location at Oakland airport. Fifty planes were "dog fighting," staging the big, realistic air-battle which is a spectacular climax of the picture. Suddenly, two of the planes collide, 6,000 feet in mid-air.

One plane, flown by Stewart Murphy, lost an aileron, and Murphy was forced to resort to his parachute. He made a safe landing, but the wrecked plane hurtled to the ground a mass of splinters.

The other pilot, Fred Head, ejected to a safe landing and by skillful maneuvering, landed it safely with but slight damage.

Fortunately the entire accident was recorded by the "Hell's Angels" cameras so that a real and accidental smash-up will be seen among those so carefully planned and executed, lending added excitement to the breath-taking spectacle.

WATCH FOR NEXT WEEK'S BERRIEN COUNTY RECORD

It will contain details of the biggest selling event staged by Buchanan Merchants in Years. Not only is the war over and prices reduced, but local merchants are going to tell the world about it.

Co-operating with the Buchanan merchants, The Record is going to place a copy of next week's issue in every home in Buchanan and vicinity, as well as in every home in some other nearby communities. Their messages of Thrift Bargains for Thrifty people will go into thousands of homes where people have been waiting many months for spring time and lower prices before making extensive purchases.

The time is right. At no time in recent years have so drastic reductions been made in first class staple merchandise. Even necessities have been sent tobogganing along with winter's snows. It's an opportunity for both merchant and customer.

Mr. Merchant—

Prepare for a week of real bargain giving. Sell the best quality at prices in keeping with times. Tell prospective customers about the quality and price. How can prospective buyers KNOW prices are lower if you don't tell them about it?

Mr. and Mrs. Customer—

Be ready for this outstanding sales event. Read carefully next week's Record. Buchanan invites you to make this your trading center. You can well afford to buy those articles you have long been needing whether it be clothing, shoes, domestics, something for the person, home or car; whether it be a necessity, or for recreation or pleasure.

Let's Start Back to Prosperity By Spending Wisely When Opportunity Affords.

NOTICE—Default having been made in the conditions of a certain mortgage made by Leonard Dalenborg and Edna Maude Dalenborg, husband and wife, mortgagors, to the Industrial Building & Loan Association, a Michigan corporation, mortgagee, dated the 2nd day of May A. D. 1927, and recorded in the office of the Register of Deeds for the County of Berrien, Michigan, on the 3rd day of May A. D. 1927, in Liber 150 of Mortgages on page 262.

NOTICE—Said mortgage provides that should default be made in the payment of any of the sums in said mortgage provided, or any part thereof for a period of four months that the mortgagee may cause a computation to be made of the sum remaining unpaid upon said mortgage, and declare such sum to be due and payable immediately, and whereas, more than four months have elapsed and the said mortgagors have failed to pay the principal and interest as required by the terms and conditions of said mortgage, the Industrial Building & Loan Association, mortgagee, has elected and does hereby elect to declare the principal sum of said mortgage and the unpaid interest thereon due and payable.

NOTICE—There is claimed to be due on said mortgage at the date of this notice the sum of four hundred seven and fifty one hundredths (\$407.50) dollars, the same being unpaid principal and interest and an attorney's fee of fifteen (\$15.00) dollars, as provided by the terms and conditions of said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof.

NOTICE—Now, therefore, by virtue of the power of sale contained in said mortgage, and the Statute in such case made and provided, NOTICE IS HEREBY GIVEN, that on Monday, the 26th day of June A. D. 1931, at ten (10) o'clock in the forenoon of said day, the undersigned will sell at Public Auction to the highest bidder at the front door of the Court House in the City of St. Joseph, Berrien County, Michigan, that being the place where the Circuit Court for the County of Berrien is held, the premises described in said mortgage, or so much thereof as may be necessary to satisfy the amount due on said mortgage with interest at the rate of fifty (50) cents per month on each of twelve (12) shares of stock of the Industrial Building & Loan Association, the same being at the rate of six (6) per cent per annum, from this date, and all other legal costs including the attorney's fee aforesaid. The lands and premises to be sold are described in said mortgage, as follows, to wit:

Lot forty nine (49), Liberty Heights Addition to the Village (now City) of Buchanan, except a strip seven (7) feet wide across the rear of said lot to be used for an alley.

Dated, April 1st A. D. 1931. Industrial Building and Loan Association, Mortgagee.

Statement of the Ownership, Management, Circulation, etc., Required by the Act of Congress of August 24, 1912.

Q. The Berrien County Record published weekly at Buchanan, Michigan for April 1, 1931.

State of Michigan, County of Berrien, ss.

Before me, a notary public in and for the state and county aforesaid, personally appeared Arthur E. Price, who, having been duly sworn according to law, deposes and says that he is the business manager of the Berrien County Record and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Arthur E. Price, Buchanan, Mich.; Editor, Arthur E. Price, Buchanan, Mich.; Managing Editor, Arthur E. Price, Buchanan, Mich.; Business Manager, Arthur E. Price, Buchanan, Mich.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent. or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owner must be given. If owned by a firm, company, or other unincorporated concern, its name and addresses, as well as Record Printing Co., Inc., must be given.) Harry L. Hayden, Josephine Hayden, Arthur E. Price, Bethel L. Price.

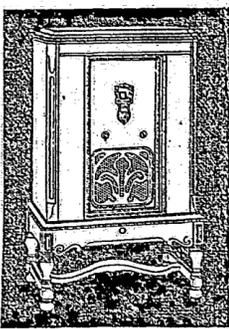

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent. or more of total amount of bonds, mortgages, or other securities are: Harry L. Hayden.

4. That in two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder of security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as such, hold their stock and securities in a capacity other than that of a bona fide owner; and that affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Arthur E. Price, Notary Public. Sworn to and subscribed before me this 31st day of March 1931. Chas. W. Landis.

Presbyterian Church Here Packed to Capacity For Sessions.

Sessions of the 53d Kalamazoo Presbyterian held in the Presbyterian church here Tuesday and Wednesday of last week were marked by very satisfactory attendance and interest throughout, a total of 65 delegates being present, in addition to many local people, who packed the church to capacity. Frederick Thorne of New York, presented a movie of Porto Rico, with an accompanying lecture, which the president of the Presby-

terial pronounced the best she had ever attended. Buchanan people opened their homes very hospitably to the delegates for lunches and dinners. The Presbyterian will be held next year at Paw Paw. The pageant presented by Mrs. Muir went off very successfully.

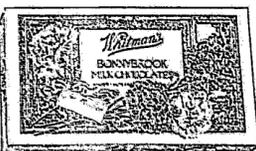

Usual Acreage of Mint Going Out This Year

The usual acreage of mint will be grown in the Glendora and Galien section, according to George Kuhl, Glendora grower, who was in Buchanan with his product Saturday. Old mint came through the winter in unusually good shape and the average plantings of new mint are now going out.
