10 H. S. Bands to Play at County Music Festival Here Friday May 29

Now Here's the Proposition

LET US BE BIG, BIG BOY

Let us be large, Big Boy, and by a little bigger than the common run. And sometimes do a favor free of charge. And do not expect a double favor done. And let us sow some selfless acts afield. And sometimes do a graceful, handsome thing—Not merely offer hooks with bait concealed, and then jerk the string. Nor be those loiterers on perdition's brink, Those beings small and squint-eyed and accursed, Who, where there is a choice of things to think, Invariably determine on the worst. And let us be too lofty and serene To scatter thoughtless judgments out of hand, And choose interpretations small and mean. And call men fools we do not understand. And where I am concerned, please have the grace To spare the worst trick in the traitor's pack—To saucily put my back before my face—Then turn and cut my throat behind my back.

Detailing the Sad Fate of a Man Who Bet on a Mud Horse. "How did I come out at the Derby races?" stated Mr. John Russell, of Russell Chevrolet Sales, to a representative of this journal. "Well, pretty good, pretty good. I bet on six races and picked three winners. "Did I bet on Twenty Grand?" Well, can't say I did—I put my money in that race on Mate. Everybody was talking Mate around me. He won the Preakness, you know, just before the Derby. Well, blame me, they didn't tell me he won that in the mud. If I had known he was a mud horse, I would never have put my money on him. How was I to know that I was betting on a mud horse. You can't charge that up against my good judgment."

Reporter Uncovers Touching Story of Parental Solicitude

It is wonderful what a father will do for a son. The love of a mother for a son has been sung by the poets and lauded by the orators and other professional lauders down through the ages. But the love of a father for a son—that is something that has never been plumbed to the depths, or at least not until yesterday. But on Wednesday a representative of this paper, with the aid of Cappy Smith, Newton Barnhart and W. B. Rynearson, was able to plumb the depths of a father's love. It was about time plumbing was installed. But here is what the plumbers found: Yesterday morning E. N. Schram took his son, Richard, to Chicago to see the air circus. Richard is greatly interested in aviation. Mr. Schram is, of course, greatly interested in Richard. He can not be expected to be much interested in aviation, since that roll on the back of his neck has made it so hard to tilt his head back. Maybe he went out to the park and laid down on the grass. But anyway you look at it, it was a great demonstration of paternal love. "Of course I could stay at home, as far as I am concerned," stated Mr. Schram on the night before the air circus. "But I wouldn't have Dick miss that air circus for anything. I tell you, things like that mean a lot to a boy."

What Do You Need

Have you seen the new radio lamps the Record is giving away with new or paid-in-advance subscriptions all for \$1.50 small size or \$3 for the large? Spooling lamps, the girls at the office say they are. Well, they know. Blue and green lights for blondes and rose lights for brunettes.

300 MUSICIANS PARTICIPATE IN OUTDOOR CONCERT

Guest Conductor From N. W. University to Lead in Massed Playing.

Buchanan high school will be host at the second Berrien County Band Festival to be held in the grove in the rear of the high school building Friday, May 29th, starting at 1:30 p. m. with ten bands from ten schools and about 300 youthful musicians performing. The first festival was held last year in Three Oaks and represents an ideal initiation in this county, of holding band festivals rather than contests. The first occasion was an outstanding success. This year bands from Benton Harbor, St. Joseph, Three Oaks, New Buffalo, Niles, Berrien Springs, Dowagiac, Galien, Coloma and Buchanan will participate in the festival in individual and massed playing with a guest conductor from the Department of Music of Northwestern University in charge.

SENIORS PLAY MUMMY BRIDE TO CROWDED HOUSE

Audience is Entertained By Sparkling Rendition of Comedy.

The class of 1931 presented their commencement dramatic offering, "The Mummy Bride," before an audience that packed the high school auditorium to capacity on Friday evening. The production was of the high grade which has characterized the school productions under recent direction, and provided an evening of high class amusement. Heavy speaking male parts were carried by Roger Thompson as Carlton Willard, "Harvard '28" and by Richard Brodick as Aloysius Flopp, the illustrious archeologist. Both young men gave spirited and competent renditions of their parts, their successful clowning being a main factor in the success of the production.

It Was From a Jolly Party He Was Taking Charlie Home

It may be some stunt to tip-toe through the tulips, but to drive a Hudson car through Dan Robe's sweet corn patch is something else again, as William Yeager now realizes. It happened about 11:30 p. m. Monday when Mr. Yeager was accompanying Charles Charlwood to his home in the rear of the Robe residence on South Portage. It was a dark night and neither of the gentlemen could see real well or something. When they came opposite the Robe sweet corn patch, Mr. Charlwood, who was mapping out the itinerary, says to Mr. Yeager, "Here's where you turn."

So Yeager made a left turn but the going was such that he soon realized he was off the paved street. Further and more definite information as to his location was supplied by Mr. Robe who came rushing out clad in the garment made famous in college fraternity and K. K. K. parades. "Where in the name of common sense are you going?" queried Mr. Robe in the querulous manner he adopts on such occasions. "Jes' takin' Charlie home," answered Mr. Yeager. "You can't drive that thing through my sweet corn patch," objected Mr. Robe, inconsistently, in view of the fact that Mr. Yeager had already accomplished that feat. "I was jes' takin' Charlie home," repeated Mr. Yeager. "Well, you can leave that car here and take him home afoot," said Robe, which was much more consistent in view of the fact that the Hudson was bogged down. So Mr. Yeager appeared in police court next morning when his mind was clearer and pleaded guilty to driving while under the influence. He was fined \$40 by Justice Al W. Charles, and the question as to whether Mr. Yeager is to possess the legal papers requisite to driving a car now reposes for decision in the hands of the Secretary of State.

TRAGIC DEATH S. B. GIRL OF INTEREST HERE

Helen Jane Huston was Niece of Mrs. Ella French of This City.

The accidental death of Helen Jane Huston, 17, in South Bend Sunday derives local interest from the fact that the girl was a niece of Mrs. Ella French, 405 Main Street, and had visited here frequently. The mother will be remembered here as Helen French. The cause of death is thought to have been either drowning or asphyxiation from the fumes of a gas water heater. The girl had apparently gone into the small bathroom and turned on the gas heater and then remained there with the door and window tightly closed while waiting for the water to heat. While waiting she had apparently amused herself with carving soap. When the mother became alarmed over her long stay she entered the room and found the girl unconscious or dead, in a stifling atmosphere from which the heater had burned the oxygen, in addition to discharging into it its poisonous fumes. The girl would have been graduated from the Senior Central high school of South Bend on June 11.

Orville Dunham Plants 40 Acres to Strawberries

Orville Dunham, the son of Enos Dunham, former well known Baroda fruit grower, recently took over the 287-acre farm known as the John Diment estate, a half mile north of the Coveny school house, has set out a field of 40 acres with strawberry plants. This is the largest strawberry patch in the Buchanan section.

Orioles to Play Mishawaka Nine Here Next Sunday

The Buchanan Orioles, successors of the Blues will play the Dodge nine of Mishawaka at Athletic Park next Sunday, beginning at 2 p. m. The line up will be as follows: Roth, 1f; Boyce, cf; Chain, rf; Ferguson, 3b; Chubb, 2b; Pfingst, ss; Proud, 1b. Morse and Marrs, pitcher; Knight, catcher.

TO THE PEOPLE OF BUCHANAN

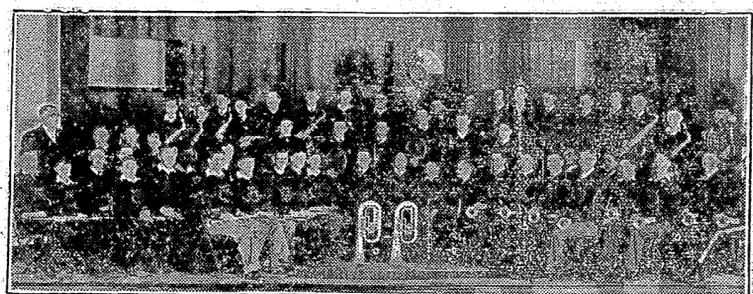

The community of Buchanan has been described by many visitors as one marked by more kindness and human sympathy than the average.

It is hoped that this attitude will be universally maintained in the case of one of the best liked and most highly regarded boys of the community whose name has been linked in an unfortunate manner with wide-scale criminal operations.

All who know the young man are certain that his connection with the case is accidental, and that there is no actual involvement on his part, however, the case might seem on casual inspection to city officers. The friends of the youth are certain that in the lapse of time he will be entirely cleared.

Until that time even the few who might be inclined to hasty belief are asked to suspend judgment.

Rev. W. D. Hayes Is Transferred to Nashville, Mich.

Rev. W. D. Hayes, pastor of the local Evangelical church for the past two years, was transferred by the state conference last week to Nashville, where he will move his family about the first of the month. Rev. Hayes has been popular with his congregation and a leader in movements for the good of youth of the city while here. He will be missed by the city as well as the church. The members of his congregation will tender him a farewell reception at the church Monday evening.

CITY WILL PUT SIX MORE WELLS INTO PRODUCTION

George Crawford Renovates Group on East Side McCoy's Creek.

The renovation of the group of six city wells across the creek east from the water works is in progress this week by George Crawford of New Troy, as the result of the satisfactory test of one well which produced up to the capacity of the 300-gallon pump which was brought from South Bend Monday for that purpose. New six inch screens with larger apertures will be installed in reach of the wells, which have been entirely out of production on account of clogged screens. The capacity of the eleven city wells will be increased to an estimated total of not less than 2,500 gallons by the renovation of these wells, as compared with 1,200 gallons produced during the drought last summer.

FORMER BUCHANAN GIRL DIED SUNDAY IN EPWORTH HOSP.

Husband Injured; Father and Two Children Escape in U. S. 31 Mishap.

Mrs. Hazel Miller Neff, daughter of Mr. and Mrs. Arthur Miller of Buchanan, died at 8 p. m. Sunday at the Epworth Hospital, in South Bend, as the result of injuries received when the Neff car in which the family were en route back to their Niles home from Lakeville, Ind., was sideswiped by a car driven by Amer Oler of Bourbon, Ind. The accident occurred at 3:15 p. m. Saturday about seven miles south of South Bend on U. S. 31. The Ford sedan driven by Oler swung out from behind a team on the highway and sideswiped the Oakland sedan driven by Neff. Mr. Neff was seated on the left side of the front seat and Mrs. Neff on the left of the rear seat, the side on which the Oler car struck and both received fractured skulls which rendered them unconscious. The Neff car plunged into the ditch, a total wreck and the Oler car turned over. Mr. Miller, father of Mrs. Neff, was on the right side of the front seat and escaped with only minor cuts and bruises. Two Neff children, Patricia, age two months, and John, age two years, were on the right of their mother and were entirely unhurt. Reports received this morning from the Epworth hospital state that Mr. Neff has recovered partial consciousness and is now conceded a fair chance for recovery.

NUTRITION CLUBS TO STAGE ANNUAL ACHIEVEMENT DAY

Dr. Marie Dye, Dean of Home Economics of M. S. C. To Be Speaker.

The twenty Berrien County Nutrition Clubs working under state extension direction will hold their annual Achievement Day at the Buchanan high school Wednesday, May 27, with an anticipated attendance of 300 club members. The program will consist of morning and afternoon sessions, with assemblies in the auditorium and a display by each of the twenty clubs in the room of the high school. Miss Roberta Hershey of Lansing, state dietetic and nutrition expert who has led the clubs during the past year, will be present and in charge of the sessions.

Dr. Marie Dye, Dean of Home Economics in Michigan State College, will be the principal program feature, speaking on the topic, "Science and Home Making."

Dean Dye is well known in the field of home economics and research in nutrition. She is the head of the Nutrition Department at Michigan State College for several years. The Berrien County Extension groups who have been studying Nutrition for the past two years are particularly fortunate in being able to hear an outstanding person in that profession. The program will be as follows: Morning Session 10:00 Inspection of Exhibits. 10:45 Address of Welcome, Supt. H. C. Stark. 10:50 Business meeting, Mrs. O. Spaulding, county chairman. 11:10 Report, H. J. Lurkin, County Agricultural Agent. 11:25 "Calories and Trained Rats," Berrien Centre Group. 11:35 Talk, "Your Winter Vegetable Garden," Roberta Hershey, state instructor. Noon Intermission Afternoon Session 1:30 Songs, Girls' Glee Club Piano Solo, Ray Barbour. 1:45 Playlet "Put Pep in Your Motor," Bertrand Group. 1:55 Community Singing, directed by Theo Olsen. 2:00 "Science in Home-Making" Dean Marie Dye.

The local committee in charge of arrangements is: Mrs. M. Bainton, Mrs. D. L. Vanderville, Mrs. Howard Barbour. The guests will be served at dinner at the Evangelical and the Presbyterian churches at 50 cents per plate.

Cut Worms at Work on the New Raspberry Shoots

We are calling your attention once more to damage done by cutworms. They are cutting the new raspberry shoots in some localities. They will be on hand to cut off your hothed plants when you set them in the field. The way to save the plants is to apply poison bait near the base of the plant, so the worm will get it before he does the damage. Use this formula for your poison bait: 20 pounds of wheat bran, 1 pound of white arsenic, 1/2 gallon molasses, 2 ounces banana oil or the juice of 4 lemons and water enough to moisten. Add molasses and poison to the water and stir all ingredients together. Success depends largely on the thoroughness of the stirring. Keep fowls from this bait. The species of cutworms having the climbing habit, are working in a great many places yet. The tops of some apple and peach trees not tangledfooted have lost their leaves from climbing cutworms. If your grapes have not been tangledfooted the worms may cut some of your new shoots off after they are six to twelve inches long.

Wagner News

Mr. and Mrs. John Gowlan have occupied the place recently vacated by Joe R. Gowlan. Several members of the Hill Climbers Class of the Methodist Sunday School were pleasantly entertained at a pot luck supper at the home of Miss Virginia Hess Sunday. The occasion was a surprise in honor of her birthday. Esther Marsch, Gertrude, Crothers, John Weaver and Ross Shetterly, members of the 8th grade of the Wagner school, took the county examinations at the Buchanan high school Friday. The Wagner school, Mrs. Earl Derflinger teacher, was closed with a picnic at the school house Wednesday. A number of the parents attended.

## B.H.S. Athletes Take 4 Places in Regional Meet

### MORSE LOWERS STATE MARK IN 120 YD. HURDLE

Record Will Not Be Allowed On Account of Strong Favoring Wind.

Buchanan high school's young track team gave a fine showing of their wares Saturday, by taking four places, a first, a second, and two thirds, in the regional track meet at Kalamazoo.

The Bucks' first place came when Louie Morse clipped 3-10 of a second from the 120 yard low hurdles record, establishing new mark of 13.8 seconds. This record may not be allowed, however, due to a strong wind which aided the runners on the straightway.

The Morse brothers and Eisenhart will leave Friday morning for East Lansing for the state finals. Last year Buchanan sent Pfingst and Aronson to the state finals, Pfingst placing second in the 440 yard dash and Aronson winning his heat in the hurdles but losing out in the finals.

## PAUL HARVEY NEW SUPT. OF GALIEN SCHOOL

H. A. Laycock Mrs. B. McCaulley and Miss E. Burr Resign Positions.

Galien is to lose two of her experienced teachers besides Supt. H. A. Laycock from the Galien High school. Mrs. B. McCaulley and Miss E. Burr are leaving. Paul Harvey will be the superintendent for next year and Mrs. Con Allen will be one of the new high school teachers. Miss G. Harper, teacher of the 7th and 8th grades will return as will the following grade teachers, Mrs. D. Robinson, 5th and 6th grades, Mrs. Gladys James, 8th and 4th grades, Mrs. O. Hohman, primary department, Miss Dorothy Partridge will teach the Baton school and Mrs. Eliza Kelley the Beaver Dam school.

Hundreds of school teachers will attend summer school this year or will participate in colleges and universities for special work. Still others will broaden their minds during the vacation period by touring America or foreign countries and will be the better for it, the schools will be better for it and millions of children will come out of schools better educated as a result of it. This effort on the part of the teachers is stimulated by the prospects of higher salaries and new teachers requirements. The nation is determined to have better trained teachers and those who fail to meet the new standards must step aside. It took the American people a long time to discover that a poor teacher is a poor investment for the same reason that a scrub cow is a bad buy. A poorly taught child is untaught. No longer is the raw high school graduate accepted as a finished teacher "good enough" to teach in public schools. What a vast difference between the old attitude and the new attitude that the best teacher is none too good for the public schools. School taxes are increasing at an alarming rate but there will be no complaint if proof is given the taxpayers that they are getting more for their money. The public is as insistent on producing an army of efficient teachers as it is on providing adequate and suitable school buildings. The public school of tomorrow promises to be a better school than even "the little red school house."

er. Saturday before Memorial Day, May 23, the poppy will be worn by millions in tribute to the World war dead. Where true patriots dwell the thickest the blood-red symbols of sacrifice will be seen in the greatest profusion. It is to be hoped that no city or town in America will be able to show a more unanimous wearing of the poppy than Galien. The members of the American Legion Auxiliary, who will be represented on the streets with the poppies on Saturday, in reality do not sell the flowers, they offer the poppies to every one who wishes to honor the dead in exchange for a contribution to help the living. No price is quoted for these little flowers shaped by the patient hands of disabled veterans. The child who drops a penny into the coin box of the poppy seller, the financier who tucks a \$10 bill and the penniless unemployed who can give nothing at all, will be given the same bright red poppies. Paying honor to the men, who died for their country should be a natural impulse with every patriotic American. Helping to better the lot of the war's living victims is an obligation upon all of us. We can do this by wearing the poppy on Poppy day.

### Help in Legion Poppy Day Sale

Among the French farmers who till the battle fields of the World war there is a tradition that where the men fell thickest the little wild poppies push up their blooms in the greatest profusions. A symbolic connection is seen between the blood of the slain and the bright red blossoms of the poppies. The poppy has become recognized the world over as the heroes' flower.

**City Should Buy Chamberlain Hills**  
 Says John Holmes

Editor Record,

There is quite an interesting study in the tracing of the family relationships of the town of fifteen hundred inhabitants, such as Buchanan fifty or sixty years ago. In my short recollection running back something like sixty years, there were the Roes who married Martindale, Whitman, Bailey, Witter, Blowers, Fancher, Wagner, Hunter, Chipman, Clark, Richards Ashbrook Tichenor and Pears. The Bakers married Treat, Hoimes, Koontz, Redden, Rose, Beardsley, Reynolds and Gogle. Richardsons married Smith, Morris, Wells, Rogers, Green, Teneyere, Barnore, Brownfield, and Nichol. The Hamiltons married Burrus, Salisbury, Bolton, Lyons, Fox, Smith, Hall, Martin, Michael Redding, Eastman, Pratt and Plimpton. The Whitmans married Totten and Dispinet. The Mowreys married Remington, Stevens, Bishop, Fuller, Lister, Peck, Blake and Barr. Remington married Dalrymple, and Montague married Winch, and there are others going to make up the one family, which carried to its final head would reach the Biblical myth of Adam and Eve. "Believe it or not."

It is my opinion that the offer that has been made by Miss Eva Chamberlain should not go unaccepted.

In this city of Cedar Rapids we have an arrangement in connection with the city water works which seems to me to be worth considering in connection with the Chamberlain proposition. In Beaver park which is the highest part of the city, we have a water reservoir with capacity to supply the city for three days in an emergency. With this arrangement the pumps are run at a regular speed during the entire day, regardless of the consumption. During the night the reservoir is being filled and when the peak load comes on during the day it is not necessary to speed up the pumps for what is used faster than they supply with the regular speed is furnished from the reservoir, this arrangement making a saving in wear on machinery and operation, well worth while.

**Michigan Ranks Foremost in the Grading of Herds**

Michigan owners of Holsteins stand in first place in the national campaign to improve the breed by a plan of herd classification in which the registration papers of Holstein cows which grade as poor in type are cancelled, according to J. G. Hayes, secretary of the Michigan association of Holstein breeders.

More Michigan herds have been inspected and graded under this plan than in any other state. Holstein breeders say that the plan will result in the betterment of the breed type as the cancellation of the papers of any cow reduces that animal to the status of a grade and none of her progeny can be registered.

The herd classification plan recognizes six grades of animals ranging from excellent to poor. Bull calves from a mature cow which does not rate better than fair, the next to the lowest grade, can not be registered, and all owners are urged to select breeding stock only from the better grade animals.

Prospective buyers of Michigan Holsteins now have two means of checking the values of the animals. Milk production records tell the story of the cow's ability to produce milk and butterfat and the herd classification records show how the animal scores in dairy type.

As a means of holding first place in the national betterment plan, five more Michigan herds are listed for inspection and rating during May.

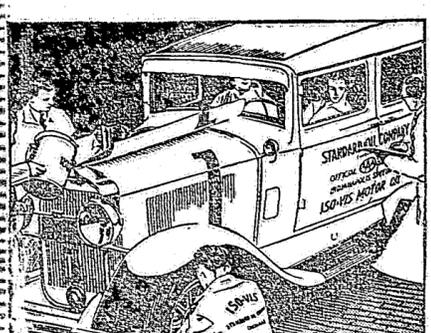

**Sheep's Tail Protected**

The "broad tailed" or "fat tailed" sheep, found in Asia, are chiefly characterized by the enormous accumulation of fat on each side of the tail bone, which is esteemed a great delicacy. To protect the tail from being injured by dragging on the ground, it is sometimes supported by a board on a small pair of wheels. The fat of the tail is often used in place of butter.

 The government's yearly pay roll within the District of Columbia is estimated at \$108,000,000.

**NEW ISO-VIS**  
**Proved Excellent**  
**in BUICK**

**Reports A.A.A.**

EXCELLENT is hardly the word. Read these facts gathered on the Indianapolis Speedway and certified by the American Automobile Association.

1. New Iso-Vis did not thin out from dilution.
2. During entire 9,000 mile tests, all parts of engine and chassis were lubricated effectively.
3. Only 1 quart of oil—Iso-Vis 50 (Heavy)—was used in 1,000 miles at 30 m. p. h.
4. Carbon formed was only 5.4 grams per cylinder at 30 m. p. h. using Iso-Vis-50 (Heavy).

5. The cylinder wear was too little to measure.

New Iso-Vis stands out on every one of these important qualities. Here are figures for other oils to shoot at.

They give dramatic proof of the protection given by New Iso-Vis—the only motor oil that will not thin out from dilution.

New Iso-Vis proved itself in 12 other cars on the track. No matter what make you drive, your car needs the protection of New Iso-Vis. Change your oil and fill up with New Iso-Vis at once.

With no moving parts to wear,  
 Electrolux will remain  
 absolutely silent as long  
 as you have it

NOBODY ever did want a noisy refrigerator. But in the past if you wanted an automatic refrigerator you've had to take the noisy kind or do without.

That is no longer true. Electrolux gives you all the benefits of automatic refrigeration without a sound. It has no moving parts. Nothing to wear, to vibrate, to make noise, now or ever. It doesn't alternately stop and start.

This refrigerator is absurdly simple. Just a tiny gas flame and a tiny flow of water. They act on a liquid refrigerant which is hermetically sealed in rigid steel. The refrigerant itself is ordinary ammonia. The tiny gas flame is completely protected by an automatic shut-off.

Leading architects and builders have specified it in a multitude of the country's finest private homes and apartments.

Be sure to see Electrolux at our show-rooms before buying any automatic refrigerator. There are 10 household models, ranging from 3 cu. ft. to 20 cu. ft. capacity. Despite its many advantages, Electrolux prices are no higher. For complete information by mail, write or phone us.

**1st insertion Apr. 2; last June 25** Notice of Foreclosure and Sale of Mortgaged Premises.

**MORTGAGE SALE**  
Default having been made in the conditions of a certain mortgage made by William Decker and Mary Decker, husband and wife, mortgagors, to the Industrial Building & Loan Association, a Michigan corporation, mortgagee, dated the 2nd day of April A. D. 1925, and recorded in the office of the Register of Deeds for the County of Berrien, Michigan, on the 8th day of April A. D. 1925, in Liber 150 of Mortgages, on page 92.

Said mortgage provides that should default be made in the payment of any of the sums in said mortgage provided or any part thereof for a period of four months that the mortgagee may cause a computation to be made of the sum remaining unpaid upon said mortgage, and declare such sum to be due and payable immediately, and whereas, more than four months have elapsed and the said principal and interest as required by the terms and conditions of said mortgage, the Industrial Building & Loan Association, mortgagee, has elected and does hereby elect to declare the principal sum of said mortgage and the unpaid interest thereon due and payable.

There is claimed to be due on said mortgage at the date of this notice the sum of four hundred seven and fifty one hundredths (\$407.50) dollars, the same being unpaid principal and interest and an attorney's fee of fifteen (\$15.00) dollars, as provided by Statute, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage, and the Statute in such case made and provided, NOTICE IS HEREBY GIVEN, that on Monday, the 29th day of June A. D. 1931, at ten (10) o'clock in the forenoon of said day, the undersigned will sell at Public Auction to the highest bidder, at the front door of the Court House in the City of St. Joseph, Berrien County, Michigan, that being the place where the Circuit Court for the County of Berrien is held, the premises described in said mortgage, or so much thereof as may be necessary to satisfy the amount due on said mortgage with interest at the rate of five (5) cents per month on each of four (4) shares of stock of the Industrial Building & Loan Association, the

same being at the rate of six (6) per cent per annum, from this date, and all other legal costs including the attorney's fee aforesaid. The lands and premises to be sold are described in said mortgage, as follows, to wit:

Lots numbered eighteen (18) and nineteen (19), in Block numbered twelve (12), in English and Holmes Addition to the Village (now City) of Buchanan.

Dated April 1st, A. D. 1931. Industrial Building & Loan Association Mortgagee.

Frank R. Sanders, Attorney for Mortgagee, Business Address, Buchanan, Michigan.

### A Great State to Live in and A Great State to Visit

Michigan is great in extent and in scenic beauty . . . great in its natural resources and its industries . . . great in its history, its traditions, and the character and spirit of its citizens.

Consider its mines and forests, its fertile fields and its productive orchards and vineyards. Think of its beautiful lakes and streams, its diversified industries and its splendid educational institutions.

Michigan is a good place to live. Here Nature is kind. We are not visited with flood, drought or other disasters to any degree. Nowhere else can people work more profitably or under better conditions than in Michigan!

And no state has more to offer the tourist, whether from outside or within the state.

Michigan is a great state to live in and a great state to visit!

**LIGHT DELIVERY PANEL TRUCK, \$555**

Prominent among the thousands of concerns using large fleets of Chevrolets are many of the leaders of American industry. In fact, 73 outstanding business firms have purchased a total of 27,605 Chevrolet cars and trucks.

The reason for this preference lies in the unexcelled economy of Chevrolet cars and trucks, as proved by official cost records. These records show that 20 miles to the gallon is a common occurrence among Chevrolet cars. That oil expense is extremely low. That Chevrolet

cars and trucks require only a minimum of service attention. That they give satisfactory low-cost service over exceptionally long periods of time.

Naturally, a car with such a fine record of economy represents an extremely wise investment for any buyer! Especially so, when you consider the many advantages that Chevrolet offers above and beyond economical operation. Come in and learn what these advantages are—what they mean in terms of style, comfort, safety, reliability and value.

EMELINE WEAVER
Emeline Weaver, daughter of Samuel and Caroline Weaver, was born in Buchanan township on Jan. 14th, 1843, and spent her early life in this vicinity.

For some years she taught school, chiefly at the Bend of the River. In 1864, she went to Gold Hill, Nevada, where her brother, William, resided and in 1871 she went to Denver, Colo., for her health.

In 1875 she was married to Frank B. Wright, who was assistant editor of the Detroit Free Press and to them was born a son, Harold, who died in infancy.

In 1893 she paid a visit to the World's Fair in Chicago and in 1895 she went to the Dowie Institute at Zion City. She spent the year 1899 in Alabama.

Her second marriage was to Mr. Pearson, a war veteran, now deceased. At the age of 15 she united with the Advent Christian church and was a member of the choir for several years.

For the last few years she has made her home with her niece, Mrs. Edith Houk in Buchanan who has given her every care and attention. Her last illness dates from May 22, 1930, and she passed away at noon Friday, May 15, 1931, at the advanced age of 88 years, four months and one day.

She was one of ten children born to her parents, of whom one son, John Wesley of Petoski, Mich., is the only survivor. There are many nephews and nieces and other more distant relatives. Mrs. Edith Houk and Mrs. M. O. Burdett are the two nieces residing in Buchanan.

Among the early recollections of her life may be mentioned the fact that when the bicycle first appeared she bought and used one of the very first that came on the market.

The funeral services were held at her late home, 210 E. Third Street at 2 p. m. Sunday, May 17, 1931, conducted by Pastor A. E. Bloom of Chicago, who for over seven years was pastor of the Advent Christian Church of Buchanan, where she attended services.

A USEFUL SERVICE should be neither HIGH NOR LOW, Particularly TOO LOW!
