

CHILDREN OF CITY TO PICNIC JULY 4TH

City Receives \$32,550 Assessment Cut From County Supervisors

Now Here's the Proposition

The Blistering Nineties and
the Searing Hundreds

By Haws

Oh lay me on a cake of ice and
help me mop my fevered brow—
I thought I was prostrated once,
but thanks, I think I'm better
now.
This soaring mercury is too much
for old and hefty guys like me;
It may be it is just the heat or
may be the humidity.
Or may be it is just the things
the women wear and call them
clothes.
Like those we used to pay a buck
to rubber at in burlesque shows.
I picked me out a cabbage leaf to
wear upon my fevered brow
To cool my overheated brain, but
it is boiled for dinner now.
The doctors say the human frame
is shot with full four million
pores;
Now is the time for all of them to
open up and do their chores.
I pick no bone with Michigan, her
weather is indeed sublime—
The only trouble with it is, there's
too much of it at a time.

What is so rare as a day in
June?
That roast your wife forgot in
the oven, if you ask us.
Or the piece of toast we left in
the toaster while reading the good
news about heat relief in the
morning dailies.

PICNICS AND SPEECHES
The Record was wrong both
times on that address of welcome
at the Chicago-Buchanan Society
picnic Saturday. The speech was
made by Old Timer Roe. Reading
from left to right it was: "Sup-
per's Ready".

The response by the Chicago-
ans was made by Miss Mary Rey-
nolds who made the following
brief but eloquent remark: "Till
take some chicken."
Mayor Hathaway who was bil-
lied for the speech resigned to ac-
cept a job slinging chairs, which
he did strenuously while younger
men were carried off prostrated.

They asked the mayor for a talk.
Said Clinton: "Talk me eye!
Speechmakin' is one place I balk—
Please pass me that there pie."
But the best welcome speech was
made by the local people who said
it with flowers for the table de-
corations. The Chicagoans asked
that special thanks be extended,
and especially to Mrs. Weaver for
her gift of a corsage bouquet to
the society president.

Messrs Post and Gatty may be
big shots in the aviation world but
two guys who leave Alaska for
the United States in this weather
even to break a record are just
plain goofy.

**That Was That Bang
You Heard.**

Payment of city taxes started
off with a bang Wednesday morn-
ing so the city collector Mrs.
Sanders tells us. The two year
moratorium proposed by a number
of insolvent citizens in view of the
\$125000 windfall did not material-
ize, the city dads claiming that
the money had been spent two
years ago.

Hot Weather Notes
Lew Desenberg under his awn-
ing leaning against a thermometer
reading 106 degrees.
Matt Keating's new straw
Cootie's haircut.

**But Then We are Not
Elephants.**

We published a notice of Wed-
nesday afternoons closing of gro-
ceries in our issue last week and
flattened our noses against a
locked grocery door along with 1-
111 other local citizens on the date
published. And remarked: etoain
shrdlu 2\$4b0@)!!

This is No Joke
It was 83 in the shade as we
closed the forms this morning.

**The Theremin
is Well Received
at Princess**

The Theremin, a new and novel
musical instrument which resem-
bles a conductors music stand, and
played by Charles Stein at the
Princess theatre Saturday, was en-
joyed by those attending.
Mr. Stein was able to produce
wonderfully pretty music elec-
trically controlled from ether
waves surrounding the machine.

VALUES LOWERED FOR COUNTY AND STATE TAXATION

Supervisors Cut \$34,685.50;
From Local Assessment;
Then Add \$2,135.50.

Buchanan taxpayers shared with
all others in the county in a sub-
stantial cut of valuations for pur-
poses of state and county taxa-
tion, a widespread contrary im-
pression notwithstanding, accord-
ing to local members of the coun-
ty board, who backed their state-
ments with the official figures.

The local city valuations were
fixed by the county board at \$3-
436,000, as compared with an ap-
praisal of \$3,465,000 by local as-
sessors, a reduction of \$32,550. The
county board arrived at this final
figure by the following process:
They gave the entire county in-
cluding the city of Buchanan a cut
of 1 per cent in valuation, which
amounted to a reduction of
\$34,685.50 and brought the local
valuation down to \$3,433,564.50.
The board, after making this blan-
ket cut, then made a number of
small readjustments among the in-
dividual units, giving Buchanan a
raise of \$2,135.50, which fixed the
final valuation for state and coun-
ty purposes at \$3,436,000.

This final valuation is \$13,000
higher than the \$3,423,000 valua-
tion placed by the board of super-
visors on Buchanan for state and
county taxation in 1930 and 1929.

In the final readjustment Bu-
chanan received the small raise
doubtless because of the fact that
the assessed valuations for local
taxation had been reduced by the
assessor from \$3,477,625 in 1930 to
\$3,468,550 in 1931, a reduction of
\$9,125.

The reductions reported in daily
papers were as follows:

Bainbridge	\$1,820,000	\$18,000
Baroda	1,208,000	15,000
Bertrand	1,412,000	14,000
Berrien	1,741,000	16,000
Benton	4,309,000	13,000
Ben. Har. City	21,609,000	154,000
Buchanan City	3,436,000	0
Buchanan Twp.	1,090,000	0
Chikaming	2,478,000	24,000
Coloma	2,296,000	22,000
Galen	1,224,000	11,000
Hagar	1,614,000	8,000
Lake	1,800,000	17,000
Lincoln	2,353,000	16,000
New Buffalo	2,870,000	28,000
Niles City	12,974,000	98,000
Niles Twp.	2,320,000	28,000
Oronoko	3,238,000	29,000
Pipestone	1,610,000	15,000
Royalton	1,582,000	9,000
St. Joseph Twp.	10,387,000	73,000
Sodus	1,479,000	22,000
Three Oaks	2,287,000	10,000
Watervliet Twp.	1,280,000	16,000
Watervliet City	1,394,000	0
Weesaw	1,663,000	4,000

Fair Crowd Heeds Excellent Program at Band Concert

Although the attendance was
diminished by the nightly trek to
the beaches, a fair crowd was on
the streets last night to hear the
best band concert of the season
to date.

The program for next Wednes-
day evening, July 3, will be as
follows:

March "Gentry's Triumphant"	Jewell
Overture "Orpheus in Der Unterwelt"	Offenbach
Selection from Flotow's Opera "Martha"	Tobani
Minuet "Celebrated"	Paderewski
March "Colonel Bogey"	Alford
Medley Southern Plantation Songs "The Sunny South"	Lampe
Selection from "High Jinks"	Frml
March "The Gasconade"	Vandercook
Finale	

Harrison Merrill Injured in Auto Mishap at Lansing

Harrison Merrill, former resident
of Buchanan, and now employed
on the Kalamazoo Gazette, where
he writes the Penny Wise column,
was painfully hurt Sunday when
the car in which he was a pass-
enger struck a safety zone load-
ing dock in Lansing Sunday. He
was taken to a Lansing hospital
for treatment for severe face cuts,
but press reports did not indicate
that his injuries were serious.

JUNE HEAT RECORDS SURPASSED THIS WEEK

RECORD NUMBER PROSTRATIONS REPORTED HERE

Heavy Mortality Among the
Horses as Unofficial Read-
ings Touch 108.

Unofficial mercury readings of
from 90 to 108 degrees in the
shade, accompanied by excessive
humidity were responsible for one
of the most extreme periods of
heat discomfort ever experienced
in Buchanan, which began two
weeks ago and has continued with
only short intervals of relief up
to the present.

Several prostrations were re-
ported yesterday, among them
James Pealer, who was prostrated
while at work at the Clark
plant and Gordon Young, age 20,
who was brought to the Wallace
hospital Tuesday evening blinded
and unable to walk as the result
of heat prostration while at work
on the M-60 paving construction.
A number of other less serious
prostrations and one heat death oc-
curred in the city.

It is reported that \$7 horses killed
by heat prostration have been
collected by the New Carlisle ren-
dering plant recently. The death
of sixteen horses worked by Notre
Dame students on the college farm
was reported Saturday and Mon-
day. Quite a number of deaths
of horses have been reported on
local farms in the past week.

The latest June weather ever
experienced since the beginning of
weather records in the middle west
marked the closing days of last
month, with daily temperatures
ranging from 90 to 100 degrees
in the shade.

The latter figure was reported
unofficially in Buchanan and vi-
cinity on June 19, 27, and 28, and
was even exceeded on the latter
dates by reports from the rural
sections.

All highways leading to the lake
were congested evenings and week
ends by stampeding thousands
thronging to the beaches. The pub-
lic beaches on Lake Michigan were
reported to be frequented during
the past week and by the greatest
crowds on record.

C. H. Fuller reported that on
Friday, Saturday and Sunday of
the past week the attendance at
his Clear Lake resort exceeded all
records, as many as 1,000 bathers
having been unofficially estimated
in the water at one time.

BRIDGMAN ARREST BRINGS SOLUTION WOLLET ROBBERY

Dunbar Participates in Arrest
Five South Bend Bandits
Wednesday Morning

Clarence Dunbar, local deputy
sheriff, participated in a raid at
Bridgman Wednesday morning
which cleared up the recent ro-
bbery of Sam Wollet's store at
Glenora and resulted in the ar-
rests of two girls and a man, all
of South Bend.

In the room occupied by the girls,
Jean Skarpinski and Mary Bor-
owski, was found \$400 worth of
merchandise taken from the Wol-
let store. The \$175 radio taken
from the Wollet store was not
found. At the same house the
raiding party arrested Clem Rijs-
ski, also of South Bend. Informa-
tion leading to the raid was se-
cured when three South Bend de-
tectives trapped Michael Bango
and Paul Pinkerton of South Bend
near South Clear Lake just across
the state line in Indiana, in pos-
session of a new Studebaker Pres-
ident sedan which had been stolen
from the St. Joseph Undertaking
Co., of South Bend.

The five young people ranged in
ages from 18 to 23 years. The
girls affirmed their innocence, al-
though they admitted they had rid-
den in the stolen car, but said
they did not know that it was
"hot."

The party will be tried first by
the Indiana authorities for the
theft of the car. They may be
held later for the robberies at the
Wollet store and at a Bridgman
filling station.

Later: The three men in the par-

New Pastor

Rev. Mark Wall, who comes
from St. Louis, Mich., to accept
pastorate of local Church of Christ.

RENEW OFFER OF SALE OF WOODED TRACT TO CITY

Mayor Hathaway Asks for
Sentiment Public on Pur-
chase Chamberlain Hills

The possibility of acquisition of
the Chamberlain Hills by the city,
as the result of the renewal by
Miss Eva Chamberlain of her of-
fer to dispose of the 20-acre wood-
ed tract to the municipality.

The matter of purchase had lap-
sed for some time, due to the in-
ability of the city to consider the
terms of payment. The owner,
however, has again offered the
tract for the first-named consid-
eration of \$2,500, to be paid at the
rate of \$500 per year, with a
provisional clause that in case of
the death of the seller within the
five-year payment period, the un-
paid remnant of the obligation
would be automatically canceled.

The terms of the offer of Miss
Chamberlain include provisions
that the tract might be used only
as a public park, to be known as
the Chamberlain Memorial park.

Mayor Hathaway states that the
city commission would be pleased
to hear the sentiments of the tax-
payers on the proposition before
taking any steps.

The terms made by Miss Cham-
berlain exclude the idea broached
by several citizens at a meeting of
the Civic Luncheon Club to use
the tract in part for a municipal
camp ground.

B. H. S. Athlete Burning Cinders on College Tracks

Barring enlargement of the cere-
bellum or overindulgence in the
weed and other worldly pursuits
such as take the edge from most
athletes, there is one recent grad-
uate of Buchanan high school who
may make a name for himself in
intercollegiate track circles in the
next few years. Ralph Pfingst,
who blossomed out as a quarter-
miller in his last year at the local
high school, had things his own
way in most of the yearling meets
in which he participated during
the past season as a student at
Western State Teachers college.
Young Pfingst won first in meets
with Detroit City college, Adrian
college, Grand Rapids Junior col-
lege, and in a triangular with Kal-
amazoo college and Kalamazoo
Central high school. He took sec-
ond in a meet with Notre Dame
and with the Froebel high school
at Gary. In the latter meet he
lost by inches to Mullins, colored
youth who steps the distance close
to 49 seconds. Pfingst's best
time last spring was 50.8 seconds
against Adrian College.

ly were taken to St. Joseph this
morning to be arraigned a charge
of burglary of the Wollet store and
a Bridgman filling station.

GALIEN WILL CLOSE WALDRON CENTER SCHOOLS

Board Plans to Transport to
Town School to Effect
Saving of \$1,000.

Galien township will close two
rural schools and install a school
bus to transport the pupils of the
closed institutions to the village
school, according to Clark Glover,
school board member who was a
visitor in Buchanan Monday.

The measure is solely one of
economy and improved instruction,
according to Mr. Glover. It is
estimated that a net saving of
not less than \$1,000 will be ef-
fected by the measure. The schools
closed will be the Waldron with
six pupils and the Center with
fourteen pupils.

The twenty pupils from the two
schools will be transported by bus
to the town school, where they
will be distributed through the
rooms without the need of addi-
tional teachers. Mr. Glover stated
that the board believed that in this
manner the pupils would receive
more careful instruction than was
possible in a school where one
teacher had charge of all grades.
There will be no large investment
required, as the board will pur-
chase only a bus body.

During the past three years,
school maintenance has cost less
each year. In 1928-29 the Galien
schools cost the taxpayers \$10-
800. In 1929-30 the taxpayers
paid \$9,500. In 1930-31 the tax-
payers paid \$8,500. This savings
was accomplished in spite of the
fact of the addition of a music de-
partment, with an additional out-
lay of \$720. The board emerged
from the past year with a sub-
stantial balance in the treasury
and it is anticipated that the re-
quirements on the taxpayers for
the coming year will be no larger
than last, and very likely less.

The fiscal year closes June 30,
and school election will be held
on the second Monday in
month, which will fall on July 13.
The term of Carl Renbarger ex-
pires at that time.

The teaching staff for the com-
ing year was completed with the
election of George Bessmer of Co-
loma, to the position of assistant
superintendent and athletic coach.

Notice to Public

All Buchanan stores will keep
open until 10 p. m. Friday, July
3, and will then close at noon on
Saturday, July 4, for the remainder
of the day.

A motorcycle designed by a San
Francisco man has two small ad-
ditional wheels that can be low-
ered, permitting it to be towed by
an automobile.

If Broke- Read This

If you are broke, read this letter
from a fellow sufferer to his bank-
rupt and feel better. "It is impos-
sible for me to make a further pay-
ment on my note. My present finan-
cial condition is due to the effects of
federal laws, state laws, county
laws, corporation laws, by-laws,
mother-in-laws and outlaws that
have been foisted upon an unsus-
pecting public. Through these var-
ious laws I have been held down,
held up, walked on, sat on, flatten-
ed and squeezed until I do not
know where I am, and why I am.
"These laws compel me to pay a
merchant's tax, capital stock tax,
income tax, real estate tax, prop-
erty tax, auto tax, gas tax, water
tax, light tax, cigar tax, street tax,
school tax, syntax and carpet tax."
The government has so govern-
ed my business that I do not know
who owns it. I am suspected, ex-
pected, inspected, disrespected, ex-
amined, re-examined, until all I
know is that I'm supplicated for
money for every known need, de-
sire or hope of human race, and
because I refuse to go fall and go
out and beg, borrow or steal money
to give away, I am cursed and dis-
cussed, boycotted, talked to, talked
about, lied to, lied about, held up,
held down and robbed until I am
nearly ruined; so the only reason I
am clinging to life is to see what
the h— is coming next."

—Exchange

Chevrolet Heads Confer

John Russell of Russell Chevrolet Sales was called to Detroit on
June 25, to attend a conference on advertising between the heads of
the Chevrolet sales departments and the leading dealers of the coun-
try. Fourteen dealers from various parts of the country were called.
Mr. Russell represented a district comprising Michigan, Indiana, Ohio
and Illinois. He is the fourth from the front on the left.

LOUIS PROUD INJURED WHEN FORCED OFF ROAD

Three Ribs Fractured, Lung
Hurt in Collision With
Stump Sunday.

Louis Proud is recovering at his
home at 214 East Third Street
from severe injuries incurred when
his car collided with a stump
when he was forced from the pave-
ment on the Wagner road at the
curve a mile west of Buchanan
Sunday. Mr. Proud was round-
ing the curve when a South Bend
car alleged to be on the wrong
side of the road forced him to
leave the pavement. He dodged
the tree which has been the occa-
sion of a number of collisions but
struck a stump. He was thrown
against the steering wheel with
such force that three ribs were
broken loose from the breast bone
and the right lung was injured so
that it later filled with blood.

BUCHANAN BOY WINS HONOR IN CHICAGO SCHOOL

Awarded Scholarship Under
Master of Piano in Am.
Conservatory Music.

Marvin Gross, son of Mr. and
Mrs. M. Gross, 210 South Portage,
was honored Monday by the award
of a scholarship entitling him to
tuition for a summer course under
Joseph Lhevinne, world famous
Russian pianist, who annually
teaches a "master class" at the
American Conservatory of Music
in Chicago.

Twenty brilliant young piano
students from all parts of the
country competed Monday before
the master musician, who selected
Marvin Gross of Buchanan and a
22-year old college graduate from
Pennsylvania as equal in perfor-
mance. They will each receive free
tuition for the summer course.
Lhevinne is much sought as an
instructor on the piano and he
charges \$40 per lesson. Students
come from all parts of the United
States and even from foreign sec-
tions for instruction in his sum-
mer courses.

Young Gross is fifteen years of
age. He formerly studied under
Mrs. Ida Rice of Buchanan and
later under Louis Elbel of South
Bend. He has studied at the
American Conservatory since last
spring. He will be a junior in
Buchanan high school next year,
where he has been a leader in oth-
er lines of scholastic preferment,
winning a place on the regular de-
bating team last year.

Recently six different couples
were arrested in New York for
shoplifting.

FEW FAITHFUL HAVE PLEASANT OUTDOOR SUPPER

Committee Arranges Success-
ful Entertainment for
100 Guests.

Somewhere in the neighborhood
of 100 ex-Buchananites and their
local friends braved the sweltering
heat of Saturday for a pleasant
reunion at the high school grounds,
the occasion being the third an-
nual Chicago-Buchanan Society
picnic.

While in point of attendance the
picnic was on a smaller scale than
the two previous years, in point of
congeniality and pleasure, it was
perhaps the most successful of the
events to date.

After several experiments, the
local arrangements committee
have at last learned that the
guests wish to visit rather than
to have a program and no ob-
stacles in the way of formal ex-
ercises were thrown in the way of
general sociability.

The arrangements were well
worked out by the committees un-
der the general direction of Mrs.
Leah Weaver, the provision for
entertainment being considerably
in excess of the actual attendance.
Miss Mary Reynolds, president
of the organization and Dr. Claud
Roe (Old Timer) secretary, were
present. Others who registered
were:

Harry N. Grover, 3312 Armitage
Ave., Chicago; Henry W. Grover,
3310 Armitage Ave., Chicago; Geo.
F. Dressler, Buchanan; Louis O.
Runner, 321 N. Central Ave., Chi-
cago; Bay Redden Rough, Jennie
P. Burbank, Ruth H. Roe, Burns
Helmick, Mrs. Alice Clark, Charles
Beardsley, 2257 W. 113 St. Chi-
cago; Mr. and Mrs. W. R. Tuttle,
Evanston; Mr. and Mrs. F. C.
Hathaway, Mr. and Mrs. F. R.
Montague, Mrs. D. A. McIntosh,
George Smith, Mrs. Birdie Church
Willebrands, Detroit; Mrs. Glenn
E. Smith, Rose Anne Howe, Chi-
cago; Mrs. G. E. Howe, 418 Wood-
land, Kalamazoo; Richard S.
Beardsley, 2257 W. 113th St. Chi-
cago; Grace K. Harner, Marian,
Immie, Bobbie and Billy, Dr. L.
H. Harner, Mrs. E. Montgomery,
Jess H. East, Battle Creek; John
Butler, Mrs. John Butler, F. A.
Near, Mrs. Fannie Mead Near,
Mary E. Reynolds, Mr. and Mrs.
L. J. Mead, Chicago; Dr. Ray E.
Mead, Three Oaks; Ed Johnson,
Chicago; Mrs. R. R. Rouse, Nellie
Boone, Hazel Miles, Thomas Rice,
S. E. Carpenter, Mr. and Mrs. W.
E. Mutchler, Mrs. S. E. Carpenter,
Buchanan, Mrs. Maude Beardsley,
C. B. Roe, Chicago.

Heat Prostration Claims Life of Frances C. Last

Miss Frances Catherine Last, 84,
died at 7 p. m. yesterday at the
home of her niece, Mrs. Dorothy
Last Irvin, 322 Cecil Avenue, as
the result of heat prostration.
The aged woman was ill only
about two hours. She was born
Oct. 17, 1846 at Green Bay, Wis.,
and is survived by one sister, Mrs.
Mary Scott of Escanaba, Mich.,
and by several nieces and neph-
ews. She had made her home
with the Irvin family for about 14 years.
The funeral will be held at 9
a. m. Friday from St. Anthony's
Roman Catholic church, Father G.
A. Owens officiating, and burial
will be made in Oak Ridge cem-
tery.

Orioles Lose First Game to LaPorte Nine

The Orioles lost the first game
of the season Sunday to the La-
Porte Independents when the local
batters failed to solve the delivery
of Compton, who officiated on the
mound out 13 local men and allow-
ed no walks.

FREE ICE CREAM FREE BALLOONS, FREE EVERYTHING

Buchanan Parents are Urged
to Bring Children and
Come Themselves.

Well, young friends and fellow
citizens of Buchanan, you have
only two more days to wait for
the great Odd Fellows picnic to be
held at the Buchanan high school
grounds on the afternoon of In-
dependence day, with free ice
cream, cold drinks, balloons and
other necessities for a safe and
sane celebration donated by the
hosts.

The Odd Fellows are famous for
their success as promoters of pic-
nics for children, and present indi-
cations are that they will surpass
themselves at the picnic this year.
Local parents are urged to bring
their children and to come them-
selves. If the older people can't
come, the young people will be
perfectly safe in the care of the
Odd Fellows, adequate provision
having been made for the safe-
keeping of all young people by
Grand Marshall Joseph Roti.

There will be a fine program of
outdoor field sports beginning at 1
p. m., including foot races, sack
races, and penny scramble with
handsome prizes furnished by lo-
cal merchants.
In the evening a grand ball will
be held at the I. O. O. F. hall.

ATHLETICS TRIM WAGNER CUBS 23-4 IN SUNDAY GAME

Aggregation of H. S. Stars
Managed by Reamer
Display Class.

The Buchanan Athletics, an ag-
gregation of local high school ath-
letes who are playing amateur
baseball during the summer in or-
der to shape themselves into a
winning high school team next
year, defeated the Wagner Cubs,
a South Bend aggregation here on
Sunday by a score of 23-4. The lo-
cals are managed by Robert Reamer,
who selected the line-up from
50 high school boys ranging from
15 to 18 years of age, who tried
out at the Athletics diamond east
of the Krohn factory. The locals
played the same team two weeks
ago and lost 2-1 but have since
developed rapidly. The guest team
scored three runs in the first and
one in the fourth inning, and
were shut out from then on. The
lineups were:

Buchanan: Fred Reamer, lf;
August Topash, 1b; Louis Morse,
c; Joe Hiermann, 2b; Everett
Reinke, cf; Deeds, ss; Dunlap, rf;
Joe Letcher, 3d; D. Topash, Laure-
nce Morse, pitchers.
Wagner: Chida, cf; Gene, p;
Johns, ss; Take, 2d; Miller, lf;
O'Brien, 3d; Leonard, 1st; Deeds,
c; Bierwagon, rf; Bent, utility.
The Athletics will play a re-
turn game with the Long Lake
team next Sunday on the latter's
diamond, when they will attempt
to revenge an 8-6 defeat which
they suffered three weeks ago.

Heat Prostration Claims Life of Frances C. Last

Miss Frances Catherine Last, 84,
died at 7 p. m. yesterday at the
home of her niece, Mrs. Dorothy
Last Irvin, 322 Cecil Avenue, as

GALIEN NEWS

Galien Rogers

Defeat Elkhart Railroad 9 5-1

Galien held N. Y. C. Pages of Elkhart to four hits and one score Sunday, June 28, on the former's diamond. Spooner and Stickley on the mound for Elkhart, allowed 3 hits and struck out 12 men. Stone took Holden's place behind the bat when Holden got too much heat in the 6th. Whittey and Welch went all the way from Galien and got 15 strike outs and Elkhart was allowed five hits, 3 of which were allowed in the ninth, which was the only inning that Elkhart was allowed to score.

Score by innings:

Galien	1	0	2	0	2	0	0	5
Elkhart	0	0	0	0	0	0	1	1

Saturday, July 4th, Galien will play the Berrien Springs Reds at Berrien Springs and Sunday, July 5, Galien will play Three Oaks Speed Boys at Galien.

Prostrated By

Heat in Galien

Charles Norris, working in his garden Wednesday afternoon, was overcome by the heat. Carl Prentek also was overcome while working in the hay field. Dr. Corvey is caring for both.

Philip Roberts

is Injured Wed. By Fall in Barn

Philip Roberts, 6 year old son of Mr. and Mrs. M. Roberts, suffered a bad fall Wednesday afternoon, while playing "electric light" in the barn with several companions in his grandfather's barn. The little fellow had climbed a ladder about 15 feet, fastened a strap around his waist, ready for work when the strap broke and he fell to the floor. Dr. Morgan of New Carlisle, was called. An x-ray found no broken bones.

Galien Locals

Mr. and Mrs. Fred Russ of Cassopolis were the Sunday dinner guests of Mr. and Mrs. Tom Post.

Bobby Patchen will spend the summer vacation at the Weaver home.

Those who called at the Weaver home Sunday were Mrs. Vary and daughter of Chicago, Mrs. Johnson of Cronok and Earl Beckwith of Benton Harbor.

Six Michiganders are Fined Heavily for Shooting Elk

A gradual but steady increase in the penalties inflicted on conservation law violators during the past ten years is indicated in comparative figures issued by the Law Enforcement Division of the Conservation Department.

These figures show that while the number of convictions in the state have increased 64 per cent in the ten year period, the amount imposed in fines has increased 126 per cent.

While in the fiscal year 1921 the average fine imposed on conservation law violators in Michigan was \$11.82, the average penalty had gradually increased until it was \$16.46 last year.

These figures would seem to indicate that the conservation law violator is not worried particularly about the punishment, according to the Law Enforcement Division. The number of arrests and convictions have grown, despite the ever increasing penalties.

In 1921, the first year used in the comparative figures, there were 2,530 convictions in the state. The division reports a total of \$29,913.30 paid that year in fines. The next year it had risen to 2,811 convictions and \$30,993.70 in fines. This increase was gradual until 1925 and 1926 when there was a slight drop in the number of convictions. However, despite this fact, the amount imposed in fines continued to increase in these two years. The only drop in the average fine occurred in 1929 when the aggregate sum fell from \$60,236 to \$56,009. However, last year it rose again to \$67,497.48.

Figures for the first six months of this year show that the 1931 arrests and fines will probably exceed all previous figures.

Swift Camels

The Beshnin camels are the fastest things in the desert and are the most valuable of the camel tribe. Desert police always use these camels, for they can outrun a horse.

Fixing Insurance Rates

Insurance rates of life insurance companies are based on what is known as the experience table of mortality.

Acid Stomach Puts Many a Man Down

If excess acidity sours your food and causes suffering from gas, heartburn, dizziness, coated tongue, and bloating, you are bound to feel grouchy, run-down, nervous and can't sleep well. I want you to quit suffering right now, so come in and get that consider the greatest medicine I have ever found. It's only 60c and if it doesn't stop gas, pain, etc., in a few minutes and soon make your stomach feel like new, you get your money back. Just ask me for Dioxet. It's guaranteed.

Enforcement Game Laws is Tightened, So Records Reveal

The people of Cheboygan and nearby counties are proud of the large elk herd that now roams that section of the state, and when six Wolverine men were found with the carcass of one of these animals they found no mercy in court.

The six men all paid fines and costs aggregating \$390. In addition, they lost their automobile and two rifles through confiscation.

The violation is the first reported to the Department that concerns the elk herd planted in that section of the state several years ago. The herd is believed to now include several hundred animals.

The case was brought to the attention of officers by a citizen who saw the elk carcass in the automobile. He immediately telephoned conservation officers and the arrests followed. The man who reported the case was Fred Coon of Wolverine, and he received the commendation of the Director of Conservation.

"Radiology"

According to Webster's Dictionary, radiology is that branch of science which treats of radioactive phenomena.

State Safeguards Public Health in its Playgrounds

Inspected water, life guards, roped off dangerous areas and regularly cleaned beaches. These are some of the ways the state protects the hundreds of thousands who use the bathing beaches at the state parks.

By using these simple precautions the number of accidents at the parks beaches has been kept unusually low despite the fact that these beaches are used by millions of people annually.

The co-operation of the State Department of Health has been asked by the Parks Division of the Conservation Department in inspecting the water at the beaches of all state parks, to make certain that the water and beach are in a sanitary condition. If it should be found that conditions at any particular beach are injurious to health, the beach will be immediately closed until the conditions are remedied.

Life guards will be employed regularly during the summer at the beaches at five of the state parks, Island Lake at Brighton, Bay City Park at Bay City, Grand Haven Park at Grand Haven, Holland Park at Holland and Walter J. Hayes in the Irish Hills.

Park superintendents at other parks have been authorized to employ life guards when there is large crowds at the beaches. The life guards this year will wear uniform suits provided by the state.

Dayton Loses to Three Oaks Sunday

Dayton took a wallop on the chin and went down for the count of 2-2 at Three Oaks Sunday. Both teams played fast, snappy ball and sweltered in the ninth inning, deadlocked, nothing up. Dayton, in their half of the ninth, bunched their hits and scored 2 runs before being retired.

Dayton then reversed their form and successfully completed three bobbles, permitting Three Oaks to score three runs and take the game. Sunday Dayton will play New Carlisle at the Hill.

Standard Tea

Orange pekoe tea or pekoe tea is a kind of black tea of fine flavor, composed of the young leaves picked in early spring and roasted at a low temperature, says Pathfinder Magazine. The word "pekoe" is derived from Chinese "pai", white, and "hao", hair, referring to the fact that the leaves are picked with the down still on them.

Roman Name for Hot Springs

The only hot springs in Great Britain are at Bath; they were called by the ancient Romans Aquae Solis, or "Waters of the Sun."

Lithuania's National Flower

The national flower emblem of Lithuania is the rue (in Lithuanian, ruta).

World Automobile Production Reduced By 34 Per Cent

In the calendar year 1930, the 17 countries of the world engaged in automobile production turned out 4,109,281 motor vehicles, a decrease of 2,163,220, or 34.6 per cent, as compared with the record output of 6,272,451 in 1929, the United States Department of Commerce announced. The reduction is credited to heavy decline in purchasing power in the principal export markets, together with the economic recession.

The drop ushered in a period of readjustment during which the automobile industry in every important producing country except England faced the problem of curtailing its activities without impairing its ability to supply the future inevitable increase in the demand for motor vehicles," according to the report.

Estimated production in England was 235,670 units, an increase of 0.7 per cent over the 1929 total of 233,935. England's increase placed that country ahead of France, as the leading European producer. The output in France was 221,950 vehicles, a decrease of 10.5 per cent under the 248,000 report for 1929.

German production was 70,044, a decrease of 12 per cent under the 1929 figure of 80,300. Italian production was down 32 per cent from 54,100 vehicles in 1929 to 36,532 last year.

Sweden turned out a total of 2,400 units representing an increase of 37 per cent over the 1929 production of 1,753. Soviet Russia's production for the year ending September 30, 1930, was estimated at 4,425, a jump of 159 per cent over the 1929 total of 1,766.

As heretofore announced, production in the United States and Canada in 1930 marked a reduction of 37 per cent under the 1929 peak. Despite this fact, plants in the United States manufactured 14 times as many motor vehicles as were produced in England.

Exports from the United States decreased by 298,577, or more than five times as great as exports from Canada and more than seven times as great as exports from France. —Michigan Mfg. & Financial Record.

First American Novel?

It is said that the first American novel was published in 1780 and written by Sarah W. Morton under the title of "Power of Sympathy."

Uncle Eben

"Look on do bright side of life," said Uncle Eben. "If you don't see no bright side, make it yoh business to pick out sumpin' an' shuf it up." —Washington Star.

Advice for Hot-Headed

"It's better to use de longest words you knows when you gets excited," said Uncle Eben. "Makin' sure bout de perzack meanin' may give tings foh yoh temper to cool down." —Washington Star.

The "Flapper"

Webster's New International Dictionary says: A young girl of about fifteen to eighteen years of age, especially one who is not yet "out" officially; probably so called with a double allusion to "flapper," a young duck, and to the braid of hair worn hanging down the back of young girls.

Pigeon's Homing Instinct

In the light of present knowledge the homing instinct of the pigeon should be considered as a specialized form of migration developed and exploited by man through training and also selective breeding. Several other factors contribute largely to the effectiveness of the instinct and these are the qualities that respond to systematic training. The most important is an acute vision coupled with a wonderful memory.

Eclipse Myth

The famous myth of the monsters pursuing the sun and the moon is an attempt to explain the phenomena of the eclipses.

Normal Rainfall

Scientists have worked out that 650,000,000,000 tons is the approximate normal rainfall for continental United States for one year.

Seek Lily's Identity

If you can name the lily pictured above you will confer a favor on Mr. and Mrs. Herndon Hess, 101 North Detroit Street, in whose yard it has attracted much attention for several years. Mr. Hess has questioned florists and landscape gardeners as to its identity without result. The flower picture above was 22 inches from the bottom to the tip of the calyx, which was of a deep purple-black, with a black velvety spike. It has a putrid smell when it first opens that attracts flies.

An offshoot has been transplanted to the yard of Oscar Swartz.

fast since New Years day.

Mr. and Mrs. Rex Keller returned to their home in Ypsilanti Sunday, after a visit at the home of the former's mother, Mrs. Hattie Keller, who accompanied them for a visit there.

Mrs. Charles Hughes of New York City and Mrs. S. W. Bibson of Chicago stopped in Buchanan Wednesday for a visit with their brother, Al. W. Charles, while en route through for a visit with their mother in Indianapolis.

Ellyn Bromley, who has been ill in bed for several weeks at the home of his parents, Mr. and Mrs. Fred Bromley, South Portage, is recovering, but will have to be in bed for at least three weeks more. He has had a siege of pleurisy and now has a water sac on one of his lungs.

Words has been received by local relatives that Miss Florence Morgan, well known thru frequent visits here, is now an invalid at her home in South Bend with a severe hip injury incurred while visiting relatives at Wheatfield, Ind. She is 82 years old.

Blessing or Curse

A sense of humor is a blessing or a curse according to your philosophy.—Woman's Home Companion.

When a Man Marries, Etc.—

"If a man wants to marry he should make a little money first," says a well-known judge. "Afterwards he'll have to make a little money last."—Capper's Weekly.

Told of Pleasures in Music

Thomas Ravenscroft, an Englishman in 1614, wrote and set to music songs "Concerning the Pleasures of Five Usual Recreations: Hunting, Hawking, Dancing, Drinking and Enamoring."

Depends on What You Lay

A professor of economics finds a bricklayer's daily pay equals the value of 360 eggs. This represents a hard year's work for a hen, but bricklayers will point out that a hen cannot lay bricks.—Kansas City Times.

Ira Wagner, Jr. Named Director of Finance St. Joseph

Ira D. Wagner, Jr., son of Mr. and Mrs. Ira D. Wagner, Sr., of Buchanan, has been promoted from City Clerk to Director of Finance of the city of St. Joseph, following the resignation of the former Director of Finance, Fremont Evans, effective yesterday. Mr. Wagner was appointed to the office of city clerk a year ago, following several years in the office of county clerk. Promotion to the city director of finance came in the form of recognition for meritorious work in former offices.

Jimmie Garren Emerges Victor From Rum Tourney

Now that it can be told, here may clear up a lot of surmise, hereabouts to state that the record high temperatures in the downtown section for the past two weeks were due chiefly to the feverish heat generated in the big rum tournament which closed on Tuesday evening in the Smoke Shop, with James Garren, prominent local indoor sportsman, leading the field. Mr. Garren was awarded a handsome prize and is now in a position to defend his title against the doughty athletes from Boosters and Donkeys. Mr. Harry Boyce was the cellar champ with a handsome total of 66 games lost. He was consoled by a substantial prize in the form of a tobacco humidor.

John P. Ware is Married to Battle Creek Lady Sunday

A marriage of considerable local interest was that of John P. Ware, formerly of the Clark Equipment company force of this place and now of Battle Creek to Gertrude Ainsworth of the same city, which occurred at 4:30 p. m. Sunday at the home of the bride's sister, Mrs. William Hart, Wilmette, Ill. The ceremony was followed by a wedding dinner at the Edgeworth hotel. Among the guests were Mr. and Mrs. A. S. Webb and children of Buchanan. The bridal couple left for a trip to Maine.

Sends Description of Natural Beauty Chamberlain Hills

A friend of the Record forwards the following selection from a nature description with the comment that it might have been written of the Chamberlain Hills:

There were rare occasions when we made pilgrimages to its summit. These trips possessed all the charm and adventure of mountain climbing. Slowly we clambered up above the smoking chimneys and the clattering wheels of the town. Step by step the panorama of hill and valley unfolded before us, until breathless we reached the summit, and the wilderness of the world itself seemed to lie before us. The purple haze of far horizons beckoned us. The glint of the sun on distant hills called to us. The world was in our thought and the universe held speech with us. When we came down again in the twilight we felt that we had transcended the cramped and narrow environment of village life and we were out of patience with those who sat on cracker boxes in the country store and seemed to forget that anything of importance existed outside the village.

Chicago Man is Fined For Catch Undersized Fish

August Koerner of Chicago pleaded guilty before Justice Al W. Charles yesterday to catching undersized bluegills from Clear Lake, and was assessed a fine and costs of \$15.30.

Irony of Fate

The authors who wrote our popular songs, "Home Sweet Home" and "My Old Kentucky Home," were both sad men who lived tragic lives.

Making Life Better

Ah, how happy would many lives be if individuals troubled themselves as little about other people's affairs as about their own.—Lichtenberg.

PREVENT those TERRIBLE HEAD COLDS

you can do it
Zonite disinfects the nose, mouth and throat. An antiseptic. Use regularly and you won't have colds.

**Each Michigan
Driver Used 501
Gallons Gasoline**

How much gasoline did your automobile use in 1930? If you are an average Michigan driver, you purchased 500 gallons during the year, according to figures of the department of state.
In computing this figure, however, no allowance was made for excessive consumption by buses and trucks, so that in all probability, the pleasure car driver did not use quite the average number of gallons.
Statistics show that Michigan ranked fifth in the United States in amount of gasoline consumed. To supply the state's needs for one month, 100 trains of 75 tank cars each, are needed.

**Kalamazoo to
Use New Starting
System in Races**

Joe McGraw, the veteran official starter of the Grand Circuit racing meets, will put into action his new starting system this year.
A barrier arrangement, somewhat similar to those used in running races, will be in use in Kalamazoo on July 18 to 19, when the McGraw meet is held. McGraw has tried out a barrier set some 30 or 40 yards back of the starting line, enabling the horses to get a flying start and eliminating, at the same time, the sometimes trying scoring.
The barrier will be used in the eighth annual Grand American Racing Derby, classic of the Kalamazoo meeting. In past years, anxious drivers have raced to the starting line far ahead of part of the field and McGraw, in fairness to all, has found prolonged scoring necessary.
McGraw's system was tried out on the Florida tracks in the winter months and starts were found to be at a maximum at five minutes. The barrier will be used

throughout the Grand Circuit this year if it continues to prove satisfactory on the Big Line.
The Derby, on Tuesday and the \$10,000 Exchange Club trot, on Wednesday, will feature the Kalamazoo race week program.
London Women Forgetful
London women lose or mislay 400 umbrellas a day, according to the lost property office. A spell of wet weather, it is said, brings umbrellas in at a greater rate than dry weather. They are left in omnibuses, street cars, taxis and even on the streets, and they are forgotten just when their owners need them most. It often happens that an umbrella is checked in at the office twice on the same day, the owner having mislaid it again shortly after regaining possession of it.

National Rainfall
The winter rainfall on the Pacific coast is associated with the migration toward the equator of the cyclonic storm belt of the prevailing westerlies, with the advance of autumn and winter, and the poleward migration of this same belt in spring and summer. During summer the coast is dominated by the high pressure belt of the North Pacific, with generally clear skies and conditions unfavorable to rainfall.

Longest English Word
What is the longest word in the English language? Some say "honorificabilitudinitatibus," perhaps because Shakespeare used it. Others antidisestablishmentarianism. But Dr. Frank H. Vizetelly, well known lexicographer and he ought to know—gives the answer as: "Unhyphenatedmetacatiparametalepenthesisantiphrasticality," a word of 60 letters, that is used, but only rarely, in mathematics.—Kansas City Star.

Test of Music
"There is only one critical judgment I can rely upon in music—the verdict of the spine," Fritz Kreisler told me. "If I feel a thrill down my spine, from my own work or that of any other man, I know that it is good. Let the critics say what they will. There is no finer test. And if an artist never knows that thrill, or loses it, he is in the wrong business."—Beverly Smith in the American Magazine.

Inconsistency
Man is a rather peculiar creature. He shoots the birds and then turns around and spends millions of dollars to fight insects.—Florida Times-Union.

Qualification
"Knowledge is power," is an old saying. No; it only becomes power when it is harnessed to action.

The Old Timer's Corner

Old Timer Writes of Picnic in a Valedictory to The Corner

Well—the picnic is a thing of the past and it was such a hot day that very few were brave enough to come out. Several that had fully intended to be there "backed out" at the last minute. I don't know as I blame them much at that. It sure was a scorcher. Never have seen such a hot day so early in the season. About 70 people there besides the "kiddies". About 25 from Chicago, I guess. Anyway, we didn't have any program to listen to and everyone visited with everyone else, and then went home to try to cool off. Let us hope, if we ever have another one, the weather will be more in our favor.

I want to thank the Record and the local committee, on behalf of the members and officers of The Chicago-Buchanan Society for their help in the arrangements and Clint Hathaway for his help. The music was furnished by the high school orchestra and if the weather had not been so terrible hot, I think we would all have enjoyed it more. It is a thankless job to try to entertain anyone when the thermometer registers 100 or more, as it did that day. They played well and am sorry we did not have conditions to better enjoy it.

This letter will end my contributions to "The Corner" for a while. Conditions are such that I will be unable to write any for a while. Maybe some time this fall. Until then, I am
Yours truly,
OLD TIMER.

Well, Mr. Holmes, The Daddies Quite Often are the Goats

Editor Record,
A few corrections and explanations: In the story of the dam(n) sale I am made to say "Holmes and English were then driven into receivership". Should have said Holmes and English were never driven into a receivership. Some difference. They were induced to go into receivership to clear title, and by the millionaire Stone abandoned in that position and powerless to get out. I have had a strong antipathy toward millionaires since that time and believe that to be one of the reasons why I never became one.

In the story about George A. Blakesley in the Galien post office I tried to say he had held that position continuously for longer or less than any other man in Berrien County has similarly held such a position. By the type I said practically nothing.
The east part of Terre Coupe prairie is very flat, and slopes a bit to the east. All of that part of the prairie was cut by ditches, one around each forty acres and the whole system connecting with the Kankakee river, and in high water it backed up into those ditches. Knowing this it is easy to see how it was that an eight pound pickerel was wandering about the prairie seeking a location for spawning if she clung to those ditches.

House of David to entertain the "Kiddies." A farther expression of my disgust at the use of that appellation to any human animal is found in my experience on East Front Street some years ago. I had crossed from the Noble store to the bank corner, and there met one of my old Schoolmates of the Sakeretown school, with a bunch in her arms and asked "Hello! Whatchu got there? "A Kid," she said. "Good Lord! Is its daddy a goat? There was no nail in the corner post to hang the 'kid' up on, the street was so muddy she could not lay it down and she had no club, so I escaped alive.

In the Record head page four I find, "Subscription price, Berrien and St. Joseph counties, \$1.50; elsewhere \$2." The query is What has Cass county done?
That dam at Benton Harbor was an idea with stupendous possibilities. It was to be built across the valley of low lands along Paw Paw river, to be twenty feet high and about twenty-five rods long and was to form the nucleus of the Michigan State canal connecting with the river at Detroit, so lake boats might go through with the saving of the long run around Macinac way. The Benton Harbor dam was supposed to produce a lake sixteen or more miles long and besides the canal part, give Benton Harbor a good power source.

BUCHANAN 10 YEARS AGO
From Record of July 1, 1921

G. S. Easton, Publisher
The first local grown peaches of the season were marketed in Benton Harbor Wednesday by Henry Pump, who has a fruit farm near that city.

Gasoline again hit the slacks over the county generally Monday when the oil was offered at 13c wholesale and 20.8c retail, the lowest price in several years.

The younger fans of Buchanan enjoyed a snappy game of baseball on the high school grounds Wednesday morning between the South Bend Tribune Juniors and the Buchanan wizards. The visitors put up a good game but were outclassed by the locals who took them into camp to the tune of 13 to 1. Buchanan's lineup was: Arnold Bristol, Don Hamlin, Leonard Bamman, Rexford Smith, Harold Hamlin, Hubert Peck, S. Bailey, Bill Bohl, Len Hudson. Marlin Kean was umpire.
James Best, Jr., has resigned his position at the J. E. Arney store.

and will go to Dowagiac.

Mr. and Mrs. Ralph Allen, Dr. and Mrs. J. C. Strayer, Mr. and Mrs. F. H. Miller and Mr. and Mrs. D. J. Rouse will be host and hostesses at a dance to be given at the Clear Lake dance pavilion on Tuesday night.

Richard Kingery has accepted a position with the Postum Cereal Co., at Battle Creek.

Bert E. Steele, operator at Bakerton, which station has been discontinued, has been appointed agent at the Buchanan station.

Paul Atwood, who was just graduated from the Bush conservatory

will go to Dowagiac.

Mr. and Mrs. William Shinn of Whiting, Ind., are guests at the home of the former's sister, Mrs. Florence Wooden, while they are receiving optical treatments from Dr. Bonine of Niles.

Mr. and Mrs. Shinn are old-time residents of Buchanan, having moved away 34 years ago. Mr. Shinn came here with his parents as a boy of fifteen and made his residence here for a long period. As a boy he mixed all the putty for the windows of the Rough Wagon Works building, which were erected in the seventies by the Beardsley Brothers. Later he teamed for Rough Bros.

Against the Grain. People never enjoy hearing a man say, "Be as good as I am," especially when they're better than he is.—San Francisco Chronicle.

Spider's Presence a Benefit. Spiders are not produced from dirt or by hot climates. All species are carnivorous, eating insects and other spiders, and they are likely to be found wherever their insect prey may be caught. When they enter a home or building, they do so for the purpose of cleaning out flies and other insects.

sive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said county.

WILLIAM H. ANDREWS, Judge of Probate. SEAL. A true copy. Lillia O. Sprague, Register of Probate.

1st insertion June 25; last July 9 STATE OF MICHIGAN, The Probate Court for the County of Berrien.

At a session of said court, held at the Probate Office in the city of St. Joseph in said county, on the 23rd day of June A. D. 1931.

Present, Hon. William H. Andrews, Judge of Probate. In the Matter of the Estate of Lucinda M. Jennings, deceased. Charles F. Pears having filed in said court his final administration account, and his petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is Ordered, That the 20th day of July A. D. 1931, at nine o'clock in the forenoon, (Standard Time) at said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said county.

No Need For Worry About Grain Aphid

Both the scientists and the humorists say that the wheat crop is lousy this year, but the entomologists at Michigan State College say that farmers of this State need have no serious worries about the presence of unusual numbers of the common grain aphid, or plant louse, on wheat.

Farmers from all sections of Michigan have bombarded the College department with requests for information and advice about this minute insect which is found on the heads or other parts of the wheat plant. This grain aphid is an old resident of the State and is present each year.

It is also known as the apple-bud louse and spends part of its time on apple trees, where it does no harm. From the apple, the insect migrates, in April usually, to grass or grains. It sucks juice from the plant, but does not inject any toxic substance into the plant to cause serious injury.

This insect has been observed for the past 80 years by the College entomologists, and, during that period of time, natural parasites of the plant lice have always killed most of the aphids before harvest time. This parasitization is expected to occur again this year and the plant lice will be reduced to their ordinary numbers.

The species of plant aphid which causes serious damage to grain crops in some parts of the country has been found in Michigan only once or twice and no specimens of it have been reported this year. This aphid injects a substance into the plant which interferes with the plant's growth.

Wheat Is Equal To Corn in the Feeding Trials

Michigan wheat growers can derive some consolation, in this year of low prices for that grain, from the results of the feeding trials at Michigan State College which show that wheat is equal to corn as a feed for fattening hogs and that the costs of gains made with wheat are no greater than with corn.

The lots of hogs which were fed wheat ate less tankage than those fed corn, and both lots gained equally rapidly. Each lot of hogs received alfalfa meal, and a supplemental feed of either a mixture of 70 per cent tankage and 30 per cent linseed meal or a straight tankage supplement.

The reports on the hog feeding trials and the results of the experiments with sheep and baby beavers were explained to the 100 livestock feeders who attended Feeders Day at Michigan State College. The beef cattle which were fed barley gained more rapidly and at a lower cost per hundred weight of gain than those fed corn.

Each lot of cattle received linseed meal, alfalfa hay, and corn silage in addition to the grain. The barley-fed lot gained 2.25 pounds per day, the corn-fed lots gained 2.17 pounds daily; the feed costs per hundred weight of gain for each grain were: barley, \$7.07; corn, \$7.43.

The feeding trials with sheep showed that native medium wool lambs gained more rapidly than western lambs and the gain was made more economically. Feeding corn silage to the lambs increased the rate of gain and decreased feeding costs. Both barley and corn were superior to oats as a fattening ration. Corn and barley were nearly equal in value.

Interesting Letters. A woman, known for her interesting letters, keeps a clipping folder in her desk into which she slips all kinds of tidbits from newspapers and things friends tell her, filling them under the initial of the friend she thinks they will interest. When she starts writing letters, she looks under the initial and gets out all these tidbits which she often has forgotten.

Guinea Fowl Meat Popular. Guinea fowl meat is increasing in favor as a substitute for game such as grouse, partridge, quail and pheasant. The demand for guinea begins late in the summer and extends through the fall and winter months. The young birds are sold when they weigh from one and a half to two pounds, at about three months of age.

Old Irish Term. "Colleen" is a word of Irish origin and literally means girl or maid. It is frequently used as a girl's name. The English pronunciation is "kolleen," with the accent on the first syllable.

Superstitions That Live. In the Dark Ages every custom was endowed with miraculous powers, and such beliefs die hard. To people encountered on the way to church or the place of baptism are supposed to have a superstitious significance, for example. Thus a beggar encountered means ill luck, and the bad luck may be checked by handing the beggar a luck penny. A black cat encountered is the happiest of omens.

No Man Liveth Unto Himself. There is no sort of wrong deed of which a man can bear the punishment alone; you can't isolate yourself and say that the evil that is in you shall not spread. Men's lives are as thoroughly blended with each other as the air they breathe; evil spreads as necessarily as disease.—George Eliot.

Just Backache. Myofascitis is an inflammation of the voluntary muscles (and, fascia, at their insertion into the periosteum) and the "body" structures to which they are attached. In reality it is a toxic myalgia—an inflammatory reaction of the fibrous supporting tissue to extraneous poison, which may be "bacterial or toxic," absorbed from the colon.—Medical Journal and Record.

Keen Enjoyment for Smokers of Pipe and Cigarettes

Tip From Golf. A lot of careless pedestrianism could be corrected by an automobile siren that yells "Fore!"—Kansas Gazette.

Matters of Confidence. The confidence which we have in ourselves gives birth to much of that which we have in others.—La Rochefoucauld.

Trade and Profession. A trade differs from a profession in that you do your practicing before you begin to charge for it.—Capper's Weekly.

State Tax of \$3,310,971.09 Paid By Michigan Bell Telephone Co.

June 5, 1931 4/158-11

CHECK NO. 4217

CERTIFIED FOR PAYMENT

For taxes due June 1, 1931, by Auditor General's Department statement of May 25, 1931.

\$3,310,971.09

VOUCHER NO. 6 12

TO FIRST NATIONAL BANK IN DETROIT, 9-11-13 DETROIT JUN 30 1931

PAY THREE MILLION, THREE HUNDRED TEN THOUSAND, NINE HUNDRED SEVENTY ONE AND 09/100 \$3,310,971.09 TO THE ORDER OF

State Treasurer Lansing, Michigan

MICHIGAN BELL TELEPHONE COMPANY

Primary school fund benefits from largest tax payment ever made by Telephone Company. State, federal and local taxes of Michigan Bell total \$5.51 for each telephone in service during last year.

Three million, three hundred ten thousand, nine hundred seventy-one dollars and nine cents was the amount written on the face of a check handed to O. B. Fuller, state auditor general, at Lansing, Tuesday, June 30, by a representative of the Michigan Bell Telephone Company. The check was tendered in payment of the Telephone Company's state tax bill for 1930. Only one other check, representing the joint tax paid by the New York Central railroad and the Michigan Central railroad, was larger.

The Michigan Bell Company's tax payments this year to state, federal and municipal governments, representatives of 681,976 telephones in service during 1930, or the net earnings from approximately two of every five telephones.

According to Walter I. Miner, treasurer of the Michigan Bell Company, who signed the check, the Telephone Company pays more than 23 per cent of the total amount that will be paid the state of Michigan this year by utility companies. Under the state law telephone and telegraph companies, railroads, railway car loaning companies, and express companies pay taxes to the state in lieu of local taxes. This money is placed in the primary school fund and later disbursed among school districts in proportion to the number of children of school age residing in the district at the time the annual school census is taken. It is estimated the primary school fund for 1931 will receive from utility taxation approximately \$14,100,000.

SPANISH GALLEON SHIP OR CRYSTAL LUNCHEON SET

with

The Berrien County Record

For the past month we have been giving the Spanish Galleon, or Ship Lamp, with every paid in advance subscription to The Record. Now we have added this dainty Crystal Luncheon Set to our list of premiums and with every subscription paid two years in advance we will give this complete 22-piece set of dishes. It consists of four plates, four cups and saucers, four glasses, four coasters, and sugar and creamer—just the ideal luncheon set, done in a pretty etched effect.

Or, for one year in advance, we will divide the set, giving cups, saucers, sugar and creamer in one unit, and plates, glasses and coasters in another. Subscriber may have his or her choice. Old subscribers as well as new may take advantage of this offer by paying up to date and one or two years in advance.

Come in and See the Luncheon Set

You'll be surprised at the quality and beauty of it. And it really costs you nothing for you get the Record at \$1.50 per year while this offer lasts. Old subscribers may pay up and in advance at the \$1.50 rate during this special bargain period. Don't delay! While we want to give all our subscribers a chance to get either a Shadow Lamp or Luncheon Set, we cannot keep such an offer open indefinitely.

Because of the danger of breakage we cannot ship either the shadow lamp or luncheon sets. You can mail your order for either and tell us when you can call for it. We will hold whatever you select until convenient. Make sure of it today!
