

TO LET NILES-BUCHANAN ROAD FRIDAY

Troop 41 Takes Lion's Share of Honors at Lake Madron Camp

FIRST UNIT FROM CITY LIMITS TO THOMPSON SCHOOL

Now Here's the Proposition

ON HOT WEATHER CONDUCT

I tell you, I like summer time; I think this weather is sublime; However sultry it may be, It's cut to fit such guys as me.

It's far too hot to work or play; The only way to make the grade Is ease along from shade to shade.

Now boys, don't work too hard too hard today; Although there's plenty work to do.

I hate to lose good men like you; We'll all just lazy round a bit.

And listen to a baseball game; And if we do not get much done We'll simply blame it on the sun.

Mr. Charley Pete Fuller of ver-nacular fame; Swore he'd get into Heaven or "Pete" want his name.

"Up there in the sky you'll get fired darn soon; Of hangin' out the sun and drag-gin' in the moon.

Be smart like we—come down below; And just wear horns and shovel coal.

The Number is Nine, If You Wish to Make a Note of it.

"Why don't you give us the news of the big and vital things of the community, treated in a big and vital way?" asks Auntie Alicia of Alexander Street.

"Where's all the highpowered news?" inquired a local dame of a party more or less prominently identified in a professional capacity with the Record.

Miss Edith Graham of St. Louis was so intent on a cross-word puzzle that she didn't know her home was burning and was rescued with difficulty.

WIN IN TENT INSPECTION AND ATHLETIC MEET

Capture 118 Merit Awards in Largest Court Honor in History Camp.

Sixteen boys from Troop 41, occupying tents number one and two with George Remington, tent leader of tent one and Bob Watson, leader of tent two; won the honor pennant for tent inspection as follows: tent one, Tuesday and tent two on Monday, Wednesday, Thursday, Friday and Saturday, and tied for first place Sunday.

At the track meet Tuesday, George Remington placed third. At the water carnival, Tuesday evening, Hubert McClellan won first place in the egg and spoon race and a team consisting of Ted Lyon, Lovell Batchelor, Bob Stevens and Don Sargent, took first place in the flag relay.

At the campfire program Wednesday evening the tent championship in the Horse and Rider contest went to George Remington and Don Sargent and the camp championship to George Remington and George Spatta.

Buchanan took first place in the swimming meet held Friday. In the water polo game between the Buchanan redskins and Benton Harbor water-rats, Buchanan held the big end of a three to nothing score.

Friday evening, the largest Court of Honor ever held in this area, made a total of three hundred and seven awards, with Troop 41 claiming one hundred and eighty-two.

The heat wave has lapsed temporarily at least, but its unsettling effects on the minds of the public are only now beginning to be apparent. Here's a hot blast that blew into our office on the tail of the wave:

Mr. Charley Pete Fuller of ver-nacular fame; Swore he'd get into Heaven or "Pete" want his name.

"Up there in the sky you'll get fired darn soon; Of hangin' out the sun and drag-gin' in the moon.

Be smart like we—come down below; And just wear horns and shovel coal.

The Number is Nine, If You Wish to Make a Note of it.

Increased Fee For Fish License Effective in 1932

The increased fees for resident trout license and non-resident angler's license as established by the recent legislature, cannot be enforced until 1932, according to the Conservation Department.

When the general fishing bill became a law in June the Department had already issued and sold over eighty percent of the resident trout licenses for the present season, and non-resident licenses and buttons were already in the hands of thousands of dealers.

Effective January 1st, the non-resident angler's fee will increase from three to four dollars. Resident trout licenses will cost \$1.75 after the present season as compared to the present one dollar fee.

The increase set by the legislature for small game and deer licenses will be effective during the coming season, and licenses and buttons are now being manufactured.

Irvin Savage, former Clark plant employee, experienced a severe heat prostration while at work on paving construction near New Buffalo Tuesday and was taken to the Michigan City hospital.

FIRST UNIT FROM CITY LIMITS TO THOMPSON SCHOOL

Contract on East End Held by Negotiations with Mich. Central on Bridge.

The contract for the west end of the Niles-Buchanan road, comprising the 2.6 miles from the end of the brick pavement opposite the Bainton residence to the Thompson school, is scheduled to be let Friday, July 24, with construction to begin as soon as detour facilities are available.

The contract is to be let in two sections, that construction may not be held up by the negotiations now on between the county board and the Michigan Central on division of the cost of construction of the overhead bridge at the Niles city limits.

The installation is now complete from the Portage Prairie road to Niles with the exception of a short distance at the edge of the Niles city limits, which is being delayed by the installation of a culvert. It is anticipated that this section will not be completed for another month.

Former Instructor In Buchanan H. S. Expired Wednesday

County dailies of Thursday carried the news of the death of Mrs. Margaret Cloney Hastings, who passed away the preceding evening in the New Borgess hospital, Kalamazoo, following a Caesarian operation performed Tuesday.

Mrs. Hastings taught in the English department of the Buchanan high school during the year 1927-8. She later taught in the Benton Harbor high school, until her marriage to Al J. Hastings, inspector for the state department of agriculture at Benton Harbor, which occurred at Mendon June 28, 1930.

The funeral was held at her old home in Vicksburg and interment was made there.

ASK FARMERS TO SEE BETTER SOILS TESTS

Michigan has so many different soil types that the soils department at Michigan State College maintains nine experimental farms in different sections of the state to try the effects of fertilizers, lime, and other methods of soil improvement and, each year, the public is asked to visit these farms and see the results of the trials.

Each soil type requires different methods to build it up to a state of fertility that makes it possible to grow profitable crops. The experimental farms make it possible to find which improvement practices are most practical on each soil type, and farmers in the vicinity of these farms can easily visit them to find out ways to improve their own land.

The soils department has conducted experimental work on the Cass County Farm for 14 years and has improved the land from a condition where it failed to grow any good crops to a state where good yields are secured.

The discovery of silk is ascribed to a Chinese queen who lived 47 centuries ago.

"Fine Record in Chevrolet made by New Iso-Vis"

Reports A.A.A.

NO WONDER the American Automobile Assn. wrote this in their report on the Indianapolis Speedway Tests. Read these certified facts.

- 1 New Iso-Vis did not thin out from dilution.
- 2 During entire 9,000 mile tests, all parts of engine and chassis were lubricated effectively.
- 3 Only 1 quart of oil—Iso-Vis 50 (Heavy)—was used in 1,000 miles at 30 m. p. h.
- 4 Carbon formed was only 4.4 grams per cylinder at 30 m. p. h. using Iso-Vis 50 (Heavy).

5 The cylinder wear was too little to measure.

No other motor oil has a record like this to show. If you are looking for a motor oil that rates high on each and every one of these important points, New Iso-Vis stands alone. New Iso-Vis is the only motor oil that will not thin out from dilution.

Don't cheat your car on lubrication. Give it the protection of New Iso-Vis. Have your car drained and filled today with this certified motor oil.

HOWDY FOLKS!!

Every once in a while someone asks us "Honestly, now, which kind of Automobile Insurance is the most important?"

To which we answer, "We'll tell you that if you will tell us which wheel of an automobile is most important."

The answer to both questions is, of course, that all are not only important but necessary. You never know in just what form LOSS will visit you—fire, theft, collision, windstorm, personal injury or property damage claims. Some of these may cause greater financial loss than others, but insurance is so scientifically rated that you pay only in proportion to the danger.

There is no more pathetic picture than the man who has insured his car against several hazards—and the LOSS hits him right where his protection ISN'T.

Why not be sure about your insurance? We will be glad to lay out a plan of all-around insurance on your car—no obligation implied by seeking our advice.

The Buchanan Orioles proved to
be a little too much for the Tigers,
Dayton taking the short end of a
2 to 1 score. Buchanan scored both
runs in the third inning. Dayton
had men on bases within scoring
distance several times but lacked
the necessary punch to put them
across. Buchanan completed sev-
eral double plays. It was a dandy
game, both teams playing fast,
clean ball. They meet again at Bu-
chanan early in August.
Next Sunday Dayton plays New
Carlisle at Leiter's diamond.

100 Mile Stock
Car Race Sunday
At Playland Park

An event which promises to sur-
pass anything of its kind ever
staged in South Bend has been
scheduled for Playland park on
August 2nd, Ed Wegner, local race
promoter announced recently. It
will be a 100 mile stock car race
open to all classes of machines.
The race will be staged on the
Playland park oval which means
that cars competing will have to
speed around the half mile track
200 times.
All stock cars entered in the
race must be stripped. No wind-
shields, tops, fenders or extra
accessories will be allowed.
With regard to motors, special
carburetors are permitted but the
other standard features must be
retained. Standard bodies also
must be allowed.
Entry blanks and further infor-
mation on the race can be obtain-
ed by writing Ed Wegner at 338
E. Jefferson St., South Bend.
As an added attraction, a head-
on collision between two new stock
cars will be staged at the con-
clusion of the 100 mile race. Miflin,

The Old Timer's Corner

Nancy Studebaker Contributes to The Corner From New Mexico

Editor Record,
 I have just read in your most excellent paper, "the Record," that Mr. and Mrs. Harry Weaver were visitors in your city and the promise Harry made and that every other contributor to the "Corner" must ever hereafter, keep mum. So I have hastened to get in a few lines before that dreadful day, as I have written for the "Corner" sometimes in the past. J. G. Holmes will remember me, I am sure. First I am very glad to hear of Mr. and Mrs. Weaver's

visit there as I knew them very well in the years gone by and when we were all younger than now. I suppose John Holmes is still able to ride his "machine" and beat the wind out in Cedar Rapids.
 I have just passed another "mile stone." To my friends and acquaintances I will say I am thinking of them very often. If this can get in first, I might write again.
 Nancy Studebaker,
 Springer, New Mexico.

Esther Montague Winch Tells of The Founding of Bakertown

The brothers, Hiram, Lewis and Stephen Baker, located farms, named McCoy's creek and built a carding mill. They called the settlement Enterprise. Others called it Bakertown. It was a veritable godsend by whatever name. Every farmer kept sheep. Sheep were grazed and could live on herbage where cattle could not. Besides the pioneer people all wore woollens. Before wool could be spun it had to be carded, made into rolls. This was a tedious hand process. The cards resembled

curry combs—if the new generation know what that means. The Bakertown carding machine had patronage from an extensive area until spinning was a lost art and most of the sheep had become mutton. Although coming around the corner, as yet, no labor saving domestic inventions had reached Berrien county's frontier, when the helpful carding machine lifted one burden of domesticity. There were no sewing machines, wringers or ready to use foods. A cloth for a strainer and a mortar for

will be held in Kathryn park on Thursday, July 28.
 Mr. and Mrs. Harold Steele and daughter, Mrs. Edwin Steele and Mr. and Mrs. Cress Weldon and son, left yesterday on an automobile trip to Manistee where they will be guests of Mrs. Harold Steele's parents, Mr. and Mrs. Johnson.
 Miss Eunice Bloom celebrated her seventh birthday Tuesday and in honor of the occasion her playmates came to help her do it. The little folks had a splendid time and closed the day by partaking of ice cream and cake.

GALIEN 10 YEARS AGO

From Record of July 22, 1921.
 Mrs. Robert Glover and daughter returned to their home at Blue Island Tuesday evening after a two week's visit with their parents, Mr. and Mrs. Clarence Glover.
 Mr. Meyers and family of Elkhart who have purchased the undertaking establishment of Frank Hall moved their household goods here Tuesday and are located at the Hall home.
 Mrs. Emma Dempsey who has been in LaPorte the past two weeks returned home Wednesday. Mrs. Zelma Housworth accompanied her home and will be her guest for the week.
 Master Richard Revers Wentland entertained a party of little boys at his home Monday, July 18, in honor of his seventh birthday. Ice cream and wafers were served.
 Mr. and Mrs. B. E. Steele and family have moved to Buchanan

and Floyd Lintner and family are moving into the house vacated by them. We greatly regret having the Steeles leave our community.
 The Rebeahs and Odd Fellows held a joint installation at their hall Wednesday night.

Mr. and Mrs. Arthur Glover of Grandville, Ill., Mr. and Mrs. Andrew Glover of East Gary and Mary Lou Watson of Battle Creek, were among the guests present from a distance. Others attended from Niles and South Bend.

Cloudburst Does Damage to Hills Corners Church

Damages to the Hills Corners Church of Christ by the heavy rain of a week ago Tuesday morning were discovered at the week end religious services, when it was found that the runoff of water from the slope on which the structure is located had undermined and weakened one side wall and the entire basement had been filled with several feet of water and heavy deposits of mud and sand. The men of the church will gather Saturday to drain and clear the basement. It is feared that the furnace may have incurred some damage.

A young man offered to marry Miss Mary Walker of Chicago when she was tried for theft, but she told him she preferred jail.

GAS - the Dependable Fuel for Cooking

Do you know of any other service so dependable as gas? Turn on and light your gas burner. That's all there is to it. Gas never fails!

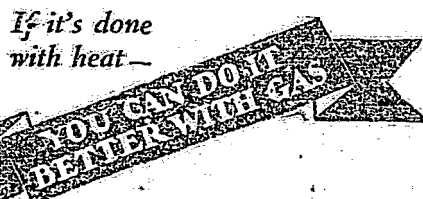

The character of gas service—and the construction of your gas range—are such that you can rely on them completely. There is not even a possibility of either the service or the appliance failing you at a critical moment—when guests, for example, are coming for dinner.

Waterless Cooking the New Way

Steam-cook your vegetables in the oven—a new idea, and far superior to boiling! Not more than an inch of water is required in the bottom of the pan (none whatever is needed with the more moist vegetables). A tight lid holding in the moisture produces waterless cooking. Only enough moisture remains to use in serving the vegetables—hence the natural flavor and food value are retained to the fullest.

INSULATED Oven for all oven-cooking

Oven steaming is best accomplished with the insulated range. Insulation keeps heat in the gas range just as it keeps cold in the refrigerator. Keeps your kitchen cool and comfortable. Oven ventilation makes all foods more delicious, and keeps odors out of the kitchen.

Will Run 100 Mile Auto Race at Kazoo Sunday

Sunday afternoon on the historic mile track at Kalamazoo will be run the seventh renewal of the 100 mile auto race this year sanctioned and conducted under the auspices of the contest board of the American Automobile Association. Entries close Friday night and there are now thirty drivers entered of which twelve are to start.

The fastest dozen will be selected starting at 11 Sunday morning in the elimination trials. Among those entered are a dozen from the Indianapolis race, some with two men cars, others with single seaters.

The race starts at three o'clock and soldiers from the C. M. T. C. Custas will assist the state and local police in guarding the danger zones.

The last two years this race has been run by what is known as outlaw promoters, the race being

Crystal Springs Camp for Girls is Big Success

"We're having such a good time, good time!" "We're having such a good time!" So runs the refrain of the song which was most popular with 32 delighted girls at Crystal Springs camp near Dowagiac last week.

Flag-raising and setting-up exercises brushed the sleep out of bright eyes and provoked voracious appetites for hot muffins and cocoa. Bible study awakened abhorred interest. Every girl was thrilled about the bracelet she made in handcraft, and butterflies, beetles and birds received a flattering degree of attention from eager nature students. Under a nurse's trained eye, first aid and bed-making were assiduously practiced. A water carnival, baseball trackmeet, hare-and-hounds hike and wienner roast were among the sports which filled the afternoon hours.

Camp fire was a time of rollicking happiness because honor points were awarded them for excellence in camp spirit, willingness, sportsmanship, obedience and co-operation, stunts were performed, stories of other lands told, and songs rose through the night weaving singing hearts into harmonies of friendship.

"A week is far too short for such a camp," protested parents who attended the demonstration Sunday afternoon. Camp meeting dates are July 24 to August 2. The Kalamazoo District Young People's Institute begins July 27 and closes August 2.

Motion Pictures State Wild Life Made for Schools

A motion picture loan service that will make it possible for the pupils in about 20 of the larger school systems of the state to learn conservation through visual means, will be inaugurated with the opening of the next academic year, the Educational Division of the Conservation Department has announced.

About 15 reels of conservation motion pictures, including wild life, forest, fire, forestry and kindred subjects, will be loaned to the larger school systems. A few reels will be loaned for two months at a time so that all pupils will have an opportunity to see all of the pictures during the coming school year.

The smaller school systems will obtain conservation pictures for shorter periods through the Department's regular film loan service.

ORIOLES DEFEAT DAYTON TIGERS IN CLOSE GAME

Contest is Marked by Close Fielding, Stellar Ball on Both Sides.

With Marrs pitching consistent ball and the support clinking in an almost perfect manner, the local team defeated the Dayton Tigers at the Dayton diamond Sunday afternoon 2-1.

In the third stanza, with Boyce on second and Proud up, umpire Marrs called time because of the rain. After about five minutes, during which the players sat under the trees and convenient sheds and told stories and ate cake, they were called to play in a slight drizzle which lasted for most of the game. Proud then singled, advancing Boyce to third. Proud stole second and Roti brought in Buchanan's two runs with a single. With only one down Roti was caught on an attempted steal to second. Wynn singled but was caught off first, ending the "on" inning for Buchanan. Dayton scored their only run in the fifth when J. Leiter came in from second on B. Rotzein's double.

The spectators were given a great laugh in the sixth when Roti took a vicious swing at one of Seabasty's offerings, the bat slipping out of his hand and landing neatly in front of the pitchers box. Seabasty, with a childish forethought and a big leaguer's arm threw the bat into the right field foul district. (Needless to say the stands went wild.)

Salisbury was relieved in the third by Seabasty.

ASA SMITH
Asa Smith was born in LaPorte county, Ind., Feb. 5, 1876, and passed away at his home on West Front Street, Wednesday evening, July 15th, at 7 o'clock, following several months illness resulting from injuries received Jan. 4th, while he was sawing wood. Mr. Smith and family came to Buchanan about five years ago from New Carlisle and Mr. Smith was employed by the Clark Equipment Co., until January.

On January 4th, Mr. Smith was seriously injured by a buzz saw while at work. His right arm was completely cut off and the left one badly lacerated. Complications set in, which resulted in his death.

He is survived by the widow, Marie and five children, Charles,

Ethel, Robert, Stella and Donna, and by one brother, Addison Smith of South Bend. The funeral services were held on Friday afternoon at 3 o'clock from the home. Rev. Harry W. Staver preached the service. Burial was made in the Galien cemetery.

Prominent negroes have long complained that Amos 'n' Andy slur the black race by the introduction of such shiftless and otherwise objectionable characters into their broadcasts. The Association for the Advancement of Colored People is making a vigorous protest in the hope of removing the "film" of ignominy they feel is being spread over their virtues.

It is told that shortly before leaving for Europe Andrew Mellon

hurriedly changed his clothes and took a taxi for his office, arriving there without a cent with which to pay his fare. He convinced the driver that he was Secretary of the Treasury and that his credit was good.

Mrs. Jeanie Burns of Chicago admitted she had committed bigamy, but said she was "only seeking happiness."

Reading room located in the church at Dewey Avenue and Oak Street is open each Wednesday afternoon from 2 till 4 o'clock.

Christian Science Churches "Truth" is the subject of the Lesson-Sermon in all Christian Science churches Sunday, July 26. Among the citations which comprise the Lesson-Sermon are the following taken from the Bible: "Judgment also will I lay to the line, and righteousness to the plummet; and the hail shall sweep away the refuge of lies, and the waters shall overflow the hiding place." (Isa. 28:17). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth, Life and Love are the only legitimate and eternal demands on man, and they are spiritual law-givers, enforcing obedience thru divine statutes." (p. 184.)

Methodist Episcopal Church Thomas Rice, Minister Sunday School at 10 o'clock. Attendance at Sunday School and church adds to one's Sunday enjoyment, besides setting a splendid example to our boys and girls. Arthur Mann and Miss Elizabeth Longfellow are superintendents of our Sunday School.

Mr. and Mrs. Public look on both sides of the dollar today; it seems worth more to them. They EXPECT it to buy more.

Too many manufacturers are making shoes to sell at any price that will tickle the buying fancy of the public. When inner construction and unseen quality is sacrificed, the LOWERED price shoe becomes more expensive to wear. It behooves the buyer, now, more than ever to consider the honesty and integrity of the maker.

WORK SHOE If you're looking for a heavy duty work shoe, look no further. Here it is! It is built to stand the punishment given shoes by men who earn their living on their feet. The uppers are double tanned, full grain cowhide, securely sewed. The 16-iron, husky soles are Vulcan fastened to the uppers with 40 brass nails. Plain soft toe, smooth leather insole; full rubber heel, suction type and 13-nail fastened, and drill lined vamp and toe mean comfort. Bellows tongue. \$1.98 is ridiculously low for such a work shoe. 25 MEN'S SIZES \$1.98

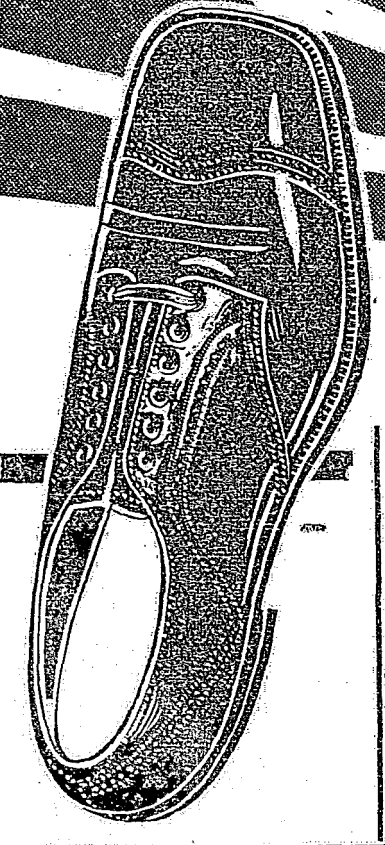

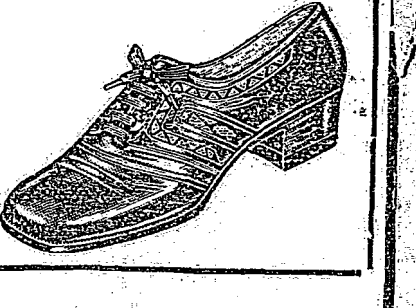

Here's the oxford that will cause children's shoe bills to hit rock bottom. It's the biggest dollar's worth of value you ever saw. Full grain chrome tanned veal upper leather used—fine for children's shoes because it's soft. Heavy grain leather insole. Heavy Panoram out sole—flexible and will not mark floors. Felt heel pads and rubber heels. 8 1/2-11 MEN'S SIZES \$1.00

SCOUT SHOE A leader in every sense of the word. Nothing fussy or fancy about this Scout Shoe—but it's the best work shoe you can buy for the money. It's built to stand the gaff. The tough, wax-finished cow-hide uppers are Double tanned. The 14-iron, Wearflex soles are Vulcan fastened for strength. The full rubber heel is 13-nail, suction cup type. Practically seamless, it provides mighty easy going. Buy them because they are better shoes. 29 MEN'S SIZES \$1.69

This fashionable oxford in gum metal will please as much in service as it does in appearance and comfortable wear. Fancy stitching and a neat cutout design, underlaid with harmonizing, reptiled gum metal are used for trimming. 602 WOMEN'S SIZES \$1.98

GENUINE CALFSKIN - IT SHINES \$4.00

A New Wear-U-Well Oxford, outstanding in value because it is outstanding in every detail of design, workmanship and materials. The uppers are fine, full-grained, genuine calf skin—analine dyed. It has the best of materials throughout, including calfskin linings, 9-iron, "heart-of-the-hand" oak sole and ventilated insoles which permit the feet to breathe. It is made with a new idea in rubber heels. This type of heel is found on shoes ordinarily retailing for \$8 to \$12 and higher. It is long-wearing and is designed to hug its base closer and retain its shape longer than any other heel. Besides, this oxford is made of a combination last which hugs the heel and fits the foot perfectly. 11X-MEN'S SIZES \$4.00

Dr. Maurice's Arch Support combination last, one strap pump of soft brown kid—a perfect combination of comfort, good looks and service. Sizes 4 to 8. Outstanding value at \$2.50

Number 7952 blonde, one-strap Pump, with cut-out trim vamp. Will appeal to the Miss who wants a smart looking, comfortable shoe for those warm days. Sizes 9 to 2. SPECIAL \$1.98

Balance is the most important point in building your shoes of utmost value. A shoe has balance and been proven by actual Tests. Tests are of good quality duck backed with sheeting. They are carefully and strongly built through out. The thick, black, effect soles will give excellent service. The reinforcing sole strip is of dual design, and the toe cap is finely knurled to give a heavy appearance. Nevertheless, this shoe lives up to its name. On the foot it is extremely light.
