

MAYOR CALLS RELIEF MEET FRIDAY

Dean of Notre Dame Law School Addresses Luncheon Club

Now Here's the Proposition

FEMININE SPELLING

When lovely woman stoops to spelling Her choice of letters for her name Forever is past any telling And very seldom twice the same. She slings the consonants about, She puts 'em in or leaves 'em out; And Alice sometimes Alys is And Gladys turned to Gladyses And Katherine is Katerine Or Kathryn or Kathryn She handles in such careless wise Her C's and K's and I's and Y's. She's so inconsequent and airy In treating Noah's dictionary As William Shakespeare once remarked, Back in the ages dead and dark, Thy name—is is inconcistency Which you now spell "Ynkons-tancie."

We Don't Mean Either Himmel or Berger Either

No, Sophronia, the A. & P. seldom employs a young lady manager for a store, but quite often the young ladies manage to manage to manage the manager quite well just the same. But we sometimes wonder who manages the store manager's manager.

Portage Orchestra To Present Third Anniv. Program

The Portage Prairie Sunday School orchestra will give their third anniversary program Sunday evening, Oct. 18, at 7 o'clock. The program will consist of music by the orchestra of 24 pieces, violin duets, violin and clarinet duets, cornet solo, brass quartet, vocal duets, etc.

Huff Family Hold Annual Reunion Sun

The Huff family reunion was held Sunday at the farm home of George Huff, west of Buchanan, 31 being present, all from this vicinity. Those attending were Mr. and Mrs. George Swift and two sons, Guy and Dorsey, and daughter, Mildred, and two grand-children, George and Margaret. Mr. and Mrs. John Camp, Mrs. Charles Miller and children, Mr. and Mrs. Hubert Conant and son, Mr. and Mrs. Fred French, Miss Libby Huff, Charles Huff, Mr. and Mrs. Louis Rotzien, Miss Alene Huff, Mr. and Mrs. George Huff and daughters, Nina and Anna, and son, Clarence, Mr. and Mrs. Leslie Huff and two children.

Elizabeth Riffer Died Tuesday at Ed Riffer Home

Mrs. Elizabeth Riffer, 80, expired Tuesday morning at the home of her son, Edward Riffer, in the home of her son, Edward Riffer, in the Bend of the River, after an illness of ten weeks. She was born in Hagen, Germany on Jan. 7, 1851, and came to America as a young woman, settling at Buchanan on July 4, sixty years ago. She lived many years on the farm in the Wagner district now owned by George Huff. Her husband, Henry Riffer, died about two years ago. She is survived by one daughter, Mrs. Katie Gelnert of Berrien Center, and by three sons, Edward Riffer of Buchanan, William Riffer of Racine and Harvey Hess of South Bend. The funeral will be held from the Evangelical church at 2:30 p. m. Friday.

PLEADS FOR NEW ATTITUDE IN INDUSTRY

Must Admit Obligation to Public as Well as to Stockholder, He States.

That the present industrial breakdown had its origin in a system of corporate business organization with an eye solely to dividends for stockholders, which had lost sight of its obligation to the public who were served by its products and the men who labored in its plants was the thesis of a dynamic address delivered by Thomas Konop, dean of the law school of Notre Dame University before the Civic Luncheon Club at the American Legion Hall Tuesday noon.

"The brewers committed suicide by their irresponsible attitude and policies," stated Konop, "and our large industrialists will do the same if they do not reorganize their business in the direction of 'humanizing' it, respecting the primary right of men to work."

The argument against a public dole rather than private relief falls flat when submitted to the test of logic, Konop stated. A government bond issue which would provide a dole for the unemployed in the way of jobs in which they would be given an opportunity to work and in fact be forced to work for any aid they received would be the most practical solution," Konop stated.

He suggested a bond issue of \$5,000,000,000 to be used in immediate construction of highways and other public enterprises for the provision of jobs. The United States spent \$22,000,000,000 in two years in destructive warfare, he stated, and a bond issue for unemployment relief would be equally defensible. The resources of the government are unaffected by the present crisis, he stated.

Konop charged that practically all branches of industry, business and professional life, had been reorganized until human contact had been lost and the primary idea of service to the user of the goods had disappeared. Hypocritical attitudes dominated men in all relationships, he stated, and it is necessary to return to a sense of human responsibilities.

Konop enriched his talk with a wealth of incidents from his long and varied experiences in public life, in the course of which he sat on the state industrial commission of Wisconsin and represented that state in congress, where he was a member of the committee in charge of the shaping of the farm loan act passed in Wilson's administration.

Berrien Rabbit Breeders to Meet in Niles, Oct. 21

The Southwestern Michigan Rabbit Breeders Association at the last meeting held heard excellent reports from the field salesmen and it is expected that large contracts for meat rabbits are in the near future. Several new members were added to the association. Anyone interested in raising rabbits are invited to attend next meeting which will be held on Wednesday evening, Oct. 21st, at 108 Sycamore Street in Niles, at 8 p. m.

Tigers Swamp Greyhounds in Season's Last

The Dayton Tigers completed a successful season Sunday when they defeated the Portage Greyhounds, 11 to 3. The game was evenly played until the seventh when the Tigers tied a knot in the Bow-wow's tails, knocking Wild Bill Messenger off the mound and drawing the knot tighter in each of the last two innings. Sebasty pitched his usual steady game, allowing only seven hits.

BUCHANAN GRID TEAM MEETS NILES SATURDAY

50,000 Fish are Planted in Local Lakes and Creeks

Fifty thousand fingerling trout and bluegills from the Benton Harbor fish hatchery have been planted in this vicinity in the past week, the work having been scheduled to be completed today by conservation officers Cleve Horner of Galien and Bob Rinker of Buchanan.

A total of 5,500 rainbow and 2,500 brook trout were planted in McCoy's Creek. Other plantings consisted entirely of bluegills in the following amounts and lakes: Clear, 6,000; Weaver, 3,000; Madron, 3,000; Boyle, 3,000; Judy, 3,000; Wagner, 3,000; Yellow, 3,000; Pike, 3,000; Hagley, 3,000; Lamb, 3,000; Garwood, 3,000; Hess, 3,000; Singer, 3,000.

EVAN CHURCH HOLDS ANNIV. SERVICE SUN.

History of Pioneer Organization is Reviewed in Program.

The Anniversary Day services held at the Evangelical church on Sunday were a success in every way and the pastor and people feel highly gratified for their efforts.

Prof. E. D. Riebel, a former pastor, brought the inspiring messages to large and appreciative audiences. The history of the Buchanan Evangelical church and Christian Endeavor as read from old documents and records by T. E. VanEvery revealed a spirit of sacrifice and enthusiasm by these early pioneers which greatly stirred the hearts of the listeners.

Mr. W. H. Chubb, the only surviving charter member and the first exhorter, gave a few reminiscences of those early years which were greatly appreciated. Pleasant memories and recollections were awakened by the reading of letters from former pastors.

Groom G. Wynn For Pivot Man on W. S. T. C. Eleven

The first big home game of the season will find the Notre Dame B team opposing the Western State Teachers at Kalamazoo on Saturday, Oct. 17, when a real struggle is expected with the Irish Bees.

Coach Mike Gary's men promise to be in good shape for the tilt on Saturday with the exception of Blohm, center, who is ill, and probably will be out of the game. This week the coaching staff is bending efforts towards making George Wynn, Buchanan, over into a center. The Buchanan lad, who has played nearly every position on the team, except center and tackle, is giving promise of developing into a real snapper-back. It will not be surprising to see him at this position with Loenneke, Gary, and McKee, Kalamazoo, in reserve.

Chas. Salisbury, New Carlisle Man, Dies Suddenly

Funeral services were held on Tuesday afternoon at the Methodist church in New Carlisle for Mr. Charles Salisbury, 74, of that place, who died very suddenly Saturday evening. Mr. and Mrs. Salisbury had been spending a week at the home of the latter's brother, Mr. Frank Kahn, north of Buchanan, and had just returned to their home at New Carlisle when Mr. Salisbury was stricken with a heart attack, dying within a few minutes. Mr. Salisbury was quite well acquainted in Buchanan, having a number of relatives here.

Power Company Employee Killed in Benton Harbor

Emil Paulson, 55, a power company employe in Benton Harbor for the past 20 years, was electrocuted Saturday while installing meters in cottages in Palisades Park, three and one-half miles west of Covert. Paulson had been installing wires at the top of a pole. It is believed that he stepped on a transformer and swung about coming in contact with a high tension wire forming a circuit. He was hanging by one foot when discovered by his fellow-workman, Chauncey Burns, who was working inside a cottage when the accident occurred. He was still alive when lowered from the pole, but died shortly afterward. His left shoulder and one foot were badly burned.

BOYCE RAISES ISSUE OF UNDUE COST HIGHWAYS

Fight on Floor at County Board Meet Results in Visit to Niles-Buchanan Road.

Widespread criticism of contract prices and types of construction of recent Berrien County highway projects became an open issue when Supervisor Harry Boyce of Buchanan talked out in meeting before the county board of the October session Tuesday, with special reference to the Niles-Buchanan project now being built by the Lang Construction Company.

Boyce contended that the contract price of \$99,738.93 was excessive for the 2,765 miles of macadam construction with asphalt top. This price represents a cost of \$36,070 per mile. Boyce questioned whether concrete road might not have been installed at this price or less. The concrete type of construction had been opposed by the county board on the plea of expense. He submitted figures on the cost of construction of a 20 foot concrete highway at LaPorte, which was installed for less than \$20,000 per mile.

Boyce stated that if the old macadam being used as a base at a saving of \$15,000 as Secretary Claude Baker of the road commission contended, then the actual cost of the highway on the basis of new materials was that sum plus the contract price of \$99,738.93.

As a result of the discussion, the board of supervisors voted to visit and inspect the Niles-Buchanan construction in a body. Secretary Baker contended that the type of construction being installed would give the county a more lasting road than concrete. He stated that the Michigan highway department expects to use the same type in the rebuilding of US-31 between Niles and Berrien Springs.

6-YR. OLD HIT EN ROUTE HOME AFTER SCHOOL

Truck Hits Robert Mullen, But Child Escapes Serious Injury.

Robert Mullen, 6-year-old son of Mr. and Mrs. Harold Mullen of West Coupe Road, was painfully but not seriously hurt, late yesterday afternoon when he was struck by a road truck at the intersection of West Chicago street and Terre Coupe Road.

The boy was walking home from school. The truck was coming from the west and wheeled sharply off the pavement onto Chicago Street, the truck fender striking the boy's head and knocking him down. He was able to get up and walk part way home, when he was picked up by a passing car.

The truck which struck him did not stop and it is not definitely known whether the driver saw the boy. The lad told his parents that the truck stopped shortly after passing him and the driver dismounted and cranked it and went on. The identity of the driver is not known.

Relief

With youngsters still going to school barefoot and the bees making harvest in the late flowers in Buchanan this week it is not hard to wave away depression talk with an optimistic assertion that things are not so bad as they are painted and that the poor are always with us and that we have always had to take care of them and will continue to do it in the regular way.

With the first shock of winter and freezing weather, there will be a different face on things. The fact that lines in the business and industrial graphs swung lower in 1892-3 than they have yet does not get us past the hard fact that we have before us a situation that must be taken seriously and should be taken in hand soon.

It will be harder to handle than it was last winter from the following reasons: 1. There has been less employment in the community this winter than last to a marked degree, and the people are consequently entering the winter with less of what it takes to go through winters. The fact that the Clark Equipment Company has to date averaged much higher than the run of the industrial plants in the country does not alter the fact that employment has dropped off here as everywhere else.

2. Merchants will not be in a position to extend as much credit as last winter for the reason that many of last year's bills are still on the books and the credit business has its well-defined limits.

3. Those workers who were not able to meet all their expenses for the past two years have slipped further behind. 4. Going by the law of averages, the chances are that this winter will be harder than last.

The relief situation was handled with comparative ease last winter, although the few men who sponsored and carried through the work put much more hard work and thought into it than the community realized. The campaign for special fund was initiated by M. L. Hanlin, who with the aid of a few public-spirited people mapped out a program and carried it through in a very efficient and satisfactory manner. Mrs. John Fydel of the United Charities served as field-worker for the fund, assisted by Matt Kelling as treasurer and Will Richards, relief officer for the city.

The work of administering such relief is always very difficult, requiring marked capabilities in the way of firmness, tact, and special knowledge. Those who carry out such work must also run the gauntlet of criticism, regardless of how honest and competent they may be. The Record feels that it is within the facts in saying that the city as a whole appreciated the fine work done in relief last year and would be more than satisfied with the same leadership next year.

The Record further believes, however, that the problem of local relief will be larger and more difficult of administration than last winter. As a contribution to the discussion of pros and cons and ways and means, we make the following suggestions:

- 1. That an organization be effected as nearly as possible on a community-wide scale with a central committee in which the various churches, clubs, and industrial and business interests of the community have adequate representation. 2. That this organization be effected at once and not after while. 3. That control be centralized under the direction of one leader; and that having selected such a leader, that we unite in support and avoid looking for opportunities of criticism. 4. That as far as possible the relief situation be handled otherwise than by outright donations of cash. 5. That a central depot be established where donations of clothing, food and other relief materials may be brought. It might be essential to secure the use of a cool, secure basement where vegetables and other food supplies might be kept. 6. That through Boy Scouts or other agencies the surrounding farms be canvassed for unmarketable or lowgrade vegetables, apples and other foods that might be secured at low prices or on donation. 7. That as far as is possible the relief be doled out as payment for labor, and that to that end the town be canvassed thoroughly in order that all who have work that they are in a position to pay for might be listed and this work distributed among the needy. 8. That the city provide as much work as possible in lieu of relief donations, carrying out cemetery improvement, snow-shoveling, tree-trimming street and sidewalk improvement, wherever manual labor can be used, with a view that the city get value received as far as possible for all money paid out, and the recipients be spared as far as possible the implication of charity.

Special Offer

You farmers who have your bins full of wheat that the buying public do not seem to appreciate, here's a chance to make a double play, the Record assisting. The local market offers 35c per bushel for wheat. We'll give you fifty cents per bushel for it. That is, with the provision that it be applied on subscription accounts, whether in renewals or new subscriptions. In other words, the Record offers one year's subscription for three bushels of wheat, and then we'll turn around and donate one of the bushels of wheat to the local relief committee. In that way you'll be paying accounts, getting a margin over the market for your wheat, and assisting the deserving needy of the community. If you have other produce, not perishable, you want to pay on account, we'll talk business with you, on similar terms. For instance, we'll give a year's subscription for five dozen strictly fresh eggs. None others need apply—it's a long time before election.

FACE UNBEATEN Foe in Annual Grid Classic

Locals Have Most Promising Eleven of Years; Hard Fight Promised.

Local residents who do not yet realize that they do not need to go as far as Soldiers Field or the Notre Dame stadium to see a snappy high class brand of football, are urged to make the acquaintance of the Rambling Buccaneers in their annual clash with the Niles eleven on Athletic Field next Saturday afternoon.

Critics who have seen Bradford's eleven in action state that he has one of the most promising elevens that has represented the high school in years. The backfield is light but smart and fast. The Morse twins promise to be among the best broken field runners ever wearing the local monogram, and Jesse is displaying promise as a field general and an accurate toe artist. While the team may take a few drubbings from heavier teams this season, in view of the fact that many of the best players have a year or more yet to play, it would seem that the future grid prospects are not at all dark.

Niles will be represented by a heavy eleven which to date has conquered Watervliet, Coloma and St. Augustine of Kalamazoo.

Bread to Hit New Low at the Jeschke Bakery

The buying power of Buchanan will be boosted over 50 per cent as far as the price of bread is concerned next Monday morning, when the tariff on pound loaves of bread will be reduced to 6 cents to the retail trade at the City Bakery, according to a large announcement by Ernest Jeschke in this issue. This pegs the price of bread back to the ante-bellum days. Jeschke says that the quality of his bread will not be reduced, but will be made from the same superior shortening and sweet condensed milk that has been responsible for its superior flavor in the past. This economy is being made possible by the retirement of bread trucks and delivery service and the saving thus effected is being passed on the consumer. Jeschke states that he will continue his restaurant trade.

KENNETH WARE KILLED SUNDAY IN CAR CRASH

Car Skids on Slippery Turn; Crashes Tree on Return From Eastern Trip.

Kenneth Ware, 24, formerly an employe of the Clark Equipment company and later of the A. T. & T. Co., with headquarters at Niles died at 4 a. m. Monday at Newark, O., as the result of mortal injuries incurred when his car left the road while he was rounding a downhill curve on a slippery pavement while returning from an eastern trip and crashed into a tree.

Ware left Waterloo, Ind., where he had been located the past year, a week ago Monday for a trip to Erie, Pa., to visit his parents. He was on his way back to Waterloo when the fatal accident occurred. He suffered a broken back, fractured skull, one amputated leg and other severe injuries. The crash occurred at 4 p. m. Sunday and he lived until 4 a. m. Monday, being conscious practically all the time. He was a frequent visitor with friends here. Joseph Melvin and Louis Gray will represent the local Odd Fellows at the state meet at Petoskey next week. Mr. and Mrs. Fred Guffon of Middleville, and their guests, Mr. and Mrs. J. D. Rouse of California, were week end guests at the home of Mrs. Nora Miles and of Mr. and Mrs. Earl Beck. Mr. and Mrs. Rouse left from here for their home in California.

COMMISSION TO DISCUSS RELIEF IN OPEN MEET

Hathaway Invites All Interested to Round Table Consideration Ways, Means.

A special meeting of the city commission has been set by Mayor Hathaway Friday evening in the commission chamber at which the public is invited to attend and take part in an open discussion of the relief problem that faces Buchanan this winter.

It is the wish of Mayor Hathaway that as much information as possible be secured on the probable extent of need impending and as many ideas as possible on the most practicable ways of meeting this need.

Opinion varies in the city as to whether the need will be any greater than last winter, ideas ranging from a belief that there will be no more relief needed, to a belief that the requirements will be a hundred per cent greater.

Mayor Hathaway stated that a number of local residents had written to him on their ideas of the form relief should take. If the need appears to be extensive, it is possible that some form of civic enterprise might be undertaken to provide work, if it can be arranged practically.

COUNTY CHAMPS OF 1909 PLAY AGAIN SUNDAY

Veterans of Deering Nine of New Troy Don Uniforms and Run Bases.

Baseball as it was away back when Honus Wagner was a first-sacker and Rube Waddell a champion. Mattison were rising stars of the diamond was exemplified Sunday afternoon at Hills Corners, when ten of the old Deering squad of New Troy, champions of Berrien County in 1909, donned uniforms and mitts again and went into action against the present generation in the form of the Wolverines, the present Glendora nine.

Although the score of 16-10 in favor of the youngsters would doubtless have been larger had it not been intentional laxness on the part of the junior nine, the old timers nevertheless displayed a surprisingly good brand of baseball, considering their various ages. The oldest man on the reorganized Deering squad, 62 years of age, playing in left field. While he was slow in covering the field, he fielded the chances that came directly his way in fine style, and whipped the balls to the bases with an accurate peg. The youngest man on the Deering was 44.

Accompanying them was Harry Boyce, who was manager for the outfit the year they were champions. At that time seven-league had been formed, comprising nines from New Troy, Benton Harbor, St. Joseph, Eau Claire, Berrien Springs, Berrien Center and Niles.

All but one of the pennant winners of 22 years ago are still living. Those present were D. Potts of Three Oaks, Benton Harbor, Bridgman, Elton Meyers, George Crawford, L. L. Tirrell, James Ferry and Charles Ludlum of New Troy, Albert Briney of Eau Claire, Dick Hill and Jesse Boyle of Glendora, and ex-manager Boyce of Buchanan.

The game Sunday was arranged by Charles Smith and was played on his diamond north of the Wolverine Gardens.

Epworth League Sponsors Harvest Festival Service

Members of the Methodist Epworth League are sponsoring a special Harvest Festival service at the church next Sunday evening. Members and friends of the church are asked to bring or send in any produce of the field or garden, which will be displayed around the altar of the church during the day and the evening will be especially featured by the festival service. On Monday the entire offering will be distributed to those about town who are likely to need eatables either now or during the coming winter. Mrs. John Fydel, assisting the Epworth Leaguers in the distribution. The young folks hope for a generous response on the part of the grown-ups.

INDIANA'S NEW RESPONSIBILITY LAW. States that if your car is responsible for damage to other persons or their property to the extent of \$100 or over, you must show evidence of financial responsibility to the amount of \$5000, either in the form of an insurance policy, a bond or cash. A liability and property damage policy such as we sell, will meet the requirements of the Indiana law. Don't fool yourselves, Indiana's law APPLIES TO YOU when you are driving in Indiana, and Indiana is only 5 miles away. Why not see about that protection now and have the next six months to pay for it. E. N. SCHRAM "The Insurance Man" ANY KIND—ANY TIME—ANYWHERE 109 Main Street Phones 398F1 and 2

"More genuine satisfaction than any car I ever owned" saying this, I am thinking in terms of comfort, safety, driving pleasure, ease of control and economy. My next car will also be a Ford because it will give me what I want at a price I can afford to pay. When you get behind the wheel of the Ford and drive it yourself you will know it is a truly remarkable car at a low price. You will like it when you first buy it. You will become more and more enthusiastic the longer you drive it. After thousands of miles of driving you will say "it's a great car." Its economy will save you many dollars. FIFTEEN DIFFERENT BODY TYPES \$430 to \$640 (F. O. D.) Detroit, plus freight and delivery. Dealers and users are advised to loan the "Ford" time periods through the Authorized Ford Finance Plans of the Universal Credit Company.

AT LAST! THE BETTER GASOLINE. STANDARD RED CROWN. HERE is the news you've been waiting for—hoping for—wondering whether you'd hear it this year or next. The news of a NEW GASOLINE—a BETTER GASOLINE. Mark that last phrase! That which is new is not always better. But Standard Red Crown is NEW and BETTER. We introduce it to you as the best all-purpose gasoline ever put on the market. And we've anticipated some of the questions you'll want to ask about this brilliant, sparkling, modern fuel. From now on you'll hear plenty about Standard Red Crown—plenty of praise for a fuel that gives you more for your money—easy starting—more power—more performance—more miles. Read these questions and answers—and then drive to the nearest STANDARD RED CROWN sign—for your first filling of "The Better Gasoline"

What is Standard Red Crown, the Better Gasoline? A gasoline in which the fractions are so adjusted to weather conditions as to give a smooth flow of power at any season of the year. What are fractions in Gasoline? They're the compounds taken from petroleum each of which vaporizes within definite temperature limits. The skillful merging of these fractions and adjusting the proportions to meet different weather conditions make good gasoline. What happens if these fractions are not properly adjusted? The engine may perform satisfactorily under one set of conditions but not all. For example, in winter good gasoline requires large amounts of light ends to give quick starting and satisfactory performance, but in summer too much of these light ends causes vapor lock troubles. Is Standard Red Crown a natural product? No. Nature is not concerned with producing an ideal gasoline for automobiles. It must be made by skillful men. Standard Red Crown owes much of its anti-knock value to the use of the improved cracking processes developed by the Standard Oil Company (Indiana). How is Standard Red Crown made? Under processes developed in the research laboratories of the Standard Oil Company (Indiana) utilizing the tremendous refining facilities of this organization. Is Standard Red Crown a NEW Gasoline? Yes. It has just been put on the market. Why do you recommend it for winter driving? Because it starts easily and accelerates smoothly and because it can be depended upon to operate smoothly in the engine and deliver a rhythmic flow of tremendous power. Why is Standard Red Crown recommended for 1931-32 cars? Because it is designed to respond to the delicate adjustment of the latest type engines—because it performs better in the older types—because it burns clean at any speed—because it's priced to meet current economic conditions. It gives maximum performance at a moderate price. Where can I buy Standard Red Crown Gasoline? Standard Red Crown is sold where the Red Crown emblem is displayed. It is priced for the average pocketbook—but gives maximum performance.

# DOWN COMES THE PRICE! BREAD AT 5c LOAF

## At The City Bakery

Beginning Monday, Oct. 19, we are discontinuing our truck and delivery service as a policy of economy, and pass the savings on to you householders of Buchanan and vicinity. At 5c per small loaf or 7c per large loaf, we believe we have met the low price of wheat fairly and squarely. We believe the consumer should buy bread for less money. The reduction in price we are making is the Answer to That Belief.

### Buy it at The Bakery on Days Avenue

There will be no delivery service, either wholesale or retail. You can walk around the corner for a nickel---save that nickel. Keep it in your own pocket---or buy

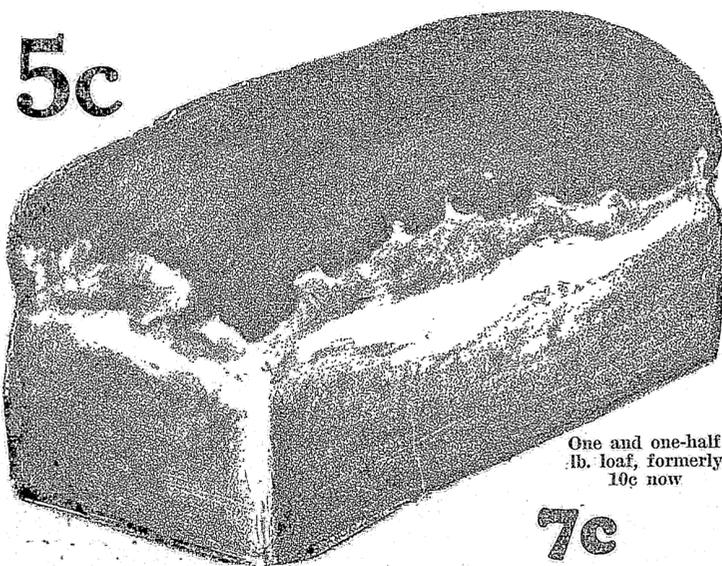

**2 LOAVES OF BREAD INSTEAD OF ONE.**

**This Is Not a Sale — 5c Is the REGULAR PRICE**

*One Pound Loaf, formerly 8c, now*

We're Making it Possible for YOU to Reduce Living Expenses. Why pay from 7c to 12c for a loaf of bread when you can buy a 1-pound loaf here for Five Cents. Think of the savings you can make in living expenses---right now when every cent must be stretched to do double duty.

**We Are Not Reducing Quality.** The bread you can now buy for 5c a loaf is exactly the same as you formerly paid 8c for. There will be no let-down in quality. This is your opportunity to save.

## Bucaneers and Chieftains Battle to Tie Grade News

### LIGHT LOCALS UNABLE TO GET — LOOSE IN MUD

#### Slippery Ball Foils Attempt by Jesse to Register Field Goal.

With a drenching rain pouring down through three quarters of the game, Coach "Curly" Bradford's maroon and white eleven fought the Dowagiac high to a scoreless tie at Dowagiac Saturday afternoon.

The field, a sea of mud, could hold nothing in store for either team and it was merely a matter of breaks. None occurred, however, and so both teams were content with fighting it out in a snail's pace.

The Bucks proved their superiority in the first half by driving deep into Dowagiac territory only to lose the ball on downs. Twice they threatened only to be turned back. The Buchanan eleven lost a little of their drive in the last half, and the Dowagiac boys were going places, especially around the Buchanan 20 yard line. At this point the "Mighty Middlets" of "E. H. S." took the situation in hand and strengthened to hold them there.

Miss Easley, Dowagiac colored flash, was sent into the game in the first quarter and punted beautifully out of danger for the "Jacks." He was kept on the bench during the major part of the game due to an injured shoulder.

He entered the game in the third quarter, but the "Bucks" held him down to diminutive gains. Lauren Morse, Buchanan half back, and Dodd of Dowagiac featured the game with their punting. Both were toting the balls nicely, and getting it away for long kicks. Morse's 50 yard kick-out on the Dowagiac 10 yard line was one of the high-lights of the game.

Buchanan attempted for points in the last quarter, with Jesse back to kick a field goal, but due to a wet ball he was unsuccessful in getting the oval away.

During the half a cross-country run was held with Niles and Dowagiac competing. Niles won, taking first and second place.

### Editorial

Monday, Oct. 12, 440 years ago, Columbus discovered America. We wonder if he is sorry now that he did so.

A teacher once asked his class who were the great inventors and a girl, hopped up and said, "Columbus." Well he was a great inventor for like them he had visions and imagination. He sat on a rock in the island of Sancho-Santo, Spain, and thought and wondered why the departing ships apparently sank into the sea, and the tops of the masts went down out of sight. He decided the world was round and he could sail around it to the East Indies. He urged his scheme upon his fellow men for eighteen years before he set sail. As John Fiske says: "He never meant to discover a new world, and he died without the slightest suspicion that he had made such a discovery." He died in obscurity and disgrace, and it is part of the irony of this world that the bravest spirits are apt to consecrate their lives to some grand purpose—in the pursuit of which they strive and faint and die—and now that praise or blame is nothing to them—we acclaim them as having done a great and wonderful thing. If they could listen to our praise they would be daft with amazement.

London's Sick

The sick folk of London are assisted by a staff of 10,000 nurses and others, working in 76 hospitals which contain nearly 42,000 beds. There are also 183 ambulances working from 20 stations.

### School Stunts

#### On Perceiving our Coach Carrying an 18th Century Poetry Book under His Arm:

We've heard of a fighter who's read a book,  
Of an fatal base ball fan  
And we prided ourselves on having a coach  
Who's a real athlete, a brawny man's man.  
And now he's deceived us, he's turning soft.  
18th century poets hold him in thrall.  
He stuns "Romance" and Beauty in Life."  
What's to become of that "rough" football?

#### Things we wonder:

Why the chemistry pupils almost go frantic when they miss place their chemistry keys.  
Where Marjorie Campbell acquired her astounding vocabulary.  
Why Richard Schram carries a compact.  
How come Mr. Ormiston could want to leave us pupils.  
Why John and Phil walk up Front Street often.  
What "Spot" and "Nene" hunt with their big guns on Saturday morning.  
Why teachers make us learn to spell.  
Why the school doesn't have a party every week.

Oh, no! Tell us it's not so! It is so? Omigosh, who'd ever have thought that Miss Hanlin and Miss Rockenbach would walk to school. Nothing less than a newly washed car, however, could turn the trick.

What if:  
Marvin Gross lost that spoon he uses in school to take his medicine with?  
Miss Chandler mislaid Herbie Hess's blocks, the blocks for hoisting his typing chair?  
Miss Lehrie couldn't take his daily strolls in the third hour assembly?  
Bob Upham ever finished a chemistry experiment without breaking something?  
Ah, we tremble to think of the consequences!  
Did someone up and leave this institution some money or what?  
New benches, new mirrors and new shower curtains in the girls' locker room all at once is quite a shock, even to the most reserved of persons. Several of the girls fainted from sheer astonishment, at the first sight of those new shower curtains, but after a moment's rest on the new benches, they revived sufficiently to plead with Miss Rockenbach to "repeat this news gently after this and not spring it on them all at once! !!!

### Home Rooms

The "Knobkerries" home room have been getting ready for their play to be staged in the assembly program. They have chosen a play and are selecting the characters. The name of the play is "A Couple of Lunatics."

The "Wake Up" home room has been discussing a number of things that are of general and special interest at the present. For some reason or other they have been talking about animals. Maybe they are making a circus or something. Well, you'll find out when they give their program.

They also talked about school loyalty, citizenship and the student council.

The "C. C." home room has been very busy and yet having a good time too. They wrote a letter to Dorothy Briney, who is ill. Miss Chandler read for two days on "Traveling in England."

The constitution of the student council was discussed in the "Ly R" home room Wednesday. A report from Marie Post, the representative to the student council, was given. Miss Shriver started reading a book, "Along the Pyrenees," Thursday.

"The Bold Bucaneers" have been discussing problems of etiquette. Fred Riley, the representative to the student council, told how the student council meetings were conducted and of some of the work they had accomplished this year.

Students of "The Spirit of Room 5" are enjoying Halliburton's travel book, "New Worlds to Conquer." They are also analyzing themselves to see what line of work they are best fitted for after graduation.

Members of the "Busy Weaver's Inn" went on a birthday hike to the sand hills last Thursday afternoon after school. Weiners and marshmallows were roasted. It was sponsored for all who had birthdays during the months of June to October. The home room program for last Thursday was arranged by Jack Rhoades.

Junior High Hustlers have a lending library. Ruth Babcock is the librarian. John Dale brought a great many copies of the Geographic magazine for the library. Joe Bachman made a poster with the name "Junior High Hustlers" on it for the room. Ellen Baldwin drew a picture of a tree for the room. Grace Crothers copied a poem, "Trees" by Joyce Kilmer. A business meeting was held last Wednesday afternoon.

Members of the Fra-tority home room announce their weekly program. Monday is given over to class meetings; Tuesday, current

### Senior Class Considers Cost of 1932 Yr. Book

The seniors met in Miss Shriver's room last Monday and made more definite plans as to the year book for 1932.

What kind of a year book could be afforded? That was the question before the members. A twenty page book was the suggestion made. This would include all the seniors, omitting all underclassmen. It was approved by the majority, thus solving that problem.

They are now working on plans to raise money to support the year book.

### Bookkeepers Take Standardized Test

Last week the bookkeeping class took the first standardized test of the year. This test has been given to several thousand pupils, and the standard grade groups are established. By giving this test it is possible to ascertain whether a class is above or below average. The grades show that our bookkeeping class is slightly above the average. However, we will take up "Investments."

### Robinson Forms Double Octet of H. S. Vocalists

Mr. Robinson and his group are working on what promises to be a fine group of singers, a novel organization, a double octet composed of eight boys and eight girls. The group consists of selected singers who all have good voices and who understand music quite well. Only the finest kind of music will be attempted by this group.

### Faculty Facts

Miss Chandler and Miss Shriver were in Chicago over the week end. While there they visited Miss Betty Phelps who is working for her M. A. degree at the University of Chicago. Miss Phelps is Miss Shriver's cousin. They saw the play, "Surf."

They saw fabulously rich teachers! Unemployment in South Bend is not voluminous. Mrs. Dunbar and Miss Carnagan spent all of Saturday shopping in that city. "Just to spend our money," quoth they.

Miss Rockenbach and Miss Hanlin plan to attend the Michigan-Ohio game at Ann Arbor this coming Saturday.

### REPORTING INQUIRER

Question—How do you think the Student Council can make improvements in school government?

I don't think the student council can make any more improvements in school government because they have all the laws necessary; but they do get results from the student body in cooperating and obeying these laws.

Alma Shaffer.

The student council can make many improvements in the school government. For instance, at present they are getting half monitors organized. These monitors sit in the halls and when the lower grades go out for recess, assist the teachers in any way possible. They also decrease the so-called "hall walkers," because no one is supposed to pass the monitors without an admit.

Marjorie Sands.

I think that the student government should try to carry out a plan that would give more opportunities to some of the students who usually sit back and watch a few do things. If this were started with the freshmen, it would not be so Claudia Young.

I do not think the student council alone can aid the school government. The student body must see where and how it may improve the school government. They must co-operate. When your home room sends a representative to student council, let him represent what your group wishes to suggest to help them (the student council) in their work. I think they had first better enforce the rules and laws we already have, before they make new rules. They might make the rules more clear and explain them in more detail, as to their importance, etc.

Members of Marjorie Lamb.

On improving school government, I really don't believe there are any more important improvements to make, as the school is carrying out the most important ones at present. It is not really up to the student council to improve school government, but it is up to the students themselves.

Zelda Frank.

### Girls' Soccer Tournament to Begin Oct. 19

The last of the girls' soccer practices were held this week and the tournament between classes will begin Oct. 19. Girls having six or more practices will be placed on either a first or second team which will be chosen for each class by Miss Rockenbach next week.

The girls who will play in the third round of tennis are: Freshmen, Shirley Howard, Gertrude Bristol, Francis DiGiacomo, Vera Bright; sophomores, Ruth Cripe, Alene Dodge, Annabelle Dalenberg; juniors, Doris Campbell, Helen Mogford, Rosemary Thompson; seniors, Zelta Frank, and Kathryn Portz.

### The Telephone Mile after mile, long lines of wire Motionless, yet fast as light itself; You are but the servant of the hordes of mankind. You receive no promise, you do not ask it, Yet you are indispensable to the whole wide world. Thomas Zerbe.

### Language Classes Con Vocabularies

The ninth grade Latin class reviewed all words they have had this year, totaling fifty. They will begin on the principal parts of verbs this week. The tenth grade Latin class studied the Roman home last week.

The eleventh grade French class reviewed their vocabulary which consisted of 135 words. The twelfth grade French class has finished the first issue of the "Le Petit Journal," which is issued every two weeks.

### Schools to Close Oct. 26 and 27 for Teachers' Institute

The Michigan Education Association Convention, better known to the students as Teachers' Institute, will be held at Kalamazoo, Oct. 26 and 27. The Buchanan schools will close so the teachers may attend.

### English Department

The seventh grade has started book reports and they have been working on their note books. The eighth grade students have been studying "A Vagabond Song" by Bliss Carman. It is an October poem. Two original poems contributed by members of the class are:

My Autumn Dream  
Autumn—the world suggests a world of things,  
But for me one meaning only has  
I wish to rise on wings, and fly  
and fly  
Until I see a wooded dale,  
That wears a red and yellow veil.  
There I will alight  
On some red berry bush so bright.  
All around will be a maze,  
In my favorite colors,  
Resending a blizzard  
I will be a forest spirit  
Dressed in dashing red.  
Every autumn my fancy flies,  
For my dream never dies.  
My dream of a wooded dale,  
Wearing a red and yellow veil.  
Una Keiley

That's October  
When the leaves are falling down  
And the grass is turning brown;  
That's October.

When my heart leaps in thrills  
As I gaze down off the hills;  
That's October.

When there are expressions of  
love and joy  
On the face of every girl and boy;  
That's October.

We all feel gay, I know  
On this Paradise below;  
In October.  
Jack Rhoades.

### Ninth English

The ninth grade English classes have been working on their exercise books and have been studying general capitalization and punctuation. The journalism class has been studying the building of action stories and the history of penny papers. The note books that were kept by the students were handed in last week. They contained the students' clippings from the "Microphone" and examples of various types of newspaper articles studied in journalism, including reports of newspaper analysis and historical notes on journalism. Miss Hanlin states that some of the books contain excellent work. In the near future they expect to begin work on the leading newspapers, the history of them, and the biographies of their editors.

### Kindergarten, Miss Ebbert

Several girls have made pretty rugs out of paper. They colored them with crayons and they made fine additions to the dolls' homes. We have made good use of the gaily colored autumn leaves that have been brought to school. On one of our bulletin boards we have formed three trees made out of these leaves. We have learned a poem about the leaves which has caused our interest in autumn leaves.

We took our first weight cards home Monday. We were all so proud to show our mothers and fathers how much we weighed. We hope that everyone can gain at least one-half a pound before next month.

We are learning to play a safety game which helps us to remember how to cross streets safely. Martha Pagras brought us a "Stop and Go" sign which we enjoy using.

### 1st Grade, Miss Miller

There were no tardy children last week.

We are planning a Columbus day table for next week. Annabelle Herman brought an interesting cocoon some time ago. We now have three lively gold fish in our room.

The children knowing best how to take care of their conduct have the opportunity to manage the line of traffic at passing out time. The traffic cops this week were: Pauline Mitch, Walter Reese, Bernice Hartline and Doris Smith.

These children had perfect attendance last month: Eugene Abbott, Emogene Abbott, Lobby Anderson, Betty Jean Bennett, Vivian Bennett, Bertha Bristol, Phyllis Carlisle, Eugene Dorah, Frances Fisher, Walter Zeleny, Veta McCale, Jeannette May, Billy Miller, Pauline Mitch, Stella Mosier, Virginia Ochender, Walter Reese, Niles Stewart, Orpha Swaim, Rollin Virgil, Beth Wallo, and Janice Walters.

### 2nd Grade, Miss Wilcox

Everyone is interested in our circus project. We have quite a collection of toy animals and are now making cages for them. We expect to have a big parade soon. Corydon Himmelberger brought several balloons. These give our room quite a circus like appearance.

Our new songs for this week are "The Clown" and "The Circus." Winnie Ross has brought a swing for our dolls.

George Hempel was absent several days on account of illness.

Kenneth McGowan is absent on account of illness.

Lowell Williams is on the sick list.

Those who remain on the October Honor Roll in spelling are as follows: Buddy Matthews, August Rosetti, Alvin Morley, Clair Welch, Jean Dalrymple, Charles Hines, Shirley Erdine, Dick McClure, Mona Weaver, Duane Chain and Cleo Rousselet.

We have learned two new songs this month, "Hallow'een" and "The Owl." We colored some pretty sprays of maple leaves this week in art class.

### 3rd Grade, Miss Simmons

Our music class is learning a song about a street car. As a result of the pleasure in the song, we had several paste board boxes brought with which John Huff and Martin Walter are building a fine large street car for the class.

We are dramatizing the story of Columbus.

Those who received 100 per cent in spelling were: John Vicars, Barbara Swartz, Betty Hamilton, Clifford Bauch, John Moyer, Raymond Terry, Harvey Hinman, Revilo Ross, Louise Fuller, Della May Heckathorn, John Montgomery, Hosea Coultas, Richard Tomlinson, Norma Adams, Pansy Maxson.

### 4th Grade, Mrs. Fuller

Monitors for the past two weeks have been: doors, Dick Dilley and Don Rhoades; blackboards, Marilyn Staver and Dorothy Hoover; paper, Jimmy King and James Heiermann; bookcase, Virginia Arnold, Freda Haffner, and Marion Hansen; music books, Floyd Daryks, Clifford Sharp and Dick Neal.

In our citizenship work, we are stressing the law of politeness. By popular vote, we selected Don Rhoades, Arnold Herman, Edward Pascoe, Jimmy King and Lester Hanover our best behaved boys; Catherine Wynn, LaVerne Adams, Johanna Burk, Marilyn Staver, and Margaret Miller were chosen as our best-behaved girls. Next week we expect to add many more well behaved children to this list.

Maxine Arthurholtz, Kathryn Hess, Harold Hittle, Don Rhoades, Betty Ryan, Marilyn Staver and Catherine Wynn have earned A in their spelling for the past four weeks.

We eagerly await the new "My Weekly Reader" which comes to each week. First we read Uncle Ben's letter from Africa; then we read the other articles on topics of current interest. This week we learned of Gandhi, and how Canada is protecting the beavers. In an effort to greatly improve our silent reading, and for pleasure, we finish with the test on the last page of this little newspaper.

Catherine Wynn, Maxine Arthurholtz, Don Rhoades, Arnold Herman, Virginia Arnold, Margaret Miller, Billy Ednie, Dickey Dilloney, Robert Donley, Donna Smith, Johanna Burk, Frederick Manning and Mary Louise Zupke had high scores in "My Weekly Reader" tests this week.

Our fast and most accurate worker in arithmetic this week proved to be Robert Fairman, Catherine Wynn, Arnold Herman, Alice Meile, Virginia Arnold and Mildred Ashby. Marilyn Staver prepared the best English papers.

### 5th Grade, Miss Elstrom

There have been too many cases of tardiness. We are attempting to stop as much of this as possible. Parents are urged to see that the children leave home in time to get to school on time. The habit of being on time is a desirable one.

We put on a Columbus Day program Oct. 12, during our auditorium period. The program was as follows: Columbus Day song by Geneva Babcock, Ruth Jean Haskins, Betty Jane Widmeyer, Wanda Wideman and Alice Leazony; poem, Joaquin Miller's "Columbus" by Alta Ferris, Audrey Ruth, Carol Dunlap, Monabelle Dreitzler and Ramona Dalenberg; play, Columbus, Howard Dillman; Messenger, Robert Ferris; Crew, Le Miller and Robert Hollenbaugh; song of America by whole class.

Last week the following pupils received 100 per cent in spelling: Mable Bennett, Max Doyser; Eileen Goehring, Ben Harvel, Mardell Holmes, Isabelle Pemberton, Ione Raven, Daisy Reamer, John Schultz, Olen Smith and Burrell Weaver.

We are very proud of our 100

### 6th Grade, Miss Reams

Several girls have made pretty rugs out of paper. They colored them with crayons and they made fine additions to the dolls' homes. We have made good use of the gaily colored autumn leaves that have been brought to school. On one of our bulletin boards we have formed three trees made out of these leaves. We have learned a poem about the leaves which has caused our interest in autumn leaves.

We took our first weight cards home Monday. We were all so proud to show our mothers and fathers how much we weighed. We hope that everyone can gain at least one-half a pound before next month.

We are learning to play a safety game which helps us to remember how to cross streets safely. Martha Pagras brought us a "Stop and Go" sign which we enjoy using.

### 7th Grade, Miss Miller

There were no tardy children last week.

We are planning a Columbus day table for next week. Annabelle Herman brought an interesting cocoon some time ago. We now have three lively gold fish in our room.

The children knowing best how to take care of their conduct have the opportunity to manage the line of traffic at passing out time. The traffic cops this week were: Pauline Mitch, Walter Reese, Bernice Hartline and Doris Smith.

These children had perfect attendance last month: Eugene Abbott, Emogene Abbott, Lobby Anderson, Betty Jean Bennett, Vivian Bennett, Bertha Bristol, Phyllis Carlisle, Eugene Dorah, Frances Fisher, Walter Zeleny, Veta McCale, Jeannette May, Billy Miller, Pauline Mitch, Stella Mosier, Virginia Ochender, Walter Reese, Niles Stewart, Orpha Swaim, Rollin Virgil, Beth Wallo, and Janice Walters.

### 8th Grade, Miss Wilcox

Everyone is interested in our circus project. We have quite a collection of toy animals and are now making cages for them. We expect to have a big parade soon. Corydon Himmelberger brought several balloons. These give our room quite a circus like appearance.

Our new songs for this week are "The Clown" and "The Circus." Winnie Ross has brought a swing for our dolls.

George Hempel was absent several days on account of illness.

Kenneth McGowan is absent on account of illness.

Lowell Williams is on the sick list.

Those who remain on the October Honor Roll in spelling are as follows: Buddy Matthews, August Rosetti, Alvin Morley, Clair Welch, Jean Dalrymple, Charles Hines, Shirley Erdine, Dick McClure, Mona Weaver, Duane Chain and Cleo Rousselet.

We have learned two new songs this month, "Hallow'een" and "The Owl." We colored some pretty sprays of maple leaves this week in art class.

**Stop Night Coughing**  
Night coughing is almost always caused by an irritated, inflamed throat, so is almost all coughing. Ordinary cough syrups do not reach these conditions, but Thoxine, a prescription exclusively for throat troubles, does. It relieves the irritation and the cough stops within 15 minutes. And Thoxine goes further too. It eliminates the internal cause which many times develops into serious illness. A swallow of Thoxine before retiring absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. It contains no chloroform or other harmful drugs and children like it. Relief is guaranteed within 15 minutes or money back. 35c, 60c, and \$1.00 bottles. Sold by The Wisner Drug store and all other good drug stores.

Statement of the Ownership, Management, Circulation, etc., Required by the Act of Congress of August 24, 1912.  
Of the Berrien County Record published weekly at Buchanan, Michigan, for October 1, 1931. State of Michigan, County of Berrien, ss.  
Before me, a notary public in and for the state and county aforesaid, personally appeared A. E. McClure, who having been duly sworn according to law, deposes and says that he is the Managing Editor of the Berrien County Record and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation,) etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 111, Postal Laws and Regulations, printed on the reverse of this form, to-wit:  
1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, The Berrien Printing Co. Buchanan, Michigan; Managing Editor, A. E. McClure, Buchanan, Mich.  
2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by corporation, the names and addresses of the individual owner must be given. If owned by a firm, company, or other unincorporated concern, its name and addresses, as well as those of each individual member, must be given). Stockholders: Harry L. Hayden, Hot Springs, S. Dak. Josephine Hayden, Hot Springs, S. Dak. A. E. McClure, Buchanan, Mich. Julia T. McClure, Buchanan, Mich.  
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Harry L. Hayden, Hot Springs, S. Dak.  
4. That the two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.  
A. E. McClure, Managing Editor  
Sworn to and subscribed before me this 13th day of October 1931.  
Enos N. Schram, Notary Public.  
My commission expires Aug. 3, 1934.

**Protecting your home and family 24 hours a day**

A telephone in your home is more than a convenience. It is an ever-ready safeguard to protect your home and family in times of emergency.

In case of fire, for instance, a telephone will enable you to summon aid immediately, without having to run to the next corner. Property and lives have been saved frequently because there was a telephone handy to summon aid.

When sudden sickness or accidents occur in the middle of the night, it is important that medical aid be summoned at once. With a telephone in the house, a doctor can be called immediately.
