

KETCHUM ARMISTICE DAY SPEAKER

Now Here's the Proposition

WAIT FOR ELECTION

(To be sung as nearly as possible to the tune of "Wait for the Lion") Our haughty county officers, they all do boldly say...

Now altogether on this next verse there's a guy over there not even openin' his mouth.

The Berrien taxpayer does not have a fighting chance; The autumn wind is sighing thru the bosom of his pants.

And now will all of the folks on this side of the room sing that last chorus over.

They say that they will get his pay or they will have his hide BUT WAIT FOR ELECTION!

Fine. Now let's go up to St. Joe and sing it on the courthouse lawn.

An Automatic Casheer

The zenith in enterprising salesmanship was displayed by a commercial traveller who entered a local business house Monday morning and attempted to sell an automatic check writer.

"See here," replied his intended customer, "the best thing you can do is to load that thing in your buggy and drive right around the block and out of town."

On learning the particulars the salesman took his check writer and checked out.

Heard in Buchanan Sunday Daddie, let's take the car and go for a ride and see a movie.

No dear, don't you think it would be nice to take a long walk with daddie down the rail way track and throw rocks at the fence posts?

Famous Last Words How much do you guess John Andrew's spuds will turn out, Mr. Morley?

BUCHANAN BANKS CLOSE DOORS ON SATURDAY MORN

Board of Directors Arrive at Joint Agreement at Meet Held Friday Night

The First National and Buchanan State banks were closed Saturday morning by voluntary action of the boards of directors, agreement to that effect having been reached at a joint meeting of the two boards Friday night, in order to conserve the assets for the protection of the depositors.

GALIEN VALLEY CHORUS SUSPENDS FOR LACK LEADER

Mrs. Sara Sherman Maxon is Seriously Ill; Forbidden to Direct

The rehearsals of the Galien Valley chorus in Three Oaks have been indefinitely postponed on account of the serious illness of Mrs. Sara Maxon, according to J. R. Focher of Galien, who was a visitor in Buchanan Monday preliminary to leaving for Chicago for the winter.

SPORTING EDITOR COVERS COW STORY

An Attempt to Popularize the Dairy Cow, with the Newspaper Public

Cow-testing records are not spectacular or particularly exciting news, or anyway when the farmer and his hired man go out to milk they do not find a cow crammed with yelling hordes and a battery of cheer leaders out in front chanting: "Yea, Brindle! hit that bucket. Three squiras from a butterfat mark! A gallon down and two quarts to go! Now altogether—yea-a-a-a-Brindle! Yea-a-a-Bossy! Rah! Rah! Rah!"

But whether it is front page stuff or not, the achievement of Doan Straub of Galien in building up a herd of Holsteins that has scored first in the state and first and third in the United States two successive years, it is something not to be exactly laughed off. And the record would have been two straight national firsts if Straub had not introduced into his herd a couple of two-year-old rookies who materially reduced the batting average.

Straub states that he is at present a little weak in pitchers—no more not goodly either—we mean milk pitchers, but he has a heifer that will be fresh next year with an underhanded curve bowl that will sure make the batter look sour. And he has a promising bunch of calves that can cover a lot of ground in the field.

The Straub contingent of bovine talent won the World Series last year with a batting average of .621 pounds of butter fat per cow, but on account of the introduction of the said rookies this year the herd fell back to third place. But third place from the top among the dairy herds of the United States, is a lot at that. And the herd was only a few

Buchanan Man Dies at Home of Niece in Galien

Francis Richardson, 75, of Buchanan, died suddenly Saturday at 10 o'clock at the home of his niece, Mrs. Roy Clark, where he was taken following a heart attack while working in the Galien cemetery.

COUNTY AGENT TALKS BEFORE LUNCHEON CLUB

Says Berrien County Farmer is Strategically Located to Get Best Prices

"If farmers can make it anywhere in the United States they can make it in Southwestern Michigan," said H. J. Lurkins, Berrien County agent, in an interesting talk before fifty local business and professional men at the weekly Luncheon Club meeting Tuesday noon.

"Berrien county farmers have not been selling wheat for 20 cents a bushel or oats for from 7 to 13 cents a bushel as they have elsewhere," he said, "and while we sold fruit for less, on my own farm we got more gross money and more net money for our cherry crop than we did last year. Last year we got six cents a quart and gave 1 cent for picking. This year we got 3 cents a quart and gave 3-4 cents for picking. But we had five times as many cherries of 100 per cent quality. We made more net and the pickers made more money than last year."

Ormiston Family Leave This Week For Holland Home

Mr. and Mrs. E. H. Ormiston are leaving the last of the week for their new location in Holland, Mich., where the former has purchased a grocery business. The family will be missed in local church, social and community circles. Mr. Ormiston has been a leader in affairs, and Mrs. Ormiston has been an invaluable asset in the community through her possession of a beautiful singing voice which she has contributed generously to programs on occasions of all sorts.

French Automobile Manufacturer is Guest Clark Plant

Albert Convert, representative of the Andre Citroen Company of Paris, largest manufacturers in France, was a visitor at the Clark Equipment company plant yesterday. He is one of a dozen representatives of French automobile manufacturing concerns now engaged in surveying the automobile plants of the United States.

Sister City Men Feel Dentistry in Trespass Law

Messrs. Rudolph Spies, Andrew Nering and Henry Schultz of the Sister Cities were introduced to teeth in the trespassing law last week. They were hauled before Justice Al W. Charles and assessed \$10 and costs for hunting on posted land on the farm of O. O. Dunham.

Ernest Thorson, 6, and Pleas McGee, 9, of Healdton, Okla., have spent their summer vacations making dozens of toys for poor boys and girls.

Publishes World's Smallest Paper

With a paid circulation of about 140 subscribers, the California Sun, published by Miss Barbara Marquis of Beverly Hills, Calif., twelve-year-old daughter of Don Marquis, noted writer, has the distinction of being the smallest newspaper in the world.

Spend at Home

The principle of free trade has gained wide currency in recent years in community affairs if not in the international sphere. That is, most people assume that they have a right to spend their money where they believe they can get most for it.

In other words they will take their dollar where they think it will go farthest and frequently they take it so far that their gas bill more than eats up any saving they make, if they only were more comprehensive book keepers.

Granted that in normal times they have this privilege—BUT: There are times, we believe, when the community ties should be stronger than at other times—and these days fall in that classification.

The Buchanan community stands on a sound basis; it will outgrow and forget the present crisis, but nevertheless the crisis is now with us to be dealt with and we need the combined resources of the community to cope with it.

There are good and valid reasons for asking all who are receiving wages and salaries to spend them as far as possible with local business men for the time being at least.

Until such time as the present situation revolves itself, local business men whose funds are temporarily tied up are going to need money. The assistance of you wage and salary earners is going to mean the difference between a comparatively easy or a difficult recovery for many of them.

If you are paid from public funds, these local business men are taxpayers; they help pay your salary. Every dollar that is kept in town for the time being will form part of a revolving fund which will ease the situation for everybody. Just for once—spend at home.

Relief Again

As we said last week, just about this place on the page or maybe a couple of stickfuls higher up, we've got a relief problem on our hands. And after a mature consideration of the situation in all its phases, it is our unbiased opinion that the situation as of the present date, looks little, if any more hopeful than it did last week, locally at least.

The relief problem in Buchanan is going to be taken care of. With a little more thought and work and sacrifice than would have otherwise been necessary perhaps, but it will be taken care of just the same.

We were talking with a farmer near Buchanan Tuesday morning. He said: "With all the stuff that there's been raised here in the past year, it seems unreasonable that anyone should go hungry."

Now crops are what farmers raise to pay their taxes and maintain their homes and not primarily to give away. But there is some way that the connection between the bumper crop and the hungry can be made. Here and there is an apple crop going to waste, unsprayer perhaps, but eatable just the same. And apples are the grand old universal fruit.

There is a crop of late potatoes now being dug. A good part of the crop is second grade and will be sold at less than market prices. Some of the more inferior will be sold with difficulty, if at all.

Now the farmers of Buchanan are the most generous people on earth. Many of them have been giving regularly to their less fortunate friends in town. And where they can not afford to be generous, we are certain they will be reasonable.

It is equally up to the people of Buchanan who are more favored in resources than others to give to their utmost ability to the cause of local relief. We feel sure that when they have squared away and gotten their bearings they will do just that, and that when A. S. Bonner and his committee start the rounds in the near future their pleas for relief funds will receive the utmost possible consideration.

We remember a boyhood perusal of that old-time classic "Andersonville Prison," which told how the Union soldiers in Confederate prisons developed scurvy, gangrene, dysentery and other diseases from lack of vegetables and fresh food while just beyond the prison stockade they could see miles of green corn fields and growing crops whose products would have brought relief to their condition.

REVIVAL MEET BEGINS SUNDAY AT EVAN CHURCH

Rev. and Mrs. Boettcher to Carry on Special Services for Two Weeks

BUCHANAN CUB PACK ORGANIZES

Applies to National Council for Charter; Select Pack Heads

The newly organized Cub Pack of Boy Scouts of America is now under way in great shape and has applied to the national council for a pack charter. The object of the club is to provide a suitable occupation for boys from nine to twelve years of age, keeping them off the streets and giving them something to do that they will enjoy doing.

They are divided into dens composed as nearly as possible of neighborhood boys with an older scout as leader and a cub as denner. The local Cub pack is organized as follows:

Cub Master, Leo Slate; Blazing Arrow Pack: George Remington, chief, Dale Lyon, denner. White Fangs Pack: Bob Strayer, chief, Earl Stevens, denner. Red Wing Pack: Ted Lyon, chief, Gerald White, denner.

Various games were played and plans were discussed. Cub Master Slate was in charge of the meeting.

Appoint Committee For Relief Work

At the relief meeting held at the city commission rooms Friday evening, Mayor Hathaway announced the appointment of a committee consisting of A. S. Bonner (chairman), Harold Stark and H. W. Staver, to manage the drive for the collection of funds this year.

Lilacs, Snowballs Bloom in Buchanan

The Buchanan district has been favored by beautiful weather to date, tomato and other tender vines having as yet been untouched by frost, and many of the trees being yet untouched by autumn coloration. In the yard at the home of Henry Blodgett, 506 Main St., the lilacs are blooming and the snowball bushes are bearing a second crop of blossoms.

Knoblauch Speaks at Teachers Meet

Principal Arthur Knoblauch of the Buchanan high school will speak at the Tuesday afternoon session of the Michigan Teachers Institute, Eighth District, on the topic, "Tips on Coaching Debate."

Mrs. Phoebe Omlie of Memphis, Tenn., who was first to arrive in Cleveland, won the men's and women's air derby from Santa Monica, Calif.

Mr. Morley's Rear Seat Admiral Was Perhaps Not Along

Suicide Corner, located on M-60 a mile and a half west of Buchanan and opposite the O. L. Mullen farm, added another to its long list of motor crashes Friday evening when the cars driven by M. P. Snyder and Perry Morley entangled there, with some damages to both vehicles but none to the occupants. It is reported that Mr. Morley, who is an expert in advanced methods of farming, was casting a critical eye on the job of potato digging which was being done by John Andrews in the field on the east side of the road and did not notice that he had arrived at the corner until he crashed into the car driven by M. P. Snyder, which was rounding the curve from the west. Snyder lost a fender and running board in the encounter and Morley incurred damages that obliged him to leave his car on the spot until the next morning.

H. C. CHURCH TO HOLD HOMECOMING ALL DAY SUNDAY

Rev. Elmer Ward Cole, South Bend, to Speak at Special Afternoon Service

All former members and friends of the Hills Corners church are cordially invited to be present.

Wm. VanMeter, Mrs. Nettie Kotz Married Saturday

The marriage of Mrs. Nettie Kotz of N. Notre Dame Avenue, South Bend, Ind., and William VanMeter of this city, took place in South Bend at 5 o'clock Saturday afternoon in the manse of the Sunnyside Presbyterian church. The Rev. D. H. Middents read the ceremony.

"Walking Pat" Boyle Took Last Walk Thursday Afternoon

"Walking Pat" Boyle took his last walk Thursday afternoon, about 3:30 p. m.—it was from a restaurant to the office of Dr. Snowden where he was found slumped in his chair in the waiting room a half hour later.

For years Pat had patrolled the town as assiduously as though he had been a patrolman paid to make his beat. No one knew him very well, save as "Walking Pat" and the fact that he had a last name came as a revelation to most people after his death.

He came to Buchanan in 1917 from the vicinity of Baroda and Glendora. He had lived in those communities for several years, making the little money it took to maintain him by picking berries in season. For a time his domicile was a camp in Arndt's woods. On the date mentioned above he came to this city and worked for several years thereafter at the Clark Equipment Company. Although he represented at the boarding house where he secured lodging that he was out of funds in 1917, he apparently saved practically all his wages thereafter, and carried large sums of money on his person.

In February of 1927 unknown assailants who had learned of this habit waylaid him on Ryneason Street, slugged him and bound him with wire. After they had taken a roll reported variously from \$700 to \$800 from him, they threw

HELD AT H. S. AUDITORIUM EVE OF NOVEMBER 11

Business Houses Close at 11 a. m. while Legion Squad Plays Taps, Fires Volley

Congressman John C. Ketchum has been secured as speaker for the Armistice Day program which will be held in the high school auditorium on the evening of Nov. 11. The program is being arranged under the auspices of the Ralph Rumbach chapter of the American Legion and will be held in the evening, beginning at 7:30 p. m. Congressman Ketchum is known as one of the most eloquent and effective public speakers in Michigan and his presence on the program should contribute to a successful observance of the day. The meeting will be open and the public is invited to attend. Commander Arthur Johnston states that he is arranging with the business men of the city to close for a brief period at 11 a. m. Armistice Day, while the local post bugler plays taps and the firing squad fires the customary three volleys.

Data Secured On Relatives of Walking Pat

Some definite information as to living relatives of Pat Boyle, local eccentric who died Thursday, has been secured through the efforts of Carl Hamilton and Justice A. W. Charles. The first clue was furnished by Ray Meyers of Baroda, who came to the Hamilton furniture store Saturday morning and stated that Pat Boyle had worked for him and that he had heard Boyle say that his home town was Bridgport, Pa., which place he left about 30 years ago never to return. A wire was sent to the chief of police of that city and word was received from a Miss Sarah Boyle, his sister, to the effect that the deceased is survived by three sisters, Mrs. Ellen Burns, Mrs. Anna Burns and Miss Sarah Boyle, all of Philadelphia. A brother, John Boyle, had not been heard from for several years. Miss Boyle stated that she would send a copy of the family record to show that the said Patrick Boyle was 44 years of age and that the above women are his legal heirs.

The body will be shipped to Bridgport for burial Thursday or Friday.

No School Holiday Monday and Tuesday

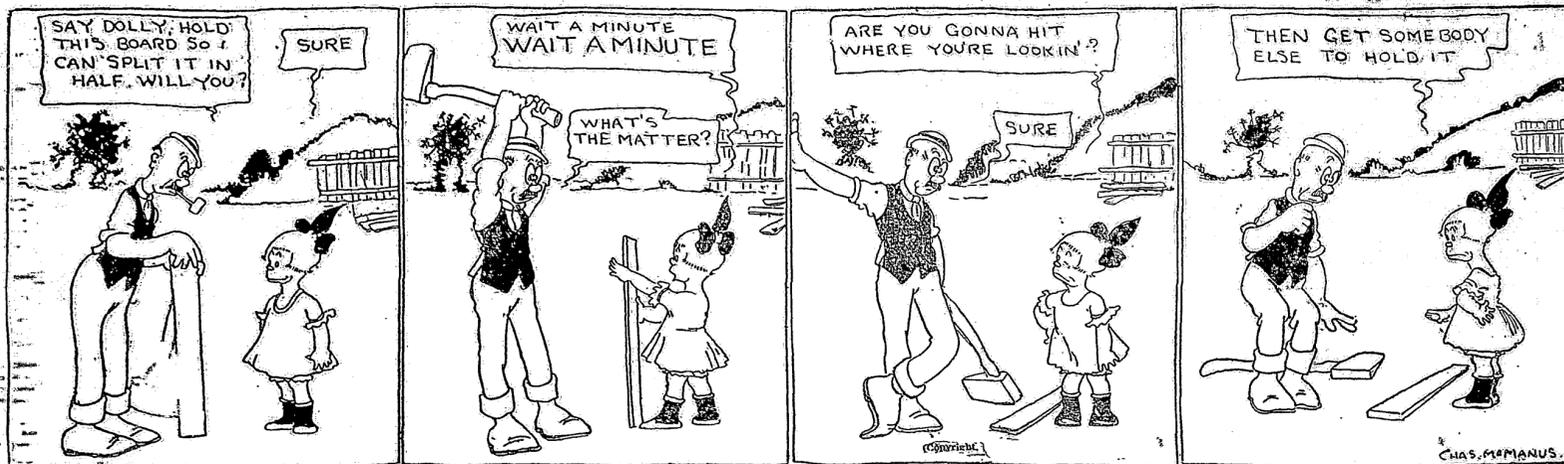

The Buchanan schools will continue in session Monday and Tuesday instead of holding a holiday to permit the teachers to attend the session of the Eighth District of the Michigan Educational Association in Kalamazoo, according to announcement by Supt. Stark.

NEW TROY FALL FESTIVAL TO BE HELD NOV. 13-4

Parent-Teacher Association Will Again Sponsor the Popular Event. Dates for the New Troy fall festival will be Friday and Saturday, Nov. 13 and 14, according to announcements by Mrs. Robert McKeen, president of the Parent-Teachers' Association, sponsor for the event. Four exhibits will feature the sixth annual fall festival at New Troy this season, according to the plans outlined. Festival plans were discussed at a meeting Thursday night. Dates are Friday and Saturday. The four exhibits planned will include a manual training exhibit, an agricultural exhibit with Supt. Merritt Harper as chairman; a rural school exhibit of work in the grades with Principal Calvin Hobart as chairman, and a canned products exhibit with Mrs. P. R. Maxim in charge. For the carnival part of the festival, booths have been planned for a corn game with Mrs. John Woods and Mrs. Dare Schryver as co-chairmen, a bowling alley with Joe Woods in charge, a farm products booth with Carl Guettler as chairman, assisted by the agricultural class, a children's booth under the direction of Miss Kaiser and Mrs. C. Hobart, a cider and doughnut booth with Mrs. A. Brodbeck and the senior class in charge.

CONTEST CLOSES NOVEMBER 10TH

Perfection Biscuit Co. Drawing Contest is Arousing Great Local Interest. Boys and girls, have you entered the Perfection Drawing contest? A good many boys and girls from Buchanan and vicinity are already working in hopes of winning some of that \$1000 prize money being offered by the Perfection Biscuit company of Fort Wayne. The best part about the whole contest is that all entries will be judged by local citizens and there will be one winner right here in Buchanan. That winner will then enter the final contest competing against boys and girls from other towns for the grand prize money with the first prize in this contest being \$250. It's easy and simple to enter—you don't have to buy a thing. Just go to your grocer and ask him for a Perfection outline chart. Take it home, read the rules over carefully and begin. Some boy or girl from here is going to be a prize winner. The closing date is set for November 10th. Now is the time to get started so that there will be no hurry necessary to complete your work before the closing date.

College Women Find Many Ways to Cut Expense of Board. Students living in the home management houses of Michigan State College have, during the past six months, arrived at a new low level of food cost of 25 cents per person per day. This is five cents lower than the average cost per day last year, according to Miss Irma H. Gross, under whose direction the houses are operated in connection with the home economics department of the college. The student manager is allowed 10 per cent leeway, Miss Gross states. The cost of meals may range from 22.5 to 27.5 cents per person per day to be counted in the 25 cent limit. A new series of meals are being completed which will utilize foodstuffs appropriate to the present season. These will be ready for publication within a few weeks. The menus used provide an adequate dietary for the average college woman and furnish enough calories, sufficient protein, iron, calcium and phosphorus. The quantities furnished are only 8 of the total amount of nourishment required by an adult man engaged in moderately active work. However, the cost of food for each person in a family of average size could be kept as low as 25 cents per day, Miss Gross says, as the requirements for the various individuals differ, according to age, sex and activity, thus balancing the total amount of food needed by a family.

The Old Timer's Corner

John Holmes Enumerates Branches of Family Tree

the pilot concluded it unsafe for me to go too far lest I try to preempt the premises, and returned me to earth. Probably as high as I will ever achieve.

Item from Buchanan Record of April 3, 1873: "You can allow your cows to run at large during the day time now within the limits of the village."

At a local fruit stand, today, I found Concord grapes from Herman Haas, Bridgman, Michigan. Our Concord has been gone two or three weeks, and after the Michigan crop is gone, will come those from New York.

I have been wondering if some wise engineer or some one will tell me the correct ratio between time and distance. What I mean is the absolutely correct ratio. For in my own case I have no idea what it should be, for when I was a kid I thought that it was miles and miles from our home (at the edge of town) down to the middle of town and much farther to go clear up to the school house, but now that time has been added to my years and I visit the old haunts again, I find that the distance seems about nine hundred per cent less than when I was a kid. I find now that it is only a few short "blocks" and I can not understand what has made the difference. It is the same way with buildings. I can remember certain houses, Dr. Berrick's house on Front street, and many others, that seemed like palaces to me, then, in size, but now they look much the same as other buildings. The high school building at that time was the old two-story brick building, and to walk entirely around it was a "long trip," at those days, and we would probably stop at the water pail for a drink, at the back door. Now the poor little old building (what is left of it) looks like a private garage, in size, at least.

There is one exception to the rule of shrunken sizes and distances and that is the size of the trees, for they have kept right on growing and they don't seem any smaller, but on the contrary, they are even bigger and more beautiful than ever. I always did like trees and all of the things in Nature, but now that I am "on the shady side" of life, I think I love Nature and everything in and about it, more and more as the days slip past me.

Do you remember how cold it used to get up stairs in the "boys room" and when you got all ready for bed, how good it felt to climb in between the thick, warm blankets? Gosh! It sure was cold out, that time of life and the frost was an inch (?) thick on the windows, but a hot flat iron or a "foot stone" had sometimes been tucked in the bed for you before you hopped in, and Boy! Didn't it feel good?

I often wonder, how my good old mother ever managed to do so many kind and thoughtful things for us, when we were kids, for she had a whole flock of us and she seemed never to miss a single thing that ought to be done for us. And, like all other kids, we didn't half appreciate her nor her thoughtfulness, then, but now that TIME has done to us its share in the irregular ratio, we see that it was really wonderful, the things that were done for us, and they didn't seem anything at all at that time. So, Mr. Engineer or whoever it may be that can tell me "what is wrong here" with this eternal and never changing "ratio" of things that are and things that seem.

Take Up Your Liver Bile - Without Calomel

I'll Jump Out of Bed
Morning Rarin' to Go

Feel sour and sunk and the s-punk, don't swallow a lot of mineral water, oil, laxative, chewing gum and expect to make you suddenly sweet and full of sunshine.

If they can't do it. They only give the bowels a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pints of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up."

They contain wonderful, harmless, gentle, vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. © 1931, C. M. Co.

The Berrien County Record Announces The Purchase From The Chicago Tribune Of The World's Greatest Newspaper Advertising Service

The Berrien County Record announces the greatest forward step in advertising service ever taken.

The World's Greatest Newspaper Advertising Service is now yours. You can use the same high grade of artwork, illustrations and cuts, the same fine copy and layouts which advertisers use in the Chicago Tribune; but in a form specially adapted to your particular needs in this particular town! Think of having your choice of style and fashion illustrations that are up to the latest split-second smartness, borders and headings of force and punch; campaigns on any and every business, that have first been proven and tested for pulling power. Nowhere else can you obtain this service; nowhere else has anything approaching it been devised.

Advertising Scientifically Prepared, Tested and Proven Beforehand—Now Available to Merchants Only Through This Paper

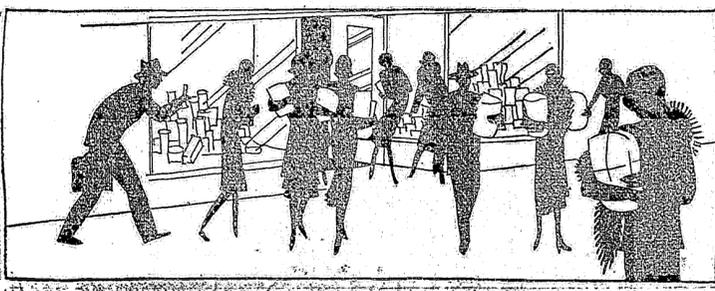

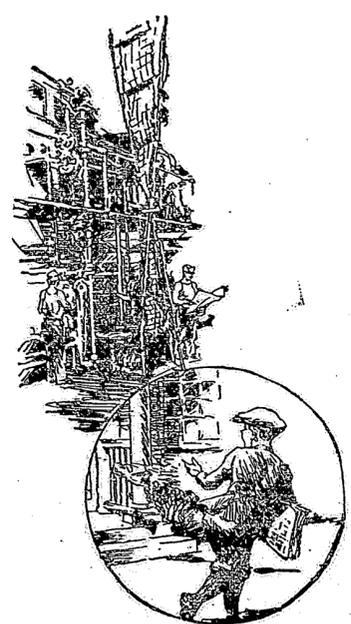

We secured this new and better advertising service after an investigation covering every angle of newspaper advertising. And we selected this service because it is the product of the country's foremost artists and advertising men. In contact with retail advertisers and backed by the resources of the Chicago Tribune, these stars of the retail advertising field are producing a new kind of advertising, based on sound principles of advertising, employing the fundamentals of successful selling, rooted in the psychology of making readers respond.

Advertising matter scientifically prepared in this manner, much of which is proven and tested before it is offered to you, is naturally better advertising and the merchant who uses it secures better results. Thus, we insure for you each time you advertise, the maximum amount of pulling power obtainable from our columns.

The time is not far distant when all newspapers will realize that merchants want to be sold results instead of white space. Long ago this paper decided to sell results and service... our connection with the Newspaper Advertising Service of the Chicago Tribune is the final link in the chain of events that make

**Tivoli Theatre
Starts Week End
Vaudeville Shows**

Former patrons of vaudeville and stage attractions in Buchanan, will be pleased to know that the Tivoli theatre, Mishawaka, Ind., is inaugurating a week end vaudeville and picture policy beginning Friday, Oct. 23. Four acts of high caliber vaudeville are to be presented in conjunction with an outstanding feature on Friday and Saturday with an entire change of both stage and screen attraction on Sunday. Three shows daily will be given on Saturday and Sunday with two shows only on Friday nights. The opening program includes McGary and Dawn Revue, a novel dance act that sparkles with beauty and artistry. Walmsley and Keating are a couple of clowns

with a sure-fire line of comedy antics and chatter; Valentine and Bell are riders of international fame while Jack and Ella Dangler are the type of entertainers that can pep up any program with their unique harmony and comedy. The feature picture concluding this opening bill is to be "Silence" a powerful Paramount talking drama featuring Clive Brook and the popular little red-head Perry Shannon. Popular prices will prevail at the Tivoli's ticket office.

pounds behind the two leading teams.
The Straub team copped the pennant in the state league this year. The production per cow is

said to be four times that of the average cow in the dairy herds of the state, and the profit above production cost ten times that of the average herd or 1,000 per cent.
The Straub herd entered the Berrien County Testing Association league in 1924, and made an average of 309 pounds of fat per cow, which is nearly 100 pounds more fat than the average cow in the state yields.
The Straub herd has been a consistent winner in the Berrien County League. In 1927 the herd percentage was 440 pounds per cow. In 1928 its percentage was 572 pounds per cow. In 1930 the herd averaged 621 pounds per cow, and a net income of \$222 per cow over the cost of feed.
The people behind the Straub herd who are responsible for this splendid record are Mrs. Straub, manager, and Mr. Straub, head coach. Great care is taken with the service at the team training

table. The main ingredients of the diet are alfalfa, soy beans and silage as roughage, with a grain mixture of corn, wheat and oats all grown on the farm, supplemented by a small amount of commercial feed.
The Straubs started farming fifteen years ago, getting along with mere bush league cows for the first years. Then ten years ago Straub stepped out and snapped up his first big league cow at a \$140 release price.
Ed. Note: Mr. Straub was backward about giving in this story. He said that County Agent Lurkins told him that newspapers were not interested in cows as much as in murder and other popular sports.
With an area less than two-thirds as large as the United States India contains one-fifth of the world's people, its population being estimated at 320,000,000.

OBITUARY
Mrs. Elizabeth Riffer nee Rauch was born in Hessen, Germany, on Jan. 7, 1851, and was married to Henry Hess in 1867, to which union three children were born, one dying in infancy.
She came to America, settling in Buchanan, July 4, 1871, where she had resided ever since.
Her first husband predeceased her, and later she was married to Henry Riffer on Oct. 3, 1875, who preceded her in death June 1st, 1930.
She had been a devoted Christian and church member from her earliest youth. In March 1895 she united with the Buchanan Evangelical church under the pastorate of Rev. F. C. Burger.
She has done what she could for Christ and the church, and in showing to her loved ones that Christ is the way, the truth and the life.
She had many friends in the church and community, who will

continue to call her blessed and among whom her godly influence will live on.
Mother Riffer was always glad to see her pastor call and was open-hearted to talk about religious matters and to quote hymns, and scripture passages.
She has suffered more than one can tell, but she alone knew the pain she endured. She expressed her desire to go and be with Christ. She was patient in her suffering. The end came and she peacefully passed on to Him in whom she trusted and served in life, on Wednesday Oct. 14, 1931, in the home of her son, Edward, where she has been tenderly cared for through her last illness by her children, Mr. and Mrs. Edward Riffer and Mrs. Mary Hess of Racine, Wis.
Her husband and four children preceded her to the better land of endless day. She leaves to mourn her departure, three sons, Harvey Hess of South Bend, Will Riffer

of Racine, Edward Riffer of Buchanan, one daughter, Mrs. Katie Gallett of Berrien Center, nineteen grandchildren and thirteen great grandchildren and other relatives and friends.
We lay away today these earthly remains of our dearly beloved Mother Riffer with the assurance that we shall meet again on that glorious resurrection morning.
The funeral services were conducted by Rev. W. F. Boettcher in the Evangelical church on Friday, Oct. 23 at 2:30 o'clock. Interment was made in the Hillview cemetery.

WE APPEAL TO YOU!!

You Wage and Salary Earners of Buchanan

NEVER in the History of our City have the Business interests faced such a critical period as that in which we find ourselves right now. With business already at a low ebb, we find ourselves now with funds tied up, accounts on our books, and our credit jeopardized. You people who still draw wages and salaries hold the only available solution to the present and immediate problem. Therefore, we appeal to you, both from a business standpoint and a sense of loyalty, to do that which will effect the quickest recovery, save Buchanan business, save the financial structure of the community and preserve the prestige of the town in which you live.

Spend Your Earnings in Buchanan

IF YOU PEOPLE who earn and receive wages or salaries will use them to pay up old accounts, if you will spend your earnings in Buchanan, the whole town will benefit and we'll all "pull out" of this financial crisis without being seriously crippled. This is your opportunity to render a service, the benefit of which is beyond estimation.

Niles Wins 21 to 6 in Homecoming Contest

BUCANEERS FAIL TO HOLD HEAVIER FOES FROM GOAL

Locals Score in Second Quarter on Niles Fluke Rain Stops Pony Backfield.

Amid intermittent showers and on a rain-soaked field Niles high school defeated Coach "Curly" Bradford's maroon and white eleven by a score of 21-6 here on Saturday afternoon.

Displaying a powerful line attack Coach Davidson's boys matched well with the Buchanan passing tactics and the two teams had plenty of trouble getting anywhere. It was a hard game for Niles being their traditional rivals and the game being played on homecoming day, however, wait until next year for the maroon and white team are out for revenge.

Niles started going places in the first quarter, and in doing so they went over for their first touchdown. With the aid of Mattix and Hess, the Niles boys took the ball from the Buchanan 23 yard line to the 2 yard line. The "Bucks" held them for two downs but on the third plunge Hess went over for the touchdown. Frizzo's attempt for extra point was unsuccessful.

Now we come to the joyous part of the game, namely, the second quarter, for the maroon and white team began to take matters in their own hands. The Buchanan score came as the result of a punt by Hess in the air which went straight up in the air and came down to its starting place right on the Niles 5 yard line. Ellis hit center for four yards, and Morse followed up with two more on the next down and a touchdown. Jesse couldn't get the kick away for the extra tally.

For the rest of the half the scarlet squad from Niles had plenty of trouble holding eleven wild "Bucks" in their half of the field.

Misfortune befell the maroon and white lads in the third quarter when Dumbolton, Buchanan center, made a wild pass over Morse's head on the twenty yard line and the ball rolled over the goal where it was downed by Morse for a safety. In this manner Niles gained two more points for an eight to six lead.

Niles gained courage when Walker, a small edition of the Empire State building, was sent in to aid the Niles boys. In fact, Niles gained enough courage to march from their own 20 yard line all the way for a touchdown. Mattix carried the ball over for their second touchdown, Frizzo's trusting toe put the ball too wide for no extra point.

A few minutes later, Walker, Niles linesman, blocked Morse's punt on the "Bucks" 15 yard line and the oval was recovered behind the Buchanan goal-line by Luke, end, for another Niles touch down. Frizzo's kick was good.

No matter what the result was, it was great game and the cash customers got their money's worth. The crowd experienced quite a thrill when the new navy zeppelin, Akron, flew near the field.

The "Bucks" play Plainwell at Plainwell next Saturday, so let's be there.

St. Hedgwidge Replaces 3 Oaks on Local Schedule

Negotiations have just been completed with St. Hedgwidge high school of South Bend for a football game at that city on the 31st of Oct. This game will fill the vacancy left open by the cancellation of the game with Three Oaks, due to the lack of football material in that high school.

Listening in on Assembly Program

R-R-R-ing. "Central? Give me 712-F123." "Hello!" "Yes, why hello, Sophronie. Say wasn't that a right smart debate Mr. Beilharz put on in his impersonations? Now what was the question?" "Why—Resolved: That the printing press is a detriment to this community." "Oh yes, the characters he impersonated were Squire Solitt, Peter Plumstead, Neighbor Doan, Deacon Barlow, Philander, and Theophilus Tomkins." "Yes, but you know there was Uncle Hank from Beanville with the Beanville Bugle. That was rather clever, wasn't it?" "Rat, hee, hee, yes, but Willie Simpson's essay on necks was better! Say, let me know when you go into town will you?" "Yes, but for myself I liked Mr. Beilharz' reference to the value of a pleasant speaking voice and the possibilities of acquiring it. You know—never liked a performance as well as I liked that one."

"Yes, well I guess some one wants this line. My gracious. My bread's a burnin'! Bye."

Girls Play Off the Semi-Final Tennis Tournaments

The Girls' Athletic Association held a business meeting Thursday.

Semi-final tennis tournaments have been played off and the winners were as follows: seniors, Zella Frank, Anna Sheffer; juniors, Doris Campbell; sophomores, Gertrude Bristol, Shirley Howard, Annabel Dalenberg, and Ruth Cripe.

Soccer practices were held last week after school, the first and second teams chosen and captains elected. The soccer tournament started at this time. Class champions and the varsity team are planning a game with Niles. The date of the game will be announced later.

Soccer achievement tests were given in class last week. The tests were: volleying, lofting the ball, goal shooting, dribbling and passing. There were also tests on soccer rules.

Speedball has been occasionally played in class and plans are being made for a speedball tournament.

No matter what the result was, it was great game and the cash customers got their money's worth.

The crowd experienced quite a thrill when the new navy zeppelin, Akron, flew near the field.

NOTES ON HEALTH WORK IN SCHOOL

Representative of Children's Fund to Examine Teeth During This Month.

Finding no funds available for the usual milk fund, there probably will not be such a fund this year, although steps have been taken on this problem.

During the last of this month, Miss Miriam Kramer will come here to examine the children's teeth. Miss Kramer, an oral hygienist, is sent by the "Children's Fund of Michigan." The parents will be notified about any dental defects so that they may go to their own dentist for corrections. There will be no work given to Buchanan school children this year. Dr. Leachman and Miss Kramer are employed for the entire county and Buchanan has already received more than its share.

All grades have been weighed, and measured, and cards have been prepared giving the height, weight, and the correct weight for height and age. The cards were sent with the report cards to the parents Monday.

Mrs. Lamb stated that there has been the usual run of infectious diseases, lice, itch, and impetigo being among the leaders. It is going to be a constant fight to keep these diseases from spreading, and there has been cooperation between the parents, teachers, doctors and the school nurse.

Talks were given in the fifth grade this month by Mr. Archie Morley. These talks were also given in the sixth grade. Mr. Morley is connected with the Indiana and Michigan Electric company and is the instructor of first aid in that organization. He spoke on that subject in his talks to the children. The children were taught first aid, care of wounds, how to rescue a person from a burning building, how to place splints on a broken bone, and many other useful things. The fourth grade will hear Mr. Morley on Thursday, Oct. 29. Mr. Morley is a former school teacher and knows his subject and how to present it.

Grades up to the fifth do not have a text book on hygiene and health, so the teacher is forced to give all material.

The subject has been divided up with a different topic each month. They are as follows: September, First Aid; October, Teeth and care of them; November and January, Study of foods.

These things are taught to the children in a number of ways, by posters, songs, poems, and stories being carried out by the pupils themselves.

Grade meetings have started. These are meetings of the P. T. A. Last Wednesday was the first one held jointly by Miss Carnagan and Miss Miller. These meetings, it is planned, will occur every two weeks. The mothers are invited and an attempt is made by the teachers to explain, in a general way, the requirements of the year's work. It is hoped that a better understanding will be promoted between the teachers and parents.

Mothers of First Grade Pupils Meet

Thursday afternoon the mothers of pupils in the two first grades met in Miss Carnagan's room. About forty were in attendance. Miss Carnagan gave a very interesting reading demonstration and Miss Miller told about first grade work generally, explaining many important points. Mrs. Zupke gave a very definite report of the group meetings held in the kindergarten room last year. The mothers present voted to accept the present kindergarten mothers' invitation to meet together regularly on the second Thursday of each month. All mothers of both kindergarten and first grade pupils are urged to attend the next meeting, November 12, at Dewey Ave.

At the close of the program, light refreshments were served. Mrs. Hickey, Mrs. Reese and Mrs. Conant were hostesses for the afternoon.

Boys' Glee Club Hold Assembly Program Friday

Mr. Robinson says the Boys' Glee Club is making satisfactory progress, but he would not tell what pieces they are singing. They are working on voice culture and practicing technique. There are twenty-six boys in the chorus and thirty in the mixed chorus.

It seems that his program still remains a mystery, and the rumor now is that they are going to sing for an assembly program some of these Fridays. The only thing to do is to wait and see.

Leslie Noel Daniels of Oak Park, Ill., is first national prize winner in a magazine short story contest.

Girls' Glee Club Celebrate Friday at Hard Times Fete

"Hard times were had by all" at the hard time party given from 5 to 8 in the high school gymnasium by the Girls' Glee Club last Wednesday evening. They enjoyed dancing, games, and a pot luck supper. The guests were Miss Betty Crawford and Miss Tina Skeels.

The glee club members are working on a new Mexican folk song, "The Parrot."

School Slants

If the girls in this school do not stop fighting over Otis Flenar, we were going to lock him up in a cage. We really need him for the football team.

Mrs. Dunbar unexpectedly found a lot of talent Thursday. No one dreamed that Roy Ruth had the dramatic ability of John Gilbert, or that "Bob" Gladwish could look as strong as Bull Montana. They made their debut in "Everyman" given by Mrs. Dunbar's English class.

Five sale? Well, hardly, although it does look like it. It seems that Kath and Alene either found a bargain sale on jackets or else it was just a big mistake. Mr. Knoblauch and "Curly" Bradford were seen monkeying around the Princess theatre Tuesday night. It appears that they were going to indulge in a good old family night show.

Thomas Quirk is getting to be a regular shiek. He was caught bestowing apples on fair maidens one day last week. Girls, do not yield to his wiles. Them eyes!

That hair! It is a well known fact that turkeys around these parts are simply infuriated by the sight of anything orange. But around Chicago turkeys scorn not orange but green. So it was with a feeling of perfect safety that Miss Crawford, garbed in orange, ventured to approach a turkey (she hails from Chicago) the other day. She changed her mind, however, concerning his docility when she caught the angry gleam in his eyes. She immediately hid herself, hence, the turkey after her, as a result she has been literally begged to come out for track and major in the dashes.

This statement of Mrs. Dunbar's concerning the morality play "Everyman" given by the English eleven classes, will tell infinitely more about the play than could be explained in several paragraphs. She states: "If it (the play) had been intended as a comedy instead of a morality play, it would have been a great success." Draw your own conclusions.

A few highlights on the faculty party for Mr. Ormiston: Mr. Robinson's difficulty in finding the banquet hall. Mr. Moore's popularity with the wearers. It takes a farewell party to bring out that fatal charm of his with the women!

Home Economics Classes Draw Calorie Posters

Posters of salads and the calories in them were made by the ninth grade foods classes. They know just how many calories they are eating now because they have been studying them. Studies of luncheon breads have also been started.

The classes of the junior high have been studying cocoa and chocolate.

State Expert to Catalogue School Library

Miss Isabel Horne, the state school library supervisor, is here cataloguing the library. Dorothy Bilger, Dorothy Boyer, Nina Nelson and Madeline Hamilton have been appointed assistants to Miss Horne. These people are also aiding Miss Horne in her work. Pauline VanEvery, Minnie Reese, Marjorie Lamb and Marjorie Sands are also working in the library.

Ag Club Novitiates Soothe Savage Beast

Last Wednesday night the Ag Club had its famed initiation. There were ten boys who, as Mr. Knoblauch expresses it, wished to be led astray. That's why the strains of "Sweet Adeline" rang out about seven thirty. The boys had to satisfy the initiators and music hath charms to soothe the savage beast." After the boys had been treated to a few petrifed worms, they were supplied with cider, sandwiches, and doughnuts.

A method has been developed in Switzerland for combining tin with pulp, making a virtually indestructible and fireproof paper for banknotes.

Student Council Adopts the Hall Monitor System

The big question for the student council this past week was to decide whether or not to have a Booster Day or a home coming at the Niles game. Another thing accomplished was the hall monitor system which went into effect last week. There are monitors stationed in the upper and lower halls to keep order and aid the teachers in getting the little children out of the building quietly.

Seniors Discuss Yr. Book Plans

The seniors met twice this week in Miss Shriver's room to make a decision on the year book for 1931.

During this double session the names, cases, pictures and graduation programs were discussed. The officers of the annual are to be named in the next meeting.

Home Rooms

The Junior Hi Hustlers have just decided that their colors shall be blue and orange. Joe Bachman and Max Beadle have been working on a poster with the room motto on it "Do it for B. H. S." Ellen Baldwin has made a border of autumn leaves on the blackboard and Viola Boettcher and Ray Batten both brought plants to beautify the room.

The Bold Buccaneers enjoyed a very humorous program Wednesday given by Jean Russell, Helen Spatua and George Spatta. (What is the price of herring, George?) Next week's program is in charge of Don Roti, Fred Riley and Elmer Lehrke.

Papa's Pets have been talking entertainment of both the group and assembly. This group is working to beautify the room and some of them are working on a new roll for their room while others are preparing an oath of allegiance.

Weaver's Busy Inn has had several plants donated them by Mrs. George Stevenson and Mrs. Atherton. The program Thursday was furnished by the Boy Scouts under the direction of Howard McClellan, assisted by Ted Lyon.

The faculty enjoyed a program under the direction of Eddie Rolan Wednesday. Tuesdays have been given over to current events, a new idea that is being tried out. The "C. C. C.'s" (will somebody please explain that name, if it stands for anything?) have had a good old-fashioned spell down.

However, the bell rang before a champion could be chosen and the crown still remains unclaimed. This enterprising group have arranged to present the next assembly program. Ralph Keen is expected to furnish the entertainment.

The Wake Up group is truly American. It has put one day a week aside during which a court trial could be chosen and the mine what shall be done with those of this group who break the rules of good citizenship in or about the building. So all you members watch your step because you're headed for the great American puzzle "The Court." The group has also discussed rules of etiquette.

When one hears a name like "The Spirit of Room Five" he expects to find an enthusiastic group of students behind it, and that is exactly what he will find even if this week's work doesn't point that way. This week these people have discussed some material on vocational guidance and read some more of Richard Halliburton's "New Worlds to Conquer." Maybe they're only preparing for a big surprise, who can tell?

Wednesday the Eta-L's enjoyed entertainment day. Those in charge were Marie Ellis, Vesta Eagley, Robert Ellis and Bruce Ernst. The first game was having each person write a bit of advice on a piece of paper and the slips were then exchanged and the group could be chosen and the crown still remains unclaimed. This enterprising group have arranged to present the next assembly program. Ralph Keen is expected to furnish the entertainment.

Question: Should there be more social activities at the school for the students this year? Why?

I believe there should be more social activities in the high school because it would tend to break the monotony of school work, and it would be quite a recreation from books. It would provide variety and stimulate the mind.

Tom Zerbe. I think there should be more social activities in Buchanan high school, because the students need them to get their mind off their school work and have a night of pleasure once in a while.

Maurice Aronson. There should be more social activities in the high school because it will help one get acquainted with more people, and one will not be bashful when talking to others. It will help you get your mind off your troubles.

Edwin Arthurhultz. I think that a student should

have more social activities because he gets acquainted with more people and it will help him in later life when he mingles with other people.

Esther Arthurhultz. I think there should be more social activities. It takes your mind off of your subjects. You make new acquaintances with the students and teachers and you mingle with others more.

Anita Andrews.

Grade News

Kindergarten, Miss Ebbert. We are making a fireplace for our doll corner. Wayne Six, Robert Borst and Alva McKahn painted the mantle for our fireplace. Gomer Gross and Dherle Voorhees painted one of the book cases.

We learned a verse about "Little Jack Pumpkin-face, so we drew pictures of "Jack" to take home. We are stringing buckeyes for our room. They will make very attractive potpourris.

Ruth Squires and Naline Chain can print their names now. Denny Lyon, Betty Jane Doksey, Alberta Kathryn Herman, and Eleanor Sekan had birthdays this week. They were all five years old. We lighted our birthday cake for each of them. We are all so happy when our boys and girls become five years old.

1st Grade, Dewey Avenue. Thursday, Oct. 8, was perfect attendance day for the first grade. Clara Margaret Bradley is out of school on account of tonsillitis. Elizabeth Kiefer has been at home with a bad cold.

Our Mothers' Day Thursday, Oct. 15, was held at the high school building. Our Columbus sand table now has two houses in Spain, two ships, a forest and a wigwam.

2nd Grade, Miss Vandenberg. Charles Eddy, Norman Ferris, Russell Leazenby, G. A. Redmond, Marion Mitchell, Donald Ochenryder, Geraldine Pasder, Rudolph Reisch, Doris Rohl, Barbara Wallace and Robert Weaver have made 100 per cent in spelling each day since the school year opened.

Richard Luke and Josephine Pascoe were missed in our grade this week. They were absent on account of illness.

First Grade, Miss Carnagan. Our circus project is progressing quite rapidly. We have several new animals and freaks added. Abbie Gray English has moved to Calhoun, Missouri. We shall miss him very much.

phill, Eugene Longworth, Geraldine Reamer, Joseph Mitch, Jack Jerue, Barbara French, Duane Beadle, Wanda Jean Forgue, Ruth Rumsey, and Donna Thompson.

We are making articles to show different modes of transportation. Frank Benak has made a covered wagon; Paul Smith made an airplane; Donald Longworth made a zeppelin; and Vivian Carlisle made a boat.

Manual Training Department. During the past week there has been quite an increase in the shop activities. The boys have been doing radio work. Robert Banke has been making a sail for his sled which he expects to use this winter. John Hiereman is making a table for the kindergarten room and Harleigh Riley is building a sparrow trap and has announced his intentions of hunting big game with it.

Mr. Miller also has charge of a commercial geography class and they are making a chart of various countries, their imports and exports. They are studying timber, where located, what kinds and where it is shipped. They also study over what routes it is transported.

5th Grade, Miss Rivers. The fifth grade spent the latter part of Tuesday afternoon in the auditorium enjoying a Columbus Day program.

We have drawn and colored the countries in our South American outline maps.

The following people had a in spelling: Luella Cowgill, Robert Hahicht, Robert Hamilton, Kenneth Herman, Anna Mae Lintner, Jeannette McGowan, Valentine Paul, Phil Pierce, Valora Rohm, Joseph Rosetto, William Snyder, William Strayer, Burdette Walter, Robert Wesner, Marjory Wheat.

We had a perfect attendance Tuesday and Wednesday. History Classes. "I think my tenth grade history classes need some more studying in the spelling of Greek names," said Mrs. Whitman when asked the results of the history test on the classes last week.

The marks were very low and the majority of the classes failed.

The seventh grade history classes have written essays on Hannibal's march across the Alps. "Marian Miller wrote the cleverest one. It was in scenes and acts," stated Mrs. Weaver.

Mathematics. Circles are the main subject of the eighth grade mathematics classes, the seventh grade learning the shortest methods for dividing and multiplying.

English Department. After having studied the ballad for about a week the members of the senior English class are now attempting to write ballads. The play "Everyman" was presented last Thursday by the members of the two junior English classes. Mrs. Dunbar states that the costuming was very interesting.

Birthday Party A Huge Success. Eighty-five members of the Presbyterian Home Service Department participated in the annual Birthday Party at the church Tuesday. Luncheon was served at 1 p. m. Twelve groups were arranged according to the months of the year, each individual being seated at the table of the month in which each was born. Varied and interesting symbolic decorations indicated different months. Hostesses in charge were, in the order of months: Mrs. E. B. Ross, Mrs. T. D. Childs, Mrs. M. L. Hanlin, Mrs. Maude Peck, Mrs. Harold Stark, Mrs. John Russell, Mrs. A. H. Kiehn, Mrs. E. C. Pas-

coe, Mrs. Leon Campbell, Mrs. E. C. Mogford, Mrs. D. L. Boardman and Mrs. I. G. Pich. The program opened with talks on the Three Graces, Faith, Hope and Charity. The Rev. H. W. Staver spoke on Faith, Mrs. A. B. Muir on Hope and Mrs. George H. Stevenson on Charity. Then followed a wide and in some instances, wondrous display of natural and unnatural ability in the form of stunts from the members of each group, some serious, some humorous and some side-splitting. The affair was under the direction of the executive committee and the chairman of the various standing committees, consisting of Mrs. A. B. Muir, Mrs. Lester Lyon, Mrs. R. G. Vandusen, Mrs. J. C. Stults, Mrs. E. C. Mogford, Mrs. M. H. McKinnon, Mrs. C. F. Pears, Mrs. C. A. Andlauer, Mrs. Ida Bishop, and Mrs. L. M. Desenberg. Mrs. H. B. Thompson was general chairman.

Eighteen Entertained At Rebarber Home. Members of the O-4-O Sunday School class of the Methodist church and their families were delightfully entertained Friday evening at the Ernest Rebarber home. During the business session it was decided to hold an attendance contest, the losing side to entertain the winners in February. Contests of various sorts were enjoyed at which awards were given Mrs. Beaver, Mrs. Blake, Mr. Morley and Mr. Rebarber. Refreshments were served at a late hour. All report a good time.

Thirty Club Meets In Bend of River. The Thirty Club met Monday afternoon at the home of Mrs. Will Beardsley in the Bend of the River. The members responded to roll call with current events. Mrs. Schram, in charge of the literary program, introduced the speaker, E. H. Ormiston, who spoke on "Juvenile Problems." Mrs. H. Stark sang "In Luxembourg Gardens" and "Dawn." The next meeting will be held at the Country Club on the evening of Monday, Oct. 29, and will be Husband's Night. A pot luck supper will be served at 6:30 p. m.

Faculty Gives Farewell Party. The faculty of the Buchanan schools and their wives attended a dinner-dance at the Four Flags Thursday evening, honoring Mr. and Mrs. E. H. Ormiston on the eve of departure for Holland, Mich. After the dinner a short program was held. Arthur Knoblauch, president of the club, acted as toastmaster. H. C. Stark delivered a farewell address which was responded to by Mr. Ormiston. H. C. Bradford then tendered the faculty's memorial gift to Mr. Ormiston. Dancing followed, with music by Phil Hanlin's Five, consisting of Phil Hanlin, Jane Haight, Sue Robyns, Robert Dempsey, John Strayer.

Auxiliary Plans Hard Times Party. The American Legion Auxiliary will give a Hard Times get-together party for the Legionnaires, ex-service men and their wives Thursday evening, Oct. 29. Everyone is supposed to attend in hard times costume.

Entertains Dinner-Bridge. Mr. and Mrs. G. C. Vandenberg entertained the Dinner-Bridge club at the Quinn Waters resort Monday evening. Mr. and Mrs. Lester Lyon won honors at bridge.

Birthday Club Luncheon Friday. Mrs. Jess Viels will entertain the Birthday Club at a luncheon Friday. On this occasion the club will honor the birthdays of Mrs. Glenn Smith and Mrs. Jess Viels.

Jeanette Stevenson Guild Met Tuesday. The Jeanette Stevenson Guild met Tuesday evening at the home of Miss Clara Sabin for the regular meeting.

Rainbow Girls Invite Member. Miss Marjorie Campbell was initiated as a member of the Rainbow Girls at the meeting of that organization held in Niles Monday evening. Three state officers were present, Mrs. Marie Perkins, the Supreme Deputy of Detroit, Miss Ardis Dostol, Worthy Advisor of Detroit, Mrs. Miriam Kirby, the Grand Worthy Advisor of Highland Park, and the latter's mother, Mrs. Kirby. The visiting officials presented the club with its charter.

Young People's Circle Met Monday Night. The Young People's Circle of the Evangelical church met Monday

evening at the home of Maynard Walker on the South Bend Road.

Rebekah Roll Call On November 4. The Rebekah Lodge held its regular meeting Friday evening. The prizes at pinocle were won by Mesdames Boyd Marrs, E. C. Murphy, and Joe Melvin. Prizes at bunco were won by Mrs. Minnie Smith, Miss Blanche Proud and Mrs. Bettie Smith. The next meeting will consist of the Annual Roll Call, with Mrs. Herbert Squier, chairman of the committee in charge of arrangements, on the evening of Nov. 4. Mrs. Chas. Lightfoot will be general chairman for this meeting.

Mrs. S. Rudoni Hostess to F. D. I. Mrs. Steve Rudoni entertained the members of the F. D. I. club and several of her friends at a party at her home Thursday evening. Member prizes were won by Mesdames Jerry Bowman, Louis Gray, Fred Bromley, D. D. Giacomo, Boyd Marrs, Joe Melvin, Florence Wooden, R. F. Hickok, and Louis Proud. Guest prizes were won by Mesdames Joseph Roti Roti, Ben Billotti, S. Roti, Norah Sparks and Frank Rudoni of Dowagiac.

COAST GRID "CZAR"

Jonathan Butler, chief assistant to Maj. John L. Griffith, big ten commissioner of athletics, has been selected by the Pacific coast conference to supervise athletics there.

Stone Age Today. There are primitive tribes existing today that have not developed beyond the use of crude stone weapons and that are literally men of the Stone Age.

Personal Note

A woman may not get eye strain from looking at a man's legs, but she is liable to laugh herself to death looking at some of 'em.—Exchange.

Christian Science Churches. "Probation After Death" is the

subject of the Lesson-Sermon in all Christian Science churches on Sunday, Oct. 25. Among the citations which comprise the Lesson-Sermon is the following taken from the Bible: "And, behold, I come quickly; and my reward is with me, to give every man according as his work shall be." (Rev. 22:12) The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Perfection is gained only by perfection. They who are unrighteous shall be unrighteous still, until in divine Science Christ, Truth, removed all ignorance and sin." (p. 290.)

Nothing less than a six can give you built-in smoothness

The whole question was settled long ago—as to how many cylinders it takes in a motor car engine to give satisfactory smoothness. Science definitely established the fact that at least six are necessary. And today, the public accepts the multi-cylinder engine in the same way that it accepts 4-wheel brakes, parallel-mounted springs and every other principle of proved and acknowledged superiority. Everybody knows that nothing less than a six can give you built-in smoothness.

Today, six-cylinder smoothness is within reach of every new car buyer. For Chevrolet has produced a quality car, powered it with a firmly-mounted six-cylinder motor—engineered it to run with unsurpassed economy—and priced it down among the very lowest-priced cars in the market.

Twenty models ranging from \$475 to \$675. All prices f. o. b. Flint, Michigan, special equipment extra. Low delivered prices and easy C. M. A. C. terms.
