Now Here's the Proposition

Both in the Same Boat
Hi Haws
Alas and a lack, just a few seasons back
The spender was every man's hero,

But we take off our hat to no man that is flat
And now that his pockets are dusted
Our erstwhile fine friend is the breadline's tail end

Uncle Hank of Hills Corners says: I been havin' trouble to git the editor to print any of my news.

This Will Simply Burn Holmes Up
One of our good Democratic friends calls our attention to the fact that the party of Jeffersonian principles has already adopted its slogan for the 1932 campaign, as thusly: "Now is the Time for All Good Men to Come To."

Mail Carrier Wants More Male to Carry
If you've been wondering about the dejected air that has marked our esteemed west side mail carrier, Grandpa Allan Matthews, we can make it all clear.

Say Ah-h-h-h-h-h
Open up a little, please. Wider, wider. Now say a-h-h-h-h. No, there's none of Doc Beistle's false teeth in sight there. But how long have you had that gold in your mouth?

There you find a genuine bar of justice with a brass foot rest. The judge kindly asks you to name your anaesthetic at two bits per. The unanimous opinion is that the operation is painless and we might add pleasant.

NILES - GALIEN M - 60 COMPLETED TUESDAY

LEND A HAND
The attention of all farmers of this district is called to the relief blank printed below.

Special attention is called to the fact that the blank is in part for the purpose of securing information on possible quantities of second grade food products, such as small or field run potatoes, cull apples, split beans, unfilled cabbage which may be bought at reduced prices in quantity.

The need for relief is a real one. The extent to which surplus waste products or second grade products at low prices may be secured is now unknown, but the blanks printed below are for the purpose of getting such information.

The Buchanan relief committee will soon start their drive for funds, but farmers of this vicinity will aid in averting possibilities of want if they will furnish the committee with the information listed on the blank.

Mayor Hathaway has assured a place for storage and the use of the city trucks in hauling the products here. Any one who has such products is requested to fill out the blank and mail it to

Harry Post, City Clerk, Buchanan, Mich. For those wishing to contribute food products in any quantity or quality, a temporary depot has been arranged at the Record office, where such products will be received between the hours of 7:30 a. m. to 5 p. m. daily except Saturday afternoons and Sundays.

CANVAS FARMS FOR 2D GRADE FOOD PRODUCTS

Offer Outlet for Unmarketable Products at Special Quantity Price.

Activities were instituted at the authorization of the Buchanan relief committee during the past week for the salvaging of all surplus food products and second grade products that may be secured at less than market prices from the surrounding farming district with a view to utilizing relief funds to the best advantage for the local people.

It was emphasized that while no donations by those able and willing to be charitable will be rejected the movement is largely one to secure the basic foods raised in this vicinity at low prices, while at the same time affording the farmers a market for products that they might otherwise not be able to sell.

The campaign for raising funds was postponed temporarily in order to permit local people to adjust their affairs, but is to be taken up at an early date. It is expected that the produce campaign will enable the relief committee to spread their funds further over the local needs and devote more money to such purposes as the purchase of milk for children and other items which might lapse if all foods were purchased in small lots at retail market prices.

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine Science adjusts the balance as Jesus adjusted it. Science removes the penalty only by first removing the sin which incurs the penalty. This is my sense of divine pardon, which I understand to mean God's method of destroying sin." (p. 40).

Bucaneers Lose Tight Game to Plainwell Sat.

DROP KICK IN 2ND QUARTER IS VICTORY MARGIN

Locals Lose Game when Foes Hold on 2-Yard Line in Fourth.

"Coach 'Curly' Bradfield's battlin' 'Bucks' bowed down in defeat to Plainwell by a 3-0 score at Plainwell, Saturday.

The Buchanan eleven played Plainwell on even terms during the entire game and had them working over time in the final period by driving down to their one yard line, only to lose the ball on downs—thus passed away a perfectly good chance to score and take the fray.

Plainwell knocked the bottom out of the Buchanan eleven in the second quarter by having J. Fogue execute a keen drop-kick from the local's 15 yard line. The Plainwell tally ended a long march which started on their own 39 yard line, with Fogue and Case working the ball down to the "Bucks" four yard line and a first down. Fogue plunged for two and then the Plainwell outfit was penalized fifteen yards for holding. Fogue hit the line for two more to put the ball on the fifteen yard line—and at that point he kicked the field goal.

Now this didn't discourage the maroon and white men at all for they started doing things, and before you could say "Jack" Robinson's fourth quarter rolled around. The reason for mentioning this period is because the "Bucks", aided by the plunging of Lauren Morse, took the pl of pigskin down to the Plainwell 5 yd. line and with a first down to boot. What happened from there on is a nightmare. On the first down Frame failed to gain, but on the next plunge, Morse took the ball up to the 2 yard line. Frame lost 2 yards on the next attempt, followed by an incomplete pass, and so the "Bucks" lost a good chance to score and thereby win the game.

Well, that is about all there is to say, only the "Bucks" should have had that game.

Don't forget the St. Hedwige game at South Bend next Saturday.

Home Rooms

Mrs. Whitman's home room was entertained with a short program Thursday. The entertainers were Robert Wesner, Roland Shreve and Clyde Shaeffer.

The Fraternity's and Miss Skeels joined in a program Thursday, that was in charge of Dorothea Rothfuchs. The next chairman will be Eddie Rolen.

Questions and answers and wishing games were the sources of amusements for Mr. Moore's Eta-L's Wednesday. The program committee was Florence Franklin, Ruth French, Wanda Flenar, and Zella Frank.

The banner for the most attractive home room last week was given to the "Junior High Hustlers." A border of autumn leaves were drawn on the blackboard by Ellen Baldwin. Several plants have been started and a beautiful large plant was brought in by Donald Bennett. This week the room will be decorated in Halloween decorations. Grace Crothers is chairman of the committee.

A farewell party was given for Harold Ormiston last week during home room hour by the "Busy Weavers Inn." He was presented with a small booklet of blue and gold, home room colors, with all the signatures of the members. Games were played in which all took part.

Thursday was current events day and the program this week is a Halloween program in charge of Eleanor Miller.

The "Bold Bucaneers" had a program last Thursday with Fred Riley in charge. Fred brought up a radio, and they had radio music which the other members dramatized. "Papa's Pets," Mr. Miller's home room, was invited, up to the program.

School Welcomes A. L. Knoblauch in Principals Chair

The Microphone, on behalf of the faculty and student body, welcomes Mr. Knoblauch to the principal's chair. Beginning his third year out of college, Mr. Knoblauch receives the position of principal of the Buchanan schools.

Mr. Knoblauch was born in November, 1906. In 1908 his mother died and in 1910 his father passed away. An aunt took him to live with her in Blissfield, Michigan. He was graduated from the Blissfield high school in 1925 and in the fall of that year entered Michigan State college.

Working his way through, he acquired a great deal of knowledge and was graduated in June, 1929, with a bachelor of science degree. During the summer of that year he worked for Cornell University and came to Buchanan in the fall. He has since completed credits of work toward his master's degree. He is a member of the following fraternities: Alpha Gamma Rho, social; Alpha Zeta, scholarship; and Pi Kappa Delta, honorary. Also he is a member of the Masonic Lodge.

Since Mr. Knoblauch has been with the local high school he has accomplished a great deal. The Agriculture classes have improved and debating certainly has gone apace. Such a pleasing personality as his has attracted a great number of students as well as others toward him. His frank cordial smile adds to his personality.

Mr. Knoblauch has the rare faculty of knowing when to be and when not to be severe. The entire school wishes him the best of success in his new position.

Faculty Facts

Mrs. Dunbar spent Sunday in Elkhardt visiting the Lawrence Bradley family, who are relatives.

Miss Shriver and Miss Chandler went to Hudson, Mich., to visit the former's mother over the week.

Mr. Hyink visited his mother, Mrs. Deana Hyink, at Holland, Mich. While in that city he called on Mr. Ormiston in his new home.

Miss Crawford spends her week ends doing many things. Among them are: going on hikes, sleeping, eating, attending church and listening to football games over the radio. Oh yes, we nearly forgot, she is still going for rides.

Miss Rockenbach refuses to tell any of her personal matters. (Who is he?)

Reporting Inquirer

Question: How did the first report cards suit you? Personally, mine turned out better than I thought it would. We only hope that the teachers will continue to be as kind to us in the next six weeks as they were in the last.

I've seen better. It seems that some of the teachers haven't any sense of humor. Eddie Rolen. Disappointing in places but it probably was no one's fault but my own. Mabel Meyers.

Well, er... Since this is going to be put in the paper, I won't say much, but I could do better. Marjorie Pennell. Oh, I guess they were O. K. although they could have been better. Maybe if we all try hard we can improve them a great deal. Mary Richter.

O. K. as far as the cards go, but for the reports, they weren't much to behold. Marjorie Shreve. The marks on our report cards are bad enough but they are nothing compared to the suffering we go through the night before we receive the rest of our marks—it's too cruel. Marjorie Campbell.

Dowagiac Forfeits Game to Buchanan for Ineligibility

Dowagiac, it was learned over the week end, has forfeited the Buchanan-Dowagiac football game because one man who played in that game was ineligible. It is a ruling of the State Board of Athletics that no team shall play a game with an ineligible player. The name of the player who caused the disturbance was not learned.

Society Names New Officers

The Knobkerries have had a very active week. They elected new officers for another six weeks period. A new program committee was chosen and Charlotte Arnold was chosen chairman of the committee. This group will have a new adviser this week, Mr. Jewell.

Appointed to the state bar examining board of Ohio, Attorney Susan Rehban of Cleveland, is said to be the first woman in America to win this distinction.

Because of her recent remarkable showing in the Forest Hills tennis tournament, Eileen Bennett Whittinghall, has been called England's best feminine tennis player.

PROGRESS OF CLASS ROOMS DURING WEEK

Write Plays, Study Molecules, Wall Paper Designing and Quick Lunches.

The juniors have been working in groups of two writing morality plays on the pattern of "Everyman." Some of the best ones handed in were written by Helen Mogford and Marie Ellis, Madeline Hamilton and Rosemary Thompson and Marjorie and Doris Campbell.

The seniors all wrote ballads, the best being "A Tramp's Lament" written by Margaret Paddock but the most appropriate one "Thanksgiving" was written by Florence Franklin.

The freshmen have received their grilling on the relationship of subject to predicate and have been reviewing personal pronouns. In the eighth grade ballads have been studied and the seventh grade has memorized "The Sandpiper."

The journalism class will take up human interest stories this week. This is the first type of journalistic writing to which the class has been introduced.

The eighth graders in arithmetic are using the geometrical figures, squares, circles, trapezoids, and parallelograms combined, to make modernistic designs. Some are cleverly colored and resemble crotchetons and wall paper. The two who excel in this work are Dorothy Hawks and Harold Jackson.

Seventh graders in social studies wrote clever stories on "Hannibal Crossing the Alps," writing as though they were on the trip.

Chemistry Mr. Moore's chemistry class has been studying for the past week on atoms and molecules, the uses of symbols and formulas, chlorine, hydrochloric acid, molecular composition, atomic and molecular weights, electrons, and valence.

French The eleventh grade French class is now studying numerals. They have had the figures from one to 400.

Members of the twelfth grade French class have started their new book, "La France et Les Français" by Pargment, the professor of French at the University of Michigan. They are now studying the history of France.

Two French dictionaries, one Latin dictionary, and one Webster's New International Dictionary were donated to Miss Shriver's room. The manual training room gave the foreign language room a book case.

Domestic Science Classes In the way of being domestic the advanced home economics classes have been studying all about wool and wool structure. Girls of the freshman economics class are learning all about lunch on quick bread. (Mother needn't worry about bridge club refreshments now.)

Eighth grade girls are being taught the uses and structure of milk. The girls of the seventh grade are studying diligently about breakfast breads, but last week Miss Skeels gave them a very special tip on the proper way to press silk.

Marjorie Campbell Gets Composition in Nat. Magazine

The Record takes pleasure in recording the recent success of a juvenile author, Miss Marjorie Campbell, one of whose graceful lyrics first printed in the Microphone page of this paper was reproduced in the Creative Youth section of the "Scholastic," a national high school magazine. This magazine prints a section of verse selected from a large number of contributions from all parts of the United States. So extensive is the competition that to achieve a place in the section is considered quite an honor for young authors.

School Slants

Oh, that grumbling, Gosh, those frowns, Something's brewing By the sounds. Oh, wretched report cards!! No—with them we're through, An' there aren't any ballads That are due. It isn't those French plays, It's something far worse! It's the seniors struggling With Chaucer's verse! The history class was all quiet waiting for the teacher to come and start, when all of a sudden Thessel turned around and yelled, "Hey, Joe, that's right! I did gain three pounds this summer."

At last, they're out! No, not teeth, but our report cards. Sighs, cries, squeals, and yells all issued from the rooms as the teachers distributed them. It's a strain on you until you get them, but what a strain on the family tie when they do come out.

What a party! Everyone is still exclaiming about the school party given in honor of our ex-principal, Mr. Ormiston. We all had fun, but it's the general opinion that Mary and Vivianne got the biggest kick out of it.

Things We Wish The teachers would attend a two weeks institute. That Bernice Newsom wouldn't get A's in Chemistry—'cause we can't! The Bobbie Bowers and Johnnie Colvin would at least get as tall as some of the girls. That we could have a school party once a week with Phil Hanlin's Five providing the music. (Special) The chemistry students wish there weren't any such a thing as "valence."

We wish that school would start at 10:30 every morning instead of 8:10. And last, but not least, we wish that it would rain money, so we could buy some much needed new clothes.

Seen in Miss Hanlin's Home Room the other day: Thomas Quirk swaying dangerously atop a dictionary which in turn was on the desk, and grasping desperately at the electric light fixture with one hand, meanwhile upholding a bulb in the other. No drastic results occurred!

1st Grade, Miss Carnagan We wrote letters to Robert Mullen and Robert Bailey last week. Miss Kramer from the Children's Fund of Michigan is expected here soon to inspect our teeth. We hope that many more names can be added to the Dental Honor Roll then. Several people are getting new tooth brushes and everyone is trying hard to keep his teeth clean. Bernice Hemphill is reading with group one now. Alford Widig, Cloyd Haffner, Evelyn Wilford and Lila Mae Evans each brought a plant last week. Alford also brought a clown for the circus. 1st Grade, Dewey Avenue There were twelve mothers at our mothers' meeting last Thursday. Group three and group two have read their pre-primers half way through. We are acquainted with three families in phonics classes, the at family, the an family and the am family. Grade 2, Mrs. Heim Our nature study class enjoyed watching and discussing a two snails which we kept on a big burdock leaf. The class has also begun the reading of the book "Happy Jack." This book takes us into the meadows and forests and relates the life story of a gray squirrel! 3rd Grade, Mrs. Fischiar We have a new pupil in our room, John Loos of Berrien Springs. We are enjoying making Halloween pictures. We have made

Last week we made some pottery jars and decorated them with Indian designs. Wanda Topash brought us a canoe that her grandmother made. We enjoy the story book that Robert Pritchett brought. It tells about the adventures of an Indian girl named Chi-Wee. The following pupils received 100 per cent in our last arithmetic test: Iris Dalrymple, Theresa Huesner, Melvin Maxson, Walter Marks, John Schultz, Kenard Slocum and Lawrence Zupke. Kindergarten, Miss Ebbert We are busy preparing for our Halloween party. Pumpkin faces, black cats, bats, owls and brownies are aiding in decorating our kindergarten room. We are enjoying the pictures we find which illustrate our Halloween song. Wayne Six, Betty Jane Dokey, and Raymond Ferris can now print their own names. One day we dramatized a story of a Brownie whose name was in a pumpkin. Kurt Holmquist has come into our large family of kindergarten boys and girls. 3 OAKS INDE LOSE TO BEND BOOSTERS 32-7

Hoosiers Run Wild; Trample Acorn Gridsters in Second Half.

The South Bend Boosters won over the Three Oaks Independents by a score of 32 to 7. Sunday afternoon at Three Oaks. May's scored the first touchdown of the game for Three Oaks in the second quarter. The play ranged up and down the field the remainder of the half, the ball resting on the Boosters 2-inch line when the whistle blew.

In the second half South Bend made the second touchdown making the score 7 to 7. The Boosters passed frequently and the majority being complete finally brought the score to 32 to 7 at the end.

Snyder made a 50 yard run in the third quarter from his 15 yard line to his opponents 45 yard line. Four teams substituted a great deal, the Boosters having the advantage as they had two complete teams. Three Oaks played a hard, good game with Hemphill, C. Potts and Heckathorn playing splendid ball. Mangold, a new man, had never played before but played the whole last quarter. Several of the Buchanan men played a few minutes in the third quarter.

What is a Bladder Physic?

A medicine that works on the bladder as castor oil on the bowels. Drives out impurities and excess acids that cause irritations which result in getting up nights, frequent desire, burning, leg pains and backache. BU-KETS (5 gr. Tablets) is a pleasant bladder physic. Get a 25c test box from your druggist. After four days if not relieved go back and get your money. You will feel good after this cleansing and you get your regular sleep. The Wisner Drug Co.

Famous Cough Prescription

Almost instant relief from coughs is now guaranteed in the use of the physician's famous prescription called Thoxine. It works on an entirely different principle; having a double action, it relieves the throat irritation and goes direct to the internal cause not reached by cough syrups and patent medicines and the cough stops like magic, usually with the very first swallow.

Taken before retiring, Thoxine absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat, too. Contains no chloroform or harmful drugs. Children, like it. Remember—relief within 15 minutes from coughs or sore throat, or your money back—35c, 60c, \$1.00 bottles. Sold by Wisner's Drug Store and all other good drug stores.

ONE DOSE GERMAN REMEDY ENDS GAS

"I was sick and nervous with indigestion and stomach gas. One dose of Adlerika helped. I eat anything now and sleep good."—Henry Dodd.

You can't get rid of indigestion or gas by just doting the stomach. For gas stays in the UPPER bowel. Adlerika reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness and bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect of this German doctor's remedy. W. N. Brodrick, Druggist.
