Hunters Asked to Express Opinion On Hunting Laws

partment of Conservation through a report card now being sent to each conservation officer for general distribution to the hunters. The cards ask the hunters to

report where they hunted; the county and the general locality. They ask if the hunter shot a buck and if so how many points did he have and how much did he weigh. The same information is asked for a camp deer. The hun-ter is asked how many days he hunted and the number of bucks, does and fawns seen. Other questions asked are: "How many years have you hunted in this locality? Do you favor the one buck law? Did you get a bear? Number of bear seen? Space is given on the card for the hunter to make remarks and coments on the deer situation.

At the Straits of Mackinac during the deer season boxes will be placed by the Department to receive the cards. These boxes will be placed on each automobile fer- poned from last Sunday, due to ry and on the dock at St Ignace. Hunters may deposit the cards in ber of that team. the boxes, give them to a conservation officer or mail them to the

Departmental offices at Lansing.
Information obtained from the cards will be given to the public as soon as the data is compiled.
During the past two years the Department has conducted a deer tally by asking conservation officers to make weekly reports on the deer situation in their localities. Mr. Bainton was connected with the milling business all his life until retirement a few years ago. He was born here May 4, 1860, the son of William Henry and Melvina Bainton, the former being the builder and operator until his death in 1865 of the mill now operated by Pears & East. As a young man he worked for a time as bookkeeper for Sol Rough and William Pears, who bought the mill after W. H. Bainton's death. In 1887 he formed a partnership with his brother, Charles Bainton, and they built the Niagara Mills located on River Street, which they operated jointly until 1923, when the firm of Bainton Bros. was dissolved. William Bainton then continued to manage the business alone until the mill burned in 1924, after

Has Hour's Visit Ere Father Dies

Word was received this week from Mr. and Mrs. A. P. Sprague that the former's father passed away Sunday morning at Sequim, Wash. BURSTED BLOOD VESSEL CAUSE OF ABERRATION

Unconscious on Return From Work.

The little community of Dayton was grieved and shocked Tuesday evening by the tragic death of one of its young matrons, Mrs. Flossie Hamilton Martin, who expired at 5:30 p. m. that day as the result of suicide induced by ill health culminating in insanity, according to the report of Coroner Ruther-ford of Niles, who was summoned, and also of the physician, who at-

tended the case. Mrs. Martin had suffered severely from headaches for the past month. She was apparenty in her usual health and spirits otherwise at noon. At five o'clock that afternoon Mr. Martin arrived home and found her sitting on a livan in an unconscious condition. He summoned medical aid but she died a half hour later. Although it was evident that a self-inflicted draught of lysol had been the immediate cause, the attending phyician, the coroner and the undertaker all agreed in stating that a blood vessel had bursted in the head and that in all likelihood she lost control of her faculties, re-

sulting in insanity. Mrs. Martin was born in Dayton Feb. 3, 1897, the daughter of Ed and Pauline Hamilton. She was married to Merritt Martin in

Night Coughing Quickly Stopped

Night coughing is almost always caused by an irritated, in-flamed throat, so is almost all coughing. Ordinary cough syrups do not reach these conditions, but lieves the irritation and the cough stops within 15 minutes. And Thoxine goes still further-it eliminates the internal cause which

many times develops into serious illness. A swallow of Thoxine before retiring absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. It contains no chloroform or other harmful drugs and children like it. Relief is guaranteed within 15 minutes or money back. 35c, 60c, and \$1.00 bottles. Sold; by 60c, and \$1.00 bottles. Sold; by Wisner's Drug Store and all other good drug stores.

Wake Up Your Liver Bile -Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out-feeling is your liver. It should pour out two pounds of liquid bile into your bowels

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'SLITTLE

LIVER PILLS to get these two pounds of bile

flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's

Work on the town hall is progressing rapidly under the capable leadership of Mrs. R. J. Kenney, who was appointed chairman of the Improvement Committee by Mrs. Orrin Noggle, president of the Parent-Teachers Association. Many willing workers gave the hall a soap and water renovation. Curtains have been made and a new stove has been purchased. A 'bake sale" will be held at Babcock's store Saturday, Nov. 14.

Future Exploration

The only land left to be explored is the land that lies under the sea. and as the estimated area of this unknown territory is exactly three times that of the known land, the superficial exploration of our globe is not yet even half complete.

Contributions Boost Home Industry

Editor Record:

I notice the way the committees on the unemployed have co-operated with one of the private owned bakeries in South Bend to furnish bread to be sold by the unemployed from door to door. This was one of the best steps, I think, in that direction. This step not only allows the thrifty to aid themselves, but it keeps the money in circulation in their own city On the other hand, if they had "Oh, Divine Redeemer," Gounod chosen one of the chain bakers to Service at Oronoko at 9 a. in provide the bread all the profits

Needs of Existence

All species of animal life must have a proper mixture of air and water, which is for fish 4 per cent of air and 96 per cent of water, while for man air heated to a temperature of 70 degrees should contain 1.6 per cent of water, according to the Holland (Mich.) Institute

The United States army air serv ice has a plane constructed espe cially for an air ambulance. It is a Fokker ship, painted white with a red cross on the side. Twelve patients, a doctor and attendant can be carried in the cabin.

National Song of Belgium

The Belgium national hymn is "La Brabanconne." The music is by Francois Van Campenhout (1780 1848). The words were writen by Jenneval, a French comedian, who was playing in a theater of Brussels when the rising took place which resulted in Belgium's independence from Dutch rule in 1880. Three other versions of "La Brabanconne" were written-one by Lonlay, in 1848, another by Campenhout and one by Hymans, in 1852—relating to political situations in those years.
