(News note: The only two professions not represented in the state corrective institutions are journalists and architects.) Now gather round, ye tradesmen, and listen to my song. You never would believe what I told you right along. When I would try to tell you, you'd merely scoff and snort. But now I've got the lowdown right in this state report. The prisons and the housegows, those domiciles of wrath. Are full of real estate men and rich in osteopaths. Of bankers and of bakers and of chiropractors. And those that aint inside yet are on the waiting list. And in the balmey nuthouse are profs and realtors. But neither jail nor nuthouse hold any editors. The doctor and the lawyer, the merchant and the chief. The butcher and the baker are bound to come to grief. For if they are not crazy, their lives with sin are fraught. The reason they are out yet is that they ain't been caught. They're criminal complexes or water on the brain. And only working newsmen are free from spot or stain. The postmen and mechanic, if laws were not so lax. Would all be breaking boulders with numbers on their backs. The brokers and the salesmen, in view of what they've done. Should all be busting big ones down into little ones. (Strictly Confidential) Although they may seem lucid, I don't mind saying, sirs, it pays to keep an eye put for errand ministers. Of course they may be upright—but only this is sure, none but the virtuous pressmen are wholly sane and pure.

Maybe that's one Profession
They Get By In

Believe it or not—and nobody will—but we have it from authoritative sources that the only two professions not represented in the penal institutions of the state of Michigan are architects and newspaper men—and it is no great wonder about the architects, because there are very likely not over a baker's dozen of them in the state anyway.

Another thing: The State Hospital at Kalamazoo, commonly known as the Nut House, is publishing a paper entitled the Kalamazoo State Hospital News, edited entirely by inmates. But there were no newspaper men in the Nut House, so it is being edited by college professors, bankers, lawyers, and the other professions who contribute in large measure to the membership.

So there are apparently no nuts or crooks in the newspaper profession.

It Isn't What You Do, It's
What You Get Away With

We are again reminded.

We have recently edited out several reports of drawings and sundry gambling devices sponsored by local lodges, ladies aids and other organizations, and now come the dailies again with reports on the winners of the Irish Sweepstakes. There has never been a court test of the right of newspaper to print news stories of lotteries but the national law on the subject is as follows:

No newspaper, circular, pamphlet or publication of any kind containing any advertisement of any lottery, gift enterprise or scheme of any kind offering prizes dependent in whole or in part upon lot or chance, or containing any list of the prizes drawn or awarded by means of any such lottery, gift enterprise or scheme, whether said list contains any part or all of such prizes, shall be deposited in or carried by the mails of the United States or be delivered by any postmaster or letter carrier.

"Whoever shall, knowingly, deposit or cause to be deposited, or shall, knowingly, send or cause to be sent, anything to be conveyed or delivered by mail in violation of the provisions of this section or shall knowingly deliver or cause to be delivered by mail anything here in forbidden to be carried by mail, shall be fined not more than \$1,000, or imprisoned not more than two years, or both; and for any subsequent offense shall be imprisoned not more than five years."

Police Chief of

South Bend Talks

to Luncheon Club

John B. Kuespert, chief of police for the city of South Bend and one of the outstanding peace officers and criminologists of the United States was the speaker at the meeting of the Buchanan Luncheon Club held Tuesday noon, delivering an interesting talk on methods of crime prevention.

Chief Kuespert stated that crime detection had become increasingly difficult with the improvement of methods of transportation, until now local police officers found insurmountable difficulties in their path in nearly every crime. Chief among these is the fact that local officers are without funds or warrants to pursue criminals outside their own jurisdiction and the criminal is able through the automobile and the paved road to escape at the rate of 40 and 50 miles per hour.

Kuespert paid a glowing tribute to the present use of and the increasing possibilities of the radio as a means of detection of criminals. He also illustrated the use of finger prints as a means of detection, fingerprinting several of the guests who submitted more or less nervously to the ordeal.

In closing Kuespert warned the business men of small towns lacking banking facilities to keep a sharp watch during the holiday season for criminals which he stated were now working increasingly in such places.

Charles Friday on a charge of papering the town in the interests of a Niles business house. Mr. Peddler has paid into the local excise several times for the same crime but seems unable to grasp the fact that the city commission forbids him to operate here without a license.

A. W. Harty of Allegan, former state banker, examiner, who has been enlisted to co-operate with local bank receiverships in reorganization plans, arrived here on Wednesday on his return from Washington, D. C., where he had gone to confer with the Comptroller of the Currency on the local situation.

Mr. Harty states that he received permission from the Comptroller of the Currency to analyze the assets of the First National bank of Buchanan in an effort to consolidate that institution with the Buchanan State Bank under the same plan which is being put into operation in other banks throughout this state. This will be done under the supervision of the national and state banking departments.

The bank at Saline, Mich., opened in the past week under the same plan that is being worked toward here. The Ypsilanti Savings Bank completed a plan of reorganization similar to that which is being worked toward here.

Chas. Lightfoot

Denies Report of

Vaudeville Offer

Mr. Charles N. Lightfoot, one of our most esteemed citizens, has requested us to state in his behalf that the report that he sawed a limb off between himself and the tree on Moccasin avenue Saturday is wholly unfounded and of malicious origin. He also wishes to emphatically deny that he has received any offers to repeat his act in the Ringling circus or on the REKO vaudeville circuit.

Lightfoot states that he did fall from a tree at a height of about 20 feet, catching on a ladder and a limb about 12 feet from the ground, and descending the remainder of the distance to the ground by ladder. The only injuries incurred were a bruised chest and leg and a fractured limb.

The fractured limb belonged to the tree.

Mother of Mrs. H. Cooper Honored as Twin City Pioneer

Twin City papers carried stories the latter part of last week of a birthday surprise for Mrs. Phoebe Esalhorst, 81-year-old pioneer of that city, which was held Thurs-

day at the home of a sister, Mrs. George Porter, also of Benton Harbor. Mrs. Esalhorst is the mother of Mrs. Homer Cooper of Buchanan and a frequent visitor in this city. Mrs. Esalhorst is the widow of the late Herman Esalhorst, pioneer undertaker of Eau Claire, to whom she was married in 1875. At the time of their marriage, Mr. Esalhorst was associated with the late Alphonse Vuyl-

steke in the manufacture of wooden coffins and furniture. A master mechanic from Germany, Esalhorst turned out some of the finest wooden caskets made in that day. The marriage took place at the home of Mr. and Mrs. J. S. Morton on Territorial Road, where Mrs. Esalhorst had made her home after several years the Esalhorsts left Benton Harbor to live in Eau Claire soon after that town was established, and lived there 42

years. At the death of her husband eight years ago, Mrs. Esalhorst moved back to Benton Harbor. In addition to a number of beautiful gifts from guests, Mrs. Esalhorst received card greetings, and flowers from a wide circle of friends.

Bucaneers Get Chesty; Get Stepped On

RECEIVE 16-8 TRIMMING FROM NILES QUINTET

Touted Stars Fail to Twinkle;
Threaten to Enter Total
Eclipse.

Niles high school defeated Buchanan by a score of 16-8 last Friday evening at Niles. Buchanan lost its 4-point lead in the first quarter, never to regain it. Niles outplayed the local boys completely. The Berrien Springs game seemed to go to the head of Coach Bradford's squad.

The team had "T" trouble. It was conceited beyond the shadow of a doubt, in fact it practically stood out all over them. Even the second team lost! A good work out (perhaps head work too) and some good coaching, is needed before the Benton Harbor game. However, the varsity team is so conceited now that even the junior high team could undoubtedly beat them.

Niles played a brilliant game with Frizzo, Walker, and Mattix as the stars. Buchanan couldn't even score a basket with the whole team under attack at once. Even the details of the game are not worth mentioning. However, there was one bright spot. Walker, called Rolen, Buchanan, "fairy feet," as grudgingly it must be admitted the latter did cover Walker occasionally.

The "wonderful" Morse twins began the game together, but were soon substituted. Strayer and Jesse seemed able to "get no place fast." The substitutes might have played a better game, although some are still unable to wear their hats on account of their football records.

Coach Bradford needs to change his style of playing. A good defense or offense of something is badly needed this week. The entire school fervently hopes that the boys come to at least enough to make the game interesting for their opponents.

The outlook is dark and gloomy. Benton Harbor defeated Niles by 16-9 and Niles won over Buchanan 16-8 which proves nothing in particular, but that undoubtedly they will win from Buchanan by a one-sided score.

Orchestra and Band Stage Concert

The concert put on by the high school orchestra Sunday drew a fair-sized crowd which filled about half the seating capacity of the auditorium.

The numbers were well-played, owing to the large amount of practice the orchestra put on them in preparation for the event.

As added attractions, there were several selections offered by the Girls' Glee Club, a violin solo by Dorothy Robbins, and a delightful saxophone trio consisting of Alene Riley, John Strayer and Eddie Rolen.

Band to Play at Home Games

The school band was out in force for the basketball game between Buchanan and Berrien Springs, Dec. 4. It is understood that the band will be a regular feature at all forth-coming home games.

It has been announced that the band will hold its first concert in about three weeks.

No exact date has been set for this event as yet.

Boys' Glee Club Goes to Watervliet

The Boys' Glee Club journeyed to Watervliet, Wednesday night to take part in the County Glee Club Festival.

Outside of the fact that the songs were a little new, the local boys go along nicely.

At this festival there were glee clubs and mixed choruses from all over the county. Buchanan was represented with a mixed chorus and the boys' and girls' glee clubs.

County School Heads Convene

The Berrien County Superintendents association met Wednesday, December 9, with Superintendent Alwood of Coloma. This organization is composed of the superintendents of the various schools in the county, and they meet monthly to discuss vital subjects. The subject for discussion this month was "Creative Teaching." The association also decided at this meeting to sponsor the county oratorical and debating contests. No date has been set for these events, but they will be decided in the near future.

Attend State Basket Meeting at Ann Arbor

Mr. Knoblauch and Mr. Bradford attended the basketball meeting held last Saturday in Ann Arbor. The purpose of this meeting was to give the correct interpretation of basketball rules.

School Slants

All the little boys are throwing snowballs again. Even our editor and the football captain were playfully participating in a good old fight with some of their little friends.

School teaching must be getting profitable. We can't help but admire Mr. Robinson's sporty new Hudson. Or maybe Santa Claus arrived early.

Of the many organizations in our school, another one has formed. The Popularity Boys announced themselves last week. They are four of our post-graduates who claim to be exceedingly popular in nearby parts of the county.

Pet Hobbies:
"Kathy" and her three blisters. George Remington and his scouts.

"Viv" and that chemistry test. Olie, Stub and Spot with their beards.

"Hessy" and her lost tickets. Freddie Portz and her bets with Eddie.

Miss Rockenback and "Sonny" Riley with their new hair cuts. Pauline and her minutes of the last meeting.

Lee Frame making eyes at the girls.

There was much sorrow in the locker room the other day as sympathetic maidens expressed their condolences to Marjory Campbell. Marjory is heartbroken and well might she be, too, for the other day marked the disappearance of her sixth bottle of ink and Marjory is growing more and more unmanageable!

Raise Requirements G. A. A. Membership

The required number of points for membership in the Girls' Athletic Association was raised from 300 to 500 in their meeting last Thursday. Of these points, 300 must be earned in major sports of three different kinds. To retain

their membership they must have 300 points a year, 200 of which are earned in major sports.

The new members initiated were Annabelle Dalenberg, Mary Donley, Lucille Lightfoot, Marjorie Hamilton and Wanda Flenar.

The G. A. A. plans to have one hike a week while the weather permits. A breakfast hike was held Saturday morning at seven o'clock. Twenty-one girls were present and everybody was very much frozen.

Home Rooms

The "Wake Ups" have started reading "A Thousand Miles of Miracles," a story of the Boxer Rebellion in China. This story was written by a missionary, who with other missionaries was imprisoned by the Chinese. The missionaries consider their deliverance miraculous.

Wednesday, "Ly Ri" enjoyed it, self because Tom Marrs and Dick Morris had charge of the group. Earlier in the week this group exercised their brains on the room averages.

New committees have been chosen by the "Junior Hi Hustlers."

Dorothy Brown, Grace Crothers, and Donald Bennet have charge of the room, while Ellen Baldwin has charge of the decorations. Dorothy Brown contributed a bud from a banana tree. Plans are under way for a Christmas party.

In "Station RVXYZ" entertainment takes a high position among the boys. All the eighth grade boys contributed to the amusement. George Semple and Roland Schreve gave a harmonica duet.

Roland Schreve was the chairman of the boys.

With the most attractive home room banner still reposing on the wall, "Weaver's Busy Inn" went on with its program. An error was made last week. The book being read by this group is "Mark Kiddle." This group also has plans for a Christmas party.

When the students ask for home room period for study they are setting a good example. That is just what "Papa's Pets" did. However, some of the people are working on a Christmas party. They have enjoyed several contests.

The "C. C. C's" have called on each member of the class to work for the good of all by placing something of interest on the bulletin board. Thursday brought current events from these students.

The "Bold Buccaneers" enjoyed two programs this week, one by George Spatta, Anna Grace Rananah, Marie Reese, Audrey McEllen and Thomas Quirk; and the other by Effie Mae Price and Anna Yurkovic. Studying, however, has been their chief occupation.

Reporting Inquirer

Question: Do you think the new law passed by the Student Council will eliminate the failures?

I do not think the law passed by the student council will eliminate the failures because the failures are not received by anyone that is interested in sports or activities. The correct way to eliminate failures is to give the student their twenty-five minute study period each day. Marion Dretzier.

Yes, I think the new law passed by the student council will eliminate the failures because almost everyone who is on the failure list has little or more interest in activities, and by this new law passed by the student council, those on the failure list will try to keep their subjects so they can attend the games. Lauren Morse. I don't believe it is necessary for any student under the new study hours and regulations to fail in any subject. The lessons are not hard according to your standing in school, and if you can't find time to get your subjects in school you should be able to get them after your regular classes. Jimmie Eisenhart.

I believe that in a few cases keeping failing students from participating in inter-class games will tend to lessen the number of failures, however, I do not believe that in every case failing is caused by negligence or the wrong attitude on the part of the student. Failures are often caused by some physical defect of the student, which makes it impossible for him to study and prepare his lessons well.

Mr. Knoblauch wishes to state that he had nothing whatsoever to do with the new regulations passed by the Student Council in regard to failures.

Night Coughing Quickly Stopped

Night coughing is almost always caused by an irritated, inflamed throat, so is almost all coughing. Ordinary cough syrups do not reach these conditions, but Thoxine, a prescription exclusively for throat troubles, does. It relieves the irritation and the cough stops within 15 minutes. And Thoxine goes still further—it eliminates the internal cause which many times develops into serious illness.

A swallow of Thoxine before retiring absolutely stops coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. It contains no chloroform or other harmful drugs and children like it. Relief is guaranteed within 15 minutes or money back. 35c, 50c, and \$1.00 bottles. Sold by Wisner's Drug Store and all other good drug stores.

The Christmas note was observed in the refreshments. The committee in charge was: Mrs. A. H. Kiehn, Mrs. Anselm Wray, Miss Kit Kingery, Mrs. O. L. Donley, Mrs. Carl Hamilton.
