Troop 41 Wins Highest Honors at Lake Madron Summer Camp

Now Here's
the
PropositionTHE GOLDEN WEDDING
BI Haws

All of this gab of a marriage companionate,
One or two years at the most is a
brain opinionate—
Training a husband takes plenty
of time.

Fifty long years pa's been living
in clover
He has no notion of flying the
coop.
She's got him trained now to beg
and roll over
To sit up and bark and to jump
through a hoop.

All she needs to do is to look at
him chisel-eyed—
And he'll shrink up and fall out
of his vest.
Fifty years more and she'll have
him near civilized,
Which is quite proper, for mother
knows best.

Ma's rolling pin's getting loose in
the handle;
He's getting skippy on hair in the
bath.
Since in the days of the ox cart
and candle
They hitched up double to travel
life's track.

Mebbe there's times when pa
peeks o'er his blinkers,
Sighs with regret for the day he
said "yes."
Thinking of freedom and lunch
counter slinkers,
Chews the bit for a time more
or less.

That is ma there by her youngest
granddaughter,
With that marcel and that high-
water dress
Which one is which is a thing that
hardly attempt, I'll just leave
you to guess.

Think it's a wonder that pa is
contented?
She's just as lovely as she was of
yore.
Pa showed good judgment the
day he chose her.
She'll be a pippin in 50 years more.

She's looking younger now even
and spryer
Then she'd back on the day she
was wed;
She's took up her dresses a foot
or two higher.
Had her face lifted and shingled
her head.

Fifty-eight years they been team-
in' together—
Speakin' of teamwork, they got it
down fine;
They can make yardage in all
kinds of weather;
When ma calls the signals and pa
bucks the line.

Brother of Mrs.
Walter Lamb Was
Drowned Sunday

Interest in the drowning tragedy
which occurred at Waukegan, Ill.,
Lake Michigan, during the past
week-end was increased locally
from the fact that the victim,
Harry Horn of South Bend, was a
brother of Mrs. Walter Lamb of
this city and had visited her Sun-
day afternoon while en route to
the lake.

He and a friend, Lloyd Pieratt,
of South Bend, stopped for a few
minutes at about 3 p. m., Sunday
at the Lamb home on Charles
Court while en route to Lake
Michigan in their bathing suits.
About 5 p. m. while the two boys
were wading to the second sand
bar after a return to the beach,
Horn was pulled under by the un-
derfoot, the waves being very high.
He clung to his companion, whom
he came near pulling under. Two
other young men attempted to
save Horn, and at one time had
hold of his body but were unable
to extricate it without danger to
their own lives. The St. Joseph
Coast Guard was called and re-
covered the body, which was taken to
the Hayes Undertaking Parlor in
South Bend.

The funeral was held in South
Bend Tuesday. Among the hono-
rary pall bearers were Gordon
Bromley and George Karling of
Buchanan, fraternity brothers of
the unfortunate youth.

Horn was 25 years old, the son
of George W. Horn, South Bend.
He was employed as clerk at Ar-
mour & Co. The funeral was
held at 1:30 p. m. Tuesday at the
First Brethren church, the
pall bearers being members of Phi
Kappa Delta fraternity.

TED LYON IS
OUTSTANDING
AREA SCOUT

His Selection from 1,500 Ber-
rien-Cass Area Scouts En-
titles Him to Week at
Culver Academy.

The high plane of efficiency on
which the local Scout organiza-
tions have been placed was strik-
ingly attested at the Court of
Honor held at Camp Madron Fri-
day evening, when the members of
Troop 41 of this city were award-
ed 107 merit badges out of a total
of 146 issued to the representation
from all the troops of the Berrien-
Cass area.

Buchanan had an extra large
representation, 32 out of a total of
80, due in part to the proximity
of the camp to Buchanan, but even
this does not account for the sur-
prisingly good showing of the local
troop.

In addition to the honors for the
entire troop, Ted Lyon, son of Mr.
and Mrs. Lester Lyon, and a mem-
ber of the local organization, was
selected on the basis of outstand-
ing Scouting qualifications to rep-
resent the Berrien-Cass council in
the Culver Woodcraft School dur-
ing the week of August 3 to 10.

Each year the administration of
the Culver school offers this privi-
lege to one Scout of outstanding
ability from the Berrien-Cass area.
This year it was the consensus of
the selecting agencies that the out-
standing record of young Lyon
for several years qualified him for
the honor. He received a great
ovation when the announcement
of his selection was made during
the noon hour in the dining hall.

Over 450 persons attended the
special program Friday night at
Camp Madron. Preceding the
Court of Honor, a pageant, "The
Landing of Columbus," was staged
under the leadership of Horace
Williamson, Indian lore instructor.
The event was very colorful and
was staged on the shore of the
lake. The Indians were trained
in several dances and songs and
it showed the regular Indian cus-
toms. Magic fire was brought
down and formed the signal for
the landing of Columbus.

Next Friday evening an Indian
battle and war dance will be stag-
ed, which promises to be very fine.
This is the first year that Indian
work has ever been introduced in
camp work and is proving very
popular.

The list of awards given at the
court of honor were:
Tenderfoot, Billy Bellows, Ben-
ton Harbor.
Second Class, Bill Thomas, Chi-
cago; Keith Dymally, John Dale
and Earl Stevens, Buchanan.

First class, George Semple, Glen
Koch, Fred Riley, Richard Ellis,
Donald Shafer, Buchanan; Russell
McDermott, St. Joseph.

Star: Clarence Rice, Robert
Watson, Fred Riley, Albert Webb,
Glen Koch, Melvin Campbell, Don-
ald Shafer, Buchanan; Louis Frick
of Benton Harbor.

Life, Harold Thomas, Niles; Ted
Scheir, Watervliet; Clarence Rice,
Buchanan.
Bronze Palm: Robert Strayer,
Buchanan; Philip Upton, St. Joe.
Gold Palm, Robert Strayer, Bu-
chanan.
Silver Palm, Leo Slate, Buchan-
an.

Campers Rank: Gordon Burch,
Niles; Donald Shafer, Buchanan;
Hubert McClellan, Buchanan.
Woodman's Rank: Bob Strayer,
Buchanan.

Local members of the committee
of arrangements for the Tri-County
Farmers' Picnic at Crystal
Springs, met at the camp grounds
Tuesday evening, those going from
here being the following: Mr. and
Mrs. Alfred George, Mr. and Mrs.
Clay Gwynon, Frank Kann, J. G.
Boyle, Dean Clark, Merle Stamm.
The date has been set for Aug.
13, at which time a full day of
sports and entertainment will be
arranged. The speakers are to be
Lucius Wilson, writer for the
Michigan Farm News, who will
speak on "A Managed Currency,"
and Mrs. Dora Stockman, former
member of the state farm board
and a prominent grange worker,
who will speak on "Farm Econ-
omies."

Mr. and Mrs. E. C. Nolan and
Mrs. George Cudney of Detroit,
were guests last week from Mon-
day evening until Wednesday noon
at the home of Mrs. M. L. Mills,
on Main street. The ladies are
cousins.
Fuller's Pavilion, Clear Lake,
dancing every night except Mon. &

ATTY. SANDERS ANNOUNCES FOR PROBATE JUDGE

IS EMINENTLY
QUALIFIED FOR
DUTIES OF POST

Served with Distinction in
State Office During Ad-
ministration of Gov.
Groesbeck.

Atty. Frank Sanders, well
known barrister of this city for
many years, and a prominent state
official during the administration
of Gov. Groesbeck, has announced
his intention to compete for coun-
ty political honors by filing his
candidate for the Republican nomi-
nation for the post of probate
judge, to succeed Judge W. H. An-
drews, who has withdrawn his
candidate on the plea of ill health.

Atty. Sanders is very eminently
qualified for the position for which
he is filing. The main business
of the office is the probating of
estate matters and no one in the
county is better qualified by legal
education, experience and judi-
cial qualities to administer busi-
ness of that description.

During the administration of
Groesbeck, Sanders was assistant
attorney general and later chair-
man of the board of labor and in-
dustry. During his occupancy of
the latter post, none of the deci-
sions of the body were reversed,
although between 35,000 and 40,
000 compensations and other
causes were taken care of per
year. The commission did the
work at a saving of \$35,000 a
year under the appropriation al-
lowed by the legislature.

In a statement for the press,
Atty. Sanders outlined his policy
as follows:
"The office of judge of probate
of Berrien county is a very im-
portant one, not only in the num-
ber of cases handled yearly but in
the legal questions confronting
the court, therefore the persons
chosen to fill this office should
have practical business and legal
experience as well as an insight
into all phases of estate matters
and be qualified to advise with
the many legal representatives as
to the best interests of all estates.

"Never before in the history of
the county have so many per-
plexing questions confronted the
courts, like the masses that most
estates, like the individuals are in
financial straits due to the slump
in securities and deflation in real
estate values.

"Berrien county is a large one,
the work is of greater volume and
it goes without saying that all
matters pertaining to the probate
court should receive the undivided
attention of the judge and disposed
of as quickly as possible, consist-
ent with the law. Estate matters
constitute the major portion of
the work of this office, but whether
it is estate, widow's pension,
juvenile or any other question un-
der the jurisdiction of the court,
sensible, courteous treatment
should be accorded every person
that due consideration gives each
individual case and those interest-
ed therein.

"I have specialized in probate
matters for years and am familiar
with the law, duties and require-
ments of the office and in an-
nouncing my candidacy I believe I
will bring a fund of experience
and this office must have for its
just conduct at the least possible
expense to the taxpayers of the
county and others interested.

"If honored with the election to
the office I promise six honest
days' work each week with no out-
side business to interfere with my
services to the people of Berrien
county."

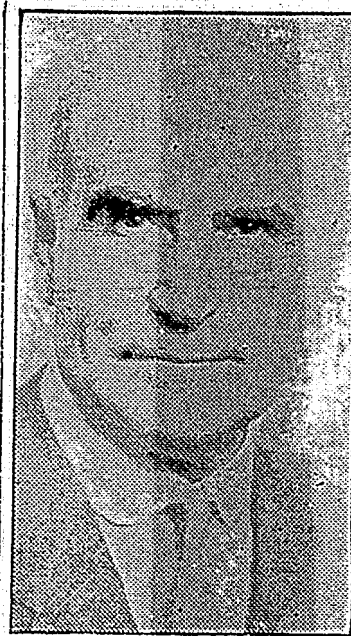

Mrs. Belle Heim
Expired Thursday

Mrs. Belle Heim, age 54, the
wife of Andrew Heim, a life-
long resident of Bertrand town-
ship, passed away at 5:40 p. m. on
Thursday, July 14.

Mrs. Heim was born on a farm
southwest of Buchanan in Ber-
trand township, May 31, 1878. She
was the daughter of Mr. and Mrs.
Henry C. Cauffman, pioneers of
this district.

Surviving are the husband, a
son, Joe Heim, Buchanan; one
daughter, Miss Ruth Heim, of
South Bend; the parents, one
brother, Frank W. Cauffman, of
Jackson; two sisters, Mrs. Ruby
Dodge of Buchanan, and Mrs.
Alice Blodgett, of Detroit.

Funeral services were held in
the Portage Prairie Evangelical
church, Sunday at 2:30 p. m. (fast
time) the Rev. H. A. Frye, pastor,
officiating. Interment was made
in Riverview cemetery, South Bend

HOT WEATHER
INTERFERS WITH
TENNIS TOURNAY

Don Fette, Ted Childs, Late
Enrollments, are Expected
to be High when
Season Ends.

Old Sol, who is known to pos-
sess a mean delivery, was the win-
ner of most of the tennis tourney
matches scheduled for the Athletic
Park courts in the past week, only
a few of the harder players ven-
turing to brave his rigors.

Matches that were played re-
sulted as follows: Doc Baily, No.
26, challenged R. S. Russell, No.
23, challenger winning 6-3, 6-1.

Max Smith, No. 6, challenged
Harold Hanlin, No. 3, challenger
losing 6-4, 9-7.

Don Hanlin, No. 23, challenged
M. Post, No. 22, winning.

Moules, No. 13, challenged
D. Squier, No. 16, challenger los-
ing 6-3, 6-0.

L. Lyon, No. 14, challenged G.
Vandenberg, No. 11, challenger
losing 6-4, 6-3.

Don Hanlin, No. 22, challenged
S. Marrs, No. 21, challenger los-
ing 6-0, 6-2.

Interest was added in the past
week by the entry of Ted Childs
and Don Fette, who now rank at
the bottom of the list on account
of late enrollment, but who are ex-
pected to be among the finalists at
the end of the summer.

G. Merrefield, who entered but
was not able to meet challengers
this week, forfeited seventh place
to H. Boyce, No. 10, and then for-
feited that place to Doc Widmoy-
er, No. 13.

As results of the week's play
and forfeits, the rating is now as
follows:

1, F. Smith; 2, R. Bolster; 3, H.
Hanlin; 4, W. Bohl; 5, A. Roe; 6,
M. Smith; 7, H. Boyce; 8, M.
Boyer; 9, G. Tanner; 10, Doc Wid-
moyer; 11, Vandenberg; 12, Lee
Roe; 13, G. Merrefield; 14, Lyon;

15, Webb; 16, D. Squier; 17, H.
Knight; 18, Moules; 19, H. Pierce;
20, J. Eisenhart; 21, S. Marrs; 22,
Don Hanlin; 23, M. Post; 24, Doc
Baily; 25, Don White; 26, R. S.
Russell; 27, Ted Childs; 28, Don
Fette.

THREE MEN DIE
OF BURNS WHEN
PLANE CRASHES

Two Passengers and Pilot
Pinned in Wreckage Burn-
ing Airplane Near
Baroda.

One man was killed and two
others injured fatally when an air-
plane crashed late Monday near
Baroda.

William Patratz, 49, residing
near Baroda, was burned to death
when the plane which had taken
off from a wheat field, struck a
tree, nose-dived into the ground
and then caught fire.

Wesley Kinney, 20, Baroda, a
parachute jumper, died of burns
in Mercy hospital, Benton Harbor,
at 8:30 Monday night.

Harold Obermeyer, about 25, of
Niles, pilot of the craft, died in
Mercy hospital at 10 o'clock.

Witnesses to the crash who were
working in nearby fields, said the
motor did not sound as if it was
functioning correctly when the
plane took off. When the ship
struck the ground it was righted,
but immediately burst into flames.

Peter Mroz, Baroda farmer, who
was passing on a nearby road,
rushed to the scene and dragged
Obermeyer from the craft. The
flames, however, prevented him
reaching the other two. Other
workers pulled Kinney from the
ship, it was said.

Patratz, however, was burned to
a crisp, witnesses said. They
said they believed he was either
unconscious or dead when the ship
burst into flames as the gasoline
tank exploded. Both wings of the
ship and part of the fuselage were
completely burned.

The ship, an open cockpit bi-
plane, was said to have been re-
cently purchased in Niles.

Kinney's brother, Gerald, was
killed seven years ago today in an
automobile accident, and a brother-
in-law, Joe Donnelan, a stunt
flier, was killed in a plane accident
in Chicago two years ago.

Shadowland Ballroom, St. Joe,

o'clock outgoing shipment.

Annual Reunion
of Pierce Family
Held Here Sunday

The Pierce family reunion was
held Sunday at Kathryn Park with
an attendance of 32. This was
the first reunion in four years at
which all of the living members
of the immediate family were pres-
ent, Edward Pierce having return-
ed shortly before from California.

The oldest member present was F.
P. Pierce, age 79. The youngest
member of the family attending
was Maryellen Pierce, 15-months-
old daughter of Mr. and Mrs. Allen
Pierce. The annual election was
held, with the following selections:

honorary president, F. P. Pierce of
Soula Bend; president, William
Pierce of Fort Wayne; secretary-
treasurer, Mrs. Hugh Dunnahoo of
South Bend; committee on ar-
rangements for next year, Hugh
Pierce, Allen Pierce, Warren Wil-
lard.

Guests from out of town were
F. P. Pierce, Mr. and Mrs. Ernest
Kemp and sons, Neal and Dean,
Mr. and Mrs. Edward Pierce and
son, Jack, Mr. and Mrs. H. P.
Dunnahoo, all of South Bend; Mr.
and Mrs. William Pierce and
sons of Columbia, Ind.; Bert Whit-
ton of Chicago.

ALL THRESHING
OUTFITS START
HERE LAST WEEK

Yields Average, Quality Good,
33 Bu. Reported on Geo.
Kool Farm, Glendora.

Threshing machines went into
action on the 1932 wheat crop in
the Buchanan district last week,
with reports of average yield and
extra good quality from most
fields.

The Ray Weaver outfit started
last week and reports better than
average yields in the Glendora sec-
tion, with acres on the George
Kool farm the best reported thus
far. The Coveney threshing ring
also started their outfit Monday.

The Alva Best machine started
at the George Cassler farm and
went from there to the River Road,
reporting yields averaging 20 bu-
shels.

Three Oliver York machines
started on Thursday, Friday and
Saturday last week in the Por-
tage Prairie section, with reports
of averages of from 15 to 25 bu-
shels.

Threshing charges are reported
from 1-2 to 3-1-2 cents per bu-
shel for oats and from 3-1-2 to 5
cents per bushel for wheat.

Ora Fay Loses
His Toe-Hold;
Fractures Heel

There's a lot of guys having a
tough time keeping their toe hold
these days, and once in a while
somebody loses theirs, as witness
the case of Ora Fay.

Mr. Fay was on the roof of the
Jake Vite barn last Friday,
laying on a few courses of shingles
when his toe hold gave way, per-
mitting him to coast down the
roof and take a flying leap into
space. Fay was sufficiently in-
commoded by the fall to keep his
feet first and when he had com-
pleted the fourteen foot drop
from the edge of the eaves, he had
only a fractured heel bone to show
for his experience. Which was
just that much better than falling
on the other end, unless he is like
some fellows we know here in Bu-
chanan, whose heads are incap-
able of injury.

National Economy
May Affect Service
in Postoffices

Application of the national econ-
omy measures passed by the last
congress may affect service in
the local postoffice, according to
Postmaster G. H. Batchelor. The
two clerks and two city carriers
will be furloughed two and one-
half days a month without pay
and this cut in time will necessar-
ily cause the office to be short-
handed. It is hoped the public
will take this into consideration
should slight delays be occasioned
in window service.

Night mail must be in by 5:45
to insure its being included in 6
o'clock outgoing shipment.

MERCHANTS
HOST TO THE
PUBLIC TODAY

Public Spirited Business Men
"Buy out the Show" at the
Princess Theater and In-
vite Public to Come.

"The Dirigible," famed film play
based on the Byrd Antarctic expe-
dition, will be the offering of the
Princess theater at the two-day
shows starting this afternoon and to-
morrow afternoon and evening, at
which the local public are to be
admitted free as guests of the
merchants of Buchanan, the sole
condition of admittance being the
presentation of a coupon given by
a local merchant as a premium for
a purchase.

"The Dirigible" features the fa-
mous team of Jack Holt and Ralph
Cray, who have become famous
through their work in the plays
"Submarine," "Flight" and "Hell's
Island."

"Dirigible," while a high-class
film production, is of the thrilling
type of drama and provides plenty
of icy spine sensations, in air-
plane crashes, dirigible rescues and
other aviation features.

The action of the play is briefly
as follows: An airplane starts for
the South Pole. The plane ar-
rives over the pole and the crew
argue as to the advisability of
dropping the flag from the air, or
of attempting to stage a landing
to plant the flag. They decide on
the latter method and crack up in
an attempted landing.

Then they are in the precarious
dilemma of being stranded in polar
regions, with no means of locomo-
tion for escape.

And finally they are rescued by

BUCHANAN GRAYS
TRIM ATHLETICS
10-21 SUNDAY

Hard Hitting Team Loses to
Tight Defense in Game
Featured by Errors
of Losers.

A tight defense carried away the
palm of victory from a hard hit-
ting offense when the Buchanan
Grays won from the Reamer Ath-
letics at the Liberty Heights dia-
mond Sunday afternoon by a score
of 10-12. The Athletics register-
ed 12 hits to 10 by the Grays, but
their total of 13 errors as compar-
ed to 5 by the Grays was enough
to defeat them.

An outstanding feature was the
home run cracked out by Dickow
of the Grays, with one on base.
The Athletics will play the Nap-
panee Tigers at Nappanee next
Sunday afternoon. The contest
will be one of a series, in which
the first was won by the Hoosier
nine several weeks back.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one-box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and far more energy. I've never had a hungry moment."

Eat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drugstore—the cost for a bottle that lasts 4 weeks is but a trifle and it after the first bottle you are not joyfully satisfied with results—money back.

Rollway and Jams in the Log Drives on Michigan Rivers in The Palmy Days of Lumbering

"Come all you true born shanty men, wherever you may be—I'll tell you a tale of some trouble That did happen unto me. It's about a true born shanty boy. So manly and so brave: While breaking a jam on Gerry's rock He met a watery grave."

So sang the shanty boys around the fires in the winter camps in Michigan, the famous shanty belted men, the sons of the log. Fred Figge, now living at the age of 86 years, Muskegon, was given the contract at \$1,500. He employed a force of three men, a camp tender, a man to drive the team and handle the line, and a man to work on the rollway with him. This latter man received \$4 per day, which was high wages at that time. But the risk on the rollway was great.

Figge and his helper would walk over the rollway and pick out a log, fasten it to the swamp hooks on it. This swamp hook was so fashioned that the instant the log turned it would be released. In that manner they started log after log until the entire mass of 55,000 logs was in the river, after six weeks of work. Estimating the logs at an average of 200 board feet, this rollway contained in the neighborhood of 40,000 tons of timber.

While they were employed, they were called a few miles up the river to aid in extracting the body of a man caught in a rollway.

The river jam, celebrated in camp ballad and story, became for the most part, a routine affair on the Muskegon river, after the course had been thoroughly cleared by the Muskegon Booming Co. Forces of men were employed in clearing the river. Keeping the logs constantly in motion, and there was little danger from jams of any consequence.

Artificial jams were a regular method of bringing up the rear of the logs, but they involved no problem in breaking. A boom stick, made of a number of logs, squared on three sides and about 5 logs wide and 170 feet long, was floated down the river behind the log jam. The boom stick was fastened together with huge bolts, extending quite through the five logs, and fastened by burrs on either side. Joints were broken in laying the logs to give added strength. At each end were fastened huge six inch hawsers.

The problem in making the artificial jam was to flood the river bottom in the rear of the drive, where logs had been "hung up" after subsiding high waters earlier in the season. This occurred in marshy ground where the river valley widened. The drive men would select a strategic spot where the banks narrowed first below and where there were two trees on the same side of the bank, the right distance apart. These trees would be spared to serve year after year in jamming the river.

Each end of the boom stick would be fastened by a hawser to a tree, so that it lay parallel to the river. Then the upper hawser would be played out slowly, allowing the upper end of the boom to swing into the stream. When it hung across the stream at the proper distance and angle, the hawser would be tied, and the logs would gather and jam above, flooding the bottom and floating all stranded logs. And then the force of 75 to 100 men who followed the drive would get into action, pushing all the beached logs to the center of the stream. Then the upper hawser would be released and would swing about in a half circle hanging parallel to the bank by the lower, while the jam of logs rushed by.

Straub's Herd Holstein's Ranks High in Production

The herds of the South Berrien Dairy Herd Improvement association are holding their own in production for the month of June according to a report issued by Eddie Omland, tester.

There are 224 cows on test averaging 798 pounds of milk and 32.5 pounds of butterfat. There are 21 cows producing over 50 pounds of butterfat and 17 cows producing over 1250 pounds of milk.

In the smaller herds with six cows or less we have O. A. Momany and Son's herd of guernseys at the lead with an average of 830 pounds of milk and 44.28 pounds of butterfat. Then Albert Seyfried herd of purebred holsteins with an average of 1145 pounds of milk and 36.73 pounds of butterfat.

In the two year old class we have O. A. Momany and Son's cow, Letter, with 732 pounds of milk and 46.9 pounds of butterfat, in 26 days credit. Henry Nemitz and Son's, Bessie, produced 918 pounds of milk and 45.9 pounds of butterfat, followed by Charlie Smith and Son's, Polly, with 957 pounds of milk and 40.2 pounds of butterfat.

In the three year old class we have two of Doan Straub's cows at the lead, being milked three times per day, with Freda in the lead with 2250 pounds of milk and 77.6 pounds of butterfat and Marie with 2193 pounds of milk and 76.7 pounds of butterfat. These cows are followed by Adolph Knott's, Frances, with 1116 pounds of milk and 55.0 pounds of butterfat.

In the four year old class we have Adolph Knott's, Pet, in the lead with 1305 pounds of milk and 61.3 pounds of butterfat. Then Doan Straub's, Maid, has 1230 pounds of milk and 48.0 pounds of butterfat followed by Adolph Knott's Red Grade with 894 pounds of milk and 47.4 pounds of butterfat.

Standing in the mature class we have two of Doan Straub's purebred holsteins in the lead. These two cows have been milked three times a day and have held the lead for some time. They are Lottie with 2190 pounds of milk and 76.6 pounds of butterfat, and Count with 1959 pounds of milk and 75.3 pounds of butterfat.

pounds of fat. On twice milking per day we have John Clark's lady, doing very well with 1965 pounds of milk and 66.8 pounds of butterfat. Also we have Henry Nemitz and Son's Beauty with 1215 pounds of milk and 63.2 pounds of butterfat in 27 days.

Feed grain according to production for the best results. High producing cows need grain as it is impossible for them to eat enough grass to meet their needs. On good pastures cows producing less than a pound of fat per day do not need grain. The rate of grain feeding should also be influenced by the condition of the cow, the stage of lactation, and the quality of roughage. More grain should be fed to cows in poor condition and where a poor quality hay or pasture is being used. However, a good rule to use is to feed one pound of grain daily for each pound of butterfat produced in a week.

More money is made by increasing production per cow than by increasing total production with additional cows. Many dairymen in culling the low producers from the herd, market less total butterfat but make more profit, because more butterfat is produced per cow.

Easy to Lose Money on New Gas Stations

To open a filling station is an easy way to go into business but also an easy and almost sure way to lose money.

This is the conclusion drawn by Glen B. Winship, New York analyst, from two years of studying gasoline marketing conditions in the United States.

The last census showed that there are 315,243 filling stations in the United States where the motorist can buy gasoline and oil. Mr. Winship's study reveals that many of these are superfluous.

"In more than 10,000 communities, the number of motor vehicles is not sufficient to warrant a service station," his report states. "There are 43,476 stations in such villages and in rural sections which could be abandoned without inconvenience to car owners."

"Of 6,351 towns and cities large enough to warrant service station operation at least 5,519 are overbuilt. I have discovered only 855 towns in the entire country where additional stations could be built without gross violation of sound business principles, and of these 253 are in eight states. More than \$1,000,000,000 has been invested needlessly in gasoline marketing facilities."

Mr. Winship's advice to those contemplating entering this overcrowded business is to stay out unless they can find a spot where there are more than 400 vehicles for each station and even then to be very sure of a continuing patronage for the station before building it.

the larger churches of the middle west. Dr. Henshaw is a clear thinker and a fluent speaker, an operator of the old school. He will speak each night during the second week of the Assembly.

C. J. Sharp, "father of group evangelism," a noted evangelist and director of the Loyal Volunteer Movement in America, will be the speaker on the closing day of the Assembly, Aug. 14.

During the first week the music of the Assembly will be in charge of Prof. Sturgis. During the second week Mr. and Mrs. R. W. Pollock, national evangelists will be in charge. Mr. Pollock is a statesman in leadership and a delightful soloist. Mrs. Pollock is an accompanist and will direct a five day course in children's work.

Correct, John, and Where have You been Keeping Yourself?

Editor Record,
In your account of the visit of Mrs. L. G. Avery, you stated that Mr. Avery was superintendent of the Buchanan schools 20 years ago, which is altogether wrong, for he was not superintendent at that time, but fully 17 years before that time, if not twenty.

Jack Marble was the son of Clyde Marble, who was the son of Enos Marble, who was the son of Orson and Louisa Holmes Marble which gives Jack the right to address me as his great-great-uncle.

Leo Slate Named Handicraft Head at Camp Madron

After ten years of scout work, Leo Slate, Master of troop 41, has been rewarded this summer by a paid position on the staff of the Lake Madron camp, as director of handicraft. Slate has done an excellent piece of work with Troop 41, which he has developed into one of the very best, if not the best, scout troop in the Berrien-Cass area. His position has been well-earned.

Announces Candidacy for Congressional Republican Office

W. H. Carey, of Dowagiac, well known in this territory, has announced his candidacy for nomination for the republican ticket in the race for congress.

Mr. Carey, who is head of the mathematics department of the Dowagiac high school, has been a resident of this congressional district since 1917, has resided in Cass county since 1918. He is a former coach of St. Joe high school and has officiated at various basket ball games in this city. He also has been a member of the board of supervisors for seven years and for six years has been a member of the equalization committee. He will make his campaign on a wet platform, including with that a reduction in taxes and a general economy plan.

Mr. Carey was in Buchanan Friday, making new acquaintances and renewing old ones.

WEIGHT TAXES AND THE WEIGHT OF TAXES

Beginning with the payment of county taxes falling due next winter, the board of supervisors will have it in their power to reduce the average load per taxpayer at the rate of \$7 to \$8 per thousand through the increased portion of weight tax paid by the state into the county coffers, according to those informed on Berrien affairs.

Starting July 1, 1932, the counties of Michigan became beneficiaries of the entire automobile weight tax, instead of sharing fifty-fifty with the state as formerly. According to the terms of the act of the state legislature, discretion is given to the county supervisors as the use to which this increased portion may be put. This was because some of the counties of the state had little or no Covert taxes and consequently could not use the increased funds to retire such bonds. Consequently the supervisors were empowered, under certain conditions, to use the added funds for new construction.

Berrien county must at present raise nearly a million dollars annually for the maintenance of the already existing roads and for meeting bond requirements. This does not include the maintenance and bond obligations on M-60, US-12 and US-31, which are maintained by the state.

If the supervisors see fit they can apply the entire weight tax returned to them by the state to lightening the taxpayer's burden of special road assessments. During the past year that weight tax amounted to \$380,000. Or, if they wish to take advantage of the discretion allowed them under the act, they can apply the added income to new construction.

Their political sense will doubtless advise them of the course they should take.

THE FARMER, COMING AND GOING

Last Saturday, just as the threshing outfits of this section were lumbering into action on the 1932 grain crop, the price of wheat struck an all-time low for Buchanan, with local buyers quoting 29 cents per bushel.

On this day the Chicago Board of Trade reported an all-time low on wheat of 44 3-8 cents per bushel for July wheat. General wheat quotations throughout Michigan constituted an 80 year low.

Consider the situation of the local wheat grower. Last year he could get in the neighborhood of sixty cents per bushel for his wheat about threshing time. That appeared to be bankrupt prices and as many as could afford it stored in anticipation of a rise. Last fall the normal acreage was again planted, on the theory that what couldn't be worse was bound to improve. The farmer sowed two bushels of wheat, which would have brought \$1.20 had he marketed it. At prevailing prices for hire plowing, that item cost \$2 per acre, omitting the items of cost of harrowing and drilling, the farm proprietor paid from \$2 to \$4 per acre in taxes. Averaging the tax at \$3 per acre, the three items listed above totaled \$6.20. He got a break in the price of twine, if not in the twine itself, as that item sold at \$8.20 per hundred. In the neighborhood of 2 1-2 pounds of twine are required for 25 bushels of wheat. Total, 21 cents per acre.

Then the threshing charge this year runs from four to five cents per bushel for wheat. On Saturday's market, his wheat was worth 25 cents after the threshing charges were subtracted. At twenty bushels per acre, his total per acre over the threshing expense would have been \$5, or \$1.41 less than the cost of four items. This does not take into account the interest on his investment, the wear and tear on machinery, the possible cost of fertilizing, which ran about \$2.80 per acre this year. It does not figure in the cost of transportation to market and possibly of a dozen more items of expense.

The farmers of the country have practically quit buying new machinery or equipment of any kind. The chief income of the blacksmiths comes from the repair of worn-out farm equipment. A Buchanan blacksmith pointed to a pile of horse shoes worn to the thickness of a sheet of paste board. "That's the kind of horse shoes the farmers are throwing away these days," he remarked.

Said a farmer: "The standard price of wheat, year in and year out used to be \$1 per bushel. It ranged from 75c to \$1.25, but \$1 wasn't far from the average. In those days plowshares sold for 50c—better plowshares than you get now. A bushel of wheat bought two plowshares. Now plowshares are \$1.25, and it takes four bushels of wheat to buy a plowshare. That is just one indication of the general situation that confronts the farmer down the whole buying and selling front."

\$1 PER \$100—Think of That!

A friend of the Record who is experiencing the present epidemic of high taxes and low income suggests that we pass on the following idea, taken from an exchange:

The heavy burden of taxation should be taken off real estate, cutting the levy down to not over \$1 on the hundred dollars valuation. The balance of tax money should come from incomes. This should be fixed by a 19th amendment, to our constitution.

If taxes were reasonable there would not be so many tax evaders. We seem to be overrun with small office holders that we could get along without. We need to remedy our own mismanagement instead of spreading our advice all over the world, often where it is not wanted.—C. E. Wyman, Washington Co., Ind.

WOULD ADVANCE DATE OF HALF AUTO LICENSE FEE

Emergency action on the part of the Secretary of State office to advance the date on which the one-half automobile registration fee becomes effective from Sept. 1 to Aug. 1 in order to stimulate the state income from that source, is intimated in a letter received by Jesse G. Boyle from Secretary Frank D. Fitzgerald last week.

The letter was a replica of one sent to every member of the state legislature, containing the following questions:

"As a member of the Legislature:—

1. Do you approve of adopting the one-half rate as of August 1? And

2. Do you recommend that I, as Secretary of State, take such action, providing that it meets with the approval of a majority of the members of both the House and the Senate?"

Boyle states that to the best of his knowledge, the membership of both houses will be in favor of the change of date. Action to that effect by the Secretary of State merely on the authority of a poll of the legislature by letter would not be exactly usual, but there is very little likelihood of any protest.

It seems more likely that the electorate of the state would heartily welcome the advancement of the date to July 1, or an adjustment shifting more of the burden from the weight tax to the gasoline tax.

The proposed action by the Secretary of State is based on the fact that up to July 1 of the present year, registration of passenger and commercial vehicles were 107,347 less than for the same period in 1931, representing a loss of \$1,407,735.56 in revenue to the state. This decrease means a loss not only in the weight tax but in revenue from gasoline tax.

Receipts from the weight tax on automobiles has increased from \$1,739,343.62 in 1916 to \$21,821,290.42 in 1931. The peak, however, was \$23,212,316.15 for 1929. The "depression income" from that source is still in excess of that of any year preceding 1929.

Is Candidate for Lieut. Governor

Theo. A. (Ted) Thompson, well known newspaper editor and owner of Williamson, today announced his intentions of entering the race for nomination for lieutenant governor on the republican ticket. Mr. Thompson is a college graduate, having graduated from Kalamazoo college in 1920 subsequently taking up graduate work in the school of business administration at Harvard university. He is well known in fraternal circles in

people, for it is in their hands that the ultimate authority should rest. I have not lost my faith in the judgment and wisdom of the people, and it is on this basis that I favor resubmission of the Eighteenth Amendment.

"I believe in putting the management of state affairs upon a strictly business basis. There is no reason why a government should not be handled on as efficient a basis as a private business.

"I believe in an intelligent and far-sighted administration of our natural resources. Our wild life is public property and should be treated and perpetuated impartially on this basis. This is especially important in view of the magnitude which the tourist and resort industry has assumed in our state.

"Most important of all, however, is my belief that the legislature branch of our government should be constantly on the alert to the end of locating and removing every possible obstruction from the path to an immediate return of prosperity to this commonwealth, from chaotic condition in which the entire world has been submerged."

Asks Democratic Nomination for Congress this Dist.

Minnie Frances Kaltenbrun, a candidate for Congress from the 4th district of Michigan, was born in Paw Paw, Michigan, a daughter of Caroline Moore and Herbert G. D. Koons. The family moved to Benton Harbor, Michigan, where Mrs. Kaltenbrun received her education and was graduated.

Upon her marriage to Arthur E. Kaltenbrun, Chicago became her home. Highly trained in Federated club work, Mrs. Kaltenbrun spent seven years as president, secretary and chairman of national Indian welfare with the first district, Illinois Federation of Clubs. During this time she had the opening and closing of four Liberty Loan campaigns, which included the Victory Loan, and all campaign material handled by women workers throughout Cook county.

Mrs. Kaltenbrun was made secretary of the first democratic club formed in Chicago after suffrage was granted, which office she held until her permanent return to Michigan in 1924.

She at once joined the Berrien county democratic woman's club, where she has served in all offices and has taken an active part in state politics, serving now as vice-chairman of Michigan state central committee, and as a delegate at large attended the late democratic convention in Chicago. At this convention Mrs. Kaltenbrun was one of ten democratic women in the United States to be appointed as a Roosevelt floor leader. In this capacity she served the week preceding the convention on the reception committee in the Roosevelt hotel.

Mrs. Kaltenbrun has served as a party candidate, both on state and county tickets and four years ago headed the state ticket as elector at large.

As a member of the Episcopal

MINNIE F. KALTENBRUN

church, Order of the Eastern Star, and a civic worker, Mrs. Kaltenbrun has led a busy life. Her present activities outside of politics include the secretaryship of the Berrien County Crippled Children's association, president of South Shore Improvement Association, president of South Shore Water Main association, a member of the public health committee of the Benton Harbor Federation and the director of the Gard school.

The democratic platform as submitted to the Chicago convention will be carried out to the fullest extent, and if elected the 4th district will receive her undivided attention and support from the repeal of the 18th Amendment to tax reduction for each and every one.

Conservation Dept. Appeals for Care in Fire Prevention

An appeal to campers, sportsmen and berry pickers to be careful with fire is being made this summer by the conservation department through the use of automobile tags. Every car found parked in wooded areas, along northern roadsides and on the berry plains is being tagged with a "safety card," warning against careless use of fire and listing instructions as to safe handling of camp fires and tobacco.

"You are parked on land protected by the Michigan department of conservation. Please comply with the fire laws and put out every spark of your fire when leaving," the card asks.

Car numbers and a description of the place where the car is parked are kept by the officer making the patrol trips.

GALLEN ROGERS STAGE CYCLONIC COMEBACK IN 9TH

Come Near Rescuing Game with 8 Runs in One Inning After Greyhounds Had Lead of 12-2.

A cyclonic comeback in the 9th inning by the Gallen Rogers came near robbing the Portage, Prairie Greyhounds of the fruit of victory after they had said fruits securely stored in the ice box.

At the opening of the ninth in the game played at the Letcher diamond Sunday afternoon the home team had a lead of 12-2, which was lead enough to satisfy anybody, so the boys kind of lagged a little and let a few through. In fact they let so many through that the Rogers tallied 8 more runs, bringing the score up to 12-10.

The Greyhounds will play the Dayton Tigers at Dayton next Sunday afternoon.

Another check of the ratio between bucks and does in Michigan is being made this year with conservation officers making their third summer deer tally. All officers will submit a report to the department of conservation each week during the period July 2 to December 31 as to all bucks, does and fawns positively identified on their regular patrols. The results will be tallied next winter and compared with previous counts.

The ratio between bucks and does is being watched by the department to determine whether, under the buck law, an unsatisfactory balance between males and females in Michigan's deer herd is developing in some areas.

Gene Sarazen, Golf Wizard to Play at Berrien Hills Fri.

BENTON HARBOR, Mich., July 20—Gene Sarazen, 1932 American and British Open champion and the only golfer to emulate the great feat of Bobby Jones in winning two open championships in the same year, will pair off with Tommy Armour, himself a former holder of both titles, in a special exhibition match and golf demonstration at the Berrien Hills Country club here on Friday, July 22. It will be the only match in the state of Michigan that the two great stars will play during their present barnstorming tour of three weeks.

A special feature of the exhibition will be an hour's golf forum just before the match in which all intricacies of golf will be explained and demonstrated. Sarazen, who recognizes no superior in the use of the woods, will perform with the wooden clubs, while Armour, conceded to be the best man in the world with the irons, will exhibit his specialty. The boys will answer any questions about the game and will be anxious to show just how the different clubs should be used. This is an educational feature that is not generally conducted by golf experts on barnstorming tours. This added attraction is expected to draw many golfers from far and near for the exhibition.

Following the golf forum, the two stars will pair off with Johnny Dawson, star Chicago amateur, and Matt Jans, Berrien Hills pro, in a special 18-hole match. Jans, who is credited with a victory in a match with Walter Hagen, will make a great running mate for Dawson and may force Sarazen and Armour to extend themselves.

The Berrien Hills management has set the price for the match in accordance with the present business slump and a large gallery is expected to follow the two stars and attend the forum. The price is \$1 per person and besides the admission, the ticket price also includes greens fees all day for the out-of-town fans.

The golf forum will start at 3 o'clock, E. S. T. The match is scheduled for 4 o'clock, thus giving the working golfer a chance to see the exhibition.

Dr. Wallace to Practice Coming Year at Marquette

Dr. C. E. Lockwood of Ann Arbor has decided here to take over the practice of Dr. Paul Wallace and maintain the hospital strictly as an emergency institution for the coming year. Dr. Wallace has arranged to open the practice of medicine at Marquette, Mich., during that time, in order to try the effect of the climate for hay fever, from which he has been a severe sufferer. Dr. and Mrs. Wallace and daughter, Miss Beverly, plan to leave for their new location in the next few days. They will be located at 321 North Front street, Marquette. Dr. Wallace has spent several summers there previously. The best wishes of the many friends of the family here accompany them for health and prosperity in their new location.

Institute Fish Research Surveys at Thirteen Lakes

Thirteen lakes in Mason, Manistee and Grand Traverse counties are being surveyed and studied this summer by a crew working under the direction of Dr. Carl L. Hubbs of the institute for fisheries research.

Most of the work is being financed by chapters of the Izaak Walton League in the counties in which the work is being carried on. Beginning in June the crew surveyed six lakes in Mason county: Hamlin lake, 3,800 acres; Paw lake, 400 acres; Long lake, 160 acres; Gun lake, 200 acres; Crystal lake, 140 acres; and Round lake, 500 acres. The field work in this county was completed late in June.

From Mason county Dr. Hubbs and his party moved to Manistee county for a two week's survey of six lakes. The lakes in this county being studied are: Bear lake, 1,340 acres; Pine lake, 200 acres; Chief lake, 190 acres; James lake, 40 acres; and Dickinson lakes No. 1 and No. 2, 100 acres.

Lake survey work for the season will be completed late in July with a study of Boardman lake in Grand Traverse county. According to present plans the latter part of the season will be devoted to the installation of improvements in lakes in Kalkaska and Antrim counties. The lakes in these counties were surveyed in previous seasons. The improvements to be made will be supplementary to experiments now being made in many of Michigan's streams.

Lake surveys, now being carried on for the third year, include the studies of lake bottoms, vegetation, water supply, fishing conditions and other details.

Christian Science Churches
"Truth" is the subject of the Lesson-Sermon in Christian Science churches throughout the world Sunday, July 24.
Among the Bible citations is this passage (John 4:24): "God is a Spirit; and they that worship him in spirit and in truth."
Correlative passages read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 322):

"When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of life, the control of soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle."

Methodist Episcopal Church
Thomas Rice, Minister
Sunday School at 10 o'clock. Come and receive the spiritual refreshment and encouragement you may need in these difficult times. You will not regret it.
Morning worship at 11 o'clock. Part of the special music will be a vocal solo by Miss Clarice Banke Sermon, "Building for Today and Tomorrow." You will enjoy the fellowship and friendship of this hour. The call of the church bell and the call of conscience bids you worship God on his day.
Junior League at 5:30.
Senior League at 6:30. We had one of our best meetings last Sunday night.

Miss Lena Leiter's address on "Success" did us all good.
We hold our League meetings and Junior Department of the Sunday School in the church basement. You will find on these warm summer days that the basement of the church is about the most comfortable place you could imagine.

We will not have evening services for the next two Sundays on account of the Crystal Springs camp meeting. Plan to attend the services. You will find them most attractive.

The O-4-O class will have a co-operative dinner this Sunday. See Mrs. Wilbur Dempsey for further particulars.

The Epworth League is planning a beach party this Friday evening. Meet at the church at 7:30.
