Dayton I.O.O.F. Lodge Will Stage 20th Annual Labor Day Picnic

SIX SOFT BALL TEAMS TO MEET IN ELIMINATION

Finals and Baseball Game on Friday Afternoon; Sports, Dancing on Street; Horse Shoe Tournament.

HEAR YE, HEAR YE, HEAR YE... The Buchanan Community Field Days are now on, starting this afternoon and going on tomorrow and the day after that, until the big Mardi Gras ball on Main street concludes the festivities.

You'll want to be down at the Athletic park this afternoon for the soft ball elimination when the six soft ball teams of the community draw for opponents and play a three-game elimination, seven innings each. The boys have been whetting their rivalry all summer for this is the biggest soft ball season in years.

Several of these games promise to be, strictly speaking, grudge contests, as considerable bad blood has developed among the managers, to the extent that it was necessary to take Elmer Keyes of the Methodists, Claude Imhoff of the Evans and Ray Barbour of the Grand of the River mines before Justice Rex Lamb Thursday evening and have them placed under bonds to keep the peace until the tournament is over.

And after the soft ball games they are going to put \$2 on top of a greased pole and then set the pole up and the first man, woman or child that can climb to the top can have the \$2.

Then you will want to be down town in the evening, when the Legion boys are going to turn loose a greased chicken and throw a dozen or two pigs off the towering skyscrapers into the seething vortexes of humanity below.

It was all a mistake about having to report an inspection committee consisting of Art Johnson, Art Mann and Gene Steele before entering the chicken and pig chase. You don't have to be inspected, as the boys say that they remember all the bowlegs in town anyway, and all they have to do is refer to their photographic memories.

John Russell of the Russell Chevrolet is furnishing one of the greased pigs, but that's nothing to brag about, as if John lives up to our opinion of him he will catch both of them.

Buchanan firms and business men who contributed to the prizes being offered are: Treat's Grocery, McGowan's Grocery, Mead's Barber Shop, Atlantic & Pacific store, Buchanan Candy Kitchen, Princess Ice Cream Parlor, Wisner Pharmacy, Ward Baking Co., Leonard Dalenberg, Ibric's Pure Food Mart, Desenberg Bros., Princess Theatre, City Market, Evans Co., E. SPEED LINCOLN CHEMICAL TRUCK SAVES RESIDENCE

Fire Department Makes Fast Run to Whitmer Place on S. B. Road to Save Residence from Flames.

The outlook was dark for the home life of the C. Ehninger family, residents on the old Whitmer place on the South Bend road.

"No use, everybody clear away," shouted a leader. "Wait a minute," yelled a farmer on the roof, "I ain't getting down yet, here comes the Buchanan chemical truck and Tenny Bunker."

Over the stone road to the northward there grew a low droning roar that swelled above the roar of the flames.

"Hooryay for Buchanan, Hooryay for Bunker!" yelled the crowd. The big Lincoln swung into the yard on two wheels and was brought to a sudden stop with a shriek of the brakes and Chief Bunker leaped to the ground and looked at his wrist watch.

"Where's the fire?" "In there," shouted a farmer, pointing toward the residence where a dense column of smoke tinged with red flames was mounting.

PRODUCES N. SPY APPLES IN SIX YEARS

Prized Apple Production is Hastened by Good Methods; Only Nectarines in Mich. Produced.

Rome wasn't built in a day and you can't raise Northern Spy apples from a new planting in less than 18 to 25 years, according to the best experience of the fruit industry, which makes all the more interesting the fact that Northern Spy apples are being produced this year on the E. W. Clark farm from trees planted five and six years ago.

Another interesting phenomena that may be observed at the Red, Red Apple Farm is the production of nectarines, the fruit which was grown from a cross between a peach and a plum, and which is supposed to be confined to the citrus belts of Florida and California.

"How do I keep so chipper and so young?" said Mr. Cauffman in answer to a query of the kind, "Well, I don't know that I can say, for I lived along and had my fun with the rest of them, but I reckon I always kept my spirits up and my head above water and never got sunk in my mind and worried. I wore out three threshing machines and two clover hullers of my own, besides those that I worked on as a young man, and nobody can say that I saved myself by laying around."

72 Years Ago Monday the Nutts Came to Buchanan

August 22, which happened on a Monday this year was something of an occasion for the city and residents, it being the 72d anniversary of the date when they had their first introduction to each other.

For it was on August 22, 1860, that a dusty covered wagon and a team of tired horses started out from South Bend, wound their tortuous way across the rough street road through the pioneer farms and yet extensive forests of Portage Prairie, drove down between the country lane that is now Portage street and turned on Front street, down through the old McCoy's creek ford about where the creek runs under the street now, where the elder Nutt stopped and unseined his team for a drink.

Pauline Hartsell and Marie Hess Vie for Honors

Miss Pauline Hartsell and Miss Marie Hess of Buchanan will compete with a number of young ladies from Niles and Berrien Springs next Tuesday evening, Aug. 30th, at 9 p. m. at the Ready theatre in Niles, for the coveted honor of representing this territory in the finals at Detroit during the Michigan State Fair, Sept. 4 to 10, for the honor of Miss Michigan of 1932.

Mrs. Bert May and children, Ruby, Mary Myrtle, Jeannette and Leroy, and Mrs. May's sister, Mrs. Willis Guy, returned home Saturday after a week's visit with their parents, Mr. and Mrs. E. C. Hart, of Danville, Ill. While there they attended the Hart and Parks reunion at Philo, Ill.

The funeral of Ira D. Wagner, Sr., 52, will be held Friday, at 3 p. m. from the family residence at 411 Main street.

Boardman Named Hagerty Agent

The Hagerty Polish organization of South Bend, Ind., has announced D. L. Boardman for their exclusive dealer in Buchanan. The Hagerty Polish is a new invention in the silver and fine metal polish industry, due to the fact that it actually polishes the more difficult metals, such as Pewter and brass. This invention was made by W. J. Hagerty and embodies what is known in chemistry, as a perfect mulsion, which means the article never requires shaking before using.

Mr. and Mrs. George Ekner entertained Miss Kathryn Minshall of Hartford, Saturday and Sunday, Miss Minshall, who has been teaching in the schools at Sault Ste. Marie, will be on a staff in Lansing this fall. For several years she was commercial instructor in Buchanan high school.

Now Here's the Proposition

THE CANDIDATE'S CARD

Bi Haws You say that's your card--It's so glad that I see it. You say I can keep it, you brought for me-- Now ain't that grand mister! you surely can't mean it. I don't need to tell you how puffed-up I be!

It seems so much better than if you just sent it. By package or mail, the impersonal touch, This way makes it seem so much more like you meant it. I sure mean to frame it, I thank you so much.

The way you speak up doesn't seem such a flat way. A-holding my hand until you most make me blush. I think it's just grand that you think of me that way. It makes my heart warm and I hope it ain't mush.

You say sorta of earnest, you hope I'll remember (The way I feel now I may do it, old kid)

To make you my choice on the fifth of November-- I wonder if you would be true if I did?

Highwater Mark in Political Sportsmanship

We've lived long enough to see well-settled political campaigns but it took the campaign of 1932 in the state of Michigan in the county of Berrien in the town of Buchanan to bring out one of the finest examples of political sportsmanship that it has ever been our privilege to witness.

And that, if you must know, and you ought to know it--was no more nor no less than the sight of our Atty. Frank Sanders, candidate for the judge of probate, wearing a tire cover advertising the candidacy of his rival, Mr. Hatfield of Niles, by wearing his tire cover in the rear of his car.

Atty. Sanders is an old hand at the game, and the way we look at it he is a pretty sure bet for the nomination, if experience and competence counts for anything, but it was indeed handsome on his part to extend that courtesy to his youthful and inexperienced rival, who steps from the academic halls, as it were (he is a teacher in the Niles high school) for the first time into the noise and grime of the political arena.

The bloom will be pretty well rubbed off his scholarly young soul before the campaign is over, but he was very fortunate to draw as gallant and sportsmanlike opponent as Atty. Sanders.

And have you seen Atty. Sanders' new tire cover. Handsome--eh, what?

Dry Cleaners Endorse Idea Greased Pig Chase

Good morning, ladies and gentlemen of the Buchanan district. Of course you're all going to be down on Main street at 7 o'clock sharp this evening to welcome the greased pig when they turn him loose for his stroll down Main street.

The two pigs for the chases of tonight and tomorrow night have already been received, according to Lil Artha, the Grand Marshall of the Field days. One is being kept back of the counter at the Cathart News Stand and the other in the back room of the Schram Insurance agency (no, not Enos, you can tell him by the spectacles). They will be released from those places soon after 7 o'clock, one tonight and the other tomorrow night.

No one knows but the Legion committee which one will be released first so we can't tell you which door to watch. That is just another of the delightful surprises which will be in store for you. Contrary to the impression which has been given out erroneously, this will be strictly a dress occasion, and no one will qualify who is not dressed in his or her best clothes. One of these pigs is to be furnished by joint subscription of the dry cleaning agencies of the city and the other by the Russell Chevrolet Sales, unless you count them as a cleaning establishment, too.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning, before breakfast—it's the SAFE, harmless way to reduce as tons of excess fat. Don't let your health's sake ask for and get Kruschen at any drugstore—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

Christian Science Hymnal Contract Keeps Plant Busy

The Kingsport Press, Incorporated, has received the largest single order of hymnals ever placed with a single concern. The order was placed by The Christian Science Publishing Society of Boston.

The order consists of 400,000 cloth-bound books and 10,000 de luxe full leather-bound books. The books will be distributed throughout the world. It is expected the distribution will begin about Sept. 1st.

The music plates for the 640-page hymnal were prepared by the F. H. Gilson company of Boston, nationally known music composers. All of the type for the plates was set by hand.

E. W. Palmer, president of the plant, said some idea of the magnitude of the order could be obtained by the quantity of material and time necessary for the completion of the book. Five of the largest perfecting presses of the Kingsport Press began work on printing the book June 15 and will run 20 hours each day until Aug. 25, at which time the printing is expected to be complete.

A total of 325 tons of paper will be used in the book, 40,240 yards of book cloth, 39,000 yards of head bands, seven tons of end paper material, 50 tons of cover board, and more than 210,000 yards of muslin re-inforcement for the backs of the books.

Mr. Palmer said probably the most outstanding part of the manufacturing process will be the use of more than 500,000 sheets of 22-carat gold for the stamping of the cloth-bound edition and gilding the edges and stamping the de luxe edition. Mr. Palmer estimated the cost of the gold alone at \$12,500. - Kingsport (Tenn.) Times.

W. C. T. U. Notes

None can doubt that there are many whose minds are numbed by the constant pounding of the flood of wet propaganda—unable to believe otherwise than that our country's law against the liquor evil is failing of its purpose.

Yet cold government statistics indicate that only one-third as much liquor can have been made in 1931 as compared with 1914. What other law has reached such effectiveness in 12 short years?

"Broadminded" editors of wet newspapers take their stand against return of the saloon. Yet sell that by allowing beer to be sold we can put a million men to work, create a billion dollars annual revenue.

Where else, than in the saloon of the dispensary, are they going to sell all their beer? And where, by the way, will the brewers employ these men? They employed less than a hundred before Prohibition. And where, too, are the thirsty throats down which they will pour all the beer necessary for that revenue? It only in those states where beer was allowed before Prohibition, then every family in those states must consume 1 1/2 gallons of beer daily with a three cent tax on every bottle.

"National Prohibition is wrong because it violates the right of each state's citizens to make their own laws," declare liquor statesmen.

Did these states-rights defenders speak up in the past to forbid the invasion of dry states with wet goods?

Moralist wets are sure that the young folks are all headed for the dogs and, of course, because they are drinking more today.

A large majority of deans of representative colleges throughout the country have told Christian Herald that young folks are drinking less. What better evidence need we ask for? We might ask the brewers when they became so solicitous for the morals of the young. Did they really care so much in the good old days when drunk the product?

"Of course we are against the free flow of liquor, but Prohibition can not be enforced," glibly parrot the repeal propagandist; "let's try something else—local option or government dispensaries."

Twelve years is a very short time to forget the "dries" of our local option era. Since when has the bartender's apron become a badge of honor for Uncle Sam?

Millions of reams of newspaper paper, millions of tons of printer's ink have gone into the propagation of these and other "gems of logic" against Prohibition. "Prohibition must be sold off the idea that liquor is evil. Liquor law breaking must be made popular," say the wets. Have the wet propagandists been successful in their obvious aim to befuddle the public mind to recreate the drink thirsty class to do away with all restrictions against intoxicants? Liquor and all its vicious associations must be thwarted. We must keep the ground gained for Prohibition.

Raphael's Reply to Critics

While Raphael was engaged in painting his celebrated frescoes, he was visited by two cardinals who began to criticize his work and found fault without understanding it. "The apostle Paul has too red a face," said one. "He blushes to see into whose hands the church has fallen," said the indignant artist. - Kansas City Times.

ECONOMY with Geo. H. Selfridge

A large delegation, not only from all parts of Berrien county, but points in Cass and Van Buren counties, is expected to attend. The meeting is open to the public.

Attorney Carney, who is well-known to many persons in Southwestern Michigan from legal and business connections over a long period of years, is the only candidate for governor from this section. He is basing his campaign on the restoration of government to the people, repeal of the 18th Amendment, curtailment of state's police expenses and drastic reductions in taxes to be brought about by the elimination of duplication of service in state departments.

Judge O'Brien is hailed as a friend of the "forgotten man," and is reported to be a strong candidate. In the eastern and northern parts of the state. He advocates tax reduction, repeal of prohibition laws and return of liquor control to the states, unemployment insurance, old age pensions, adjusted compensation for injured workers, and "social justice."

Our Republican Candidate for County Treasurer

is assured when he promises to follow his efforts to reduce taxes in Berrien county.

He has assisted in a program that has resulted in the most drastic reduction to the taxpayers in many years.

He is for lower taxes and this can only be accomplished by economy.

World's Offer to Man

Figuring the world over you a living, and that all you must do is collect, is looking at life through the wrong end of the glass. The world owes nothing to any man. It offers him opportunity, and in exchange demands his best efforts as the price of success.—Grit.

Community Helpfulness

"(Caring work" was an old practice in many farm sections of this country. Heavy jobs, or those needing to be done quickly were handled with convenience and economy when the neighbors turned in to help. The result was even more than the work done, as it created a wholesome neighborhood feeling—Annual New Yorker.

"Sight Unseen"

The word poke is a Colic term meaning a bag or sack, and the phrase to buy a pig in a poke means to purchase and pay the price of an article which is not seen or the value of which has not been first determined.

The larger brain in the Cro-Magnon man is explained by the larger body size.

Rose Petals

When making the California rose buds from rose petals the petals of roses are beaten in an iron mortar for some hours until they form a smooth, black and stiff paste. This can then be molded or rolled into beads, balls or other shapes and dried in the air. A little atter of roses may be added, or a little essence of musk. When dry these beads are very hard and fragrant and take a fine polish.

"Huguenot" Origin

"Huguenot" was the name applied by the Roman Catholics to the Protestants of France during the religious struggles of the Sixteenth and Seventeenth centuries. The term is of doubtful origin, says an article in the Montreal Daily Herald. Some authorities say it is corrupted through "hugots," "hugonots," from the German "Hugonessen," meaning "confederate"; while, according to others, the word is a diminutive of "Hugot."

House of David Staging Rodeo Show for Guests

It is a new thing for a Rodeo to play in the old town of Benton Harbor, but such is the case this season, as the House of David has extended itself to the limit to give the people in this locality the best shows possible. It has been a fact that the House of David has been giving the public absolutely free of charge some of the greatest acts in the show business. It is a fact we have heard a lot of things about the House of David but pay them a well deserved visit, have a ride on the little train, visit the zoo, and then stay around for the evening's entertainment. It will be worth your while, and it doesn't cost a cent for these entertainments.

Every Wednesday, they are putting on the old Square Dance, just to give those a chance to dance the old dances that care not to dance the new ones. Really try a visit Sunday, or any day in the week you can get off, it matters not, as they have shows every afternoon and evening. Then this Big Rodeo that opens on Sunday, Aug. 28th. Really folks, here is the low down on the Rodeo.

Get This Right— a Mutt Parade For Dawgs Only

Several of our prominent local citizens who seem to think that a Mutts parade is a free-for-all promenade and who have announced their intention are informed that a "Mutt" is, properly speaking, a pooch, otherwise known as a dog of nondescript not to say miscellaneous extraction, and that the parade will be strictly limited to such as are escorted by children of 12 years of age or less. The first prizes in each of the five classifications of "biggest, smallest, handsomest, homeliest, and funniest dressed mutts" will be \$1 bills, with passes to the Princess theater as second.

Donald Euler, who made his home in Buchanan and attended the local schools some years ago, was killed recently when his horse threw him and then fell on him, while he was in service as a member of Co. D, 35th Infantry. The body is being shipped to LaPorte for burial and is scheduled to arrive Sept. 27. He was a cousin of George Hartline of this city.

Naturally In the first operation under ether the foot of a young woman patient was amputated without her knowing it. In fact, she asked when the surgeon was going to begin. "He, being something of a practical joker, held up her severed limb as evidence. "There was pandemonium," writes a witness.

Women are Smart!

Women are shrewd shoppers, particularly when they're buying fur coats. LaPides knows this, so he merely asks that you see his fur coats before buying. LaPides has fur coats as low as \$47, but they're good coats at that price. All LaPides coats are priced according to the value they represent.

Moreover, you can be proud of a LaPides label in your fur coat because smartly dressed women know it means the latest in style and the best in quality. Visit LaPides when in South Bend. A deposit will hold the coat you want.

SURE, I'M PREJUDICED, BUT \$10 SAYS I'M RIGHT

YOU'LL get ten cold cash dollars right smack in your hand. That's what I'll give you if I fail to sell you a Rockne Six and you buy any other new low-priced car.

My proposition is just this: You take out a Rockne for an hour's trial drive—then if, within a week, you can let yourself buy any other new car with a base price below \$600, I'll give you \$10. That's how good I know the Rockne is. That's how good it's proved itself to be to people all around here. It's the sensation of 1932—built, sponsored and guaranteed by Studebaker, pioneer and pacemaker. So come on in and take out a Rockne. Prove to yourself what a value it is at \$585 f.o.b. factory and up!
